Railroad Hearing Set Oct. 18 In San Angelo

Whether or Santa Fe will be permitted to abandon their 65 miles of track which serves Christoval, Eldorado, and Sonora, will be the subject of a hearing set for Monday in San Angelo.

The Interstate Commerce Commission has notified the county and city that the hearing on the abandonment of Santa Fe Railway from San Angelo to Sonora will be held at 9:30 a.m., October 18 on the second floor of the Central National Bank building in San Angelo.

Any and all shippers and all other persons interested in seeing that the railroad is not abandoned should appear at the hearing in order to present their arguments for the refusal or acceptance of the railroad's application for abandonment.

Santa Fe laid the 65-mile line in the late 1920's and it was put into service in 1930. Santa Fe's original plan back then called for extending the line from Sonora to some other southern point, which would have made a "through line" but the effort died as the Great Depression set in. There has been occasional talk of extending the line over the past four decades, but no action has ever been taken.

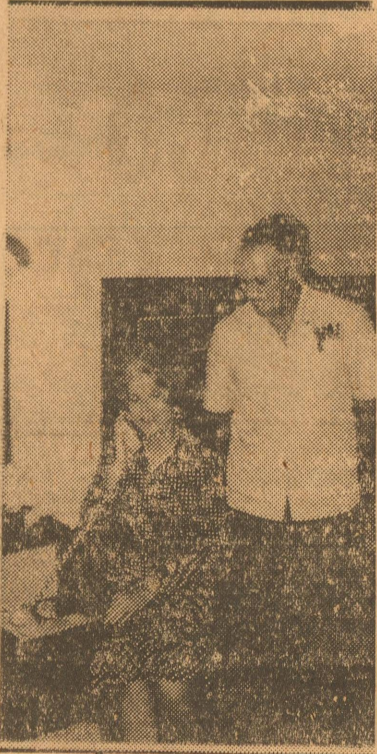

Santa Fe is seeking abandonment of the line as unprofitable. They have curtailed service over the line in recent years, and now run about three trains a week.

One of the larger volume rail shippers here was Eldorado Wool Company. This year, the wool clip was sent to market by trucks for the first time.

The depot buildings were removed from both Eldorado and Christoval some time ago.

A delegation from Sonora is expected to attend the hearing in San Angelo Monday to protest the abandonment of the rail line. It was indefinite at press time this week whether or not anyone from Eldorado would do so.

1,000th Telephone Is Installed Here

Mrs. Paul Page is shown with Mayor Eldon Calk as telephone number 1,000 was installed.

A milestone in Eldorado's growth was reached Thursday, October 7, when General Telephone installed the 1,000th telephone in the home of Mr. and Mrs. Paul Page.

Present for the event were Mayor Eldon Calk; Ted Short, plant foreman, and J. W. Shelley, service manager. Making the installation was Don Scott, installer repairman.

The Pages were presented with an engraved plaque to commemorate the occasion.

Historical records reveal that Eldorado had 863 telephones in 1960. By 1965 the number had grown to 928 and six years later the number has grown to 1,000.

The installation of this milestone telephone is another significant step forward in the growth of both the city and General Telephone.

General Telephone Company of the Southwest, a subsidiary of General Telephone & Electronics Corporation, has headquarters in San Angelo, Texas, and serves over 885,000 telephones in 435 exchanges in Texas, New Mexico, Oklahoma, Arkansas and Louisiana.

Mrs. Lydia Winans Buried Saturday

Funeral services for Mrs. Lydia Winans, 82, were held at 2:00 p.m. Saturday in Antioch Baptist Church with burial in Eldorado cemetery directed by Ratliff-Kerbow Funeral Home.

Mrs. Winans died Thursday night in Schleicher County Medical Center.

She was born March 25, 1889 in Llano county. She had lived in Eldorado 44 years.

Survivors include two sons, Leo Ivy of Brookshire and C. H. Winans; two daughters, Mrs. J. B. Swain of Eldorado and Mrs. Burna Roach of Burleson; three brothers, Walter McCartney of Brady, Frank McCartney of San Angelo and Johnny McCartney of Westbrook; three sisters, Mrs. Jimmy Taylor of Kerrville, Mrs. M. R. Read of Colorado City and Mrs. Ida Carroll of Odessa; 14 grandchildren and 27 great-grandchildren.

