ELDORADO—SCHLEICHER COUNTY, TEXAS, (76936) Thursday, August 14, 1969

Number 33

Directors Re-Elected At Co-Op Meeting

About 825 plates of barbecue were served at the annual meeting of the Southwest Texas Electric Co-Op held Tuesday evening on the Court House lawn, and it was one of this summer's hottest days. The temperature reached 107 degrees around 5:00 p.m.

Attorney Louis Gayer presided at the directors election and J. D. Strauss, Frank Bond, and Peyton Cain were elected to new three-year terms on an uncontested basis.

Elton McGinnes gave his manager's report, citing the strong financial condition at this time of the Co-Op, although the year 1968 was not quite as good as 1967. McGinnes has been manager since the retirement last Oct. 1st of Don McCormick, who now lives in Austin.

It was pointed out that 119 meters had been added during the past year, and more lines had been converted from single-phase to 3-phase.

Clifford Schooley, division supt., gave service plans and cited terms of service of the following employees:

- 20-year, Doyle Easterwood of Ozona;
- 5-year, Gail Mittel and Ronnie Sauer;
- 23-year, Elton McGinnes;
- 19 years, Fred Butler of Big Lake;
- 18 years, Monroe Allen;
- 17 years, Joe Griffin;
- 16 years, Louise Kuykendall;
- 13 years, L. D. Mund, Jim Martin and Jerry Perry;
- 12 years, Bill Maness and Victor Kent;
- 11 years, Damon Wagoner;
- 9 years, W. D. Hubble;
- 4 years, Paul Harmon, Sherrill Dannheim, Kenneth Hicks and C. F. Dacy;
- 3 years, Roy Lynn Taylor and A. T. Turner;
- 1 year, Donnie Ray Danford and Billy Ray Bolen.

Summer employees: Mickey Pennington and Jimmy Mercer.

Speaker for the evening was Gene Linn of Lubbock, who gave an interesting talk on advantages of rural living, and his address was well received by all present.

Door prizes were drawn by Mike Lux, as follows:

- Coffee maker, Sw. Co-Op, Charles Pfleger;
- Toaster, RTE Corp., Hen. Moore;
- Quarter-inch drill, Sw. Co-Op, John Rae Powell;
- Deep fat fryer, Sw. Co-Op, Jack Baughan;
- Waffle iron, Sw. Co-Op, Mrs. Grt Edmiston;
- Toaster-broiler, Sw. Co-Op, Mrs. Jack Wade;
- Toaster-broiler, Sterrett Supply, Earl Acton;
- Clock, Sw. Co-Op, T. P. Robinson, Jr.;
- Electric ice cream freezer, Sw. Co-Op, Mrs. Perry Mittel;
- Steam iron, Temple Inc., Francis Fisher;
- Toaster, Sw. Co-Op, E. V. Gibson;
- Steam iron, Temple Inc., Earl Lloyd;
- Lantern, Nelson El. Supply, Robert Jay;
- Warming tray, Stigler's Jewelry, Joe Logan;
- Clock, Temple Inc., Wayne Mikeskay;
- Toaster, Graybar, James Gillaspy;
- Hand mixer, Graybar, G. B. Hodges.

And following the meeting a hat was found belonging to absent-minded Atty. Louis Gayer.

Topliffe Butane Sold To Dan Griffin

Mr. and Mrs. E. H. Topliffe this week announced sale of their butane business to Dan Griffin, who is completing five years as the Gulf service station dealer. The transaction is for the trucks, storage tanks and other equipment for sale of butane gas.

The Topliffes plan to continue in the refrigeration and air conditioning business at their location in eastern Eldorado, where they will also be in the electrical business.

The sale completes 25 years in butane sales for Topliffe. It was in August of 1944 that he quit his job with an oil company on the Texas coast and moved here with his wife and two young daughters.

Dan Griffin, an Eldorado native, is the son of Mr. and Mrs. Jack Griffin. He has been in business for several years and his going into butane service represents his expansion into a new field.

Students To Be Given Their New Schedules

Eldorado Jr. and Sr. High School students who pre-registered last Spring are to receive their schedule Wednesday, Aug. 20. (See schedule below.)

All new students who have moved to Eldorado this summer and have not registered are urged to do so before school starts. This will assure placement in classes, it was pointed out by Guy Whitaker, high school principal.

9:00	7th Grade
10:00	8th Grade
11:00	9th Grade
1:00	12th Grade
2:00	11th Grade
3:00	10th Grade

Historical Committee Will Meet Friday Night

The Historical group will hold their regular meeting Friday night, August 15. Our program will be on the Organization and Early History of Schleicher County, an article compiled by Ruby DeLong Fowler. Mrs. Elizabeth Ballew will be hostess.

We meet at 7:30 and our meetings are not too long, so come and be with us. The meeting will be in the Ladies Club Room of the Memorial Building. —Ruth Baker.

Wildcat Slated

Stephenson Equipment Co., Midland, No. 1 Kent, 2,173 feet from lines of section 161, block A, HE&E south and 1,200 feet from west WT survey, is a 1,100-foot Permian wildcat 11 miles southwest Eldorado in Schleicher and 5/8 of a mile southeast of the Southwest Eldorado Strawn gas area.

The firm's No. 2 T. C. Meador, an active wildcat in the same section, which is being tested on the pump through perforations at 897 to 907 feet, after injection of 750 gallons of acid.

Post Script

By the time this paper reaches its readers Pete and Mary Jo Parker will be in Cordova, Alaska, visiting their son-in-law and daughter, Pets and Ruth Isleib, and getting acquainted with their new granddaughter, Heather Marie Isleib.

They took the early morning plane Tuesday from Angelo to Dallas; then from Dallas to Seattle, and from Seattle to Anchorage, Alaska, and finally from there to Cordova.

They expect to return in two weeks.

They left these instructions just before they left:
In case Schleicher receives a 4-inch rain during their absence we are to phone them collect.

—ps—

"But what would we do?"
For people who have worked all their lives, this is a problem they come face to face with when they think about retiring.

In last week's Success there appeared an ad offering for sale a complete laundry. Since there is but one commercial laundry in town we all knew it was the Hazelwood laundry owned and operated by Vernon and Cordie Hazelwood.

They had good reasons for quitting. It was confining work and competent help was hard to find. They had lost both Laman and Lou Hazelwood in the past year or so, and their son, Lilburn, was here during the spring and had urged them to give up the business.

So they had finally decided to advertise it for sale in last Thursday's paper.

No sooner had the ad appeared but they began to have second thoughts.

On Friday this writer came by to pick up his laundry and asked Cordie if they had had any interested buyers. Her reply was that they had changed their mind and were not about to sell.

"Suppose we did, then what in the world would we do?"
That I can understand.

—ps—

This has been a hot week! Tuesday about 5:00 p.m., the thermometer in front of Parker Foods registered about 107 degrees.

It remains hot and drv, with no immediate relief in sight, and it goes without saying that WE NEED RAIN!

—ps—

The firemen were called out late in the day Tuesday to a fire at the dump ground, five miles southwest of town.

New Teachers Are Hired At School

School Supt. C. T. Humphries reported the hiring of three more teachers this week. They were elected at the school board meeting Monday night. Except for the position of high school librarian, all positions are now filled for the coming year and Humphries expects to have the librarian by next week.

Mrs. Evelyn Stigler has been rehired to the faculty to teach 3rd grade, replacing Mrs. Becky Moore who resigned.

Mrs. Jean Kuykendall will teach English and Spanish. She is coming here from Graham where she taught last year. She is a graduate of McMurry College.

Mr. Gary Ray Wallace has been hired to teach social studies and speech. A graduate of Abilene Christian College, he has taught for the past four years in El Salvador and earlier taught for a year in Texas.

Next week's Success issue will be the one before the opening of school on Aug. 25th, and Mr. Humphries will announce the complete faculty assignments at that time.

City To Act On Junked Vehicles

Junked and abandoned automobiles and other vehicles are the subject of a new city ordinance, published for the first time in this issue on page 4.

The ordinance sets out legal steps by which the city may take possession and dispose of these vehicles which will be declared a public nuisance.

An abandoned vehicle is described as follows:
"Any unattended motor vehicle left continuously standing, placed or parked on any public premises, or any public street, alley or way, or on any private property of another, without consent of the owner of such private property, for a period in excess of fifteen days."

The ordinance occupies over a column on page 4, and should be carefully read.

Firemen To Stay With Four Trucks

The Eldorado Fire Department is staying with four fire trucks, and is considering the procurement of a new one, according to Fire Chief B. L. Blakeway.

The committee which last week went to El Paso to look at the government surplus truck that was available there, rejected that truck.

On Monday, several firemen met with the County Commissioners Court and discussed the need for a new truck. It was pointed out that a new truck would cost around \$12,000.

