69TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS, (76936)

Thursday, May 21, 1970

Number 21

Demos In 2 and 4 To Vote On June 6th

The First Democratic Primary was held in Texas on May 2nd and all state-level races were settled without need for a run-off.

That means that just local races will remain to be settled when the Second Primary is held June 6th.

Here in Schleicher county, voters in Precinct 2 will choose from between incumbent Commissioner L. E. McCalla and Mrs. Viola Henderson. Precinct 4 voters will choose between Alvin Farris and Dee Love.

Success printers have already printed and delivered the ballots for these two races.

Absentee voting is set for May 27 through June 2.

June 2nd Opening For Little League

Coach Norman Roberts announces that Little League season will open here on Tuesday, June 2. The league this year will consist of three teams—two from Eldorado and one from Christoval.

He reminds parents that their permission must be obtained before their boys are allowed to join the league. Mimeographed forms are available for this purpose and may be obtained from the coach.

The game schedule this year again calls for only two games each week, Tuesday and Thursday. Prior to last year four games were played.

Coach Roberts' problem, he says, is the lack of parents willing to help in the program.

Mrs. Ivy Lasseter Buried Thursday

Mrs. Ivy Lasseter, 71, relative of two Eldorado residents, died at about 8:00 p.m. last Tuesday in Schleicher County Medical Center following a brief illness.

Services were held the morning of Thursday, May 14, in First Baptist church with burial in Eldorado cemetery.

Mrs. Lasseter was born Feb. 9, 1899 in Nacogdoches. She had lived in Eldorado about four years. She was a Baptist.

Survivors include two daughters, Mrs. R. V. Sheppard of Eldorado and Mrs. Fred Johnson of Blanchard, Okla.; a son, Frank Harris of Lake Charles, La.; a sister, Mrs. Grace Ashley of Eldorado, and seven grandchildren.

Jaycees Continue Working Furiously On Plans For First Rodeo In June

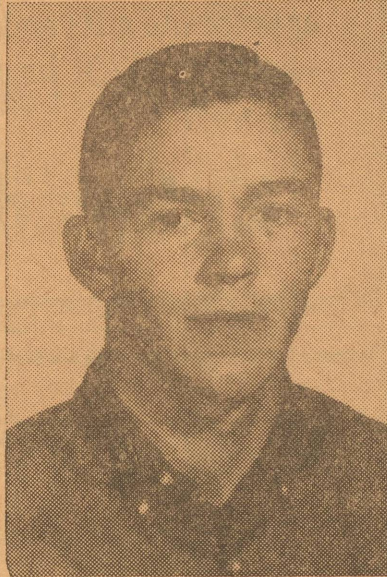

Eldorado Jaycees held their directors meeting last Thursday night at the Memorial Building, and the main work of the evening was hearing reports from various committees on the plans and programs of the big rodeo to be staged June 5 and 6 which will initiate the formal opening of the new arena in Eldorado.

President John Edward Meador opened the meeting in regular manner. He reported that they have arranged for (paid) spots on T-V, advertising the rodeo for five nights preceding the opening date.

On the large grandstand now nearly completed, he reported that additional lumber and bolts had been ordered and was due shortly. Explanation: The original shipment was not enough to finish the job.

Lawrence Dannheim and Billy Williams, a committee on program advertising, told of distributing and soliciting advertising to towns east of here and to San Angelo and of receiving a welcome and expressions of support and interest. Placards and entry blanks have been distributed in all area towns and as far west as Fort Stockton.

We Greet This Year's Grads

Once again, the Success greets the current graduating class of EHS with this, the first of our two special Greeting Papers.

We hope the class members enjoy this special edition and that you will keep it and refer to it in years to come. This paper is for you, your parents, and friends.

The grads not pictured in this week's issue will be in the one for next week—May 28th.

These two papers cite your accomplishments of past years and the even greater things expected in the future. The public-spirited merchants here have bought space to congratulate you and wish you well.

—ps—

With so many other things occupying our attention this week, we have been unable to properly report another good rain that hit this county last week. Included in street reports were figures as high as five inches in certain parts of the Eastern portion of the county, while the western part had to be satisfied with two or three tenths.

Several contributed articles that were for this week's paper will be run next week.

—ps—

There has been some talk about collecting donations for tornado victims at Lubbock. It was brought up at the Jaycee meeting last week. Since no organized program has been forthcoming from Lubbock, no one knows what is needed, nor where to send it.

One member reported that over half of the clothing collected here was thrown away before being shipped to hurricane victims of 2:30 last year.

The opinion at that meeting was that the safe thing to do was to send cash.

—ps—

Elton McGinnes, secretary-treas. of the new Schleicher County Foundation, mailed out over 400 letters to county residents inviting their participation.

