

## Test Vote Favorable To Oil Control Measure Seats Won By Democrats In House Reach 309

### Seats Won By Party Almost Double G.O.P.

### Farmer-Labor Representatives Win Two New Places

By The Associated Press  
Associated Press returns from congressional districts Thursday showed Democrats had elected 309 members of the lower house of congress. Republicans had 140 members. One Third Farmer-Labor member had been elected. Outcome of races for 13 seats was remained in doubt.

In the present house Democrats have 218, Republicans 209, Farmer-Labor 1.

### Professor Of C.I.A. Will Be Speaker Here

### Howard County Teachers Institute Set For November 18

Dr. Job Gray, head of the education department of Texas College For Women (C.T.W.), will be the principal speaker at the Howard county teachers institute to be held here Nov. 18.

Although it is not yet certain, it is probable that Dr. J. A. Hill, president of West Texas State Teachers College and head of the Texas State Teachers Association, will also speak at the institute.

Opening with an invocation, Mrs. Fred Brownrig will discuss uses of the achievement test. She will devote most of her time to the type of achievement test to be used in the county seventh grades this year. Mrs. Brownrig is head of the Moore school.

Organization of the Howard county teachers association will follow with Ben U. Comalander, Comahoma principal, presiding. Comalander is past president. Organization of the Howard county teachers association will also be in order, according to Mrs. Brigham.

The afternoon session will get under way with an address by Dr. Gray in which he will discuss at length the method of standardizing the seventh grade. He is to compare it upon advantages and disadvantages of the method followed in Howard county. Dr. Gray will also stress the necessity of teachers supporting the Texas State Teachers association and the value of the organization to individual teachers.

Dr. Hill arrives here he will also address the afternoon session.

An evening session is contemplated and if present plans go right the affair will open with a dinner at 7:30 p. m. and be featured by after dinner speeches by Drs. Gray and Hill.

Everybody is invited to attend the afternoon session, said Mrs. Brigham, and we especially invite the trustees to take part in it. If they attend it will take the place of a meeting to be held later in the year, so we urgently wish them to attend.

County teachers are required to attend the institute, and a number of teachers from city schools will take part in the meeting.