At present, the four trucks in use are a '39 city truck, a '42 county truck (the old "crash truck" slated for replacement), a '52 county truck, and a '60 Dodge county truck.

The commissioners are considering the new truck and also looking into the matter of finance to see if a new truck could be bought out of current income or whether a bond election would have to be called.

12 Inches In 7 Months

With over seven inches of rainfall in April and May, Schleicher county was sitting pretty, but the averages suddenly dropped, until the past two months has put us back in blistering drought with disastrous range fires and burning crops.

The table on this page tells the story for these 7 months.

January	0.00
February	1.40
March	1.48
April	4.69
May	2.37
June	1.15
July	0.92
Total	12.01

Daily weather reports give no immediate hope or encouragement for a break in this drought.

San Angelo officials are appealing daily for voluntary rationing of water, but Eldorado city wells continue to supply all that is needed and residents continue to water lawns and shrubbery.

Football Preview For 1969

COACH SHERWOOD BARKER

Christian Well Is Looking Good

The Joe Christian well located about a mile east of the city limits, is looking good and was flaring gas Monday night on a drill stem test. Casing was being set Tuesday night.

Formations were said to be running the same as the Dyer well, which was completed as a gasser a few weeks ago.

IN VIET NAM

Billy Sudduth, son of Mr. and Mrs. W. W. Sudduth of San Angelo, is now stationed in Sian, So. Viet Nam. He left Seattle, Washington, August 18.

His address is:
Pvt. W. A. Sudduth
E-449-76-7655
1st Division, Co. B, 2/16
APO San Francisco, Cal 96345

VISITING HERE ON LEAVE

Jerry Edmiston is spending this month of August on leave from the Navy, after duty in Vietnam. He is visiting here with his parents, Mr. and Mrs. Delbert Edmiston, and other relatives.

Jerry will report on Sept. 1st to his new duty station on Whidbey Island, off of Seattle, Wash. He has 1½ years remaining on his 4-year hitch in the Navy.

SR. RINGS TO BE DISTRIBUTED

Senior Class rings will be given out on Wednesday, Aug. 20 at 1:00 p.m. at school.

Please bring check made out for correct amount, or right change.

The Eldorado Eagles underwent physical examinations Tuesday night, August 12, as prescribed by University Interscholastic League rules. Purpose of such examinations is, of course, to prevent some lad with a great amount of enthusiasm along with an unsuspected physical ailment from finding about such condition in what could possibly be "the really hard way" and to everybody's sorrow and surprise.

Coach Sherwood Barker said this past Monday that team aspirants had begun running to condition themselves on August 12, also that such exercises would continue until next Monday when things get serious with two-a-day sessions including some vigorous and old-time head knocking mildly referred to now as "contact" work. Morning sessions will probably begin at 8:00 o'clock to end about 10:00 and evening sessions to start as things having much to do with these times.

Coach Barker said that these 2-a-day periods would continue until school opens.

He continued that the Eagles would entertain some guests August 29, and September 5, these lads being from Winters High School and from San Saba High, who will come here for scrimmage games.

Coach Barker and the Eldorado coaching staff have just returned from the annual coaches' get-together, biggest ever this year with 5,202 mentors of all sizes, shapes, and descriptions in attendance.

With this number of coaches together, conversation is normally at a virtual standstill; so to break the ice and while away the time,

F'ball Season Tickets Go On Sale Monday

Football fans who wish to exercise their option for season football tickets may do so Monday. They have until Tuesday, Sept. 2, to buy their tickets. On Wednesday all tickets not sold will be placed on sale to anyone.

The Eagles first home game will be with Ozona Friday, Sept. 19. Season tickets will be sold in the office of Guy Whitaker, high school principal.

WATERMELON FEED

Legion members and their families and Jaycees and their families are staging a watermelon feast on the courthouse lawn. Date: Friday the 15th, starting at 7:30.

All you have to bring is an appetite.

Swami with crystal balls come to the rescue and by gazing in these spheres foretell district, bi-district and state winners for the various conferences. These forecasts break the ice and the coaches are soon able to forget their shyness and discuss the merits and probabilities presented by the fortune tellers.

This year, District 8A coaches agreed with the prophecy that the final results would be like this come November 14:

Sonora: District winner and probable State Champion again, their third state title in four years.

Mason: Second in District 8A. Junction: Third. Eldorado: Fourth. Menard: Fifth. Eden: Sixth.

Coach Barker said coaches thought Sonora had such prospects due to the fact that 11 Bronc seniors are slated to make up the defensive team and 10 seniors and one junior the offensive contingent. Due to Bronc depth of reserves, their winning tradition, and general momentum, stopping the Broncs will be no easy matter although this will be the cherished ambition of every member of rugged 8A. Coach Barker remarked, "If there is anything to matter with the Broncs nobody knows it."

He continued that Mason again would be a power to contend with. That school expects 86 lads out for football. Their tradition is to play rough tough football; and, although they may not be quite so large physically as last year, they obviously will have a wealth of replacements who will be spearheaded by five defensive lettermen and six offensive veterans.

"The Junction Eagles," Coach Barker remarked, "have 18 lettermen returning." It will be remembered that Junction began a comeback campaign in 1967, and this season could be its finest one. These lads have speed, size, and a hunger for football glory. They are a rough tough aggregation with Buddy Muir, a bruising guard and a devastating line backer, for a most ominous warhead.

The Eldorado Eagles will have possibly 35 lads out, these consisting of nine seniors, 10 juniors, 4 sophomores, and the remainder freshmen. The Eagles are quietly planning emulation of an American President who coined the phrase, "Walk softly and carry a big stick" and definitely will not be "babes in the 1969 woods."

Eldorado begins "for fun" play against Bronco Longhorns there, the evening of September 12. The Longhorns are notorious for their boisterous receptions for such visitors.

Clean Up Your MEDICINE CHEST

12 Safety Rules To Prevent Accidental Poisoning

1. Keep all medicines and household poisons (cleaning fluids and insecticides) out of the reach of children.
2. Never refer to medicine as "candy" to your child.
3. Read all labels carefully and follow directions.
4. Don't take a medicine prescribed for someone else.
5. Never increase the dosage or the frequency of a dose of medicine—unless your doctor suggests it.
6. Throw out the contents of all old medicine bottles.
7. Keep internal medicines in one cabinet and external medicines and poisons in another.
8. Do not place poisonous liquids in soda bottles.
9. Throw out all unlabeled medicines and containers.
10. Do not take or give medicines in the dark—when you may be sleepy.
11. Protect your skin when using insecticides, solvents or cleaning agents. Remember some products can be absorbed through the skin; use as directed.
12. If someone takes a potentially toxic substance in your home, call a physician immediately. Don't wait for symptoms to appear.

Eldorado DRUG
For Your Health's Sake
ELDON CALK, R. PH. Owner
Eldorado TEXAS Phone 853-2633

Museum Now Open At Sul Ross, Alpine

Alpine, Tex.—The Museum of the Big Bend on the Sul Ross State University campus is now open to the public. Museum hours are from 1:00 to 9:00 p.m. daily.

No admission will be charged through August announced Norman L. McNeil, college president. However, a charge of 25 cents for adults and 15 cents for children under 12 will begin Sept. 1.

The museum is located to the right of the highway 67-90 entrance to the campus. Parking is available for visitors adjacent to the kiosk-style entrance.

Big Bend—Crucible of Cultures is the theme of the museum which displays the development of the West Texas area in a series of 12 displays. A 9 foot by 12 foot mural introduces the visitor to the theme as he enters the museum level following a descent from the entrance down an orange carpeted ramp.

An outstanding collection of photographs from the works of W. D. Smithers of Alpine is one of seven large exhibits in the museum.

On display in one corner of the museum is a blacksmith shop complete with the surrey of Herbert Kokernot and the Chihuahua stage which ran from Alpine to Chihuahua City.

A general store from Marfa has been reconstructed in one display room. Other displays include a backporch for washing complete with tubs and a hand-operated washing machine, a pioneer or early-day living room, an early-settler's bedroom furnished with a massive dresser, bed, and wardrobe chest which are thought to have been brought into the area in covered wagons, and a foyer with a piano and mannequin dressed in the fashions of the late 1800's.

Numerous smaller exhibits depict

Indian handwork and forerunners of modern equipment from carpenter tools to adding machines and typewriters. A collection of irons runs from simple hand irons to be heated on wood stoves to an early steam iron complete with polished tank.

\$67 Million Cost Of July Traffic Mishaps

Austin, Tex.—Traffic accidents in the Lone Star State during the past month picked the pockets of Texans to the tune of over \$67 million, the Texas Safety Association reported.

While preliminary reports indicate that rural fatalities, injuries and property cost Texans some \$25 million in the past four weeks, urban accidents costs rang up a staggering \$42 million tab.

When all reports are in, the Safety Association further reported, July automobile crashes on Texas' streets and highways are expected to put traffic costs for the first seven months of the year over \$475 million.

