ATTEND MEET IN DENVER

Denver, Col.—"What the sheep industry needs is a new grasp on the word, 'optimism', and a new attitude concerning the fact that we have an industry worth working for, worth saving, and worth fighting for," the delegates attending the American Sheep Producers Council (ASPC) annual meeting were told by their Executive Director, Alfred E. Fisbeck March 10 in Denver's Cosmopolitan Hotel.

Attending from Eldorado were Ford Oglesby and Mort Mertz, ASPC delegates, and Howard Derick, ASPC director.

Post Script

Watch Out! Spring Is Here!

Well, if it isn't really here yet, it is definitely almost here. This is a dangerous time. So be prepared.

The sun is coming out warm and lovely, soothing and coaxing. Flowers bloom, birds trill and the country beckons.

Now is the time for family picnics, wading, games in the ball park, daydreaming on the hillsides and kite-flying in the meadows. How you handle these activities is, of course, your responsibility. You're on your own once you get there.

The danger area is between your garage and your destination. On these first intoxicating, mellow, budding, enticing days everyone gets the same idea at the same time. Highways are choked. Tired old "winterized" cars come grumbling out like bears from hibernation. Radiators complain and snow tires wobble. Now is the time to prepare for warm weather. Make sure your car is safety-checked and ready for happiness. —reprinted from Electric Times.

With our subscribers:
William Jarrett's new address is Route 1, Box 201E, Artesia, N.M. 88210.

Leslie Woullard was in our shop last week and re-subscribed. His address is 2101 Colorado, Apt. A, in San Angelo.

We call attention of our readers to the full page ad in this issue on page 2 from Foxworth-Galbraith Lumber Yard, which is observing its 71st Anniversary with a Spring Sale.

According to local manager Skeet Mace Foxworth-Galbraith has 32 yards in Texas as well as other yards in New Mexico, Arizona, and California, and they are all participating in this sale. Headquarters of the company is located in Dallas. Mr. Mace reports that the Dallas headquarters has been reorganized with a number of younger and more progressive managers, and that every yard in Texas has been stocked with all the items advertised in this week's ad.

For instance, if you are adding a new room or refinishing an old one, he has a large stock of Hardwood Prefinished Paneling which gives you an easy inexpensive way to beautify a room in natural wood finish. The paneling has been popular during recent sales, with several hundred sheets sold. The do-it-yourselfers report that they can now panel a room almost as cheaply as painting.

The ad lists all sorts of items from wood working tools to heavy duty staple guns to trash cans and wall paint.

Just read it all and you'll probably find something you need.

Mr. Mace has been associated with Foxworth-Galbraith since 1930 and in Eldorado since 1940. He recalls those early days when carloads of lumber were shipped in by railroad, whereas now everything comes by truck and fork lift. Skeet was here in Eldorado when this writer arrived in 1945 to take charge of the Eldorado Success. He had been here then for five years.

In a way this should make Skeet Mace the oldest continuous business man in Eldorado.

Sure, the First National Bank is older, but its officers have changed. The Eldorado Drug is older, but it has changed hands several times. And just lately the old Benton Abstract and Title Co., has been re-organized.

And I'd hate to try to list all the business firms that have gone by the wayside in the last 27 years.

In all of these years Foxworth-Galbraith has remained fixed, a symbol of stability.

There is something comfortable about a business like that.

People moving:
W. N. Anderson to C. A. Zly house, he bought;

Doyle Williams to Bessie Westbrook house;

Jim Johnson to Lynn Alexander house.

Here is a slogan used by a national advertiser some 50 years ago. It goes something like this:

"The recollection of quality remains long after the price is forgotten."

Go to the polls Saturday and vote for city, school, and hospital officials. Be a good citizen! Vote!

Let us go into the House of The Lord . . .

EASTER GREETINGS

You Are Invited To Attend The Easter Sunrise Service

Sponsored and Conducted By

The Ministerial Alliance of Eldorado
Sunday, April 2, 1972, at 6:21 A. M.
First Baptist Church

Methodist Notes

Sunday School will start at 9:45 at the United Methodist church. At the 10:45 service, the Rev. Fred Cox will deliver an Easter sermon on "The Man Who Followed Jesus."

There will be no night service.

Presbyterian Notes

The eleven o'clock worship service on Easter Sunday at the First Presbyterian Church in Eldorado will feature special music by the Chancel Choir. Mrs. James Page is Choir Director and the musicians for this service will be Carolyn Page at the organ and Debbie Page at the piano. Mr. Garlington, the pastor, will bring the Easter message.

The traditional Easter Egg Hunt and picnic for the Presbyterian congregation will be held at 4:00 p.m. Sunday afternoon on the Wilson Page ranch. This picnic has been held for many years under an immense oak tree on the ranch. A vesper service led by the pastor will conclude the gathering.

First Baptist Church

The choir under direction of Mr. Pat Ragsdale will render "The Holy City" as anthem at the 11:00 o'clock service on Easter Sunday morning. The pastor, the Rev. Kenneth Vaughan, will deliver the sermon on the topic of Easter.

ATTEND ABILENE MEETING

Elton McGinnes and L. D. Mund of the Southwest Texas Electric Co-Op were in Abilene Tuesday where they attended a Zone IV meeting.

Mr. and Mrs. K. D. (Bobo) Gunn left Tuesday to return to their home at Miami, Florida.