Rev. Billy Daniels officiated at the funeral. Pall bearers were Travis Reynolds, Charles Vanecek, James Swain, Gene McCalla, Sam Carrell and Buddy White.

Powell Named To Board Of Regents

JAMES L. POWELL

Gov. Preston Smith last Tuesday appointed James L. Powell, prominent Fort McKavett rancher, to the State Senior Colleges board of regents, effective immediately.

He is named to a six-year term to expire Jan. 10, 1977 to replace the late James Tuttle.

Powell received a degree from Rice University in business administration and did graduate work at the University of Texas.

He resides on his ranch in Schleicher county, where he raises sheep, cattle and Angora goats.

Powell has served as president of the Texas Sheep and Goat Raisers Association, president of the National Wool Growers Association, director of the American Sheep Producers Council and director of the Mohair Council of America.

He has served on the 24-member Packers and Stockyards Livestock Committee of the U. S. Department of Agriculture Advisory Group; a member of the Texas House of Representatives Interim Agriculture Committee; as U. S. agriculture representative of the sheep and wool industry in 1964; as a member of the University of Texas Land Policy Committee; and as a member of the West Texas Chamber of Commerce Small Towns Task Force.

Autumn Action Event For Girl Scouts Held

The Autumn Action was held in Junction at the Texas Tech Center, formerly the A&M Adjunct recently. Approximately 400 girls and adults from El Camino Girl Scout Council attended. We had 31 from Eldorado. (Related photo, page 2.)

The girls learned folk dancing and also tried their hand at learning Mexican dancing.

Saturday afternoon was spent doing the dancing, along with singing and learning new camp songs. Saturday night a hcm theater was held and some of the troops attending participated in this. This was followed by a hippie band.

Sunday morning started with an early flag ceremony, followed by breakfast. A Uvalde Senior troop then took the girls on an inspirational Scouts Own.

Noon meal was served, followed by retiring of the flag and closing.

A LONESOME FIRST BALE

This bale, the first of the 1971 cotton crop, was delivered to Mikeska Gin on Monday, Sept. 20, by Whip Faull. It was ginned the following day and since then has occupied this spot on the platform all by itself for the past 20 days.

The above picture was taken on Saturday and at that time there was a trailer load of cotton parked under the suction belonging also to Whip Faull.

Gin Manager Kenith Homer said the load would make about two bales, but he didn't know when they would get around to ginning it. Kenith was of the opinion Monday that very little cotton would be coming in until after the first hard frost.

Even if there may be some cotton in shape to be gathered, the recent long wet spell has kept workers out of the fields.

Boy Scout Council Fund Drive Launched

GUY WHITAKER

The annual local fund drive for the Concho Valley Council, Boy Scouts of America, is being launched today, Thursday, with a kick-off breakfast for workers in the El Dorado Restaurant. Guy Whitaker is general chairman.

Each captain has several workers who will be given pledge cards for prospects at the kick-off breakfast. Those wishing to contribute may pay a lump sum amount, or pledge to pay a certain amount each month.

It is hoped that that the drive can be conducted quickly and closed in a week or so.

MRS. GRIMSLEY DIES

Mrs. R. W. Grimsley, 83, died last Thursday in Abilene following an illness of about eight weeks. She was the mother of Mrs. O. E. Deal. Mr. and Mrs. Deal attended the funeral from here.

Mrs. Grimsley is also survived by her husband and another daughter.

Sonora in Menard

How They Stand In Non-Conference Play: W L T

Sonora 5 0 0
Mason 4 1 0
Robt. Lee 4 1 0
Eldorado 1 3 1
Menard 1 3 1
Bangs 0 4 1

Time Change: All 9A games rescheduled to begin at 7:30 beginning tomorrow night.

About Mason:

Mason defeated Goldthwaite 20-3; Junction 19-7. San Saba 33-0; Llano, 33-0.

The Brady Bulldogs defeated Mason 20-0 for Mason's only defeat of the current season.

Last October in Mason, the Eldorado Eagles upset Mason by a score of 10-0.