Costs of accidents are based on a formula supplied by the National Safety Council.

Noting an 18 per cent increase in fatalities and an 11 per cent increase in accidents on Interstate Highways in Texas during the past month, as compared to a similar period in July, 1968, the Safety Association called on the state's drivers to observe the following rules when traveling on high-speed roads.

- On entering a freeway, pick up speed quickly to match the flow of traffic.
- Choose a lane and stay with it. Signal well in advance if you must switch lanes.
- Keep right if you have to drive slower than other traffic.
- Leave plenty of space between your car and the vehicle ahead for emergency stopping. At 60 miles per hour, you need at least 450 feet to stop safely on dry roads.
- If you have car trouble, get your vehicle well off the highway to make repairs.
- Watch for changes in speed limits. Decrease speed when driving at night.
- On long drives, take a break in driving every hour. Many safety rest areas are provided along Texas highways and freeways.
- Plan exits in advance. Decrease speed sharply once you are on the exit ramp.

Deadline Near For Drug Refund Claims

Austin, Tex.—Attorney General Crawford C. Martin reminded Texans today that August 16, 1969, is the deadline for mailing refund claims on broad spectrum antibiotics for which they were overcharged during the years 1954 through 1966.

That is the deadline set by the federal court for individuals to file claims for a share of the \$100 million settlement offered by five drug manufacturers after multiple civil antitrust actions were filed against them by Texas and other states.

Martin said the procedure for filing consumer claims was the result of an order issued by the U. S. District Court in New York. The forms for the refund claims may be picked up at the County Clerk's office in each county courthouse. A number of newspapers have also printed copies of the form.

If a person fails to file a claim, it will constitute authorization to use the money recovered in his behalf for the benefit of all consumers in a manner directed by the federal court.

The notarized claims must be mailed to the Clerk, United States District Court, P. O. Box 745, Bronx, New York 10451.

Drugs involved in the settlement are Aureomycin, Terramycin, Achromycin, Mystclin, Panalba, Panmycin, Polycycline, Steclin, Tetracycline and Tetrex.

Mrs. Bessie Doyle had as her guests over the week end, her sisters, Mrs. R. H. Lindholm of George West, Texas; Mrs. Rex Welty of Kerrville; and a niece, Mrs. Frances Lindholm of Kerrville.

Miss Page, Mr. Blaylock, Repeat Vows In Presbyterian Church Sat.

MRS. STEPHEN LANE BLAYLOCK
... the former Miss Mary Ann Page

Miss Mary Ann Page, daughter of Mr. and Mrs. James A. Page, was married Saturday to Stephen Lane Blaylock, son of Mr. and Mrs. Billy Frank Blaylock.

The Rev. Daniel R. Sebasta, pastor of St. Paul Presbyterian church in Big Spring, officiated for the wedding in the First Presbyterian church here in Eldorado.

Miss Rebecca Archer of San Angelo presented musical arrangements.

Miss Martha Sue Page served her sister as maid of honor. Bridesmaids were Miss Frankie Nell Blaylock, Miss Billie Gayl Blaylock, Miss Susan Hill and Miss Kay Peters.

Jimmy Belk was best man. The groomsmen and ushers were John Cowley of Freer, David Nelson of Garland, Walter Groth of Freeport, Bobby Blaylock of Robert Lee, Bob Page, Paul Page and Jerry Stigler.

The bride is an honor graduate of Texas Christian University where she was a member of Pi Beta Phi social sorority. She is an elementary school teacher in West.

The bridegroom is a physics major in Baylor University in Waco where the couple will live.

The bride is a granddaughter of the late Mr. and Mrs. Bert Page of Eldorado and the late Mr. and Mrs. Tom Wilton of Ft. Sumner, New Mexico.

The bridegroom is a grandson of Mr. and Mrs. W. A. Blaylock of Eldorado and Mr. and Mrs. Raymond Jay of San Angelo.

The reception was held in the home of the bride's parents. House party included Mrs. Lynn Meador, Mrs. Mike Moeller of San Marcos, Miss Marilyn Wilson of San Angelo, Miss Molly Martin and Mrs. Tom Lawson of Abilene, Mrs. John Pat-

erson of Nacogdoches, Miss Betty Jack Cooper of Sonora, Miss Donna Wilton and Miss Lee Ann Wilton of Fort Sumner, N. M., Miss Patty Page, Miss Peggy Hill, Miss Kathy Page, Miss Carolyn Page, Miss Debbie Page, Miss Eva Jo Blaylock, Miss Gynna Jay, Miss Sammie Jay and Miss Jolyan Jay.

The rehearsal dinner for the wedding party was held at the Commercial Cafe in Sonora, hosted by Mr. and Mrs. B. F. Blaylock.

They were assisted by Mr. and Mrs. T. P. Robinson, Jr., and daughters, and by Mrs. John Nikolauk of Tampa, Fla.

Tax Man Sam Sez

New Highway Use Tax Schedule

When you're rolling down the interstate highway you find yourself wishing that there was a completed interstate highway going to wherever you are headed. You may also wonder whether the road builders are really trying to finish the highway or not. (It's a reasonable guess that they are—since you don't get paid until you finish the job.) Highways and streets cost money. In the case of the interstate highways, Congress imposed a highway use tax on trucks and buses to help pay for the highways. After several years Internal Revenue found that the weight schedule on which the truck owners pay taxes needed revision.

The taxes have not been revised, but the definitions have been. All Internal Revenue offices and most county clerks have the new schedule of rates and weights posted. If you are a big trucker, or own a big truck, you need a copy of the new Publication 349.

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

The Agricultural income for the county in 1968 was 4.5 million dollars. 68% of this total income was received from livestock, 13% from crops and 19% from government payments, the largest being incentive payments on wool and mohair.

Other income was 10.4 million from oil and gas, \$28,164 from assistance payments to the aged and crippled, including child support. Add to this Social Security and you have primarily the wealth of the county. Income from other sources, stock and bonds, is estimated at \$83,000.

If consumers bought milk by the pound, they would find that pound for pound, it is one of today's best food buys.

A quart of milk weighing 2.15 pounds sells, on the average, for approximately 27 cents. This is about 13 cents a pound. Considering the amount of protein, carbohydrates, fats, calcium, vitamins and minerals in it, this is a good buy.

The efficiency of milk distribution is another aspect of the industry that makes the product such a bargain. For example, the milk company processes, provides the carton and delivers the product to the consumer for a cost below what many would consider a reasonable delivery charge.

On top of this, milk comes from dairy farms which maintain high standards of sanitation and product quality. From the farm, milk goes to a processing plant operated under the most stringent sanitary standards of any food processing plant. Here it is pasteurized, homogenized, put into containers and sped to the consumer.

All the great things are simple and many can be expressed in a single word: freedom, justice, honor, duty, mercy, hope.

A revised guide covering the use of defoliant and desiccants for getting cotton ready for machine harvesting is now available at the county agent's office.

All chemicals listed in the guide have been registered, or granted an extension by the U. S. Department of Agriculture except where limitations have been noted.

The guide also gives suggestions relative to when chemicals should be applied as well as application rates for both ground and airplane spraying.

Suggestions are given for the care and operation of application equipment along with safety precautions in guide L-145, "Cotton Defoliation Guide." It is free for the asking at my office.

No one is unemployed who minds his own business.

The spider is an unwelcome guest in the home; but as the temperatures drop in the Fall, spiders invade the home in search of a suitable place to set up for the winter.

To prevent spiders from making your home their home, sprays (probably best) or dust containing lindane, dieldrin, or chlordane can

be used effectively. When using these insecticides, follow the directions on the manufacturer's label for mixing sprays.

The outside walls, foundations, and about five or six inches of soil surface next to the foundation should be treated. Special attention should be paid to cracks and crevices that spiders might use to gain entrance into the house. Insecticides can be painted onto window sills and door thresholds with a paint brush.

Frequent cleaning of closets, cellars and other places which are not disturbed often, will decrease the number of spiders. A 0.2 to 0.5 per cent lindane, 0.5 per cent dieldrin, or 2 per cent chlordane household spray can be used in areas within the home where spiders are found. These materials can also be used to treat door facings, around windows, and around bathroom fixtures to keep spiders on the outside.

For information concerning control of spiders as well as other household insects, the Texas Guide for Controlling Household Insects is available at my office.

A person can win a lot of arguments by avoiding them.

Correct Information Assures Prompt S. S. Payments

Prompt payment to Medicare beneficiaries is made more certain if the proper information is furnished. Ted F. Moellering, social security district manager, said today. That is why the Social Security Administration urges all beneficiaries to consult their local social security offices before filing their first medical insurance claim under Medicare. They should bring their Medicare enrollment card and their doctor bills with them. Of course, if the doctor agrees to handle the claim "on assignment", the beneficiary need take no further action. Otherwise, a social security representative will show him the correct procedure for filing all future claims. He can file his next claim from his home.

