

One-Time Car Dealer Held On Bank Robbery Charges

JACKSONVILLE, Fla. (AP)—Nationally dressed George Patrick McKinney, 27, who went broke operating a premium car agency here under another name, is under arrest for single-handedly robbing a Floral Park, N.Y. bank of more than \$190,000 a year ago.

The haul was "one of the largest amounts ever obtained by a lone hand in a bank robbery," said Edward J. Powers, special agent in charge of the FBI in Florida.

The FBI arrested McKinney yesterday a few minutes after he reported for duty on a new job, as medical extern at the Duval Medical Center.

He had lived here over 10 months as Wade Patrick Johnson, apparently an up and coming businessman until his car business folded.

A rogue's gallery picture that had been posted only 24 hours — in connection with a burglary in California — led to his capture. A woman noticed the picture in the postoffice at nearby Arlington linked him with the bank robbery through fingerprints.

McKinney, a mild-mannered, tall brunet type with closely cropped wavy hair, at first insisted his real name was Johnson but later admitted his identity. He denied both the bank robbery and the burglary.

"No money was found on him and he claimed he had none, an agent said. Powers said an investigation is under way to determine what happened to the fortune seized in the robbery of the Floral Park office of the Franklin National Bank on Aug. 18, 1953, and McKinney's activities since.

U.S. Commissioner T. V. Casehn set a temporary bond of \$200,000. A hearing will be held when witnesses are brought here from New York. Powers said victims of the bank robbery examined McKinney's photograph and positively identified him as the bandit.

McKinney is reported to have lived here from early 1952 until 1953, working as an automobile salesman. He moved to New York and married there on July 20, 1953, a month before the robbery.

On Oct. 21, 1953, under the name of Johnson, he bought out E. O. Clifton Motors, dealer in Packard automobiles here, for \$66,000. He sold the agency in May after losing about \$86,000, he said, and went to work as a used car salesman.

Duval Medical Center hired him as a medical extern when he applied for employment as a medical student Monday. He told the FBI he had been a medical student at McGill University in Montreal, Canada, for three years.

Chain reactions, often mentioned in connection with atom bombs, have been familiar to men for thousands of years when solid fuel burns, the burning of one part preparing another part for combustion in a chain reaction.

UNCLE RAY'S CORNER

The Raven enjoys a longer life than other birds.

see some of the same birds I looked at 17 years ago. The birds of which I speak are ravens. They enjoy long lives, and often pass the half-century mark. Ages of 75 and 80 years are reported for some of them.

I was impressed by the large size of the ravens on the grounds of the Tower of London. These big birds (which are far larger than crows) seem to be without fear of the throngs of visitors.

The words "as black as a raven" make up an old saying. The common raven has black, glossy feathers. Even the legs and beak are black or blackish.

That is the general rule, but

There are ravens which break the rule. The white-necked raven, for example, has a few white feathers about its neck.

A famous poem, "The Raven," was written by Edgar Allan Poe. The raven of which Poe spoke kept saying "nevermore." Perhaps the poet knew a bird which could speak nothing more than that. Certain ravens, however, speak a dozen words, or more.

An ancient record tells us that

a raven used to cry out, "Tiberius," the name of a Roman emperor. That bird also spoke the names of other members of the royal family; when he died, he was honored with a public funeral.

There are ravens in Asia and North America, as well as Europe. The birds often grow to a length of 26 or 27 inches. They feed on small, dead fish, frogs and small

furry animals. They also eat fruit and grain.

Cliffs and rock ledges are favorite nesting places for ravens. Their bulky nests are larger than the nests of their relatives, the crows. If ravens can find neither cliffs nor ledges, they seek tall trees. From four to seven eggs are laid in the nest in most cases. Tomorrow: Magpies

How To Hint To Pal; Boys Can Prove Shy

Dear Miss Brandon: How can a girl who is well up on other things use such bad taste in clothes? She goes to church in a Marilyn Monroe fashion in backless, strapless, topless, plunging neckline numbers with no hat or gloves. It's embarrassing.

Dear Miss Brandon: There is a boy whom I like very much and he seems to like me. He is very friendly whenever I meet him on the street, but when business is the safe thing to do, but I don't blame you for wanting to set her straight. If she were my friend I'm sure I would be challenged too.

—Louise Marie

Sometimes minding one's own business is the safe thing to do, but I don't blame you for wanting to set her straight. If she were my friend I'm sure I would be challenged too.

—Ellen

He's bashful and afraid the other boys will tease him if they think he likes a girl. In time, as the other boys begin to like girls, too, and he grows up a bit more, he'll overcome this feeling.

—Louise Marie

Here's my guess. She's probably young and trying hard to attract boys. If you don't mind the risk of losing her friendship, do a little

—Ellen

When you talk to him, say nothing personal but manage to discuss things that interest him so he'll know you do like him. Good luck.

SPECIAL CONTEST!

Want to write Beverly about "My Ideal Date" and win an album of records of your choice? Contest now open, ends Aug. 31. Simply write Beverly, care of The Herald, a letter describing an actual, or dreamed-about date — the person, not a single entertainment. Both boys and girls may enter, and there will be a separate first prize of the album of "cat" records for the boy and girl winner. Then a second prize — your choice of a copy of Beverly's "Date Data" or a leather billfold with your initials. Write now, on "My Ideal Date."

—Ellen

For now, don't embarrass him. Talk to him when he seems talkative. Be quiet and businesslike in the grocery store when he is suffering from his acute shyness. He'll appreciate and like you all the better for it.

Big Spring Officer Commands Ship

Cmdr. Robert Halley, USN, has relieved Cmdr. Edward R. Blair as commanding officer of the escort destroyer Waller. He is formerly of Big Spring and is the son of Mr. and Mrs. G. R. Halley.

Cmdr. Halley was transferred to his present assignment from duties on the staff of the commander-in-chief of the Atlantic Fleet. A 1941 graduate of the Naval Academy, he experienced action in the Pacific.

Anglican Leader Claims 40 Million Church Members

MINNEAPOLIS (AP)—Anglicans have a membership of over 40 million parishioners, some five per cent of the global church population, the Archbishop of Canterbury told the World Anglican Congress here today.

—Ellen

The Rt. Hon. Geoffrey Fisher, in a statement, estimated total world church membership at about 800 million and said that reference books setting the Anglican total at about 30 million are incorrect.

Barbers Told To Shun McCarthyism Dispute

LOS ANGELES (AP)—Barbers of California closed their convention here on a note of discretion: the addition of Sen. McCarthy to the "do not discuss" list.