SCHOOL RECONVENES MONDAY

All this week has been holiday time for the students and faculty of the Eldorado schools. School turned out at 2:30 p.m. last Friday.

This coming Monday morning, April 3, the day following Easter, school reconvenes and runs until turning out in latter May.

VISIT HERE FROM VAN HORN

Among the Easter vacation visitors who arrived in Eldorado were Paul and Louis Sauer of Van Horn who visited with their grandparents, Fred Gunstead and Mrs. Otto Sauer of Reynolds community. They arrived here Sunday evening and returned to Van Horn Wednesday. They enjoyed a two-day visit with uncles, aunts and cousins.

News Of The Sick

Bennie Harkey is a patient in Room 226 of the Clinic-Hospital in San Angelo. He is a former Eldoradoan and had surgery in the same hospital in January.

Mrs. Rose Brannan came home recently from a San Angelo hospital where she had eye surgery.

The glory of the Easter season is here . . . And as we observe the occasion of the risen Christ, may we truly reflect His life in our associations with those about us.

New Babies

Mr. and Mrs. Kyle A. Donaldson are parents of a son born March 22, 1972, in the local hospital. He weighed 5 lbs. 10 3/4 oz., and has been named Jason Heath. He is welcomed by a sister, Traci, age 2.

Grandparents are Mr. and Mrs. J. C. Luttrell of Sonora and Mr. and Mrs. Russell Donaldson of Eldorado. Great grandmother is Mrs. B. A. Bell of Bronte.

Eagle Band Tops At Ballinger Contest

Friday, March 24, the Eldorado Eagle Band journeyed to Ballinger for Concert and Sight Reading Contest. There were 11 class A bands in competition. They attained the goal for which they had been striving, "Sweepstakes." Once again our Goin' Band received a One rating in both concert and sight reading, as they had earlier at Marching Contest.

We are very pleased and wish to thank each of the 30 fans from Eldorado who gave us their moral support.

These were the Class A bands and their ratings for concert and sight reading: Mason, 3, 3; Glen Rose, 3, 3; Bangs, 5, 4; Ranger, 1, 1; Goldthwaite, 4, 3; Deleon, 1, 2; Cross Plains, 2, 1; Menard, 1, 2; Baird, 2, 2; Sonora, 1, 1; and Eldorado, 1, 1.

LIONS HOST ZONE MEETING

A make-up Zone Meeting of Lions Club officers was held Monday night in the El Dorado Restaurant, co-sponsored by the Eldorado and Sonora Lions Clubs.

About 30 attended. Bill Watson of Ozona, zone chairman, presided.

Sauer Honored At Texas Tech

HYMAN SAUER

Hyman Sauer, junior agriculture economics major from Eldorado, was recently elected to fill one of three positions for Ag Senator to represent the College of Agriculture Sciences in the student government at Texas Tech University. The College of Agriculture Sciences has an enrollment of approximately 1300 students.

The Student Government at Tech is composed of three branches. These are Executive, the Supreme Court and the Senate. Each college or school is allowed a certain number of Senators in accordance with its proportion in the student body. There is a total of 43 senators who are elected from the College of Agriculture Sciences, College of Arts and Sciences, College of Business Administration, College of Education, College of Engineering, College of Home Economics, Graduate School, and Law School.

One of the Senate's main responsibilities is the allocating of funds to different organizations on campus. There is usually considerable debate on the Senate floor as to where these allocations should go to be most beneficial to the representation of the entire university. The Senators from the College of Agriculture strive to represent the various agriculture clubs and to impress before the Senate their importance to Texas Tech.

Hyman Sauer is the son of Mr. and Mrs. Edgar Sauer.

City Alderman Only Contested Election Set For Saturday

There are three local elections set here Saturday, April 1st, with only the one for City Aldermen providing a contest.

Three aldermen will be elected Saturday from a list of four on the ballot:

Frank Bradley, Jr.
Edwin Jackson, Jr.
John Hodges
Ted Short.

The election will be held at the fire hall between 8:00 a.m. and 7:00 p.m.

As of Tuesday afternoon, City Secretary Lum Burk reported 7 absentee votes cast.

School Trustee

The school trustee election will be held at school with Earl Lloyd, Kenneth Homer and John Rae Powell on the ballot. Unless a write-in campaign develops, there will be little interest here since three are to be elected.

Here, too, the polls open at 8:00 and close at 7:00.

Hospital Trustee

Four are to be elected and the four names on the ballot will be: Guy Whitaker, Ronnie Mittel (both incumbents), and Mike Moore and Raymond Mobley.

The polls will be open at the Memorial Building 8:00 a.m. to 7:00 p.m.

Commissioners Accept Bid For New Vehicle

At their February 28th meeting, the Schleicher County Commissioners voted to accept Rutherford Motor Company's (Ozona) bid: \$3,823.08 for furnishing a new Chevrolet Bel-Air for the local sheriff's department.

That was about a month ago. The sheriff's department has not yet received delivery of the vehicle, which has to have some special equipment.

