## Playground Equipment In Use At Public Housing Units in Northeast

Additional facilities have recently been added to the low rent establishment in East Eldorado which was opened for occupancy over a year ago. The well-kept lawns are watered and mowed and a yard light installed, as well as a street light at the intersection of Cottonwood and East Street. Cottonwood has been opened through-out with a 30-mile speed zone and with stop and yield signs.

With over 20 children included among the occupants, Mrs. John Gilmore, executive director, prevailed on the Housing board to

provide playground equipment and they responded by buying a swing set and one monkey bar. She acknowledges another swing set provided as a gift from Mr. and Mrs. Bill Rountree. These were all in place last week when the above picture was taken, which is a close-up view of just one swing.

There are 14 apartments in the low-rent system and 11 of these are now occupied. Mrs. Gilmore states that she has applications to fill the remainder provided their applications are approved. Eight of the eleven are occupied

by people having children. These with their number of children are: Mrs. Alice Robiedo, 5; Mr and Mrs. Manuel Jesso, 4; Mr and Mrs. Romarez, 1; Maria Valasquez, 2; Mrs. Freddy Henderson, 2; Victoria Belman, 7; Mr. and Mrs. Hastings, 2; Every Fernandez, 1; a grandchild.

The above list comes to a total of 24 children, ranging in ages from two to 16 years.

With the new yard light and well kept lawn the new playground equipment is getting a good work out every day now until well after dark.

## Drive-In Changes Hands

Lee Halbert has sold her drive-in on the San Angelo highway to Mr. and Mrs. Sam Sanders who have moved here from Dallas. In Dallas Mr. Sanders was in the home repair service.

Mr. and Mrs. Sanders took over operation of the establishment this week. They are parents of Mrs. Maggie Davis.

They announced plans to change name of the drive-in to Granny's Drive-In and also plan to convert the living quarters in the building into an indoor dining room some time in the future.

This week the couple were getting settled here and they invited patronage of all customers to their drive-in.

## Short Board Meeting

The meeting of the Hospital District board of directors on Monday night was the shortest one on record.

The only business to come before the meeting was adoption of a budget for the coming year. The figures had all been thrashed out at the last meeting and corrected copies had been prepared which were submitted to the board and promptly approved, and that was all.

Ed Meador and Ronnie Mittel were absent from this meeting.

Kathy Meador, daughter of Mrs. Bebe Meador, dislocated her left elbow at school last Thursday. It is doing fine now.

## Venire Announced For District Court

The Fall term of District Court comes up Oct. 21st, and the local Sheriff's office was this week notifying the following veniremen to be present for prospective Petit Jury duty:

Mrs. Edward F. Meador  
Harry Mercer  
R. W. Moore  
Mrs. Annice Murchison  
C. J. Niblett  
Mrs. James Page  
Wilson Page  
John Rae Powell  
Mrs. Vernon Rogers  
Mrs. Ralph Waldron  
T. C. Stanford  
E. H. Sweatt, Jr.  
Virgil Free  
H. G. White  
Mrs. James Williams  
Arthur Faulk  
Gerald Hartgraves  
Pat Joiner  
J. R. Trentham  
Mrs. Jess Koy  
Bob Skurlock  
Fred Case  
Mrs. Charles Hahn  
Edgar Sauer  
Virginia Bruton  
Mrs. Henry Moore  
Ello Wilde  
Mrs. B. L. Blakeway  
Collis Duane Branham  
Sherrill Dannheim  
A. D. Farris  
Edwin M. Jackson, Jr.  
Thomas R. Jones

C. L. Martin, Jr.  
Billy Williams  
Horace Linthicum  
Mrs. Arch Ory  
Paul Phillips.

## September Rainfall Is Generous 3 Inches

Average rainfall for September as reported by Lloyd Johnson credits Schleicher County with 3.02 inches.

This brings the total for the year to 18.56 inches.

The latest table appears in this issue on page 5.

## Gin Report

About 235 bales had been processed at Mikeska Gin here by Tuesday of this week.

This would be an increase of about 200 in the previous 8 days.

## DEATH REPORTED

W. H. Prestage, 82, underwent surgery at Weslaco, Texas, on Thursday, October 3, and died shortly afterward. He was the father of Mrs. Harry Mercer of Eldorado and Mrs. Roy Shilling, Sr., of Weslaco. Interment was made at Ducan, Okla.

Wife: "You know, dear, you don't seem as well-dressed as you were when we were married 10 years ago."

Husband: "I don't know why not—I'm wearing the same suit!"

## 92-Year-Old Woman Manages Without Modern Conveniences

In the southern part of Schleicher county, about 12 miles south of Eldorado, lives a little lady who will soon be 93 years young. Mrs. Martha Rozell Roberts was born January 23, 1876, and she and her late husband, Oscar Roberts, moved to Schleicher county, Texas, in the latter part of 1901. They decided to homestead on some of the land that was then being opened for public settlement in the southern part of the county and chose about 4 sections suitable for sheep raising. In February of 1902, they began construction of a home for the Roberts family, which then consisted of themselves and three children. The house was completed later that year, as was the drilling of a nearby water well. Both the house and water well are still very much in use today after 65 years. In fact, there have been very few changes, since 1902, in the way Mrs. Roberts lives. For instance, Mrs. Roberts does quite well without such modern conveniences as electricity and indoor plumbing. There is no television noise to disturb the serenity of the farm, and all the cooking is still done on an

old wood-burning stove—just like it was when they first occupied the house.

Mrs. Roberts is no longer able to get around as in the old days when she used to meet the stage coach from San Angelo to get her mail. Her eyes are not quite as good as they once were; and so, Mrs. Roberts has to rely on two of her children, Jewel and Jess, who live with her to do many things that she once did by herself. Martha spends a great deal of time resting now, as befits a lady of her advanced years.

Mr. Roberts passed away in 1940 without ever having a chance to work under Social Security, since farming and ranching activities were not covered until 15 years later. Since Mrs. Roberts has been a housewife all of her life, there appeared to be little hope that she would ever be able to receive monthly social security checks. But in 1966, several months after Mrs. Roberts had signed up for Medicare, the President signed into law a bill making monthly benefits possible to people age 72 and over

when no other type of Government pension is paid. Since Mrs. Roberts no longer reads and since she does not watch television, she did not learn about this special provision for almost two years. In August of this year, her son Jess made arrangements for a social security representative to visit Mrs. Roberts at her home and assist her in filing for the special age 72 benefits. The following month, the social security representative again visited Mrs. Roberts and presented her with a check from social security in the amount of \$826.80, representing retroactive benefits.

Needless to say, Mrs. Roberts was quite pleased and surprised to learn that she had received so much money and that she will continue to receive a check each month. She said, "These monthly checks will certainly be a blessing for people like me."

Social security records are confidential, but Mrs. Roberts has agreed to let the Social Security Administration release information about herself in order to better acquaint the people of her area with social security.