—Ellen

"McCarthyism is so controversial that in barber shops it should be classified, just like religion all ways has been," Vernon L. Rose told the Associated Master Barbers and Beauticians of California yesterday. He is serving his 26th term as secretary-treasurer.

Accused Polygamist Says Count Too High

DETROIT (AP)—Oscar G. Black, 28, was charged in a polygamy warrant yesterday with having three wives, but he insisted the charge should be only bigamy.

—Ellen

"I've never seen you before," he told Mrs. Edna R. Black, who said she has been Black's wife since 1949.

Theda Bara Improves

LOS ANGELES (AP)—Theda Bara, the vamp of the silent screen, is reported in satisfactory condition following a second operation, performed yesterday as an aftermath of an appendectomy she underwent last June 28 in California Lutheran Hospital.

—Ellen

He has also served on the cruiser Indianapolis and commanded various submarines.

Chain Reaction

Chain reactions, often mentioned in connection with atom bombs, have been familiar to men for thousands of years when solid fuel burns, the burning of one part preparing another part for combustion in a chain reaction.

—Ellen

Black was confronted with three women in the prosecutor's office. Mrs. Lillie G. Black said he married her in 1943. Mrs. Belle Carney Saturday in Toledo, Ohio.

The Ancient Greeks

The ancient Greeks believed that the tongues of snakes had healing properties, hence the snake in the symbol used by doctors.

—Ellen

Black was confronted with three women in the prosecutor's office. Mrs. Lillie G. Black said he married her in 1943. Mrs. Belle Carney Saturday in Toledo, Ohio.

50% better mileage—
NOT 5¢ FOR REPAIRS IN 34,400 MILES!

Here's the typical performance record of GMC Hydra-Matic trucks as being reported from all parts of the country. If you'd like an idea of what Hydra-Matic GMC's could do in bettering YOUR trucking operation, take a look at an actual case history.

In this instance, a wholesale baker, who supplies his entire state, put Hydra-Matic GMC's on his longest routes. In racking stop-and-go-work, they're averaging 58 delivery stops per day, 28,000 miles per year.

Here's what their carefully kept records show:
The Hydra-Matic GMC's are getting 12.2 miles to the gallon—50% more than their standard trucks.
In use now up to 34,400 miles, not a wheel has been spent on repairs for any one of them.
Brake linings, usually replaced at 25 or 30 thousand miles, are still in good shape.
Clutch replacement, usually necessary at about 16,000 miles, is completely eliminated.
And the drivers of these Hydra-Matic GMC's are the happiest, most job-contented men you'd want to employ.
Now, how about you? From Pickup to heavy-duty hauler, there's a Hydra-Matic GMC to better any trucking operation. Come in and let's see about yours.

Standard on many models, optional at extra cost on some others.
Get a modern truck!
Be careful—drive safe!

Many do reach a point where they find life stale, flat and unprofitable. But tomorrow the sun comes out and the winter of life turns to fragrance and beauty. Take it one day at a time. "Let the day perish wherein I was born." — Job 3:3.

What's This? Will Our Rangers Start Carrying Umbrellas Next?

There was something in the depths of the depression about what Will Rogers was supposed to have said about "ain't." We can't recapture that particular Rogers classic, but to the best of our recollection it went something like this: "A lot of people who don't say ain't ain't been eating regular lately."

But the purists were shocked, particularly some of Ranger Russell's former schoolmates in Val Verde County, and a certain professor at El Paso's Texas Western College, where Russell was exposed to the vagaries of grammar, who called the ranger on the phone.

We Need To Get Practical For Providing Adequate Defenses

It is time this nation cast into the trash can that silly placebo, "massive retaliation," and buckled down to the long hard chore of building our national defenses along realistic and practical lines.

geared to air transport, an adequate tactical air arm as well as strategic, and a navy capable enough to dominate the seas in spite of Russia's growing submarine fleet.

Matter Of Fact—Joseph and Stewart Alsop

McCarthyism Apparently Will Be No Issue In November Elections

WASHINGTON — Despite all the current ruckus, Sen. Joseph R. McCarthy will not be an important issue in this year's election campaign. Indeed, by all the signs, he won't be any kind of an issue at all.

Some weeks back, he was making what sounded like loud pro-McCarthy noises. Now he says, (among many other things) that he "can't quite understand what all the excitement is about," and that he "just can't see why it's an issue in Illinois."

The Big Spring Herald

Published Monday morning and Wednesday afternoon except Sundays. The affiliated newspapers, the Big Spring Herald, was one of the brave little band of twelve Senators who voted against ducking the McCarthy censure resolution.

"Now Let's Not Make Any Snap Judgment"

The World Today — James Marlow

New AEC Bill Fight May Be Shaping On Disputed Provisions For Patents

WASHINGTON — The Senate is heading into another fight on a bill to loosen up the law on atomic energy and its uses. The Senate recently finished a two weeks' battle on the subject.

Some Senate Democrats argued this wasn't tight enough protection against eventual monopoly by a few big firms. After much debate, the Senate voted this provision: Any firm granted an atomic patent for the first 10 years after obtaining it would have to grant a license for its use by anyone who wanted it.

At this moment no private firm has atomic patents. Because of the secrecy involved and the terms of the 1946 atomic energy law, the government has had complete ownership of all atomic developments. It holds over 700 patents.

Some Republicans argue this violates the constitutional provision which says a patent holder shall have exclusive rights to his discovery. Since the House and Senate bills differed on this and other points, Friday.

Remember, When Bill Arrives, Water Much Cheaper Than Dirt

The opinions contained in this and other articles in this column are solely those of the writers who sign them. They are not to be interpreted as necessarily reflecting the opinions of The Herald.—Editor's Note.

About this time of the year you look at your water bill with the initial impulse of "it ain't so!" Occasionally you look at the consumption figures but mostly it's at the dollars and cents column. You never stop to consider that of all the things you buy, even at what you might think a high rate, water is still the cheapest of all commodities.

Business Outlook—J. A. Livingston

New Reserve Board Governors Familiar With Power Of Money

WASHINGTON — To most persons, the Board of Governors of the Federal Reserve System is like its name—aloof, imposing, and just a bit out of this world. What's it got to do with the price of cheese?

serve experience. Miller is chairman of the board of the Federal Reserve Bank of Minneapolis. Balderston has been deputy chairman of the board of the Philadelphia bank.

