Clocks Go Back One Hour Sunday

It's time once again for the semi-annual time change! Clocks move back officially one hour at 2:00 a.m. Sunday, Oct. 31st, to 1:00 a.m. to convert from Daylight Saving Time to Standard Time.

Standard Time will be in effect here and elsewhere over the nation for the coming six-month period, until the last Sunday in April, '72.

Only workers who are working a night shift for an oil company or hospital, or other occupation requiring night work will make the time change when it occurs.

The easiest way to make the time change is to move your watch, and clocks and other time pieces back an hour just before retiring Saturday night. If you forget to do it, you'll be an hour early for church services Sunday.

Mrs. A. E. Pitts Dies

The John Pitts family were called to Atlanta, Texas, during the week end after being notified that his mother, Mrs. A. E. Pitts, Sr., had died of a sudden heart attack at the family home.

Funeral services were held at 10:00 Monday morning at Atlanta, which is located near Texarkana.

In addition to her husband, Mrs. Pitts is survived by 11 children, including John of this place, and a number of grandchildren. She and her husband ran a chicken farm and were in the egg business.

John Pitts is employed here with West Texas Utilities.

Benefit Golf Tourney Set For Nov. 6 & 7

A Golf Tourney is set Nov. 6-7 sponsored by Schleicher County Hospital Auxiliary. Benefit is the recently purchased whirlpool bath and funds will be used to pay for this and other projects for hospital.

Entrance fee is \$3 per person. Qualify Saturday, 18 holes. Final 18 holes Sunday.

All golfers or would-be golfers invited to enter. Men, women, boys and girls. May sign up at Golf club or contact Eddie Mae Kinser, Auxiliary Golf Tournament chairman, or Mr. or Mrs. Carroll Ratliff.

Rain Tuesday Night!

A hard-driving rain hit Eldorado Tuesday night, dumping nearly an inch of moisture. Rain gauges here showed .95. It was not known how widespread the rain was over the county, but the most immediate effect will be further delay in bringing in of the cotton crop.

Lions Met Yesterday

At their meeting this week, the Eldorado Lions Club re-instituted a custom of some years ago of having a member of the Senior Class to attend the meeting each week as a guest of the club, and Lion Of The Week. Marian Bland was the first of the class members to do so. It is planned for all the classmen to attend club meetings in the weeks and months to come.

At yesterday's meeting, Boss Lion Bill Gunstead presided. Jerry Jones, program chairman for this month, introduced the program on Ecology.

Candy Sale Still On

The sale of bags of candy for Halloween Trick or Treat is still going on each morning at the Lions Den truck near the post office.

The bags of candy are \$1 each. It is hoped all can be sold by Saturday.

John W. Ballard Dies

John Wesley Ballard, 85, died at about 12:50 p.m. Tuesday in St. John's hospital in San Angelo. Graveside services were held at 2:00 p.m. Wednesday in Eldorado directed by Johnson's Funeral Home.

Survivors include several nieces and nephews.

June Deaton visited over the week end in the home of her parents, Mr. and Mrs. Floyd Deaton. June is employed with Leader Savings & Loan Association in Dallas.

The owner of a big Dallas department store was awakened at home at 3:00 in the morning. A voice on the phone said, "I want to compliment your store. I bought a stereo phonograph and it is the finest we have ever had."

"Thank you," replied the store owner. "I appreciate the compliment. When did you buy the phonograph from us?"

"Four months ago."

"You bought it four months ago and you call me at 3:00 in the morning to tell me about it?"

"Yes. It just arrived."

People moving: Ray Woodward to the Happy Edmiston house.

The James Mikas closed the Eagles Nest cafe across from the school this week, after operating it since late summer.

Cub Pack Meeting

Cub Scouts and their parents braved a rainy night Tuesday to turn out and attend the monthly Pack meeting, which was held in the Memorial Building. In charge was the Rev. Gordon Garlington, institutional representative of the Ministerial Alliance which sponsors the unit.

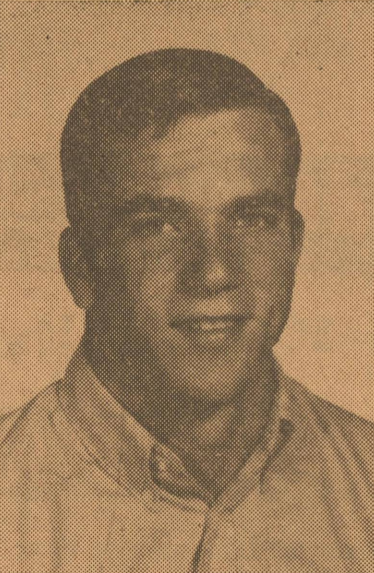

Mrs. LaVerne Garvin's den gave a skit on theme of fire prevention and Halloween, and exhibited the jar gardens they had made.

