70TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS, (76936) Thursday, April 1, 1971

Number 13

Voters Attention Is On The Mayor's Race In Local Elections

An active campaign is under way to bring out the vote Saturday and it seems that the main interest in the local races is in the race for Mayor and aldermen of the City of Eldorado.

Here is the way the ballots read:

City Election

In the city election Saturday voters will name a mayor and two aldermen, and a choice is being offered in both places.

Incumbent Mayor Eldon Calk will be opposed by R. V. Sheppard who lost the race two years ago. For Aldermen there will be three candidates for two spots. The ballot will look about like this:

For Mayor:

E. T. Calk

R. V. Sheppard

For Aldermen:

(Vote for Two)

Granvil Hext

John Edward Meador

Alvin Farris

Election will be held at the fire hall between 8:00 a.m. and 7:00 p.m. Mrs. John Gilmore will be election judge, with Margaret Frost as alternate and Mrs. Richard Jones as clerk.

Hospital District Directors
Balloting for Hospital District Directors will be conducted in the Memorial Building with Mrs. Frankie Short as election judge along with one or two assistants.
Unopposed for the three places are:

Ed Meador

Mrs. Mort Mertz

Mrs. Edwin Jackson, Sr.

Ed Meador and Mrs. Mertz are incumbents while Mrs. Jackson will fill the place to be vacated by Elton McGinnes.

School

School trustee election will be held in the High School building. The ballot calls for three to be elected, and they are unopposed:

R. E. Bland

Wilson Page

H. G. (Buddy) White

In addition to the above, voters will receive separate ballots for county trustees.

Billy Frank Blaylock is candidate for re-election as county trustee at large; and Clay Adkins is candidate for trustee from Precinct One.

T. R. Spence will hold this election with the help of several assistants.

Sixth Graders To Take Outing Apr. 23

The annual Outing to San Angelo for the two Sixth Grades in the Eldorado schools has been set for Friday, April 23rd.

The pupils, and their teachers and sponsors and some parents, will go up by bus to tour the Fort Concho Museum and several other places of interest, and have a picnic lunch.

This event is put on for the Sixth grades each year by the school.

New Babies

Mr. and Mrs. George Graf of Nashville, Illinois, are parents of a daughter born March 20 at 6:36 a.m. in a hospital there. She weighed 7 lbs. 11 oz. and has been named Elizabeth Ann.

The Graf's have two other daughters.

Grandparents are Mr. and Mrs. Herbert Graf of Eldorado and Edwin Junge of Nashville.

Post Script

The largest voter turnout in Saturday's elections will probably be from the voters from the city limits of Eldorado who have a choice in selecting a Mayor and two aldermen.

If it is possible to do so, the Success will try to post the brief results in our window after the polls close Saturday night.

—ps—

Citizens who vote in the City Election Saturday are reminded that they can also vote in the Hospital Directors election by simply going across the street to the Memorial Building. The hospital ballot carries the names of three candidates who are unopposed. These unpaid candidates are entitled to a vote of confidence and it won't take but a few minutes of your time to go over and give them your endorsement. A further reason is that there is an unconfirmed rumor of a write-in. (In Eldorado we often have write-ins.)

—ps—

ABSENTEE VOTES CAST

There were 34 votes cast and six in the mail for absentee voting in the City Election, as of late in the day Tuesday.

Deadline was 5:00 p.m. Tuesday.

—ps—

Easter Greeting Issue Set

The April 8 issue of the Success will be our annual Easter Greeting issue in which the local public-spirited merchants buy Easter Greeting ads for their customers and friends.

We have all kinds of messages, small ones up to almost any size and price.

Also, here is a special invitation to all local church pastors and their designated reporters: please turn in your church's arrangements for Easter Sunday. Give time, the sermon topic if available, and any other special events you may have scheduled in connection with Easter.

Easter Holidays Set For School
The school administrators report that Easter holidays have been designated as Good Friday, and the following Monday and Tuesday.

Students will return to classes the morning of Wednesday, April 7th.

—ps—

Future Homemakers of America Week is now on, through April 3rd. We are running the photo of this year's FHA chapter officers in this issue. It was supposed to be run last week but the engraving failed to arrive in time.

—ps—

With our subscribers: Chris Faull's new address is 1750 B Trey Way Lane, Corpus Christi, Texas.

A new subscriber is L. B. Wade, Box 364, Leander, Texas 78641.

—ps—

A retired couple from Dumas, Texas, were visiting in Eldorado last week end, and let it be known that they were interested in locating some place where there was good water, favorable climate and mild winters.

The couple checked in at the local motel and remained here for two days looking at two-bedroom houses that could be for sale. When they left they left word with the local real estate dealer they would be back after completing some business in Dumas.

This is not the first instance of retired people being interested in Eldorado as a desirable location for retirement.

I wonder how many other retired people might be attracted to Eldorado as a retirement place if it were publicized.

—ps—

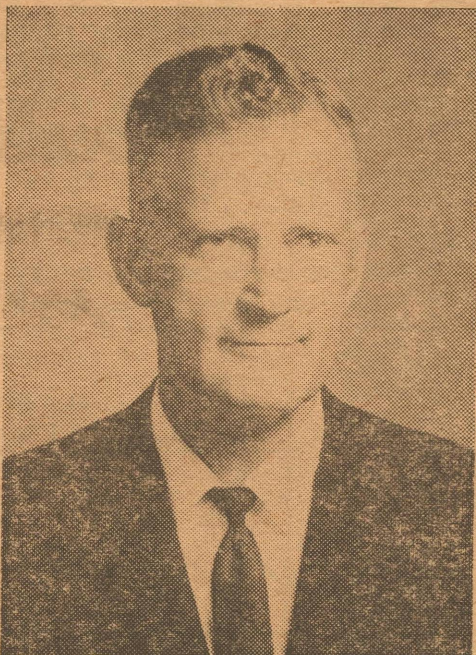

Ray Gentry's new Edwards Plateau Water Company is already a going business and every few days a large truck arrives and is loaded with his bottled water. He says that every super market (except one) in Angelo is now marketing this Eldorado product. It is also being introduced in Winters and Ballinger.

The nice thing about this new business is that Mr. Gentry did not meet with the Chamber of Commerce or any other civic body asking for a subsidy or any other local guarantee. He simply bought a lot, built and equipped a plant and went into business.

—ps—

Spring must really be here by now. The mesquites are starting to bud and leaf out.

Sale Starts Today At Foxworth-Galbraith Lbr. Co.

J. H. (Skeet) MACE — MANAGER

A 70th Anniversary Sale is Getting Under Way Today April 1st, At The Foxworth-Galbraith Lumber Co. here and other locations throughout the firm's trade area.

Manager Mace and his staff invite everyone to come by during this event, which lasts throughout the month of April.

Complete details on the Sale are in the ad on page 2 of this week's Success issue.

Coffee Day To Benefit Easter Seals

"Coffee Day for Crippled Children" has been set for this coming Monday, April 5th, on which day revenues from coffee sales and free-will offerings will go to this year's Easter Seal drive. The participating places here in Eldorado are Eldorado Drug and Java Junction Cafe.

This event is being promoted and sponsored by the Jaycees organization.

Funeral At Sonora For Dr. J. F. Howell

Dr. J. F. Howell, 75, of Sonora died shortly after 3:00 p.m. Saturday at Shannon hospital in San Angelo after he apparently suffered a heart attack while attending the Relays at San Angelo stadium.

Funeral services were held Monday in the First Methodist Church in Sonora with burial there directed by Ratliff-Kerbow Funeral Home.

Born Feb. 7, 1896 in Eastland, Miss., he was married to Mary Louise Watts April 12, 1925 in Kilmichael, Miss. He moved to Sonora in 1934 and was an active medical doctor for the past 37 years.

