70TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS, (76936)

Thursday, May 13, 1971

Number 19

Light Turnout Seen On Amendments

Schleicher county voters will join others over the state of Texas in going to the polls this coming Tuesday, May 18th. The vote is on four proposed amendments to the state constitution. A light local voter turnout is foreseen, judging from the fact that as of noon Tuesday only three absentee votes had been cast in the local County Clerk's office.

Local voters will all vote at just one polling place, at the Memorial Building. Mrs. Jo Woodward will be election judge and she will have several helpers. Sample ballots are available, both printed in this newspaper and on separate yellow paper.

Voters are urged to study the sample ballot carefully, but remember that you cannot take a sample with you when you go to the polls to vote. To do so would be a violation of the election code.

The polling place Tuesday will be open from 8:00 a.m. to 7:00 p.m. Deadline for voting absentee is 5:00 p.m. this Friday, May 14th, in the County Clerk's office.

Booster Club Fund Grows

The Weight Machine fund sponsored by The Eldorado Booster Club got a "shot in the arm" Monday when a group of Parent Teacher Association members met in a called meeting to decide on a project in which to invest a sum of money in amount of \$303.37. The PTA had disbanded and this balance was on hand to be used for some worthy cause in connection with school activities. Ron Stevens, Eldorado High School Football coach was on hand to make further explanations of the worth of the machine, already on order. The group voted to contribute the sum of \$303.37 to the Booster Club.

In addition to unused 1970 membership dues in the approximate amount of \$300 which will be applied to the weight machine fund, the following contributors have added appreciably to the total amount:

R. L. Ballew\$25
Clifford Schooley\$15
Phil Olson\$5
Mort Mertz\$10
C. T. Humphries\$10
John Rae Powell\$10
J. F. Cawley\$50
Anonymous\$20
Jerrill Sanders\$6
Elton McGinnes\$10
Am. Legion Post\$50
Anonymous\$10
James Williams\$10
Margaret Frost\$2
Robert Oglesby\$25
Winnie Jackson\$1
Mrs. F. M. Bradley\$2
Anonymous\$5
Rose Edmiston\$20
Paul Page\$10
R. A. Nixon\$5
Total\$301

The grand total from all sources is now \$904.37. The approximate amount still needed is \$350.

Cub Scouts Close Year With Family Picnic

Cubmaster Bobby Palmos had charge of the Cub Scout family night picnic at Camp Sol Mayer, near Ft. McKavett, last Friday.

The boys spent the afternoon swimming.

Three Wolf badges were presented to Ray Blair, Douglas Garvin and Jimmy Caddell. A Bear badge was presented to Chuck Jones.

About 50 attended, with each family bringing a covered dish.

TO MOVE HERE FROM BIG LAKE

Mr. and Mrs. Harvey Latham are expected to move here in the near future from Big Lake. He is being transferred here by Service Pipe; he has worked 31 years for the firm.

Also his son James and wife and baby daughter plan to move here. He has been employed as an orderly in the Big Lake hospital.

The elder Mr. Latham is in process of buying the house of the late Mrs. Kreklow (former Mabel Parker house) near the Methodist church.

Plaque Presented At Lions Club Meeting

The Lions Club met at noon Wednesday with Boss Lion L. D. Mund in charge and Bill Rountree program chairman for this month of May.

Lion Rountree introduced Barney Jefferson, District Conservationist from Tom Green county, who in turn presented the Outstanding Conservationist plaque to Robert R. Buescher of San Angelo, who ranches north of Christoval.

Rountree also pointed out that Soil Conservation Week is coming up soon.

Funeral At Haskell For R. Y. Mobley, 78

R. Y. Mobley, Sr., 78, retired farmer, passed away Wednesday, May 5th at 9:00 a.m. in West Texas Medical Center, Abilene, where he had been a patient eight days. He was the father of Raymon Mobley of Eldorado.

Funeral was held Friday, May 7th at 10:00 a.m. at First Baptist Church, Haskell, with Dr. Troy Culpepper, pastor and Rev. Hubert Sego, Baptist minister, officiating. Holden-McCauley Funeral Home was in charge of arrangements and interment was in Willow cemetery.

Mr. Mobley was born November 1, 1892 in Sulphur Springs. He married Effie Cook at Hylton, on November 22, 1914. They came to Haskell county in 1938 and settled 3½ miles southeast of Haskell where he was engaged in farming. She passed away October 5, 1965. He married Ila Peel June 13, 1966, at Clovis, N. M.

He was a member of the Masonic Lodge in Hylton and was a retired farmer. Survivors are his wife of Haskell; two daughters, Beatrice Mobley and Mrs. Marie Howeth, both of Haskell; two sons, Bob of Haskell and Raymon of Eldorado; four grandchildren; and one sister, Mrs. Inez Marney of Austin.

Blood Sought For San Angelo Girl

Donations of blood are still being solicited from throughout West Texas for Donna Branum, 14-year-old daughter of Mr. and Mrs. Dub Branum of San Angelo. She sustained severe leg injuries in a train accident in Texarkana about two months ago and has been confined to hospitals since then.

She was treated initially in Texarkana, then transferred to Shannon hospital where she remained until last week when she was moved to Dallas to the Scottish Rite hospital. Word received by relatives Monday is that she is to have the leg amputated sometime this coming week, at the Dallas facility. Goodfellow AFB personnel and other donors have been giving blood at Blood Services of San Angelo for the injured girl. Blood Services is located at 127 East Beauregard, one block south of Shannon hospital.

Miss Branum's father, Dub Branum of 1710 N. Van Buren, returned from Dallas with his wife Tuesday night and reported his daughter's condition was satisfactory, and that arrangements have been completed for the surgery next week.

Branum has been a fireman with the San Angelo Fire Department for the past 14 years and leads a musical group in that city. His mother, Mrs. Gladys Branum, also lives in San Angelo.

Dub Branum was a boyhood friend of Bill Gunstead when both lived a number of years ago at Pilot Point in Denton county. Gunstead was in San Angelo late Monday and gave a pint of blood and he urges other Eldorado people to do the same.

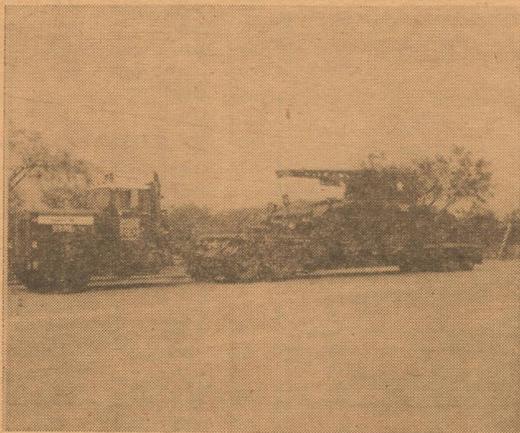

At press time this week, the family were still in need of blood donations in San Angelo.

Bicycle Inspection Day Set This Saturday

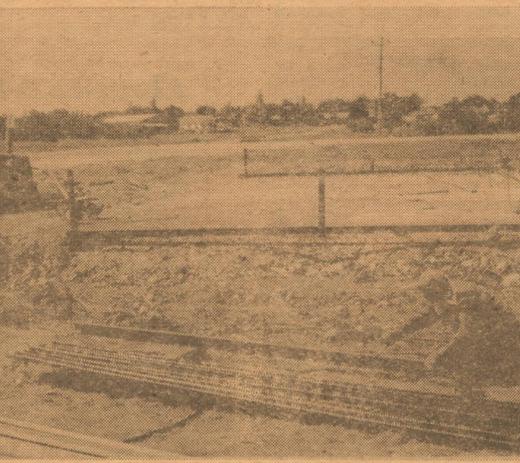

The Lions Club is sponsoring a Bicycle Inspection Day this Saturday morning at the Memorial Building. Bill Rountree is general chairman of the event.

Youngsters are invited to bring their bicycles for inspection, and prizes will be awarded for the best kept bicycles.

Post Script

This was typical of convoy of Army equipment passing through here Monday night and Tuesday on way to Fort Hood.

Workman is shown at work on foundation for the Butler vegetable packing shed to be built in northeast part of Eldorado.

CONGRATULATIONS TO THE GRADUATES

Graduation Issues Coming Up

As has been our custom for some years, we will salute the grads of EHS in the final two issues of the school year, for May 20th and 27th.

We plan to carry photos and write-ups of all graduating Seniors along with other news pertaining to them. We also hope to carry the class will and prophecy in the May 27 issue.

We have already done a considerable amount of the work on these special editions and we hope that they will be kept and treasured by class members and their friends in years to come.

Our public-spirited local merchants will carry advertising space to greet the class members and wish them well as they come to this significant milestone in life.

Here is a special word to our college students who took out 9-month subscriptions to The Success last fall and have been receiving it at your school address since then: Your subscription by mail is expiring with this issue. This is because most colleges are closing out their spring semester of work within the next few days and newspapers, being Second Class Mail, will not be forwarded to your new address when you move.

If you want your copies of the coming two Graduation Issues, you may come by our office and pick them up, or send one of your parents in to do so.

We have appreciated the opportunity to serve you this past school year and look forward to doing so again next September when you join the trek back to college.

