69TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS, (76936) Thursday, February 5, 1970

Number 6

1155 Citizens Now Registered To Vote

With close of voter registrations Saturday, Sheriff Orval Edmiston reported Monday that 1155 registration certificates had been issued for the 1970 voting year.

Sheriff Edmiston and his deputies kept his office open Saturday for last-minute registrations and he reported that about 40 were taken care of that day.

Totals for the four county precincts are:

Precinct No. 1	323
Precinct No. 2	285
Precinct No. 3	226
Precinct No. 4	321
Total	1155

The lower figure in Precinct 3 is attributed to the fact that many Latins eligible to register, failed to do so.

Monday, sale started of the new 1970 vehicle license tags. The new procedure calls for you to take the 3-part form intact to his office sometime between now and the 1st of April.

Flock of Candidates Beat Final Deadline To File

For weeks it had been well publicized — that the final day and the final hour for filing for a place on the ticket for the Democratic Primary was 6:00 o'clock p. m., on Monday, February 2.

Alerted by a final week of rumors and denials County Democratic Chairman Dick Preston made it a point to keep his office open all day Monday up to the final minute deadline and was rewarded with a rush of new business.

When it was all over he came up with a much longer ballot, which finds six candidates for Commissioner for Precinct 4, five for Commissioner for Prct. 2; a third candidate for County Judge; and competition for County Clerk and Justice of the Peace.

The surge of new candidates all came about within the past week and most of it on Monday, the deadline.

Precinct No. 4 had the most additions. Last week there were but two, Lawrence Dannheim, incumbent, and Alvin Farris. When 6:00 o'clock arrived Monday four more had been added as prospective candidates: H. A. Belk, Dee Love, Phil Olson and Buddy White—making a total of six.

Precinct No. 2: Last week incumbent Gene McCalla was opposed by George Williams, Vi Henderson and Pat Joiner. By Monday evening Lee Roy Hanusch had entered the race, making a total of five.

Incumbent B. L. Blakeway, Justice of the Peace for Precinct No. 1 acquired an opponent over the week end in the person of Walter Powell.

And J. P. Enoch, incumbent County Clerk, finally came up with an opponent on the last day in the person of Jerry Jones, television distributor in Eldorado.

One week ago George Draper entered the race for County Judge in opposition to Tom Ratliff, incumbent. Late Monday this race was increased to three when Bob McWhorter filed his application with the county chairman.

Statements from some of these hopefuls appear elsewhere on this page.

The only unopposed candidate is incumbent County Treasurer A. G. McCormack.

Evidently we are now all squared away for the election three months from now.

Band Banquet Set Saturday Night

The members of the Eagle Band are busy decorating the Memorial Building this week for their banquet to be held Saturday, Feb. 7, starting at 6:30.

A highlight of the school year, the annual affair is for band members, their dates, and invited guests. Being scheduled just before Valentine this year, the young people have selected the theme, "Little Arrows" and by Saturday afternoon the Memorial Building will have been transformed from the ordinary to a fantastic setting of beauty and romance.

Having won a First in marching last fall, and now preparing for playing contest this Spring, the band with their director Mr. Wayne McDonald takes time out together for a much deserved evening of entertainment and fun, then set their attention on making Sweepstakes for the 4th year in a row. Band officers are Carolyn O'Harrow, pres.; Danny Boyer, vice pres.; and Lisa Whitten, sec.

High School Favorites Elected This Week

High School Principal Guy Whitaker reports that the following Class Favorites were elected this week:

Freshmen: John Rae Powell and (girl tied), Patti Olson and Rosellen Maness.

Sophomores, Trudy Rushing and Norris Sauer.

Juniors, Dana Walker and Bob Whitten.

Seniors, Vicki Preston and Mickey Clark.

Bishop Leven Visits Eldorado

Members of Our Lady of Guadalupe Catholic Church and persons involved in the Schleicher County Neighborhood Center enjoyed a practical and inspiring talk by The Most Rev. Stephen A. Leven, Catholic Bishop of the San Angelo diocese, when he visited the Eldorado church at 6:30 p.m., last Thursday.

The bishop, long a proponent of programs to help people work themselves out of poverty, was proud that the local church was taking an active part in the program of food distribution. He urged his listeners to join Home Demonstration classes and learn the best methods of preparing the food they receive.

He was loud in his praise of the county's new hospital and the lowrent housing project. He pledged his support to any other progressive programs, and declared he expected to visit here regularly. His message was strictly informal and lasted nearly an hour. About one-half of it was delivered in Spanish.

He was introduced by W. R. Bearce, head of the Neighborhood Center, who was responsible for inviting the Bishop here.

Bishop Leven closed his talk by asking the congregation to join in a closing song in Spanish. Then in his practical way he went on to say that none were better at singing than the Spanish, and why didn't the church leaders organize and train choral groups? Church was well filled for the occasion.

Reception

At 5:30—one hour before the program—the Bishop's party was entertained at the home of Dr. and Mrs. Brame with a buffet lunch which was attended by about 20 individuals, including three Protestant pastors and their wives.

GIN REPORT

The last time I talked with Wayne Mikeska he said they still had several bales of cotton to gin. And they still have a lot of bookkeeping to do.

Powell Announces For Justice Of Peace

This week, Walter Powell Jr. authorized the Success to announce his candidacy for the office of Justice of the Peace, for the town of Eldorado (Justice Precinct 1).

In making his announcement, Powell stated:

"I would like to announce I am now in the race for Justice of the Peace Pct. 1. I am a stock farmer and life long resident of this county. Being a property owner in Eldorado, I am very much interested in the betterment of my community and if elected to this office, I will serve to the best of my ability with a fair and open mind. Your vote and influence will be greatly appreciated." —Walter Powell Jr.

Robert McWhorter Announces for Judge

The Eldorado Success is authorized this week to announce the candidacy of Robert L. McWhorter for the office of County Judge, subject to the action of the Democratic Primary May 2, 1970.

Bob was born in Schleicher county in 1922 and has lived here continuously since that time. He is the son of pioneer Schleicher county residents. He attended school in Eldorado, is a graduate of Texas A&M with a Bachelor of Science degree in accounting. He served in World War II in Europe, and was recalled into service during the Korean War in 1950. He is married to the former Lucille Farmer.

In announcing his candidacy, Bob states, "I believe that I am fully qualified to perform the duties of the office of County Judge, and if elected I will give full time to the office. Your consideration and vote will be appreciated."

Belk Announces For Commissioner

H. A. Belk, stock farmer and butane dealer, filed with the County Democratic chairman Monday, and authorizes the Success to announce his candidacy for Commissioner of Precinct 4, subject to action of the Democratic Primary on May 2.

Mr. Belk, who served as commissioner for two terms a number of years ago, says that his record is there for everyone to see, and adds, "I am for good roads all over the county, and I'm for economy. I may have a little more to say before this campaign is over."

L. Dannheim Asks For Re-Election

Lawrence Dannheim has announced for re-election as Precinct 4 commissioner, subject to the May 2 Democratic Primary.

He stated: "In making my bid for reelection, I feel we have had a strong progressive county government and would like to continue to be a part of it."