"Football play for fun, travel, and education ended last Friday night in District 9A. Tomorrow night sees the opening game of the District Championship race for its six members: Eldorado, Sonora, Menard, Mason, Robert Lee, and Bangs. Somehow, it seems like a "kick in the shins" by cruel fate that two of the top ten teams in Texas Class A football are in District 9A. And it has been that way for several years. This year by the Harris Rating system, Sonora is ranked Number 4 with Mason Number 5. This is a mixed blessing for all 9A teams since less favored may become despondent and not try their hardest or else become "Kamikazes" to down the favored teams with a burst of ferocious effort. On the other hand, these favored teams may become "impressed" with their lofty rating and not play to capacity, thus inviting disaster.

Anyway, Mason comes to Eldorado tomorrow night and the area "Dopesters" will all pick the Cowboys over the Eagles although possibly with their fingers crossed as they nervously remember last year. The chances are that the youthful Eldorado Eagles are going to provide implacable and bitter opposition for their guests in the conference opener on Eagle Field.

To emphasize the importance of the opening games in District 9A, all games will move time for starting whistles up to 7:30 P. M. Coach Ronnie Stephens calls the Mason offensive posture "Wing T" and says as might be expected their favorite ground gaining play is a "power sweep" to either side with No. 20, Ray Lefeste, 170 lbs., as carrier, with Carlton Eckert on a counter play.

Coach Stephens said that the Mason offensive efforts reflect a well balanced attack, this being illustrated by the fact that they have passed 60 times to date in their first five games, 19 of these aeriels being thrown on first down. Favorite receiver and a dangerous and elusive carrier is Bobby McDonald, 145 pounds. Their QB, 140-pound Tim Gestweidt, is a skillful ball handler and a good passer as well.

Coach Stephens said that the Mason defense would feature a big strong "Front Four" with three linebackers, and with the usual secondary deployment. Their probable starting line-up will be as follows:

will be as follows:

No.	Name	Pos.	Wt.
11	Bobby McDonald	LE	145
19	Warren Grote	LT	175
99	Armando Martinez	LG	185
55	Kurt Geistweidt	C	155
89	Charles Lange	RG	175
69	Jimmy Walker	RT	160
88	Tim Zirlix	RE	170
20	Rae Lefeste	LHB	170
40	Phillip Meyer	RHB	155
33	Jerry Whitehead	FB	165
10	Tim Gestweidt	QB	140

Coach Stephens continued that the Mason defensive lineup would feature No. 61, Warren Grote, 175, at left end; No. 75, Troy Newton, 215, at left guard; No. 77, Walter Hahn, 205, at right guard; and No. 68, Armando Martinez, 185, at the right end. The three linebackers are composed of 175-pound Tim Zirlix; Jimmy Walker, 160; and No. 30, Randy Stockbridge, at 145.

Coach Stephens concluded that the Mason ball team was a good, well balanced, quick, and aggressive club, possibly smaller than last year, but considerably more agile.

The Eagles meanwhile are cheered by news that Ricky Griffin may not have suffered a broken collarbone against Junction; that Archie Nixon's shoulder may be almost if not completely healed, and that Billy Doc Hubble's painful foot and ankle, immobilized several days by a cast, may be well on the way to recovery.

Coach Stephens said that some personnel shifts might occur but these were in efforts to improve the Eagle offense or defense against the burly Cowpunchers.

The Eagle offensive lineup might include Gene Nixon, Len Mertz, and Mort Mertz left of center; Mark Bland along with Gary Danford, Oscar Martinez, and Ken Peters on the right side of the line. Ricky Griffin may not be well enough for action tomorrow night; but the backfield will consist of Terry Clingman, Mike Manning, Billy Doc Hubble, Chris Pena, Archie Nixon, and Hunter Henderson.

Defensive starters include Gary Danford, Garry Wester, Roy Lloyd, Oscar Martinez, Len Mertz, Ken Peters, Mike Manning, Billy Doc Hubble, Mort Mertz, Chris Pena, Hunter Henderson, and Tim Farris.

Coach Stephens concluded his interview by saying that Eagle objectives were to continue the spirited and aggressive football the Eagles have been displaying, to guard against mental and physical errors, and to do the best possible to carry out the offensive game plan.

