

U. S. Is Best Peace Hope, Truman Says

FARGO, N. D., May 13. (AP) — President Truman said tonight the "yes, but boys," whom he said were former isolationists, want to wall off foreign trade, halt European aid and let the Communists take over.

In an obvious challenge to Republican critics of the Reciprocal Trade Agreements program, the President said the same people, "who always stand in the roads of progress" want to follow the road of "economic isolationism."

After a day in which he inspected the world's largest earthen dam at Fort Peck, Mont. and spoke briefly at whistle stops in Montana and North Dakota, Mr. Truman turned a discussion of foreign trade at Fargo, N. D.

Calling for congressional approval of the International Trade Organization charter, the President said it is opposed by "yes, but" people who used to say in the 1930's "we are isolationists."

"They've given up that line," he said. "Now they say, yes, we believe in international co-operation, but..."

And the "but" takes many forms. "They say—but we cannot afford the cost of the European recovery program."

"Or they say, but it's not our business to help other free countries build up their defenses."

"Or they say, yes, we have international co-operation all right, but let's shut off imports from foreign countries."

The President said "the 'yes, but' boys underestimate the intelligence of the American people. Adding that 'no far, every effort to return to isolationism has been defeated.'"

The President came to the heart of the nation's wheat belt to talk not only of foreign trade but to plug for bigger and better flood control, reclamation and power projects in the Mississippi Valley.

He said if the Midland Valley See U. S. 15 WEST, Pg. 5, Col. 4

Big Three Feel Confident Of Final Victory

Ministers Agree On Main Lines Of Anti-Red Policy

LONDON, May 13. (AP) — The Big Three foreign ministers ended a three-day cold war council tonight confident the West can build freedom into a dynamic force that will secure defenses against communism and win prosperity at the same time.

The whole sickle-shaped realm of struggle ringing the Russian-led Communist world was the field of their discussions.

"The ministers agreed upon the main lines of their policy in all parts of the world," said a communique—the fifth and the longest since Secretary of State Dean Acheson, British Foreign Secretary Ernest Bevin and French Foreign Minister Robert Schuman began their deliberations.

They expressed determination to fight "Communist imperialism" in Southeast Asia with firm encouragement and support for new independent states there.

The three ministers decided to set up a committee of experts to consult with other interested governments, particularly Germany and Italy, on increasing migration from overcrowded Europe.

They declared themselves basically in agreement on the importance of the "political development of the peoples of Africa" and the improvement of their economic and social conditions.

The desire for an early treaty of peace and independence for Austria was reaffirmed.

And finally, the three diplomatic chiefs agreed to meet again in New York before the next meeting of the United Nations in September.

No spectacular changes in policy were disclosed. None had been expected.

To contend with the threat of communism to states in Southeast Asia, the ministers decided on three policies:

1. Coordination of efforts to halt arms smuggling to such guerrilla leaders as Ho Chi Minh in Indo-China, the Chinese band leaders in Malaya, and the rebel groups in Burma.

2. Take every opportunity to expose the aims of "Communist imperialism" which seeks to advance its aims by appealing to nationalistic feelings.

3. Encourage the governments in the area to collaborate on new measures of economic development that raise the general standard of living.

The ministers, who yesterday announced their determination to hold tightly to their line and try to weld West Germany firmly into the western family of nations, promised a new declaration on the subject of Germany. It will be published tomorrow, and is believed to involve several decisions.

U.S. Orders Czechs Slash Diplomatic Staff Here

Move Is Latest In Clash With Prague

WASHINGTON, May 13. (AP) — The United States today ordered a wholesale ouster of Czech diplomats from this country and charged Czechoslovakia's Soviet satellite government is unable to control its own foreign policy.

The American counterstroke, following Czech ejection of about 40 U. S. diplomats this week, will send an estimated 22 out of the 33 Czech representatives homeward "within a reasonable time."

The Prague government was ordered to close its consulates in Pittsburgh and Cleveland, leaving only the Washington embassy and the New York consulate to operate at a reduced level.

Furthermore, the State Department declared in a coldly angry statement "this government is examining the situation not only with respect to the present but also for the future—a clear hint of possible further moves against the Czechs."

The action was announced by the State Department as the latest in a series of clashes with the eastern European state which in its pre-Communist days, was closely tied to the United States in friendship and trade.

Previously the United States had closed the Czech consulate at Chicago after the Czech government had cracked down on the United States information service offices at Prague and Bratislava and forced the recall of American Press Attache Joseph C. Kolerek.

The Czech government made the usual charges of spy activities on the part of the United States, which today denied them.

The State Department issued a statement which reviewed all the recent actions by the Czechs against this country and asserted: "It is all too apparent that such actions of the Czechoslovak government are not dictated by the interests of the Czechoslovak people or for that matter by the interests of the present regime in Czechoslovakia. They follow a set course which appears to have been prescribed for the State of Eastern Europe and indicate the inability of the Czechoslovak government to follow an independent policy."

Tornado Smacks Edge Of Abilene

By The Associated Press A small tornado smacked the edge of Abilene late Saturday. Earlier, violent winds battered two East Texas towns.

No injuries were reported after the West Texas twister. Nor were there any in the buffeted East Texas towns of Alto and Lufkin. But the windstorms damaged buildings and telephone lines. Accompanying hail smashed window panes and ruined crops.

The windstorms hit during a day of thunderstorms which dumped heavy rains and hail across a wide section of Texas. North Texas downpours sent the Trinity River just above flood stage.

The twister demolished a barn and brood house at the south edge of Abilene. A high wind blew down a fence at the Abilene Blue Sox ball park.

A brisk north wind sent Big Spring thermometers on a skid of 15 degrees within an hour late Saturday.

The cool breeze, preceded by blowing sand, dropped the mercury from 85 degrees to 67 degrees between 5:30 and 7:30 p. m. The local weather bureau attributed the mild nether to a frontal passage that suddenly moved south after remaining stationary for some 34 hours.

The cool weather was due to remain over Sunday, the weather bureau reported, but a fair and warmer forecast is out for Monday.

Pan-American Airways Strike Is Called Off

NEW YORK, May 13. (AP) — A strike of 700 Pan-American World Airways flight attendants, supported by 3,000 maintenance workers, was called off today 17 hours after it started.

The walkout which began last midnight was cancelled in late afternoon when both sides agreed to submit disputed issues to arbitration.

An airline official said the strikers had agreed to return to work immediately.

Agreement came after a 34-hour meeting conducted by Federal Mediator Ross J. Forsan.

The strikers, and the maintenance workers who refused to cross their picket lines, all are members of the CIO Transport Workers Union.

The company spokesman said it had been agreed that an arbitrator would be selected from a panel of federal arbitrators in Washington.

He added that another issue, union objection to hiring of foreign nationals, appeared to be settled but he did not give details.

The union had demanded an 8 1/2 month wage increase, a system-wide seniority program and improved retirement pay.

NO SETTLEMENT YET

Both Sides Confer In Railroad Strike

CHICAGO, May 13. (AP) — Federal mediators brought both sides together in a joint conference today as the locomotive firemen's strike spread in the East and West.

The meeting broke up without a settlement, but Francis A. O'Neill, Jr., chairman of the National Railway Mediation board said: "We said there was a deadlock yesterday. Today all we can say is that the case is not settled."

O'Neill said there was a full and frank discussion of all issues and the conferees have returned to their own groups for further discussion.

He declined to say whether there were any new proposals advanced, but said there will be additional conferences held later.

But even at the union representatives attending the conference, the Brotherhood of Locomotive Firemen and Enginemen extended its strike to the Southwest District of the Union Pacific Railroad and sought to cut the Pennsylvania Railroad's operations in the East and South.

The Brotherhood directed its members to refuse to man Union Pacific trains on the Southwest District between Salt Lake City and Los Angeles.

At Los Angeles K. B. Walton, acting vice president of the firemen's brotherhood said the men are being pulled out at 6 p. m. Pacific Daylight Time, "because the Union Pacific has been helping the Santa Fe operate by allowing the trains to use their yards."

In Chicago, a union spokesman said he understood those trains must pass over 100 miles of tracks owned by the strike-hampered Santa Fe.

The union also set up picket lines at its important division point of Harrisburg, Pa., in an effort to halt eastbound traffic to Philadelphia and New York and southbound traffic to Baltimore and Washington. The union charged the FRR violated a "neutrality agreement" by operating freight trains in strike territory with supervisory personnel.

With both city lakes gradually full, the reserve at that point has never been greater. It exceeds considerably the year's normal consumption. However, at peak times due to filtration bottlenecks, no more rain will be supplied until it is utilized to a year's time. So it

THE WEATHER

Big Spring and vicinity: Partly cloudy and cooler to night and Sunday. High 70-75, low 50-55. Wind light to moderate, S to SSW. Fog or mist likely Sunday night and Monday morning. High 70-75, low 50-55. Wind light to moderate, S to SSW. Fog or mist likely Sunday night and Monday morning.

YMCA IS HAVEN FOR FLOOD REFUGEES—Men refugees sleep the sleep of exhaustion, unmindful of the photographer's flash bulbs, as they find a haven on cots in the gymnasium of the Winnipeg YMCA building. They were among hundreds of evacuated from their southern Manitoba homes, currently ravaged by the flooding Red River. (AP Wirephoto).

WASHINGTON HAILS TEXAS GOP

"Born 'n Bred" A Democrat, Guill Now Says He's "Fed Up"

WASHINGTON, May 13. (AP) — Anti-administration forces in the House gained a recruit today with the arrival of Ben H. Guill, the first Republican representative from Texas in 12 years.

The 40-year-old Navy veteran, who said he was "born 'n bred" a Democrat and voted twice for President Roosevelt, reported that people in his section of the Lone Star State are "fed up" with the administration.

"They can't understand why with incomes and taxes so high we can't stay within the national budget," Guill told his first news conference here.

"If President Truman ran today in the Panhandle, he would be soundly defeated," Guill said.

That is, if the Republicans had a good leader.

The new Congressman went on to say he thinks Gen Dwight D. Eisenhower fitted that specification, but that Harold Stassen also is "very popular" in Texas.

Guill, who is due to be sworn in next week—probably Monday—defeated 12 Democratic opponents in a special election to fill out the unexpired term of Rep. Eugene Worley who recently was named a federal judge.

However, he polled only 2 per cent of the vote—a victory margin he'll have to better if he expects to copy the regular Congressional election in November.

The ex-Democrat met newsmen in the office of House Republican Leader Martin of Massachusetts who offered him use of a chair that once belonged to a fellow Texan, former Vice President Garner.

But Guill declined, saying "I'd rather take this on my feet." He then took the rapid-fire questions in stride and in good humor.

Asked why he had switched parties, Guill replied that "when you don't like things, you have to get on the other side—you can't reform the other fellow."

As to whether he considered himself a "permanent Republican," the Pampa real estate broker said: "I consider myself an American citizen and vote as I please. I think I have a right to switch forces."

Guill declined to comment on whether he thinks his election constitutes a "trend," but he said he was hopeful it indicates the growth of the two-party system in Texas.

"Will Rogers once said that the reason we have the two party system is because we have two parties."

Johnson States He Found Wife With Thornton

AMARILLO, May 13. (AP) — Red-haired Ewald Johnson, testified today he found his wife in bed nude with the famed oil field fire fighter he is accused of murdering.

The 30-year-old Air Force veteran spoke slowly, but nervously, as he described events in the Amarillo tourist cabin where W. A. (Tex) Thornton was found bludgeoned to death the morning of June 25, 1949.

Thornton had picked up the hitchhiking pair—Johnson and his shapely, blonde 19-year-old wife, Diana, —at Tucuman, N. M. Johnson said: They stopped at San Jon, N. M., for drinks before all three checked into a two-bedroom tourist cabin here.

Johnson said he dozed on a bed, awoke to see his wife standing nude in an arched way with the two bedrooms, and then went to Thornton's room.

"When I opened the door there was my wife on the bed with Mr. Thornton. He didn't have any clothing on."

"I started in after him. I don't know why. I was running toward him when he rolled over on his back and started messing with the pillow. He bellowed at me, 'I'll kill you.'"

"I noticed he had his gun in his hand, I remember taking the gun from him. I do not remember exactly hitting him but I imagine I did because I got the gun."

"I don't remember how many times I hit him. But I know I was hitting him on the head."

State witnesses have testified the famed oil field troubleshooter died of skull fractures and a brain hemorrhage. They also said a blood-soaked shirt was knotted tightly around the neck when Thornton's body was found.

Section 120 of the Texas Penal Code provides that it is justifiable homicide for a husband to kill a man he finds in the act of adultery with his wife if there is no collusion between the husband and wife.

PLANES COVER ARIZONA IN SEARCH FOR ARMY PILOT BLOWN FROM B-36

FORT WORTH, May 13. (AP) — Search planes dived over a wide Arizona area today, searching for an air force bombardier who was blown out a window of a giant B-36 bomber yesterday.

First Lt. Freeman B. Horner, 32, was presumed dead. Horner was a victim of what is called explosive decompression. The plane was flying at 25,000 feet, 80 miles south of Phoenix, and the cabin of the plane was "pressurized" for 6,000 feet. Suddenly the window near which Horner was sitting blew out.

The heavier air inside the B-36 exploded out into the thin air through which the bomber was flying—and Horner was blown out the window.

Horner was wearing a parachute but the air force gave no indication that it was believed to have opened.

Search planes and helicopters from Cartwheel Air Base here; Davis-Monthan and Williams Air Bases in Arizona, and the 4th Air-Sea Rescue Squadron of March Air Base, Calif., were scouting the Arizona area today. Three ground searching parties were set out from Phoenix.

The B-36 was en route from Cartwheel to Fairchild Gilsun Air Base, Calif.

GROUND-BREAKING EVENT

Ceremonies Tomorrow Will Launch HCJC \$500,000 Building Program

Contract for construction of the new buildings was awarded April 27, and a \$486,000 building permit was obtained Friday. The general contractors are Bushbuck and Bank of Dallas, while A. P. Ketch and Son of Big Spring will do plumbing and heating installations and the City Electric Co. of Odessa the electrical work.

Contractors call for construction of an administration building, auditorium, science building, gymnasium, power plant and streets and walks.

Horace Garrett, vice-president of the board will be master of ceremonies at the ground-breaking event.

Dr. P. W. Malone, board president, will discuss the history and progress of the college, while A. C. Cain, student body president, will bring greetings from the college student body. E. C. Dodd, president of the college, will speak on the hopes and aspirations of the college.

Others who will turn shovels of dirt include County Judge John L. Dillard, Mayor G. W. Dabney, Chamber of Commerce President A. Swartz, County Superintendent Walker Bailey, Ted O. Groell, representing Big Spring business and industry, A. J. Davidson, president of the Howard County Farm Bureau, and C. H. McDaniel Jr., Bascom Reagan C. V. Clinchcales, and Manuel Jabon, parents with two or more students now enrolled in the college.

The Rev. Alvin Carleton, president of the Big Spring Pastor's association, will give the invocation. All members of the college board, visiting school board members and administrators, contractors, architects and engineers will be introduced during the ceremonies.

MAYBE THIS WEEK Civil Rights Issue Faces Explosion

WASHINGTON, May 13. (AP) — Two explosive possibilities confront Congress next week—a test of the power of southern Democrats to kill Civil Rights legislation in the Senate, and grilling of John L. Lewis in the House.

Democratic Leader Lucas of Illinois has promised the Senate he will force a vote, probably Friday on limiting debate on his motion to take up fair employment practices legislation.

He needs 64 votes. He probably can't get them. That would mean the southern bloc could filibuster to their hearts' content.

In the House, Rep. Jacobs (D-Ind), head of a labor subcommittee studying union practices, invited Lewis to appear Tuesday night. The group also plans to question Lloyd Siderer, former United Mine Workers local official who has accused Lewis of using secret signals to keep his miners on strike last February while publicly calling on them to obey a court's back to work order.

The Senate probably will spend the week talking about FEPC, although consideration of resolutions rejecting some of the President's reorganization plans could sidetrack the FEPC bill temporarily.

A vote on four of them is slated in the House late in the week. The plans awaiting House action deal with administrative operation of federal agencies and are less controversial than those rejected by the Senate this week.

Under terms of the reorganization law rejection by either branch of Congress kills a proposed staffing of executive agencies.

North Koreans Join South Korea Forces

SEOUL, May 13. (AP) — Two North Koreans who fled that Communist state today joined the armed forces of the South Korean republic. They are Maj. Chang Nam and Lt. Lee Sun Soom.

Lee flew a Russian Stornovik B-19 fighter to South Korea last month.

A. M. RIPPES

Local Man States Congress Candidacy

A. M. Rippes, long-time resident of Big Spring and retired Texas & Pacific locomotive engineer, announced Saturday that he is a candidate for Congress.

He has filed as a candidate in the democratic primaries as representative of the 18th Texas congressional district. During the past week he completed a personal visit on to all counties to file for a place on the ballot.

Mr. Rippes, now 65, has lived in Big Spring for the past 38 years. A native of San Antonio, where his family were early day Texans, he served in the railroad industry since a lad of 18. Starting out as a call boy for the I.G.N. in San Antonio, he later became associated with the Santa Fe at Amarillo and was on the work train which extended the line into the then small village of Lubbock.

Associating himself with the T&P, he moved to Big Spring on Jan. 1, 1912 and he and Mrs. Rippes have resided here continuously since. Last Thanksgiving Day his retirement with the T&P became effective—closing a career of 39 years of railroad work.

James L. Rippes, Kansas City, Mo., and four grandchildren.

Mr. Rippes said that he planned to make a vigorous campaign. Already, he added, he had found much encouragement and interest

A. M. RIPPES in his county-to-county tour. His platform, he said, will include these planks: Advocacy of a tariff of 25 a barrel on imports of Middle East and Arabian oil; a continued high government parity price on cotton; a sharp reduction on government spending; opposition to socialized medicine; and a strong national defense.

10 a. m. on Week Days 2 p. m. Saturday (for Sunday)

These are new Deadlines on CLASSIFIEDS

County Farm Youth Plan Annual Tour

Members of Howard County 4-H clubs who are trying out for places on the county livestock judging team will go to Lubbock May 30 to make the annual West Texas Hereford tour.

The club members will observe inspection of herds to be made by extension service authorities and probably will participate in some practice judging, said County Agent Durward Lewter.

FREE OFFER for Deafened Persons

For people who are troubled by hard-of-hearing this may be the means for starting a new, full life with all the enjoyment of sermons, music, friendly companionship and business success. It is a fascinating brochure, called "So You Can Hear" and is now available without charge. Deafened persons acclaim it as a practical guide with advice and encouragement of great value, a start on the road to happiness. If you would like a free copy, simply send your name and address on a postcard today and ask for "So You Can Hear." Write to Bellone, Dept. 18, 1450 W. 19th St., Chicago 8, Ill. Also show this important news to a friend or relative who may be hard-of-hearing. (Adv.)

Two More Polish Diplomats Break With Government

HELSINKI, Finland, May 13. (U.P.)—Two more Polish diplomats here are reported to have broken with their Communist-led government and left for Sweden.

A diplomatic informant said Vice Consul F. Miskowski and Dr. J. Zetrowski, cultural attache at the Polish Legation here, had gone to Sweden after a political squabble with their superiors and plan to go on to Argentina.

Dr. Wlodzemiarski Umiasowski, former Polish charge d'affaires, broke with the Warsaw government April 14 and took his wife and two children to Sweden en route to Argentina.

The informant said the Polish Legation has asked the Finnish Foreign Ministry to cancel the accreditation of Miskowski and Zetrowski.

Cadets Get Wings

LUBBOCK, May 13. (U.P.)—Fifty-four aviation cadets received wings and commissions as second lieutenants in the graduation ceremony of Class 30 B Friday at the Air Force base here.

Poultry Raisers Alerted For Chicken Cholera

Poultry raisers were alerted Saturday to be on the lookout for symptoms of chicken cholera in their flocks.

County Agent Durward Lewter said the disease already has taken a heavy toll of poultry in the area. Recent rains probably have been responsible for its spreading, the farm agent advised.

The disease strikes swiftly. Birds may appear normal in the morning and still be killed by the cholera by nightfall, Lewter explained.

Chief symptoms are a type of diarrhea and purple-colored combs. For treatment the county agent recommends Sulfa-Methazine in powder form in mash and liquid form in drinking water. Also birds should be confined so that they can obtain nothing to eat or drink. Amounts of Sulfa-Methazine to be used may be determined from label directions, according to Lewter.

Lewter warned that treatment should be started immediately when symptoms of chicken cholera are detected in a flock. In connection with the treatment of the birds, he suggested that buildings housing the poultry be cleaned and disinfected and that stagnant water be eliminated around the premises.

Houston Polio Victim

HOUSTON, May 13. (U.P.)—A seven-year-old boy Friday became Harris County's 12th polio victim of the year. There had been 10 county cases in the same period last year.

HEALTH Through Chiropractic

East Germans Jail West Red Leader

BERLIN, May 13. (U.P.)—The Communist-dominated East German government today announced the arrest of Kurt Mueller, West Germany's No. 1 Red.

Mueller was charged with being an "agent for a foreign power" and of having "committed other crimes."

The brief announcement printed in the Berlin Communist press did not disclose where the arrest took place.

James H. Letts Is Candidate For State Court

AUSTIN, May 13. (U.P.)—James H. Letts, veteran Houston attorney, today became the fifth announced candidate for the Court of Criminal Appeals.

A son of a Texas pioneer, the 55-year-old criminal defense attorney said in an announcement of his candidacy that if elected, he would insist on a fair trial for the accused as well as the state.

"I feel, and I shall always feel, that this court was originated and entrusted with the interpretation and enforcement of laws, and not to make the laws," he said.

"While I will be fair to both sides, both the state and the defense, I do not believe in brutality and similar high-handed methods in coercing confessions from prisoners, and shall not endorse it if I sit on the review bench."

Letts said he would open his campaign with a "homecoming rally" in Rockport soon. He is the son of the late horse trainer-cowboy "Wildcat John" Letts. His mother was the first child born in Indianapolis.

Four other candidates have already announced, and some others are expected to announce soon, for the post being vacated by Judge F. L. Hawkins. The incumbent has announced that he will retire from the bench at the end of the year. Other announced candidates are Robert A. Lattimore of Dallas, W. A. Morrison of Cameron, G. H. Nelson of Lubbock and Cecil Storey, General David Wuntch of Tyler is of Longview, Assistant Attorney General considered a certain candidate but has not yet announced. Two others who have been mentioned as possible candidates are former Attorney General Bill McCraw of Dallas and W. E. Myers of Fort Worth.

Dr. Sander Turns To Tilling Soil For \$4 An Hour

CANDIA, N. H., May 13. (U.P.)—Dr. Hermann N. Sander has turned to tilling the soil for his neighbors at \$4 an hour to support his wife and three young daughters.

George Woodbury, a close friend, said today the Candia physician has been working from sunup to sunset since shortly after the State Board of Registration in Medicine revoked his license to practice.

Neighbors of Dr. Sander said his rate of pay for plowing and cultivating farmlands of the area is \$4 an hour.

Dr. Sander's right to continue his general practice was taken from him shortly after his acquittal on a first degree murder charge in the death of a hopelessly ill cancer patient.

But the state medical board left the door open for him to apply for reinstatement on June 19.

Woodbury said the many of Dr. Sander's fellow physicians in the Manchester, N. H., area have hired him to till their soil.

Dr. Sander supplies his own rototiller, a small machine for plowing and cultivating the soil.

This he moves about from job to job on a trailer attached to his automobile.

NEW VA HOSPITAL HERE ATTRACTS MANY VISITORS ON ANNUAL 'DAY'

A thousand people or more seized upon a Hospital Day invitation to get a first glimpse of the interior of the Veterans Administration hospital here Friday.

The visitation, from 1 p. m. to 5 p. m., highlighted observance of the special day in Big Spring. Among the private hospitals, Melrose Hogan also observed the day and had numbers of visitors who were shown various activities of the modern hospital.

At the VA hospital, Dr. L. E. Harrington, manager, said he was "exceedingly pleased by the turnout."

Visitors began arriving as soon as the doors were open. Nine hundred and 80 signed the register in the lobby and there were scores of others who did not sign. Traffic averaged about one person every six seconds.

Visitors were grouped in units of 25 to 30 and shown through the first three floors of the hospital by staff members. Although not completely equipped, the plant was at a stage which showed, as Dr. Andrew pointed out, the problems involved in activating a modern hospital plant.

He said he was sure that on the basis of response Friday that there would be a far larger number turn out on Sept. 16 on occasion of the formal dedication. This date has been set by the VA. Dr. Andrew hopes to be able to receive patients by mid-July.

Members of the staff, from doctors to engineers, from personnel force to nurses all pitched in last week to wrestle with beds and other equipment, scrub floors, etc. in an overtime effort to ready the first three floors for visitors.

Harrington, Sheppard Return From SMU Insurance Meeting

Matt Harrington and W. J. Sheppard, representing Southland Life in Big Spring, have returned from Institute of Life Insurance marketing at Southern Methodist University.

The instruction was on an intermediate level for agents who have completed the introductory course and have attended a company sales training school. The seminar, conducted by A. R. Jaqua, director of the institute, was largest for a one-company program. Thirty-three selected representatives from the company participated in the five-day course.

Burglars Break In At Country Club, Nothing Missing

Burglars broke into the country club building here Friday night but officers said nothing of value was missing.

Intruders experienced no more success at the Low's Lumber Yard office at Coahoma earlier in the week, members of the sheriff's office stated.

The unwelcome party there entered the structure there via a window. Muddy tracks showed he took a studious look at the safe, then withdrew without taking anything with him.

Expert On Guided Missiles To Speak

An address by Col. Ovid T. Forman, commanding officer of the First Guided Missiles Regiment, Ft. Bliss, will mark Big Spring's observance of Armed Forces Day Thursday.

The meeting will be held at noon in the Settles ballroom. The guided missile authority is expected to discuss matters of both civilian and military interest, and will probably touch on the role of guided missiles in modern warfare.

BSHS Seniors Hold Annual Day Monday

High school seniors are down that busy homestretch. With the traditional junior-senior banquet Friday evening now scrapbook material, graduation candidates turn to their annual Senior Day on Monday.

Walton Morrison, vice chairman of the Military Manpower committee and president of the Big Spring Rotary club, is in charge of arrangements for the first Armed Forces Day observance. The program is designed to replace separate observances for Army, Navy, and Air Force Days.

Breakfast is scheduled at San Angelo and lunch for about 11:30 a. m. at Christoval. Bill Olson, who generally prepares the meal, left Saturday for Christoval to put things in order.

