Milk And Dairy Products To Top June Plentifuls

College Station, Tex.—June is milk month! At least, the U. S. Department of Agriculture says milk and dairy products are in plentiful supply. So it is a great time to feature milk on your menus.

Milk production for the first quarter of 1971 was 1.0% greater than in 1970. Production levels for dairy products should be at their beak in June. You'll find it easy to use the vast array of dairy products including ice cream, sour cream, cheese and butter to give your meals a boost.

Fort Forth, Texas.—Martha Sue tiful Foods List are broiler-fryers, Page of Eldorado was among grad-leggs, dried peas, canned ripe oluating seniors recognized for aca- ives, and potatoes and potato prodemic achievement during Texas ducts, especially frozen French Christian University's spring com- fries and instant mashed. If we could just wrap it

Litter is a complex problem. And solving it calls for understanding and united action.

Litter isn't caused by bottles or cans or convenience packaging. Litter is caused by the thoughtless man. The thinking man can stop it.

The natural first step is individual action. Let's all be a little more thoughtful. Let's make sure that we, ourselves are not adding to the litter problem.

The thinking man takes active steps to keep his community clean. The tools are at hand.

The United States Brewers Association is ready to help you. We're working at the local and national levels to create greater public awareness. To attack apathy. To help Keep America Beautiful.

If we tackle this problem together we can soon have it all wrapped up. Write us today and we'll help your community develop a campaign against litter.

"A Gourmet Treat — Crepes"

A gourmet way to use yesterday's chicken, seafood or roasted meats is to roll them up in crepes and top them with a rich sauce. The delicate French pancakes are a good coverup for leftovers and no one will guess they're last night's dinner.

Crepes are great anytimefor brunch or lunch, a tasty late night dish or hors d' oeuvre. Filled with fruit or served in a flaming sauce, crepes make spectacular des-

And they can easily be made ahead to refrigerate or freeze, then reheat at the last minute, according to Beverly Evans, home economics director at Wear-Ever Aluminum, Inc. The right utensils, some recipes and a little sense of adventure are all that are required to

make good crepes, she says. And the Wear-Ever Crepe Adventure kit makes all these essentials available in one package. It comes with an 8inch sloped fry pan for perfect-size crepes, a wire whisk, a ladle that holds just the right amount of batter for one crepe, a colorful mitt, recipe cards with step-by-step instructions, and serving sugges-

mixing bowl, measuring cups a pastry brush and a spatula ready have in your kitchen.

1 cup flour

tions for a variety of crepes. Other equipment—like a turner-you're sure to al-

For entree crepes which can then be filled with many kinds of meat, seafood, poultry or vegetables, you start with a basic crepe recipe:

Your guests will love bite-size hors d' oeuvre crepes.

3/4 cup milk

1. In medium-size bowl, beat eggs with whisk until well-2. Add half the flour; beat with whisk until smooth, free of lumps. 3. Combine milk, water; add

alternately with remaining flour: beat until smooth 4. Let batter stand at room ature one hour. CREPES

1. Preheat crepe pan over med-ium-high heat until a small amount of butter sizzles on 2. Brush pan lightly with melt-ed butter using pastry brush, paint brush or wad-

ENTREE CREPES 1/2 cup water 1/4 cup butter or margarine

> 3. Fill ladle with batter. 4. Quickly pour batter into pan; immediately rotate pan to evenly coat bottom. 5. Cook for one minute or until underside is golden

brown: adjust to medium heat if crepes brown too 6. Ślide spatula or turner un-der crepes. Pick up, flip over, cook about 15 seconds or

until lightly speckled. 7. Slide crepe onto plate or aluminum foil. 8. Repeat with remaining bat-

ter; fill as desired.

Clean And Carefree Camping - Family Fun

There are few vacations as rewarding as a family camping trip. Why not make this year's vacation a camping trip to some scenic spot you've never been to, or to some historic place you've always

heard about?

Peaceful nights and lazy days without pressure lie just down the road in a primitive forest or lovely national or state park. An uncrowded, quiet campsite with nearby interests for everyone in the family is one key to a happy camping trip. Another, just as essential, is to bring along the supplies you'll wish you had for safety, comfort and convenience in the wilderness.

Be sure to pack warm clothes and rainwear, sturdy shoes for everyone, and a supply of clothes to last between launderings. Include a deo-dorant soap like Dial with toilet articles for all personal care washings, since a bath or shower may not be readily available. Dial should be used as you would an ordinary soap. Daily use helps protect against minor skin infections So, packing it in the first-aid kit is smart, too.

You'll be glad you remembered laundry soap, clothes-line and pins (for wet towels), baby's favorite toy, paper towels, a notebook, camera and film, friends' addresses, bug spray, water purification tablets and litter bags. And carry lots of coins for tollways, laundromats, snack and

soft drink machines, rest room | facilities, parking meters, and ice and stamp machines.

Now that you know what not to forget, it's time to choose an unforgettable camp-

Camping in Lassen Volcanic National Park in northern California is fascinating. In 1915 Lassen was the site of the most recently active vol-cano in the United States. Lava beds, boiling pots and mysterious springs are still evident. Campsites are at different elevations and the highest ones have snow almost

ing destination.

vear 'round. Historically dramatic South Dakota has campsites near Mt. Rushmore and in Custer State Park, Wind Cave National Park and the Badlands National Park, as well as many others. Little campers will thrill to the town of Deadwood with its famous Boothill and the burial sites of Wild Bill Hickok and Ca-