New Vehicles For Month Of March

During the month of March, now drawing to a close, the following new vehicles were registered in the local sheriff's office:

Atlantic-Richfield, Dallas, two '72 Ford pick-ups;
Robert Joyce, '72 GMC Suburban;
Southwest Texas Electric Co-Op., '72 GMC flat;
Mrs. Lewis Whitten, '72 Prowler hard-top;
C. C. Lease Service, '72 Belshe Implement;
Atlantic-Richfield, '72 Ford 4-door;
B&B Camper Co., '72 Sports Liner hard-top;
Bob Skurlock, '72 Olds 4-door.

Get License Tags!

Only three more days remain for vehicle owners to buy their 1972 license tags! Saturday, April 1st, is the final "day of grace" for after that date it will be illegal to drive a vehicle on any public road or highway with last year's tags. Personnel in Sheriff Orval Edmiston's office reported Tuesday that a number of plates remain to be sold during these final days and that they were expecting a last-minute rush by tag buyers.

Also, it is NOT their plan to be open this Saturday, April 1st, to sell tags. So buy your new tags no later than Friday if you have not already done so.

Clean-Up On At Airport Area

County equipment is at work on the airport area, on the west edge of Eldorado, grading and smoothing off and generally cleaning up. Some effort is being made to fill in a large pit, which has become a dump ground.

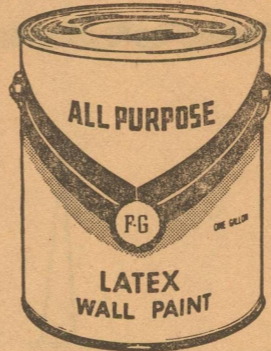

Commissioner Weatherly Kinser currently has the county earth-moving equipment in his precinct, and the airport area is part of the work being done.

**Turkey Traditional
Easter Meat Choice**

College Station, Tex.—"Turkey, the chosen meat for Easter, is presently one of the most economical meat choices you'll find in most meat markets," said Mrs. Gwendolyn Clyatt of the Texas Agricultural Extension Service.

"The large size bird usually costs less per pound and has greater proportion of meat to bone, thus making it a real value."

The Houston consumer marketing specialist advised taking note of the inspection mark on the turkey you buy. This indicates that the bird was inspected for wholesomeness throughout the packing operation and was wholesome when it left the packing plant. When buying, select your turkey from well refrigerated display cases, and be sure the package isn't torn or damaged.

Also, this week, many stores will feature eggs just in time for the Easter egg hunt. Fryer chickens continue to be an excellent protein choice though prices are higher in some markets.

Generally, pork prices are up. But smoked hams continue in the limelight, and more canned hams are being featured, along with the popular semi-boneless style.

Bacon and smoked picnics offer economical buys. In fresh cuts, one-fourth loin cut chops, rib end roasts and Boston butt roasts sport economical prices.

"Remember, if you think the beef prices are too high, then shop for specials in other areas to keep your food budget in line," Mrs. Clyatt suggested.

As spring approaches, produce departments become more interesting. Salad items, especially head lettuce, are more plentiful, of better quality and less costly. Moderate tomato prices and low celery prices provide good quality buys for the budget-conscious homemaker. Potatoes, cabbage, carrots, mustard, collards, spinach, radishes, green onions and dry yellow onions offer economical choices.

"Enjoy grapefruits while they last," the specialist said. "The quality is good, and grapefruit seems to be sweeter and more flavorful toward the end of the large supply season."

Apples, bananas, oranges, tangerines, strawberries, pineapples, cantaloupes and watermelon are available at various price levels.

Remember that items in largest supply usually carry the lowest price tag.

**Tom Sikes Award
Presented Recently**

During the Plateau Relays held here recently, Howard Sikes of Bangs presented the Tom Sikes memorial trophy to a boy from Robert Lee. This traveling trophy is presented each year in memory of Tom Sikes, who was a member of the EHS coaching staff before his untimely death in a vehicle accident about 5 years ago.

"I had the honor of presenting the Tommy Sikes memorial trophy to the boy from Robert Lee. I cannot think of anything to me that could be a bigger honor. The only thing I had rather do would be to give it to a boy from Eldorado of my home town Bangs. But it doesn't look like Bangs will ever have another mile boy. We haven't won the mile since Tommy got out of high school. The people from Eldorado have been wonderful to us and we are so grateful for it," Mr. Sikes wrote from Bangs recently.

**TS&GRA Meeting Set
April 7-8, Ft. Stockton**

A record crowd of Texas wool, mohair and lamb producers is expected in Ft. Stockton April 7-8 for the spring tri-annual meeting of the Texas Sheep and Goat Raisers Association.

The meeting will be highlighted by the announcement of the official results of the predator control referendum now being conducted among sheep and goat ranchers in 73 Texas counties. Results of the vote will be tabulated March 30-31 in San Angelo and will be sent to Texas Agriculture Commissioner John C. White for certification.

In Those Days

ONE YEAR AGO April 1, 1971—A daughter was born to Mr. and Mrs. George Graf, of Nashville, Illinois.

A 70th anniversary sale was getting under way at Foxworth-Galbraith here and elsewhere in the firm's trade area.

Alan Masloff and family moved to Del Rio where he was transferred by the Parks and Wildlife Dept.

FIVE YEARS AGO March 30, 1967—The All-Sports Banquet was coming up, with Coach Ray Morgan in general charge of arrangements.

The City of Eldorado leased the old Shell pump station site five miles west of town, to be developed as a sanitary disposal system.