The medical insurance enrollee should get in touch with his social security office as soon as his bills total more than \$50.

The Social Security Office in San Angelo, Texas, is located at 3000 West Harris Avenue, or see the representative when he is in your area.

Gift Tea Set

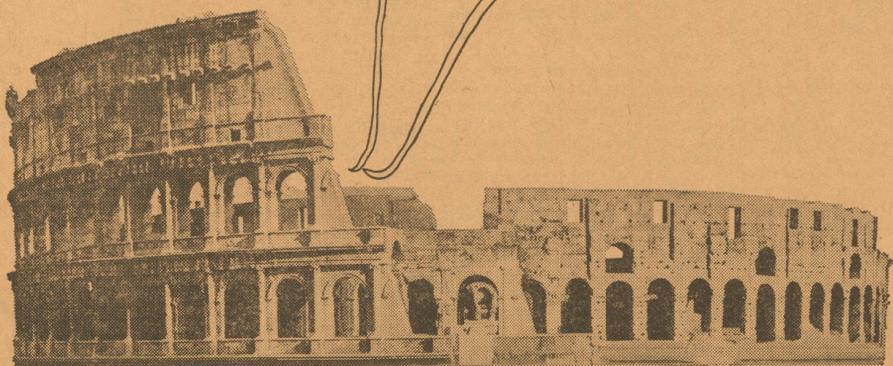

A Gift Tea will honor Mrs. Dwight McDonald, a recent bride, this Saturday, Aug. 16th, in the home of Mrs. Glenn McDonald.

Calling hours will be from 2:00 to 3:30 p.m.

Hostesses will be Mmes. E. G. Donaldson, Delbert Taylor, Clovis Taylor, Nick Jurecek, Glenn McDonald, Jack Wade, L. D. Mund, Granvil Hext, George Williams, Richard Preston, Tom Dempsey, and Vernon Hazelwood.

Home Demonstration Agent's Column
By MRS. VIDA KREKLOW

I sometimes feel that it is too bad that everybody does not share my unbounded love of vegetables. I have some favorites of course, but on the whole I like them all and I'm afraid that cannot be said by everyone.

Vegetables are wonderful sources of vitamins and minerals. We need Vitamin C for healthy gums and body tissue. Green pepper, sweet red pepper, grapefruit, oranges, lemons and their juices are all excellent sources of vitamin C. Fair sources are potatoes cooked in jackets, raw cabbage, spinach, tomatoes, cantaloupe, honey dew and watermelon. One good serving each day of those found in the excellent list will furnish all the vitamin C one person needs. Better have two servings of the "Fair" source list.

We need vitamin A to maintain normal vision, healthy skin and for growing. Deep green and deep yellow vegetables furnish vitamin A and one good serving daily will do the trick.

And—with meat prices pretty steep these days maybe we should give a little consideration to ways of serving good health giving foods without figuring in a meat dish

for each meal. Incidentally, dried peas, beans, and peanut butter are good sources of protein, as is meat.

For a new taste sensation try
Summer Vegetable Skillet
1/4 cup butter or oleo
1/4 teaspoon hot pepper sauce (tabasco),
3/4 cup crisp cooked squash—any kind will work; zucchini, yellow crook neck or white patty.
3/4 cup crisp cooked green beans.
2 small white onions, cooked and sliced.
Melt butter in skillet. Add liquid pepper sauce. Add vegetables and cook over low heat until they are heated through (6 to 10 minutes).
Serve hot. Makes 4-6 servings.

Another squash recipe to add a touch of Louisiana to your summer meals is

Creole Squash
6 cups (about 2 1/2 lbs.) unpeeled squash
1/2 inch boiling water
2 teaspoons salt
3 tablespoons butter or oleo
3 tablespoons flour
3 cups diced tomatoes
1/2 cup diced green pepper
1/2 cup chopped onion
1/4 teaspoon ground black pepper
1/2 teaspoon sugar
1 tablespoon melted butter or oleo.

1/4 cup shredded Amer. cheese
1/2 cup soft fresh bread crumbs.
Cook squash in boiling water and 1 teaspoon salt in a covered saucepan until partially tender, 8-10 minutes. Drain well and place in a 2-quart casserole. Melt butter or oleo, blend in flour. Add tomatoes, green pepper and onion.

Cook 5 minutes or until vegetables are tender. Add remaining seasonings and pour over squash. Mix remaining ingredients together and sprinkle over top. Bake in a preheated oven (350 F.). Makes 8-10 servings.

Come on, be honest, isn't squash just a little bit good? Is it the name of the vegetable, is it the sound of the word that causes so many wrinkled noses when someone mentions squash? I know, not everybody feels this way but you just say the word to a bunch of children and listen to the sounds they make—somebody is letting the good old squash down.

Just one more—

Chicken-Baked Squash
3 cups cubed yellow squash
2 tablespoons butter or oleo
1 can concentrated cream of chicken soup
1/2 cup chopped pecans or other nuts
2 tablespoons chopped pimento
1/4 cup soft bread cubes
2 tablespoons melted butter or margarine.
Alternate layers of squash, bits of butter, soup, nuts and pimento in a greased casserole dish.

Top with bread cubes which have been tossed in the melted butter. Bake at 375 F. for 40 minutes or until cubed squash is tender. Makes 6 servings and is a Sunday dinner dish.

Want to be a bit daring and try a new vegetable combination? Then cook these together:
Tomatoes and cauliflower
Yellow or white squash & peas
Peas and onions
Carrots and green beans
Cabbage and beets
Cabbage & okra (Zelma Henderson taught me this combination)
Celery and carrots
Spinach and tomatoes
Broccoli and tomatoes
Lima beans and onions
Corn and green peppers
Potatoes and carrots
Blackeye peas, whole onions, and okra
Irish potatoes and pepper pod.

I would like to stay as "cool as a cucumber" about this business of eating plenty of vegetables. But, when I think about the vast number

of people who do not eat them I can't help but get a little "peppery." "Lettuce" remember that these facts are "unbeatable" and that we should "cabbage" on to as many of them as possible; otherwise it is just possible that someone could "turnip" with a vitamin deficiency.

I don't object to a little "corn" occasionally, and I hope you do not.

The Implied Consent Law Discussed

Austin, Tex.—Col. Wilson E. Speir, director of the Texas Department of Public Safety, said today that the state's new implied consent law which becomes effective September 1, 1969, gives law enforcement a much needed weapon to combat drunk drivers.

"Depending on area, drinking drivers figure in 40 to 50 percent of the fatal rural traffic accidents in Texas," Speir said. "This is especially significant when you consider that traffic mishaps claimed 3,431 lives in the state last year."

Under terms of this law, a motorist is "deemed to have given consent" to a breath test if arrested for any alleged offense arising out of his actual operation or physical control of a motor vehicle while under the influence of intoxicating liquor.

If the suspect refuses the breath test, the officer certifies this fact in an affidavit, together with his probable cause for stopping the person, to the Department of Public Safety. This affidavit, when it reaches the DPS, forms the basis for a petition filed by the Department in the corporation or justice court of the county of residence of the person refusing the test to determine if the officer had probable cause for thinking the person was driving while intoxicated.

Should the judge find the officer had probable cause to arrest the person for driving while intoxicated, the Department of Public Safety, acting on the court's finding and the officer's sworn statement that the subject refused the test, suspends the subject's driver license for the period set by the judge. The suspension, which may run for as much as one year, is subject to appeal to a higher court.

The implied consent law allows the person detained the right to have a test of his blood alcohol taken by his own physician, qualified technician, chemist or registered professional nurse, if taken within two hours after his arrest.

The law also places the responsibility with the Texas Department of Public Safety to certify breath testing equipment and persons authorized to administer breath tests.

Consistent with its policy of assisting local authorities whenever possible, the DPS will offer at least three schools to train city and county officers in operation of the Breathalyzer. These schools, which will be conducted at the Law Enforcement Academy in Austin, will be limited in enrollment to key personnel from localities which now possess, or plan to obtain, breath testing instruments.

Currently the DPS is utilizing breath testing equipment in a voluntary program. The Breathalyzer instruments are located at central points in some 90 counties, and are operated by DPS officers who have completed an intensive training course. The instruments are checked and serviced weekly by qualified DPS chemists.

"With the advent of the new law, we hope to obtain at least one breath testing instrument for each county, and plan to train additional personnel in their operation," Speir noted.

In Those Days
Compiled From Success Files

ONE YEAR AGO
Aug. 15, 1968—Fred Case and Leonard Lloyd were elected new directors as the annual meeting of the Southwest Texas Electric Co-Op was held. They were elected following their nominations from the floor.
Funeral services were held for L. Kent, 89.
Eddie Hyatt was transferred from here to Rankin by Halliburton.

