

Winant Kills Himself With Belgian Pistol

CONCORD, N. H., Nov. 4. (AP)—John G. Winant, wartime ambassador to Great Britain and three-times governor of New Hampshire, shot himself to death last night with a .32 calibre Belgian pistol.

JOHN G. WINANT ... overworked?

The 58-year-old diplomat, who retired only in January as permanent U. S. representative on the United Nations economic and social council, was officially pronounced a suicide by medical referee Clarence E. Butterfield. Dr. Butterfield attributed the act to overwork.

His secretary, J. Bernard Teulon, said Winant's health had not been good and that a doctor advised him to "take things easy" as he had a heart condition and was suffering kidney or bladder trouble.

"I know Mr. Winant has been working very hard lately on writing and business affairs and I believe that he suddenly cracked," said Teulon. "This suicide was done on the spur of the moment."

Governor Charles M. Dale of New Hampshire said his predecessor would be considered a casualty of World War II.

Winant had just completed his memoirs—"Letter From Grosvenor Square"—for Nov. 15 publication and was understood to be planning a sequel.

His body was found lying face down near a firearms cabinet

in his son's bedroom by a secretary and maid after they heard a thud—but no shot.

Doctors said there were indications Winant had fired the bullet through his right temple while kneeling.

A box of headache pills, some missing, was in the room.

Two guns were nearby—the Belgian pistol and a German Luger that apparently had been thrown against the bedroom wall when Winant could not find ammunition.

Winant, "in pretty good spirits" according to his secretary, ate lunch downstairs yesterday in his home adjacent to exclusive St. Paul's school, where he once was a student and later a teacher. He went upstairs shortly afterward and had dinner served in his room. No one saw him until they heard the thud about 6:30 p. m. (CST). He died an hour later without regaining consciousness.

Though a Republican, Winant became a loyal supporter of the late President Franklin D. Roosevelt.

U. S. Submits Revised Plan For Korea

Proposal Calls For A Korean Government

LAKE SUCCESS, Nov. 4. (AP)—The United States submitted a revised proposal today calling for withdrawal of American and Soviet troops from Korea within 90 days "if possible" after establishment of a proposed independent Korean government.

Under the new U. S. plan, all foreign troops would be out of Korea by next summer instead of next Jan. 1 as proposed by Russia.

The U. S. proposal also called for the creation of national security forces in Korea and the dissolution of all military or semi-military formations such as those set up by the Russians in northern Korea.

The revised resolution was submitted to the United Nations assembly's 57-member political committee by U. S. Delegate John Foster Dulles. Under the American proposal, the national government would be set up immediately after general elections which would be held not later than next March 31.

The original U. S. resolution had set no time limits for troop withdrawals should take place at an "early" date.

American sources expressed confidence that Secretary of State Marshall's Korean proposal would be accepted by the 57-nation political committee during today's discussions. These sources also predicted defeat for a counter Soviet resolution calling on the United States and Russia to evacuate their troops from Korea by Jan. 1.

Warden, Guards Are Acquitted Of Slaying Charges

BRUNSWICK, Ga., Nov. 4. (AP)—H. G. Worthy, former warden, and four former guards at the Glynn county convict camp were acquitted today of Federal charges that they violated civil rights of prisoners in the slaying of eight Negro convicts last July 11.

Worthy and the former guards previously had been cleared of blame by a coroner's jury, a Glynn county grand jury and an investigating committee of the Georgia legislature.

The verdict was reached after eight minutes of deliberation. The jury received the case at 11:47 a. m. today after listening to six days of testimony.

Judge Frank M. Scarlett was warned against any demonstration and the small crowded courtroom remained quiet when the verdict was announced.

Mahon Leaves For Capital

COLORADO CITY, Nov. 4. —Rep. George Mahon left here this morning for Dallas where he will board an American Airlines plane early Wednesday for Washington, D. C.

After spending three weeks in the 19th district, which he represents, Mahon was returning to Washington to participate in the sessions of the special House committee under Rep. Christian Herter.

As a member of this committee, charged to report to Congress its findings on European conditions, Mahon visited in England, Germany, France, Italy, Trieste and Greece during September.

The committee is to formulate its recommendations in advance of the opening of the congressional session on Nov. 17, called by the President for the purpose of dealing with the European aid program, plus the price situation.

Committee Asks Individual Tax Cuts

Lower Income Groups Are Given Regard

Laborite Takes Exception To Recommendations

WASHINGTON, Nov. 4. (AP)—A majority of a citizens advisory committee on taxation recommended today "a reduction in individual income tax rates for all, with due regard for the cost of living of those in the lower income groups."

But Matthew Woll, AFL official and labor member of the 10-man group, took exception to the recommendations.

The majority of nine and Woll filed separate reports with the House ways and means committee which created the study group, headed by Roswell Magill, former undersecretary of the treasury. Neither report was immediately made public in full.

The group's report was submitted as the ways and means committee assembled to prepare tax legislation for the special session of Congress convening Nov. 17. Chairman Knutson (R-Minn.) has said he wants a bill cutting income taxes by \$4,000,000,000 a year. Also on the committee's list of business was the issue of whether farmers cooperative associations should be taxed at the same rate as business corporations. On that, Undersecretary of the Treasury A. Lee M. Wiggins submitted a report suggesting that a decision be deferred.

Wiggins said he thought it would be wise to put off a decision until the treasury completes a study it is now making of the entire tax system.