Over 30 transport trucks were parked in Eldorado Monday night as part of a convoy moving east to Fort Hood. Each truck had an armored tank, a jeep, and a trailer on it. The trucks were parked in the Court House lot, up and

down South Main street, and several other places over town and by 5:30 a.m. Tuesday they were pulling out for Fort Hood.

As of noon Tuesday, there were only three absentee votes cast in the Amendment Election coming up May 18th.

Deadline for absentee voting is 5:00 p.m. this Friday, May 14th, in County Clerk J. P. Enoch's office in the court house.

Building going on:

Hanson Nixon is erecting a new house on his place southwest of town. He expects to tear down the old house, which was built in 1917, in the near future.

Tearing down continues on the old Wiedenmann clinic building on the highway. The interior walls have all been removed.

Foundation is being laid west of Public Housing north to be new location for the Baptist Mission parsonage.

Lynn Alexander has completed a new house on his place west of the cemetery.

A visit to Ray Gentry's Plateau Water Company early this week found everyone busy as usual loading out another big shipment of five-gallon bottles, and plans under way for expansion of the business.

Material was on the ground for a 520 square-foot addition to provide more space for the thousands of bottles used in the operation. The addition will be 13 x 40 feet in size.

Visiting Mr. and Mrs. Ray Gentry last week was their son, Willard W. Gentry, who will retire from the U. S. Air Force after 22 years of service, the end of the month of May. Willard's wife and two children make their home in San Angelo. It is understood that the family will move here after his retirement, and that he will join his dad in the water business.

Mr. Gentry went on to say that a son-in-law and daughter expect to locate in Eldorado also. The son-in-law also is completing 22 years military service and will retire in July.

The Future Homemakers of America chapter held a mother-daughter banquet Tuesday night in the school cafeteria.

Chairman Walter Pope Cites Stewardship Week

Soil Stewardship Week, a nationwide observance which places emphasis on man's obligation to God as stewards of the soil, water, and other related resources, will be observed locally, May 16-23, according to Walter C. Pope, III, chairman, Eldorado-Divide Soil and Water Conservation District. "The World and They That Dwell Therein," the theme of this year's observance, underscores the responsibility which each citizen has in fulfilling his or her role as caretaker of the realm. The Eldorado-Divide Soil and Water Conservation District and some 3,000 companion Districts throughout the nation along with their State and National Associations are sponsoring the event for the 17th consecutive year.

Among the events designed to encourage widespread recognition of Soil Stewardship Week are special sermons and church services, educational programs, tours, proclamations—all will play their part in broadcasting the message of stewardship to farmers, rural residents, and townspeople.

The Eldorado-Divide Soil and Water Conservation District will distribute upon request to churches of all faiths program blanks, bulletin inserts, posters, and booklets created particularly for this year's observance.

Members of the Eldorado-Divide Soil Conservation District Stewardship Committee are Clay Atkins, George Humphrey and Voy Lee Butts.

Drive Launched For Therapeutic Bath

The Schleicher County Medical Auxiliary met Thursday morning in the Medical Center at which time they voted to sponsor a fund raising campaign to purchase and install a therapeutic whirlpool in the Medical Center.

There is a decided need for this piece of equipment so our local doctors can treat people with muscle strains, arthritis, victims of paralytic strokes, as well as other needs.

The Auxiliary hopes the entire cost can be raised by donations and they ask anyone interested to send their check or hand their contribution to Mrs. C. C. McLaughlin.

The Auxiliary feels there is an urgent need for this equipment and they earnestly request all citizens to give this their consideration and support.

District Convention Of Lions Held In Midland

The District 2A-1 Convention of Lions International was held Friday night and Saturday in Midland with Lions and their ladies from a wide area in attendance. In the most important business proposition, the delegates defeated the proposed redistricting by 192 to 2.

Friday night, the District Queen's Contest was held and Loretta Schooley represented the Eldorado club. She was accompanied by her parents, the Clifford Schooleys.

Lions attending, in addition to the Schooleys, were Lion and Mrs. Bill Rountree and two daughters, Lion and Mrs. Bobby Palmos, Lion and Mrs. A. G. McCormack and boys, and Boss Lion L. D. Mund.

Postal Rate Hike Set

Temporary hikes in postal rates are set to go into effect Sunday, barring a last-minute injunction by some publishers.

The temporary rates will raise the price of a first-class stamp from 6 cents to 8 cents, air mail stamps from 10 cents to 11 cents and post cards from 5 cents to 6.

Second-class rates, which cover newspapers and magazines, increase from 20 to 30% and third class rates increase by about one third.

KINDERGARTEN PRE-REGISTRATION

is set Tuesday, May 25, 9:00 to 11:00 in Kindergarten building. Please bring birth certificate and health record. Enrollees must be five years of age by Sept. 1st.

Mary Hoover returned to her home in Dallas Monday after spending her vacation in Eldorado with her mother and aunt.

Nixon Qualifies In Three State Events

Field Event Specialist Archie Nixon represented the Eagle track team last week at the annual University Interscholastic League State Meet in Austin. Archie qualified in three events, the shot put, long jump and discus, and he was one of the few participants to enter the meet in these three events at the time. Although he had achieved better distances in all three events at previous meets he was able to finish 4th in the discus, 5th in the shot and 6th in the long jump. This meet ended the 1971 track season for the Eldorado Eagles, and it was an especially outstanding year for Archie. Out of total points accumulated by the team this year Archie had approximately 310 that he individually earned. He was high point individual at almost every meet except the state meet, and since he is a junior he will be returning next year.

Below is a summary of the 1971 Eagle Track Season:

Track Meet	Place	Total Points
Ft. Stockton	3rd 40
Ozona	3rd 69
Ballinger	4th 46
Eldorado	3rd 80
San Angelo	5th 25 2/3
Robert Lee	1st 80
Andrews	1st 90
District Meet	3rd 94
Regional Meet	3rd 38
State Qualifiers	16
State Meet	7
Total	585 2/3

Graduating Seniors who contributed to Eagle squad this year are Keith Williams, Jerry Baty, Steve Sykes, and Victor Belman.

These Eagles that will be returning next year are Archie Nixon, Mike Manning, Gene Nixon, Billy Hubble, Lester Nixon, Mike Ferguson, Ken Peters, Barry Williams, Hunter Henderson, Ricky Griffin, Gary Danford, Terry Clingan and Manager Robby Joyce.

Riding Club Meets; Sets Special Meeting

The Eldorado Riding Club met on Thursday of last week at their club house with 26 members and a number of children present. A covered dish supper was served.

In the business session the Junior Rodeo was discussed which will be held June 4th and 5th by the Jaycees in co-operation with the Riding Club. Buddy Zly was admitted a new member to the Riding Club.

Thursday, May 20, next week, was set as a special meeting night and all members are especially urged to attend as important business will be taken up.

Local Student Gets Reader's Dig. Award

Linda Derrick, valedictorian of the graduating class at Eldorado High School, has been given the Annual Award of The Reader's Digest Association for students who by their successful school work give promise of attaining leadership in the community, it was announced today by Guy Whitaker, principal.

Miss Derrick will receive an honorary one-year subscription to The Reader's Digest in any one of its 13 language-editions which she chooses, and a personal certificate from the Editors "in recognition of past accomplishments and in anticipation of unusual achievement to come."

The Reader's Digest Association is presenting these awards in senior high schools throughout the United States to the highest honor student of the graduating class.

The award to Miss Derrick, who is the daughter of Mr. and Mrs. Howard Derrick, was made possible through the cooperation of Mr. Whitaker and his teaching staff. She selected to receive the award, designed to stimulate scholarship, citizenship, and continued contact with good reading after graduation.

Track Award To Mayo

Commerce, Tex.—John Mayo of Eldorado received the award as the "Outstanding Track and Field Performer" at East Texas State University in ceremonies at the annual All Sports Banquet.

Emergency Loans Available To Farmers

Emergency loans are now available from Farmers Home Administration, to farmers and ranchers who need funds to enable them to continue their operations. The interest rate on loans made during May will be 4 7/8%. Funds may be used to finance annual operating expenses or to replace or repair damage that was a result of the drought.

Farmers and ranchers are eligible for these funds if they have sustained a loss due to the extended dry period.

Applications for loans in Crockett, Irion, Reagan, Schleicher, Sterling, Sutton and Tom Green counties may be made at the San Angelo Farmers Home Administration office in the 7 West Twohigh Building, in Room 510. Application forms may be obtained from the ASCS Office in Eldorado, also.

Budget Food Dollars

College Station, Texas.—Budget your food dollar this week by following these marketing tips, suggests Gwendolynne Clyatt, Extension consumer marketing specialist.

While shopping retail meat counters, look for best beef values on chuck roasts and steaks, rib roasts and steaks, liver, ground beef and round steaks and roasts. Pork values include hams, picnics, shoulder roasts and steaks and end-cut loin roasts and chops.

Fryers remain an excellent bargain in most meat departments, and Grade A large size eggs continue to offer the best combination of economy and quality for your egg money. Turkey is also a good choice. Since over 30% more turkeys are expected to be on the May market this year than in May of last year, look for attractive prices.