Purpose of the organization is to attract industries to small towns.

The letters which were mailed early this week, carried a return envelope, and McGinnes said Wednesday that he was receiving a favorable response.

McGinnes Headed For Fort Sam Houston

Mr. and Mrs. Elton McGinnes received a phone call from their son, Wayne, early Wednesday morning in which he told them he was leaving Japan on Thursday for the States. After a stop-over in California, his plane will proceed on to Ft. Sam Houston in San Antonio.

His parents are preparing to meet him there when he arrives.

May 28 Is Date Set For "Flea Market"

The Schleicher County Medical Auxiliary is continuing its "Flea Market Sale" with the 28th of May to be sale day.

Any merchandise to be donated should be brought to the "Woodward Flower Shop" building on the Menard highway. The shop will be open Tuesday, the 26th, and Wednesday the 27th to receive merchandise. Also, Pam White at 2658 will pick up your items and take them down if you will give her a call. By bringing the merchandise a day or two ahead of time, it can all be sorted and ready to be bought on May 28.

The Auxiliary has recently undertaken three new projects and the money gained at the "Flea Market" will be used for these. They are: furnishing for a waiting area for families of loved ones in the hospital; setting up of a scholarship fund for someone desiring aid in furthering her career in medicine; and furnishing & equipping a recreation room to be built in the new nursing wing. —Rep.

School Trustees Meet And Consider Hike In The Current Tax Rate

The Schleicher County Independent School District Board of Trustees met in regular session Monday night, May 11, 1970. They heard a talk from Mr. Mack Tate of the Atlantic-Richfield Tax Department in which he stated that the tax payers of Schleicher County and in particular the board of trustees would have to face up to the fact that additional revenue will be necessary in the near future.

The teachers' pay raise due to laws enacted by the 61st Legislature will automatically necessitate a \$35,000 increase in salaries in the school district for 1970-71 School Year and decreasing amounts over the next five years. This comes at a particularly bad time due to the sharp decline in oil valuation of about one million dollars a year, which will lose the district some \$20,000 annually.

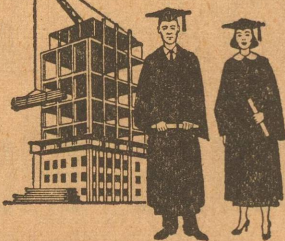

Mr. Tate's opinion was that the oil companies feel they are already paying more than their fair share at 36 3/4 per cent rate of 100 per cent valuation and they believe that new revenues should come from property other than oil.

He specifically mentioned that considerable inequality of valuations was apparent in land values and particularly in irrigated lands and certain rural dwellings, and asked that serious thought be given to hiring a certified appraiser to set a uniform base throughout the district.

After praising Mr. Curtis Humphries for operating within a thrifty budget, Mr. Tate and Mr. Gilbert Bailey of Marathon Oil Company left the trustees to ponder the situation. They did inform Mr. Tate that current high costs and low prices did not lend much credence to raising land valuations.

All parties did agree, however, that all necessary steps will be taken to insure that the education processes in this county will continue at their present high level.

When The Grads Came Into the World

Here in Schleicher county we had our oil boom on, but ranchmen were complaining of unusually dry weather and it was one of the drouth years that saw about six inches of rain.

That was the general background of the period 1951-52 when the current grads of 1970 were born. Success files of the period reveal that it was a busy time . . .

A farewell party honored Mrs. F. G. Clark as she prepared to move to California to make her home. Coach John Waldrum and Miers Johnson, assistant, started workouts of the '51 Eagle football team. T. E. Holcomb was school superintendent and Wyndell Hall was elementary principal. W. J. Fraker came on the job as new high school principal. Delbert Edmiston announced purchase of 7 acres of land on the east edge of town on the Menard highway to be location for a new drive-in theater. L. D. Mund delivered the first bale of cotton. Mr. and Mrs. J. F. Runge went to Galveston where funeral services were held for his mother, Mrs. Anita Paula Runge, 82. John Thomas Alexander and Myrta Bob Harper attended the National Convocation of Methodist Youth at Purdue University.

Born Monday morning at 4:00 at Holcomb Clinic a son to Mr. and Mrs. A. A. (Tucker) Clark, who live on the James Page ranch. The boy has been named Mickle Eugene and weighed 6 lbs. 12 oz. at birth. Mother and babe are reported to be doing well. —Sept. 20, '51.