Magill told the committee his group was making no specific recommendations as to rate changes and personal exemptions, but believes "equitable adjustment of tax rates and exemptions is the number one Federal tax problem today."

Knutson withheld temporarily release of the report's text. But it was understood to propose 48 changes in the tax laws.

Matthew Woll, AFL official and labor member of the 10-member study group, filed a minority report disagreeing with the majority. An associate of Woll said his report contends that the majority recommendations would:

- 1. Severely reduce federal revenues.
- 2. Disregard revenue needs for the European aid.
- 3. Shift the tax load from those best able to those least able to pay.

When the House committee met, Knutson said hearings on a general overhaul of the tax structure would end by Jan. 1 and that he expects the House pass tax legislation by March 15.

When the Magill and Woll reports were received, the committee called Wiggins for testimony on farmer cooperatives and taxation. Wiggins told the Congress members that studies the treasury is making embrace the tax treatment of cooperatives and of tax-exempt organizations in general.

"I do not feel that it is wise to reach firm conclusions with respect to this part of the postwar tax structure before we have had an opportunity to review the entire tax system," he added.

When the treasury completes its present general review of the tax system, Wiggins said, "we hope to have the opportunity to submit our full recommendations to this committee."

CONSTABLE ATTACKED

Big Spring Man Slain When Caught In Stanton Robbery

STANTON, Nov. 4. (Spl.)—Lorenzo Pineda, 38, Big Spring, was shot and killed here at 1:45 a. m. today when surprised in the act of rifling the prescription department of the City Drug Store.

Constable Bill Pinkston fired one shot, which struck Pineda above the heart, when he said Pineda lunged at him with a tire tool, according to Martin County Sheriff Morris Zimmerman. Pineda and a companion were walking down the street when, on intuition than anything else, he turned in the middle of the block and walked by the City Drug store, said Zimmerman. At first Pinkston thought someone was admitting a man to the drug store but then a broken glass door was discovered.

U. S. Says Reds Block Peace

WASHINGTON, Nov. 4. (AP)—The United States, in a new foreign policy statement, bluntly accuses Russia of failing to co-operate in efforts to establish peace.

The state department document which sets forth this nation's position on postwar problems, declares:

- 1—Russia is to blame for failure of the United Nations "to grasp the fruits of peace and victory."
- 2—The Soviets have failed to make good on wartime commitments for the demilitarization and reconstruction of Germany.
- 3—The USSR is mainly interested in getting "maximum reparations" from Germany and in setting up a German political regime "friendly" to the Soviet.

These and similar charges, most of them previously aired by government leaders, are summed up in a statement entitled "aspects of current American foreign policy," issued yesterday. Fifty thousand copies are being prepared for public distribution.

"A basic aim of the United States," the report says, "is to press for the necessary treaty settlements which will permit withdrawal of occupation troops from Germany, Austria, Korea and Japan and enable all nations of the world to return as soon as possible to a peacetime basis."

Identification of Pineda was made at Big Spring early Tuesday by Pete Green, police chief. The shooting victim had been booked here once six years ago for child desertion and was released under bond in 1946 on a narcotics count.

Mikolajczyk Predicts Red Attack On Polish Catholics

LONDON, Nov. 4. (AP)—Stanislaw Mikolajczyk predicted today that communist-dominated Poland soon will begin an attack on the Catholic church.

The Polish peasant party leader, refreshed after his dramatic flight from his native land to escape being "shot and killed like a sheep" said he intended to go soon to the United States "to see friends."

"I am sure," he said, "that you will hear in a few weeks of a priest being tried for abetting the workers; another for having weapons. x x x you will see an increasing fight on the church."

Answering questions, the wartime Premier declared: "Everyone in Poland would like the church land to be divided among the peasants if only they could have political free-

dom. We often hear of charges being manufactured against priests for associating with the underground, but it is true to say that the church has never enjoyed such enthusiastic support from the people as it does now."

Regarding his bold dash from Warsaw Oct. 20, across the Russian zone of Germany, Mikolajczyk said with a smile:

"Sometimes you meet many ordinary Russian people, who like us are fond of cigars. Mikolajczyk reached the British zone Saturday and flew to London yesterday in an RAF plane. He was at the suburban residence of his wife in Kenton. Of the new nine-nation communist "information bureau" in Belgrade, Mikolajczyk said:

"It is only bringing out in public what has been going on all

Compromise Sought On Palestine Plan

LAKE SUCCESS, Nov. 4. (AP)—Canada took the role of conciliator today in an effort to compromise U. S.-Russian differences over implementation of the proposed partition of Palestine into sovereign Jewish and Arab nations.

Authoritative sources said the Canadian delegation was ready to suggest that a working committee composed of the United States, Russia and Guatemala take up immediate consideration of the American and Russian plans in an effort to reconcile their differences.

"I have not yet decided whether to join the international peasant party organization" in Washington, he said, "but I shall go to the United States to see friends. I have very many there."

He declared himself still the leader of his party, despite seizure of it by left wingers last week.

Coast Guard Says Crew Of Sinking Schooner Rescued

NEW YORK, Nov. 4. (AP)—The Coast Guard said today that the Army transport John Stafford reported it had rescued a crew of 30 men from the three-master Portuguese Schooner Maria Carlota, which radioed last night that it was sinking in Mid-Atlantic.