### Six Card Players Hurt When Bomb Is Sent Down Chimney

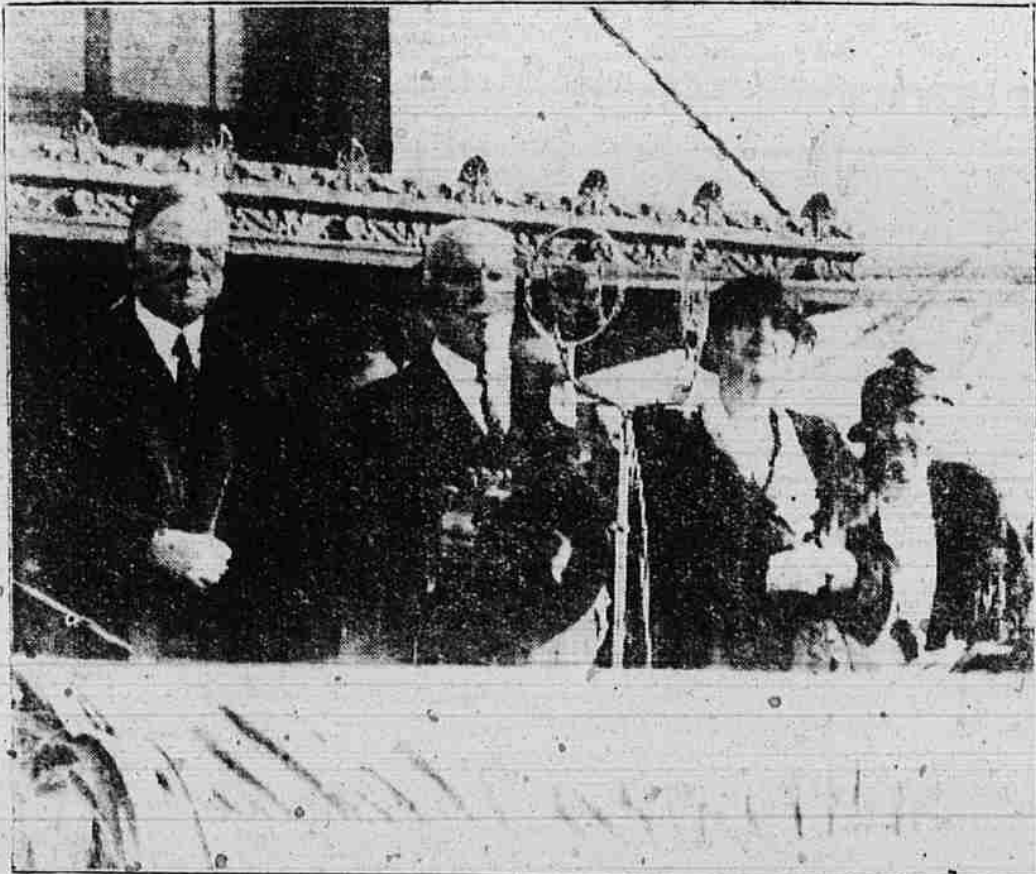

NEW YORK (AP)—Police Thursday were hunting the person who dropped a bomb down a chimney on the Lower East side.

Six men who were playing cards were hurt as the floor was blown from beneath them. A woman next door suffered a broken leg when the blast damaged her home. Motive for the deed is unknown.

Gov. Franklin D. Roosevelt, Democratic nominee for the presidency, is shown in this Associated Press telephoto casting his ballot by means of a voting machine at Hyde Park, N. Y. Mrs. Roosevelt is at the left and their son, Elliot, at the right.

### HOOVER GREETED IN CALIFORNIA

When President Herbert Hoover reached Sacramento, capital city of California, on his way to Palo Alto to cast his vote, he was introduced to the crowd which had gathered by Gov. James Rolph, Jr. The president, Governor Rolph, Mrs. Hoover and Mrs. Rolph are shown, left to right, in this Associated Press telephoto.

## Midland And Big Spring Resume Rivalry On Grid

### Both Elevens Out Of Chase For '32 Title

### Bulldogs Come With Hundreds Of Backers To Make Fight Of It

Two storm-beaten, persevering teams of District 3, who have been eliminated from the championship running and whose only ambitions are to win one or more grudge games before calling it the end of a far from perfect season, come together in Steer Stadium tomorrow afternoon in a contest that may draw little or no publicity as far as the interscholastic league here is concerned, but which is certain to give the fans of one city some consolation for the 1932 grid campaign.

Defending their home field, with their splendid tradition shattered lately in their first conference game the year, the Big Spring high Steers reigned as heavy favorites over L. K. Barry's Bulldogs, but were prepared to make a battle of it. Injuries still hampered the Bulldogs as Ohio Britton sent his pro-

## Position Of Many Oil Companies Strengthened In Third Quarter Of Year In Face Of Conditions

### 3 From Here To Confer On Rail Rates

### Local Committee Seeks To Enlist W. T. C. Of C. In Cotton Fight

TULSA (AP)—In the face of unsettled conditions in the oil industry, many of the major and independent companies kept out profits again in the third quarter of the year, some of them strengthening their position sufficiently to tack extra dividends to their regular payments to stockholders.

A survey of published reports shows profits were made from coast to coast. Many companies still have not reported for the period, but operating statements show that operating conditions and marketing generally had favorable results on balance, despite disturbances over prices and questions concerning regulations of production.

Sun Dies Dies Dividend

The Sun Oil Company, first to report its earnings in the oil industry, declared its regular dividend and a small extra one payable December 15.

Standard Oil Company of New Jersey declared a 5-cent regular dividend and an extra dividend of 1 cent, both payable December 15.

