

Truman Calls For Another Meet On Aid

Leaders Of U. S. Will Confer On Emergency Plan

WASHINGTON, Oct. 21. (AP)—President Truman today summoned Congressional leaders to the White House for a conference Thursday on Europe's financial plight.

The White House said invitations are going out today for the meeting at 1:30 p. m. (CST) Thursday for what Presidential Secretary Charles G. Ross described as a "further discussion of emergency foreign aid."

The group is the same as the one which met with Mr. Truman Sept. 29.

In addition to the Republican and Democratic leaders in both houses, it includes the chairman and ranking minority members of the foreign affairs and appropriations committees and Senator Taft (R-Ohio), chairman of the GOP policy group in the Senate.

Presumably the conference will canvass the outlook for emergency stop-gap aid to Europe as well as the outlook for a European recovery plan based on Secretary of State Marshall's self-help proposal, and the possibility of a special session of Congress.

Ross would not elaborate beyond his brief assertion that emergency foreign aid would be the topic.

Broadcast Set On Food Plan

A special radio broadcast which will give up-to-date information on the nation's food economizing program has been scheduled for Wednesday afternoon.

The program is scheduled from 3:30 to 3:45, local time, over all Mutual Broadcasting System stations, and principal speakers will be Charles Luckman, chairman of the Citizens Food Committee, and George W. Walsh, president of the U. S. Conference of Mayors.

Mayor G. W. Dabney Tuesday received a telegram from Luckman, calling attention to the program, and urging of all citizens to give it heed.

Latest developments on the European food crisis will be given Luckman said, and citizens will be told how they best can aid the conservation program.

Dabney said he will call his local food committee for a session, as soon as further information and instructions are received from the Luckman committee.

Funeral Held For Mrs. Woodie Smith

Last rites were to be said at 4 p. m. Tuesday at the Broadway Baptist church in Fort Worth for Mrs. Woodie W. Smith, wife of the Rev. W. W. Smith, former pastor of the East Fourth Baptist church.

Mrs. Smith died Sunday at about 10 p. m. from a heart attack. She had accompanied the Rev. Smith here for a brief visit two weeks ago and had been a frequent visitor in Big Spring since 1936 when he left the pastorate of East Fourth.

Surviving are three sons and four daughters. Burial was to be in a Fort Worth cemetery.

Board Meetings Set By Three Agencies

Three board meetings were scheduled for here Tuesday.

Friends of the Howard County Free Library were to convene at 3:30 p. m. in the office of Margaret Christie, county home demonstration agent. At 7:30 p. m. the Red Cross executive committee was to meet at Red Cross chapter headquarters, and at the same hour the YMCA board was convoked by Dr. R. B. G. Cowper, president.

BOSWELL, N. M., Oct. 21. (AP)—Bob Crosby, who cheated death a thousand times on bucking broncs and wild-eyed steers, is dead from a Jeep accident.

DEGAULLE VOTES AS PARTY LEADS IN FRENCH ELECTION General Charles DeGaulle drops his ballot in box at Colombey Les Deux Elises, France, Oct. 19 in the municipal elections of France. In 29 out of 37 major municipalities returns thus far show that candidates nominated by DeGaulle's party were in the lead. (AP Wirephoto via radio from Paris).

FOR NATIONAL HONOR

Brazil Severs Her Soviet Relations

RIO DE JANEIRO, Oct. 21. (AP)—Brazil, second largest country in the Western Hemisphere, announced today she had severed diplomatic relations with Soviet Russia.

The announcement set diplomats speculating that Brazil might eventually extend the break to countries in the Soviet sphere of influence. They recalled Chile's recent break with Yugoslavia.

The break with Russia formalized a situation already virtually in effect. Brazil resumed relations with Russia in 1945 but there have been no commercial or cultural exchanges. Rio's ambassador to Moscow, Mario Pimentel Brandao, has spent much of the time in Stockholm for reasons of health. Moscow's ambassador, Jacob Suritz, left Brazil following the official outlawing of the communist party here several months ago.

Brazil took offense at Russian press attacks on this country and on President Eurico Gaspar Dutra. One of the Russian periodicals called Dutra an incompetent soldier and a fascist.

Vice President Nereu Ramos had declared the break was "imperative for national honor."

In Moscow yesterday, Pravda, anticipating the break, said that talk of the severance of relations showed "reactionaries" here had "lost all balance."

Some diplomats were inclined to interpret Brazil's action as a turning point in Latin American relations with Russia and communism. They foresaw repercussions at the inter-American conference in January.

Bond Is Set In Two Cases

Bond was set in two cases by Justice of Peace Walter Grice Tuesday and the defendants bound over for the grand jury.

One was Pedro Lopez, charged jointly with Jesse Mendoza, with having robbed Milton B. Caudley one week ago. Bond was fixed at \$3,000 in the case of Lopez and no hearing has been held for Mendoza. One other was charged in connection with the case.

Mrs. Sam Banks, Negress, had bond fixed at \$750 on a charge of assault with intent to murder in connection with the shooting of Mrs. Beatrice Walker, Negress, in a northwest tavern altercation during the weekend.

Two Lamesa Gins Damaged By Fire

LAMESA, Oct. 21. (AP)—Fire in two cotton gins here last night caused damage estimated at \$20,000, including 70 bales of cotton destroyed and 200 more damaged.

One fire at the McBride Gin Co. burned 50 bales and damaged another 150. John G. McBride, manager, said.

King Opens New Session Of Parliament

Speech Asks Nationalization Of British Gas

LONDON, Oct. 21. (AP)—King George VI opened a new session of parliament today and in a speech written by his Socialist ministers called for nationalization of the British gas industry and for a curb on the powers of the ancient House of Lords. He gave top priority, however, to economic recovery.

Both houses sat together in the Lords' chamber for the ceremony starting the third legislative year under the labor government.

Seated on a gold throne, the King read his 15-minute speech slowly and deliberately with scarcely a pause. On his left sat the Queen; on his right, Princess Elizabeth, attending her first state opening and looking demure in a long-skirted dress of dusty pink crepe.

In 10 words the King announced the government's momentous decision to trim the authority of the Lords.

"Legislation will be introduced to amend the Parliament Act, 1911" (Their authority is set out in that act).

A high government source confirmed that this cryptic statement was announcement of a cabinet decision, reached yesterday, to limit the power of the peers.

"A bill will be laid before you to bring the gas industry under public ownership in the completion of the plan for the coordination of the fuel and power industries," the King said, giving a preview of the socialist program for the coming year.

No mention was made of nationalization of the iron and steel industry, another socialist objective. Political observers expressed belief that the government might be holding off on this until it could restrict the Lords' authority and thus make sure the Lords could not obstruct such a move.

More Fines Pour In Here

More fines poured into the county till Tuesday as judgment was entered in six county court cases by County Judge W. S. Morrison.

Entering pleas of guilty to charges of driving while intoxicated and fined \$75 and costs plus six months suspension of drivers license were Manson Ball, Aradio Bustos, T. W. Baker, Otho D. Elliott, Harry Haygood entered a plea of guilty on a similar count and was fined \$85 and costs.

Berardo Garcia entered a plea of guilty to unlawfully displaying a deadly weapon and was fined \$25 and costs.

Justice court also was active with a fine of \$25 and costs lodged against Congo Nunez for theft; \$60 and costs against Santiago DeLeon for simple assault; \$10 and costs against Felix Galavez for indecent exposure; \$11 and costs against Antonio C. Torrez for indecent exposure and drunkenness.

U. N. Vote Nears On Greek Case

NEW YORK, Oct. 21. (AP)—The United Nations assembly drove toward a final vote on the Greek case today with all signs pointing to an overwhelming victory for the United States in its demand for a U. N. watchdog commission in the Balkans.

Delegates held a special session last night to speed up the debate and U. N. officials predicted balloting would begin late this afternoon. Only seven nations—Australia, Russia, the Soviet Ukraine, Austria, Britain, Cuba, Greece and France—remained on the seekers list, which has been closed.

The American resolution for a watchdog commission previously was approved 36 to 6 in the 57-nation political committee and observers questioned whether a four-pronged attack by the Soviet bloc yesterday would change any of the votes on the assembly floor. The proposal needs a two-thirds majority of the 57 delegates present and voting to pass.

British Plane Crash

LONDON, Oct. 21. (AP)—A four-engine Sunderland flying boat of the Royal Air Force crashed into the sea two and one half miles off the Thames Estuary today, the British air ministry reported. Rescue boats rushed to the scene.

Menjou Testifies In Probe Of Films

Star Declares He 'Hears' Writer Is Red

Actor Believes Union Head Is A Communist

WASHINGTON, Oct. 21. (AP)—Adolphe Menjou told House investigators today he has "heard" that John Howard Lawson, film writer, is head of Communists in Hollywood but cannot prove it.

Between puffs on a cigarette, the dapper film actor also testified to the House committee on un-American activities that he believes Herbert Sorrell, head of the conference of studio unions, "is a communist."

With a wave of his hand, he said he would question the loyalty of anyone publicly associating with Sorrell.

Before questioning Menjou, the committee made public testimony he gave a subcommittee in secret in Los Angeles last May 15.

This disclosed that Menjou declared at that time that Hollywood "is one of the main centers of communist activities in America."

He also expressed the opinion then that "it is the desire of the masters in Moscow" to use movies as a propaganda medium toward the ultimate end of an overthrow of the American government.

Menjou said he has no doubt that communists in the United States are agents of Moscow and are engaged in "reasonable activity."

He urged that Congress outlaw the communist party because "it is not a political party; it is a conspiracy to overthrow the government by force." He also suggested that Congress should "require propaganda pictures to be labeled as such."

There has been an amazing change in Hollywood since the House committee started its work, Menjou volunteered.

He emphasized that he does not consider any movie producers to be communists. On the contrary, he said, they are "patriotic Americans."

Robert E. Stripling, chief investigator for the committee, put the transcript of the secret hearing into the record when Menjou was called to reaffirm his previous testimony and elaborate on it.

The transcript disclosed that Menjou, along with his views on communism, gave the subcommittee some opinions on Hollywood figures. He said:

Of Eric Johnston, head of the motion picture producers association—"I think he is running for the Presidency. He will never get it."

Of Charles Chaplin, the actor—"The only guy Mr. Chaplin ever heard go off was a pop gun in his studio, yet he is a military expert and a financial expert."

As for individuals with un-American leanings, Menjou's word to the subcommittee was this: "We have many, many dangerous directors and actors."

He told it: "They made a picture called 'North Star' on orders from Washington. I am told, I have no proof. It was a dreadful picture that drew a picture of Russian life as idyllic."

Girl Is Held At Brownfield After Murder

BROWNFIELD, Oct. 21. (AP)—Velma Attebury, 16, is being held in custody following the fatal shooting of her father, J. E. Attebury, 53, Sheriff O. C. Murray of Brownfield said.

The sheriff said that he went to the Attebury home yesterday and found the senior Attebury slumped over a dining table in the kitchen. He had been shot in the head, apparently with a .22 calibre rifle.

Murray said that the girl and her brother, J. E. Attebury, Jr., 30, came to his office and that as a result he went to their home to investigate.

He said his investigation indicated that Velma and J. E. Jr. were in the kitchen with their father at the time of the shooting and that Mrs. Attebury was in the yard.

The elder Attebury was a migratory farm worker. He recently had returned from California, where he had been working.