Joe Ed Spencer was playing football at Sul Ross College. Alpine. The Junior Woman's Club started their year with Mrs. Jo Ed Hill as president. Eldon Calk moved here from Sonora and bought the drug store from O. E. Deal. Ronnie Mittel, Dick Runge, Mike Moore and Kenneth Love were 4-H boys selected to participate in the Sears Roebuck sheep program. The E. N. Edmiston moved to their newly completed house west of town. Lions Dist. Governor Lewis Kline of Del Rio, visited the local club. Rev. Charles G. Bruce came on the job as new Presbyterian pastor. Funeral services were held for Mrs. Josie Word, 93; and Mrs. Henry Mittel, 52.

Annual Conference Sessions To Begin

San Antonio, Tex.—May 18, 1970—History will be made here May 27-29, when the black and white United Methodist Conferences officially unite. Bishop O. Eugene Slater, presiding bishop of the San Antonio Area, announces that on Wednesday night, May 27th, a religious service will be held which will officially join the West Texas Conference (Negro) and the Southwest Texas Conference (white) into one. The new name will be Southwest Texas Conference of The United Methodist Church.

Dr. Tracey Jones of New York City, General Secretary of the General Board of Missions of The United Methodist Church, will be the Conference preacher.

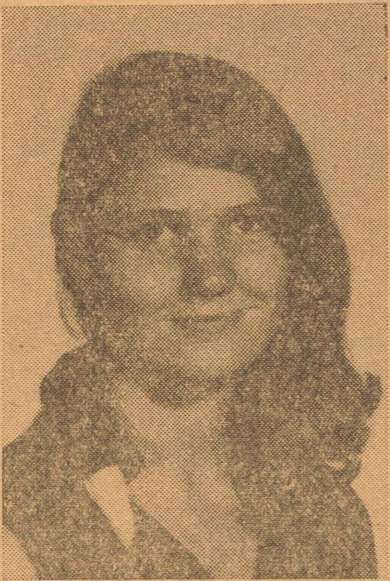

The Southwest Texas Conference will convene at 7:30 p.m. on Tuesday, May 26, at Travis Park Church and terminate its business on Wednesday morning, May 27, at the Convention Center. The West Texas Conference and the Southwest Texas Conference will meet together on Wednesday afternoon, and the business of the merged Conference will continue until Friday afternoon when Bishop Slater reads the appointments of the preachers.

On Friday night a Laymen's Banquet is slated for the Laurel Heights Church with Conference Lay Leader, Judge Tom Reavley, in charge. Mr. Leonard Slutz, a prominent lawyer and Methodist layman from Cincinnati, Ohio, will be the speaker.

Three breakfasts are slated for Tuesday, Wednesday and Thursday mornings at 7:00 a.m. at Travis Park Church for all delegates. On Tuesday morning the General Conference delegates will report; on Wednesday Dr. Tracey Jones will be open to questions about the activities of the Board of Missions; on Thursday Dr. Joseph Yeakel, General Secretary of the General Board of Evangelism, will speak.

Business sessions of the Conference will be held at the Convention Center, and preaching services each night at the Travis Park Church.

Those who will be attending from the First United Methodist Church here in Eldorado are Rev. Bobby C. Pamos, pastor, and lay delegates, Mr. and Mrs. Dick Preston.

JUDY LIVELY

Judy Lively is the daughter of Mr. and Mrs. Frank Bradley. She has been a member of the band for two years, FHA three years, and track one year. She plans to attend Tarleton State College.

Eggers Pledges Visits To Non-Urban Areas

Confidently predicting victory in November, Republican gubernatorial candidate Paul Eggers has made a fast start in his campaign for Governor of Texas.

His opponent, Governor Preston Smith, has not campaigned since he left for a two-week European vacation May 11.

Charting the form his campaign will take last week, Eggers revealed he would place great emphasis on visiting non-urban areas during the summer.

"We're going out to the non-urban areas this summer," he said. "We're going to talk to the people, and we're going to listen. It will be hot, but we're going to do it. We are going to six, seven towns a day.

"We're going to show that Texas is going to have a governor who has a genuine concern for the people of this state. We're going to show the people that I want to be just as much a governor for them as for the people in the urban areas."

Eggers defeated his Republican primary opponent by nearly 14 to 1, and he sees the result of the Democratic primary as still another sign of victory.

"Governor Smith in the primary received 500,000 votes less than were cast in the Senate race," Eggers pointed out last week. "What were these votes? They were protests by Democrats against their Governor."

"I plan to keep a lantern in the window for these dissatisfied Democrats in November," Eggers said.

Eggers also said last week, Gov. Smith encouraged efforts to extend the sales tax to groceries last summer. "In 1964 he said he favored an across the board sales tax," Eggers said. "It was not, therefore, surprising when a grocery tax passed the Senate last summer with Mr. Smith's tacit encouragement. I opposed a tax on groceries in 1968," Eggers said. "As governor, I will oppose it in 1971."