Application has been made by three railroads to a federal rate commission to raise the rate on compressed and uncompress oil to the port. Because interior interests feel that granting of such

## Red Cross Roll Call To Be Opened Friday

### Organization Has Provided Much Aid Here

### \$5,200 In Supplies Furnished County, Only \$250 Sent To U. S. Office

Annual Roll Call of the American Red Cross opening Friday and continuing through Thanksgiving Day, will be launched in Howard county by the local chapter with unusually bright prospects of over-subscribing the quota.

During the past twelve months Howard county has received goods and provisions from the Red Cross worth a total of \$5,202.55 at present prices.

Compared with this large sum which went directly to relief of the needy in this county only \$250 was sent from this county to National headquarters of the American Red Cross.

With such an outstanding record for service in a time when such service was so greatly needed officials of the Howard County chapter, of which Dr. W. B. Hardy is chairman, were confident of complete success with the Roll Call.

Cash value of funds sent here in the past few months by the Red Cross is \$2,000.

Among other supplies sent without cost by the Red Cross were the following: 1,000 yards of print cloth; 550 yards of muslin; 40 yards of flannel; 1,000 yards of gingham; 600 yards of shirting; 120 dozen pairs of hose; 20 dozen overalls; 20 dozen trousers; 3 dozen jumpers.

Publicity material for the Roll Call was placed in business houses Thursday by members of the Boy Scout troop No. 1 under direction of Scoutmaster V. O. Hennen.

Solicitation of membership will begin Friday morning, according to final plans worked at a meeting. Booths will be maintained in each of the principal hotels, and on Main street by official Red Cross workers. Every adult in Howard county is requested and urged by chapter officials to join for the year.

By telephoning Miss Nell Hatch at 111 or Miss Jena Jordan at 486 anyone so desiring may have a worker sent to take his membership.

Miss Hatch, local Roll Call chairman, opened the 1932 Roll Call. She was the first to take a new membership. A. W. Thompson of Coahoma, sub-chairman, was the second new member.

Officers are to be maintained in the Settles hotel building in the space immediately east of the Third street entrance to the main lobby.

## Texas Vote For Democratic State And National Tickets Grows With Tabulation Of Additional Returns

### Organization Has Provided Much Aid Here

DALE (AP)—The Democratic national and state tickets continued to roll up a tremendous lead as complete returns from additional counties reported to the Texas Election Bureau Thursday.

Returns from 187 counties, 26 complete, gave Roosevelt 436,751; Hoover 59,121.

Mrs. Ferguson had listed 628,092 votes to 197,671 for H. H. Work, the Republican nominee. Armstrong had 550 votes.

## I.O.O.F. Holds Initiation For Six Men Here

### Delegations From Other Lodges Take Part In Ceremonies

Class initiation of Mullen Lodge, No. 372, I.O.O.F., held Monday evening here was one of the most pleasant events that local and visiting Odd Fellows have witnessed in many months.

Invitations were extended to Stanton, Knott, Coahoma and Sweetwater lodges and delegates were present from those places.

J. E. Crenshaw, N. G., presided at the meeting, which was opened at 7:30 p. m.

Officers and brothers of the Sweetwater lodge took the chairs and proceeded with conferring of degrees. Names of six men, J. A. Henderson, D. T. Groom, I. A. Hambrick, Floyd Timmons, L. T. Leslie and W. O. McClendon were presented to the lodge as candidates qualified to receive the initiatory degree. The ceremonies exemplified in the lessons of this degree were unusually impressive.

Following refreshments short talks were made on the features of the order: Friendship, Love and Truth. Among visiting Odd Fellows was Charles E. Coons of Pacific Lodge No. 145, Longview. He now resides here.

## SOUTHLAND OFFICIAL HERE

Clarence E. Lutz, vice-president of the Southland Life Insurance Co., stopped here Thursday enroute to El Paso, where he was District Agent J. V. Whaley, who flew from Big Spring to El Paso several days ago for a business trip in that part of the district.