After all, they're just two more men on a board of seven. The chairman of the board is the spokesman. He's usually the dominant personality. Yet, all governors have an equal vote even as they have an equal salary—\$16,000 a year. And, at times, individuals can be extremely influential.

Sectional Beauty. UNIONTOWN, Pa. — Five years ago pretty Anna Marie Gergel created a mild furor in a beauty contest at Daytona Beach, Fla. The judges said she couldn't compete because she wasn't a Southerner.

When Eisenhower took office, inflation was still the prevailing economic force. The Reserve Board and the Treasury agreed that credit had to be curbed. Banks mustn't extend loans too freely. By the spring of 1953, money was tight.

POTOMAC FEVER. BY FLETCHER KNEBEL. WASHINGTON — Adlai Stevenson says the Ike administration suffered a "devastating loss" in Indochina. It was all the Republicans' fault—they couldn't get the Democrats to fight either.

Both Balderston and Miller have Reserve Board experience. Miller is chairman of the board of the Federal Reserve Bank of Minneapolis. Balderston has been deputy chairman of the board of the Philadelphia bank.

Seven To Go. HANFORD, Calif. — A pet kitten was attacked by a dog and left for dead. Earth was tossed over the kitten's grave. During the night she revived, clawed her way out and recovered.

Notebook — Hal Boyle

Carpet Business Boasts Fabulous Success Story

NEW YORK — "It takes a damn good man to owe a million dollars," said Eugene T. Barwick. It takes a pretty good fellow to get a million dollars, too. On both counts, Gene Barwick is quite a guy.

Small tufted cotton rugs boomed during the war period, but many manufacturers thought housewives no longer would buy them when wool was more plentiful.

GRIN AND BEAR IT

"I stand for peaceful co-existence wherever honorably possible, questions ... except with my political opponent."

Gene kept right on expanding, went into debt developing new and more efficient machinery. Now he has five plants in Georgia, machines that can turn out a 9-by-10-foot tufted cotton, nylon or rayon carpet every 29 seconds.

Drivers In Mishap Have Same Names

HORSEHEADS, N. Y. — Three cars collided at an intersection yesterday and the drivers found they had more in common than dented fenders.

Both Balderston and Miller have Reserve Board experience. Miller is chairman of the board of the Federal Reserve Bank of Minneapolis. Balderston has been deputy chairman of the board of the Philadelphia bank.

Riding THE GRUB LINE With Franklin Reynolds

There are people who have been saying that they've had about as much of this hot weather as they can stand.

This recalls the story of the judge who had just sentenced a young fellow to the penitentiary for 10 years at hard labor.

"But Judge," the fellow protested in alarm. "But Judge, I can't stand ten years of hard labor. My health ain't good. I'll kill me, Judge. I just can't stand it!"

The judge sat there on the bench and looked down at the prisoner. Then he shook his head as if in doubt.

"Maybe that would be too much," the jurist commented thoughtfully.

The prisoner's hopes soared. He was going to get an easier sentence. His eyes brightened. He even smiled.

"Maybe ten years at hard labor would be too much," the judge continued. "Maybe you aren't strong enough to stand it. But I'll tell you what you do, young fellow. You go on down to the penitentiary and stand as much as you can of it."

arm at the Pike's Peak or Bust Rodeo at Colorado Springs last Wednesday when his dogging steer suddenly turned letting the cowboy fall to the ground as he was leaving the saddle for the catch.

Weekend rains spelled the difference between a good cotton crop and a poor one, or maybe almost none at all, for many area farmers.

Quite a number of farmers have declared their crops have now been made, while others who received lighter rains over the weekend would be pleased with another shower or two before too long. On the whole prospects for cotton look good. This may be due to the fact that this year's prospects are so very much better than in any of the other last few years.

The 1954 Census of Agriculture, made by the Bureau of the Census of the U. S. Department of Commerce, will get under way in this area on Nov. 3, it has been announced.

Census workers will get to work in South Texas as early as Oct. 1, however. The census will be started in other groups of Texas counties at three other dates during October, but in West Texas the workers will not start calling on the farmers until general election day.

One hundred and 18 field offices will be set up in the United States. Six of these will be in Texas at Amarillo, Austin, Corpus Christi, Dallas, Houston and San Angelo. One hundred and 40 crew leaders and 1,953 enumerators will be assigned to Texas, the largest crew to work in any state.

This census is taken every five years.

On the average each farmer will be asked about 100 questions, many of which can be answered by checking the "yes" or "no" boxes on the questionnaire.

Guar has been planted as a soil-improving crop on at least three farms in the Midland area of the Martin-Howard Soil Conservation District.

Lewis Smith has approximately 10 acres on his farm south of Valley View and Sam Preston has another 10 acres in a field not far from the Smith place.

Roy Tillman is doing some experimenting. He mixed Guar with Sudan seed planted broadcast on three acres of his farm north of Midland.

Using the range-pitting machine owned by the Martin-Howard SCD, John S. Braun has pitted 246 acres of rangeland on the Arch Benge Ranch south of Midland.

In the August issue of The Cattlemen there is an article on the Bell Ranch in New Mexico written by S. Omar Barker.

In this article Barker quotes George F. Ellis, manager of the Ranch, as saying:

"As often as not show ring purebreds have enjoyed pampered treatment — lush pasture, special food, good shelter, and so on. Some breeders raise their Hereford bull calves on Holstein or other milk-breed cows instead of their own mothers, so they'll get more milk to grow on. A bull so raised will win ribbons in a show ring, but I wouldn't have him if they gave him to me. The qualities he inherits and passes on to his get don't come from his foster-mother. If his own dam didn't give enough milk to raise a calf right, the odds are that neither will his daughters or granddaughters. On a ranch like the Bell it takes natural good milkers to raise big calves."

Ellis then explained why he prefers horned cattle.

"We prefer horned cattle. We never dehorn anything but beef steers on the Bell. Cows with horns not only handle easier, and therefore easier in a herd, but they're more independent minded, rustle better, give their calves better protection against predators—and any cowhand will tell you they're handier to rope in case you have to doctor one on the range. Horned bulls are more aggressive and less inclined to gang up in 'bachelor's clubs' and lie around in the shade when they should be busy."

Ellis also indicated he is pretty certain eyes trouble in Herefords is greatly a family inheritance.

Bill Lindermann, cowboy from Walla Walla, Wash., who was the 1953 champion all-around cowboy, is holding onto his lead to take this year's championship too.

Headquarters of the Rodeo Cowboys Association lists Lindermann as having rolled up a total of 18,485 points this year, each point representing \$1 earned in rodeo competition.