Cub Scouts Hear McKinney Discuss Youth Programs

D. M. McKinney outlined the importance of spiritual, educational, and physical aspects of youth programs at a meeting of the Cub Scout pack No. 44 Friday at the Northside Baptist Church. He appealed to all adults to support Scouting programs.

Accompanying the seniors will be these faculty members: Mrs. Harold Davis, Ruby Powers, Letha Amerson, Bert Brewer, Wayne Bonner, J. B. Neely, Carl Coleman, and Principal Walter L. Reed.

Funeral services were held at the Stanton Methodist Church Saturday for Thomas G. Halslip, 64, Martin county rancher who died Friday.

There will be 136 seniors to make the trip. One week from today, the annual senior sermon will be heard.

Rev. J. B. Stuart, pastor of the Stanton Methodist Church, officiated. The body was taken overland by Eberley Funeral home for burial in Scranton cemetery, near Clinton.

W. C. Blankenship, superintendent, will preside. Processional and recessional music will be by Mona Moad, the invocation by Rev. Albie Carleton and the benediction by Rev. Lloyd Thompson.

Survivors include the widow, two brothers, Harry Halslip of Stanton and Ben Halslip of Odessa; five sisters, Mrs. J. C. Maxwell of Senath, Mo., Mrs. Elbert Chapman of Tillor, Ark., Mrs. Lee Craig Leakey, Mrs. Raymond Spravis, Cisco, and Mrs. E. W. Castleberry, Idalou.

The high school girls chorus under direction of Mary Jane Hamilton will sing "I Heard a Forest Praying" and "Let Us Break Together." Dr. P. D. O'Brien, First Baptist pastor, will deliver the address, "Preferred Because of an Excellent Spirit."

Some first plantings will be left in the west part of the county, where rainfall was lighter than in other sections. Even there, however, some farmers will replant with hopes of obtaining better stands.

Bids Being Accepted For Local Building

Bids are now being accepted for construction of an addition and alterations to the interior of the Southwestern Investment company building, 419 E. 3rd, Puckett and French, architect and engineers, have announced.

C-C Radio Show To Honor Mothers

A special tribute to mothers will be made on the chamber of commerce Mother's Day program to be broadcast over radio station KBST this afternoon at 3 o'clock.

Ackerly Starts Commencement Activities Today

ACKERLY, May 13.—Twenty-one members of the graduating class begin commencement activities Sunday with the baccalaureate service at 8:30 o'clock.

Services will be held in the high school auditorium where the Rev. Walter Driver will bring the senior sermon. Velma Blagraves will play the professional and recessional. Invocation will be by the Rev. J. R. Haynes and benediction by J. I. White.

A quartet, made up from members of the class, will sing "Just a Closer Walk with Thee." Soloist will be Johnette White, who will sing "Sunrise."

Commencement exercises are set for the same hour and place on Thursday. The Rev. James Parks, pastor of the East Fourth Baptist church in Big Spring, is to be the speaker.

Among members of the class with honorable mention are Dovie Brown, Elwyn Bass and Manuel Torres. Mrs. K. J. Baggett is sponsor of the class.

Funeral services were held at the Stanton Methodist Church Saturday for Thomas G. Halslip, 64, Martin county rancher who died Friday.

Survivors include the widow, two brothers, Harry Halslip of Stanton and Ben Halslip of Odessa; five sisters, Mrs. J. C. Maxwell of Senath, Mo., Mrs. Elbert Chapman of Tillor, Ark., Mrs. Lee Craig Leakey, Mrs. Raymond Spravis, Cisco, and Mrs. E. W. Castleberry, Idalou.

Rancher's Rites Held At Stanton

Funeral services were held at the Stanton Methodist Church Saturday for Thomas G. Halslip, 64, Martin county rancher who died Friday.

Degree To Shivers

AUSTIN, May 13.—An honorary degree of doctor of laws will be conferred on Gov. Allan Shivers by St. Edwards University of Austin when he makes the commencement address May 25.

DR. J. THOMAS DAVIS, LONG-TIME TARTLETON COLLEGE EDUCATOR, DIES

STEPHENVILLE, May 13.—Dr. J. Thomas Davis will be buried tomorrow in West End Cemetery here at about the same time he had been scheduled to make a

DR. J. THOMAS DAVIS

dedicatory speech for new cemetery chimes. The 70-year-old educator, a guiding force at Tartleton State Col-

lege here for more than 30 years, died last night.

There's a grove of trees on the cemetery plot, which the college dean himself picked out. He had been promised the trees never will be cut.

Dr. Davis was dean of Tartleton from 1919 until 1945, when he became dean emeritus. He continued teaching social science.

A large, kindly man, Dean Davis came to Tartleton when it had only 320 students. He had to cut a way through weeds to his office. In the 1930's, the school became one of the nation's biggest junior colleges.

Sandy-haired and clean shaven, Dean Davis had been president of The American Association of Junior Colleges and of the West Texas Chamber of Commerce.

His first school was at Honey Grove. He then became Navasota principal, Grimes County superintendent, and Navasota County superintendent.

Surviving are his widow, two sons, Thomas Willson Davis of San Antonio and Dr. James William Davis, head of the government department at Texas Tech Lubbock, and one daughter, Mrs. M. J. Green of Eden, Tex.

Week's Rains Doubles County Cottonseed

Rains of the past week doubled the cottonseed investment of many Howard county farmers overnight, but the benefits of the new moisture minimized the disadvantages on most counts.

That was the consensus Saturday, after farmers had a chance to inspect their fields.

Most of the county's cotton acreage had been planted prior to the rain, and replanting will be required on most farms.

Reports indicated that virtually all farmers in the north and east parts of the county will replant. Croplands in those areas received the heaviest downpours, and few farmers there appear inclined to attempt to save their first planting.

Apparently a good supply of cottonseed still exists, since most cotton growers kept substantial amounts from the 1949 crop.

Some first plantings will be left in the west part of the county, where rainfall was lighter than in other sections. Even there, however, some farmers will replant with hopes of obtaining better stands.

Army Signal Group To Bivouac Here

The 25th Signal Construction Battalion, Colored Army unit, is to bivouac at Municipal airport Wednesday night.

The battalion, composed of 172 enlisted men, five officers, and 50 vehicles, is enroute to Ft. Bliss, near El Paso, from Ft. Bragg, N. C. The unit remained overnight here last February while on the way to spring maneuvers which were held at Ft. Bragg.

Old Paper Looking Dressier These Days

By WILLIAM C. BARNARD
Associated Press Staff

"The old paper looks a lot dressier these days," said Charles W. Roberts, 62, of Andrews, in far West Texas.

He pointed to the front page of his weekly paper, the Andrews County News, and went on: "There are good human-interest pictures and lots of local news. That's the work of the new editor."

There's a story behind the News editor. Here it is:

Roberts had four sons. As they grew up, all had a taste of work on their father's paper. Three didn't like it. Charles, Jr., with a trick football knee, served as a civilian in a Navy plant during the war and now is an insurance man at Andrews.

Rayold S. Roberts was a machine gunner three years in the Pacific and now owns and operates seismicograph drilling rigs in West Texas. Wesley, radio operator on a destroyer cruising the Pacific in the war, is going into the insurance business.

And then there was Jim, a tall, husky, black-haired boy, who always wanted to be a newspaperman.

Jim enlisted in the Army in 1942. He was 19. He fought in Sicily, landed at Salerno, and survived three days without food or water, marooned on an Italian hilltop. He survived the Rapido River battle, too. At Cassino, he and 16 comrades ran out of ammunition and used their bayonets and fists to

subdue and capture as many Germans.

But Jim really got it at Anzio. He and three companions entered a farmhouse. Shellfire killed one and injured Jim and the other two. Jim crawled, bleeding and very seriously wounded in the thigh, to a ditch. A German came up, preparing to bayonet one of the Americans. He didn't see Jim. Jim lifted his rifle straight up and fired and the German toppled into the ditch on top of him.

"We stared at each other and I prayed he would die before other Germans came along," said Jim. "He did."

The Germans did come, all right. They finally took Jim to a hospital in Florence. Americans less seriously wounded than he were dying of infection, due to lack of care. Jim clinched his teeth and for 35 days changed his own dressings daily.

Still in bad shape, he was taken to a prison camp in Germany. But he escaped, anyway. They caught him after 11 days. But in 1944 he was repatriated and brought to McCloskey General Hospital in Temple. The elder Roberts went there and found his son in very poor condition. "I want my boy to have the best attention possible," Roberts told the commanding officer. "He has to get well."

"He'll get it," the commanding officer said. "We're shipping him out to Beaumont General Hospital, El Paso, for surgery."

Five surgeons conferred. They drew up blueprints for nine operations on Jim," said Publisher Roberts. "Then the went ahead and did the operations—all nine of them."

In 1946, Jim was well enough to enter Baylor University. He studied photography and journalism. Was graduated last December.

"Jim took those pictures and dressed up that front page," said Charles Roberts Sr., proudly. "Jim's my new editor—and a darn good one."

Local Recruiting Station To Be Inactivated

The Big Spring Army and Air Force Recruiting Main station is to be inactivated on May 31, Col. John F. Taylor, commander, has been notified by Western Recruiting district officials of El Paso.

Inactivation of the local station is to come as a result of the closing of the Western Recruiting district, effective at the end of the month, Col. Taylor said. The 12 sub stations and 30-county area now under the jurisdiction of the Big Spring Main station will become a part of the Abilene Recruiting Main station district June 1, he indicated.

The Big Spring district covers a West Texas-New Mexico area extending from Sweetwater to Hobbs, N. M., and from Eagle Pass to Brownfield.

It has sub stations in Sweetwater, Snyder, San Angelo, Lamesa, Midland, Odessa, Monahans, Maria, Eagle Pass, Hobbs, Brownfield, and Del Rio.

Records and personnel of the Western Recruiting district headquarters, El Paso, are to be transferred to the Texas Recruiting district, Dallas. Col. Taylor said he had been informed. Dispositions that will be made of equipment and personnel stationed here is not yet known.

A recruiting sub station will probably be maintained here, the Main station commander said.

FHA Girls Have Hayride, Wiener Roast In Coahoma

COAHOMA, May 13. (Spl)—Members of the Coahoma chapter of the Future Homemakers of America and their escorts were entertained with a hayride and wiener roast at Turner's pond Tuesday evening. The affair was sponsored by Mr. and Mrs. John Annen, Attending were Mr. and Mrs. John Annen, Carlene Clary, Ruth Beckman, Myron Lee Self, Beverly Watts, Bill Read, Martha Denton, Ray Alexander, Betty Hale, Elvion DeVaney, Beverly Meadow, Thomas Birkhead, Shirley Alexander, Gary Hoover, Frances Darden, Prentice Gamble, Mary Alice Harrington, Joe Kennedy, Melba Sue Neil, Bob Layfield, Jamie Sue Forbus, Jerry Courison, Nell Tankersley, Melvin Tindol, Wanda Rame, Carolyn Harrington, Nan Welch, Earlene Ward, Dillard Johnston and Joyce Hicks.

The Coahoma high school band presented its annual spring concert at the school auditorium Friday evening. Selections played by the band were the "March Sherwood," the "Rifle Rangers March," the "Enchanted Lake Overture," and the "Begger Student." Wade Choate was featured in a trombone solo, "Policilly," and Dana Hale played a clarinet solo. "Scherzo." Janice Duncan and Wade Choate sang the duet, "Indian Love Call." Jamie Echols, solo. "Scherzo." Janice Duncan and Wade Choate sang the quartet arrangement of "With a Song in My Heart."

Coahoma Church Women Have Meet

COAHOMA, May 13. (Spl)—The Ladies Society of the Church of Christ met last Thursday for a day of quilting in the home of Mrs. W. B. Miller and Mrs. C. A. Denton. S. A. Ribble conducted the regular 8 p.m. Bible study on "The Birth of Christ."

At the noon hour, lunch was served on the lawn to the following: Mrs. Pat Roberts, Mrs. Jack Roberts, Mrs. Maud Robinson, Mrs. Lee Moore, Mrs. Cullen Cranfill, Mrs. Troy Roberts, Mrs. Ross Roberts, Mrs. Rayford Brubaker, Mrs. G. E. Finley, Nora Miller, Mrs. Sam Buchanan, Mrs. Lawrence Abregg, Mrs. Opal Hale, Mrs. Winfred York, Mr. and Mrs. S. A. Ribble, Mrs. Grady Acuff, Mrs. Jack Reynolds, Mrs. Pat Wilson, Mrs. Guy Guffie, Mr. and Mrs. I. G. Hudson.

Guests present were: Mrs. Omer Kelley of Stanton, Mrs. C. E. Kiser of Big Spring, Mrs. C. G. Hudson of Robinson, Mrs. Larry Turner of Tynan and a number of children and the hostesses.

Delores Lindley celebrated her sixth birthday Thursday with a supper in the home of her parents. Later, the guests attended a theatre party.

Attending were: Sharon Kay Finley, Mary Ellen Camp, Fan Barber and the honoree.

City Lakes Now Contain Year's Supply Of Water

Big Spring's two city lakes now contain a year's supply of water, City Manager H. W. Whitney estimated Saturday.

The estimate was based on present pumping and treating capacity of facilities processing the lake water, the city manager said. Maximum quantity that can be handled daily is approximately 1,

000,000 gallons.

A total of 1,235,000,000 gallons is now impounded in the two lakes. Actually the supply would last for 770 days if loss through evaporation were disregarded. Whitney pointed out. Evaporation loss varies according to temperature, humidity, and wind velocity. The year's supply estimate would allow for maximum evaporation.

Moss Lake, which overflowed as the result of last Wednesday's rain, holds 757,000,000 gallons, the city manager said. Powell Lake, which stands about six inches below spillway level, has impounded approximately 477,000,000 gallons.

Freshman Class Hosts For Dance At Garden City

GARDEN CITY, May 13.—Members of the freshman class entertained Friday evening with a Western dance in the gym for high school students.

Mrs. Rube Ricker, class sponsor, Mrs. O. L. Rich and Mrs. George Strigler assisted with the serving. Attending were Anne Mary Gray,

Allison Cunningham, Georgia Lee Rich, Raymond Overton, Theora Calverley, Wilburn Bedner, Lydia Smith, Jim Robinson, Lu Loy, Harry Love Calverley, Jean Wolfman, Clara Hoffmann, Troy Glass, Ruby Overton, Maurice Overton, Olive Dee Schafer, Juanita Riffel, Leonard Hanson, Bobby Fritschel, Wanda Wilkerson, Bryant Harris, Darja Ricker, Mildred Ann Hardy, Bonnetta Cox, Dan Fryor and Neil Coburn.

Rev. and Mrs. A. C. Durrant and daughters returned Monday afternoon from an extended trip. They had visited her sister at

Alton, Ill., an uncle and aunt at Muskegan Heights, Mich., a brother at Huron, Mich., and his parents and friends in Detroit, Mich. They also visited her mother at Marion, Ky., a sister at Pulaski, Tenn., and friends in Texas. While in Detroit, they purchased a new car.

Elks Ready To Launch Bond Drive

Big Spring Elks are ready to launch a sales campaign among members for U. S. Savings Bond Independence drive, Carl H. Gross, exalted ruler, reported Saturday.

The Elks will begin their work on the campaign Monday. With the Order's membership now between one and two million, Emmett T. Anderson, Tacoma, Wash., grand exalted ruler, has set a national quota of a million bonds for Elks, Gross explained.

Tom Guin has been appointed chairman of a special committee bond campaign.

"Because of the Order's outstanding service in previous bond drives, the Treasury Department has asked the Elks to take the job of obtaining sales reports of all groups in each community on Flag Day, June 14," Gross disclosed.

The occasion has been designated as "B-Day" and the sales reports will be scheduled as a feature of Flag Day ceremonies which all Elks lodges will hold. The event will climax an intensive period of patriotic activities beginning with a community-wide "Wake Up America" program which the Big Spring lodge will hold from May 15 through July 4.

Woman Bequeaths \$100 To City For Welfare Purposes

Zadee Fisher Mayer remembered her home town in her will.

She bequeathed \$100 to be used for welfare or charitable purposes in Big Spring. This amount has been deposited to the Community Chest.

Daughter of Mr. and Mrs. Joe Fisher, pioneer residents of Big Spring, Mrs. Mayer grew to womanhood and was married here. Subsequently, she and her husband, Alexander Mayer, moved to Henderson, Ky. E. L. Tollett, president of the Chest, expressed appreciation of the community to Mr. Mayer as executor of the estate.

THE WOMAN RULES—Judy Grandia, 3, gives the orders to Larry D. Klein, 4, about where to pour the water during the annual Pella Tulip Festival street washing ceremony at Pella, Iowa. Both youngsters seem to be taking the matter seriously. (AP Wirephoto).

STOP COMPLAINING!

Get A Good Look At Moscow Prices

Anyone who thinks grocery prices and the cost of living are high here should swap places with a Moscow consumer for a day or two.

Chances are there wouldn't be any more complaints about 89-cent steak or six-cent potatoes, if local shoppers could get a glimpse of the prices tagged on similar commodities in the Russian capital. They'd find the Moscow housewife paying \$2.76 per pound for choice beef in that metropolis, according to a price list smuggled from behind the "iron curtain" recently. That's almost \$2 per pound higher than the 89 cents for which it's offered in some local stores.

Potatoes, which sell here for about six cents, demand 14 cents in Moscow.

The price ratio holds true for most other "staple" commodities

offered in Big Spring and Moscow stores. Russian consumers pay from 150 per cent to more than 1,500 per cent higher prices than the Big Spring housewife out shopping for her favorite meat, or for other "necessary" household items.

Here's a comparison of the different prices the same product would bring in Moscow and Big Spring stores: white bread, 63.3 cents in the Russian city, 16 cents in Big Spring; sugar, \$1.30 per pound there, nine cents per pound here; dried beans, 81 cents in Moscow, 15 in Big Spring.

Margarine that costs 31 cents per pound locally would draw \$2.43 in the Communist capital. Similarly, vegetable oil, selling here in three-pound cans for 75 cents each, costs \$2.76 per quart

DRINKING COSTS EMPLOYERS PLENTY

Medical Researchers Now Offering Hope For Cure Of Excess Drinkers

NEW YORK, May 13.—The man, or woman, who drinks too much costs employers plenty—in time lost, in sloppy work, in accidents in the shop, many of them fatal.

Medical researchers this week offer the hope that the excessive drinker can be cured by treating still somewhat mysteriously pituitary gland at the base of the skull, which is now believed to regulate various bodily functions and may be the seat of the alcoholic's troubles.

But already a number of companies have tackled the problem in their own shops by recognizing alcoholism as a disease and setting up departments to treat it among their employes. Some have tried this out long enough now to report results.

Du Pont's medical division, working with Alcoholics Anonymous for six and a half years, has 60 groups in various company locations treating the disease. The company reports to the National Industrial Conference Board that 65 per cent of the Du Pont problem drinkers have been rehabilitated.

The Consolidated Edison Co. of New York, formally recognizing alcoholism as a disease, considers it a justifiable cause for separation allowances or retirement annuities.

The utility company tells the conference board that in two years now it has treated 46 cases. Eight arrested cases are claimed. Six employes were given annuities, 23 in Moscow.

Meat prices don't compare any more favorably on the Big Spring-Moscow index.

Dressed chicken, selling here for 63 cents a pound, costs Russian consumers \$2.24. Pork loin that brings \$3.86 per pound in Moscow can be obtained here for 49 cents.

Mutton, bringing 69 cents here, would sell for \$2.20 in Moscow.

The Russian housewife could feed her family for more than a week with the same number of rubles she spends for the makings of a single meal in Moscow—if she could do her shopping in Big Spring.

CAN YOU BITE YOUR THROAT?

Felix Wheaton, 41-year old robbery suspect at Lamessa, has achieved the impossible.

He bit himself in the throat, as he yawned upon awakening in his jail cell Friday at Lamessa, his bridge of five teeth slipped down his throat. They clamped against his inner esophagus, so securely that a hospital physician had trouble dislodging it.

Wheaton will have a sore throat for a while for his achievement.

separation allowances, and only nine discharged outright. But the utility thinks the program has done even more in prevention than it has in cure. Since the program went into effect, the company reports less absenteeism and inefficiency traceable to drinking.

The medical profession constantly works on the problem. The medical society of the State of New York heard Tuesday of studies made at the New York University-Bellevue Medical Center which indicate that alcoholism is due to a disturbance in the functioning of the pituitary gland. Treatment includes use of hormones of the pituitary and adrenal glands, and in some cases male and female sex hormones. The craving for alcohol is killed by the treatment, the doctors believe, but not permanently—any backsliding sets the victim off again on the old path.

Business has a definite stake in treating the disease. The excessive drinker may be at the lathe in the mill, or he may be present, if in body only, at a highly-polished top-executive desk in the front office, either place he costs money. And the drinking executive can be more expensive than the butter-fingered workman.

Alcoholism affects all groups of employes, in all kinds of business, skilled, unskilled, white-collar right up to the president. It hits both sexes, and all ages, although the largest number and the most serious cases are found among those in the early forties.

Three and a half million Americans are excessive drinkers, says the Yale School of Alcohol Studies. Of these 350,000 are chronic—men, and women, who cannot stop after the first drink. The others are: 1. The occasional problem drinkers (they can't work for a day or two after their wives have babies, or after their mother-in-law goes home); and 2. The periodic drinkers (they find it hard to get to work any Monday, or after any holiday).

"The Yale plan on alcoholism," which offers a consultant service to industry on the alcohol problem, reports that 2,000,000 men, and women, who drink to excess are regularly employed in the United States. Of these, 1,370,000 are in the manufacturing, construction and utility industries. On an average they lose 23 working days a year. Their accident rate is twice that of the non-alcoholic, and they are held responsible for 1,500 fatal accidents a year at work, and 2,850 at home, in public places, or in traffic.

The liquor industry's public relations organization, the Licensed Beverage Industries, Inc., says it will push a study this year delving into the causes and cure of alcoholism, working through the National Research Council's division

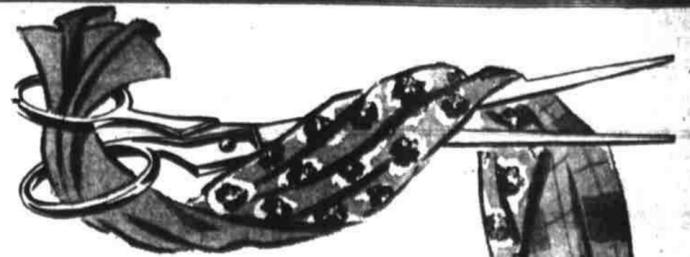

Big Spring Girl Elected Officer In Alpha Chi

ABILENE, May 13.—Barbara Ann Douglass, sophomore from Big Spring, has been elected Grand Director of the McMurry College chapter of Alpha Psi Omega, dramatic society.

A speech major, Miss Douglass has been active in McMurry speech productions, having appeared in the "Male Animal" and

"Hamlet," and serving recently as assistant director of McMurry's presentation of "Macbeth." In addition, she is a member of Delta Beta Epsilon, girls' social club. A graduate of Big Spring High school, Miss Douglass is the daughter of Mr. and Mrs. D. A. Douglass, 1018 Johnson.

AUTHORIZED GENERAL ELECTRIC DEALER

Corrected Top Shows Outpost Still Higher

Corrected top of reef Saturday showed the Rutherford No. 1-B Griffin, northeast diagonal offset to the Castleman & O'Neill No. 1 Griffin mile and a quarter west outpost to the Reinecke pool, was 43 feet structurally high to the extender.

Previously the top had been picked at 6,837 feet which was a datum minus of 4,477. On Schlumberger the reef top was shown to be at 6,835 feet, a datum minus of 4,455. This was in sharp contrast to a south outpost to the extender which was 144 feet low. Operators drilled to 6,900 feet and set 5/8-inch string at 6,970 with 500 sacks. Location is 467 from the south and 660 from the west lines of section 29-25, H&TC.

Chapman and McFarlin No. 1 Holly staked location as a direct offset to the Castleman & O'Neill No. 1-B Griffin, now completing. It will be 652.7 from the west and 467 from the north lines of the southwest quarter of section 29-25, H&TC. Projected depth is 7,200 on pay at lesser depth.

C&O No. 1-B Griffin, which was two locations south of the extender, was preparing to complete. It had topped the reef at 7,010 (minus 4,642 of 146 feet low to the extender). On a drillstem test it had oil in 14 minutes at about 40 barrels per hour. Rig was skidded one location north for the C&O No. 2-A Griffin, 467 feet from the south and east lines of the northeast quarter of section 31-24S H&TC.

Producing ability of wildcat discoveries in central-east Hockley county and in southeast Lynn county will be determined during the current week.

Honolulu Oil corporation and Signal Oil & Gas company No. 1-13 D. Underwood, four miles south of Snyder, in central-east Hockley, was to drill the plug on 7-inch casing, which had been set at 9,290 feet, and test the open hole between that point and the total depth at 9,310 feet.

That zone, which is said to be in the top of the Canyon line of the Pennsylvanian, flowed oil at the approximate rate of 100 barrels per hour during a drillstem test early last week.

No formation water developed. The Canyon lime was topped at 9,285 feet, which is on a datum of minus 5,896 feet.

This important new field opener is 510 feet from north and east lines of labor 13, league 5, Wilbar, gas county school land survey. Magnolia Petroleum Company No. 1 Garza Land county, 14 miles east of O'Donnell in southeast Lynn county, and 1,960 feet from south and 660 feet from west lines of the southeast quarter of section 431, block 9, EL&RR survey, was to start testing early Sunday on open hole at 8,615-30 feet in a Pennsylvanian lime.

That section flowed 14.25 barrels of 41-gravity oil in one hour, through a five-eighths inch bottom hole choke, during a drillstem test. There was no water.

Top of the pay is at 8,615-56.95 feet.

Discoveries To Be Tested Soon

Producing ability of wildcat discoveries in central-east Hockley county and in southeast Lynn county will be determined during the current week.

Honolulu Oil corporation and Signal Oil & Gas company No. 1-13 D. Underwood, four miles south of Snyder, in central-east Hockley, was to drill the plug on 7-inch casing, which had been set at 9,290 feet, and test the open hole between that point and the total depth at 9,310 feet.

That zone, which is said to be in the top of the Canyon line of the Pennsylvanian, flowed oil at the approximate rate of 100 barrels per hour during a drillstem test early last week.

No formation water developed. The Canyon lime was topped at 9,285 feet, which is on a datum of minus 5,896 feet.

This important new field opener is 510 feet from north and east lines of labor 13, league 5, Wilbar, gas county school land survey. That section flowed 14.25 barrels of 41-gravity oil in one hour, through a five-eighths inch bottom hole choke, during a drillstem test. There was no water.