FIVE YEARS AGO
Aug. 13, 1964—Mr. and Mrs. Bill Bowen resigned their teaching positions in the local school to accept new jobs in San Angelo.
William F. Parrent died at the age of 70.
A rally for Goldwater for President was coming up.
Rev. and Mrs. Johnny Griffith and family were moving to Waxahachie. He operated a barber shop here for some time.
Leatrice Guthrie, bride-elect of Jim Garvin, was being honored with a Gift Coffee.
Mr. and Mrs. J. H. Mace and Paula attended the Floyd family reunion in Childress.
Mary Dyer received her degree in Home Economics from Colorado State University at Fort Collins.
Mrs. Kenneth Doyle and Joan and Wayne visited Mr. and Mrs. Bilhartz at El Paso and also made trips to Old Mexico and Cloudfcroft.

12 YEARS AGO
Aug. 15, 1957—Mrs. Fred Gunstead, wife of the Eldorado Success publisher, died at the age of 60. Her funeral was held here.
Work was under way on Northern Natural Gas Company's new compressor plant in the Reynolds area.
The annual meeting of the Southwest Texas Electric Co-Op was held and announcement was made that new two-way radio service would be put into use. Jeff Owens replaced E. L. Tankersley of Mertzon as a director.
John Brown announced summer band rehearsals to begin.
In San Francisco, Dr. Weldon B. Gibson was helping plan an International Industrial Development Conference. He was an Eldorado native.
Mrs. Robert Milligan was home after having treatments in a San Angelo hospital.
A son was born in a Grand Prairie hospital to Mr. and Mrs. Donald Dennheim.
Rev. O. D. Cox was to preach at dedication services at the Congregational Methodist Church.
Gene Stanberry was to be director of a Girl Scout Day Camp getting under way August 19th.

35 YEARS AGO
Aug. 17, 1934—About 250 were present at a barbecue opening Humble No. 1 Ike Honig, for Humble employees. Seventeen goats were barbecued by J. W. Yates for the big event.
In results of a close election for State Senator, Judge E. M. Davis of Brownwood was declared winner over Penrose Metcalfe of San Angelo. Margin was 77 votes.
Alene Frazier and Hazel Bruton were receiving degrees from Sul Ross.
Evangelist Raymond C. Wilson of San Angelo was conducting a Revival in a tent across from West Texas Utilities.
J. H. Glenn leased the Bailey Ranch Gin from John McLeod.
Rev. P. S. McConnell, pastor of the Methodist church, was conducting a Revival at Rudd.
Mr. and Mrs. T. K. Jones announced the engagement of their daughter, Victoria, to A. L. Ohlenburg.
Miss Bessie Reynolds rode Jess Koy's favorite horse, Barney, on the rodeo grounds on the Double Heart Ranch near Sweetwater.
Dr. Pennington reports that on Aug. 4th a 9-pound girl was born to Mr. and Mrs. Owens.
W. M. Bearce, pioneer citizen of this area, died at the age of 76.

NOTICE OF BIDS FOR OIL, GAS AND MINERAL LEASE
NOTICE is hereby given that the Commissioners' Court of Schleicher County, Texas, pursuant to its order of the 28 day of July, 1969, entered upon the Minutes of said Court, will receive and consider public bids at 10:00 o'clock A. M. on the 25 day of August, 1969, at the County Courtroom in the Schleicher County Courthouse in the City of Eldorado, Texas, for the sale of an oil, gas and mineral lease on the following described land, to-wit:

Labor 3, League 286
All of the above tract of land being Schleicher County School Land situated in Gaines County, Texas.
All bids shall be upon the understanding that Schleicher County will retain a one-eighth (1/8) royalty on oil and gas, a one-tenth (1/10) royalty on other minerals except sulphur as to which the royalty shall be fifty cents (50c) per long ton; that in no case shall the primary term of such oil, gas and mineral lease be longer than five years from the date of the lease; and that the Commissioners' Court may reject any or all bids if in its opinion the same do not represent the fair value of such lease.
Only cash bids will be considered and a deposit by Cashier's Check or Bank money order in the amount of at least five (5) per cent of the bid will be required of the successful bidder as security pending full payment within three days of such sale.
J. T. Ratliff
County Judge
Attest:
J. P. Enochs
County Clerk (Au 7-14-21)

City Of Eldorado Ordinance providing

for The Abatement of The Nuisance of Article XVIII. Junked or Abandoned Vehicles.

Sec. 17-154. Definitions.
In addition to the terms defined in section 17-1, and those defined in article 6701d, Revised Civil Statutes of the state, which have been adopted by such section, whenever the following terms are used in this article, they shall have the meanings respectively ascribed to them in this section:

Abandoned vehicle. Any unattended motor vehicle left continuously standing, placed or parked on any public premises, or any public street, alley or way, or on any private property of another, without consent of the owner of such private property, for a period in excess of fifteen days.

Junked vehicle. Any motor vehicle which does not have lawfully affixed thereto both current, valid state license plate, or plates, and a current, valid state department of public safety motor vehicle inspection certificate, and which is also either wrecked, partially or wholly dismantled, inoperative, or not equipped with tires affixed to all wheels.

Sec. 17-155 Deemed nuisance.
The location or presence of any junked or abandoned vehicle, or vehicles, on any private or public premises, or public street, alley or way, within the city, is hereby deemed a public nuisance, and it shall be unlawful for any person, or persons, to cause or maintain such public nuisance by wrecking, dismantling or rendering inoperable any vehicle; or by discarding or abandoning, for any period of time, any vehicle, or vehicles, on the property of another, or on any public premises, street, alley or way, or to suffer, permit or allow any junked vehicle to be placed, located, maintained or to exist upon property owned or occupied by him; or to fail to abate such nuisance within ten days after notice of same, as provided in section 17-156. Provided, this section shall not apply with regard to a junked vehicle, or junked vehicles, on the premises of a junk yard, salvage yard, wrecking yard or garage, authorized by the zoning ordinances of the city and otherwise operated in a lawful place and manner; or a junked vehicle, or junked vehicles, in an appropriate storage place, or depository, maintained by the city.

Sec. 17-158. Procedure in event of protest:
Should any person file a protest, in accordance with section 17-156, of the determination that any vehicle constitutes a nuisance under the terms of this article, the city attorney shall determine whether or not a violation of this article exists. If in the opinion of the city attorney, such violation exists, an appropriate complaint shall be filed in corporation court. Upon final conviction for the violation of any provision of this article, the vehicle in question, if determined thereby to be junked or abandoned, shall be subject to removal and impoundment; and such nuisance shall be abated and the vehicle disposed of in accordance with the provisions of this article.

Sec. 17-159. Disposition of vehicles.
After impoundment of any such junked or abandoned vehicle, whether the owner thereof is known or unknown, such vehicle shall be treated as "unclaimed property" under the terms of article 11, chapter 22, and shall be disposed of in accordance therewith. Provided, all costs of impoundment, preservation and storage shall be deducted from any amounts payable to any owner or any such vehicle.

Sec. 17-156. Notice of violation.
Whenever any junked or abandoned vehicle, as herein defined, is situated within the city, notice of such violation shall be given, as applicable, to the owner of such vehicle or the owner or occupant of the premises, as hereinafter provided. Such notice shall be in writing; shall specify the violation and its location; shall specify the corrective measures required; shall provide for abatement of such nuisance within ten days; shall provide that any owner of such vehicle, or owner or occupant of such premises, may protest the determination that such vehicle is a nuisance by filing written notice thereof with the city attorney within ten days, and shall provide that failure to file such protest, within ten days, shall constitute consent to the removal and impoundment of such vehicle. A copy of the notice shall be served upon the owner or occupant of the premises or the owner of the vehicle, either by personal service; by mailing a copy, certified mail, return receipt requested, to the last known address of such person; or by attached to any vehicle need not name the owner thereof, or the owner or occupant of the premises where it is situated, and any such notice attached to a vehicle shall constitute notice to the owner of the vehicle and to the owner and occupant of the premises where such vehicle is located.

Sec. 17-157. Abatement of nuisance.
If the owner or occupant of the

Austin, Tex.—Water development leaders already are talking about another try with the \$3.5 billion water bond authorization in the wake of last week's constitutional amendments elections.

Water bonds—to finance the state's share of the \$9 billion Texas water plan—were defeated by only a few thousand votes out of some 700,000 cast.

Meanwhile, say water experts, the master plan is not dead. Preliminary negotiations for out-of-state water can continue, and another vote can be scheduled on the bonds in 1971. Hopefully by then, some of the major objections can be resolved.

Texans, in the amendments election, solved one of the state's pressing problems, for the time being at any rate. They voted nearly two-to-one in favor of raising the welfare aid ceiling \$20 million a year, to \$80 million. This will get aid to families with dependent children (AFDC) payments back to par, and stave off any more cuts in the near future.

Voters also favored issuing \$200 million more in college student loan bonds to continue the Texas Opportunity Plan of aid to needy youngsters bent on higher education.

