Chamber Commerce Elects New Officers

Schleicher County Chamber of Commerce met last week and elected new officers and directors for the coming year. Elected to the board were Curtis Andrews, Rony Kerr, Billy Gene Edmiston, and Susie Martin. Hold-over directors are Buddy White, Phil Olson, Pat Wester, Pete Peters, and Elnora Love.

Elected as officers for the coming year are:

Pat Wester president
Rony Kerr vice president
Billy G. Edmiston sec-treas.

The president announced that a membership drive will get under way this week. Dues are \$25 for a business and \$12.50 for individual.

Plans for the annual Christmas parade are being made and the chamber invites all organizations to participate again this year. Date set for the Christmas parade is Monday, Dec. 13 at 4:00 p.m.

Several parties are interested in deer leases and day hunting for this season. Anyone having a lease or interested in day hunters is asked to please call the C of C at 2325.

Lions Honor Faculty With Ladies Night

The Eldorado Lions Club staged their annual ladies night honoring the teachers and administrators of the local schools, Monday in the El Dorado Restaurant.

There were 77 in attendance at the event, which is put on each year by the Lions.

Boss Lion Bill Gunstead presided and welcomed the teachers. Alan Dinsmore served as master of ceremonies. Guy Whitaker, high school principal, and Walter Wallis, elementary principal, introduced their respective teachers.

Jean Rountree and Debbie Page gave readings, as part of the program.

Speaker for the evening was Truett McClung, principal of Lee Junior High in San Angelo. He was introduced by Lion Eldon Calk.

Boss Lion Gunstead reminded the Lions present that the annual sale of trick or treat candy for Halloween will start Friday near the post office and continue through next week, with each Lion assigned to work a two-hour shift. Visorlette rain bonnets are also being sold by the club.

This was the first ladies night of the Lions Club to be held in the banquet room of the new El Dorado Restaurant and the event was enjoyed by all who attended. Jerroll Sanders and his crew served the large crowd with efficiency and dispatch.

Tuesday night, the room was used by Atlantic-Richfield for a company party, which close to 50 attended.

Methodists Schedule Harvest Dinner Nov. 4

The Thanksgiving Harvest Dinner will be served by the women of the Methodist Church on Nov. 4th this year. This was an annual affair in our community for several years, and we hope the people will come, eat, and visit with friends, and enjoy it once more.

The meal will be served from 11:00 a.m. to 2:00 p.m. on the 4th, for \$1.50 a plate.

Deer Tags To Be Issued Nov. 2nd

The Texas Parks and Wildlife Department announced that antlerless deer tags will be issued for Schleicher Co., on Tuesday, Nov. 2, from 8:00 a.m. to 5:00 p.m. in Eldorado at Memorial Building for the 1971 either-sex deer season.

Landowners or their agents are urged to be present to obtain their tags during the period scheduled.

The deer season will open November 13, 1971 and close January 2, 1972. The bag limit will be three deer, no more than two bucks.

Post Script

One of the finest projects for relief of suffering is the one going on right now by the Woman's Auxiliary of the Schleicher County Medical Center, who have just placed an order for a whirlpool bath to be installed in the nursing wing.

The order was placed about two weeks ago when the Auxiliary held its annual meeting and elected officers for the coming year.

According to Mrs. Carroll Ratliff, newly elected president, the unit will cost \$1,925, installed, and should be in operation in about five weeks.

Use of the whirlpool is described as a god-send to the weak and crippled, who find it impossible to get in or out of a bath tub. In a whirlpool, he is placed on a chair and then lowered to his bath. It is described as especially beneficial to rheumatism and arthritis sufferers.

The Auxiliary already has collected a modest sum toward its payment and are planning a series of money-raising events. In addition they are accepting donations from individuals who are responding generously.

Every dollar makes someone's suffering easier.

One night last week I received a long distance phone call from my niece, Dorothy Hanson, way up in the northwest corner of Minnesota (close to Canada).

Dorothy is the daughter of my brother, John, who is approaching his 88th birthday, and now a patient in a rest home there. She said she visits him several times a week and finds him in good spirits and with a remarkable memory of things he did some 70 years ago.

One time, when he was in his middle 20's John had been employed on a nearby county road job, for several months, and he came home with a check for \$200, which he presented to the local banker.

The banker was hesitant about cashing so large a check until he investigated but found it was good. Then he paid John off with TEN 20-DOLLAR gold pieces!

—ps—

In 1920 I was employed as a printer in a large Minnesota weekly newspaper. The publisher must have had a good year and for Christmas all the employees were presented with a thank you card, in which was enclosed a ten-dollar gold coin!

Then were the days! But when I remember back none of us lowly ones owned automobiles.

That didn't come until several years later.

—ps—

The only places now to ever see gold pieces is in museums, and at coin shows where dealers have them for sale. A \$20 gold piece now costs about \$90.

Riding Club Meets

The Club held its regular meeting Thursday, Oct. 7 in the club house with a covered dish supper. Attending were 26 members and 7 children. Mrs. Roy Short and three children were visitors.

Business meeting was devoted to making plans for putting in more cabins.

Next meeting will be on the first Thursday in November.

Line Abandonment Sought By Santa Fe

Santa Fe Railway officials appeared Monday morning in a public hearing before an examiner with the Interstate Commerce Commission in Central National Bank in San Angelo, following application nearly a year ago from the railway to discontinue 64.8 miles of branch line service between San Angelo and Sonora.

The branch line runs from a junction just south of the railroad's crossing of Loop 306, through Christoval and Eldorado to Sonora.