Buck Rutherford of Lanah, Okla., is second with 17,899 points—or \$17,899. These figures it has been noted do not include Cheyenne's Frontier Days.

Leaders in the individual events include Lindermann in bulldogging; Don McLaughlin of Smithfield, Tex., in calf roping; Des Coppenhaver of Post Falls, Idaho, in saddle bronc riding; Harry Tompkins of Dublin, Tex., in bareback bronc riding; Eddy Schell of Coolidge, Ariz., in team roping, and Jim Shoulders of Henrietta, Okla., in bull riding.

Tompkins is the husband of Mrs. Rosemary Colborn Tompkins, who served as rodeo secretary here in Big Spring last week.

Lindermann suffered a broken

Hereford Tour To Be Sept. 16

Eleventh annual tour of the Howard County-South Plains Hereford Association has been set for Sept. 16.

Loy Acuff, secretary of the association, announced Wednesday that the time for the annual tour had been fixed and that it would be telescoped into a single day this year.

The itinerary, although not completed as of now, will include stops at the places of approximately 12 members.

Plans for the lunch to be served on the tour will be announced nearer the time, said Acuff.

The tour will swing through Howard, Scurry and Dawson counties, and cattle to be shown in the annual association sale here early in 1955 will be seen.

Reports indicate that cattle are in better flesh this summer than perhaps at any time during the past three years.

Businessmen and any others who are interested in seeing progress made by the Hereford industry in this area are invited to join the tour for the day.

Korean Vet

Lt. Harold A. Sanders, son of Mr. and Mrs. Harold A. Sanders Sr. of Foran, and his wife are visiting his parents. Shown with the officer, who recently returned from Korea, is Tony Bologna, of Teague, Korea, who serves as mascot for the 1937th Aeronautics Control System, of which Lt. Sanders was a member.

GI, Czech Bride Ask Her Entry Into U. S.

INTERNATIONAL FALLS, Minn. (U-Pf. William G. White, 24, Kelliber, Minn., and his Czechoslovakian bride of 24 hours were on route today to Winnipeg, Man., to seek her entry into the United States.

White and Erny Pinaker, 27, were married yesterday in a ceremony on the International Bridge connecting this city with Ft. Frances, Ont.

Erny, who is in Canada on a nonquota visa, cannot join her husband in the United States until she obtains the proper papers. The Whites hope the U. S. consul in Winnipeg will solve their problem.

The couple's wedding climaxed a two-year romance that began in Frankfurt, Germany, where White was stationed and Erny worked in a home. She left Czechoslovakia in 1946 with her mother and five brothers and sisters.

Fifth And Final Cease-Fire Takes Effect In Indochina

By JOHN RODERICK
SAIGON (U) — The fifth and final cease-fire in Indochina took effect today, officially ending the world's last active war. But the peace stirred no fanfare in this capital city of South Viet Nam.

Commanders of the French Union troops and the Communist-led Vietminh ordered their opposing forces to lay down their arms in South Viet Nam at 8 a.m.

The order was mostly a formality. Fighting had tapered off since the cease-fire became effective two weeks ago in North Viet Nam.

The Geneva agreement to end the eight-year-old war called for truces in five stages to enable the Vietminh to get word to their scattered guerrillas.

Today in this city of two million French, Vietnamese and Chinese, police and military stood at the alert to counter expected Vietminh demonstrations. Armed with tammy guns, they kept a watchful eye on pedestrians and motor traffic.

Otherwise, the day seemed like any other. It was no holiday and there were no outward signs of either rejoicing or sadness.

The final truce today in South Viet Nam marked one of the few periods when the world has been

Exams Announced For Civil Service

Examinations have been announced in several civil service classifications.

Among them are: apprentice 4-c, in Naval Air Station trades, entrance \$13.52 per day; medical officer, \$7,425 to \$10,450 per annum; fishery methods and equipment specialist \$3,410 to \$7,040 per annum; production specialist \$5,060 to \$10,800 per annum; industrial specialist \$4,205 to \$8,390 per annum. Complete information may be had from the civil service clerk at the post office.

Only Pontiac Offers you

AIR-CONDITIONING

with all these big

ADVANTAGES

...ASIDE FROM KEEPING YOU WONDERFULLY COOL!

YOU DON'T SACRIFICE ANY COMFORT! "Constant-Comfort Control" holds just the degree of coolness you want. You never need to shiver from too much cold.

YOU DON'T SACRIFICE ANY TRUNK ROOM! Everything's "up-front". Your Pontiac's roomy luggage compartment stays roomy!

YOU DON'T SACRIFICE ANY BEAUTY! Outside air flows in naturally through hidden scoops behind the grille. No exterior fittings of any kind are required.

YOU DON'T SACRIFICE ANY BEAR VISION! Cooled air enters through ducts on the instrument panel. Rear window vision is unimpaired; you enjoy full head room in the rear seat.

YOU DON'T SACRIFICE ANY FRESH AIR! Pontiac's Air-Conditioner draws in a constant change of refreshing outside air only. Smoke, odors, and stale air are never recirculated.

YOU DON'T SACRIFICE ANY USE! Because of "Constant-Comfort Control", you can increase your comfort in almost every season... whether the temperature is 75° or 105°!

YOUR PERFECT REASON FOR BUYING A Pontiac RIGHT NOW!

TELEVISION LOG table listing station names and program schedules for Wednesday evening.

Yankees Win Title; Gold Sox Triumph

D. R. Gartman's Yankees clinched first place in second half National Little League standings by beating the VFW nine, 15-3, in a game played Tuesday night.

LOOKING 'EM OVER With Tommy Hart

It wouldn't surprise those who know him if Pat Gerald steps down as head football coach at Sweetwater High School after this year.

Wayne Bonner, able assistant coach of the Big Spring High School footballers, came within one vote of landing the head coaching job at Dublin not long ago.

Earl Caldwell of the Odessa club may be catching for the Milwaukee Braves "within three seasons."

Remember Crazy-Legs Hirsch, the pro footballer who visited here a couple of years ago?

Webb lost only one game during the regular season and only last weekend sacked up the title in the Colorado City Tournament.

Richardson plans to quit riding after tonight's game, the Webb.

At Sandown track July 10 Sir Gordon was thrown and crushed at the pad-jock by Queen Elizabeth's colt, Abergeildie.

Rugged Soph

Though he's only been in the major leagues two years, Ray Jablonski of St. Louis is considered one of the best hitters in baseball.