County Attorney H. V. Crawford last night filed a petition alleging that the girl was a juvenile delinquent. He indicated that no other charge would be filed.

New Poultry Plan Given

WASHINGTON, Oct. 21. (AP)—Poultry and feed men came forward today with their second plan to eliminate poultryless Thursdays from the food campaign.

After working late into the night, industry spokesmen announced they were ready to bring the Citizens Food Committee a specific new proposal to save grain for Europe by taking it away from chickens.

"We think we've got something acceptable," said an official of the national poultry producers federation, whose first suggestion was rejected last night by Charles Luckman, food committee chairman.

The federation, working in cooperation with the commercial feed industry, said the new plan would be in shape for Luckman to take into a meeting of President Truman's cabinet food committee this morning.

In the afternoon the poultry and feed industry men planned to meet again with Luckman, who last night declared his readiness to restore chicken and turkey to Thursday menus if an adequate substitute means of conservation were offered.

JayCees Plan To Incorporate

Plans for incorporating the local unit of the Junior Chamber of Commerce were announced by President Lloyd Wooten at the luncheon meeting Tuesday of the JayCees.

This will give the group a charter making them legally one body.

Agreement to purchase a large banner to be inscribed "Howard County 4-H club" was announced from the Board of Directors. According to Wooten, the banner will be the official emblem of the county 4-H group and will be displayed at all functions of the group.

JayCees were reminded of the national movement beginning Nov. 1 for membership increase, and each JayCee was asked to bring a prospective member to the coming meeting.

Escol Compton was present as a guest Tuesday

Psychiatrist Says Dr. Ross Is Insane

LA GRANGE, Oct. 21. (AP)—Dr. W. J. Johnson, bald, gaunt, heavy-jowled Texas psychiatrist, today testified as the defense rested its case that Dr. Lloyd I. Ross, charged in the May 25 roadside slayings of four persons, was insane on that date.

The announcement by Chief Defense Attorney Fred Blundell that the defense rests came as a surprise.

Only last night he said that there were several others who would be called to the stand to testify in behalf of the brilliant young 43-year-old surgeon.

The trial began Monday October 13.

Following the end of the defense testimony a recess was called. It had been expected that Dr. Ross' wife might be called to testify.

The Harvard-educated surgeon is accused by the state of killing Willard York, Mrs. Willard York, their son, and the broker's aged mother. Ross is from San Antonio.

LA GRANGE, Oct. 21. (AP)—Dr. W. J. Johnson, widely known Texas psychiatrist recalled to the witness stand in the murder trial of Dr. Lloyd I. Ross, said the defendant told him "God wanted me to do it."

Johnson, a San Antonio psychiatrist, and the defense's last witness, testified that the handsome, black-haired defendant, was insane May 25, date the Yorks were shot on a Comal county road, and "is insane now."

He said there was a paranoiac trend in the type of insanity he attributed to Ross.

Johnson wearing a tan suit tightly buttoned at the waist, was questioned for the defense by Julius Schleyer: "Did you make any mental examinations of Dr. Ross?"

Dr. Johnson: "Yes, I saw him six or seven times and was with him as much as five hours at one time."

Schleyer: "Is Dr. Ross sane or insane?"

Dr. Johnson: "He is insane."

Schleyer: "Was he insane on that date?"

Dr. Johnson: "He was insane on that date."

Schleyer: "Is he insane now?"

Dr. Johnson: "He is insane"

Schleyer: "Is he insane now?"

Dr. Johnson: "He is insane"

Star Declares He 'Hears' Writer Is Red

Actor Believes Union Head Is A Communist

been making great broads into profits.

Four San Antonio dairies hiked prices of all grades of milk two cents. Home delivery grade A is now 22 cents per quart. The price to producers was boosted 65 cents per hundredweight, making a basic price of \$6.25.

Dallas dairy industry observers yesterday predicted that the retail price of Grade A milk would be increased one cent per quart within the next ten days.

A 30 cents per hundred pound increase to producers at Houston will go into effect Nov. 2, B. E. Stallones, manager of the South Texas Producers Association, said. Ten cents will also be paid for each point of butterfat content over four per cent.

Texans were paying one to two cents more per quart of milk today in two major cities and a price increase within a few weeks was in prospect for several others.

Fort Worth and San Antonio milk prices increased yesterday, while Temple, Houston, and Dallas dairies predicted increases in retail prices shortly.

The price at Fort Worth today had increased one cent to consumers on quarts of milk, quarts of buttermilk and half pints of cream. Producers, paid on a basis of butterfat content, will receive \$5.85 per hundred pounds, averaging 30 cents more per hundred pounds on 4.3 milk.

Milk producers at Fort Worth said that the increase was necessary because dairy feed prices had

been making great broads into profits.

Home Mission Is Topic At Meet

The Presbyterian Auxiliary met at the church for a study on "Home Mission."

Mrs. H. M. Harwell read, "Who We Might Consider Our Neighbor". Mrs. Lucian Jones read the scripture and Mrs. Gage Lloyd closed the program with a prayer.

Mrs. L. B. Edwards, president, led in a discussion on prayer and self-denial week which is next week. Attending were Mrs. P. M. Simms, Mrs. Lucian Jones, Mrs. Ellis McDowell, Mrs. D. T. Evans, Mrs. H. M. Harwell, Mrs. Dalton Mitchell, Mrs. E. S. Currie, Mrs. G. A. Barnett, Mrs. L. B. Edwards, Mrs. George Nell, Mrs. Bob Piner, Mrs. Lula Hardy, Mrs. A. A. Porter, Mrs. Gage Lloyd, Mrs. Sally Watson, Mrs. Steva Tamsit, Mrs. David Shayhan, and Mrs. C. V. Goyer, new member.

Mrs. C. L. Girdner Hosts Her Circle

The Lydia Circle of the First Christian church met with Mrs. C. L. Girdner Monday night for a lesson on the Bible journey of Paul brought by Mrs. F. C. Robinson.

Each person brought a gift for the women of Harwood Hall. Those attending were Mrs. Georgia Johnson, Mrs. J. R. Creath, Mrs. L. A. Eubanks, Mrs. T. W. Alderson, Mrs. F. M. Purser, Mrs. F. C. Robinson, Mrs. James Wilcox, Mrs. Pyrie Perry, Zaida Brown, Georgia Bond and Irma Deason.

Mrs. J. E. Duggan Gives Last Lesson

Mrs. J. E. Duggan gave the last lesson of the study, "We, the People" at the missionary study of the Wesley Methodist church Monday afternoon.

The meeting was opened with the singing of "Follow the Glean", and a prayer by Mrs. E. R. Cawthron and closed by a prayer led by Mrs. Aubrey White. Those present were Mrs. Arthur Pickle, Mrs. Tom Lovelace, Mrs. J. W. Bryant, Mrs. H. C. Fenkett, Mrs. W. L. Baird, Mrs. C. W. Williamson, Alice Wooten, Mrs. Howard Thompson, Mrs. T. R. Lovelace, Mrs. Cecil Nabors, Mrs. J. B. King, Mrs. W. W. Coleman and Mrs. W. D. Lovelace.

Supplies Are Found In Greece

ATHENS, Oct. 21. (AP) — Dwight Griswold, chief of the American mission to aid Greece, said today the agency would save \$6,000,000 or more through discovery of \$75,000,000 worth of supplies in warehouses and on docks.

The undistributed material is part of \$1,000,000,000 worth sent to Greece since the Germans departed. Griswold told a news conference he believed some consumer goods found had been deliberately kept off the market to maintain high prices. A Greek government inventory and spot checks by the mission turned up the supplies, many of which had deteriorated. The bulk had been shipped in by the default UNRRA, which contributed \$420,000,000.

Texas Stars In Tokyo Football

TOKYO, Oct. 21. (AP) — Passes by Pfc. Bill Stamper, Los Angeles, spearheaded the First Corps football team to a 33 to 0 victory over the Kobe eleven here today. In the other weekend game in the league, the Eighth Army defeated the 24th division 21 to 13. Lt. Uphaw Sams of Beaumont, was the standout of that game, scoring twice for the 24th Division, once after a 75 yard punt return.

Crippled Jet Plane Forced Down Here

An Army jet propelled, P-80 plane, which landed here under difficulty Saturday, was still parked in the hangar at the Municipal airport this morning awaiting completion of repairs. The plane, one of three of the same type which landed here Saturday, glided into the local port from Sterling City after experiencing some mechanical difficulties. It will remain here possibly for another day. The other two ships continued on their way Sunday.

The "oil beetle" reaches maturity with its only food wild bees eggs and honey.

Evangelism Is Study At Methodist Meeting

The First Methodist WSCS met in Circles Monday afternoon to continue the study of evangelism. Circle One met with Mrs. H. H. Haines with the opening prayer by Mrs. S. R. Nobles who led the study. Mrs. Clyde Thomas, Sr., gave the book on "All God's Children."

Mrs. M. A. Cook gave a New Testament lesson and Mrs. H. J. Whittington led the closing prayer. Others present were Mrs. H. G. Keaton, Mrs. F. G. Powell, Mrs. C. A. Schull, Mrs. W. L. Vaughn, Mrs. John B. Chaney, Mrs. A. C. Moore and Mrs. Robert Hill. Mrs. John Tucker was a visitor.

Mrs. W. H. Ward was hostess to Circle Two which was opened with the Lord's prayer.

Mrs. J. T. Bishop led the study "Committed Unto Him" and gave parts from "Revival of Europe and American Frontier." Others assisting in the lesson were Mrs. L. M. Williams, and Mrs. Joe Fawcett. Mrs. Joe Pickle gave the book "The World We Are In."

Others present were Mrs. Bob Eubank, Mrs. L. M. Williams, Mrs. R. M. Warren, Mrs. G. W. Chowns, and Mrs. Frank Wilson, Mrs. Jim Skalicky was a visitor.

Circle Three discussed, "Committed Unto Him" at the meeting in the home of Mrs. L. E. Maddux. Mrs. C. R. Moad gave "Revolution of Europe" and Mrs. H. M. Rowe gave "North American Frontier." Others present were Mrs. R. E. Satterwhite, Mrs. M. L. Musgrove, Mrs. A. C. Bass, Mrs. N. W. McCleskey and Mrs. Bernard Lamun.

Mrs. W. L. Meier gave the lesson in the home of Mrs. A. C. Hart at the circle four meeting.

Those present were Mrs. Albert Smith, Mrs. Pete Johnson, Mrs. Abbie Anderson, Mrs. W. S. Cook, Mrs. A. M. Bowden, Mrs. C. E. Johnson, Mrs. R. E. Gay, Mrs. J. B. Myrick, Mrs. W. A. McDonald, Mrs. H. N. Robinson, and Mrs. G. C. Graves.

Circle Five met in the Church

Party Honors Worthy Matron

The recreation room of the Masonic Temple was the scene of a party for the worthy matron of the Order of the Eastern Star, Mrs. Ruth Pittman, prior to her departure for the grand chapter at San Antonio and Margie Byrd, an officer who is leaving to make her home in Edinburg.

The room was decorated with fall flowers and the table was covered with a white damask cloth centered with flowers.

Those present were Mr. and Mrs. C. R. McClenny, Virginia Lester, Lorene Tuckness, Veda Carter, Fannie May Eaker, Mary Kilmann, Lois O'Barr Smith, Ina Richardson, Amanda Hull, Mattie Munaka, Beatrice Carroll, Vera Gross, Della Hicks and the honorees.