A veteran of World War I, he was appointed to the Selective Service Board by President Roosevelt. He was an active member of the First United Methodist Church, the Deora Masonic Lodge, the American Medical Association and the Tom Green Medical Society.

He was also a member of the Southern Medical Association, the American Academy of General Practitioners, the "M" Club of Tulane University, the Sonora Golf Club, the Downtown Lions Club and the Chamber of Commerce.

Dr. Howell was instrumental in the building of Hudspeth Memorial Hospital in 1950.

Survivors include his wife; two sons, Dr. J. F. Howell of Amarillo and Charles W. Howell of Perryton; a daughter, Mrs. Jack Allen of Perryton; a sister, Mrs. J. M. Pirkle of McCamey; two brothers, J. W. Howell of San Angelo and O'Neal Howell of Sunny Side, Wash., and eight grandchildren.

Alan Masloff and family have moved to Del Rio where he has been transferred by the Parks and Wildlife Dept. They have vacated the Hollis McCormick house in Glendale.

Eagles Place 5th In San Angelo Relays

The Eldorado Eagles were able to capture fifth place at the San Angelo Relays held last Friday and Saturday. The Eagles were only able to place one running event in the finals, that being the 440 yd. relay, which turned in a time of 45.9 for fourth place. However, the Eagles strong field event department did an outstanding job while it accounted for the majority of the Eagles points.

Those individuals who placed in their events at San Angelo were: Archie Nixon, First Place, Shot, 53' 3/4"; First place, Long Jump, 20' 11 1/2"; Second Place, Discus, 139' 1/2".

Billy Hubble: First place, Discus, 139' 1/2".

Jerry Baty: Third Place, Shot; and Fourth Place, Long Jump.

Terry Clingan: Tie for Fifth Place, High Jump; Tie for Fifth Place, Long Jump.

Gene Nixon: Fourth Place, High Jump.

The Eagles finished with a total of 25 2/3 points and fifth place while Sonora won the Division IV championship with 65 points. The Eagles travel to Robert Lee this week end.

Riding Club Notes

The Eldorado Riding Club will have their regular meeting this Thursday night at 7:00 o'clock.

The ladies auxiliary reports a total of \$91.75 received from their recent cake sale.

Band Contest Results

In Region VII Concert & Sight-reading Contest at Cisco, Texas, Saturday, Eldorado and Ranger bands received highest ratings with both bands receiving II in Concert and I in Sightreading.

Woman's Club Given Award For Year Book

The 1970-71 year book of The Woman's Club of Eldorado won first place in division for clubs meeting once a month, as the Heart of Texas District, Federated Woman's Clubs, met recently in Ozona. The book is printed each year by the Success.

A large group of club women from District 6 attended the two-day affair in Ozona. Attending from here were Mmes. Ford Oglesby, Edwin Jackson, R. D. Johnson, Vernon Rogers and Arch Mittel.

Easter Egg Hunts Set April 8th By School

The Kindergarten and first three grades of the Eldorado schools will have their Easter Egg hunts a week from today, on April 8th, it was reported this week by Walter Wallis, elementary principal. The hunts will take place between noon and 2:30 p.m., when school will dismiss for the Easter holidays.

Locations for the hunts will be the County Park and the Court House and Memorial Building grounds.

This Year's Future Homemaker Chapter Officers

SHOWN SEATED, left to right, are: Sue Ann Morris, president; Peggy Hill, vice-president; Linda Derrick, secretary. Standing are Gene Newport, historian; Thelma Bosman, photographer; Patty Page, parliamentarian; and Mary Lyn McCalla, treasurer.

Jaycees Elect New Officers For 1971-72

At a recent meeting in the Memorial Building, the Jaycees of Eldorado elected new officers to serve the 1971-72 year. They will be installed at a banquet meeting later in the Spring.

The officers are:

Billy Williams President
Walter Powell, Jr. 1st V. P.
Ronnie Mittel 2nd V. P.
C. F. Dacy Sec-Treas.

Large Garage Destroyed By Fire

Fire that broke out about 2:00 p.m. Monday completely destroyed a large garage at the Billy Frank Blaylock home on the southeast side of Eldorado.

Three vehicles responded to the alarm and the building was on fire all over when they arrived. Prompt action kept the blaze from spreading to the residence which was in line of the wind.

Mrs. Blaylock stated that she had made a brief trip to town and returned in less than ten minutes and found the building on fire with flames coming out of the roof.

The Blaylocks lost a pick-up, an antique car, a refrigerator and two deep freezers, and several hundred pounds of frozen food.

(Related photos on page 5.)

In About A Month . . .

Band To Compete In Colorado Contest

The Eldorado High School Eagle Band has accepted an invitation to participate in the 33rd Annual Music and Blossom Festival for Marching Bands in Canon City, Colorado.

Competition will be on Saturday, May 1 and Sunday, May 2. All Bands will be judged in field maneuvering and street marching. This will be done on a composite basis and the results will be tabulated into a final rating. Following the Sunday street parade, scores will be tabulated and the three highest scoring bands in each class will then go into the final field competition.

Trophies will be awarded to the best marching band, best playing band, and most outstanding band in each of the three classes. There will also be a 33" silver traveling trophy to the band having the highest total composite score in all of the four contests. If a band wins this trophy three consecutive years it will be theirs to keep.

Meals are provided free to all participating bands while in Canon City.

Eldorado will be in Class C which is the smallest class comprised of bands from schools with high school enrollment of 249 or less. Saturday's competition begins with street parading at 1:30. Following this the bands will go to the stadium for a military inspection and then their final show. Saturday night they will have a dance for all participants at the National Guard Armory. On Sunday the band will have their last parade competition at 2:00 p.m. after which the results will be announced. The top three bands in each class will enter into the finals which will be a field show performance.

The Eagle Band's tentative plans are to leave Eldorado on the evening of Thursday, April 29 and arrive in Colorado Springs, Colo., the morning of April 30. That day will be spent in sight-seeing in and around Colorado Springs.

Saturday and Sunday the Band will be in Canon City for the competition, returning to Colorado Springs on Saturday night.

Sunday night after the Festival has concluded, the band will spend the night in Pueblo, Colorado, and return to Eldorado on Monday, May 3.

In Colorado Springs, April 30 and May 1 the band will be staying at the Chateau Motor Hotel. On Sunday night May 2 the band will be staying at the Chilton Inn in Pueblo, Colo.

Last year the winning bands in all three classes were Texas bands. Hopefully our own Eldorado Eagle Band will be one of those winners in 1971.

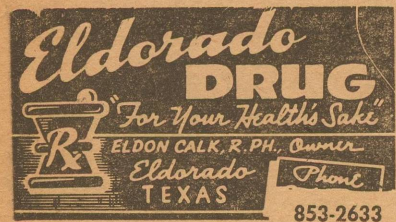

Ella Allen has moved to the Melvin Owens house.

Rx
WISHING YOU WELL

The best wish we can make for you, our customer, is that you will never have to have a prescription filled. Unfortunately, however, the chances are good that sooner or later you will need medical attention which will require a corrective prescription.

When that happens, we will be ready immediately to supply exactly what your doctor orders. Our stocks of modern, effective pharmaceuticals are maintained in abundant, fresh supply to take care of your needs.

We wish you (to be) well!
We can help you when you are not. That is the main reason why we are here.

Seedbeds Prepared For 1971 Planting

By Lloyd Johnson
Soil Conservation Service

The preparation of seedbeds for planting the 1971 crop has been completed by most farmers in the Eldorado-Divide Soil and Water Conservation District. Preparing cropland for planting is considered an important and essential farming operation by all good farmers. Crop yields are effected each year by the quality of seedbed prepared. When seedbeds are prepared properly in conjunction with good farming practices, including the application and maintenance of the needed soil and water conservation practices, the maximum potential yields can be attained.