## Manv Lives. Does Millions Damage

### HAVANA (AP)—A tropical hurricane which scoured three eastern provinces of Cuba passed on Thursday, leaving behind hundreds of casualties and much property damage.

The storm area was so effectively isolated it was impossible to say how great its toll have been. Reports trickling in gave ten dead in Camajuani, in the Santa Clara province.

Neuvita, Camaguany, reported wind velocity of 130 miles per hour before wires failed. Weather officials said indications were damage through part of the three provinces had been tremendous. It was reported the storm lasted seven hours.

KINGSTON, Jamaica (AP)—Damage estimated at \$3,000,000 was done by a tropical hurricane striking here Wednesday and lasting into last night.

Fifty per cent of the island's banana cultivation was destroyed. The disturbance cut northwardward across the western half of the island. The sea rose to great height in Montego bay, destroying a railway line, and damaging the United Fruit company piers. And early check revealed no casualties.

HAVANA (AP)—The correspondent for the newspaper Information a Latin Botic telephoned Thursday that 300 persons were killed at Camaguany City in Wednesday's hurricane. This could not be confirmed because wires to Camaguany were down.

## Woodring Loses To Republican; Brinkley Third

### TOPEKA, Kan. (AP)—Alfred M. Landon (R) jumped into a lead of 11,905 votes over Governor Harry H. Woodring (D) in the Kansas governor's race.

Kansas: 2049 precincts out of 2676 for governor: Landon (R) 71,806; Woodring (D) 199,401; Brinkley (D) 152,437.

## Roosevelt At Work With State Affairs

ALBANY (AP)—Hastily glancing through piles of congressional programs Governor Roosevelt took up Thursday tasks as chief executive of the state of New York, and with a budget officers wait to work on immediate problems of state financing.

The governor received notification at Albany late last night.

## Amendment Is Tabled By House 73-47

### Proposal Would Have Stricken 'Market Demand' Clause

AUSTIN (AP)—In what many regarded as a test vote the house Thursday tabled an amendment to the proposed oil conservation bill that would have stricken out the provision giving the railroad commission authority to restrict production to market demand.

The vote was 73 to 47. It showed advocates of the bill were short of the required 200 house votes to make it effective.

Should it be passed, opponents believed, sponsors were maintaining the belief it would receive sufficient support or final passage.

Rep. Pope of Corpus Christi offered the amendment.

## Tree And Shrub Orders Must Be Filed Saturday

### Citizens wishing to purchase Arizona cypress and Chinese elms to be delivered here by December 15 must have their orders in the Chamber of Commerce office by Saturday.

Elms may be bought for fifty cents and the cypress for fifty-five to sixty-five cents. The former is especially adapted to this section as a shade tree. The cypress is a beautifully shaped evergreen.

## Schools Of City Observe Holiday

### All Big Spring schools will be closed all day Friday for the Armistice Day holiday, Superintendent W. C. Blankenship announced.

School children will participate in the Armistice Day parade to be started at 10 a. m. from the west side of the court house block. All teachers are expected to be at that place to direct the children in the parade, which will march to the high school campus for the American Legion-V.F.W. patriotic program, to be featured by formal presentation to the school of a large flag pole recently erected.

## Moore School To Be Scene Of Pie Supper

### People of Big Spring are invited to attend a pie supper to be held at the Moore school north of town Friday evening.

"Come, bring your pies and enjoy the fun," said an announcement issued through The Herald.

## LIONS NOT TO MEET

### Lions will not convene in their regular weekly meeting Friday because of numerous Armistice Day celebrations. It was announced by officers Thursday.

Nov. 18 the club will resume its regular sessions.

## The Weather

### Big Spring and vicinity—Partly cloudy with freezing tonight, Friday probably fair.

### West Texas—Partly cloudy and colder with freezing in the north porting tonight, Friday probably fair and colder in the south portion.

