Ballots Delivered For General Election

Success printers turned out the General Election ballots late last week and early this week delivered them to the County Clerk's office where absentee voting was to get under way Wednesday. The personnel in the Clerk's Office had already received some requests by mail for ballots. They expect a total of about 200 absentee votes to be processed during this eligible period.

Harlan Here Tuesday To Visit With Voters

DOUG HARLAN
Republican Challenger

Slated to arrive here by plane at 2:00 p.m. Tuesday of this week was Doug Harlan of San Antonio, Republican nominee for Congress of the 21st District.

This was Harlan's 2nd personal visit with local people and he was scheduled to visit with local supporters and with the public in general for about two hours.

Harlan has conducted an active campaign over the sprawling 21st Congressional District in recent months. The 29-year-old San Antonio educator visited all over town during his local visit.

Miss Yates Named Finalist At ASU

San Angelo, Tex.—Randy Yates, daughter of Mr. and Mrs. Earl M. Yates of Eldorado, is one of seven coeds at Angelo State University in San Angelo who have been elected finalists in competition for the title of 1972 Homecoming Queen.

A graduate of Eldorado High School, Miss Yates is a junior elementary education major at the University.

The seven coeds were to compete earlier this week in final balloting for the honor. The new queen and her court will be presented at the half-time of Saturday night's (Oct. 21) game with Texas A&I.

McGinnes At Work In Local Post Office

Wayne McGinnes, son of Mr. and Mrs. Elton McGinnes, went to work this week in the Eldorado post office.

McGinnes graduated from Eldorado High School and attended Angelo State University before going into service. While serving with the Army in Vietnam, he was injured in a booby trap explosion, losing one eye and one leg. He underwent subsequent treatments in service hospitals overseas and stateside. He has had rehabilitation treatments to learn use of his artificial leg and eye.

The entire community welcome Wayne to this new job in the community.

He is assisting Postmaster Bernard Carr and Dorothy Harris, the clerk. Elizabeth Elder, clerk, is currently on sick leave. Mrs. Lois Etheredge retired last May after working in the post office for many years.

Another disabled veteran, Billy Frank Blaylock, has been the mail carrier on the local route for some years.

Trimble Youth, 14 Buried Saturday

David Alan Trimble, 14, died Thursday morning in Schleicher County Medical Center after a long illness.

Services were held at 2:00 p.m. Saturday in Eldorado Cemetery directed by Ratliff-Kerbow Funeral Home.

He was born Feb. 12, 1958, and was a student at Eldorado High School.

Survivors include his parents, Mr. and Mrs. Raymond Trimble of Eldorado; two brothers, Tom Trimble and Jim Trimble, both of the home; two sisters, Susan Trimble and Patricia Trimble, both of the home; and his grandmother, Mrs. Henry Eilers of Mullin.

Ginning Season Gets Under Way

Following arrival of the first bale on October 6th, Mikeska Gin in Eldorado began operating on a part-time basis and by Monday, October 16, had processed a total of 42 bales.

As reported in this paper last week, Santos Pina brought in the first bale, but all of the succeeding bales came from the farm of Billy Williams in Reynolds community.

According to Mrs. Kenith Homer, bookkeeper, the gin for the time being will operate only in the afternoon as needed. No one, as yet, has ventured to predict the size of the year's crop, but all agree that it will be much better than last year.

A Sunday trip around the 40-mile Reynolds loop revealed that cotton was opening in all the fields. All the farmers are praying for is for continued hot and dry weather.

David Lloyd brought in a few bales on Tuesday.

Ovie To Visit Here On Campaign Swing

OVIE CLARK FISHER
Democratic Incumbent

U. S. Rep. O. C. Fisher of the 21st District is due to make several public appearances following close of the 92nd Congress last week end.

He has slated appearances in San Angelo, Del Rio, and Kerrville.

On Oct. 24th, next Tuesday, he plans visits to talk with residents in Mertzon, Ozona, Eldorado and Sonora, in the interests of his campaign for re-election to another term.