The Webelos den had an exhibit of rocks and geology, and this was explained by some of the members.

Bobcat awards were presented by Kenith Homer to Cubs Mark Wallis and Billy Charles Gunstead.

Wolf badges were presented to Derek Engdahl and Curtis Griffin.

Funeral Set For Roy Andrews, 82

ROY ANDREWS

Funeral services will be held at 3:00 Thursday afternoon (today) in the First Baptist Church for Roy Andrews, who died at 6:30 Tuesday morning in the local medical center following an illness. He was 82, and had lived in this county about 56 years.

The Rev. Billy Daniels will officiate at the funeral assisted by Bro. Sparkman of London.

Volunteer firemen will serve as pall bearers. He was a long-time member of the department, serving as fire marshal. He was also city constable, in Lions Club, and a member of the Baptist church.

Roy Cullen Andrews was born Aug. 21, 1889, at London, in Kimble county, the son of the late Dora and Sallie Woodward Andrews.

On June 21, 1912, he was married to Bessie McDonald in London, and they later moved to this county where he operated a store and was in the trucking business.

In addition to his wife, he is survived by a daughter, Mrs. Elnora Love of Eldorado; a brother, Raymond Andrews of Menard; two sisters, Mrs. Annie Hight and Mrs. Allie Wilson, both of London; five grandchildren and 10 great-grandchildren.

In 1962, Mr. and Mrs. Andrews were honored here on their Golden Wedding. A related article and photo are on page 5.

Following 19-14 Win Over Rob. Lee—Complete Report On Page 5

Eagles To Host Bangs Friday In Final Scheduled Home Game

FOOTBALL BULLETIN BOARD

How They Came Out Last Friday Night:

Sonora 63.....Bangs 0
Mason 45.....Menard 0
Eldorado 19....Robert Lee 14

Where They Play Tomorrow Night:

Mason in Sonora
Menard in Robert Lee
Bangs in Eldorado.

How They Stand In District 9A Play: W L T

Sonora 2 0 0
Mason 2 0 0
Eldorado 1 1 0
Robt. Lee 1 1 0
Menard 0 2 0
Bangs 0 2 0

The crucial decision comes for the No. 4 team, Sonora, and No. 5, Mason, tomorrow night. They are ranked in that order by the Harris Poll in its evaluation of the high school football powers in Texas. The loser of the Mason & Sonora game will be tied with Eldorado and Robert Lee for second place in District 9A, assuming, as seems very probable, that Eldorado beats Bangs tomorrow night and that Robert Lee defeats Menard.

About Bangs:

The Dragons have endured a losing season and it appears their only chance to win a District 9A contest will be against Menard in Bangs the night of Nov. 5. To date, Bangs has played Jim Ned, Rising Star, Santa Anna, Early High, De Leon, Robert Lee and Sonora. The best they have managed to date is a tie with Jim Ned, which was 8-8.

It's Homecoming Here

Tomorrow night's game in which Bangs will be here vs. the Eagles, is the Eagles' final scheduled game on the home field. It is the Homecoming game and the Band and Football Queens will be crowned.

Realignment Keeps Eldorado In Dist. 9A

Interscholastic League districts were re-aligned for a new two-year period recently, keeping Eldorado in District 9A, along with Sonora, Mason, Robert Lee, and Menard, and bringing Wall and Junction into the district. Bangs goes out of our district.

The re-alignment means that for the 1972-73 football game seasons, the Eagles will have just four non-district games before starting the six games for District 9A.

The coaches and administrators will be at work this fall on the new two-year game schedules for 1972-73, and the schedules will be announced following the close of this year's football season.

Merchants Drawing To Be Launched

A Christmas Eve drawing for prizes will be staged here again this year by six local stores. Tickets will be given out at the stores starting this coming Monday, Nov. 1. A ticket will be given for each \$1 in purchases, and each ticket is good for a chance at the 7 prizes. Complete details are in the ad on page 3 of this Success issue.

