Number 20

Eaglettes To State Meet This Friday

The Eldorado girls track and field team will be on their way to the State Meet this Friday and Saturday, Abilene, Texas and the Abilene Christian College track will be the site of the gathering.

Eldorado has been competing in girls track for three years and has been fortunate enough to have entries in the state meet every year.

This year EHS will be represented by Kathleen O'Harrow, Patsy Tampke, Gay Lyn Richardson, Rosellen Maness, Lynn Sanders and Janet Oglesby and Loretta Schooley. Peggy Hill who has run track each year of its existence, who has never missed a track meet, and who has twice run in the state meet will be unable to run with the team due to illness. Her experience and ability will not easily be replaced on both the 880 and mile relay teams.

Kathleen O'Harrow is making her second appearance on the state level as she won 5th in the shot put last year. This year she will try both discus and shot. Janet Oglesby, a freshman who has done very well in track this season, will compete in the 880 yard run. Rosellen Maness, Gay Lyn Richardson, Patsy Tampke, and Loretta Schooley and Lynn Sanders are members of the 880 relay and mile relay teams.

The Eldorado team will stay at the Thunderbird Lodge.

Hospital Auxiliary

Mrs. M. H. Woodward, finance chairman of the Medical Center Auxiliary, reports a very successful completion of the first major project undertaken by the Auxiliary.

The "Flea Market" and some very generous contributions made enough money to pay for the beauty shop equipment installed in the nursing wing of the Hospital and give the Auxiliary encouragement to undertake other projects.

The first of these will be to furnish a family waiting room in the hospital for the use of families staying with seriously ill relatives.

To pay for this and other projects to follow the "Flea Market" will be open once a month as long as contributions come in to supply it. The next opening will be May 28. The Market will also be open Tuesday, May 26 and Wed., May 27 to receive merchandise. All Auxiliary members and others interested citizens are urged to contribute to the market.

Call Pam White at 853-2658 if you need your merchandise picked up.

Girls Take Runner-Up Honors In Qualify Meet

The Eldorado girls track team traveled to Seagraves Saturday to run in the Loop State Qualifiers Meet and came in second with 62 points following Borden county. Twenty-four schools were represented.

Kathleen O'Harrow took third in the discus and second in the shot while Janet Oglesby kicked it in on the 880 run final stretch to take second. Patsy Tampke took fourth in the 440 with a 64.4 time. The 880 relay team of Loretta Schooley, Rosellen Maness, Gay Lyn Richardson, and Patsy Tampke ran a 1:31 for second and the mile relay team who has yet to be defeated this year took first place with 4:18 time. Lynn Sanders ran 66.6, Loretta Schooley 65.5, Gay Lyn Richardson 64.4, and Rosellen Maness 61.8 to nose out Loop who has a fine relay team.

The Eaglettes were performing without the services of junior, two year letterman Peggy Hill who was in the hospital with pneumonia. Peggy was the first leg of the 880 relay and anchor on the mile relay and Coach Bell was using the meet to experiment some to see how to try to replace her. Peggy has run since her freshman year, has never missed a meet, and has run in the state meet twice. Her leadership and ability will be missed.

Over-all the Qualifier's Meet was good preparation for the Eaglettes for the State meet this week end.

Post Script

New window cards are now being displayed advertising the first Junior Rodeo to be staged in the new arena, for two days, Friday and Saturday, June 5 and 6.

As this paper reaches our readers those dates are just three weeks away—and I am getting worried!

At quitting time each day I often drive out to see how the work is coming along, and on several days lately I've noticed no further progress. The grandstand remains unfinished; lots of lumber remains to be bolted in place for seats.

Last Sunday the only person on the job was Arch Orv, and he and his welder were building the frame work for a ticket booth. He said the plans call for a 6-foot chain link fence to separate the parking area from the grandstand, and this will be no small job itself.

New caliche has been spread on a road which encircles the arena. It still remains to be graded, watered and packed. And there is still some touch-up painting to be done. It all runs into a lot of work to be done in the next three weeks and I think it requires a new feeling of urgency on the part of the Jaycees and the Riding Club.

—ps—

On the positive side we see that the concession stand has been repaired and painted, and the rest rooms are in the process of being re-equipped.

It's been a big job which has been going on for over a year. Now in another three weeks it will be opened to the public and will attract rodeo fans from all the region. When they come we want them to see what was originally intended, the best g-d arena in Texas!

—ps—

Our neighboring weekly, the Junction Eagle, last week carried an article about a new nursing home to be built there. The opening paragraphs told it this way:

"Construction is to start immediately on a 70 bed, skilled nursing home on Hospital Drive, said Don Lambert of Sweetwater, here Tuesday to complete purchase of the site.

"Lambert, contractor and lumberman, said he is ready to begin work on the modern K-shaped building which will have 18,000 square feet to be built at a cost of approximately \$280,000."

New nursing homes seem to be the coming thing at present. In Sonora construction is already under way, and we hear that a new one is being considered for Ozona.

And now Eldorado's is in the process of being enlarged.

—ps—

On Sunday night, I tuned in on an NBC special program from 9:00 to 10:00 p.m., which was entitled "A House Divided."

It was an hour-long program and dealt with all the present unrest in our country—the Cambodia invasion—the college demonstrations and anti-war demonstrations of all kinds, including the deaths of four college students in a recent Ohio riot.

Some of the commentators declared that the present unrest in our country was similar to the revolutionary period preceding the Civil War. This caused me to check back in my history books.

—ps—

In 1857 Abraham Lincoln running (unsuccessfully) for Senator in Illinois, delivered his famous "House Divided" speech, so-called from a Biblical quotation (Mark 3:28) in which he declared that the agitation at that time would not cease until a "crisis shall have been reached and passed." He went on to say "A House divided against itself cannot stand," but he said he did not expect the house to fall, but expected it would cease to be divided. It will become all one thing or all the other.

—ps—

I don't know if the crisis we have today is as serious as they had 112 years ago, but it was set off then by military might and the forces of law and order.

Of course I don't know the answer to all these things, but I find myself looking ahead to the 200th anniversary of our republic—the year 1976. It should be interesting, if I'm still here, to see what sort of country we have by then.

—ps—

Remember to have your Greeting-Advertising message in one of our special editions for the grads!

Phone Connections Made By Eldorado Parents With Wounded Son in Japan Military Hospital

Wayne McGinnes, son of Mr. and Mrs. Elton McGinnes, was reported wounded in action in Viet Nam on May 4th. The report came to his parents here the next day. There ensued several days of agonizing delay until Elton and his wife finally were able to contact their son.

This was accomplished about 2:00 a. m. Monday May 11th when they were able to talk to Wayne and he answered from a U. S. military hospital in Japan.

The fact that the parents here in Eldorado were able to get connections and speak to their son is a wonderful testimonial to the efficiency of American communication systems.

Wayne acknowledged that his injuries were major but reassured his parents that they were "something he could live with." He admitted the loss of one eye and the amputation of a right leg below the knee, but he was strong in praise of the care he was receiving. He also mentioned he was being "patched up" in several places. Of course he admonished his parents "not to worry."

Although the conversation was not limited it still left many questions unanswered. It seemed to be understood that after about 8 days Wayne would be flown to the States and would probably land in hospital at San Antonio.

For months we have read reports of American casualties in Viet Nam and regarded them only as statistics, but it comes home when it is one of our local boys.

No doubt Wayne will be glad to get mail. Here is his address:

Sgt. Garland W. McGinnes 467-80-5614
249 General Hospital, Camp Drake, Japan
A.P.O. San Francisco 96267

R. Meador To Travel To Russia & Europe

Rusty Meador, son of Mr. and Mrs. Ed Meador, and a sophomore at SMU, will be leaving Saturday, May 16 at 3:00 p.m. on a 45 day tour of Russia and Western Europe.

He will be traveling with Randy West of Kerrville, Texas, who is a law student at SMU. The trip will be on an independent status. There are no organized tours planned except for two one-half-day tours in Russia. Modes of transportation for the two will consist of trans-Atlantic flights via Finnair Airlines.

After leaving Russia the two will travel by Eurail through most of eastern, central and western Europe. Points of interest include Helsinki, Leningrad, Moscow, East & West Berlin, Amsterdam, Vienna, Salzburg, Venice, Lucerne, Rome, the French and Italian Riviera, Paris, London, Edinburgh, Glasgow, and Dublin. Rusty plans to be back around the 1st of July.

Graduation Editions Coming May 21, 28

The coming two issues of the Eldorado Success, for May 21 and 28, will cite the 1970 Senior Class of Eldorado High School.

We will carry photos and write-ups of all 34 of the grads, along with other news pertaining to them. We also hope to include the class will and prophecy, as we have for other classes in recent years.

