## Band Leaves Friday For Corpus Christi

The Eldorado High School Eagle Band will leave Friday, May 1, by chartered buses for Corpus Christi and the Buccaneer Days celebration. The Band Festival is a part of the activities scheduled during this 10-day celebration. The concert band contest is by invitation to bands who have earned 1st in Regional UIL contests. The band will stay at the International Motel in Aransas Pass which is 18 miles from downtown Corpus Christi. It is also 8 miles from Port Aransas and the Gulf of Mexico. During their stay the band will have an opportunity to enjoy the Gulf beach and Gulf water both at Port Aransas and Padre Island.

The Eagle Band will be last of the Class A bands to play on Saturday at the Memorial Coliseum. Performance time is 10:20 a.m.

Judges for the contest are: Frank Benerscutto (U. of Minn.), Karl Hovik (U. of Northern Iowa), Miles Johnson (St. Olaf College, Minn.), and George Frock (U. of Texas).

This contest is considered the most difficult contest in the Southwest since all contestants are tops in region. We hope our Eagle Band will do well and enjoy their trip to the Gulf Coast.

## Stage Band To Play At Ballinger May 5

The Eldorado High School Stage Band who call themselves the "New Generation" will play at an assembly program at Ballinger High School on May 5 at 3:00 p.m.

At 6:45 that evening they will provide entertainment for the Ballinger Rotary Club's pancake supper to be held in the Ballinger city park. The band will be guests of the Rotary Club for the pancake supper and will provide a 30-minute program. Other stage bands on the program are Ballinger, Santa Anna, Robert Lee and Central, San Angelo.

## Ed DeLong's Sell Ranch

Mr. and Mrs. Ed DeLong have sold their ranch in the northwest part of the county to Clint Barker of Houston.

The DeLongs are holding a sale of household goods on Wednesday, Thursday and Friday of this week and will give possession of the ranch this week end and move to San Angelo.

George Long has sold his section of land south of town to Leonard Lloyd.

## PEOPLE MOVING:

Jose Anselmo Tovar has moved to the W. L. Taylor house.

Joseph Heffernan has moved to the Cellis house.

Bill Skinner, new here with Atlantic-Richfield, has moved to Miss John Alexander's house.

## GROVER LEE

### UNDERGOES SURGERY

Mrs. Bertha Wilson received word Monday that Grover Lee Johnson had entered the Medical hospital in Odessa Sunday, and underwent major surgery Monday.

Latest word from Tommy Lee was that he was doing well. The couple reside at Goldsmith.

## Doran Addresses Lions

For the program at the meeting this week of the Lions Club, Hilary Doran of Del Rio was on hand to give an address. Mr. Doran is currently serving as Representative in the State Legislature from this area. Boss Lion A. G. McCormack presided.

## Post Script

The Success will again attempt to post election returns in our shop window after the polls close Saturday night.

We will concentrate only on the five local races in which there is competition—namely

Judge's race  
Clerk race  
J. P. race  
No. 2 Commissioner  
No. 4 Commissioner.

In order to promptly handle telephone calls, we have prepared a number of tally sheets, covering these five races. These tally sheets will be distributed at each voting box if permitted by the Election Judge in the respective boxes.

Bill Gunstead will be at the Co. Clerk's office to turn in reports received there. The first one, of course, will be returns from the Absentee Box.

After that we hope to get returns promptly from the other four regular voting boxes, and we hope to have the co-operation of the four election judges in facilitating prompt returns from their respective boxes.

We will welcome several alert volunteers to help us that night.

—ps—  
This particular election is unusual in that no less than 15 candidates are contesting for five separate positions. It is unusual in that there has been no mud slinging. Eight or ten of these hopefuls are going to find they have been rejected. From their recent behavior I believe they will all gracefully accept the result of this election—and completely without bitterness.

—ps—  
There is this story of a dorky who had been found guilty of a crime in a court of law and was asked to stand up before the Judge while he pronounced sentence.

The Judge started out by saying he was sorry that George was before him—he had known him a long time and thought a great deal of him. Actually, he thought that George should have been destined to greater things, etc. But still it was his legal duty to reluctantly pronounce the sentence, which finally turned out to be 25 years in the pen, a terribly long sentence. Then he added, "The deputy may now escort the prisoner back to his quarters."

They left the court room and proceeded down a long corridor, and finally the deputy asked,

"Well, what do you think about it now?"

"Well," said the dorky, "I'm glad de judge warn't mad at me!"

So I'll say this in all sincerity, to you eight or ten hopefuls who ever you may be, who do not come out on top this Saturday, "The people of Schleicher County are not mad at you!"

Somebody has got to lose.

—ps—

Tuesday morning, a crew of men with a crane removed the tall Enco sign from Raymon Mobley's service station. This was part of his change-over to Sinclair Atlantic-Richfield.

—ps—

The Ladies Pumper team would like to thank those who patronized the bean supper and all those who helped make it a success. They especially thank Orland Harris who cooked the beans. About \$150 was cleared.

—ps—

We have been informed that the Hazelwood laundry continues to be open for business, and is in the process of changing to a new owner.

## Congratulations Eagle Band

Though members of our Eldorado Eagle Band narrowly missed winning another coveted Sweepstakes trophy it is more than fitting that we recognize what they have done this year.

This band begins working in August and when they march on the field during football half-times there is none that compares with them. We are all proud that they represent EHS.

Now that contests are over we want the "Goin' Band From Eagle Land" to know that we congratulate you and Mr. McDonald for a top-notch job. Win or lose we are just as proud of you for all your work and efforts. You are a top-notch group!

## News of the Sick

Mrs. Nan Montgomery was scheduled to undergo surgery Tuesday in the hospital at Richardson, Tex.

James Logan continues a patient in the Veterans Hospital at Big Spring.