Fresh fruit and vegetable items in best supply at the most economical prices include apples, oranges, bananas, grapefruit, lemons, strawberries, pineapples, rhubarb, potatoes, celery, cabbage, carrots, lettuce, asparagus, yellow onions, mustard greens, radishes and green onions.

School Menus

(All meals served with buttered rolls and milk.)

Thursday, May 13: Fried chicken and gravy, creamed potatoes, carrot & apple & raisin & pineapple salad, blackeyed peas, jello with whipped cream.

Friday, May 14: Fish fillets, lima beans, candied carrots, spinach, cobbler.

Monday, May 17: Lasagna casserole, sliced beets, tossed green salad, canned fruit.

Tuesday, May 18: Hot dogs with chili, potato salad, pinto beans, fruit cup, cookies.

Wed., May 19: Spaghetti and meatballs, waxed beans, buttered carrots, fruit cobbler.

Thursday, May 20: German style sausage, pinto beans, potato salad, fruit jello, cookies.

Friday, May 21: Sandwiches—tuna, ham, pimento cheese; potato chips, English pea salad, ice cream, peach halves.

TYPEWRITER RIBBONS, for Royal, Underwood, and Remington—available at the Success.

MEMORIAL PROGRAM

Your Memorial Gift is a fitting tribute to a loved one. This remembrance helps support the research, education and service programs of the American Cancer Society.

Memorial gift funds may be sent to your local Unit of the Society.

AMERICAN CANCER SOCIETY

We have the appropriate cards to send to the family and to the donor, and will send your check to the American Cancer Society in Austin.

HELEN CARLMAN
Memorial Chmn., Schleicher County

COUNTY AGENT'S COLUMN

by Tiny Godwin

Schleicher County Agricultural Agent

Don't be surprised if you are approached to purchase a chocolate candy bar from a 4-H Club member. West Texas 4-H'ers are now involved in a campaign to assist in raising funds to help a state 4-H Club Center at Lake Brownwood.

The 4-H Center, when completed will be used for county, district and state camps and leadership labs. Adult leaders training meetings and schools will also be conducted at this facility.

Remember that you get a delicious candy bar from local 4-H'ers, knowing that you have helped thousands of 4-H boys and girls for your \$1.00 donation.

Tetanus or lockjaw is a threat to any wounded horse. Horses are the most susceptible of domestic animals to the disease.

The tetanus organism is especially abundant in areas where horses are kept, and they can contact the disease from the slightest puncture wound. In spite of new treatments, tetanus is both difficult and expensive to cure.

In case your horse is wounded, get a veterinarian to give the animal a preventive injection of tetanus antitoxin as soon as possible.

Permanent protection from the disease is possible by giving horses two doses of tetanus toxoid at 6-week intervals and then a single dose each year thereafter. Tetanus prevention is cheap insurance against what could happen to your horse.

Buying cheap merchandise to save money is like stopping the clock to save time.

Don't ruin your lawn by mowing too close. Mowing too close encourages a thinning of the turf and shallow rooting. This lowers the resistance of the lawn to drought and diseases, and gives weeds an opportunity to take over.

Because of the extended drought, most lawns are depending upon their owners to give them the water and plant food needed to keep up their good appearance. And this is no easy job. It will take the best management practices to keep the lawn beautiful and growing and proper mowing is one of the important practices.

The lawn should be mowed often enough so no more than one-inch of the leaf tip is removed at any one clipping.

Proper mowing requires a sharp,

well-adjusted mower. The mower should be sharp enough to cut the tips of leaves without crushing or bruising them. Most mowers can easily be adjusted to the correct cutting height. Bermuda lawns should be mowed at a height of one to 1 1/2 inches and most other lawn grasses a half-inch higher.

The management practices used on the lawn during the current dry weather can well determine whether or not your lawn will survive.

Not what we have, but what we enjoy constitutes abundance.

Plants can't tell the difference between natural and inorganic (or commercial) fertilizers as sources of plant nutrients.

Scientific tests have been conducted for 75 years without showing any differences in quantity or quality of growth when equal amounts of available nutrients are supplied. The basic reason is that organic fertilizers, such as manure and compost, are converted into inorganic form in the soil. So a nutrient is in the same form when taken into the plant regardless of source.

These studies have been made by the top authorities both in this country and abroad, and has never seen actual scientific data to show that plants need organic or natural sources of nutrients.

The question of organic versus inorganic fertilizer has come up periodically in this century. Right now, it's in the news again because of the emphasis on natural foods and concern about pollution. These claims that organic or natural sources of plant nutrients produce natural foods do not have a scientific basis from plant nutrition and soil chemistry.

One point must be made clear: Comparisons are valid only when equal amounts of nutrients are used on similar soils. There is nothing to prevent high yields with large amounts of manure or compost any more than there is from high inorganic fertilization. The idea that plants prefer a given source isn't so, since plant nutrients are absorbed from the soil as inorganic ions. As long as the nutrient is present in the root in an available form, it can be used by the plant.

The road to success is always under construction.

Water Use Suggested For Home Gardeners

College Station, Tex.—The current drought is forcing homeowners throughout Texas to make a difficult decision. How can the limited supply of water available for irrigation be best used in the home landscape?

In some areas, certain plants may have to be sacrificed in order to save others, reminds Everett Janne, Extension landscape horticulturist.

In general, plants used in the home landscape can be grouped as lawn and ground cover, shrub borders, flower beds and trees. And since trees usually serve a multi-purpose providing enframent, backgrounds, screen and shade, they are difficult to replace. Years are required to grow a tree large enough to be effective in the landscape; therefore, suggests Janne, it's wise to keep trees watered even if it means sacrificing other choice plants. For, he adds, a lawn or shrub area can be replaced in a season or two with the return of more favorable conditions.

He suggests several cultural practices that can save precious water even if its use is not restricted. Use a mulch wherever possible. It reduces the surface evaporation and keeps the root zone cooler. Pine bark, wood shavings, straw, hay, gravel, plastic film, mulching papers and other materials may be used.

Use soaker hoses or flood irrigation wherever possible. Sprinkler irrigation during the daytime or on windy days will result in high moisture loss to evaporation. If sprinklers must be used, then Janne suggests using sprinkler heads that will allow the soil to take up the moisture as fast as it falls.

Remember, says the specialist, that the evaporation rate is usually lowest from late in the evening to early morning. Sprinkler irrigation is most effective during these hours. Plant disease problems may be increased by night watering but they can be effectively controlled with fungicides, says Janne.

And finally, he advises putting

on enough water to soak the soil to a depth of six to eight inches. Deep soaking encourages deep root penetration and allows the plant to make the best use of the available water. Light water applications are wasteful and encourages a shallow root system.

Outdoor Season Brings Drownings

Austin, Tex.—Thirteen more persons have died from drownings and other water-oriented accidents in Texas the first three months of this year than for the same period last year, according to George Cook, director of Water Safety Services of the Texas Parks and Wildlife Department.

"If this sharp rise in fatalities continues we will be past the critical point," said Cook.

"The department's game management officers and water safety officers are out in force, patrolling our lakes, rivers and coastal waters to try to cut down on this toll," said Cook. "They have been instructed to enforce the Texas Water Safety Act to the exact letter of the law."

Warm weather has moved more and more persons out on the water, increasing the likelihood for accidents, according to Cook. "The coming vacation time means that the age group in which most of the water-oriented fatalities occur, teen-agers, will be out of school and headed for water for some fun," he said.

"We know from experience that some of these young persons will die from acts of pure carelessness," said Cook. "Most of these deaths can be prevented."

According to Cook, some of our waterways are becoming as congested as highways and much more dangerous. "You can't walk away from a boat wreck," he said.

Cook cautioned that those seeking outdoor recreation could increase their chances of living thru another summer by using a little common sense around water.

SALESBOOKS: Simple charge tickets in duplicate, with carbon; 50 sets to pad, 10c each.—Success

Abrasion A Potential Danger To Adults' Teeth

Concern about keeping teeth clean, white and stain-free is common to a majority of Americans. Witness the fact that we spend almost a half billion dollars a year on dental products, in addition to professional care.

Good habits of dental hygiene are something that mothers try to instill in children from earliest childhood, with brushing after every meal a sought-after goal. But now there are indications that at least some adults can overdo in their efforts to assure beautiful, healthy teeth. The potential problem is abrasion of the teeth caused by too-harsh dentifrices, according to a recent study conducted by the American Dental Association.

Even in young adults with perfectly healthy teeth, overly harsh dentifrices can wear away part of the teeth along with the film and stains they are supposed to remove. The fact is that as people get older, from about the age of 25 on, the gums tend to recede. This exposes a substance called cementum that is considerably softer than the armor-like enamel that protects the tooth above the gumline.

And, if the cementum is worn away, the chief substance of the tooth, called dentin, is exposed. Dentin is the material that surrounds the pulp containing the blood and nerves that keep the tooth alive.

Both of these tooth components, the study shows, can be eroded by the use of toothpastes containing too much abrasive. The study also notes that the compulsive brusher may wear away significant amounts of dental enamel, as well as restorative materials, with the more highly abrasive dentifrices.

