ELDORADO—SCHLEICHER COUNTY, TEXAS, (749362)

Thursday, September 28, 1972

Number 39

General Rains Cover County Last Week

Rains that measured from 2 to 4 inches apparently covered the entire county last week—and were welcomed enthusiastically by ranchers, while cotton farmers observed it with mixed emotions.

Most admitted that the ground was getting pretty dry and drouth cracks were appearing in fields and the rain was needed in everything except possibly cotton.

Cotton is tall and green and may grow still taller. Does this bring on more insects and lower the final cotton yield?

Gin Manager Kenneth Homer, who is watching the crop, was of the opinion that the rain was good, and would make very little difference in this year's crop.

As a gin man he is looking for a "pretty good" crop this year—not a bumper crop but a lot better than the short crop of last year. One Reynolds community farm wife observed that with cotton stalks getting so high, it was going to make stripping a problem at harvest time.

Maybe it will take a spell of dry weather and then possibly a freeze before the Eldorado gin gets a first bale.

A few of the rain totals gathered City of Eldorado2.00 Monday night were:
P. K. McIntosh ranch2.00
C. C. McBurnett ranch2.15
A. A. Baugh ranch1.75 (neighbors got more)
Clemens Sauer2.00
Peyton Cain2.00

Wildcat Slated 25 Miles Northeast

Fortune Drilling Corp., San Angelo, has announced location for a 4,800-foot wildcat in Schleicher county, 25 miles northeast of Eldorado and 3/4 mile southeast of Strawn oil and Strawn sand gas and 1 5/8 miles southeast of Harkey oil production in the Cheaney field. It is the No. 1 Martin.

Location is 467 feet from the north and east lines of 32-9-TW and NG.

It is 3/8 mile southeast of the firm's No. 10 Cheaney, active project, which tested extensively thru Strawn "C" open hole at 4,692-4,700 feet and perforations at 4,651-52 feet.

S. S. Man Here Today

Johnny Grammer, Field Representative for the San Angelo Social Security Office, has scheduled his September visit to Eldorado. He will be at the County Courthouse on Thursday, September 28th (today) from 9:30 a.m. to 11:30 a.m.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo at 949-4608.

Deer Husbandry Seminar Is On Today

The Deer Husbandry Seminar is on today, September 28th, from 10:00 A. M. to 3:00 P. M.

Program:
Robert Kensing, Why Manage Deer? 45 Min.
Milo Shult, Marketing Recreation, 45 min.
Diane Durrett, Preparing Deer Dishes, 30 min.
Lunch.

Charles Ramsey, Deer Husbandry, 45 min.
Milo Shult, Aging Deer, 20 min.
Bob Ragsdale, Deer Range & Deer Food, 45 min.

Barbecue Lunch To Be Served

The Schleicher County 4-H Club and Adult Leaders Association is sponsoring a barbecue Thursday, Sept. 28th (today). The barbecue is being served in conjunction with the Wildlife Seminar being presented by the County Extension Agents.

Barbecued goat with all the trimmings will be served at noon in the Lions Club Room at \$1.50 per plate. If you can't make it to the Wildlife Seminar, come join us for lunch.

Cub Scouts To Meet Monday Night

The Cub Scouts will hold their first Pack Meeting of the Fall this coming Monday night, Oct. 2nd, at 7:00 in the Memorial Building.

J. B. Ward, district executive from the San Angelo office of the Concho Valley Council of Boy Scouts will be on hand to help with arrangements.

The Cub Scout Pack is sponsored by the Ministerial Alliance of Eldorado and the Rev. Gordon Garlington is institutional representative.

It is planned for some application blanks and pamphlets to be given out in elementary school ahead of the meeting Monday night.

The Cub Scout program is for boys 8, 9, and 10 years old.

Miss Preston Bride Of Mr. Tyler September 23

MRS. HAROLD EUGENE TYLER the former Vickie Preston

Victoria Louise Preston and Harold Eugene Tyler were united in marriage Saturday afternoon, September 23, by the Reverend Fred Cox, pastor of the First United Methodist Church of Eldorado. The ceremony took place in the home of the bride's parents, Mr. and Mrs. Richard E. Preston. Parents of the groom are Mr. and Mrs. Harold Edward Tyler of Jackson, Mississippi. Attendants for the couple were Mr. and Mrs. Billy James of Irving.

Mrs. Tyler is a 1970 graduate of Eldorado High School and attended Central Texas College at Killeen.

The groom is a graduate of Centerville High School, Centerville, Mississippi, and served with the U. S. Army in Vietnam. He is employed by a Houston department store. After a brief wedding trip the couple will be at home in Houston.

Bradley's Announce Judy Ann's Engagement

JUDY ANN LIVELY

Mr. and Mrs. Frank Bradley Jr. announce the engagement of their daughter, Judy Ann, to William Edwin Bolm of Evant, Texas. Judy Ann is the daughter of Mrs. Frank Bradley Jr. of Eldorado and Mr. Jamie Lively of Fort Worth. He is the son of Mr. and Mrs. William A. Bolm of Evant.

They attended Tarleton State College at Stephenville, and were members of the Rodeo Club.

The couple will be married in the Presbyterian church in Haltom City on November the fourth.

Billy Carson has been employed as a County road employee for \$462 per month, effective Sept. 5th.

Post Script

Now It's Griffin Service Company

The above photo is from Success files and shows Derl Griffin's building on South Main as it looked when it housed Wagley Motors many years ago; still earlier it was location of Jones Motor Company.

Derl Griffin purchased the building last week to use in connection with his Griffin Service Company. Welders and other workmen are already using the building. Griffin purchased another location in the north part of town where still another building will be built, and he expects construction to get under way soon. Derl Griffin and his family are presently living in Del Rio.

The foregoing is just one of several changes in the business district that have occurred during the past week or two.

Lee Halbert has taken over the drive-in across from the school from Fern Parrent, who operated it for some months. Lee plans to make some improvements to her property in the near future.

W. O. (Scooter) Faulk Jr. is now operator of the Shamrock service station in the south part of town. He took over from Scott Allen about two weeks ago.

Coy Bishop has acquired the former Cameron building on South Main and will remove an interior partition and do other remodeling before moving his B&B Campers operation to it later this Fall.

Richard Harris and other workmen continue the remodeling work on the former Earl Parker building which will be opened later as the Quick Thrift grocery store. A big

walk-in refrigerating unit has been installed. By Monday, some of the new "cedar shake" front had been put on. A major job in the future is digging of a large pit and burial of two large gasoline storage tanks.