Railroad officials pointed out that service on the branch line is now provided only as business justifies (about three trains a week). Outbound traffic consists largely of wool, livestock, cotton and grain and inbound traffic is primarily feed and feed ingredients. The only depot agency in operation on the line is at Sonora, with B. L. Roberts as agent.

Santa Fe estimated that it lost more than \$18,000 on the branch line operation in 1969 and that \$15,000 was for ad valorem taxes.

The line was constructed in the late 1920's and put into service in 1930.

Railway officials maintain the track condition along the line is so poor that speed limit is 30 miles per hour along 22 miles of the line and 20 miles an hour along the balance of 42 miles.

If the line is to be continued in service without rehabilitation, estimated expenses would total \$320,000 or 1971 through 1975, according to the railway officials.

Protesters attended the hearing from Sonora and Eldorado. County Judge Bob McWhorter and Morty Mertz were among those from here to protest the proposed abandonment.

Main theme of protests given was that doing away with rail service would hinder any future industrial development of this area, as well as do away with bulk shipping facilities for agricultural commodities and livestock.

Nursing Home Notes

Visitors for this past week in the Nursing Home were Mr. and Mrs. Floyd McGinnes from Crosbyton, Texas; Mr. and Mrs. Kyle Neil, Midland; Mr. Albert McGinnes, Sterling City; Mr. and Mrs. Oliver Teele, Richard Jones, Mr. and Mrs. Gene McCalla and Mrs. Mike Moore of Eldorado.

Also visiting were Mrs. Jack Browning, Odessa; Mrs. Frankie Williams, Mrs. Fenna Whitten, Eldorado; Mrs. Violet Moore, Temple, Texas; Mr. E. R. Kinser, Ozona; Alvin Sandeford, San Angelo; Mr. and Mrs. Kenneth Henderson, Mr. and Mrs. W. E. White from Ozona; Mrs. Charles Young, Miss Ruth Baker, Mrs. Frank Van Horn, Mrs. Bernice Koy, Mr. T. E. Donaldson, and Mr. and Mrs. Whip Faulk of Eldorado, and Mrs. W. T. Mills of Big Lake.

Mrs. Martha Jones was out one day visiting her family. Mr. Tom Jones spent part of Sunday at the Jess Koy Ranch.

Mrs. Ruth McGinnes spent Sunday at the Elton McGinnes home helping her husband, Mr. Sam McGinnes, celebrate his birthday.

Mrs. Hallie Parker took a leisurely ride over town with her daughter, Mrs. W. T. Mills. Mr. and Mrs. John Davis were out on their usual Sunday morning ride with Mr. and Mrs. Curtis Andrews.

The patients, families and friends enjoyed the church services which were delivered by Rev. Walter L. Ford of the Apostolic church.

Chilly Weather Brings Some Rain

There have been scattered showers here and elsewhere over Southwest Texas the past week. Rains here in recent days have totaled from a half to an inch and more.

Residents awoke Wednesday morning to a chilly 40 degree temperature reading, the coldest thus far for the Fall season. Some are predicting a killing frost before long.

The cotton harvest remains at a standstill.

Mrs. Thelma Childers visited in Cameron recently with the K. G. Willy family.

Eagles Head To Robert Lee Friday Night For Second District 9A Tilt Of Season

FOOTBALL BULLETIN BOARD

How They Came Out Last Friday Night:

Sonora 69 Menard 0
Robert Lee 56 Bangs 0
Mason 34 Eldorado 8

Where They Play Tomorrow Night:

Bangs in Sonora
Mason in Menard
Eldorado in Robert Lee

How They Stand In Conference Play:

Conference Play:	W	L	T
Sonora	1	0	0
Mason	1	0	0
Robert Lee	1	0	0
Eldorado	0	1	0
Menard	0	1	0
Bangs	0	1	0

About Robert Lee:

Only loss charged against Robert Lee to date was in the season's opener against Wall which Robert Lee lost 7-2. Since then it has been Robert Lee over the opposition: Over Bronte 28-0; Over Wylie 7-0; Over Forsan 40-12, and last Friday night over Bangs 56-0.

Comment: Robt. Lee scouts didn't take home comforting news from Eldorado last Friday night.

A Comment On The Eagle Marching Band:

A feature of every game except one to date has been the sparkling performance of the Eagle Band. Exception was the night of the Junction game. Uniforms and instruments are too costly to be exposed to such a driving rain.

Federal And School Holiday Set Monday

This coming Monday, Oct. 25th, will be a holiday for local Federal employees and for school students. The Post Office and other federal offices will be closed for Veterans Day, and local teachers will join others from a wide area at the district TSTA meeting in San Angelo (more fully described in an article on page 3).

The Bank will also be closed Monday.

So if you have any immediate business to take care of at the Post Office or Bank, do so before this week end.

The Gingedbraed Man In Nursery Land

Kindergarten program Thursday, October 21 at 2:00 p. m. in school auditorium. Everyone is welcome.

Area sportscasters will probably pick Robert Lee to defeat Eldorado tomorrow night in Robert Lee. They will base this prediction on the win-loss records of the two teams to date. In this instance, this is "risky business" for the "football seers" and considerably more so for the Steers who are apprehensively waiting for tomorrow night's opening kickoff. If the Steers individually are not apprehensive about the game's outcome, the chances are that movie projectors are whirling and chalk "splating" against the blackboard in the Robert Lee coach's office.