Meeting

All room mothers of College Heights School are to meet at the school Thursday at 2:30 for a business meeting.

Visits-Visitors

Mrs. J. E. Hardesty will leave Wednesday morning for St. Louis, Mo. and Jacksonville, Ill. for an extended visit with her sister, Mrs. Clarence Renson. Mrs. B. C. McCoy and children of St. Louis, Mo. are visiting Mr. and Mrs. Charles Vines.

Come along and have some fun

Join the happy throng who're enjoying ready-to-serve Corn-Soya for breakfast. These curly, crispy golden shreds will make you say "mmh" . . . and their real nourishment helps you keep on the go. Get some today.

Valley View To Have Hallow'en Carnival

R. S. Higgins, Sr., vice-president, presided at the regular meeting of the Valley View P-TA meeting Thursday. The members voted to hold the Hallow'en Carnival on Oct. 30 and the committees were appointed.

Mary Willis Circle Meets At Buchanans

The Mary Willis Circle of the First Baptist church met in the home of Mrs. W. B. Buchanan for Bible Study Monday afternoon with Mrs. B. Reagan as leader. She talked on the book, "A Year's Missionary Tour of the Bible" with the subject, "Israel, God's Chosen Witnesses" from Isaiah 43.

Berry Demands VA Pay Honest Debts

AUSTIN, Oct. 21. (AP) — The Veterans Administration today faced criticism that it's "failure to pay its honest debts" is jeopardizing county vocational schools in Texas. American Legion State Commander George Berry said yesterday that VA is \$2,842,532 in arrears in its payments to the state board for vocational education for the months of July, August and September.

Mrs. Elvis McCrary Wins High At Bridge

Mrs. Elvis McCrary won high score and the floating prize at the meeting of the Kill Kare Club Monday afternoon at the home of Mrs. Carl Madison.

Mrs. Leon Cole won second high and Mrs. T. W. Hammond won bingo score. Mrs. Ollie Anderson won the consolation prize. Mrs. Leon Cole, Mrs. Johnny Ray Dillard and Geneva Merrick were guests.

Others present were Mrs. Bob Satterwhite and Mrs. Roy Lassiter.

VA To Use X-Rays In Anti-TB Plan

WASHINGTON, Oct. 21. (AP) — The Veterans Administration said today it has acquired from the Army 53,000,000 chest x-ray films of World War II veterans, the largest such collection in the world. The agency will employ the Army films, along with the 1,800,000 chest x-rays it plans to take of its own patients and employes this year, in its long-range anti-tuberculosis program. The Navy plans to keep the chest x-rays of Navy and Marine Corps personnel, and the public health service has obtained the Coast Guard film records.

You're So Right- When You Serve FOLGER'S

A Coffee So Rich...it's Economical Too!

THE right cup of coffee adds so much to every day's happiness—and you're so right when you serve Folger's. For Folger's is the flavor favorite—the coffee flavor most liked by the most people. And in the great over-all-area where it is sold it is the largest selling brand bar none! And you're right cost-wise when you serve Folger's because the extra goodness of the Folger Flavor is, in great part, due to the extra richness of that flavor—a quality that makes it so very economical in daily use.

Won't You Try This Special Mountain Grown Coffee!

These are the kinds of coffees experts prize most highly. They come from the mountains of the Tropical Americas where Nature gives coffees the most sought-after flavor. These rare coffees are selected and artfully blended to create the Folger Flavor. No other coffee flavor is quite like it . . . It is vigorous . . . with a rare winey tang that you will learn to distinguish—and love—more and more—from year to year.

Try using 1/4 LESS

A good way to prove the Extra Flavor and Economy of Folger's is to try making your coffee with 1/4 less of Folger's than you used with lesser-flavored brands. The extra flavor is provided—for both enjoyment and economy.

There's a mountain of flavor in every spoonful

Mobile Operating Unit Set At Houston

NEW ORLEANS, Oct. 21. (U.P.)—A mobile operating room, mounted in an automobile trailer and equipped with facilities comparable to those of large hospitals, will be stationed by the Navy at the naval hospital in Houston for disaster relief work, eight naval district headquarters here announced today.

The Navy said that the Texas City disaster and past Gulf Coast hurricanes demonstrated the desirability of providing a mobile type surgical unit to augment emergency supplies in the district.

Pull the Trigger on Lazy "Innards"

WHEN CONSTIPATION makes you feel puny as the dickens, brings on stomach upset, sour taste, gassy discomfort, take Dr. Caldwell's famous medicine to quickly pull the trigger on lazy "innards" and help you feel bright and chipper again.

DR. CALDWELL'S is the wonderful senna laxative contained in good old Syrup Pepsin to make it so easy to take.

MANY DOCTORS use pepsin preparations in prescriptions to make the medicine more palatable and agreeable to take. So be sure your laxative is contained in Syrup Pepsin.

INSIST ON DR. CALDWELL'S—the favorite of millions for 50 years, and feel that wholesome relief from constipation. Even baby children love it. CAUTION: Use only as directed.

The CHIROPRACTOR—and You

This is One Of A Series Of Articles Published In The Public Interest To Explain And Illustrate The Practice Of Chiropractic.

YOUR SPINE AND HEALTH—Vigorous health results from normal function of the forces within your own body. The Chiropractor has been trained to locate the place of nerve interference in the spine, and to adjust the vertebral subluxation creating such interference, thus allowing the normal transmission of vital nerve energy throughout the body. Keep your spine in normal condition, and you will enjoy good health.

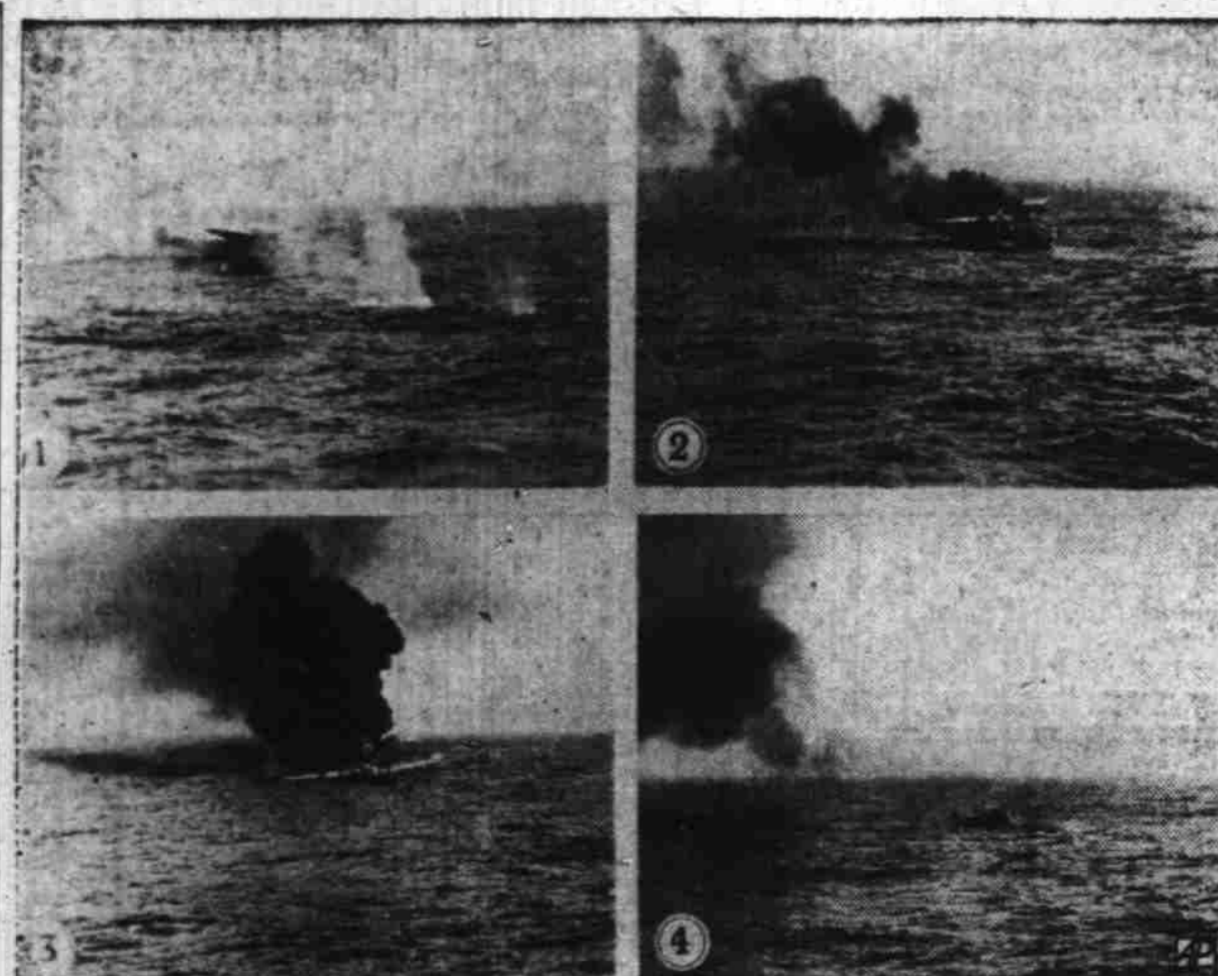

Chiropractic does not depend upon awe-arousing names for illness, or upon mysterious potions and drugs for its promotion and maintenance of health. It contends that the cause of disease is in the person afflicted. We know that the function of every organ in the body is controlled through the brain, by mental impulses which are transmitted over the nervous system. We know that with the use of scientific methods we can now determine the exact place and position of the vertebral subluxation that is producing pressure on nerves, and the mechanical art of adjusting that vertebral subluxation can now be checked with the same scientific methods for the purpose of determining whether the adjustment of the vertebral subluxation has released the pressure on nerves and in what degree.

CASE HISTORY No. 671. A man of 34 now enjoying freedom from hay fever after 27 years of suffering. The condition first showed itself when he was four and returned every succeeding year on August fifteenth. Having strained his back at work he visited a Chiropractor to obtain relief from that condition, and much to his surprise learned that hay fever was attributed chiropractically to nerve pressure. On August 4th he took his first spinal adjustment and August 15th passed without the semblance of an attack. In the intervening three years the annual "season" has passed without any sign of distress.

FOR FURTHER INFORMATION concerning the modern Chiropractor and what he can do for you, Phone 419. Appointment only.

IN UNION PAPER

Machinists Say Detiance Of Anti-Red Rule Hurts Labor

WASHINGTON, Oct. 21. (U.P.)—The Machinists' Union weekly newspaper said today the "dramatic defiance" by some labor leaders of the non-communist affidavit requirement of the Taft-Hartley act "has hurt all labor."

"The Machinist," official organ of the International Association of Machinists, a former AFL affiliate now an independent union of 700,000 members, mentioned no names but left no doubt it was pointing chiefly to John L. Lewis.

The United Mine Workers' Chief was alone among the top AFL leadership in declining to submit, as Lewis put it, to the "insult" of swearing he is not a communist.

to take the oath are understandable. But their dramatic defiance has hurt all labor. x x x

"This law was sold to the country on the basic appeal that a few union leaders had grown too powerful and the Taft-Hartley act would bring them into line. The headlines of the last three months have certainly indicated that the union leaders object most to the indignity of being required to sign the non-communist affidavits and that otherwise there is nothing much wrong with this act.

