Resolutions Submitted

Nolan Harlan, Bula, recently represented Bailey County Farmers Union at Washington D. C.

Harlan reports that his trip was well worthwhile in learning and being able to pass on to farmers of the area what Congressman Bob Price, new member of the House Committee on Agriculture, is doing concerning the problems which face farmers and ranchers of the Panhandle-Plains area.

Congressman Price has submitted the following concurrent resolutions; which was referred to the Committee on Agriculture.

Whereas the present administration is persisting in using American farmers and ranchers as scapegoats of inflation in spite of prediction by the Economic Research Service of the United States Department of Agriculture that realized net farm income will decline by at least 5 per cent during 1967, such decline being caused — (1) by inflationary domestic fiscal policies which unduly increase farm produc-

tion cost, such costs having increased 19 per cent since the year 1952; and (2) by market price manipulations which upon the domestic market by farmers, such prices having decreased 6 per cent since the year 1952 with the parity ratio stands at only 77; and (3) by failing to recognize that increased consumer prices having increased 17 per cent since the year 1952; and (4) by the Secretary of Agriculture dumping huge quantities of grain upon the domestic market in order to break and depress grain, cattle, hog mutton and lamb, and poultry market prices; and (5) by the Secretary of Agriculture's expressions of pleasure with the fact that the prices of farm products had dropped in 1966; and (6) by the Secretary of Agriculture's action to increase imports of raw sugar into the United States, such action being designed to lower market prices for United States sugar producers; and (7) by stimulating the increase of wheat and feed grain production without providing adequate price incentives; and (8) by a large and unilateral increase in Cheddar cheese and other dairy imports without seeking or attempting to secure reciprocal trade concessions from other nations to expand United States agricultural exports overseas; and (9) by a sharp curtailment of purchases of pork and dairy products by the Department of Defense; and (10) by permitting or condoning price and wage increases for other segments of the national economy; Now, therefore, be it

Resolved by the House of Representatives (the Senate concurring), That it is the sense of Congress that in the public interest the administration should (1) cease and desist in its efforts to enforce selective economic discrimination against American farmers and ranchers by

Hutton to Take Part in 'Project Excel'

Jerry Hutton of Muleshoe has been invited to participate in "Project EXCEL," a follow-up study of "Project Talent," which was begun in 1960. Only four West Texas State University students were included in the invitation.

Hutton, a junior majoring in business administration, is the

son of Mr. and Mrs. Horace Hutton, Route 1.

"Project Talent" involved several hundred thousand high school students who were surveyed to determine what type of talents or abilities they possessed and then assist them in developing these talents.

"Project EXCEL" is a follow-up to check on the progress of the students and how well their success has been predicted.

The four WTSU students will provide further data concerning their interest patterns, plans, what they are doing in college, etc.

"Project EXCEL" is being carried out by the American Institutes for Research.

Public Library Has New Drapes: Story Hour Held

Story-hour was held at the Muleshoe Area Public Library Wednesday morning with 32 children and three visitors present. Mrs. Bill Elrod, Mrs. Frank Peery, and Mrs. Doyle Turner were volunteers from the Muleshoe Story Club, who helped with story hour.

The group raised the flag, said the pledge of allegiance, and sang America, with Traci Walker, leading. A song, "If you're happy and you know it," was sung, and an animal quiz was held during the warm-up period.

For the storytime, Mrs. J. Frank Peery told the story from the Bible of "Daniel in the Lion's Den"; she also showed the children a display of Bibles, some old, some new, some large, one tiny, some with a very sentimental meaning to members of her family. Mrs. Peery told the children of all the many books published today, the Bible still out sells all the others on the market.

After the story, the children made their book selections to take home. Storyhour is held every first and third Wednesday morning. All children of this age are invited. Also volunteer help as story-tellers is always needed and appreciated.

The Muleshoe Home demonstration club is making curtains for the two front windows this week, and the Boy Scouts of Troop 620 also helped for National Library Week.