The prospects of good yields this year do not appear to be very good at this time. This of course is due to the lack of moisture on dry cropland. However, this condition could change quickly. One or two good rains could change the prospects of a poor crop year to a good crop year. Farmers realize this and continue the preparation of their land for the rain they hope to get.

Chances of good crop yields can be improved on fields that are not being farmed on the contour. Contour farming has been one of the profitable conservation practices used by District farmers for many years. Farming on the contour helps keep the rainfall received where it falls for crop use. Land bedded on the contour holds rainfall received in each row and thereby keeps moisture better distributed over the field. The opposite is the case with rows not on the contour. Water is lost from the field where needed and too much water collects in lakes and low places in the field.

Since the beginning of the Eldorado-Divide Soil and Water Conservation District, some farmers have not been satisfied with less than the best in the way of needed water conservation measures on their land. Therefore, to conserve the maximum amount of rainfall received, level closed end terraces have been constructed on their land. In many cases in past years the best crop yields, or in some years the only yields have been immediately above the terraces.

Several farmers in the District have been assisted by technicians of the Soil Conservation Service in running the needed contours and terrace lines on their land recently.

"It's not too late yet to run the needed contour or terrace lines to conserve moisture when it does rain," states Lloyd B. Johnson of the S.C.S.

The maintenance of good level closed end terraces should always be a part of land preparation. Terraces that become inadequate due to lack of needed maintenance can lose needed water and cause damage to fields. With proper maintenance each year terraces can be kept at their needed height, width and end-closure to do the most good. Terrace maintenance can be done now with equipment already on most farms.

Assistance in planning and applying the needed soil, water and plant conservation practices is available from the Soil Conservation Service Technicians assisting the district. Cost-share assistance is available through the Great Plains Conservation Program, administered by the S. C. S. and from the Schleicher County ASCS office.

Miss Garza To Marry Albert Torres June 5

ESTHER GARZA

Miss Esther Garza and Albert Torres will be married June 5 in Our Lady of Guadalupe Catholic Church, according to announcement by the bride-elect's parents, Mr. and Mrs. Francisco Garza.

Mr. and Mrs. Pete Torres are parents of the prospective bridegroom.
Miss Garza, a 1970 graduate of Eldorado High School, is attending Angelo State University. Her fiancé, a 1969 grad of EHS, attended a business school in Abilene.

COMPLETES 8 WEEKS BASIC
Pvt. Joel T. Muzquiz, 20, son of Mr. and Mrs. Severo Muzquiz Jr., Eldorado, Tex., recently completed eight weeks of basic training at the U. S. Army Training Center, Infantry, Ft. Ord, Calif.

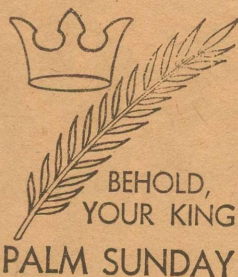

He received instruction in drill and ceremonies, weapons, map reading, combat tactics, military courtesy, military justice, first aid, and army history and traditions.

Pvt. Muzquiz attended Eldorado High School.

COUNTY AGENT'S COLUMN
by Ting Godwin
Schleicher County Agricultural Agent

When woods or pasture lands burn everybody loses. With the continuation of the very dry conditions, fire is a real hazard.

Timber losses do not end with the landowner. There are other losses to the people who would have been employed to cut the timber, haul it to the mill, process it and even those who would have used it to build houses, furniture or other items.

For the stockman, the loss of dry forage not only means the loss of animal or wildlife food or cover but also his very existence as a producer of meat for the consuming public. Then too his land is left bare and could become the victim of wind and water erosion, should the dry conditions continue.

Bare or unprotected land can be severely eroded by heavy rain, tanks and streams and even large water holding impoundments badly silted.

Too, stands of desirable grazing plants can be damaged by fire, and under drought conditions, their recovery can be very slow.

Therefore, start no fire that you cannot immediately control or better still do no burning of any kind until conditions warrant.

A speech is like a love affair. Any fool can start it, but to end it requires considerable skill.

Weather conditions, including soil moisture, are not the best for using herbicides; therefore, it is doubly important that label instructions be carefully followed.

The few minutes required to read and understand the label before using the herbicide could be some of the most important time you'll spend all year.

Crop injury or poor weed control or even unmarketable products can be avoided by following the safe usage directions on the label.

Labels list the crop on which the herbicide may be used, give the application rate and time and other information on safe handling and storage of the product. Only the recommended amount should be used and it should be applied according to the timing suggested. Some materials must be incorporated into the soil while others can be used at the time of planting.

Most weed control chemicals are not highly toxic to handle but are potentially dangerous when the rules of safety are not observed.

Ours seems to be the only nation on earth that asks teen-agers what to do about word affairs, and then tells the golden-agers to go out and play.

Bagworms are destructive pests on many evergreen and deciduous shrubs and trees, and sometimes on neglected fruit trees. Late March and early April is the time to control them.

First, remove the bags from infested plants and destroy them. Then when temperatures stay above 60 degrees for 6 to 10 hours during the day, start applying control measures. The pesticide applications should be continued at 7

to 10-day intervals until the infestation is eliminated.

Sevin, chlordane, lead arsonate or toxaphene will effectively control the bagworm. Directions for mixing and applying the materials are given on the label container and should be carefully followed.

The bagworm moth deposits from 500 to 1,000 eggs in a brown, tapered bag attached to a branch of the plant in September. The eggs hatch in March and the small worms immediately begin to feed on the plant's foliage and bark.

The young worms or caterpillars construct a small tapered bag of silk-like material and attach to it pieces of bark or foliage. The bag turns a brown in color.

The bagworm protrudes its head and front feet from the bag as it moves about the plant feeding but will withdraw into the bag when disturbed. In late summer the bag is attached to a branch and the mature caterpillar pupates within the bag.

The feeding worms, when infestation is heavy, will remove the foliage and bark from all parts of a tree or shrub, resulting in the death of the plant or heavily damaged parts.

The worms are easier to control when they are young and control measures should be applied as soon as an infestation is discovered.

If you want people to notice your faults, start giving advice.

Mrs. Haines Named To Post In El Paso

George T. Collier, administrator of El Paso MediCenter, announces the appointment of Mrs. Haines as patient co-ordinator for the hospital.

Mrs. Haines' responsibilities include all procedures involved in patient admissions, patient activities, medical records, and social services. She will co-ordinate the activities with all departments within the hospital.

In addition she represents MediCenter in contacts regarding patients with physicians and other medical care facilities.

Mrs. Haines served in a variety of public relations, administrative, and technical positions in Medical Clinics and hospitals in West Texas and New Mexico. Mrs. Haines resides with her husband and daughter at 471 Pinewood in El Paso.

She is the daughter of Mr. and Mrs. C. N. Clark of Eldorado.

BAND BESTOWS HONORS

Honored at a recent meeting of band members were Wayne McDonald, band director, and Mrs. Harry Mercer. The members of the Eldorado Eagle band presented Mr. McDonald with a tie clasp and presented Mrs. Mercer with a plaque making her an honorary member of their band in appreciation for her service to them.

RECEIPT BOOKS—Pocket size, and large desk size, for sale at The Success.

Easter Seal Campaign Promoted In Texas

Bob Lilly Shown With Lonnie Moody, age 3

Dallas Cowboy defensive tackle Bob Lilly served as State Chairman of the 1971 High School Football Boys' Lily Day for Crippled Children, to raise funds for the treatment and service program of the Easter Seal Society for Crippled Children and Adults of Texas.

Bob Lilly's friend is Lonnie Moody, age 3, son of Mr. and Mrs. George Moody of Grand Prairie, Texas, one of the 21,563 Texans receiving treatment from the Easter Seal Society program for handicapped children and adults in Texas.

Lilly, who finished his ninth year in professional football, led several thousand high school football players in this special fund raising event.