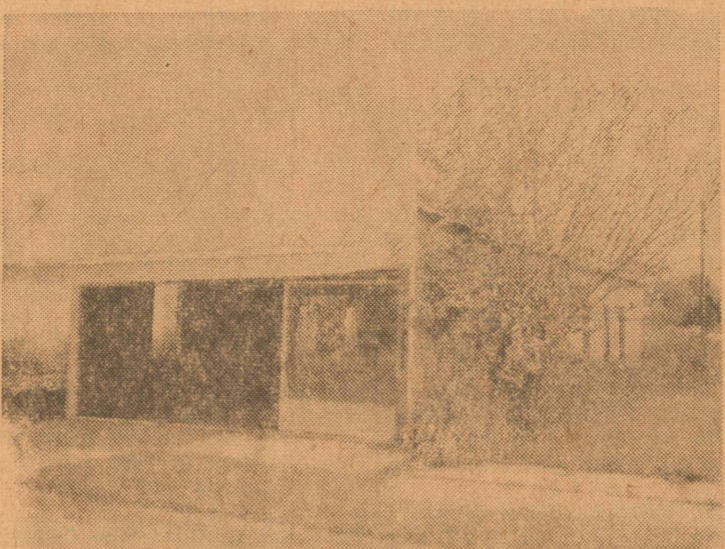

Fisher, 69, has been Congressman of the 21st District for the past 30 years.

New Executive On Job For Boy Scout Council

The Concho Valley Council of the Boy Scouts of America named Mr. Richard H. Austin of Corpus Christi as the new Council Scout Executive. He came on the job Monday of this week, October 16th.

The selection was made during a recent Executive Board meeting. The former Scout Executive of the council, Vincent Hobbs, recently had open heart surgery in Houston. He resigned from the post for health reasons, but he plans to remain active in the program in the future on a voluntary basis.

Post Script

SHOWN ABOVE is the landmark R. A. Evans building on South Main street which is being torn down. Mrs. Dorothy Evans is having the structure razed, and Mr. Ferguson is doing the work.

The frame and sheet iron structure was erected in Eldorado's early days, and "Uncle Bob" conducted his commission business and maintained an office in it for many years.

The structure had fallen into disrepair and its use in recent years had been mainly for an occasional bake sale or garage sale.

This coming Monday, October 23, will be a partial holiday.

The post office and other federal offices will be closed all day for

Reynolds H. D. Meets

The Reynolds and Young Homemakers' H. D. Clubs held a meeting last Thursday morning in the Memorial Building. Hostesses were Mrs. Vera Bradshaw and Mrs. L. E. Lloyd.

Refreshments served were cupcakes, cookies, coffee, and iced tea. The Halloween Carnival Booth was discussed and plans made for donations and workers. The Young Homemakers are selling note cards, stationery and recipe cards to raise money and these were on display and distributed to members. Yearbooks will be mailed to those members who have paid.

The program was given by Del Copeland, Highway Patrolman for Schleicher county. Patrolman Copeland talked on the Breathalyzer and its function. He showed a film concerning the drinking driver and the effects of alcohol on a driver. After the film Patrolman Copeland answered questions from the audience. It was a most enjoyable and informative program.

Members present were Mmes. L. E. Lloyd, Doy Mittel, Rosa Faught, Florence Moore, Clarice Williams, Janet Powell, Pat Gentry, JoAnn Turner, Kay Patton, Rozanna Sauer, Karen Homer, Vera Bradshaw and Gloria Kent. Guests were three children and Miss Connie Spence.

PLANS CONTINUING FOR HALLOWEEN CARNIVAL

Alpha Delta Iota announces a Halloween Parade on Tuesday, October 31st at 4:30 in the afternoon. The parade will start at the old Phillips 66 station and march thru town to the Court House. There will be 1st and 2nd prizes awarded for the best costumes. So, all you little boys and girls get busy and start thinking about being in the parade and work on your costume!

The Carnival will start at 6:00 p.m. at the Memorial Building following the parade.

Sunday, October 29th, the Memorial Building will be open at 3:00 p.m. for everyone who has a booth inside, so they can do some last minute preparation. Fayla Cheatham will have the key after the 29th, in case anyone needs the time to work on the booths.

Rep., Dorothy Dacy

ASC Election Set For 1st Of December

The ASC County Committee election this year will be held on Dec. 1st. Ballots will be mailed to voters about 10 days before the election. The voted ballots must be mailed or returned in person not later than Dec. 1st, stated Manager Ronnie Mittel. Newly elected committeemen will take office Jan. 1, '73.

A slate of at least six nominees will be developed for the county. All eligible voters have been advised of their right to nominate candidates by petition. Each petition submitted must be:

1. Limited to one nominee.
2. Signed by at least three eligible voters in the county.
3. Include a certification that the nominee is willing to serve if elected.

4. Received at the county ASCS office not later than Oct. 27, 1972.

If six (6) or more eligible candidates are nominated by proper petition, no further nominations will be made. If less than six (6) are nominated by petition, the present County Committee will add the number of nominees needed to complete the slate of six. If a person who is nominated by petition is found ineligible, he will be so notified and given 15 days in which to appeal.