The 230-ton schooner was set afire by its crew and left adrift, the Coast Guard said. Cunard White Star Lines said in London that the liner Queen Elizabeth, which had changed her course to aid the disabled schooner, was proceeding on her voyage to Southampton.

Rescue units, including a Coast Guard cutter and a converted B-17 plane equipped for air-sea rescue operations, were recalled.

The Carlota's position was fixed by the Coast Guard as 640 miles east-southeast of Argentina, Nfld. She was reported sinking after running before a storm.

Ground Broken For Paving In Stanton

STANTON, Nov. 4. (Spl.)—Dirt was broken here Monday on a \$16,000 street improvement program to be effected here as a cooperative effort between property owners, the city and school board. Machinery of Cooper & Woodruff, general road contractors of Dallas and currently engaged in construction of the Lenora-Andrews highway, broke ground on old US 80 in the block between the Eiland Motor Co. and the Martin County Memorial hospital.

The program calls for seal coating from curb to curb on one block of Main from the present US 80 to the First National bank corner, for patching and seal-coating the old US 80 through the city from points of intersection with the new highway. In addition, approximately nine other blocks are included as new construction.

Streets on the north, west and south sides of the courthouse will be topped, closing the circle since the Lamesa highway on the east side is already paved. Two blocks from the southwest corner of the courthouse square to the highway will be paved, as will a block from the old highway to the new, west along the Berry Lumber company; one from the old highway south to intersection of the new highway at the Magnolia station; plus a street connecting with the old highway and running by the John Pinkston home; a portion of a block in front of the W. Y. Houston home; and a segment on the curve of the Lamesa highway leading from the Tant Lindsay property.

The project is estimated to require 60 days for completion, barring any weather hindrances. In the meantime, efforts are being made to sign up new cooperative paving ventures while the contractor has machinery on hand and can quote low cost figures.

Fill for the first block of the program is being made with dirt excavated from the Bob Whitaker lot, where he plans to construct a modern motion picture house. The excavation is being made in order to install sloping floor for the show house.

City tax collections up to noon today amounted to almost three fourths of total assessments, as more property owners took advantage of the two percent discount in force during the month of November.

Net collections at the latest tabulation amounted to \$126,679.41, as compared to total assessments of approximately \$175,000.

The discount will be shaved to one percent, beginning December 1.

Commissioners And Judges Hear Johnson

LAREDO, Nov. 4. (AP)—A speech by U. S. Rep. Lyndon Johnson of Austin highlighted the first day's meeting of the Texas convention of county judges and commissioners here yesterday.

Johnson rapped communism and said if the nations of the world opposed to Stalin and communism will hold firm, Russia will retire and the U. S. will be saved more trouble.

ON POLITICAL FRONT

Crucial Elections Are In Spotlight

By The Associated Press

Mississippi voters choose a successor to late Senator Theodore G. Bilbo, and the border state of Kentucky decides a hard fought campaign for governor in today's two major off year elections.

Elsewhere, selection of three U. S. representatives to fill vacancies in New York, Indiana and Ohio shared interest with scores of races for city, county and state offices.

Politicians generally said little could be expected to develop in the way of trends for next year's presidential contest.

However, injection of the Taft-Hartley labor law as an issue added interest to the Kentucky gubernatorial race between Rep. Earle C. Clements, Democrat, and State Attorney General Eldon S. Dummit, Republican.

Clements, who voted against the Taft-Hartley Act, ran with union backing. At the last minute Senator Barkley, (D), Senate minority leader, staged a whirlwind campaign on behalf of his party colleague.

Simeon S. Willis, Republican governor who scored an upset victory four years ago, was not eligible to run again.

To replace Bilbo in the Senate, Mississippians had a choice of five Democrats and one Republican. The state has had only one senator since Bilbo was denied the right to take the oath of office last January on the ground that he had intimidated Negro voters during his successful 1946 re-election campaign.

Forrest B. Jackson, Bilbo's personal attorney, was one of the Democratic candidates for the post. The others were Rep. John E. Rankin, long-time proponent of "White supremacy" and a member of the House committee on un-American activities; Paul B. Johnson, Jr., son of a late governor; Circuit Judge John C. Stennis and Rep. William M. Colmer.

Stennis and Colmer concentrated their campaigns on the voting element which opposed Bilbo in the past.

The lone Republican candidate was L. R. Collins. Only a simple plurality was needed to win election for the five years remaining of Bilbo's Senate term.

IN GOP CAMP

Prospective Limitations Taking Shape On Aid Plan

WASHINGTON, Nov. 4. (AP)—Prospective Republican limitations on the Marshall Plan began to take form today with a demand from Senator Vandenberg (R-Mich.) that the administration submit a "total bill" for world-wide aid proposals.

Vandenberg's assertion that "we cannot indefinitely underwrite the world," drew attention to a growing framework of requirements upon which the GOP majority in Congress may insist before it approves any plan for economic help to Europe.

Senator Taft (R-Ohio) already has said the cost of such aid ought to be limited to \$4,500,000,000 in the next year. Senator White of Maine, the GOP floor leader, told a reporter he thinks other party members will have "quite a few ideas

of their own" when the special session begins considering the program Nov. 17.

"I think the Republicans are going to be keenly interested in how the program is administered," White said. I hope the President will send up a reasonable proposal that both sides can agree on. If he does, I believe that Congress will act quickly, so that the decks can be cleared to attack domestic problems."