## Eagles To Wall Tomorrow For The Final Non-Conference Tilt

### Bulletin Board

#### HOW THEY CAME OUT LAST FRIDAY NIGHT

Sonora 21	Ozona 20
Mason 27	Brady 6
Robert Lee 32	Eden 0
Wall 9	Bronte 7
Junction 61	Judson 21
Menard 25	Santa Anna 6
Iraan 13	Eldorado 0

#### WHERE THEY PLAY TOMORROW NIGHT:

Eden at Early (B'wood)  
Johnson City at Junction  
Mason at Boerne  
Menard at Bangs  
Sonora at Rankin  
Eldorado at Wall  
Bronte at Robert Lee

#### HOW THEY STAND NOW (NON-CONF.)

W	L	T	
Mason	4	0	0
Ozona	3	1	0
Junction	3	1	0
Sonora	2	2	0
Menard	2	2	0
Eldorado	2	2	0
Robt. Lee	2	2	0
Eden	0	4	0

NOTE: Nonconference play ends with these games. First conference games are set for Oct. 18. Conf. 8A games continue with 8:00 p.m. as starting time until Nov. 1, when games begin at 7:30.

The Eldorado Eagles wind up non-conference football play tomorrow night against the unheralded Wall High School Hawks in Wall. At first glance, such a contest might seem like a big romp for the Eagles until some facts and figures concerning the Hawks are examined. Wall Independent School District is in Tom Green County and has an enrollment of 319 children. For contrast Eden enrolls 342.

But the number of children in a school district has nothing to do with the size of the boys on their football team. The Hawks will outweigh the Eagles considerably even by unreliable program weights. Their line averages 177 pounds and their backfield 160. Some wishful thinkers might say that they are big, clumsy, and slow; but in four games to date the Hawks have as good or better record than the Eagles. They may be big and all that; but they are also very very strong boys.

Here is their starting line-up:

No.	Name	Pos.	Wt.
81	Jerry Sefeik	LE	155
76	Randy Dusek	LT	181
62	Mike Sturm	LG	145
50	Pat Adams	C	165
60	Gary Gerngross	RG	190
75	Frank Holik	RT	195
85	Bruce Crosshans	RE	
33	Gary Parmer	LHB	140
11	Eddie Holik	RHB	140
42	Darrell Fischer	FB	175
14	Glynn Dierschke	QB	182

This lineup consists of eight seniors, two juniors, and one sophomore.

Offensively, it appears that their coach carefully selected what he considers the best features of a number of formations. These include Straight T, Wing T, I, and Single Wing formations. Their workhorse is their QB Glynn Dierschke. He runs, passes, and kicks. His passes are mostly to RHB Eddie Holik and Right End Bruce Crosshans. In their last game which they won over Bronte, Dierschke connected on 10 of 19 attempted passes and kicked a field goal.

Defensively, the Hawks use the same variety of stances. Of course the purpose is to confuse offensive blockers. They sometimes employ a so-called Split Six front which features a four-man front wall but with the two linemen making up the 16 front line a yard or so back. Just before the ball is snapped, they position themselves as they consider in the best places to stop the play. From the offensive lineman's viewpoint it is disconcerting to have man suddenly and unexpectedly place himself in front when another man may have been selected for the blocking assignment.

Or they may use a conventional five-man line with three linebackers.

On occasion they may shift into a six-man front with two linebackers.

Finally, they may utilize the old "Gap 8" front line with three men back as the secondary. These eight men hold down front make it appear to an offensive unit that the Hawks have too many men on the field.

The Eagles will have to exert themselves to win this one. Wall will be at home and can be counted on for a maximum effort. It may take more than 16 minutes.

It will be just as well to dust off the last few paragraphs of last week's pre-game write-up concerning the Eagles. This week has seen them bearing down on fundamen-

(Continued on Page 5)

### Post Script

The old Eldorado Paint and Body Shop building just across the street to the north of Java Junction cafe is being readied as new location for R. V. Sheppard and Sam Dannheim's used car lot.

The building has had an office room added onto the west. Fat Sweatt has done some plumbing work and this week Earl Dean Clark was at work on a metal canopy and supports which will provide a shaded area.

Sheppard and Dannheim state that they hope to move to the new location before long as soon as work is finished and everything is ready.

Caliche has already been laid on the two corner lots which face the Sonora highway

—ps—

We have just two more home football games. The Eagles host Mason on Oct. 18th, and on Nov. 8th the big game of the year will be here with the Sonora Broncos. That game, a month away, will probably have the largest attendance of any of the season and it will be the school homecoming. Eldorado High exes are invited to make special effort to be here for that game.

As part of homecoming, the Band Queen and Football Sweetheart will be crowned.

The Success crew expect to print the General Election ballots this week end and deliver them to the Clerk's office early next week.

Absentee voting gets under way a week from today, on Oct. 17th, and continues for about 2 weeks

—ps—

Since the State sales tax was increased to 3% last week, here is the new schedule. A purchase of 17 cents now carries a one-cent tax.

Purchase and Tax Amount

	No Tax	
.01 to .16	01	
.17 to .49	01	
.50 to .33	02	
.84 to 1.16	03	
1.17 to 1.49	04	
1.50 to 1.83	05	

—ps—

With our subscribers: Mrs. Katherine Russell is a new subscriber at Box 837, Ozona, Tex. The Bob Mara family moved from Eldorado some time ago and their address is now 6545 Bourbon Way, Las Vegas, Nevada.

"Halliburton Services was awarded another contract from the U. S. Atomic Energy Commission for 3 more years to support drilling on the Nevada test site," Mrs. Mara wrote recently in renewing their Success subscription.

Mrs. Ernestine Hext entered a new subscription recently for Dave Williamson at Route 1, Box 52-A, Willis, Texas 77378. The town of Willis is located north of Houston.

**Blue-Law Test**

State Supreme Court has agreed to hear an appeal from local officials stymied in their attempts to enforce the state's newest and most far-reaching Blue Law.

Article 286a of the Penal Code prohibits the sale of certain listed items—covering just about everything—on consecutive Saturdays and Sundays, which requires retailers to choose between the two days.

However, Gibson's Discount Center of Midland got around it by leasing its store and stock to another corporation.

Midland County 142nd District Court agreed with Gibson's that the Blue Law violates the state and national constitutions, and the local officials appealed. The case is set for hearing before the high court on November 6.

**Sales Tax Goes Up**

Texans started shelling out another penny for state sales taxes on October 2. That made it 3% statewide—and 4% in those cities which levy local option sales taxes.

Extra 1% for the state was voted by the Legislature in special session last June. Session also approved a 1% jump in car sales tax and a 50 cent hike in the franchise tax. Revenue estimates are about \$175 million in new state revenue during the next 11 months. Legislature in 1969 may have to raise \$300 million or more in additional money.

**Bilingual Education**

Texas Education Agency is utilizing the experience of six visiting teachers from Mexico to improve the bilingual-education program it administers.

Teachers, all from Nuevo Leon, will spend the current school year in Texas teaching Spanish to already Spanish-speaking children in the pre-school and elementary grades.

"This program," a TEA official said, "is an attempt to enhance our bilingual teaching and to involve ourselves in international programs. Also, we want to see how well Mexican-national teachers can work in our public schools."

**Riot Loss Plan Reviewed**

Plan of insurance companies to spread riot losses got State Board of Insurance review but was sent back for redrafting following new federal rules.

**Eggers Cites Need For Two Parties In Texas**

"The Texas Research League's report that shows three areas in the Rio Grande Valley with the lowest per person income in the nation demonstrates dramatically a bad effect of a one-party system," Clemente Garcia, Jr. of Corpus Christi said Thursday.

Garcia is statewide chairman of Amigos for Eggers, a non-partisan organization of Mexican-Americans supporting Paul Eggers, Republican candidate for governor.