Elimination of deadwood from the state constitution met strong favor. So did payments to survivors of volunteer firemen, reserve or auxiliary police and other state or local government employees killed in line of hazardous duty.

On the other hand, voters were antagonistic toward four other proposed amendments on the August 5 ballot.

They overwhelmingly rejected pay raises for state legislators and annual sessions of the legislature. They disapproved property tax exemptions for non-profit water supply corporations by a fairly strong margin and narrowly rejected lifting the constitutional interest rate ceilings on state bonds.

Defeat of the annual sessions amendment put an end to hopes of many legislators that another single-year, no-tax state budget can be passed in the current special session and accepted by Governor Preston Smith.

Tax Bill To Senate
Now it's the Senate's week to wrestle with the tax bill.

House passed its \$341 million version of revenue raising to balance a biennial budget and sent it across the rotunda. From comments, it is an overstatement to say senators don't like it, but hearings are under way in an attempt to come up with an acceptable compromise—and that won't be easy.

Here is what the House bill does (all levies effective January 1):

—Raises the sales tax rate from 3% to 3½%.
—Boosts the cigarette tax five cents a pack, to 16 cents.

—Launches a new 3.5% tax on telephone and telegraph, auto repairs, appliance (except washing machines, dryers and refrigerators) and jewelry repairs, parking, laundry and dry-cleaning (except self-service coin-operated) and professional entertainment services. (Included in the latter would be admission charges to professional athletic contests, night clubs, dance halls, amusement parks and scenic attractions).

—Levies a 10-cent transactions tax on each sale or purchase of stocks, bonds, warrants and other securities, with few exceptions.

—Cuts the gross receipts tax on telephone and telegraph companies from 2.5% to 1.9% (which would reduce the industry's direct taxes about \$5.7 million per biennial fiscal period).

premise, or the owner of such vehicle, fails, neglects or refuses to either file notice of protest or comply with the terms of any notice issued under the provisions of the preceding section, within ten days after service of such notice by personal service, mailing, or the attachment to such vehicle, appropriate city officials shall abate such public nuisance by impounding the junked or abandoned vehicle. All expenses incurred in the abatement of such nuisance, and costs of storing and preserving such vehicle, prior to final disposition, shall be charged against the owner, or owners, of the junked or abandoned vehicle, payable in the city, and the city shall have a privilege lien on such junked or abandoned vehicle, together with ten per cent interest on the delinquent amount from the date of impounding such vehicle.

City of Eldorado
L. B. Burk, Secretary

City officials are angry because, while new sales and service taxes would be levied at 4.5% rate in those municipalities which levy local option sales tax, they would get none of added revenue.

One thing seems certain: what comes out of the Senate is unlikely to bear much resemblance to what came over from the House.

Loan Bonds Sold
First \$14 million in new college student loan fund bonds were sold here last week (Aug. 7).

First National City Bank of New York and Associates was successful bidder at a net effective interest rate of 5.4162%. Announcement came from Tom Sealy of Midland, chairman of the Coordinating Board, Texas College and University System. Board administers the program.

Bonds will be formally authorized and awarded to the purchaser at the meeting of the Coordinating Board on September 2. Funds will be available for fall semester loans. About 36,000 needy Texas resident students have benefitted from a total of nearly 100,000 loans since the program went into operation in 1966.

Hospital Aid Cut Looms
Texas hospitals got warning from Texas health authorities that federal building funds may be sharply curtailed under White House budget proposals.

Twenty-eight Texas applicants for Hill-Burton hospital construction aid were notified that the State Health Department received a tentative allocation indicating a "drastic reduction" in U. S. money for the state.

Tentative allotment is reportedly about \$2.1 million for general construction and \$689,000 for modernization of Texas hospitals in 1970. About \$1 million would go to public health centers, according to health officials who said they hope Congress will raise White House recommendations. About \$8 million was allotted Texas for general construction this year and \$2 million for modernization.

Food-Medical Grant Approved
A \$474,000 emergency food and medical services grant has been awarded Texas Office of Economic Opportunity and approved by Governor Smith.

Program will start Sept. 1 to supplement the existing commodity distribution program for 71,000 Texas families. It will operate in 26 counties with highest percentage of poor. Outreach, basic food stuffs and medical services will be used to counteract conditions of starvation and malnutrition among poor.

These counties will benefit directly: Austin, Burleson, Caldwell, De Witt, Falls, Fayette, Freestone, Goliad, Gonzales, Grimes, Houston, Lavaca, De Leon, Limestone, Madison, Milam, Newton, Orange, San Jacinto, Trinity, Tyler, Upshur, Walker, Waller and Washington.

'Treasures' Returns
Last of the material recovered from the Spanish galleon sunk off Padre Island arrived at the Texas Memorial Museum in Austin Wednesday night from Gary, Indiana.

It may be a while before the inventory committee gets through with its checking of the material. Gaylor Armstrong, law partner of former U. S. Rep. Joe Kilgore (one of the inventories), said that the inventory lists and the artifacts seem to tally pretty well, but the committee will have to go through step-by-step, piece-by-piece, to make sure. Nobody is sure when that check will be made, since Kilgore is on vacation—on Padre Island—and Dr. W. W. Newcomb, head of the Memorial Museum, also is vacationing, and the third committee member, Rep. Don Cavness of Austin, is likely to be tied up with the Legislature for a while yet.

Short Snorts . . .
Sen. H. J. (Doc) Blanchard of Lubbock is scheduled to be governor-for-a-day Friday (Aug. 15).

Grain Sorghum Producers Association of Lubbock will hold a referendum in a 29-county High Plains-Panhandle area at which grain sorghum producers will vote on assessing themselves for promotion and research purposes and election of a board to handle funds.

County commissioners cannot pay the premium for insurance to protect the public against errors and omissions of county clerks, Atty. Gen. Crawford C. Martin has held.

Bill before the legislature would create a Texas medal of valor for moon explorers Neil Armstrong, Edwin Aldrin and Michael Collins.

Harrison and Panola county commissioners unanimously petitioned Governor Smith to withdraw all VISTA (Volunteers in Service to America) workers from their areas immediately.

Atheist Madalyn Murray O'Hair filed suit in federal court here to keep the astronauts from quoting the Bible or praying aloud over radio equipment used on moonshot space flights.

E. L. Short of Tahoka has taken his seat in the House of Representatives after winning the runoff contest with Jim Clack of Andrews on August 5.

Dr. Robert Montgomery of Abilene was selected as assistant comptroller of schools by the Texas Education Agency.

Miss Sharon Nyquist And Phil McCormick Were Married Saturday in Burnet Church

MRS. PHILIP McCORMICK
the former Miss Sharon Kay Nyquist

First United Methodist Church in Burnet was the setting Saturday for the marriage of Miss Sharon Kay Nyquist to Philip Arthur McCormick. The Rev. R. R. Bloomquist of Buchanan Dam officiated at the double ring ceremony.

The bride is the daughter of Mrs. C. M. Nyquist of Buchanan Dam and the late Rev. Nyquist. The bridegroom's parents are Mr. and Mrs. Hollis McCormick of Eldorado. Presenting wedding music were Mrs. Willie Garrett of Burnet, organist, and Mrs. Dub DuBose of Devine, soloist.

Given in marriage by her brother, Charles Nyquist of Felton, Dela., the bride wore a long Empire gown of chalk crepe featuring scoop neckline and long pointed sleeves. Imported Alencon lace accented the waist, skirt and detachable train.

Serving as her sister's matron of honor was Mrs. Joel Rategan of Mriden, Conn. Bridesmaids were Miss Georgiana Steele of Fort Stockton and Miss Rita Rozean of Brownfield.

The bridegroom's brother, Rex McCormick, served as best man.

Groomsmen were Richard Preston and Marvin McAngus, Jr. Ushering were Gary Derrick, Eddie Rudasill of San Antonio, Bobby McCulley of Del Rio and Ronald Colburn of Winters.

Houseparty for the reception in the church fellowship hall included Mrs. G. O. Hanson of Sweeny and Mrs. Fred Marshall of Bishop, both sisters of the bride. Mrs. Charles Nyquist and Miss Teresa Nyquist of Felton, Dela., and Miss Mary Lynn McGinnes of San Angelo.

Mrs. McCormick is a 1965 graduate of Eldorado High School and a 1969 graduate of Methodist Hospital School of Nursing, Lubbock. She attended Southwest Texas State University and the University of Houston and is a nurse at a Burnet hospital.

Her husband is also a 1965 graduate of EHS and has attended Angelo State University and Texas Tech. He is a senior in Texas A&M University.

After a wedding trip to New Orleans, La., the couple will live in Bryan.

The bridegroom's parents were hosts for the rehearsal dinner in the home of the bride's mother.