## All Set For Saturday Balloting

## Precinct One Voting Box Moved To H. S. Gymnasium

When the Success announced last week that the Golf Club house would be used as a voting place, it was immediately objected to by Election Judge T. R. Spence who declared it was too public a place with golf members going in and out.

Accordingly a quick change was arranged by County Democratic Chairman Dick Preston, who now announces that Precinct One balloting will be carried out in the high school gymnasium.

## Jaycees To Provide Rides To Polls

The Eldorado Jaycees will provide rides to the polls this Saturday for elderly voters who do not have a way to get there.

Anyone who wishes a ride to and from the polls to vote in the Democratic Primary may call Buddy Zly's number which is 2388.

## 202 Absentee Votes Polled

As an indication of county-wide interest, the Clerk's office at 5:00 p.m. Tuesday reported a total of 202 absentee votes had been polled.

Included in these figures are ballots which have been mailed out. These have until May 2nd to be returned in the mail.

## Commodity Distribution

W. R. Bearce reports that the food commodities will be distributed May 14 and 15 at the OEO office.

## BAKE SALE SET SATURDAY

Home Demonstration Club women will hold an Election Day bake sale on Saturday, May 2. The Handy Hardware store will be the location of the sale which will begin at 9:30 a.m.

The public is cordially invited to come by and take part.

## Oil News

### Schleicher Field Assured Fourth Well

A confirmation was assured in Schleicher County recently. The fourth producer and a 2,065-foot northeast extension was assured in the Camar, North (Canyon sand) field of Schleicher County with the flowing of 268 barrels of new oil, along with 344 barrels of load oil, no water, in 66 hours, at Skelly Oil Co., Midland, No. 3 J. M. Treadwell, in 20-BS&F, Abst. 894, eight miles northwest of Fort McKavett.

Flow was through a 20-64-inch choke and perforations at 4,123-132 feet, with tubing pressure of 50 pounds and casing pressure, 275 pounds.

Testing continued.

## Mobley Is New Atlantic-Richfield Agent

Raymon Mobley, shown in the office of his service station, has recently converted the station from Enco to Sinclair Atlantic-Richfield. This change was going into effect this week. Further details are in his ad on page 6.

## Engdahl Now Doing Radiator Repair Work

S. C. Engdahl, who has been operating his garage on South Main street for some time now, was having special equipment installed this week for radiator repairs.

The acid and rinsing vats and other equipment was expected to be ready for use by Wednesday of this week. Engdahl is now ready to fix radiators for cars, pick-ups, trucks, tractors, irrigation engines and other commercial type engines.

## New Vehicles For This Month Of April

As this month of April draws to a close, the following new vehicles have been registered in Sheriff Orval Edmiston's office:

Andrew Moore, Sonora, '70 Chevrolet pick-up;  
Charles Trigg, '70 Chev. 4-door wagon;  
James Mika, '70 Mercury 2-door hard-top;

## Film To Be Shown On Health Careers

The Schleicher County Medical Center Auxiliary will sponsor a film, "Horizon Unlimited" at 10:30 on this Thursday in the high school auditorium. This film is being shown to help in the preparation of "Health Career Day" to be held next fall.

A question and answer period will be led by Dr. Brame and other hospital personnel.

All auxiliary members are invited to attend and are asked to wear their uniforms if possible.

The Flea Market netted \$275. Considered a big success, there will be more sales sponsored by the Woman's Medical Auxiliary.

Except for this one last-minute change everything has long since been squared away for Saturday's Democratic primary.

Polls will open at 8:00 a.m. and close at 7:00 p.m.

Voters in Precinct 2 will cast their ballots at the Co-Op building with Mrs. M. H. Woodward, election judge.

Precinct 3 will vote at the Memorial building. Mrs. Curtis Short, election judge.

Precinct 4 will vote at the high school (band hall class rooms), with Nick Jurecek as judge.

All election judges will have several assistants.

## Heavy Vote Expected

At 5:00 p.m., Tuesday the Clerk office reported that 202 ballots had been cast absentee, indicating a record county-wide vote.

After the polls close, returns from the five contested races will be posted in the Success window.

## Contested races are:

### For County Judge:

George Draper  
Robert McWhorter  
Tom Ratliff

### For County & District Clerk:

## Founders Day Banquet Set For May 1st

Beta Sigma Phi sorority will hold its annual Founders Day Banquet at 7:00 p.m. in the Memorial Building on Friday, May 1st. Guests will be the new pledges for the 1970-71 year.

Highlights of the banquet will be the naming of the Girl of the Year and the revealing of each member's secret sister.

The banquet climaxes a very active year for the sorority. The group made money earlier by accumulating birthday data for and selling the calendars. They have fixed Thanksgiving booklets for the needy; provided time and money for the hospital measles inoculation program; held the storybook hour in the library; are in the process of securing playground equipment for the park; helped with the recent Cancer Drive; will provide funds for the forthcoming 5th grade field trip; and are sponsoring a 16 year old girl at Girls-town, U.S.A. An even bigger and better year is planned for 1970-71. —Rep.

Mrs. Grace Kramm of San Antonio has been spending two weeks here visiting her parents, Mr. and Mrs. Arch Crosby while Mrs. Crosby was in a San Angelo hospital.

## Clean Up Your MEDICINE CHEST

### 12 Safety Rules To Prevent Accidental Poisoning

1. Keep all medicines and household poisons (cleaning fluids and insecticides) out of the reach of children.
2. Never refer to medicine as "candy" to your child.
3. Read all labels carefully and follow directions.
4. Don't take a medicine prescribed for someone else.
5. Never increase the dosage or the frequency of a dose of medicine—unless your doctor suggests it.
6. Throw out the contents of all old medicine bottles.
7. Keep internal medicines in one cabinet and external medicines and poisons in another.
8. Do not place poisonous liquids in soda bottles.
9. Throw out all unlabeled medicines and containers.
10. Do not take or give medicines in the dark—when you may be sleepy.
11. Protect your skin when using insecticides, solvents or cleaning agents. Remember some products can be absorbed through the skin; use as directed.
12. If someone takes a potentially toxic substance in your home, call a physician immediately. Don't wait for symptoms to appear.