Raider Ticket Sales Increase

LUBBOCK, (SC)—Jimmie Wilson's earlier forecast of increased football ticket sales at Texas Tech is still holding true.

Besides season tickets, Tech is also selling individual game tickets to its five home contests.

Neely Is Added To Texas Roster

WICHITA FALLS—Larry George of Dallas' Crozier Tech and Tom Neely of Vernon have been added to the Texas roster for the Oil Bowl football game here Aug. 20.

Caldwell Retires For Rest Of Year

ODESSA, (SC)—Earl Caldwell, Jr., hard-hitting catcher and a Milwaukee farm hand, has retired from active duty with the Odessa Oilers due to a sore arm.

He is due to be out for the remainder of the season. Physicians advised him to quit for a risk of permanent injury to the arm.

Moore Favored Over Johnson

NEW YORK—Light heavyweight champion Archie Moore, still a great fighter as he nears his 38th birthday, is a 5-8 favorite to whip stolid, young Harold Johnson in a 15-round title bout tonight.

Ford Key Man For Yankees

DALLAS—Ken Ford of Breckinridge and Sammy Blount of Deer Park are due to be the key men in the T formation attacks of coaches Bobby Dodd of Georgia Tech and Jess Neely of Rice in Saturday night's all-star football game of the Texas Coaching School.

Two Texans Added To Hall Of Fame

NEW BRUNSWICK, N.J.—Two renowned Texas football personalities have been named to the National Football Hall of Fame in the first selection in three years.

Secret Is Out

VANCOUVER, B. C.—John Landy admitted yesterday he accidentally cut his left foot the day before he and Dr. Roger Bannister ran the "miracle mile" and said he tried to keep the injury secret so it could not be construed as an alibi.

\$5.00 DOWN DELIVERS A BEAUTIFUL 1954 TELEVISION FIRESTONE STORES

AT 8:15 P. M. Y Series Rubber Game Scheduled

The 1954 championship of the YMCA City Softball League goes on the line tonight at the City Park.

Webb lost only one game during the regular season and only last weekend sacked up the title in the Colorado City Tournament.

Bobby Bryant manages and plays shortstop for the Webb team. Mel Haverman or Dwight Weber will toe the mound for the local Airmen.

Haverman was on the mound in Webb's win Monday over the Coahomans.

Richardson plans to quit riding after tonight's game, the Webb.

Richards Plans To Quit Riding

WORTHING, England—Sir Gordon Richards, pin-striped knight of the saddle and the world's leading jockey, has decided to give up riding at the age of 50.

He'll never ride again in public," he announced yesterday.

"After 34 years as a jockey, every minute of which I have enjoyed, it is naturally with no little regret that I make this announcement," said the man who knew the friendship of kings, queens and commoners alike.

At Sandown track July 10 Sir Gordon was thrown and crushed at the pad-jock by Queen Elizabeth's colt, Abergeildie.

BRONC CARD

BRONC CARD table listing names and associated information.

Wichita Falls, Larry George of Dallas' Crozier Tech and Tom Neely of Vernon have been added to the Texas roster for the Oil Bowl football game here Aug. 20.

George, a back, and Neely, a guard, were picked yesterday. The Oklahoma squad that will meet the Texans also added a pair of players, Bob Witucki of Tulsa's Sascia Hall and Jim Bourn, Tonkawa quarterback, Witucki's brother, Jackie, started in the prep school classic last year.

Earl Caldwell of the Odessa club may be catching for the Milwaukee Braves "within three seasons." As Scout Earl Halstead has predicted. Again he may not.

For one thing, Caldwell is supposed to have an arm that is not in keeping with those belonging to big leaguers.

For another, Milwaukee has two fine catching prospects in its chain system who might get there ahead of Caldwell.

One is Paul Burris of Toledo, returned by Milwaukee to that AAA city this spring.

The other is Mike Roark, currently with Jacksonville. Mike may be the hottest prospect in the Brave chain, a 5-foot-3 1/2-pounder from Rhode Island.

Remember Crazy-Legs Hirsch, the pro footballer who visited here a couple of years ago? Don't be surprised if he quits the gridiron entirely for a movie career. He's supposed to be a comer on the screen.

Webb lost only one game during the regular season and only last weekend sacked up the title in the Colorado City Tournament.

Bobby Bryant manages and plays shortstop for the Webb team. Mel Haverman or Dwight Weber will toe the mound for the local Airmen.

Haverman was on the mound in Webb's win Monday over the Coahomans.

Bruce (Robby) Robbins, who clouted a home run for Webb Monday, will receive the slants of the Duster hurler.

Jim Ward, who has pitched brilliantly on occasion this year, will probably return for the mound for the Coahomans. Billy Paul Thomas, a hard-hitting catcher, will again don the mask to accept Ward's pitches.

Raymond Morrison, who plays anywhere he's needed, is the Coahoma manager.

After tonight's game, the Webb.

At Sandown track July 10 Sir Gordon was thrown and crushed at the pad-jock by Queen Elizabeth's colt, Abergeildie.

His retirement leaves another English-bred jockey—Johnny Longden—as the leading active rider. Longden at 44 has won more than 4,400 races, while Richards retires with 4,876 victories.

Richardson plans to quit riding after tonight's game, the Webb.

At Sandown track July 10 Sir Gordon was thrown and crushed at the pad-jock by Queen Elizabeth's colt, Abergeildie.

Catfish Champ

A Denison catfish fisherman, John Smith, is shown with eight cats caught in 90 minutes below the Denison Dam. The cats weigh from 18 to 84 pounds and totaled 330 pounds. In two days he caught 11 fish with a total weight of 504 pounds. His largest was an 82-pounder. They were caught on a surf rod with beef melt for bait. (AP Wirephoto.)

Broncs Return Here Thursday

Pepper Martin and his Big Spring Broncs return to action in a big way this evening, meeting Artesia in Artesia in a double header. Martin, in a telephone conversation to the Herald Tuesday, indicated he would send Bert Baez to the mound in the opening contest and rely on Tommy McKenna for mound duty in the second game.

Five civic clubs here are seeking to wind up ticket sales Thursday morning for the big service club party being planned for the Cayuses.

The duets sell for \$1 each and A. Swartz, ramrodding the camps said he hoped all 2,500 out could be sold before game time.

The Kiwanis, Rotary, Lions, American Business Club and Big Spring Junior Chamber of Commerce are cooperating in the sales campaign.

Martin indicated he would save Tito Arenchbia back to hurl the Thursday night game for Big Spring. Arenchbia is a 12-game winner.