The crew have already done quite a bit of the work on these special editions and we hope that they will be kept and treasured by the class members and their friends in years to come.

Drum Major, Twirlers, Elected Monday

Miss Mona Beth Wagoner, daughter of Mr. and Mrs. Damon Wagoner, was chosen by the members of the band to be their drum major for 1970-71 school year. Miss Wagoner, a twirler for two years, will be a Senior.

Selected as twirlers were: Judy Hanusch, daughter of Mr. and Mrs. Ray Hanusch; Marian Bland, daughter of Mr. and Mrs. Bob Bland; Peggy Hanusch, daughter of Mr. and Mrs. Lee Roy Hanusch; Jean Rountree, daughter of Mr. and Mrs. Bill Rountree; Debbie Johnson, daughter of Mr. and Mrs. Lloyd Johnson; and Shery Davis (alternate), daughter of Mr. and Mrs. Jim Davis.

C of C Group Meets

The Schleicher County Chamber of Commerce held its monthly meeting Wednesday in the OEO building.

Committees were appointed and are being contacted at this time. A beautification committee should go into action immediately.

Also final plans are being made on making brochure about Schleicher County. You would be surprised at the number of inquiries received about our community each month. —Rep.

COMMISSIONERS MEET

The County Commissioners held their regular meeting this month and agreed to sell the used car from the sheriff's department to Hugh Killebrew who submitted the high bid of \$925.

At the same meeting, they voted to increase the salary of Sam A. Whitten to \$462 a month.

Two From Here To Receive A&M Degrees

College Station, Tex.—Two Eldorado students are among 1,526 degree candidates who have applied for spring graduation at Texas A&M University, announced Admissions Dean H. L. Heaton.

Heaton said the May graduating class includes 389 students seeking advanced degrees. Ph. D. candidates total 122 and 389 filed for master's degrees.

Baccalaureate degree candidates include 1,137 seniors.

Commencement exercises will be conducted May 23. Degree candidates from Eldorado are: Philip Arthur McCormick, B. S. in agricultural economics, of Eldorado; and Michael Edward McCray, B. S. in animal science, of Eldorado.

Jim Ridge Speaks At Lions Club Meeting

Jim Ridge of San Angelo, who is executive director of the Concho Valley Council of Governments, was the speaker for the program at the meeting Wednesday noon of this week of the Eldorado Lions Club. He was introduced by Eldon T. Calk, mayor of Eldorado.

Boss Lion A. G. McCormack presided at the meeting and Lion Bill Rountree is program chairman for this month of May.

Lion Bobby Palmos gave the invocation.

Med. Auxiliary Meets

The Schleicher County Medical Auxiliary held its monthly meeting last Thursday morning in the hospital dining room.

A new member, Mrs. Cecil Pearce, attended and the total membership is now 53.

Committee reports took up most of the program but were all very encouraging. Mrs. James Page reported that the medical career film was enjoyed by all.

The beauty shop is in operation and a donation paid the debt owed on the materials bought.

Mrs. Jo Woodward was thrilled to report a profit of \$292 on the Flea Market and hopes to open it one or two days a month to continue the sales. A special thanks goes to all who donated items. Many of those donating are not auxiliary members and the efforts were very much appreciated.

The gift shop is open and operating. Auxiliary members are making or donating small gifts and would appreciate help from anyone interested. Mrs. Delbert Taylor can answer any questions along this line.

Three new projects were adopted by the membership Thursday. They are to furnish a waiting area for those who have loved ones in the hospital; to begin work on establishing a scholarship fund to help someone here interested in furthering their career in a medically related field; and to begin room in the new addition of the nursing wing. —Rep.

BUFF WHITTEN BACK HOME

YNSN William Wiley (Buff) Whitten returned home from Saigon, Vietnam, for Mother's Day. He spent a year in Saigon as a clerk typist. He has a 30-day leave and then will go to Ethiopia, East Africa, for 18 months. He is enjoying dear old Eldorado, family, and his many friends.

Final Exams Set

Guy Whitaker, high school principal, announced the following schedule for Final Examinations:

Tuesday, May 19
7th Period ----- 1:00 to 2:30 p.m.
Wednesday, May 20
2nd Period ----- 8:30 to 10:00
4th Period ----- 10:30 to 12:00
6th Period ----- 1:00 to 2:30
Thursday, May 21
1st Period ----- 8:30 to 10:00
3rd Period ----- 10:30 to 12:00
5th Period ----- 1:00 to 2:30

All students must spend at least an hour on each test.

Thursday, May 21, will be the last day the lunch room will serve the noon meal. Buses will run that day at 2:30.

Awards Program
The Awards program will be held Monday morning, May 25th, starting at 8:05.

Rites In Angelo For Mrs. W. G. McAlpine

Funeral services were held Friday in San Angelo for Mrs. W. G. (Lola) McAlpine, 77. Interment was made in Lawnhaven Memorial Gardens.

Mrs. McAlpine died at 12:47 a.m. last Thursday in Rabbs Nursing Home.

She was born Feb. 10, 1893, in McKinney. She was married to W. G. McAlpine Dec. 7, 1911 at Eola. She was a member of the Park Heights Baptist Church, San Angelo. Mr. McAlpine died Sept. 23, 1969.

Survivors include two daughters, Mrs. Roy Crider of Iraan and Miss Juanita McAlpine of San Angelo; three sons, Wesley McAlpine of Midland, Pat McAlpine of San Angelo and Harlan McAlpine of Eldorado; three brothers, B. A. Biggs and Clyde Biggs, both of San Angelo and Chester Biggs of Hobbs, N. M.; a sister, Mrs. Tonnie Queen of Ballinger; seven grandchildren and one great-granddaughter.

Party For Senior Citizens Tomorrow

The month of May has been dedicated to the Senior Citizens of America. Proclamations from the president of the United States and from the governor of Texas designate May as Senior Citizens month.

On Friday, May 15, at 2:30 p.m. in the Memorial Building Senior Citizens of Schleicher county will be honored with a party and everyone in the county is invited, regardless of age.

As in previous years the mood of the party is set for different groups. For the "42" players there will be all the necessary requirements for a good game; the visiting is always fun; a variety of games and puzzles for any one wanting to try their luck and the refreshment table is usually a popular center.

Hostesses for this event will be members of the Schleicher County Committee on Aging and assisting the committee will be members of County Home Demonstration clubs.

The party is for everybody—junior citizens and senior citizens alike; come and bring your favorite from either group.

Memorial Building, 2:30 on the afternoon of Friday, May 15 is the place and time.

Two From Here to Receive Degrees from ASU May 23

San Angelo, Tex.—Two Eldorado students are among 240 candidates for degrees at Angelo State University this spring.

They are Pamela Gene Love, due to receive the Bachelor of Science degree, and Judy Beth Meador, a candidate for the Bachelor of Arts degree.

ASU's graduation exercises are scheduled for 9:30 a.m. Saturday, May 23, on the academic mall in front of Porter Henderson Library. Commencement speaker will be Dr. Grover Murray, president of Texas Tech University.

COUNTY DEMOCRATIC CONVENTION HELD

The County Democratic Convention convened Saturday afternoon in the District court room and Dick Preston presided.

Elected as delegates to the State Convention to be held in Dallas Sept 15th were Dick Preston and Charles Adams. Alternate delegates are Guy Whitaker and Mrs. Dale Presto.

Resolutions were adopted endorsing the Democratic slate of officers for the November election and the state level officers in the Democratic party.

ASSIGNED IN KANSAS

Army PFC-E3 John T. Whitten and family are in Fort Riley, Kansas. They report the weather in Kansas much different from Texas.

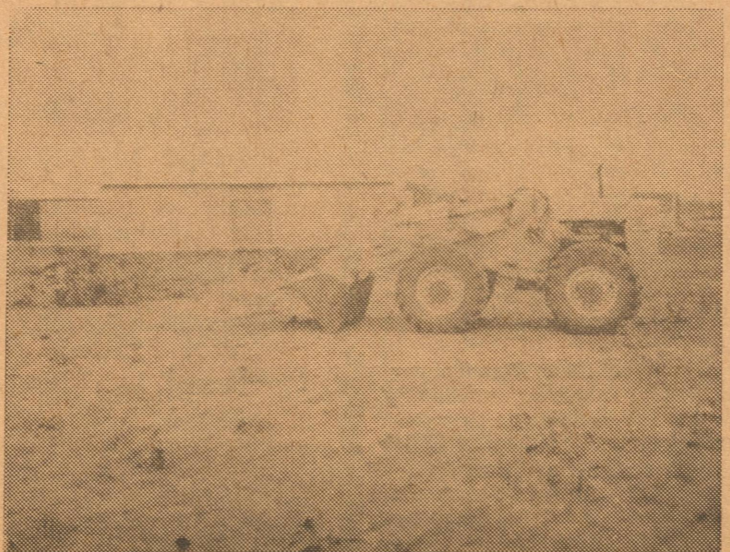

LUBBOCK HIT BY TORNADO

As we go to press, West Texas cities are rushing aid of all kinds to Lubbock, which was hit by a major tornado Monday night.