Top of the pay is at 8,615-56.95 feet.

WEEK'S REVIEW

Reef Discoveries Set Area's Pace

By JOHN B. BREWER
SAN ANGELO, May 13—Opening of first Canyon lime production in Hockley county, completion of a Canyon lime discovery in Runnels county, discovery oil flow from the Bend in Stonevall and pumping of oil from a Straw strike in Kent county all contributed to a big week in West Texas oil.

Hockley county gained its first Canyon production when Honolulu and Signal No. 1-13-D. M. Underwood flowed oil to pits at a rate estimated from 70 to 150 barrels hourly on a 25-minute drillstem test from 9,285-310 feet. The pay was topped at 9,285 feet, 3,896 below sea level. The test is now waiting on cement. Location is 510 feet out of the northeast corner of labor 13, league 5, Wilbar, gas county school land survey, four miles south of Snyder and 18 miles southwest of Lubbock.

The Canyon lime discovery four miles west of Ballinger in Runnels county, Kingford Oil Co. of Dallas No. 1 R. E. H. Barnett completed naturally for a daily pumping average of 103.125 barrels of 43.3 gravity oil. Production is from open hole between 3,064-69 feet. Location is 339 from the northeast, 660 from the southeast line of the Barnett 401-acre lease in the southwest part of R. Christa survey.

Discovery flowing production from the bend of the lower Pennsylvanian, was developed in northeastern Stonevall county, 12 miles northeast of Aspermont, when C. L. Norworthy No. 1 C. D. Wiley flowed oil to pits at the rate of 60 to 50 barrels hourly on a two-hour test from 6,171-204 feet.

Fair and Woodward No. 1 Griffin in the southeast corner of section 46, was reportedly below 6,000 feet. This is two miles south of the extender.

Livermore No. 2 Whitaker, 660 feet from the south and west lines of section 53-25, H&TC, highest test on the reef in the central Reinecke area (4,383) rated 310 barrels an hour through half inch choke on a brief clean-out run. Treated with 3,500 gallons of acid, the test had 1,225 pounds of casing pressure, 1,000 pounds on the tubing. The 110 barrels were made the last hour of a three of four hour test. Potential may come sometime this week. This well is two locations south of the discovery. Livermore No. 2 Reinecke, directly east of the discovery, 660 feet from the south and 667 from the north lines of the south half of the northwest quarter of section 53-25, H&TC, was still preparing for test. It had cased off top 70 feet of pay and was to test from 6,793-4,817.

Cosden No. 1-A Holly, a diagonal southwest offset to the discovery Livermore No. 1 Reinecke and 660 feet from the north and east lines of the southeast quarter of section 53-25, H&TC, was at 4,780. Rutherford No. 2 Whitaker, was moving in materials. George Brown No. 1 Lloyd Brannon, two miles south of the Wilson pool and in central north Howard, was reported moving in 660 from the south and west lines of section 18-27, H&TC.

Independents Differ On Method Of Solving Foreign Oil Imports

By MAX B. SKELTON
HOUSTON May 13. (AP)—Two independent oil associations seem to have sharp differences of opinion on how their foreign imports problem is to be solved.

Last week the president of the Texas Independent Producers and Royalty Owners Association predicted early relief. He left little doubt he expects such relief will come from the major importers themselves.

This week the directors of the Independent Petroleum Association of America abandoned hope of aid from the importers or the Washington administration. They said any relief will have to come from Congress.

The Texas Railroad Commission is to give serious study to the importers problem Wednesday when it meets in Austin to get the state's production allowable for June.

Presidents of major importing firms have been asked to appear and give testimony on how much foreign oil they plan to bring into the United States during the second half of 1950.

Chances are the testimony will be repetition of what happened at this week's IPAA convention in Los Angeles.

IPAA President J. E. Warren of Midland, contending imports have injured the domestic industry, asked 11 importers to submit their views to the convention.

The consensus among the eight importers telegraphing replies was imports have not injured the national welfare and security.

After studying these replies, the IPAA directors released statistics which they say prove imports have invaded the home market. They stressed these points:

1. Oil imports into the United States have more than doubled since 1946, while exports have declined by about 35 per cent. In 1950's first quarter, the nation was net importer by 550,000 barrels daily in contrast with having been a net exporter by 42,000 barrels daily in 1945.
2. Imports now are supplying 13.1 per cent of the domestic market.

comparing to 6.9 per cent in 1946.

3. Domestic production is 8 per cent below the 1948 average and more than 1,000,000 barrels daily below efficient capacity.

4. The current import rate was placed at 800,000 barrels daily, 30 per cent over 1949 and 60 per cent over 1948.

Such trends, the directors said, have caused "serious" injury to the domestic industry.

Several of the importers replying to IPAA's request said 1950 well completion rate increase over early 1949 is proof the domestic industry has not been injured.

Washington sources said the President, faced with pressure both from independent oilmen and coal industry spokesmen, soon might call for some sort of curtailment of foreign oil imports.

The optimistic statement made by R. L. Foree, president of the Texas Producers and Royalty Owners group, came after he had talked with several major importers.

He said these companies fear the effects of an industry split over the problem. He added:

"With that possibility, plus their admitted error in overstepping reasonable import levels, we may expect to see some industry statesmanship."

Glorieta Discovery Seen For Andrews

Fuhrman Petroleum corporation has completed its No. 17 W. T. Ford as a discovery from the Glorieta-Permian line in the Fuhrman-Mascho field in south-central Andrews county.

The project reported a 24-hour flowing potential of 250 barrels of oil, with no water from pay at 5,570-5,612 feet. That zone had been treated with 2,000 gallons of acid.

The production is on gas-lift. This new pay discovery is an old pumper from the San Andres from pay at 4,250-4,460 feet. It was deepened to the San Andres after the production from the original pay had shown a considerable decline since it was completed in May 1937.

It is in section 16, block A-43, PSL survey.

Wiley Well Due To Complete This Week

Rains have hampered efforts to complete and test a discovery in the middle of Cliff Wiley's ranch in Stonevall county.

Pipe was due to be hauled in the weekend and a gauge may be possible by the end of the week. On a 37-minute drillstem test, C. L. Norworthy No. 1 C. D. Wiley flowed at an estimated rate of 40 to 50 barrels of high gravity oil per hour last week. Zone tested was 5,965-6,005, possibly the Bend of the Pennsylvanian series. Gas was to surface in four minutes, mud in 18 and oil in 22. Gas-oil ratio was estimated at 400-1.

Location is 660 feet from the east and 3,889 from the south lines of section 44-G, Alice Stephens survey. This puts it squarely in the middle of the 2,880-acre spread owned in fee by Wiley. It is 12 miles northwest of Aspermont.

Amerada Spots Deep Wildcat In Terry

Amerada Petroleum corporation is due to start operations in the near future at a 12,000-foot wildcat in central-south Terry county to test into the Fusselman section of the Silurian.

The project will be Amerada No. 1 R. W. Willard. It is to be at the center of the northeast quarter of the northwest quarter of section 6, block 37, psd survey.

That makes it six miles west of the nearest Fusselman production which is in Tide Water Associates, No. 1 Nystel, the discovery well of the Corrigan, (formerly called Nystel) field.

Kelly-Snyder Gets Extender On Southwest

Standard Oil company of Texas has completed its No. 7 Tom C. Davis and others on the southwest side of the Kelly-Snyder field in Central Scurry county.

The No. 7 Davis potential for 1,508.6 barrels of 43.4 gravity oil and no water in 24 hours. Flow was through a three-fourths inch choke. Tubing pressure is 200 pounds.

The open hole below 6,740 and total depth of 6,878 feet had been treated with 1,000 gallons of acid. Top of the pay was picked at 6,727 feet.

The No. 7 Davis formerly was a 8,027-foot dry hole drilled by Humble Oil & Refining company in 1947. It is not believed that Humble tested the Canyon at that time.

The No. 7 Davis is 660 feet from south and west lines of section 32B, block 97, H&TC survey, and five miles north of Snyder.

Stanox also has staked the No. 2-5 Martin as a north outpost to the North Snyder-Strawn pool in Central Scurry county.

The No. 5 Martin is one location north of the No. 2 Martin which has shown for production from both the Canyon and Strawn pays.

Exact location of the No. 5 Martin is 1,800 feet from north and 467 feet from west lines of section 30B, block 97, H&TC survey, and seven and one-half miles north of Snyder.

Slated depth is 7,500 feet.

Commission May Study

Independents Differ On Method Of Solving Foreign Oil Imports

Borden Ellenburger Venture Abandons

Nelson Bunker Hunt No. 1 Mrs. Belle Clark was abandoned in the Ellenburger as a south-central Borden failure.

Bottom of hole was 9,232 feet in Ellenburger and the top of this section was not reported. In a drillstem test in the Ellenburger from 9,221-52, tool was open one hour and 25 minutes. The test flowed salty, sulphur water at surface in 30 minutes and continued 35 minutes until the tool was closed. There were no shows of oil or gas in any zone. Location was 1,660 feet from the south and east lines of section 3-31-4n, T&P.

No Completions Are Reported In Dawson

No completions were reported in the deep Spraberry section of southeastern Dawson county last week.

Seaboard No. 5-D Lee, in the northeast quarter of section 41-34-3n, T&P, cleaned out to total depth at 6,770 feet and was laying drillpipe to run tubing. Seaboard No. 1 D-A-Jeter, in the southeast quarter of section 36-34-5n, T&P, still waited on rig after reaching 1,235.

Seaboard No. 8-D Spraberry, in the southeast quarter of section 37-34-5n, T&P, passed 5,990 in lime. Seaboard No. 2-D Stanfield, which spudded during the week, progressed to 1,489 in rebeds and anhydrite, it is in the northeast quarter of section 37. Seaboard No. 1-D Woodward in the northeast quarter of section 47 drilled to 5,835 feet in lime.

Completion And Location Mark Good Activity

A completion and a location marked developments in the Good pool last week.

Seaboard & Pan-American No. 16 Good, on the northwest of the pool, rated 64.1 barrels of 43.5 gravity oil on a 24-hour flowing test. The flow was through quarter-inch choke, casing pressure was 1,025 pounds, tubing pressure 850. Gas-oil ratio was 785-1 and there was no water. Top of pay was 8,130 and total depth 8,232.

No. 16 Good is located 1,902 from the west and 660 from the south lines of section 36-33-4n, T&P.

Derrick was going up on Seaboard & Pan-American No. 19 Good. It is located 1,988.62 from the east and 660 from the north lines of section 37-33-4n, T&P, a direct south offset to Condon's No. 1-36. Projected depth is 8,100 feet.

Seaboard & Pan-American No. 14 Good, which is directly to the south of the location for the No. 19 well, has drilled past 6,940 feet. Seaboard & Pan-American No. 17 Good, a southwest edger, in section 45-33-4n, T&P, has passed 5,590 feet. Seaboard & Pan-American No. 18 Good, at the northwest edge of the pool and in the northeast corner of section 38-33-4n, T&P, passed 3,057 feet.

Seaboard No. 1-A Porter, north and slightly east of the North Vealmoor discovery, No. 1 Porter Hanks, was drilling at 7,842 feet, and with around 300 feet to go, may pick up the reef within a week.

Condon No. 4-38 Good, on the south side of the western extension to the Good pool, progressed to 4,936. It is in the southwest corner of the southeast quarter of section 38-33-4n, T&P.

North Fisher Gets Ellenburger Wildcat

Harrington and Fohs of Abilene No. 1 Mrs. W. I. Martin is to be a 6,500-foot wildcat to test the Ellenburger in central-north Fisher county, about 14 miles northeast of Rotan.

Location is 350 feet from west and 440 feet from south lines of the northeast quarter of section 11 block 1, H&TC survey.

Operations are to start in the near future.

Vealmoor Edger Due To Complete

Seaboard, in the process of completing a southeastern edger for the Vealmoor pool, staked another location Saturday in the same area.

At the same time, area oil interest shifted three and a half miles southeast of this pool where a wildcat, Seaboard No. 1 Akin-Simpson was searching for the reef.

This north Howard exploration 660 from the north and east lines of section 45-32-3n, T&P, had oil circulation at 7,834 feet and had been unable to regain it.

Seaboard No. 1 Lockhart, bottomed at 7,868 feet, had run tubing and washing in. On a drillstem test from 7,854-7,905, through 5/8-13/16th-inch choke, it had gas in five minutes, mud in 20 and clean oil in 22 minutes. It was cleaning to test. Location is 660 from the south and west lines of northwest quarter of section 34-32-3n, T&P.

Seaboard No. 11 H. N. Zant, 660 from the east and 1,864.3 from the north lines of section 29-33-3n, T&P, had a calculated potential of 182.54.

Offset To Wilson Discovery Nearing Potential Horizon

Barnsdall No. 2 W. L. and R. G. Wilson, west offset to the discovery in the Wilson pool on the central Howard-Borden line, neared the critical zone Saturday.

It was drilling at 7,210, which is approximately 200 feet short of the point where the reef was touched in the discovery. Location is 1,960 feet from the east and 660 from the north lines of section 16-27, H&TC.

Tidewater No. 1 Morgan Coates, a north discovery offset and 660 from the south and east lines of section 15-27, H&TC, was past 6,502 in dolomite.

Martin Wildcats Making Progress

The three deep wildcats in the west part of Martin county are all making holes.

Spartan Drilling company and associates, No. 1 Wolcott, in Northwest Martin county, 13 miles northwest of Lenora, and 5,864 feet from west and 1,471.8 feet from north lines of league 221, Ward County School Land survey, had reached 8,350 feet in lime and shale, and it was coring ahead.

The Texas Company No. 1-1 State, in central-west Martin, 15 miles north of the Mabae field, and 660 feet from north and 1,960 feet from east lines of section 17, block 7, University survey, had progressed below 13,265 feet in an unindented sand, and was boring ahead.

Gulf Oil corporation No. 1-E-B George W. Glass, 1,980 feet from north and east lines of section 13, block 39, TP survey, T-1-N, 12 miles north of Midland and 18 miles west of Stanton, was drilling in lime and shale past 7,701 feet.

Each of the three Martin prospectors are scheduled to continue until they reach and test the Ellenburger.

Kent Exploration Logs Oil Stains

Spartan Drilling company and Associates, No. 1 E. E. Wallace estate, west-central Kent county wildcat, 11 miles west of Clairmont, and 336 feet from north and west lines of the southeast quarter of section 97, block G, W&NW survey, logged some oil stain and oil odor in drilling samples in a soft lime section at 5,476-86 feet, and in a core at 5,466-94 feet.

Operators did not run a drillstem test, but resumed drilling at 5,496 feet. The section is thought to be in the Wichita-Albany.

This wildcat is projected in 4,500 feet, or production at a higher level.

SPRING HINT!

Safety-Check Your Buick Now

MAKE SAFE IN MAY - PLAY SAFE ALL SUMMER

Best reason in the world for having your Buick safety-checked this May—you'll get a great deal more pleasure out of driving it.

You'll travel carefree all summer if you have a Buick specialist check over your brakes and wheel bearings now—see that your steering is true and easy—look into stop lights, taillights, turn indicators, horn and other warning signals.

Our own shop is Buick headquarters—our men are trained and experienced old hands on Buicks. Bring your Buick to us for your pre-summer safety check-over, and let us make sure you can wheel over the highroad in perfect peace of mind.

Make it safe in May—and you can play safely all summer.

South Plains Farmer Dreamed Up A New Irrigation System

By WILLIAM C. BARNARD
Associated Press Staff
"It's just something I dreamed up," said Leslie C. Crews of New Deal, Tex.

He was speaking of the irrigation system on his South Plains farm. Other farmers drive from all over that part of the country to see it.

Crews has 152 acres of tight sandy loam—almost as level as a billiard table. And here is what his irrigation system looks like:

There are two irrigation wells on the north end of his farm—one on the east boundary and one on the west. They are equipped with deep turbine pumps driven by automobile engines which burn butane gas instead of gasoline and each well produces from 800 to 1,000 gallons of water per minute.

These wells are connected by 12-inch concrete pipe, which runs underground between them. In other words, the output of both the wells goes into the concrete pipe.

The concrete pipe has valve-con-

trolled outlets every 140 feet. Crews has a long canvas pipe which he can drag from one of these outlets to another. The canvas pipe has 36 smaller canvas pipes extending from its sides. Crews lays the canvas pipe parallel to the concrete pipe, and the 36 small canvas pipes each extend out into a row of the field. When the water is turned on it runs right out into the individual rows.

"The thing about my system," said Crews, "is that no water is wasted. I estimate it is about 25 per cent more efficient than the open ditch irrigation system I formerly had, meaning that I'll be able to get along with 25 per cent less water. So my system will pay for itself in a few years."

Crews, a 43-year-old man with brown hair and blue eyes and who weighs 170 pounds and is 5:10 1-2 inches tall, was born near Corsicana and has been farming for 27 years. He likes irrigation farming "because when your crops need wa-

ter you don't have to start watching the skies—you just pour it on. Makes you independent."

He finished his new irrigation layout early this year. Then he ran a stalk cutter of his field; chiseled it twice with a chisel plow and listed the land, putting it in rows. Then he soaked it with water twice—in a two-week period—and then late in April he planted 77 acres in cotton. "I wanted to stay safely inside my quota which was 78.2 acres." He'll raise maize and an acre or two of corn on the rest of his land. Also has a little garden, some fruit trees, some chickens and a cow.

Last year, with the open ditch irrigation system, Crews produced 149 bales of cotton on 142 acres. "I don't think I'll beat that rate of yield with my new irrigation plan," said Crews, "but my new system will just make production easier. We spend all the money we make by working on things to make our work easier."

GROVER CUNNINGHAM, JR.

Cunningham Seeks Post Of Judgeship

Grover Cunningham, Jr. is a candidate for the office of county judge of Howard county.

He announced Saturday that he was entering the democratic primaries as a candidate for that position.

Born and reared in Howard county, Cunningham is a graduate of the University of Texas law school and is engaged in the practice of law with his father, G. B. Cunningham, Sr. He is married and he and Mrs. Cunningham (the former LaVern Wilson of Big Spring) are parents of two daughters. He is a Methodist.

Cunningham had his studies interrupted by three years service in the AAF during World War II and upon his separation, returned to the university in July 1946. "I am running for the office of county judge," said Cunningham, "because I intend to make a career of public service. I feel that my training equips me for this position, which offers an unique opportunity of service."

He pointed out that he was familiar with the many problems which confronted the county by reason of spending his life in the county except for the time in service and in school. Cunningham said that he planned to make a personal appeal to as many voters as humanly possible but added that "because it will be impossible to see all, I urge my friends to speak a good word for me and for those whom I do not see to consider this announcement as an appeal for their support."

Big Springers Plan To Attend Banker's Meet

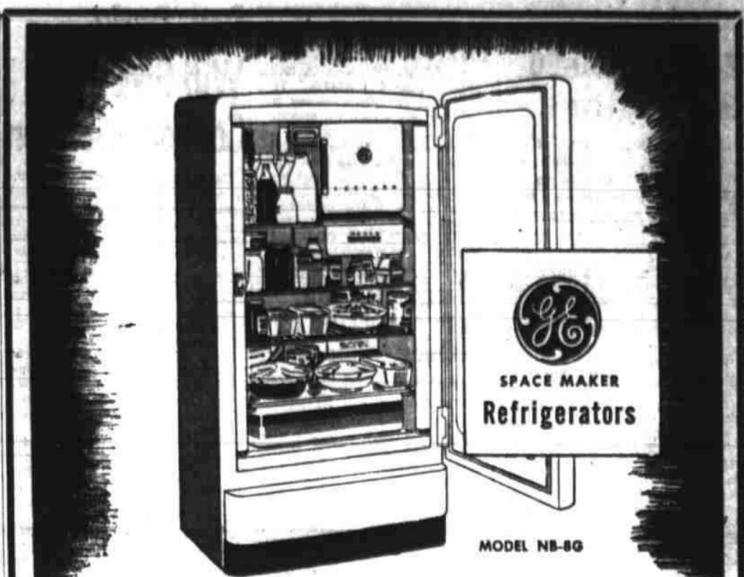

FORT WORTH, May 13. (AP)—The convention of Texas bankers here Monday and Tuesday will center on discussions of economy in government and federal encroachment on private business.

This keynote was sounded Saturday by Tom E. Acker of Jacksonville, president of the Texas Bankers Association. He said "several speakers will delve into the problem" of economy and encroachment.

About 500 delegates and guests are expected for the opening of 66th annual convention of the association Monday at Hotel Texas.

Several Big Springers will be in Fort Worth Monday for opening of the annual Texas Bankers convention.

Among those planning to attend from here are R. W. Currie, vice president of the State National bank, and Mrs. Currie; Ira L. Thurman, vice-president and cashier of the First National, and Mrs. Thurman, Stella Wheat, Mrs. Reba Baker and Mr. and Mrs. Larson Lloyd R. T. Piner, who is chairman of district No. 7 for the Texas Bankers Association in California on vacation and will not participate in the state party.

International Trade Organization Would Cap A 16 Year U. S. Struggle

WASHINGTON—The administration's campaign to get Congress to approve the charter of the International Trade Organization (ITO) would set the capstone for a structure which this government has been helping for 16 years to build. The charter has been highly praised and roundly criticized. Whether it is good or bad, here is the story behind it:

The government decided in the '30's that the great depression was caused in part by restrictive trade practices by the U. S. as well as other countries. This nation's Hawley-Smoot Tariff, adopted in 1930, had raised import duties to cordell levels. The U. S. turned to Cordell Hull's reciprocal trade treaties in 1934. Under them this country reduced tariffs in proportion to concessions by other countries.

Many other restrictions remained in the world and new ones were built up—quota systems for foreign exchange controls, discriminatory regulations, barter deals, cartels, hidden taxes, trade preferences and so forth. Before the second world war was over, the U. S. began its effort to abolish all the barriers. The U. S. is the chief sponsor of the International Monetary Fund, which was established to stabilize foreign exchange. It led the movement to set up the World Bank, to lend money to impoverished nations for rehabilitation and development. In December 1945 it proposed

that an International Trade Organization be formed, to wage a continuing world-wide attack on every type of trade restriction. The United Nations sponsored this movement, and a preliminary meeting was held at Geneva in 1947. The nations assembled there agreed on two things: (1) The outline of a charter for the ITO, (2) A so-called "general agreement," through which all the nations there adopted a code of international commercial practices.

The code forbade quota systems, hidden taxes and various discriminations which nullified the effect of lowered tariffs. This "general agreement" was not a treaty, but the U. S. made it a part of all its new reciprocal trade treaties. The U. S. sat right down there in Geneva and negotiated such treaties, incorporating the new agreement. In each of its new trade treaty negotiations since then it has made the agreement a part of the treaty.

The ITO charter adopted at Havana in 1948, includes the principles of the general agreement, but it goes much farther. It binds the nations to seek to end all types of restrictions on international trade, including cartels, governmental subsidies and so forth. It would do little to abolish restrictions now in effect, but it commits the nations to negotiate continually to find ways to gradually reduce them. The trade reforms

would apply to all the nations which subscribed to the ITO charter.

Representatives of 53 nations agreed on the charter. Only two governments have adopted it. Practically all are waiting for the U. S. to ratify it first. Meanwhile, the U. S. has taken still other steps in the interest of world commerce. An important feature of the European Recovery Program (ERP), launched in 1948, is the Organization of European Economic Cooperation. It is composed of the 19 countries being helped by ERP. Through it they are seeking ways of removing trade barriers among themselves.

The President's Point Four program would help underdeveloped countries to build themselves up to the point where they could abolish various restrictive practices hindering trade. The latest move was the appointment of Gordon Gray, former Secretary of the Army, to head of a committee to study means of filling the "dollar gap" after ERP ends. (The dollar gap is the \$3,000,000,000 difference between what Europe buys here with ERP aid and what it sells here.) This might lead to a further lowering of U. S. tariffs so that foreign dollars can go further.

Mrs. Tom Birkhead Installs Forsan P-TA Officers For 1950-51 Term

FORSAN, May 13. (Sp1)—Mrs. Tom Birkhead of Coahoma installed the new officers for the following year at the meeting of Parent-Teacher association in the school cafeteria Tuesday. Those taking office were Mrs. E. N. Baker, president; Mrs. C. V. Wash, vice-president; Mrs. Jay Newcomb, treasurer; Mrs. Glen Whittenburg, secretary; Mrs. G. D. Kennedy, parliamentarian; Bettye Joe Rosel, historian.

Committee chairmen were appointed. They include Mrs. M. M. Fairchild and Mrs. O. N. Green, hospitality; Mrs. J. W. Overton, and G. D. Kennedy, budget and finance; Mrs. Joe B. Masters and Joe T. Holladay, membership; Mrs. Joe T. Holladay health and summer roundup; Mrs. E. A. Grissom and Mrs. C. V. Wash, yearbook chairmen; Deryl Miller, radio; Ted Henry, Jack Wise and Mrs. J. E. Chanslor, Glen Whittenburg, F. P. Honeycutt, and Wayne Coffman, project; Joe T. Holladay, auditor; Mrs. J. R. Asbury, publicity; Mrs. Harry Barnett, goal chairman; Mrs. D. M. Bardwell, publications; Mrs. O. W. Fletcher, chairman of the room mothers; Mrs. J. D. Leonard, Mrs. L. W. Moore, Mrs. Ted Henry, Mrs. B. F. Petty, Mrs. D. W. Robertson and Mrs. G. O. Green, social committee; and Mrs. Bill Coeger, mother's club.

Director Listed In Senior Class Play

GARDEN CITY, May 13.—Name of the director was omitted unintentionally in the account of the senior play, "Boys and Nuts," last week. Nora Koen, English instructor, was responsible for the effective direction of the play, which netted \$50 for the senior trip fund. Mrs. W. E. Chaney, sponsor, and Mrs. Alton Cook, assisted Miss Loan in the made-up. Seniors are currently on their trip to San Antonio, Galveston, Houston and Austin, and are due to return Sunday.

Director Listed In Senior Class Play

Hostesses for the affair were Mrs. W. W. Hedgpath, Mrs. J. R. Asbury and Mrs. W. O. Scudday. Attending were Mrs. Tom Birkhead and Mrs. Spars of Coahoma; Mrs. Otto Allison, Mrs. L. T. Shoultz, Mrs. Hood Parker, Mrs. C. L. Draper, Mrs. Joe B. Masters, Mrs. O. W. Scudday, Mrs. V. W. Hedgpath, Mrs. M. M. Fairchild, Mrs. C. V. Wash, Mrs. Glen Whittenburg, Mrs. J. D. Leonard, Mrs. D. M. Bardwell, Mrs. Eddie Everett, Mrs. A. J. Smith, Mrs. E. N. Baker, Mrs. W. B. Dunn, Mrs. E. A. Grissom, Mrs. Joe T. Holladay, Mrs. J. E. Chanslor, Mrs. G. D. Kennedy, Bettye Rose, Deryl Miller, Harriett Margo and G. D. Kennedy.