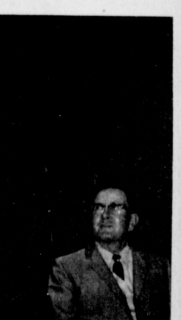

City Offer Rejected

An offer of \$200, per acre for proposed park land made by the City of Muleshoe was rejected by the owners of the 133 acre tract.

Myron Pool II, one of the owners of the land located at the west end of Avenue G, had previously offered the land to the City for \$425, per acre.

The land under consideration for the park by the city was recommended as a park site by Ken Larsen, Planning Consultant who will make a survey of the city.

In order to obtain Federal aid in purchasing the land, the City of Muleshoe will need to obtain an option and in turn, submit the purchase plan to proper governmental authorities in order to apply a 50 percent grant.

Former Earth Man Attends Tokyo Raiders Reunion

Robert L. Hite of Orange, attended the Silver Anniversary Reunion of the Doolittle Tokyo Raiders, which was held April 14-16 in the Alameda Oakland, Calif. area.
The reunion brought together those active and former members of the Air Force who flew with General Doolittle April 18, 1942, on the first bombing raid against Japan.

The theme of the 25th Anniversary Reunion included a tribute to the general, who was born in Alameda, and to the U.S. Navy, which played a vital part in the operation. The Navy carrier "Hornet" and her escort ships carried the Air Force crews and their B-25s from Alameda to within striking distance of Japan.

Bula Takes Tops In Literary Event

Young in Girls Persuasive Speaking and Rodney Claunch in Boys Prose Reading, and thirds to Gary Kesler in Boys Informative Speaking and Donna Crume in Girls Prose Reading. The one-act play entry from Bula, "The Valiant", won third place in district, contributing 5 points to Bula's score and placed Dennis Newton as Best Supporting Actor and Keith Overland as Honorable Mention in District 5-B.

Scoring for runner-up honors at the District 5-B meet Saturday were Ropesville with 68 points, including a first-place win in One-Act Play, and Three Way with 45 points, placed by Joy Eubanks' first place in Slide Rule.
First place winners will represent district 5-B in the regional competition on the Texas Tech campus at Lubbock Saturday, April 22.
Second places went to Juana Benny Causette, Donald Glen Harrison, John Garth and Johnny Raney.
Guests attending were Mr. and Mrs. Owen Jones, Mr. and Mrs. Edd Edmiston, Mrs. B. A. Dearing and daughter, Mr. and Mrs. D. T. Garth and children, Mrs. Bob Glass and son, Mrs. John Black, Duane Lloyd, Mr. and Mrs. Jim Shafer, Mrs. Jackie Blaylock and Mrs. Ted Hufford.

Hite, today manager of the Holiday Inn at Orange, was co-pilot on Crew 16 with Lieutenant William G. Farrow as his pilot on the Tokyo Raid. Hite bailed out over Nanchu, China, and suffered a broken ankle. He was captured and held a air superiority in that area.
The Ground Safety Awards, made annually by the Tokyo Raiders, was presented Thursday, April 13, at Travis AFB, California. A major highlight of the reunion follows on Friday April 14, when a Navy carrier takes the Raiders and their guests on a five-hour cruise. Besides briefings, a tour of the ship, press conference, and a flight by the Blue Angels--the

reunion climaxed the celebration with a formal banquet emceed by Air Force Reserve Brigadier General Jimmy Stewart.
The colonel and his wife, Portia, have two children.
The B-25 raid on Japan has gone down in the annals of World War II as a classic example of the courage and ingenuity of American airmen in combat.
The Doolittle Raid came at a time when the Japanese were swiftly advancing across the Pacific. The daring exploits of this handful of flyers lit the gloom that had descended upon America and her Pacific allies.
The resulting bomb damage was not great, but the action had far-reaching effects. Be-