Although many local people have relatives and college students at Lubbock, there were no reports of any of them being hurt.

This tornado has been described as the most destructive one in Texas in 17 years.

Work Starts On New Addition To Hospital

Earth-moving equipment is shown west of the nursing home wing of the local hospital as work started this week on an addition.

—ADDING MACHINE PAPER, roll 35c at The Success Office.

COUNTY AGENT'S COLUMN

by Ting Godwin

Schleicher County Agricultural Agent

The four-leaf clover is the symbol of good luck to many people. But to the 4-H Club members in Schleicher county, it has a different meaning.

The four-leaf clover with an H on each leaf is the well-known symbol of 4-H, the youth program of the Texas Agricultural Extension Service and other State Extension Services throughout the nation. Since its beginning, 4-H has served about one out of every five adults in the nation. These millions of alumni and the more than three million boys and girls now enrolled provide evidence of the pleasures and values of being a 4-H member.

For boys and girls between the ages of 9 and 19, 4-H offers opportunities for the development of good character and leadership. Learning to work together and accept responsibilities along with exploring career opportunities and learning skills are all part of 4-H Club work. 4-H'ers grow strong together, learning to be responsible citizens and competent leaders.

4-H is directed in Schleicher county by County agricultural and H. D. agents with valuable assistance from adult and junior vol-

unteer leaders. The Schleicher County Leaders Association is working to give youths programs for the summer as well as for the year 1970-71. Leaders selected to organize and co-ordinate youth activities with the Riding Clubs other than Junior Rodeo activities (AJR) are Mrs. Lee Williams, Lee Williams, John Rae Powell, Jim Cawley and Mort Mertz.

4-H leaders are busy re-writing stock show catalogue in which all classes of livestock to be shown are listed and general and specific rules as to feeding and management are stressed.

A county-wide meeting will be called by Ronnie Mittel, president of adult leaders, in which all parents of 4-H and FFA and youth members are requested to attend in which the 1970-71 program will be explained. This date will be announced soon.

If you have built castles in the air, your work need not be lost; there is where they should be. Now put foundations under them.

Destructive pests can reap the harvests of food and feed crops more effectively than man himself if they are allowed to multiply and

go their own way. Man must win the war against insect pests, or else we face disaster.

Modern pest control involves the use of cultural, biological, mechanical and chemical methods. Today chemical pesticides continue to be the single most effective method for use in protecting our food, fiber crops.

The front-line battle against insects is carried on primarily by the farmer, rancher or timber producer as they seek to protect their products, or by the housewife in her home and the suburbanite tending his own garden and lawn.

Each of these front-line people should be aware of many things each time they do battle with the pests. They should know the correct identity of the insect; know what material is best for its control and how to use the material correctly and safely.

Chemicals are safe when used in accordance with label instructions; therefore, it is the responsibility of the user to read and understand printed instructions.

True merit is like a river, the deeper it is, the less noise it makes.

Bagworms, damaging pests of evergreens and occasionally of broadleaf plants, can now be found feeding on these host plants.

Evergreens should be examined closely and if small bagworms are found, control measures should be applied.

The worms will be difficult to see because of the bag which they construct around themselves to which foliage is attached. As the bagworm feeds and grows larger, so does the bag.

Heavy infestation of bagworms can completely strip the plant of foliage. When this happens the plant may be lost.

The same plants are infested by bagworms year after year unless control measures are applied.

Control measures are most effective when worms are small and before serious damage is caused to plants.

Spray applications of malathion, carbaryl (Sevin), lead arsenate, or toxaphene are effective for control of bagworms. These materials are available under several trade names from nurseries and garden supply stores.

Directions given on the label for application should be carefully read and followed.

Additional information on the bagworm and other ornamental pests is available at my office.

The price of greatness is responsibility.

Tornado Season Is Now Here In Texas

Austin, Tex.—The sky grows dark and threatening, and off in the distance a dull roar can be heard as a funnel cloud dips from the sky.

A tornado has formed and threatens damage to life and property.

That sort of scene, according to the Texas Safety Association, occurred 127 times in Texas during 1969. The statewide safety group points out that the tornado continues to be Texas' top weather worry.

According to the safety association, tornadoes occur at any time of the year, but they occur most frequently in Texas between March and October. During May of last year 65 tornadoes were reported in the state.

The damage from the 1969 storms amounted to \$2,341,750 and there were three deaths in Texas.

The Texas Safety Association says the U. S. Weather Bureau, State Civil Defense and Disaster Relief, and the Texas Department of Public Safety have prepared a list of rules to follow in case of a tornado disaster.

The safety association points out that to know these rules may mean the difference between life and death.

Here are the tornado safety rules:

1. The safest place to be during a tornado is in a cave or a storm cellar. When time permits, go to a tornado cellar, cave, or underground excavation which should be kept fit for use, meaning free from water, gas or debris, and preferably equipped with a pick and shovel.

2. If you are in open country, move at right angles to the tornado's path. Remember that tornadoes move ahead at about 25 to 40 miles per hour as a general rule. If there is no time to escape, lie flat in the nearest depression such as a ditch or ravine to avoid injury from objects being hurled through the air.

3. If you are in a city or town, seek inside shelter, preferably along the inside walls on the lower floors of a steel reinforced building. Stay away from windows.

If you are at home in a frame-house, the southwest corner of the lowest floor (preferably a basement) offers greater safety. People living in brick or stone houses should find other shelter, such as a storm cellar or the southwest basement corner of a frame house.

Texas Agricultural Products in Recipe

TAP have become familiar letters on billboards, signs in food stores and other prominent advertising areas.

Letters TAP are of significant importance to most of us—they stand for Texas Agricultural Products.

I have dozens of recipe packets prepared by the Texas Department of Agriculture which will be made soon available at your favorite food store. Ask for them.

Below is a recipe for carrot cake which the Department is featuring this month.

CARROT CAKE

- 1 cup grated Texas Carrots
- 1 cup sugar
- 1/2 cup vegetable oil
- 1 1/2 cups sifted all purpose flour
- 1 teaspoon cinnamon

- 2 eggs
- 2 teaspoons baking powder
- 1/2 teaspoon soda
- 1/2 teaspoon salt
- 1/2 cup chopped nuts

Mix sugar and oil; add eggs, one at a time, beating well after each addition. Add sifted dry ingredients and carrots, beat smooth. Add nuts and blend well. Turn into oiled 8 1/2 x 4 1/2 x 2 1/2 loaf pan. Bake in 350 degree oven 55-60 minutes. Cover cake with aluminum foil for first 20 minutes of baking to prevent cracking.

In obedience to an order of The City Council setting as a Board of Equalization, will be in session at the regular meeting place in the City Hall in Eldorado, on the 9th day of June 1970 at 8:00 o'clock for the purpose of determining and fixing the Values of all Taxable properties in the City of Eldorado, Texas.

L. B. Burk,
City Secretary
City of Eldorado

MY SINCERE THANKS, FRIENDS . . .

I would like to express my appreciation to those who supported me in my successful campaign for County Commissioner, Precinct 4 . . . and to thank all of you who voted May 2.

I will be visiting with each of you again, beginning this week. Your first vote of confidence was most gratifying, and I am looking forward to having your continued support in the June 6 Run-Off.

ALVIN D. FARRIS

Miss Tumlinson To Marry Clay Meador

MISS BERTHA TUMLINSON

Mr. and Mrs. Monroe Tumlinson have announced the engagement of their daughter, Miss Bertha Jean Tumlinson, to J. Clay Meador, son of Mrs. Bebe Green Meador of Eldorado.

Miss Tumlinson, a 1969 graduate of Eldorado High School, is employed by a well servicing company in Odessa.

The prospective bridegroom, also a 1969 graduate of EHS, is a ranchman near Eldorado and plans to attend Angelo State University.

The couple will be married June 5 in First Baptist Church in Mertzon.

Eggers Launches Drive For Governor

Paul Eggers, buoyed by a nearly 14 to 1 Republican primary victory, takes up his drive for Governor again this week after promising "the most aggressive gubernatorial campaign ever conducted in Texas."

His schedule for this week indicates it may be, considering the general election is still six months away. It calls for a solid week of campaigning in various parts of the Lone Star State.

"I have promised a most aggressive campaign," he said. "It will be one in which everyone who seeks responsive state government can join."