LOT OF WATER IS NOT ENOUGH HERE

EAST GRAND FORKS, Minn., May 13. (AP)—More than half of the residents here have been driven from their homes by the Red River flood or are living on second floors. Many of them used rowboats as ferries to get to the polls for a special election Friday. They voted on a proposal to issue \$100,000 bonds to improve the city's water system, built in 1928. The bonds were, 302 to 15.

RECORD-BREAKING POPULARITY MAKES THIS POSSIBLE!

LOWEST-PRICED 'ROCKET' ENGINE CAR NOW LOWER PRICED THAN EVER!

Try it yourself Oldsmobile's thrilling "Rocket" ride!

Enthusiasm for the "88" rockets to an all-time high! Prices of the "88" hit an all-time low! Now Oldsmobile offers America's most-talked-about car, the Futuramic "88," at lower prices for '50. This is that fashion action star, the lowest-priced "Rocket" Engine car—the "hottest number" on the highway! This is the car with such spirited response that millions have heard about it—tried it—thrilled to its brilliant performance! And this is the car that offers the smooth driving ease of Oldsmobile's new Whirlaway Hydra-Matic Drive*—also at a lower price for 1950! So give us a ring today—make your date with a "Rocket 88"!

NEW ONE-PIECE WINDSHIELD!
Brand new! It's the wide, curved one-piece windshield for extra visibility on all Futuramic "88" models!

Shot In Head, Man Given 50-50 Chance To Live

Clint McNeely, driver of a truck operating out of Abilene, was given a "50-50 chance" by doctors Saturday night to recover from a bullet wound in the side of his head.

McNeely apparently attempted to end his own life by firing the bullet from a .22 caliber rifle, Chief of Police Pete Green said.

A note, addressed to Holley, McNeely's former wife, was found at the scene of the shooting, Green said. The police chief indicated the wounded man was at the home of a sister, whom officers could identify only as Mrs. King, at 1206 W. 6th Street.

McNeely had told Mrs. King he was going into another room to change clothes. Shortly afterward she heard a shot and found McNeely badly wounded. The rifle and the note were found in the roomy Green said. A card, addressed to Charles McNeely of Dooley, was found in his pocket.

Green said the injured man came to Big Spring after leaving his Abilene job Saturday.

Haggard 'Fair'

Condition of Jimmy Haggard, Houston man injured in an auto mishap north of here Wednesday, has been reported 'fair.'

Haggard was injured when the car in which he was a passenger overturned during the rain Wednesday evening on Highway 87. He is the son of Mr. and Mrs. N. G. Haggard of Lenorah.

U. S. IS BEST

(Continued from Page 1) people don't wake up and help solve their flood problems, other sections of the nation will take away their population and industries.

Speaking where a large part of the people are wheat farmers, Mr. Truman attacked the failure of the Republican 80th Congress to ratify the International Wheat Agreement since approved by the Senate of the present Democratic Congress.

He said the United States can't expect to prosper behind a high tariff wall.

At Fort Peck, Mont., he termed a strong and prosperous United States "the world's best hope for peace."

He said:

"Projects like Fort Peck are investments in the future of our country, just as a new factory is an investment in the future of a corporation."

President Truman will conclude his trip to the West Coast and back in Chicago, with a "political speech" in Chicago Monday night at the end of a three-day Democratic rally.

ANSWERS NO, THEN RETIRES

WASHINGTON, May 13 (UP)—Judge Jesse C. Adkins, 71, came out of retirement for 71 minutes yesterday to preside on the district court bench.

The judge made the unusual move in order to consider a motion for a new trial in a rape case he first heard in 1943. After weighing the evidence, Judge Adkins dismissed the motion for a new trial and went back into retirement.

College Heights Classrooms Due To Open Monday

Five new rooms in the College Heights addition will be opened for class purposes Monday.

All eight of the new rooms have been completed, said W. C. Blankenship, superintendent, but it is impractical to utilize the other three for the remaining few days of school. The five classes in the school on half day session will go on regular session Monday morning. Next year some pupils in Central and South wards will be shifted to College Heights where more space is available.

\$260,000 Bond Issue Up For Vote At Sterling City

STERLING CITY, May 13 — A bond issue for school improvements in the amount of \$260,000 will be up for a decision on May 20.

Sterling county school board members last week acted upon petitions signed by 40 taxpayers Sterling City residents and set date for the election.

Proposed are a nine-room elementary school, a new auditorium seating 500, a new cafeteria to serve 100, and new dressing rooms for boys and girls to be added to the present gymnasium. Also contemplated is removal of the upper story from the old building and remodeling into a modern high school plant. New equipment also is included.

The board expressed the belief that the issue could be floated without occasioning any increase in taxes. Architect for the improvements is Wyatt C. Hedrick of Fort Worth. Superintendent of school is O. T. Jones, and H. M. Knight is president of the school board.

Shorn Lamb Loss Reported In Wake Of Recent Storm

GARDEN CITY, May 13—Loss of shorn lambs was reported on one ranch in the wake of last week's heavy rain.

J. C. Calverley reported that he lost 90 lambs in his west pasture. They were among his fattest. He has about completed his clip but has received no reports on average.

Steve Calverley reported that his clip averaged 9.68 pounds.

Pope's Anniversary

VATICAN CITY, May 13 (UP)—Pope Pius XII, on the 33rd anniversary of his consecration as a bishop, today received more than 30,000 Holy Year pilgrims in general audience.

Rev. Parks Will Give Coahoma Sermon

Baccalaureate sermon for the seniors departing Coahoma high school will be preached by Rev. Jimmy Parks, Big Spring, in the Coahoma grade school auditorium at 8:15 o'clock Sunday night, May 21.

The 21 students eligible for diplomas will take part in commencement exercises at 8:15 o'clock Tuesday evening, May 23, in the same auditorium.

Rev. R. Gage Lloyd of Big Spring will deliver the principal address at the commencement program. Invocation and benediction will be given by Rev. Mark Reeves, Jr., of Coahoma.

Music for the professional and recreational will be given by Mrs. Ed Robertson and Billy Ray Brooks. Wade Choate will give a musical solo followed by a song by Carleen Clary.

An ensemble composed of Janie Echols, Margaret Stamps, Jamie Duncan and Wade Choate will also appear on the program.

Commencement exercises for the Coahoma eighth grade students will take place in the grade school auditorium there at 8:15 p.m. May 22.

Eiton Gilliland, district attorney for the 118th judicial district, will serve as principal speaker.

Beverly Jane Meador will give a piano solo, "Romance," by Jean Sibelius. Murphy Woodson and Royce Acuff will combine their talents in a clarinet duet.

Rev. Paul Eppier will deliver both the invocation and the benediction while Mrs. Robertson and Miss Brooks will supply music for the professional and recreational.

Mr. R. Turner, superintendent of schools at Coahoma, will hand out diplomas to both groups.

Local Police Put New Three-Wheel 'Cycle' Into Use

The local police department received and put in service Saturday a new three-wheel motorcycle.

The machine is to be used primarily to work downtown traffic and check parking meters, Police Chief Pete Green indicated. Its riders will be instructed to concentrate on no left turn and double parking offenders.

The new motorcycle is the first new equipment purchased for the police department under the 1950-51 budget. It is to be equipped with two-way frequency modulation radio as soon as the new FM equipment is installed for the entire department, probably within three or four months, City Manager H. W. Whitney said.

Dodd Will Withdraw Candidacy For State School System Board

E. C. Dodd said Saturday that he was withdrawing as a candidate for a place on the teacher retirement system board.

With the construction program on the new junior college plant just around the corner, Dodd said that he did not see how he could participate in the eight meetings a year required for board members.

He asked his friends who had submitted his name to withdraw it as a candidate. The position is an honorary one.

NOW, I'LL TELL YOU — Sen. Dennis Chavez (D-NM) talks with newsmen in a capitol corridor in Washington after charging that ex-Communist Louis Budenz, former managing editor of the Daily Worker, has been using the cross of the Roman Catholic church "as a club" in the Senate inquiry into charges of communism in the government made by Sen. Joseph McCarthy (R-Wis). Chavez declared his attack was not prompted by the Truman administration. (AP Wirephoto).

Shallow Test Slated In North Tom Green

Three miles south of Carlsbad in central-north Tom Green county, Duncan Sartain of San Angelo plans to drill a cable tool well.

His No. 1 Jack Mathews is projected to 1,000 feet.

Location is 550 feet from northwest and 230 feet from northeast lines of C. Schmidt survey 215A. Elevation is 1,948 feet.

THE WEEK

(Continued from Page 1) doesn't necessarily solve a water problem.

Sam Goldman chased out his final unofficial population estimates before closing out the census last week. The city inside corporate limits is 17,545; the greater city area 21,015; the county 27,137. There may be some slight increase when returns from transients are credited. Meanwhile, anyone missed in the census should contact Goldman at once so he can send in the information.

Bond sales last month amounted to \$164,000. This put the total for the first four months at \$600,000, which is about \$26,000 more than for all of last year. This trend bodes good for the Independence Bond drive underway now and until July 4.

Construction permit totals jumped past the \$2 million mark last week, thanks to a surprise package in filing the junior college permit. This project is just over the corporate line, but somehow it found its way into the building totals. An alert chamber of commerce perhaps.

Contracts may be let this summer on the Howard county section of the FM 87 (Big Spring-Lenorah). Meanwhile, according to tabulations from the district highway engineer's office, Howard county has the most active state in the area with projects on the Gall road, the Vealmoor road, (projected), touching the Snyder road at the northeast edge of the county, seal coating 51 miles of U. S. 80 and 87, plus traffic surveys and possible state assumption of the Knott road.

Feeders Day attracted large crowds and produced much enthusiasm last week. On the strength of actual sales at \$30 CWT across the board, the net profit of \$58 plus per head will have to be adjusted upward. Kiwanians prodded good hosts for the day.

Police and firemen had a strange feeling last week that the man they rescued from a marooned car in the flooded city park didn't show proper appreciation. It turned out his car was a stolen one. But by the time that detail was discovered, he apparently had stolen another and had taken off.

Big Spring this week will be host to the Northwest Texas Methodist conference. It's been a long time since the city has had this honor. Of course every one will do all possible to make these fine people happy they paid us the honor of meeting here.

A thousand or more people flocked through the VA hospital Friday when three floors were opened for Hospital Day. This may not sound like so many, but it was a considerable volume for three hours and was sufficient to almost erase traffic jams in the area. It doubtless was but a modest preview of the turnout to be expected when the hospital is dedicated some three months hence.

10 Pick Air Force In Week's Local Enlistment Parade

The Air Force was the most popular branch of service with men enlisting at the Big Spring Army and Air Force Recruiting Main station during the past week.

Of the 23 persons enlisted, 10 chose the Air Force while three selected the Army. Recruits came from Texas, New Mexico, Kansas, and Michigan.

Enlisting in the Air Force and being sent to Lackland Air Force base, San Antonio, for training were William E. Davis Jr., Lovington, N. M.; Fred E. Friske, Eola; Charles A. Burris, Parsons, Kans.; Benino Galtieri, Rodgers, Edes; Lonnie E. Thigpen, Pecos; Bobbie D. Huddleston, San Angelo; V. W. Martin, Roscoe; Raymond N. Robinson, Idedale; and Delvin W. and Deiton L. Quillin, Big Spring.

The Quillins are brothers and sons of Mr. and Mrs. Leon C. Quillin, 609 NE 1st street.

Army recruits were William B. Etheridge, Barnhardt; Albert F. Mitchell, Jr., Lewistown, Mich.; and Miles Upchurch, Odessa. Mitchell and Upchurch were sent to Fort Ord, Calif., for training while Etheridge was dispatched to Fort Riley, Kans.

Douglas Weds Jan Sterling

LOS ANGELES, May 13 (UP)—Suave actor Douglas, 43-year-old movie actor, and Actress Jan Sterling, 27, are honeymooning today.

The couple announced their engagement last month, saying they planned to be wed in August. Yesterday they decided not to wait and had Superior Judge Edward R. Brand marry them in his chambers.

It was the fourth marriage for Douglas, the second for Miss Sterling, who was the wife of Jack Merivale, actor Philip Merivale's son.

Subwayites Catwalk Back Up To Surface

NEW YORK, May 13 (UP)—Eight thousand subway passengers climbed and catwalked to the surface when a Manhattan-to-Queens train broke down in the East River tunnel during last night's homegoing rush hour.

A short circuit on one coach of a packed ten-car train of the independent subway system caused a series of flashes and sharp explosions. Acrid smoke filtered through the cars. Many passengers coughed and choked but there was no panic.

Eastbound trains, which run at few-minute intervals during the rush period, began piling up behind the stalled train. The jam was felt for a dozen miles between mid-Manhattan and the Queens suburbs.

Eight persons received medical care, but no serious injuries were reported.

The short circuit, occurring at 4:33 p.m. (EST), welded a contact shoe on the car to the power rail that runs alongside the tracks.

Power along the line was shut off immediately.

About half of the 8,000 passengers were led to ladders and climbed to emergency exits near First Avenue, on New York's east side. The rest were led westward along the tunnel catwalk to the Lexington-Third Avenue station.

The accident did not stop Manhattan-bound trains on the subway line. Tunnel traffic was resumed at 5:47 p.m. (EST). Evacuation of passengers from the stalled trains was completed in 25 minutes.

Northwest Mitchell Outpost Tries Re-Test

Doswell No. 1-A Solomon, which once had loomed as northwest Mitchell discovery, is attempting to get a pumping test.

Rods were pulled and re-run. Several weeks ago, on the last reported test, the venture had returned 100 per cent salt water. Treated at 7,448-68 with acid, it had swabbed and flowed 35 to 35 barrels per hour in early April. Location is 660 feet from the north and west lines of section 72-97, H&TC, one mile west of the Coleman Ranch shallow field.

J. W. Murchison No. 1 Womack, 660 feet from the south and east lines of the northwest quarter of section 8-26, H&TC drilled to 6,830 feet in shale. This venture is 3 miles southwest of the Doswell No. 1-A Solomon and is 2 1/2 miles south of Standard's No. 1 Dunn, a small Canyon producer.

Explorations Make Hole In NE Howard

Two northeastern Howard county wildcats were making hole Saturday. Livemore-T&P No. 1 W. B. Hardy, 660 feet from the east and 1,980 feet from the south lines of section 33-31-20, T&P, 16 miles north-east of Big Spring, passed 6,200 feet in sand and shale. Shell No. 1 O'Daniel, section 2-30-10, T&P, was at 4,350 feet in lime and shale.

Measles Tops List Of Local Diseases

Measles topped the list of communicable diseases reported by the Big Spring-Howard County Health unit Saturday.

There were 14 cases of the disease diagnosed here during the last week. Chicken pox was second with eight cases.

Also reported were six cases of trench mouth, three of mumps, three of influenza, and one each of diphtheria and pneumonia.

BORN

(Continued from Page 1) tem is because they can't get all the crooks in one party," he said.

"but maybe now one party has been in so long it has got most of them—maybe it is time to change."

When asked his own stand on current problems, Gull declared he is against the administration's proposal to set up a Fair Employment Practices Commission and is "unalterably opposed" to the Brannan Farm Plan.

Gull reported that 95 per cent of the Panhandle farmers also are against the Brannan Plan, with each one having a different idea of what kind of program should be adopted.

Martin said he hopes to get Gull placed on the House Agriculture Committee where Worley served. When seated, Gull will become the first Texas Republican in Congress since Harry Wurzbach of San Antonio died in office in 1931.

Borden Venture Logs Light Oil Stains

Don Ameche No. 1 W. D. John county wildcat, 12 miles southwest of Gall, and 669.9 feet from south and 676.7 feet from west lines of the northeast quarter of section 45, block 32, TP survey, T-5-N, had reached 6,985 feet in sand and shale and was drilling deeper.

A core at 6,945-45 feet recovered 20 feet of silty sand with thin shale partings. The top three feet of the core had slight oil stains. No test was run on the section. This prospector is slated to drill to 10,300 feet to test the Ellenburger.

Short Hair Easily Adaptable To Milady

Today's hairstyles are as varied as milady's personality and are equally as controversial, but according to hair stylists the country over short to short-short hair will rank as the most popular throughout the summer months.

Time was when a woman's crowning glory was either long and flowing or it wasn't glory. And she was no lady either! But time and a general assertion of feminine rights have changed all that. Women have discovered for themselves that short hair is more practical, easier to fix and more becoming to the majority than is the longer style hetro.

Short hair is more easily adapted to the wearer's personality, because of its varied methods of shaping, cutting and curling. It is more becoming to the middle age group, the young matron and the little old grandmother, and is

equally as attractive as longer hair on the teen-age and college age coeds.

In spite of all this, every woman cannot and should not wear short hair. Beauticians in Big Spring are unanimous in their agreement that women should as nearly as possible "follow the current trend, but to strive for more individuality and expression in their hair styles. They also agree that no woman should follow current fashion dictates if they are in anyway detrimental to her appearance. It is a rare woman however, who with modification cannot wear at least a portion of the current hair styles; and wear them well.

At first, women in Big Spring found it difficult to shear their long tresses, but according to the local operators, after the first snip they couldn't wait to have it cut again. Shingled hair styles have not gained too much favor locally. This is due in part to the fact that nine out of ten women are not attractive with their hair styled in this manner. The gentlemen with many sighs of relief seem glad that this is true.

As a rule, the average American woman is reasonably well educated in how to make the most of her particular beauty assets, but much of her judgment is based on her husband or boy friend, her friends and her beauty operator. She also depends largely on the current fashion illustrations in magazines and papers and upon the Hollywood stars. When there is discussion, the beauty operator always adheres to the tastes of the customer even when she feels that she could make her more attractive by cutting and reshaping her hair. Oft-times though the operator can succeed in making small changes until she gains the confidence of the customer. Her course then is relatively easy, and she strives earnestly to keep her customer attractive and satisfied.

Fashion moguls have announced that hair will be a little longer this fall. The change won't be a drastic one, but it will afford a greater meeting ground for those persons desiring extremely short or extremely long hair fashions. Bangs will be popular also. The reason is—men like them!

Hooser Bids For County Attorney Post

Hartman Hooser announced Saturday that he was seeking the Democratic nomination for the office of county attorney.

A resident of Big Spring for more than a score of years, Hooser currently is engaged in private practice of law.

In making his announcement, he pointed out that "I am running on my own hook. I have no connections and I will, if elected by the people, do my best to fulfill the duties of the office faithfully, fairly and without discrimination."

Hooser had practically all of his secondary schooling here. He was graduated from Big Spring high school in 1936. Before World War II he attended San Angelo college and then entered the U. S. Navy. His overseas service was in the Marshall Islands of the Pacific.

Upon separation from service, he became associated with Elliott Waldron Abstract company. Hooser attended Howard County Junior College the first year it was open and thus satisfied some of his pre-law requirements. He holds a law degree from the Baylor University school of law and was among the ranking members of those who stood the state bar examination.

He is married and he and Mrs. Hooser have three children.

AIR FORCE OFFICER Doubts Existence Of Flying Saucer

BY WILLIAM C. BARNARD ASSOCIATED PRESS

"What about these flying saucers, colonel?" We asked the question of Col. G. W. Pardy, commanding officer of Reese Air Force Base at Lubbock. The colonel is a distinguished looking fellow, tall, very straight, grey-haired, and all business. He was a pilot in the First World War, served in bomber training in England in the second war and then felt up to going but to the Pacific theatre and romping along on four bombing missions over Japan.

"You must have some idea about these saucers, colonel!"

"Speaking entirely personally, I have no conclusions as to whether there are or are not any so-called flying saucers. I do not know, nor do I know anyone who does know, facts as to whether there are in existence and flying over our world or country, controlled manufactured objects from another world or foreign country of this world or from within our own country."

"I'm too busy with my preoccupations as head of a family and commander of this flying training wing to spend time either on study or speculation over the subject. As far as I am concerned, I'm satisfied that our civilian and service scientists and intelligence people are very apt to gather and publish the facts as desirable and possible, upon them any time if there is anything to all this beyond illusion and hoaxes."

"I recognize the tremendous rate of technological research taking place. Design is under rapid evolution. Compare an old Jenny with the present-day B-36 or Northrop Flying Wing or one of the new bat wing types. During World War I, the

highest I ever flew was 30,000 feet—now they talk about flying at 50,000 feet. We may well be flying at 2,000 miles per hour before my time is up. All of which goes to prove that almost anything is possible these days.

"I certainly am not one to say that new and strange types of aircraft, either controlled by man or remotely controlled, from this or other worlds, are impossible or ridiculous.

"Certainly reports being received of seemingly credible sources are interesting, like that which has recently been reported in the papers as coming from an airline pilot and his passengers. I wonder if they might not have been seeing some peculiarly illuminated experimental type of bat wing aircraft from one of our many factories in this country."

"Recently the experience of a service friend of mine, on duty in California, made me wonder. He is a man whose feet I regard as being solidly on the ground. He described a strange-appearing object which was thought to be very high and fast-flying. He had no explanation.

"No doubt many people who think they are seeing flying saucers are simply misinterpreting their observations. For example, the other night while out on the flying line after dark, preparing to take off for a night flight, I wondered for a few seconds if I was not seeing a 'flying saucer' flying at an extremely high altitude and speed. But I found out shortly I was really seeing a weather balloon bearing an observation lantern, taking off from a nearby hangar roof and no higher than 200 feet, traveling at only about 15 miles per hour.

"I am not one to get excited over rumors and imaginary possibilities but as regards to this and other matters I feel we should maintain a sustained interest in phenomena and treat with the facts as gathered.

"The public information office of the Department of Defense recently issued a statement claiming there is no intention of reopening 'project saucer'—an Air Force project closed three months ago. However, inasmuch as the air defense of the United States is an Air Force responsibility, the Air Force has continued, and will continue to receive, and evaluate, through normal channels, any substantial reports of unidentified flying objects."

County Cancer Society Total Around \$2,200

Contributions to the Howard county Cancer society have pushed the total to "around the \$2,200 mark." Matt Harrington, county chairman, announced Saturday as he prepared to wind up the 1950 drive for funds.

A total of \$2,020.25 has been turned over to the county chairman, while pledges of approximately \$200 additional have been made. Harrington said he felt confident he would announce next week that the county's quota of \$2,500 has been reached.

Solicitations are to continue until the goal is passed, he said.

Salt Water Can Overcome Shock In Disasters

NEW YORK, May 13. (AP)—Drinks of salty water, seven to 12 quarts a day, are proposed as an effective new life saver in peacetime disasters or war emergencies.

Large amounts of it apparently can overcome shock as does blood or plasma, it is found in laboratory studies by Dr. Charles L. Fox, Jr., physician and assistant professor of bacteriology at the College of Physicians and Surgeons, Columbia University.

The salty drinks would fight shock, an often fatal collapse, following burns, wounds or hemorrhages.

In a disaster like the Texas City explosion, the salt drinks could substitute if blood and plasma weren't available, he said. Or, if there weren't enough doctors or technicians to give blood or plasma quickly to all the victims needing it.

The salt drink is cheap, and easy to prepare, by adding two teaspoonfuls of table salt or other sodium salt to a quart of water. This is about the normal saltiness of human plasma.

This isotonic salt solution isn't new. It is used now as one aid in overcoming shock but the new experiments suggest that larger amounts of it are needed. The key is lots of salt and water, quickly. Dr. Fox bases it on studies with animals and humans by various scientists since 1926.

Shock often follows loss of blood or tissue fluids from burns or other injuries. The heart has less blood to pump. Blood pressure falls and less oxygen is delivered to the brain and other organs. A person feels weak, clammy and may become unconscious.

Drinking seven to 12 quarts a day is a different thing, Dr. Fox explains in reports to medical journals and to the American Federation of Experimental Biologists.

In shock, experiments show, sodium is lost from the blood and from the fine network of body tissues where most of it is stored. It collects in the injured tissues. Potassium is released from injured tissue cells. The potassium acts like a poison, slowing down the heart and affecting other organs. Water also is lost from the blood, and floods into the injured area.

New laboratory studies of shock again have stressed the importance of putting sodium back into the blood quickly, and getting potassium out of the body, Dr. Fox reported.

Twelve quarts of salt water in 24 hours sounds like a lot, but averages a pint an hour. People in shock usually are thirsty.

Chinese Release American Freighter

SAN FRANCISCO, May 13. (AP)—The Chinese Communists have released the U. S. freighter California Bear, which they had held since it collided with and sunk a small Chinese ship in the Yellow Sea April 29.

The owners, Pacific Far East Lines, reported Friday that Capt. William Murray, the skipper, remained behind at Tientsin on his own volition for an inquiry into the collision.

The Communists held the freighter responsible for the accident and demanded compensation. The Chinese ship, the Hsin ansh with the loss of an estimated 70 lives.

52 pc. Azur-ite Dinner Set

Included No Extra Charge DURING PHILCO Refrigerator WEEK!

FREE Crystal Clear WATER CHILLER

It's yours absolutely FREE... just for coming in during this sensational money-saving SALE!

Nothing to Buy! No Obligation!

Don't miss this great refrigerator value celebration. Beautiful 52 piece Azur-ite Dinner Set yours no extra charge with any Philco Refrigerator from Model 704 up. Hurry... good this week only! Come in now.

EVEN AT ONLY \$199.50

A FULL-WIDTH FREEZING COMPARTMENT

PHILCO 702. Greatest low-price refrigerator ever built. Unequaled in features, in quality and in value!

PHILCO REFRIGERATOR-FREEZER at \$100 less than other designs!

The Motor Oil For West Texas Motorists

You get a fine lubricant when you select Cosden Para-fine motor oil. Drive in today at the sign of the Cosden friendly traffic cop and switch to Cosden Para-fine Motor Oil.

COSDEN PETROLEUM CORP.
R. L. TOLLETT, President

"Petroleum Promotes Progress"

Just Imagine It's Yours!

You say you have never driven a Cadillac?

Well, it's a lovely day—and there are beautiful roads to travel down and interesting places to visit—and a little dreaming never hurt a soul... so just slide over behind the wheel. It's yours!

First, you'll just want to sit for awhile, with your hand on the slender, obedient wheel—and get a close-up view of the ingrained goodness that makes this car so unmistakably... the Standard of the World.

And then you turn the key, touch the soft-throated engine into action—and you're away.