On Lily Day, which was set Saturday, March 27, in most cities, high school football teams were on

downtown streets and in shopping centers pinning small plastic white lilies on the lapels of shoppers. Donations for the lilies went to provide treatment and services for physically handicapped children.

Lilly, a native of Throckmorton, Texas, and a 1961 graduate of Texas Christian University, was a college All American and was a number one draft choice of the Cowboys as a defensive end.

Lilly contacted over 500 high school football teams in Texas asking that they participate in Lily Day to raise funds for the services the Easter Seal Society provides. In 1970, the Texas Easter Seal Society provided treatment and services for 21,563 physically handicapped children and adults.

Trophies were awarded the top team in each classification of school of Texas.

District Director Atkins Presents Essay Awards In Local High School

Clay F. Atkins, director of the Eldorado-Divide Soil and Water Conservation District presented checks to the first, second and 3rd place winners of this year's essay contest. This year's subject, which is assigned by the Texas Conservation Awards Program each year, was "Our Natural Environment — Preserve and Protect It."

The first three place winners in the contest were: Jean Rountree, 1st place, \$15; Phyllis Sauer, 2nd place, \$10; and Pattie Page, 3rd place winner, \$5.

Next year's essay title is expected to be given the latter part of this year. When the title is announced school officials will be notified and the district directors would like to have students enter the contest again next year.

This year first place essay winning entry is as follows:

"Our Natural Environment—Preserve and Protect It"
 By Jean Rountree

Unhealthy environment in America? This just cannot be true in a country of such abundant natural resources as ours. Are we just now realizing that our water and air are polluted, our soil eroded, and our wildlife's habitat destroyed? Surely this cannot happen in a country that is able to put a man on the moon.

We must not delay. Now is the time to take advantage of the technical knowledge available to us through such agencies as the Soil Conservation Service which helps individuals and groups mainly thru conservation districts.

We should all work together to preserve and protect our environment for ourselves and future generations. It is time to do something about the air we breathe, the water we drink, and the soil that is so important to our livelihood.

Soil, water, and air are our most valuable resources and we must not mis-use them. Everything that we have comes from the soil. People that are in control of land should be required to apply such conservation practices as terracing and contouring crop land and proper grazing of range land. Conservation practices must be planned, scheduled, and applied. Conservation does not just happen.

The total amount of soil and water remains the same. When we conserve soil, we conserve water. Proper land treatment helps to prevent water pollution but we all must do our part to keep our lakes and streams free of litter. Automobile manufacturers and other industries are working to make machines that will help eliminate air pollution.

Everyone is affected by pollution! We need to be more concerned about what has happened, what we can do, and how we can work together to "Keep America Beautiful."

DO PEOPLE read these small ads in The Success? You just did.

In Those Days

ONE YEAR AGO
April 2, 1970—Coming up Saturday was the Jaycee-Chamber of Commerce banquet with Jim Reese, mayor of Odessa, as speaker. Albert P. Thigpen's funeral was held. He died at 81 following a long illness. Debbie Johnson was crowned queen of the Eldorado Lions Club.

FIVE YEARS AGO
March 31, 1966—C. T. Humphries was elected new school superintendent to succeed A. M. Whitis. Mr. Humphries served some years as elementary principal. Memberships were being solicited for the new El Dorado Golf Club. Bennie Harkey sold his Enco properties to Raymon Mobley. Albert R. Smith of Eagle Pass visited here in the interest of his campaign for State Representative of 65th District. Jack Jones reported \$1,150 collected for the bus trip to Houston on April 8th. There were 41 local people lined up to go. Congressman Ovie Clark Fisher came out opposing a proposed new \$700,000 residence for the Vice President in Washington. Mrs. E. B. Mace died in Fort Worth. She was mother of J. H. Mace of this place. The Community Choir was to present a cantata, "Gethsemane" with Mr. Dale Ellis as director and Mrs. Gale Nelson as accompanist.

12 YEARS AGO
April 2, 1959—Mr. and Mrs. E. T. Davis were being honored Saturday on their Golden Wedding. Equipment arrived for Edwin Martin Jackson's new dry cleaning shop. James Williams was named a real estate dealer. Mrs. Auta Mae Bradshaw and Doug Yates were married. Billy Frank Blaylock and Jimmy Wayne Harris were at work in the local post office. The Southwest Texas Electric Co-Op crew occupied their new building. Solon Boothe announced he was sole owner of Boothe's Magnolia Station. The Plateau Relays were coming up and relay team members were Jim Runge, Dan Mittel, Joe Stanford, Robbye Waldron and Jerry Carlman. Farris Nixon was half-miler and Billy Reesor miler. Dan Sebesta was to come here in June to be pastor of the Presbyterian church. The school trustee election was coming up with Bill Lester, Joe Christian and Elton McGinnes as candidates. Two were to be elected.

35 YEARS AGO
April 3, 1936—In the First Presbyterian church in San Antonio, Miss Inez Cobb became the bride of Paul McLeod. Local Boy Scouts were hosting those from the Ranch District at a Camporee. E. W. Brooks was chairman, assisted by J. A. Whitten, Ed Hill, C. S. McKinney, Don McCormick and F. M. Bradley. R. A. Evans announced that the cemetery association would meet and elect officers. C. S. McKinney, publisher of the Eldorado Success, announced for County Judge, subject to the July 25 Democratic Primary. Con Isaacs completed his first year as football coach of the Paint Rock Indians. A son, Myrl Glen, was born to Mr. and Mrs. Vernal Sudduth. He weighed 7 1/2 pounds. Jim Dan Hill published his book, Sea Dogs of the Sixties, on lives of Civil War captains. Capt. Thad Thomson was appointed naval attaché to the American embassy at Rome. Dr. Thomas H. Taylor, president of Howard Payne College at Brownwood, was to speak at the Baptist church. The Lions Club were planning an Easter Egg hunt for county children under 12 years of age. The committee on arrangements was composed of C. E. Knight, Wiley Ratliff and John F. Isaacs.

ELDORADO LODGE

PAR-TEE

With the coming of Spring the Golfers and the rattlesnakes seem to start crawling. We have had a record number of golfers playing these last few days—several from out of town. The courses in San Angelo cannot water the fairways and only a minimum amount of water for the greens so it seems that our course and Sonora's course are a welcome haven for the San Angelo golfers. * * *

At the annual meeting of the membership on March 25 the following list of officers was elected to serve for the following year:
Charlie Hahn President
Ernestine Hext Sec.-Treas.
Directors elected were A. G. McCormack, Vernon Rogers, Howard Derrick, Bob Bland, Mary Waldron. Hold over directors for the coming year are: Pat Wester, Delbert Taylor, W. G. Godwin, and Eddy Mae Kinser. * * *

Invitations to out of town tournaments are beginning to fill the bulletin board at the club house. The first one that we have any one entering is the Men's Partnership tournament in Sonora this week end—April 3-4. * * *

The local (members only) Men's Club Championship Tournament is scheduled for April 24, 25. This will be a 54 hole medal play tournament this year. Players must have a 27 hole score posted by Saturday evening April 24 then play 27 holes on the 25th. This tournament will be played in flights and trophies will be awarded to the winners. * * *

All annual dues for club membership are due and payable on April 1st. Annual dues are still at \$40 per year per membership. We have some non-member golfers that are playing without paying green fees or dues. We cannot hire someone to stay on duty to collect green fees so would appreciate your cooperation in dropping your green fees in the slot on the back door. Green fees are 75c on week days and \$1.00 for Saturday, Sunday and Holidays. The paying of green fees is on the honor system so we urge each of you to cooperate and PLEASE PAY BEFORE YOU PLAY. (You can't swim in the County swimming pool without paying, so why should you play golf on the County golf course without paying?) * * *