The game Friday night is the final scheduled home football game of the season and will include crowning of the Football and Band Queens. It's the Homecoming Game for the Eagles.

The Eldorado Eagles will have company on Eagle Field tomorrow night. The guests will be the Bangs Dragons, a thoroughly down trodden & woebegone high school football team to date.

As for the Eagles, like every football team, they should experience an encounter with a "booby trap" opponent just to keep themselves on their toes. The trouble about Bangs is that they were highly regarded at Texas Coaching School this past August, some prophets going so far as to call them "dark horse District 9A favorites." Back in August they had eight returning, big, strong lettermen.

Bangs has been plagued with troubles no high school football team should have and their organization is chaotic to say the least. This is true to such a degree that no starting lineup is firm enough to list with confidence that the named lads will appear tomorrow night.

Scouts do say that they have currently four seniors and five juniors, the rest, of course, being made up of sophomores and freshmen. Scouts say also that the Dragons will be about "even stephen" on weight with the Eagles, something that is true but rarely.

They utilize two offensive formations, beginning with "Straight T" and they shift into the so called "pro set" where they move a half back out past either end and then move the opposite end out from three to 10 or more yards from his tackle. This leaves two backs with the quarterback and they normally position themselves behind the offensive guards or tackles. This "pro set" is at least one favorite alignment of almost all professional football teams, hence its designation as "pro set."

The Dragons have a good passer in their quarterback, No. 2, Jack Fisher. They passed a great deal against the Sonora Broncos last Friday night although the Broncos administered a real shellacking to them.

Defensively, the Dragons utilize a "four-man front" with three linebackers or they may shift into a six-man line with a single linebacker. This leaves two corner backs and two combination men to play as halfbacks or safeties as the occasion requires. This is about like remarking that nearly all automobiles have four wheels. But the information helps an Eagle lineman when he considers his blocking assignment while he is awaiting Eagle Center Mark Bland's snap back.

Meanwhile, the Eagles, nearly a fourth of whom are just barely out of the infirmary, are in a happy frame of mind with their hand-earned victory over Robert Lee last Friday night. They are in ideal physical and mental condition to underestimate the Dragons' potential, thus being exposed to the Bangs "booby trap."

Coach Ronnie Stephens remarked this week that he hoped the Eagles would avoid a disastrous state of overconfidence and he set three objectives for the game tomorrow night: These are as follows: 1. Make no mental mistakes. 2. Outman and outperform Bangs physically. 3. Give 100% effort on every play.

Coach Stephens will be hoping to take advantage of Bangs' current playing depression to give the Eagle "injured" a chance to heal. They include Terry Clingan, ankle; Billy Doc Hubble, ankle; Manual Martinez, knee; Archie Nixon, shoulder and sore back; Ricky Griffin, finicky collar bone; Lonnie Reynolds, ankle; and numerous other "ambulatory" competitors, so to speak.

Game time is 7:30 p.m. It's Eldorado's Homecoming; there will be considerable moonlight—if it does not rain; but there is a bad side: Bangs, the opponent, may or may not be a nice, friendly, docile Dragon so the Eagles can "sort of have a breather." Instead they may realize their potential and take the field as a genuine "roaring, scaly, fire-breathing monster," daring even St. George to cross the path. In that event, it could be a nerve racking and unpleasant night for Eagle dads, moms, and fans.

Just Five Bales!

Gin Manager Kenith Homer reported this week that only five bales of cotton had been processed.

The crop this year is short on account of weather conditions.

The rains that fell Tuesday night will delay any more cotton coming in for at least two weeks.

The local firemen and their families turned out Tuesday night at Jerroll Sanders' El Dorado Restaurant for a supper.

A good crowd was present, nearly filling the large private banquet room.

Death Reported Of Slim Menees, 67

Friends in Eldorado were notified Monday of the death of W. A. (Slim) Menees, a former Eldorado resident and gauger for Service Pipe Line Co. His age was estimated at about 67 years.

His home was in Longview, Tex., but death occurred while he was visiting in Florida.

Reports late Monday were that funeral arrangements were pending at Welsh's Funeral Home in Longview.

Survivors include his wife, Alene and two sons and four daughters.

The family left here about 7 years ago after being residents for about 13 years. During that time his children attended the Eldorado schools.

News of the Sick

Kenneth Hicks was flown home to Eldorado Tuesday morning from Houston where he had been undergoing therapy for a number of weeks. He will continue convalescence at home under doctors' care. He was injured last summer while working near Big Lake. He is employed with Southwest Texas Electric Co-Op.