Persons nominated should be currently engaged in the operation of a farm or ranch and be well qualified for committee work. In general, a farmer is eligible to be a County Committeeman if he lives in the county and is eligible to vote.

The duties of County Committeemen include:

1. Informing farmers of the purpose and provisions of the ASCS programs.
2. Keeping the State Committee informed of local conditions.
3. Recommending needed changes in farm programs.
4. Participating in county meetings as necessary.
5. Performing other duties as assigned by the State Committee.

ASCS Committee elections are open to all eligible voters without regard to race, color, creed, sex, or national origin.

Wayne Mikeska is the incumbent committeeman whose term expires this year.

The Rev. Gordon Garlington, pastor of the Presbyterian church, is attending a meeting of the Texas Conference of Churches in San Antonio this week.

Mary Lyn McCalla visited her parents, the Gene McCallas, over the week end from Abilene Christian College.

Homecoming Game Here To See Eagles vs Junction

Eagle Boosters Meet

Missing and Presumed Lost!

Does this caption describe you, concerning Booster Club? There is a definite place for you at our meetings each Monday night at 7:30 in the Band Hall. Come and help Boost our Eagle teams all the way. This week is our Homecoming Game with Junction. Let's show them how much Spirit we have.

The Booster Club is planning a booth for the Halloween Carnival. It will be the Wet Sponge Throw. You'll get your chance to throw a wet sponge at the Coaches, and help out the Booster Club also.

If you haven't bought one or more of the Eagle Decals, we still have plenty; just contact one of the Club members; also we will be selling them and chances for All Sports Functions at the Ball Game Friday Night.

The Pep Rally is to be downtown this Friday, starting at about 2:00 p.m., so let's all turn out.

Mickey Rathbone and Lynn Griffin were picked as Boosters of the Week.

Door Prizes were given Monday night with the 5 gallons of gas donated by Griffin Gulf going to Pete Peters and a box of candy from Eldorado Drug going to Nell Wester.

Coaches Meador and Verner gave reports of the Jr. High and Jr. Varsity games. Coach Stevens answered some questions from the fans present and then gave a commentary on the film of the Menard victory.

Refreshments of Coffee and Chocolate Cake were enjoyed by all.

Mark Friday, the 22nd of December on your calendar now so you can attend the Football Banquet, George Stokes of Baylor University will be the speaker.

Free Public Lecture

Eldorado friends are invited to a free lecture on Christian Science this Sunday, October 22, at the St. Mark Presbyterian Church on South Johnson Street in San Angelo.

Alan Young of the Christian Science Board of Lectureship will have as his subject, "Can You Simply Trust?"

The lecture will start at 3:30 that afternoon. A nursery will be provided. Related ad on page 5.

2nd Annual Garage Sale Set By Methodists, 27th

The Parsonage and Grounds Committee of The First United Methodist Church is holding their second garage sale on Friday, Oct. 27th, in the Educational Building of the Methodist church. Last March they held a similar sale which was considered a big success by the committee and also by those who attended. This is a chance to get your winter clothes, coats, etc., and toys for Christmas plus hundreds of other items.

Many good men's clothes and suits are also available.

Anyone—church members or friends—who has items to donate can drop them by the Educational Building during the day or call Faye Dell Derriek (2723) or Mary Jo Hill (2808) for pick-up.

Attend State Fair

Mr. and Mrs. Leslie Baker and Mr. and Mrs. Jimmy West were in Dallas Saturday where they attended the State Fair and that afternoon saw the Texas-Oklahoma football game. They among the 72,000 fans in the Cotton Bowl saw Oklahoma win 27 to 0.

Mr. and Mrs. Bill Gunstead and Gwendolyn and Billy Charles also attended the State Fair Saturday and that afternoon saw the Broadway musical, "No No Nanette" in the newly renovated State Fair Music Hall.

Mr. and Mrs. Dan McWhorter have been at the Fair during its run and Rita Ann is operating an art booth located in the Women's Building, and giving art demonstrations. The Fair will close its two-week run this week end.

Homecoming ceremonies will take place Friday night as the Eldorado Eagles take on the Junction Eagles at the Eldorado stadium at 7:30. This game has been designated as the Homecoming for the Eagles. The Band Sweetheart and the Football Sweetheart will be crowned during the half-time activities.

The Junction Eagles have been out of Eldorado's district for a while, but they are back and ready for the challenge. Junction has a record for the season. They have had some bad luck, though, as they have lost three of their starting backs since the season started. These Junction Eagles will be running a Wishbone "T" formation on offense and a 5-2 Monster formation for their defense.