"My four years as a Commissioner have been a great experience, and enables me to be more useful to the county in the future. "I will make every effort to contact each voter in the coming weeks." —Lawrence Dannheim

John and Margaret Powell with their pen of 3 range ewes, have been consistent winners in this division and placed well at the San Angelo Fat Stock Show for the past 5 years, winning in 1968. John and Margaret will be exhibiting registered Rambouillet sheep, range ewes from their flocks Saturday and fat market lambs.

Stock Show Saturday

The Annual Schleicher County 4-H and FFA Livestock Show will find some 18 junior exhibitors competing for prizes and ribbons in four Market Lamb Classes, Swine, Range Ewes, Registered Rambouillets and Registered Heifers. The event is set this Saturday, Feb. 7.

The judging will begin at 9:30 a.m. at the Agricultural Center located south of town on Highway 277. Mr. Clint Langford, County Agricultural Agent of Sutton county will judge the show.

On exhibit will be 6 pens of 3 Finewool, 6 pens of 3 finewool cross, 22 swine, 7 pens of 3 range ewes plus 10 registered sheep and registered heifers.

A Barbecue will be served at noon by the Adult Leaders Association assisted by Junior Exhibitors and Leaders and Mothers of 4-H and FFA Exhibitors. An adult plate will go for \$1.25 and a child's plate for 50c, for children 10 years of age and under.

Order of exhibiting and showing will begin at 9:30 with the judging of Market Swine, Market Lambs, Range Ewes and Registered Rambouillets. After serving of barbecue at noon, 10 lambs and 6 swine are to be auctioned.

Presentation of Awards after lunch will be made by Mr. Ronnie Mittel.

Special Awards
Champion Lamb, Nathan Donksy, trophy.
Champion Pen of 3 Lambs, Davis Cossen Station, trophy.
Pen of 3 Range Ewes, Bill Maness, trophy.
Champion Registered Heifer, Jim Martin, trophy.

Pen of 3 Rambouillets, Ratliff Ins. Agency, Trophy.
Showmanship, County Registered Hereford Breeders, Trophy.
Production Award, Texas Sheep & Goat Raisers Assn., Silver Medalion.
Showmanship, NFLA, Spurclip.

Showmanship will be judged during the Show. The purpose of this contest is to teach youngsters the finer points of showing animals to the best advantage. The Trophy is donated by the Registered Hereford Association and the Trophy is exhibited in the lobby of The First National Bank with the annual Showmanship winners engraved upon the plate. Previous winners have been Cliff Schooley, Walter Speck and Lorretta Schooley.

Concession Stand To Be Open
The popular concession stand will be in operation in the show barn by junior exhibitors' mothers. The usual hot drinks, cold drinks, pies, cakes, doughnuts and cookies will be served during the show and at noon with delicious barbecue.

Mrs. E. H. Nixon Jr. is chairman of the foods committee with Mrs. W. F. Edmiston serving as co-chairman. The concession stand and barbecue lunch help pay the expenses of the show, ribbons, rosettes and premium money.

Orland Harris will barbecue the goats and cook the beans to be served by Adult Leaders Association, Mothers, and Youth Leaders.

Mrs. E. H. Nixon Jr. and Mrs. W. F. Edmiston will appreciate all co-operation and willingness to arrive in making this part of the show as always—a success.

Oil Companies To Use Salt Water

Area landowners were elated to learn this week that a scheduled rehearing of an application by Cities Service Oil Co. of Bartlesville, Okla., to use fresh water for oil recovery in the O'Harrow field had been canceled and Cities Service had withdrawn their request.

Widespread opposition had arisen to this request, not only from local people, but also from neighboring counties whose wells and streams come from water underlying Schleicher county.

This good news follows another letter from the Texas Railroad Commission just last week that denied a request by Depco Inc. of Denver, Colo., to use fresh water for secondary oil recovery in Irion county.

To obtain recovery of oil reserves underlying Schleicher county, some type of repressuring will be necessary in most cases.

If fresh water, taken from our underground reservoirs is used, most local people believe our well water will be seriously depleted; they therefore ask that oil companies use salt water from deeper zones.

In this lies the controversy, and it is hoped that in the future, oil companies will use salt water in successfully recovering oil reserves of this county.

Garage Repair Orders in stock at Success Office

Computers Key In Today's Boy Scouting

It used to be that signing up a Boy Scout was as elementary as rubbing two twigs together to start a fire. Now it takes a computer running 24 hours a day to keep up with vital information on each of the more than five million scouts in America.

Computers have been used in scout accounting procedures since the mid-1950's and in subscription billing for Boy's Life scouting magazine. Now scouts register with the aid of computers.

All scouts must be registered with scouting headquarters in New Jersey each year. Formerly, each Scoutmaster would fill out registration forms on each boy in his troop. Then each council office had to type out the registration forms for all the boys in the council's troops.

By the time registration forms reached Boy Scout headquarters, the mass of forms had become a mountain of headaches. The biggest headache was that most of the information on the forms was merely recompiled year after year.

With the recently initiated computerized registration system, most of the information on the previous forms is reprinted by computers. Scoutmasters simply add or delete information that has changed since the previous year.

As Concho Valley Council Scout Executive Vincent C. Hobbs put it, "About 65% of the work is done before the Scoutmaster even receives the forms."

Hobbs cited three reasons for building the system. First, the system helps the unit leader by providing the most accurate information available on his troop and by making it easier to register scouts.

Secondly, computers aid the accounting process. "Although the membership increases, the accounting staff doesn't have to," Hobbs noted. "You'd have to hire 100 more staff members to keep up with the information the computers handle now."

Thirdly, registrations are processed faster and more accurately than they were by hand. Preregistration for the 1969 National Jamboree last summer was handled completely by computer. Hobbs said national scout leaders cited the use of computers for compiling the most complete set of information on each boy at the jamboree that had ever been obtained.

"When we sent in orders for supplies, if they're in stock, the supplies are on their way within 24 hours. In fact, it takes longer for the supplies to reach us than it does for the order to reach New Jersey and be processed," Hobbs said.

Girls Beat Eden

The green and white of Eldorado went in search of their 20th season win Friday night and found it as they beat Eden 50-36 despite having three regulars out of the line-up due to illness.

Various illnesses had hit the team in the last three weeks and though someone has come through in every game to take over the starting role it has caused some ragged play that might not be happening otherwise. The ability to find capable players is a compliment to the quality of the Eaglette team. Against Eden, Lisa Whitten, Lorretta Schooley and Sheri Roberts were all out.

The offense was forced to shoot outside as two guards stayed on Kathleen O'Harrow at all times. Kathleen took only three shots, made one and sank 10 free throws for 12 points. Outside Randy Yates and Peggy Hill were bombing for 17 and 15 points to take care of the Bulldog zone. Jeanne McCraev, Patty Page and Sherry Davis contributed 2, 3, and 1 point respectively.

Lisa McAngus and Claudia Meador again led the defensive efforts as they claimed 12 and 11 rebounds. Gav Richardson and Mary Lynn McCalla had 4 each and Jean Rountree 1. Mary Lynn played only in the first half as she fouled out moments before the half-time buzzer as a substitute was trying to get in the game.