A. G. McCormack entered a San Angelo hospital late Monday and was scheduled to undergo ear surgery Tuesday.

Austin, Tex.—Ballot order has been selected for 14 proposed amendments to the state constitution to be voted on at the November 7, 1972, election.

Major changes, including authorization for a constitutional convention, four-year terms for major state officials, higher state bond interest ceilings and equal rights for women are included in the list.

Social Security Man Is Here Today

Johnny Grammer, Field Representative for the San Angelo Social Security Office, has scheduled his October visit to Eldorado. He will be at the County Courthouse on Thursday, October 28 (today) from 9:30 a.m. to 11:30 a.m.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo at 949-4608.

RODEN FINISHES CRUISE

(EHTNC) USS Johnston—Navy Seaman Howard L. Roden, son of Mr. and Mrs. August L. Roden of North Divide Drive, Eldorado, Tex., returned Oct. 16 to homeport in Charleston, South Carolina, after a six month cruise in the Mediterranean aboard the destroyer USS Johnston.

While his ship was operating with the U. S. Sixth Fleet, he visited France, Spain, Greece and Tunisia, and participated in anti-submarine, anti-air and surface warfare practice exercises at sea.

The amendments, in the order they will appear on the ballot, follow:

1. A salary raise for legislators from \$4,800 to \$8,400 a year.
2. To abolish Lamar County hospital district.
3. To provide for compensation of all justices of the peace on a salary basis.
4. To establish a constitutional revision commission and call a convention to revise the state constitution in January, 1974.
5. To allow tax exemptions for disabled veterans, their surviving widows and children and widows and children of armed forces personnel killed on active duty.
6. To provide a minimum \$3,000 property tax exemption for resident homeowners of those 65 and over.
7. To guarantee that equality under the law shall not be denied or abridged because of sex, race,

Population Grows Mainly In Cities

The metropolitan areas of Texas, with a 1960-70 population gain of 1.6 million, accounted for virtually all (98%) of the state's population growth, a report issued by the Bureau of the Census, U. S. Department of Commerce, shows. The report is based on the 1970 census.

The population of Texas grew to 11,966,730, an increase of 1,617,053 or 16.9% during the decade. The metropolitan population grew to 3,234,458, an increase of 1,577,898. Slightly more than half of this metropolitan growth took place in the suburbs where the increase was 842,982 compared with the 734,916 growth in the central cities. In the nonmetropolitan portion of the state, the population increased by 39,155 or 1% and totaled 2,962,272 in 1970.

Texas has 24 Standard Metropolitan Statistical Areas (SMSA's), that include 40 of the state's 254 counties. All but one of the SMSA's are located entirely within the state. They are: the Abilene, Amarillo, Austin, Beaumont-Port Arthur-Orange, Brownsville-Harlingen- San Benito, Corpus Christi, Dallas, El Paso, Fort Worth, Galveston-Texas City, Houston, Laredo, Lubbock, McAllen-Pharr-Edinburg, Midland, Odessa, San Angelo, San Antonio, Sherman-Denison, Tyler, Waco, Wichita Falls SMSA's, and the newly created Bryan-College Station SMSA. Bowie County forms the Texas portion of the Texarkana, Tex-Ark., SMSA.

In both 1960 and 1970, 87% of the state's population was white. In the metropolitan areas, the white population rose 22% and the population of Negro and other races (which is 95% Negro), 35% and within the central cities, whites increased by 12% and other races by 40%. In contrast, outside the central cities, the whites increased by 45% and other races by 16%. As a result, whites increased from 92 to 93% of the suburban total, and the other races increased from 14 to 17% of the central city total. The 1960-70 population growth in Texas was the result of a natural increase of 1,471,036 (births minus deaths) and a net in-migration of 146,017. Population gains in the central cities and in the nonmetropolitan areas were entirely the result of natural increase, because central cities lost 104,828 persons and nonmetropolitan areas 256,667 persons from net out-migration. Among Negro and other races, net in-migration accounted for 18% of their growth.

ANSWERS TO TURKEY QUESTIONS

Q. What is the best way to thaw a frozen turkey?
A. Thaw in the original bag on a tray in the refrigerator. A 13 lb. bird will take 2 or 3 days. For faster thawing the wrapped bird may be placed in a pan of cold water. Change water frequently.