"The three standard metropolitan areas concerned—the McAllen-Pharr-Edinburg area, the Laredo area and the Brownsville-Harlingen and San Benito area—are also areas with a considerable Mexican-American population.

"And the same is true of Corpus Christi, San Antonio and El Paso, other cities mentioned in the report as having low per person income.

"More than half of the Mexican-American families in Texas live on yearly incomes of less than \$3,000, so the problem is clearly wide-

spread  
"This is a challenge to the Mexican-American to use this year to his own advantage by giving the Republican candidate for governor an opportunity to help correct serious poverty conditions in Texas.

"And this is one reason why Paul Eggers has gained tremendous appeal among Mexican-Americans. He took his campaign early to the very areas described in the report to present his five-point program on the social and economic development of the Mexican-American.

"He believes poor sections in Texas can be improved by training people for a specific job and then making sure the jobs are there.

"A strong two-party system is not the only answer, but it is an important first step. I believe those who have taken the Mexican-American's vote for granted for so long will wake up in November to find a working governor in office who will do the job."

Austin, Texas.—Drinking drivers run a risk of being nabbed—thru a tell-tale scientific breath analysis device going into use in Texas.

Col. Wilson E. (Pat) Speir, Department of Public Safety Director, announced that 90 new "breathalyzers" have been purchased by the DPS and 450 highway patrolmen trained to operate them. Device will test a suspect's breath to determine the percentage of alcohol in the bloodstream.

Instruments, simple to operate and read, will be placed in 80 of the state's most populous counties, at fixed locations and used under strictly-controlled scientific conditions.

Suspects who consent to the test will blow into a tube and the percentage of alcohol in their blood will register on indicators. About 15 minutes' waiting time is allowed before testing begins and actual test takes only 5 minutes. Experts report a direct relationship between alcohol content in blood and breath.

Drinking, according to DPS statistics, figures in 40 to 50% of Texas' traffic deaths—perhaps more than 1,600 of last year's 3,367 highway fatalities. Over the nation, use of alcohol leads to annual traffic death toll of 25,000 and 800,000 vehicle accidents—the largest single factor in fatal crashes.

A driver with 0.15% blood alcohol content by weight is 25 times more likely to be involved in a wreck than a non-drinking driver. Average person achieves that danger point after consuming five ounces of 100 proof alcohol an hour without eating, DPS chemists figure. Consumption leading to intoxication, of course, varies with weight, time between drinks and amount of food eaten.

Tests will "clear" drivers suspected of being drunk who are actually driving erratically due to illness or other reasons.

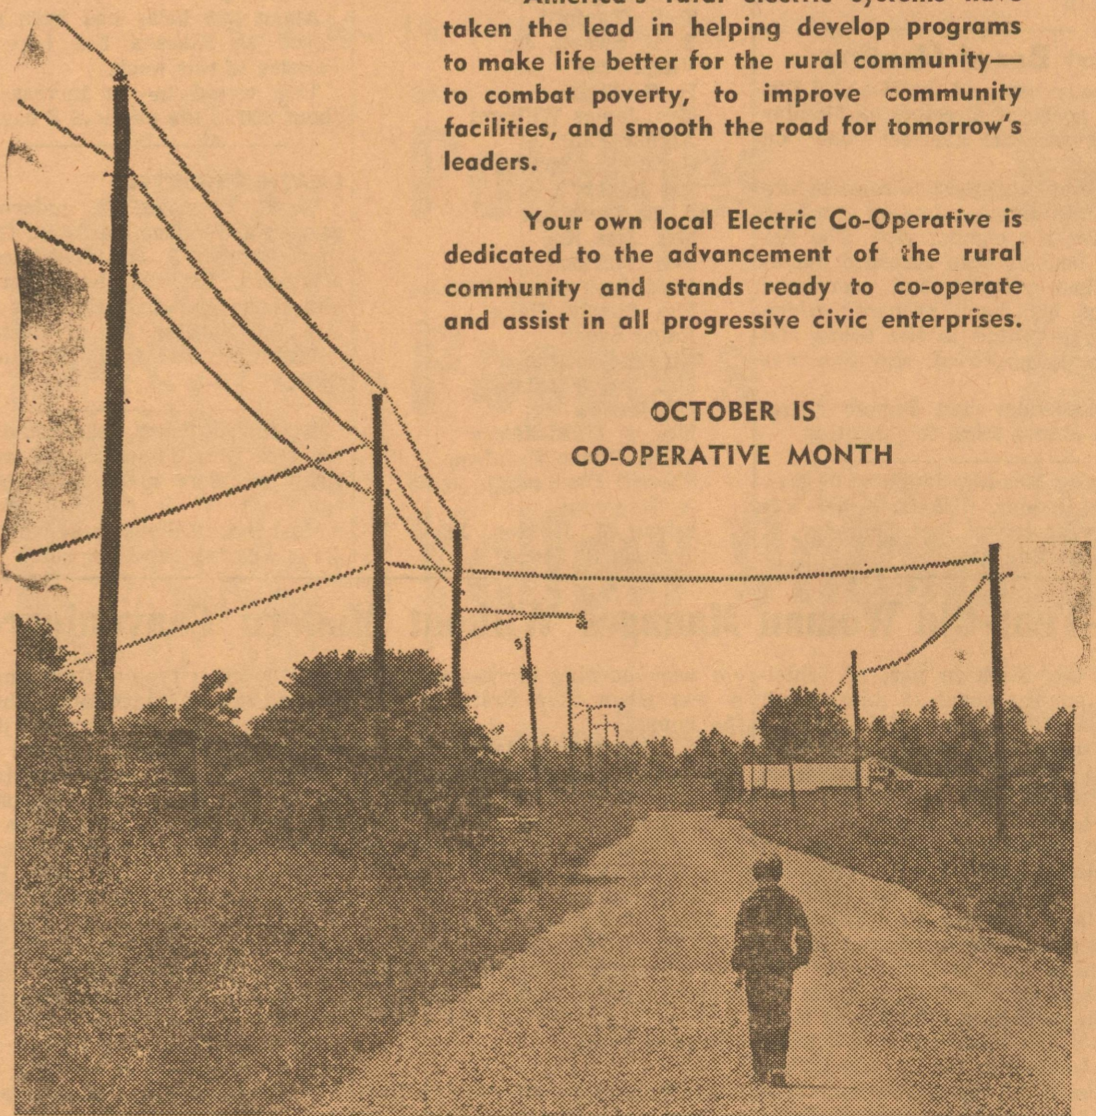

"It is hoped the DPS breathaly-

**BEER—toast to America's economy**

The brewing industry is a massive and dynamic part of the national economy. Each year it pours billions of dollars into commerce and government.

- \$1.4 billion in state and federal excise taxes.
- \$3 billion to employees, suppliers and distributors.
- \$875 million in agricultural products and packaging materials.

The brewing industry is a proud contributor to America's prosperity.

UNITED STATES BREWERS ASSOCIATION, INC.  
905 International Life Bldg., Austin, Texas 78701

**COUNTY AGENT'S COLUMN**

by *Tiny Godwin*

Schleicher County Agricultural Agent

Information supplied by some 35,000 Texas farmers and ranchers will become the basis for the official crop production estimates for each county and the state. A representative number of farmers and ranchers in Schleicher county will be among the 35,000 in Texas receiving the questionnaire from State Statistician Cary Palmer of the Texas Crop and Livestock Reporting Service in Austin. The questionnaires will be mailed during the last half of October.