The steering wheel all but reads your mind! The brakes are as soft as velvet, and immediate in their response! The road has become a boulevard—and the turns and lights seem so very close together!

And the soft, easy quietness of it all! You just sit and relax—in complete contentment—and the miles go by—and the miles go by... "Oh, how I wish this car were mine!"

Well, it's time, we think, to stop dreaming—and lend an ear to this: the lowest-priced Cadillac costs less to buy than certain models of numerous other makes of cars; it is so enduring that it will give a lifetime of service; and it is so economical that it actually approaches the low-priced popular cars in gasoline mileage.

Yes, it's time to go into action—and to make this car your own!

Howard Grubbs New Secretary Of SW Circuit

By HAROLD V. RATLIFF
AUSTIN, May 13, (AP)—The Southwest Conference Saturday named television as the governing body of the conference unless there is a sell-out crowd in advance for a football game.

Among other matters it reaffirmed the University of Arkansas as rough football play and appointed Howard Grubbs new executive secretary. Grubbs, athletic director of Texas Christian University, succeeds James H. Stewart, who resigned.

Recognizing the effect on attendance of television, the faculty committee, governing body of the conference, denied that a football game is shown a week in advance to be a sell-out or strong indications are that it will be. This, however, is up to the home school.

The committee, acting on an appeal from Arkansas officials for a new hearing in the case of the case involving the Texas Christian-Arkansas game of last fall, decided not to reopen the case. It did, however, appoint a committee of D. W. Williams of Texas A&M president of the conference, and Dr. H. E. Bray of Rice to confer with Arkansas officials relative to clarifying the meaning of the case issued in December.

The committee's statement was that Arkansas felt the character of John Barnhill, then coach of the team, had been questioned but the committee did not feel that was the case. Barnhill now is athletic director of Arkansas.

Grubbs was named executive secretary at a salary of \$9,000 a year, less than Stewart was paid. The latter has become vice-president and general manager of the State Fair of Texas. He will continue as secretary of the conference until Grubbs winds up his affairs at TCU.

Movies for television and news reels will be allowed but cannot be shown until Sunday at 6 p.m. following a football game. If either is not more than three minutes long they can be made without charge. If they run more than that they will be \$150 apiece.

The committee penalized Arkansas for five of its freshman basketball players participating in an AAU tournament against conference rules. The penalty is loss of a year's varsity eligibility but taking the attitude that it was not the fault of the players but of the coach, Presley Askew, the committee penalized Arkansas by forcing it to wait until Nov. 1 to start practice. The rule is Oct. 15, Askew said he did not knowingly violate the rule.

The conference declared an annual dividend from Cotton Bowl receipts of \$27,300, prorated among the seven schools.

Athletic directors of colleges with a chance at the football championship on Nov 15 will submit to the Cotton Bowl executive secretary (Grubbs) a list of three schools it will be willing to play in the Cotton Bowl if it should be the host team in the classic. The conference champion automatically gets this spot.

Dr. Williams, acting president of the conference since Dr. Robert A. Laffar of Arkansas resigned several months ago, was elected president for a two-year term. Dr. J. D. Bragg of Baylor was named vice president.

WITH .420 MARK Funderburk Paces Longhorn Hitters

One of the main reasons for the sudden comeback of the Ballings/Cats during the past week was the lusty hitting of its manager, Dutch Funderburk.

Funderburk, at completion of one month's play in the Longhorn baseball league, is leading the hit parade with a healthy .420 mark, according to averages in games through Wednesday, May 10, released by league statistician, Buck Francis.

Funderburk collected 12 hits during last week's play to hike his previous average 52 percentage points, from .368 to .420. Potato Pascual of Big Spring, who held the batting lead last week with .428, dropped below the .400 mark to .384, fifth among the regulars.

Tom Jordan, Roswell manager, retained the runner-up position although his average, too, plummeted. The Rocket skipper is hitting .404. Another club manager, Pat Stacey of Big Spring is in third place with .400.

Bob Crues, the slugging centerfielder for San Angelo, continues to lead the way in homers with 10. Leo Palmer of Odessa leads in triples with six while Jim Prince of Midland leads in doubles with 14. Kenny Jones of Midland tops the hit column with 46. Leo Eastham of Odessa replaced teammate Bill Corley in runs-batted-in with 37. Corley, the RBI leader the past two weeks, trails Eastham with 26.

In club batting, Big Spring's Broncs increased their average the past week to hold the top spot. Big Spring's .377 shades runner-up Roswell by 15 percentage points who is batting .322. Other .300 bracket hitters are San Angelo, .318, and Odessa, .313.

Al Sokolowski is the league's top winning pitcher. He has chalked up a 5-0 record. Ray Knoblauch and Kyllie Oretaga, both of Odessa are close behind with 4-0 records.

CLUB	W	L	Pct.
Big Spring	10	3	.769
San Angelo	9	4	.692

Bengals To Clash With Abilene Flock At 4:30 P. M. Here Today

Ynez Yanez and his Big Spring Tiger take on the Abilene Brown Eagles in an exhibition game beginning at 4:30 p. m. today in Tiger Park.

The Bengals will be after their second win in a little more than 24 hours. They humbled the Ackerly Eagles in Ackerly Saturday afternoon 13-4.

Joe (El Assassino) Flores may whirl today's game for the Big Springers.

LaMastock Perez was on the mound when the Tigers humbled Ackerly. It's sides rattling the War Birds with eight hits. Perez collected a triple and a single in the 14-hit Big Spring attack.

Flores had two doubles and a single for Big Spring while Hall paced Ackerly's offensive with three-baser and a single.

Ackerly broke loose for four runs to take a temporary lead in the third but the Tigers struck for five tallies in the fourth and led from there on down to the wire.

Bob Maxwell Attains Tournament Finals

Opposes Craig Over 36 Holes

COLORADO CITY, May 13—Bob Maxwell of Big Spring, one of the famous golfing twins who have been making links history for the past several years, moved into the finals of the first annual Colorado City invitational tournament here Saturday with a one up victory over the veteran E. C. Nix of Seminole.

Maxwell had defeated Red Watkins of Midland in the quarter-finals, one up on the 19th hole. Maxwell today will play Bill Craig, a Colorado City entry, over the 36-hole route.

Craig moved into the last round with a one up win over James Pritchett, also of Colorado City. Earlier, he had defeated Dilmus James, Abilene, one up on the 20th hole.

Pritchett advanced at the expense of Frank Freer of Lamesa, winning, 2 and 3.

In championship consolation, Hezlie Carson of San Angelo, turned back Pete McCurry, Colorado City, 4 and 3, to move into the finals. He will play John Grubb, Colorado City, over 18 holes today. Grubb subdued Blue Goodwin, Colorado City, 2 and 1, Saturday.

In first flight final, Ross Dixon, Jr., of Colorado City and Don Wallace of Colorado City will clash.

Dixon turned back Orville Carr of Colorado City, 2 and 1, while E. Proctor, Sweetwater, was losing to Wallace, 3 and 2.

Bob Grantland turned back John Hanson, Sweetwater, in first flight consolation final, 4 and 3. D. W. Cloud, Snyder, humbled John Auton, Colorado City, in second flight final, 5 and 3. Bill Harding, Colorado City, sidelined E. L. Burnett, Colorado City, 2 and 1, in second flight consolation final.

Davis To Start Cage Workouts Monday Night

Seven lettermen, three reserve numeral wearers and two squadmen from last season's squad will greet Coach Harold Davis when he begins HCJC basketball workouts at the high school gymnasium at 7 p. m. Monday.

Enough candidates will probably be on hand for three full teams. Davis said. The workouts will be limited to one week.

The monogram winners who will suit out again are Delmer Turner, Bill Fletcher, Melvin Norris, Harold Berry, Culin Grigby, Louis Stallings and B. B. Lees.

Ernest Potter, Moe Madison and Charley Simmons are the reserve lettermen back. Charley Wright and Bo Anderson, who were on last year's squad, will also return.

High school lads will come in from Louisiana, Brownwood, Midland, Forsan, Coahoma, Welch and Big Springs for trials, too.

Among the new faces Davis will work with is Max Shelley, a 6-foot 7-inch Louisiana youngster, who hails from the country around Drylake, home of Norris and Frank Dunn, regulars on last season's Jayhawk team.

Bill Moore, a 6-foot-4 lad who played with Howard Payne last winter, will also be out as will David Weaver of Midland, Richard Gilmore and Virgil Bennett, both of Forsan; Ed Dickson and Bill Bennett, both of Coahoma; Howard Jones, Harold Rosson, C. B. Harris, Wayne Brown and Floyd Martin, all of Big Spring, and about three Welch boys whose names could not be learned.

Yankees Trim Mackmen, 9-3

NEW YORK, May 13, (AP)—The New York Yankees celebrated Ed Barrow Day at Yankee Stadium today by lambasting the Philadelphia Athletics 9-3, behind the six-hit pitching of Vic Raschi and Bob Porterfield.

Barrow, former chief executive of the Yanks during the 1920 to 1945 era, received a plaque and bats autographed by all participants in an old timers game that preceded the regular game.

Barrow, who was in command when the Yanks won 14 of their 16 pennants, will be feted again at a banquet tonight.

The American league "old timers," composed of former Yanks, beat a group of former National league stars, 3-1 in two innings. The National leaguers were made up of players who faced the Yanks in the World Series from 1921 to 1943.

Once the regular game began, the Yanks wanted little time in sewing it up.

Middleground Is Withers Victim

NEW YORK, May 13, (AP)—Hill Prince, the flying gentleman from Virginia, hung it on the Kentucky Derby winner—Middleground—Saturday in the \$28,750 Withers mile at Belmont Park, and proved he'll be a tough number in the Preakness next week.

A crowd of 40,000 customers, who made Hill Prince and Eddie Arcaro the favorite, gave Chris Chenery's powerful bay colt a mighty cheer as he took command near the top of the stretch and romped home with something to spare.

Hill Prince, second choice in the derby at Louisville last week, blazed under the finish line in a sparkling 1:35 4-5, which tied the record for the stake first run in 1874.

Hill Prince bounced under the wire, his stubby tail flying, a length and one-half ahead of Middleground, while the King Ranch colt from Texas was four lengths on top of the third horse, Mrs. Andy Schuttlinger's Ferd. That's the way the crowd had bet 'em, with Middleground at 3-2 on the board, and Ferd 3-1. Hill Prince paid \$4.20, \$2.30 and \$2.10; Middleground \$2.30 and \$2.10, and Ferd, \$2.10.

Your Host, a California derby favorite, had been entered but was scratched. It was reported trainer Harry Daniels couldn't find a suitable jockey.

Cards Stop Reds

ST. LOUIS, May 13, (AP)—A single by pinch hitter Eddie Kazak in the seventh inning drove in two runs and gave the St. Louis Cardinals a 6-3 victory over the Cincinnati Reds in a loosely played game here tonight; Howard Pollet gained his third victory of the season, giving up 9 scattered hits.

Softball Card Lists 6 Games

Six games are on schedule this week in the YMCA softball league. The week's card lists double-headers for Tuesday, Thursday and Friday nights. All games will be played on the City park diamond.

The Tuesday schedule will send Coeden against Roundtop in the opener, set for 7:15 p. m., while Phillips 66 will tangle with Gener. at Geophysical in the nightcap at 9 p. m.

Roundtop will challenge the Wesley Methodists at 7:15 p. m. Thursday, the TP will meet McDonald Motor Co. at 9 p. m.

The Friday night games will find the same pairing originally set a week earlier but were postponed because of wet grounds. McDonald Motors will meet Wesley Methodist in the opener, and Roundtop will clash with General Geophysical in the afterpiece.

Pinch Hitters No Puzzle To Robin

PHILADELPHIA, May 13, (AP)—Pinch-hitters are just like sitting ducks to young Robin Roberts of the Philadelphia Phillies.

The 23-year-old right handed hurler has faced 12 of them in compiling a season's record of four victories and one defeat. Ten of them went down on strikes, and the other two failed to get the ball out of the infield.

Parrock On Job

OKLAHOMA CITY, May 12, (AP)—Doyle Parrock became athletic director of Oklahoma City University today.

Parrock has been OCU basketball coach the past three years and will continue to fill that job.

He succeeds Orville Tuttle, whose contract was not renewed after OCU decided to abandon football after last season.

Lamar Champion In City Track

HOUSTON, May 13, (AP)—With new City Conference champions now in the record books, only baseball remains on the 1949-1950 interscholastic League Athletic schedule.

Lamar High of Houston last night used a well balanced squad in winning the third annual City Conference track and field meet.

A few hours earlier San Antonio's Thomas Jefferson had dominated the conference tennis tournament and San Antonio and Houston schools divided top honors in golf.

Lamar, paced by 24-point man Larry Graham, collected 77 points to 54 for John Reagan (Houston), the defending champion, and 46 for Brackenridge (San Antonio). Three new records were established.

Robert Carson of Arlington Heights (Fort Worth) took a full second off the old 440-yard dash mark. His time was 49.4.

James Stewart of Fort Worth Tech ran against the old champion while setting a new mile run mark of 4:55. Joe Rodriguez, Coeider Tech (Dallas) who was clocked last year at 4:38.9, finished about seven yards behind Stewart.

Joe Villarreal, Reagan (Houston), took nine-tenths of a second off the half mile run as he turned in a 2:00.4.

Leopard Is Tops In League Meet

Leon Leopard of Big Spring staged one of his great performances in Abilene Saturday afternoon when he won high point honors in the annual Texas Conference track and field meet.

Leopard, a sophomore at Abilene Christian college, scored 113 points. He won the 440 yard run in 48.3 seconds, the half mile in 1:29.1 minutes and anchored the winning mile relay team, which covered the four laps in 3:21.8 minutes.

In addition, Leon ran anchor on the ACC sprint relay, which finished fourth in the 440 yard relay event.

Mustang Netter Wins Premium

AUSTIN, May 13, (AP)—Chick Harris and Jack Turpin of Rice Saturday won the tennis doubles championship of the Southwest Conference, beating Julian Oates and James Saunders of Texas in the final.

Harris and Turpin won 6-4, 6-1, 6-2.

In the singles championship played off this morning, Ken Crawford of Southern Methodist, the 1945 champion, beat Harris, the 1949 champion, 7-5, 6-3, 2-6, 6-0 for this year's title.

Polly Riley Wins

VIRGINIA BEACH, Va., May 13, (AP)—Stocky-built Polly Riley of Fort Worth, won the thirty-fifth annual championship of the Women's Southern Golf Association here Saturday by edging veteran Dorothy Kirby of Atlanta, 1 up, in a grueling 36-hole battle.

Yankees Trim Mackmen, 9-3

NEW YORK, May 13, (AP)—The New York Yankees celebrated Ed Barrow Day at Yankee Stadium today by lambasting the Philadelphia Athletics 9-3, behind the six-hit pitching of Vic Raschi and Bob Porterfield.

Barrow, former chief executive of the Yanks during the 1920 to 1945 era, received a plaque and bats autographed by all participants in an old timers game that preceded the regular game.

Barrow, who was in command when the Yanks won 14 of their 16 pennants, will be feted again at a banquet tonight.

The American league "old timers," composed of former Yanks, beat a group of former National league stars, 3-1 in two innings. The National leaguers were made up of players who faced the Yanks in the World Series from 1921 to 1943.

Once the regular game began, the Yanks wanted little time in sewing it up.

Brooklyn Beaten By Boston, 12-2

BROOKLYN, May 13, (AP)—Walker Cooper, Sid Gordon, Willard Marshall and Buddy Kerr, all former New York Giants, drove in eleven runs Saturday to lead the Boston Braves to a 12-2 triumph over the Brooklyn Dodgers.

Cooper drove in five runs on a three run homer, double and fly ball. Gordon also hit a homer as did rookie Brave outfielder Sam Jethroe.

Cards Stop Reds

ST. LOUIS, May 13, (AP)—A single by pinch hitter Eddie Kazak in the seventh inning drove in two runs and gave the St. Louis Cardinals a 6-3 victory over the Cincinnati Reds in a loosely played game here tonight; Howard Pollet gained his third victory of the season, giving up 9 scattered hits.

Softball Card Lists 6 Games

Six games are on schedule this week in the YMCA softball league. The week's card lists double-headers for Tuesday, Thursday and Friday nights. All games will be played on the City park diamond.

The Tuesday schedule will send Coeden against Roundtop in the opener, set for 7:15 p. m., while Phillips 66 will tangle with Gener. at Geophysical in the nightcap at 9 p. m.

Roundtop will challenge the Wesley Methodists at 7:15 p. m. Thursday, the TP will meet McDonald Motor Co. at 9 p. m.

The Friday night games will find the same pairing originally set a week earlier but were postponed because of wet grounds. McDonald Motors will meet Wesley Methodist in the opener, and Roundtop will clash with General Geophysical in the afterpiece.

Pinch Hitters No Puzzle To Robin

PHILADELPHIA, May 13, (AP)—Pinch-hitters are just like sitting ducks to young Robin Roberts of the Philadelphia Phillies.

The 23-year-old right handed hurler has faced 12 of them in compiling a season's record of four victories and one defeat. Ten of them went down on strikes, and the other two failed to get the ball out of the infield.

Parrock On Job

OKLAHOMA CITY, May 12, (AP)—Doyle Parrock became athletic director of Oklahoma City University today.

Parrock has been OCU basketball coach the past three years and will continue to fill that job.

He succeeds Orville Tuttle, whose contract was not renewed after OCU decided to abandon football after last season.

Lamar Champion In City Track

HOUSTON, May 13, (AP)—With new City Conference champions now in the record books, only baseball remains on the 1949-1950 interscholastic League Athletic schedule.

Lamar High of Houston last night used a well balanced squad in winning the third annual City Conference track and field meet.

A few hours earlier San Antonio's Thomas Jefferson had dominated the conference tennis tournament and San Antonio and Houston schools divided top honors in golf.

Lamar, paced by 24-point man Larry Graham, collected 77 points to 54 for John Reagan (Houston), the defending champion, and 46 for Brackenridge (San Antonio). Three new records were established.

Robert Carson of Arlington Heights (Fort Worth) took a full second off the old 440-yard dash mark. His time was 49.4.

James Stewart of Fort Worth Tech ran against the old champion while setting a new mile run mark of 4:55. Joe Rodriguez, Coeider Tech (Dallas) who was clocked last year at 4:38.9, finished about seven yards behind Stewart.

Joe Villarreal, Reagan (Houston), took nine-tenths of a second off the half mile run as he turned in a 2:00.4.

Leopard Is Tops In League Meet

Leon Leopard of Big Spring staged one of his great performances in Abilene Saturday afternoon when he won high point honors in the annual Texas Conference track and field meet.

Leopard, a sophomore at Abilene Christian college, scored 113 points. He won the 440 yard run in 48.3 seconds, the half mile in 1:29.1 minutes and anchored the winning mile relay team, which covered the four laps in 3:21.8 minutes.

Texas Wins S'west Track Team Crown

Five Standards Are Shattered

AUSTIN, May 13. (U)—The University of Texas returned to glory in Southwest Conference track and field Saturday, winning the championship by a margin of 17 points over Texas A&M, which had held the title for three straight years.

Five records fell before the onslaught of the finest field in cinder path history in the southwest with chunky Tom Cox of Rice and Flynn Charley Parker of Texas the standouts of a meet that did not go according to form.

It was supposed to be a gripping battle between A&M and Texas, but the latter jumped in front from the start with a record breaking 440-yard relay and went on to produce two of the marks hung up.

Parker running his last time for Texas, won the 100-yard dash for the first time and also took the 220 for the fourth straight time, and topped off his performance with a great anchor lap on the record-running sprint relay team. He was high point man with 11.4.

Cox, the tremendous Rice quarter-mile, set a new record of 46.9 in this event and ran a 47.4 anchor on the mile relay team that set a new mark of 3:14.3.

Bob Walters of Texas vied for top honors by winning the high jump with a leap of 6 feet, 8 1/2 inches, which not only was a new conference record but was the highest anybody has jumped in the nation this year. Walters also tied for first in the pole vault.

A tragic figure of the meet was J. D. Hampton, the Texas A&M distance star, who holds the conference records in the mile and two-mile. He was beaten in the mile by teammate Julian Herring by a yard and lost the two-mile by more than 100 yards to Jim Brown of Arkansas. In fact, Brown was third in the two-mile.

Brown's teammate, Jim West, was second 50 yards behind. Brown ran the event in 9:34.5, almost four seconds off the conference record of 9:30.7.

Texas scored 60 points, Texas A&M 43, Rice 32, Arkansas 20, Baylor nine, Southern Methodist seven and Texas Christian five.

The Texas 440-yard relay team of Floyd Rogers, Carl Mayes, Perry Samuels, Charley Parker, 4th mile, set by Pete Watkins of Texas A&M in 1947; 41.1, a tenth of a second under the record set by Texas in 1947.

Cox's time in the 440-yard dash bettered the conference record of 47.3 set by Ray Holbrook of Texas A&M last year.

Walters' jump bested the record of 6 feet, 7 1/2 inches set in 1945 by Pete Watkins of Texas A&M.

LEADS LONGHORNS—Charley Parker (above), star sprinter for the University of Texas, led the Longhorns to a team victory in the annual Southwest Conference track and field meet at Austin Saturday. Parker was high point man in the meet, winning the 100 and 220 yard dashes and was anchor man on the winning sprint relay team.

Charley Parker (above), star sprinter for the University of Texas, led the Longhorns to a team victory in the annual Southwest Conference track and field meet at Austin Saturday. Parker was high point man in the meet, winning the 100 and 220 yard dashes and was anchor man on the winning sprint relay team.

Southwest Track Summary

440-yard relay: 1-Texas (Floyd Rogers, Carl Mayes, Perry Samuels, Charley Parker); 2-Arkansas; 3-Baylor; 4-Texas A&M. Time 41.1 (New record—old record 41.3 set by Texas in 1947).

100-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 47.4.

220-yard dash: 1-Tom Cox, Rice; 2-Norman Price, Arkansas; 3-Bobby Dillon, Texas; 4-Bernard Place, Texas A&M. Time: 1:00.7.

400-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 1:00.7.

800-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 2:00.7.

1600-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 4:00.7.

3200-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 8:00.7.

6400-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 16:00.7.

12800-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 32:00.7.

25600-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 64:00.7.

51200-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 128:00.7.

102400-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 256:00.7.

204800-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 512:00.7.

409600-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 1024:00.7.

819200-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 2048:00.7.

1638400-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 4096:00.7.

3276800-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 8192:00.7.

6553600-yard dash: 1-Charley Parker, Texas; 2-Perry Samuels, Texas; 3-Carl Mayes, Texas; 4-Arthur Brown, Rice. Time: 16384:00.7.

Ballinger Bops Broncs, 12-7, In First Bout

BALLINGER, May 13.—Losing streak of the Big Spring Broncs mounted to four in a row as Ballinger drubbed the Howard county team, 12-7, here Friday night.

The Felices grabbed a 5-3 advantage in the initial inning and led from there on in, although the Cayuses pulled within one run of them in the sixth frame.

Ed Norton, never very successful against any other team in the Longhorn league, set the slumping Steeds down with seven hits.

Steele and Funderburk hit round trippers for Ballinger in the initial frame to set the home club on the way. Each had three hits, by the way, off Bert Baes, who went all the way on the pitching rubber for Big Spring.

Ballinger executed three double plays against the Broncs. On two occasions, it was Skipper Pat Stacey who bounded into the twin killings.

Ballinger executed three double plays against the Broncs. On two occasions, it was Skipper Pat Stacey who bounded into the twin killings.

LOOKING 'EM OVER ON HCJC FIELD

With Tommy Hart

Johnnie Jones, a baseball clown who works out of Oildale, Calif., will vie with the Big Spring and Sweetwater baseball clubs for attention at Steer Park here the night of May 27.

Jones signed a contract with Club President Al Aton to entertain the fans before and during the Longhorn league contest. A one-time Army staff sergeant, Johnnie entertained troops during the last war.

Jones made his fifth nation-wide tour last season, during which time he covered 26 states, presenting his routines before fans from California to New York. A one-time regular on the House of David baseball team, Johnnie had 57 months of army service and spent a lot of that time perfecting his act.

A native Oklahoman, John entered organized baseball 16 years ago, was an infielder in both the Evangeline and Texas leagues. His diamond career was halted by injuries.

His props include an oversized glove and bat, a pistol that fires blanks, several costume changes plus a natural ability guaranteed to entertain. Among his better acts is one where he baits the umpires. That always gets a laugh from such straight men as Harold Webb and Alex Monchak, so Jones should hit the laugh jackpot with it.

Dean Franks, a whale of a pitcher with Roswell last season, may be returned to the Rockets by Amarillo. He's been experiencing a poor season with that W-T-NM league club.

Ed McKay, another ex-Rocket, is playing second base regularly for Amarillo. University of Texas coaches will not let their pitchers run up the cover on a baseball before pitching it. They insist it weakens a pitcher's wrists to resort to such action, instead assign some infielder to the task.

Bob Brumley, who played the infield for the Alpine Cowboys (a semi-pro outfit) in 1948, is regular for the Louisville Colonels now. If you think Ballinger got off to an uncertain start in Longhorn league play, look at Little Rock of the Southern Association.

The Rabbits won only one of their first 23 games. If Jack Sparks, the Big Spring high school hurler, learns to pitch like he eats, he'll be another Bobby Feller. The young righthander ate eight hamburgers for lunch on a team trip to Lubbock recently.

Some of those who have seen them both play say Clivio's Pete Trabucco may better Bob by Fernandez's 1949 batting average, at which time the ex-Bronc was with Abilene. Fernandez's mark then was .403. Trabucco was with Clinton in the Class C

Central Association in '49, where he clubbed only .270 and batted in but 47 runs. C. B. Fisher, quite an athlete at Garden City high school, is salutatorian of his class with an average grade of 81. Tex Bradshaw, a native of Childress, Tex., has been named an assistant football coach at Britton high, Oklahoma. He attended college at Oklahoma City university.

J. P. Wood, who performed for the Detroit Tigers in 1942 and again in '43, is now playing semi-pro ball in Victoria, Texas. When one of Dick Wakefield's former teammates at Detroit heard he might quite baseball over a salary dispute with the Chicago White Sox, the athlete muttered: "What does he mean he's gonna quit. If he doesn't get what he wants He quit playing a long time ago..."

Hal Battle of Big Spring, assistant grid mentor at Snyder high school, has been picking up extra shekels driving a school bus there. Good as the ACC track and field team is this year, the Wildcats are due to be even stronger in 1951.

Coach Oliver Jackson is counting on getting a speedster from Colorado, another from California, in addition to Bobby Hawkins, the Lamess half miler. Cleone Russell, the HCJC speedster, may also wind up there. Shirley Robbins, the country club pro here, had to turn down an offer to be official starter of the West Texas Invitational golf tournament at Fort Worth.

