## Eldorado Hospital To Be Open-Staff Institution

Hospital District directors met in special meeting Monday night with Dr. J. B. Brame to go over various details of a lease agreement to spell out responsibilities of the doctor as lessee as well as those assumed by the district.

All seven directors were present. After about two hours of round table discussion board members arrived at a satisfactory understanding and it was voted to have a lease agreement drawn up and submitted to the board for its approval.

Dr. Brame explained that in view of the great responsibility he is to assume he is taking steps to organize himself (and two others) into a closed corporation when he takes charge of the hospital. His attorney is now taking the necessary legal steps to set it up.

He also explained that the Eldorado hospital will be an open staff institution and that the two Sonora doctors—Howell and Browne—have been invited and have agreed to be on the staff.

Work is moving along rapidly this week on the hospital with a number of brick layers now coming up with the brick walls, while plumbers and electricians are active all over the place. The final section of floor was completed last week.

Contractors report that the job is now running ahead of schedule and one of them reported to Board Chairman Carroll Ratliff this week, "We expect to turn this job over to you in December!"

## Dick Runge Hurt In Fall From Windmill

Dick Runge, ranchman in the Ft. McKavett area, went home Monday from the Menard hospital where he spent five days following a fall from a windmill. He sustained painful injuries Wednesday of last week when he fell from a windmill tower in a pasture near his home.

He had been working on the windmill and then tried to slide down a rope from on top the tower and was injured when the rope gave way. He fell on the end of the rod still in the water well. The rod punctured Runge under the arm and severely damaged several muscles.

His wife took him in to the hospital at Menard where prompt medical treatment was done by the doctors, and he spent the ensuing days being watched closely for signs of infection. He was released from the hospital Monday and it is thought that the arm will heal properly in weeks ahead.

## BARKERS MOVE HERE

Mr. and Mrs. Sherwood Barker and daughter Jamie Lyn moved here this week from Abilene to the school-owned house recently vacated by Ray Morgan.

Barker was elected head football coach last week.

While the house was vacant, the school had a crew of repairmen and painters working on it so that it is now in good shape for the new coach.

## TS&GRA Award Given At Convention

DAVID LLOYD

The 40th Annual Texas Convention of the Future Farmers of America started Wednesday morning, July 17, in the Coliseum Auditorium in Lubbock. The three day meeting will continue through Friday.

David Lloyd, one of the 1968 grads of EHS, is attending as delegate from the Eldorado chapter. He served as chapter president last year.

David Lloyd of Eldorado is the winner of the 1968 Texas Sheep and Goat Raisers' Association Award. It was to be presented during the Texas FFA Convention in Lubbock. Lloyd is the son of Mr. and Mrs. Leonard Lloyd. In his program he purchased good quality ewe lambs and registered goats.

He culled severely and purchased better quality animals. In his pasture improvement program young Lloyd eliminated mesquite, grubbed pricklypear and reseeded with native grass. He worked to keep stock pens in good repair by replacing boards, gates and wire.

He paid his father for the use of the equipment needed, about \$250 per year.

## Next Street Improvements To Be In Housing Area

Clear weather has dried things up, but this is the way streets looked in the low-rent housing area about ten days ago following a week of wet weather that left four inches of rain in town.

When the low-rent housing program was started over a year ago, City of Eldorado agreed to have streets rebuilt, caliche and blacktopped. The city, in turn, trades with county commissioners for street work.

Mrs. John Gilmore, executive director of the Housing Authority, reports that the county road crew is about ready to move equipment back to town and that they expect

to start on these streets by next week. They had expected to be on the job this week but some of their heavy equipment was undergoing repairs.

Since the past winter and spring has given this area the most rain in years, residents in the housing project have had great difficulty in getting in and out due to deep mud. Assurance that it will soon be corrected no doubt will come as a relief.

The housing board met Monday night. Other business conducted was the election of Dana Owens as a member of the board to succeed Mrs. Joe Ed Spencer who has moved away.

## Post Script

Farmers in this area who plant a certain amount of small grain every year, are usually satisfied if it produces a good crop of winter grazing, and if it goes on and makes a crop they feel they are doubly fortunate—even if the price is low like it is this year.

But up in the midwest where wheat is a principal crop, the price is a much more important factor. It's reported that a bountiful crop is shaping up in that area and growers are far from happy at the prospect. Wheat sold there for \$1.59 per bushel in 1966, but this year it is \$1.24.

A national magazine quotes a Nebraska farmer who put it this way: "When a bushel of wheat won't buy a haircut, you know darn well the farmer is in trouble."