The Junior High and B Teams will be on the road once again this Thursday as they travel to Menard for two games. The Junior High will start playing at 6:00 and the B team will start playing at about 7:30. —Rep., Patsy Tampeke.

Eagles T romp Over Menard: 53-7

The Eldorado Eagles picked up their first district victory at Menard Friday night with a crushing of the Menard Yellowjackets 53-7 in District 9-A action.

The Eagles had a good first quarter, scoring 21 points. The first score came when Hunter Henderson traveled 40 yards. The extra point was made good by Ken Peters. Hunter Henderson was keeping busy as he ran 19 yards for the second score. Mike Manning picked up the third Eagle score with 1:45 left in the first quarter on a six yard dash. Ken Peters again kicked the extra point.

In the second period Peters got a touchdown of his own on a 16-yard run, but his kick for the extra point failed. Chris Pena got in on the action as he scored the next TD for the Eagles on an eleven yard scamper. The try for the extra point once again failed.

The Yellowjackets got their only points on the board in the second period when Lee Murchison completed a pass to Jim Merrick for six yards. Eddie Gonzales added the extra point.

Manning got his second touchdown before the half ended as he streaked 40 yards for the TD. Peters once again added the extra point. This gave the Eagles a 40-7 lead at the half.

In the third period Benjie Jay threw to Timmy Farris on a play covering 33 yards. The extra point attempt by Peters was blocked.

In the fourth quarter Gene Nixon picked up the final Eagle score on an 11-yard run. Peters added the extra point to make the final score 53-7.

Eldorado is now 1-1 in district play, while Menard is still seeking their first victory.

The Eagle Lineman of the Week is once again Len Mertz. Len has been doing a real fine job on defense as well as offense. He was given a grade of 65% on defense and a 71% on offense. This week Len got nine tackles.

The Eagle Back of the Week is Mike Manning. Mike has been doing a real fine job also as he received a 73% grade on defense and a 63% grade on offense. Mike rushed for a total of 152 yards in 25 carries, and scored two touchdowns. —Patsy Tampeke.

THOUGHT FOR THE WEEK

By The Ministerial Alliance of Eldorado

"Prayer"

Many centuries ago a group of young men came to their master Teacher and made a request. They were much like many today; they wanted to know how to pray more effectively. The Master Teacher taught them to pray, the prayer we repeat and should pray with reverence together today.

"OUR FATHER": How privileged and how blessed we to call The Father, gracious Lord, We say it over in our hearts, we plumb the meaning of the word, and all the tenderness and love that life can give is centered there; "Our Father," Humbly we would come breathing Thy name in earnest prayer.

"WHICH ART IN HEAVEN": Thou art in heaven, but we know, that Thou art here—so close that we can touch Thy garments with our hands, yet heaven's vast immensity is filled with Thy white radiant light; is waiting for us. Lord, prepare our holden eyes to ably meet the glory that awaits us there.

"HALLOWED BE THY NAME": God, we would hold Thy name apart from other names. No name compares with Thine: "Jehovah", "Master", "Lord". A name enshrined within our prayers; a Holy Name that we would keep as sacred, yet a name so dear and precious that Thy humblest child can whisper it, and Thou wilt hear.

"THY KINGDOM COME": Send the clean winds of heaven, Lord, into our hearts this very hour; Fill them with Thy own righteous power. We in Thy image made, O Lord, long have been deaf and blind and dumb. Forgive us—send Thy peace and light; out of this night may Thy Kingdom come.

"THY WILL BE DONE": Thy will be done upon the earth as it is done in heaven, thus Thy Son has taught us how to pray, Thy will, Dear Lord, be done in us; Thy will not ours. God, help us see that what Thou wilt is ever best; That only through Thy guiding power can any seeking child be blest.

"GIVE US THIS DAY OUR DAILY BREAD": Father, Thy loving hand supplied fresh manna through the olden days. Supply our daily loaf, and help us to accept with fitting praise this staff of life by which we live. We ask not to be richly fed, but, Lord, we would evaluate the miracle of daily bread.

"FORGIVE US OUR TRESPASSES AS WE FORGIVE THOSE WHO TRESPASS AGAINST US" or "FORGIVE US OUR DEBTS AS WE FORGIVE OUR DEBTORS": "As we forgive"—we dare not pray this searching prayer unless we kneel close at Thy feet to learn of Thee. We crave Thy skill, Dear Lord, to feel the pulse-beat of the hearts of men beneath a tender seeking hand; to learn the motives that

impel their actions, and thus understand.