## Home Demonstration Agent's Column

It is always a pleasure to visit with Mrs. W. N. Ramsay. And it is not a pleasure only; I always learn something from this great woman who has done so much for the quality of life in Schleicher county.

The other morning I ran by the Ramsay home and brought away with me far more than the delicious date nut cake which she wanted to share with me. I took away inspiration, admiration and courage all born of a recognition of the fact that Mrs. Ramsay has never faltered as she pursues a life dedicated to excellence.

Always the practical one, Mrs. Ramsay has remembered that life is a grand combination of esthetics and good home cooking. She gave me this recipe for chicken pie which she invented. She used the well-known batter-cobbler recipe as a base and went from there. Leaving out the sugar in the batter recipe the method goes like this:

**Batter Chicken Pie**  
(or any Meat Pie as for that)  
Mix until smooth:  
3/4 cup flour  
3/4 cup milk  
1/2 teaspoon salt  
1 teaspoon baking powder.  
Melt one stick of butter or oleo in a baking dish. Add the batter. Then add chicken gravy which has chopped chicken and cooked peas, carrots and potatoes in it.  
Bake at 350 F. for one hour or until brown. Batter will float on top and the chicken pie will be very good. I tasted the one Mrs. Ramsay made.

**The Batter Cobbler**  
goes like this:  
Mix until smooth:  
3/4 cup flour  
3/4 cup milk  
1 cup sugar  
1/2 teaspoon salt  
1 teaspoon baking powder.  
Melt stick of butter or oleo in baking dish. Add batter. Add any desired fruit prepared as for a

pie. Bake at 350 F. for one hour or until brown. Batter will float on top.

Do enzyme detergents cause skin allergies? Testing points out that enzyme laundry products are equal in safety and mildness to the detergents which have been in use for more than 20 years.

The amount of enzyme that can remain in clothing after it has been washed, rinsed and dried is exceedingly low. "As a matter of fact, our most sensitive analytical procedures cannot detect any enzyme residue in such clothing," says Kay Elmore, Extension clothing specialist.

To further check for possible skin effects, she says 50 men were asked to wear washed, but unwashed T-shirts while working in hot, humid areas such as a kitchen or laundry. The men wore enzyme washed T-shirts for five days and then switched to non-enzyme washed T-shirts for a second five-day period.

Four of the men reported itching or exhibited a slight skin redness when they wore shirts washed with non-enzyme products. The same men were not affected by shirts washed in enzymes.

The reverse was true in five cases. Two men reported similar symptoms with both products. And 39 showed no symptoms, the specialist reports.

The results indicated that wearing of tight-fitting, unwashed garments under hot humid conditions may be mildly irritating to a few people but that enzyme products are no more irritating than non-enzyme products.

Last week I promised the coffee cake and cherry pudding from Jean Farmer Holland, Tom Green County Assistant Home Demonstration Agent. Here they are:

**Coffee Cake**  
1/4 lb. margarine  
1 cup sugar  
2 eggs  
2 cups flour  
1 teaspoon soda  
1 teaspoon baking powder  
1/4 teaspoon salt

### Re-Elect TOM RATLIFF COUNTY JUDGE

(Paid for by Friends)

1 teaspoon vanilla  
1 cup sour cream.  
Topping:  
2 teaspoons cinnamon  
1/2 cup nuts  
1 cup sugar.

Preheat oven to 350 degrees F. Cream margarine and sugar. Add eggs, one at a time, mixing well after each addition. Sift together, flour, salt, baking powder, and soda. Add dry ingredients to the creamed margarine and sugar and mix well. Add 1 cup sour cream and vanilla and mix well until blended.

Pour 1/2 of mixture into a greased bundt pan (or tube pan) sprinkle 1/2 topping mixture over this. Pour on top of this the remainder of the batter. Sprinkle on the remainder of the topping mixture. Bake at 350 degrees for 35-40 minutes. Remove from pan after cooling 5 minutes.

### Cherry Pudding

1 package cherry jello  
1 cup warm water  
3/4 cup sugar  
juice from small bottle maraschino cherries  
4 eggs  
4 doz. vanilla wafers (crumbled)  
cherries chopped (1 small bottle)  
1/2 cup chopped pecans.  
Cook jello, water, sugar, juice, beaten egg yolks until makes a syrup. Pour over beaten egg whites and add vanilla wafers, cherries and nuts. Mold.

A new 5 minute frozen vegetable has been introduced by a major frozen food company. They say this about their simmer to serve vegetables:

"Set the timer for 5 minutes and forget complicated cooking directions. Even lima beans will cook in this same length of time. But there is even a more subtle difference in these frozen vegetables. Due to a flavor-enhancing process, the cooked vegetables retain a true bright color and taste like they have been freshly picked from the garden. New cooking directions. Place 1/2 cup salted water and vegetables in sauce pan. Cover bring to full boil over high heat. Reduce heat; simmer 5 minutes. Season to taste."

Sounds good to me and 18 vegetables with everything from asparagus spears to succotash are being offered.

Don't forget Home Demonstration Clubs are having a bake sale on May 2. Cast your vote and head for the Handy Hardware; the sale starts at 9:30 a.m.

## Lloyd Johnson Receives 25-Year Driving Award

Lloyd B. Johnson, Conservation Technician, Soil Conservation Service, received a coveted 25-year safe driving award this week from Bill Rountree, District Conservationist, SCS, Eldorado.

"This kind of outstanding safe driving record doesn't just happen," Rountree said in presenting the award to Johnson. "It's the result of careful, defensive driving. You have set a day-to-day driving example that we all should follow."

Rountree also presented the Eldorado work unit with a safety award for preventing motor vehicle accidents.