The Eldorado guards had difficulty with turnovers such as traveling, bad passes and getting in too big a hurry. Meanwhile during the second half of play the forwards experienced an unusual breakdown at the free throw line missing 11.

Eldorado took the lead 13-11 seconds before the first quarter ended on Peggy Hill's outside shot and Eldorado was never behind. It was a 27-14 half-time advantage and 37-25 into the fourth quarter.

This was an important victory for the Eaglettes because the opponents were in second place and had lost only to Eldorado. The Eaglettes now stand 7-0 in district and 20-4 for the year. Eden is in second with a 5-2 and Mason, Sonora and Junction fill the other spots.

Mrs. Flora Riley was admitted as a patient in the local hospital Monday evening.

World Scouting IQ!

Several of the following Scout terms are, perhaps, new to many BSA members. The terms are common to Scout groups in Europe and Asia. These are re-printed from Pak-Scout, published by the Pakistan Boy Scout Association.

Jamboree. International or national gathering of Scouts. This name was given by Baden-Powell to the first international gathering of Scouts at Olympia, England, 1920.

Indaba. A gathering of the chiefs (Scout leaders). The first World Indaba was held at Gilwell Park in Essex, England, training ground of leaders, in 1952.

Moot. Gathering of Rover Scouts. (Rovers are the age level above our Explorers.)

Camporee. It's a Scouting adventure for Boy Scout patrols, working under the leadership of their own patrol leaders. Camporee is definitely a boy's activity. Camporee is a demonstration of the camping skills of patrols and troops that set up their camps for one or more days and nights in fun and good fellowship and for the opportunity to learn more about camping from each other.

Agoon. International joint gathering of handicapped Scouts and Scouters. It is a Greek word meaning collection or meaning. This name was given to the first meeting of the handicapped. So, Agoon means a jamboree of handicapped Scouts.

A Scout

A Scout is a boy who loves to live; Service to others, is what he must give.

He must be ambitious, strong, and smart.

To carry his own load and do his part.

There are many rewards for a boy like this—

Satisfaction, achievement, and eternal bliss.

He starts as Tenderfoot on Scouting's long trail.

Then to Second Class, he climbs up the scale.

Up to First Class and then on to Star.

Hurry up, boys, it isn't that far. He climbs further upward through his own strife.

And finally achieves the proud rank of Life.

But don't stop here, this is no place to stay.

You're almost there, so be on your way.

And then you're an Eagle, you finally made it.

The price is "fun," and you've already paid it;

But don't quit yet, you're not quite through;

Help other boys to be Eagles, just like you.

—Dick Grace, in Scouting

Eagles Dump Bulldogs Last Friday

The Eldorado boys with their new run and shoot offense blew the Eden boys out of their own gym 75-46 last Friday. Eagles hit in double figures as Jerry Baty had 14, Mickie Clark 12, and Wayne Doyle, Bob Page, and Charles Adams got 10 each.

Rounding out the scoring was Archie Nixon and Billy Hubble with 5 each, Roy Jones 4, James Larry Davis 3, and Sam Oglesby 2. The Eagles got 17 and 16 in the first half to hold a 33-22 half-time lead but the second half was even more productive as the green scored 18 and 24 points.

Eldorado notched a record 3 baskets during the contest and hit about 58% of their free shots.

The Eagles are 5-2 in district and are in second place.

Race Relations Day Sunday

The second in February is the traditional Race Relations Day in the United Methodist church. This day will be observed this Sunday and a special offering will be received for support of Methodism's 12 predominantly Negro colleges. A goal of two million dollars has been set this year.

On Sunday evening we will con-

tinue our study on China at 6:30.

On Sunday, Feb. 15 our District Superintendent will be here to preach at the morning worship and conduct our charge Conference on Sunday, Feb. 22. Rev. John Gibbs of San Antonio will speak at our morning worship.

Wednesday evening, Feb. 11, will mark the beginning of our special Lenten worship services. These will include dramas and meditations based on Jesus's seven sayings from the cross.

The public is invited to all of these services, stated the Rev. Bobby Palmos, pastor.

Inspiring Leadership
All Americans look upon the leaders of Cub packs, Scout troops and Explorer units as devoted and dedicated citizens. As volunteers, their motivation is service to God and Country through boyhood. Week in and week out they are helping boys in a big way to grow physically and mentally, morally and spiritually.

COUNTY AGENT'S COLUMN

by *Tiny Godwin*

Schleicher County Agricultural Agent

Prevention is still the best method of disease control in livestock. And rendering assistance to newborn farm animals is a case in point.

For example one of the greatest dangers to the new arrivals is infection through the umbilical cord

which connects to the liver and kidneys.

Diseases entering the animal's system through this avenue can be reduced by the simple process of dipping the stump navel in a solution of iodine. The iodine should be applied as soon after the birth

of the animal as possible.

The iodine can be applied from a small jar, such as a half-pint jelly jar, and should be of veterinary strength, about 10% iodine. The use of iodine normally advised for humans will be of little benefit since the percentage of iodine is too low.

Look on the bright side of things, and the shadows will fall behind you.

Top dressing time for small grains is at hand and is a job that should be done on time. Adequate soil moisture, at the time of application, usually insures a good response from the plant food.

If early planted small grains have been grazed, it is reasonable to expect that all or most of the originally applied nitrogen has been used by the crop. If forage yields have been checked, or a protein analysis obtained, it is fairly easy to determine how much nitrogen has been used by the crop so far.

As a general rule for every ton of 12.5% protein forage produced, 40 pounds of nitrogen are required.

Top dressing should be done within the next month with 30 to 50 pounds of nitrogen per acre depending upon the condition of the crop and earlier fertilization. Application should be made as soon as field conditions permit.

Nitrogen rates of 60 pounds or less per acre do not increase the chances of nitrate poisoning in livestock. Cloudy weather, on the other hand, is the chief contributing factor to excessive nitrates in plants.

Advice is like snow; the softer it falls, the longer it dwells upon, and the deeper it sinks into the mind.

The loss of an entire calf crop could result from the use of a non-breeding herd sire. A fertility check of the sire can largely eliminate the possibility.

Such a test can be made by a local veterinarian and he can predict with a high degree of accuracy the breeding potential of the herd sire before he is turned out with the cow herd.

The semen evaluation of the herd sire should be done a few weeks in advance of the breeding season. In cases of substandard breeders, this allows for time to find and test replacements.

Semen testing also provides an opportune time for a complete physical examination of the bull, including his feet and legs.

Agriculture is still the nation's biggest industry. The rate of increase in agricultural productivi-

ty over the past 20 years has roughly doubled that of modern industry. Agriculture is a \$55 billion customer in the American economy and exports of farm products alone provide about 1 million nonfarm jobs. Our efficient agriculture is the biggest reason American consumers get an abundance of high quality food for only 16.5% of his disposable, or after taxes, income. That's the world's best food bargain.

San Antonioan In Race For Congress

San Antonio business executive Dick Gill this week announced he would seek the Republican nomination for the 21st Congressional District seat now held by Democrat Ovie Clark Fisher of San Angelo.