The meet's dates (in June) conflict with those of the Big Spring Women's Country Club tourney.

JOHNNY JONES Works For Laughs

Tabbies Again Kayo Cayuses

BALLINGER, May 13.—The collapsible Big Spring Broncs edged nearer the Longhorn league cellar by dropping a 2-1 decision to the lowly Ballinger Cats here Saturday night.

Luis Gonzales pitched his heart out for Big Spring but his mates could do nothing with the offerings of Wally Waldendorfer, who set the once-proud Steeds down with six hits.

Ballinger scored the winning run in the fourth frame when Chuck Steele jarred the ball loose from Manny Junco at the plate. The umpire had already called Steele out when Junco dropped the ball.

Boonehead base running cost the Cayuses at least one run. The loss was Big Spring's fifth in a row. They limp home Monday to meet the same Ballinger club.

They play the Cats two games in Ballinger today.

They play the Cats two games in Ballinger today.

They play the Cats two games in Ballinger today.

They play the Cats two games in Ballinger today.

Bulldogs Play Welch Today

COAHOMA, May 13.—Coahomals youthful Bulldogs play host to the undefeated Welch team in a Tri-County baseball league game here this afternoon. Starting time of the engagement is 3 o'clock.

Welch is the favorite to cop the Tri-County title, having knocked over HCJC several weeks ago.

Coahoma has shown improvement in recent weeks but still has a long way to go, if it attains championship class.

Newhouser To Go Against Browns

DETROIT, May 13. (U)—Detroit Tiger fans got some good news today. Huberto ailing Hal Newhouser was named to pitch against the St. Louis Browns here Sunday.

It will be the first appearance of the 28-year-old left-hander who has been sidelined with a sore shoulder that cramped up in spring training.

Ackerly To Host Knott Contingent

ACKERLY, May 13.—Ackerly's Eagles host the Knott Hill Billies in an exhibition baseball game here this afternoon. Starting time is 3 o'clock.

Boone Bowlin or Junior Porter will probably turl for the home club.

Abilene, Broncs Exchange Frosh

Gabe Castinada rookie shortstop, has been sent to Abilene as a replacement for Ozlie Sants Cruz, an infielder ordered to report to Big Spring.

Santa Cruz, also a first year man who normally plays second base, was hitting .250 for Abilene when he left. He played his first game for Big Spring Friday night.

Miguel Martin, limited service pitcher who pitched one game for Big Spring, was optioned to Galveston of the Gulf Coast league Friday.

Bruins Humble Corsairs, 4-3

CHICAGO, May 13. (U)—The Chicago Cubs made it two straight over the Pittsburgh Pirates Saturday, 4 to 3, despite the fact they were outlived 13-4.

Frank Miller, making his starting debut for the Cubs, was the winner, although relieved in the eighth by Walt Dubiel. Cliff Chambers went the route for the Bucs and was tagged for the decisive tally on a two-run double by Hal Jeffcoat in the seventh.

Curt Simmons Times New York Giants

PHILADELPHIA, May 13. (U)—Curt Simmons, \$65,000 bonus pitcher, looked like a million dollars Saturday as he allowed only three singles in teasing the Philadelphia Phils to a 7-1 triumph over the New York Giants.

Home runs by Dick Stiler and Del Ennis were the big blows for the Phils who won their sixth straight victory.

Jayhawks, Snyder Collide At 2:30

HCJC's Jayhawks, scrapping for first place in Tri-County baseball league standings, challenge the Snyder Tri-Service Drilling company team on the college diamond here, starting at 2:30 o'clock today.

The Hawks have won but one of two games in circuit play but have been successful in four non-conference starts.

A. J. Cain is due to toil on the pitching mound for the Big Springers in today's engagement while Coach Harold Davis will hold Ernest Potter in relief.

The Lions from Scurry county battered Ackerly, 26-9, in their first league contest in Ackerly last Sunday.

Howard Sterling, skipper of the team, and Bill Thompson hit four-masters for the winners.

Williams Gains Batting Lead

Fred Williams is the W-T-NM league's new batting leader in games through Monday, May 8.

The Berger star has collected 23 hits in 44 official attempts for a robust .500 average.

Pete Trabucco of Clovis, last week's leader, slumped to sixth place among the regular players with a .443 average. Ed Carnett, Williams' team mate, is runnerup with a .456 mark, three per centage points in arrears.

Trabucco still leads in total hits with 35 while Lubbock's Mike Dooley and Don Moore, and Carnett have scored the most runs, 26 each.

Don Lewis and Crawford Howard, both of Amarillo, lead in runs batted in, with 29 each.

There will also be a ten-lap race, another over eight laps, another for six and an Australian Purcell race.

In the latter sprint, the cars line up one after the other. If an entry is passed, he has to drop out.

Cash prizes are in the offering for the winners. Local promoter is J. V. Anderson, who says he is planning to hold races here every Sunday.

The public, he adds, is invited to be on hand. Admission fee is nominal and children under 13 years of age are admitted free.

CAA Engineers To Talk Shop Here This Week

Civil Aeronautics Administration engineers from the Southwestern region will gather here this week to talk shop.

J. D. Church, West Texas district airport engineer, said that engineering staff members from approximately eight states would participate.

In addition, there will be about 15 from the regional offices in Fort Worth, and some five from the technical staff in Washington.

Sessions are set for Wednesday, Thursday and Friday at the American Legion hall. Church said that problems of airport design and administration of the federal aid program to airports would be discussed by engineers.

USES Steers Draw 30c Per Pound

All 48 steers put through the annual U. S. Experiment Station feeding tests here drew 30 cents a pound last week.

This figure, reported previously in a general news item, was confirmed by F. E. Keating, superintendent, on his return. The price was across the board for all the steers and set a record for selling price for animals during the 25-year history of the tests.

Carcasses graded remarkably a par with pre-slaughter estimates. Keating said there was little deviation from the classification which Roy Shepherd, representing the Texas Livestock Marketing association, put on the calves at the time of final weighing.

Erisman Named To Texas Judgeship

AUSTIN, May 13. (Sp.)—Resignation of Earl Roberts as judge of the 12th District Court, Gregg County, and appointment of Fred Erisman to Longview to replace him was announced today by Gov. Allan Shivers.

Erisman, former district attorney, was recommended for the judgeship by the Gregg County bar, Shivers said.

WINGS OVER BIG SPRING

Odd Object Puzzles Local Airport Men

Airport personnel puzzled Saturday over some object seen near a plane they had been watching in the sky. Several, who were watching a F-4, noticed some object which appeared to be "loafing along" 2,000 or 3,000 feet above the plane. Suddenly it sort of keeled over and then was gone.

Local airport and CAA officials were well pleased by the interest of the non-flying public in the "aeronautics familiarization" program given here Thursday by the Fourth Regional CAA staff from Fort Worth.

Capt. J. C. Vance, U. S. Marine Corps, brought his jet P-92 Gruman Panther down at the Munny port for an emergency landing Saturday afternoon. He was en route from Dallas to Tucson when the craft developed fuel pump trouble.

John L. Dibrell, Jr. Is Speaker For Forsen Service Club Meeting

FORSAN, May 13. (Sp.)—Judge John L. Dibrell, Jr. of Big Spring was guest speaker at the meeting of the Forsen Service club at the school cafeteria Thursday evening.

Mr. and Mrs. Johny Boles and Horace Dale visited relatives in Starr recently.

Mr. and Mrs. H. N. Boyd and children spent the week end in Bangs.

Mr. and Mrs. J. B. Gordon and daughter, Mrs. J. B. Gordon, are visiting in the home of Mr. and Mrs. Paul Gordon and Paula Sue.

Mr. and Mrs. M. J. Bearden and Ramsey were on a fishing trip in San Angelo during the week.

Mr. and Mrs. L. W. Longshore and Roy are spending the day in Sterling City.

Mr. and Mrs. Muriel Bailey and Muriel, Jr. visited in San Angelo Saturday.

Mr. and Mrs. W. B. Dunn and Wilma are visiting relatives in San Angelo.

Mr. B. R. Estes of Dallas is visiting in the home of Mr. and Mrs. Joe T. Holladay, Nan and Helen Jo.

Mr. and Mrs. G. O. Ham have as their week end guests, Mrs. Carl Stamford and Sue of Pecos, and Mrs. J. C. Aldridge, Glen and Jack of San Angelo.

University Faculty To Honor Lattimore

BALTIMORE, May 13. (Sp.)—Owen Lattimore will be guest of honor Tuesday at a dinner given by Johns Hopkins University faculty members to show they "solidly support him."

Lattimore is director of the Walter Hines Page School of International Relations at the university. He has been the central figure in the Senate investigation of charges that Communists have infiltrated the State Department.

Dr. George Boss, professor of history of philosophy, said the dinner was planned to show Lattimore "the faculty members solidly support him, and that the feeling is general that the attack on him is a more than a personal attack—it is an assault on free speech and academic freedom."

Two Millionth Car Of 1950 Is Rolling

DETROIT, May 13. (Sp.)—The auto industry this week rolled out its 2 millionth passenger car of 1950.

Thus it is approximately two weeks ahead of last year's record-breaking production rate. Car and truck lines are rolling at a pace that, if maintained through the year, would produce 7 million vehicles for 1950.

ORC To Provide Training Course

A special 15-day basic course at ORC recruit training camps will be provided for Organized Reserve Corps enlisted men with no prior military experience.

This plan, which makes more flexible the basic training program, is offered for those who cannot conveniently take the 12-week basic ORC course. It goes into effect June 1. More information may be had by inquiring of the local reserve unit, or by writing to the Texas Military district at Austin.

The special two-week period is designed to teach recruits to live and work with other soldiers and to understand them; to observe fundamental rules of military courtesy and discipline practice organization and teamwork; care for clothing and equipment; handle and fire rifle at field targets; employ military tactics and techniques.

Dallas Man Addresses Underwriters Meeting At Midland Saturday

A. R. Dalchau, Dallas, addressed the monthly meeting of Permian Basin Life Underwriters association in Midland Saturday.

J. W. Bowman, Lubbock, a regional director in the state association, also was a speaker.

Dalchau, assistant state manager of the O. Ben Cummings agency for Kansas City Life, had spent Friday here with Julia Boyce, local representative of the agency. Bowman is with the Public National Life company.

Attending the meeting from here were Dalton Mitchell, Herman McNabb and Miss Boyce.

Reynaud's Marriage Was 'Last Year'

PARIS, May 13. (Sp.)—Paul Reynaud, former premier and leading right wing member of the French National Assembly, was remarried "sometime last year," his office said today.

The office identified the bride as Miss. Christiane Mabire. During the war she was a member of the French resistance network. Reynaud is 71 his wife is many years younger.

Staleness Meter Help's Bakers

ST. LOUIS, May 13. (Sp.)—Housewives test the freshness of a loaf of bread by squeezing it. Now baking chemists have an intricate device that tests bread in the same manner to measure objectively the staleness and rate of staling of bread.

It is based on the weight of amount of mercury, running into a flask, to compress bread samples a certain amount. The machine is used in research to keep bread fresher longer. Some modified fats have been found that appear to retard staling by as much as 48 hours, Gariats said.

Frau Strauss Dies At Home In Germany

GARMISCH-PARTENKIRCHEN, Germany, May 13. (Sp.)—Frau Pauline Strauss, widow of the late German composer Richard Strauss, died at her home here today. Her husband died last September. German officials said Frau Strauss, 87, died of old age.

Ex-GOP Committee Chairman Is Dead

WASHINGTON, May 13. (Sp.)—Evanston Sanders, 68, former chairman of the Republican National Committee and secretary to President Calvin Coolidge, collapsed and died in his law office Friday.

An associate said Sanders was stricken at his desk and died almost instantly. The one-time Republican leader, who also served four terms as a U. S. representative from Indiana, had been suffering from a heart ailment.

Airlines Ask For Two Texas Routes

OKLAHOMA CITY, May 13. (Sp.)—Authority to operate four additional shuttle air routes—two in Texas—have been asked by the Civil Aeronautics Board by Central Airlines.

The proposed routes include: Oklahoma City to Chidress, Texas, via Norman, Chickasha, Duncan, Lawton, Wichita Falls, Frederick and Mangum.

Oklahoma City to Amarillo, Texas, via El Reno, Weatherford, Clinton, Elk City, Pampa, Texas, and Borger, Texas.

Lubricant Use Seen

BEACON, N. Y., May 13. (Sp.)—To study what happens to oils and greases in bearings, the Texas Company has developed a transparent plastic bearing. A red dye is mixed with the lubricant, so the lines of flow can be followed under different loads and speeds.

Plan Of Return Of Greek Children Not Satisfactory

ATHENS, Greece, May 13. (Sp.)—Foreign Minister under Secretary John Politis said today the details of Yugoslavia's proposed return of abducted Greek children are "not satisfactory" at this time.

The Greeks claim there are 12,000 children in Yugoslavia who were abducted during the recent civil war. Official Yugoslav figures place the total at only 9,000. Of these only 123 have been classified by Yugoslavia as being children of parents in Greece.

Politis said, however, that he hoped agreement in principle will be followed by close collaboration between Greek and Yugoslav representatives so that the way can be cleared for quick return of the children.

Solon Predicts Long Congress Session

WASHINGTON, May 13. (Sp.)—Rep. Elsworth (R-Or.) predicted today the present session of Congress will "continue well into August."

"This year most members would like an early adjournment not because of hot elections. My guess is the session will continue well into August."

Peace Day May 30

WASHINGTON, May 13. (Sp.)—The White House said today President Truman has signed a congressional resolution requesting him to issue a proclamation designating May 30, Memorial Day, as a day for a nationwide prayer for peace.

High Tariffs Here Make It Doubtful Europe Can Be Independent Of U.S.

By SAM DAWSON
AP Staff
NEW YORK, May 11. (AP)—How to get Europe's trade healthy enough to support America's need to export—without mangle our own industries—is a tough nut to crack. No matter how it's finally done, if ever, some one seems bound to get hurt.

Sen. Hudson Will Address TLM Meet Here

State Senator Hill Hudson, Pecos, is to be guest speaker at the regional Texas League of Municipalities meeting to be held in Big Spring Wednesday, City Manager H. W. Whitney announced Saturday.

Sen. Hudson will address delegates to the regional meeting at his luncheon here Wednesday. His talk will be part of an all-day program concerning "pressing problems facing area cities."

Some 150 representatives of 40 cities and towns within a radius of 100 miles of Big Spring have been invited to attend the TLM meeting, one of three being held in West Texas.

Discussions will center around the type of legislative program to be submitted by the TLM to the state legislature and forums will be held on various problems to be overcome in continued growth of the municipalities.

E. E. McAdams, executive TLM director, and C. C. Crutchfield, TLM's field consultant, will be on hand to assist with the program. Sessions will be held in the Municipal auditorium.

C-C Membership Group To Meet Monday Morning

The chamber of commerce membership committee and other interested members of the organization have been notified of a membership meet to be held at 9:30 a. m. Monday in the chamber office.

Local Guard Unit Passes Inspection With 'Good' Rating

Big Spring's National Guard unit, Battery B, 132nd Field Artillery, passed its annual Fourth Army ordnance inspection Friday with a rating of "good."

Five Local Men Return From FOE Meet At San Antonio

Five members of the local Eagle society have returned from San Antonio where they attended a FOE "Presidents' Meeting," slated for incoming executive heads of the various units.

With Ken Barnett, president-elect were Roy Bell, Pete Ellis, Jack Walker, and Dee Weatherly, members of the board of trustees. Barnett is to attend a school for officials in Galveston on May 18. He will succeed L. L. Miller on June 1.

doubtful that Europe can ever earn enough dollars to be independent of U. S. aid. To sustain a higher level of American exports and still close the dollar gap, Hoffman urges more European goods be imported—desirable for political, international, military and economic reasons.

But let's look at a case history of what happens to one small industry, mainstay of its community, when European goods pour in after unit prices are lowered below the point that Americans say they can compete. Doubtless the story is duplicated in many other industries and communities.

Here is what President H. W. Crawford says tariff cutting has done to the Stevens Linen Associates, Inc., of Dudley, Mass., makers of linen towels and toweling since 1948. It is, of course, only one side of the story; the industry is small compared with all of America's vast production; it employs only a handful of American workers. But in Dudley, when Stevens slows down, everyone gets hurt.

In 1947, when the tariff ranged from 30 to 20 per cent on the three classifications of imports which linen towels and toweling enter this country, Crawford says Stevens sold six million yards at \$1.7 million. The Geneva Tariff-cutting session lowered the duties to 40, 30 and 10 per cent on the three classifications. And in 1948 the company's sales fell to four million yards, valued at \$1.3 million. Imports that year had risen sharply.

Then in the fall of 1949 the British devalued their pound. In the next three months their linen sales to this country almost equalled the amount they had sent in the previous nine months, while their average unit price to jobbers here dropped to 28 cents from 30 1/2

cents before devaluation, and 41 cents in 1947, Crawford says. However, England wasn't the major threat, Crawford says that more than half of the total units imported in 1949 averaged less than 21 cents a unit to jobbers, and came from Belgium, Russia, Czechoslovakia and Japan. Russian prices dropped from an average of 40 cents a unit in 1947 to 20 cents in 1949, and this January went below 14 cents.

These towels, the Stevens Co. reports, are now retailing at 29 cents and less in American stores—a figure it says it cannot meet. (Stevens' product was averaging 39 cents a unit.)

Stevens' sales dropped as imports climbed. In 1949 sales were down to 3.2 million yards, valued at \$1.1 million, a decline of 2.1 million yards and \$600,000 from 1947. The factory's available capacity is four times 1949 production. The machinery can be used only for flax fiber fabrics, and much of it now stands idle. Crawford says unemployment in the community is spreading.

The price competition is not only a matter of lowered tariffs. As in so many American industries where labor costs are a high percentage of final price, the competition is blamed on lower pay rates abroad. Stevens says it pays male workers an average of \$1.21 an hour, and women workers \$1.10. It says that British linen workers average 33.2 cents for men, 20.1 cents for women, and little more than 15 cents an hour for boys and girls.

Japanese men linen workers get 9.91 cents an hour, and women 4.89 cents; Belgian men 35.6 cents an hour, and women 24.7 cents. Nearby Massachusetts towns largely depending upon one or two industries are facing the same conditions as Dudley, Crawford says.

Whitney Discusses Water Project At ABC Club Luncheon

Herbert Whitney, Big Spring city manager, discussed the Colorado River Municipal Water district, at a regular luncheon meeting of the American Business Club.

Whitney discussed the development of the water district since it was unofficially formed by Big Spring, Midland, Odessa, Snyder and Colorado City in 1947 with the district was officially set up by the state legislature in 1948. He stated that four directors from member towns of 5,000 or more population, would direct the district's activities. At the present time, said Whitney, only Odessa and Big Spring are taking official action in a water program. He discussed the proposed Colorado river project and urged his listeners to keep informed concerning the plan so that they will be able to take the proper stand when the program comes to a vote.

It was announced that the club will not meet next Friday, but will join other service clubs of the city in an Armed Service program to be held next Thursday noon in the Settles hotel.

Announcement was also made concerning the Howard County Junior college ground breaking which has been set for 5:30 p. m. Monday. A letter from the National ABC president, expressing appreciation for hospitality shown during a recent visit, was read.

MOTHER'S DAY

This is that one day of the year when Mother officially reigns as Queen. Whether Mother is a young woman having her first special Day, or "Mom" with one or more grade school "kids" under her care or a grandmother or a great or great-grandmother, today is her day.

In recognition of all Big Spring mothers, young and old, Radio Station KBST will present the city's oldest and youngest mothers in a special hour broadcast to be heard at 2 p. m. today. Pictured on this page are the two mothers, Mrs. D. M. Lovelace, 97, the oldest mother, and Mrs. Billy Whittington, 16, the youngest.

Mrs. Lovelace was born on February 18, 1853. She is the mother of four sons and four daughters, three of whom are living. They are Mrs. Zula Williams of Garden City; Riley Lovelace, 1808 Runnels; and Mrs. Effie Rogers, west of town. Mrs. Lovelace makes her home with Mrs. Rogers. There are also 18 grandchildren, 32 great-grandchildren and seven great-great grandchildren.

Riley Lovelace and Mrs. Rogers are shown with Mrs. Lovelace.

Mrs. Lovelace and her family moved to Garden City in 1886 and came to Big Spring shortly thereafter.

Mrs. Billy Whittington is the daughter of Mr. and Mrs. O. G. Milam of Big Spring. She was married on September 17, 1948. She was 16 years of age on April 28. Her daughter, Sonia Lynn, is seven months old. Whittington is employed at the Duncan Drilling Company. The family lives at 301 Abram.

The youngest and oldest mothers were named in a recent search directed by Radio Station KBST. They will be interviewed during the broadcast which will feature talks by Mayor G. W. Dabney and Dr. P. D. O'Brien and musical numbers by Mrs. Nell Frazier's ensemble and Mary Jane Hamilton. Mrs. Leslie Green will serve as the program accompanist.

(Photos by Culver)

Mrs. C. Hodges Is Honoree At Bridal Shower

Mrs. Charles Hodges was named honoree at a pink and blue shower held in the home of Mrs. Ted Hull, 114 Mount Vernon, Friday.

Hostesses were: Mrs. Roy Phillips, Mrs. Ted Phillips, Mrs. Truett Thomas and Mrs. Perry Hodges.

Guests were served from a refreshment table which was lighted by tapers held in crystal holders and centered with an arrangement of pink and white roses in a crystal bowl which was skirled in pink satin net. The table cloth was lace.

Games were played.

Refreshments were served to the following: Mrs. D. H. Wiley, Mrs. Billy Yater, Frances Cooper, Mrs. Ted Phillips, Mrs. Truett Thomas, Mrs. Miles Moore, Jr., Mrs. Bill Heney, Mrs. Roy Phillips, Mrs. J. W. Walker, Mrs. James Dennie, Mrs. H. D. Hodges, Mrs. Hollis Haddock, Mrs. Elmo Phillips, Mrs. Alice Riggs, Mrs. J. D. Jenkins, Mrs. J. E. Wood and Joyce, Mrs. J. W. Phillips, Mrs. Joe Williamson, Mrs. Earl Phillips, Mrs. Roy Skalkley, Mrs. Clara Bell Schattell, Mattie Mann, Mrs. Earl Reagan, Mrs. Ray Smith, Mrs. W. F. Shannon and Mrs. Ted Hull.

Annual Northwest Texas Methodist Conference Set Here On May 24-28

Big Spring Methodists will entertain the Northwest Texas Methodist conference for the third time since the conference's organization in 1910 when sessions open here at the First Methodist church at 10 a. m. Wednesday, May 24.

This is the first time for the local Methodists to entertain a spring conference. The 1927 and 1941 sessions were held here in November. But since 1947, the annual gathering has been held in the spring.

At this year's conference, early day Big Spring church history may be recalled when the retirement of the Rev. W. C. Hinds, former pastor here, is officially accepted. Hinds came to Big Spring in 1925 and was pastor during the building of a new \$150,000 church and the entertaining of the 1927 conference. As Big Springers prepare to entertain their third annual conference, they are found again in an even greater building campaign. For the than adequate facilities are being

years of Methodist Publishing House history. Dr. Smith will address the Friday night session.

The Rev. Robert E. Goodrich, Jr., pastor of the First Methodist church, Dallas, will be the conference preacher.

Ex-students of various colleges will have their customary "get-togethers" as follows: Texas Technological college, Lubbock, Thursday morning breakfast, Settles hotel; McMurry college, Abilene, Thursday night banquet, Settles hotel; Texas Wesleyan college, Fort Worth, Friday morning breakfast, Crawford hotel and; Southern Methodist university, Dallas, Friday night banquet, Settles hotel. The college affairs are open to all ex-students. Reservations may be made by calling the local First church office.

Other social events will include a tea which will be held Thursday from 2 to 5 p. m. in the home of Mrs. Cecil McDonald, and a ministers' wives luncheon at the Wesley church Saturday at 1 p. m.

Bishop Martin will open the conference with a devotional address to be delivered at 8:30 a. m. each day, with the exception of Wednesday when the conference officially opens at 10 a. m. with a communion service.

Dr. C. R. Hooton, chairman of the Board of Temperance of the Methodist church, will be the Saturday speaker. From Washington, D. C., Dr. Hooton is well-known in this conference, having served as pastor of the Parkview First church, as district superintendent of the Sweetwater district and as pastor of a number of other churches. He went to the national position after serving several years in Dallas and Oklahoma City churches.

Dr. Hubert Johnson of the Methodist Children's Home in Waco, will address the conference as well representatives from all Methodist colleges and universities in the state.

Glenn Flynn, chairman of the Methodist Student Work commission for Texas, will also speak. Dr. Flynn, who resides in Dallas, directs Wesley Foundation movements on state school campuses. He will probably call attention to two new foundation plants, one at Texas Technological College, Lubbock, and one at West Texas State College, Canyon.

An important feature of business session will be the current "Advance For Christ" program now See CONFERENCE, Pg. 1, Col. 5

Violin Concert Is Scheduled Tuesday Night

William A. Harrod, director of the Lubbock Symphony orchestra, will be presented in a violin concert here Tuesday at 8 p. m. The presentation is to be a guest night program of the local Music club and will be held in the Settles hotel.

Mrs. Everett Ellis To Present Recital

Mrs. Everett Ellis will present her music students in a piano recital in the First Methodist church Tuesday evening at 8 o'clock.

Those participating in the program will include Linda Lou Leonard, Carolyn Sewell, Luan Phillips, Sharon Croighton, Michael Jarratt, Patricia Thornton, Darlene Agee, Peki Langhery, Dwight Love, Brenda Gordon, Jo Ann Gordon, Marjorie Jane Claire, Fatsy Ann Clements and Nella Davis.

Juniors Entertain Seniors On Friday

"Hitch Your Wagon To A Star" was the theme when the Big Spring high school juniors entertained the high school seniors with a prom Friday evening in the Settles hotel. Bernie Glover and his band from San Angelo provided the music.

Head table decorations included a large wagon filled with flowers and blitchee to a silver star. Wagon wheels were also silver. Plate favors were small crepe paper wagons hitched to stars and the programs also carried out the wagon and star theme.

Ballroom lighting was a blue effect and a large star was the background for the band stand. Guests entered the room through a silver curtain decorated with stars. Blue and white streamers decorated the ceiling and cloud effects were in the room corners.