The awards for the excellent safety record were approved by Clyde W. Graham, SCS State Conservationist. The Soil Conservation Service is co-operating in the US Mission Safety 70 program whereby Federal agencies are trying to reduce employee injuries and costs 30% by 1970.

The Eldorado Work Unit gives technical assistance on conservation matters through the local Eldorado-Divide Soil and Water Conservation District.

### Firemen's School Set

College Station, Tex.—Texas A&M University will conduct a five-week firemen training school on basic fire-fighting techniques for the cities of Eldorado, Ozona, Big Lake and Christoval starting Monday, April 27.

Instructor Jack Sneed of the Texas Firemen Training School at Texas A&M reports fire departments from surrounding areas will participate in the training.

"We expect most of the men from each community department to attend," Sneed noted.

Training will include equipment operation and maintenance, basic

fire attacks, placement of lines, manpower use and equipment utilization.

The school was requested by several fire departments but is open to any firemen in the area, Sneed stressed.

A&M's seven-man fire training staff operates under the Texas Engineering Extension Service and offers on-campus and extension courses.

Mr. and Mrs. H. W. Scott of Georgetown were here Tuesday and Wednesday visiting with relatives and friends. They moved to Georgetown last year.

### Soil Stewardship Week Set

May 3-10, 1970

This year marks the celebration of the sixteenth consecutive Soil Stewardship Week under the auspices of the National Association of Soil and Water Conservation Districts.

"Resources and Renewal" is the theme of Soil Stewardship Week this year.

This observance which will take place in many of the country's churches in rural and urban areas throughout America is important.

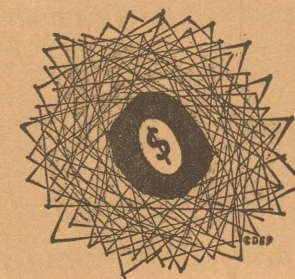

Soil Conservation Districts have been taking this means of drawing special attention to the responsibilities of man as the steward of our God-given soil, water, and other natural resources.

The need for the preservation

and renewal of our resources in America has never been greater. Also in need of renewal is our dedication to the responsibilities we share for protecting nature's bounty from waste and pollution, and ensuring its benefits for all people—now and in the future. Soil Stewardship week is a time of thanks for God's blessings, and a time for rededication to action.

Perhaps with so much attention being called this day and time to pollution, this is an appropriate time for us all to realize that it is time to correct many things. Man today has become aware both of the deficiencies of this life, and of the amazing possibilities for new and better forms of existence. Everyone in all walks of life should be concerned with the renewal of

### A Perky, Puffy Main Dish

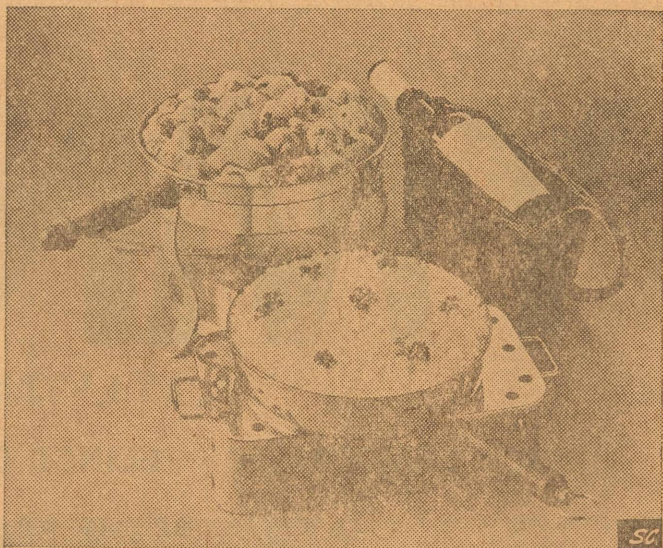

Instant whipped potatoes provide built-in convenience for making this picture-perfect Whipped Potato-Spinach Puff. The delicate flavor blend of instant whipped potatoes and chopped spinach accented with onion and Parmesan cheese makes a perfect luncheon or dinner course. Round out the menu with flaky biscuits and a crisp green salad.

The perky puff comes from the Borden Kitchen and is light and airy. Like its relative the souffle, it should be served as soon as it emerges from the oven.

#### Whipped Potato-Spinach Puff (Makes 6 to 8 servings)

6 tablespoons grated 100% Parmesan cheese  
1 1/2 to 1 3/4 cups (1 section of 5 1/2-oz. pkg.) Borden Instant Whipped Potatoes  
1 tablespoon minced shallots or green onion  
1 tablespoon butter or margarine  
4 eggs, separated  
1 (10 oz.) package frozen chopped spinach, cooked, drained  
1 teaspoon salt  
1/2 teaspoon pepper  
Butter 1 1/2-quart souffle dish; sprinkle with 2 tablespoons Parmesan cheese. Prepare potatoes according to package directions. In small-size skillet, heat shallots in butter over low heat, until lightly browned. Remove from heat. Add egg yolks, singly, to potatoes; beat well after each addition. Stir in shallots, spinach, salt and pepper. Beat egg whites until stiff peaks form. Stir one quarter of beaten egg whites and 3 tablespoons Parmesan cheese into spinach-potato mixture. Fold in remaining egg whites; turn mixture into prepared dish. Sprinkle remaining one tablespoon Parmesan cheese over top. Bake in preheated hot (400°F.) oven for 5 minutes. Reduce heat to 375°F.; bake 40 to 50 minutes.

### Liederkrantz Can Be Cooked!

Creamy Liederkrantz cheese sauce with white wine sparks tasty cocktail-size ham balls. The Borden Kitchen calls this a double-duty recipe—it can be served as a hot hors d'oeuvre or over rice as an elegant entree.