At the same time, Gill announced that Forest Oil Corporation Board Chairman Dale H. Dorn would serve as his overall campaign chairman.

Gill came out swinging in his bid for the GOP nomination, charging that the Democrat incumbent had paid only "lip-service to the principles of constructive Conservatism" while chalking up an "amazing record of support for the liberal government spending which is creating the ruinous inflation we face today."

Gill also charged Fisher with being a "do-nothing Congressman," noting that in 28 years only one bill introduced by Fisher had been passed into public law for the benefit of the entire 21st District.

"Inefficiency, ineffectiveness, and a callous disregard for the principles of constructive conservatism. These have been the hallmarks of Mr. Fisher's 28 years in Congress," Gill said. "And I for one do not believe we can afford the luxury of one more do-nothing Congressman in Washington."

Gill also dispelled some reports that this race was a "trial run" for him, noting: "I am entering this race 100%—not for practice, not as a trial run, not looking ahead to any other year or any other election, but to win."

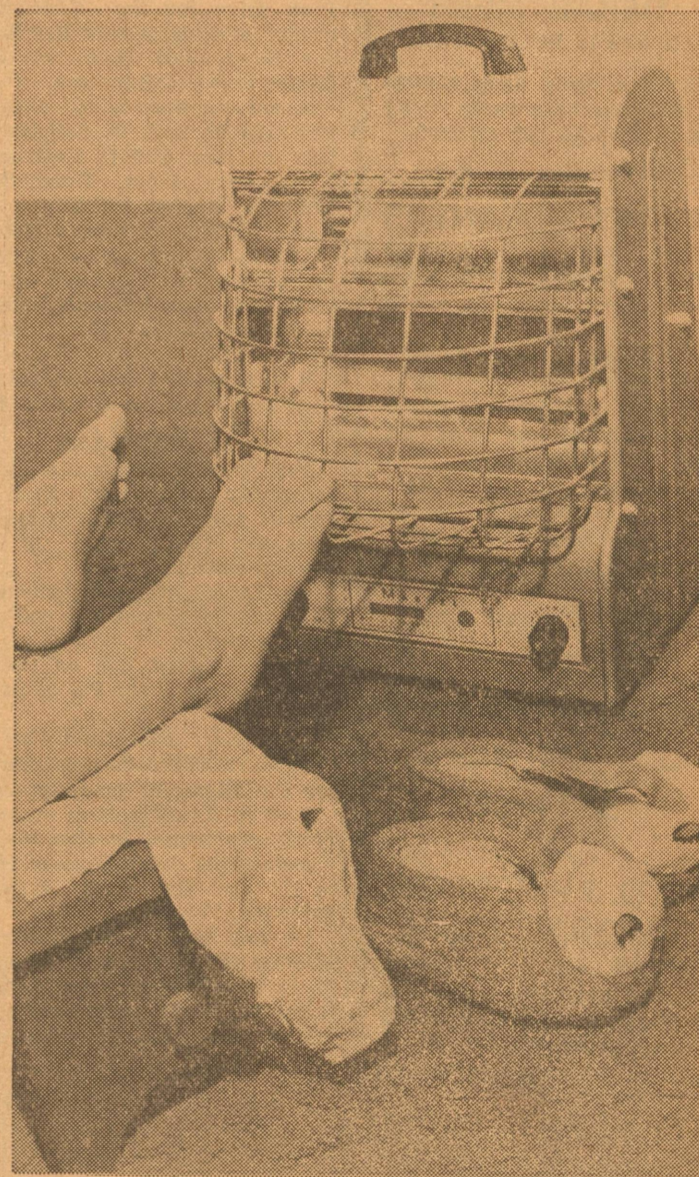

"I want to help build in Texas a strong, vigorous two-party system. And I want to give back to the 400,000 Texans living in the 21st District the active, concerned, effective representation we have been denied for too many years."

"I will work hard in the coming months to secure your trust, your confidence, and your vote."

Funeral In Dallas For John L. Clement

Funeral services for John L. Clement, 50, of 4112 Bowser, a pilot for Flight Plan, Inc., Dallas, were set for Wednesday of this week in Lovers Lane Methodist Church. A private burial service will follow in Restland Memorial Park.

Clement was found Thursday in the wreckage of a Cessna 210 near Mountain City, Tenn. The plane had been missing since Dec. 11.

A native of Stonebluff, Okla., Clement attended public schools in Eldorado where he starred on the high school football team. He was a star halfback on the Southern Methodist University football team and graduated from SMU with a BBA degree.

He served in the U. S. Air Force during World War II and again during the Korean War. He was discharged from the service with the rank of major.

In 1941, and from 1944 to 1950 Clement played halfback with the Chicago Cardinals, on Air Force Service teams and with the Pittsburgh Steelers. He was named All-Pro, National Football League in 1948 and to the All America Service Team in 1945.

Clement had lived in Dallas since 1953. Well known in Southwestern aviation circles, he was formerly in aircraft sales and charter for Southwest Air Service Co.; was owner and operator of Southwest Aviation Services, and was a corporate pilot for George A. Fuller Co., general contractors.

Clement was a member of Lovers Lane Methodist Church. The family requests no flowers. Instead memorials may be sent to the Civil Air Patrol, Kingsport Squadron in care of Lieu. Jack R. Martin, 724 Carlisle Drive, Kingsport, Tenn 37660. Memorials collected will be used to purchase communications equipment for the squadron.

Volunteers from the Civil Air Patrol in Kingsport conducted the six week long search for the plane. Survivors are the wife, Betty; one son, Michael Clement and daughter, Mary Christine Clement of Dallas; mother, Mrs. Clint Davis of Summers, Arkansas; brother, James D. Clement of Limon, Colorado; and three sisters, Mrs. Joe Allen Perry of Waco, Mrs. Lucille Smith of Sonora and Mrs. J. N. Clark of Winters.

Clement was a 1937 graduate of Eldorado High School and lived with Ed Meador and his parents for three years before moving to Dallas to attend college.

Ed Meador left Monday for Dallas to attend the funeral. Possibly others from this area attended.

Clement's Cessna 210 was found Thursday in North Carolina on the state's side of Stone Mountain, deep in a heavily wooded section.

Three hunters found the body Thursday. Civil Air Patrol units from North Carolina, Tennessee and Virginia had conducted an extensive and unsuccessful search over the 4,000-foot high mountains in the place where the three states meet.

Johnson County (Tenn.) Sheriff Howard Brown said the light plane's shattered wings were found a quarter-mile from the fuselage. He said the plane had not burned and was located in an area that has had "unusually cold weather" this winter. Clement was identified by a personalized checkbook found on his body.