Q. How can the neck and giblets be removed before the bird is completely thawed?
A. The giblets and neck for all Deep Basted Butterball Swift's Premium Turkeys are placed in plastic bags which can be removed from the neck and body cavities respectively without waiting for the bird to thaw completely. Roasting directions are printed on the giblet bag for cooks who know all about turkey and especially for those who don't.

Q. Are hen turkeys more tender than tom turkeys?
A. No. Tenderness is primarily a function of the age of the live bird. Turkeys designated as "young" on the wrapper are equally tender whether toms or hens.

color, creed or national origin.

8. To provide four-year terms for governor, lieutenant governor, attorney general, comptroller, treasurer, land commissioner, secretary of state and other statutory state officers.
9. To allow soil and water conservation district directors to hold, or be compensated for, more than one office.
10. To require that proposed constitutional amendments be described twice in clear language by statewide newspaper publication (633 papers).
11. To fix an annual salary of \$22,500 for speaker and lieutenant governor.
12. To permit state employees to serve on local governing boards.
13. To set a 6% weighted average annual interest rate for constitutionally authorized bond issues.
14. To allow counties to reduce their permanent school fund and distribute money to independent and common school districts on a per-scholastic basis.

Democrats Elect . . .

Feuding Democrats settled a row over election of a new chairman with unexpected calm.

At a Dallas meeting, the State Democratic Executive Committee named Roy Orr, 39, mayor of DeSoto, chairman, rejecting Governor Preston Smith's preference for Agriculture Commissioner John C. White.

Orr won by a razor-thin 32 votes to 30 over the veteran statewide official. Backers of both argued that their man would be the best choice to unify the state party for election-year battles ahead. White had backing of liberal and some moderate and conservative members of the committee. Orr drew support of most SDEC conservatives and some moderates. Both candidates, the winner and the loser, pledged future cooperation with all factions.

Orr succeeds Dr. Elmer Baum of Austin as SDEC chief until the September, 1972, state party convention.

Allowable Reduced

For the 7th consecutive month, Texas Railroad Commission reduced the statewide oil allowable.

A cut of .7 of a per cent sets the November production factor at 62.5% of potential. The allowable has been slashed 19.6% since last April.

A maximum production of 3,275,749 barrels daily will be permitted under the November controls, compared with 3,305,129 this month.

Appeal Filed

Texas is appealing U. S. Secretary of Transportation John A. Volpe's decision to impose a 10% penalty on the state's share of highway construction money from the federal trust fund.

The threatened cut—because Texas has not enacted a billboard control law under the highway beautification act—would cost the state about \$24 million a year. The appeal to Volpe noted legislative efforts to comply with the federal requirement and asked a decision

on the penalty be withheld until the next regular legislative session.

Eldorado-Divide District News

The crop year of 1971 will soon come to an end with farmers again experiencing low crop yields. Not enough moisture at the beginning of the year and too much rain for too long, after it started raining. Too much rainfall on grain sorghums and hay crops has been harmful to the crops. Cotton yields have indirectly been affected by too much moisture in that cotton has been severely damaged by insects.

Benefits from conservation practices applied and maintained, were experienced by farmers throughout the Eldorado-Divide Soil and Water Conservation District this year. Before the rains started about the middle of June, it was evident that most of the crops would be produced immediately above terraces. Water held by terraces and contour rows since good rains started has been beneficial to late planted feed.

Rainfall received throughout the District has been more than needed for good crop yields this year. However, water that was held on the land by conservation practices ap-

plied and maintained, will be available for the next crop. As one District cooperater stated, "Water held from this year's rains will help produce good crop yields needed next year." Moisture stored in the soil at planting time has always made the prospects of good crop yields better.

The good moisture condition now present is no assurance that ample moisture will be available for maximum yields next year. More moisture will be needed between now and planting time and after crops are up to help assure maximum potential yields. Treatment and use of cropland from now and up to the time crops are planted can be helpful or detrimental to crop yields.

Conserving all the moisture that is now in the soil should be one of the important objectives of all farmers. To accomplish this, several steps must be carried out. This year's plants should be plowed up as soon as crops are harvested. Moisture used by plant re-growth can be saved for the next crop. Also, the correct management of the crop residues will help conserve the moisture. The crop residue should be managed whereby most of it is on top of the soil. Moisture loss by evaporation caus-

ed by the wind and sunshine striking directly against the soil, is thereby held to a minimum.