#### Ham Balls in Creamy Liederkrantz Sauce (Makes 34 one-inch balls)

1/2 lb. cooked ham  
2 slices white bread  
1 tablespoon vegetable oil  
2 tablespoons chopped onion  
2 tablespoons chopped parsley  
1 lb. ground pork  
1 egg  
1/2 teaspoon salt  
Dash pepper and paprika  
1 cup dry white wine  
1 1/2 cups water  
1 beef bouillon cube  
3 tablespoons margarine or butter  
1/4 cup all-purpose flour  
1 (4-oz.) package Liederkrantz Brand Cheese

Put ham through meat grinder; then the bread. Set aside. In small saucepan, heat oil; saute onions and parsley until onions are soft. Combine ham, bread, onions, parsley, pork, egg, salt, pepper and paprika. Knead gently for about 5 minutes. Shape meat into 1-inch balls. In medium-size saucepan, combine wine, 1 cup water and bouillon cube. Bring to a boil; simmer half of the meatballs for 7 minutes; remove from saucepan. Set aside. Repeat with remaining meatballs. Reserve liquid. In medium-size saucepan, melt margarine or butter. Add flour; stir over medium heat until foamy. Remove from heat. Gradually stir in liquid from meatballs and remaining 1/2 cup water. Return to medium heat. Stir briskly with wire whip until sauce thickens and boils. Add cheese; stir until melted. Return meatballs to sauce; heat about 5 minutes. Serve as an hors d'oeuvre or a main course with rice.

## Jr. High Girls Third

The Eldorado junior high girls entered the Bluebonnet Belle Relays in San Angelo last Saturday and brought home the third place trophy coming in only behind big city schools, Abilene and San Angelo.

This is Texas' largest girls' track meet and the junior high division was very outstanding but Eldorado made an excellent showing.

Debbie Page was fourth in the 50 yard dash with a 6.5. This becomes more significant when one realizes that about 40 girls ran the event and the fourth best time in the very speedy high school division was 6.5 also. Rosie Smith also placed high in the 100 yard dash getting 5th among about 40 competitors with a 12.5. Irene Garcia and Wally Joiner both qualified for the 220 finals with a 30.3 and 29.1. Wally came in 5th. There were four relays run in the junior high division with Eldorado taking a first and two fourth places.

The first group was the 160 yard shuttle run on the football field and it was composed of the younger group of girls such as Charlene Warnock, Irene Garcia, Linda Daniels and Debbie Robledo. They were running well when misfortune struck a fumbled baton and they did not finish as high as they would have. They did realize that this is just one of the hazards of track. The 240 Shuttle relay was composed of Debbie Page, Diana McDonald, Wally Joiner and Rosie Smith and they took first place with a 32.9.

The 300 Medley was an exciting race as Eldorado ran a 38.2 as Debbie ran 100 yards, Vonda Maness 50, Wally Joiner 50 and Rosie Smith 100. Final event for junior high was the 440 relay in which Eldorado clocked a 55.5 with the 240 shuttle group running. This group placed fourth.

This was an outstanding track meet and the girls placed high against experienced, speedy competition.

## Library News

We were fortunate to have as visitors on Thursday afternoon of last week Mrs. Dorothy Nelms and Mrs. Jean Woodward from the Tom Green County Library. Mrs. Nelms is acting librarian in Tom Green county library while they are searching for a librarian, and Mrs. Woodward is in the Research Department. Mrs. Woodward has been of much help to us when we have needed material we did not have in our library.

Apples of Gold was given as a memorial for Tibba Powell by Ann Doyle.

Our adult guild book for April is Deliverance, by Dickey.

During National Library Week April 14-22 we had a very interesting exhibit on our tables, items of historical interest. A buffalo horn used to call cows was 135 years old; this was loaned by Mrs. Cecil Lewis. Chris Enochs loaned a piece of needlework that her mother did when she was a girl. It is now in a frame. Mrs. Hubert Graves loaned a framed citation of one A. F. Bass who was elected sheriff of Gonzales county. This was signed by Governor Sam Houston and dated 1860. Mrs. E. W. Brooks, Mrs. W. N. Ramsay, Mrs. L. M. Hoover, Miss John Alexander, Mrs. Walter Ford, Mrs. Ted Yocham, Thelma Childers and Mrs. Charlie Hahn were others who loaned us items of much interest. We had 156 visitors that came in to see this exhibit. We appreciate the cooperation of our library friends in being a help to us with this exhibit.

Mrs. Ben Hext gave us some 40 volumes recently, the Tom Green county library gave us 14 volumes and Dean Day brought us a box of books. Mrs. Frank Williams brought a few children's books and children's magazines. We appreciate these gifts.

## FIRST GRADERS SET PICNIC

The two first grades will have their end-of-school picnic this Friday at noon at the City Park.

## Eaglette Track Team Regional Runner-Up

The Eaglette Track team came home from the Region VI track meet Monday as Runner-Up to Borden County as the green scored 70 points and qualified nine for the State Track Meet.

There was but one first place performance for Eldorado but it came in the last event of the day and shattered the existing record. The Eaglettes ran a phenomenal mile relay in 4:16.5 the best this year or in the history of the school. Mary Lynn McCalla ran the first leg in 68.0, Gay Lyn Richardson passed Borden County while blazing to a 62.4 quarter and handed off to Rosellen Maness who held at least a 30 yard lead and ran a 62.7. The anchor, Peggy Hill, stretched the lead to probably 40 yards turning in a 63.3 quarter.

The race was the highlight of the day. Eldorado's best previous time was a 4:19 at State last year.

Janet Oglesby clocked her best time ever in the 880 Run as she raced to a 2:42.1, good enough for second place, a trip to the state meet and a school record. Janet also placed 7th in the high jump with 4' 6". Sherwin Jackson who finished fourth in district in the 880 qualified for regional when the first place girl scratched. Sherwin ran well and came in 7th in tough competition. Kathleen O'Harrow, for the first time qualified in both the shot put and discus for the State Meet with a throw of 34' 6" for second in the shot and 95' 9 1/2" in discus for third.