Some extra copies of this Success issue are being sent to some of the EHS graduates of 1943, with compliments of Mrs. R. L. Ballew.

Albert McGinnes, manager of West Texas Utilities at Sterling City and former resident of Eldorado, last month was elected to three new civic jobs in his new home town.

On June 24th he was elected secretary of their Masonic Lodge; on June 25 he was elected chief of the Sterling City Fire Department, and on June 28 was installed as 3rd vice president of the Lions Club. Along with all that his family continues to be "pillars" in the Methodist Church.

With our subscribers: Edgar Spencer has entered a new subscription for Joe Ed Spencer at 105 NE Anderson, Burleson, Texas 76028. Burleson is near Fort Worth and Joe Ed will start his college teaching job there soon.

The W. H. Harrison Jr. family have moved from Houston and their new address is 812 Cedar Crest Lane, Corsicana, Texas 75110.

On page 4 appears an ad from Sheppard & Dannheim announcing that they have taken over Eldorado Wrecking Service, recently operated by Charlie Warnock.

Jo Helen, Judy Ann and Dobbs Westley came from Fort Worth the past week end for a short visit at home. Jo Helen works in Fort Worth. Judy is attending summer school and Dobbs had gone up for a two weeks visit.

## PROPOSES REVISED METHOD OF REPORTING LIVESTOCK SALES

To the Editor of the Eld. Success Eldorado, Texas  
Dear Sir:

In following the reports of the Feeder Calf Shows and Sales of the Concho Hereford Association and the Texas Angus Association as reported through the summer in the San Angelo Standard, I have found the narrative form of the reported sales does not give me the information I need as a cattle raiser until I have extended the weight and price figures to give the sale price per head. And fur-

ther I find that the tabulated results as sometimes given are much more useful to me than the narrative reports. I have taken the results of the July 8th Show and Sale and have arranged them in the form which I believe is more useful to the ranchers. If you could publish this letter and tabulation in your paper, I believe your rancher readers will be interested and if any so interested will phone me or drop me a postcard giving their comments it will be a help in deciding whether to pursue this matter further. If any considerable

number of the ranchers find the information useful in this form, I believe the Producers Livestock Auction Company will be glad to go to the little additional trouble involved in furnishing the information so it can be published in this form.

Very truly,  
T. R. Spence  
Box 492, Eldorado, ph 853-2853

### Our WASHINGTON Letter

By Congressman O. C. FISHER

Housing and National Defense topped the legislative calendar this past week. A \$22-billion defense procurement authorization bill, covering a multitude of subjects was readily approved. It will fill some gaps and upstage American techniques in the missile, submarine, shipping, & armament fields.

The revolutionary housing bill was described even by the ultra-liberal Washington Post as a "housing bonanza." It was a multi-billion-dollar mother Hubbard, jack-of-all-trades omnibus monstrosity, and admittedly pushes the U. S. further into state socialism and welfare. There is no way to estimate the ultimate cost.

One novel provision makes Uncle Sam into the business of subsidizing interest payments on building costs as high as \$20,000. Some rates will be cut down to 1%—with the government paying the balance.

Rent subsidies are vastly expanded, with the government picking up the check for much of it and trimming interest on loans to build new rental units.

The bill contains a brand new venture into the field of insurance, with Uncle Sam reinsuring coverage which is later destroyed by riots. The cost of this could be astronomical.

It ventures into the field of flood insurance, and scores of other goodies covering a wide spectrum of subjects. It was a case of pulling out all the stoppers, at any cost. Texans in the House split on the vote, with 11 voting for the bill and 10 of us against.

It seems ironic that only recently the Congress was told that a tax increase was imperative to reduce the deficit and curb inflation, and now wipes out most of the projected benefits that might derive from the tax bill. No one would deny that the housing bonanza will add fuel to the fires of inflation. It was a case where costs and deficits were completely ignored, and some very questionable new and novel policies were initiated.

### Tax Man Sam Sez

As a part of the Federal estate and gift tax law, Congress has provided a system for giving your money away without paying tax, or by paying less tax than the estate tax would be later. Briefly, the rules are: You can give each of your children, grandchildren, etc., \$3000 each year without paying any gift tax or being liable for estate tax later (unless you die within three years after the gift). Out of community property, you and your spouse can give \$3000 each or \$6000 to each child, grand-

child or other beneficiary. By filing a gift tax return, Form 709, with the Internal Revenue Service you can give \$30,000 tax free out of your estate. Of course, in community property this would be dougled to \$60,000 tax free from both spouses. This must also be more than three years before date of death. So, if you and your wife have three children who are all married, and you have nine grandchildren, you can give your 15 heirs \$6,000 each, tax free, or \$90,000 a year. By filing a form 709 with Internal Revenue you can use your \$60,000 exemption (two 30,000 life time exemptions), you can pass \$150,000 out of your estate the first year and \$90,000 a year thereafter, tax free, provided you live for three years after the gift. If you are making an estate plan, it is probably advisable to consult an experienced Federal estate and gift tax consultant.