Funeral services were held here for Ollie B. Pae, 73.

Martha Sue Page was honored as DAR Good Citizen.

Judy McMinn became the bride of Larry Blair, in a ceremony in San Angelo.

Mikel Jurecek received his degree from Baylor University.

For A Better Lawn & Garden Use Water Efficiently

If irrigation water is limited in your area it is essential to make efficient use of what is available. Most people fail to realize that soils differ in their ability to take up water. It is useless to apply moisture to the surface of a soil at a rate faster than the soil can absorb it. When you apply water at the surface, the top layer of soil becomes saturated; that is, it takes up all the water it can hold. Some of the water then moves down into the drier layer of soil below. The speed of this downward movement is influenced by the soil structure. In a tight or heavy, compact soil, the movement will slow. In light, sandy soil, it will move much faster. It is important to note the rate at which the soil in your yard can take up moisture. When you apply it faster than the soil can absorb it, you simply waste water as it runs off the surface into the low areas, into the gutter, or into the natural drainage system.

The professional golf greens keeper gets the most good from every gallon of water by carefully timing the water application—6 to 10 minutes on and 20 to 30 minutes off.

This system allows time for the water to saturate the top soil and then redistribute itself uniformly in the soil below.

Another efficient system is to use sprinklers that cover large areas but which have a low rate of discharge.

Deep watering at infrequent intervals will result in deeper penetration of plant roots. Roots do not "grow down" to get water. Instead they move through moist soil and simply grow better because moisture is available.

Garden Check List For April

1. Select caladium tubers while the stock is plentiful. Be ready to plant in a warm shaded area as soon as the soil temperature reaches 70 F.

2. Aphids can be troublesome on young tender growth. Easily controlled with Diazinon, Malathion or Meta-Systox-R.

3. Be sure to fertilize azaleas as they finish blooming. Use an acid fertilizer.

4. Control white fly on gardenias and you will also control or prevent sooty mold. The mold grows on the honey-like material excreted by the feeding white fly. Malathion or Diazinon give good control.

5. Winter freeze damage should be easily distinguished by now. Prune back to healthy tissue to encourage new growth from below.

6. Watch for Powdery Mildew. This appears on roses, crape myrtle and lilac but can attack other plants.

7. If chinch bugs have been prevalent in your area, apply the granular formulation of any one of these materials: Aspon, Trithion, Diazinon, or Ethion to the lawn using a cyclone-type lawn fertilizer applicator.

8. Divide and transplant daylilies. Cut foliage back in a fan shape, 4 to 6 inches from crown.

9. Apply mulch around newly transplanted trees, shrubs, and vines and renew mulch on established plants.

10. Prune climbing roses as soon as they finish flowering. Cut out old canes and head back new canes to encourage new growth.

11. Look around the home landscape. If any plants are so badly damaged by the January freeze that they appear to be dead or in very poor condition, consider replacing them with health container grown or balled and burlapped nursery stock.

12. It's pecan grafting time.

Golf Club Sets Election Date and Makes Plans For Busy Spring Season

The Annual meeting of all members of the Eldorado Golf Club for the purpose of electing officers for the coming year is set for Thursday March 30th. The meeting will come to order at 7:30 p. m. at the Club House at the Golf Course. All members are urged to attend this annual meeting. Retiring directors will be Pat Wester, W. G. Godwin, Eddie Mae Kinser and Delbert Taylor. Directors who were elected to serve through 1972 are A. G. McCormack, Mary Waldron, Howard Derrick, Vernon Rogers and Bob Eland. Charlie Hahn is serving as president and Ernestine Hext as secretary-treasurer.

With Spring making its debut we find the golf calendar rapidly filling up with tournaments all over the area. At the local club the annual Men's Club Championship is scheduled for April 8-9. Entry fee for this event is \$2.00. Men are asked to turn in a 18 hole qualifying round by April 8. Players will be flighted for the 27 hole final round on April 9. Paul Page is the current Club Champion, winning last year with a sensational hole in one on the last hole.

A covered dish supper will be served on Saturday night, April 8, with all players and their families participating. Other guests or club members are welcome to the supper. (just be sure to bring enough food for your group.) Chow line will form about 6:30 p. m.

Delbert Taylor will serve as Tournament Chairman for this year replacing Jack Hext, who served last year. Delbert has a big job and an important one so let's each and every one give him our whole hearted support and help. I know that he will appreciate our cooperation.

The New Year for Eldorado Golf Club begins April 1, therefore annual dues of \$40.00 are due and payable on that date. You may mail your checks to Eldorado Golf Club, Box 519, Eldorado; or hand them to your secretary; or pay at the annual meeting on March 30 at the club house. Your usual prompt payment will be appreciated.

Winner of the mixed foursome Sunday, March 26 was the team of Jack Hext, Eddy Kinser, Lum Burk and Arch Mittel with a one under par 57.

Second place went to the team comprised of Granvil Hext, John Pitts, Ted Short, Ray Alexander and Pete Peters.

Mixed team play is regularly scheduled for the 2nd and 4th Sundays of each month, with tee off time at 1:30 p. m.

Work was begun this past week on a driving range located just north of the present golf course (parallel to the air stri). This addition to the local facilities is a much desired improvement and will be used by all.

The ladies are still playing at 1:30 each Thursday. The golf scores may not be so good, but the fellowship is great.