The 880 Relay team has broken

the school record four times in the last two meets and Monday they came in third with a 1:50.3 qualifying Patsy Tampke, Peggy Hill, Gay Lyn Richardson and Rosellen Maness for the state meet.

In the open quarter freshman Lynn Sanders came in with a time of 66.1 good enough to fourth and holding her as an alternate for the state meet. Randy Yates cleared the 80 Meter Hurdles in 13.5 but was 4th by inches. Patsy Tampke ran the 220 in 28.2 and was also fourth. The 440 relay team of Peggy Hill, Rosellen Maness, Lorretta Schooley and Gay Richardson ran their best time this year 52.8 and came in 5th behind some very swift competition.

There were only three events in which Eldorado had no regional qualifiers and they scored in nine of the 10 events entered.

Congratulations to all regional qualifiers and best of luck to state qualifiers. The State Meet is scheduled for May 15-16 in Abilene.

## Kathleen O'Harrow Wins Discus

The Eldorado track team attended the 25th Bluebonnet Belle Relays in San Angelo last Saturday and scored 27 points for 5th place of 34 teams attending. Kathleen O'Harrow brought home a gold medal for first place in the discus with a 99' 5" throw into a stiff wind. Kathleen was third in the shot put with a toss of 32' 6".

Janet Oglesby jumped 4' 6" in the high jump before being eliminated.

The meet runs the 440 relay, 880 relay, plus a 300 medley relay. On the football field there is a 160 yd. shuttle relay and a 240 yard shuttle relay. In these events Eldorado took in the 160 Shuttle with a 22.0 composed of Mary Lynn McCalla, Randy Yates, Kathleen O'Harrow, and Patsy Tampke. The group composed of Mary Lynn McCalla, Gay Lyn Richardson, Lorretta Schooley, and Peggy placed

third in the 300 medley with 37.6.

The 240 shuttle relay was run but did not place in the top four. The 440 relay team composed of Lorretta Schooley, Peggy Hill, Rosellen Maness, and Gay Lyn Richardson ran their best time to date, 53.4 but failed to qualify for the finals giving an idea of the tremendous speed participating. The 880 Relay team was fourth with their best time this year 1:52 and setting a new school record.

This group was Peggy Hill, Rosellen Maness, Patsy Tampke, and Gay Lynn Richardson.

The group that attended the meet was preparing for regional competition. Also participating were Randy Yates, and Lynn Sanders, in hurdles, 50 dash, and 100 dash.

Borden County won the meet. Somers set second, Llano third, and Irving High of Dallas fourth with 29 points and Eldorado 5th with 27. Twenty-nine other teams scored points.

FOR

COMMISSIONER

PRECINCT 2

Austin, Tex.—Experts on moods of the voters think that fewer than half the 4,100,000 Texans who registered to vote will take part in the primaries, Saturday.

Precinct conventions, also slated for both parties Saturday, haven't produced a ripple of controversy.

Since there is no contest for the governorship in the Democratic primary for the first time since primaries were begun, less attention is being given to statewide races. The Texas Election Bureau is estimating that 1,800,000 Democrats will vote.

Main attention has been going in two contested races. Lloyd Bentsen Jr. of Houston is trying to oust Sen. Ralph Yarborough. State Rep. Bob Armstrong of Austin and Fred Williams of Houston are trying to defeat Land Commissioner Jerry Sadler.

The Yarborough-Bentsen race has proceeded at a fairly cool level.

Little attention has been paid to the effort of David Brown of Sherman to defeat Atty. Gen. Crawford Martin, or to the campaign by Connie Lawson of Taylor against Railroad Commission Chairman Ben Ramsey.

Lawyers are taking an active part in the two high court races. Hawthorne Phillips of Austin, and Judge Matt Davis of Texarkana and Judge James G. Denton of Lubbock are seeking an open seat on the Texas Supreme Court. Judge Truman Roberts of Hamilton and Earl Smith of San Angelo are candidates for an open place on the Court of Criminal Appeals.

Other statewide offices are uncontested.

Saturday's Republican primary is expected to draw about 150,000 voters. U. S. Rep. George Bush of Houston is favored to win the U. S. Senate nomination over Robert Morris of Plano. It is Bush's second try for the Senate. Paul Eggers of Wichita Falls, although he was ill and unable to campaign for nearly two weeks, is favored over Roger

Martin of Gainesville in the gubernatorial race. It's Eggers' second race for governor.

#### Tuition Raise Proposed

Coordinating Board of Texas College and University System is urging legislation to boost tuition fees in senior institutions from \$50 to \$125 a semester.

Spokesmen said students should pay at least 25% of the cost of education, and that is what the tuition fee hike would produce.

Board at the same time postponed action on a staff recommendation that it place new enrollment ceilings for the University of Texas at Austin (35,000) and for Texas A&I University at Kingsville (7,500).

Private and independent college spokesmen, meanwhile, called on the board for aid, including a "tuition equalization program" to place them in a better competitive position with state-supported schools.

Tuition recommendation calls for \$500 a semester for out-of-state students. Junior college local boards would set their own tuitions but not at more than 75% of senior college fees for in-district students or 90% for out-of-district enrollees.

#### Grants Approved

Gov. Preston Smith approved a \$124,996 federal grant to the Kleberg County Community Action Committee in Kingsville.

Grant involves \$4,169 in unexpended funds, making a total of \$129,165 for a 12-month program beginning May 1. Bulk of the funds will go to Neighborhood Service Centers.

Smith earlier approved a \$10,090 state regional planning assistance grant to the Golden Crescent Council of Governments. Council serves Lavaca, Jackson, DeWitt, Goliad, Victoria and Calhoun counties. It is based in Victoria and includes eight cities and seven special purpose governments.

Texas Criminal Justice Council, meanwhile, announced it has \$4.6 million available in action grant money to strengthen law enforcement. Money will be used by the state and allocated to units of general local government to fight crime and improve police work.