PAR-TEE

In the unscheduled Mixed Team play Sunday afternoon the team of Vernon Rogers, Gladys and Arch Mittel and Charlie Hahn won with a 4 under. In the second place was the team of Jack Hannes, Ernestine Hext, Ronnie Sauer and A. G. McCormack with a 3 under. Third place at 1 under was Delbert Taylor, Mary Waldron, John Pitts and Wayne Doyle.

Mixed team play is scheduled for May 24 at 1:30. Please sign up ahead of time so that pairings can be made before 1:30. You are asked to have your name on the board by 12 Noon Sunday Please!

In the Men's Club Championship Tournament the following results have been posted:

Championship Flight— Jack Hext def Danny Barfield to become the 1970 Club Champion. In Consolation Paul Page def Wilson Page.

Tiny Godwin def Jack Hannes to establish himself winner of 1st flight consolation.

Gary Wallace def Ken Rosford to become winner of 2nd Flight Consolation.

In Third Flight Eldon Calk def Ted Short.

Pete Peters def Ted Short to win a third place in 3rd Flight.

W. L. Kinsler def Ben Hext to merge winner of 3rd Flight Consolation.

Final rounds must be played this week. Next week a full list of winners will be available.

In the Women's Club Championship Tournament Mary Robinson def Eddy Kinsler.

Ernestine Hext def Gladys Mittel to gain the title of Club Champion. Some play off matches are scheduled this week to determine Runner-up Club Champion.

Pat Wester and John Pitts will journey to Abilene Municipal Course Thursday and Friday (21 & 22) to play in the West Texas Utilities Company Tournament. Good Luck To You Both!

Congratulations to Vernon Rogers for his fine duce on no. 5! That is a fine Eagle Verno and not likely to be beat or tied. I understand Vernon hit a wood and a seven iron to accomplish this feat. The no. 5 hole is 336 yards par 4.

Eddy Kinsler-Mary Waldron and Ernestine Hext-Gladys Mittel participated in the Riverside Ladies Low Ball Partnership Tournament on May 12. Both teams had fine rounds, but not fine enough for the winner's circle.

Kinsler-Waldron had a low ball 85 (7 under) and Hext-Mittel a low ball 61 (11 under). However, our own Dot Ratliff-Zada Beasley (San Angelo) won the second flight with a low ball total 57 (15 under). Congratulations to Dot and Zada!

We had two teams to participate in the Sonora Men's Low Ball Partnership tournament this week end, Jack Hext-Chuck Adams and Bob Page-Ralph Waldron. Neither team brought home the "bacon". Better luck next time boys!

I heard that Charlie got a two stroke penalty last week for "making a "bag-in-one" on number 9. Is that rieth Charlie? If so I'd make Ralph show me that rule in the "little black book" because I can't find anyone that says it's a penalty to land in a golf bag on your tee shot. After all an unplay-

Miss Mathis Bride Of Joe Max Edmiston

MRS. JOE MAX EDMISTON

Mr. and Mrs. Orval Mathis of Fluvanna have announced the marriage of their daughter, Marsha Lynn, to Joe Max Edmiston, on April 11, at six o'clock in the evening in the First Baptist church in Holliday. The Rev. Darvis McKay performed the ceremony. Matron of honor and best man were the bridegroom's sister and brother, Mrs. Chris McCravey of Lubbock and Brian Edmiston of Holliday.

The bridegroom is the son of Mr. and Mrs. Orval Edmiston of Eldorado, and the couple are here for the summer.

Both the bride and groom are students at Texas Tech. He is employed by Texas Tech Farms. He is a senior pre-law student and will graduate in December.

Initiated Into TCU Honor Society

Ft. Worth, Tex.—Martha Sue Page of Eldorado was one of 27 Texas Christian University students initiated into the University's chapter of Beta Gamma Sigma during a recent banquet held in Brown-Lupton Student Center.

The honor society seeks to encourage and reward scholarship and accomplishment among students of business administration while promoting advancement of education in the art and science of business and fostering integrity in the conduct of business operations.

"Election to membership in Beta Gamma Sigma is the highest scholastic honor that a student in business administration can win," said Dr. James M. Whitsett, TCU professor of finance and faculty sponsor.

Miss Page, daughter of Mr. and Mrs. James A. Page of 106 Redwood, Eldorado, is a junior accounting major. Treasurer of Pi Beta Phi sorority, she is a member of Alpha Lambda Delta, honor society, and Phi Chi Theta, women's business society.

Nursing Home Notes

Last week May 10 thru 17 was National nursing home week. Visitors were encouraged to visit a nursing home during this week. We had a lot of home town visitors.