Accurate estimates are of great importance to producers in planning their production and marketing, farm program participation and also for providing an unbiased picture of Texas agriculture.

The program of estimates for each county is provided by the Texas Legislature. Since Texas covers such a wide area and with great diversification of production, state totals alone do not provide adequate information on our most basic industry, Agriculture. This is a joint project between the Texas Department of Agriculture and the Statistical Reporting Service of the United States Department of Agriculture.

Because of the importance of the program, the county agent urg-

es every producer in the county who receives a questionnaire from the Crop and Livestock Reporting Service to fill it out completely for his farm or ranch and return it to the Austin office of the Reporting Service.

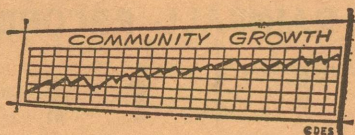

People don't fail in life because they planned to fail, they fail in life because they failed to plan.

Because of the many changes in recommendations dealing with the control of insects on ornamentals, entomologists of the Texas, Agricultural Extension Service have revised their popular leaflet on the subject.

Various species of insects attack ornamental plants and often the use of insecticides is the only means of control. But, in other cases, cultural practices such as proper pruning, fertilizing and watering play important roles in preventing or suppressing insect infestations.

L-199, "Texas Guide for Controlling Insects on Ornamental Plants" not only outlines control measures for the most common insect pests of ornamentals but gives many helpful hints on mixing and applying insecticides.

Special attention is given to insecticide formulations also to gall-forming pests and to tree borers and bark beetles.

Copies of the leaflet are available at County Agent's office and I will be happy to discuss with gardeners their insect and disease problems as they relate to ornamentals.

Remember that what you possess in the world will be found at the day of your death to belong to someone else; but what you are will be yours forever.

October is National Co-Op Month and leaders have selected as their theme, "Cooperatives; Community Builders." Johnny R. Feagan, Extension economist in farm organization at Texas A&M University, says a cooperative is of vital importance to Texas agriculture. More than 184,000 Texans are members of cooperatives and they live in both rural and urban areas. Nationally, more than a third of the nation's families are involved in some sort of cooperatives. Over 200,000 persons in New York City live in cooperative housing communities.

A fine example is our own local Southwest Texas Electric Co-Op. A copy of Power Requirements and efficiency studies of irrigation pumps and power units just completed in co-operation with the Agricultural Engineering Department, Texas Tech College, was mailed to all irrigationists served by the Co-Op. This is what agribusiness is all about: the bringing together of the best technology in business, research and capital to help producers in a "cost freeze" economy to increase income to stay in business and have a higher standard of living.

The seed of strife is in selfish seeking for glory.

Six screwworm cases were reported in the county last week. This makes a total of 7 cases in 1968 and the first since 1964.

Producers reporting screwworm cases were Bob Page, Bob Boyd, Laura T. Baker, J. T. Cawley, John Rae Powell, Kenneth Cheek and Page Bros. All cases have been co-ordinated with the Texas Animal Health and marked for flying.

Producers are asked to treat all surgical instruments and spray livestock often as is needed. In many cases a spray job is as effective as a million sterile flies. Vigilance!

Clean your fingers before you point at my spots.

**Band Conquers Hemis-Fair Saturday**

The going band from Eagleland outdid themselves Saturday evening in the amphitheatre at Hemis-Fair before a crowd of about 2,000 people, and received a spontaneous standing ovation, much to the surprise and delight of the local following. Hemis-Fair security police who watched the concert told band members that they had attracted the largest audience during Hemis-Fair's run, and the standing ovation was really unusual.

We definitely recommend gold medals for the three bus drivers for the outstanding job they did—their good nature and patience with the problems that started early Saturday morning. Scotty's bus refused to run—without gas—just a few miles out of Sonora, toward Junction. (We decided practical jokers who drain gas are not our favorite people!) Having a can of gas aboard was an advantage but no funnel to get it into the tank was a disadvantage until someone improvised with a shoe box lid. Scotty's bus was the last bus (in the dark rainy morning hours) and when Allen Dinsmore noticed the bus wasn't coming up behind, he turned back and those bus lights popping over the hill were a welcome sight. It is nice too, to have parents who follow the band in cars—the Meadors and Olsons were warmly received when they pulled up behind the bus. Rain all of the way to Boerne and the heavy fog into San Antonio, but when the Eagle band pulled in the sun came out to meet us!

Then in the terrific noon time crowd, cars crowded in between the buses and a few red lights separated the buses—the two lead buses disappeared out of sight and Scotty was left again—on his own. Some seven or nine blocks later, after turning and twisting, a Latin American policeman stopped the bus and Scotty told him he was trying to find the River Walk Lodge. The policeman, misunderstanding, said the river, we had already passed, and besides there was no way to park on it. After getting the point across that there were reservations for the band at a River Walk Lodge, the policeman said he had been there for 50 years, and had never heard of that hotel. At this point the group began to question what type of place they were to stay. After contacting police headquarters he did find the location and gave the group directions to the Lodge.

The Lodge—Wow. You can say that again. What a surprise, and

we were all so glad that the management explained to the group, before they were allowed to go up to their rooms (?) that it was a youth Hostel run as similar places in Europe, with the girls on one floor and the boys on another—that spelling is Hostel not Hostile, but some of us were not so sure—especially when we were given our elevator passes and linens and told to make our own bunk beds.

The central Comfort Station—one on each floor—was something else—fully equipped, it provided a nice gathering spot for all. The hostel was, we suppose, a popular spot for youth groups, since the lobby walls were covered with names of towns, people and schools that had been there. For the price, it really was a good deal, but you definitely will NOT find this spot listed in the Mobil Travel Guide.

Since it was the last week-end of the fair, bonus books were offered at half price, so everyone could take advantage of all of the attractions—the crowds were terrific, but so was the fun!

As always, we were most proud of the behavior and co-operation of the members of the band. We always receive compliments on their conduct and appearance wherever we go. They are a real musical Chamber of Commerce!

Many compliments were received too, on our sharp concert uniforms worn with the turtle-neck shirts, also the absence of any long hairs!

One impartial observer was heard to comment, "Any band that looks that good is bound to play great music, to suit any taste." And we agree with them completely!

The only three problems encountered on the whole trip by Mr. Mac were—

the Unsophisticated Banner Committee

the lack of suspenders

the eviction from his "bridal Suite" by his roommates—Sponsors.

**GIRL SCOUT TROOP 150**

First meeting of the year was held last Thursday. We welcomed three new girls today: Rosie Smith, Darla Sheppard, and Toya Dunham. We talked about what badges we would work on, and decided we would do the Cycle Badge, and the Pet Badge.

Our leader is Ruthy Dacy. Carolyn Bland and Charlene Warnock were busy with their badges this summer. Carolyn did the Pen Pal Badge and Charlene did her Collector Badge. Present were: Carolyn Bland, Cindy Jackson, Charlene Warnock, Toya Dunham, Rosie Smith, and Sandy Kreie, rep.

**In Those Days**  
Compiled From Success Files

**ONE YEAR AGO**  
Oct. 12, 1967—A Revival was coming up at First Baptist church with Rev. Carl Hereford of Lubbock as evangelist.  
George Humphrey purchased the Ben Patton estate irrigated farm, located on the San Saba river at Menard.

A fund drive, headed by Ronnie Mittel, was set for the Concho Valley Council, Boy Scouts of America.