Booster Club Meeting

President E. C. Peters reported a total of \$185 from the Tag Football Game last Saturday night. The proceeds from the game were placed in a special fund to be used at a later date for a special project.

The Booster Club is grateful to the Jaycees for their help and interest they have given the young people of Eldorado.

Clifford Schooley is in charge of this week's Booster Club part in the Pep Rally. He announced that there will be a parade starting at 3:00 p.m. at the school on Friday. Everyone is urged to take part in the parade and Pep Rally. The Pep Rally will be held on Main Street in front of the Drug Store.

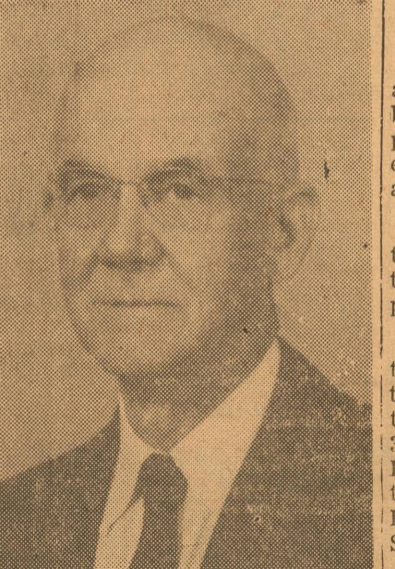

Mrs. Sam A. Whiten is in charge of the Court House Booster sign for the Mason game.

Jerrold Sanders and E. H. Nixon were names drawn as Boosters of the week.

The Coaching Staff reported on the Jr. High, B team and Varsity team games. Coach Lynn Meador gave the scouting report on the Mason team. Coach Stevens showed the Junction and Eldorado film.

The boys are showing great improvement every week, and are working hard for an upset of Mason Friday night in the first district game. We always expect the best of our team. How about the Eldorado Fans turning out for the parade and Pep Rally and give your best support and encouragement to the boys.

Barley Included In Feed Grain Program

Pointing out that 1972-crop barley is now being seeded in Schleicher County, local farm program official John Rae Powell reminded growers that barley is included in the 1972 Feed Grain Program. It was not included in the 1971 program.

Eligible growers who plan to participate in the 1972 Feed Grain Program should take note that an acreage set-aside will be required of between 20 and 35% of a farm's barley base as well as of the corn and grain sorghum base. The exact percentage will not be known until the 1972 Feed Grain Program announcement is made by the U. S. Department of Agriculture within the next few weeks.

Inclusion of barley in the 1972 program means that the set-aside payments will be made, as they are made for corn and grain sorghum set-aside acreage. No announcement has yet been made of the payment rate. Mr. Powell said the barley payment rate will be in an equitable ratio with the set-aside payment rates for corn and grain sorghum.

The reminder that barley will be included in the 1972 Feed Grain Program is also important because of the substitution provision, he said.

Substitution permits a program participant to choose a crop best suited to his farm and market operations and still earn payments and history credit for the crop historically grown on the farm.

Provided set-aside acreage and other program requirements are met, this means farmers with wheat allotments may earn wheat program set-aside payments and retain wheat history and allotment credit by growing soybeans instead of wheat. Likewise, soybeans may be substituted for barley and other feed grains to maintain history and bases.

A corn producer may switch to grain sorghum. A wheat-and-barley farm may go 100% to barley. Or, Powell said, any other combination of the permissible crops may be substituted, as the producer chooses. He will still earn set-aside payments on his farm's allotment and base crops.

Barley growers who were not in the program in 1971 were also reminded that a set-aside requirement does not mean an acreage limitation on any crop.

To illustrate, Mr. Powell said, "suppose a grower has a 500-acre farm with a 100-acre barley base. If he participates in the feed grain program, he will set aside acreage representative of his cropland in the required amount and maintain it in conserving use. If the farm has a conserving base, that acreage will also be kept in conserving use. On the rest of the farm, the grower may plant as much barley, or any other crop, except quota crops, as he chooses. He is not limited by his barley base, which is used only to figure his set-aside acreage and set-aside payment."

Full details of the 1972 Feed Grain Set-Aside Program are expected to be received in the Schleicher County Agricultural Stabilization and Conservation Service (ASCS) Office in the near future, said Mr. Powell. "Farmers will be told as soon as possible of all the details," he said.