The bruised and limping Eagles are a "hungry" ball team while the Steers have been enjoying some tasty wins over less powerful opponents. Question is Can the Steers continue their "zestful" play against the Eagles hardnosed defensive squad? And can the Steers contain an offense that has chalked up an average of 260 yards each game against three Class AA schools and against three of the strongest Class A schools? It is a foregone conclusion that Eldorado will provide Robert Lee the toughest competition the Steers have encountered to date.

The Robert Lee offense features "Straight T" formation with standard variations such as shifting an end to either side and positioning a halfback in the interval between the end and tackle. They may not shift the end end position one halfback just outside the end for so called "Wing T" advantage.

Scouts say the Steers are basically a competent "on the ground" team, specializing in grinding out four yards at a down but sometimes passing just to keep opponents from getting in too close and bunching up at attack points in an effort to thwart the "four yards at a down" bit. Just to illustrate the Steers' lopsided utilization of "on the ground" attack, they have carried the ball 187 times in six games. A hasty calculation figures that they will run with the ball 80% of the time or four times out of five.

Their starting offensive lineup is probably as follows:

No.	Name	Pos.	Wt.
86	Harvey Wink	LE	145
56	Sid Burns	LT	185
63	Mike Conley	LG	175
50	Donny Mauldin	C	177
66	Alex Costilla	RG	160
77	Frank Box	RT	170
40	Randy Flanagan	RE	140
25	Rudy Abalos	LHB	155
24	Danny Percifull	RHB	185
42	Bobby Mumford	FB	175

Defensively, the Steers employ a four-man front with three line backers. This leaves two defenders formerly called halfbacks but now termed "corner backs" and two other defenders who play somewhat farther back and are now termed "halfbacks" or "safeties." Their four linemen average 170 pounds and the three linebackers, more than 180. Their linemen often charge at an angle or "slant" into their opponents while the linebackers watch and follow opposing backs.

Their favorite pass receiver to date has been No. 24, Danny Percifull; but their best running back is No. 42, Bobby Mumford, as senior fullback. Eldorado Eagles will remember Mumford from games played the last two years. Fleetest member of the Steer backfield is No. 25, Rudy Abalos.

Conclusions run about as follows: The Steers and the Eagles are relatively evenly matched in size although Robert Lee probably has a more even distribution on the weight. They are not as powerful as Iraan, Junction, Ozona, or Mason but they are a steady, consistent, and strongly competitive football team and should be handled with

HOLCOMBS ON TRIP

Dr. and Mrs. M. G. Holcomb, El Paso, are on a three weeks tour of 10 European countries. They will return Nov. 7th.

Support the Lions Club candy sale for Halloween. Starts Friday.

Meanwhile the Eldorado Eagles, tempered and hardened with severe bumps and adversity, will do their best to clear their infirmity of injuries which although not too serious are painful and cut down on the speed and efficiency of the lads suffering from them. Billy Doc Hubble still has his painful ankle; Lonnie Reynolds has a sore ankle also; Archie Nixon has a tender shoulder and a "hip pointer" (received a hard blow on the hip joint); Ricky Griffin is protecting his "twingy" collar bone with a special set of shoulder pads; and almost all the other Eagles are nursing routine bumps and bruises among whom are Tim Farris and Oscar Martinez.

Coach Ronnie Stephens said this past week end that there would be few changes in the Eagle lineups. He continued that Hunter Henderson at quarterback gave the Eagles a versatile backfield, featuring Ricky Griffin at halfback, Hubble at fullback, and Archie Nixon at back man on the "I formation" and that Nixon's impressive 110 yards against Mason might have been 200 as Nixon was almost loose and only a hand on his foot stopped him. Another night and this sort of break may go with Nixon. Coach Stevens commented that Ken Peters was developing into a fine pass receiver even when "whammed" immediately after receiving crucial aeriels. He concluded that it was hardly fair to single out individuals when the Eagles to a man had performed in spirited fashion.

The game tomorrow night is crucial for both Steers and Eagles. Last year Eldorado "whacked" Robert Lee 28-7. Not only will the Steers be anxious to return the compliment but to maintain their footing in the 9A championship race in which they are currently tied with Mason, and Sonora.

Game time is 7:30 p.m. in Robert Lee and the tension is bound to be building rapidly. As the type-writers used to rattle in "the old days" — "Now is the time for all good Eagles and their 'folks' to—"

Lions Club To Start Candy Sale Friday

The Eldorado Lions Club will launch their annual Halloween candy sale this Friday morning from the Lions Den truck parked near the post office.

The sale will be conducted about the same as in previous years. The bags will be sold for \$1 each.

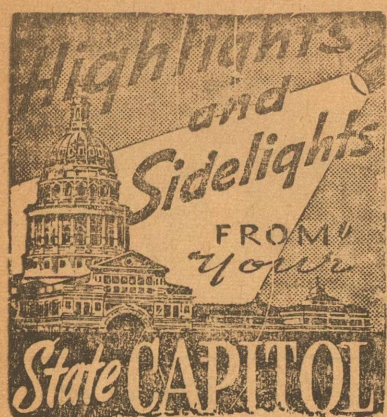

Each local Lion will be assigned a two-hour shift to sell the candy. If he is unable to work his assigned time, he may trade with another Lion.

This is a money-raising project put on each Fall by the Lions and proceeds will be used to further community betterment through projects. Chairman of the sale is Bill Rountree, with Granvil Hext as co-chairman, it was pointed out by Boss Lion Bill Gunstead.

So . . . buy your trick-or-treat candy from the Lions Club and help your local community.

Austin, Tex.—Organized labor leaders of Texas have set as political priorities for 1972 the defeat of President Nixon and support of former U. S. Senator Ralph Yarborough for any office he seeks.