THOUGHT FOR THE WEEK

By The Ministerial Alliance of Eldorado

From the Garden to the Cross

What a clash of wills and wishes we see in the drama of redemption! God versus Satan! Spirit versus flesh!

The great heart of God torn between love for His only begotten Son and love for a lost race. The man in Jesus shrinking from the agony of the cross. The God in Him shrinking from the awful contamination of sin. And all hell arrayed against heaven in the great act of atonement. "Die here and now." Satan seemed to whisper as the Son of God agonized in Gethsemane, wrestling in prayer. But the Father sent an angel to strengthen Him so that He might survive the ordeal.

"Father, if it be possible, let this cup pass from me," cried the frail human flesh. "Yet not my will, but thine, be done" responded the spirit heroically. And so the battle over flesh and devil was won. The drops of sweat as blood ceased to fall. The Son of man moved on toward the cross.

What an array we see at Golgotha, "the place of the skull."

High priest, scribes, and Pharisees joined their voices with that of every petty passerby in the insolent scoffing. Heathen soldiers vied with anointed priests in slinging their vile witticisms at the Prisoner.

Thank God, all the participants in the scene were not enemies of

the Savior. Standing afar off because of his fear was Peter, the repentant disciple. Very close to the cross was Mary, the mother of Jesus. Perhaps she pondered those strange prophecies uttered long since concerning her son, as she beheld and shared His sorrow. And John, the disciple whom Jesus loved, was not far away. Perchance the miracle of the impending resurrection was already beginning to dawn upon the darkness of his despair.

Mary Magdalene was there also. Her human heart was broken; she had not yet learned to separate the alloy of earthly attachment from the old of spiritual fellowship with the Divine.

And at night a timid rabbi ventured near with his costly spices. Another secret disciple had begged the body of Jesus; and after tender hands had taken it down from the cross, and embalmed it, it was laid in the tomb. A stone was placed at the mouth of the sepulchre, to block it.

Can the work of redemption rest secure upon so feeble in breaking down the frail edifice? Will their voices of derision cry down its glorious message into the silence of defeat?

"History, the open tomb, and Pentecost have given the answer!" —Trooster Comforter. Submitted by Doyle Oliver.

Easter Egg Traditions

The tradition of Easter eggs came to the United States from Europe. In Ireland, the Lenten Fast is traditionally broken at dawn on Easter Day with a meal of eggs.

In Italy, it's popular to pay calls to other homes on Easter Sunday. Everyone who enters the house is offered one blessed Easter egg. A host would be offended if this symbol of the Resurrection were refused.

In the 17th century, it was customary for the people of the British Isles to write messages on eggs at Easter and send them to distant friends or relatives. For generations people in the Ukraine have covered eggs with intricate designs resembling stained glass windows. It may take several days of tinting to cover a single egg with these designs.

The White House Easter egg roll was started on the Capitol grounds in 1810. When children were denied use of these grounds in 1878, the egg roll was moved to the White House lawn and has become a tradition there.

Eggs are a highly nutritious food. Not only are hard-cooked eggs a part of the Easter tradition, but they provide an excellent way to serve eggs. In preparing your hard-cooked eggs for Easter decorating and eating, obtain best results by following a few suggestions. These will be especially helpful if you've had trouble peeling eggs in the past.

To prevent cracked shells when using eggs directly from the refrigerator, the agent suggested warming them a few minutes in warm water before placing in boiling water.

Next, lower the eggs into the boiling water carefully. Reduce the heat and hold the eggs at a simmering temperature (185 F.) for 18 minutes. Higher cooking temperatures or longer cooking time causes the white to lose its tender texture and become rubbery.

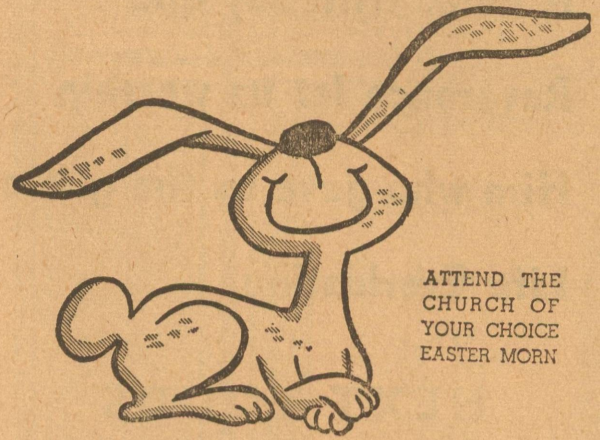

Remember to remove the eggs from the simmering water immediately and place under cold running water (60 degrees F. or less) until cool. This helps prevent the dark green color around the yolk.

Crackle the shell and peel from the large end. To crackle a shell, roll the egg between two hands or crack the shell thoroughly all over the egg in some other way. It's often a good idea to place the egg under running water to peel it.

Of course, you won't want to peel the eggs until after they've been decorated with food colors. Let the children find the eggs and then refrigerate until time to eat them.

EASTER

It's a Wonderful Season, and we're happy to extend best wishes to each of you!

Austin, Tex.—Texans have just a few days more—until April 5—to register to vote in the May 6 primary elections.

Major state candidates, including Gov. Preston Smith, viewed with alarm registration totals so far. They noted that less than 3.8 million had registered as of last week end, although there are nearly 7.7 million qualified voters in the state.