cause of the Raid and the threat of others to follow, the Japanese were forced to maintain fighter units for the defense of the home islands which had been intended for the Solomon Islands.
Colonel Hite is the son of Mrs. Lena Hite of Earth. At the time of the Raid, his home residence was in Earth.
Hite served again during the Korean War and completed his second tour of duty in November 1955.
Now a lieutenant colonel in the Air Force Reserve, he enlisted as an aviation cadet on September 9, 1940, and was commissioned on May 29, 1941.
His military decorations include the Distinguished Flying Cross, two awards of the Purple Heart, the Chiang Kai Shek Medal and the Chinese Order of the Celestial Cloud.

CEILING ON SALARY
NEW YORK (AP) — David Burns of "Hello, Dolly!" has a contract which bars him from asking for a raise.

The unusual clause resulted because Burns dislikes signing a work pact for longer than a year. Producer David Merrick felt the actor wouldn't sign a two-year contract just to be able to bargain for more pay. The comic said he wouldn't do any such thing and signed a contract so stipulating.

CONFERENCE REGISTRATION — Shown registering for District One Texas Youth Conference Activities Saturday are, standing, Lowell Catlett of Dalhart and Peggy Beesinger of Monterey High School. Lubbock. Seated are Larry Meyers of Muleshoe, district president, and Cynthia Guthrie of Plainview, district historian. More than 450 area high school students and 100 adults attended the Conference.

Students Participate In Audition

The following piano students of Mrs. Sam McKinstry, Terry Scott of Lazbuddie, Judy Deating, Max Buhrman, Fryness Parkman, Debbie Stroud, Farwell, Jim Allison, David Hardgrove, Faith and Hope Free, Juana Oyler, Jeanne McGehee, Lazbuddie, Deborah Wagon, Roger and Terry Swart and Phyllis Ray, Sudan, Tommy Shafter, Sue Darsey and Sandra Haley, were taken to Clovis Saturday, April 15 and some on Monday, April 17 where they played before a judge in the National Piano Playing Auditions sponsored by the National Guild of Piano Teachers.

These Auditions are held in 709 Music centers during the spring months each year and hundreds of piano pupils play before an imported judge, this is the greatest piano playing event in the world.

The adjudicator for the Clovis Chapter was Mrs. Gertrude Roberts, wife of Joyce Roberts of Honolulu, Hawaii, who is in Public Relations for Pineapple in Honolulu. Mrs. Roberts received her B. A. degree in piano and composition at the University of Minnesota, a year study-

ing piano at the Conservatory of Leipzig, Germany, a year with Madam Julia Elbogen in Vienna.

She returned to Minnesota where she taught piano in the Summit School, a Country Day School for girls.

Mrs. Roberts is a concert pianist and harpsichordist and has a large class in Honolulu of piano and harpsichord students. She is also a recognized American Composer.

All twenty students of Mrs. McKinstry received their National pins and are now members of the National Fraternity of Student Musicians. Each pupil became a national winner having played two memorized solos plus, the Irreducible Minimum Musicianship Test, that is playing their scales and cadences before each solo.

Eight of these students are three year National Winners and they are David Hardgrove, Larry Shafter, Terry Scott, Sue Darsey, Jana Oyler, Jeanne McGehee, Sandra Hale and Brenda St. Clair.

Mrs. Roberts was an over-

night guest in the home of Mrs. Sam McKinstry Monday. After leaving Clovis where she will fly to Ft. Worth where she will be judging 800 to 1000 students. Mrs. Roberts has a charming personality and is well qualified for her work as a judge for the Guild.

IT'S A CHALLENGE

LONDON (AP) - Despite jam-packed roads only one in 10 British motorists gets no pleasure at all out of driving, according to a report by the British Automobile Association.

After a detailed survey over the last year, the AA says even the overwhelming majority of the motorists still claim a certain zest out of driving.

Britain now has seven million drivers.