AFL-CIO State President Roy R. Evans announced the goals were adopted by his organization's executive board and the COPE administrative committee in a recent meeting here.

It is "quite possible," Evans said, the AFL-CIO will make no endorsements in next year's governor's race unless Yarborough is a candidate. He noted a two-thirds majority of delegate strength is necessary for endorsement in a COPE convention.

Lt. Gov. Ben Barnes and Dolph Briscoe of Uvalde are announced gubernatorial candidates.

Evans listed the lieutenant governor's race as the No. 3 priority of labor; the House Speaker's race No. 4 and congressional, state Senate and House contests No. 5.

He unveiled a voter registration goal of six million by the 1972 general election.

In a September poll of AFL-CIO convention delegates, Evans reported 201 felt Yarborough should run for the U. S. Senate, while 120 preferred that he run for governor and 26 for neither office.

He said 298 labor delegates would prefer Yarborough to 33 for Barnes in a governor's race between the two, while 294 would pick Yarborough to 47 for Briscoe.

The labor delegates liked Sen. Hubert Humphrey for president, giving him 313 straw votes to two for Alabama Gov. George Wallace and none for President Richard Nixon.

A random poll of rank and file union members showed 87 for Humphrey to 51 for Wallace and 38 for Nixon. AFL-CIO convention delegates gave Yarborough 350 votes for senator to three for Sen. John Tower, and the former senator 316 to 13 over Democratic senatorial hopeful Harold (Barfoot) Sanders of Dallas in the poll.

Attorney General's Opinions

Texas' nepotism laws are applicable to regional planning commissions and their employees, Atty. Gen. Crawford C. Martin has held. In other recent opinions, Martin concluded:

—Tax due on natural gas production is calculated on the basis of the total proceeds of the sale of all component parts, less allowable transportation and processing costs. Tax is then borne ratably by various interested parties. The formula is spelled out in the opinion.

—Texas Real Estate Commission must transmit half real estate broker and salesman renewal licenses fees to Texas A&M University for a new research center. Half must go to the State Treasury.

—County commissioners may purchase or lease and maintain two-way radio equipment for the sheriff and his deputies, but not for a Parks and Wildlife Department game management officer.

—Nueces County domestic relations court has concurrent jurisdiction with county courts at law over misdemeanor wife and child desertion cases, while the county court has no jurisdiction over them.

—New law did not change the duty of the Upshur County clerk to write warrants in payment of the salaries of county employees and county bills authorized by law and approved by the commissioners court.

—A bill providing that county commissioners courts of each county shall fix the amount of compensation, office expenses, travel ex-

penses and all other allowances for county and precinct officials and employees paid wholly from county funds is valid.

Draft Call Set For Texas

The Texas draft call for the rest of 1971 is 588 men, State Selective Service Director Col. Melvin N. Glantz announced.

None will be ordered for induction in October, 363 in November and 195 in December. All are from extended first priority groups.

Glantz said the RSN cut-off for 1971 would be 125 for men in the first priority group.

Orders for induction for the call were mailed by local boards over Texas, with 30 days notice required in all cases. About 6,400 men will be ordered for pre-induction physical examinations in October and November.

Short Snorts . . .

Dr. Elmer Baum of Austin resigned as State Democratic Executive Committee chairman, and SD EC set a Wednesday (Oct. 20) meeting in Dallas to pick a successor.

Legislative Redistricting Board, after coming up with a Senate redistricting scheme, is racing to beat the clock and complete House of Representatives reapportionment by October 23 deadline.

Governor Smith declined to call a special legislative session "for any purpose" after a telephone poll of House members.

Applications have been filed for Citizens State Bank in Rowlett, Dallas county, and Woodridge State Bank in Gulfgate Mall, Houston.

Jim Kane, state Republican party executive director, said the GOP expects to pick up 20 to 30 Texas House seats next year if redistricting lines are "drawn right."

Beta Sigma Phi News

Beta Sigma Phi girls have been as busy as little yellow and black bees lately.

To start off our month of October, we were surprised one night by a come-as-you-are Midnight Soiree, which was enjoyed by all.

On Oct. 4th, we had a friendship night where everyone enjoyed meeting new friends and getting acquainted through games and fun.

We had five of our guests attend our meeting last Monday and are looking forward to welcoming some new members into our sorority in the near future. Our program was on Self Estimate and was given by Ruthie Dacy.

We are all looking forward to the 23rd of this month when we will all celebrate halloween with a masquerade ball which will be hosted by Mrs. Rony Kerr and Mrs. Buddy Zly.

That's not all! On Friday, Oct. 29th at 9:00 a.m., we will be looking forward to seeing all of you at our Bake Sale downtown. If you would like to order something special call 2830 or 2814.

As you see we have been busy, but that's the way we like it. It's fun! —Rep.

TB Christmas Seals To Be Mailed Out

Later this month many citizens of Schleicher County will receive their envelope containing the traditional Christmas Seals. This year we will be asked to return our contribution for this important health work to a different location," J. B. Brame, M. D., a member of the Board of Directors of the Big Country Area of the Texas Tuberculosis and Respiratory Disease Association, announced this week.

To reduce the costs of administration and to increase overall efficiency the Christmas Seal mail appeal has been "centralized" and all record keeping computerized. All contributions this year are to be returned to Austin. Proper accounting procedures will credit all gifts to the county from which they came. Now more of each contributor dollar can be spent on the association's basic aims: control of Emphysema and other Respiratory Diseases, eradication of Tuberculosis, and elimination of Air Pollution and Smoking.