In the Mixed Team play on the 28th the team of Jack Hannes, Mary Waldron, A. G. McCormack and Ronnie Sauer tied the team of Vernon Rogers, Nell Wester, Pete Peters and Dee Lux with a low ball of three under. Hannes, Waldron, McCormack and Sauer won the sudden death play off on the fourth hole when Mary Waldron pitched in for a birdie. The team of Delbert Taylor, Agnes Hannes, Pat Wester and H. Farmer came in third place. * * *

Among the new golfers appearing on the course are Juanita Taylor (with a "brand new" set of clubs), Martha Godwin, Muffy Wallace and Sherry Lux. * * *

We extend a hearty Welcome to the following new members:
Dee Lux
Mike Edwards
Mort Mertz
Gary Warnock
Keith Williams

OES School Held
The school of instruction for district 5, section 2, was held on March 23rd at the Masonic Hall here in Eldorado. Honored guests were Mrs. Frances Kay Herrin, Worthy Grand Matron; Mrs. J. Victor Jones, Worthy Grand Patron; Mrs. Rennie Oton, Grand Examiner; Mrs. Louise Armstrong, District Deputy Grand Matron; and Mrs. Martha A. Word, Deputy Grand Matron. The day started at 7:45 with Coffee, courtesy Eldorado Chapter No. 140. At 8:00 was Registration. At 8:45 the school was called to order by Mrs. Martha A. Word and ran until 12:00 when it adjourned for the noon luncheon. The theme of the luncheon was "Key of Humility Luncheon." The luncheon was put on by the Fort McKavett chapter. The Eldorado chapter had the Banquet, and carried out the theme of "Ecstasy of the Keys." The evening session finished the day with final reports and greetings extended by the Grand Worthy Matron Mrs. Frances Kay Herrin. This was followed by a reception in the dining room.

Family Get-Together Held In San Angelo

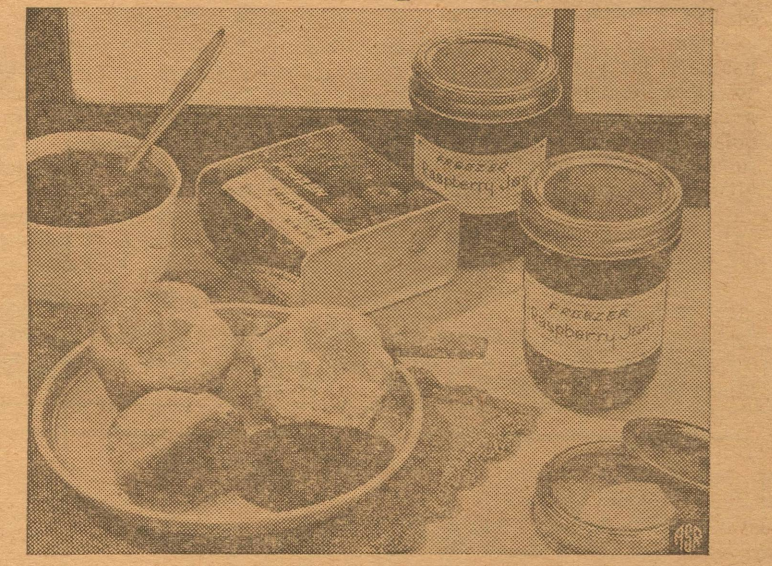

Mrs. Mabel Davis spent the week end at home in San Angelo. When she got there she had a "Big Surprise." First Lt. and Mrs. Tom Collier had arrived from Okinawa. Mrs. Collier is the former Rhonda Theis, daughter of Mr. and Mrs. Robert H. Theis of 2327 Acorn Dr. She is also the granddaughter of Mrs. Davis. Mrs. Davis had as her dinner guests Sunday Lt. and Mrs. Collier, Mr. and Mrs. Robert H. Theis and daughter Marilyn. Her grandson Mr. and Mrs. Robert E. Theis and little daughter Kristi Lynn were also present. Mrs. Lois Anthony was also on hand from Miles. She had her son and wife, Mr. and Mrs. Elton (Boots) Davis, from Ballinger; her brother and wife, Mr. and Mrs. W. R. Anthony and Mrs. Jones. Lt. and Mrs. Collier left Monday by plane for Chicago to visit with his parents and family. From there they will fly to Okinawa the last of the week.

Mr. and Mrs. David Childers of Carrollton and Mr. and Mrs. Joe W. Phillips and children of Los Alamos, New Mexico, visited recently with Mrs. Thelma Childers. Jim Taliaferro spent last week in Odessa visiting his children, and one of his daughters, Wanda Camp and her two boys came home with him and spent the week end here, visiting her sister, Joyce Redwine and family and her dad. Bob Faught entered the local hospital Monday and is in serious condition. Rance McDonald has been in the local hospital in recent days.

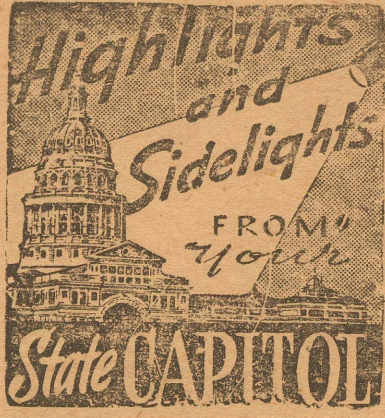

Oil News
Schleicher Confirmer
Fourth Tillery gas producer and a 2,300-foot north extension to that pay apparently has been assured in the Fort McKavett, North multidrop oil and gas field of Schleicher county with the flowing of gas at the estimated rate of 500,000 cubic feet daily, along with acid water at Tucker Drilling Co., Inc., San Angelo No. 3-A J. M. Treadwell, in 23-AB&M, 34 miles east of Eldorado and 3/8 miles east of an undesignated Palo Pinto oil discovery. Flow was through a 48-64-inch choke and perforations at 3,645-47 feet, which had been washed with 250 gallons of mud acid. Tubic pressure was 75 pounds; casing pressure 275 pounds. Testing continued.

Our good friends and neighbors to the south of us want to cooperate in this unique international ecological effort. This can become another example to the world of what international cooperation between two great and friendly nations can accomplish by working together. The potential of coordinated development and international tourism that can add greatly to the economic potential also exists and this first step can be important to future planning of joint efforts to make life more enjoyable to millions of Americans and Mexicans. Thousands of Americans from all over the nation have been visiting Amistad Recreation Area to enjoy this oasis in the desert surrounded by the natural and rare beauty of blackbrush, guajillo, cebrato, yucca, mesquite, creosote-bush, leatherplant, and various cacti.

Enjoy Summer's Fresh Taste In Freezer Raspberry Jam

A superbly flavored jam with the fresh taste of summer can be made at any time of the year with frozen raspberries from the supermarket. Just thaw the bright red berries, and they are ready to combine with sugar and fruit pectin. If the jam is to be used within a few weeks, it can be stored in the refrigerator. Otherwise it should be frozen. During the brief fresh raspberry season the finest raspberries grown in the Northwest are selected for processing and immediately flash frozen in a light syrup to assure their just-picked flavor.
Freezer Raspberry Jam
3 (10 oz.) packages frozen raspberries
4 cups sugar
1 (1 1/2 oz.) box powdered fruit pectin
1 cup water
Thaw and crush raspberries. Add sugar and let stand 20 minutes. Combine pectin and water. Bring to boil and boil 1 minute, stirring constantly. Combine raspberries and pectin mixture. Stir 2 minutes. Pour into jars to within 1/2-inch of top. Cover with tight lids. Let stand at room temperature overnight. Store in freezer 6 months or 3 weeks in refrigerator. Makes 5 to 6 half pints.

Austin, Tex.—Senate hearings on a multi-hundred-million-dollar tax bill are under way, and where they stop nobody knows.

Lt. Gov. Ben Barnes indicated they may continue for a week or two.