VALLEY-MOUNTAINS--Zeffa Shafer, Needmore, is shown with one of her painting which is among those hanging for the public to view at L. B.'s Cafe this month. Mrs. Shafer studied under Dana Arnold and took up the hobby some six years ago.

Administrators Meet

Ben Gramling, Mr. and Mrs. R. E. Everett, Mr. and Mrs. Ralph Stevenson, Mr. and Mrs. Bill Taylor, and Mrs. John Watson attended an Administrators Association dinner meeting, Wednesday evening at 6:30 p. m. in Texas Hall at South Plains College, Levelland.

The Choral group from Sunday High School gave several musical numbers. The wives and husbands of the administrators were special guests. Joe Cummings, Superintendent of Anton, was elected

president for the incoming term. This administrators Association encompasses five counties, Bailey, Cochran, Hockley, Terry and Ysuum.

TOPS Club

The Bailey County Cooperative Community Room was the scene of the weekly meeting of the TOPS Club at 7 p.m. Thursday evening.

Eighteen members and one guest were present for the meeting.

Robin Taylor, Home Demonstration Agent, was guest speaker, and spoke on "Proper Foods and Counting Calories". The talk was most interesting and informative and a question and answer period was held afterward.

Recognition exercises were held for Dean Myers who won her KOP pin. This is a pin, Keep Off Pounds sensibly, for losing enough weight to reach her goal, and maintaining it for three months in succession. She also was given a corsage and a graduation hat charm. She will be honored at the next district meeting. Mrs. Myers drives from Dimmitt to attend the meetings in Muleshoe.

Margarie Flatt is eligible for a hair set given when one loses weight for 6 consecutive weeks. Queen for the week was Evelyn Johnson and Contestees were Mable Wolfe, and Selma Redwine.

Next weeks meeting will begin promptly at 7 p.m. with Lillian Smith, who has the slim-nastic class at Lazbuddie, giving the program. Anyone interested in hearing Mrs. Smith is invited to attend the meeting.

Ruth Clements and June Vinson will give a report on the State Convention, held in Austin, 2nd. in the Fern Davis home.

Hobby Club Shows Items

Youth's Problems of Today Topic of Conference

Problems facing West Texas Youth today and some solutions to these problems highlighted the District 1 Texas Youth Conference conducted Saturday at Plainview High School, Plainview. More than 100 adults and 450 area youth, representing various youth clubs, organizations and professional positions met in the

day-long activities which featured seminars discussing problems and solutions in education, citizenship, recreation and crime prevention. The theme of the conference was "Youth with a will, looking for a way." The successful conference was planned and carried out by a steering committee led by Larry Meyers, President of the

local student council, who served as Youth Director and by Cynthia Guthrie of Plainview, who is the Area FHA Historian and served as Assistant Director. Mrs. Ina Dora Hall of the Texas Educational Agency in Plainview served as adult consultant. The purpose of the conference was to introduce to the youth

of this area ideas and solutions to youth problems which had been proven in other Texas cities. In an effort to curb juvenile crime such ideas as teen juries, tutoring programs, educational films and community service efforts were presented. The keynote address was given by Robert T. Davis of

Austin who is the director of the Texas Youth Conference. He stressed the fact that youth and city can successfully stop juvenile crime. Youth needed good plans to carry out successful programs to combat crime in Texas. The Texas Youth Conference began four years ago under the sponsorship of the Texas Attor-

ney General's office. During the past four years according to Davis juvenile crime has decreased four percent in Texas. Texas is the only state to realize such a decrease and much of the credit goes to the work of the Texas Youth Conference. District 1 represents 44 counties in the West Texas Panhandle area. This is the first such conference to be held in the area, but plans are being made

to make the Conference an annual event. District officers were selected to organize a Conference to be held in Amarillo next year. The new officers are John Benzon, Plainview, President; Lanny Jones, Lubbock, Vice-President; Paula Joe Robertson, Amarillo, secretary; Mindy Wilcox, Amarillo, parliamentarian; Linda Montgomery, Amarillo, treasurer

and Elizabeth Cooper, Amarillo, historian. Local sponsors of the Conference were Muleshoe Publishing Company, The First National Bank, Muleshoe State Bank, Mr. E. O. Baker, Progress Home Demonstration Club, Muleshoe Home Demonstration Club, Muleshoe Rebecca Lodge and St. Clair's.