S. C. Engdahl by Monday had his garage open in new location on the south edge of town. He is in a building that belongs to the gin and is located south of the Shamrock service station, fronting the Sonora highway.

Catherine and Walter Gonzales were at work last week getting the Java Junction Cafe ready to reopen, and by Monday had the establishment open for business. It had been closed since about the first of the year when Mrs. Glenda Hibbitts moved away. Gonzales has an announcement ad on page 2.

The John Nikolauk family have purchased the landmark D. C. Hill house in the south part of Eldorado from Misses Miltia and Katherine Hill, who are to move to San Angelo.

The house was erected in about 1909 by Fred Millard and later sold to the D. C. Hills who lived in it for many years.

It is understood that the Nikolauk family will have some minor remodeling done to the house before moving into it. Mrs. Nikolauk is the former Ebbagene Blaylock.

Sybil Blair is now employed in the City Hall office.

Clarence Ware of San Angelo is the new minister of the Rock Church of Christ on the Merton road.

Firemen's Benefit Ball Scheduled In Austin

The Firemen of Texas are happy to announce that plans are under way for the first State Firemen's Benefit Ball, to be held Saturday, October 28, 1972 in Austin, Texas, at the Municipal Auditorium. The evening will begin at 6:00 p.m. with dinner and entertainment, followed with a dance around 9:00 p.m.

Tickets are now on sale for \$10. Proceeds from the sale of tickets go towards the building of a Fireman's Museum and Library.

To purchase tickets, contact your local fire department or contact Hal Hood, Executive Manager, State Firemen's and Fire Marshals' Association of Texas, 1212 Guadalupe, Suite 804, Austin, Texas 78701. Phone: AC 512/474-1565.

Help your local Fire Department and the Firemen of Texas. Plan to attend the Firemen's Benefit Ball. This informal evening of good food and fellowship should be a fun evening for everybody.

This is a very worthwhile project by the Firemen of Texas to build a museum in Austin, Texas. You may attend all functions or your friends may be your guests by purchasing tickets, or if you wish, your donations will be greatly appreciated.

Contact Palmer West, Fire Marshal, Eldorado, Texas, past president of Texas Firemen's and Fire Marshal's Association and Honorary Chief for Life of the Eldorado Fire Department, P.O. Box 602, Eldorado, Texas 76936.

Remember the date: October 28th in Austin, Texas.

Mrs. Sauer Presides At H. D. Meeting Thursday

The Young Homemakers met last Thursday in the home of Mr. and Mrs. Bill Gunstead with Mrs. Rozanna Sauer presiding. Mrs. Gunstead was hostess and served coffee and a variety of the new snack cakes.

Nominations were made for the 1973 THDA Chairman. Nominees from the Young Homemaker's Club will be Claryce Williams and Charlene Gunstead. The members discussed the Booth for the Halloween Carnival. Committees were formed and plans for the Country Store were made. The profits from the Country Store will be used to finance the Spring THDA Planning Meeting which is to be held in Eldorado. This will be a big event for the Home Demonstration Clubs in Schleicher County and much planning must go into the activities planned. An explanation of election procedures for 1973 officers was made. Officers will be elected at the October meeting. The Young Homemaker's Club, in an effort to expand membership made a list of prospective members to contact. Members have undertaken a project of their own to raise money for the club. These funds will support their activities throughout the year. The October meeting time and place will be announced at a later date. The program for October will be presented by a representative from the Department of Public Safety.

Members present were Mary Dunagan, Karen Homer, Gloria Kent, June Hicks, Jo Ann Turner, Jonet Powell, Rozanna Sauer, Vera Bradshaw, and Charlene Gunstead; and three new members: Kay Patton, Pat Gentry, and Claryce Williams.

Following First Victory For The Eagles . . .

Winters Coming Friday For Final Non-Dist. Tilt

Eagles Take First Victory Over Iraan

The Eldorado Eagles showed the Iraan Braves how to play football Friday night, the first win of the season, with a 42-8 romp over the Braves in non-district action.

Eldorado got on the scoreboard in the first quarter when Hunter Henderson tossed a 25-yard pass to Gene Nixon, following a fumble recovery by John Rae Powell. The fumble was caused by Lonnie Reynolds and Len Mertz. Ken Peters sailed the football through the goal posts to add the extra point.

In the second quarter the Eagles recovered another fumble caused by Chris Pena and scored after five plays. This fumble was recovered by Lester Paul Nixon. The Eagles upped their margin when Mike Manning charged across from the three-yard line for six points, and Peters once again added the extra point.

Before the half ended Henderson scored again on a two-yard run, and Peters passed to Timmy Farris for the two point conversion to make the Eagles lead at the half 22-0.

The Braves only saw one score all night, and this score came in the third quarter on a two-yard run by the Braves' quarterback, Dan Hall. The two points was made good on an eight-yard run to make the score 22-8.

The Eagles got the scoreboard busy again in the fourth quarter with three touchdowns. The first came on a Manning dash from the two-yard line. The extra point try failed and the score stood 28-8.

Gene Nixon added the next touchdown on a four-yard run set up by a pass interception by Lester Nixon. Peters hit Farris for the two-point conversion.

The final score came when "Nub" Tim Edmiston pulled in an interception and returned it for 55-yards for six points. The extra point was no good, and the game ended in an Eagle victory, 42-8.

The Eagle lineman of the Week is Ronnie Rathbone. He was given a grade of 73% on offense and a 53% on defense with ten tackles. The Eagle Back of the Week is Mike Manning. Mike did a good job as he was given a grade of 86% on offense. He ran for 108 yards rushing and he had two touchdowns. He only played on two plays on defense and caused a fumble on one of those plays.

The Statistics—

Eldorado:	Iraan:
24 First Downs	13
295 Net Yds. Rushing	123
101 Net Yds. Passing	71
7-10 Passes att. & compl.	6-19
2 Passes Intercepted	2
5-33 Punts & Ave.	7-36
1 Fumbles	6
9-75 Yds. Penalized	10-90

Revival To Start Sunday At First Baptist Church

Revival services are to begin Sunday evening at 7:00 o'clock at the First Baptist church. Everyone is invited, stated the pastor, the Rev. Kenneth Vaughan.

Rev. Dave Philpot, pastor of the Tate Springs Baptist Church at Arlington, Texas, is to be the preacher for the week. He will arrive for the evening service Sunday.

Walter Johnson, music minister of Park Heights Baptist church at San Angelo, is to lead the music. Mr. Johnson has led the music for a revival in Eldorado at least once before.