Complicating this problem is what dentists term "peri-

Toothpastes Rated By Abrasivity
Here is how the American Dental Association listed dentifrices according to abrasiveness. The least abrasive are listed first and the "abrasivity index" is indicated alongside. Tests were conducted on products marketed as of July, 1970.

Product	Average Abrasivity	Product	Average Abrasivity
T-LAK	20	CLOSE-UP	87
THERMODENT	24	MACLEANS, spearmint	93
PEPSODENT with zirconium silicate	26	MACLEANS, regular	93
LISTERINE	26	CREST, regular	95
AMM-I-DENT	33	GLEEM II	106

*New formulation

dental disease," which, according to the National Institute of Dental Research, currently afflicts close to 70 million Americans. This is a progressively dangerous condition that greatly accelerates natural gum recession and brings with it many more serious problems. It begins with gum inflammation (gingivitis) followed by a vicious cycle of infection and further gum recession. If not treated professionally by your dentist, periodontal disease will eventually result in bone damage and loss of teeth.

Widespread as it is, periodontal disease is preventable as well as treatable. Good oral hygiene is an effective preventive, according to the National Institute of Dental Research. Unfortunately, because the disease exposes the softer parts of the tooth, the maintenance of good oral hygiene

is complicated by the need to avoid abrasive dentifrices.

According to the American Dental Association study, individuals with exposed cementum and dentin—whether the cause is periodontal disease or the natural recession of the gums—may lose significant amounts of tooth substance when the more abrasive dentifrices are used routinely.

The A.D.A. study includes a listing of dentifrices classified according to abrasiveness, based on actual tests conducted by the association. Of the 23 toothpastes tested, Pepsodent was classified as the least abrasive of all leading brands.

While noting that most people need some abrasive in their toothpaste, the study further states that no dentifrice should be more abrasive than is necessary to keep the teeth white and stain-free.

MIKESKA GIN

Will be open from 8:00 a. m. until 12:00 noon on Monday thru Friday until further notice for selling planting seed.

Eldorado Drug

Nordic Sauerkraut Cookies

Sauerkraut in cookies? Not quite cookies, but flaky cut-outs of pie crust, tender, moist and chewy with sauerkraut and caraway — made especially for eating with savory Norway sardines. The delicate smoked flavor of these nourishing little fish is compatible with so many fine foods — it is incredibly delicious with tangy foods like sauerkraut. Or fine aged cheeses. With slices of hard-cooked eggs and thick Bermuda onions, you have a complete meal, hearty, wholesome, full of protein goodness.

NORWEGIAN SAUERKRAUT COOKIES WITH SARDINES

- Pastry for 2 crust pie
- 1 can (1 lb.) sauerkraut, well drained and chopped coarsely
- 1 tablespoon caraway seeds
- 1 teaspoon freshly ground pepper
- 1 whole egg, beaten
- 1 can (3 1/2 oz.) Norwegian sardines, packed in oil

Make pie crust pastry. Add drained sauerkraut (to drain, press sauerkraut between paper towels), caraway seeds and pepper. Chill for one hour. Preheat oven to 425° F. Roll out pastry mixture on a heavily floured board to 1/8 inch thick. Using a 2 1/2 inch circle, cut out cookies and place on a lightly greased cookie sheet. Brush with whole egg. Bake at 425° F. for 12 to 15 minutes or until lightly browned. Serve at room temperature with sardines, drained of oil.

Makes approximately 3 dozen.

NOTICE BOARD OF EQUALIZATION

In obedience to an order of The City Council setting as a Board of Equalization, will be in session at the regular meeting place in the City Hall in Eldorado, on the 8th day of June 1971 at 8:00 o'clock for the purpose of determining and fixing the Values of all Taxable properties in the City of Eldorado, Texas.

Soil Stewardship Week—May 16-23

In creating His earth, God provided a thin veneer of living soil to sustain mankind. God created the world in an orderly process which is described in the first chapter of the Book of Genesis. Having created all things, God then asked man to care for and preserve the land, the plants, and the animals. Man was to use them wisely that they might be conserved.

It has been said that the soil on this earth averages only 9 inches in depth. It is principally a zone of microscopic life which converts minerals into plant food.

Without this zone most plant life would vanish. Animal life would go too. Within the time of a few generations, we in this nation, because of the way we have used this resource, have lost about a third of this important nine inches of soil. The rest of it is going much too fast.

Good soil, water, and plant conservation practices plus good seed are prerequisites to keep our land productive and receive abundant harvests. By our understanding of nature, we have been able to develop some good soil and water conservation practices, if applied to the land by man, we can better use the trust that is given of God.

The Bible repeatedly emphasizes the importance of this gift of soil. It cautions man against the abuse and the neglect of the soil.

Our continued existence upon

this earth depends upon our good use of the land as a faithful steward under God, conserving its resources so that man might live happily upon the earth.

Yet, the land of Palestine referred to in Biblical times as the land of "milk and honey," in spite of God's warning, became a sterile desert. Parts of the Orient and Africa have gone the same way.

Headlessness of the laws of nature is the product of hunger. Illiteracy fastens itself upon areas of poor soil and malnutrition.

The use of the soil in accordance with God's directions should be the concern of the church, state and nation. Studies show a direct relationship between the productive power of the land and the strength of the church serving the people who operate the land.

The man-land relationship is a necessary part of God's universal scheme. God made man responsible for the land "to dress and keep it." Thus, he made man a steward of the land and all life on it.

Throughout the ages, men have offered humble thanks to their Creator for the priceless gifts of air, soil, water, and sunshine which make all living things possible.

Beginning on May 16th through May 23rd, all of the Soil Conservation Districts in Texas will join with the other 2800 Soil Conservation districts of the nation in observing Soil Stewardship Week. It is hoped that the entire nation will join in this effort.

Some Plants Can Be Hazardous Misused

While vegetation helps sustain life, some common plants, trees and shrubs are potential killers, says the Texas State Department of Health.

We eat herbs and the fruits, leaves and roots of many plants in our daily diets, but some plants we deliberately cultivate are deadly.

To the average person, the term "poisonous plant" usually brings to mind visions of poison ivy, or some similar plant that poisons or irritates upon contact. But most poisonous plants are harmful only when they are eaten. In fact, more than 700 species of plants in the United States are known to have caused death or illness. Every year about 12,000 children in this country chew or swallow potentially poisonous plants. A study conducted several years ago revealed that 10% of all child poisonings were caused from eating toxic plants—yet over half of the parents were unaware of the dangers of the plants. Eight-five per cent of all poisoning cases involving poisonous plants involve children.

It is difficult to believe that one leaf of the graceful poinsettia could kill a child, or that tea made from mistletoe berries has killed adults. Who would expect that the beautiful oleander bush—grown indoors and outdoors all over the country—contains a deadly heart stimulant, similar to the drug digitalis? So powerful is this poison that a

single leaf of an oleander can kill a child. And many people have died merely from eating steaks speared on oleander twigs and roasted over a fire.

It's easy to be deceived by plants, for one part may be edible while another is poisonous. All parts of the buttercup, rhododendron, and laurel are harmful. In other plants, only certain parts are toxic. A classic example is the rhubarb which has a perfectly edible stalk, but the leaf contains a deadly poison.

In the strict sense of the word, poison ivy and its cousins are not really poisonous. They contain no poisonous substances and are termed "allergens" because, like goldenrod, they affect only persons who are allergic to them. But over 50% of those who handle these plants will develop mild to severe dermatitis, or skin irritation.

The "poisonous" plants do contain toxic agents which can cause direct harm when in contact with the skin or absorbed by the body. Poisonous saps and juices of some plants cause severe irritation on contact, actually burning the skin. However, most poisonous plants must be eaten to cause adverse effects.

Pollution Battle Waged

Austin, Tex.—In the battle against water pollution, the Texas Parks and Wildlife Department takes an active part, but there are legal limitations to what the department can do, according to Ken Jurgens, administrator of technical programs for the department.

Jurgens said the department works under two water pollution laws—the Texas Water Quality Act and Article 698c, P.C. Under the Water Quality Act the department coordinates its activities with those of the Water Quality Board to enforce provisions of the act where there is a violation or threat of violation which affects aquatic life and wildlife.

Article 698c, P. C. directs the department to enforce the provisions of that article and to file misdemeanor complaints against individuals or private corporations who pollute the water in the state without a permit from the Texas Water Quality Board, the Texas Water Development Board or the Texas Railroad Commission.

If a violation of one of the Texas Water Quality Board's waste discharge permits is suspected in a fish kill, the department makes a report to the board and requests the Board take appropriate action.

However, the department may initiate action under article 698c, P.C. if the polluter does not hold a permit.

In Those Days
 Compiled From Success Files
ONE YEAR AGO
 May 14, 1970—Phil McCormick and Mike McCravy were receiving degrees from A&M.
 Pamela Gene Love and Judy Beth Meador were graduating from Angelo State University.
 Mrs. W. G. McAlpine's funeral was held in San Angelo where she died at age 77.