Safe Driving Must be A Personal Habit

The "M Club" is composed of Richard Alsop, Ransom Jones, John Henderson, Johnny Embry, Dean Seiber, Stan Johnson, Andy Stovall, Ramon Gonzales, Mike Rajama, Eddie Mitchell, Jerry Lumpkin, Billy Darnell, Larry Gulley, Terry Field, Roger Swint, Steve Oliver, Paul Swint, Charlie Beamon, Terry Kendall, David Alsop, Don Huff, David Davis, Myron Young, Mickey Wilson, Ronnie Kemp, Aurelio Cuevas, Bruce Pardy, Phillip Barrow, Larry Calvert, and Bobby Julian.

Safe driving must be made a personal habit of every motorist if the slaughter on America's highways is to be curbed, Ben Bullard, Assistant Safety Director, Texas Farm Bureau, declared as he spoke prior to conducting driving tests at Muleshoe High School. "Excessive speed is the greatest single cause of automobile accidents," Bullard said. In the demonstration which followed, he pointed out the conditions under which even 20, 30, or 40 miles per hour can be excessive.

Bullard added, "when drivers know the true facts and base their driving on those facts, highway accidents will drop sharply." A film on traffic safety was shown to the students, teachers and guests. Students and teachers took part in the tests which were conducted in a specially equipped car. The test driver was signalled to stop by an electrically controlled detonator. As the shell was fired, the street was marked with

yellow paint. A second bullet was fired as brakes were applied and a third after the car came to a complete stop. Distances between the spots were carefully measured to determine in feet and inches how far the car travelled before the driver applied the brakes, or the reaction distance, and how far it traveled after the brakes were applied, or the braking distance.

Bullard emphasized the fact that a driver who observes the speed laws carefully is not a safe driver if he neglects many other items such as proper signalling for turns, approaching an intersection in the proper lane for a turn, the proper way to turn around, and many other things which are essential for safe driving. The safety demonstration which was brought to Muleshoe High School under the sponsorship of the Bailey County Farm Bureau is part of a long range program of traffic safety conducted since 1957 by the Texas Farm Bureau Safety Department.

REGIONAL--Six track team members are participating in regional competition. They are Charles Beamon, Ramon Gonzales, Terry Field, Gary Sullivan, Myron Young and Danny McNeil.

YOUTH OFFICERS—Officers for the District 1 Texas Youth Conference selected Saturday were, seated, from left, Elizabeth Cooper, Amarillo, historian; Linda Montgomery, Amarillo, treasurer; Mindy Wilcox, Amarillo, parliamentarian and Paula Jo Robertson, Amarillo, secretary. Standing at left is outgoing president Larry Meyers, Muleshoe, and at right, outgoing historian Cynthia Guthrie of Plainview. New president is, second from left, John Benzon of Plainview and Lonny Jones, Lubbock, is vice-president.

Group Readies for Festival

by Marcia Williams

Early Thursday morning, April 27, the M.H.S. Band and Choir will load on the buses for Corpus Christi. At Corpus the Band and Choir will participate in the "Bucaneer Festival". The band and Choir will play and sing the contest tunes that each did at U.I.L. "this trip was made possible by

donations from the interested people of Muleshoe, who think, as does the Band and Choir, that this trip will be worthwhile and will help the young people in each organization to become better musicians and singers. The Band and Choir will travel by chartered bus, and hope to return sometime Sunday evening.

Winners Revealed in Library Essay Contest

The Muleshoe Study Club announced the winners of the essay contest which was during National Library Week.