### Wayne Estes Writes From Bertram, Texas

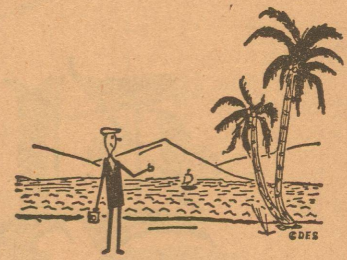

Wayne Estes of Route 2, Bertram, Texas 78605, recently wrote the Success:

"Dear Mr. Gunstead, Just a little news from Bertram. We have had a wonderful year so far. Rain every time we could use it. I have had just over 42 inches so far. I am in the process of buying a place that joins the one I already have. I am in the Corcian sheep business. They come from the dry uplands and mountains of Sardinia and Corsica in the Mediterranean, and Barbodos sheep from the West Indies. I have a bunch of trophy horn rams ready for hunters now and a few ewes for sale. They range in color from snow white, r'd spotted, tawn, brown and black. I have some of all. Those are out of a herd that was directly imported. The largest and best I have seen. I gave a barbecue not long ago and no meat compares with it any way you fix it. The grain of the meat is much finer than any other I have seen. Kindest regards, Wayne Estes."

Mr. and Mrs. R. L. Bridgeman and daughters of Midland were week end house guests of Mr. and Mrs. Robert K. Bradley and family.

Bill Lester, Jr., was an overnight guest of Ray Ballew on Thursday. Bill is in the Navy, stationed at Homestead AFB, in Florida, and is visiting his parents in Colorado City, Texas.

Home Demonstration Agent's Column

About this time of year, every year, I get many calls for methods, directions and recipes for making pickles, relishes and chili sauce.

Sweet Pickle Chips

Cucumbers, medium size, 6 lbs., (1 gallon) Onions, 1 1/2 cups, sliced Garlic cloves, 2 (may be omitted)

Wash cucumbers well, scrub and let drain. Slice unpeeled cucumbers into 1/8 to 1/4 inch slices. Add onions and garlic.

Combine sugar, spices, vinegar; heat to boiling.

Today's government directions are reading a little different than years ago.

Place jars of pickles in water up to the neck of the jar in warm

water if the pickles are warm. Boil jars for 5 minutes, counting the time after the water in the canner or kettle starts to boil.

Commercial concerns having anything to do with home making are more than anxious to distribute recipes for their product but they have one drawback.

The Tabasco Company is an example of the generous ones and has just sent 100 sheets of recipes called "Home, Sweet Homemade Relishes all made better with Tabasco pepper sauce."

Everybody loves good old-fashioned bread and butter pickles. They seem to go with just about everything—hamburgers, weiners, sandwiches, hearty stews, meat loaves, and cheese dishes.

Bread and Butter Pickles

6 cups cucumbers (4 to 5 young cucumbers) 1 large onion, coarsely chopped 2 quarts water

Wash cucumbers; slice thinly (1/8 inch thick) to make 6 cups. Put onion and cucumbers into a brine made of 2 quarts of water, salt, 1 teaspoon Tabasco. Let stand for 3 to 4 hours.

You'll find many uses for this

chili-eater's chili sauce. It's spiced with the secret of good sauces—Tabasco.

Chili Sauce

8 lbs. ripe tomatoes 6 medium onions 6 green peppers 1 cup sugar 2 tablespoons salt 3 cups cider vinegar 4 teaspoons whole cloves 3 tablespoons whole allspice 1 tablespoon Tabasco.

Scald, peel, core tomatoes and cut into quarters. Put through food chopper with onions and green peppers or chop by hand.

Bet you've never tasted a relish made with eggplant! Tomatoes, onions, green pepper, raisins, and spices blend beautifully with the delicate vegetable.

Italian Sweet Relish

1 medium eggplant 4 cups (2 lbs.) chopped tomatoes 1 1/2 cups chopped onion 1 1/2 cups chopped green pepper 1/3 cup raisins 1 cup sugar 1 cup vinegar 3/4 cup water 1 teaspoon Tabasco.

Do not peel eggplant; chop into cubes (about 4 cups chopped). Place all ingredients in medium size saucepan.