Mr. Truman also has called for action to halt a domestic inflationary spiral, but White indicated this subject may be laid aside temporarily for debate on the aid program.

Vandenberg, returning to his desk here to begin preparations for Senate foreign relations committee hearings on emergency

European help proposals, made it plain in an Ann Arbor, Mich., speech yesterday that he has not softened his previous demand for a "total balance sheet" of worldwide aid, including that to China. The Michigan Senator said he is in agreement with Secretary of State Marshall's plan to help Europe help itself if the program is carried out under sound administrative policies and with adequate cooperation from the nations receiving assistance.

Administration leaders have been talking privately in terms of \$5,000,000,000 to \$7,000,000,000 for the past first year's economic aid to western Europe. But there has been no apparent effort to estimate now what sort of outlays will be required in China or elsewhere

## The Citizens Food Committee Suggests:

# A "PEACE PLATE" FOR TODAY

Save Wheat! Save Meat! Save the Peace!

**TUESDAY PEACE PLATE**

Heavy main dish that keeps step with today's conservation program, yet satisfies all the family, is Cheese and Fish Casserole, the main attraction in the Tuesday Peace Plate suggestion from the Citizens Food Committee.

This protein-rich casserole dish is a standby recipe, for it is appetizingly made with almost any variety of fish. Make this casserole with canned or cooked fish, flaked, and that includes leftover fish. Serve with buttered lima and spiced beef pickles.

Refreshing dessert that needs neither cookies nor cake is Fruit Ambrosia—a mixture of diced oranges, canned diced pineapple and coconut—sweetened to taste and chilled. Or serve any fresh fruit available in your market.

**CHICKEN AND FISH CASSEROLE**

$\frac{3}{4}$  cup bottled milk, scalded, or  $\frac{1}{2}$  cup evaporated milk and  $\frac{1}{4}$  cup water, scalded  
 $\frac{1}{2}$  cup soft bread crumbs  
 1 medium potato, chopped  
 1 tablespoon minced parsley

1 1/2 tablespoons minced onion  
 1/2 cup grated American cheese  
 1/2 teaspoon salt  
 1/2 teaspoon pepper  
 Dash of paprika  
 2 eggs, well beaten  
 1 cup flaked canned or cooked fish (haddock, halibut, salmon, shrimp, tuna)

Four scalded milk over bread crumbs. Add pineapple, parsley, onion, grated cheese and seasonings. Then add egg. Put fish in greased 1 1/2 quart casserole; pour milk and cheese mixture over it. Set in pan of warm water, bake in moderate oven (325° F.) 75 minutes, or until firm. Serves 6.

**FOOD CONSERVATION REMINDERS:**

- Casserole dishes, especially those using milk or a sauce, offer an easy and tempting way to use leftovers. Diced dry bread or bread crumbs, small amounts of cooked vegetables, meat, or fish may be mixed in with the ingredients.
- Serve a raw vegetable daily—its crispness and flavor add variety, and it saves food value. Cabbage may lose more than half of its Vitamin C in cooking.

# Expelled AP Correspondent Plans To Leave Vienna

LONDON, Nov. 4. (U.P.)—Jack Guinn, 31, Associated Press correspondent in Hungary for the last 22 months, has been expelled by

the communist-dominated government of that country and expects to leave Budapest today for Vienna. The government notified Guinn yesterday that he must leave Hungary within 24 hours or face charges of "espionage and the smuggling of criminals" out of the country. Guinn decided to bow to the order after conferring with U. S. Minister Selden Chapin. Guinn's wife and two children will follow him to Vienna shortly, by U. S. legation plane.

The Hungarian government action against Guinn followed by a week the arrest of his American-born secretary, Miss Elizabeth K. Pallos, 31; and by three days the expulsion from Yugoslavia of Arthur M. Brandel, Belgrade correspondent for the New York Times.

The Hungarian ministry of interior issued a statement saying that political police had discovered "an organization for espionage," in connection with which Miss Pallos and seven other persons had been detained.

"In connection with the discovery of this organization," the statement said, "ministry of the interior authorities expelled Mr. Jack

Guinn, Associated Press correspondent, from Hungary forever."

Brandel and his wife, Mary Lester, United Press correspondent, left Belgrade yesterday. They were ousted for what the Yugoslavs termed "offensive" writing.

Yesterday's statement by the interior ministry in Budapest was the first detailing of any reason for the detention of Miss Pallos. She was born in Pittsburgh, of Hungarian parentage. The U. S. legation took up her case with the Hungarian government, claiming she was an American citizen. Hungarian officials claimed she was a Hungarian.

The statement connected most of the persons detained with the opposition parties of Deszo Sulyok, who fled Hungary three months ago because, he said on arrival in Vienna, he was "in fear of his life;" and of Zoltan Pfeiffer, whose arrest the government has threatened. Guinn was born at Rusk, Texas, on Oct. 18, 1916, and attended the University of Texas at Austin. He served with other news agencies from 1939 to 1945—much of the time in the war theaters—and joined the Associated Press in April, 1945. He has been Budapest correspondent since January, 1946.

## Queenie Maintains Perfect Record

HARRISVILLE, N. H., Nov. 4. (U.P.)—Queenie, three-year-old blood-hound owned by Sheriff Arthur N. Jennison, still is batting one thousand.