FIVE YEARS AGO
 May 12, 1966—The Senior class left on their trip to Colorado Springs.
 Edith Heinen and James Gillaspay were married April 29th.
 The Democratic Primary was held and Dorsey Hardeman was elected State Senator over Pete Snelson by a very close margin. Tom Ratliff and Bob McWhorter were in the county judge run-off and in Precinct 4, Lawrence Dannheim and Johnny Mayo were tops for commissioner.
 Funeral services were held for J. B. Belk, father of H. A. Belk of this county.
 David Lloyd was announced FFA Star Chapter Farmer.
 Mr. and Mrs. Carroll Ratliff were called to Greenville to the funeral of her father, Mr. Norton.
 Jo Beth Fine's engagement to Gary Turner of San Angelo was announced.
 Daughters were born to Mr. and Mrs. Kenneth Hicks and Mr. and Mrs. Bob Whitits.
 In San Antonio, it was announced that construction of the 622-foot-tall Tower of the Americas would start Sept. 1st for the Hemisfair World's Fair in 1968.

12 YEARS AGO
 May 14, 1959—Mary Jo Parker, Myrta Ann Topliffe and Farris Glenn Nixon were announced honor grads of the '59 Senior class of Eldorado High School.
 Cadet Ernest K. Nimitz was to graduate May 23rd from the Allen Academy at Bryan.
 Gordon Schrank was to give an accordion number at a recital in San Angelo.
 Russell Heaner, pastor of the First Methodist church, damaged his car when he struck a calf on the highway while on his way back from San Antonio.
 A Lions Club committee of Guy Whitaker, George Cales, John Stigler, Carroll Ratliff and Joe M. Christian were appointed to work out plans for a proposed Latin American playground, by Boss Lion Ed Meador.
 A daughter was born to Mr. and Mrs. Fred James Logan of Big Spring.
 The Presbyterian Men put on a supper with Coach Jim Herridge as cook.
 Little League was to open June 1st with Guy Whitaker as coach.
 Jimmy Doyle and Kenneth Love were due home from Fort Leonard Wood, Mo., where they completed six months of Army reserve duty.

35 YEARS AGO
 May 15, 1936—Deputy State Superintendent S. G. Boynton had a report on his inspection of the local school system.
 Miss Willie Allen and Mrs. Mary Adrian went to San Angelo where they attended a meeting of Delta Kappa Gamma sorority.
 Mr. and Mrs. Jim Hoover and E. C. Hill attended a Lions meeting at San Benito.
 Pat Martin announced as a candidate for re-election as Commissioner of Precinct 3.
 Miss Ruth Espy is spending a few days in the Shannon hospital.
 Mrs. H. H. Murchison is filling her place in the sheriff's office while she is away.
 Mr. and Mrs. T. K. Jones and the Rev. and Mrs. N. P. Wilkinson were leaving for Augusta, Georgia, for the meeting of the General Assembly of the Presbyterian Church.
 Mrs. J. A. Whitten was honored at a Mother's Day program held at the Baptist Church.
 The congregation of the Presbyterian church honored Mr. and Mrs. H. D. Irby as they prepared to move to Fabens to spend the summer. He was to be employed in the cotton buying business. The get-together was held at the ranch home of Mr. and Mrs. T. K. Jones.
 Local Boy Scouts were planning to spend a week at Camp Louis Farr near Mertzon. Camp fee was \$5.50 for the one week of camping.

ELDERADO LODGE
 No. 890 — A. F. & A. M. Stated meeting 2nd Thursday in each month, at 7:00 p. m. from Oct. 1 to April 1, and at 8:00 from April 1 to October 1. Visiting brethren welcome.

Community Calendar

PAR-TEE
 The Eldorado Golf Club extends a hearty Thank You to Carl J. Cahill of Sonora for his most generous and efficient work to our local course some two weeks ago. Carl brought his equipment which he operated and worked about six hours preparing the new tee boxes for seeding. No charge was made or his equipment or his labor. If you see Carl be sure and tell him that we sincerely appreciate his most generous gift to us. He may not wear a white hat, but nonetheless, he is a good guy!

We all hope that Eddy Kinser is soon well enough to be back on the golf course. We all sincerely miss her and hope that her recovery from the mumps is quick.
 It is nice to have Ralph Waldron out of the hospital and back on the golf course. It is just "too quiet" when he is not around.
 Several of our lady golfers have been playing in recent tournaments so will say Congratulations To All Of You on winning honors in golf.
 On May 1 at Ozona Country Club Ladies partnership Ernestine Hext and Wanda Cahill won the Championship flight while Eddy Kinser and Mary Waldron were winners of Second Flight and Rose Doyle and Mary Robinson placed third in second flight.
 On May 4 at Riverside Ladies Partnership Ernestine Hext and Wanda Cahill were winners of First Flight while Rose Doyle and Eddy Kinser were winners of Third Flight. Rose and Eddy came in with the low ball score of the entire tournament.
 In Del Rio at San Felipe Ernestine Hext tied for low gross and won 1st low net in First Flight on May 8.

The Eldorado Ladies Club Championship tournament is re-scheduled for May 27 and May 29. Local ladies are asked to qualify on May 27 and play another 18 holes on May 29. This will be medal play, entry fee is \$2.00 (pay Mary Robinson), and trophies will be awarded. If further information is needed contact Mar and she will be happy to answer your inquiries.
 There will be a Mixed Team play here this Sunday, May 16, at 1:30 p.m. Since last Sunday was mother's day Mixed Team play was rescheduled for May 16 and May 30.
 We have some ladies summer hats at the club house for sale so if you need a "new bonnet" come by and see if you find one to suit your fancy.
 Agnes and Jack Hanes have joined the electric cart owners circle as have A. G. McCormack and E. C. Peters. This makes six carts that call the Enochs-Kinser stalls home. I believe Pat said they have three more stalls that are not rented at the present time. These are very nice stalls and are certainly an asset to our local course. A loading dock has recently been built for use in loading and/or unloading carts from a pickup. This is a most appreciated convenience provided by Pat and Weatherly.

Presbyterian Notes
 Chaplain Rex M. Thompson of Kerrville, Texas, will bring the message in the morning service this Sunday mning, May 16, at the First Presbyterian Church in Eldorado. Mr. Thompson is a retired chaplain of the U. S. Air Force. The pastor, Rev. Gordon Garlington, Jr., and Mrs. Garlington will be attending graduation exercises for their son John at Austin College in Sherman, Texas.
 At 4:00 p.m. Sunday afternoon there will be a meeting at the church of representatives from Presbyterian churches in Sonora, Sanderson, Big Lake, and Eldorado. Representatives of this "Wool Country" cluster of churches will discuss the proposed Union Presbytery of U. S. Presbyterian and United Presbyterian churches stretching from San Saba to El Paso. The proposed new Presbytery is to be called "Tres Rios" for the three rivers in the area, the Rio Grande, the Pecos, and the Colorado and their tributaries. Rev. Richard H. Schmidt of Midland and Rev. Eddie Wells of San Angelo will direct the meeting. The Women of the Eldorado Church will serve supper.

CARDBOARD 10c & 20c at Success

Agency Open House Well Attended At Junction
 About 150 visitors started registering early Saturday morning at the open house in the new rustic but modern office of the United Farm Real Estate Agency at 1100 Main Street.
 Auvie Johnson, representative, and his wife, who is employed in business, are owners and were hosts at open house throughout the day. Fred Speck, salesman out of the local office, and his wife came from Rocksprings. —Junction Eagle.

Eden Lutheran Church Marks 50th Anniversary
 Trinity Lutheran Church will observe the 50th Anniversary of the church Sunday in both morning and afternoon services (May 9). The Reverend Doctor Oliver R. Harms will deliver the sermon at the mor-

ning service which begins at 11:00 a.m. A barbecue dinner will be served at noon. The pastor of Trinity Lutheran Church is Rev. Albert Wuensche.
 As long ago as 1916 there were Lutheran families living in Eden. The names of the families included Lapp, Schuster, Schulze, Lubke, Tiemann and Pfluger. Many of their descendants are in the congregation today. —Eden Echo.

19th Annual Quarter Horse Show Set At Ozona
 The 19th Annual Ozona Quarter-horse Show and Performance Contest will be held May 22 at Fair Park Arena. The Ozona Roping Club, sponsor of the one-day show, extends a cordial invitation to all horsemen to enter the show.
 There will be four divisions with 40 classes in all, including the Cutting Horse Contest which requires a separate entry fee. —The Ozona Stockman.

Applications Sought For Girl Scout Camp

Applications are now being accepted from Girl Scouts and non-Girl Scouts for El Camino Girl Scout Council Camp. Sessions at Camp Jo-Jan-Van begin June 6 and continue through July 11. Jo-Jan-Van is located 8 miles east of Vance, Texas. The camp site is south of Junction and west of Kerrville in Real county.

Mrs. Sally Allen of Uvalde, camp director, announces that one session is already filled, but there are vacancies in the other sessions. Girls between the ages of 9 and 17 are offered horseback riding, swimming, badge work, canoeing, and nature study. Campers will help plan and carry out their own program under the guidance of adult counselors.

Mrs. Allen announced that a Gypsy Trip will be offered June 6 through June 19. This group will take a hiking trip of several days duration, camping at different spots each night and carrying their equipment and supplies in a covered wagon. The girls must be at least 9th-graders in September.

A Pioneer Unit, offered during Session III, will be limited to 24 girls who have completed the 8th grade and up and are proficient in outdoor skills. The campers will set up their own camp and determine their own schedule and activities.