Out of town visitors the past two weeks were Mrs. Streigler's son, George Streigler, his wife, daughter and granddaughter of McCamey;

Mr. Durbon's daughters, Bee and Maudie Doran of Sonora;

Mr. and Mrs. Montalbo of Christoval to see Mr. Parsons;

Nellie Williams' children, Mr. and Mrs. L. D. Kirby of Ozona;

The Arthur Kyles of Ozona;

Arcadia Johnson of Sonora;

Mary B. Stigler, Thelma Carter, Mr. and Mrs. Capps of Sonora.

Will Haines, Mrs. Otis Moser of Menard, Ollie Walker, Annela Stites and Carrie Simmons to see Mrs. Stites.

Mrs. Potter spent Mothers Day at Irene Teele's. Mr. and Mrs. Milton Barnett had lunch with them.

Ammer Carter spent part of one day with Voy J. Mitchell before they left.

Mrs. Parker spent a few days in Big Lake.

Fletcher Gardner is home at Rock Springs.

Billy McCravey family have kept in touch with Mrs. McCravey since she's been in Angelo. But reported to us last night that she will be back with us shortly. —Rep.

Amistad Lake Stocked With Four Million Fish

Del Rio, Tex.—Lake Amistad, a new reservoir on the Rio Grande near Del Rio, has been stocked with nearly 4 million fish since impoundment four years ago.

George Henderson, a fisheries biologist and project leader for the Texas Parks and Wildlife Department, told a group of Department biologists in the annual Wildlife Restoration Function Staff Meeting that the stocking program has put an estimated total of 3,903,700 fish of several species in the 31,000-acre lake.

Henderson said the stocking total included more than 3 million black bass and lesser quantities of other species.

He said recent net surveys in the lake showed the average weight of bass at two pounds. Catfish are averaging 1.3 pounds in size, Henderson said.

The lake, which sprawls along the border between the United States and Mexico at a site just north of Del Rio, reached the 31,000 surface acre level during February. It was lowered to supply water needs downstream in past months, but at capacity it is expected to be one of the state's largest reservoirs, he said.

Fishing Without License Doesn't Make Sense

Austin, Texas.—'Tis the season when the compulsion to catch fish drives the casual angler toward the nearest body of water.

He fills his car with gasoline, stops by the fishing supplies store for some bait and tackle and heads for a day of serenity and peace by the lake.

But if he's like 5,233 other Texans in 1969, his day will be ruined by a slight oversight—he didn't buy a fishing license.

Of all the game laws, fishing without a license is one of the most frequent of violations although it is one of the easiest with which to comply.

Getting a fishing license is inexpensive as well as convenient. For \$2.15, whether for a Texas resident or an out-of-state visitor, fishing licenses can usually be obtained at the same place as fishing tackle, advises the Texas Parks & Wildlife Department.

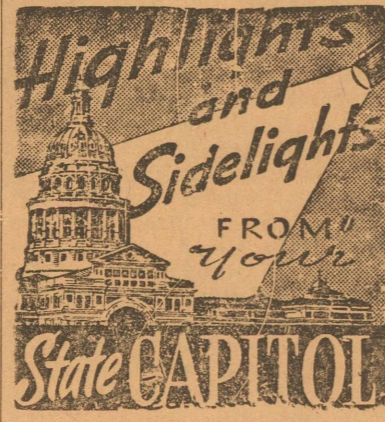

Prorated over a year, \$2.15 is a small price to pay for almost unlimited opportunities for recreation. This figure seems even smaller when an investment in gasoline, fishing tackle and a beautiful day is jeopardized.

GRIFFIN IN HOSPITAL

Jack Griffin was taken to the local hospital Tuesday following a heart attack.

His family are at his bedside. He is not allowed visitors, other than his immediate family.

Mr. Griffin is county road supervisor.

Austin, Tex.—In the space of less than an hour, the State Finance Commission accepted the retirement of "Mr. Banking" himself—State Banking Commissioner J. M. Falkner; named a new banking commissioner; fired State Consumer Credit Commissioner Francis A. Miskell; and named a new credit commissioner.

These actions brought to an end long-time controversies over Falkner's replacement and Miskell's position.

Commissioner Falkner, who has been with the banking department nearly 50 years (23 as commissioner), has been wanting to retire for some time, but the Finance Commission could not agree on someone to take his place.

Falkner wanted his deputy commissioner (since 1965), Robert E. Stewart, to fill the post, but there was dissension on the board. However, the problems were worked out before the meeting, and Stewart was picked unanimously.

In a surprise move, Commission voted 6-2 to discharge Commissioner Miskell and named Asst. Atty. Gen. Sam Kelley to succeed him immediately.

Miskell weathered one storm threat early this year, when it was rumored segments of the loan industry were out to "get him" because of administrative actions against them. After stern talk, Commission refused to accept Miskell's resignation in February. There was no warning in this latest round. Commission members blamed administrative differences and the fact that four key agency staff positions had not been filled.