A week of meaningful services is anticipated; and this cordial message of welcome is extended to each and all.

GIRL SCOUT TROOP #216

Monday afternoon of this week the girls in troop 216 enjoyed a bicycle trip to the roadside park on the San Angelo highway. This was done as part of work being done on the girls' Cyclist badges.

Each girl took a sack lunch along. A good time was had by all the girls. —Rep.

The Eagles take on the Winters Blizzards this Friday night at 8:00 p.m. on their home field. This is the second home game for the Eagles and a tough one. The Blizzards lost last week to Coleman, and they will be trying hard for a victory.

The Blizzards' halfback Jerry Mac Jackson, a 180-pound Senior, is Winters' standout player. Last week against Coleman, Jackson piled up 55-yards rushing and 19-yards in pass receptions. Jackson will be Winters' key man to watch. The Eagles will have lots of determination to win this game, and they will need the support of everyone.

The pep rally will be at 2:10 Friday at the Gym and everyone is urged to attend to support the Eagles. —Patsy Tampke.

Junior High Team Is Victorious

The Eldorado Junior High football team has started a climb for a victorious season after a long losing streak. The team has done a tremendous job in their first three games, and each and every member and the coaches should be commended for their victories.

In the first game with Iraan, the Junior Eagles took the victory with a score of 20-12. Jimmy Bosmans made the first touchdown on a five-yard run to give the Eagles the lead. The attempt for the extra points for unsuccessful. George Factor streaked 12 yards to add six more points to the Eagle score. The twopoints was made good by Factor. The last score was scooted three-yards across the goal line by George Factor. The try for the extra point failed. The Eagles only allowed the Braves to score twice, and the game ended in an Eagle victory, 20-12.

In the second contest of the season the Eagles took on the Wall Hawks. The Eagles came out on top 38-6. Jimmy Bosmans and Roy Villarreal were standouts in this game as both made two touchdowns for the Eagles. Bosmans made one of these touchdowns on an interception. In addition to Villarreal's TD he also added two extra points to the Eagle score. John Ben Cawley and George Factor also added one touchdown each to give the Eagles a 38-6 victory.

The third game was with the Iraan Braves for the second time, but was canceled because of rain on Thursday. The game was rescheduled and played this past Saturday morning. The Eagles once again were victorious as they defeated the Braves 32-0. Jimmy Bosmans did a tremendous job in this game as he intercepted five passes and made four touchdowns. In all, the Eagles intercepted seven passes and three of these were returned for touchdowns. John Ben Cawley and George Factor both did a good job as each intercepted an Iraan pass. George Factor also added a touchdown for the Eagles and completed the scoring with the addition of two extra points.

The B team has met real tough competition and has not been as successful as the Junior High, but they are not to be put down for they are capable and will prove themselves to everyone. Good Luck B Team, and stay in there fighting. Congratulations to the Junior Hi; keep up the good work!

The Junior High and B Teams will play in Sonora this Thursday at 6:00 and 7:30 respectively. Support these two Eagle teams for they really deserve it. —Patsy Tampke.

BUSINESS MEN'S CLASS TO PRESENT SERVICE SUNDAY

The Business Men's Bible Class of San Angelo will be here Sunday night at 7:00 to present the service in the First Presbyterian Church. This will be a joint service with the Methodist church.

The class conducted a similar service here in the Methodist church several months ago.

Mrs. Glowanda Smith and family of Llano were here briefly Sunday afternoon.

Snelson Head Of Senate Committee

State Senator W. E. (Pete) Snelson of Midland has been named by Lt. Gov. Ben Barnes to chair the important Senate Committee on Intergovernmental Relations.

Snelson a veteran legislator from District 25, was also appointed as vice chairman of the Education Committee. He will also serve on the Finance Committee and its Subcommittee on Taxation.

The Senate, in its 4th Called Session of the 62nd Legislature, is operating under new rules which require a reduction in the number of standing committees from 27 to 9, and which allow Senate members to serve on only three standing committees.

Heart Workshop Set For October 10th

The Annual Regional Campaign Workshop for Region V, American Heart Association, which consists of 33 counties, will be held Tuesday, October 10, 9:00 a.m. to 3:00 p.m., Holiday Inn, San Angelo, Tex.

State Staff Personnel will be directing the workshop which provides information on all phases of campaign for city as well as rural areas. Representatives from each county are urged to attend this meeting.

Thunderbird Show Is Set For Today at Angelo

Goodfellow AFB, Tex.—The Thunderbirds are coming on Thursday, September 28th (today). The five supersonic jets of the U. S. Air Force's Air Demonstration Squadron will soar and dive through the skies over Goodfellow AFB in a program sponsored by the Air Force ROTC unit at Angelo State University. The air show will begin at 3:00 p.m.

Deer Symposium Set September 28th

A Deer Symposium will be held here Sept. 28th, 10 a.m. to 3:00 p.m.

Program

Robert Kensing, Area Farm & Ranch Specialist, "Why Manage Deer?"

Milo Shult, Area Wildlife Specialist, Marketing Recreation.

Diane Durrett, Preparing Deer Dishes.

Lunch — 4H — Dutch Treat.

Charles Ramsey, Wildlife spec., Deer Husbandry.

Milo Shult, Aging Deer.

Bobby Ragsdale, Range Specialist: Deer Range & Food.

—CARDBOARD 10c & 20c. Success

Is now the time to buy land?

Acquiring that farm might seem more practical with financing through the Federal Land Bank. Land is easier to pay off when costs are amortized over extra years with a long-term Land Bank Loan. Your total cost of borrowing, too, can be less. Ask us for help: We know land values; we will inspect the property. We will then try to make a loan that meets your exact needs.

A. E. PRUGEL, MANAGER
Federal Land Bank Association of Sonora

Apples And Rice Top October Plentifuls

Fresh apples, apple products and rice are the leaders on October's U. S. Department of Agriculture Plentiful Foods List.

Fresh apples will be in peak supply in October—just in time for the annual observance of National Apple Week Oct. 26 to Nov. 4. Reports estimate that for the fourth consecutive year the crop will be about 15 million bushels. Canned applesauce and apple juice stocks also are plentiful, assuring ample supplies during the coming month.

This year's rice production is estimated at 85,888,000 hundredweight—the greatest volume in three years. This should result in attractive consumer prices for a very versatile commodity. Also included on the USDA list are dry beans, wheat products, broiler-fryers, turkeys and eggs. This year's estimated dry bean production of 18,206,000 hundredweight is expected to more than adequately meet all consumer requirements.