"AND LEAD US NOT INTO TEMPTATION," "Thou knowest, Lord, our feeble frame, that we are dust—so make a way for our escape from every ill. Let no temptation come, we pray, to bring us downfall or defeat. We would be strong and brave to stand against all evil. Keep us, Lord, and guide us with Thy loving hand.

"DELIVER US FROM EVIL": When evil stalks across the land, help us to shun it as we should; help us to keep our minds so stayed upon the beautiful, the good, that naught shall keep us from Thy presence, and Thy sure reward. We crave Thy strong protecting might. Deliver us from evil, Lord.

"FOR THINE IS THE POWER AND THE GLORY": In adoration we would kneel before the strange, amazing light; the glory that is Thine, O Lord, that burst upon our inner sight, and Thine the Kingdom is—the Power—we lift our hands and hearts to Thee.

"FOREVER": Forever with Thee, Blessed One, companioned through our lives, and then, safe by Thy side forevermore Thus may it be. Amen. —Fred Cox

Luttrell Recipient Of Johnson Award

Stonewall, Tex.—Mrs. Lyndon B. Johnson last week presented the third annual Lady Bird Johnson Award for Highway Beautification to Cullen Luttrell of Sonora, Texas Highway Department maintenance construction supervisor for Sutton and Schleicher counties.

An audience of nationally known conservationists, including Texas Highway Department officials and maintenance men, and representatives of the press from all sections of Texas gathered in the Lyndon B. Johnson State Park near Stonewall to witness the presentation as Mrs. Johnson's guests for the special program and luncheon.

Among the special guests was Arthur Godfrey, environmental leader and well-known radio and television personality. Godfrey is an ardent conservationist, active in leading the fight against the deterioration of the environment. He serves on both the President's Citizens Advisory Committee on Environmental Quality and New York State's Governor's Council of Environmental Advisors. He travels frequently to speak on this subject before civic and youth groups, and is the editor of a recently published anthology entitled The Arthur Godfrey Environmental Reader.

Before the winners were announced by Mrs. Johnson, the audience in the LBJ Park auditorium saw a Highway Department slide program showing the five finalists for the award at work and discussing various aspects of their responsibility.

Another highlight of the program was the presentation to Mrs. Johnson of an oil painting by Mrs. Willard Dyer of Round Rock depicting the first roadside park in the state—and in the United States. It is still being enjoyed today by travelers on State Highway 71 in Fayette County. The painting of the park, which was built in 1930, was commissioned as a special gift for Mrs. Johnson by the Texas Good Roads Association. Dewitt C. Greer, chairman of the Texas Highway Commission, made the presentation and expressed Commission's gra-

What Is Open Dating?

(From the office of Crawford C. Martin, Attorney General of Texas)

Last week we discussed the principle of unit pricing. Open dating is a companion to unit pricing.

Open dating simply means that anyone going to the store can tell how long the product has been packaged. As with unit pricing, some Texas stores have voluntarily gone to the open dating system.

Many of you know perishable items such as milk, eggs and bread, as well as many other items, are dated as they are packaged. This date may be the date on which the product is to be picked up by the route man or it may be the actual date that the product is packaged.

For example, assume that milk has a shelf life of seven days. If milk is bottled on April 10th, it would be picked up from the store by the route man on April 17th. Either the date of the 10th or the 17th may be shown on the carton so long as the route man is familiar with the system and knows that the milk is to be picked up on April 17th. The markings are usually found at the top of the carton and are in code. Thus, in our example, if you purchase the milk on April 16th, you would get milk that had been in the grocery store for six days.

The same thing might be true of a loaf of bread. Bread of course has a shorter shelf life. Typically, dating of bread is done with different colored ties used to close the plastic bread containers. You might have a red tie for Monday, a green tie for Tuesday, a blue tie for Wednesday and so forth for each baking day of the week.

The route man knows that he is to pick up all blue tie loaves of bread on a certain day of the week. You as the consuming public, however, are not able to tell which loaf of bread is the freshest.

If you intend to use the product immediately, it would probably make no difference to you whether it had been on the shelf a short time or not. It would still be fresh when you used it. An example of this would be the purchase of a dozen eggs one morning to make an angel food cake that afternoon. Since the eggs would be used on the same day of their purchase you would not have the problem of spoilage. On the other hand, if you plan to keep the eggs a few days before using them you probably would want to get the freshest eggs available.

The next time you see your route man delivering some perishable item, you might ask him how his code works. By doing so you can assure yourself that you are an informed consumer. You will know that you are getting the freshest product available.

tribute to Mrs. Johnson for her continuing interest in the highway beautification program.