Program features also carried out the wagon and star theme. Amos Jones gave the invocation. Jackie Little presented "Wishing Stars." J. W. Drake was featured

Gorden G. Cordens Are Parents Of Son

Word has been received here concerning the arrival of a son in the home of Mr. and Mrs. Gorden G. Cordens of Wellington, Colorado. The boy weighs seven pounds. Mrs. Cordens is the former Louise McClenny.

Maternal grandparents are Mr. and Mrs. G. R. McClenny, 1014 Scurry; paternal grandparents are Mr. and Mrs. John Cordens of LaPorta, Colorado.

Mrs. Rube Ricker To Present Recital

GARDEN CITY, May 13. (Sp.)—Mrs. Rube Ricker will present her pupils in a piano recital in the school auditorium Monday at 8 o'clock. Four pianos will be used and various arrangements of duos, trios and quartets will be presented. Those appearing on the program will include Glen Joe Riley, Daris Cook, Doyle Little, Deanna Watkins, Patti and Shirley Coomer, Phyllis and Dorothy Durrant, Anne and Helen Gray, Connie and Kersey Scuday, Lynda Ballenger, Lynda Parsons, Sandra Wilkerson, Bonnetta Cox, Barbara Currie, Lue Low, Mrs. Dan Houston, Mrs. C. G. Parsons, Mrs. J. L. Parker, Mrs. Ira L. Watkins, Mrs. Joy Wilkerson and Mrs. C. M. Sparkman.

Recital Scheduled

Elsie Willis will present her piano pupils in a recital to be held at the First Baptist church at 8 p. m. Monday. Solo and ensemble numbers will be featured in the public program.

Mrs. W. J. Garrett will spend Mother's Day with her mother, Mrs. W. H. Bell in Robert Lee.

RIBBON RAMBLINGS

By Mildred Young

This column isn't exactly a want ad section, but we've had a few requests from some of our neighbors for a little aid and this seems as good a place as any.

For instance, we Methodists are having the Northwest Texas conference come May 24-28. Which means that a lot of people are going to be looking for a place to sleep on Wednesday, Thursday, Friday and Saturday nights. We'll be sending the extras home on Sunday afternoon.

Most of the hotels and tourist courts of the city have about reached their capacity and it seems that a good many people will have to depend on the hospitality of Big Springers for a place to stay. If you're a good Presbyterian, Baptist or anyone else who would like to help out with this situation, don't call us, but please call the First Methodist office.

While we're asking for things, the Business and Professional Women's club is sponsoring the opening of the Municipal swimming pool on Sunday, May 28. As most of you know, Miss Big Spring is to be chosen at this event. In order for Miss Big Spring to be chosen, of course, there must be some beauties enter the review. If you are interested in being a contestant in this annual review, please contact Betty Canning or any member of the Business and Professional Women's club. If you are a high school student, you might find it easier to contact Ruby Powers. But whoever you contact, do so immediately for programs must be printed and other details handled which can not be completed until contestants are known. Incidentally, there are a number of merchants looking for a model to sponsor.

Mr. and Mrs. Berbin Graves and family, and Mrs. Maggie Robison visited Mr. and Mrs. Roy Grissom and daughter in Fort Worth.

Mr. and Mrs. Edmund Tom and Rufus, Mr. and Mrs. R. N. Deavenport and Mrs. Cecil Davis have returned from Temple where Leslie Jean Tom underwent surgery.

Members of the sixth grade class were honored with a picnic at Cloverdale Monday. Those sponsoring the party were Mrs. Alvis Rogers, class teacher, Mrs. H. S. Blocker, Mrs. Walter Graves, Mrs. D. E. Dry, Elmer Mashburn, Mrs. Charles Parker, Mrs. Ola Clements, Mrs. Eugene Baugh, Mrs. R. Luthral and Mrs. W. Harrington.

Approximately 15 members attended the Scout meeting in the Methodist church Thursday evening. Junot Atchison, assistant scout master, presided during the session.

M. L. Nettles of Putnam visited Mr. and Mrs. Derwood Clardy during the week.

Mr. and Mrs. Tip Jones and Jo Ann were week end visitors in El Paso.

Mr. and Mrs. Albert Hartstack were recent guests in the home of Mr. and Mrs. Lewis Heuvel in Fort Worth.

Joyce M. Kilpatrick To Marry On June 4

Mr. and Mrs. J. W. Kilpatrick, Gall Route, announce the betrothal and approaching marriage of their daughter, Joyce Marie, to Carroll Putnam Choate, son of Mr. and Mrs. Melvin Choate, 2303 Goliad.

The Rev. Aisie H. Carleton, pastor of the First Methodist church, elect, will be the best man. Billie Gill will also attend the bridegroom-to-be. Robbie and Kenneth Yates of Snyder, niece and nephew of the bride-elect, will serve as candlelighters.

Miss Kilpatrick will graduate from Big Spring high school this year. Choate is a 1943 graduate of Big Spring high school and is employed with the Texaco company in Big Spring.

JOYCE M. KILPATRICK

will officiate at the informal, double ring ceremony to be read in the home of the bride-elect's brother, Winston Kilpatrick, Sunday, June 4, at 4 o'clock.

Melba Jenkins will serve as maid of honor and Nita Underwood will act as bridesmaid. George Choate, uncle of the bridegroom-

elect, will be the best man. Billie Gill will also attend the bridegroom-to-be. Robbie and Kenneth Yates of Snyder, niece and nephew of the bride-elect, will serve as candlelighters.

Miss Kilpatrick will graduate from Big Spring high school this year. Choate is a 1943 graduate of Big Spring high school and is employed with the Texaco company in Big Spring.

Wiener Roast Is Held On Friday

Members of the First Baptist Young People's department held a wiener roast at the scenic mountain pavilion.

Entertainment included games of horse shoes, washers, ring toss and bowling.

Attending were: Quepha Preston, Joe Kingston, Ruth Hobbs, Harold Gilliam, Lois Reagan, Jonel Neel, Melba Preston, Mary Felts, Dorothy Christian, Arnold Tonn, Gordon Rainey, Holly Byrd, Bo Anderson, Mr. and Mrs. Loy House, Mr. and Mrs. J. F. Jones, Loyette House, Elvin House and Jimmy Jones.

Mrs. C. D. Gregory of Los Angeles, California, is visiting in the home of her son and daughter-in-law, Mr. and Mrs. Jack Wallace.

Dress Revue Is Set Wednesday At Garden City

GARDEN CITY, May 13. (Sp1)—Members of the Home Economics department of the local high school will present a dress revue in the school auditorium Wednesday afternoon at 2:30 o'clock.

Prince Ricker will serve as narrator. Mrs. C. G. Parsons will play musical selections throughout the receiving hours. Judges for the event will be from Midland and Big Spring.

Girls participating in the revue will include Darla Ricker, Ruby Overton, George Rik, Barbara Currie, Doralee Schafer, Louise Adams, Lyndis Smith, Jenny Gandy, Lue Low, Ruby Venable, Iris Hahn, Johnny McHenry, Clara Halfmann, Marth Gillispie and Bonnetta Cox.

The safety course offered by the Shell Pipe line company was concluded Thursday evening, with 28 persons receiving certificates.

Leater Fisher, safety engineer, taught the course. Those receiving certificates were Mr. and Mrs. K. L. Gillespie, Martha, Mary and Don; Mr. and Mrs. H. A. Haynes and Lue, Mr. and Mrs. O. L. Rick, Georgia Lee and Tommy, Mr. and Mrs. W. K. Scuddry and Kerney Sue, Mrs. A. H. Self and Marjorie, Phyllis Durrant, the Rev. and Mrs. R. L. Bowman, Tom Scarborough, Jimmy McCoyuadale, Cal Pruett. Others taking the course were Sandra Wilkerson, Ann Mary Gray, Theora Claverly and Marion O'Bannon.

Mrs. C. M. Sparkman of Boerne is visiting her daughter, Mrs. Joy Wilkerson.

CAMPUS CHATTER

from HCJC—By Lois Reagan

Members of the student body are due to be on hand Monday at 5:30 for the historic occasion when ground will be broken for the new HCJC plant. Most of those in school now will be out by the time the buildings are complete, but they are extremely interested in the permanent home for HCJC. Ceremonies will be held at the corner of Eleventh Place and Birdwell Lane.

The annual HCJC freshman and sophomore banquet and dance will be held May 19 at the Settles hotel. Music for the affair is to be furnished by Berne Glover.

Dr. Robert L. Cowan, Wichita Falls, father of Margaret Cowan, HCJC librarian, is to be the baccalaureate speaker on May 28, at the First Baptist church. Dr. Cowan is past president of the ministers' association in Wichita Falls. Dr. C. C. Colvert, professor of junior college education at the University of Texas and past-president of the American Junior College association, is to be the commencement speaker on May 29.

A number of faculty members and students have gone out-of-town this week to be home on Mothers' Day.

There was no assembly Friday, but a few faculty members and students got together informally

during the lunch period and had a sing-song and a little, close harmony.

Several persons got their feet wet when none of the sprinkler system pipes went unexpectedly and mysteriously into action. There was quite a commotion.

Letters have gone out to many farmers and ranchers asking if they would be interested in a summer course in prospect at HCJC. It will include a study of livestock diseases, diagnosis and treatment.

The Flow and Hatter club met Friday to decide on next year's policies and activities. Bill Holbert, instructor, and Bill Sewell, president, are going to different schools near Big Spring and explain details about next year's agricultural program at HCJC. It is due to be bigger than ever.

East Fourth Adult Two Department Has Program, Tea On Friday Night

Mothers of the East Fourth Baptist church were honored with a tea and program by the members of the Adult Two department at the church Friday evening.

Mrs. B. M. Jarratt directed the program. Mrs. Dick Lytle, departmental superintendent, extended the welcome to the mothers and Mrs. James S. Parks presented a message to Mrs. A. J. Hillburn, the oldest mother present, and to Mrs. Wanda Collier, the youngest mother present.

The invocation was pronounced by Mrs. Lula Satterwhite. Mrs. R. J. Barton brought the devotional, "Honor Your Mother." Mrs. Mary Rayley gave a chalk talk, "The Lighted Home," accompanied by James Rayley who played the selection, "Home Sweet Home," on his steel guitar.

During the program Mrs. Barbara Lytle sang, "God Gave Me You," Mrs. Melva Ray and Florence Cass played a flute duet, "Beautiful Dreamer," and "Swing Low Sweet Chariot." Della Sue Reynolds gave the reading, "Easy On Husbands." Members of the girls' ensemble sang, "Blue Skies," and "Little Old Lady." Those in the ensemble include Shirley Riddle, Jimmie Bennett, Florence Cass,

Della Sue Reynolds, Melva Ray and Bula Cook. Mrs. Clyde Gafford gave the reading, "A Mother Answers." Gwen Gafford read the poem, "To Mother." Peggy Stringer sang the selection, "Wonderful Mother of Mine." The benediction was pronounced by Mrs. Melvin Ray, associate superintendent.

The reception rooms were decorated with arrangements of various colored roses flanked by a selection of old-fashioned ferns. The refreshment table was laid with a lace cloth over green, and centered with a basket arrangement of roses and butterflies. Miniature butterfiles were placed along the table top. Old-fashioned fans were presented as plate favors. Mrs. Mozelle Riddle and Mrs. Walker Bailey presided at the tea service.

Approximately 100 persons attended the affair.

Floyd-Barmore Rites To Be Read June 30

Muriel Floyd will become the bride of W. C. Barmore, Jr. on Friday, June 30, in the local First Baptist church. Dr. P. D. O'Brien, church pastor, will officiate at the semi-formal, double ring ceremony.

Miss Floyd is the daughter of Mrs. Quintie Floyd, 704 Gollad, Barmore is the son of Mrs. W. C. Barmore, Sr. of Bryan.

Miss Floyd graduated from Big Spring High school and attended Hardin-Simmons university, Abilene, for two years. She is now employed as a secretary in the local high school office.

Barmore is a graduate of Hearne High school and received his degree from the University of Texas in 1949. He is now employed at the Texas Electric Service company.

COSDEN CHATTER

Vacation Plans Get Attention At Refinery

The vacation schedule is no longer very dormant. Weeks-off are being chosen and vacation plans anticipated. Otto Peters Sr. is spending a week at home. V. A. Whittington is spending two weeks doing manual labor, we understand. Billie Barton is spending a week with her parents in Arista, New Mexico. George Phillips has gone fishing at Bryson, E. O. Wilkinson, J. R. Bennett, Hugh Nicolson and Wayne Johnston are taking vacations.

P. E. Witt and family are spending the weekend in Beeville, visiting Witt's brother, J. W. Witt. P. E. Witt's mother will remain for a month's visit. Mrs. and Mrs. J. H. Duval are in Abilene for Mother's Day. Leonard Blackwell is Fort Phantom Hill. Mrs. J. W. Burrell is spending the week-end in Fort Worth, and Joe thought he might go along. Alma Gollnick left Friday for a weekend in Fort Worth.

Capt. and Mrs. Frank Duley of Baltimore spent Thursday through Saturday with the Leslie Greens and their niece, Lynn Ann. Mrs. R. W. Brown and Floyce are visiting the Glen Browns. Mr. and Mrs. A. H. Alexander and Mike moved to Odessa last week. Mrs. Alexander is the former Sarah Kelley and was employed by Cosden.

Emby Kaye of Tulsa and Nelson Phillips Jr. of Dallas visited in the office last week.

Mrs. J. B. Hornell and her two daughters Pamela and Valeria Ruth from Wichita, Kansas, are visiting Mr. and Mrs. Dave Evans.

Joe Mac Montgomery and Allen Orr, students at Texas Tech in Lubbock, visited the refinery last Thursday.

George Grimes spent several days visiting the Wood River Refinery in Wood River, Illinois and the Globe Oil Refining Company at Lemont, Illinois. R. W. Thompson was in Dallas and Houston last week on a business trip.

A Dempster-dumpster has been purchased by the company. This is a truck with special attachments to improve materials handling in the refinery. It will move trash receptacles and small equipment, handle pipe and unload freight cars.

New refinery employees are Dwight McCann, Donnie Tubb, R. A. Sparks, Robert Lee Anderson, C. H. Drake, C. R. Frazier, Eldon Prater, James Bedwell and H. E. Griford.

Coahoma Methodist Woman's Society Meets In Home Of Mrs. R. D. Cramer

COAHOMA, May 13. (Sp)—Mrs. R. D. Cramer entertained the members of the Women's Society of Christian Service of the Methodist church in her home Monday afternoon. Mrs. Jim Meador offered the opening prayer. Mrs. J. Paul Eppier brought the program, "The World and the Church." Response scripture readings followed the program.

The next meeting will be held in the home of Mrs. M. E. Tindol. Refreshments were served to Mrs. Troy Roberts, Mrs. Jim Meador, Mrs. Willis Winters, Jr., Mrs. Mattie Ingram, Mrs. Edd Carpenter, Mrs. J. Paul Eppier, Mrs. Alfred Cates, Mrs. J. W. Wood, Patsy Harris and the hostess.

Mrs. Alvin Lay honored her daughter, Alice, with a party celebrating her 11th birthday anniversary Tuesday afternoon. Games and contrasts comprised the entertainment. Refreshments were served.

and gifts were displayed. Attending were Betty Jean Guthrie, Biddie Dadda, Sue Garrett, Brenda Abreg, Wanda Faye Anderson, Roma Lee Mays, Mary Lane Edwards, Eddie Merle Rogers and the honoree.

Mrs. C. A. Armstrong and Mrs. L. Rogers honored their children Sam Armstrong and Mary Rogers with a party in the Armstrong home Saturday evening. Games and contrasts provided the entertainment. Refreshments were served. Attending were Mattie Mae Johnson, Nan Welch, Beth Welch, Mackie Lee Brooks, Linda Rogers, Charlene Williams, Beverly Welf, Nell Tankersley, Robert Self, Jack Morrison, Darrell Robinson, Norman Spears, Jimmy Nell, Bob Layfield, Jimmy Spears, Skeet Williams, David Wyrick, Mrs. Armstrong, Mrs. Rogers, Mrs. W. T. Layfield and Mrs. C. C. Williams.

Birthday Party Is Given In Home Of "Bo" Anderson

To celebrate "Bo" Anderson's 20th birthday, several friends entertained at a surprise birthday party given Thursday evening at his home, 508 Bell. Hostesses were Mrs. Leon Cain and Mrs. Eva Anderson.

Games of canasta and forty-two were played. Those present were: Holly Bird, Hollis Yates, Gorman Rainey, Martha Eppier, Arnold Tomm, Jerry Bond, Quessa Preston, Virgil Cook, Dub Day, Dallas Wood, Anita Cate, Peggy Lamb, Bo Anderson.

Where to shop HELENS'S HINTS for what

SCUZE PLEASE... Can't move a muscle, I'm just too comfy. Scoot that lawn chair over in the shade and join me in a siesta. Ummm... it's so nice out here. In fact, I was just thinking when you drove up that of all the months in the year I'm partial to May and June. Snow cones taste better, and it kinda brings to mind early sippers and ball games, crisp cotton summer frocks and nice clean mornings that are fun to wake up with. Seems like the whole town buds out with the flowers about this time and things get humming in general for end-of-school activities, graduation, twilight weddings in June and summer vacations. Nearly every shopper I encountered this week was looking at gifts for graduates, buying the kiddos new togs for trips or selecting gifts for some bride-to-be. Gee Whilkens, the nice things they're buying...

COCK-A-DOODLE-DO. One bride I know has chosen the brightest set of breakfast pottery imaginable. It's California Provincial, an open stock collection at the Little Shop originated by Peppyrall Pottery. Colorful roosters strut across the assorted pieces which are done with a nutmeg background and are edged with gay little streaks of matching designs. There's the cutest coffee pot that resembles an oil can; matching salts and peppers, a bradded bread trunk and a gravy boat with spigot handle. You'll like her selection and the Little Shop's price tag.

AMONG HER WEDDING THINGS she'll need a casual bag for her wedding trip. I saw some dandies at Mc-Lady's Accessories. These alk shoulder bags are not only roomy as a two suter, but come in a good color assortment which includes platinum, cinnamon, navy, green and blonde red. There's a handy zippered pocket inside and the bags are curved for a comfortable fit at her side. The gold trim at the fastener is repeated in clever loops on the shoulder straps.

STARLIGHT SAPPHIRE sounded just a little high and mighty for a mattress—that is, until I tried out that heavenly hunk of rubber foam that makes an ordinary mattress feel like so many sacks of cement. These Foamex comfort clouds, made by Firestone, are on display at Elrod's Furniture store. There's four and one-half inches of balanced resiliency resting on a matching foundation of the finest materials available in box springs. I was surprised to learn they are not only fully guaranteed but are just about as economical as premium box springs and mattresses. To top off your comfort, Elrod's also have Playtex super-foam pillows with a "staggered core" construction for greater comfort.

FOR THE GRAD, THE BRIDE OR FAMILY Zales has a grand selection of colorful luggage to go with you anywhere. My picks are these three pieces in Samsontite: a train case with roomy pockets, silky, fallie lining and plastic cosmetic tray; the convertible for hats and shoes; and the elegant wardrobe case with enclosed hangers. Personally I liked the warm green shade with ivory leather trim, but Zales also have the various travelers in British tan, blue and brown. The slick surface doesn't scratch and can stand a terrific amount of weight.

SEAM IT UP YOURSELF! McCrory's selection of summer fabrics is as pretty as I have seen this season. Shop the end counter in the piece goods department for their real values in tissue gingham and chambrays. The gingham has lovely pastel hues while the chambrays take over in brilliant stripes and iridescent linen weaves with green and bronze tones for summer drapes in her living room. An excellent idea and an excellent buy at 69 cents per yard.

SNAPPY LITTLE CASUAL! A must for her trousseau is a darling little durable I discovered at Zack's of Marous. Adly tagged as 10's (in Gules), the one-piece satinetto cutie has a perky mandarin collar and is double stitched for sturdiness. Unique styling takes the wrap-around look out of this double-duty frock which wears well on the golf green, at the market or on downtown shopping sprees. There's a host of colors... Let's see—sea, gold, jet black, firecracker red and Danube blue. The price! \$14.95.

WOW! A TROPICAL TOUCH WITH A TERRIFIC WALLP: Lucille's Interior Decorators are doing unbelievable things with woven wood. I saw draw drapes made of slender wood veneer and the effect was wonderful. They tell me the newer trend in summer accompaniment for living rooms and dens centers around these tropical fibers which come in green, black, grey, red and white. There's natural thick basswood for floor mats, wall paneling in woven wood and heppok to cover the entire wall. The draw drapes, made to measure, are perfect with tropical prints in furniture coverings, and drapes over your windows, you can see out, but no one can peek in.

AT LAST! I FOUND IT!—A strapless bra that doesn't keep you guessing as to its capabilities! It's in Hemphill Weitz lingerie department. Perfected by Hunsinger, the lace pretty is fringed in tucked net and is pluck rimmed in matching white. Fingerting along the cup lines assures long wear and they're available in sizes 32 through 36 for \$3.99. For those plunging necklines and scanty swim suits, V-E-tic bras with elasticized backs are also available in good range of sizes at \$4.99.

BUILT-IN LIGHT: One of the most practical gift suggestions I know is an automatic mixer. Any bride would treasure the GE Mixer on display now at Hillburns Appliance company. Geared to 12 speeds, GE has a built-in light to show you how well your ingredients are blending, and there are three beaters to do the job in nothing flat. For stirring and beating at the stove, the mixer motor unit is portable and can be lifted from its stand. In gray and white with an attractive selector band, the appliance is retailing at \$34.95. (Compare the price with other mixers.)

FUN WITH YOUR SON: Who says it's difficult to find attractive, different clothes for little boys? Goodness, the sky's the limit. I took David, my young son, down to the Kid's shop for some new summer things, and I was in shopper's heaven. Snappy little sport shirts in tropicals, dots, checks and chambrays were in abundance, and looked so cute matched up with boxer shorts in almost any color and fabric you can think of. In sizes one through eight, they range in price from 79 cents to \$2.99.

BANG! BANG! YOU'VE GOT ME!—A soft little bang as the crowning glory to your hair-do, that is. Have you noticed just how good bangs are this season? Mrs. Ina McGowan, owner of the Settler beauty shop, was showing me the different ways mildly it swings her locks into froths of filmy illusion with just a hint of a bang, and I was particularly impressed with hair styles being featured now for younger girls. Preparing for graduation fun and frolic, the shop turned top priority are feathered bobs hugging the head with soft ruffled up ends and just a hint of bewitching bang. It's a good idea to look smart from head to toe for those end-of-school parties with a cool trim coiffure for summer doings ahead.

COOL MESH TO LET THE BREEZES IN: The J & K Shoe store has a brand new shipment of linen mesh casual shoes that will definitely lead in the summer shoe parade. In green, turf tan, admiral blue and red, these trim cuties are combined with white or natural linen mesh. My pick was a trim wedge with platform sole and criss-crossed bands of blue leather over the mesh toe. The linen is cleaned with a damp cloth and brightened with white polish. J & K's price is a modest \$6.95.

SALESMEN LOVE THEM, SURE! but I wanted to talk with a lady who owned a Philco refrigerator so I telephoned Mrs. Tracy Smith. She recently purchased the new 1950 model at Hester's Supply company, and is the most enthusiastic booster I've met. She told me frankly that when she went shopping for a new ice box, she hadn't planned to buy a Philco, but one look at the roomy freezer and specious storage space convinced her. The Smiths fill the freezer with a two week's meat supply and it's simple meals ahead. She says the adjustable shelves are a great advantage too since she can store quantities of milk and other tall jars.

CHELSEA CHINTZ! Remember last week I told you about Thorpe's exclusive line of Waterhouse wallpaper with matching fabrics. Well, this week I'd like to tell you the true story behind one of the prettier patterns, Chelsea Chintz. In the early 18th century when midlady traveled from Chelsea, Mass., to Boston, she carried a colorful hobo. Often to achieve a cheerful effect a cardboard box was covered with a gay wallpaper. Such a design is Chelsea, so called because it was found in that little New England village. It's interesting to note the color combination of this authentic pattern is very much in vogue today, evidence of the ability of the early American settlers to blend colors into harmonious creations. Thorpe has Chelsea in a variety of color combinations.

BEE IN YOUR BONNET! I found the handiest gadget in weeks at the Big Spring Hardware in the form of a Dor-O-Matic laundry hamper, and believe me you could use one on every closet door in your house. A touch of your hand and the laundry drops out of the self-emptying, self-wringing hamper which can be attached to the wall, in your pantry or even at the end of your cabinet. Mildew and odors are impossible because of the thousands of non-clog air vents built into the steel-ribbed catch-all. At \$3.99 you can't go wrong on two or three.

ANY YOUNG BRIDE-TO-BE is shopping conscious when she anticipates her own home and her own meal planning. With this in mind I checked Furr's Food store for the name behind the familiar "Food Club" brand. Buyers for Furr's check the larger canneries throughout the nation and purchase the select varieties for this concern. When there's Food Club on the label, you're selecting the best in tuna, fruits, vegetables, shortening, jellies and preserves, juices and a host of other foods hand picked for customers with quality in mind.

PLANTERS' PARADISE! Great Caesar, I've never seen such unique planters for potted plants as Furr's Flowers are now showing. The clever containers range from hanging bird cages to Chinese joy bowls in turquoise, lime, black and yellow. Her baroque hand collection features a lacy burra pulling at ivy crest, Pluto and his wagon, ducks, and brightly colored chicks. More reserved are the containers with hand-painted designs and crystal bowls with graceful greenery.

Marjorie Rainwater Will Present Piano Pupils In Afternoon Recital

Marjorie Rainwater will present her piano pupils in recital at the Adair Music company at 3:30 p.m. today.

Opening the program an ensemble composed of Sherry Coats, Sammy Sue McComb, Helen Faye Boyd, Franklin Williamson, Jerry Saunders, Tommy Sue Lovelace, Buddy White and Judy McCrary will present three selections, "Beautiful Sea," Schumann's arrangement of "Pat O'Rourke in Ireland" and "On Wings of Song."

Another group of three selections will be given by Jerry Brooks. They will include: "Yankee Doodle," Thompson's arrangement of "Song of the Volga Boatmen," and "Betty and Bill."

Lays Ann Glaser will present Thompson's arrangement of "Comin' Round The Mountain," "Little Buttercup," Gilbert and Sullivan, and "Short'nin Bread," a Southern song.

"Camping Out" and "Circus Parade" by Hopkins, will be given by Jonathan Carleton.

Judy McCrary will present "Waltzing Marionettes," Belmont, and "Lavender's Blue," arranged by Schaum.

Coahoma P-TA Completes Year

COAHOMA, May 13.—A summary of the year's work in the form of annual reports was featured at the final meeting of the Coahoma P-TA Thursday afternoon.