Highlights and Sidelights FROM YOUR State CAPITOL

Austin, Tex.—A new year-round voter registration law went into effect for Texans on October 1.

Predictions are that it will make significant changes in the political structure of the state. New rules governing the operation of political party conventions also will begin operating next year.

These major provisions in the new voter registration act are noted:

—Voters can register at any time (except for a temporary cutoff 31 days before each election). Registration is good for three years, and is automatically renewed by participation in an election during that period. The old registration period, one of the shortest in the nation, was October 1 through January 31.

—Eighteen-to-21-year-olds may register and are eligible to vote in local, state and federal elections under a new U. S. constitutional amendment.

—Roving or resident registration deputies may sign up voters anywhere—apartments, union halls, club rooms, dormitories, industrial plants, office buildings, supermarkets or private residences. The law provides that "no voter registrar shall refuse to deputize a person."

This is expected to increase sharply the use of deputies to round up voters.

Predictions range upwards of five million total eligible voters in 1972, an increase of a million over 1970.

Voters must have resided in the state a year and in a county for six months to qualify for local election participation. Those who have lived in Texas more than 30 days but less than a year before the November 1972 general election can vote for presidential and vice presidential candidates under special residency registration with county clerks.

State To Fight For Treasure
The state is prepared to go to the U. S. Supreme Court to get title to all artifacts recovered from Spanish galleons which sank off Padre Island more than 400 years ago.

Texas Antiquities Committee was told a decision is near by Brownsville federal court in a long legal dispute over the treasure. Platono Ltd., a Garv, Ind., salvage firm, recovered the valuables in 1967 and proposes a 50-50 split with the state which demands the entire treasure.

Meanwhile, Committee learned an underwater archaeologist has agreed to help set up a program to recover artifacts from another ancient Spanish galleon near Padre Island next year.

Trial Dates Set For Officials
House Speaker Gus Mutscher pleaded "not guilty" to bribery charges, and a jury trial has been set for January 10.

Rep. Tommy Shannon and S. Rush McGinty, close friends of Mutscher who were also indicted for conspiracy to accept a bribe, will be tried at the same time. John Osorio, former State Insurance Commissioner and onetime president of National Bankers Life Insurance Company, pleaded "not guilty" to making false statements

to the State Board of Insurance and has a January 24 trial date set.

Mutscher tried to get a trial setting in November. He will apparently continue, for time being at least, carrying out his duties as speaker, although the House "Dirty 30" liberal-Republican coalition is urging a special session for his removal as presiding officer.

Short Snorts . . .

State Board of Education adopted guidelines for regulating privately owned business, technical, vocational and home study schools.

Texas National Guard units are conducting a reorganization.

Former Postmaster General Marvin Watson keynoted the Governor's Conference on Industrial Expansion Wednesday and Thursday (Oct. 13-14) here. Five industries received special expansion awards.

Veterans Day is being observed October 25 for the first time this year. Banks and public offices will close under federal law.

Largest numbers of requests in a single month for Veterans Loan Program participation were recorded last month—614 warrants totaling \$6,051,000.

Texas Medical Association protested the new state vendor drug (welfare) program imposes restrictions that place doctors in an "enforcement" position.

Manufacturing firms announced plans to locate 244 new industrial plants in the state and to expand 181 existing installations during January-September.

Mrs. Lyndon B. Johnson will present an award and cash prize of \$1,500 to the outstanding highway department maintenance man on October 15th.

Beef And Pork Head Budget Menus

College Station, Tex.—Before making out your food shopping list this week, consider these marketing guidelines from Gwendolyn Clyatt, Extension consumer marketing specialist.

Store specials on beef and pork continue to offer appealing values for budget menus.

At the beef counter, look for good buys on chuck roasts and steaks, round steaks, ground beef and liver. And, popular steak cuts are highlighted in some markets.

"You'll likely see good pork buys on Boston butt roasts, fresh picnic roasts, shoulder steaks, rib chops, and smoked hams and ham portions," says Mrs. Clyatt.

Attractive prices may also be found on fryer chickens in many markets. Good egg supplies continue, with very reasonable prices, the specialist reports. However, Grade A large and Grade A medium eggs are about equal values this week.