"Nothing could be further from the truth. x x x

"The machinists union was and is against the Taft-Hartley Act, not just because it inflicts indignities on union officials, but because it is a wage cutting device that threatens the wage structure of the membership."

The machinists were the first union to qualify to use the National Labor Relations Board's protective machinery under the new law. In an editorial captioned, "Now Let's Get On With Taft-Hartley Repeal Campaign," the paper said: "Union leaders devote most of their time and energy to making the United States a better place to live in. They have not found it easy to reconcile themselves to taking an oath that they are not in league with the devil.

"The emotions of those non-communist leaders who have refused

Justice Dept. Asks Refund From Railroads

WASHINGTON, Oct. 21. (U.P.)—The justice department announced yesterday it has asked the Interstate Commerce Commission to order a refund from 719 railroads contending they should have charged lower rates for wartime shipments of inert explosives.

The government recently filed a similar complaint concerning rates for "hot" explosives, one of a series of claims based on wartime freight movements.

The railroads today handed the ICC a brief in which they denied they had overcharged the government for a wartime freight and that shipments "moved to a substantial extent upon rates far lower" than those charged the public.

In the latest petition, the government alleged that the extent of the shipments of explosives and the safety measures put into effect by the armed services entitled the government to lower charges.

Attorney General Clark said in a statement announcing the action that "investigation indicates that explosives and ammunition traffic was the most profitable ever enjoyed by the railroads."

Counsel for the railroads said the government's claims on wartime freight charges have been variously estimated up to \$3,000,000,000.

"This," the brief stated, "compares to the net income of all the railroads during the war years of \$3,082,000,000." Any such reparation awards "would destroy the solvency of a large majority of the railroads," the brief asserted.

Cholera Kills Over 2,000 In Egypt

CAIRO, Oct. 21. (U.P.)—A 26-day-old cholera epidemic has cost 2,128 lives in Egypt, the public health ministry announced yesterday, as the Egyptian government allotted new funds and mapped new plans for combating the disease.

Premier Mahmoud Fahmy Nokrashy Pasha said 1,000,000 units of cholera vaccine had been received from Bombay in the past three days and the council of ministers approved allocation of the second half of a \$4,000,000 credit for fighting the disease.

Rehearing Set On Sharon Ridge Fields

AUSTIN, Oct. 21. (U.P.)—A rehearing to reconsider proposed amendments to rules applying to the Sharon Ridge fields in Scurry and Mitchell counties has been set for Oct. 28.

The proposed rule changes would apply to both the Sharon Ridge 2,400 foot zone and the Sharon Ridge 1,700 foot zone, the railroad commission said.

The rehearing was originally scheduled for Oct. 21. The first hearing on the matter was Sept. 9.

Credit Buying Of Texans Edges Higher

AUSTIN, Oct. 21. (U.P.)—Texans' credit buying at department and apparel stores continued to edge higher last month for the second consecutive month, the University of Texas bureau of business research reported.

Sixty per cent of such sales were

charged in September, the report said, rising from August's 59 per cent. August had climbed from the usual 57 per cent.

Seventy-four per cent of sales in department and apparel stores were charged in Dallas, 64 per cent in Beaumont and 62 per cent in Fort Worth.

W&K Cleaners Add Hat Unit

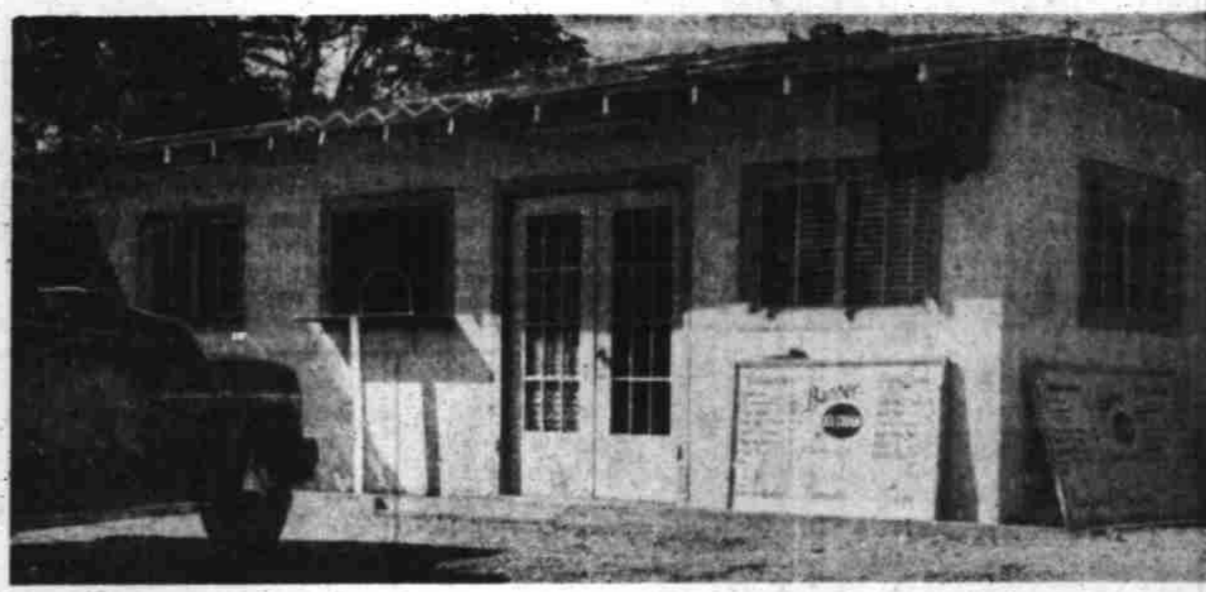

A complete department for cleaning and blocking hats has been installed at the W&K Cleaners, 1213 West Third street, D. Weatherly and O. B. Kirby, co-owners, have announced.

The W&K force is now prepared to offer expert service in this department. Addition of this type of work to the already expanded cleaning and pressing business naturally has increased the number of personnel employed at W&K, and despite a substantially heavier volume of business they still offer prompt service in all departments. And they also have increased their services with lowering the quality of their work.

In the regular cleaning and pressing department, W&K is prepared to take care of the countless fall and winter dry cleaning problems. Featured now is their dry cleaning service for winter blankets. Now is the time to prepare the blankets for use during the colder months. Weatherly and Kirby are reminding their customers, and they will continue to make a sort of specialty in this work for several weeks.

The W&K Cleaners also maintain a dependable service on alterations, making the shop one of the most complete of its kind in West Texas.

BOONES CARRY ON
AMHERST, Mass. (U.P.) — A member of the ROTC Unit on duty at the University of Massachusetts is 1st Sgt. James M. Boone of Somerset, Ky., who says he is a fifth generation descendant of Daniel Boone.

TASTINESS COMING UP! — Hundreds of patrons in this area accept this as an accomplished act at Donald's Drive-In, at the south end of Gregg street, where Donald Brown's famous foods — including his extra-tasty Mexican dishes — are prime favorites. Brown has earned such a sound reputation at his drive-in that the name "Donald's" is a familiar and favorite word with diners. (Jack M. Haynes, photo.)

Materials Important In Foundations And Other Construction

Whether it is in a dress, a suit or even a bit of construction—material is the fundamental.

West Texas Sand & Gravel company, headed by Otis Grafa, places special stress on this important truth in careful processing and grading of material. In this day when home-hungry people are building, they would do well to specify materials from West Texas Sand & Gravel. When a load of sand or gravel goes out from the plant just southeast of Big Spring, it is especially selected for the purpose it is intended—foundations, walks or drive ways, finishing, mortar, or even for aggregate in roadways.

As an experienced engineer, Grafa is well aware that foundations may appear sound when forms are knocked off and a structure added, but that the real test comes with time. Properly used, West Texas Sand and Gravel materials stand the test of time. Perennial plants are about three-eighths water.

NALLEY ADDS AIR CONDITIONED AMBULANCE AS AID TO PATIENTS

Nalley's Funeral home, located at 906 Gregg street, recently put into operation a new air-conditioned ambulance, a vehicle designed especially for the comfort of patients in emergency cases.

The machine, like the personnel on duty at Nalley's, is subject to call 24 hours a day. Nalley's founded its reputation on its ability to make the proper arrangements for services and interment and thus ease the burdens of the bereaved when tragedy strikes in the family. It banks on much experience in such cases. Coy Nalley, owner of the concern bearing his name, is a licensed mortician along with B. O. Funderburk, who joined the establishment about July 1.

Burial insurance has been preferred to local residents by Nalley's since 1939. During that time, scores of claims have been cleared and paid. Rates can be handled on a monthly, quarterly or annual basis. Such protection assumes all costs of interment for a nominal fee

and helps to eliminate any financial crisis that might develop at such times. Prompt and efficient service can be obtained by calling Nalley's, telephone number 175.

BUS RIDER FINDS GIRL — BUT SHE IS WRONG ONE — Charles Harader, love-sick musician who's been riding a Los Angeles bus for six days seeking his girl friend, looks anguished as he is confronted by radio actress Lynn Allen, whose picture he's been carrying in the belief it was that of the missing girl friend. Miss Allen said she had never seen Harader before and didn't know how he obtained her picture. In background is her boy friend Howard Hunter. (AP Wirephoto).

Driver Facing Homicide Charge

Frank Marez, Corpus Christi, driver of a truck which was involved with a car in a collision 12 miles south of here Sunday afternoon and in which Frederick Tijerina was killed, was charged in county court Tuesday with negligent homicide.

The complaint alleged that Marez had been negligent in driving on the left side of the road without clearance for at least 50 yards. Tijerina (also identified by companions as Villareal) was an occupant of the truck, which overturned as did a car bearing four Eden persons.

In all 17 persons were injured, five seriously.

Ace Rides His Plane Down To Save Homes In Village Below

SEARSPORT, Me., Oct. 21. (AP)—A World War Two ace went down to death with his falling plane yesterday rather than let it ram homes in this little village.

Maj. Kenneth G. Smith, 33, of Boise, Idaho, who downed six German planes in World War Two, was killed when his Thunderbolt crashed in a stream bed, exploded and burned.

Eyewitnesses said Smith stayed at the controls until the fighter was clear of any buildings. He was out on a wing, ready but too late to parachute, when the craft hit.

He was a squadron commander at Dow Field, Bangor. Officials said his ship went into a flat spin at 10,000 to 12,000 feet from undetermined cause.

Texas Leader Dies

LAWRENCE, Kas. Oct. 21. (AP)—Lon A. Smith, 78, Austin, former chairman of the Texas Railroad Commission, died in a Lawrence hospital today.

Smith collapsed last night at a dinner meeting of the board of directors of the Standard Life Association, of which he was vice-president.

CRANE ELECTION

CRANE, Oct. 21. (AP)—Election will be held Saturday to name two aldermen to vacancies caused by the resignation of E. T. Coleman and the election of Councilman W. W. Allman to mayorship recently.

Five years later, Jane Weller—a 19-year-old Northwestern University co-ed—won the women's western golf championship.

POLICY REPORT

Head Of Air Reserve Group Charges Program Is Neglected

WASHINGTON, Oct. 21. (AP)—An air reserve association official suggested today that the nation can have an adequate armed force at reasonable cost by maintaining a "relatively small regular Army, Navy and Air Force, and a relatively large reserve."