First place awards of four dollars was given to each of the following students: Stephanie Bryant-Sixth Grade; Patty Murray-Seventh Grade; and Babs Haire-Eighth Grade. The English teachers in Junior High who cooperated with the Muleshoe Study Club were Mrs. Kathleen Francis, Mrs. Jean Moore, and Mrs. Lileen Siwert.

The subjects of the essays were relative to the dual theme: "Explore Inner Space-Read" and "Reading is What's Happening".

READING, THE BEST SOURCE OF KNOWLEDGE by Stephanie Bryant 6th grade

I, myself, consider reading an art. A gateway to happiness,

success, and knowledge. I would like to think of myself as not being ignorant about the problems and situations around me. If the people of the world were more educated, progress would have a better start. Some adults today wish that they had the opportunity we have now. In this way, they could have a better job, more comfortable home, and a way of saving for their children's education. Yet, most boys and girls shrug off an education by not previewing their assignments.

Reading as a recreation is most enjoyable. Almost anyone can write a book but there are few who can put on pages words that will capture the human mind in interest that it will hold forever. Fairytales, biographies, and suspense are most common literature used for past-time enjoyment. One could sit for hours reading a book that maybe so intriguing he

won't want to put it down. Spiritual reading is a great asset to us all. It can guide us to do or choose the right thing. It can give us hope, answers to problems, or just understanding. It also shows you what you must do to accomplish a goal. It also sets many persons' standards, laws, and morals. It tells us how to treat people and how to get the most out of life. I can think of nothing more reassuring than spiritual guidance. As a whole, reading is all what I have said and lots more. If you rely on reading like I do you know what I am trying to say. I, myself, love to read.

"Explore Inner Space-Read"
In this modern day and age, outer space is a main topic of conversation. You read about

it everywhere, from newspaper accounts of historic space walks, to fiction books with little green men from Mars. But there is another type of space-inner space-Our World. This inner space isn't explored by rockets and satellites. It is explored by reading. And only you can explore it.

Reading can be a great adventure in some books, with a little imagination, you can be mounted on a sleek and sturdy Arabian mare, leading a caravan across the barren desert to a shining water and supplies to a dying village of thirsty and starved people, or lost in swamp where a strange mist rises up from the ground and the trees, draped with a slimy moss, take on weird and ghostly shapes while snakes crawl over the ground at your feet. So many exciting things can happen when you read.

Reading is a favorite and enjoyable pastime for millions

of people everywhere. The people here in America are very lucky that they can get the books that they want and like to read. In some countries, there is a shortage of books or the people cannot afford to buy them. And in Communist countries, the people are allowed only to read what the government wants them to read. Even the newspapers are Communist controlled. We Americans can be truly thankful for our books and libraries and the freedom of the press.

Reading can be for an educational purpose or just for fun. But whatever the purpose is you can always get a good look at this world around you-this inner space.

Reading is truly a priceless treasure that must be cultivated and preserved for the generations to come.

"Reading is What's Happening"

There is nothing like a book. Books have messages for us from people we never saw. They teach and comfort us and become our friends.

In this day and age almost everyone is reading. When one keeps up with what is happening in the world he becomes a brighter conversationalist and a more interesting person.

From the moment a child discovers the fascinating world of Dick and Jane the doors of the world are opened. He has soon gained a knowledge of his world. He has explored ancient civilization, had adventures in space and discovered new worlds in nature. He has begun to read.

Good education is important and necessary to everyone. A person learns and improves by reading. One becomes a well-rounded person when he reads. You can visit any country in the world by reading. You can

visit Europe or Asia, learn of people in Mexico and Canada, or discover new things about your own State.

A book can stir your emotions. You laugh, cry, and become part of the story when you are reading a good book.