Present registrations are trailing the corresponding period in 1968 by 294,000 and the 1970 figure by more than 370,000.

In 1968, observed gubernatorial candidate Frances Farenthold, 64% of qualified voters were registered before the primaries. This year, only 48% of the potentially eligible are registered. Former U. S. Sen. Ralph Yarborough pointed out that 63.4% of those qualified registered in 1970, and the 1972 drop-off is reflected in many "working class" neighborhoods.

Nearly one million more should register by April 5 if previous patterns are followed, Smith said. Under the state's new voter registration system, which candidates Farenthold and Yarborough lauded as one of the nation's best, citizens have until 30 days before any election to register and become eligible to vote.

The U. S. Supreme Court threw some confusion over the registration system with a ruling that 12 months' state and six months' local residency requirements for voter eligibility (like those of Texas) are unconstitutional.

The High Court said 30 days' residency is sufficient for any state. Secretary of State Bob Bullock took the case under study. Special legislative attention may be necessary.

TPA Polls North And East Texas

Editors and publishers were polled at the annual meeting of the North and East Texas Press Association in Palestine last week.

First question was: "Who will carry your county in the primary?" In the Democratic Governor's race, the newsmen voted: Barnes, 25; Briscoe, 20; Smith, 8 and Farenthold, 3. Republican gubernatorial candidates rated were: Fay, 12; Grover and Reagan, 9 each.

In the Lieutenant Governor's race it was: Hall, 27, Connally, 14 and Hobby, 12.

The editors selected Sanders 27 to 19 over Yarborough in the U. S. Senate primary.

Asked whom they would vote for personally, the tally read: Briscoe, 19; Barnes, 14; Smith, 8 and Farenthold, 5.

They selected Hall, 26 over Hobby, 10 and Connally, 7. In the U. S. Senate primary they voted for Sanders 18 to 7 over Yarborough. In the 1972 General Election poll they voted for Tower 21 to 5 over Sanders.

Speaker's Battle Looms

House Speaker Gus Mutscher, appealing a bribery consent conviction in Sharpstown stock scandals, announced he will step aside as speaker.

The long-expected move set the stage for a head-on battle for the key presiding officer's post when Governor Smith calls a special legislative session.

Reps. Rayford Price of Palestine

STAPLES to fit standard staplers, \$2.00 per box at The Success.

and L. DeWitt Hale of Corpus Christi both claim majority support to take over the gavel during the special session. Hale has agreed to serve only as interim speaker and pledges he will not seek the job in the 1973 regular session. Price is considered the leading candidate for speaker in 1973, but he wants to take over at the first opportunity to enhance his long-term chances. Most other speakership hopefuls line up behind the Hale interim bid. Rep. R. B. McAllister of Lubbock, radio-television executive, announced he also will seek the speaker's position in 1973.

Insurance Rates Again

Insurance Board Chairman Larry Teaver lambasted two Board colleagues for proposing a \$27 million homeowners increase which he termed "unnecessary, unjustifiable and an insult to the intelligence of the people of Texas."

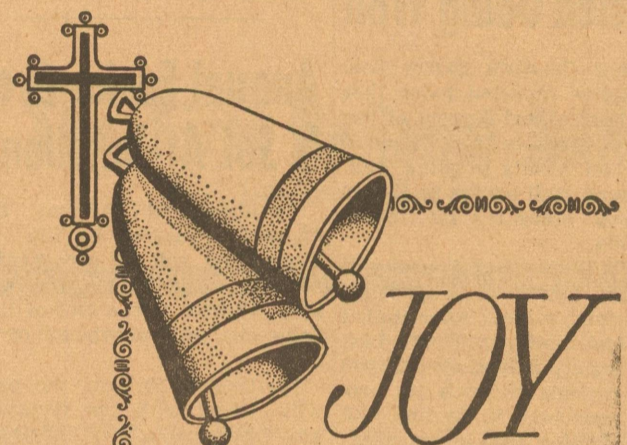

Board members Ned Price and Durwood Manford denied any new rates have been finally adopted and said they likely won't be before June 1.

Teaver, who advocates a \$14 million decrease in fire and other building coverage, called another meeting for March 29 to review Board actions and to recommend an "economic trend factor" be kept out of rates pending a study of the price freeze and inflation.

Some Texas Housing Sub-Standard

Nearly 350,000 Texas housing units need replacement or major repair, a statewide study informed the governor.

The survey showed the highest percentage of poor quality housing in rural areas, some in urban centers and moderate-sized cities and the lowest percentage is suburban areas. Mexican-Americans and blacks live in most of the low quality residences. Only 4.5% of white households live in inferior quarters, the survey showed.

**Easter Seal Appeal
Reported Going Well**

Schleicher County's Easter Seal Representative reported today that the 1972 Easter Seal Appeal of the Easter Seal Society for Crippled Children and Adults is going well. Mr. Raymond Hall serves as Easter Seal Appeal Treasurer for Schleicher County.

The 1972 Easter Seal Appeal will finance the Easter Seal Society's rehabilitation program for crippled children and adults in Texas. Last year the Society helped over 22,000 disabled persons through its program of assistance in finding and making effective use of services for the disabled and their families.