A Counselor-In-Training Program will be offered to girls who have completed the 10th grade and are interested in becoming future counselors. The first-year C.I.T. Program will be June 13 to July 10 and will have a fee of \$60 for the 4-week session. Second-year C.I.T. will be June 27 to July 10 with a fee of \$30.

Camp applications and further information may be obtained from the Girl Scout Office, 304 W. Avenue A, San Angelo, or call 655-8961.

Miss Hartgraves To Be Married In July

First United Methodist Church in San Angelo will be the setting July 9 for the wedding of Miss Bettye Arlene Hartgraves and John Steven Whetsell, according to an announcement by the bride-elect's parents, Mr. and Mrs. Gerald B. Hartgraves of El Paso.

The Rev. and Mrs. I. L. Whetsell of 902 N. Main, San Angelo, are parents of the prospective bridegroom.

Miss Hartgraves, a sophomore at the University of Texas at El Paso, attended Eldorado High School and is a graduate of San Angelo Central High School. Her fiancé, also a SACHS graduate, is a sophomore at Angelo State University.

The Hartgraves family formerly lived in Schleicher county.

ELECTED SECRETARY

Waco, Texas.—Kathy Robinson, daughter of Mr. and Mrs. T. P. Robinson, Jr., of Eldorado, has been elected secretary of the Student Government at Baylor University.

Miss Robinson, a sophomore majoring in journalism and speech, won the secretarial position during recent student elections held at the university.

She had been active in Baylor's Student Congress during the year prior to her election as secretary.

She has been a participant in the university's Honors Program for academically qualified students, a member of the freshman Baptist Student Union and the Young Republicans at Baylor.

Miss Robinson is a 1969 graduate of Eldorado High School.

Library Report

In April we had 6 new readers, and had a circulation of 931 books for the month: 439 adult fiction, 70 non-fiction, 397 young people's fiction, and 25 non-fiction. Also 36 magazines and 8 records. Mended 62 books.

Our Summer Reading Program will begin June 1, and you will hear more about this later on in the month.

Come and visit our Library. We are always happy to have you.

New Babies

Lynley Todd Griffin was born May 6 at 11:30 a.m., in the local hospital to Mr. and Mrs. Ronnie Griffin. He weighed 8 lbs. 13 oz., and has an older brother.

Grandparents are Mr. and Mrs. L. D. Mund and Mr. and Mrs. Joe Griffin, all of Eldorado.

Mr. and Mrs. Richard Sauers of Cincinnati, Ohio, are parents of a daughter born May 11. She weighed 8 lbs. 8 oz. and has been named Ann Elizabeth. She has a sister who was two years old the same day.

The mother is the former Judy Nixon. Grandparents include Mr. and Mrs. Andy Nixon.

Johnson To Head Boys Ranch Drive

Odus Wittenburg, 1971 West Texas Boys Ranch Roundup Chairman, has announced the selection of Wagon Bosses to assist in this year's fund raising effort in behalf of the West Texas Boys Ranch located near San Angelo. Wittenburg has appointed Mr. Bob Johnson of Eldorado to be Wagon Boss for Schleicher County. As a Wagon Boss, Johnson will aid area ranchers and other interested persons in making donations for the 72 boys at West Texas Boys Ranch. Wittenburg has also announced the addition of a Wool and Mohair program to this year's Roundup. Wool and mohair producers are urged to check with their Wagon Boss or Wool Warehouse on how to donate wool or mohair to benefit the Boys Ranch. Wittenburg said that emphasis on giving cash and livestock to the Roundup will be concentrated now through fall and expressed the urgent need by the Ranch for donations at this time.

West Texas Boys Ranch has served over 800 Hard-Luck Boys of West Texas since it was organized in 1947. Boys come from various backgrounds of neglect, broken homes, and are generally dependent on someone to provide food, clothing and shelter for them.

West Texas Boys Ranch is supported entirely by tax deductible donations from the public. The Annual Roundup is one of their major fund raising efforts of the year providing bread and butter, and shoes and socks money for the boys. West Texas Boys Ranch is located 17 miles west of San Angelo at Tankersley, Texas.

Royce Lee Named To UCRA Board At Bronte

Royce Lee, former mayor of Bronte, has been named to the board of directors of the Upper Colorado River Authority. The appointment was made last week by Gov. Preston Smith and confirmed by the Texas Senate. Lee will replace the late L. T. Youngblood on the water district board.

Lee told The Enterprise last week end that he was highly honored that the Governor appointed him to the position. He said he felt that Bronte needed someone on the board and said he would do his best to serve the community, county and entire area under the jurisdiction of the UCRA.—Bronte Enterprise.

Van Horn Band Tops At Buccaneer Days Festival

The Van Horn Eagle Band, directed by Ralph Zamarippa, added to its list of honors in Corpus Christi last week end, when it was rated the "Outstanding Class A Band" in the Buccaneer Days Music Festival.

Competing against seven other bands in the Class D division as well as for the single handsome trophy offered for the best Class A or AA bands, the Eagle Band was the only one to earn a First Division rating.—Van Horn Advocate.

Head Coach Huffman Resigns At Mason

Bill Huffman, teacher and head coach in the Mason Public Schools has submitted his resignation effective at the end of the present school term according to Superintendent Clinton Schulze.

Coach Huffman came to Mason from Edcouch-Elsa in 1965 and served as assistance coach for three years. He became head coach in 1968 and during the three years in that capacity his teams have compiled 22 wins and lost only eight games.—Mason Co. News.

Methodist Notes

Let each of us pause this Saturday, Armed Forces Day, to honor all servicemen on duty, as well as all veterans of all past wars.

The Mothers Day service was held last Sunday. Mrs. Elizabeth Goodwin of Hobbs, N.M., mother of Blanche West, was recognized as the oldest mother present. Mrs. David Moody was given award as youngest mother present, and Mrs. Leonard Lloyd the award as the mother with the largest family.

The Seniors will be honored with a salad supper at the educational building the evening of May 23, about two hours before start of the Baccalaureate service.

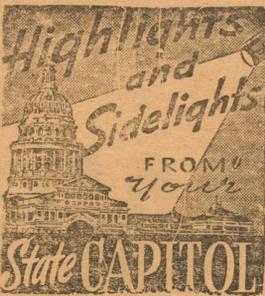

Albert McGinnes To Head Sterling City Lions Club

The Sterling City Lions Club elected officers for next year at the Wednesday luncheon as follows:

Albert McGinnes, president; Arthur Barlemann Jr., 1st vice-pres.; James Thompson, 2nd vice-pres.; Stan Horwood, 3rd v. pres.; Henry Bauer, tail twister; S. M. Bailey, Lion tamer; Jack Douthit, sec.; Dan Glass, new director. President Dan Glass named a committee to count the votes for the Lions Best Citizen plaque award for high school student. He named Bill Watts, Stan Horwood and Arthur Barlemann, Jr.—Sterling City News-Record.

Hospital Referendum Vote Set At Menard

Registered voters will go to the polls Tuesday, May 18th, to vote in the two elections scheduled for Menard, the State Amendment Election and the Menard Hospital Referendum.

Austin, Tex.—Texas lawmakers wrapped up their toughest job, that of writing a record \$873.3 million tax bill, thus hopefully clearing the way for adjournment of their session by the May 31 deadline.

Top legislators said they feel that with the tax issue out of the way (assuming Gov. Preston Smith signs the bill), they can complete congressional and legislative redistricting and other "must" duties this month.

Few legislators claimed to be entirely satisfied with the huge tax bill, but the House voted 100-46 to concur in Senate amendments, bowing to the argument that a conference committee would only delay the inevitable.

Tremendous sentiment for lawmakers to wind up the bitter, complex session and get home as

quickly as possible was apparent in the House vote.

Here are key provisions of the tax bill which will become effective July 1 if signed by Gov. Smith:

—Sales tax increase from 3.25 to 4%.

—Auto sales and rental tax at 4%.

—Franchise tax rate increase from \$3.25 to \$4.50 per \$1,000.

—Cigarette tax raise from 15.5 to 18.5 cents a pack.

—Gasoline tax raise from five to seven cents a gallon (and diesel fuel increase from 6.5 cents to seven cents a gallon).

—Beer tax boost from \$4.30 to \$6 a barrel.

House Speaker Gus Mutscher, who pushed for concurrence in the Senate changes, indicated an agreement has been reached to roll back the beer tax increase to \$5 a barrel in subsequent liquor-by-the-drink legislation which will be voted on later.

Smith Vetoes 10-2 Jury Verdicts

Governor Smith, in his first veto of the current session, rejected a bill to set up comparative negligence in personal injury lawsuits and 10-2 jury verdicts.

In a strongly-worded veto message, Smith claimed the bill would throw the judicial system "into utter chaos" and substantially increase auto insurance premiums.

Little chance was seen for overriding the veto.

Governors Blast Nixon On Drought

Governors of Texas, New Mexico and Oklahoma in statements here blasted the Nixon administration for failure to provide complete aid to their drought-stricken areas.

Governors said they will ask their congressmen to press harder for disaster relief.