Courts Speak

State Supreme Court overturned lower courts and held that Texas Aeronautics Commission had full authority to grant the Air Southwest Company of San Antonio a certificate to operate commuter flights linking Houston, Dallas-Fort Worth and San Antonio. Three major airlines have fought the application in a two-year-old legal battle.

Court of Criminal Appeals ruled that Amos Gaines of Houston, convicted of murder in Harris County in 1962 and sentenced to 99 years, should have a new trial. Court said the record of his first trial had been destroyed and the only way to make sure no error was made by the lower court was to have a new trial.

Attorney General Rules

A member of the legislature cannot be paid from funds appropriated by the legislature for goods or services the lawmaker or firm of which he is a member sells the state, Atty. Gen. Crawford C. Martin said in a recent ruling.

Opinion concluded that whether the corporation in which a legislator owns stock is precluded from contracting with the state or county must be determined on the basis of each individual case.

In another ruling, Martin said state agencies may sponsor seminars on appropriate matters and charge registration fees to defray expenses. State employees and officials may be reimbursed for registration expense.

Appointments

Gov. Preston Smith named Sam Kinch Sr. of Austin and John T. Stoen of San Antonio chairman and vice-chairman of American Bicentennial Commission of Texas to plan nation's 200th anniversary program. Other members of the commission include Marcella Perry of Houston, Dr. George Woolfolk of Prairie View, Mrs. May McAdams of Austin, Dr. Charles Roy Ritchie of Dallas and Frank Tolbert of Dallas. Secretary of State Martin Dies Jr. serves as ex-officio commission secretary.

Smith announced creation of Texas Urban Development Commission and named Arlington Mayor Tom J. Vandergriff chairman and Dr. Earl Lewis of San Antonio vice-chairman.

He designated James Goodwin of Austin to represent the state in the Southern Regional Environmental Conservation Council of Southern Governor's Conference.

Atty. Gen. Ben Barnes named Sens. Bill Moore of Bryan, Jack Hightower of Vernon and David Ratliff of Stamford to the Committee on State and Local Tax Policy.

Speaker Gus Mutscher named former Atty. Gen. Waggoner Carr; Harry Hubbard Jr., Texas AFL-CIO; Houston Attorney Searcy Bracewell; and Reps. James Sluder of Naples, Jack Ogg of Houston and Joe Hawn of Dallas to the Committee to Study Alternative Methods of Attracting New Industry to Texas.

Chemicals

Agricultural chemicals containing DDT will not be accepted for registration by the Texas Department of Agriculture until a study on their effect is completed, Commissioner John C. White announced.

Suspension of registration "does not mean that any ill effects from the agricultural use of DDT compounds have been reported or found," White said. He added that household products containing DDT will continue to be registered for use. Governor Smith has appointed an advisory committee to study the use and effects of DDT and other pesticides. It will report its findings, probably before the end of August, White said.

Oystering Parks and Wildlife and State Taxes

Health Department officials report that tests on oysters, shrimp and fish from state-approved Gulf coast waters show no significant contamination from mercury or other heavy material. One sample from San Antonio Bay during a period when it was closed to oystering revealed a trace of mercury. But samples from Chocolate Bay—also closed to commercial oyster harvesting—have shown no trace of mercury although borderline amounts of heavy metals were found.

Funds Approved

A \$326,999 Community Action Grant has been approved for Community Committee on Youth Education and Job Opportunities in Corpus Christi.

Other grants announced by the governor include:

—\$31,429 for operation head start in West Orange Grove school district.

—\$10,289 for head start in Erath county.

—\$8,938 for a legal services program to the needy in Brownsville.

—\$9,288 for City of Fort Worth to train police in traffic administration.

Comptroller Robert S. Calvert has released his end-of-April statement on state income and outgo, comparing income with the same eight months (September through April) of the previous state fiscal year. Report shows that inflation and retail sales are continuing to grow.

In addition, the new fiscal year includes a 0.25 per cent increase in the state general sales tax. But even without the increase, the gain from last year's \$222.9 million to this year's \$295.5 million would show an increase in sales and retail prices. Car and truck sales are rising, since the tax take rose from \$54 to \$62 million. Net value of auto sales rose from \$2.1 billion to \$2.35 billion.

Massive Disaster

Acting Gov. Ben Barnes immediately called up state agencies for emergency duty in Lubbock following the devastating tornado which struck there May 11. Clean up and security details were coordinated by the State Defense Council.

An estimated 3,000 are homeless. Death toll is figured at 21 and injuries at 500. Property damage, highest in state history from a tornado, may reach \$200 million.