In his statement after the primary election, Eggers had already begun chipping away at Governor Smith's record. "Gov. Smith says everything he does is political," Eggers said, quoting an article in the Dallas Times Herald in which Smith said just that.

"The compelling needs of the '70s will require more than the worn-out political approach Gov. Smith is willing to bring to the job," Eggers said. "Certainly, the past year of his administration has been one characterized by chaos in the legislature, questionable appointments and erosion of confidence in the state bureaucracy."

But Eggers also has begun laying out the form his campaign for governor will take. "Texans want someone who will point the way to real solutions to the spiraling crime rate," the Republican nominee said. "They want someone willing to put an end to shameful waste in state government. They want prudence balanced with statesmanlike concern."

"They know they are not getting this from Gov. Smith, and they know these are times in which we cannot afford another two years of the wait-and-see attitude of Gov. Smith."

PAR-TEE

Winner of the Mixed Team play Sunday, May 10 was the team of Jack Hext, Charlie Hahn and Rose Doyle. They won the sudden death play off on the 2nd hole over Bob Bland, Jim Brame and Wayne Doyle. The next team play is scheduled for May 24.

In the Men's Club Tournament the following results have been posted:

Championship Flight— Jack Hext def Vernon Rogers. Danny Barfield def Carroll Ratliff.

Carroll Ratliff def Vernon Rogers to take 3rd place win in championship flight.

In consolation Buddy White def Joe Christian. Paul Page and Wilson Page have not played.

First Flight— Bob Bland def Ralph Waldron. Dick Preston def Arch Mittel. Ralph Waldron def Arch Mittel for third place in first flight.

In consolation Jack Hanes def Delbert Taylor. Tiny Godwin def Cecil Scott.

Second Flight— Cecil Pearce def Guy Whitaker (1st round). Howard Derrick def Cecil Pearce (2nd round).

Howard Derrick def John Pitts (Final round). Howard Derrick is the winner of the 2nd flight with John Pitts as runner-up.

In consolation Ken Rosford def Ronnie Sauer. Gary Wallace def Guy Whitaker.

Third Flight— Mark and Short have not played; A. (Arnie) G. McCormack def E. C. Peters.

In consolation— Ber Hext def Charlie Hahn. W. L. Kinser def Pen Barker.

In the Women's Club Championship, Round Robin tournament the following results were posted: Eddie Mae Kinser def Gladys Mittel. Mary Robinson def Mary Waldron.

Ernestine Hext def Rose Doyle. The final rounds of this tournament are to be played this week.

We are very happy to have Melissa (Mrs. Jimmy) O'Harrow as a new member of the Eldorado Golf Club as well as the Women's Golf Association. Jimmy does not play golf—yet—but we are still working on that! Welcome!

Bob Bland played in the Cities Service Company Golf Tournament at the Odessa Country Club this past week. I don't think he came in as the Cities Service Co champion, but he did better himself 3 golf balls. Congratulations Bob! Anybody that can putt those fast greens well enough to win 3 golf balls is GREAT!

Mrs. E. T. Davis was here during the week end, also Mary Lee Davis of Dallas. Mrs. Davis now lives with the R. R. Richard family in Houston.

Eldorado-Divide District News

District Grass and Range Judging Contest

The Sonora 4-H Team No. 2 took first place Saturday, May 9, at the Eldorado-Divide Soil and Water Conservation District range judging and plant judging contest at the Walter Pope ranch eight miles southwest of Fort McKavett, Texas. Members of the 1st place Sonora team included Sheila Alexander, Cora Pope, Sarah Allison and Bill Finklea.

Second place went to the FFA team from San Saba and was comprised of Ray Maulsby, Monte Lively, Jerry Kidd, and Joe Ellis. The third place went to Sutton 4-H No. 1 and was composed of Eddie Alexander, Roger Langford, Janet Pope and Larry Finklea.

The top 10 individuals included Cora Pope, Sarah Allison, Monte Lively, Jerry Kidd, Ray Maulsby, Joe Ellis, Sheila Alexander, Alton Everett, Janet Pope, and Eddie Alexander.

The annual Forrest Runge Memorial Award went to Cora Pope.

Others in attendance who assisted in handling the contest and enjoyed the fine barbecue dinner included Mr. and Mrs. Tom Everett, Ozona; Mrs. Ruben Whitehead, Ozona; Mr. R. J. Everett, Jr., Ozona; Mr. Clint Langford, Sonora; Mrs. udy Finklea, Sonora; Mr. Edgar Glasscock, Sonora; Mr. and Mrs. Otis Deal, Eldorado; Mr. and Mrs. George Humphrey, Eldorado; Mr. Voy Lee Buts, Christoval; George Powell, San Saba; Bill Rountree, Eldorado; Dr. Bob Ragsdale, College Station; Walter Wallis, Eldorado; and Mr. and Mrs. Walter Pope III, Ft. McKavett.

The contest went off very smooth and was set up to really test the skill of the contestants.

School Menus

(All meals served with hot rolls and milk.)

Thursday, May 14: Turkey pot pie, English peas, tossed green salad, fruit cobbler.

Friday, May 15: Sandwiches—tuna salad, pimento cheese, ham salad, stewed prunes; hash brown potatoes, celery sticks, ice cream cups.

In Those Days
Compiled From Success Files
ONE YEAR AGO
May 15, 1969—Vickie Jones was elected queen of the Eldorado Lions Club.
Mr. and Mrs. Hollis McCormick were honored on their 25th Wedding Anniversary.
Mrs. S. D. Harper was recovering from surgery in a Fort Worth hospital.

FIVE YEARS AGO
May 13, 1965—Coach Earl Barnett announced Track lettermen as Ronnie Griffin, Jack Montgomery, Sam Henderson, Danny Richardson, Joe Phillips, Charles Nixon, Jesse Bosmans, Pat Childers, Roy Davidson, Gary Derrick and John Mayo.
Tours were set for the week end at the new Ethicon plant in San Angelo.
Nelda Sue McCary and Jerry Lyn Pennington were married in Austin.

Lynda McGinnes was elected treasurer of Sigma Alpha Iota national music sorority at North Texas State University at Denton.
Lloyd Witter of San Angelo showed slides taken in Old Mexico at a Lions Club meeting.
The Peyton Cains honored the Speech Club members with a party at their home.
At State Meet in Austin, Scott McGregor took 4th in slide rule and Mickey Phelps took 5th in typing. The relay team placed 3rd.

12 YEARS AGO
May 15, 1968—Mr. and Mrs. B. L. Blakeway moved back here after living in San Angelo since December.
Miss Janis Watson set May 17 to present her dancing pupils in a recital.
The firemen were called out to hunt for Jodie Wagley after he was missing since returning from a Boy Scout camp-out. They found him asleep under a tree with his Boxer dog.
Mrs. Lizzie Luedecke was elected Worthy Matron of the Eastern Star chapter. Grover Lee Johnson was Worthy Patron.

35 YEARS AGO
May 17, 1935—Mr. and Mrs. Ben Hext went to Brownwood to attend the funeral of her mother, Mrs. W. O. Turner, who was nearly 78 at the time of her death.
Roy Pennington and family of Excelsior Springs, Mo., spent three days here visiting his parents, Dr. and Mrs. H. Z. Pennington.
J. A. Whitten was general chairman of the County Centennial Committee as it met at the Eldo hotel. Sub-committees included Livestock, F. M. Bradley and Don McCormick; editing, C. S. McKinney and Allen Douglas; Highway, E. C. Hill and W. C. Doyle; City Beautification, Mrs. J. D. Ramsey and Mrs. Dollie Edmiston.
Chester Burk, son of A. J. Burk, took over management of the Humble service station on Main Street.
Mr. and Mrs. K. J. Garey and Ernest Hill spent several days this week fishing at Devil's River.
Little Joan Bearce was honored with a party on her 4th birthday at the home of her grandmother, Mrs. W. M. Bearce.