A wide variety of milk products is available to help you serve the family an adequate diet economically and attractively.

"The simplest way to get milk into family meals is to serve it as a beverage," she says. Choose to suit your family's taste — fresh whole milk, fresh skimmed milk, buttermilk, chocolate or flavored, reconstituted dry milk or canned milk products. Whatever the kind used, remember extra chilling enhances the flavor.

At the produce counter, items in best supply at the most economical prices include prunes, apples, bananas, grapes, avocados, cabbage, carrots, yellow onions, hardshell squash varieties, potatoes and celery.

Fred and Flora Riley returned last week from a trip to the Northeast. They visited in Virginia and other places.

Recent Rains Showed Repairs Needed At School

Hole In Hallway Ceiling About 3 Years Old

Restroom Ceiling Sustained Some Water Damage

The heavy rains last week showed up some repairs needed to the elementary school building here. At the height of the rainstorm Thursday, water came in through the roofs and down the walls of the boys' restroom, and shower and dressing room areas so that they could not be used for a time. The present elementary school building, which was built in the

mid-1930's, now shows its age at such times. The picturesque red-tiled roof and arched doorways were characteristic of schools built in that long-ago era. The building was added to in 1950 when the main school plant was built. The school board was expected to have a roof contractor look over the building in the near future and give an estimate on needed repairs.

Miss Whitten Married On October 2nd

MRS. GARY DON CARNER

Miss Lisa Ilene Whitten and Gary Don Carner were married in a double ring ceremony Saturday, Oct. 2, in the First Baptist Church of Eldorado with the Rev. Kenneth Vaughan officiating.

Parents of the bride are Mrs. Euren A. Whitten Sr., and the late Mr. B. A. Whitten Sr. Parents of the groom are Mr. and Mrs. Fred Payne of Big Lake.

Wedding music was presented by Miss Karen Hight, organist.

The bride who entered with her brother-in-law, John J. Mormon, wore a formal gown of candlelight peau de soie satin. The gown was fashioned with a round neck line and pointed sleeves edged in seed pearls. The train and the dress were appliqued with Chantilly lace. Her shoulder length veil of illusion was held in place with head piece of rose buds.

She carried a bouquet of white rose buds. She wore something old, something new, something borrowed, and something blue.

The maid of honor, June Holley and bridesmaid, Marilyn Mormon, wore blue crepe with lace overlay. Their headpieces were blue illusion and ice blue satin. They wore white accessories. They carried bouquets of white rosebuds.

Robin Davis of Big Lake was flower girl. She wore white lace over satin. She threw white rose petals from a white basket.

Trey Whitten of Irving carried the rings on a white satin pillow. Hub Wood of Big Lake was best man. Lonnie Carner was groomsman.

Ike Whitten of Irving and Lonnie Carner of Big Lake were ushers.

John Whitten Mormon of Sonora and Byron Davis of Big Lake were candle lighters. Randy Yates registered the guests.

The bride's bouquet was caught by Marilyn Mormon of Sonora and the blue bride's garter thrown by the groom was caught by Hub Wood, the best man.

The reception was held in the fellowship hall of the church. The bride's table was laid with a white lace cloth and was centered with blue and white mums, the bride's colors. The 4-tiered colonade cake, made by Mrs. Lester Nixon, was decorated with blue flowers on white, and white doves, wedding bells, and bride and groom on top. Assisting with serving were Mrs. Hermie Davis of Big Lake, and Kathie Whitten of Irving.

For traveling the bride wore a royal blue dress. The jacket was laced in white, and blue accessories were worn.

After a wedding trip to Tulsa, Okla., and Dallas, Texas, the couple will be at home in their new mobile home in Big Lake.

Out of town guests were Mr. and Mrs. Ike Whitten and sons of Irving, Mrs. Clemmie Vick of Ingram, Texas; Billie Cash Taylor of Sonora, Angela Cummings of San Angelo, roommate of hers at ASU Miss Randy Yates of ASU.

Also Mr. and Mrs. Troy Carner of Big Lake.

The rehearsal dinner was given by Mr. and Mrs. Fred Payne of Big Lake in the El Dorado Restaurant.