### East Texas—Partly cloudy with freezing temperatures in the northwest and central portions tonight, Friday cloudy and colder in the east and south portion.

### Howard County Benefits Directly From Relief Program Of Red Cross

Benefit to Howard county of the American Red Cross emergency relief activities in the past year has been very materially aided in solving local charity and welfare problems.

Flour and cloth valued at more than \$2,500 has been sent here for distribution among the needy of Howard county. Dr. W. B. Hardy, chairman of the Howard county chapter of the Red Cross, pointed out last night in an appeal to the public to support the chapter in its efforts to enroll the county's quota during the annual Red Cross Roll Call which will begin Armistice Day and end Thanksgiving Day.

The Red Cross is a voluntary international organization founded primarily for care of the sick, wounded and prisoners in time of war. The war work of the national Red Cross is coordinated by the International Committee of the Red Cross, which was founded February 9, 1863, in Geneva and has its permanent headquarters in that city. The International Red Cross might be said to have founded August 2, 1864, when 12 nations signed the Treaty of Geneva, although treaty ratifications were not exchanged until June 22, 1865.

Activities of the Red Cross today extend far beyond operations in time of war, their scope embracing the relief of human suffering in all its various forms and wherever it may be encountered. Activities of the Red Cross societies of the wider responsibility dates from 1919 when, on the initiative of Henry B. Dawson, chairman of the War Council of the American Red Cross, the Red Cross societies of France, Great Britain, Italy, Japan and the United States founded the League of Red Cross societies with permanent headquarters in Paris. Today 50 independent national societies are members of the league, while Red Cross organizations exist in 61 different countries. Membership in the league is wholly voluntary. The league is wholly non-political, racial or religious taints. Its purpose is the development of the Red Cross movement as an asset to humanity, the intensification of Red Cross activity and the provision of facilities for increased cooperation of Red Cross societies with each other and with other organizations pursuing similar aims.

Red Cross part time activity has been of immeasurable value in the organization of disaster relief, the development of health service, the extension of nursing activities, and the organization of active Junior Red Cross sections.

### Coast Guard Boat Sinks Off Louisiana

### Roll Call Of Red Cross To Start Nov. 11

### Objectives Of Chapter And National Organization Outlined

The annual Roll Call of the American Red Cross, announced for Nov. 11 to 24, will find more than 3,000 chapters seeking memberships for support of regular and emergency activities through 1933.

Dr. W. B. Hardy, chairman of the Howard county chapter, has summed up the national organization's relief activities during the past year as follows:

"To prevent suffering in this widespread period of unemployment and general economic depression, the Red Cross has made widespread distribution of wheat, flour, clothing, medicine and other supplies. More than 2,300 chapters have participated in community unemployment relief programs.

"Approximately 25,000,000 persons residing in every state in the United States are in need of clothing. The Red Cross, while clothing needs of tens of thousands of distressed families have been supplemented by the organization's present cloth and clothing distribution program.

"After 51 years as the official national relief agency, the American Red Cross finds itself in 1932 carrying the largest peace-time load in history," the chairman said.

Ninety-five disasters, in addition to unemployment, commanded the relief facilities of the organization during the last fiscal year, according to Dr. Hardy. That disaster played no favorites is revealed in a Red Cross report which shows 62 disasters visited the continental United States and 28 struck insular possessions during the last fiscal year.

Altogether, the agency extended assistance to 486,000 victims of disaster during the 12-month period. That figure does not include the millions reduced to despondency as a result of economic conditions.

"Since 1881, the date of its foundation, the Louisiana coast Thursday night and sank, according to advices received by Coast Guard Superintendent Lippincott here.

One man got ashore, but fate of others aboard is unknown. Later information from Lake Charles, La., stated that a crew of three was saved after more than five hours in the water.

### Roosevelt Is Quoted By Bullington

### Appeals To Democratic Voters For Support Next Tuesday

DALLAS (UP)—Orville Bullington, republican nominee for governor, cited utterances of Gov. Franklin D. Roosevelt to democratic voters here in support of an appeal to them to disregard their primary pledge and vote for him next Tuesday. He predicted a victory for himself.