**FIVE YEARS AGO**  
Oct. 10, 1963—Joe Gault's Ford dealership had the Punt, Pass & Kick contest set for Saturday. Junior High cheer leaders pictured were Shane Henderson, Connie Speck, Debra Murr, and Billie Gayl Blaylock.

Rev. and Mrs. Cogswell moved here from Colorado City and he was new minister of the First Christian Church.

Mrs. G. L. McLaughlin's funeral was held. She operated Java Junction Cafe here for a number of years.  
The gin reported passing of the 1,000-bale mark.  
Workmen were laying foundation for a new house in Finnigan addition for Jimmy Doyle.  
Construction was continuing on the new educational building for the Presbyterian church.

**12 YEARS AGO**  
Oct. 11, 1956—Mrs. A. E. Kent observed her 80th birthday. She was formerly County Treasurer for many years.  
Traxel Stevens, editor of The Texas Outlook, was to be speaker at a P-TA meeting here.

David Steen and Ernest K. Nimitz gave a Boy Scout National Jamboree report at a meeting of the Lions Club.  
Mrs. T. W. Johnson went to Amarillo where her granddaughter, Elaine Johnson, appeared in concert with a choir.

A Business Women's Circle was organized with Mrs. N. G. Hodges as chairman. Mrs. Buster Gunn was secretary-treasurer.  
"Pappy" O'Daniel was conducting a write-in campaign for Governor.  
Approval was given The Southwest Texas Electric Co-Op for a \$445,000 loan for expansion.

**35 YEARS AGO**  
Oct. 13, 1933—Thelma Batchelor advertised vocal classes each Tuesday and Thursday at the home of Mrs. D. E. DeLong.

The newly completed Boy Scout hall was dedicated. Those on the program included Houston Harte of San Angelo, and Scoutmaster Don McCormick and J. A. Whitten. Tenderfoot badges were awarded to Banning Wade, James Sample, Willie Bridges, George Williams Jr., James Tisdale and Jack Jones.  
Second Class badges were awarded to: Jim Tom Roach, T. C. Casey, A. J. Friess, M. C. Laird, Bob Bradley, Dan McWhorter, John McWhorter, J. T. Ballew, Jack Rape, Hugh Craig, Charles Ratliff and Patton Enochs.

Maxine Wilton rendered two musical selections at a meeting of the Lions Club.  
The Commissioners set Oct. 21st for a beer election in Precinct 4. Voting boxes were at Vermont and Alexander.

Funeral services for Mrs. T. H. Moore were held at the Methodist church. She was born in 1858 at Longpoint, in Washington county, Texas. Mrs. D. E. DeLong was a daughter, as was Mrs. Edith Meador.  
Santa Fe advertised Low Round-Trip Fares to the State Fair at Dallas. W. A. Mullett was local agent.  
E. H. Nixon and Juanita Daniels of San Angelo were married September 30th.  
Bill Sweat bought out his partner, Elton Ellis, to become sole owner of the new Gulf Service Station.  
The Ratliff Store was advertising Dresses 98c. Leaman's advertised Sweaters For Coming Fall Season.

**ELDORADO LODGE**

# Eagles To Wall

(Continued From Front Page)

tal skills as if they had never heard of them before. The Eagles will probably be missing the services of a lineman of great ability in the person of Roy Jones who hurt a knee. The front defenders will include Albert Torres, Mike Olson, Jim McGinness, Bob Sykes, Jim Robledo, Ross Whitten, Dobbie Lively, and John Danford.

Linebackers, corner men, halfbacks, and safety men will include Walter Speck, Jimbo Overstreet, James Larry Davis, Wayne Doyle, Keith Williams, Paul Page, Mickey Clark, Dwayne Dempsey, Archie Nixon, and Bob Page.

The Eagles are smarting over the embarrassment of being the pupils in the last homegame and are probably anxious for the Wall Hawks to experience this kind of football fun. This will be the first "A" game with Wall in many years if ever although the two schools have traded "B" and kids games in the past.

With the Hawks employing so many different offensive and defensive formations, fans can expect an exciting night filled with some old fashioned "razzle dazzle" as some of these ancient alignments were at times described. One thing for sure is that the edges of stadium seats will come in for plenty of use.

## Eagles Lose To Iraan

Although the Indian raid was expected in Eldorado last Friday night, still the Redskins were able to surprise the local settlers shortly after supper. Their attack was very determined and it took them only an hour or so to sack the settlement, scalp the Eagles, take the horses, and ride off under a harvest moon. The Iraan Braves wound up tighter than an eight-day clock and defeated the local lads 13-0 in a hard fought contest in which nothing could go right for the Eagles. Statistics show that the Eagles did indeed put up a stubborn resistance but it was one of those nights when all the breaks favor the opposition.

	Eldo	Iraan
First downs	9	8
Yards rushing	187	133
Yds. passing	2	7
Total yards	189	140
Passes att., com.	1 of 15	3 of 8
Passes int. by	1	4
Fumbles captured	1	3
Pen. & yds.	5 for 55	9 for 115
Punts, av.	5 for 24.4	8 for 31

The Braves shocked the Eagle linemen with their speedy blocks and hard charging defensive efforts. Their pass defense was very effective against the usually potent Eagle aerial attack. Not only did they closely cover would-be Eagle receivers but they rushed Eagle QB Archie Nixon so rapidly that he had little time to seek out his usual targets. The Iraan linemen forced Nixon to kick faster than he usually does. Normally, he can match punts with the best competition.

A strong east wind was a real factor in the game. The first Iraan touchdown came as a result of one of their punts which began on the 50-yard line and rolled to the five before a Brave covered the ball. Before the Eagles could get out of this hole, the Braves capitalized on a short punt and their best ground attack for Maxie Watts to carry over from two yards out. This occurred in the second quarter.

After the half, the Eagles came back very determinedly and put together several consecutive first downs but bogged down each time. They really threatened in the 3rd quarter, once reaching the Iraan three-yard line. But an offside penalty moved the ball out to the eight, and that was too much and they lost the opportunity.