Post Script

New in Eldorado: David Murray, with the T-V cable company, is in the Fred Smith house;

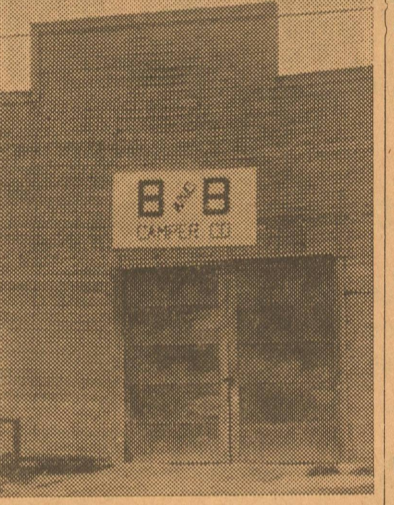

Jessy Cole is new here with Halliburton and in a Fred Riley house.
People moving:
Dee Williams moved Tuesday to Welch, Texas. Tony Cheatham moved to the house he vacated, across from the school.
Margaret Freeman moved to the Billy Carson house.

New subscribers include Gerald Chrisman in Ft. Stockton and Mrs. Glenn Lackey in Abilene.

The above shown landmark building near the waterworks now houses the B & B Campers.

We were by there Tuesday afternoon and Coy Bishop and Bethel Jeffrey were putting finishing touches on seven campers that they were getting ready to take to Midland.

One camper was mounted on a pick-up which pulled a big trailer with the other six campers.

Lots of work still remains to be done but the new grandstand at the arena is now fully constructed except for painting and installing seats. Gosh, but it looks long — and will seat 1200 people!

Our State Representative, Harvey Doran, was a visitor in Eldorado last Thursday and the Success acknowledges a pleasant visit from him.
We think Mr. Doran has made us a good representative. Whenever this county has asked him to perform service on the state level he has always attended to it. He is up for re-election again this year. Two years ago Schlei-

cher county gave him the biggest vote, percentage wise, of any county in the district.
He deserves it again.

The Vernon Carrolls have operated a motel in Brady for several years, and now they advertise elsewhere in this issue that they would be willing to trade it for some Eldorado property. Mr. Carroll operated a welding shop here before health forced him to dispose of it and go into the new line of work, and now they would like to come back here.

HOSPITAL NOTES

Mrs. Roberta Evans Buried Here Sunday

Mrs. Roberta Holland Evans, 51, died Friday in Schleicher County Medical Center following a long illness.

Funeral services were held Sunday afternoon in the First United Methodist Church with the pastor, the Rev. Bobby Palmos officiating. Interment was made in Eldorado cemetery.

Pall bearers were Elton McGinnis, Palmer West, Bill Rountree, Charles Niblett, J. P. Enochs and Ben Hext.

She was born May 5, 1918 in Sonora. She was a member of the First United Methodist church.

Survivors include the parents, Mr. and Mrs. Jud Brannan of Eldorado; three daughters, Rose Marie Meeks of Phoenix, Ariz., Marv Helen Werner of Honolulu, Hawaii and Mary Louise Morton of San Angelo, and 11 grandchildren. Mrs. Evans' husband died last Spring.

Court Of Honor Set

Troop 18 of the Boy Scouts has set a Court of Honor and Pot Luck Supper on Tuesday, Feb. 10th, to celebrate the Boy Scouts of America Anniversary Diamond Jubilee and also Troop 18's birthday.

Scoutmaster Jim Holley has general charge of arrangements. Troop 18 expects to do its part to help make Scouting's 60th Birthday a significant one. The unit has been sponsored here for 40 years by the Lions Club.

Self-Dialed Calls Reduced Feb. 1st

The latest of several reductions in long distance telephone calling costs—effective Feb. 1—provides a real bargain for customers who dial their own out-of-state station-to-station calls, according to L. L. Porter, traffic director for General Telephone Company of the Southwest.

The primary overall effect of the recent changes is that customers who utilize self-dialed facilities are charged less than those customers who utilize the services of an operator in making out of state long distance calls.

"The new rates more accurately reflect the added and increasing costs incurred for operator service and the reduction in costs when customers dial their own long distance calls," Porter said. "Customers who do not yet have access to equipment which permits dialing your own long distance calls, still benefit from the new rates—provided the customer gives operators all of the calling information."

Week end calling represents a major expense. Customer dialed station-to-station calls outside the state made between 8 a.m. and 11 p.m. on Saturday and between 8 a.m. and 5 p.m. on Sunday have been reduced to 70c for a coast-to-coast call. Cost is even less for intervening distances.

The lowest rates for customer dialed station-to-station calls outside the state remain at 35c for a one minute coast-to-coast call, but the time period has been extended one hour, beginning now at 11 p.m. and extending to 8 a.m. seven nights per week.

To illustrate the savings involved in dialing your own out of state station-to-station calls on weekends, Porter pointed out that a coast-to-coast self dialed call costs 70c for three minutes while an operator handled station-to-station call costs \$1.10 during the week end time period of 8 a.m. to 11 p.m. Saturday and 8 a.m. to 5 p.m. on Sunday. A person-to-person call during the same time would cost \$3.30.

"While this example covers the lower week end rates, similar savings apply on daytime and evening customer-dialed station-to-station calls. The easiest way to explain the rate structure effective February 1 is to say money can be saved on out-of-state long distance calls of more than 187 miles—regardless of the time of day the call is made—if you dial it yourself without the assistance of an operator," Porter said. "Person-to-person calls or any call requiring an operator just costs more to handle and therefore it costs the customer more."

First Baptist Church

The WMS ladies voted Monday to help in the collection of "Betty Crocker" coupons for a ministerial student at Wavland Baptist College, who has Bright's disease.

To keep him alive he has to have a kidney transplant or use a kidney machine twice a week at \$600 a treatment.

General Mills has promised to give the student a kidney machine to purify his blood for 600,000 coupons. There will be a box in the foyer of the church for anyone caring to help in this project. We would like to have them by the 15th of February. —R.p.

Here Are This Year's Eldorado Eagles "A" Team

LEFT TO RIGHT on front row are: Sam Oglesby, Archie Nixon, James Pauls, Wayne Doyle. On back row are Micky Clark, Billy Hubbs, Jerry Baty, Roy Jones, and Bob Page. —Success Photo

District Crown — One Step

Although the Eldorado girls always strive to win they will be giving it a little extra against Sonora here tomorrow night because a win will cinch the District 8-A championship for the local girls. Eldorado enters the game with a 21-4 record and a 8-0 district reading. If Eldorado wins it, C. T. Humphries, the district chairman, will be on hand to present the gold basketball trophy to the team immediately following the game.

The green and white Eaglettes have always taken pride in winning district and this will mark the 8th championship in eleven years all under the leadership of Coach Jack Bell. Coach Bell guided the 1960-61 team to the first district title in the history of EHS in girls' athletics and with the years the teams have taken pride in keeping the coveted title at home.

As a matter of interest the Eldorado Eaglettes have won 60 district games in the last 11 years and lost only 10. The green and white girls have not lost a district encounter in four years which is a district win streak of 30 consecutive 8-A games.

Eldorado holds a convincing win over Sonora in earlier district play but the Eaglettes can expect a better fight from them just as they have had from every other 8-A team during the second round of play. One hopeful note is that if all goes well all the Eaglettes will be back in uniform and healthy for the first time in a month.

Tuesday the Eldorado teams will go to Menard for the final game in district. This will no doubt be a struggle of sorts playing in Yellowjacket gym.

So the Eaglettes can wrap it up Friday and Tuesday with a perfect district race and an opportunity to take Bi-District thus advancing to Regional play.