A little less than a month ago, Queenie led a posse through a mile and a half of swamps and woodlands at Fitzwilliam to find three-year-old Louis Dunton, missing since the previous evening, sitting naked in the underbrush.

Sunday, Queenie—in her second test at tracking a human—led a search party to Anthony Leoni, 28-year-old Boston war veteran, found unharmed after a night in the freezing woods.

Leoni, a patient at Aldworth Manor, a private sanitarium, disappeared Saturday afternoon.

AND HE WALKED AWAY — This taxicab brought down a sizeable chunk of brick building on it when its driver crashed into the front of a store in downtown Los Angeles in the early morning. The driver was injured but he was able to leave the scene under his own power. (AP Wirephoto).

## Lions Frolic Set For This Evening

Pioneer Night, a traditional social affair for the Lions club, is slated for 8:15 p. m. today at the American Legion hall at the airport.

Committees installed booths for the event Monday evening, and decorations and other arrangements were to be completed during the day.

As is the custom, those attending will become "millionaires" at the door, via a play-money route and only this money will be good during the evening.

If previous years are an indication, inflation will be the rule, for normally soft drinks cost a minimum of \$100,000.

Games, fortune telling and other entertainment are on tap during the evening.

## BY STATE LAND BOARD

# Bids Slated On Mineral Leases

AUSTIN, Nov. 4. (U.P.)—The state school land board today was scheduled to open bids in a mineral lease sale of 2,465,324 acres of state-owned land, 1,989,840 acres of which are tidelands clouded by the Supreme Court's recent decision upholding federal claim to California tidelands.

Because of the cloud, the board had expected \$2,000,000 in revenue would be lost by the permanent school fund, recipient of all such revenue, because of some oil operators declining to participate. Also viewed as a possible set-

back to the sale was a recent attorney general's opinion holding that oil companies cannot legally conduct oil-hunting explorations in the Gulf without a lease on the land a permit from the county judge. It has been a common practice by oil companies to collect exploration data in the Gulf prior to making bids on Gulf lands.

Lands offered in the lease sale extend from the eastern end of Galveston county westward to Port O'Connor, with no leases offered opposite Jefferson county. Some tracts extend seaward as far as 27 miles.

Besides tidelands, the sale offered 19,934 acres upland and 453,550 acres in bays, inlets and river beds.

## Valley Will Have State TB Hospital

AUSTIN, Nov. 4. (U.P.)—The state board of control yesterday signed an agreement by which the state will receive title to 460 acres at Moore field in the lower Rio Grande valley for use in the establishment of a state tubercular hospital.

Announcement of the agreement, involving the cities of McAllen, Edinburg and Mission, was made by Chairman Hall Logan of the state board of control.

Logan said the city of Mission had authorized Mayor Logan Duncan to accept the legal instrument and the city councils of Edinburg and McAllen are expected to meet by tomorrow to pass formal resolutions allowing similar action.

Approval by the War Assets Administration of transfer of the buildings and service utilities to the state is necessary before the state takes over the land, but this transaction is considered only a formality.

Logan said a sufficient appropriation is on hand to provide for upkeep of 250 patients for the present fiscal year ending Aug. 31, 1948, but he indicated a scarcity of doctors and nurses will delay opening of the hospital.

Funds will be available for the care of 500 patients the following fiscal year, and the full anticipated capacity of the hospital will be approximately 2,000 beds.

## LOOKING 'EM OVER

With TOMMY HART

Howard L. Green, president of the Longhorn baseball league, has proudly drawn attention to the fact that his circuit led all new Class D organizations in paid attendance during 1947 with an aggregate turnout of 261,415. That, of course, includes the number lured through the turnstiles during the playoffs.

Two other Class D loops, the Sooner State and Illinois State, started in business last spring. The former played to 220,556, the Illinois league to 211,249.

In addition, the Longhorn circuit outdistanced the established four-club Blue Ridge (120,074), the Class B Colonial (200,605) and the Class S Sunset (232,443).

Green predicts the family will play to a minimum of 400,000 in 1948, if the membership is increased to eight teams.

There is no reason why Big Spring should not draw 75,000 or more, if the size of the local park's grandstand is increased and the straw horses put a fair team on the field. The Broncs attracted 52,000 paid the past season and would have played to more business had they had their lights at the beginning of the season.

In all, the minors enjoyed an extremely successful 1947. The 52 minor circuits attracted 40,635,336 customers, a new high by several millions. No less than eight of the league's each drew better than a million paid admissions.

This business of picking All-America football teams is already in full swing. The season still has a full month to run but the various boards (e. g., the American Football Coaches association) are busy counting ballots for their mythical eleven and the teams will actually be on paper long before the final games are played.

The Coaches' team which, incidentally, will appear in the Saturday Evening Post, will cull the most popular from among the votes tendered by 400 mentors. Those participating in the ballot in this section are Matty Bell of SMU, East Texas State's Bob Berry, D. X. Bible, University of Texas; Jack Curless, Texas Mines; Cecil Craig, Rice; Earl Huffman, New Mexico; Frank Kimbrough, West Texas; R. M. Medley, Southwestern; Dutch Meyer, TCU; Del Morgan, Texas Tech; Jess Neely, Rice; Homer Norton, Texas A&M; and Warren Woodson, Hardin-Simmons.