Spiced Peaches 2 cups sugar 1/2 cup white vinegar 1/2 cup water 1/2 teaspoon Tabasco 1 stick cinnamon 8 to 10 Whole Cloves 7 to 9 firm ripe peaches, peeled.

County Extension News

Time spent eliminating hazards and unsafe practices could well be the most important undertaking on the farm this year, because farm accidents cost the nation almost \$2 billion each year.

The week of July 21 has been designated, by President Johnson as National Farm Safety Week and a time when farm families are urged to take a closer look at their own situation.

"When our nation was very young, a man wrested a living from the land as best he could. His tools were primitive, his productivity low. He was fortunate if he could feed his family and have a little left over to sell.

"Agriculture currently ranks 3rd among our industries in accidental death rate. Thousands of farm residents are killed every year in accidents. More than 700,000 others are disabled. The cost to the nation is almost \$2 billion. The cost in anguish is incalculable.

"This shameful waste must stop. It will stop when safety has become the conscious concern of all who work to produce America's great agricultural abundance," so said President Johnson in his proclamation.

He further asked that all persons who live on farms, and those persons and groups serving or allied with agriculture, intensify their individual efforts to curtail and halt accidents where and when possible at work, in homes, at recreation, and on the public roads.

Many girls are getting men's wages now—but then, they always have.

How To Be Lazy And Love It

It's wonderful to be lazy, if you know how. It spares your heart, saves your energy, relaxes your mind, and you needn't feel at all guilty about it if you confine your laziness to these approved ways, recommended by a psychologist:

Don't wear yourself out carrying the needless weights of grudges, prejudices, and envy.

Listen more than you talk, and see how much better you feel after almost any meeting or gathering.

Don't run to catch a bus or trolley. The next one is better for your heart.

Don't rush for a bargain that

takes more out of you than it saves for your pocketbook.

Don't knock yourself out trying to park your car in a space too small for a scooter.

Don't bother to quarrel over small things, like a game.

Conserve your mental muscles for things that count, and never bother to wrestle with the inevitable, the imponderable, or the insignificant.

Husband to wife trying on a new hat, "Of course you can buy it, dear. I like that middle aged look it gives you."

For summer picnics you can increase your cooler's performance by pre-cooling with a few pounds of ice for an hour before you pack it and by refrigerating the food and drinks that will be placed in it.

After that family picnic is over be sure to wash the inside of your cooler to prevent unpleasant odors. However, don't dunk an insulated cooler, water might damage the insulation or cause rust in steel models.

Store the cooler in a dry place with the lid partly open so it can air out.

Poisoning from organophosphorus pesticides can be readily avoided by the exercise of caution in the handling and use of the materials, Farmers, applicators, pest control operators, and homeowners should handle pesticides with care.

Cautions in the handling and use of the materials includes the following measures: before using any pesticide read the label and follow directions precisely; obtain a copy of "Poisoning First Aid Guide" (L-696) at the county agent's office and become familiar with its contents; mix or prepare the pesticide solution or dust in a well ventilated area, preferably outdoors; do not spray near dwellings without informing the occupants of proper precautionary measures; never smoke or eat while using pesticides; wear adequate clothing.

Homeowners should wear rubber gloves and a rubber apron. Agricultural sprayers and pest control operators each morning should don a clean cotton shirt, shorts and preferably rubberized overalls, rubber boots, rubber gloves, tight fitting goggles and an approved respirator. During the spraying operation: do not work alone; work into the wind; watch for changes in wind direction; do not spray near wells, cisterns, canals or other sources

of water supply; and never smoke or eat while spraying or dusting.

Following the spraying operation make sure that tightly closed, clearly-labeled original containers, of unused pesticides are stored properly out of reach of all unauthorized people, particularly children and pets and preferably under lock and key; properly dispose of all empty containers, never reuse pesticide containers; decontaminate all equipment by washing with a flood of water in an area not frequented by children or pets and make certain that the wash water does not

drain into ditches, canals or ponds; hose off all protective clothing and remove, place other articles of clothing in a paper bag for washing prior to wearing again.

Do your part in making this a safe year in Schleicher county.

Publications available at the County Agent's office include MF-826, Farm and Ranch Guide—Safe Use of Pesticides, and L-696, Poisoning—First Aid Guide.

The world is full of willing people. Some are willing to work and others are willing to let them.

### Historical Committee Meets Friday Night

The Schleicher County Historical Survey Committee will meet at the Memorial Building this Friday (July 19th) at 7:00 o'clock. Seven o'clock comes very early, but please notice the time and be there on the hour.