Since the current wheat crop is one of the largest ever recorded, grain, bread, spaghetti, noodles and other wheat products should be plentiful. Despite possible increases in grain products costs due to heavy export sales, these items remain excellent buys in relation to most other foods.

The October broiler-fryer production is expected to be up 3% from a year ago. Although prices will probably be greater than the very low prices of last year, chicken will continue to be a relatively good buy. Turkeys also are economical buys. October new crop marketings are expected to increase 14% over figures for October 1971. In addition, storage holdings are expected to be greater than last year's.

While egg production will probably be below the high level of a year ago, eggs will continue to be an economical source of high protein food. During the month, the USDA will give extra emphasis to the various plentiful foods in press, radio and television releases. Wheat products will be featured in the week starting Oct. 1; turkey and rice Oct. 8; broiler-fryers starting Oct. 15; fresh apples, canned applesauce and apple juice will be highlighted beginning Oct. 22; and eggs starting Oct. 29.

The abundant foods list is released monthly by the USDA's Agricultural Marketing Service and compiled by their commodity specialists from fact-finding sources available in government and the food industry. The foods listed are in plentiful supply and in need of marketing aid. They are then promoted extensively by the food industry, newspapers, magazines, radio and television. Often these foods are attractively priced for consumers.

Play Equipment For Preschoolers

Don't underestimate child play. Children's play contributes to four important levels of development. Play helps children in different ways. It helps them learn and develop their bodies, shows them individuality, gives them the ability to get along with others and teaches them interest, which in turn helps them grow into inventive adults.

Child play falls into four major categories: active, physical play with balls, wagons and bicycles; manipulative play with blocks, clay and painting equipment; dramatic play with dress-up costumes, dolls and trains, and social play with doll equipment, blocks and teeter-totters.

In these play groups, children learn balance and control of strong muscles. They exercise curiosity, imagination and interest through exploring their world, and strengthen their confidence in themselves.

When choosing play equipment see that it's strong, durable and safe. Is it easy to keep clean? Is it suitable for available play space and storage facilities? Note if the equipment is simple in construction—not too large, too small or too heavy to handle. Check if it's suited to your child's stage of development. Can he manage it himself? Select equipment that can apply to a variety of play activities. Determine if it requires much adult supervision.

It's also important in play activity to learn to take care of toys. The younger the child, the more help he needs in putting away play material. Provide a convenient place for storage. Encourage children to store one set of toys before getting out others. It's better if he doesn't have too many things to play with at one time. If he misuses a toy, remove it and then casually explain your action.

UNDERGOES LEG SURGERY

Gary D. Carner of Big Lake had his leg operated on Sept. 18 in St. John's Hospital in San Angelo. The leg is doing satisfactorily.

TYPEWRITER RIBBONS, for Royal, Underwood, and Remington—available at the Success.

Weekly Marketing Report Given

College Station, Tex.—Egg prices are slightly higher this week but still continue to be an economical dietary source of protein.

According to Mrs. Gwendolyn Clyatt, consumer marketing specialist with the Texas Agricultural Extension Service, egg prices are expected to remain about the same for the next few weeks. Grade A Large eggs offer the best combination of quality and economy for the money.

"Fried egg sandwiches are mighty appealing," she added. "And you can team a fried egg with cooked bacon strips in a hot buttered bun."

Adaptable turkey is delicious served hot or cold. There should be a ready supply of these birds as the new turkey crop is estimated to be 9% greater than last year.

"Fryer chickens continue to be an economical choice in most meat departments," the Texas A&M University specialist pointed out. Serve them often and take advantage of their versatility and economical prices.

"Retail beef prices are about the same as for the past few weeks," she reported. In general, chuck roasts and steaks, ground beef and round steaks and roasts are the best beef values. But most markets are featuring mature cuts at special prices, so consider family preferences before making selections.

In the pork section of the meat department, the prices are unchanged from a week ago. "But look for best values on hams, picnics, shoulder roasts and steaks and end cut loin roasts and chops," Mrs. Clyatt said.

An excellent choice for the budget minded shopper is nutritious dry beans—pea and pinto beans are in greatest supply.

The most economically priced fresh fruits are those in good supply—apples, bananas, Tokay and Thompson seedless grapes, Bartlett pears, prunes and cantaloupes.

Red and russet potatoes, celery, cabbage, carrots, squash, tomatoes and dry yellow onions also are plentiful and the best values.

Boat Owners Offered Bogus Registration

Austin, Tex.—According to the Texas Parks and Wildlife Department, the state's 400,000 boat owners are candidates for the "touch" by a spurious organization known as the "United States Merchant Marine, Marine Registry."

The department maintains a master file containing the names and addresses of all Texas boat owners. The information contained in the file is considered public information and may be obtained by anyone who pays the cost of reproduction.

Using the names for its own mailing list, the USMM asks for a \$6 registration fee of boats and motors and promises only the services of an information center in Washington. This is followed up by a second notice in more imperative tones stating the importance of returning the forms and money immediately. The USMM does state in fine print at the bottom of the forms, "This form does not exempt applicant from State or Federal registration requirements."

The only boat registration Texans have to worry about is the one required by the Texas Water Safety Act and administered by the Texas Parks & Wildlife Dept.

The USMM is a private organization and is not connected with any federal or state agency. Located in Washington, D. C., it uses official looking stationery for its mailings to boaters. The scheme is reportedly under investigation by the U. S. Postal Inspector.

Ethicon Announces Major Expansion

San Angelo, Tex.—A broad expansion program including a major construction addition for the plant in this city, has been announced by Ethicon, Inc., the world's largest manufacturer of surgical sutures and allied medical products.

Ethicon, Inc., is a subsidiary of Johnson & Johnson, medical and health care products manufacturer. Ethicon, Inc. corporate headquarters is located in Somerville, New Jersey.

According to Victor J. Dankis, executive vice-president, the multi-million dollar expansion program will provide facilities needed to meet projected increased production needs of the future.

Are You The One Missing Heir?

(From the office of Crawford C. Martin, Attorney General of Texas)

Thousands of Texans have received letters or legal appearing documents recently stating that the sender has in his possession a copy of a will on an estate under probate. Usually these originate from an out of state source.

Of course the deceased has the same last name as the recipient. While there is usually some disclaimer such as "we are not attempting to state that the provisions set forth in said will have a reflection to you," just the opposite is clearly implied by the correspondence.

Typically the amount of the estate is not set forth but the impression is given that it is large. All of this conjures up a vision of inheriting a large sum of money from some unknown rich relative.