In a statement prepared for the President's air policy commission, William C. Lewis, the association's executive director, said the "reserve is being neglected—is going down hill at a rapid pace."

He described this as a repetition of the neglect which he said followed the First World War.

"This is particularly the case of the Air Force reserve," Lewis said. "In contrast, the Naval and Marine reserve have fared much better—and consequently are much stronger."

Lewis commented that while his association "has found the Congress to be most cooperative" on proposals to strengthen the Air

Force reserve, it has encountered continuous opposition in the past from the war department." He said these proposals include:

1. Assignment of modern tactical combat aircraft in adequate numbers to the reserve, instead of "obsolete and worn" trainers.
2. Increase the average flying time above the present 13 hours a year for air force reservists.
3. Enactment of legislation to provide for paid Air Force reserve training, death and disability benefits and retirement pay.
4. Peacetime recognition of Air Force reservists on a par with Navy and Marine reservists.

Lewis said his criticism of the Air Force reserve program does not apply to Lt. Gen. George E. Stratemeyer, air defense commander, who was described as the "greatest asset of the air reserve training program."

Lewis said the Navy provides 2,000 combat and service type planes for its 16,700 reserve training pilots, while the air force has 1,300 training planes for 30,000 reservists.

Crude Output Hits New High In U. S.

TULSA, Okla., Oct. 21. (AP)—The nations crude oil production reached another all-time record during the week ended Oct. 18, averaging 5,283,050 barrels daily, an increase of 22,370 barrels over the previous week's output. The Oil and Gas Journal reported today. Kansas production, up 16,400 barrels to 304,450 barrels, accounted for most of the gain.

Local Pastor Is Named To District Post

The Rev. Lloyd Thompson, pastor of the First Christian church in Big Spring, was elected president of the Fourth district Christian churches at the annual session held in San Angelo Monday.

He succeeds the Rev. Clyde Lindley, Midland. Mrs. L. M. Brooks, Big Spring, was named district chairman of children's work, succeeding Mrs. Dean Chenoweth, San Angelo, resigned.

Those attending heard Dr. Luther Shao, member of the mission board in China, stress needs of his native land, both in material and spiritual aid. Dr. J. E. Montgomery, assistant to the president of Texas Christian University, asserted that the church must crusade if it is to change the heart of the world. Dr. H. Turley cited a pressing need for professional Christian leaders, declaring that there were 2,283 pulpits seeking ministers today.

Next meeting is to be held at Colorado City. The young people's district conference will be held in San Angelo on Nov. 28-29.

Suspects Face 128 Charges

AUSTIN, Oct. 21. (AP)—State and local law enforcement officers today were armed with 128 possible charges the state department of public safety said could be filed against two ex-convicts from Waco arrested last week in connection with a seven-year trail of forgeries and burglaries through 15 counties.

State Department of Public Safety Director Homer Garrison and officers who participated in the arrests declared yesterday that 14 of the charges have already been filed and at least 28 others are in preparation.

Charges of burglary and forgery were filed in Brown, Coryell and Coleman counties against W. A. "Doc" Lucas, 54, wrecking yard operator who has served a prison term for forgery, and Walter J. Wallace, 42, used car salesman who has served a prison term for burglary. Both were arrested in Waco last week.

Confucius is buried outside the city of K'uh-fow, China.

A MILLION DOLLAR SMILE ON A MILLION DOLLAR BOY

A kid's smile is a wonderful thing.

It opens up a secret door, and you get a quiet glimpse into the fresh, happy world of childhood, whose inhabitants haven't yet been scared, or rebuffed or kicked about by life.

It's a pretty good community where many children smile often.

Boy Scout leaders in our community know a lot about boys' smiles. They see laughing, healthy lads learning the importance of honesty and fair play through supervised competitive games. Girl Scout counselors see the smiling faces of young girls growing up to take their places as leaders in our community affairs. Y. M. C. A. workers watch young men become better citizens through congenial association with groups of their spirited fellow men.

These Red Feather workers also know a lot about the hopeful smiles that so often shine right through the sickness and pain of small bodies. If you can shut your eyes and call up memories of your own happy childhood, you've been blessed indeed. Won't you pass along that blessing of yesterday to the kids of today—and tomorrow? A gift to your Community Chest will do just that.

It's a small price to pay for a really big smile!

Everybody benefits... Everybody gives

Petrillo Speaks Too Positively

James Caesar Petrillo, whose middle name is not for nothing, has announced an edict by his executive committee (which is pretty much Mr. Petrillo) to the effect that after Dec. 31 there will be no more recordings made by union musicians.

What a silly thing to say! What he meant to say was that no more recordings would be made unless and until somebody comes to the terms which he will presently get around to announcing. Our memory is not so short that we have forgotten the beating Stephen Foster took from "Jeanie With The Light Brown Hair" and "Beautiful Dreamer" when the music car pulled his last recording strike against the broadcasters. By the time the disc jockeys had worn the hair off Jeannie and put the

recordings of Dreamer practically into eternal sleep and the musicians had missed a few meals, things were settled, albeit more or less on Petrillo's terms.

But this business of saying that the musicians are playing themselves out of a job is superficial nonsense. They may be reducing the field, but it always takes a musician or musicians to make recordings. It would be just as futile to expect publications to go back to the days of hand-spiked type as to expect musicians to resist the tides of progress. And this finality with which Petrillo speaks is what makes his utterance silly. Whatever his delusions, Mr. Petrillo should know that only the Lord is qualified to speak in terms of forever and forever.

Heartening Results In France

Balloting in France's important municipal elections indicates that Gen. Charles De Gaulle has met with success in his six-months effort to rally the French republic in a stand against the forces of the extreme left.

There is risk involved in any early interpretation of results, but discretion dictates evaluating the election as heartening—not convincing.

While Gen. DeGaulle's candidates appear to have taken 38 to 40 per cent of the votes, most of the strength was taken from the Republican movement. For practical political purposes this did not materially increase the total opposition to Communists, but it did more solidly weld that opposition under one banner where it may be employed with greater unification and de-

pendability. Communists appeared to be holding their own very well on the basis of fairly conclusive returns, accounting for about 26 to 28 per cent of the total. How this per cent is concentrated may have a lot to do with the parliamentary strength they can muster.

It is hopeful, however, for the cause of democracies because Communists do not appear at the moment to be gaining. Time is a vital element on both sides. The longer the forces of Communism can be checked, the better chances there is for establishment of democratic processes. In a year or two much of the imminent threat of Communism—which grows out of confusion, privation and misery—will have abated. Therefore DeGaulle's holding the line is

The Nation Today—James Marlow—

Harvard's School Of Business

BOSTON, (U)—A bright character, a student in the Harvard Business school, decided the top is the best place to go for advice when you pick a career.

He'll be graduated in February, trained to go into business, but what business? He wanted the best information on all kinds of businesses so he could choose one as a starting place for himself.

He wrote letters to 16 of the most prominent men in the country, including Bernard Baruch and Henry Morgenthau, Jr., former secretary of the treasury.

He told them he'd like to talk to them and get their advice. Thirteen of the 16 said "Sure, come on" and promised to talk to him.

He met Baruch, talked with him 15 minutes on banking, and Baruch invited him to lunch. Morgenthau is next on his list.

But that isn't the way all, or even any others, of the 1,600 students in the business school will go about looking for jobs when they get out.

Some have job promises. Some have spots picked out. Some will be offered jobs by business firms. Some will get jobs the best way they can.

Almost all the students in the school—It's a two-year course—are college graduates. Some few are not. Some have never gone to college. The non-college men there are handicapped from those wanting to get in.

But in the class that graduated last June the No. 1 man was a former Air Corps major who had never been to college.

The No. 5 graduate was a non-college man, too.

In the first year all the students must take drilling in these things: Production problems—How you get work done in a factory; Marketing—Which means getting goods sold; Finance—How to raise money, such as by floating stocks or bonds or going to

a bank for it; Controls—A combination of business statistical work and accounting; and Administrative practices—Which means how to get along with workers.

In the second year the students can specialize in what they want. One may concentrate on air transportation, another in accounting, another in sales management.

This doesn't mean that the 1,600 students trot around to factories, banks and accountants for information or teaching. Illustrated lectures are used in big part for the teaching.

And case histories of business problems—actual problems that have come up in a certain business—are important in the training.

The students are given these problems to try to solve and, through the trying, to train themselves in handling situations which will confront them when they go into business themselves.

Affairs Of The World—DeWitt MacKenzie

British Princess Is Protected

The extent of the politico-social upheaval which is sweeping the world is strikingly illustrated in British officialdom's quietly spoken but nevertheless sensational announcement that plans for Princess Elizabeth and Lt. Philip Mountbatten to drive through central London, so the crowds could see them after the forthcoming wedding, have been cancelled to safeguard the heiress apparent to the throne.

Scotland yard and the cabinet feel that such a ride would involve risks ("doubtless remote") which shouldn't be taken. The risks aren't specified, but they are self-explanatory in these days when political passions are producing violence and death in many countries.

England and her friends are shocked by this shadow of threat to her charming princess. It has been long since that tight little isle of democracy has known anything like this. Up until the late war the British royal family moved about freely, and mingled with crowds, even as you and I. Frequently, too, their protection was confined to a small and more or less invisible escort.

During the many years this correspondent had headquarters in London, it was a common sight to see Queen Mary and other members of the royal house shopping, or motoring through the streets. The Prince of Wales (Later King Edward VIII) and the Duke of Windsor used to drive his own car, both day and night, without any escort.

So far as the late King George V was concerned, he was absolutely fearless in crowds. When he and Queen Mary went to India

in 1911 to be crowned emperor and empress, they drove through Calcutta in an open carriage, with thousands of natives swarming the streets and crowding about the vehicle in an effort to touch the royal pair. And George refused to let his anxious mounted escort move the people back.

Despite the cancellation of the post-wedding drive, thousands will have a chance to see the bride and groom as they ride from Buckingham palace to Westminster Abbey and back over a route of less than a mile. However, Scotland Yard

will take extreme precautions to safeguard that journey. As is the custom, windows in buildings along the way will be rented to parties for great sums, and the of every person in those windows will know the identity doses. Naturally the street will be equally well watched.

So Britain can rest secure in the knowledge that the best protection possible will be accorded the girl who may one day be queen in her own right. Still, as previously indicated, it is a forceful commentary on our harsh times that such precautions have to be taken.

EVEN HOUNDS COST MORE

FORT WAYNE, Ind. (U.P.)—Humane Officer Wilfred Goss wants everyone to know that he doesn't want to be hounded for any more hound dogs. Goss says the days are gone when his kennels were filled with "hound dogs." They've gone up in value the way everything else has and even the mediocre ones are kept securely tethered.

FIDGETS QUIETED

NEW YORK (U.P.)—Judge Samuel Leibowitz noticed that the all-male jury hearing a case in his court was growing increasingly fidgety after returning from lunch. Realizing the World Series was on, Leibowitz recessed the case until after the game and invited the jury and attorneys into his library to watch the game by television

WRONG TIME AND PLACE

FORT WAYNE, Ind. (U.P.)—John Larkin picked the wrong car and the wrong location to fall asleep early in the morning. He dozed off on the horn of the car near two policemen. When they investigated the noise, they discovered that the automobile was a stolen one.