It's a safe bet that Johnny Lujack, Notre Dame; Tony Minini, Pennsylvania; and Bobby Chappuis, Michigan, have three of the backfield posts nailed down on most of the recognized All-America teams. Either Doak Walker of SMU or Bobby Layne of Texas have opportunity to get the other, although Gene Roscoe, Columbia; Y. A. Tittle, LSU; and Mickey McArdle, USC, also rate a chance.

The line positions are something else again. Whereas the backs usually keep in the headlines, the line maulers the forward posts rarely get recognition outside their own sector unless some publicity agent takes a fancy to them.

It appears now that John Farrow of Southern California and George O'Connor, Notre Dame, have the tackle posts nailed down. Both won A-A laurels in previous campaigns. George Savitsky, Penn. will rally support, however.

Bill Swicki of Columbia played one great game, against Army, and will gain support for one of

## Irish, Michigan Still One-Two

NEW YORK, Nov. 4. (AP)—Notre Dame's unbeaten and untied eleven, which Coach Frank Leahy admits "has finally reached its true stride," remained the number one college football team in the nation today in the weekly Associated Press poll of sports writers.

The South Bend gridgers face their biggest test of the campaign Saturday when they meet Army in final game of a long series between the traditional rivals, Cadet Coach Earl Blaik predicted the Irish would throw all of their manpower and strategic resources into the game.

Michigan's Wolverines who kept tough Illinois team 14-7 in a gruel-ling game that might well have decided the Big Nine's Rose Bowl representative, retained second place.

Southern Methodist, upset victor over previously unbeaten Texas by the slim margin of one point, surprised by taking over third spot from the Longhorns. The Mustangs made the biggest gain of the week, vaulting from eighth place, Penn. Southern, Texas, Army and Virginia followed in that order.

The point score showed Wake Forest on top at 1,731 with Michigan not far behind at 1,661. SMU's third place total was 1,167, 51 more than the 1,136 points Penn. polled to retain fourth place. Besides Penn., fifth place Southern California (1,082), sixth place Georgia Tech (1,041) and seventh place Penn State (701) held on to their positions of seven days ago.

The biggest drop of the week was experienced by Texas which skidded five berths into eighth place with only 553 points as a result of its 14-13 setback by the Mustangs.

Team standings with points figured on a 10-9-8-7-6-5-4-3-2-1 basis (first place votes in parentheses):

- 1-Notre Dame (106)
- 2-Michigan (56)
- 3-Southern Methodist (7)
- 4-Pennsylvania (8)
- 5-Southern California (8)
- 6-Georgia Tech (6)
- 7-Penn State (2)
- 8-Texas (53)

- 10-Virginia (24)
11. Illinois, 177; 12. California, 86; 13. Duke, 71; 14. Purdue, 66; 15. William & Mary, 44; 16. Ala. bama, 41; 17. Columbia, 37; 18. North Carolina, 18; 19. Wisconsin, 17; 20. Yale, 13.

Other receiving votes were Kansas and Wake Forest, each 7; Minnesota, 6; Missouri, 4; Maryland and Nevada, each 3; Rutgers, Boston College, Texas Christian, Utah and Catawba, each 2; Wesleyan, (Middletown, Conn.) 1.

## Six-Man Grid Pic Clouded

The District Seven six-man football title picture is far from clear despite the fact that only one week of regular play remains on the schedule.

Sterling City's Eagles and the Coahoma Bulldogs remain tied for the top spot, each boasting a record of five victories in six starts. Sterling has bowled over Foran, Rankin, Courtney, Mertson and Water Valley while Coahoma upset Sterling and then went on to trim Mertson, Water Valley Garden City and Rankin while losing to Courtney.

The seven clubs in the circuit take a holiday this weekend, returning to action Nov. 14. At that time, Coahoma invades Foran. Water Valley meets Courtney on the Eagles' field. Sterling hosts Garden City and Rankin will be the guest of Mertson.

TEAM	W	L	T	Points

## C-C Roundup Club Meets Tuesday

Plans for a continuous program of membership solicitation will be made Tuesday morning when the chamber of commerce Roundup club brings its fall drive to a close at a breakfast meeting in the Settler hotel.

The session is scheduled for 8 a. m. Reports on the special drive conducted during the past week will be heard, and winners in the team competition will be announced. Plans are being drafted for a regular meeting scheduled for the club.

## Chisox May Pay Penalty Today

CHICAGO, Nov. 4. (AP)—Directors of the Chicago White Sox planned a formal meeting today to discuss the club's suspension from baseball and there were reports they already had agreed in secret to pay the \$500 fine which would re-instate the Sox without delay.

At St. Thomas college in St. Paul, student Charles Comiskey, future owner of the White Sox, was quoted by the Minneapolis Tribune as saying that the \$500 fine would be paid today by one of the directors at the office of Commissioner A. B. Chandler in Cincinnati. This would automatically restore the White Sox to good graces and make them eligible for the American league player-draft meeting in Cincinnati Monday.

The St. Paul Pioneer Press said the "Young Roman" was on the telephone most of yesterday talking with directors in Chicago and that the agreement was reached.

Leslie O'Connor, general manager of the club and member of the board, had been denied membership in the next few weeks. Seven letters were sent back from last season's Jayhawk quintet. They are Tommie Elliott, ex-Woodrow Wilson standout, Jimmy Pedan, Billy Mims, Harry Middleton, Lad Smith, Jack Griffin and Fred Phillips.