#### Conservation Group Meets

New Texas Conservation Foundation was charged by Governor Smith to work toward providing the state with a top system of parks, scenic points, refuges, scientific and recreational areas.

This Foundation was authorized by the Legislature last year to

facilitate state acquisition of lands by gift or purchase and to accept money or property for parks, educational and scientific purposes.

Smith urged the group at its initial meeting here to function as the "strong right arm" of governmental departments and particularly the Parks and Wildlife Commission.

Foundation named Glenn Biggs, formerly of Abilene, chairman, and Reagan B. Cates of Victoria, vice-chairman and Ralph D. Churchill of Dallas to head a committee mapping definite projects for the group to undertake.

#### When Disaster Strikes

Texas National Guard units drew high praise for aid in storm-hit communities of the South Plains.

Guardsmen drew special commendations for duties in Plainview, Whiteface and Whitharral. About 300 were assigned to security, search, and rescue work and traffic control.

Governor Smith notified all state agencies to stand by, and prompt requests for a federal disaster act were made.

State Department of Public Welfare set up an emergency food and medical program for tornado stricken Plainview.

#### Explosives . . .

Texas is one of 32 states where anyone can freely buy dynamite from anyone willing to sell it to him, but state and national officials are trying to put a stop to such easy access to the high explosive.

There is a state law to stop sales or possession of bombs or dynamite, but the list of exemptions to the law is so broad that almost anyone can fit as a legal dynamite buyer. Attorney General's office is working on a law to curtail the sale of explosives. Proposal will be submitted to the next session of the Legislature.

A bill is in Congress, supported by the Nixon Administration, that also would pose a federal ban on possession.

#### Appointments . . .

Governor Smith appointed Mickey Montal, Dallas, to the Governor's Advisory Committee on Physical Fitness, along with James A. Lovell, NASA, Houston; L. B. Hale, General Dynamics, Fort Worth; Albert "Sonny" Roeker, UT/Austin sports director; Miss Irma Joanne Caton, NTSU Women's Physical Education Chairman; Dr. Stanley Burnham, UT/Austin; Dr. Leon English, Prairie View A&M; Don January of Dallas; and Charlie New-

ton Williams of Pharr.

Other appointments include: State Judicial Qualifications Commission; F. Howard Walsh of Fort Worth and Vernon Butler of Carthage.

St. to Board of Examiners in the Basic Sciences; Dr. Paul C. Witt (Ph. D.) of Abilene.

#### Short Snorts . . .

Dr. John Kinross-Wright, commissioner of mental health and mental retardation, has resigned his position.

University of Texas at Austin President Norman Hackerman has resigned his position, and will become president of Rice University on Sept. 1.

Governor Smith's Criminal Justice Council has been notified that its \$4,617,000 application for 50% law enforcement matching funds has been approved by the U. S. Department of Justice.

Out-of-state tourism dropped 1% in 1969 from the 1968 high of 22.5 million, but spending by the tourist increased from \$1.5 billion to \$1.6 billion, reports Texas Tourist Development Agency, but adds that most states experience a much more substantial decline in visitors the year after a world's fair such as HemisFair.

Governor Smith approved establishment of a residential manpower center in El Paso.

Republicans plan a \$500 a plate dinner May 22 at the Shamrock Hilton Hotel in Houston with Vice-president Spiro Agnew as the speaker.

Governor is polling district judges for their views on penalties for marijuana violations.

Public hearing will be held on May 4 by the Texas Occupational Safety Board on safety standards for explosive-actuated tools, mechanical power transmission apparatus and conveyors, cableways and related equipment.

Attorney General's office, Texas Association of Defense Counsel, Texas Municipal League, Texas Trial Lawyers Association and UT Austin Law School will sponsor a conference on the new Texas Tort Claims Act April 30-May 1 on the University of Texas/Austin campus.

## TO THE VOTERS OF PRCT. 4:

It has been my pleasure to visit with each of you the past few weeks. I realize I have missed some of you even after several attempts, so would like to take this opportunity to ask for your support and influence.

If I have impressed you in any way, I am grateful, and will deeply appreciate your kindness and consideration.

Please Vote May 2nd.

Sincerely,

ALVIN D. FARRIS

## Waste Disposal Meet Is Set At Laredo

Disposal of wastes, a problem which gained attention during a nationwide Earth Day observance, will get an international treatment May 11-15 in Laredo and Nuevo Laredo when a Binational Solid Waste Management Course is held in the twin border cities.

To the Texas State Department of Health, every day is "earth day". Long an advocate of pollution control on land, water and in the air, the State Health Department has been a leader in solid waste management and the sanitary landfill method of disposal.

The Department joins with the Public Health Service, Laredo-Webb County Health Department, Pan American Health Organization and Mexican Secretariat of Health and Welfare in organizing the course. The Environmental Control Administration's Training Institute, in the first joint venture in this field between the United States and Mexico, will conduct the course.

Main theme of the bilingual presentation during the week will be the sanitary landfill, its relationship to the environment and the methodology of its design and operation. Of all the solid waste disposal techniques, the sanitary landfill method is the most promising.

In this method, refuse is dumped into a pit, compacted and covered each day with a layer of dirt. Marginal land is reclaimed by sanitary landfilling for parks, golf courses and other uses.

In Texas a total of 26,000 acres of land are used for solid waste disposal. This is equivalent to 41 square miles. An average of almost one ton of refuse is thrown away each year in Texas by its residents. If not disposed of on a regular basis, the almost six pounds per day for each Texan would soon cover us up, according to Dave Cochran, chief of the Environmental Development Program of the State Health Department who will appear on the Laredo faculty.

Specific topics for the course will include:

—The public health, aesthetic and economic advantages of sanitary landfill versus open dumping.

—Necessary steps in closing a dump and converting to sanitary landfill.

—Equipment and ancillary facilities needed to operate a sanitary landfill properly.

—Utilization of the completed site and its relationship to other phases of solid waste management such as collection and transfer operations.