Glynn Hill Making Good Showing At Burnet

Former Vocational Agriculture Teacher of Eldorado, Glynn D. Hill, is making a good showing at Vo. Ag. Teacher at Burnet.
There are 18 Chapters in the San Saba FFA District. The district gave awards in eight different contests. The Burnet Chapter placed; first in Sr. Farm Skills, first in Farm Radio, first in Livestock judging, second in Sr. Chapter Conducting, second in Jr. Chapter Skills.
The chapter members also placed well in the major livestock shows this year.
Grand Champion Hampshire gilt of Open Show at Houston.
Grand Champion Hampshire gilt at Fort Worth.
Grand Champion Delaine Ram at Fort Worth.
Reserve Champion Delaine Ewe at Fort Worth.
Four first place in breeding swine classes at major shows.
Four second place in breeding swine classes at major shows.
Three first place in breeding sheep classes at major shows.
FOR sale or trade for anything of value: drive-in cafe across from school in Eldorado. For information call 853-2227. (M 14-21c)

sheep classes at major shows.
Three second place in breeding sheep classes at major shows.
Several other high placings in swine and sheep classes.
Placed several fat lambs and barrows in major shows.
The Vocational Agriculture program looks even better for next year. There will be 80 students taking Vo. Ag. They will have breeding sheep; Hampshire, Suffolk, and Delaine. Breeding swine; Hampshire, Duroc, Chester White, and Yorkshire. Fat animals will include about 8 head of steers, 100 head of lambs and 100 head of barrows. There will also be a lot of good commercial projects on feed that will not be for show.
It is felt in Burnet that a good active Vo. Ag. program helps many boys in their needed education. It is a fact that 40% of the working population of the United States is agriculture or related fields to agriculture. This should self explain itself why the program is important to our school systems.
QUICK SERVICE on orders for rubber stamps, Dating stamps and stamp pads in stock. The Success.
—GARAGE SALE advertisements MUST be paid in advance. No phone orders, please. —Success.

Consumer Line

How to avoid unnecessary service bills---and beat inflation!
It's easy to avoid unnecessary appliance service calls.
How? Just be sure something's wrong with the appliance before you call a service technician.
Proof lies in the fact that appliance service companies report on automatic washers alone, about 40 per cent of first-year service calls could be avoided.
Service calls on most appliances could be avoided by following these two simple rules.
First, learn all you can about your appliance.
Second, check a few simple items before you call a technician. Not only is it embarrassing to have a service technician tell you the machine isn't plugged in or that a fuse is blown... it can be expensive, too.
How do you learn about your appliances?
When you purchase an appliance, ask the salesman for the owner's manual and installation guide before the unit is delivered. Then sit down with a cup of coffee and read both manuals thoroughly.
The owner's manual is your textbook and the salesman and service technician are your teachers. But it is your responsibility to use them. Ask questions. Don't be satisfied with the answers until you understand your appliance completely. And keep instruction books nearby for quick reference.
If you have lost your owner's manual, write the manufacturer. His address and model number (be sure to give the model number) will be stamped or printed on the appliance.
With proper use and care, you can expect years of trouble-free operation from your appliance. However, as any other machine, appliances may need occasional adjustment.
But, before calling the service technician check these items. They are the most common sources of unnecessary service calls:
1. Electric cord. Is it plugged in? This does happen.
2. Pilot light. Is it lit? Check your owner's manual before trying to light it.
3. Power source. Has a fuse blown or a circuit breaker moved to the off position?
4. Controls. Are they set correctly? Be positive by checking your owner's manual. Give pushbuttons an extra firm push and turn dials in the proper direction.
5. Lights. If not on, check the power source. If the bulb's burned out, your owner's manual will tell you type of bulb needed for replacement.
6. Dust, lint and dirt build-up. This reduces efficiency. Washer filters (if not self-cleaning) and dryer lint screens need to be cleaned after each use.
Dust and dirt can block your air conditioner filter. Check your owner's manual for instructions in changing or cleaning the filter.
Dust and dirt will also build up on the coils, back and beneath refrigerators and freezers. They should be cleaned periodically with a brush or vacuum cleaner attachment.
7. Water supply. Is water flowing into the appliance? Be sure faucets are turned on and hoses not kinked.
8. Doors and latches. Are they properly closed? Most appliances will not operate correctly unless doors and latches are closed tightly.
That's how to avoid the most common unnecessary appliance service calls. However, specific appliances have operating parts that may pose questions in your mind. These will be answered in future articles.
If you've made the basic checks and read your owner's manual and the appliance still doesn't operate correctly... it's time to call for help.
But don't call any fix-it man down the street. Get the job done right. Call your dealer and ask him to recommend a manufacturer's authorized service technician... or contact the manufacturer directly.
Your university extension center, utility home economist or county agent can be an additional source of information.

FM Road Work Set For This County

The Texas Highway Commission today approved development of 4.0 miles of Farm to Market Roads in Schleicher County as part of the 1970 Texas Farm to Market Road Program. J. A. Snell, District Engineer of the Texas Highway Department, said the estimated cost of the work is \$127,000, and is described as follows:

From F. M. 1828 and R. M. 915, East to U. S. 277, construct grading, structures and surfacing.

This work will be under the supervision of R. A. McCulloch, Supervising Resident Engineer, of Sonora.

Work authorized in this county is part of 543.1 miles of Texas Farm and Ranch to Market Roads earmarked for development in the ew program. The program includes 144 projects in 109 counties. Estimated cost of the program is \$22 million.

New construction totals 377.6 miles, with an estimated cost of \$18.2 million. The remaining \$3.8 million represents additional financing on 165.5 miles of previously designated roads.

The additional new mileage will bring the designated Farm and Ranch to Market network in Texas to 39.8 thousand miles. This is 1 1/2 times the combined total of all state-maintained highways in the six New England states. Originally planned to help "get the farmer out of the mud," the network has enhanced the social and economic well-being of millions of rural Texans.

In the new program, 77%—237 miles—of the new mileage is used by school buses; 67%—207 miles—is included in rural mail routes. But the system has not benefitted just the rural resident. Many Farm and Ranch to Market Roads provide access to recreational areas for urban and rural resident alike.

The FM system also includes some of the most scenic travelways in Texas. One-third of the total mileage of the 10 Texas Travel Trails is over roads in the FM-RM system.

Many industries are served by roads in the Farm to Market network. The system has been credited with opening up new areas for industrial growth, facilitating movement of raw materials, employees and finished products.

Gill Charges Fisher Releases False Information In May Newsletter

San Antonio, Tex.—Congressional candidate Dick Gill today charged his opponent with "deliberately misleading his constituents by misstating fact" in an attempt to cover "his pitiful record of ineffectiveness as a Congressman."

In his May 7 newsletter—mailed postage free to his constituents by using his Congressional frank—Fisher noted the passage by the House of a bill designed to cut down on obscene materials in the mail. Fisher then went on to claim that "I was (a) co-sponsor" of the bill.

"This is a deliberate misstatement of fact," Gill charged. "Ovie Clark Fisher was not a co-sponsor of the anti-smut legislation passed by the House on April 28. The bill, H. R. 15693, was a bi-partisan measure introduced by 12 Republicans and 12 Democrats—none of whom were named Fisher.

"As a matter of fact, not only did Ovie Clark Fisher have nothing to do with the bill passed by the House, he was not even interested enough in the legislation to show up to vote on it. The Congressional Record shows that Mr. Fisher missed both roll call votes on April 28, including the vote on the anti-smut legislation.

"Mr. Fisher was among the sponsors of an anti-smut bill, H. R. 13477, which was introduced 10 long months ago. It was reported to the House Post Office and Civil Service Committee on August 12, 1969, and it has languished there ever since with no action being taken—as has been the case with 178 of the 183 bills introduced by

These Are State Qualifiers From Eaglette Team

LEFT TO RIGHT on front row are Rosellen Maness, Gay Lyn Richardson, and Lorretta Schooley. Standing are Kathleen O'Harrow, Patsy Tampke, Janet Oglesby, and Lynn Sanders. Not shown are Peggy Hill and Mary Lynn McCalla. —Success Staff Photo

Mr. Fisher in the past five years.

"After it became readily apparent that no action would be taken on the Fisher smut legislation, the bi-partisan group of 24 Congressmen drafted a good, workable bill and introduced it on February 4. In less than 21 working days, the Post Office Committee reported out the bi-partisan bill—which was substantially different from the Fisher Smut Bill—and it was passed by the House and sent to the Senate only 59 working days after it was introduced. That is what effective representation is all about.

"Mr. Fisher is obviously worried about his pitiful record of ineffectiveness as a Congressman—so much so that he has now begun taking credit for legislation he has nothing to do with. He is deliberately misleading his constituents by misstating fact, and I charge this reprehensible action brings dishonor to the office he holds and is an insult to Mr. Fisher's colleagues in the House."

In commenting on the incident, Gill-For-Congress Campaign Manager Harry Pittman noted that it was not the first time Mr. Fisher had tried to mislead his constituents.

"During his 29 years in Congress, Ovie Clark Fisher has become a master at the art of confusing issues, obfuscating facts, misstating his true position and deliberately misleading his constituents. Our research has shown this to be true, and we have carefully cataloged a long series of such incidents. Mr. Fisher can rest assured that the facts will be presented to the voters as the campaign progresses."

Gill-For-Congress Commit. Chairman Dale Dorn added, "Some people will point to this incident as one very minor case, but I look upon it as a serious breach of Congressional ethics. Congress demands that the men who serve in the various other branches of the government be of the highest moral character—and rightly so. Presidential appointees have been turned down by Congress because of one small indiscretion, one little white lie before a committee; I personally see no reason why the 600,000 Texans who live in the 21st Congressional District should have to expect a lesser code of ethics from the man they have chosen to represent them in Washington."