Davis is building his hopes around a six-foot New York youngster by the name of Don Clark. Those who have seen Clark work out insist Don has all the requisites of a great cage artist. He may be the boy to lead the Hawks out of the basketball wilderness.

Other promising newcomers include Horace Rankin, All-District 2AA performer for Big Spring last season, Ray Clark—brother to the brilliant Don—Earl Lusk, Hugh Cochran, Jackie Barron and J. W. Kennemer.

## Texas Leads Off With LSU Tigers

AUSTIN, Nov. 4. (AP)—A renewal of football rivalry between the University of Texas and Louisiana State university will open the Longhorns' 1948 season and dedicate their enlarged stadium Sept. 18. Athletic Director Dana K. Bible announced the dedication game, one of two big inter-sectional contests already carded for Coach Blair Cherry's Longhorns next season.

On Sept. 25, Texas meets North Carolina at Chapel Hill. The Tigers and Longhorns began their football series in 1890, and ten games have been played in all. LSU has won five, and Texas four, with one tie. The Longhorns' 1941 team whipped LSU 34-0, in the last and most decisive of the games.

# Howard County Jayhawks Open Cage Drills Under New Coach

## Ambitious Card Is Lined Up

Howard County Junior college launched basketball practice at the seat of learning west of town Monday afternoon and the cascade poolion Coach Harold Davis is cooking should make JayCee followers forget all about last year's dismal campaign.

The Jayhawks won only one West Zone conference game during the 1946-47 season. They'll do better this time out; how much better no one, of course, knows, but the personable Davis is aiming for a lot.

Something like 30 boys reported for initial workouts and Davis expects to allow the squad to 20 within the next few weeks.

Seven lettermen are back from last season's Jayhawk quintet. They are Tommie Elliott, ex-Woodrow Wilson standout, Jimmy Pedan, Billy Mims, Harry Middleton, Lad Smith, Jack Griffin and Fred Phillips.

Davis is building his hopes around a six-foot New York youngster by the name of Don Clark. Those who have seen Clark work out insist Don has all the requisites of a great cage artist. He may be the boy to lead the Hawks out of the basketball wilderness.

Other promising newcomers include Horace Rankin, All-District 2AA performer for Big Spring last season, Ray Clark—brother to the brilliant Don—Earl Lusk, Hugh Cochran, Jackie Barron and J. W. Kennemer.

Zack Gray, Kay Robinson, Jimmy Tolbert, Jack Jernigan and Charles Long are also figuring in Davis' plans.

HCJC has been placed in the West Zone of the Texas Junior College conference along with Amarillo, Wayland Junior college and Odessa.

Davis hasn't completed his schedule yet but has lined up several practice games in addition to his league program. One of the outings will be with the North Texas State Teachers' Eagles, freshman team of the Denton school, on Feb. 6 in Denton.

The Big Springers will open their campaign against Cisco JC here Dec. 4. Contests have also been lined up with Weatherford and Clifton and the Hawks will probably make at least two tournament appearances. Davis said he was attempting to arrange exhibitions with the TCU and Texas Wesleyan B teams.

The team will play all of its home games at Seor gym on Tenth and Johnson streets. Workouts are being conducted, however, at the former bombardier school's fieldhouse on the college campus. The Hawks are currently drilling from 3 to 6 p. m. on Mondays, Wednesdays and Fridays and from 7 to 9 p. m. on Tuesdays and Thursdays.

Davis has ordered new road and home uniforms for the club, which will be here in time for the first game. The school's colors are crimson and grey.

The schedule already arranged: Dec. 4—Cisco here. Dec. 8—Clifton here. Dec. 13—Weatherford here. Dec. 15—Ranger tournament. (tentative). Jan. 5—Cisco there. Jan. 10—Plainview here (conference). Jan. 17—Amarillo here (conference). Feb. 6—North Texas at Denton. Feb. 26—Plainview at Plainview (conference). Feb. 21—Amarillo at Amarillo (conference).

Games with Odessa JC have not yet been arranged. Davis said he planned to play San Angelo JC and Texas Tech B strings, if he could arrange dates.

At the present time, scrimmages are needed with independent teams of this section. Persons interested can contact Davis at the school.

It was estimated that there were 13,485 commercial ships afloat throughout the world in 1946.

## Hurts Are Few In Grid Camps

By The Associated Press  
Only a few injuries were reported as Southwest conference teams began workouts for three loop games this week.

Head Coach Blair Cherry told his University of Texas Longhorns: "The SMU game is all water under the bridge now. We're preparing for a fine Baylor team."

Southern Methodist, which remains the lone undefeated team in the conference after last week's 14-13 win over Texas, went through only a light drill yesterday.

Coach Matty Bell said that he planned to work on offense this week, since Texas A&M will be the first team employing the double wing and box formation the Mustangs have met this year.

A&M counted fullback Ed Dusek as a casualty, but Coach Homer Norton said that he was expected to be in shape for the game with SMU.

Norton said he planned to work hard on defensive play, stressing a defense that would help hobble Doak Walker and Gilbert Johnson, twin SMU stars.

Texas Christian, idle this week, drilled lightly under assistant Coach Abe Martin yesterday. Baylor played touch football in a light practice, while Coach Bob Woodruff said he expected the squad to be in top physical shape for Texas.

## Coyotes Gain No. One Spot

DALLAS, Nov. 4. (AP)—The Wichita Falls Coyotes took over as the top team in Texas high school football by the slender margin of one vote in the Dallas Morning News' poll of sports writers.