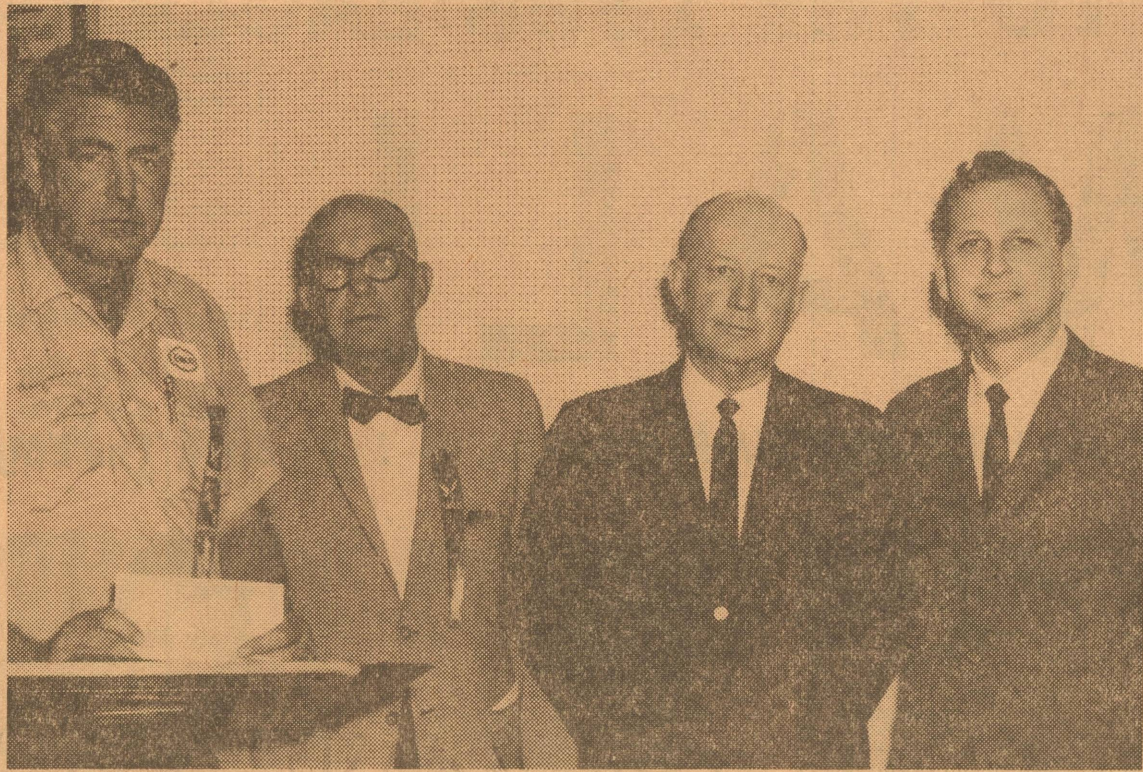

The Eagles were struggling furiously all the way and with only a minute to go, they attempted a long pass which Iraan's David Wilson intercepted. He cut to his left to pick up enough Brave support to run 30 yards into the Eagles' vital territory. The try for extra point failed but the second touchdown left the Braves out front 13-0.

Eagle backs ground out bruising yardage and actually outgained the Braves. James Larry Davis carried 20 times for 76 yards; Bob Page, 13 times for 36 yards; Keith Williams, 17 yards in 7 carries; Wayne Doyle, 46 yards in 7 carries; Archie Nixon, 7 yards in 5 carries; and Mickey Clark, 2 tough yards in one try.

Two Eagles tabbed tackles in the double digits: There were Walter Speck with 13 and Dwayne (Pinky) Dempsey with 10.

Coach Sherwood Barker summed up the game something like this: Even though Iraan had lost three previous games to tough opponents, this did not mean that they would lie down for a tromping. The Eagles were just not mentally prepared and could not come up with even 16 minutes of the kind of ball needed to beat Iraan. It is back to blocks and tackles

## "Speak Out" Promotion Was Sponsored Recently By Local C. Of C.

A TWO-DAY Community Clinic with theme of "Speak Out" was held last week under sponsorship of the Chamber of Commerce. Those shown above helped put the event over. Left to right are Raymon Mobley, C. of C. president; Ralph Duncan, of West Texas Chamber of Commerce office in Abilene; C. T. Humphries, Lions Club president; and Dr. J. B. Brame, C. of C. secretary. The twoday event drew good response.

## Little Eagles Lose To Sonora 14-8

Eldorado's Little Eagles lost another hard fought football game last Thursday night when they fell to Sonora 14-8 in Eagle Stadium.

Both teams had good sustained drives in the first half, only to lose the ball when they got within scoring range. In the closing seconds of the half, Sonora quarterback Mark Rousselot hit halfback Steven Street with a pass that covered 30 yards and a TD for Sonora. Rousselot ran a keeper on the PAT and the half ended with the Little Eagles trailing 8-0.

Eldorado controlled the ball almost the entire third quarter, allowing Sonora to run only eight plays. Neither team could score and the third quarter ended with the score still 8-0.

Early in the fourth quarter Mike Manning went off right tackle for a good gain that left the ball on the Sonora 2-yard line. From there Ken Peters circled right end for the TD. Manning went over his left tackle for the PAT, and the score was 8-8.

Later in the quarter Rousselot hit halfback Wesley Richardson on a 47-yard pass play that scored for Sonora. The Little Eagles held on the conversion try, leaving the score 14-8 in favor of Sonora.

In the closing minutes of the game, John Rosford intercepted a Sonora pass on the Eldorado 35-yard line. From there the Little Eagles started a drive that ended eight plays later on Sonora's 16-yard line when they recovered an Eldorado fumble. Sonora ran the clock out and won the game 14-8.

	Eldo.	Son.
First downs	14	10
Yds rushing	240	254
Yds passing	8	90
Passes	1 of 4	4 of 11
Passes intercepted by	2	0

Ken Peters was the leading ground gainer for Eldorado, gaining 114 yards in 22 carries. Mike Manning gained 104 yards in 21 carries.

The Little Eagles do not have a game this week. They will travel to Mason for a game there next Thursday night at 6:00

Former Eldoradoans, Mr. and Mrs. A. M. Whitis, greeted a number of local people at the Eagle Band performance Saturday at HemisFair.

## PAR-TEE

The welcome mat is out this week to the Sam Dannheim family and the R. V. Sheppards. We are happy to have these two families as new members of our Golf Club.

Congratulations are in order for my friend and "golfing buddy" from Sonora, Wanda Cahill, for making her first hole in one last week. Wanda and Carl were playing at San Angelo Country Club when she accomplished this feat with a 5 Wood on No 10.

At a called meeting of the Board of Directors Monday night it was decided to purchase equipment for Duplicate Bridge. Mr. Gerald Childers is the General Chairman of the Duplicate Bridge and I am sure he will have a good and well organized program for you in the future. The next session is set for October 19th. We are hoping to have this session in the Golf Club House.

Co-Chairman, Eddie Mae Kinser, is considering the direction of an afternoon Duplicate Bridge session. I do not believe definite plans have been completed at this date. If you are interested in playing in the afternoon, call Eddie Mae.

There was a good audience for the performance of the "Swinging Band from Eagleland" at the HemisFair Saturday night. There were a goodly number from Eldorado as well as friends from the San Antonio area that made an appearance. Among those that "sat with Eldorado folks" were Pam and Lewin Plunkett; A. M. and Helen Whitis; Joe and Lois Moore; James and Doris McDonald. All were very complimentary of the Eagle Band's performance and indeed they did Eldorado credit. We are all very proud of our Eagle Band and their director "Mr Mac" and deem it an honor to have them represent us.

Doris and James McDonald have not been to Eldorado since moving from here in 1960, so it was nice to visit with them and learn that they are well, happy, "love San Antonio" — grandparents — subscribers to The Success — contributors to Band uniforms drive—and think the Eagle Band is great.

Happiness is a smiling taxpayer.

## Firemens Convention Set At Brownwood

Around 500 firemen and their families are expected to attend the Hill Country Fireman's Association Convention to be held in Brownwood Oct. 12. Site for the meetings will be the Brownwood Coliseum and the Adams Street Community Center.

The meetings will begin with registration at 8:00 a.m. Oct. 12. Twenty cities make up the Hill Country district including Brownwood, Ballinger, Bangs, Big Lake, Brady, Bronte, Coleman, Del Rio, Early, Eden, Sterling City, Sonora, Santa Anna, Rowena, Ozona, Miles, Menard, Eldorado, Junction, and Mason. Cash prizes will be awarded for the pumper races which will start at 4:00 p.m. Saturday at the Adams Street Community Center. A supper and dance will follow.