"The man who puts party above country is a public enemy," Bullington averred. "The supreme court tells you that a pledge is binding no longer than it can be conscientiously observed."

He was cheered loudly. "The democratic nominee for president, Franklin D. Roosevelt, preaches this doctrine every day," Bullington said.

More than 3,500 persons heard the republican, who devoted much of his speech to refutation of James E. Ferguson's assertions democrats should vote the ticket straight and support Mrs. Ferguson for governor.

He said Ferguson is no more interested in the election of Roosevelt than he is in the election of a republican national chairman and that no national issues are involved in the governor's race.

"Only issues about which honest people do not disagree are involved," he declared. "The forces of good are on our side, the forces of evil are represented by the leader of the opposition. My victory cannot be taken as a party victory, for above all things else, I am a Texas first."

Bullington pledged to "do for Texas what that great democratic governor, Harry Lloyd Byrd, did for Virginia—cut expenses in half."

He promised to stop peddling of pardons and denounced the Ferguson three-point highway financing program.

Among democrats and republicans on the stage was Cato Sellers, chairman of the anti-Ferguson Democratic, Thomas B. Love sat in the audience. M. M. Crane presided.

### Mary Louise Miller Hostess To TSS Club

Miss Mary Louise Miller was hostess to the T. S. S. Club recently. The evening was at a bridge.

Meiba Wilson won high score and Eugene Merrick low.

Refreshments were to the following guests and members: Meiba Wilson, Eugene Merrick, Elizabeth Vick, Florene Robinson, Virginia Frances, Josephine Dabney, Frances Stockton, Claudine Shaw. Florene will be the next hostess.

Bullington pledged to "do for Texas what that great democratic governor, Harry Lloyd Byrd, did for Virginia—cut expenses in half."

He promised to stop peddling of pardons and denounced the Ferguson three-point highway financing program.

Among democrats and republicans on the stage was Cato Sellers, chairman of the anti-Ferguson Democratic, Thomas B. Love sat in the audience. M. M. Crane presided.

### Aaron Gensberg Heads Big Spring A & M Club

Aaron Gensberg was named president of the Big Spring club composed of Big Spring students attending Texas A & M College. R. Hatch was chosen as vice-president, Henry Fisherman, secretary, and Frank Gensberg treasurer.

### Abandonment Of Texas Anti-Saloon League Is Hinted

NAVASOTA (UP)—Plans for abandonment of the Anti-Saloon League in favor of "local self-governing temperance organizations" were announced here by Dr. Altecus Webb, Dallas dry leader, speaking before the Texas Methodist Conference.

Webb is secretary of the league in Texas.

"We are going to organize all over the country, not as the Anti-Saloon League, but in local clubs which will be known as local self-governing temperance organizations," said Webb.

"We are appealing to you as good church people to aid us in our fight. In this way we hope to get back the support of those who would not join the Anti-Saloon League because they think national work is over, but will join local organizations to keep temperance in their home town."

"We now have just a skeleton army, because when the 18th Amendment was passed the right and the prohibitionist thought his task was over and deserted the army."

"But we have a larger task now than we've ever had before and we must organize an army competent enough to combat the millions of dollars being spent by the liquor interests to nullify all dry laws."

"The liquor forces have millions to spend. They pay the president of the wet forces more money as a bribe than we have."

Webb said the anti-saloon league would have money left over for liquor, but he did not have a much more as the multi-million-dollar liquor leaders, but we are appealing to the 3,500 pastors in Texas to take the lead in keeping down the liquor evils.

"We of the Anti-Saloon League will advise you but the work must be done through the local organizations."

### Louise Huckabee Gives Nice Halloween Party

Louise Huckabee entertained with a pretty Halloween party recently at her home in Government Heights. The rooms were decorated with appropriate spooky ornaments and with chrysanthemums.