Meanwhile, Texas House members in the drought committee visited Washington officials and found "some hope" of low-interest federal loans. Committee reports that farmers and ranchers are not adequately informed on the types of loans available to them and asked for special meetings with the Farmers Home Administration to explain aid which can be provided.

Panhandle legislator, Rep. Dean Cobb of Dumas, introduced a bill to allow the governor to declare a county a disaster area due to "serious deficiency in normal rainfall and chronic lack of storage water."

Local agencies would be authorized under the proposed emergency act to revalue property for tax purposes on designation of the area as a disaster zone.

Courts Speak

U. S. Supreme Court upholding a jury's right to levy the death sentence may mean early execution of many convicted murderers in Texas. There are 43 on death row at the state penitentiary and others in county jails. Most of them are appealing sentences.

State Supreme Court refused a defeated Palestine city council candidate's bid to force his way to election by legal action.

Texas Supreme Court set June 2 for arguments in opposition complaints over granting application for a new savings and loan association in Bay City and a branch office in Hallettsville.

Court of Criminal Appeals upheld an 800-year prison sentence given a Fort Worth man for rape in 1969.

Attorney General's Opinions

A bill allowing banks to have drive-in facilities 1,850 feet from the main unit may or may not be held constitutional, depending on facts in each case, Atty. Gen. Crawford Martin has held. Question is whether the bill permits banks to engage in business "in more than one place."

In other recent opinions, Martin concluded that:

—Legislation to permit a bank to increase its capital stock without issuing same is unconstitutional, since authorized capital stock must be subscribed and fully paid in cash.

—A barber inspector who practices barbering on week ends may be eligible for reappointment to the State Board of Barber Examiners if he has performed "substantial practice continuously" for five years or more.

—Two proposed constitutional amendments concerning the Teacher Retirement System of Texas are offsetting. If both are adopted, no constitutional change would be made. If one (SJR 2) passes alone, the 10-year minimum service requirement would be cut to five years.

Welfare Increase

When Social Security payments increase next month, most aged, blind and disabled in Texas will also get a slight income boost.

Social Security recipients will get \$4 more a month, as will those on Old Age Assistance who have no Social Security benefits.

State Welfare Board has authorized a \$1 monthly increase in standards for blind and disabled programs.

Texas public assistance recipients will not have Social Security increases retroactive to January

counted against state grants.

State Land Leased

Texas School Land Board accepted \$784,381 in high bids for leases on 13,436 acres of state-owned land. Highest bidder was Humble Oil and Refining Company with a \$167,942 bid for 640 acres in Ward county.

Six bids were submitted on 70 upland tracts and 30 riverbed tracts. Total bids came to \$1.17 million. Forty-five high bids were accepted by the Board.

Land Commissioner Bob Armstrong said the Board was pleased with the \$58.38 average price per acre.

Another state lease sale for submerged lands is set for July 6.

18-Year-Old Vote Nears

Governor Smith signed a legislative resolution giving formal Texas ratification to a federal constitutional amendment extending full voting rights to 18-year-olds.

Texas is one of 23 states which has ratified the proposed amendment. A total of 38 must approve it by legislative action to put it into effect.

Smith said he has "every confidence" that the required number of states will ratify and "that by 1972 all citizens over the age of 18 will have the right and the responsibility to vote. It is a likelihood to be cherished by all and feared by none."

Short Snorts . . .

Dr. Elmer Baum of Austin resigned from the State Banking Board the day before the Senate nominations committee hearing.

Senate State Affairs Committee approved a bill calling for the state to assume 100% of the state foundation school program cost.

Cigarette tax revenue increased nearly \$1 million—from \$14.8 to \$15.8 million—from April 1970 to last month.

Cars damaged in accidents would have to be re-inspected under a bill about to become law.

Week end guests in the Bob Joyce home were Bob's parents, Mr. and Mrs. Noel Joyce, his grandmother, Mrs. C. E. Brown, and aunt, Mrs. Buba Brown, Martha Ann, Don and Marilee, Mrs. Brown's mother, Mrs. C. L. Harless, all of San Angelo; and from Midland, Bob's sister, Mr. and Mrs. J. F. McCarthy, Tony and Noel.

Constitutional Amendments
Schleicher County, Texas

Note: Voter's signature to be affixed on the reverse side

SAMPLE BALLOT Constitutional Amendments

SPECIAL ELECTION MAY 18, 1971

Instruction Note: Place on X in the square beside the statement indicating the way you wish to vote.

No. FOR
1 AGAINST

The constitutional amendment to create a State Ethics Commission empowered to set rules of ethics for members of the Legislature, State officers and Legislative officers, to investigate violations thereof, and to recommend compensation for members of the Legislature and the Lieutenant Governor and recommend improvements and economy in the legislative process.

No. FOR
2 AGAINST

The constitutional amendment providing that the Legislature may propose an amendment of the Constitution at any session of the Legislature.

No. FOR
3 AGAINST

The constitutional amendment removing the limitation on the total appropriations for assistance grants for the needy aged, the needy disabled, and the needy blind, and setting a limitation on total State appropriations during any fiscal year for assistance grants for needy dependent children and the caretakers of such children.

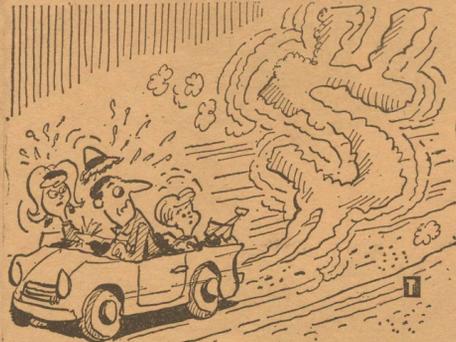

No. FOR
4 AGAINST

The constitutional amendment to authorize the issuance of One Hundred Million Dollars (\$100,000,000) bonds to provide financial assistance to cities and other public agencies for water quality enhancement purposes, providing for the improvement and continuance of the water resources program, and establishing an interest ceiling on Water Development Bonds at 6% per annum.

How To Stretch Your Travel Dollars

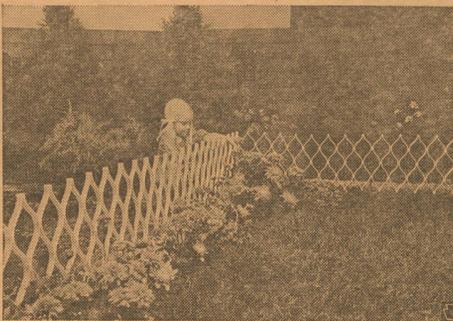

Unless you're a millionaire (and very few are), chances are it takes a determined year-round effort to save enough money for your annual vacation. With that in mind, here are some tips to help you stretch those hard-to-accumulate dollars to their maximum travel and pleasure potentials:

1. If you're going to travel by auto, make sure it's ready for the road before you leave. It's no fun listening to that clanking under the hood and wondering just where you'll be stranded. Road repairs can be both questionable in quantity, quality and quite damaging to your pocketbook. So, make a visit to your regular garageman or other station that specializes in pre-trip servicing. And, be sure to carry a spare fan belt, generator/alternator belt and water hose with you for do-it-yourself repairs, should they become necessary.
2. A lot of people have found that they can save considerable amounts of money by staying at guest houses with cooking facilities rather than at hotels. If you wonder just how much money can be saved by "eating in," think about how much it would cost you to "eat out" three times a day—as compared to the cost of a day's food shopping list.
3. The worst blow you can deal yourself on vacation is to spend too much cash too fast and wind up limping home ahead of time. Be sure, then, to take your Master Charge card

with you to pay for your purchases at more than 882,000 retail outlets. You'll not only conserve your cash this way, you'll also receive an accurate record of your expenditures in one bill. And if you need cash on the trip, you can get an immediate advance at more than 5,000 banks.

4. Don't make luggage a costly booby trap. On domestic airplane flights you pay a steep excess-baggage rate over 40 pounds on tourist and over 60 pounds on first-class tickets. On overseas flights, allowances are for 44 and 66 pounds respectively. So, one extra 20 pound case can put a swift nick of \$50 in your travel budget—not to mention extra porter's fees. Consequently, take only those clothes you really need. One way to maximize your wardrobe while minimizing the number of articles is to pack coordinated outfits that can be mixed and matched.
 5. Find out about "off seasons" from your local travel agent, as well as the mode of transportation that best fits your time and budget needs. "Off season," accommodation rates are generally a good deal lower than "height of the season" costs. Similarly, airlines charge less for "off hour" flights—those that leave after dinner, or during the middle of the week.
- As you can see, you don't have to be a millionaire to enjoy a first-class vacation. All it takes is simple and sensible investment in planning ahead.

How Does Your Garden Grow?

Gardening can be fun.

Even if you've just been a reluctant weed-puller before, with the wealth of materials at hand today, gardening can be a breeze.

And the rewards are blossoms from the first flush of spring right up to frost.