Not long ago thousands of families throughout the nation named Kelly received offers to provide information which could assist them in establishing a claim to an estate of more than \$50,000 left by a Mary Kelly.

An investigation disclosed that every Kelly listed in certain telephone books received the same of-

—NOW OPEN—

UNDER NEW MANAGEMENT

OPEN SEVEN DAYS A WEEK

Spanish and American Food,
Plate Lunches, Short Orders, etc.

JAVA JUNCTION CAFE

Catherine and Walter Gonzales

fer. And while the cost for the information was only \$10, it still was a long shot bet that any of the Kellys contacted would be entitled to any money.

Just as in the Kelly case, operators of schemes such as this normally sell information to literally thousands of families, usually selected at random, with no thought or intention that they may in fact be in line to inherit anything of value.

The cost of these worthless papers normally ranges from about \$6 to \$12. For this reason many unknowing people are willing to take a chance and then are reluctant to complain when they find they have been cheated.

Remember, judicial authorities make a thorough search to determine the whereabouts of true missing heirs. If you are approached on a missing heir scheme, resist the urge to get something for nothing. Don't send your money. Instead, forward the letter to my Consumer Protection Division at P. O. Box 12548, Austin, Texas 78757.

How To Avoid The Appliance Serviceman

A few simple checks might save you the cost of a service call on your non-operating appliance.

Believe it or not, more than one homemaker is daily embarrassed when the serviceman deduces the cause of her problem as an unplugged electrical cord or a blown fuse. And it is even more embarrassing when he presents his minimum charge for the service call.

Quality appliance service is not inexpensive since the service technician must bring his "shop on wheels" to your door. General Electric Company, for example, estimates even its most proficient service technicians, operating out of radio-dispatch "stockrooms on wheels," can manage only about eight service calls a day.

To help you avoid the expense of calling a serviceman to fix an appliance that is performing perfectly, GE suggests you first check your instruction book for possible reasons, as most carry basic troubleshooting information.

If you've misplaced it, here's a quick checklist of common problems worth saving and following:

- ✓ If the appliance operates on electricity, make certain it is plugged in. If it runs on gas, check to see that the pilot is lit.
- ✓ Check for blown fuses or tripped circuit breakers, which can result from overloads on the electrical system.
- ✓ Are doors securely closed? Most washers and dryers, for example, have

electrical interlocks which prevent operation if doors are not fully closed.

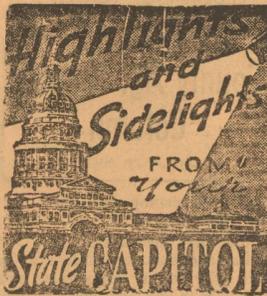

- ✓ Examine the controls to see if they are set properly. A refrigerator won't refrigerate if the temperature control dial has been inadvertently turned to OFF.
- ✓ If a dishwasher or automatic washer will not fill with water, see if the main water supply has been turned off in the home or by the water company for repairs.

If, after all these checks, the appliance is still on the blink, then it is time to get professional help. Having the model number of the appliance available when you call is a good idea.

How long will you have to wait for service? That can vary greatly — from a few hours to several days — depending on the proximity of the servicer and how well he is staffed.

General Electric, the nation's largest appliance maker, presently has a "Customer Care Service Everywhere" network consisting of factory service centers in more than 100 major markets, complemented by 5,000 factory trained servicing dealers and independent servicing agencies.

All service calls by factory technicians are "by appointment" with the customer — within a promised four-hour time span — and the GE standard is to complete 80% either on the day they are received or the following day.

Austin, Tex.—The special session of the Legislature got off to a bumpy start last week with Gov. Preston Smith's proposals facing tough criticism.

Critics of the governor's competitive insurance rating bill charged it repeals some of the best provisions of the Texas insurance code.

Sen. Oscar Mauzy of Dallas and others insisted on a state-set ceiling if competitive rating is passed. Senate sponsor, Sen. Mike McKool of Dallas, indicated he would go along with that.

The governor's budgetary control bill met a mild reaction in its first committee test. Proponents said it would help put "fiscal responsibility" in state government, but opponents claimed it would make the governor a fiscal "czar." The latter were particularly critical of a provision that would let the governor alter agency budgets when he found "evidence that the expenditure is not necessary."

Smith assured another lively appointments hassle in the Senate when he nominated his secretary of state, Bob Bullock, to the State Board of Insurance.

Lt. Gov. Ben Barnes denied reports that he was trying to line up votes to block Bullock's confirmation by the Senate.

Bullock's name was sent up as a replacement for Smith's longtime friend, Larry Teaver, who was rejected for Insurance Board membership last July by unfriendly senators.

Parties Hold Conventions

Harmony prevailed at both Democratic and Republican conventions, although there was enough controversy at both to make them interesting.

Democratic gubernatorial nominee Dolph Briscoe got his choice for State party chairman (Calvin Guest of Bryan) and was allowed to write the platform about the way he wanted it. In return, he agreed to accept a liberal, Sen. Barbara Jordan, as State Democratic Executive Committee chairman.

Sen. Joe Bernal of San Antonio and Mrs. Billie Carr of Houston (liberals and George McGovern backers) and Hall Timanus of Houston (a George Wallace supporter at the June convention) were named to new Democratic National Committee posts. Briscoe may, or may not, have control of SDEC. Some counts evaluated the breakdown 26-26 liberals and conservatives with 10 moderates as the balance of power.

Republicans had little to squabble about. They wrote their own state platform and re-elected Dr. George Willeford and Mrs. Malcolm Milburn of Austin as state chairman and vice chairman.

Appointments . . .

Accepting resignation of Robert W. Calvert as chief justice of the State Supreme Court, Gov. Smith said he would designate Associate Justice Joe R. Greenhill chief justice. Smith's legal aide, Hawthorne Phillips, will fill the vacancy on the High Court from October 4 (date of Calvert's resignation) until January, Smith said.

Terry Townsend of Austin was appointed by Smith to the governor's Commission on Physical Fitness.

Secretary of State Bullock finally got around to issuing a commission of office to Dallas County Commissioner Roy Orr—after Orr was replaced as state Democratic chairman. Bullock contended Orr could not hold both offices.

Attorney General's Opinions

County clerks are not authorized to issue marriage licenses to two persons of the same sex, Atty. Gen. Crawford Martin held in a recent opinion.