Key argument as hearings opened centered on whether the state should have a corporation income tax.

Texas economy will be slowed down by the corporate income levy, argued Tom Sealy of Midland, representing the new Texas Association of Taxpayers, at hearings before the State Affairs Committee.

Corporate profits tax, countered AFL-CIO President H. S. (Hank) Brown, will meet revenue needs and "create balance between corporate and consumer taxes."

Sealy backed the House-passed increase of sales tax from 3.25% to 4%, but said his group needs more time to formulate a complete tax plan.

Brown favored a 6% corporation profits tax, which he said would raise \$600 million over the next two years.

Business, said Sealy, already pays 34% of the state sales tax.

Consumers and non-business interests, said Brown, pay 62% of all state taxes, while business pays 31.7% in direct levies, including its share of the sales tax.

Minimum tax bill, said Sen. A. M. Aikin Jr. of Paris, based on the Senate's Finance Committee budget proposals, would be \$643 million for the coming biennium.

Lieutenant Governor Barnes said he hopes to have the tax bill on the Senate floor for debate by April 12.

House of Representatives, said Appropriations Committee Chairman Rep. W. S. Heatly of Paducah, will have the budget bill ready for debate by Easter.

Welfare Cuts Ordered

True to advance warnings, Welfare Board ordered a cut in Aid to Families with Dependent Children effective May 1.

Average grant of \$118 a month will be reduced to approximately \$80, about one-third off current payments. Cutback also will eliminate 4,500 families from AFDC rolls.

Gov. Preston Smith expressed regrets, but said he has no legal authority to alter the cut, since the state has reached the \$80 million a year ceiling for welfare outlays.

Smith gave his endorsement to the constitutional amendment (Amendment 3) to be voted on May 18 which will raise the ceiling.

Appointments . . .

Governor Smith designated Joe K. Butler of Houston chairman of Texas Board of Mental Health and Mental Retardation and Robert W. Baker of Houston to fill the unexpired term of Manuel C. DeBusk of Dallas on the Coordinating Board, Texas College and University System.

He named Dr. Leonides Gonzalez Cigarroa of Laredo, Dr. Olin Burr Gober of Temple, Dr. Walter Allen Brooks of Quanah and O. J. Baker of Prairie View to MH-MR Board.

Leon Jackson Coker Jr. of Texarkana and Thomas Brazelton Steely of Paris were reappointed to Board of Regents of East Texas State University, and E. G. Pharr of Lubbock was placed on E. T. S. U. Board.

Tom Foster of Center was appointed to Fleet Admiral Chester W. Nimitz Memorial Naval Museum Commission.

Dr. Edward B. Evans, Prairie View, was designated honorary consul of the Republic of Senegal for Texas.

Smith chose for Texas Surplus Property Agency Bill Bitner of Centerville, Grady J. Hester of Terrell, Dr. William J. Hamm of San Antonio, Garland P. Ferguson of Gladewater, Jess M. Irwin Jr. of Austin, Dr. Thomas M. Spencer of Paradena, Cyril O. Layne of Austin, Ed F. Riedel of Austin and Clarence A. Reberson of Fort Worth.

Ret. Brig. Gen. James U. Cross is the new Executive Director of the Texas Parks and Wildlife Department.

Courts Speak

State Supreme Court upheld an injunction against a Coleman businessman who sold liquor and food in the same building. Texas attorney general's office is studying the case to determine how far-reaching it is.

High Court rejected a Bryan discount store's appeal to stop district judge from ordering it closed for failing to observe Sunday blue

laws. Court of Criminal Appeals held in a San Patricio County case that inmates serving life sentences are eligible for parole after 15 years if sentenced before the 1967 change of law.

Same court, reversing its own ruling, knocked out murder convictions of two men for a Weslaco knife slaying.

Attorney General's Opinions

A special district judge elected during one term of court who continues to serve without objection during the next term without being re-elected by members of the Bar should be paid for all his services, Atty. Gen. Crawford C. Martin has held.

In other recent opinions, Martin concluded that:

—Bill to allow counties to collect either a county registration fee of \$5 per vehicle or personal property taxes on the vehicle is unconstitutional.

—State Board of Registration for Professional Engineers does not have authority to make and enforce a rule requiring every applicant for a professional engineer's license to take a written examination.

—Bill authorizing state-supported colleges and universities to close a street or alley running through the campus would be valid and a constitutional law.

—A barber school teacher may be employed in more than one school.

—Commissioners Court has authority to sell unmaturing U. S. government bonds belonging to the permanent school fund of the county for their present market value if the value is now in excess of the price paid for the bonds yet less than par value.

Crime Funds Received

Texas has received an additional \$10.78 million for funding crime-fighting projects in the state during fiscal 1971.

New award was made on approval of the 1971 Criminal Justice Plan for Texas prepared by the staff of the governor's office. It brings to \$18.393 million the total block action grant for crime control projects for the current fiscal year.

Texas' plan sets out a five-year program for upgrading criminal justice with 12 broad programs subdivided into 62 categories. Funds are administered by the governor with advice of a 22-member Criminal Justice Council.

Insurance Payback Ordered

Attorney General Martin has directed 105 insurance companies to pay back \$2 million in premiums to state political subdivisions for property damage liability coverage. Martin advised the companies they issued policies in violation of the Texas constitution. Under the tort claims act, Martin noted, local governmental units are liable only for personal injury liability in connection with motor vehicle accidents and not for property damage.

Attorney general said he intends to file suit within 10 days if premiums are not returned to the local governmental units. Course of action was determined before Martin was hospitalized with a heart attack.

Death Toll Released

Department of Public Safety said 3,560 Texans died on streets and highways in 1970, nine more than for 1969.

In addition to the death toll, there were 223,000 injuries last year, about the same as in 1969. Economic loss from traffic mishaps was \$1,042,200, compared with \$955,300 in 1969.

DPS noted there were many more miles traveled in 1970 than in the previous year.

Short Snorts . . .

Governor signed an order creating the new Interagency Transportation Planning Council.

Senate moved fast to ratify the federal constitutional amendment to lower the voting age to 18; House approval also was likely.

Bill to create "permanent" voter registration system passed the Senate.

Senate also approved a measure designed to give students more flexibility in repaying student loans and to let the loans be insured under a federal program.

Governor Smith says emergency drought assistance for many areas of Texas is expected to be recommended soon by U. S. Department of Agriculture State Defense Committee.

Texas cities levying local sales taxes collected \$39.6 million for last quarter of 1970, reports the State Comptroller.

House Speaker and Mrs. Gus F. Mutscher are parent of an eight pound, 10 ounce son.

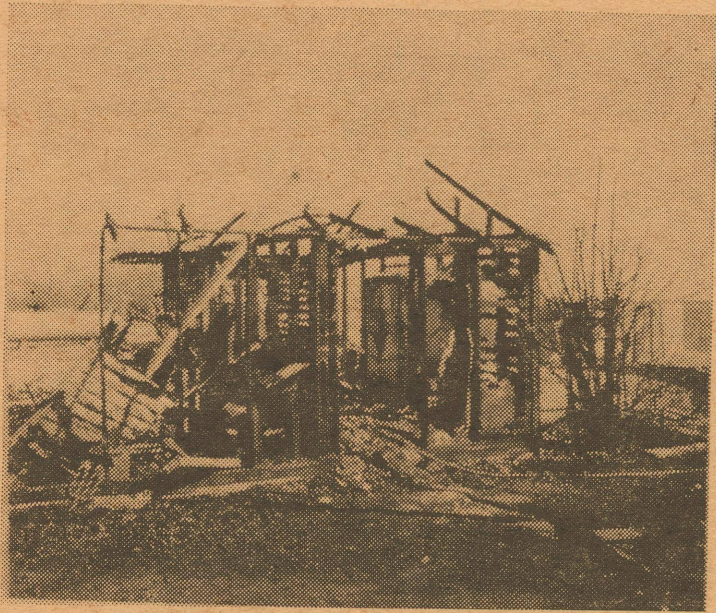

CARD OF THANKS

We wish to thank all who sent flowers, placed memorials, brought food, or who in any other way helped us at our time of recent sorrow, in loss of Bill Bray. We especially thank the doctors and nursing home staff.