Entertainment at Steer Park Thursday will start at 7 o'clock, at which time all-star teams representing the American and National Little League will play.

The small fry will play until 8 p.m., or until they complete a regular six-inning game.

From 8:00 to 8:15, player contests between the Artesia and Big Spring teams will be staged. Included on the program are fungo batting contests, base-circling events and throwing for accuracy and distance.

Swartz said he felt sure that if as many as 2,000 people paid to see the game, it would insure baseball not only for the remainder of the year here but in 1955, as well.

He will meet back with this club captains at 3 p.m. at the Chamber of Commerce office Thursday to check on sales.

The Broncs will be coming off an eight-day road trip. They will be here seven days, meeting Artesia, Sweetwater and Midland, in that order.

After the next home stand, the Cayuses have only eight more home games this season.

The Steeds were idle last night.

AMERICANS CARRY 3-1 EDGE INTO FINALS

By JERRY LISKA
CHICAGO (AP)—Playing for \$500 per man, but also boning up for the fabulous \$165,000 "world" golf tourney, American pros carried a 2-1 edge over foreign opposition into today's final round of the Tam O'Shanter international matches.

The "world" tourney, with a \$50,000 cash prize and \$50,000 exhibition contract for first place, starts tomorrow.

Some 67 pros will launch the "world" gold rush, but only 15 are involved in the international matches which sponsor George May devised as something to fill the gap between his All-American tourney and the richest meet golf has ever known.

After yesterday's "scotch" foursome play, the international matches today present eight head-to-head jousts, topped by a showdown between All-American champion Jerry Barber and Australia's Peter Thomson, 1954 British open winner.

Other matches include: Gene Littler vs Flory Van Donck of Belgium; Pete Cooper vs Antonio Cerda of Argentina; Bob Toski vs Bob Roberto de Vicenzo of Argentina; Lloyd Mangrum vs Norman Van Nida of Australia; Wally Ulich vs Max Faulkner of England; Cary Middlecott vs Mario Gonzalez of Brazil; and Sher Riegel vs Alfonso Angelini of Italy.

In yesterday's alternate - shot foursome play, the only foreign victory was a 5-4 triumph by De Vicenzo and Cerda over Cooper and Toski.

A 5-4 American victory was forged by Middlecott and Riegel, while the Barber-Littler and Mangrum-Ulich teams scored 1-up decisions over Thomson-Van Donck and Von Nida-Faulkner duos.

PHILADELPHIA (AP)—A board of directors meeting of the Philadelphia Athletics is faced today with two offers to buy the American League baseball club.

One comes from a Chicago businessman who wants to move the team to Kansas City. The other was presented yesterday by a syndicate seeking to keep the A's in the Quaker City.

Today's meeting follows talks between the Philadelphia group and Roy Mack, executive vice president of the A's.

The "basis for settlement" by a group headed by financier Albert M. Greenfield and drug store executive Harry Sytk was the second offer for the club within a week.

Chicagoan Arnold Johnson recently said he would buy the club for a reported 4½ million dollars and move the team to Kansas City.

The exact nature of the local syndicate's offer was not disclosed—possibly to allow Earle Mack and his father, Connie, now 91, to weigh the two without the pressure of public opinion.

Roy wants to keep the club here and maintain an active part in its affairs. Earle and his father have indicated they want out soon and that the club's financial situation is too precarious to continue operating much longer.

It has been indicated that the Johnson offer probably would mean a two million dollar cash split for the three Macks.

Greenfield, on the other hand, has estimated that it would take about 4½ million dollars to "salvage" the club, of which only a million would go to the Mack family.

Cage Starters Are Selected

DALLAS (AP)—Starting lineups for the all-star basketball game of the Texas Coaching School took shape today with the fast break emphasized by both teams.

North coach Dudley Moore of Duquesne appeared set with giant Temple Tucker of Bowie, Jimmy Bronstad of Paschal (Fort Worth), Jimmy Bond of Pampa, Ken Cleveland of Coleman and Don Waygood of Southdown.

South coach Eddie Hickey of St. Louis will take his starters from eight boys—King Hill of Freeport, Tinker Wilson of Galena Park, Russell Boone of Sweeny, Ned Duncan of Cayuga, Bill Eldridge of Alamo Heights (San Antonio), Fred Varn of Port Arthur and J. C. Smith of Buna.

Tucker and Bronstad were standouts for the North in practice yesterday that highlighted the fast break but Moore also worked against the sagging defense he expects Hickey to employ in an effort to slow down the big scoring power of the North.

Hickey continued to work mostly at setting up an attack from the single post patterns.

The game is Friday night.

Title Series To Be Set

Little League officials will gather in the Justice of Peace courtroom at the county court house at 7:30 p.m. today to discuss plans for the city championship series.

The Yankees have already been crowned National League champions while the American Legion reigns as American League titlist.

The playoffs will probably get under way at the conclusion of the professional team's next home stand.

Knott Billies Launch Grid Season With New Home Six

KNOTT, (SC) — A nine-game schedule awaits the Knott High School six-man football team this fall.

The Hill Billies will again be coached by Bill Bollh, who guided them to a 6-3 won-lost record last fall. The Billies proved good enough to finish in a tie for second place in District six standings, right back of Klondike, the regional finalist.

Seven lettermen are returning, headed by Woody Long, a sophomore quarterback, a 170-pounder, John Shanks, Richard Parker, Roosevelt and Delano Shaw, Don Roman and Toby Metcalf are other

monogram winners due to return.

At 175 pounds, Shanks will be the biggest man on the team. The Billies will average about 150 pounds per man.

The schedule: Sept. 10—New Home here. Sept. 17—Divide here. Oct. 1—Dawson there (C). Oct. 8—Open. Oct. 15—Klondike there (C). Oct. 22—Loop here (C). Oct. 29—Ackerly here (C). Nov. 5—Gall there (C). Nov. 13—Courtney here (C). Nov. 20—Flower Grove here (C). (C) Denotes conference games. —Homecoming game, scheduled for 3 p.m.

STANKY FUTURE NOT PROMISING

By BEN PHLEGAR
AP Sports Writer

Eddie Stanky's chances of sticking as manager of the St. Louis Cardinals appear to be growing slimmer day by day.

Unless there is a sudden change for the better in the Cardinals' fortunes—and none is in sight—Owner Gussie Busch is going to have to decide how much longer he can stick with Stanky in face of mounting opposition.

The source of Stanky's present difficulties is his pitching staff. He talked hopefully about his mound corps during the spring, especially after the purchase of Vic Raschi from the Yankees. But it hasn't been good, even at the start, and the staff has gone from bad to worse.