Double Treat: Chocolate Oatmeal Cake

Two old favorites, chocolate and oats, double scrumptiously in this two-layer Chocolate Oatmeal Cake. Crunchy toasted oats and peanuts sprinkled between the layers and over the chocolate-frosted top complement the nut-like flavor of oats in the cake.

CHOCOLATE OATMEAL CAKE

Makes one 9-inch cake

- | | |
|---|--|
| CRUNCH: | 1 cup granulated sugar |
| ½ cup quick or old fashioned oats, uncooked | 1 cup firmly packed brown sugar |
| 2 tablespoons firmly packed brown sugar | 1 teaspoon vanilla |
| 1 tablespoon butter or margarine, melted | 2 eggs |
| ¼ cup chopped salted peanuts | 1 envelope (1 oz.) no-melt unsweetened chocolate flavored ingredient |
| CAKE: | 1½ cups sifted all-purpose flour |
| 1¼ cups boiling water | 1 teaspoon soda |
| 1 cup quick or old fashioned oats, uncooked | ½ teaspoon salt |
| ½ cup butter or margarine, soft | |

CHOCOLATE BUTTER CREAM ICING

For crunch, heat oven to moderate (350°F.). Combine oats, brown sugar and butter until crumbly. Place in a shallow baking pan. Heat in preheated oven (350°F.) about 10 minutes, stirring occasionally. Cool 15 minutes; toss lightly with a fork to form crumbs. Stir in peanuts. Reserve for later use.

For cake, pour boiling water over oats; stir to combine. Cover and let stand 20 minutes. Beat butter until creamy; gradually add sugars, beating until fluffy. Blend in vanilla, eggs and chocolate. Add oats mixture; blend well. Sift together flour, soda and salt. Add to creamed mixture; blend well.

Pour batter into a well-greased and floured 9-inch square baking pan. Bake in preheated oven (350°F.) 50 to 55 minutes. Cool 15 minutes; remove from pan; cool thoroughly. Split cake horizontally into 2 layers. Spread bottom layer with some of the icing; sprinkle with a small amount of reserved crunch. Place second layer on top of bottom layer. Frost top and sides of cake with remaining icing; sprinkle top and sides with remaining crunch.

Joe Roy Wagley Marries Miss Moore In Ceremony In San Angelo Saturday

MR. AND MRS. JOE ROY WAGLEY

Married Saturday in Park Heights Baptist Church Chapel in San Angelo were Miss Carla Jean Moore and Joe Roy Wagley. Officiating was the Rev. Cecil Dunning of Park Heights Baptist Church.

Parents of the couple are Mrs. Jean M. Moore and Thomas J. Moore, both of Georgetown, and Mr. and Mrs. Joe A. Wagley of 3605 Vista Del Arroyo, San Angelo, formerly of Eldorado.

Miss Kaye Harkey, organist, presented wedding music.

The bride wore a street-length dress of white Irish lace and pink linen.

Honor attendants were Miss Pat-sy Bohanan of Georgetown, and

Gary Don Donelson of Snyder. Ushers were the bride's brothers, Jerry Moore and Mark Moore, both of Georgetown.

Mrs. Wagley, a graduate of Georgetown High School, is a student in Angelo State University. Her husband, an Eldorado High School graduate, attended ASU and Texas Tech University. He is a rancher in Schleicher county.

A buffet reception was held in the church reception room. Serving in the houseparty were Mrs. Gary Pair, Miss Gwen Ledbetter and Mrs. Dwight McDonald.

After a wedding trip to Ruidoso, N.M., the couple will live at 2610 Carlton Way, San Angelo.

Lions See Film On Safe Driving Yesterday

The Eldorado Lions Club met yesterday at noon for their regular meeting, with Boss Lion A. G. McCormack presiding.

Sam Dannheim introduced the program. A film put out by the Texas Department of Public Safety entitled "Acco Beat" depicted the effect of alcohol on reflexes and how this relates to driving ability. L. D. Mund was projectionist.

Lion E. W. Brooks, local chairman of the Crippled Children's Camp at Kerrville, told how he had visited the camp last Friday, the closing day for this summer. Report given by the camp director was that Mrs. P. K. McIntosh had given the camp \$1,000 as a memorial to the late Mr. McIntosh.

Lion Brooks reported that the visit to the camp was very interesting and that on Sept. 1 the facilities will be used for a period for instructing the blind.

Week end guests in the home of Mr. and Mrs. Sam McGinnes were S. A. McGinty of San Antonio, and his son Tom McGinty, also his eldest daughter and two children. Mr. and Mrs. Albert McGinnes and daughter of Sterling City were also week end visitors.

LEAVING FOR STATE CO-OP MEETING

Elton McGinnes, manager of the Southwest Texas Electric Co-Op, and two directors, J. D. Strauss and Fred Case, are leaving today for San Antonio to attend a state meeting of Electric Co-Ops being held August 14 and 15.

Mr. and Mrs. Billy Jack Reynolds and family visited over the week end with the Wm. Sauer family at Van Horn.

Pat Childers and Danny Halbert have gone to Anchorage, Alaska, to work.

Mr. and Mrs. Charles Orr have moved from the Lynn Alexander house to the Albert McGinnes house.

STATE FAIR SAWDUST STARS

IT'S A FAIR-GOING CIRCUS — Nostalgic circus fans, hungry for the old-time atmosphere — three rings of sawdust, soda pop and excitement under a tent — had better hurry, hurry, hurry to the 1969 State Fair of Texas, Oct. 4-19 at State Fair Park in Dallas. They'll find the tanbark and spangles alive and well in the free Dr Pepper State Fair Circus. Among its top featured performers are the Zoppes, whose fabulous Indian spectacular is billed as America's finest and fastest resinback riding act. The whole fast, hour-long circus, presented several times daily, packs enough action to thrill all generations.

Thank You

We wish to thank our customers for their generous patronage during our last 25 years here in the butane business.

We have sold that part of our business to Dan Griffin and plan to devote full time to heating and refrigeration.

Again we thank you. Call us when we can be of service to you in our present capacity, and we hope that you can be as generous to Dan as you have been to us.

Miss Beth McCalla Becomes Bride Of Mr. Lackey In Nuptial Rite Sunday

MRS. GLENN LACKEY

... Formerly Miss Beth McCalla

Miss Beth McCalla became the bride of Glenn Lackey in a ceremony Sunday in the Church of Christ, Jimmy Jividen, minister of Hillcrest Church of Christ, officiated.

Parents of the couple are Mr. and Mrs. L. E. McCalla of Eldorado and Mr. and Mrs. Wm. Lackey of Aspermont.

Maid and matron of honor were Miss Mary Lyn McCalla and Mrs. Sid Pennington, Mrs. Billy Lackey and Miss Donna Pat Rash served as bridesmaids.

Gary Six was best man. Billy Lackey, Sid Pennington and Ronnie Lackey were groomsmen.

Seating guests were Donnie Voss, Bill Jarrett, and Eddie Doyle Rash. Miss Jenny Gleghorn was flower girl and Russell Pennington was ring bearer.

Wedding music was presented by an A Cappella chorus.

The bride wore an A-line wedding gown of organza over satin. The dress featured a scooped neckline, long pointed sleeves, and lace appliques trimming the skirt and train. The bride's bouquet of white roses covered a white Bible. The bridesmaids wore A-line gowns of pink organza and carried long-stem red roses.

Mrs. Charles Gleghorn, Mrs. Wm. Jarrett, Mrs. Doyle Rash and Mrs. L. D. Jones served reception guests in the Memorial Building.

Out-of-town guests included Mr. and Mrs. George Kenady, Mr. and Mrs. Glenn Phillips, Sharon, Don, and Larry, Mr. and Mrs. Doyle Rash, Donna, Pat and Eddie; Gary Six, Mr. and Mrs. Bill Lackey, Aspermont.

Miss Susan King, Mr. and Mrs. A. O. Williams, and Mr. and Mrs. L. D. Christian of San Angelo; Mr. and Mrs. Jimmy Jividen, Steve, Diane and Debbie, Mr. and Mrs. C. L. Smith, Mrs. Hale, Mr. and Mrs. Max Wheeler, Kay, Johnny, Mr. and Mrs. Ray Glasscock, Mr. and Mrs. Wesley Robbins of Abilene.

Miss Deena Hemphill, Pear Valley, Texas; Miss Effie Jones, Ignacio, Colo.; Mr. and Mrs. Wm. Jarrett, Lee, Artesia, N. M.; Mr. and Mrs. Bill Jarrett, Tracy, Artesia, N.M.; Mrs. Charles Glehorn, Jenny Lee, El Paso; Mr. and Mrs. Herbert McCalla, Santo; Mr. and Mrs. John L. Garner, Liza Jo of Iraan; Miss Sandra Gibson, Batesville, Ark.; Miss Renee Williams, Lubbock; Mr. and Mrs. Gene Powell and sons, Irving, Texas; Terry Sanders, Weinert, Texas; Mr. and Mrs. Sid

Pennington, Russell, Evergreen, Colo.; Donnie Voss, Munday, Tex.; Mrs. S. C. Wheeler, Weatherford; Mr. and Mrs. T. C. Bossham, Sonora.