"We hope everyone who receives an appeal letter containing Christmas Seals will respond generously this year as 'there is more to do.' Remember, just because the gift is sent to Austin does not mean that Schleicher County will not get credit for the gift. Actually, we will receive more benefit since the cost of soliciting the gift will be reduced," Dr. Brame said.

Make-It-Yourself With Wool Contest

Make It Yourself With Wool 1971 fashion competition for district 5 and 6 will be held in Junction, Texas, December 4, at the Junction High School. Counties included in District 5 and 6 are: Bandera, Crockett, Edwards, Gillespie, Kendall, Kerr, Kimble, Kinney, McCulloch, Mason, Menard, Real, Schleicher, Sutton, and Val Verde.

Garments must be made of 100% American loomed wool. For the first time this year knitted garments of 100% wool thread are eligible for competition.

Competition is open to everyone except professionals in the fields of home economics, fashion and sewing or knitting; and American Sheep Producers Council employees and members or their families. Garments will be judged in four age groups: Adults, over 21; seniors, 17-21; juniors, 14-16; and sub-debs, 10-13. Sub-debs compete only at district level. Adult competition goes to the state level and winners in the junior and senior division are eligible for state and national competition in both the junior and senior division will be a European trip.

The purpose of Make It Yourself With Wool is to focus attention on the beauty and versatility of American wool, to encourage girls to use this incomparable fabric or yarn in sewing or knitting their own fashionable garments and to offer young experts the opportunity to compete for valuable prizes and to win recognition for their sewing or knitting skills.

Girls and women interested in entering may secure entry blanks from Miss Dana Ray Owens, Home-making teacher, Eldorado High School, or by writing Mrs. R. P. James, Junction, District 5 and 6 Director.

Kitchennette - Food 4-H Group Meets
The Kitchennettes met at the Memorial Building Wednesday, October 13, at 4:00 p.m.
The girls had their first cooking lesson today. They divided into two cooking groups. Each group made a barbecue meat loaf. After the meat was prepared and put in the oven the girls wrote down the recipe for their files and filled out their record books.
A prayer was said, and then the girls got to eat their own cooking.
Those present were Susan Mertz, Cassie Morrison, Susie Wagner, Cynthia Mittel, Janette Hanusch, Donna Casbeer, Susan Warnock, Karen Copeland, Kelly Engdahl; adult leaders, Mrs. Peggy Mittel and Mrs. Ruby Morrison. —Sec., Kelly Engdahl.
Lucy Campos and Louise Mendez and two little girls from Fremont, Calif., are visiting Luis Hipolite and a sister, Maria Gauna.

Arthritis Is A Very Common Ailment

One of the most common ailments in America, at least one everyone hears a great deal about from relatives and friends, is arthritis. Actually, arthritis is only one of several diseases in the family of rheumatic ailments — arthritis, gout, rheumatic fever, and a host of allied ailments that affect joints and muscles.

Today arthritis and other rheumatic diseases are among the greatest causes of chronic disability in the United States.

"The total number of victims is as great as the total population of the State of Texas," said Dr. Jas. E. Peavy, Texas Commissioner of Health. "Of the 12 million estimated to be ill, over a quarter-million are completely disabled."

Arthritis and rheumatism alone cause the loss of more than 115 million work-days annually, a figure equivalent to 470,000 persons out of work for the entire year. This amounts to more than a billion and a half dollars annually in lost wages.

Arthritis also drains away \$200 million in subsistence allowances to arthritics unable to support themselves, and \$200 million in lost income taxes.

Two types of arthritis, rheumatoid and osteoarthritis, account for about 70% of all the misery from the rheumatic diseases.

Of every 100 patients who come to doctors or to clinics because of rheumatic diseases, it is estimated that 30 to 40 have rheumatoid arthritis, and 25 to 30 osteoarthritis, a type of joint disease due to wear and tear and old age. Ten to 20 have rheumatism of muscles or other tissues, 7 to 10 brought on by injury, and 3 to 5 suffer from gout. One has rheumatic fever, 2 have arthritis following infection with gonorrhea, and 3 to 5 have other miscellaneous forms of rheumatic disease.

There are many theories as to the cause of these diseases. One is infection, but the guilty viruses have not yet been identified.

Another is that it is a change in metabolism—the way your body uses foodstuffs and carries on its work. A breakdown in the complex balance of body hormones also is suspected.

According to other theories it is a disease of blood vessels in the affected areas, a disease of the nervous system, an emotion-spawned or psychogenic disease, or some kind of hypersensitivity or "allergy."

"Many things are known about these diseases, but we do not yet have all the facts. Much more work and research is still to be done. The important thing is to diagnose and treat the disease early," Dr. Peavy says.

Dr. Newberry To Address Teachers

Students in the public schools of Eldorado and San Angelo and a broad West Texas area will take a holiday on Monday, Oct. 25 as their teachers attend the annual convention of District 15, Texas State Teachers Association.

San Angelo Coliseum will be the scene of the annual fall meeting of the group, also known as the Mid-Texas Education Association.

Ballinger School Supt. Dick Richcy is president of the association and will preside at the general session at 9:30 a.m. that day in the coliseum.

Featured speaker will be Dr. W. C. Newberry, associate professor of education at Southwest Texas State University at San Marcos. Newberry has spoken in San Angelo before, including a November 1969 appearance at the Executives Dinner Club.

Theme of the '71 convention is "Professionalism: Commitment."

During the business portion of the general session, members will elect a new slate of officers. Due to step into the presidency is Mrs. Ruth Ann Stephens of Stephenville, who was named president-elect at last year's convention in Brownwood.