Home Demonstration Agent's Column

Now, who would have thought of this! With good luck a little one could spend all morning "painting" everything in the back yard, including all the furniture.

A paint brush and a bucket of water don't sound very creative—but they can be.

Jennie Kitching, Extension family life education specialist at Texas A&M University, says they are tools for creativity.

A child will paint everything in sight with the water, she says, and love it. Children like to paint and cover things; this helps develop their creativity.

Bolder parents can give their child finger paint. It is a legitimate excuse for him to be messy and a child does need to be messy sometimes, says the Extension specialist.

One secret to top quality chicken barbecuing is long, slow cooking—between 1 1/4 to 1 1/2 hours, advises Gwendolyn Clyatt, Extension consumer marketing specialist with Texas A&M University.

For barbecuing, choose young, well-meated birds weighing about two pounds. Markets are featuring fryers at attractive prices. Have the butcher split or quarter them, then place them on the grill skin side up, close together.

Baste pieces with barbecue sauce right away, says Mrs. Clyatt. A pastry brush or a clean new dish mop works well for basting.

Turn the birds every five or six minutes and don't spare the sauce each turn. Use cloth gloves or a pair of tongs to turn the meat. A fork will pierce the skin and let juices escape.

If the drumstick bone turns easily, this usually indicates a properly cooked bird.

Here's a recipe for lemon-herb sauce for grilled chicken:

Blend 1/2 cup cooking oil, 1/2 cup melted butter or margarine, 1/4 cup lemon juice, 2 teaspoons salt, 2 teaspoons paprika, 1/4 teaspoon pepper, 1/8 teaspoon thyme and 1/8 teaspoon garlic salt. This makes 1 1/4 cups sauce.

A new imitation whole egg powder will enable those on fat- and cholesterol-controlled diet to include egg-like foods in their meals.

The powder, called Chono, was developed by a major food company, reports Frances Reasonover, Extension foods and nutrition specialist.

Chono, when prepared in scrambled or omelet form, has a taste and appearance similar to whole eggs. It can replace whole eggs in baked custard and egg nog, cakes, pancakes, French toast, breading dips and many other preparations.

Chono combines natural dried egg albumin with an artificial yolk formulated from safflower oil, rich in polyunsaturated fatty acids.

Vegetable Quicks . . .

Lightening Creamed Potatoes

1/2 cup water
1 teaspoon salt
4 cups peeled potatoes, cut in bite size pieces
1/3 cup finely chopped onion
1/2 cup light cream.

In pressure cooker, combine water, salt, potatoes and onion. Cover; bring to 10 pounds pressure. Leave one minute, remove from heat and let pressure go down normally. Add cream. Snip parsley over. Will serve 6.

3-Minute Hollandaise

1/4 cup Margarine
1/4 cup sour cream
1/2 teaspoon prepared mustard
1 teaspoon lemon juice.

Combine ingredients. Heat over low heat. Serve with any green vegetable. Makes 1/2 cup.

Corn Curry

A new way with corn and it is delicious.

3 tablespoons butter
1 1/2 to 2 cups fresh or frozen corn (or drained canned whole grain corn)
2 tablespoons chopped green pepper
2 tablespoons chopped onion
1/4 to 1/2 teaspoon curry powder.
1/2 cup dairy sour cream
Salt & pepper.

Melt butter in skillet. Add vegetables and curry. Cover and cook over low heat until vegetables are just tender; 8 to 10 minutes. Stir in sour cream; season to taste. Heat, stirring occasionally. Makes 4 servings.

Good ways to prepare peas . . .

—Add chopped mint to peas while cooking.

—Add nutmeg, and chopped pickled onions to hot peas just before serving.

—Add thyme (pinch) to peas while cooking.

Hawaiian Rice

1 1/3 cups packaged precooked rice

1/3 to 1/2 cup flaked coconut
Prepare rice according to package directions; add coconut; toss to mix. Makes 3 cups. Serve with curry or sweet and sour pork.

Take precautions when washing fiberglass curtains in the washer. Articles washed next in the machine will pick up the glass particles left behind from the fiberglass fabric. The particles are so tiny they can't be removed. When the articles come in contact with the skin, the small glass fragments will work into the skin and are impossible to be located, even by a doctor.

Set a television tray beside the hostess' place at the table to hold rolls and relishes to pass during the meal. You can also use the tray when serving coffee or dessert.

Select plain or small-patterned wallpaper for small rooms. If you like large-scale patterns, use them in big rooms. It will seem to fill empty space and give a furnished look. Put a small over-all pattern on walls and ceilings of rooms with gable windows and slanting walls. Widen long, narrow rooms by covering long walls with plain paper, end walls with patterned paper. Raise a low ceiling with light ceiling paper or by using striped paper on the walls.

To pack shoe polish for travel, wrap in plastic or enclose in a small plastic bag. Be sure cap is tight. Heat and pressure can cause leaking of even the tightest packages.

State Supreme Court agreed with lower courts that 6,972 acres of Victoria County oil land belong to private owners, not the state, in a prolonged land vacancy dispute. Had plaintiff in the vacancy action been right, Texas might have recovered up to \$100 million in mineral rights.

Dallas grocery chain stores were rejected by the High Court in their effort to obtain a sales tax break due to trading stamps given their customers. Chain wanted to deduct the cost of stamps before figuring the sales tax owed the state.

Third Court of Civil Appeals affirmed \$40,813 in damages to a Temple brakeman injured in Atcheson, Topoka and Santa Fe Railroad braking accident, but cut the award 638,650 below the trial court verdict.

State Board of Education adopted the policy that contributions of ethnic and racial groups should be taught.

Board also proclaimed that literature books must be free of offensive language and that life science texts will present evolution as a theory rather than a fact.

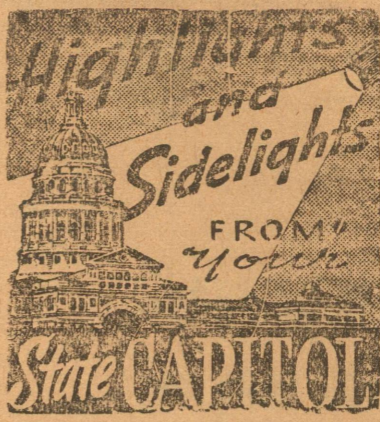

Per capita state aid to local districts was increased from \$114 to \$117 per student for the current school year. Board authorized application for \$1.8 million in federal anti-poverty funds to help train 900 migrant workers for city jobs, approved a \$2 million special vocational program for poor students and empowered the Texas Education Agency to seek a \$50,000 federal grant to continue technical assistance to school districts with desegregation and other ethnic problems.

Gov. Preston Smith named Preston H. Dial Jr. judge of the vacant 175th district court in San Antonio after dial was nominated for that post in the Democratic primary.

Ranadll B. Wood, native of Edom, is new director of elections in the secretary of state's office, succeeding Mrs. Mary K. Wall who retired.

Gov. Preston Smith has named R. L. Thornton Jr. of Dallas to board of regents of Texas Woman's University and Dr. Paul C. Witt of Abilene to State Board of Examiners in Basic Sciences.

Robert A. Hansen of Sioux City, Iowa, will become superintendent

Austin, Tex.—U. S. Sen. Ralph Yarborough and State Land Commissioner Jerry Sadler were upset

victims in the May 2 Democratic primary to Lloyd Bentsen and State Rep. Robert L. (Bob) Armstrong.

Scene of political action now shifts to the general election where Bentsen faces Republican Senate candidate George Bush. Gov. Preston Smith, unopposed in the Democratic primary, is confronted with GOP Paul Eggers. Bush and Eggers won nominations easily over Robert Morris and Roger Martin in the Republican primary.

Atty. Gen. Crawford C. Martin won third term nomination handily over Judge David H. Brown and faces Edward M. Yturri, GOP, in November. Democrat Ben Ramsey had no difficulty with Connie Lawson and is unopposed in November. Truman Roberts defeated Earl W. Smith for Court of Criminal Appeals. James G. Denton appeared to be the Supreme Court contest winner over Matt Davis and Hawthorne Phillips. Lt. Gov. Ben Barnes unopposed in the Democratic primary, is challenged by Byron Fullerton, GOP, in November. Four other GOP candidates will wage token campaigns for statewide office against Democrats.

Capitol Precautions

Tighter security measures may be ordered for the historic state capitol—always open to visitors—in the wake of a violent anti-war demonstration there last week.

Three 82-year-old etched glass door panels were smashed when a mob of 200 obscenity-shouting youths stormed through the rotunda. A tear gas grenade was tossed into the north corridor as police chased the demonstrators back through the building and onto the University of Texas campus.