In other new opinions, Martin concluded:

- A Texas water corporation and public utility has the right to lay its pipes along the right-of-way of county roads, subject to conditions fixed by law.
- A sheriff's food bill for feeding prisoners (submitted to county commissioners) must show the name of each prisoner and each item of expense incurred on the individual accounts.
- Those who are not licensed registered nurses would be violating the law to use identifications such as "SRN" or "RN."
- Stephen F. Austin State University in Nacogdoches has the authority, without city consent, to close a portion of Raguet Street constructed over school property within the campus in 1938.
- Texas Board of Examiners in Fitting and Dispensing of Hearing Aids is not authorized to impose

on an applicant for a reciprocity license a requirement that he have a residence or a place of business in Texas.

Animal Disease Fight Funds Are Cleared

Texas will receive a \$120,414 federal grant to fight animal diseases.

Money will supplement Texas Animal Health Commission's eradication programs aimed at screw-worms, scabies and fever ticks.

This year Texas is suffering its worst fever tick outbreak since 1941, according to Commission Executive Director Dr. H. Q. Sibley. Parts of Jim Wells, McMullen, Duval, Live Oak, Kent, Nueces and Leon and Dimmit counties are under tick quarantine.

Governor Smith also noted Texas is facing its worst screwworm epidemic since 1961, and scabies has struck in several areas.

Enrollments Growing

Texas colleges and universities are still climbing, though not so fast as in the early 1960's.

About 454,000 students enrolled in public and private, junior and senior colleges by September 14. This compares with about 438,000 at the same time last year. The Coordinating Board, Texas College and University System, concludes there will be about a 3½% increase in enrollments this fall over 1971.

Enrollment in all segments of higher education last year was more than 475,000, and projections by the Board point to about 493,000 this year. While senior college enrollments are up less than 1%, the community colleges have an increase of more than 11% in their student bodies.

Superport Aid Promised

Gubernatorial nominee Dolph Briscoe promised top priority efforts to secure a deep-water superport for Texas.

Briscoe said it is vital to the economy to get a port capable of handling ships with drafts of up to 100 and 120 feet. He said the state is "blessed with having several desirable locations."

Short Snorts . . .

Texas Air Control Board has been approved for a \$2.1 million federal grant from the Environmental Protection Agency.

Texas industrialists are offered exhibit space on the Queen Elizabeth 2 for a floating trade fair to North Africa, the Middle East and Europe in 1974.

An application has been filed for a state bank in Fulton.

A new study of the role of motor vehicles in air pollution is under way in the Houston-Galveston area, one of 14 national air quality control regions to be checked.

There are more Texas voters over 64 than in the much publicized 18-20 bracket—16% for the senior citizens, 10.4% in the youth bracket.

This is Texas Highway Week — with speeches and observances marking the event over the state.

A House study committee has been set up to review water district legislation passed during the last two legislative sessions and determine if it was in the public interest.

Texas Highway Commission is accepting bids this week to facilitate traffic movement in South and far West Texas.

Seven hundred and 54 new Texas lawyers were licensed in ceremonies here Monday.

Retirees Honored

County Extension Agents of District 7 honored Mr. and Mrs. W. G. (Tiny) Godwin, retired County Agricultural Agent of Schleicher County, and Mr. and Mrs. M. B. Templeton, retired Agricultural Agent of Nolan County, at a dinner in San Angelo in Luby's Cafeteria Tuesday, Sept. 19th.

Both agents received recognition of accomplishments by co-workers. Clint Langford, County Extension Agent of Sutton county brought back many accomplishments of Tiny Godwin. Clint remembers that Tiny was on the first Organizing Committee for the Sonora Wool Show 35 years ago.

Tiny had many winners in the feeding program and was looked to as one of the top lamb exhibitors of Texas in the past. Agents recalled many experiences which they encountered with the Golden-Toe Godwin.

Mike McCravey, Asst. County Extension Agent of Coleman County and as a past 4-H Member under Mr. Godwin, told of experiences as a 4-H member under the supervision of Tiny.

Many good times were expressed and only Agents and people working close to individuals such as "Tiny" and "Temp" can appreciate the work these men have done to improve Agriculture in Texas and strengthen the Extension work.

In Those Days

Compiled From Success Files

ONE YEAR AGO

Sept. 30, 1971—Conversational Spanish classes were getting under way with Mrs. Jim Head as teacher.

A fund drive for the Salvation Army was being launched, with Bernard Carr as campaign chairman.

Mrs. Glowanda Smith moved to her new house on Lee street.

FIVE YEARS AGO

Sept. 28, 1967—Cheer leaders shown were Sherry Yates, Billie Gayl Blaylock, Randy Yates, Chris Edmiston, and Shane Henderson. The local Lions Club was joining others in appealing for cash for victims of Hurricane Beulah in South Texas.

Walter C. Pope III purchased the Sonora Feed and Supply Co.

The Rev. and Mrs. Kenneth Vaughan went to East Texas to the funeral of his father, George A. Vaughan, 72.

A son was born in Austin to Mr. and Mrs. Kenneth Paul Pennington.

Granny Mund visited here from the Golden Years Nursing Home in Christoval.

Ed DeLong was home from the Sonora hospital where he spent several days following a heart attack.

Funeral services were held for Mrs. Charles Wimer, 56. She died following an illness of 19 months.

12 YEARS AGO

Sept. 28, 1960—The new Hart-graves Livestock and Feeding Co. near the railroad was advertising Custom Grinding of Hay and All Grains.

The cotton gin was approaching the 1,000-bale mark.

Sons were born to Mr. and Mrs. Fred Thomas Gillaspay and Mr. and Mrs. Sam A. Whitten.

Sandra Alcorn and Charles McLaughlin Jr. were attending Southwest Texas State College at San Marcos.

Judy Kay Nixon pledged Alpha Delta Pi sorority at North Texas State in Denton.

Ann Ballew visited here from Texas Tech, Lubbock.

Nancy Jo Jackson, sophomore at Austin College at Sherman, was in the Senate of that school.

Charles West attended the Lions Club meeting as Lion of the Week.

35 YEARS AGO

Oct. 1, 1937—Mr. and Mrs. T. W. Johnson returned from a visit to Fort Worth, and while away they also visited in Wichita Falls with Mrs. O. R. Burden.

Meeting at Miss Mollie Turner's to organize a high school band were Katherine Montgomery, piano; Wilma Burrus, guitar; George Whitely, guitar; James Burrus, violin; Ray Bruton, mandolin; Jack Whitely, mandolin; and John Burrus, mandolin.

Mrs. R. L. Ballew, Mrs. Chester Wheeler, Mrs. N. R. Kennedy, Miss Agnes Wright and Mrs. L. T. Barber visited in San Antonio with Lt. and Mrs. Robert Frost at Fort Sam Houston.