Dr. Kate Adele Hill of San Angelo will speak to us on this occasion. Dr. Hill is a 38-year veteran with the Texas Agricultural Extension Service with offices at Texas A&M University. ### EHS Class Of 1943 Holds Reunion

In 1943 there were 18 Seniors graduating from Eldorado High School. Twenty-five years later on Saturday, July 13th, twelve of those Seniors met in Eldorado for a day of reminiscing and fun. The festivities started on Friday night with a watermelon feast in the County Park for early arrivals. Later, coffee was served to the group at the home of Mr. and Mrs. C. L. Martin, Jr.

At 9:30 Saturday morning guests started to arrive at the home of Mrs. Robert K. Bradley (Elizabeth Graves) for a coffee for class members, their families and other guests. The serving table was decorated with a beautiful arrangement of asters.

At noon, T. P. Robinson, Jr., hosted the group at a picnic at his home on Old Sonora Road. A tour of the present school facilities was a highlight of the afternoon, and elicited favorable comments on the many changes and improvements.

Unlike present-day senior trips which cover many miles and last for three or four days, this Class of '43 took a trip to Christoval, Texas, and so it was fitting that the barbecue supper planned to end a most enjoyable day should be held there. Boating and swimming were enjoyed by the children while the parents and other guests visited, recalling and discussing happenings of 25 years ago. Pictures were made of the group of class members.

A special guest, Mrs. A. E. Prugel, the Class Sponsor, and Mr. Prugel, now of Sonora, came for the barbecue. Class members and their families in attendance were: Mr. and Mrs. Felix Murr (Betty Sue Ashmore) and daughter, Cleo, Texas;

Mr. and Mrs. John L. "Jack" Neill, Jr., and family, U. S. Naval Base, Guantanamo Bay, Cuba;

Mr. and Mrs. W. O. "Ollie" Alexander and family, Corpus Christi, Texas;

Mr. and Mrs. R. L. "Punk" Bridgeman and family, Midland, Texas;

Mr. and Mrs. Wayne G. West (Frankie Russell) and family, Orange, Texas;

Mr. and Mrs. Otis L. Davis, Houston, Texas;

Mr. and Mrs. Dan L. Marshall (LaVerne Rodgers), Jasper, Tex.;

Mr. and Mrs. Preston Hunnicutt (Norma Jean Sproul) San Angelo, Texas;

Mr. and Mrs. C. L. Martin, Jr., and daughters, Mr. and Mrs. Billy Jeck Reynolds and family, T. P. Robinson Jr. and Mr. and Mrs. Robert K. Bradley (Elizabeth Graves) and family, all of Eldorado.

Other guests during the day's events were Mrs. Corinne R. Robinson, Mrs. Robert F. Frost, Mrs. F. M. Bradley, Mrs. R. L. Ballew, Mrs. B. O. Bridgeman, Mrs. D. C. Royster, Mr. and Mrs. J. L. Neill, all of Eldorado; Miss Brenda Royster, Aztec, N.M., (the daughter of one of the class members, Donald J. Royster, who was unable to attend), Lt. Col. and Mrs. Rett Mabrey and children, Camp Rucker, Alabama; Mrs. Merle McLeod, Pontotoc, Texas; and Mr. and Mrs. Jack Neill, Sonora, Texas; also Mr. and Mrs. John L. Barrows of San Angelo, and Mrs. Carol Dickens Dusek, of Odessa, Texas.

Class members unable to attend were: Donald J. Royster, Melba Calote Potmesil, Tom Bradley, Mabel Lee Parrent Hawkins, J. C. Johnson, and Ruth Mund Bossa.

Mrs. John Stigler returned Monday from Odessa where she visited Mr. and Mrs. Johnny Stigler and new son, Eva Stigler remained for a longer visit there.

### Gift Coffee To Honor Recent Bride Saturday

MRS. LELAND CRAIG

A Gift Coffee will be held Saturday morning in the Club Room of the Memorial Building honoring Mrs. Leland Craig, who before her recent marriage was Mary Nell Neff.

### Lions Have Program On Water Safety

Alan Masloff, game warden, gave a presentation on the new provisions of the water safety laws, and how they relate to boating, upkeep of boats, and equipping of boats. He was introduced by Ray Boyer, at the meeting yesterday in the Memorial Building.

Boss Lion Curtis Humphries presided.

Guests introduced by D. G. Salter were Richard Johnson of Hearst, Texas, and Sherwood Barker, Buddy Calk, and Pen Barker.

The directors met and voted to send a plant to A. G. McCormack in Shannon hospital. They also voted to send two memorials to the Lions Crippled Children's Camp for the late E. C. Hill and the late R. L. Sample, both of whom served as president of the local club.