Mr. and Mrs. James Ray, Mr. and Mrs. F. M. Wheeler, Mr. and Mrs. E. L. Wheeler, Marsha, Nancy, and Diane; Mr. Berry, H. Burnet, Kathy and Tommy, Mr. and Mrs. T. L. Wright, Tommy, Lori, Mr. and Mrs. Harold Wheeler, Stephanie, Stacy, Mr. and Mrs. Jamey Duncan, Mike, Frankie, Mrs. T. W. Thornton, Doug, Ricky, Larry, Gina, Mr. and Mrs. Jim McCullars, Kim, and Christi, all of Ft. Worth.

The bride is a 1966 graduate of Eldorado high school. She is a junior physical education major at Abilene Christian College.

A 1966 graduate of Aspermont High School, her husband is a junior history major at Hardin-Simmons University.

The rehearsal dinner was held in the Java Junction Cafe. Hosts were the bride-groom's parents.

After a wedding trip to Red River, N.M., the couple will be at home in Abilene.

Oil News

Re-Entry Slated In County

Cabot Corp. will re-enter, deepen from 6,615 to 7,200 feet and test the Strawn in its No. 1 Duff, 1,550 feet from north and 1,980 feet from west lines of section 1193. GC&SF survey, a former temporarily abandoned Schleicher operation 14 miles southwest of Christoval and one mile northwest of the Velrex Canyon sand gas area.

The project, 2 1/4 miles east of Strawn oil production in the South Dove Creek multipay area, had been temporarily abandoned on Feb. 5, 1963, after extensive tests of the Canyon through perforations at 6,422 to 6,428 feet and 6,274 to 6,279 feet failed to develop production.

WEEK-END VISITORS

Among those visiting in the home of Mrs. B. E. Moore during the week end were Mr. and Mrs. Joe H. Moore of San Antonio, and Mr. and Mrs. John Michalski, Sr., of San Antonio.

Also from Fort Worth were Mr. and Mrs. John Michalski, Jr., and Mike and Sandra Kay. Sixteen-year-old Mike had just returned from a vacation tour in Spain.

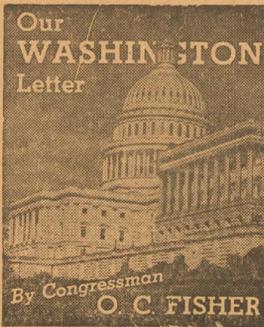

Off To The Azores On Teaching Job

Miss Sammie Mayo left August 11 for a year's teaching assignment in the Azores. She will teach at Lajes AFB on the island of Terceira. The program is part of the Department of Defense Schools for Overseas Dependents.

The Azores are located in the North Atlantic about 2,276 miles east of Washington D. C. and approximately 975 miles west of Lisbon, Portugal. The islands are a province of the Republic of Portugal. The Azores serve as a crossroads for Atlantic shipments and travel.

Miss Mayo will teach high school English and journalism. She will also head school publications. A graduate of Baylor University, Miss Mayo has taught in the Texas schools for four years.

Miss Mayo is the daughter of Mr. and Mrs. J. F. Mayo.

A tax bill in the House, and funds for ABM in the Senate, got approval last week, as Congress prepared for a 3-week Summer recess. The 367-page tax measure contains some desirable provisions and some equally objectionable ones. It is replete with technicalities and confusion, which prompted an Assistant Secretary of Treasury to say the bill would better be known as "the lawyers and accountants relief act of 1969!" It was a mother-hubbard effort, and the committee which drafted it did so hurriedly and under considerable pressure in time.

It deals with Foundations, which need to be dealt with. It contains provisions which may discourage charitable donations. It jeopardizes the saleability of municipal and school bonds by diluting the incentive for their purchase. The bill cuts oil depletion allowance down to 20%—which action stands a good chance of nudging the retail price of gasoline to consumers up by a cent or two a gallon.

The measure does provide for some needed graduated relief, and it assures that no one in high income brackets will escape paying taxes.

Because of so many unknowns in the bill and some objectionable features, I was constrained to vote against it. I thought it needed further study. But it's a start, and it is certain the Senate Finance Committee will take the necessary time to re-write the proposal and hopefully make it more palatable. Appropriate tax reform is overdue.

Senate approval of the ABM came on a vote to strike out funds for the project. Our newest anti-ballistic missile is the result of some \$3-billion in research and development, already expended, over a period of some 15 years. While not perfect, it has a great potential. Dr. Edward Teller, father of the H-Bomb, says continued research, development and deployment of this remarkable weapon is a must. Yet some of the non-expert critics would discard it entirely, or delay its deployment by several years.

Perhaps it is not a coincidence that on the eve of the Senate vote, two major Russian newspapers reaffirmed Soviet opposition to the deployment of Safeguard. One thing is certain: The Russians, now developing their third generation of ABM's, will continue an intensified research and development effort.

Eldorado-Divide District News

The construction of the remaining terraces needed on W. Edwin DeLong's farmland 13 miles northwest of Eldorado, was completed last week. The 6953 feet of level parallel terraces just completed makes a total of 37,936 feet on all of DeLong's cropland.

Level parallel terraces continue to gain in popularity over the conventional type terraces that were not parallel and usually always had point rows between terraces. Level parallel terraces reduces the number of point row to a very few or to none at all between terraces.

Point rows first became a problem when straight row farming was discarded and contour farming was put into use. Contour farming, in conjunction with level closed end terraces helped keep the water on the field where it fell, but, did create a farming problem. Regardless of how close to being parallel the terraces are run, if they are not exactly parallel, there will always be odd across or point rows between terraces. The odd areas and point rows are hard to plant, cultivate and harvest with most equipment used by the farmers of today.

DeLong's fields could be described as exceptionally good fields for level parallel terrace construction. This is due to the slope being such that terraces could be level and parallel without much interval work or many interior blocks.

More time is required to plan, design, lay out, construct and check for completion parallel terraces than terraces not parallel. However, the added cost and extra time spent on parallel systems is soon compensated for by ease of farming operations and increased production. Most of the increase in production comes from the odd and point row areas. With few point rows in a field, most of the land can be farmed and harvested without loss or damage to the crop. However, better distribution of rainfall with parallel terraces also increases crop yields.

The first step in planning and designing a parallel terrace system for construction is making a detailed, topographic map of each field. Stakes are set whereby a rod reading can be taken at each corner of each hundred foot square. DeLong served as a rodman and chairman in making the needed topographic map and all other engineering operations. With the exception of some assistance by the

two different contractors that did the construction work, all engineering work was done by DeLong and Lloyd B. Johnson of the Soil Conservation Service.

Terraces completed last week were constructed from the lower side only. Dirt for construction was taken from an area forty-four feet beginning at the end of the terrace base on the lower side. Dirt was moved at a uniform depth throughout this area, therefore, water will be held at the same depth in all this area. Good quality construction such as was done on DeLong's place adds to the efficiency of a terrace system.

DeLong became one of many District co-operators in the Eldorado Divide Soil and Water Conservation District that has constructed all terraces needed on their cropland.

Most share assistance was received from the Schleicher County ASCS office.

Keith Williams returned home last Thursday from a stay in Atlanta, Ga., where he visited his brother-in-law and sister, Dr. and Mrs. Wiegand and family.

Public Library News

Memorials recently added in the library are:

The Faith of Our Fathers, in memory of Mrs. Mantie Garrett by Ruth Baker; Airport Readers Digest Best Sellers for 1969 in memory of Mrs. Lee Sloan by Ann Doyle; A Place in the Woods, Vol. 3 Condensed Books 1969 in memory of Loleete Edmiston by Sadie Davidson; The Making of a President 1968, in memory of J. D. Ashmore, by Ann Doyle; Around the World in 2,000 Pictures, in memory of Loleete Edmiston by Jimmy and Ann Doyle.

New books for little folks are: Thy Friend Obadiah.

We have 126 records for stereo and mono that we let our customers check out. These seem to be very popular and the youngsters say they are enjoying them.—Ruth Baker, librarian.

Mr. and Mrs. Roger Tucker and 4-month-old son are visiting here this week with her parents, Mr. and Mrs. E. H. Topliffe. The Tuckers live in Oklahoma.

NOTICE

I have bought out E. H. Topliffe's butane business, and am now operating it as:

Griffin Butane Company

I plan to give all of Mr. Topliffe's customers the same prompt, courteous service that they have come to expect over the years, and will be glad to serve any new butane customers.

My going into the butane business represents an expansion which has been in the planning stage for some time.

This month of August also marks my 5th anniversary in the Eldorado business district. Your patronage of the past has made these expansion plans possible, for which I am grateful.