FFA officers were Richard Bruton, president; Gerald Nicks, vice-pres.; Willie Bridgeman, secretary; John McWhorter, treasurer; Raymond Rodgers, reporter; John T. Ballew, parliamentarian; and Ray Bruton, watchdog.

Emmett T. Askins was moving here from Colorado City to work with the funeral home.

Charlie Harr of Millett, Texas, visited here and in San Angelo. He was a pioneer cowpuncher and in the early days helped drive a herd of 3,000 cattle through the Rocksprings section.

Miss De Ford and Miss Strickland were teaching the school typing classes.

Beatrice Wright was elected president of the homemakers club. Also Maude Brown was vice president and Thelia Luedecke was secretary.

ELDORADO LODGE

ROOFING ALL TYPES ROOF REPAIR and quality roofs. KENT ELLIOTT ROOFING Ph. 655-2800, San Angelo, Texas

Attend 46th Annual THDA State Meeting

The THDA State Meeting this year was held at the Astroworld Hotel in Houston. Attending from Schleicher county were Mrs. Karen Homer, Mrs. Janet Powell, and Mrs. Mary Leigh Dunagan. Miss Diane Durrett was selected as the agent to represent District 7 at the conference.

The Annual Meeting started with entertainment Tuesday evening provided by the Harris County women. Wednesday the ladies were greeted by Mrs. A. E. Hodges, president of THDA. Dr. L. S. Pope, Associate Dean, Texas A&M University, delivered a most interesting speech and slide presentation on the History of the Problem of Goods Costs and The Consumer. Dr. Mina Lamb from Texas Tech University spoke to the group on the "Eulogy of Nutrition."

Wednesday afternoon the ladies were given a choice of workshops to attend. Those offered were Citizenship, Family-Life and 4-H. At these workshops program ideas, projects and a packet of information was given to each county representative. Thursday morning workshops on Membership, Publicity, THDA, Health, Cultural Arts, Recreation and Safety were held.

The Banquet that night topped the entire session. At the Banquet the new officers and directors were installed with the theme of "Starway to Harmony." This event brought the 46th Annual THDA State Meeting to a close.

The ladies from Schleicher county found time out of their busy schedule to do some sightseeing of Houston. They saw the city lights and points of interest of downtown Houston—Jones Hall, Albert E. Thomas Convention Center, Alley Theater, Market Square, and Allen's Landing. One short afternoon amidst a Houston downpour they shopped at Galleria. The fascinating shopper's paradise offers shops of every description on three levels of Mall space, an ice skating rink for entertainment and a hotel for tourist's convenience. A busy week, a fun week, a memorable one. Back home the representatives are ready to inspire and encourage Home Demonstration Club work in the county.

Review Gardening And Plan For Next Year

Now that the hectic pace of spring and summer gardening is over, why not sit down, relax and reminisce a bit and make a few notes of your successes and failures during the past season.

Records of your gardening experiences will be invaluable next spring. These records should indicate your experiences with various plants and crops, how they performed, whether they were promising, or whether they failed. Also keep a record of particular cultural practices that they used, how much fertilizer was applied, what chemicals were used to control insects, diseases and weeds, and any other items that may have affected the performance of your garden plants.

Gardening, as all other endeavors, should be a learning experience. This learning process can be much more effective and enjoyable if adequate records and other information is available on past practices and performances. It's also a primary method of determining whether or not any progress was made through increased production or improved quality of products.

If you have been experiencing perennial problems in your garden, now is the time to consult experts to develop workable solutions. As fall approaches, think about the season just past and prepare yourself for a bright new spring in 1973.

Garden Check List For October

1. Caladium tubers should be dug, cured, and stored before frost. Dig the tubers without removing the leaves. Wash the tubers with a hose to remove soil and debris. Place in a basket, slotted tray or other container allowing good air circulation. Allow to cure in a dry, well ventilated area. In about two weeks remove the dry foliage and store tubers in dry sand, perlite, peatmoss or vermiculite. Place some of the material between each layer of tubers. Store tubers at 60 degrees F. until spring planting time.

2. Watch lawn areas for the first sign of brown patch. If certain areas have had a past history of this disease, treat the area before it appears. Terraclor (PCNB) is the best control presently available.

3. In areas where chinch bugs are active it may be necessary to make a third application of diazinon, aspon, or trithion to prevent large numbers of this pest from overwintering in your lawn.

4. A fall application of fertilizer to the lawn area will benefit both the grass and the woody plants in the lawn area. Apply about two pounds of actual nitrogen per 1000 square feet. You would need 25 lbs. of 8-8-8, 20 lbs. of 10-10-10, or 16 lbs. of 12-12-12 to provide the proper amount of nitrogen.

5. Order spring flowering bulbs and prepare beds for planting.

6. Don't burn those leaves; place them in the compost pile and recycle them for later use.

7. Scale insects on broad leaf evergreens as camellia, gardenia, holly and euonymus can be effectively controlled by spraying with dormant oil, Malathion or Diazinon. Do not use oil if temperature is above 85 degrees F.

8. Control fall caterpillars with Sevin.

9. Peonies should be planted in North Texas in October. Consult USDA Home and Garden Bulletin #126, "Peonies" for cultural practices.

10. Materials for fall and winter dried arrangements should be collected and cured by hanging upside down in a dark, dry, well ventilated area until ready to arrange.

11. Stake mums to protect from wind and rain storms.

12. Prepare for pansy plants. Refer to information below.

13. Flowering annuals to sow this month include: cornflower, California poppy, snapdragon, bluebonnets, and Drummond phlox.

14. Clean up tools and get them ready for use next spring before you store them for the winter.

It Will Soon Be Weekend Gardening Pansy Planting Time

Pansies are among the most popular garden flowers today. The small plants which reach a height of four to eight inches make a remarkable and abundant show of color. Their wide versatile use in the garden, easy culture, and abundant early spring blooms make them quite worthy of their popularity.

This cool season annual should be planted in November and December to reward the gardener with blooms beginning in late winter, reaching its peak in spring. It will start to decline with the first warm days of early summer. The flowers are often thought of as miniature faces and truly depict a happy smile of sunshine. Pansies in bloom make excellent cut flowers and convey happiness and spring beauty.