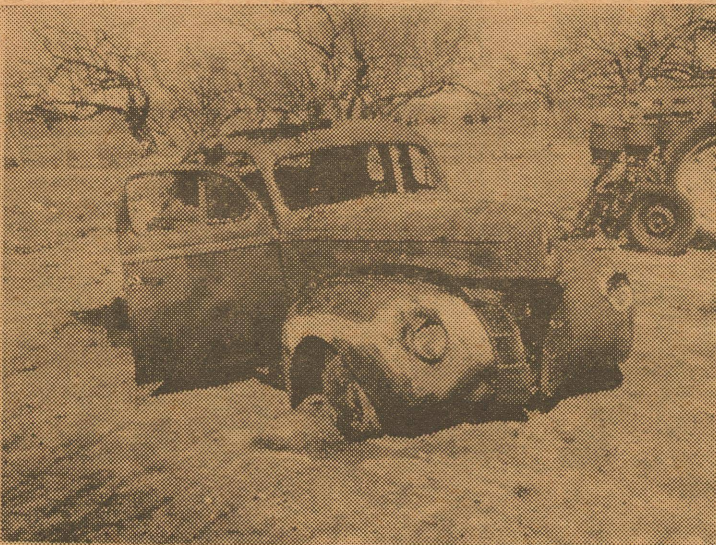

Your thoughtfulness will always be remembered.

Mrs. Myrtle Wade and family.

A Tribute To Dr. J. F. Howell

The passing of Dr. J. F. Howell is a very sad period in medicine. No one other than his family can truly appreciate the devotion he had for medicine and what he has given to the citizens of this area. With his death goes some of the greatest traditions, that of dedication to his profession, active interest in his community and school & an exceptional ability to help his fellow man through dedication to the healing arts. The following Oath, some 2300 years old, was taken by Dr. Howell when he finished medical school:

Oath of Hippocrates

"I swear by Apollo, the physician, by Aesculapius, by Hygeia, by Panacea, and by all the Gods and Goddesses, calling them to witness that according to my ability and judgment I will in every particular keep this, my oath and covenant: To regard him who teaches this art equally with my parents, to share my substance, and, if he be in need, to relieve his necessities; to regard his offspring equally with my brethren; and to teach his art if they shall wish to learn it, without fee or stipulation; to impart a knowledge by precept, by lecture, and by every other mode of instruction to my sons, to the sons of my teacher, and to pupils who are bound by stipulation and oath, according to the law of medicine, but to no other.

I will use that regimen which, according to my ability and judgment, shall be for the welfare of the sick, and I will refrain from that which shall be baneful and injurious. If any shall ask of me a drug to produce death, I will not give it, nor will I suggest such counsel. In like manner I will not give to a woman a destructive pessary.

With purity and holiness will I watch closely my life and my art.

I will not cut a person who is suffering from a stone, but will give way to those who are practitioners in this work. Into whatever houses I shall enter, I will go to aid the sick, abstaining from every voluntary act of injustice and corruption, and from lasciviousness with women or men—free or slaves.

Whatever in the life of men I shall see or hear, in my practice or without my practice, which should not be made public, this will I hold in silence, believing that such things should not be spoken.

While I keep this, my oath, inviolate and unbroken, may it be granted to me to enjoy life and my art, forever honored by all men; but should I by transgression violate it, be mine the reverse."

Few men have lived by this ancient medical oath as did J. Franklin Howell. —Contributed.

Brownie Troop No. 216 Has First Cook-Out

The Brownie Scout Troop No. 216 went to the James Powell ranch on March 27th for the troop's first cook-out. The girls met at the Memorial Building and left at 9:30. They were taken to the Powell place by Mrs. Charlene Gunstead, Brownie troop adult leader, and Mrs. Sally Head, assistant leader.

The girls were divided into six pairs with each pair of girls building their own campfire under the instructions of Mrs. Gunstead. The girls also cooked their own meal which consisted of meat patties, baked potatoes, a vegetable, fresh fruit, bread and milk.

In the afternoon the girls went on a hike and did some looking for arrowheads. A good time was had by all.

Those girls attending were Sigrid Head, Brenda Hastings, Karla Kothmann, Lorrie Powell, Lorie Griffin, Jolyn Jay, Cindi Nail, Elizabeth Brame, Jamie Barker, Janet Bradshaw, Gwendolyn Gunstead, and Peggy Hibbitts.

Texas Senate Committee Advocates Sweeping Changes In Auto Insurance To Serve Public Need

Senator Oscar H. Mauzy of Dallas today released the final report of the Senate Interim Committee on Automobile Insurance Rates. Senator Mauzy was chairman of the study committee.

The report states that the automobile insurance system in Texas is not working, and that the public's need for adequate protection is not being served.

The committee emphasizes throughout the report its belief that "the State of Texas must guarantee that any licensed driver in Texas can get and keep complete automobile insurance coverage at reasonable prices."

The report says that "the most important barriers to needed auto insurance are excessively high premiums and lack of availability combined with the subjective judgments, classifications, and surcharges of the underwriting system. These barriers can be lowered through certain basic, practical reforms in the regulatory and rate making process that are fair and equitable with respect to the fundamental interests of both the insurance industry and the citizens of Texas."

The report states that premiums can be lowered if the investment income of the insurance companies is taken into proper consideration by the State Board of Insurance in its rate making process. The report points out that the industry can obtain a reasonable rate of return from its investment income alone, even if it fails to earn a profit on its underwriting activities. Through the current "very high premium structure, the automobile insurance industry in Texas is almost guaranteed to earn far more than a reasonable rate of return."

The report denounces the statutory bookkeeping system currently employed by the insurance industry as an "Alice in Wonderland system of distortion, confusion and mystery." The committee also questions in the report the extent to which the expense allowance in the premium rate structure is comprised of entertainment and lobbying costs. It says that it "is not readily apparent why the insurers should be allowed to charge the

policyholder a higher premium in order to finance clever lobbying against the policyholder's best interests." The committee urges that entertainment costs be excluded in determining the expense allowance in the rate structure.

The committee also says in the report that group merchandising of auto insurance would result in significantly reduced premiums for policyholders.

In the report the committee severely chastises the insurance industry. "Rather than embark on a program of voluntary reform, the industry seems to have relied on a massive public relations campaign—a campaign designed to minimize public complaints, to exaggerate valid industry problems, and to shift the blame for abuses of the public away from the industry. The industry must be reminded that it, too, is a part of society and should be forced to face its responsibilities in the area of loss prevention and control. The industry must direct its efforts toward the problems of flimsy automobile construction, sharp practices by garage repairmen and the presence on the road of a small but highly dangerous minority of pathologically irresponsible drivers; these are the problems that have added materially to the industry's rising loss experience and, if they are corrected, will help premium rates decline."

The report goes on to say that the industry has the ability to improve the situation. "It is one of Texas' largest and most powerful industries. It is no secret that its influence is certainly felt in this legislature. Compared to the individual policyholder, it is a potentially overwhelming force for reform and improvement of the very abuses which have stimulated rising rates."

The committee report suggests that the industry "re-orient its power, resources and remaining prestige to the more positive goals of loss prevention and control."

In the report the committee also attacks what it calls the "arbitrary and selective risk classification practices of the insurance industry." The report says that it is obvious that the "insurance companies are making these types of arbitrary judgments about whom they sell to in order to narrow the market to those 'preferred risks' who have not had an accident and are not likely to have one. While the Texas driving population is increasing and the need for insurance mounts, the industry works to narrow its market. While they have been skimming the preferred risks off the top, the companies have been contriving to exclude those who, for one reason or another, seem to have even the slightest degree of risk."