Each year's crop yields are dependent on more than the moisture available for plant use. Soil fertility is equally as important as the needed moisture for good crop yields. Poor soils produce poor crops low in the necessary elements needed in both animal and human nutrition. Soils kept high in fertility through soil, water and plant conservation practices produce plants that provide the necessary elements needed in animal and human nutrition.

Crop yields in the District will continue to be affected by the amount of rainfall received. However, more important than the amount received will be the amount kept on the land for crop use. Maximum potential yields can be attained only when all the needed conservation practices are applied and maintained in combination with all good farming practices.

Eagles Upset R. Lee With 19-14 Victory

The bruised and limping Eldorado Eagles defeated the Robert Lee Steers last Friday night in Robert Lee by a 19-14 margin, three touchdowns to two. The game was crucial for both teams and the Eagle win pulled Eldorado up to a tie currently for second place in tough District 9A. Mason and Sonora are tied for first place at present.

Game statistics go as follows:

| Eldorado: | Robert Lee: |
|---------------------------|-------------|
| 11 First downs | 15 |
| 136 Yards rushing | 168 |
| 21 Yards passing | 33 |
| 157 Total yards | 201 |
| 3 of 8 Passes att. & com. | 4 of 12 |
| 0 Passes intercepted | 2 |
| 4 Fumbles captured | 1 |
| 3 for 35 Penalties | 5 for 69 |
| 4 for 47.9 Punts & av. d. | 6 for 31 |

Score by quarters—

| | | | | | |
|------------|---|---|---|---|-----|
| Eldorado | 7 | 6 | 0 | 6 | —19 |
| Robert Lee | 0 | 7 | 0 | 7 | —14 |

These figures show that it was a bitterly contested game. Indeed it was; and Eldorado fans could take a deep breath only in the last 60 seconds of play after the Eagles had recovered from a near disaster and had taken possession of the ball. This takeover was after Robert Lee failed to make its fourth down on the Eagle one yard line and had committed a rules infraction for a 15-yard loss to Eldorado and back to the Eagle 16 yard line. Then the Steers reluctantly relinquished the ball and Eagle QB Hunter Henderson made sure the football remained in Eagle custody the remainder of the ball game.

Henderson played a key role in the last two minutes of play. Eldorado had the football on their own 30-yard line with two minutes to go and with the 19-14 advantage on the scoreboard. In an effort to maintain possession of the football by making a first down, Henderson attempted an aerial on a third down situation. The pass was intercepted by fleet Robert Lee defensive halfback Abalos and he appeared certain to score. But Henderson hauled him down on the Eagle 8-yard line. The Eagles then threw up a rock-hard defense for two downs at which point in the game Robert Lee staged a strong sortie to their right which nearly gave Bobby Mumford a right-of-way into the Eldorado end zone. But an overly zealous Steer blocker was apprehended for "holding" a would-be Eagle tackler and the penalty cost 15 yards which put the ball on the 16-yard line. This was too much for the Steers to traverse. Henderson and the Eagles took charge then with a minute to go; and Eagle fans shifted back a few inches on the stadium seats.

The game ended three downs later with Eldorado out front 19-14 for this very important 9A win.

There were Eagle heroes "all over the place" in this contest. Billy Doc Hubble put the first Eagle tally on the scoreboard after Mike Manning engineered a Steer fumble and Tim Farris took possession of the loose ball. The Eagles then marched on down to the Robert Lee 4-yard marker and Hubble plunged over. Then Gene Nixon took a Hunter Henderson pass in the Robert Lee end zone just 13 seconds before the half ended.

Hunter Henderson scored again for Eldorado from 13 yards out after Gary Danford had set the Eagles up in business about midfield by capturing a Steer fumble, this happening less than two minutes into the third quarter.

The Eagles found the Steer defense tough but Billy Doc Hubble was able to carry 11 times for 46 yards and Archie Nixon carried 18

Roy And Bessie Andrews Recalled Early Days In Southwest Texas At Time Of Golden Wedding

ROY AND BESSIE ANDREWS At The Time Of Their Marriage In 1912

In the summer of 1962, Mr. and Mrs. Roy Andrews were honored on their Golden Wedding Anniversary at which time a large number of relatives and friends called. They recalled their lifetimes in this area. The couple were married June 21, 1912, in Menard county, by Justice of the Peace Will Eckert, now deceased.