President Nixon declared the battered and bruised South Plains city a disaster area. He also applied the same designation to Hockley, Hale, Briscoe, Donley, Swisher, Gray, Cochran, Lamb and Parmer counties which were hit by storms April 17-18.

Maximum federal assistance thus will be made available in recovery operations.

Short Snorts . . .

Criminal Justice Council, after some discussion of whether it was usurping power only the Legislature has, voted to give the newly-formed Texas Board of Private Detectives \$30,068 (Legislature appropriated only \$11,000 for the present fiscal biennium) so it can begin its task of licensing every private investigator and guard in the state.

Attorney General Martin's anti-trust and consumer protection division accepted in district court here a voluntary compliance offer from a Dallas retail sewing machine outlet to discontinue allegedly false and deceptive advertising.

Hearing on the Lone Star Gas request for a Kerrville rate hike has been put off until June 1 by the Railroad Commission.

Miss Minnie Bell, Extension specialist for aging at Texas A&M University, was my guest and a guest of the Schleicher County Committee for aging on May 7, a visit which was enjoyable and profitable for all of us.

The occasion was to help with the marking of May as Senior Citizens Month as Schleicher county joins the nation in paying tribute to those sturdy souls who have made their great contributions of time and effort toward making our country great.

As Miss Bell met with the County Committee she brought basically the following message, by an unknown author and called

Remember

"Age is a quality of mind;
if you have left your dreams behind,
if hope is cold
if you no longer look ahead
if your ambition fires are dead—
Then you are old.
But, if from Life you take the best,
And if in line you keep the jest,
If love you hold
No matter how the years go by,
No matter how the birthdays fly,
You are not old."

Schleicher County's annual salute to the Senior Citizen was an old fashioned get together party at the Memorial Building on last Friday, May 15. And despite unsettled weather with its left over bluster from rain the day before, the club room was filled to overflowing with some chairs being moved to the auditorium.

For those who are afraid of even the word old, the guests at this party have some very fine teaching points. They may have reached their three score and ten but they have not forgotten . . .

- how to laugh; for old time fun just come to a Senior Citizens gathering some time.
- the fun of competition; each game played was as if a new record of some kind was going to be set.
- the fun of playing the piano and singing songs.
- the pleasure of enjoying refreshments.
- the art of conversation.
- they have not forgotten that it takes courage and caring to get in and go, sometimes when the aches and pains say no.
- they have not forgotten how to be grateful for life and to express themselves about the matter.

—I wonder if they know how sweet their "thank you's" really are?

I'm sorry that the weather was bad, but most of all I am sorry that some were sick and could not come. We missed everybody who might have enjoyed the afternoon but was unable to share the fun but at that, 33 men and women shared in the afternoon's pleasure.

Guests and committee members registering during the afternoon were: Mr. and Mrs. Roy Andrews, Mrs. O. L. Woodward, Mrs. Browne the mother of Dr. Charles Browne; Mrs. Al Jones, Mrs. Bertha Wilson, Mrs. Blakeway, the mother of B. L. Blakeway; Mrs. Lester Henderson, Mrs. Delores Espinosa, Mrs. Mary Adame, Mrs. Frank Van Horn, Miss Effie Parker, Mrs. Homier, Mrs. D. H. McKinney, Mr. Whit Smith, Mrs. Edwin Jackson, Mrs. L. B. Burk, Mr. Dick Bearce, Mr. and Mrs. Jud Brannan, Mrs. E. H. Dannheim, Mrs. Ella Parrent, Mrs. Clark, Mrs. Eleanor Jeffrey, Mrs. Jack Wade, Mrs. Bascom Hartgraves, Mrs. E. H. Nimitz, Miss Corie Spence, Mrs. B. L. Blakeway, Miss Pam Dunham, Mr. W. G. Godwin and Mrs. Joe Kreklow.

May celebrates Senior Citizens Month in Texas and the rest of the country—for the 8th time. Presidents Kennedy, Johnson and Nixon have issued proclamations each year since 1963 honoring those people 65 years and older.

The movement actually began in 1953 when New York celebrated May as Senior Citizens Month.

When the movement to select a month for senior citizens began to shape up in the early 1950's those first leaders were impressed with trends in longevity and the increasing life span.

In 1959, 39 state heads proclaimed May as Senior Citizens Month and nationwide observance was sponsored by the Senior Citizens of America. By 1960, 48 states participated in the observance. Finally in 1963 the hope for recognition of older Americans came with the first presidential proclamation.

This year 207 Texas county committees on aging will proclaim May as Senior Citizens Month and hold suitable affairs in honor of it.