The general session will be followed by a group of section meetings, many starting at 2:00 p.m. on the Central High School campus. Others are luncheon meetings.

On the list of speakers and panelists for other section meetings are faculty and staff people from Angelo State University, the Region 15 Education Center and San Angelo schools.

Marketing Tips

College Station, Tex.—Interested in saving money this week while shopping for the family food supply? Follow these marketing tips, suggests Gwendolyn Clyatt, Extension consumer marketing specialist.

No one meat is spectacularly featured this week, but some pork, poultry and beef are tagged with special prices. Boston Butt roasts and loin cuts are the key specials on the pork counter. End chops, semi-boneless hams, bacon and sausage are also thrifty buys.

Good beef values continue to be found on chuck cuts—both roasts and steaks. Round steaks, ground beef and liver are also good choices.

Chicken hens are offered at attractive prices in some markets. Fryer chickens—whole, cut-up or pieces—continue to be good values. Egg prices also remain about the same as last week; they continue to be economical protein choice. In some stores little difference in prices exists between Grade A large and Grade A medium eggs, but a dozen large size eggs are three ounces heavier.

At the vegetable counter, cabbage is now in abundance and generally prices are a bit lower, Mrs. Clyatt says. Other fresh vegetables include carrots, potatoes, dry yellow onions, sweet potatoes and cooking greens.

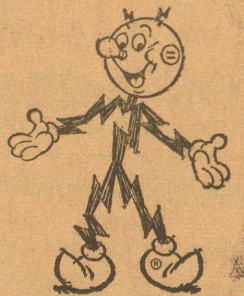

Fresh fruit in good supply at the most economical prices includes grapes, bananas, apples, pears and honeydew melons.

Wool Meeting Set In Lubbock November 2-3

An Eldorado ranchman will be the chairman of the Wool Planning Committee meeting in Lubbock Nov. 2-3 at the Sheep Industry Development Program (SID), scheduled to be held at Texas Tech University.

Howard Derrick will serve as committee chairman of the meeting at the Industry Wool Symposium, at which industry members will "take an in-depth look" at the total sheep industry picture. The chairman of the committee and member of SID board of trustees said officials and industry leaders will conduct the meeting "in view of the critical wool situation faced by domestic wool growers and the serious straits of the American Textile Industry."

Richard D. Biglin, managing director of SID, said much of the current situation is directly related to the world wool market and other factors over which the domestic producer has no control, such as the general business recession and the uncertainty of the fashion picture during the past year.

Oversreet Serving In Texas Aggie Band

JIMBO OVERSTREET

College Station, Tex.—James Leslie Overstreet of Eldorado is contributing this fall to the "thunder and blazes" sound of the Texas Aggie Band.

He is a freshman member of the renowned Texas A&M organization known for its precision football halftime drills.

Gridiron fans in Fort Worth, Houston, Austin, Dallas, Waco, Lubbock and frequently on television thrill to the intricate maneuvers of the Aggie Band.

The 300-member Aggie Band also appears in Corps Trip parades, campus reviews, San Antonio's Battle of Flowers Parade, the Governor's Inaugural Parade and other events.

Directed by Lt. Col. E. V. Adams, dean of SWC bandmasters in his 26th season, the band is a voluntary membership organization of the Corps of Cadets. Auditions are not required, only previous marching and playing experience.

The secret of the band's perfection is revealed to freshmen each fall by Colonel Adams.

"My first speech to them includes a statement that they are going to learn something in the band that isn't taught anywhere else—the ability to perform under stress and strain, to carry out an assignment to perfection with their minds blanked out to everything except what they're doing," the director said.

Former bandmen tell Adams the lessons of concentration learned are of great value in their professional lives.

Overstreet, son of Mr. and Mrs. Overstreet of Eldorado, majors in chemical engineering at A&M. The 1971 Eldorado High graduate is an Air Force ROTC cadet and plays bass in the Aggie Band.

Scout News . . . Pack To Meet Oct. 26

Cub Pack 18 sponsored by the Ministerial Alliance will have their pack meeting on Oct. 26 at the Memorial Bldg. at 7:30 p.m., according to R. K. Bradley, Cubmaster.

Den leaders have been working with their Cub Scouts and will present a program at the pack meeting. New Cub Scouts will be inducted with the rank of Bobcat at this pack meeting.

Troop 18 Event Set Oct. 23-24

Troop 18, sponsored by the Eldorado Lions Club, will be participating in the Twin Mountain District Scout Skills Camporee to be held at West Texas Boys Ranch near Tankersley on Oct. 23-24. The events start at 2:00 p.m. Saturday and the Camporee closes at 1:30 p.m., Sunday.

Asst. Scoutmaster David Lee has been helping the Buffalo and Wolf patrols in practicing the following events:

"A" Frame race, knot tying, fire by flint and steel and friction, first aid, compass course, signaling, tug of war, string burning, rope climbing, monkey bridge, crossing, map symbols, litter relay, sawbuck, nature measuring height and width, log haul and rolling, smell-o-vision, ladder making, tent peg driving and nail driving, tug of war and 200 yard relay.

Sheep Producers' Meeting Held In Wyoming

Members of the board of directors of the American Sheep Producers Council (ASPC), Denver, conducted their 42nd semi-annual meeting at Little America, Cheyenne, Wyoming, October 7-8, 1971.

Workshops designed to keep ASPC directors informed on Council activities and related subjects were presented. ASPC is the promotion arm of the sheep industry, promoting its two main products, wool and lamb, under the names of the American Wool Council and the American Lamb Council. Attending were from left: Howard Derrick, Eldorado, Texas, Board of Trustees, Sheep Industry Development Program (SID), and ASPC Director; John Morrison, Assistant Managing Director, SID, Denver, Colo.; Ralph Grimshaw, Board of Trustees, SID, Columbus, Ohio.