The committee claims that the automobile industry has the status of a public utility. "Every public utility is required to furnish reasonably adequate service and facilities, and the insurance industry must do likewise. Insurance, once a privilege, is now a social and economic necessity and right."

The report calls for legislation forbidding an automobile insurance company from denying an initial policy or a renewal or canceling an existing policy on grounds of age, sex, race, color, creed, national origin, residence, or lawful occupation—including military service. The report also states that any form of the senior citizen surcharges that apply solely because of age and regardless of an impeccable driving record must be expressly forbidden.

The committee also calls for the abolishment of the 40 existing rating territories in Texas in favor of one statewide rating. According to a statistical exhibit prepared for the committee by the State Board of Insurance, such a change could effectuate a 21.3% premium reduction for Harris County drivers and a 12.7% premium reduction for Dallas County drivers in one particular rating classification.

The report criticizes the Texas State Board of Insurance. The committee expresses its belief that "the State Board of Insurance has forgotten whom it was established to serve. The Board must change its present direction and become oriented toward the mission of serving the consumer interests of Texas policyholders rather than continue to act as merely another insurance trade association."

"A public-spirited insurance regulator in Texas is in a position to do more than simply control the rate making process and attempt to guard against insurer insolvency. For instance, a major effort in a consumer education program could go a long way in helping the

people of Texas to get the most insurance for their money and to have a better understanding of the insurance product they buy.

"The Board is not serving in the public interest by responding to complaints of policyholders and third party claimants with only sympathetic form letters. A large investigative staff is necessary to examine charge of underwriting and claims-adjustment abuses by the companies. Appropriate financial penalties should be prescribed as sanctions to discourage such abuses. The applications of such sanctions should be accompanied by dissemination through the news media of the relevant facts of each case, in order to give the public a firmer basis upon which to differentiate between competing insurers and their agencies.

"The companies can protect themselves. The Board must develop a more balanced approach so that it can protect the consumer."

Other members of the committee were Senators Ronald W. Bridges of Corpus Christi, Tom Creighton of Mineral Wells, Jack Hightower of Vernon, and David Craiff of Stamford. Senator Creighton refused to sign the committee report.

Dusters May Become Worse Before They Get Better, Says SCS

Temple, Tex.—Dust storms that have ravaged Texas in recent weeks may get worse before they get better, warns the head of the state's U. S. Soil Conservation Service.

Clyde W. Graham, SCS state conservationist, says Texas dust storms have reached alarming intensity. "Acres damaged by wind erosion this blow season are already higher than any year since 1965," Graham reports. "If we don't get widespread rains soon, wind erosion damages may reach mid-1950 levels."

Graham said the record-breaking drought is a major cause of the problem. Many areas report winter rainfall to be the lowest since records were started.

"Dry weather last fall kept many farmers from planting cover crops," Graham continued. "The drought has also reduced effectiveness of emergency tillage which some farmers rely on to prevent wind erosion. And high wind velocities in the December to May blow season always seem to accompany a severe drought."

He said the combination of drought, high winds and lack of cover was causing serious land damage across a wide section of the state. The storms are also creating health problems for people with respiratory ailments. Reports from SCS offices tell of roads and streets blocked with sand and 6-foot drifts against houses. And it's not just a farm problem. Sandy land being stripped bare for urban developments is blowing, too.

About 2 million acres of land in Texas has been damaged by wind erosion this year which is about the same as 1965. This compares to only 126,000 damaged last year. The most wind erosion in the past 20 years occurred during the 1956 blow season when 2.7 million acres were damaged.

Graham expressed concern that the 2 million figure for 1971 may double unless it rains soon.

He pointed out, however, that conservation programs pushed by his agency and by local soil and water conservation districts have been extremely valuable in curtailing wind damages this year. While the 2 million acre figure is high, it isn't close to the 15 million acres damaged during Dust Bowl days of the 1930's.

"It's remarkable how land covered with a good surface mulch of crop residue is being protected from wind erosion," Graham said. "Farms and ranches covered with conservation measures installed under the Great Plains Conservation Program are weathering the wind storms especially well."

Graham said that in the last 15 years some 500,000 acres of cropland subject to wind damage in Northwest Texas have been planted to protective grasses. Nearly a million acres of depleted rangeland have also been seeded. Better grassland management is holding down wind erosion on range and pasture land.

"But 2 million acres of land being damaged by wind this year is simply intolerable," Graham said, "especially when you realize it could have been prevented. It's easy to blame it all on the drought but that's only part of the cause. We've been urging people for years to do a better job of leaving crop residues on the soil surface. Many listen but some do not."

Graham said that when you have good moisture, as we have had in recent years, wind velocity drops. And emergency tillage works as a

good standby measure. As a result people get by without wind damage during good rainfall years in spite of the fact that their land may be bare. This lulls many farmers into complacency and they ignore sound conservation farming principles.

But right now, the state conservationist said all that will help is a good rain.

Easter Seal Appeal Reported Going Well

Schleicher County's Easter Seal Representative today reported that the 1971 Easter Seal Appeal of the Easter Seal Society for Crippled Children and Adults is going well. Mr. Raymond Hall serves as Easter Seal Appeal Treasurer for Schleicher County.

The 1971 Easter Seal Appeal will finance the Easter Seal Society's rehabilitation program for crippled children and adults in Texas. Last year the Society helped over 21,000 disabled persons through its program of assistance in finding and making effective use of services for the disabled and their families.

The Easter Seal Society helps support 20 treatment facilities in Texas where children and adults are treated, regardless of ability to pay. These centers offer physical therapy, medical diagnosis, speech and hearing programs and related services to help the disabled build happier and more useful lives.

As Easter Seal Representative, he is the person to contact for services from the Easter Seal Society. He can be contacted at the First National Bank, Eldorado.

When contacted for services, Mr. Hall will request the Easter Seal Society to investigate the needs of the disabled person and will ask that the Society advise the handicapped person of the best resources available to help him.

He added that contributions to the Easter Seal Appeal should be sent to him as soon as possible, as the 1971 Appeal ends Easter Sunday, April 11.

Christian Promoted To Captain In A. F.

Las Vegas, Nev.—Joseph C. Christian, son of Mr. and Mrs. Joe M. Christian, Eldorado, Tex., has been promoted to captain in the U. S. Air Force.

Captain Christian, an aircraft maintenance officer at Nellis AFB, Nev., serves with a unit of the Tactical Air Command.

He was commissioned in 1963 upon completion of Officer Training School at Lackland AFB, Tex. A 1962 graduate of Eldorado High School, he received his bachelor's degree in mathematics in 1967 from Angelo State University at San Angelo, Tex.

The captain's wife, Melva, is the daughter of Mr. and Mrs. Lester Pfluger, 1606 Parker St., San Angelo. The Christians have a baby daughter.

Wallace Dinner Set In Dallas May 8th

Dallas, Tex.—George C. Wallace, Governor of Alabama, has accepted invitations to attend fund raising dinners to be held in Dallas, Texas on Saturday, May 8, and Nashville, Tennessee on Saturday, May 29.

The Dallas Appreciation Dinner will be a \$50-a-plate affair, at the Adolphus Hotel at 6:00 p.m. Further information may be obtained by calling (214) 748-7185.

To THE VOTERS OF THE CITY OF ELDORADO:

In recent weeks I have tried to contact each of you to ask personally for your vote in the upcoming City Election, set for Saturday, April 3.

In case I failed to see you, please consider this my personal appeal for your vote. If elected to City Council, I pledge my best efforts to carry forth the work of the Council to the benefit of all City of Eldorado residents.