The Easter Seal Society helps provide 19 treatment facilities in Texas where children and adults are treated, regardless of ability to pay. These centers offer physical therapy, medical diagnosis, speech and hearing programs and related services to help the disabled build happier and more useful lives.

As Easter Seal Representative, he is the person to contact for services from the Easter Seal Society. He can be contacted at the First National Bank, Eldorado.

When contacted for services, he will request the Easter Seal Society to investigate the needs of the disabled person and will ask that the Society advise the handicapped person of the best resources available to help him.

Mr. Hall added that contributions

to the Easter Seal Appeal should be sent to him as soon as possible, as the 1972 Appeal ends on Easter Sunday, April 2.

**Annual Easter Event
Is Set At Junction**

Twenty-second Annual Easter Pageant sponsored by the Men's Bible Class will be presented Easter Eve, April 1, in the natural amphitheatre at the foot of Lover's Leap one mile southeast of Junction.

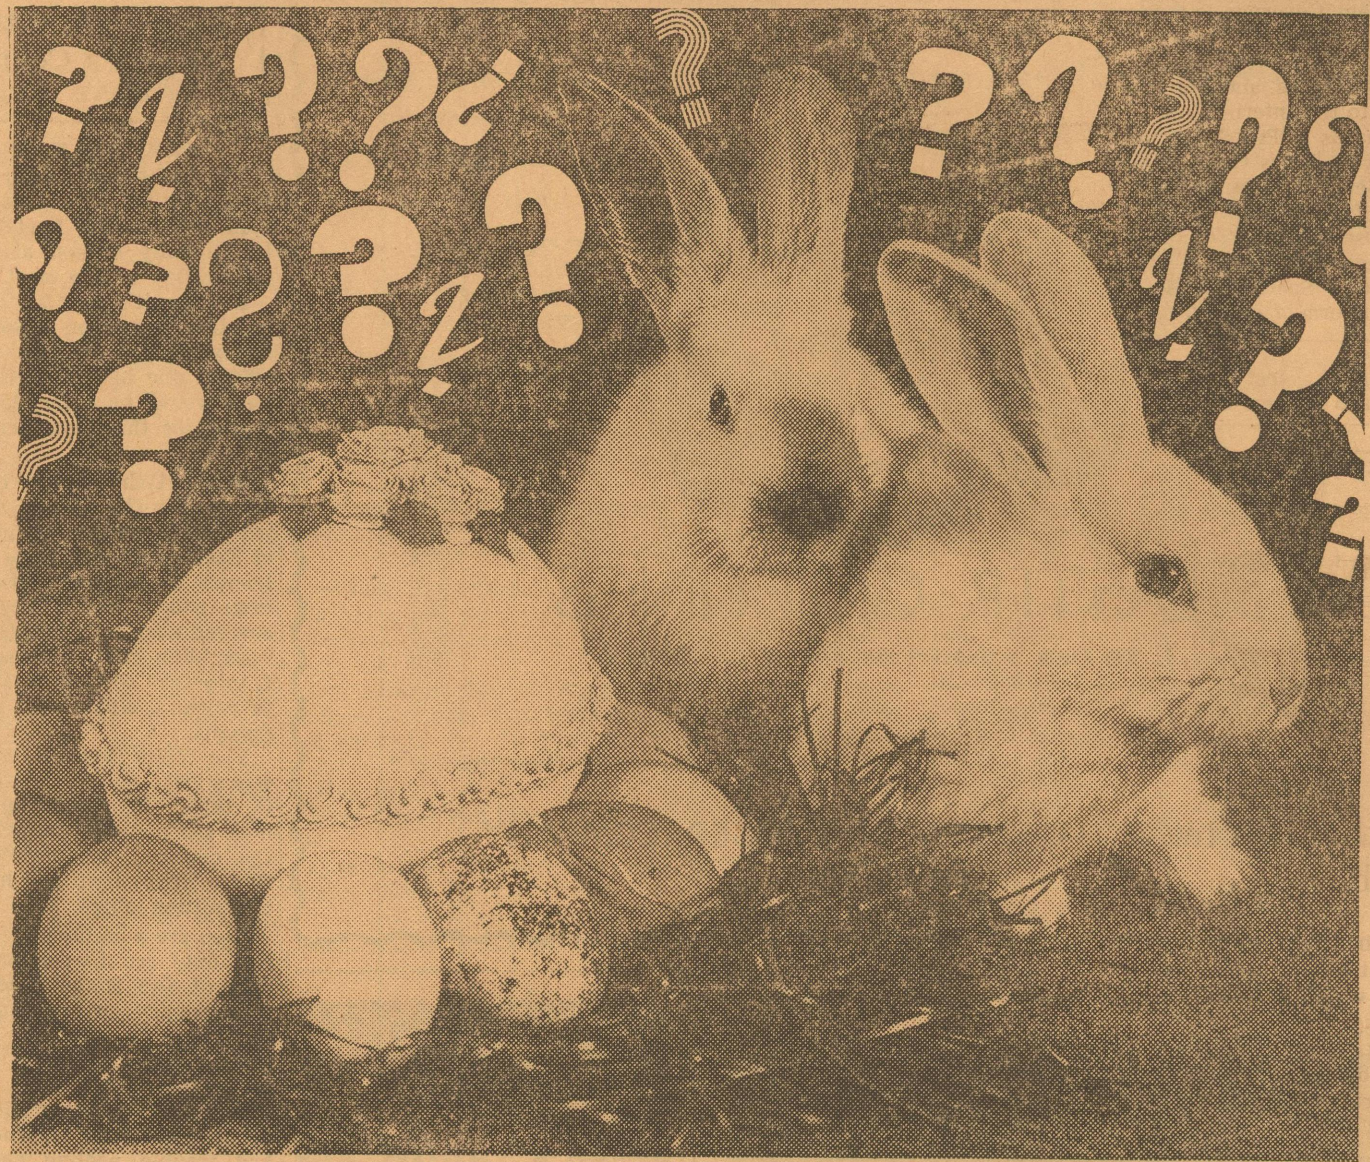

Starting at 10 p.m., the pageant will climax with the resurrection and ascension scenes shortly after midnight.

More than 100 amateur performers will pantomime the last week of the life of Christ on earth supported by changing lights, script readers and background music.

Spectators will watch from cars in the valley between Lover's Leap and Cedar Creek. Boy Scouts will direct parking and distribute free programs. No admission is charged.

Free coffee will be dispensed from the chuckwagon of the late Ranger Gully Cowsert after 4 p.m. Food and soft drinks will be available at a service club concession stand.

Mrs. Hamo Johnston is director. General chairman is B. C. Camp. Chairmen are from the Men's Bible Class, a non-denominational group which meets each Sunday morning in the Texan Theatre.

*"What is Easter,
Mommy?"*

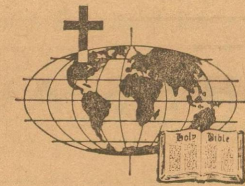

"Is it the time when bunnies get born?" I looked at my little daughter, appalled.

Did she really think of Easter in terms of sugared eggs, fluffy bunnies and pretty candies? Had I given her the impression that for grownups Easter is a time for new clothes, flowered hats and fragrant corsages? Surely, at some time, I must have told her the real story of Easter. Or had I?

I was really flabbergasted at my negligence — it took my little daughter to make me realize it. I dismissed my house chores and sat down right then to tell her the glorious Easter story of the Resurrection. I told her what hope this event brought for all of mankind — with its promise of eternal life.

I might add that the next week I enrolled my daughter in church school. And my husband and I started attending church again. We haven't missed a Sunday since.

Is now the time to buy land?