Two Found Guilty, One Case Continued, In District Court Session

District Court met in session this week with Joe L. Mays presiding.

Pedro Ortiz, charged with theft over \$50, waived jury and was given a two-year probated sentence. Posey, tried also on charge of theft over \$50, was also found guilty and given a two-year probated sentence.

The case of Glenn Darrell Grumbles, 28, of Fort Worth, was continued. He was indicted recently on charge of murder with a motor vehicle in connection with a one-car crash about 7 miles north of Ft. McKavett at 6:00 p.m. May 23. William Ruize, 26, of Fort Worth, died after the crash.

Civil cases were to be on the docket here Wednesday.

Back From Trip To State Of Washington

Mr. and Mrs. Pat Enochs returned last week from a trip to Seattle, Washington. They were accompanied by their daughter and son-in-law, Mr. and Mrs. Merlin Hauan of Dallas, and Mrs. Enochs' mother, Mrs. Fred Schultz of Tyler, Texas.

One of the highlights of their flight was getting within 1/2 mile of the snow covered crater on top of Mt. Rainier. Mr. Hauan, a native of Washington, explained that the Forest Service is keeping an eye on the east side of the mountain because the snow has been melting and it could be an indication that the mountain is becoming active again as a volcano.

They saw many points of interest while there and the only complaint this reporter heard was that Pat wouldn't get up at 4:30 a.m. while the tide was out to help Gloria dig for clams.

Dr. Ferrin H. Holcomb Died In Oklahoma

Word has been received of the recent death of Dr. Ferrin H. Holcomb in Blanchard, Oklahoma, where he had been practicing since leaving Eldorado. He was associated here in the early 1950's with his brother, Dr. M. G. Holcomb.

His wife, Ruby, and daughter, Laura Lou, and son "Hammy" will be well remembered by their many friends.

Her address is 502 North Jackson St., Blanchard, OK 73010.

Miss Andrea Lacy, San Angelo, was a week end guest in the home of Mr. and Mrs. R. K. Bradley. Sue Collins also spent the weekend with her.

Mr. and Mrs. Emmitt Eakins of Rule visited last week here with their son-in-law and daughter, Mr. and Mrs. Pat Wester, and family.

IN SONORA HOSPITAL

W. O. Alexander, who will be 90 years old this Saturday, Oct. 23, is now a patient in the Sonora hospital.

His son Forrest of Amarillo visited him Monday and Tuesday.

District Opener Lost To Mason 34 To 8

It is true that Mason's burly Cowpunchers overpowered the Eldorado Eagles 34-8 last Friday night. It is also true that when a team which is made up of 9 seniors, 16 juniors and 4 sophomores, and with an average weight advantage of 20 pounds or more, spends as much time behind its own 10-yard line as Mason did, and has its running game halted as much of the game, and this when competing against seven seniors, seven juniors, and eight sophomores, that team should do some "soul searching." Unless Mason can come up with some good solutions, that team may not get out of 9A District competition this football season.

The Eldorado Eagles deserve a hearty commendation for their spirited and effective resistance to the brawny Cowpunchers last Friday night. Statistics show that the Eldorado lads did compete bitterly against great odds and that they never gave up. It is highly significant that the Eagles racked up 438 yards progress against the massive Cowpunchers.

Mason scored early in the game when Carlton Eckert, No. 22, broke away for 40 yards to cross the goal line standing up. Armando Martinez kicked the extra point and Mason was out front 7-0.

Eldorado came back strongly after the kickoff and hacked out five consecutive first downs to penetrate to the Mason six-yard line where disaster in the form of a fumble robbed the Eagles of the chance to score.

Mason scored again 3 minutes before the half when after another Eldorado fumble on the Eagles' own 20-yard line, a successful pass and three ground sorties put the ball across. Martinez again kicked the extra point and the half ended 14-0 for Mason.

The last half saw Mason capitalize on a powerful running attack which when shuffled in with a successful 54-yard pass-run combination resulted in the third Mason score. The extra point was good and Mason led 21-0 at the end of the third quarter. Mason scored twice more in the final period, one as the result of an Eagle fumble deep in Eagle territory, and the last time after Eldorado had scored and kicked off. The last try for extra point failed, but the scoreboard read Mason 34, Eldorado 8.

The Eagle touchdown came with four minutes to go in the last quarter. QB Hunter Henderson piloted the Eagles for four first downs, finally gouging out a 50-yard pass-run combination to Ricky Griffin from the Eldorado 40-yard line to the Junction 10-yard stripe. Henderson then flipped the ball to Gene Nixon in the end zone for the touchdown and again to Terry Clingan in the end zone for the two extra points. The Eagles had scored and that was in spite of Junction's strong resistance.

Defensive stalwarts for Eldorado were Mike Manning with 17 tackles. Gene Nixon racked up 7; Len Mertz, 5; and Ricky Griffin and Gary Danford tabbed four each.

Archie Nixon as tailback broke the 100-yard mark by carrying 24

times for 103 yards. Billy Doc Hubble ground out 68 yards in 19 carries and Ricky Griffin hauled the ball 35 yards on eight carries. Hunter Henderson kept the ball and ran seven times for 18 yards which when combined with his passing yardage of 206 give him a very impressive statistical stature.