The Eldorado Ladies' and Men's Pumper teams have been practicing the past week getting ready for the races. The men will be defending the Men's Six Man Pumper Traveling Trophy Those planning to attend the convention from here are as follows: Mr. and Mrs. Lum Davis, Mr. and Mrs. Ben Fatheree, Mr. and Mrs. Bill Hubble and Billy, Mr. and Mrs. E. D. Clark and family, Mr. and Mrs. Bill Collins and family, Mr. and Mrs. J. D. Redwine and family, Mr. and Mrs. Jimmie Harris and family, Mr. and Mrs. Bud Haynes and family, and Mr. and Mrs. Palmer West. Wayne Harris, mascot of the Eldorado Fire Dept. and Cleve Clark, Sweetheart of the Hill Country Assn., are to also attend the convention.

We are also proud to be in this district because in the past month or so when there were so many big grass fires, we not only had the Eldorado Fire Dept. and townspeople helping, but we also had the departments from Menard, Sonora, and Ozona coming to our aid. The Eldorado Fire Dept. also aided the Sonora Dept. when they had a large range fire, which burned several hundred acres in Sutton county. —Rep. Bell Harris.

Attending Angelo State College are Stella and Shirley Hubble. Their address is Box 8950, ASC Station, San Angelo.

Mr. and Mrs. R. E. Masloff of San Antonio visited here over the week end with the Alan Masloff family, including new baby Angela,

## F. D. Auxiliary Is Planning Projects

The Ladies Fireman's Auxiliary met Oct. 7 in the home of Mrs. Ben Fatheree. Future projects of the club include making Halloween tray favors for the Golden Years Nursing Home in Christoval, making surprise boxes filled with sweets and goodies for the elderly people in our new housing addition, and sending Thanksgiving and Christmas cards to the boys from this area who are in service.

Committees appointed were: Mrs. Blanche West and Charlene Edmiston, card committee; and Bell Harris and Dorothy Clark, address committee. The public is asked to submit names of any service man from this area, whether he be in Vietnam, in the states, or elsewhere, to Mrs. Jimmie Harris or Mrs. Earl Dean Clark.

Since the last meeting, various auxiliary members have attended several conventions. They included the Texas State Convention held in Austin, and the Wintergarden Convention held in Rocksprings. The Auxiliary have also served sandwiches, cokes, and cookies to firemen during recent county fires. The members plan to attend the Hill Country convention to be held in Brownwood Oct. 12.

There were 12 members present at the meeting. New members welcomed were: Mrs. Bill Collins, Mrs. J. D. Redwine, and Mrs. Dean Day. Door prize was brought by Dorothy Clark and was won by Mrs. Bill Hubble. The meeting was then adjourned. —Rep Bell Harris.

## First Baptist Church

The First Baptist Church closed out another church year and started a new church year with complete slate of teachers and officers for "1969."

The Deacons met Sunday night and plans are being made for the ordination service of three new deacons, namely Mr. Guy Whitaker, Gerald Childers and Ronnie Mittel. The date and time will be announced later.

Our WMU started off with a large number of changes, emphasizing Mission Action. Our new W.M.S. president is Mrs. T. P. Robinson Jr.

The young people of the Methodist, Presbyterian and Baptist churches meet each Sunday at 6:00 p.m. during the months of October and November at the First Baptist church. All high school students are invited to attend.

The Y.W.A.'s met Thursday, October 3rd, and elected officers for the new year. Pres., Carolyn O'Harrow; study chairman, Kathy Robinson; activities chairman, Kathleen O'Harrow; sec-treas., Lisa Whitten.

Two new members were welcomed last week, namely Gail Robinson and Sue Ann Morris. Next meeting will be Oct. 9th at 5:30 p.m., with Mrs. Bob Sykes to plan out the year's activities.

Intermediate G.A.'s meet each Wednesday at 7:00 p.m. with leader Mrs. Dan Griffin.

Mr. Carroll Ratliff and members of his Sunday School class, entertained their wives with a supper Tuesday night, Oct. 1st. The supper was very delicious. Thank you, men, for entertaining us so royally.

We have a new member of our Nursery enrollment. He is Ronald Clark Griffin, infant son of Mr. and Mrs. Ronnie Griffin. We are especially happy to welcome this new member. —Rep.

Mr. and Mrs. Bill Gunstead and Gwendolyn and Billy Charles spent the week end at Lake Buchanan and on Saturday went to HemisFair in San Antonio and attended the Eldorado Eagle Band performance.

## Pope Re-Elected To SCS Supervisor Board

Walter Pope has been elected to serve as supervisor for Zone Five of the Eldorado-Divide Soil and Water Conservation District.

Pope was re-elected as he has been serving out the unexpired term of the late J. Forrest Runge.

The Eldorado-Divide District covers all of Schleicher and part of Tom Green county. George Humphrey is supervisor of Zone Four; Otis Deal is supervisor of Zone Three; Milton Rathbone is supervisor of Zone Two; and Voy Lee Butts is supervisor of Zone One.

Some 20 interested people attended the barbecue, election, slide talk, and tour of the ranch. Following the tour the supervisors held their regular monthly supervisor meeting.

On the tour of the ranch the group observed pastures that had had brush controlled, and were reseeded, and deferred. These practices along with the other management type practices has allowed the range to improve to the point that they are in a high productive condition. Such grasses as side-oats grama, vine mesquite, Texas cupgrass, and bluestem were seeding out in abundance.

At the supervisors meeting following the tour, Voy Lee Butts was elected chairman, George Humphrey, vice chairman; and Walter Pope, secretary, of the Board of Supervisors for the coming year which extends to Oct. 1, 1969.

## Democrats To Meet Tuesday To Make Plans

Dick Preston, County Democratic Chairman, announces that a meeting of all local Democrats interested in the upcoming election will be held this coming Tuesday, Oct. 15th, at 7:30 p.m. in the Memorial Building.

All Democrats are invited to attend, Mr. Preston stated. At this meeting, plans will be made for the local campaign for the Humphrey-Muskie ticket. Chairmen and committees will be assigned for the campaign which culminates in the General Election on Nov. 5th.

## Report Meeting Set For Friday On Scout Drive

Bill Rountree, Campaign Chairman for the local drive now on for the Concho Valley Council of the Boy Scouts of America, announces that a report meeting of workers will be held Friday morning at 10:00 at the Java Junction Cafe.

The team captains and their workers have been calling on local people this past week lining up pledge contributions, both on sustaining and one-time basis.

Maureen McCravey of Texas Tech spent the week end at home with her parents, Mr. and Mrs. Billy McCravey, and was accompanied by her roommate, Patty Woodul of El Paso.

Bobo Gunn, who is in military service in Okinawa, was home for a surprise visit last week. He visited his children in San Antonio and his parents in Eldorado and returned to duty back at Okinawa.

The Woman's Club is holding their Bake Sale starting at 9:30 this (Thurs.) morning at the old Enco station building across from the Eldo hotel.

Mr. and Mrs. R. D. Johnson, Jr., newlyweds, have moved to a Riley house.

Mrs. Robert Frost has moved to the Rozean house in Sunset Acres which she bought recently.

QUICK SERVICE on orders for rubber stamps. Dating stamps and stamp pads in stock. The Success.

FIRST YEAR EAGLES: Left to right on the front row are: Willie Manning, Gary Cave, Randy Collins, and Archie Nixon. On back row are Gary Danford, William Tampke, Robert Hibbitts, Billy Hubble, and Ricky Griffin.