Miss Lisa Whitten was honored with a Kitchen Shower on the 25th of September in Big Lake.

Cake squares in blue and white was served with punch and coffee. Twenty-five people attended.

Local Eagles Lost To Junction 15-6

Junction was hard put to down Eldorado last Friday night 15-6 on what was truly a "rain sodden" field.

The Junction football team came to Eldorado with "atrocious" as their stated purpose; but before the game had progressed very far, they were fighting for their lives, being reduced to third down punts, and outright willingness to permit Archie Nixon's booming kicks to roll to a halt sometimes within their five-yard line rather than risk fumbling the punt when halted on the runback by stinging Eldorado tackles. On basis of comparative scores, Junction should have had no trouble "flattening" Eldorado about 50 to 0; but Eldorado's youthful contenders staged such bitter resistance that the game on at least one occasion could have gone for Eldorado.

The fumble-conscious lads from Eldorado recovered five Junction bobbles and reduced Junction's "run-back" specialist Senior Jim Modgling to shamefaced refusal to try to catch Archie Nixon's soaring kicks. These Eldorado lads grabbed off loose footballs from the Junction offense and took much of Junction's initiative from them. Gary Danford captured the first loose football five minutes before the end of the first quarter. Then Tim Farris went on a rampage, killing a Junction drive on Eldorado's 10-yard line three minutes before the half, capturing another fumble loosed by Junction on their 46-yard line, and deftly stealing a Junction forward pass to kill another of their threats with just 30 seconds to go in the second period. Gene Nixon ended a Junction threat with a fine interception in the second quarter also. Mort Mertz throttled a Junction drive and set up a dangerous Eagle effort on Junction's 16-yard line; and lastly, Roy Lloyd distinguished himself by grabbing off another Junction fumble on the 40-yard line with seven minutes to go in the fourth quarter.

A look at game statistics shows that the youthful Eldorado Eagles put up a bitter struggle:

Eldorado:	Junction:
8 First downs	15
—11 Yards rushing	270
103 Yards passing	0
8 of 20 Passes int. & c.	0 of 2
2 Enemy passes intercepted	0
2 Fumbles lost	5
8 for 37.6 Punts & av.	4 for 35.8
2 for 30 Pen. & yds. lost	4 for 42

Junction scored first only three minutes deep in the first quarter on a counter play when Junction Fullback Lewis Allen plowed over from eight yards out. He was able to score on a dive play for two extra points rather than one and these put Junction out front 8-0.

Eldorado's youthful Eagles then "jellied" their defenses and Junction had a rough night of it until their last touchdown put them in a fairly safe situation.

Eldorado scored on a QB Hunter Henderson pass to Gene Nixon good for about 40 yards. There was a mad scramble for the ball in the end zone but Sophomore Nixon had the ball. The Eldorado try for extra point failed but Eldorado had scored on the burly Junction Eagles and went on to threaten dangerously again, reaching the Junction two-yard marker but failing to drive across. Had Eldorado scored here, Junction would have been lucky to come out "alive" so to speak.

Anyway, Junction's Eagles quickly dropped the idea of "massacre" in Eldorado and spent the rest of the game fighting for existence or certainly their first win of the season.

A highlight of the game was the

Medical Auxiliary

The Schleicher County Medical Center Auxiliary held its monthly meeting last Thursday morning in the hospital dining room.

Officers for the coming year are Pres., Mrs. Carroll Ratliff; Vice-Pres., Mrs. James Page; Sec., Mrs. M. H. Woodward; Corresponding Sec., Mrs. Henry Moore; Treas., Mrs. C. C. McLaughlin; and Parliamentarian, Mrs. Edwin Jackson.

Committees were established for the coming year and reports from the committee chairman were given. Plans are now being put into action for the Christmas decorations.

The main project for the auxiliary for the year is the purchase of a whirlpool bath to be used at the medical center. An order has been placed and delivery can be expected within the next few weeks.

rock-hard resistance the youthful Eldorado lads presented two minutes before the end of the second half. Junction had driven to the Eldorado two-yard line and were lightheartedly preparing to start the "slaughter." Junction started this scoring attack with four downs to go but wound up four yards back without a score and in addition lost the ball on downs. Their failure to score obviously "shook" the Junction team.