Applications Taken For
Girl Scout Camp

Applications are now being accepted for Girl Scouts and non-Scouts for El Camino Girl Scout Council camp. Sessions at Camp Jo-Jan-Van begin June 7 and continue through July 11. Jo-Jan-Van is located 8 miles east of Vance, Texas. The camp site is south of Junction and west of Kerrville in Real county.

Girls between the ages of 9 and 17 are offered horseback riding, swimming, badge work, canoeing, and nature study. Campers will help plan and carry out their own program under the guidance of adult counselors. Staff members are carefully selected on the basis of education, ability to work with girls, and knowledge of the Girl Scout program.

Miss Kay Tidwell, Camp Director, announced that a pioneer unit will be offered this year for the first time. It will be limited to 24 girls who have completed the 8th grade and up and are proficient in outdoor skills. This unit will be directed by Mrs. Sally Allen of Uvalde, and will be held during Session III, June 28 through July 11. The campers in this unit will set up their own camp and determine their own schedule and activities. Mrs. Allen is anticipating a relaxing two weeks for these girls.

A Counselor-In-Training Program will be offered to girls who have completed the 10th grade and are interested in becoming future counselors. The C.I.T. Program will be June 14 to July 11 and will have a fee of \$60 for the 4-week session.

Camp applications may be obtained from the Girl Scout Office, 304 W. Avenue A, San Angelo, Tex. 76901, or call 655-8961. Miss Tidwell urges all campers to send their applications in immediately. The cost for registered Girl Scouts for a one-week session is \$22.50 and for two weeks \$45.00. Fees for non-Council Scouts or non-Scouts are \$27.50 for the one-week session and \$50 for a two-week session.

Small grain farmers in Schleicher county will soon be harvesting grain and afterwards they may have a problem on what to do about the straw.

It should not be burned. Good residue management is one of the better soil and water management practices leading to increased crop production.

Residues plowed or disked into the soil help keep it open, thus allowing for good water infiltration and aeration.

Farmers interested in providing the necessary raw materials for residues should keep their land planted to close-growing or high residue crops half to two-thirds of the time.

Incorporation of residue into the soil provides an added bonus, in that it is an effective way to prevent the carryover of disease organisms. Cotton root rot, for example, can be substantially reduced by a combination of deep tillage and the incorporation of large amounts of residue deep in the soil.

Farmers interested in knowing more about how to get the most from crop residues are invited to come by my office for a copy of MP-807, "Crop Residue to Improve Soils." The publication outlines in detail how crop residues can be used to benefit the land as well as the owner.

Friends: two women mad at the same person.

Saddle horses, like humans, need periodic checkups if they are to stay healthy and in top performing condition.

Horsemen should check their mounts on such items as nutrition, condition of teeth and feet for external parasites. A veterinarian should be consulted to check for internal parasites and an immunization program against the more common diseases of horses.

These include distemper or strangles, tetanus, encephalomyelitis or sleeping sickness and equine influenza. The veterinarian can give advice on which vaccines to use and when and how often. Of primary importance is the time of the year and the onset or follow-up of necessary injections to make the immunization program successful.

In the case of encephalomyelitis, it is a common practice to wait until a case is reported in the area before vaccinating. This could be an unwise practice for the first case could be your horse.

Two injections of tetanus toxoid, given 4 to 8 weeks apart, will protect your horse for approximately one year against a disease that is usually fatal. Infection can come from the horse stepping on a rusty nail, receiving a puncture wound or laceration which might go unnoticed until the animal has a case of tetanus. An annual booster shot will maintain the horse's immunity.

Prevention is much better management than waiting until something which could be fatal to your favorite mount.

Woman to marriage counselor, "That's my side of the story; now let me tell you his."

Most home gardens are off to a good start and many are already supplying plentiful amounts of wholesome vegetables. But, if production is to be maintained, insect control measures may be necessary.

Home gardeners should remember that not all insecticides are recommended for use on home gardens and the importance of using only acceptable insecticides. Poor insect control may result from the use of the wrong insecticide and perhaps a bigger problem could come from residues on the treated vegetables.

Restrictions have been placed on the use of some insecticides when applied to edible crops. Observance of these restrictions will protect consumers from harmful residues.

Available from my office is information on both insects and their control and I invite persons interested in obtaining it to call.

Gardens should be checked frequently for signs of insects or infestations, and if they are found, control measures should be applied before the situation gets out of hand.

It's true only two cases of screw-worms have been confirmed in the Southwest until now, but warn officials of the eradication program; fertile flies are moving northward in Mexico. Stockmen are urged to keep a closer watch on all animal wounds and when worms are found to collect a sample and submit it to the Mission Lab for positive identification. Real trouble could come, say the officials, if a few cases should go undetected for any length of time.

In the scientific age, the only impossible things are people.