AX SLAYERS TO DIE

HIWASSEE, Ka. (U.P.)—Hugh Eller and Jewel Garrett, two mountaineer ex-GIs, will be electrocuted Nov. 21 for slaying Milton Maney with the ax he lent them and helped them sharpen.

PIGGY BANKS PREFERRED

ELKHART, Ind. (U.P.)—Darwin Troupe reported to police that someone had entered his house. The only things missing were three piggy banks with about \$12. A wrist watch and some silver dollars lying in plain view were untouched

"IT'S SURE HARD TO GET HELP THESE DAYS"

Mal Boyle's Notebook

Anti-Barber Crusade

NEW YORK, (U)—Looking like an unshorn sheep, Alpheus Ronald Thistlethwaite plumped wearily down on a Washington Square park bench beside Pythias Roundelay, the patch-pants poet of Patchen place.

"I have been busier than a squirrel in a nut shop," announced Alpheus, Greenwich Village's leading crusader for lost causes.

"So busy you haven't had time for a haircut?" asked Pythias jealously. "What are you trying to do—cut in on my poetry racket? You look like a refugee from a barber's chair."

"I am," said Thistlethwaite importantly. "It's a matter of principle—pure principle. I am currently conducting a one-man boycott against the modern barbershop. It's my very latest campaign."

"What's wrong with the modern barbershop?"

"How long has it been since your were in a barbershop, Pythias?"

"Oh, about twenty years—perhaps twenty-five," said the poet, trying hard to remember.

"How much did you pay for your haircut?"

"I didn't pay anything," said Pythias. "Mama paid a quarter, I think."

"A quarter!" said Alpheus thunderously. "Those are the good old days I am trying to bring back."

"What brought on all this hairy

agony?" inquired Pythias. "Your aunt left you enough money to buy haircuts three times a day if you want to go on a binge of that kind."

"Not in a modern barbershop," said Thistlethwaite. "Since you grew up they've started imitating night clubs and night club prices."

The old-fashioned barber earned his living by the sweat of his hand clippers. I haven't seen one for years.

"You climb into the chair. The barber doesn't have any time to give you the gossip. He's come an electrician. He is so busy plugging in gadgets and thinking up things to sell you he does not waste words on world affairs."

"He doesn't even want to bother to shave you at all unless you take a haircut, too. The shave is four-bits, the haircut a dollar. The cheapest kind of shampoo is 75 cents. Tonic costs anything you will stand for—and so does a manicure."

"The old-time barber nearly fainted if you tipped him a dime. Nowadays I wouldn't even dare be shaved again by the same barber if I give him less than a quarter on the side. I wouldn't feel safe."

"We've got to de-glamorize the barber business. Tomorrow I'm going to have a sign painted 'bring back the two-bit haircut,' and start picketing some modern barber shop."

Broadway—Jack O'Brian

The Hers Instinct

NEW YORK—The Herd Theatrical Corporation is a very specialized facility of the theater world which opened its new offices the other day on East 49th Street to a gang of guests coming for the occasion of newspapermen who cover the theater and those who normally are engaged in matters of financial moment.

The unusual proximity of the ink-stained wretches of the Broadway beat and the gentlemen of the more dignified monied precincts was explained by James Merrill Herd, who has risked his name and his judgment in a project which roughly may be described as comparable to the job of juggling atom bombs.

IT IS Herd's professional conceit to invest his corporation's funds in Broadway shows, a practice which has driven many a fine fellow to distraction. He feels that play angling can be regulated on more sensible financial grounds than is the accepted fallacy.

"No musicals," for instance, is a fairly firm Herd axiom. The high cost of time shows run nowadays as high as half a million dollars. It takes from a year to two years to return a musical investment.

"Main trouble," said Herd during the cocktail-sipping festivities, "is the high cost of production generally. Theater managements insist on enormous rental guarantees, and the losses

incurred out of town because of such high guarantees must be included in 'production.' Right now, production costs are 300 times greater than they were in 1939-40, while ticket prices have risen only about 20 percent."

HERD, who has his firm's cash invested in two imminent productions, "Command Decision" and "The Druid Circle," also pointed out that the season's load of 70-80 plays are produced within a very few months, and the cost of erecting and designing sets imposes a problem on scenery constructionists which necessitates the hurry-up expense of time and a half and double time.

Herd also has a hefty financial rooting interest in the touring "Chocolate Soldier," which was sent on the road for a comparative pittance—\$100,000—and whose simple costs drew a Herd exception despite its being a musical. He also has a cash interest in the solvent fate of "Private Lives," another revival hit with Tallulah Bankhead starred.

Three more new plays may receive the benison of Herd's cash before the season is gone, and he also expects to participate in the financing of five inexpensive revivals and several low-budget road shows. Herd said his complete corporate interest in the theater this season will be about \$250,000 by spring.

Washington Merry-Go-Round—Drew Pearson

President Is Air Pioneer

WASHINGTON. — Howard Hughes has an unexpected amateur rival in the field of air pioneering—the President of the United States. It is not generally known, but President Truman takes a personal interest in helping to develop new gadgets for the airlines, and has converted his private plane, the Independence, into a flying laboratory for testing these devices.

The man who actually does the work on these new gadgets is Truman's pilot, Lt. Col. Henry Myers. Myers, however, pays tribute to the President's keen interest and says he is frequently called into the White House to report. In the air, Truman's favorite spot in the plane is the co-pilot's seat, though he never touches the controls.

"Don't you fool with politics," he once told Myers, "and I won't fool with flying."

Instead, the President sometimes does his own navigating. As an artillery captain in the First World War, he learned to read maps, and also possesses an intimate knowledge of the United States. The plane's crew has made a game of testing the President's geography. Last trip they dug up a question from a radio quiz they were sure would stump him.

"What is the name of the island on which the Statue of Liberty is located?" they asked.

Without hesitating, Truman snapped back: "Bedloe, named after a farmer who was run off the island."

FLY IN HURRICANE

When the President is tied up in the White House, the crew makes experimental trips, recently returning from the Arctic where they tested a new heated wig. It did a perfect job of keeping ice from forming on the wing, always one of the great dangers of winter-weather flying.

Unknown to the public, the President's plane also flew into the Florida hurricane after it had lashed inland and lost some of its strength. Col. Myers wanted to try out his new "picture radar," which faithfully registered the swirling, moist winds.

This radar wasn't functioning properly when the President flew to Brazil recently, and when he got back, he summoned Myers to find out how it had been fixed and what its new capabilities were.

Three improvements, tested on the President's plane, have now been accepted by commercial airlines:

1. The plane has reversing propellers. An interlock on the landing gear kept these from spinning the wrong way in flight. Myers moved the interlock up to the nose gear, since this is the last to touch the ground, giving him more control over the reverse spinning.

2. The plane's radar was shifted to the nose where it gives complete forward coverage and scans upward. There were also technical improvements.

3. The President's pressurized cabin was improved technically. The plane can now fly at 20,000 feet with the same inside pressure found at 8,000 feet.

EUROPE AID

President Truman now has on his desk a highly important and document from Secretary of the Interior Krug regarding U. S. resources and our ability to help Europe under the Marshall plan. In brief the report indicates that:

While the United States can afford the relatively small shipments to Europe under the Marshall plan, our tremendous domestic consumption needs much more careful conservation of our natural wealth.

Here are the highlights of the report:

STEEL—Will be short for an indefinite period. "Continued consideration must be given to increasing domestic capacity." Iron ore should be imported from Brazil and Labrador.

OIL—Being consumed more rapidly than new oil wells are brought in. "Our exports to Europe can be expected to decline." . . . We should "conserve our own resources by importing more petroleum for current consumption."

LUMBER AND FOREST PRODUCTS—In bad shape. We can't afford to export any great amount. Future forest products must be carefully conserved.

FOOD—We can probably continue exporting wheat in large quantity, depending somewhat on the weather. Few livestock will be available in 1948—which means continued high meat prices. "Exports of feed grains in 1948 will be very small."

RUBBER—We can supply any European requirements.

COTTON—Acreage will increase between 1948-52, yielding

a crop of about 12 million bales annually, with an export of 1 million.

President Truman plans to publish the Krug report soon. SENATORS ROW

The House-Senate housing committee, supposed to be busy probing the reasons why veterans who lived in foxholes now have to live with mothers-in-law, was scheduled to hold its first full-dress meeting two weeks ago. But most mysteriously, the meeting was called off.

The chairman, GOP Representative Ralph Gamble of New York, gave a very fishy excuse, namely that Congress might be called back into special session and the meeting could be held then.

However, here is the real, inside reason for Gamble's hasty retreat.

Bombastic Joe McCarthy, the freshman Senator from Wisconsin, who is the real boss of Chairman Gamble, feared that his stooge-chairman might be deposed. If the full housing committee were called into session, McCarthy suspected it might rebel at the way Gamble was elected at a star-chamber session back in August.

GOP Senator Ralph Flanders of Vermont and Democrats Robert Wagner of New York and Glen Taylor of Idaho, together with Democratic Rep. Albert Rains of Alabama, are furious at McCarthy for blocking their proxies at the August meeting. All four had sent in their votes for conscientious Republican Senator Charles Tobey of New Hampshire to be housing chairman, but McCarthy threw out their proxies.

So when the full committee was scheduled to meet October 1, Tobey supporters were all set to demand another vote. And they would have won—very bad blow to the cocky freshman from Wisconsin. For Tobey, unlike McCarthy, is an unrelenting foe of the real estate lobby.

That was why the October housing hearing suddenly was called off.

Note—However, what McCarthy didn't know was that Senator Tobey had his mind made up gracefully to refuse the chairmanship. He planned to remain in the normal head man of the committee.

Copyright 1947.

In Hollywood—Bob Thomas

Crosby Muses Over Vacation

HOLLYWOOD, (U)—Bing Crosby, who is a difficult man to pin down, is musing about an extended vacation after he finishes his current picture.

Attired in his customary sport shirt and a pair of burnt orange slacks, Bing was found at an NBC broadcast. I asked what he'd do after "A Conn. Yankee." He answered, "Maybe I'll go to England for a picture. I got a script from there today."

Paramount may raise its objections to a vacation for Bing, but he wouldn't suffer at the box-office. He has one film in release and will have three more ready to go after "Yankee."

Jackson Carson upon learning that another picture is set for him right after "April Showers," answers "That's interesting." He says Warners has the choice of giving him a vacation or a nervous breakdown. . . Red Skelton is another who is destined to be the richest man in the sanitarium if he doesn't slow down. Besides his air (which is one of the best this year) and "Fuller Brush Man," he's doing a benefit show every night of the week. He has too big a heart to turn down a worthy cause.

Sonny Tufts, who is being a better boy these days, is happy with his release from Paramount. He claims he was being neglected there and his last three pic-

tures testify to that assertion. Sonny is being offered to Columbia and 20th-Fox in a package deal for Richard MacAulay's "The Good Die Young." That should interest Bob Preston who told me he is campaigning to get Paramount to buy the story for him.

"The Swordsman" (Col) might well be called "Head 'em Off In The Heather." It is a typical color western, with a king-size supply of chases and fights, but it all takes place in 17th century Scotland. Larry Parks and Ellen Drew are excellent as the lovers belonging to feuding clans, and the whole thing adds up to the action film at its best.