Odessa, defending state champion and leader until last week when it tied Wichita Falls, was second.

The 24 writers participating gave the Coyotes 228 points and Odessa 227. One listed Wichita Falls as third, lowest the team has been rated.

Longview, Corpus Christi, Marshall, Corsicana, Brackenridge (San Antonio), Goos Creek, Amarillo and Austin rounded out the first ten teams.

Corsicana, one of six undefeated, untied teams in the state, gained the select circle for the first time. Waco and Arlington Heights (Fl. Worth) dropped from the top ten teams.

## Carling's Team Wins Late One

Griffin's Nash beggers picked up two games from Carling's Aie without having to take the mania in Class Bowling league play Monday night at the West Texas Recreational center but the Carling troupe arrived in time to salvage the final game.

In other matches, Nathan's Jewlery won two out of three from Schlin's Beer, Berghoff topped Texas Club by the same margin while Douglas H captured a 3-1 decision from the league leading Cooney Oiler quater.

The luncheoners wasted warm to nip the Refiners, scoring a 3-0 in one last and going on to gather a 2,684 for top aggregate.

Letcher of Griffin Nash was out in front in the race for individual honors, scoring a 228 to edge Jake Douglas of the Hosteliers by two points.

Leonard Morgan, Cocon, accumulated 863 pins for top total. His score proved one point better than Douglas' over-all aggregate.

B. Morgan, Skeet West, E. P. Doster and W. E. Ramsey also had 300 games.

**WHO SAID THEY WERE DUMB?**

PITTSBURGH, Tex. Nov. 4. (AP) — H. M. Fant of this town reports this little item: While out hunting, a local preacher saw a fox squirrel approach the opposite bank of a river. In the squirrel's mouth was a bunch of moss. When the squirrel reached the water he began backing very slowly into the water. After his body was under the water, he began to swim across the stream with his nose and the moss out of the water. Just before he reached the bank of the river he let go of the moss and dived under the water, coming out on the bank. The preacher rushed down the stream and with a stick recovered the moss which he discovered was alive with fleas. This was the squirrel's way of getting rid of the fleas.

**Paved Streets To Be Cleaned By New Sweeper**

Paved streets in Big Spring are to be cleaned by a mechanical street sweeper during the next few days for the first time in approximately one year. The new street sweeper which has been on order for several months arrived Monday night, city officials said, and the apparatus will be put into operation immediately. The city has been without a mechanical sweeper since last fall, when a machine that had been in use for several years all but collapsed. A new machine was ordered but production difficulties held up delivery time after time. City Manager H. W. Whitney said the new sweeper would be kept in almost constant operation for several days in clearing the streets of dirt and trash that have accumulated over a period of months.

In the early '30's it was not uncommon for him to visit here two or three times a year.

**New Dairy Distributer At Work Here**

Russell Glenn, independent jobber for products of Tennessee Dairies of Dallas, was distributing milk to retail outlets in Big Spring this morning under full authorization of the city health department, city officials reported. Glenn's application for a distributor's permit here occasioned a lengthy discussion at a meeting of the city commission on October 28, drawing comment from representatives of both Banner and Borden as well as local producers. Subsequently, city commissioners reminded that the city provides no restrictions on milk distribution except health and sanitation standards. Officials reported this morning that an investigation of Glenn's source of supply in Dallas disclosed that the milk he proposed to market here met all standards enumerated in the local milk code. Glenn distributes milk in disposable, card board cartons.

**School Burglary Probe Continues**

Investigation of the Sunday night burglary at the Big Spring High school continued this morning, although city police said that more routine work on the case must be completed before a specific progress report can be issued. Latest reports indicate that something over \$300 in cash was taken from the tax office safe and the principal's office and an undetermined amount of checks also is missing. Officers still held the opinion that some person or persons with considerable knowledge of safe mechanism performed the job. Few amateur burglars could be expected to know procedure for cutting away the knob of the safe, they pointed out.

**The CHIROPRACTOR—and You**  
One Of A Series Of Articles Published In The Public Interest To Explain And Illustrate The Practice Of Chiropractic.

**HEART TROUBLE** is one of the most common diseases of the present day and the one which seems to give the patient the most concern. Of all the organs of the body, this one probably does the most actual physical work. It is the great central pump of the circulatory system which, by its alternate contraction and relaxation, forces blood through the body. The heart must function continually and consistently for the body to enjoy the maximum of health.

**CONTROL OF HEART ACTION**  
Before the muscles of the arm contract to produce movement we first think the thought and as a result the contraction takes place. The same process is true of the heart, except that here the thought is a subconscious one. This thought or impulse, takes place in the brain. Tiny nerve fibers then transmit it to the heart and contraction results. There must be no interference with these nerves leading from the brain to the heart else they cannot properly transmit these impulses. If this energy or nerve force is interfered with, even slightly, the function of the heart will become abnormal.

Correcting Heart Trouble  
Because of his training, the Chiropractor is able to locate the point of pressure in the spine that interferes with the transmission of mental impulse supply; and is able to render Chiropractic Health Service that will adjust the spine at the location of this interference so that normal transmission is restored. There can be only one result — the heart receives its normal supply of mental impulses and is enabled to function properly. To the thousands upon thousands of sufferers who are now living under a handicap produced by an abnormal heart action, Chiropractic offers a real and logical solution.