Sweetheart Banquet Set Feb. 16 By Lions

The directors of the Eldorado Lions Club met Monday night and agreed to schedule the annual Sweetheart Banquet the night of Feb. 16th.

Don Timberlake of Colorado City has been engaged to come that night and speak. The affair will be a ladies night and will start at 7:00 p.m.

The Eldorado Lions Club had their regular meeting at noon yesterday in the Memorial Building with A. G. McCormack presiding and the program was a presentation of the restoration work going on at Fort McKavett. This was given by Gulley Cowser, Alan Masloff, local game warden, was program chairman and he will have charge of programs for remainder of February.

RECEIVES A.S.U. DEGREE

An Eldorado student, Judy Beth Meador, completed all requirements for the Bachelor of Arts degree January 26 at Angelo State University. The degree will be conferred during ASU's 1970 commencement exercises May 23.

Mrs. Meador, wife of John Edward Meador of Eldorado, majored in history and minored in government at Angelo State.

She is a 1965 graduate of Hereford High School and is the daughter of Mr. and Mrs. Bill McCorver of Hereford. She attended West Texas State University two years before enrolling in Angelo State in January, 1968.

Eaglettes Comeback 46-34 Last Tuesday

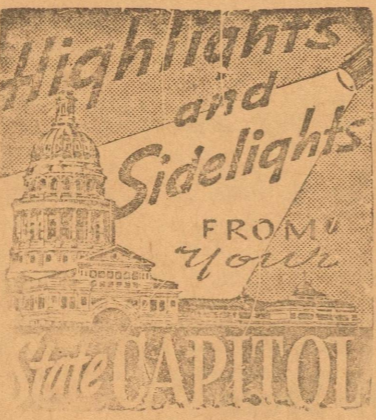

Last Tuesday night Eldorado played the Junction Eagles in Junction and for a while it appeared that the black and gold might pull the upset of the year. Eldorado took an 11-5 lead but Junction fired in 19 points in the second quarter and went ahead of Eldorado 24-21 at half.

The guards were reaching instead of moving and the forwards just could generate no consistent offense. A bucket here and a free throw there kept them going but never smoothly.

At half-time the Eaglettes regrouped, came up with the magic formula called "hustle" and went to work. The third quarter did not produce many points but it put Eldorado ahead 29-23 due to much better defense, by both guards and forwards. Finally in the 4th quarter a few shots began to fall and a big factor was the 10 straight free throws which Kathleen O'Harrow put in during this quarter. These coupled with her other points equalled a 22 point production. Randy Yates was a consistent player all night and along with her 10 offensive rebounds she scored 13 points, 10 of which came in the first half. Sherry Davis came in to give a height advantage and made it pay off as she scored 8 points. Peggy Hill made her contribution as an outside shooter and with some ball control in the final period. She scored 3.

Claudia Meador was the leading defensive rebounder with 12 followed by Lisa McAngus 6, Mary Lynn McCalla and Lisa Whitten 4 each and Gay Lynn Richardson 1. Coach Bell expressed the hope that Sheri Roberts and Lorretta Schooley would be back ready to see some action against Sonora and Menard because with these 2 games plus a practice game with Coahoma next Thursday the girls are beginning a concentrated effort to get ready for Iraan and Bi-District.

Eldorado has a 21-4 record and is 8-0 in district play.

Austin, Tex.—Texans who registered to vote before the January 31 deadline are assured plenty of action for their 1970 registration certificate.

One of the nation's hottest U. S. Senate races is due to rage on through the Nov. 3 general election.

Sen. Ralph Yarborough, 66, of Austin and former Congressman Lloyd M. Bentsen Jr., 48, a Houston business executive, are major Democratic contenders for Yarborough's seat. Whoever wins will face Republican Congressman George Bush, 45, of Houston, in November.

Gov. Preston Smith, 57, may have opposition from Sen. Ralph Hall, 46, of Rockwall, who made a last-minute announcement Monday as a candidate on the Democratic ticket. Hall's application was not accepted by the State Democratic Executive Committee for technical reasons and was referred to the Supreme Court for determination of his eligibility.

Paul Eggers, 50, of Wichita Falls, will be the Republican challenger for the office of Governor in the

general election in November. Republicans talk freely about million-dollar campaigns for Bush and Eggers.

Attv. Gen. Crawford Martin will be opposed by District Judge David Brown of Sherman in the Democratic primary and Corpus Christi attorney Edward Yturri, 42, a Republican, in November.

Republicans came up with a surprising number of statewide candidates before the February 2 filing deadline.

In addition, there will be hard fought local contests in many Texas counties.

Long-time conservative leader Bard A. Logan of San Antonio said he was "tired and needed a rest" so he resigned as chairman of The American Party of Texas. Vice-Chairman H. W. Matthews of Conroe succeeds Logan until the election of a new leader at the state convention.

Chief chore of the American Party now is to get 30,000 to attend its May 2 precinct conventions, so it can qualify to place a gubernatorial candidate on the ballot.

And there will be a sizzling November 3 battle over the liquor-by-the-drink proposition on the constitutional amendments ballot.

Lines are already forming and campaigns shaping up on that.

Treasure Booklet

Land Commissioner Jerry Sadler is now distributing free copies of his booklet, "Treasure Tempest in Texas". It's about the Padre Island galleons and their cargo.

At the request of Corpus Christi Ron. Frances Farenthold, State Auditor George McNeil checked on whether state facilities had been used in printing the booklets. He reported that General Land Office facilities had been employed, but that Sadler had reimbursed the agency \$5,000. "It might be in order for me to observe that it is not unusual for general information brochures to be done at state expense," McNeil wrote, saying that Sadler appears to be "leaning over backwards to avoid criticism."

Printing of brochures is a common practice in many state departments, as a necessary part of informing the public. Thousands of copies of various and elaborate, well written and informative booklets have been provided by numerous departments to the schools and libraries of Texas. Many departments even have their own printing plants.

Sadler's opponent in the Land Commissioner race, Rep. Bob Armstrong has not been critical of the incumbent. Armstrong, a prominent Austin sportsman, began his campaign by calling for stronger conservation measures.

Pollution Fight Set

Texas Air Control Board will ask Attorney General Martin to begin legal proceedings soon against persistent air polluters, particularly in Houston and El Paso.

Pollution issue is being spotlighted by candidates from local to senatorial level.

On January 29, Texas Water Quality Board called on the U. S. Navy, seven towns and three industries to explain poor quality discharges into public streams.

Navy said it would keep on dumping raw sewage into the Sabine River until it gets \$146,000 for treatment facilities.

Towns invited to answer questions about their sewage discharges were Celeste, Center, Greenville, Hemphill, Newton, Quinlan and Timpson.

Attorney General Rules

County commissioners have discretionary authority to maintain streets which are an integral part of the county or state road system, within a city, if the city consents, says Attorney General Martin.

—Banks could validly plead the statute of limitations in escheat action by the state to recover inactive accounts (four-year statute commences to run only after the bank has denied its liability to pay dividends to the rightful owner and has given notice to the owner of the dividends).