Several prize games were played. The winners were Dorothy Bugg, James Skelley, Glen Boyes and W. T. Belos.

Refreshments consisting of pumpkin pie, whipped cream, hot chocolate, candy and apples were served to: Mamie Wilson, Maugene Schultz, Virginia Tucker, Cubelle Howell, Joy Rogers, Lois Rogers, Dorothy Bugg, Pauline Tucker, Jane Beale Delber, Bugg, W. C. Boles, Glen Boyes, R. T. Bugg, Henry Bugg, James Skelley, Ray Skelley and O. C. Bell.

### Thomason On Stump In East For Roosevelt

### Pennsylvanians Cheer West Texas Congressman's Address

WASHINGTON—A large audience at Pottstown, Pa., repeatedly cheered Congressman R. E. Thomason of the sixteenth Texas congressional district as he assailed the Hoover administration in a campaign talk there recently, according to reports reaching Washington. The address was the first of a series which Mr. Thomason is making at the request of the Democratic National Committee.

Pottstown, a city of about 25,000, is in the center of an agricultural community and many farmers from nearby communities attended the rally to hear the Texas congressman. He praised the Roosevelt-Garner ticket and devalued quite a bit of his speech to talk about Garner, whose congressional district adjoins Mr. Thomason's. He declared Garner had had more legislative experience than any other man in national affairs and he told his audience of the congressman's first-hand experience with agricultural problems for many years. The relief legislation

that is claiming credit was largely decided on a back wall, they planned to do all the work themselves. That is, he had the rocks, sand and gravel and built the garage at once. They built a trailer for the sum of about \$2 by using odds and ends and buying parts to advantage. This trailer has helped make the garage work.

It was now in the garage, naturally called for a third wall, so it was needed. The walls are studded with rock; this gives them an attractive uneven finish and makes it easier for vines to cling to them. Around the top of the walls is a deep trough 15 inches deep filled with sand and planted in each.

English ivy is planted at the base of the walls but while it is growing the Harts are depending on morning glories and hibernian vines. The morning glories cluster around the niche in the end wall, which is just above the fish pond, and their blooms add a beautiful touch of color to the grey limestone.

The fish pond and niches are the focal point of the garden. The focal point is an artistically shaped pool at the base of the west wall. It is flanked on the north and south by an entrance to a prospective den and by a love nest.

That love nest would win the heart of any girl. It is a trellised vine-covered nook trimmed with red hearts as cosily intimate as

### Methodist Board Asks For Return Of Rev. J. R. Spann

At a regular meeting of the board of stewards of the First Methodist church held Friday evening in the church parlor, the body unanimously voted to send a telegram to Bishop H. A. Boaz, who is conducting a Methodist conference at Navasota, urging that Rev. J. R. Spann, pastor, be returned to Big Spring charge for the coming conference year.

The meeting, as attended by 22 of the 25 stewards of the church, the year's work was reviewed, and plans were made for closing the financial obligations for the year. A committee was appointed by Chairman S. P. Jones, to direct the work.

Raleigh Davis Gulley, son of Mr. and Mrs. L. L. Gulley, is recovering from diphtheria.

### An Outdoor Living Room

### The R. V. Harts Have One A Millionaire Would Be Proud To Own; And It's All Homemade

Everybody has heard, read and probably flattered to talk of outdoor living rooms but few have seen one that really measures up to its name.

Big Spring has many attractive and some even unique back yards, and it has one supremely livable outdoor living room. That belongs to R. V. Hart of 804 Johnson street. This living room won for Mr. and Mrs. Hart first place in the recent yard contest conducted by the West Texas Chamber of Commerce.

The first necessity of such a garden spot is privacy. The Harts obtained it by building walls on three sides of the back yard. When they improve their home, as they plan to do the house will be on the fourth wall with a terrace leading to the yard.