Gene Nixon gathered in four Hunter-Henderson aerials for 57 yards and Terry Clingan caught 5 for 45 yards. Ken Peters grabbed two for 21 violent yards as did Tim Farris with two for 28 yards. Archie Nixon took one for seven yards which when added to his 103 yards marching gives him a highly commendable night's progress of 110 yards.

But Ricky Griffin caught only one; but he stretched it out for 48 yards and it resulted in Eldorado's touchdown.

Ricky Griffin and Tim Farris pooled efforts to capture a Mason bobble, Griffin causing the fumble and Farris falling on the loose ball.

Tim Farris also pilfered a Mason forward pass. This when combined with his share of the Mason fumble which saw Farris and Griffin collaborating gives Farris a most commendable record in the meritorious work of capturing enemy weapons.

Gene Nixon's successful completion for the Eagle touchdown plus the one in the Junction game the night of October 8 give him an excellent standing in the statistical department early in the conference play.

Coach Ronnie Stephens remarked the past Saturday that the Eagles had done very well in controlling the ball. This statement is substantiated by the fact that Eldorado kept the ball for 27 first downs against the brawny Cowpunchers. He continued that the Eagles had done very well in limiting the tough Mason passing to only five completions.

Some official "boo-boos" hurt the Eagles; but there is no denying that the "underdog" lads from Eldorado made a fine contest of it all the way.

Methodist Notes

The Dorcas Circle met in the home of Mrs. Ed Hill at 3:00 p.m. on Monday, Oct. 18th.

The FBF Class held a covered dish supper and Tacky Party in the educational building Wednesday evening of this week.

A Thanksgiving-Harvest Dinner is being planned for Nov. 4th. Each member of the church will be contacted to make food donations for the dinner. The money from the dinner is to be used to buy furniture for the den at the parsonage.

Presbyterian Notes

Representatives from the churches in Convention B were scheduled to meet Tuesday and Wednesday of this week at the First Presbyterian Church in Ft. Stockton to work on Standing Rules and Manual of the Proposed Union Presbytery.

This is Stewardship Season of the Church. The Session and Deacons meeting jointly last Wednesday evening adopted a budget for 1972. This budget will be presented to the congregation for adoption at the annual meeting on Nov. 17th. Jimmy Powell is serving as Stewardship chairman.

Flowers

With proper treatment and variety selection, tulips can be a spectacular sight in your garden or flower bed.

To compensate for the lack of cold winters, the bulbs should be dug up in late summer after the foliage has died down and then chilled in the vegetable drawer of the refrigerator for 45 to 60 days before planting. However, this is not a foolproof method. To assure an abundance of blooms next spring, new bulbs should be planted each fall. In other words, treat tulips as annuals and discard the bulbs after they bloom. Unless the bulbs have been properly chilled, they will not produce the long, graceful stems and attractive large flowers.

Most bulbs shipped to the south by northern producers have been chilled prior to shipment. However, much of the chilling effect is soon lost if the bulbs are allowed to remain at room temperature until planted. Bulbs should be selected as soon as they appear on the market in the fall and then kept in a cool place until planting. The ideal storage as mentioned before is in the vegetable bin in the refrigerator.

Plant the bulbs immediately upon removal from storage in December. By this time the soil is cool and bulbs will initiate root growth. Thus they will be in better condition to grow when warm Spring weather arrives. Locate the tulip bed where it will receive ample sunlight and preferably have some protection from south winds if possible.

Tulips do best in deep, fertile, well-drained soil. In areas having poor soil drainage, plant them in raised beds. Plant the bulb so the base is 6 inches below the soil line. This places the bulb in the cooler region of the soil and allows it to develop a better root system before the shoot appears above the ground.

Tulips make a more effective display when planted in masses of one variety and color. This does not mean that you should confine your entire planting to one variety, but rather keep each variety together as a clump for greater effect.

Pansy plants planted on top of a tulip bed will provide an attractive show of color during the winter and early spring. The tulip bulbs will push up above the pansies when they are ready to flower.

Remember to make your selections early, keep the bulbs cool, and plant them in December in well-prepared beds. The result will be an abundance of colorful spring flowers that will add a bright spot to an otherwise drab landscape.

Prussic Acid Threat Under Certain Grazing Conditions

Hybrid sorghum-sudan pastures, fast growing and excellent forage for livestock, can also be deadly during the fall grazing season.

The plant's own enzymes break down plant material and this results in prussic acid poisoning for animals which eat the forage, says Dr. James Armstrong, veterinarian with the Texas Agricultural Extension Service. The actual agent causing death is hydrogen cyanide.

"Prussic acid poisoning generally occurs at two times," explains Armstrong. "It is especially prevalent after a frost that has damaged plants. Also, poisoning occurs when plants perk up and begin fast growth after a very drouthy period."

Hay that is improperly cured can also present prussic acid poisoning problems for a short time.

Hydrogen cyanide is very volatile and therefore stays in the plants for only a short time. But while it is present, animals must be kept off the pasture for a few days, cautions the veterinarian.

"In severe cases, cows exhibiting symptoms when the veterinarian is called may be dead before he can arrive," points out Armstrong. "He will probably be able to save only those which are still breathing."

The veterinarian also urges farmers and ranchers to be on the look out for nitrate poisoning that may occur during the late fall on winter pastures when there is a lot of cloudy weather.

"Under these conditions, the plants, instead of growing and changing nitrates into protein, just accumulate the nitrates," explains Armstrong. "Animals must also be taken off these pastures until the plants have had a chance to grow and convert the nitrates to protein."

Armstrong noted that the blood of animals that have died from nitrate poisoning will be chocolate brown while those dying from prussic acid poisoning will be cherry red.