Acquiring that farm might seem more practical with financing through the Federal Land Bank. Land is easier to pay off when costs are amortized over extra years with a long-term Land Bank Loan. Your total cost of borrowing, too, can be less. Ask us for help: We know land values; we will inspect the property. We will then try to make a loan that meets your exact needs.

COMMUNITY MEETING HELD

The Schleicher County Neighborhood Center held its monthly Community meeting on Monday, March 20. Election was held to replace two members and name a new chairman for the Neighborhood Council. Mrs. William Smith and Mr. Domingo Pina were re-elected as members and Mrs. Maria Gauna was elected as chairman for the year 1972-73.

Other business brought up was notification to those present that Citizenship Classes have started

and urged everyone to encourage those non-citizens to attend. To date 15 individuals have signed up to attend this class.

Plans were formulated for an Easter Party to be held the afternoon of March 30.

MRS. MATTHEWS DIES

Mrs. Carl Matthews of Potwin, Kansas, died March 22nd. She was sister-in-law of Mrs. John Bledsoe of Eldorado and had land interests in this county, and had visited here each year.

ON BAYLOR DEAN'S LIST
 Waco, Texas.—Baylor University has recognized the academic achievement of 587 students by naming them to the Dean's List and Dean's Distinguished List.

Kathy Ann Robinson, junior from Eldorado, had a 4.00 grade average. She is daughter of Mr. and Mrs. T. P. Robinson Jr., and is an oral communication/journalism major.

LESLIE NIXON ON SPRING TOUR

Leslie Nixon, daughter of Mr. and Mrs. Lester Nixon, is a member of the Lubbock Christian A Cappella Chorus which left on its spring tour Monday, March 27.

The now famous chorus, directed by Dr. Wayne B. Hinds, will sing in Oklahoma City and Bartlesville, Oklahoma; Kansas City and St. Louis, Missouri; Nashville, Tenn.; Little Rock, Arkansas; and Arlington, Texas, before returning to Lubbock on April 4.

Editorial Comment From Our Neighbors

On Buying At Home

Mobility is now considered one of our inalienable rights. However, it is not free, and sometimes can be exercised beyond the point of practicality.

The Wells County Free Press of Fessenden, North Dakota, makes the point very well. It says, "Did you ever drive 50 to 100 miles or more to take advantage of a super-duper special that was advertised somewhere? A local \$50 item 50 miles away would have to sell for \$34.50 in order for you to break even. The American Automobile Association certifies that 15.5 cents is what it costs to drive your car one mile. So if you've driven 100 miles round trip to pick up that special, you'll have to add \$15.50 to that purchase. That sweet buy can suddenly turn quite sour."

"Local merchants, whether it is groceries, clothing, drugs, hardware appliances or whatever, feature top line, nationally advertised products. And they are also at comparative prices. They also support your local schools, churches, and organizations. They also help to pay for improvements to make this a better place to live. And they'll be here tomorrow to serve you personally." —reprinted from the Van Horn Advocate.