—A misdemeanor driver's license case in Wichita Falls must be tried either in the municipal courts or the justice court, where punishment is by fine only, not to exceed \$200. All other misdemeanors so arising must be tried exclusively in municipal courts.

—Probate court has no power to approve claims filed under a section of the Probate Code where claims have been rejected by operation of the law under another section of the code.

—A justice of peace in Bexar county must run for re-election this year due to mistakes in abolishing six justice precincts and creating three new ones in their place back in 1967.

Crime Session Urged

Austin newsman and businessman Wick Fowler has launched a one-man campaign for a special session of the legislature to enact "emergency laws" dealing with criminals and drunk and careless drivers.

Fowler, known as a humorist, was dead serious when he contended that only in a special session could full attention be focused on the rising crime rate and traffic dangers.

Noting there were 3,580 traffic deaths last year, he said: "Had this number been killed and injured in one incident, say a tornado or hurricane, the state would be overwhelmed by hysteria." Fowler also pointed out that there were 200,000 major crimes committed in the state last year and the crime rate is growing. He urged Texans to petition Governor Smith to call an emergency session of the lawmakers.

Crime Fight

Governor's Criminal Justice Council says that 84% of the 1969 federal crime control money received by governments below the state level in Texas is being used in the state's major cities. Remaining 16% is split between smaller cities, towns and rural areas. Largest amounts were Houston, \$227,000; Dallas, \$201,844; and Fort Worth, \$108,750.

At the state-level, four agencies received \$197,231. They were the Department of Public Safety, Department of Corrections, Adjutant General's Department, and the Commission on Law Enforcement Officer Standards and Education.

Courts Speak

Supreme Court in effect upheld the constitutionality of a law which authorizes a youngster to be declared delinquent if he is behaving so as to endanger the health or morals of himself or others.

High court dismissed the appeal of a teenager sent to a state cor-

rectional school by a county judge before an appeals court ordered him released on bond.

Third Court of Civil Appeals denied the appeal of an Austin high school boy sent to a reform school after his school principal ordered him to empty his pockets and found marijuana. Court said the principal was acting for the father.

Supreme Court rebuffed the effort of major bus companies to prevent Corpus Christi from operating a special bus service outside its city limits.

A Houston doctor, according to the Supreme Court, should not be held liable for damages to a patient who complained that the drug given him for a urinary infection caused him to become dizzy.

Grants Approved

A variety of grants has been approved within the last several days to assist local and regional agencies.

A \$126,521 Office of Child Development grant went to the Community Council of Guadalupe County, Inc., Seguin. Money will go for head start and summer head start programs in that area.

Val Verde County Community Action Agency, Del Rio, received \$122,728 in a community action grant for administration, general services, emergency food and medical services.

A regional planning assistance grant of \$113,775 went to North Central Texas Council of Governments serving 10 counties and 100 units of government in the Dallas-Fort Worth region.

Community Council of Uvalde, Kinney and Real counties, Inc., got a \$64,000 grant for family planning, job development, emergency food and medical service programs.

A smaller grant of \$3,500, made to the Guadalupe County Community Council, goes to special summer youth recreation program benefiting 3,122 boys and girls.

Short Snorts . . .

Texas Aeronautics Commission recommended denial of Air East's application for permit to fly passengers between Galveston and Houston and Galveston and Austin. Spokesmen for Benmet Consolidated Inc. asked the Highway Commission to let it pay for moving a road on Mustang Island to aid in developing a recreational and residential Mecca there.

John Mobley, former executive assistant to ex-Gov. John Connally, has been designated state chairman of Lloyd Bentsen's senatorial campaign.

A \$27,800 federal grant will go to Portland for a city park development.

How to build a useful citizen

Be a Boy Scout Volunteer

You start with a boy about 8 years old. And you teach him how to use his head and his hands to build things. You teach him self-reliance with camping trips and hikes. You put him on a team to learn about fair play, sportsmanship, and competition. You teach him about love for his God, his country, and his fellowmen. That's how Scouting tries to build useful citizens. And it's working.

Good Neighbor H. D.

The Good Neighbor H. D. Club met Wednesday, January 28, at 2:30 p.m. in the home of Mrs. Sherrill Dannheim. Co-hostess was Mrs. E. H. Dannheim, who provided delicious pecan pie.

Seven members and one new member, Mrs. Lester Henderson, were present. Mrs. Ora Sapp attended as a guest.

Mrs. E. H. Dannheim, outgoing president, began the meeting with a humorous definition of a president. Then the new president, Mrs. Annie Speck, took over. Club contributions added funds to the club's treasury. Part of this money is used to send birthday cards to the elderly in this county.

The next club meeting will be February 19 at Eleanor Jeffrey's. The members also designated the month they prefer to hostess a meeting.

Mrs. Krecklow then began her informative discussion on clothing and fibers and care of these. It always seems like Vida can remind us that we are not as fully informed as we could be to be good homemakers. —Rep.

Lions Roar For Scouting

"Liberty, Intelligence, Our Nation's Safety" is the famous slogan for Lions International, the world's largest service organization. Let's paraphrase that slogan and talk about "Lions influence on national Scouting" in our country.

The first Lions club was founded in 1917. One year later Lions-Scouting cooperation began and has grown in every succeeding year. Internationally, a total of 112 countries and geographical locations have both Lions Clubs and Boy Scouts.

Lions-BSA teamwork has been exceptional during all those years. Members of Lions clubs still provide Scout leadership and financial support, assist with special activities, and specialize in giving Scouting to handicapped boys.

Lions clubs today sponsor more than 5,300 Cub Scout packs, Boy Scout troops, and Explorer posts. This is more than any other service club and is one of every eight Scout units sponsored by such organizations. Over 47% of all U. S. Lions clubs sponsor one or more Scout units.

Scouting support has ranged from men at the unit level, working directly with boys, to the International leaders of Lionism. In 1923, Lion founder and Sec. Gen. Melvin Jones stated that Boy Scouting was the greatest single undertaking of local clubs.

This traditional feeling for Scouting has continued to the present day. W. R. Bryan, president of Lions International, is a longtime Scouter. By profession, Director of Management Development, Good-year Tire and Rubber Company, he is currently serving on the national BSA Professional Training Committee.

President Bryan attended the 7th National Jamboree of Scouts in Idaho last year and was one of the main speakers at a jamboree-wide meeting for Scouters who were members of service clubs. He was very impressed with the entire jamboree and made special comment about the jamboree theme. "The theme of Building To Serve fits in exactly with our Lions permanent theme of 'We Serve,'" he pointed out.

Lionism's major emphasis during 1969-70 is on youth. President Bryan repeatedly points out, "Increased cooperation with youth groups such as the Boy Scouts will unite service-minded men with boys who are building to serve. Together they can become a vigorous, dynamic force for the good of mankind."

From a Scouting standpoint, this Lions emphasis on man-boy unity and expanded cooperation with the BSA has an even greater potential. Scouting can become a richer, more meaningful experience for more boys through exposure to the varied talents present in Lions clubs.