Twice within the next two days, the capitol was evacuated due to telephone bomb threats. Riot-equipped Department of Public Safety officers took up stations inside or patrolled the grounds as demonstrations continued on the UT campus.

Gov. Preston Smith said damage and disrespect may force tougher security, though the capitol has been the scene of many undisturbed peaceful demonstrations in the past.

Courts Speak

State Supreme Court agreed with lower courts that 6,972 acres of Victoria County oil land belong to private owners, not the state, in a prolonged land vacancy dispute. Had plaintiff in the vacancy action been right, Texas might have recovered up to \$100 million in mineral rights.

Dallas grocery chain stores were rejected by the High Court in their effort to obtain a sales tax break due to trading stamps given their customers. Chain wanted to deduct the cost of stamps before figuring the sales tax owed the state.

Third Court of Civil Appeals affirmed \$40,813 in damages to a Temple brakeman injured in Atcheson, Topoka and Santa Fe Railroad braking accident, but cut the award 638,650 below the trial court verdict.

State Board of Education adopted the policy that contributions of ethnic and racial groups should be taught.

Board also proclaimed that literature books must be free of offensive language and that life science texts will present evolution as a theory rather than a fact.

Per capita state aid to local districts was increased from \$114 to \$117 per student for the current school year. Board authorized application for \$1.8 million in federal anti-poverty funds to help train 900 migrant workers for city jobs, approved a \$2 million special vocational program for poor students and empowered the Texas Education Agency to seek a \$50,000 federal grant to continue technical assistance to school districts with desegregation and other ethnic problems.

Gov. Preston Smith named Preston H. Dial Jr. judge of the vacant 175th district court in San Antonio after dial was nominated for that post in the Democratic primary.

Ranadll B. Wood, native of Edom, is new director of elections in the secretary of state's office, succeeding Mrs. Mary K. Wall who retired.

Gov. Preston Smith has named R. L. Thornton Jr. of Dallas to board of regents of Texas Woman's University and Dr. Paul C. Witt of Abilene to State Board of Examiners in Basic Sciences.

Robert A. Hansen of Sioux City, Iowa, will become superintendent

of Texas School for Blind June 1.

Fifteen-member state textbook committee has been picked and held its first meeting May 8 to begin a 5-month series of hearings on new textbooks.

President Nixon appointed Byron Fullerton of Austin to national advisory council on education professions.

Attorney General Rules

State Credit Union Commissioner cannot enter a proposed truth in lending liaison agreement with the Federal Trade Commission, Atty. Gen. Crawford Martin held in a recent opinion.

In other rulings, Martin concluded that: —State Comptroller can write rules by which Texas Tech University art works can be temporarily exchanged with other universities and museums.

—Texas Tort Claims Act does not cover school districts except as to motor vehicles, but limitation does not apply to Junior College districts.

—Penal code article pertaining to seizure and confiscation of devices prohibited to Espiritu Santo Bay and other waters pending trial, and destruction of the prohibited devices on conviction for possession or use, is constitutional.

Nursing Homes Ask Raise

Nursing home operators, claiming they face financial crisis, want authority to levy a \$25 a month supplemental charge for welfare patients in addition to the state allocation.

Plan seeks a 6% increase in state payments for patients requiring skilled care or a total of \$381 a month. State costs in other categories would decline if families pay the supplemental charge.

Meanwhile, State Board of Public Welfare, which took the request under study, heard new federal family assistance legislation backed by the president would cost Texas \$57 million a year more than present programs.

Welfare

State Board of Public Welfare announced that only 12 counties have not decided on a course of action on the Dallas federal court order that 90 Texas counties must begin food-aid programs for the poor.

These 12 include Archer, Bailey, Blanco, Castro, Gregg, Kendall, Llano, Mills, Oldham, Parmer, Presidio and San Saba counties. However, Blanco, Llano, Mills and San Saba county officials reportedly were working actively on the problem.

Another 31 counties had refused to operate food programs, so the State Department of Public Welfare planned to operate commodity programs at federal expense in Aransas, Baylor, Bosque, Bowie, Clay, Collin, Colorado, Coryell, Deaf Smith, Denton, Edwards, Ellis, Fort Bend, Gillespie, Gray, Cravson, Hood, Jack, Johnson, Kaufman, Kerr, Lamar, Randall, Refugio, Roberts, Rockwall, Rusk, Uvalde, Wheeler, Wise and Wood counties.

Water Rights Hearing

Texas Water Rights Commission will present for consideration its proposed rules, regulations, and procedures for administering the state water rights adjudication law in a public hearing in Austin at 10:00 a.m., June 4.

Also to be considered are proposed rules to govern the operation of Amistad Reservoir near Del Rio.

Commission wants persons planning to comment on its proposals to file written statements before May 30, setting forth their reasons and any other pertinent information.

Copies of the rules may be obtained in advance by writing the W.R.C., Austin 78711.

Short Snorts . . .

Texas Animal Health Commission reversed its policy and voted to inspect sprayed heifers imported from Mexico.

Lubbock received a \$218,972 child development grant and Laredo \$71,894 for migrant rural action demonstration project.

Texas Turkey Federation has petitioned Agriculture Commissioner John C. White for a May 21 hearing on a statewide referendum for self assessment to promote research, promotion and consumer education.

Governor requested federal disaster aid for tornado-hit Cochran, Hockley, Lamb, Hale, Eriscoe, Donley, Gray, Swisher and Parmer counties.

DECORATING MADE EASY

By Richard Butler, Director, Sears Home Fashions Council

Can you readily describe the "mood" of your home? I mean the room-by-room feeling that each room gives you when you enter it.

Room mood seldom is achieved spontaneously. It results from careful planning—knowing your family's preferences, studying the various elements of "atmosphere," incorporating those that suit you into your home.

Color is the major factor in establishing mood. That does not mean that each room should be a different color. I think the best home decors involve no more than two or three colors.

When color ties a house together, the style of the home can change with each room. And style change is important, because a home must provide many worlds within its boundaries.

Let's decorate a hypothetical house where the owners like the colors gold and green.

The living room wants a formal, elegant look, so we'll paint the walls white for an open, spacious feeling. The carpeting and draperies will be gold. The major furniture pieces will be gold or green, including some covered in a pattern combining the two.

The den is meant to have a more intimate and casual feeling. Here, we'll use deeper shades that provide a stronger,

less formal contrast. The carpet and walls will be a dark gold. The windows and the major upholstered pieces will be covered with a plaid or print that combines gold with green.

For the quiet master bedroom, we'll use a patterned wallpaper that has medium gold colors. The carpeting and the draperies may be the same gold or a medium green. The bedspreads may be gold or green.

Let's further suppose that the living room is furnished with formal, contemporary pieces; the den in informal American Colonial, and the bedroom in Italian provincial.

As dissimilar as the furniture styles are, they will blend beautifully, because color brings them continuity.

PEANUTS GIVE NEW TEXTURE TO CHEESE SOUFFLE

Peanut Cheese Souffle is packed with protein from its three major ingredients: peanuts, Cheddar cheese and eggs. It may be served with a tossed green salad for luncheon; French-cut green beans and broiled tomato halves complete a dinner menu.

A souffle, by definition, is a "puffed up" combination of sauce and eggs served as a main dish, accompaniment to the main dish, or dessert. By far the most popular is cheese souffle, which takes on a new look in this variation with the addition of chopped peanuts.

The warm toasty flavor and crunchy texture of Planters Cocktail Peanuts makes Peanut Cheese Souffle an intriguing new addition to any menu. And it's packed with protein from three major ingredients: peanuts, Cheddar cheese and eggs.

The secret of a successful souffle lies in following directions carefully and serving the finished product promptly. White sauce, the basis of a souffle, should be smooth and thick; the egg whites should be beaten until they are stiff but

not dry. The souffle should be baked as soon as the ingredients are combined, and served as soon as it is cooked through.

If it should be necessary to hold the souffle a few minutes before serving, leave it in the oven with the heat turned off. Serving it on a warming stand also helps keep a souffle puffed up.

PEANUT CHEESE SOUFFLE

- 1/4 cup Fleischmann's Margarine
- 1/4 cup flour
- 1/2 teaspoon salt
- 1 1/4 cups milk
- 1/2 pound shredded sharp Cheddar cheese
- 5 egg yolks
- 1/4 cup finely chopped Planters Cocktail Peanuts
- 6 egg whites

Melt Fleischmann's Margarine in top of double boiler. Add flour and salt; blend. Add milk gradually, stirring to blend. Cook over boiling water until thick. Add shredded cheese; stir to blend. Let stand over low heat.