Here are some gardening tips to help you wishful-would-be gardeners get started:

- The secret of a beautiful garden is in the planning. For instance, if strong color accents are your goal, they must be planned.
- Flower beds and borders should fit into a definite overall pattern. One blossom here and another there makes no "show" at all.
- Plan accents in your garden, too. One way is with an expandable Rubbermaid border fence. The sturdy white fence won't rust, warp or break. Four galvanized steel stakes come with each, so it's easy to install and it folds to just a few inches for compact storage.
- Other interesting additions might include a small fountain, colorful pots of flowers or even outdoor lighting for enjoying your garden in the evening.
- By planning ahead you can cut the usual time spent mowing the lawn, too. Make

sure the strips along flower beds are wide enough so the power mower can be used. Otherwise you'll spend hours trimming the grass between the flower beds by hand.

• Use a mulch. Mulching makes gardening easier because it cuts down on such chores as weeding, cultivating and watering. And it helps plants grow better, too.

• Hand-to-hand warfare in the battle of the weeds is out, chemical warfare is in. A garden sprayer or spreader to apply chemical controls will free your lawn and flower beds of weeds in record time.

• Save time and energy by investing in the right tools. Tools that are sharp and rust-free can cut your working time, too.

To get started you'll need grass shears, a garden hose and nozzle, garden hoe, edger, spade and at least one rake. Other essentials for gardening include a garden trowel and bulb planter.

• Organize your equipment for easier gardening. A 10-foot section of your garage wall should accommodate all the tools you'll need. Hang tools from nails or pegs on perforated hardboard. Use shelves to hold packages of supplies, like fertilizers, weed sprays, packets of seeds and the watering can.

ICE CREAM DESSERTS DE LUXE

More than 17 million American families will be eating ice cream today. One of three families has ice cream on hand in the freezer—and most of us buy the generous half-gallon size.

Some people have gotten out of the habit of serving ice cream as a company dessert because they want company desserts to be elegant and party-festive as well as delicious. They want dessert to be original, distinctive, and home-made!

You can make ice cream fit the bill perfectly, when you add a serving-plus to make it the specialty of your house. The plus can be an ingeniously simple sauce, made with fresh fruits and spirits, that you spoon over store-bought ice cream for a sophisticated gourmet effect.

You can make these sauces at your leisure, some of them weeks and months ahead—store them in a cool place, or in the refrigerator.

Red Cherry Sauce

- 2 cups pitted sour cherries (or drained canned sour cherries)
- 2 cups sugar
- 1/2 cup whiskey

Stir cherries and sugar over low heat until sugar dissolves. Add whiskey. Cool, store in refrigerator. Use as ice cream or pudding sauce.

Raspberry Sauce

- 2 cups cleaned raspberries
- 1/2 cup sugar, to taste
- 1 tablespoon lemon juice
- 1 tablespoon cornstarch
- 1/4 cup whiskey

Cook berries and sugar over low heat until sugar dissolves. Stir lemon juice and cornstarch together, add to fruit. Cook, stirring, until sauce is clear. Add whiskey. Chill, store in refrigerator, serve with ice cream. Tip: to make this sauce with frozen berries, add only 1/4 cup sugar.

Strawberry Bourbon Sauce

- 1 quart strawberries
- 2 cups sugar
- 1/4 cup Bourbon

Wash and hull 1 quart strawberries. Add sugar. Let stand 30 minutes—in the sun if possible. Bring to a boil and cook, stirring occasionally, until sugar is dissolved. Add Bourbon, chill. Use as ice cream sauce. Keeps indefinitely in the refrigerator.

Dessert Royalty

The pineapple, adorned with its own crown of spikelike leaves, is called the "King of Fruits". This majestic fruit is also recognized as a symbol of hospitality, meaning, "Guests are welcome here." Once a luxury food appearing only on the tables of the very wealthy, pineapple is now available year 'round fresh, frozen and canned. In this recipe the sweetness of pineapple teams with the rich nutty flavor of bran cereal in a cinnamon-spiced cake and with coconut, another historic fruit, in a broiled topping. Kay Kellogg suggests serving Pineapple Dessert Cake warm at its moist and tender best.

PINEAPPLE DESSERT CAKE

- 2 cups bran cereal in flake form
- 1/2 cup milk
- 1/2 cups sifted cake flour
- 1 teaspoon baking soda
- 1/2 teaspoon salt
- 1 teaspoon cinnamon
- 1/2 cup regular margarine or butter, softened
- 1 cup brown sugar, firmly packed
- 2 eggs
- 1 cup cream style cottage cheese
- 1/4 cup drained, crushed pineapple
- 1/2 cup drained, crushed pineapple
- 1/2 cup flaked coconut
- 1 tablespoon pineapple syrup
- 1/4 teaspoon cinnamon

1. Measure bran flakes; then crush to 1 cup. Combine crushed bran flakes and milk; let stand until most of moisture is absorbed.
 2. Sift together flour, soda, salt and cinnamon; set aside.
 3. Measure sugar and margarine into mixer bowl; beat until light and fluffy. Add eggs one at a time, beating well after each addition. Add dry ingredients alternately with bran flakes mixture; mix only until batter is smooth. Stir in cottage cheese and pineapple. Spread evenly in slightly greased 9 x 9 x 2-inch baking pan.
 4. Bake in moderate oven (350° F.) about 50 minutes or until wooden pick inserted in center of cake comes out clean. Combine ingredients for topping and spread over hot cake. Broil about 3 minutes or until topping is lightly browned. Serve warm.
- Yield: 12 servings, 3 x 2 1/4 inches.

From Spain, Two New Beverages

One of the delights of traveling in Spain is the marvelous array of fresh fruits used in food and beverage preparation. No! Spanish food is not hot. It is not Mexican. Spaniards are much like the French in their love of fresh produce. They use fruits in a greater variety of ways than we do.

The home economist for Cabana bananas recently returned from Spain and reported that bananas are used a good deal in fruit salads, desserts, and with meats. However, she reported, they frequently use bananas in beverages too. A good place to sample Spain's beverages is in her snack bars, cafes, or taverns. These snack bars seem to be on every block in Spanish cities. Here people gather to talk and sip coffee, juice or Sangria. The juice is often called "Jugo Varios" which loosely translates to "juice made of the various seasonal fruits." A typical Jugo Varios would be a glass of orange juice whipped up with a mashed banana. Travelers returning from Spain vividly remember Sangria. James Michener describes this drink in Iberia—his bestselling book about Spain.

Sangria might be called the national drink of Spain. It is served any time of day. Somewhat like a fruit-wine punch, it is made in a tall pottery or glass pitcher.

Sangria

- 1 lime
- 1 orange
- 1/4 cup brandy
- 2 tablespoons sugar
- 3 Cabana bananas, peeled and sliced
- 1 (4/5 qt.) hearty red wine
- 1 (7 oz.) bottle carbonated water
- Banana slices & lime slices (optional)
- Ice cubes

Squeeze lime and orange; pour juices into pitcher one-half full of ice. Pour in brandy and sugar. Drop in banana slices; press them lightly against sides of pitcher. Pour wine then soda into pitcher. Stir well. Pour into glasses. Garnish with extra banana and lime slices, if desired. Makes about 6 servings.

Maple Trinity Bread

Bread, a mainstay during Biblical times as well as today, has always had religious significance. Homemade bread still has a mystical reverence about it and Maple Trinity Bread's unique shape has special meaning.

Three round portions of dough, symbolizing the Trinity, form the base of this loaf. Atop this, twisted and coiled strips of dough fashion a cross. A surprise ingredient — maple syrup — gives the bread an unusual but not-too-sweet taste.

Today's enriched flour gives all your home baked goods important nutrients — the essential B-vitamins, thiamine, niacin and riboflavin, and the mineral, iron.

MAPLE TRINITY BREAD

- 1 loaf
- 4 1/2 to 5 1/2 cups enriched flour*
- 2 packages dry yeast
- 3/4 cup maple syrup
- 1/2 cup milk
- 1/2 cup water
- 1/2 cup oil
- 2 teaspoons salt
- 1 egg
- 1 egg yolk
- 1 egg white, slightly beaten
- 1 tablespoon water

Stir together 2 cups flour and yeast. Heat maple syrup, milk, water, oil and salt over low heat only until warm, stirring to blend. Add liquid ingredients to flour-yeast mixture and beat until smooth, about 2 minutes on medium speed of electric mixer or 300 strokes by hand. Blend in egg and yolk. Add 1 cup flour and beat 1 minute on medium speed or 150 strokes by hand. Stir in more flour to make a moderately stiff dough. Turn onto lightly floured surface and knead until smooth and satiny, 8 to 10 minutes. Shape into ball and place in lightly greased bowl, turning to grease all sides. Cover and let rise in warm place (80 to 85°) until doubled, about 2 1/2 hours. Punch down. Divide in fourths; cover and let rest 10 minutes. Shape 3 portions into balls. Place on greased baking sheet in cloverleaf design. Flatten each to 1 inch high. Cut remaining dough in quarters, with palms of hand shape each into 20-inch ropes. Twist ropes together in pairs; press ends to seal. Arrange to form cross on cloverleaf, curving ends in semicircles and tucking under cross. Cover and let rise in warm place until doubled, about 45 minutes. Combine egg white and water; brush on loaf. Bake in preheated 350° oven 40 to 50 minutes, or until done. If necessary, cover loosely with foil to prevent excess browning. Remove from baking sheet immediately.

*Spoon flour into dry measuring cup; level. Do not scoop. Note: If self-rising flour is used, omit salt.