Members of Lions clubs and other service clubs are leaders in their communities. Sharing their wealth of talent with boys can be a tremendous boon to Cub Scouts, Boy Scouts, and Explorers through-

out the country. Boys who have the opportunity to associate with men of goodwill tend to develop attitudes of goodwill. Such associations can instill in boys greater interest in good government and civic responsibility. Also, the club's image in the eyes of the public will be appreciably strengthened by such work.

Part of Lionism's emphasis on youth is raising its sponsorship of Scout units to a total of 6,000 by the end of 1970. Meeting such a challenging goal ties in with the Lions International 1970 theme, "Unite Mankind Through Lionism."

Scouting is an educational force which, along with church, school, and family, molds and shapes tomorrow's men. Lions Clubs are strong partners in this process.

Both organizations can look forward optimistically to another 50 years of growth together. —James A. Hess, dir., Organization Relationships Service, BSA, in Scouting magazine.

B.S.A. NATIONAL COUNCIL TO MEET IN MAY IN DENVER

The 60th National Council Annual Meeting will be held May 20-22, 1970 in Denver, Colorado. The meeting will utilize Denver's new convention center complex and more than a dozen major hotels and motels.

Opening festivity for the expected 4,000 plus delegates and wives will be a Western-show and chuckwagon supper. Key delegates will be Council Presidents, Council Commissioners, finance chairmen, organization and extension chairmen, and National Council members. Other key council leaders will also be invited.

World Jamboree Set For 1971 In Japan

There will be 3,000 boys and men in the U. S. contingent to the 13th World Jamboree, August 2-10, 1971, at Asagiri Heights, Fujinomiya, Shizuoka, Japan. Boy Scouts who apply for the trip must be First Class rank and 14 to 18 years of age. Explorers must meet the same age requirement and be registered as Explorers by January 1, 1971.

Cost will be \$750-\$825, plus local council fees. This cost includes jamboree fee, transportation, and tours. The trip will cover 21 days, including 10 days at the jamboree, plus several days, before and after, touring Japan.

Regions and councils will certify their town leadership for their troops. For more information, contact your council office and watch Scouting Magazine. —from Scouting Magazine.

Highway Department Contracts Awarded

Austin, Tex.—A contract for highway construction in the San Angelo district has been awarded by the Texas Highway Commission.

The work will be under the supervision of District Engineer J. A. Snell, and will be in Crockett and Schleicher counties.

Seidel, Inc., of San Angelo, was awarded a contract for grading, structure, base and surfacing on 6.3 miles of Ranch to Market Road 33. Low bid was \$284,219.42.

The project is located 4 miles west of the Crockett-Schleicher county line to 7 miles west of FM 1828. Robert A. McCulloch of Sonora is the Highway Department engineer in charge of the project which will take an estimated 130 working days.

Other Jobs Set

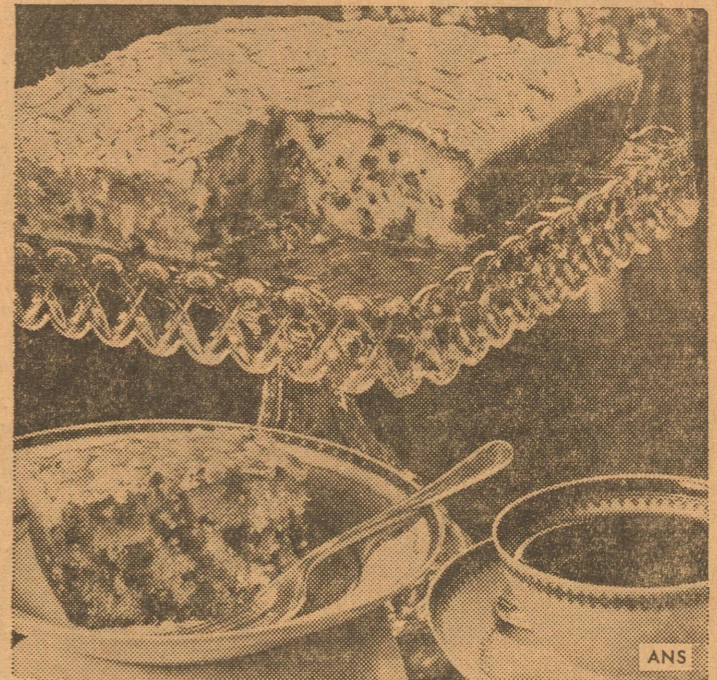

Strain Bros. of San Angelo has contract for:

Schleicher RM 915, 12.1 miles, from FM 1828 to Irion Co. line;

Schleicher RM 864, 9.5 miles, from Sutton co. line to Menard co. line.

Visiting in the home of Mr. and Mrs. Sherrill Dannheim last week was her father, Mr. A. Frank Reed, formerly of Sonora. Mr. Reed now resides at Colonial Nursing Home in San Angelo and visits here about once a month.

Cake from Colonial Days

Well known in Washington's time was this delicious orange cake which had its origin in the Williamsburg colony. The recipe is modernized to use present-day ingredients, like Swans Down Cake Flour, but is faithful to its early American heritage. The orange glaze helps retain the cake's moist and lovely eating quality.

WILLIAMSBURG ORANGE CAKE

- | | |
|------------------------------|---|
| 2 1/4 cups sifted cake flour | Entire peel of 1 orange, finely chopped |
| 1 teaspoon baking soda | 1 cup finely chopped raisins |
| 1/2 teaspoon salt | 1/2 cup coarsely chopped walnuts |
| 1/2 cup butter or margarine | 1 cup buttermilk or sour milk* |
| 2 cups sugar | 1/2 cup orange juice |
| 2 eggs, slightly beaten | |
| 1 teaspoon vanilla | |

*Or use 2 tablespoons vinegar plus whole milk to make 1 cup.

Sift flour with soda and salt. Cream butter. Gradually blend in 1 cup of the sugar. Beat in eggs. Add vanilla, orange peel, raisins and nuts. Add flour mixture alternately with buttermilk. Pour into well-greased 9-inch square pan. Bake at 350° for about 40 minutes, or until cake tester inserted in center comes out clean.

Meanwhile, combine remaining 1 cup sugar with the orange juice. Remove cake from oven and spread glaze over top of hot cake. Return to oven and heat at 350° for 10 minutes, or until glaze bubbles. Cool glazed cake in pan.

B's Bounce Mason

Eldorado's hustling "B" girls chalked up their 10th win of 1969-70 last Tuesday as they defeated Mason 41-22. On offensive Rosellen Maness, Patti Olson, and Barbara Robledo spearheaded the scoring with 15, 13, and 10 points respectively. Judy Hanusch added a basket and Janet Oglesby a free throw to round out the scoring.

Patsy Tampke, Margie Green, Gail Robinson, Janet Davis, Lynn Sanders, and Betty Kay Bradley were the defensive team allowing

3 points in the first quarter, 7 points in the second while there were only 8 and 4 points in the last half. There were very few opportunities for Mason as both the girls on offense and defense were hustling and scoring as well as defending.

Thus far this group has scored 414 points averaging 41 points per game. The defense has allowed only 213 points allowing the opposition an average of only 21 points per contest. A commendable job so far. These girls have one contest left which is a game with Menard B Feb. 10 in Menard.