Raschi took his lumps last night in an 11-0 trouncing by the Milwaukee Braves. It was the seventh loss for the veteran righthander, who has won eight. Cardinal pitchers have completed only 27 of 110 games and only one this month.

The Cards sank to sixth place with the loss. Eight of the 10 Milwaukee hits went for extra bases. Del Crandall, Hank Aaron, Joe Adcock and Eddie Mathews all hit home runs.

Even with another two years on his contract, Stanky must be mighty uncomfortable.

There was a lot of good pitching last night, too. Jim Wilson of the Braves gave St. Louis only three singles in winning his eighth game without a loss.

Johnny Antonelli and Marv Grissom combined in a three-batter as the New York Giants shaded Pittsburgh, 2-1. The Giants got only four safeties off Dick Littlefield and Johnny Heth.

Lefty Mel Parnell of the Boston Red Sox scattered four hits in beating Washington, 4-0. Ned Garver spaced five singles in Detroit's 4-0 triumph over Cleveland.

The Braves gained a game on second place Brooklyn, which lost to Philadelphia, 6-3, but stayed 71-2 behind the Giants.

The New York Yankees defeated the Philadelphia Athletics, 5-3, and moved within three games of the Indians.

Baltimore whipped the Chicago White Sox, 3-1, and Cincinnati edged the Chicago Cubs, 3-1.

Cleveland's pennant drive was stymied temporarily by Garver, who lowered his earned run average to 2.21, lowest in the league.

Wayne Belardi's 11th homer, in the fourth inning, provided the only scoring until the eighth when the Tigers ran wild on the bases.

Bob Grim gave up 10 hits to the Athletics but kept them scattered in becoming the first rookie to win 15 games this season.

Parnell's victory for the Red Sox was his first this season. The left-hander has been sidelined with a broken wrist most of the year. Ted Williams had a perfect night with two singles and two walks.

A day game between the Senators and Red Sox was rained out.

Bauman Clouts 54th Home Run

By The Associated Press

Baseball may be bewildering at times in the Longhorn League, but consider the things they do. Like Tuesday night:

Joe Bauman hit his 54th home run of the season with two out in the top of the ninth. It gave Roswell a 3-2 victory over Carlisbad and erased two circuit records: Some runs (he set the mark of 53 last year) and runs batted in. He got 181 now, compared to the 180 record set in 1950 by Tom Jordan, then of Roswell.

Sweetwater dropped its 12th straight game when it lost to Midland, 10-4. Midland scored 5 runs in the first inning, 4 in the second and that was that.

Odeasa scored in only three innings but what the Oilers did to San Angelo in those three innings: They won, 19-4, with 5 runs in the fourth, 11 in the sixth and three in the seventh.

Indians Return 20 Lettermen

DALLAS (AP)—Gene McCollum's Fort Neches Indians won the class AAA state schoolboy football championship last fall to the surprise of most everybody. He hopes, but isn't too sure they can do as well in 1954.

Back this season are 20 lettermen, including eight 1953 starters. That brilliant backfield is intact. The team still has the blinding speed of 1953 yet is much bigger and McCollum has pretty well resigned himself to being on the spot as the 1954 campaign opens.

The backfield is made up of Jackie Hathorn at quarterback, Gordon Leboeuf and Ronnie Choate at halfbacks and Earl Sheffield at fullback. Bobby Laborde, who was a sensation in the Big Spring game when he carried the ball 64 yards on five plays for a touchdown, also is back and McCollum thinks he'll be a starter.

McCollum says he needs one end and a center to make his team as well-balanced as it was last season. One fine wingman is back—Clark Bienvenu, who missed eight weeks of the 1953 campaign because of an injury. Gene also has one tackle and two guards who were starters last year.

In Deciding Game

SINTON, Tex. (AP)—Brooks Army Medical Center and the Plymouth Oilers of Sinton square off tonight in the deciding game of the semifinals of the National Baseball Congress state tournament.

Smith And Weaver Head Quarterbacks

Jack Y. Smith and B. H. Weaver will direct the Big Spring Quarterback Club through the 1954-55 school term, having been elected as co-chairmen at a meeting Tuesday night in the High School Auditorium. They succeed Omar Jones and Mrs. Frank Martin, who guided the booster organization through its most successful years.

C. E. (Perry) Johnson will serve as secretary of the group. Charley Staggs as treasurer.

Named to the Board of Strategy were Tom McAdams, Ed Reynolds, Ed Freeman, Earl Phillips, Dr. T. J. Williamson and John Coffey.

Doc Wilkinson and J. E. Feils were appointed to head a barbecue committee. Members of the Big Spring High School football team will be treated to a barbecue before the season gets under way but a date for the party was not picked.

The membership drive for the QBC is now under way. Membership fee will again be \$1. All funds will be used to promote the local schools and its athletic teams. An estimated 400 members were enrolled in the club last year and at least that many are hoped to be enlisted this year.

The club will meet again Tuesday.

Port Arthur And Victoria Clash

PASADENA, Tex. (AP)—Port Arthur and Victoria meet in tonight's finals of the Texas Junior Tennis Baseball Tournament. Port Arthur beat Pasadena, 5-4, and Victoria edged Texarkana, 3-2, last night. Pasadena and Texarkana meet for the consolation title in tonight's leadoff game.

Conoco Super Gasoline with

The Greatest Gasoline Development in 31 Years

Here are the facts proved by millions:

1. TCP boosts your car's power as much as 15% (because it neutralizes power-robbing lead deposits).
2. TCP gives you extra gas mileage (motorists report up to 3 miles more a gallon).
3. TCP is just like an engine tune-up (because it makes it possible for you to enjoy all your car's built-in power).
4. TCP is your guarantee of Top Car Performance (because only TCP gives you the full benefits of the greatest gasoline development in 31 years).
5. TCP lets you enjoy all the extra performance of Conoco Super's higher octane rating.

"In my job, I really need a dependable automobile for demonstrations. I find that Conoco Super with TCP gives my car the best all-around performance—quick starting, smoother running and almost 3 miles more per gallon. I'm really sold on Conoco Super."

Audrey Lamb, Car Salesman,
1218 McArthur, Rosamond, Tenn.

"I first used Conoco Super with TCP on a vacation trip. Right from the start I could feel the difference in my 1946 Chevy's performance. In hilly country I just sailed right over. I figure I've picked up 3 miles more per gallon!"