Roy C. Andrews, the bridegroom, grew up in Menard county eight miles from London. He recalled that he worked then for \$20 a month, with board. The boots he is wearing in the above photo cost \$12.50 when he bought them in Mason as a young man.

The bride was the former Bessie Annie McDonald, who had been reared at Harper in Gillasp county before moving with her parents to London as a young woman. The McDonald family were engaged in farming and ranching near London when the couple met. The newlyweds made their first home on his father's farm in 1912

and '13. In 1914 they moved to Schleicher county to the Frank Spencer place, arriving in October of that year. In 1916 Mr. Andrews went to work for Bud Baker on the old Nicks place, subsequently leasing a place from Mr. Spencer in Kaffir.

They moved to Eldorado in 1927 where he went into the grocery business. He also engaged in trucking for many years.

The Andrews grocery store was located in the block on South Main street, and was one of the group of business buildings razed by a fire in 1934, still well remembered as one of Eldorado's biggest and most spectacular blazes of pre-fire-department days.

After the fire, Mr. Andrews erected a building on the site of his razed building which contained store, cafe, living quarters and rental units, and it was here that the couple still lived at the time of his death.

times for 45. Henderson carried 10 times for 31 yards and Ricky Griffin carried four times for 11 yards.

Archie Nixon did a spectacular job with his putting, averaging a whopping 47.9 yards for four kicks but the remarkable thing was that three of these kicks put Robert Lee behind their own 12-yard line and two of these were dead on the Steer four-yard stripe. One of Nixon's punts was under great duress as the pass back from center was bobbled and Nixon had to run for it—until he could kick and the ball rolled dead on Robert Lee's four-yard line.

Mike Manning led the way with 23 tackles defensively with Archie Nixon way back at a halfback racking up 10. Roy Lloyd and Mort Mertz tabbed 9 each. Chris Pena accounted for 7; Ken Peters had 6 while Oscar Martinez and Lyn Mertz had credit for 5 each. Tim Farris as a defensive halfback got credit for four while John R. Powell, Gary Danford, Ricky Griffin, Garry Wester, and Gene Nixon all tabbed 3 each.

The Eagle infirmary added a member as Terry Clingan suffered a hurt ankle on the first play of the game and saw no more action. Hubble's ankle is greatly improved but Archie Nixon has added a sore back which is neither permanent nor serious but when added in with a sore shoulder and hip all combine to give him a somewhat somber outlook. Ricky Griffin still flinches from his collar bone and Manuel Martinez twinged his knee which was hurt in the Iraan game; but all continue to turn up on the able bodied list at game time.

The 19-14 glitter on the scoreboard made the bus ride home a pleasant one but the chances are that the Steer dressing room was not so happy. It is worthy of note that Robert Lee and Eldorado will be members of the new Football District 9A as assigned by University Interscholastic League Headquarters for the years 1972 and 1973; so the Steers will come to Eldorado next year with a gleam in their eyes.

THINK ABOUT IT . . .

When someone stops advertising someone stops buying. When someone stops buying, someone stops selling. When someone stops selling, someone stops making. When someone stops making, someone stops earning. When someone stops earning, someone stops buying.

Signs of Safety

HANDLE WITH CARE

IT'S LAWN MOWING TIME AGAIN. MAKE IT EASY FOR YOURSELF BY FOLLOWING THESE SAFE MOWING IDEAS.

USING A POWER MOWER? ALWAYS REMEMBER THESE SAFETY RULES. KEEP CHILDREN AND PETS OUT OF THE YARD WHEN YOU'RE MOWING THE LAWN. ONE MINUTE THEY'RE SEVERAL FEET AWAY. NEXT MINUTE THEY'RE RIGHT IN YOUR PATH.

CLEAR YOUR YARD OF DEBRIS BEFORE STARTING. THIS INCLUDES STONES, WIRE COAT HANGERS, BOTTLES AND OTHER LARGE OBJECTS.

DON'T SPEED YOUR ENGINE. IT'S NOT A MOTORCYCLE. EXCESSIVE SPEED WILL SHORTEN MOWER LIFE. FOR FURTHER TIPS, SEE YOUR LOCAL POWER MOWER RETAILER. HE'S MR. LAWN-MOWER SAFETY IN YOUR NEIGHBORHOOD.

A PUBLIC SERVICE OF YOUR LOCAL LAWNMOWER RETAILER AND THE OUTDOOR POWER EQUIPMENT INSTITUTE.