Additional details may be obtained from Dick Reavis, Chief, Mexican Border Environmental Control Project, 155 E. Alameda Street, Tucson, Arizona 85701.

## COUNTY AGENT'S COLUMN

by Tinz Godwin

Schleicher County Agricultural Agent

External parasites of livestock and poultry are profit robbers. They lower the production of meat, milk and eggs by sucking blood from animals, transmit diseases and cause loss of energy from annoyance and a waste of feed.

They can be controlled, and their profit-grabbing greatly reduced through planned control programs.

Insecticides are of major importance in control programs. Livestock insecticides are formulated as wettable powders, emulsifiable concentrates, smears, dusts and aerosols. And, all insecticides are toxic to warm-blooded animals. They should be handled with care and used only in the recommended amounts and in accordance with label instructions.

Only insecticide formulations prepared specifically for livestock should be used on livestock. Formulations for plant use should never be used on livestock.

In order that livestock producers may have the latest available information on control methods with insecticides, MP-691, "Texas Guide for Controlling External Parasites of Livestock and Poultry" is available at my office. It is revised periodically in order to keep the information current.

Great people are not affected by each puff of wind that blows ill. Like ships they sail serenely on, in a calm of sea or a great tempest.

New plant growth in the spring is attractive to many kinds of very small, soft-bodied insects known as aphids or plant lice. These insects suck juices from the leaves, buds, flowers and twigs of most garden plants.

Their feeding causes many different kinds of damage, depending upon the plant under attack and the kind of aphid involved. Green peach aphids, for example, cause the leaves to curl around them. Spruce gall aphids cause the terminal growth they feed on to swell into a cone-shaped gall in which they live.

Other aphids not only cause injury to plants but create a nuisance by dropping their honeydew on sidewalks, driveways and automobiles. This substance also attracts flies, wasps, ants, bees and other insects. The major honeydew producers are pecan aphids, willow aphids and arborvitae aphids.

The gardener has several tools available for combatting aphids. One of the newest is the soil-applied systemic insecticide. Several brand name products are available which contain the systemic disulfoton (Di-Syston) mixed in fertilizer or formulated along in a low concentrate granular form.

There are also many foliar sprays that do a good job of controlling aphids or plant lice.

Information is available from my office covering control measures as well as safety measures to follow when chemicals are being used.

Never trust a friend who deserts you in a pinch.

Farm homes and other farm buildings are lost somewhere in the state almost every day and many of the losses could have been prevented.

Prevention is the best method for keeping farm buildings safe from fire but in case something

should happen to cause an unpreventable fire, then preparedness for such emergencies becomes most important.

Each family should have a preparedness plan and each member should know what his or her duties are in case of an emergency. Fire fighting equipment is very important and a fire extinguisher is one of the most essential tools for handling a fire in the beginning.

When buying an extinguisher, make sure it is adequate in size and contains the proper chemical or chemicals for fighting the kind of fire expected. The most reliable ones are those tested by nationally recognized laboratories and carry the "UL" or "FM" label.

Extinguishers should be placed strategically in all fire danger areas, such as the kitchen, barns, machine shed and near strategic tanks for gasoline and oil.

It must be remembered the best extinguisher in the world won't be ready for action unless you check it regularly and recharge it as required. And become familiar with instructions for its use before an emergency requires its use.

Another good fire fighting tool is a garden hose sprayer. Filled water buckets kept in strategic spots may also prove very helpful.

But, the time to get ready for action is before a fire breaks out.

Any dead fish can travel downstream—only live ones can swim upstream.

## LP Gas Fuels And Air Pollution

Austin, Tex.—Railroad Commissioner Ben Ramsey said here today propane, butane and mixture fuels of liquefied petroleum gases appear destined for an important role in the continuing fight to control air pollution.

Ramsey is seeking a second full term as a member of the three-member Commission in the primaries May 2.

The ever increasing demand for liquefied petroleum gases as fuel for internal combustion engines, space heaters, and central heating units, Ramsey said, constitutes one of the most dynamic segments of the growing market for petroleum products. These light, pure hydrocarbons burn cleanly and efficiently, he explained, and do not contain the solid particles nor the lethal gases that state and federal authorities have found to be harmful and dangerous to humans, plants and other plant life.

Ramsey said the Commission, responsible for protecting the public health and safety in the transportation, storage, and use of these gases, has recently adopted revised requirements tailored to help maintain liquefied gas as one of the safest fuels available to the consumer.

The Commission, Ramsey added, also has moved to help improve the supply and demand situation that has plagued the propane and butane markets in recent years. The said Commission acknowledgment of jurisdiction over the underground storage of these products is designed to help smooth out the erratic supply and demand fluctuations that propane has been experiencing due to its dual role as a fuel and product supply for the chemical industry.

## Miss Phelps And Mr. Boyd To Be Married In Waco The 22nd Of May

MIKKI PHELPS AND HER FIANCE, JACK BOYD

Mr. and Mrs. Roy Phelps of 6000 Caldwell, Waco, announce the engagement of their daughter, Marilyn (Mikki) Griggs, to Jack Harvey Boyd, son of Mr. and Mrs. Harvey P. Boyd of Little Rock, Ark.

The wedding will be at 7:30 p.m. May 22 in Miller Chapel on the Baylor University campus.

The couple will receive degrees from Baylor in August. Miss Phelps will receive a bachelor of music education and her fiancé will receive a bachelor of music.

Miss Phelps is a graduate of Eldorado High School in Eldorado.

At Baylor she is a member of Mu Phi Epsilon, international professional music sorority, and A Cappella Choir.

The prospective bridegroom is a graduate of Central High School in Little Rock. He is a member of Phi Mu Alpha, A Cappella Choir and Baylor and Waco Symphony Orchestras.

The Phelps family lived here a number of years before moving to

Waco. He was owner and operator of the Western Auto, and she was school tax collector.

### Shower Held Here Saturday