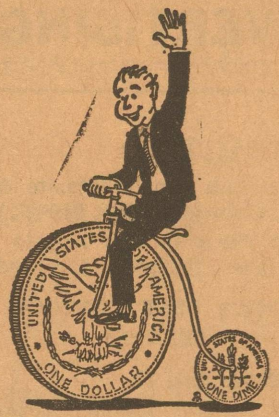

This year's recipient of the Lady Bird Johnson Award received a handsome plaque which cited him for "his contribution to the beauty of Texas highways through landscaping, preservation of wild flowers, and maintenance of rest areas." He also received Mrs. Johnson's personal check for \$1,000.

For the first time, Mrs. Johnson also recognized a second place winner, Melvin Bayless of La Grange, maintenance construction supervisor for Fayette county. His award consisted of a certificate and a check from Mrs. Johnson for \$500.

Three other Texas Highway Department men received "Special Citation" certificates for their outstanding work in highway beautification: Milton C. Campbell of Ralls, Rinaldo Rivera of Falfurrias, and Harold Smith of Rusk.

The former First Lady established the Lady Bird Johnson Award three years ago to honor Texas Highway maintenance men. At the 1971 award presentation, when John W. Berry of Conroe was selected, she said, "Today, when it seems we are faced with one environmental crisis after another, it is refreshing to know there are those who are not only concerned, but are doing something to maintain what nature has provided. These concerned individuals I speak of are the maintenance men of our Texas Highway Department, who, after all, are largely responsible for those 'picture postcard' views we boast about each year."

Miss Schooley Top Finalist In Dress Revue

Lorretta Schooley with Ensemble She Created

Dallas, Tex. (Spl.) Lorretta Schooley of Eldorado was one of 12 top finalists in the 1972 State 4-H Dress Revue here Friday.

LeJean Hill of Dalhart was overall winner. Edna Sustek of Bryan was the cotton division winner, and Janel Rod of El Campo took top honors in the wool division.

Held in conjunction with the State Fair of Texas, the annual revue is sponsored by the Texas Agricultural Extension Service, Texas A&M University.

Miss Schooley, 19, is the daughter of Mr. and Mrs. Clifford Schooley Sr. of 200 Field Avenue in Eldorado.

She has been in 4-H 10 years and is a freshman at Angelo State University, majoring in Medical Technology.

To rank as one of the top state finalists, Miss Schooley designed and created a coordinated ensemble of pants, blazer, vest and tie. The pants, vest and blazer were forest green crelesan acrylic.

A multi-colored print matching that of the necktie lined the vest and blazer. She wore a gold shirt-waist blouse and patchwork suede shoes to complete the ensemble.

The Schleicher County 4-H'er recalled the estimated 45 hours she spent completing the ensemble and noted a problem with the vest.

"I tried it on—something looked strange. So I took it off, and upon further examination, I discovered that I had made the button closings on the wrong side," she said. As a result, she had to com-

pletely remake one side of the vest and the four bound button closings.

Winners and finalists staged a fashion showing for the public with two revues Saturday in the Women's Building Auditorium on the State Fair grounds in which Miss Schooley participated.

Named Gold Star girl in 1971, she won Best of Show for food and clothing at the county level in 1971-72. During her 10 years in 4-H, she received a Showmanship of County for three different years. The projects she considers most important were her lamb feeding projects.

Besides 4-H work, Miss Schooley is active in school and community organizations. The valedictorian of the 1972 graduating class of Eldorado High School, she was a member of the Athletic Association. She lettered in track and was named all-district in basketball this year.

She also placed second in state in debate and participated in one-act play competition. Other activities include the Spirit Club and band.

Her interests range from playing the piano and cooking to horseback riding and swimming. She served as a lifeguard at a local pool during the summer.

She also enjoys doing crafts — making plaques, purses, painting plaster-of-paris molds and refinishing furniture, she said. She is a former queen of the Eldorado Lions Club.

**THE HOUSE OF PRAYER
and
HOLY GHOST REVIVAL**

PLACE: First Assembly of God Church, on the Menard Highway, Eldorado, Texas.

TIME: Beginning Sunday, Oct. 22 — 7:30 p.m.

Services Daily at 10:00 A. M. and 7:30 P. M.

Prayer Daily at 10:00 A. M.

Would you like to have help in counsel and prayer about problems that you face? or burdens that you carry? or fears that torment you? God has relief for you in all these things. We are in Eldorado for a few days to help somebody. We do not know whom, but God has sent us here.