### TWO FIRE RUNS SATURDAY

The firemen made two runs Saturday afternoon.

The first call was to a grease fire in the kitchen of West Texas Cafe. They promptly controlled the blaze and the cafe crew had to close for the remainder of the day to clean up the smoke damage.

The second alarm was to a trash fire in the alley behind the Blondy McMillan house. No major damage reported.

Linda Derrick and Gail Robinson returned to Eldorado Saturday night following a six weeks' stay at Camp Waldemar, at Hunt, Tex.

### Putting Tournament Saturday Night

Tournament Chairman, Carroll Ratliff, will be in charge of the Putting Tournament this Saturday night, July 20. The time is 8:00 p.m. at the putting green at the Golf Club. This will be a partnership tournament. If you have a partner, bring him or her. If you do not have a partner—come on anyway—we will find someone to be your partner.

Winners of the last tournament were Jack Hext and Bailey Rogers in a play off with Vernon Rogers and Bob Bland. We are expecting a challenge from Paul Page and his partner this week so this may prove to be an exciting tournament. Let's all turn out and give these guys a little competition — 8:00 p.m., Saturday, July 20.

## PAR-TEE

It is indeed a pleasure to welcome the Ken Rosford family to membership in the El Dorado Golf Club. Ken has been playing with "the boys" for sometime so we are happy to have them join our forces.

In the ladies tournament Agnes Hannes downed Penny Bland; Mary Robinson def Marv Waldron and Dele Preston def Ernestine Hext. This week Agnes Hannes will meet Mary Robinson and Dale Preston has a bye. In consolation Nell Westler will meet Lil Page and Gladys Mittel will play Martha Godwin.

The results of the Men's Partnership Tournament are as follows:

Jack Hext-Weatherly Kinser def Howard Derrick-Eldon Calk.

Bob Bland-Norman Roberts def Arch Mittel-Wayne Doyle.

Vernon Rogers-Bob Bradley def Bailey Rogers-Ronnie Griffin.

Wilson Page-Kenneth Vaughan def Herman Walker-Gerald Childers.

Carroll Ratliff - Donald Rogers def Dick Preston-Pat Wester.

Buddy White-Jim Brame def Jack Hannes-Gary Derrick.

Delbert Taylor-Jack Halbert, Jr. def Jack Bell-Tim Tampke.

Cecil Pearce-Ken Rosford def W. G. Godwin-Ralph Waldron.

Pairings for 2nd round matches are:

First Flight—  
J. Hext-W. Kinser vs Bob Bland-N. Roberts.

V. Rogers-B. Bradley vs. W. Page -K. Vaughan.

C. Ratliff-D. Rogers vs B. White-J. Brame.

D. Taylor-J. Halbert Jr. vs C. Pearce-K. Rosford.

Second Flight—  
H. Derrick-E. Calk vs A. Mittel -W. Doyle.

B. Rogers-R. Griffin vs. H. Walker-G. Childers.

D. Preston-P. Wester vs J. Hannes-G. Derrick.

J. Bell-T. Tampke vs. W. G. Godwin-R. Waldron.

Losers in these matches will go to consolation for the next round of play.

J. H. Mace of Foxworth-Galbraith Lumber Co. called this week and said that he would furnish the material for some benches to be used on the tee boxes at the golf course if we could find someone to build said benches. Do I have any volunteers? Sure would be nice to have a bench to sit on and rest these "weary old bones" while waiting for the tee box. I can drive a nail pretty straight—most of the time—but me and that saw are mortal enemies so I'll just volunteer to paint the benches after someone else builds them.

Sure is quiet around these parts with A. G. McCormack in the hospital. We really miss you Mac and hope that you are feeling much better and back on the "old beat" very soon.

I hear tell that the match of the week was a spectacular one between Vernon Rogers (Bob Bradley) was out of town—so Vernon took them on by himself and Bailey Rogers-Ronnie Griffin. "They say" that Vernon (I haven't interviewed any of the players) had 17 pars and then a bird on the 18th to win the match. That is real good golf—in fact a perfect match. Bailey and Ronnie may prove to be a little hard to beat in that 2nd flight if they keep that up. Neither can one count Rogers-Bradley out for contention in the 1st flight. The galleries may grow as these matches continue. We will try to find out some starting times for next week's matches in case you would like to gallery.

The Band-Aides have turned the concession stand back to the Golf Club since Little League season is completed. We will ask for volunteers to work in the stand each afternoon—so if you are loafing around town and want a job, just call Eddie Mae Kinser and she will set you up for a time to work.