Carl E. Hubert, Farmer,
Route #1, Uten, Nebraska

"I first discovered Conoco Super with TCP was so good on a trip to my daughter's. She lives in Selma, Kansas—that's 165 miles each way. I made the round trip without refilling the tank—the first time I'd ever been able to do that!"

Len Hall, Barber,
909 Tennessee St., Lawrence, Kansas

"My mail route runs near 90 miles. What with hills, bumpy roads and traffic, I need the best gasoline I can get. I got it with Conoco Super with TCP. Real getaway in traffic—no stalling—and for prompt starting every time TCP can't be beat."

A. E. Johnson, Rural Mail Carrier,
1826 West Spessart, Denton, Texas

"I switched to Conoco Super with TCP hoping I could stop engine knock in my new car. Now there's no knock or ping and the ride is much smoother. It really runs like a new car. If's Conoco Super with TCP for any car I own from now on."

William B. Brink, Researcher,
2213 Kearney St., Denver, Colorado

IT HAPPENED

Time Of Pastor's Life

DENNIS, Mass. (AP)—The Rev. S. C. Vern Bowman, rector of Holy Spirit Episcopal Church, has been doubling in brass this week.

He played the part of a doctor in Richard Aldrich's production of "Heaven Can Wait" at the playhouse here. He also wrote a review of the play for the newspaper Cape Codder.

Without referring to himself by name, the rector wrote of his performance: "It was obvious the frustrated ham reading the lines of the doctor was having the time of his life. Let us hope this is not the beginning of the disintegration of the American theater."

Drive-In Service

CHARLOTTE, N.C. (AP)—A woman driver was charged with reckless driving here after her car crashed into the police headquarters building.

Police said Mrs. Ruth B. Smith of Hickory told them her foot slipped from the brake to the accelerator as she turned a corner. Mrs. Smith was not hurt.

Deceiving Appearance

DETROIT (AP)—"It was so nice and clean I didn't know it was there," Edward Kubasiewicz said. He was explaining how he happened to walk right through a 20 by 70 inch plate

glass window in a front door at police headquarters. Kubasiewicz, on his way to get a driver's license, wasn't even scratched.

Legal But Costly

INGLEWOOD, Calif. (AP)—Mrs. Peggy Huston complied with traffic laws yesterday but she told police it cost her a \$2,500 diamond ring.

The woman reported that as she gave the arm signal for a left turn the ring apparently fell off her finger. She discovered her loss moments later, but couldn't find the ring.

Equalization Board Meets Next Week

City equalization board meeting is slated for next week instead of this week, as previously announced in The Herald.

Sessions are to be held from 9 a.m. to 5 p.m. on Thursday and Friday, Aug. 19-20. Board members—George O'Brien Sr., Lawrence Robinson, and Worth Peeler—will set property valuations for 1954.

These valuations will be used by the City of Big Spring and the District in preparation of tax rolls. Indications are that property valuations here will increase more than a million dollars. City Tax Collector C. E. Johnson Jr. estimates valuation in excess of 15 million dollars this year as compared with \$16,849,210 last.

back-to-school "go-togethers"

For the campus queen, high school or college

version, will be clad in a Jo Collins "go-together"

Father Shoots Daughter, Then Takes Own Life

SAN ANTONIO, Tex. (AP)—A truck driver shot to death his 18-year-old daughter who was to become a bride Aug. 24. Then, before he terrified 10-year-old son, he said "you're going to see some fireworks now" and killed himself.

Justice of the Peace Arthur Boening ruled murder and suicide in the deaths yesterday of Dietrich Mohlenhoff, 42, and his daughter Ella.

Mohlenhoff's brother-in-law, H. Koenig, told officers Mohlenhoff was opposed to Ella's scheduled marriage to Ray Minor, 27, who lives in a trailer next to the Mohlenhoff farm home near here.

Sheriff's chief investigator Oscar Warnke and investigator Dean Jones pieced together this account from witnesses:

Ella, Adolph, the brother, and a sister, Bernice, 9, were at Koenig's home. Ella said she was going to drive home to pick up a nightgown and dress for her mother, who was hospitalized yesterday morning in a nervous condition. Adolph followed her on a bike.

He arrived some five minutes after she and came on Ella's body in a pool of blood on the front porch.

The boy ran into a bedroom, where he found his father with a shotgun. The boy quoted him as saying, "You're going to see some fireworks now." He said his father then propped the shotgun on the door facing, placed the barrel against his chest and tripped the trigger with a small stick.

Adolph raced to the Koenig home. The family told officers there had been family arguments in the past over Ella's planned marriage.

The mother had not been told of the shootings.

Ex-Marine Who Can't Sit Down Has Special Auto

LOS ANGELES (AP)—An ex-Marine who can't sit down now has an auto he can operate standing up.

The car was delivered yesterday to Kenneth Porter, 35, a Phoenix, Ariz., tax consultant. As a result of a war wound he is rigid from neck to knees, and does his work at an elbow-height desk. He eats standing up, and gets into bed with the aid of a hoist.

Porter bought a parcel delivery chassis some months ago, and ordered an air-conditioned body with special rear-view mirrors, a driving platform and a built-in bed. The vehicle has automatic shift, power steering and power brakes. All controls are hand operated.

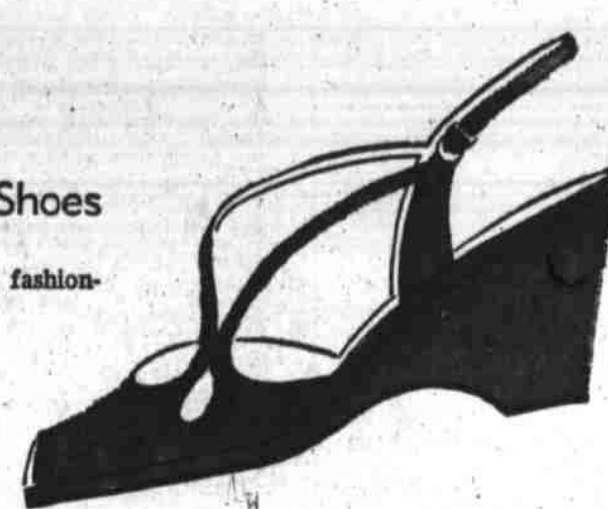

"Wildwood" Town & Country Shoes

Such a new look . . . the subtle, fashionable woodbark smoky-brown, absolutely terrific with all the browns and grays and purples of the season.

It's the height of sophistication to know it and wear it this fall. The wildwood color shoe sketched.