While cheese melts, beat egg yolks until lemon-colored. Stir Planters Cocktail Peanuts into cheese mixture. Gradually stir hot cheese mixture into egg yolks. Return to top of double boiler—not over heat.

Beat egg whites until stiff but not dry. Fold cheese sauce slowly into egg whites. Pour into ungreased 2-quart souffle dish. With a spatula, trace circle through mixture 1-inch from edge.

Bake in slow oven (300°-325°F), approximately 1 hour and 15 minutes. Makes one 2-quart souffle.

Two Angelic Desserts

A simple plastic "extender nozzle" now available at your market on cans of aerosol whipped cream makes it easy for you to create spectacular desserts. By inserting the nozzle deeply into puddings or gelatin desserts, for example, you can literally "put the topping on the bottom". Withdraw the nozzle in a spiral motion. Presto—instant parfait-like layers!

Use the extender nozzle to make pretty Angel Parfaits—angel food cake, orange-marshmallow filling and nuts, layered with whipped cream. Fold aerosol whipped cream into the orange-marshmallow mixture and use as a filling for elegant Orange Angel Loaf. Aerosol whipped cream used as an ingredient in recipes saves the step of beating cream then washing the bowl and beater.

ORANGE ANGEL LOAF

- 1 envelope (1 tablespoon) unflavored gelatin
 - Water
 - 1 can (6 ounces) frozen orange juice concentrate
 - 2 cups miniature marshmallows
 - 1 angel food loaf cake (10 ounces)
 - 1 tablespoon orange flavored liqueur, if desired
 - 1 teaspoon grated orange peel
 - 1 can (7 ounces) aerosol whipped cream
 - 1 orange, peeled and sectioned
- Soften gelatin in 1/4 cup cold water. In saucepan bring orange juice and 2 orange juice cans water to boil; stir in softened gelatin and marshmallows until dissolved. Chill to consistency of unbeaten egg

white. Meanwhile, cut 1/2-inch slice from top of cake; set aside. Pull out pieces of cake leaving 1/2-inch shell (reserve pieces for Angel Parfaits). Place shell on sheet of aluminum foil large enough to enclose it. Stir liqueur and peel into marshmallow mixture. Measure 2 cups whipped cream; with rotary beater or electric mixer at low speed slowly beat into marshmallow mixture. Carefully spoon into cake shell (reserve extra filling for Angel Parfaits); replace top. Bring up sides of foil and seal with double fold; chill several hours or overnight. Frost with additional whipped cream;

garnish with orange sections. Makes 8 to 10 servings.

ANGEL PARFAITS: Fold together 2 cups bite-size angel food cake pieces, reserved orange-marshmallow filling (1 to 1 1/2 cups) and 1/4 cup pecan halves. Spoon into parfait glasses; chill. To serve, place special extender nozzle or 3-inch length of plastic straw on can of whipped cream; shake can. Insert nozzle deeply into parfaits and apply pressure while withdrawing nozzle in spiral motion to make parfait layers. Garnish with pecan and fresh strawberry halves, if desired; serve immediately. Makes 4 servings.

Methodist Notes

This Sunday, May 17, is Pentecost, the birthday of the Christian Church. The pastor's sermon title is "The Tall Fisherman" and Acts chapter two is the scripture basis.

As a part of the observance of this special day the motion picture "In Any Language" will be shown Sunday evening at 7:00.

Then on Wednesday, May 20, the administrative board will meet at 7:30 p.m. This will be a most important meeting as we will elect the remainder of our church officers for next year and also new officers for our administrative board for next year.

Last Monday evening, the Seniors were honored with a salad supper in the fellowship hall.—Rev. Bobby C. Palmos, pastor.

New House Started For Bill McWhorter

A new house is being built on the Mertzson highway, on a Sunset Acres lot for Mr. and Mrs. Bill McWhorter. The location is on the corner just north of the Bobby Sykes residence.

The three-bedroom house will have year-around air conditioning, and erold Ensinger of San Angelo is the general contractor. Construction started Monday.

by Mary Reynolds

Favorite Desserts

Pudding, according to a new consumer survey, is the second favorite dessert in the country.

What's the first? It depends on whom you ask. Children will go for ice cream as their first choice; husbands will take pie or cake. But they all select creamy pudding as the close runner-up.

Pudding Pleases All

The homemaker desiring to please all of her family will want to make pudding a frequent mealtime offering. With some of the new puddings now available, you can make creamy pudding desserts in favorite ice cream and cake flavors.

Think of the dessert pleasure that a luscious banana cream or Bavarian cream pie can bring. They are easy to make with a new line of My-T-Fine puddings and pie fillings just reaching your supermarket. If there's no time for making a crust, simply serve banana cream, Bavarian cream, or butter pecan pudding topped with whipped cream. Or serve fudgier, chocolate fudge pudding, made with rich Dutch chocolate flavor. For a pretty dessert, layer cooled pudding in parfait glasses in alternating flavors, or alternate layers of pudding with layers of whipped cream. Or pour warm pudding over plain cake or lady fingers and top with pretty fruit for a quick company dessert.

Letter From Ballinger Cites Local Stage Band

To: Eagle Bandmaster Wayne McDonald;

I wish to thank you and your stage band for your excellent programs in Ballinger last Tuesday. Our students were very favorably impressed with your performance at the school, and the people in town have been commenting on how well they enjoyed the music in the park.

Wayne, be sure and tell your kids that their behavior, their appearance, and their music were terrific! I really mean it. You've really got a good bunch to work with. I'm sending some pictures that you can have. Our newspaperman took a couple of shots that

you should enjoy. He just keeps talking about how he enjoyed visiting with some of your band.

Let me congratulate you on having such a fine group. I hope that you can come back next year. If all goes well, we maybe can operate as a contest and give a trophy or two (that is, if Central will agree not to compete!!).

Thanks again for coming. Our Rotary Club could never repay all of you for helping us have a successful pancake supper. Sincerely, J. Weldon Moore, Ballinger Independent School District.

Mrs. Viola Finnigan returned recently from Rochester, Minnesota, where she visited Dr. and Mrs. Harold Skaggs and family.

Peachy Pancake Breakfast

As cheery as spring daisies are these delightful Peachy Pecan Pancakes. It's springtime in the kitchen, too, when you short-cut preparation with a convenient pancake mix. These tender, golden pancakes, crunchy with pecans, are topped with bright peach slices and light, delicate maple-blended syrup poured right from the drip-proof bottle.

Prepare Peachy Pecan Pancakes for your family soon, and greet spring with a bit of breakfast sunshine.

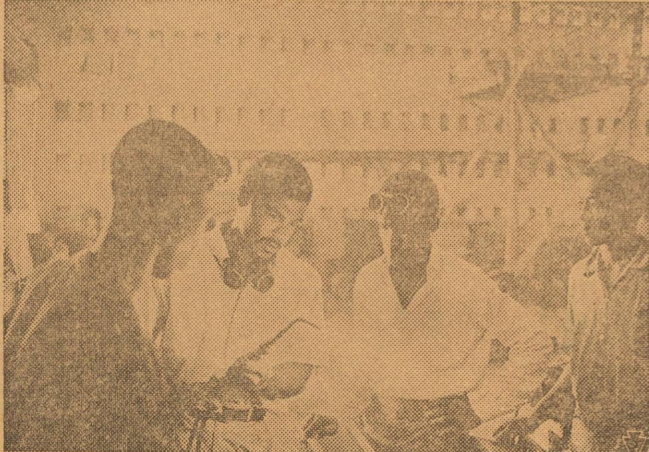

PEACHY PECAN PANCAKES
Makes 4 servings

- 1 cup pancake mix
- 1 cup milk
- 1 egg
- 1 tablespoon melted or liquid shortening
- 1/4 cup chopped pecans
- Fresh or frozen sliced peaches, thawed and drained
- Butter or margarine
- Aunt Jemima Syrup

Place mix, milk, egg, shortening and pecans in bowl. Stir lightly until batter is fairly smooth. For each pancake, pour about 1/4 cup batter onto hot, lightly greased griddle to make 8 pancakes. Turn pancakes when tops are covered with bubbles and edges look cooked. Turn only once.

Top pancakes with sliced peaches. Serve with butter and syrup.

Offer Workers Opportunity to Help Others

The Peace Corps offers people with special skills a new work experience — the opportunity to help people of developing countries meet their needs for trained manpower. This Peace Corps Volunteer teaches welding to 40 boys in Trench Town, a Kingston, Jamaica slum. He was also instrumental in establishing a course of study in the community's trade school, thereby helping hundreds of others. The Peace Corps is now seeking mechanics for volunteer service in Africa, carpenters for Jamaica, electricians for Ceylon, as well as people with other special skills. If you are interested, write to the Peace Corps, Washington, D.C. 20525.