Happiness is finding that the dirty socks have landed in the laundry hamper instead of on the floor.

### Summer Recreation Program Closes

The annual Summer Recreation program ended last Friday after six successful weeks in which over 120 young people participated in all sorts of recreational activities.

The groups were divided by grades with 4, 5, and 6th grade boys and girls coming at 9:30 and 7-12 graders coming at 10:45.

Contests were held in both groups according to activities in which most interest had been expressed.

Group I had twister, horseshoes, tetherball, ping pong, jacks, and checkers. In twister Wally Joiner was champion defeating Charlene Warnock. Jim Bob Edmiston won a third over Frances Bland and Carolyn Page won consolation by beating Kim Griffin.

Tetherball was a hard-fought contest but Wally Joiner defeated Jerry Gartman in the best two of three for first while Charlene Warnock took third over Jim Bob Edmiston. Carolyn Page had consolation by defeating Jill Edmiston.

Jerry Gartman took a trophy in horseshoes by outshooting Charlene Warnock and Carolyn Page was third. Wally Joiner won consolation over Jill Edmiston.

The Ping Pong championship was an exciting one as Carolyn Page and Jerry Gartman were closely matched. Carolyn finally won 3 games of the five. Wally Joiner got third by beating Gynna Jay and Charlene Warnock beat Barbara Ferris for consolation.

Barbara came back in another event to get her trophy as she won Jack with Jill Edmiston 2nd, Cindy Jackson 3rd, and Frances Bland consolation.

Checkers along with Jacks, and twister were new events this year and there was much interest in all three. Jim Bob Edmiston took the crown winning four games while Wally Joiner was second and Jill Edmiston slipped past Jams Mikeka for third. Kim Griffin and Frances Bland tied for consolation honors.

It was a race to the finish in every event for the older group as they participated in ping pong, horseshoes, tetherball, checkers, twister and had a free throw contest.

Patti Olson won horseshoes over Benjie Jay, and Ken Peters beat Tina Farris for third. Gary Wester won consolation. Twister was won by Chris Gartman over Karl McCormack and Benjie Jay was third. Tim Farris won consolation.

In ping pong Patti Page was champion besting Mary Lynn McCalla in 3 of 5 games. Patti Olson and Ken Peters after playing a marathon length game, called it a tie for third and Vonda Maness beat Karl McCormack for consolation.

Tetherball champion was Gary Wester as he finally subdued Ken Peters 2 games. Patricia Mann beat Tim Farris for 3rd, and Patti Olson won consolation. Rosellen Maness then beat Ken Peters for the championship in checkers. Karl McCormack was third and Tim Farris consolation.

The free throw contest had 16 entries who shot 50 free throws each. The top five progressed to the semi-finals. This included Peggy Hill, Wayne Doyle, Patti Page, Bob Whitten, and Ken Peters each shooting 60% and better. These five then took an additional 25 with the top three going to the finals. This included Peggy, Wayne, and Bob. In the finals each took 10 shots. Peggy Hill, a sophomore, won the event making 39 of 50, 20 of 25, and 9 of 10.

The highlight was the fact that of this group five had perfect attendance. They received small awards as did the champion in each contest. They were Robert Parker, Ken Peters, Karl McCormack, Vonda Maness and Rosellen Maness.

Many thanks to the American Legion who have for the last nine years purchased these trophies.

Mr. and Mrs. Jack Etheredge were in Kerrville and San Antonio the past week end and saw attractions at HemisFair.

A recent overnight guest of Mrs. R. L. Ballew was Miss Vivian Reagan, of Richmond, California. The Reagan family left Eldorado 35 years ago and this was Vivian's first visit back here since then.

Hollis Reagan brought his sister here from Fort Worth where she was visiting his family. He was an overnight guest of the Joe M. Christians. Mrs. Ballew took the Reagans on visits to long time friends here, before they left on their return to Fort Worth on Monday afternoon.

Mrs. L. T. Wilson has returned to Eldorado after an extended visit in California.

Mrs. D. C. Royster and granddaughter, Brenda, are visiting and seeing the HemisFair in San Antonio.

Mr. and Mrs. Bobby Blackman and children of Sea Drift, Texas, visited the Jerry Doyses over the week end.

Edd Farebee of Lubbock visited last week with the Jerry Doyses.

Mrs. Derl Griffin and two daughters of Del Rio are visiting a few days with the Jack Griffin family.

The Buddy White family spent Sunday and Monday in Austin.

Runge Ranch had three-tenths of an inch of rain Sunday morning.