The judgment of God is on our nation. What we do, we must do quickly. God is moving among his people of the world, in a strange and blessed way. People from all denominations are receiving the baptism of the Holy Ghost as promised in Acts 1:5 and 8, and fulfilled in Acts 2:4. God is preparing humble and sincere believers for the things which are soon coming on the earth. The Bible and the signs of the times tell us that an Age is ending. Are you ready to meet God? You can be. You are invited to hear a Baptist minister who speaks in tongues, prays in tongues, & believes that in EVERY assembly of believers, regardless of denominational name, the nine gifts of the Spirit: wisdom, knowledge, faith, healings, miracles, prophecy, discerning of spirits, tongues and interpretation as named in 1 Corinthians 12:8-10, should be active for the benefit and development of the Body of Christ. All the power and gifts of the early Church are for us today.

Instruction will be given in the morning services concerning prayer in tongues, and the gifts of the Spirit.

The instructions of James 5:14 will be followed in ministry to the sick. All ministers of the city are invited to cooperate in this ministry to the sick.

All races, colors and creeds are welcome.

Young Designers

Children can be very creative — so why not let them help in the decoration of their room and in making Christmas gifts? A child has very definite ideas and opinions about such things as his room. So by all means, let him express those ideas—about the room in which he sleeps, plays, studies, "entertains" friends and thinks about childhood problems. After all, no one knows a child's world better than a child. At least let him have some say in the decoration scheme. For example, give him a choice between two or three well-constructed pieces of furniture.

Let him help in color selection. Children aren't afraid of color and enjoy having it around. For a finishing touch to a child's room, add a bulletin board. It is inexpensive and provides a place where the child can proudly display drawings and art work completed in school or at home. A bulletin board also helps convey the thought the room belongs to the child and he has had a part in designing it. Children can help with the bedspread and curtains too, by working at small-scale projects. Blocks of inexpensive, firmly woven fabric are used in these projects. Children can tie-dye, block print, stencil, batik, spatter paint or print numerous designs in various ways on the fabric pieces. Fabric blocks, in turn, then can be stitched together into bedspreads, curtains, wall-hangings or other furnishings.

In addition, such items made from the child's own designs are unique and welcome Christmas gifts. However, since these projects do take time, start on them as soon as possible—to insure completion for Christmas. There are several projects a child can do in the home to make small changes and help him feel it's his home, too. 4-H home improvement projects provide suggestions and instructions for these. Involving children in such projects encourages them to take a more active part in forming their own world.

Nutrients Per Dollar

A basic purpose for grocery shopping is getting food nutrients for the family. One measure of food economy is the nutrients supplied for each dollar spent for that food.

Protein in the diet is important, not only the amount but the kind. For this reason, the shopper must be a little careful when studying the amount of protein received per dollar spent. Based only on the amount of protein supplied, dry beans, peas and nuts are the most economical. Flour, cereals, and baked goods are in second place. Dairy products and eggs are in third and fourth place, about equal in economy. Potatoes take fifth spot in bargain protein—with meat, poultry and fish and sixth place. Meat group ranks below potatoes in protein economy because of two factors at work when one considers the dollar cost of food nutrients. One factor is the amount of the nutrient in the food; the other is the cost per pound of the food. Meats are very high in high quality protein content, but their cost per pound is also high when compared to the cost of potatoes.

Calories have best buys, too, although few shoppers are concerned with getting enough. Their trouble more often is in getting too many. For those interested, however, more calories per dollar are obtained when fats and oils are purchased. Flour, cereal and baked goods are the second most economical source, followed closely by potatoes, sugar and sweets.

**Floyd West Takes In
All Texas Air Tour**

Floyd West participated in the recent 3200-mile All Texas Air Tour which covered a number of Texas cities.

October 7 through 14 was the date for the event. It started at Temple, and included stops at New Braunfels, Port Lavaca, Rockport and Port Isabel in South Texas. Participants then went north to points including Rocksprings, Alpine in the Big Bend; then northward to Monahans, Post, and to the Panhandle towns of Hereford and Dumas, then back to Childress, Vernon and Olney, and eastward to Paris, Mount Pleasant, and Marshall. The tour then went to Waco and Brownwood and ended at Kerrville. Floyd, who is the son of Mr. and Mrs. Jimmy West, is now ranching near Eldorado.

Screwworms

Schleicher County Screwworm Cases during this month of October has totaled at least a dozen cases as the reports do not number all of them throughout the state.

**Cold Weather Needed To
Curb Screwworms**

Colder weather can't come soon enough for most Texas livestock producers. A change to cold weather would be a big help in slowing screwworm outbreaks across the state. But until a hard freeze comes—and it may be weeks away in some locations—checking animals and treating all wounds is still as important as ever.