### Jerry Carlman, Wife, Busy In Peace Corps

(Jerry Carlman, son of Mr. and Mrs. E. L. Carlman of this place, and his wife have been serving in the Peace Corps in North Africa for several months. The following report describes their experiences.)

Jerry and Susan are living in Kpain, Liberia, West Africa, after three months of language training at the University of Miami, Fla., last November until February, at which time they traveled to New Hampshire, Massachusetts, and New York. They left New York on a Peace Corps charter to Amsterdam and went on to Monrovia, Liberia, West Africa. They arrived at Robertsfield airport, south of Monrovia, the capital of Liberia in West Africa, and went to Kakata for five days of Rural Teachers Training instructions, and then to Monrovia for three days of shopping for supplies. They traveled to Sanequelle, county seat of Nimba county, home of the Mono people, by Volkswagen bus on dirt roads and mountains. They attended a two-day conference there at Sanequelle and then went on to Kpain, Liberia is their assignment

Liberia is located on the west coast of Africa with a coastline of 350 miles, and the climate is tropical and humid, with little change in temperature throughout the year. Average temperature is about 82, the maximum probably never exceeding 100. Yearly rainfall is from 70 inches—inland, to 200 inches on the coast. There are distinct wet and dry seasons, most of the rainfall occurring between April and November. There are 235 species of trees, 26 varieties which are marketable including mahogany and ironwood. The cotton trees, the oil palm, and the kola tree are common. There is a wild rubber tree and the cultivated Hevia is the source of Liberia's commercial rubber. There is also coffee; and fruit trees include citrus varieties, the alligator apple, and the avocado. Pineapples grow wild. Among the cultivated plants are cassava, cotton, cacao, indigo and upland rice

There are more than 20 different tribes of people in Liberia, each with its own language. They are believed to have migrated many centuries ago from the north and east, bringing with them remnants of the ancient cultures of Egypt and Arabia, such as the spinning and weaving of cotton and the smelting of iron. Linguistically, the tribes may be divided into 4 main groups: the Via people in the southwest, the Kru tribes in the coastal areas, the Galas in the west-central area, and the Kpelle in the center and northwest. Jerry and Susan live in the Kpelle area.

English is the official language of the country, but only 20% of the people can speak it. The tribal people use their own dialects, of which there are about 28. The early settlers brought with them the culture and religion of the U. S. Deep South of the slavery era. Their descendants are adherents of the principal Protestant denominations and, to a lesser extent, the Roman Catholic Church. Among the tribal people, Christian missionaries have had some converts with the younger generation.

Under the Education Act of 1900 education became the responsibility of the Government and provision for compulsory and free education for all children within the Republic between the ages of 6 and 16 years was made under the Compulsory Education Act of 1912. Between 1944 and 1964 annual expenditure on education rose enabling an increase in schools and teaching staffs, and a 450% increase in the number of enrollments. Until 1959 the education system followed that of the U. S., under which pupils have 8 years elementary education, usually followed by 4 years secondary education. This has been modified to a 6-3-3 system. The kindergarten classes for children 4 to 6 are also quite popular. At the secondary level, provision is made for courses in General education leading to college, Technical and Vocational education and Teacher training. High education is provided at the University of Liberia at Monrovia, the Cuttington College at Suakoko and the College of Our Lady of Fatima at Harper

Susan teaches 2nd grade and has approximately 66 pupils, half of them in the mornings and half in the afternoons. Jerry teaches 6th grade, equivalent to our 8th, and has approximately 30 students which he teaches all subjects in English as we have here in the U.S. They have quite a few drop outs around the 4th grade, mostly because some of the students need to work in the fields as they all grow their own food. Later some of them come back to school and they may be 18 to 20 years of age in the 6th grade—one man being 35 years.

Their students are very appreciative and hold respect for their teachers and want to learn in order to better themselves. The other teachers are natives there. In the first few days after their arrival in Kpain they had nearly 200 visitors. It is considered an honor

for the people to come to call—and they took many gifts, such as fruits of all kinds, palm nut candy, country chop (rice and fish with spices), vegetables, one live chicken, an African musical instrument, and coconuts. Two old people who could not speak a word of English brought the live chicken and it was one of seven they owned, so the chicken was tied in the back yard, in hopes it would stay there. They have two house boys, one takes care of the yard, and the other does their cooking and laundry.

Their house is the only one in Kpain that has concrete floors, plaster walls, zinc roof, kerosene range, kerosene refrigerator, and kerosene lanterns, plus a Polish iron that opens up for hot coals to be placed in it for ironing by the house boy.

They say if they were living this way in America they would be poverty-stricken and perhaps rioting in the streets—but over there they are considered second only to Chiefs (their governing officials), city officials, and school principals. They consider the people there basically wonderful. They are very helpful in many ways and very kind to them. One young fellow came in and cut all the weeds around their back yard with a machetti, taking him two hours, and when Jerry offered to pay him, the boy smiled and refused money, saying that he just wanted to do it. A nickel to 20 cents is considered a fair price for many chores as the people have very little. The Peace Corps training teaches them not to give money or loan it as the people will lose respect for them unless they are actually buying something from them. They clothe their house boys and buy their school books for them as their pay.

The stores in Kpain are operated by Lebanese people—so there are approximately 6 or 8 Lebanese there in town as there are several stores.

They have a 5-minute walk to the store and a 15-minute walk to school. They say they frequently suffer from cultural shock, but that the people there make them forget modern conveniences. Also, they get to take off on excursions across the country to another town to visit other PC volunteers for several days. They go by hailing a taxi, which is any type of transportation, and ride by this vehicle to the town they plan to visit. Recently they found a very nice town that had been built for an American iron ore company, and they enjoyed it very much, as it was like a great modern oasis in the middle of a vast mountainous jungle.

In their house they also have one room as the school library which had around 500 books in it and they have added to it through CARE and other agencies and now have close to 1000 books. The students go to their house almost every evening for help with their studies.

Their sports over there consist mostly of soccer games, but Jerry has taught his boys to play basketball and they have gone over to other villages to play games. Some of the boys had never played basketball before, and none of them had played inside a gymnasium with electric lights and cheering girls until recently. They all have to work at Bingo games, and several other games to finance their trips to these other towns to play their games as their schools do not have finances for that. All in all, they are happy with their work.

#### CYSTIC FIBROSIS DRIVE SET

There will be a local drive put on for cystic fibrosis on Friday, Oct. 18th.

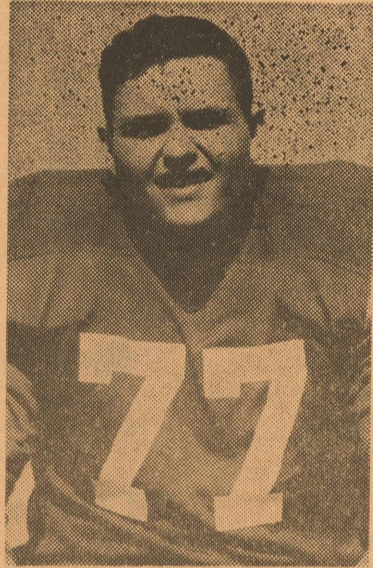

Mrs. Pat White is chairman and she will have about six helpers to assist her. They plan to put on a door to door solicitation that day.