Two Eagles tabbed 10 tackles each, these being Mike Manning and Roy Lloyd. Len Mertz grabbed seven Junction ball carriers while Gene Nixon and Oscar Martinez stopped six and five respectively.

Ken Peters took two of Hunter Henderson's passes for 66 yards. Gene Nixon grabbed two for 37 yards and Mike Manning took one for five. Ricky Griffin took one for minus five as he was downed on the attempted screen before he could get fairly started.

Eagle coaches remarked that Junction presented the best defensive line with linebackers they had seen this current season but praised the youthful Eagles for their strong showing in this last non-conference game of the '71 season.

4-H FFA Lamb Carcass

Saturday, Oct. 16, at 8:00 a.m. at the Show barn, weigh in of carcass lambs and deadline for all feeding projects to be exhibited at the 1971-72 Schleicher County 4-H & FFA Livestock Show.

This means that either 4-H or FFA Member must contact his advisor on or before Oct. 16 if plans are to exhibit lamb, calves, or hogs at this County Livestock Show. Any animal placed on feed after Oct. 16 will not be eligible for the 1971-72 County Livestock Show.

All carcass lambs must be weighed in Saturday, Oct. 16. Also carcass swine must be entered in the carcass show at this time, if desired to participate in the Swine Carcass Show.

Fall Armyworms

Fall armyworms are expected to reappear within the next five to ten days. Moth will lay eggs in masses on small grains, forage sorghums and native grasses.

Weather conditions continue to favor infestations of fall armyworms. Producers as well as homeowners should watch closely for fall armyworms to prevent excessive damage.

Insecticides for control of fall armyworms attacking small grains are Sevin, Methyl Parathion, Parathion and Toxaphene. Parathion is not cleared for use on rye. Forage treated with Toxaphene should not be fed to dairy animals or animals being finished for slaughter. For further information on these materials contact your County Agricultural Agent or refer to the label.

Insecticides that will give effective control of fall armyworms in the lawns are Sevin, Toxaphene, and Dylox. These materials should be applied according to directions given on the label.

Deal Re-Elected Director

Otis Deal, well-known registered Angus breeder, was re-elected director of Zone III of the Eldorado-Divide Soil and Water Conservation District, at a special meeting held in the Memorial Building last Thursday, October 7, 1971.

Otis will be serving his second five year term as director after having been appointed to serve after the unexpired term of a former district director.

Local Producers Attend Field Day At Menard

Producers Jimmy Powell and Robert Martin along with Bill Rountree, district conservationist, journeyed to Menard last Wednesday to attend the Brush Control Research Field Day.

Those attending heard speaker after speaker say not to control more brush than you could give the proper management. By this they meant defer the pasture, properly use it, and allow the better grasses to increase and improve the rangeland.

The main thing brought out by the range tour was that our rangeland has a much higher potential than 90 to 95% of the rangeland we see in driving over the country.

In their regular monthly directors meeting last Thursday, Walter C. Pope was elected chairman; Voy Lee Butts, vice chairman; and Geo. Humphrey, secretary. Other District Directors include Otis Deal and Clay F. Atkins, members.

During the meeting the directors discussed next year's conservation awards program. It was brought out that the topic for the essay contest next year is to be: "Conservation, The Key To Survival." Directors voted to give local prizes to winners in the essay contest as they have done in past years.

State Meeting Set At McAllen

Two local conservation leaders plan to attend the annual statewide meeting of conservation district directors in McAllen.

Walter C. Pope III, chairman, and George Humphrey, secretary, direc-

tors of the local Eldorado-Divide Soil and Water Conservation District, will go to McAllen. Bill Rountree, district conservationist for the Soil Conservation Service office assisting the District at Eldorado, will also attend as a guest of the conservation district.

The theme of this year's meeting is "Districts Role in Environmental Improvement."

Walter Pope, chairman of the local district, said his group has been involved in environmental improvement for years but is hoping to step up such activities. He says the 3-day conference will point up ways this can be done.

Conservation districts are local sub-divisions of state government which utilize and coordinate assistance from the U. S. Soil Conservation Service and other local, state and federal sources. Their goal is to conserve and develop land, water, forests, wildlife and related resources for maximum benefit of all citizens.
