## Robert Lee Edges Past Eagles, 14-13

Robert Lee's Steers trailed for three full quarters before finding the mark twice in the last quarter to down the Eldorado Eagles 14 to 13 last Friday night.

In the first quarter of this District 9-A battle it was Eldorado all the way as they scored twice. Quar-Christesen of Seattle, Washington, terback Hunter Henderson started the action on a 19-yard scoring run. Ken Peters kicked the extra point.

Henderson didn't let up as he threw a beautiful pass 40 yards right into the hands of Gene Nixon. The extra point try was unsuccess-

The second and third quarter proved to be quiet ones as neither team scored.

Robert Lee came to life in the fourth quarter when Bill Rowalt passed to Randy Flanagan who took it 60 yards for a score. Rudy Abalos added the extra point.

The Steers scored again with 1:45 left in the game when Bobby Mumford lunged one yard to tie the score. Abalos once again added the extra point and the Steers went ahead 14-13. The game ended a Steer Victory over the Eagles.

The Eagle Lineman of the Week is Karl McCormack. Karl was given a grade of 70% on defense and had 10 tackles. He did a real good job on defense as he downed the quarterback three times, caused a fumble, and blocked a field goal.

The Eagle Back of the Week is Gene Nixon. Gene caught three passes for 56 yards and made one touchdown. He ran three times for 17 yards. He was given a grade of 33% on offense and 50% on defense.

The Eagle varsity team will not play this Friday as they have an open date.

## When you vote this November for the next U.S. President, cast a

Election Day is Planting Day

ballot for a Dutch tulip as well. Election Day, the traditional time for important decisions, is the traditional time for planting the flower-bulbs that bloom in the Spring. That brings to mind another important decision—which bulbs to

plant come November 7th. There are thousands of tulips, daffodils, hyacinths, crocuses and 'minor' bulbs to choose from. But as with Presidential preferences, there are tastes in flowers.

Do you enjoy the sight of tulips with long sturdy stems and beautifully molded cup-like flowers? Scores of colors are available. Or do your tastes tend toward the more exotic? Take your pick from tulips that look like lilies, peonies, waterlilies, even delicate balls of ruffled lace.

Golden Trumpet daffodils are a traditional favorite. But there are dozens of others-some with small red cups, some that flower in pure white or even pink, some that sport twice as many petals as the rest. They're all ready and waiting to be planted this Elec-

tion Day.

Flower-bulbs can actually be planted on any day this fall, so if you're out visiting on November 7, don't despair. Just pick a day for planting well before the first heavy frosts arrive. Then go outside, dig a hole for each bulb, drop them in, cover them up

again and add water. The proper depth is twice the length of the bulb and well-drained soil is best.

The rules for bulb gardening on Election Day-or any day this Fall-are simple. Plant in the fall, plant bulbs in groups, and plant wherever Spring color will be welcome. It takes one afternoon, and all the rest comes courtesy of Nature.

# Why You Should Re-Elect President Richard Nixon Nov. 7 At AGRICULINU Y KIND TO BEAT OF INCH

WE HAVE one of the most abundant supplies of food in history. Our exports of livestock, fresh meats, grain sorghums and grain are going to add many dollars to the general economy.

WE'RE SELLING COMMODITIES of which we've had surpluses-and we're helping provide jobs on trucks and ships at the same time.

## HORD ARD SOME OF THE REASONS

PRESIDENT NIXON'S AGRICULTURAL ACT OF 1970 gave producers more flexibility and freedom in operations.

PRESIDENT NIXON'S ADMINISTRATION has turned around the farm situation that saw farmers get an increase in income of 6 per cent between 1951 and 1969 while wage rates went up 6 per cent every year.

PRESIDENT NIXON gave agriculture one of the most effective spokesman in recent history by appointment of Earl Butz as Secretary of Agriculture.

**WESTERN MEAT PACKERS** TRAINING, INC.

You'll elect a President and a United States Senator, among others, on November 7th. How the election goes determines how we go, as a state and nation, in the years immediately ahead.

The choice should be clear to Texans by now. It centers on one major point - who is best equipped to get the job done.

Richard Nixon and John Tower have records of performance which speak for themselves. The two have worked hard. And, they have worked well together for the good of all Texans, and for all Americans.

It appears virtually certain that President Nixon will serve another four years. For that reason alone, we must keep John Tower in the United States Senate. We must keep the team together.

In a personal letter to Senator Tower, September 29th, the President expressed his continuing, deep interest in the Senator's political future.

"Your candidacy for re-election to the United States Senate has my enthusiastic endorsement, and I want you to know how grateful I am for your faithful and energetic support of my Administration.

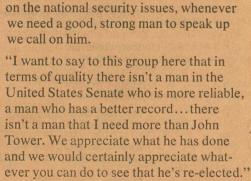

"For over a decade, your leadership in the Senate has been a source of strength to the State of Texas and the nation. Having observed the impressive results of your hard work and having benefited from your thorough knowledge of the issues, especially in the vital areas of national defense and economic policy, I can testify to the importance of your continuing service in Washington.

"We need your informed, articulate voice in the United States Senate to meet the challenging problems that confront America in the coming years."

And, again, the following day the President told an audience in San Antonio:

"I know that there's not one Senator in the United States Senate who has a record superior to John Tower. He's a Tower of Strength.

"I've said it before, and I'll say it again,

This is not the year, and these are not the times, in which to try the untested. Now, more than ever, we need men who are rational, men with proven abilities, men we know can handle the job.

On November 7th, we need to keep the best team for Texas - Richard Nixon and John Tower.

## Market Report

College Station, Tex.—Cranberries, tangerines, grapefruit and orange supplies are increasing, and quality is good, according to Mrs. Gwendolyne Clyatt.

The consumer marketing specialist with the Texas Agricultural Extension Service of Texas A&M University reported these and other values for end-of-October shoppers

"Fresh vegetable items in good supply at the most economical prices include potatoes, carrots, celery and cabbage. "Also mustard, collards, turnips

and greens, rutabagas, hard-shell squash, dry yellow onions and sweet potatoes .

Beef prices remain about the same as the past few weeks with best values on round steaks and roasts, ground beef and chuck roasts and steaks.

With pork prices about the same, look for best values on hams, picnics, shoulder roasts and steaks

"Fryer chickens are providing splended selections at reasonable cost, while prices on chicken hens and turkeys are edging upward,' she noted.

Eggs are priced at bargain levels with grade A large showing greater egg value this week.

#### Is now the time to buy land?

Acquiring that farm might seem more practical with financing through the Federal Land Bank. Land is easier to pay off when costs are amortized over extra years with a long-term Land Bank Loan. Your total cost of borrowing, too, can be less. Ask us for help: We know land values; we will inspect the property. We will then try to make a loan that meets your exact