You use your senses when you are reading. You see the mountains, lakes, and sunsets. You smell the fragrance of a rose or the scent of the pines as you walk through the woods. You can almost feel the cold winter air while you are on a sleigh ride with a friend who have met in a book. You can imagine how cool and sweet water from a mountain stream is to a weary traveler. You hear the birds singing or the sound of a brook splashing over the stones. You can almost enter the book.

When you are in the library you are like a sponge in a puddle of learning; you are bound to soak up something. Everyone should take advantage of all the opportunities offered by a library and read. It's what's happening!

The Sandhills Philosopher

Editor's note: The Sandhills Philosopher on his Johnson grass farm apparently has a fishing problem, his letter this week indicates.

Dear editor:

The other morning I got my fishing gear together, picked up a copy of the Dallas Morning News to sit on in case the bank was wet, and headed for my favorite spot.

But when I got there, got the paper spread out, settled down and looked up, I found two other men already fishing ahead of me, so I picked up the Dallas Morning News, after all, everybody knows it can be read as well as sat on, and came on back home.

On an inside page I found an article that got me to thinking. It was telling about the opening of the trout season in some state, Virginia I think it was, and accompanying it was a picture showing hundreds of people lining the banks of a small stream casting away, the odds being I calculated about three fishermen per trout.

What I would like to know is why is the Supreme Court sitting on its hands in this connection?

Why hasn't it come out with one-man, one-fishing-spot ruling?

It's one thing to rule that a man in the country is no long-

er entitled to four votes for a man in the city, although you'll have to admit the nation came a long way under this arrangement, but just as fundamental is the right of every man to his private fishing spot. One man, one pond, that's the way it ought to be.

I don't quarrel with the Court's ruling on the one-man-one-vote proposition, after all, there are some people in state and national government I don't want to take four times the responsibility for, which is why I suppose the Supreme Court made the ruling. It relieves the country voters of a lot of embarrassment, and we appreciate the Court's thoughtfulness.

But back to the subject at hand. If you agree with me on this one-man, one-fishing-spot idea, get hold of our Congressman and let's get the ball rolling.

It's spring, and there's nothing worse than trying to fish elbow-to-elbow with some city man who thinks that just because his vote is now as good as mine he has a right to my fishing grounds too.

Yours faithfully,
J. A.

COTTON TALKS

FROM PLAINS COTTON GROWERS, INC.

The 20-member Cotton Board has adopted tentative regulations to govern the collection of \$1 a bale from U. S. producers to finance a cotton research and promotion program, designating the first buyer as the collector of the assessment.

The regulations were adopted by the Cotton Board on April 4 and published in the Federal Register April 7. They will not become final until interested parties have had an opportunity to file views and comments and the Secretary of Agriculture gives final approval.

Comments must be filed by April 24 with the Hearing Clerk, Room 112-A, U. S. Department of Agriculture, Washington, D. C. 20250.

The collecting handler, or first buyer, is described in the proposed rules as any person who purchases a bale of cotton from a producer. This person will make the collection when he first makes any payment or any credit to the producer's account for the cotton, and he will be required to give the producer a receipt indicating that the assessment has been paid.

The collecting handler will be the ASCS County Office when cotton is tendered to Commodity Credit Corporation for Form A loan except when another person such as a marketing cooperative advances the loan value to the producer, in which case the collection responsibility rests with that other person.

Producers who consume domestically or export their own cotton will be considered the collecting handler, and the procedure for other eventualities, such as cotton bought from the producer in the field, is also spelled out.

These first buyers, as described, will remit their col-

lections to the Cotton Board twice a month along with a report for the period. A separate report will be required of the buyer on cotton from each gin, bearing the gine code number and listing the names and addresses of all producers from whom collections were made. The Cotton Board will either approve or make available the necessary forms for these reports.

The ginner's involvement in the procedure, except when he is also the buyer, is limited to in-season reports and a final report at the end of the season. During active ginning operations, each gine will report to the Cotton Board the cumulative number of bales ginned as of the close of business on July 31, August 15, August 31, September 15, September 30, October 17, October 31, November 13, November 30, December 12, January 15 and February 28.