Schoolboy Grid Ratings Shift

DALLAS, Oct. 21. (AP)—Schoolboy football ratings shifted considerably last week-end, the most notable drops being Waxahachie and North Side (Fort Worth), which were upset by Waco and Poly (Fort Worth) respectively. Here are the top 20:

1. Odessa.
2. Wichita Falls.
3. Corpus Christi.
4. Austin.
5. Longview.
6. Marshall.
7. Waco.
8. Corsicana.
9. Waxahachie.
10. Thos. Jefferson (San Antonio).
11. Amarillo.
12. Port Arthur.
13. Forest (Dallas).
14. Poly (Fort Worth).
15. Texarkana.
16. Austin (El Paso).
17. North Side (Fort Worth).
18. John Reagan (Houston).
19. Breckenridge.
20. Breckenridge (San Antonio).

Minor Injuries Dot S'West Grid Squads

The University of Texas came up with a flock of minor injuries in its first workout since chalking up its fifth straight win last week, and most of the other Southwest conference teams followed suit. However, coaches of the seven schools indicated yesterday they expected most of their players to be in good condition for Saturday's tilt.

Coach Blair Cherry put his Texas Longhorns through only a light workout.

Joe Mitchell, Longhorn first string guard, was sidelined with an injured knee and Dale Schwartzkopf, right end, turned out in sweat clothes.

Fullbacks Tom Landry, Raymond Jones, Ray Borneman and Wilton Ferrell are all bothered with minor ailments.

Coach Jess Neely of Rice reported two of his top reserves missing in the first workout of the week.

End Nick Lanza has a twisted knee and Hank Harold Stockbridge turned up with a charley horse.

Texas Christian university got off with a light drill yesterday, a reward said Coach Dutch Meyer

for the Frogs' upset win over Texas A & M last week.

The Frogs were bolstered by the return to practice of backs Jim Lucas, Jerome Blazek and Otis McKelvey.

Southern Methodist University was in good shape for its game with the University of California at Los Angeles Saturday, Coach Matty Bell said yesterday.

He sent the first team and his top reserves through a light workout, while other members of the squad took part in a short scrimmage.

Texas A&M has forgotten the 26-0 licking by TCU. Coach Homer Norton declared as he sent the team through all phases of its defensive and offensive game.

John Barthill, coach of the Arkansas Razorbacks, praised his squad for its fine performance, even though it lost to the University of Texas last week.

"Texas was just too good", he said.

The Porkers did not receive any serious injuries in the Texas game.

Baylor, fresh from its fourth straight triumph, went through a long session on defense as it started work for its game with A&M Saturday.

BOB CELERI

COMPETITION — Bob Celeri of California has many a follower expecting him to give such notables as Johnny Lujack and Bobby Layne a run for their money in the race for All-American quarterback this year. Celeri hails from Ft. Bragg, N. C., is 29 years old, has one letter which he won at Cal in '44 and will be honored for two more years.

LOOKING 'EM OVER

Our beloved (not lamented) Mr. Thomas T. Hart, has taken unto himself a bride, which, among other things leaves the chore of writing his column this week to other staff members, and which, Pundits Wacil McNair and Joe Pickle agree, should be the occasion for a few solemn words of advice to the bridegroom.

This is especially true since he has so long been absorbed in terms applicable to sports that he should be warned that there are other interpretations in the home. On the chance that Mr. Hart be prosaic enough to read the paper, his matrimonially experienced colleagues herewith list some colorful terminology for his edification.

RUG-BY—This is not a game-out of which football evolved. Rather, it is a home sport which calls for rolling the parlor covering, smuggling it to the nearest line and slugging same as though it were one's very worst enemy.

WHITEWASH—Contrary to common acceptance of this term as applicable to limiting the opposition to exactly zero point, in the peaceful surroundings of the home this has to do with an elbow exercise employed after cleanser has been applied to the bathtub, etc. and which is calculated to leave the surfaces gleaming white.

CHECK IN SUIT—This is not the case when a miffed performer elects to depart from the team; rather it is applied loosely to seeing if the family laundry is bundled and left off at the cleaners or laundry, returned, paid for, and so forth.

TOO HOT TO HANDLE—As an old baseball fan, Mr. Hart may be confused on this one. Actually, he will be well aware of its true import after having dropped the coffee pot, skillet, toaster and assorted utensils while in the charitable act of providing breakfast. (We give him two weeks before being relegated to this chaffing task.)

SNEAK PLAY—This very clever description of a fasty in football will unfold in richer meaning with passage of the months and years, and is best classified as the operation which seeks to avoid coming face to face with the little woman after covering a late athletic event or sitting up with a sick friend, naturally. Each man must learn to develop techniques most suitable to environment and circumstances.

IRREVOCABLE DECISION—Having noted the solidity and finality of decisions by umpires, referees, etc., Mr. Hart will be surprised, in due time, to learn that these gentlemen who hand down decisions on the field of battle are

Referee Decides Grapple Winners

Even the spectators were not quite sure when the end finally came, but when the smoke of battle cleared Ray "Big Train" Clements and Gene Blackley had obtained a referee's decision over Jet Harrel and Ace Abbott in their team match at the Big Spring Athletic Club Monday night.

Ironically enough, however, both Clements and Blackley were in no condition for further action. The decision came when Abbott, in the act of finishing off Clements, turned on Referee A. C. Perry, who intervened because of some illegal proceedings. As a result, Clements and Blackley had their hands raised in victory.

In preliminary matches, which involved the same four, no decisions were reached.

Monaghan-Marino Dull, Writers Say

LONDON, Oct. 21. (AP)—British sportswriters generally agreed today that the Rinty Monaghan-Dado Marino flyweight fight in Harrington arena last night was one of the dulllest seen there in a long time, but most of them sided with the Referee Teddy Waltham's decision that Monaghan was ahead on points at the end.

Although he was knocked down twice by Marino, the Irish crooner was awarded the 15-round decision—an unpopular verdict booed by the sellout crowd of 10,700.

The fight was billed as an 112-pound championship bout by Promoter Jack Solomons and Monaghan's victory won acclaim virtually everywhere but in Britain as world champion. Former titleholder Jackie Paterson of Glasgow had obtained an injunction to prevent the British boxing board of control from immediately recognizing a new champion.

Henry Foster Heads School Leaders

AUSTIN, Oct. 21. (AP)—Henry L. Foster of Longview today is the newly-elected president of the Texas Association of School Administrators.

He was elected yesterday in the closing session of the association's two-day convention here.

W. T. White of Dallas was elected vice president and H. A. Moore of Kerrville was re-elected secretary. New board members are: Joe R. Humphrey of Temple, Frank Richardson of Henrietta, Fred Kandler of San Marcos and Tom Partwood of San Antonio.

Unusual Feat Marks Bowling League Activity

Although a new individual high mark for one game was established for the tournament and other unusual feats were witnessed, Milas Woods' pick-up of a 4-6-10 split produced the actual highlight in Men's Classic bowling league play last night at the West Texas Bowling Center.

Woods made the pick-up, which is regarded as virtually impossible by obtaining an unusual rebound on his shot.

In team play Berghoff dropped two to Nathan's. Texas Club took three from Schlitz by default, while Carling's Ale clipped Douglass hot twice, and Cosden won two from Griffin Nash.

High team game was turned in by Nathan's, which included a handicap, post 930, while Douglass Hotel rang up 894 without handicap. With handicap, Nathan's also recorded of Cosden, with 2258. Woods of Cosden had high individual series with 567, with Jake Douglass a close second with 566. Woods of Nathan's posted a new high individual game of 237. Second was Tom Harris of Douglass with 222. Other high scorers were Dozier, 203, Runyan, 212, Woods, 213, Douglass, 219.

Parley Breaks Up In Korea At U. S. Request

SEOUL, Korea, Oct. 21. (AP)—The 70-man Russian delegation departed for the Soviet-controlled North-Korea zone today—after American request—after the latest failure of joint commission efforts to set up an independent government for all of Korea.

The Soviet secretariat boarded a special train for Pyongyang, in the Russian-occupied zone, and delegates leave tomorrow morning by plane.

The Russians announced yesterday they had been instructed by Moscow to withdraw because the Americans "refused to discuss" a Soviet proposal that both countries withdraw their troops from Korea in early 1948. The U. S. delegation asked the United Nations to take over the whole Korean problem.

The Americans suggested the Russian delegation go home, after Seoul Police Chief T. S. Chang had reported one delegate, Anatole J. Shabshin, had been guiding activities of the south Korean labor party, in the U. S. zone.

The Soviet delegation demanded Chang's ouster and termed his accusations "slandorous," but Lt. Gen. John R. Hodge, American commandant, told the Russians they were well-founded, and that he would remain on the job.

Furthermore, he added, south Korean police would be instructed to intensify their investigations of subversive and terrorist activities against the American authorities, and the south Korean government.

Greece Reports 41 Executions

ATHENS, Oct. 21. (AP)—Forty-one persons were reported today to have been executed by firing squads throughout Greece in the last 24 hours.

The press ministry said 13 died at dawn today at Salonika as convicted members of a communist "execution squad."

Earlier press reports said 23 other persons, two of them women, were executed yesterday. These included 12 in Drama for concealing arms and helping guerrillas, and nine for similar reasons in Serrai.

An official announcement said more than 1,000 guerrillas Saturday night and Sunday morning attacked Neosofos, 20 miles east of Ioannina in northwestern Greece, and burned the city hall, police station and school. They were driven off, the account added, after losing 45 killed.

Texas Plant Gets Order Of Kaiser-Frazier

DALLAS, Oct. 21. (AP)—A \$500,000 paid-in-advance order for pig iron has been received from Kaiser-Frazier Corporation, E. B. Germany, president of the Lone Star Steel company, announced.

Germany said deliveries to the automobile manufacturers would be made immediately after commitments to the veterans housing program for pig-iron from the Daingerfield, Tex., plant had been made.

Yesterday he said Kaiser-Frazier had placed the order subject only to an inspection of the Lone Star facilities and preparations at Daingerfield as assurance that the pig iron could be produced and delivered.

Edgar F. Kaiser, vice-president and general manager of Kaiser-Frazier and son of H. J. Kaiser, board chairman, is scheduled to inspect the Daingerfield properties tomorrow.

The Lone Star company has been readying its blast furnace for the production of pig iron, and has been building up a stockpile of iron ore from its own mines near the plant.

The company assumed operation of the Daingerfield plant and on allied Oklahoma coal mines on a five-year lease from the War Assets Administration. It has an option to purchase the properties.

COURT PUZZLES ORIENTAL MIND

DETROIT, Oct. 21. (AP)—American court procedure proved a little puzzling yesterday to the Oriental mind of Lung Poon, although he has spent 24 of his 63 years in this country.

Arraigned on a narcotics charge, he understood only with difficulty when his interpreter explained that Federal Judge Ernest A. O'Brien would appoint him an attorney free of charge. Assured there would be no fee, he then demanded assurance that the lawyer would win the case.

That was impossible, the court pointed out, so Lung Poon reconsidered his plea.

"Something for nothing is never good," he stated. "I think I plead guilty and save time."

Michigan Holds No. 1 Spot Easily In Poll

NEW YORK, Oct. 21. (AP)—Michigan has been stamped as the No. 1 team of the nation by the nation's sportswriters participating in the weekly Associated Press football poll as a result of its fourth straight lopsided victory.

After digesting Saturday's results that included a 49-21 Michigan romp over Northwestern, 147 of the 186 writers participating in the most extensive AP poll in history, voted first place to the Wolverines.