Mr. and Mrs. Bethel Jeffrey are going to visit their oldest daughter, Billie Jo. Her husband, Major Dave Callett, is stationed at Otis AFB, in Massachusetts.

Mrs. Marvin McDonald and grandson Dwight returned Thursday from Lufkin where they visited Mr. and Mrs. W. A. Schuller and family. The Schullers are former Eldorado residents.

Land Office Sets Lease Sale

State Land Commissioner Jerry Sadler said the School Land Board's next oil, gas and sulphur lease will be held at 10:00 a.m., December 3 in the General Land Office, but bids must be received by October 10, 1963.

**GOP Urges Job Program**

Texas Republican Party has called for a tax credit plan to encourage more industry-sponsored job training programs for unemployed, unskilled workers.

Nine-point program calls for enactment of new Texas Employment Commission aid, improved vocational and technical education and better industrial safety services.

GOP would also limit to two the number of times a person can refuse suitable job offers provided work pays as much or more than unemployment or welfare benefits.

Tax credits, GOP said, should be "preferably federal."

**LBJ Park Contract Let**

Construction contract of \$116,900 was awarded to Blanchard and Associates Inc. of Fredericksburg to build new facilities at the Lyndon B. Johnson State Historic Park, near Johnson City.

Work at the park, across the Pedernales from LBJ Ranch, will include a visitor center and rest room, water, electric and sewage systems. Part of the materials were obtained from 113-year-old Pfeil Building donated to the park by the Fredericksburg National Bank.

**Hunting Seasons Set**

Texas nimmers can start making those fall hunting plans. Parks and Wildlife Commission has set the new hunting regulations.

Deer season will open on November 9 in most areas of the state. General limit is three, no more than two bucks (there are exceptions in some areas). An extended, experimental deer season was established for November 9-January 7 in Frio county.

Mourning Dove season starts October 1 and extends until October 30 in the north zone. Dates for the southern zone are September 21 to November 19.

A small section of Lower Rio Grande Valley will become a non-season sanctuary for white wing and mourning doves. Regular white wing season is September 1-2 and 7-8.

**New Wildlife Preserve**

George Light III of San Antonio has agreed to sell the Texas Parks and Wildlife Department 15,200 of land in La Salle and Dimmitt counties to be used as the state's tenth wildlife management area.

In 1967, the Legislature appropriated \$2 million for the purchase of land for a game preserve. For more than a year now the department has been looking and negotiating.

Terrain and vegetation on the tract is representative of some 20 million acres included in the Rio Grande Flood Plain of South Texas.

Department will spend \$1.9 million for the land and 75% of this amount will be reimbursed to the department under the Federal Aid in Wildlife Restoration Act.

**Brucellosis**

All but 29 of Texas' 254 counties have qualified or are trying to qualify as modified certified brucellosis areas—and most of those 29 are in a group along the Gulf Coast.

U. S. Department of Agriculture and the Texas Animal Health Commission say that Newton and Smith counties qualified for certification in May and Bell, Cameron, Hidalgo and Hardeman counties were recertified.

**Short Snorts**

Buescher State Park near Smithville is being developed as a science park.

Department of Public Safety division of defense and disaster relief will hold a disaster preparedness conference in Alvin on July 23rd.

Atty. Gen. Crawford Martin approved lease contract that paves way for development of a lake near Clarendon.

Cotton plantings are up 14% over last year. Wheat farmers see trouble due to new international wheat treaty.

Oak Cliff Country Club of Dallas filed a protest over the Liquor Control Board ruling requiring members of private clubs in dry areas to buy their own whiskey.

# Mr. Farmer! Mr. Businessman! WE NEED YOUR HELP.

Cotton is by far the major income crop in the Rolling Plains, accounting for about 40% of total agricultural income. Annual sales average well over \$50 million. Processing, transportation, storage, and insurance provide additional millions. Farmers are the biggest users of gasoline, tires, machinery, fertilizers, insecticides, and credit. The majority of all citizens in this area directly or indirectly, depend on cotton for most of their income.

Rolling Plains Cotton Growers, Inc., is a local non-profit organization, chartered by the State of Texas, to promote the welfare and protect the interests of the cotton industry in the 32 county Rolling Plains area. Activities are carried out under the direction of a 64 man Board of Directors, 2 from each county, who serve without pay. The organization has been tremendously successful, and has earned State and National recognition.

RPCG depends on voluntary contributions for operating funds. Due to the short crop in 1967, income was reduced 25%. Costs are up. We must have additional funds to continue to represent this area.

Help your neighbors! Carry your share of the load! Mail your contribution today to Rolling Plains Cotton Growers, Box 1108, Stamford, Tex. 79553.