Within 10 days following the end of its ginning operations each season, but in no event later than February 28, ginner's report will be submitted to the Cotton Board to produce an alphabetical list of producer names, addresses, and the number of bales ginned for each.

These reports, too, will carry the gine code number, and will presumably be used as a control check against first buyer reports.

When the regulations have been finally approved by the Secretary, they will have the force of law. Handlers required to make reports will be required to "maintain such books and records as are necessary to verify the reports."

It is specified that these records shall be retained by the handler for at least two years beyond July 31 of the year in which they are applicable.

A producer is defined by the regulations as "any person who owns or shares in a cotton crop

or the proceeds thereof as landlord, landlord, tenant or sharecropper."

Producers may request a refund of the assessment by submitting to the Cotton Board a prescribed form within 90 days after assessment is paid. Where more than one producer is involved refund requests may be filed either separately or jointly, specifying the proportionate shares of all producers.

In all instances the first buyer will give the producer a receipt for payment of the assessment, and this receipt or a copy of it must accompany refund requests as proof of payment. The Cotton Board will be required to make the refund within 60 days from the date it receives a properly executed

application. A complete copy of the proposed rules and regulations may be obtained from Plains Cotton Growers, Inc., Lubbock, or by writing the Cotton Division, Consumer and Marketing Service, USDA, Washington, D.C. 20250.

Figures just received by Plains Cotton Growers, Inc., from the U.S. Bureau of Census reveal a total of 1,278,616 running bales of cotton ginned from the 1966 crop in the 23 High Plains counties represented by PGC.

This compares with 2,204,897 other reported for 1965 -- a reduction of 42.0 per cent and 926,281 bales.

bring about the big cut. First, acreage planted to cotton in 1966 under the newly initiated cotton program dropped 28.2 per cent from 1965. Then weather, in the form of heavy rains and low temperatures in September and August and a killing freeze in mid-October, accounted for the other 13.9 per cent.

Only one of the 23 counties showed an increase in production. Howard County, on the southern end of the area and almost totally dryland, showed a 23.3 per cent rise, from 46,190 bales in 1965 to 56,879 bales last year.

Production cuts in other counties in the area ranged from a low of 12.2 per cent in Dawson to a whopping 65.6 per cent decline in Briscoe.

HOW CAN I IRRIGATE MY CROPS FOR LESS WATER? LESS MONEY?

SIMPLE . . . WITH A SPRINKLER SYSTEM FROM STATE LINE IRRIGATION!

THAT'S RIGHT

- WITH OUR TOW-MOVE SPRINKLER SYSTEM **LABOR IS SAVED** BECAUSE ONE MAN CAN DO ALL THE WORK.
- WITH OUR SYSTEM **WATER IS REALLY SAVED** BECAUSE YOU CAN PUT ON JUST THE AMOUNT OF WATER YOU NEED ALL OVER THE FIELD, AND THERE'S NO RUN OFF.
- **DISTRIBUTION IS EVEN** THROUGHOUT THE FIELD FOR MORE UNIFORM STANDS OF COTTON OR GRAIN.
- **THIS SYSTEM IS JUST RIGHT** FOR SLOPING FIELDS WHERE GOOD ROW IRRIGATION IS IMPOSSIBLE, BECAUSE OF OVER WATERING ON THE LOW END CAUSING WASTE, AND UNDER WATERING ON THE HIGH, CAUSING POOR STANDS.

WITH OUR SPRINKLER SYSTEM ONE MAN CAN IRRIGATE SIX ACRES OF LAND WITH EXACTLY THE AMOUNT OF WATER HE WANTS EVERY 24 HOURS WITH 2-1/4-MILE LATERALS, AND 12 ACRES OF LAND EVERY 24 HOURS WITH 4-1/4 MILE LATERALS.