Michigan led last week but its margin was not as secure. Notre Dame remained a strong second choice on the basis of total points

but drew only 21 firsts. On the basis of ten points for a first place vote, nine for second and so on, Michigan had 1790 points to 1533 for the Irish who downed Nebraska, 31-0.

Since the two top teams never meet it is possible that their relative merits never will be determined. Michigan faces Minnesota this week while Notre Dame plays Iowa.

Ten writers thought Texas had the best ball club in the land and there were enough others who were impressed to give them third place in the standings with 1331 points. Texas downed Arkansas, 21-8, in

preparation for a rugged struggle with Rice.

Pacific coast football, on the way back after a few slim years, was represented twice in the first ten. California, with one first place vote, was fourth after submerging Washington State, 21-6, and Southern California, their chief rival for tenth on a 48-5 rout of Oregon State. California plays Southern Cal Saturday in the "big game" on the Pacific slope.

Illinois was ranked fifth, moving up a peg on a 40-13 victory over Minnesota, and Army took over sixth place after its easy 40-0 game with VPI.

Georgia Tech's 27-7 decision over Auburn earned seventh place and the Engineers may do better next week as their unbeaten-untied team meets Citadel Saturday.

Pennsylvania, 34-14 winners over Columbia, may face a struggle to hold eighth place as the Quakers meet the revived Navy in one of the week's top eastern games.

Penn State continues to flatten all opposition, smothering Syracuse, 40-0, to send its season point total soaring to 196. The Nittany Lions face their first test this week in West Virginia, another perfect record powerhouse.

SPORTS ROUNDUP

NAVY'S ONE-GAME WIN STREAK BRINGS OUT NEW ENTHUSIASM

By Hugh Fullerton, Jr.
NEW YORK, Oct. 21. (AP)—Navy's football team is riding on the crest of a one-game winning streak and you'd be surprised at the amount of enthusiasm it is generating in this sector. . . . The reason is that after last year's Army-Navy game everyone felt sure that Navy had the material for a fine team and they're hoping for another thriller at the end of this season. . . . Commander "Killer" Kane, assistant athletic director and Ensign Dick Duden, who scouts and coaches the Pibes, sounded off at yesterday's football writers' chicken and conversation session to the effect that the Midshipmen had recovered confidence through that Cornell victory Saturday. "The California defeat set them back for a few weeks but they finally realized they can take over where we left off last year," Duden explained.

GROWING BOYS.
Navy's big guns are Center Dick Scott and Dick Hawkins, the fullback whose departure from V. M. I. created quite a rhubarb. Scott, a fine center both on offense and defense, also is the team's best clutch punter, although no one has figured a way to have him center the ball and then kick it. Tackle Dick Shimshak and End Art Markel have developed fast and the second line, from which nothing

much was expected, has come along very well. Of course there's nothing much wrong with Quarterbacks Reaves Baysinger and Bob Horne, though there definitely is something wrong with Pistol Pete Williams, who is out with an ankle injury. . . . The schedule is no bargain, either, with Penn, Notre Dame, Georgia Tech, Penn State and Army still to come. And to make it tougher, Navy has played four games on as many different fields and will be on the road for two more before returning to Baltimore. . . . The Midshipmen really do things the hard way.

YOUNG IDEAS.
Kane reveals the "inside" of what appeared to be a sporting gesture in the Cornell-Navy game when Tom Bolger, Cornell end, hit the dirt in front of the Navy bench and Coach Tom Hamilton apparently helped him back on the field. . . . What happened, says Killer is that Bolger got up under his own power, walked over to Hamilton and remarked: "Isn't this a heck of a game for an old guy like me to be playing?"

'THE LATE GEORGE APLEY'

Plus "SWEET AND LOW"

THE OLD AND THE NEW IN TEXAS CITY — Beside a shop almost destroyed in the explosion and fire disaster which struck Texas City, on April 16, a new business building is going up on one of the port city's main streets. The shell at the left is one of the few badly damaged buildings still standing in the city. City officials estimate that six months after the disaster 80 per cent of all property damage has been repaired. (AP Photo).

Garden Club To Select Officers

Reports from the nominating committee, which was named last week, will be heard at 2:30 p. m. Wednesday when the re-organized Big Spring Garden club holds its second meeting in the Presbyterian church.

Officers for the organization will be selected from the nominating committee's recommendations.

Several women who attended the first meeting last week said they hoped more persons interested in gardening would affiliate with the organization. They emphasized that it is an independent organization, and all women in the city interested in gardening are invited to join.

Rotarians Hear Talk On YMCA Program

Objectives and program of the YMCA movement were described to members of the Rotary club here Tuesday by L. E. Milling, Houston.

Milling is a YMCA secretary in Houston and is a member of the Houston Heights Rotary club. He pointed out that the Y program was based upon Christian principles and ideals and therefore was democratic and broad enough to encompass wholesome activities and many creeds.

Visitors were C. A. Daniels, Pecos, Robbie Roberson, Abilene, Lucian Jones and D. B. Murray.

Salvation Army Will Have Activities

A round of activities, including the annual Family Night program, is on docket for the Salvation Army today.

At 6:15 p. m. open air services will be held at the Owl tower, court. At 7 p. m. in the basement of the Dora Roberts citadel, the Family Night covered dish luncheon will be held for members of the Sunday school, the corps cadets, children and others. One hour later in the auditorium there will be a soldiers meeting, followed by a band rehearsal at 8:45 p. m. in the auditorium, said Capt. Olvy Sheppard.

Gideons Distribute Student Testaments

Approximately 1,000 New Testaments were distributed Tuesday morning to high school and junior high students here by members of the Gideon camp.

B. B. Lees, president of the student council, presented W. L. Mead who made the presentation speech on behalf of the Gideons, an organization of Christian businessmen. The Rev. C. A. Long, First Methodist pastor, gave the invocation.

The Gideons plan to distribute around 500 other Testaments to other high schools in Tarrant county. Recently the camp gave a supply of Bibles to the Big Spring State Hospital.

Red Cross Meeting

An important meeting of the Red Cross Board has been called by Chairman A. V. Karcher for 7:30 tonight.

Members are asked to meet in the Red Cross room.

Fire Truck Used For Irrigation

AIGLE, Switzerland (AP)—During a long drought here recently a group of grape growers persuaded the fire department to tap a nearby stream with a fire pump and 1,900 feet of hose which brought moisture to parched vineyards.

A Weak, Run-Down Feeling is Often A Warning

That The Red-Blood Is Getting Low

If you do not feel like your real self, do not have the urge to be up and doing, why not check-up on your blood strength? Look at the palms of your hands, your fingernails, your lips, the lobes of your ears—are they pale and of color?

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, nervousness, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have positively proved shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get bally with gas, bloated and give off that sour food taste.

Don't Wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

PYTHON FOR A PET — This 10-foot long rock python curls comfortably around the table service as its mistress, Miss D. Collier, takes tea in her home at Camberwell, Victoria, Australia. (AP Wirephoto).

Father Dies

Mr. and Mrs. Oliver Kraeer left Monday afternoon for Bartlesville, Okla., on learning of the death of his father, O. A. Kraeer, Sr. Time of the funeral had not been learned here Tuesday. Oliver Kraeer is an employe here of Westex Oil company and Mrs. Kraeer is associated with Cosden Petroleum Corp.

REFRIGERATOR NOT SAFE

PHILADELPHIA (U.P.) — Joseph Harris, cafe proprietor, reports sadly that current high food prices make a refrigerator a dangerous place to hide spare cash. Harris told police that his refrigerator, where he had hidden a coffee can containing \$600, had been emptied of food and the money.

AT THE ANIMAL FAIR — A monkey tugs at his leash to get friendly with a setter at the small animals exposition in the Salle Wagram in Paris.

NEW CARILLON BELLS — Odette Aufranc and Helen Dulott of the Swiss colony in Stamford, Conn., examine bells of a carillon sent from Switzerland to a Stamford church.

Coahoma Lighting Set For Football Game

Coahoma is ready to dedicate its new lighting system for the football field when the Bulldogs meet the Garden City Bearkats on their home field Friday at 8 p. m.

M. R. Turner, superintendent at Coahoma, said that installation of the eight poles and reflectors, each bearing five large lights, has been completed, giving the field ample illumination for night games.

Boy Scouts Schedule Camping Activity

Another camping activity for Boy Scouts of the Big Spring district will be held Friday night at the Round-Up grounds, C. S. Bloaschild, camping chairman, has announced.

The program will include a number of contests and other Scout activities. Members of all troops in the district are being urged to attend.

VERY GUILTY

HARRISBURG, Pa. (U.P.) — Conviction of Jackson Allen Clowe on an involuntary manslaughter charge came in a hurry after the jury was told that when Clowe crashed his truck into a front-yard playpen and killed 11-month-old Vincent Wallace, he (1) had no operator's license, (2) drove under the influence of liquor, (3) carried firearms, and (4) was driving in the wrong direction on a one-way street.

There are more than 20,000 motion picture theaters in the United States.

Markets

LOCAL MARKETS
No. 2 Milk FOB Big Spring \$2.18 cwt. Eggs, candled, 50 cents cash market; cream 56 cents pound; butter 70 cents; hens stronger, 22-24; fryers steady, 35 cents; old cockles, few offerings, 10 cents.

WALL STREET
NEW YORK, Oct. 21 (AP)—Mild selling opposition restrained many stock market leaders today although individual favorites managed to edge forward.

Professionals with good profits on the recent lengthy rise inclined to cash in because of the belief that the list is due for a technical correction. Optimistic business thinking, together with another batch of pleasing dividends and earnings, remained as buying arguments.

Dealings, lively at the start, soon tapered. Early advances were erased in a number of cases and the direction was irregularly lower near midday.

Bonds were uneven and cotton futures higher.

COTTON
NEW YORK, Oct. 21 (AP)—Cotton futures at noon were 85 cents a bushel to 35 cents higher than the previous close, Dec. 32.52, March 32.73 and May 32.58.

LIVESTOCK
FOOT WORTH, Oct. 21 (AP)—CATTLE 5,600; calves 4,100; canner and cutter cows fully steady; other cattle and calves very slow; weak to unevenly lower; good steers and yearlings 22.00-23.00; common to medium 22.00-20.00; medium to good fat cows 13.00-15.00; culler and common cows 11.25-13.00; canners mostly 8.00-11.00; few old shells downward to 6.00; sausage hogs mostly 11.00-12.00; good and choice fat calves 16.00-19.00; light weights mostly 18.00 down; common to medium calves 12.00-13.50; culls 10.00-12.00; stocker calves, yearlings and steers 13.00-19.00; stocker cows 13.00 down.

WOOL 800; butcher hogs and stocker pigs mostly 50 cents lower; sows steady to 80 cents down; top 28.50; good and choice 190-280 lb. hogs 23.25-30; good and choice 160-185 lb. 26.00-28.00; cows mostly 25.00-26.50; few to 27.00; stocker h's 17.00-25.00; few heavy pigs to 25.50; steers 19.00-19.00.

SHEEP 3,000; slaughter lambs strong to 50 cents higher; other killing classes steady; feeders scarce; choice fat lambs 21.50 medium to good fat lambs 17.00-20.00; common and medium slaughter yearlings 11.00-14.00; medium and good slaughter ewes 7.00-8.00; cull and common grades 6.00-7.50; about 85 per cent of arrivals slaughter ewes.