The back wall was the start of the whole thing. As everyone knows the lots on Johnson are backed by the hill, on Rummels street. The Hart yard ran up to the hill, and so the house was in the path of rains that washed the clay soil down on everything. A retaining wall was the only solution but a plain wall is just about as ugly as a clay hill.

Next year she will plant more perennials and gradually work out her color scheme. The beds were not finished until June and yet the shrubbery looks as if it has had more than two years' growth; it shows what plants can do in this country when planted in nourishing soil and protected from the winds.

This yard is unusual in another respect. Grass has been planted in the alley and Virginia creeper is growing on the outside of the wall. It will be planted in the alley, along the wall, to give more shade in the afternoon.

This yard cost Mr. Hart, he estimated, about \$300, or will have, by the time he completes his den on the top of the garage. He hauled to it 33 loads of rock, 73 of gravel, 3 of sand and bought 250 sacks of cement. He has worked on it in his spare time for the last 15 months.

If he had been a millionaire and had paid a landscape designer and hired men to have it done it would have cost him ten times the amount; he would not have had all the fun he has had; nor the outdoor exercise; his son would not have developed his ability in design that has led him to take a course in the subject this year at Tech. The yard can not be measured in terms of dollars or of expended energy. And if anyone thinks it hasn't been fun—then he hasn't heard Mr. and Mrs. Hart talk about it or listened to their plans for the future.

A majority of teachers who had been holding a small portion of their final month's check of the 1931 session were being paid off Friday by County Superintendent Pauline C. Brigham.

Arrival of \$1 on the 1931-32 state totaled \$1,836 to be allotted to teachers for back payment.

Steers Out Of Championship Picture After Beating Given By San Angelo's Tough Cats

The San Angelo Bobcats marched on their undefeated way in District 3 play and the Big Spring Steers, runnersup in 1931, dropped entirely out of the championship race as the result of a surprising 35 to 6 decision over the Bovines Sunday afternoon.

Swainsboro defeated McCamey 40 to 0 with Red Sheridan again displaying his potential all-state ability, and being aided seconded by Woods, Jones, Baugh, and Wecht in the ball-carrying department.

A fifty-five yard "hidden man" stunt brought the Bobcats to within striking distance of the Big Spring goal line early in Saturday's game. Hays took the kickoff and returned to his own 32 yard line...

Blocked punt that was covered by McLendon gave the Bobcats possession of the hickin on the 19 yard line, and from there Delker scored on four plays. With it fourth down and four the San Angelo fullback swung around right end, a few seconds later kicked the goal and San Angelo led 7 to 0.

Rotarians Open Contest Tuesday All Rotarians are advised by the attendance committee chairman of the attendance contest to be started with Tuesday's (tomorrow) meeting at the Settles hotel.

Cosden Superintendent Appeals For Election Of Bullington As Only Safeguard For Oil Industry

Declaring that welfare of the oil industry in general and that of the Cosden Oil company in particular depends upon election of Orville Bullington, the Republican nominee for governor, in Tuesday's voting, E. J. Mary, superintendent of the Cosden refinery here, Monday issued a statement appealing for copies of the Wichita Falls manuscript by Cosden officials among business men and other voters of the city, as well as employees of the refinery.

Mr. Mary appealed to the public here to throw aside party alignments in favor of what he termed was welfare of this community, declaring his belief that danger of forced shutdown of the refinery might be brought on by election of Mrs. Ferguson.

The Cosden plant is one of the very few refineries operated by independent companies that has maintained operation unbroken through depressed times of the past three years.

Speaking to the people of Big Spring Mr. Mary said "we are on the eve of another election; not simply another election but an election in which issues are involved that make it of vital importance to all of us."

On basis of reports from national Republican headquarters in Chicago Hebert claimed the eastern states as "safely in the Hoover RETURN IN THE AIR American Airways has arranged to supply election returns Tuesday night to passengers who are "up in the air" physically as well as mentally before the outcome.

Five Schools Of County To Open Five rural schools will open Monday for a seven month's term of school. One of the number, Knott, is an independent school district.