Thought for the Week Ministerial Alliance

The Powerless Church

Today we can see many churches without God's power operating in them. The purpose of the Church today is to transmit the spiritual power of God into the lives of Christians everywhere. Some of our churches today have substituted God's Glory and Power for formalism. Tradition is becoming more popular with some churches than Jesus is. Several years ago I was privileged to go through a power plant on Lake Palo Pinto. As I entered the gigantic room where the engines that generated the power were, I could feel the vibrations from them. They were capable of producing thousands of volts of electricity. The substations received all of this power and sent it in different directions. This is the way of a true believer. Jesus said, "ye shall receive power after the Holy Ghost has come upon you." (Acts 1:8). Where is the power that we should have in our lives? The early Church had power and plenty to spare. Why can we not have this same power? We can have it if we tarry for it, seek for it, and believe in it. -Rev. Bob Sherman.

MEMORIAL PROGRAM

Your Memorial Gift is a fitting tribute to a loved one. This remembrance helps support the research, education and service programs of the American Cancer Society.

Memorial gift funds may be sent to your local Unit of the Society.

AMERICAN CANCER SOCIETY

We have the appropriate cards to send to the family and to the donor, and will send your check to the American Cancer Society in Austin.

Endangered Species Meeting Held

A statewide conference to discuss rare or endangered species of plants and animals was held in Austin on September 20th. The meeting was called by the Texas organization for Endangered Species (TOES), a coalition of state, federal and private groups. It was held at the Joe C. Thompson Conference Center on the University of Texas campus.

M. J. Spears, deputy state conservationist for the U. S. Soil Conservation Service, is chairman of the steering committee of TOES and he presided. Committees who had prepared coordinated lists of rare or endangered species made progress reports during the conference.

Eventual goal of TOES is to coordinate inter-agency efforts to preserve threatened species and to monitor their numbers and habitat.

Steering committee members, in addition to Spears, include John Spinks, National Audubon Society; Charles Ramsey, Texas Agricultural Extension Service; Dr. Frank Gould, Texas A&M University; and Mrs. Robert H. Dooley, Texas Garden Clubs, Inc.

DUPLICATE BRIDGE
Sept. 14 winners:
Sarah Hall, Elnora Love, 1st;
Mobleys, 2nd;
Blakeways, 3rd;
Pete Finley and Tony Cheatham, 4th.

Sept. 21 winners:
Mobleys, 1st;
Lottie Puckett and Fred Adkins, Sonora, 2nd;
Blakeways, 3rd.

Miss Vivian Griffin returned to Golzales this week after visiting here a while with her aunt, Mrs. W. N. Ramsay.

Woman's Club Meets, Elects New President

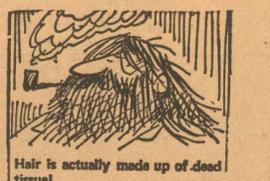

The Woman's Club met Tuesday for their first Fall meeting and elected a new president.

The Woman's Club began the new year of club work at 9:30 a.m. Tuesday, Sept. 26, with a coffee in the home of Mrs. E. H. Nimitz. The Executive Committee assisted Mrs. Nimitz as hostesses. Mrs. Edwin Jackson, 1st vice president, was in charge. One of the first things on the agenda of the business meeting was the acceptance, with regrets, of the resignation of the president, Miss Miltia Hill. Miss Hill resigned because she and her sister, Miss Katherine Hill, have sold their house here and she is moving to San Angelo.

Mrs. Jackson was elected by the club to serve as president. After the meeting was over the Executive Board named Mrs. W. A. Van Dusen to serve as 1st vice president. The club also voted to have a "Bakeless Bake Sale" instead of the usual annual Bake Sale as a money-making project. Instead of the cakes, pies, etc. being baked and sold, the members contribute the expense of these items to the club.

Eighteen club-women were present and enjoyed the opening program, the refreshments, and the renewing of friendships after the summer vacation.

The next meeting will be Oct. 24 followed by a Thanksgiving luncheon at the El Dorado Restaurant on Nov. 21st.

Hair is actually made up of dead tissue!

School Menus

(All meals served with buttered rolls and milk.)

Thursday, Sept. 28: Roast beef and gravy, creamed potatoes, strawberry congealed salad, green beans, mushroom sauce, gingerbread.

Friday, Sept. 29: Fresh fish fillets, okra-tomato gumbo, black-eyed peas, stewed prunes, chocolate brownies.

Monday, Oct. 2: Enchilada casserole, pinto beans, tossed green salad, Mexican cornbread, canned fruit.

Tuesday, Oct. 3: Chicken & spaghetti casserole, mixed greens, carrot & pineapple salad, banana pudding.

Wed., Oct. 4: Hot dogs with/without chili, sauerkraut, potato salad, peach halves, chocolate brownies.

Thursday, Oct. 5: Chicken fried steak & gravy, creamed potatoes, English peas, strawberry congealed salad, white cake, chocolate icing.

Friday, Oct. 6: Sandwiches—una, chicken salad, pimento cheese; French fried potatoes, fresh fruit cup, peanut butter cookies.

Sheep Field Day Set At A&M Center

San Angelo, Tex.—Discussions on improving production efficiency in sheep will highlight the Sheep Field Day, October 3, at the Texas A&M University Agricultural Research and Extension Center at San Angelo.

The day-long event will begin at 9:30 a.m. with a welcome by Dr. Carl Menzies, resident director of research and professor with the Texas Agricultural Experiment Station.

Allen Turner, district agent with the Texas Agricultural Extension Service, will serve as master of ceremonies.

Lions Honor Faculty

The Lions Club staged their annual ladies night honoring the faculty members of the local schools Tuesday night in the El Dorado Restaurant, with a good turnout of Lions, and faculty members on hand. Boss Lion Elton McGinnes presided.

Curly Hays of the Abilene office of West Texas Utilities gave the address of the evening.

This meeting took the place of the regular Wednesday noon luncheon meeting of the club for this week.

Eldorado-Divide District News

District Director Of Zone Four To Be Elected

George Humphrey, who has been District Director of Zone 4 of the Eldorado-Divide Soil and Water Conservation District since October of 1967, does not choose to run. Humphrey followed Ben Hext who was a long time District Director.

The election is to be held in the Memorial Building at 2:00 p.m. All landowners in Zone 4 are eligible to vote for a director to represent their zone. Zone 4 takes in the south part of the county beginning at south line of the limits of Eldorado; thence west along Old Ozona Road to Schleicher county line; thence south along west county line to s.w. corner of Schleicher county; thence east along county line to Sonora-Fort McKavett road; thence along said road to its junction with Eldorado-Fort McKavett road; thence west to Eldorado.

The District includes all of Schleicher county and the south part of Tom Green county. District directors when elected serve for a period of five years. Other directors include Walter C. Pope III, Otis Deal, Voy Lee Butts, and Clay F. Atkins.