Approved screwworm remedies are available as dusts, smears and aerosols. Coumaphos and ronnel water sprays are also effective in preventing wounds against screwworm invasion and in killing worms in infested wounds.

The importance of checking animals regularly cannot be overemphasized. Each and every type of wound should be treated because one drop of blood will attract a screwworm fly. All punctures such as those made by ear tags or biting insects such as ticks should be treated.

We caution livestock producers against performing any surgical operations on animals until after cold weather arrives. Castrating, dehorning and other similar operations are an open invitation for the screwworm fly. Since horn flies, ticks and lice are attacking livestock in some locations, we suggest using the coumaphos or ronnel spray when treating animals for these pests since either will also provide protection against screwworms. As long as screwworm flies remain active, livestock producers must keep their guard up. This is no time to relax and wait for cold weather. It will come in due time.

Use Leaves For Compost

Autumn is here and with it comes the yearly chore of keeping the lawn free of fallen leaves. These leaves should be removed from the lawn, not only for appearance sake but also to prevent damage to the grass. What to do with the leaves? Why not compost them and provide a ready source of composted soil for use in preparing flower and shrub borders, potted plants and as a top dressing for the yard.

The simplest method of composting leaves or other vegetable matter is to build up alternate 4 to 6-inch layers of vegetable matter with two to four inches of good garden soil. Sprinkling a commercial fertilizer on each layer of vegetable matter will hasten decomposition. One-half pound or one cupful of 10-10-10, 10-6-4, 10-20-0, or the equivalent fertilizer mixture, per 10 square feet of vegetable matter layer is sufficient. Manure, if available and free of weeds, may also be added to the soil layer.

The compost pile should be 4 to 6 feet wide and of any desired length. The top layer should consist of soil and the surface of the pile should slope toward the center, forming a basin to hold water. The layers of leaves should be watered thoroughly as they are spread out. When the pile is completed, additional water should be added periodically to keep the material moist but not soggy. The compost should be turned or mixed with a garden fork or shovel every three or four months. Within six months to a year, the compost should be ready for use.

Approved screwworm remedies are available as dusts, smears and aerosols. Coumaphos and ronnel water sprays are also effective in preventing wounds against screwworm invasion and in killing worms in infested wounds.

Is now
the time to
buy land?

Acquiring that farm might seem more practical with financing through the Federal Land Bank. Land is easier to pay off when costs are amortized over extra years with a long-term Land Bank Loan. Your total cost of borrowing, too, can be less. Ask us for help: We know land values; we will inspect the property. We will then try to make a loan that meets your exact needs.

FIRST CHURCH OF CHRIST, SCIENTIST

October 9, 1972

Dear Friend:

Many of us share a common problem in today's changing world, namely, doubt and uncertainty.

There are some obvious things we don't doubt, of course—like whether the sun will rise each day. We don't doubt it, because we know there are laws governing the earth's daily rotation. But wouldn't we be happier if we could eliminate other doubts and fears from our lives?

Alan Young of the Christian Science Board of Lectureship says that we CAN—if we understand clearly the laws that govern man's relationship to God, and how they may be applied to specific problems in our daily experience.

We'd like to invite you to hear Mr. Young on Sunday, October 22. His free public lecture, "Can You Simply Trust?", will be presented at St. Mark Presbyterian Church, South Johnson Street at University Avenue, at 3:30 p.m.

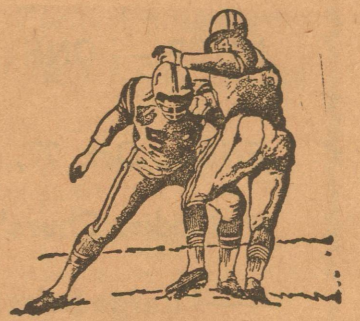

A nursery will be provided. We hope very much you'll come.

Cordially,

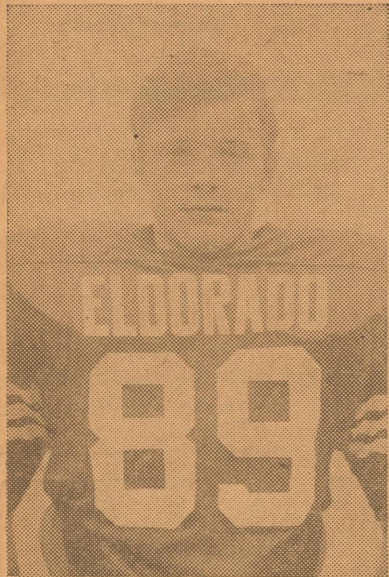

The Members of First Church