Mrs. C. H. DeVaney gave the "inspirational thoughts."

Mrs. Tom-Birkhead installed the new officers. They include: president, Mrs. Bill Bostick, vice president, Mrs. Burrell Cramer, secretary, Mrs. Paul Camp, and treasurer, Mrs. J. D. Spears.

Mrs. R. D. Cramer and Mrs. Burrell Cramer were hostesses to a social hour which followed the meeting.

Present were: Mrs. N. B. Hoover, Mrs. Paul Camp, Mrs. C. H. DeVaney, Mrs. Tom Birkhead, Mrs. W. A. Wilson, Mrs. G. T. Guthrie, Mrs. Bill Bostick, Mrs. Doug Newman, Mrs. R. D. Cramer, Mrs. Burrell Cramer, Mrs. Alfred Thieme, Mrs. C. D. Read and Mrs. Turner, W. A. Wilson, M. R. Turner and C. H. DeVaney.

Birthday Party Set

Big Spring First Presbyterian Women-of-the-Church will join Presbyterians, U.S. church women from Maryland to New Mexico and from Missouri to Florida, in the annual birthday party for the organization.

Mrs. Elvis McCrary and Mrs. Pete McDaniel will be in charge of arrangements for the local anniversary program which will be held at the church Monday at 3 p.m. Mrs. A. B. Brown will give the devotional.

A birthday offering will be taken at observances throughout the church. The offering usually averages around \$150,000. The Mexican Boys school at Kingsville will receive \$60,000 of the offering and the remainder will go to the Presbyterian student work on state school campuses. This work was begun at the University of Texas in 1899.

Colleges located at Lubbock, Kingsville, San Marcos, Commerce, Denton, Huntsville, the University of Houston, the University of Texas and Tiltonson (colored) college, Austin are included in the program.

Betty Franklin Entertains Club

Betty Franklin entertained the members of the Happy Stitches club in her home, 1105 Austin, Thursday afternoon.

Zelda Abbe will serve as the next hostess. The club will meet in the City Park Thursday afternoon at 2 o'clock.

Attending were Della Jean Cooper, Chloe Pearce, Roberta Sady, Joyce Johnson, Bennie Daugherty, Polly Sundry, Zelda Abbe, Betty Franklin and guests, Helen Allen and Opal Barr.

Jamie Bilbo will attend the reunion of the 1945 graduating class in Robert Lee this week end. While there, she will also visit her parents, Mr. and Mrs. A. J. Bilbo.

Dorothy Jean Long To Marry On May 21

The engagement and approaching marriage of Dorothy Jean Long to Cherry Melton Allgood has been announced by Mr. and Mrs. Cecil R. Long. The bridegroom-to-be is the son of Mr. and Mrs. W. E. Allgood of San Miguel, Calif.

Double ring nuptial vows will be read for the couple in the home of Mrs. Charlie Cravens of Stanton Sunday, May 21. The ceremony will be informal.

Miss Long is a graduate of Foran high school and is employed as bookkeeper at the Lomax Mill. Allgood graduated from San Miguel high school and is now associated with the International company at Stanton. He served four years with the United States Coast Guard.

CONFERENCE

In progress throughout the Methodist church, Dr. H. I. Robinson, pastor of the First Methodist church, Lubbock, will direct the presentation of this program and will probably be assisted by several conference speakers.

To interest of local citizens will be the ordination of directors of religious education. Lucile Hester, who is the local First church director, will be ordained at the service which is scheduled for Saturday morning.

Ordination of deacons and elders will precede the reading of pastoral appointments on Sunday afternoon, May 28.

Ray H. Nichols, National Methodist Laymen president and Northwest Texas conference lay leader, will be in charge of the laymen's hour to be held at 10:30 a. m. Friday. The lay board dinner will be held Thursday.

Various boards and commissions will have special dinners and meetings throughout the conference.

Purposes of the conference will be achieved in the informational and inspirational features, in reviewing the results of the past year's work and in projecting plans for the coming year.

Groundwork for the business of the conference was laid at the meeting of Bishop Martin and the district superintendents with board and committee leaders at Plainview last Monday. Final preparations for the conference will be made by the Bishop and other officials in meetings here Tuesday, May 23. A cabinet meeting is also scheduled for that day.

Nine district superintendents compose the cabinet. They include: H. C. Smith, Abilene, a former Big Spring pastor, E. D. Landreth, Amarillo, W. E. Hamilton, Clarendon, J. O. Haynes, Lubbock, another former pastor here and the father of Mrs. R. W. Thompson, R. L. Kirk, Perryton, Marvin L. Boyd, Plainview, J. H. Crawford, Stamford, O. P. Clark, Sweetwater, and T. M. Johnson, Vernon.

The six-year term of Landreth will expire and Bishop Martin will appoint a new superintendent to the Amarillo district. Under church ruling, district superintendents do not hold office more than six consecutive years.

Regular sessions will be held in the First Methodist church with the exception of the Sunday morning and afternoon sessions which will be held in the municipal auditorium.

The Crinoline Girl

This dainty chair set is worked in filet crochet with an old fashioned girl as the center motif. Pattern No. 1062 contains complete instructions.

Patterns Are 20c Each

An extra 15 cents will bring you the Needlework Book which shows a wide variety of other designs for knitting, crocheting and embroidery; also quilts, dolls, etc. Free patterns are included in book.

Send orders, with proper remittance in coin, to Needlework Bureau, Big Spring Herald, Box 229, Madison Square Station, New York, N. Y.

WHY STARVE TO TAKE OFF FAT?

When you buy Barocrate, you buy a preparation for taking off weight. You do not buy a protein diet. Barocrate is not a vitamin tablet to fortify you against weakness while on a starvation diet. You need never know a hungry moment, while reducing with Barocrate. It contains no harmful drugs, but does contain ingredients to make you feel better.

Barocrate when mixed with grapefruit juice does this: First, cuts down your desire for sweets and fatty foods, but you do not have to FORCE yourself. Barocrate takes care of your DESIRE. Second, dehydrates and eliminates, so that water is carried away—without the melting fat. At the same time you feel better, more power, more alert, but never starved or hungry.

NO STARVATION DIET

"I have taken lots of medicine, but none to compare with Barocrate. It's true. I lost 100 pounds in 3 weeks and no starvation diet." Bryant, Mrs. J. B. Blalock, Route 3, Box 50, Elwood, Texas.

LOST 24 POUNDS

"I am writing you just to say I think Barocrate is a wonderful medicine. I have tried so many other things and all failed. I weighed 152 pounds when I started to take Barocrate. I now weigh 128." Eugene Neal Harrow, Archer City, Texas.

Eyes Of A Free World Are Looking With Hope At London Conference

The eyes of the free world watched hopefully this week as United States Secretary of State Dean Acheson met in Paris and then London, with British Foreign Minister Ernest Bevin and French Foreign Minister Robert Schuman.

Among the first moves made in the direction of unifying Western European resources against the imposing Iron Curtain array was a call by France for pooling of coal and steel in the rich France and industrial Ruhr of Germany.

State news in the spotlight appears to be the capture in San Angelo of John Irvin Harfield, 21, who was arrested for the robbery of the City National Bank at Mineral Wells last week.

ATTRACTION AT RITZ

Grable's Singing, Dancing Stressed In 'Wabash Avenue'

No ifs and ends about it, the studio says, "Wabash Avenue," is a picture designed to display to full advantage Betty Grable's chief charms. A couple of mistakes were made in casting in Grable in some prominent roles that called for a big wardrobe. "Wabash Avenue" is different. It puts Betty in a full-score singing-dancing role, and her famous gams are twinkling in plenty of scenes. The picture is at the Ritz today

and Monday. Victor Mature and Phil Harris are other featured players, and the story is a new adaptation of an earlier Grable hit, "Coney Island." The story of "Wabash Avenue" revolves around the adventures of a Chicago dance hall queen, who is pursued by Mature and Harris as rival swain, with the climax of the picture coming during the great Columbia Exposition of 1903. Both of the boys are aided and abetted in their plotting by Reg-

nald Gardiner and James Barton. "Wabash Avenue" is filled with plush production numbers topped off with spectacular costuming and tunes old and new. Among the old time songs are "Shimmy Like My Sister Kate," "Honeyman," "Floating Down The Old Green River," and "Walking Along With Billy." The top songwriting team of Mack Gordon and Joseph Myrow has come up with five great new hits: "Baby, Won't You Say You Love Me," "Wilhelmina," "May I Tempt You With A Big Red Rose Apple?," "Down On Wabash Avenue," and "Clean Up Chicago."

DANCE HALL PEOPLE — Reginald Gardiner and Victor Mature make a call on Betty Grable in this scene from the Technicolor "Wabash Avenue," at the Ritz today and Monday. It's all about a dance hall queen and some guys who scrap for her attentions. Miss Grable is given generous film footage for song-and-dance numbers.

DON FRANKLIN SHOWS

CLEANEST SHOW IN TEXAS

OPENING MONDAY

MAY 15TH

Continues Thru Saturday

Located on the west Highway 80 show grounds. New, modern riding devices, clean shows of merit and legitimate merchandise concessions. This is the same clean show that played Big Spring the last week in July, 1949. We operate no objectionable shows or games, a show for the ladies and children. Good clean fun for every one. Follow the beam of the giant searchlight to the west highway 80 show grounds.

ALL NEXT WEEK

Civil War Is Background For Dramatic Film

A pinch of history is thrown in with heavier ingredients of action and thrills in "The Eagle And The Hawk," playing the last three days of the week at the Ritz theatre.

John Payne, Rhonda Fleming and Dennis O'Keefe head the cast. The story stacks up as moving melodrama with a background of Civil War spying. The picture is in Technicolor. Payne is a Texas ranger, loyal to the South, naturally, who is sent by the governor of the state to escort a Yankee spy across the Mexican border where Frank Faylen is smuggling arms for an eventual French coup d'etat in Texas.

Faylen's daughter, Miss Fleming, is helping her father, and a Mexican, Thomas Gomez, is the innocent dupe unaware of the French plot. Payne, disliking his mission but working with O'Keefe under orders, becomes involved in helping him and enters the fray when he becomes convinced the future of Texas is at stake. In an exciting climax, O'Keefe rescues Payne from almost certain death after being tied spread-eagle to two wild horses and dies himself just as the mission is about to be accomplished. Payne convinces Gomez of Faylen's perfidy, and the latter dies after being cornered in a chase on top of a mountain.

Greenlee, Rodgers and Adams Attorneys at Law LESTER BUILDING Phone 2178

TROUBLE WITH UNCLE SAM — A rare comedy of a rookie's war trials is presented in "When Willie Comes Marching Home," in which Dan Dailey and Corinne Calvert are co-starred. The picture is at the Terrace Drive-In Tuesday and Wednesday.

DRAMA WITH HISTORY — A background of Civil War spying is provided for the adventure melodrama, "The Eagle and the Hawk," at the Ritz for three days beginning Thursday, Dennis O'Keefe, John Payne and Rhonda Fleming are the principals.

HIGHLIGHTS ON KBST Special Program Honors Mothers

Mothers will be honored on the radio on their special day today, the tribute being directed through the city's oldest and youngest mother. Interviews with Mrs. D. M. Lovelace, 97 last February 18, and with Mrs. Billy Whittington, 15 on April 28, will feature an hour-long program over KBST, beginning at 2 p. m. Each will be presented with a variety of special gifts from various Big Spring business houses. Speakers on the program will be Mayor G. W. Dabney and Dr. P. D. O'Brien, and music will be furnished by Mrs. Nell Frazier's girls' chorus and by Miss Mary Jane Hamilton. Mrs. Helen Green will be accompanist.

"GREATEST STORY" "He that Will Save His Life" is the Biblical dramatization to be presented on KBST today at 4:30 p. m. on "The Greatest Story Ever Told."

The story, a tense and absorbing drama about Gallileus who slip through the mountains passes in the middle of the night to escape the tyranny of the Syrian King-centers around Elisha. Paradoxically, Elisha, who is good and generous in his relations with others, even to the extent of risking his own life to lead others to safety, tells Peter that the Master's teachings are intended for spirits more gentle than his. However, during a particularly dangerous trek through the dark mountain pass, Samuel, an old man and one of Elisha's small party, falls out. Through Elisha's persuasion he is not only encouraged to get on but also to carry a small child. It is then Elisha begins to understand the power given to us when we give ourselves to help others.

"TOWN MEETING" In conjunction with the 17th biennial convention of the Amalgamated Clothing Workers of America, ABC's radio forum, America's Town Meeting, will be broadcast from Cleveland on Tuesday, May 16. The program is on KBST at 8 p. m. A representative of business and one of government will be the chief speakers on the program which will take up the question, "To What Extent is Government Responsible for Social Welfare?" Speakers will be Rep. Andrew J. Stemler (D-Wis), member of the House Interstate and Foreign Commerce Committee, and W. W. Vandeventer, director of Ashland Oil and Refining Corp. and chairman of the Committee for a Manpower Survey of the Entire Petroleum Industry (requested by the National Security Resources Board).

IN SUSPENSE DRAMA — Barbara Stanwyck and Wendell Corey are co-starred in a thrill story, "Thelma Jordan." The drama is at the Ritz theatre Tuesday and Wednesday of this week.

BARBARA STANWYCK STARRED IN THRILL STORY, 'THELMA JORDON'

Heralded as a top suspense thriller and featuring a veteran in the suspense business—Barbara Stanwyck—"Thelma Jordan" is the Tuesday-Wednesday attraction at the Ritz theatre. Wendell Corey is co-starred with Miss Stanwyck. A crisply-paced blend of mystery and romance with the unorthodox predominant in both, according to advance reports, the film is thoroughly adult in every respect. Briefly the story deals with the strange relationship that exists between a lawyer, his wife and a lovely woman who is charged with a horrible murder.

Barbara Stanwyck was a natural selection for the dynamic title role of "Thelma Jordan," having proved many times over and most recently in "Sorry, Wrong Number" that she is a dramatic actress of great stature. As the woman under suspicion of murder, she is said to give one of her finest screen portrayals. Preview critics heaped similar praise on Wendell Corey, the lawyer, who has his first starring role in "Thelma Jordan." The tall, handsome actor seems destined to become one of Hollywood's top names, observers agree.

Audie Murphy Tries Role Of Billy The Kid

Another of the stories dealing with the fabulous career of Billy The Kid is "The Kid From Texas," featured today and Monday at the Lyric theatre. Audie Murphy, the Texas lad who was the most-decorated hero of World War II, has the title role in this picture which was produced by a Texan, Paul Short. Others in the cast are Gale Storm, Albert Dekker, William Talmann, Frank Wilcox and Robert Barrat. The story bears down on action, showing Billy as a genius with the guns.

The story opens with William Bonney, better known as Billy the Kid, becoming involved in the notorious Lincoln county range war of the late '70s and losing his heart to the lovely Gale Storm, who is the young bride of the middle-aged Albert Dekker. Billy's unrequited love never comes close to fruition in the story, and his eventual realization that Gale's world can never be his, leads to his death before the gun of Sheriff Pat Garrett, played by Frank Wilcox.

Community Hostess Welcomes Families

During the past week, Mrs. Jimmie Mason, community hostess, visited and welcomed 13 newcomers who have established residences here.

Mr. and Mrs. Carl E. Souders are making their home at 1104 1/2 11th Place. They are from Houston. He is employed as a refinery inspector for the West Texas area with the Universal Oil Products.

The newcomers at 2000 W. 3rd are Mr. and Mrs. J. B. Kilman and daughter, Sheryl Lynn, 17 months. They come here from De Ridder, La. He is employed as a roughneck for the H&S drilling company.

Mr. and Mrs. Jesse Prudum have made their home at 1107 W. Third, No. Two. Formerly of Villa Plata, La., he is a derrick man for the H&S drilling company.

Mr. and Mrs. Walter Schott of Lubbock are now living at the King Apartments No. 21. She is employed as a secretary in the engineer's office at the Veterans hospital, while he is associated with the Bayard Oil Well Supply company.

Mr. and Mrs. John Roach moved to 1107 W. Third from Sherman. He is an engineer at the disposal plant and Mrs. Roach is employed at the Rogers Food Market No. One.

Formerly of Seminole, Mr. and Mrs. Bill Davis have made their home at the Hitching Post Trailer courts. He is employed as a tool-pusher for the H. Briggs Seismograph company.

Mr. and Mrs. Jake Parker have made their home at 404 Virginia Avenue. The Parkers are from Sterling City and have three children, Mozelle, 13, J. E., ten and Lyndon, eight. He is a tool pusher for the Fred M. Manning drilling company.

Mr. and Mrs. Eddie Landry side at the Big Spring Motel No. four. He is employed as a motorman for the H&S drilling company. They are from Jennings, La.

Mr. and Mrs. William Ickes and Walter 13, are the new residents at the King Apartments No. Six. They are from Detroit, Mich. Ickes is a partner in the Club cafe.

Mrs. Myra Broadwell and daughter, Paula, two, are residing at the King Apartments No. Two. Mrs. Jessie King is making her home with them. Mrs. Broadwell is from Kirksville, Mo. and is a former resident of this city.

Mrs. Howard Swanson and son, Howard, are residing at the Hitching Post Trailer courts. Formerly of Pennsylvania, Howard is

attending school at Howard County Junior college.

Mr. and Mrs. Arthur James of Perry, Okla. are making their home at the Hitching Post Trailer courts. He is employed with the H. Briggs Seismograph company as a driller. She is employed at the Eason Nursery.

Mr. and Mrs. Vernon Holley are the new residents at 304 Maple. They have three children, Mary Katherine, Carolyn Joyce and Dennis. He is employed with a local oil company. The Holleys moved here from Andrews.

District Meet Set

Local First Christian Youth Fellowship members will be hosts and hostesses today from 3:30 to 5:30 p. m. to a district pre-conference rally. The meeting is in preparation for the Young Peoples Summer Conference to be held at Lake Brownwood from June 4-10.

Today's program will have three divisions: worship, business and recreation. The Rev. John Hughes, Colorado City, district leader of young peoples work, will direct the program.

Midland, Colorado City, Sweetwater, San Angelo, Mertzon and Snyder Christian churches will be represented at the meeting.

Art Study Club Meets On Friday

Members of the Art Study club met in the home of Mrs. Ira Raley, 809 East 15th, Friday.

The program featured the presentation of John Gnaagy's drawings by Mrs. Ray Coffee, and a discussion of floral arrangements by Mrs. Ira Raley.

Yearbooks and scrapbooks were discussed.

Mrs. Robert Satterwhite was named as hostess for the next club meeting.

Attending were: Mrs. Ray Coffee, Mrs. W. D. Green, Mrs. E. H. Hoppel, Mrs. Dick O'Brien, Mrs. Alton Underwood, Mrs. Ira Raley and Mrs. John Chaney.

BY AL CAPP

IF WE DON'T PAY OUR BACK TAXES—DOGPATCH WILL BE MADE INTO A GOVAMINT OWL SANCTUARY!!—IT COMES TO (SOB!!) \$20,000!!—

\$20,000—?—?—WHY THASS EXACTLY TH' WINNER'S PURSE IN TH' SOUTHERN HANDICAP!! WISH'T WE HAD A FAST HOSS T' ENTER—

I WON THE TROJAN HANDICAP!! BEAT PEGASUS BY TWELVE LENGTHS!!

YOU DOGPATCHERS HAVE BEEN NICE ENOUGH TO BELIEVE THAT I (CHUCKLE!!) REALLY EXIST— SO YOU MAY ENTER ME IN THE RACE!!

THE RULES SAYS— ALL ENTRIES GOTTA BE OVER THREE YARS OLD—AN' YO' SHORE IS, SAM— AN' THEY GOTTA HAVE FOUR HOOFS!! IT DON'T SAY, NOWHAR, THET TH' JOCKEY CAINT BE PART O' TH' HOSS!!

SAM IS GONNA WIN TH' SOUTHERN HANDICAP FO' US!!

DOGPATCH IS SAVED!!

THEM OWLS BETTER LOOK ELSEWHAR FOR A SANCTUARY!!

GOOD LUCK SAM!! TH' HOSS T'ER CRITTER WHAT'S GOIN TO SAVE US!!

WE'LL BE BACK WITH THE TWENTY THOUSAND BEFORE YOU CAN SAY 'PRAXITELES PICKED A PECK OF PICKLED PEPPERS!!'

I'M NOT GOING TO DRIVE ANY MORE TODAY— IN FACT— I DON'T THINK I'LL EVER DRIVE AGAIN!!

BUT, MOM— I REALLY DID SEE—

THIS SETTLES IT!! I'M NOT GOING TO LET YOU READ COMIC STRIPS ANY MORE—

I WANT TO EXPLODE THE SILLY THEORY THAT THE ANCIENT GREEKS HAD ANY INTELLIGENCE!! WHY THEY ACTUALLY BELIEVED IN THE CENTAUR—AN IMPOSSIBLE CREATURE WHICH—?—?

CLASS DISMISSED!!—I'M GOING TO RESIGN FROM THE FACULTY. IT'S THE ONLY HONEST THING TO DO!!—I'VE BEEN LYING TO MY STUDENTS FOR—(SOB!!)— TWENTY YEARS!!—

Vic FLINT

by Michael Stanley RALPH LANE

T. M. REG. U. S. PAT. OFF.

THIS IS THE FIRST TIME I EVER POSED ON THE GRAVEYARD SHIFT. REMEMBER, MR. STEEL, TIME AND A HALF FOR OVERTIME AND DOUBLETIME ON SUNDAYS.

I JUST WANTED TO SKETCH YOU THE WAY YOU LOOK TONIGHT, BOBBY.

LIKE IT?

IT DOESN'T LOOK WORRIED ENOUGH—AND, DARLING, I AM WORRIED ABOUT YOU. PROMISE ME YOU'LL BE CAREFUL?

I PROMISE, AND VIC FLINT HAS SAID HE'D STAY UNTIL WE GOT TO THE BOTTOM OF THESE 'ACCIDENTS.' IF I KNOW VIC, HE'LL SOON HAVE ALL THE ANSWERS.

But all I had at that moment was a lot more questions—and there wasn't an answer in sight.

WHILE WE WERE AT CYNTHIA BAKER'S SOMEBODY SEEMS TO HAVE GONE THROUGH MY THINGS WITH A FINE-TOOTH COMB.

HMM...

THE PERSON WHO RANSACKED THIS ROOM MAY BE THE SAME ONE WHO'S AFTER ALEC. AT ANY RATE HE, OR SHE, WILL DO AS MY NUMBER ONE SUSPECT.

COULD IT HAVE BEEN CYNTHIA BAKER? I BELIEVE SHE'D STOP AT NOTHING TO GET ALEC STEEL.

But I could imagine Cynthia's answer.

I'M FLATTERED YOU THOUGHT OF ME FIRST, VIC. BUT HOW COULD I HAVE GONE THROUGH YOUR BELONGINGS? YOU WERE MY GUEST AT DINNER TONIGHT.

How about Mrs. Kyle? She was here all evening.

YES BUT I DIDN'T DISTURB YOUR THINGS, MR. FLINT. I'VE BEEN MR. STEEL'S HOUSE-KEEPER FOR MANY YEARS. AND BESIDES—DIDN'T HE TELL YOU?—I HAVE A HEART OF GOLD.

And then there was Jed Brewster. He'd even threatened me with a pitchfork to find out who I was.

IN VERMONT WE MIND OUR OWN BUSINESS, MR. FLINT. I'M NOT INTERESTED IN YOUR AFFAIRS—SO DON'T GO PRYIN' INTO MINE.

HAVE YOU GOT YOUR MAN YET, VIC?

I THINK I'LL PUT IN FOR MY PENSION, ALEC. PUTTING IT MILDLY, I'M CONFUSED.

RUSTY RILEY by FRANK GODWIN

NOW LET'S GO OVER THE ACTS... YOU GOT THE TRICK-DOG ACT, THE TRAINED BEAR, JUGGLING CLOWN, MAGICIAN... ANYTHING ELSE?

WAIT, MR. HARBESON, WE FORGOT THOSE BOYS FROM SCHOOL WHO DO A TRAPEZE ACT!

JEEPERS! DON'T FORGET MY EQUESTRIAN ACT ON 'DAWN!

OH! AND GEE WHIZ! THE SCHOOL BAND! THEY'RE GOING TO PLAY FOR US IN THEIR UNIFORMS!

TELL YOU WHAT I'M GOING TO DO... I CAN'T STAY FOR THE SHOW, BUT I'M GOING TO SEND OVER MY RING-MASTER TO PUT YOUR ACTS TOGETHER!

OH, THANKS, MR. HARBESON THAT'LL HELP A LOT!

MEANWHILE, BACK IN ARIZONA, THE WILSONS WERE...
COME TO THINK OF IT, THEY'D NEVER TRUST A STRANGER ON THE TICKET WAGON... I GOT A BETTER IDEA... I'LL WORK A CONCESSION!

LATER

HELLO! YOU'RE TEX PURDY, AIN'T YOU? I'M CAP REED... HANDLEBAR HARBESON SENT ME!

OH, YES, YOU'RE HIS RING-MASTER... WELCOME, CAP. I'LL TAKE YOU IN-- THE YOUNGSTERS ARE READY FOR DRESS REHEARSAL.

OKAY, FOLKS... YOU'RE IN GOOD SHAPE... GET A LITTLE REST AND SOME CHOW AND WE'LL BE READY FOR TONIGHT'S SHOW.

EV'RYBODY GET THEIR COSTUMES FROM THE BIG TRUNK IN THE DRESSING TENT.

THIS WAS A SWELL IDEA... SELLING BALLOONS... IT'LL GIVE ME A CHANCE TO KEEP AN EYE ON THE CASHBOX... I GOTTA STOP SANDUCCI FROM GETTIN' THAT OPERATION TO BRING BACK HIS MEMORY!

HEY, TEX... THAT GUY SELLING BALLOONS... HE LOOKS FAMILIAR... WHO IS HE?

SEARCH ME, CAP... I GUESS THE KIDS GAVE HIM THE CONCESSION FOR A PERCENTAGE!

WILL YA LOOK AT ZERO RUN! THAT SHOWS HE AIN'T SICK NO MORE FROM EATING THE PIECE OF POISONED MEAT SOMEBODY--

DON'T BLAME 'SOMEBODY'!

EVERYBODY KNOWS THAT WICKED OLD MRS. PETTAFOG HATES YOU AND ZERO-- SHE WAS SNOOPING AROUND HERE JUST BEFORE ZERO FOUND THE POISONED MEAT.

I KNOW, BUT--

BUT WE HAVE NO PROOF-- AFTER ALL, A MRS. PETTAFOG IS A NEIGHBOR, AND--

NEIGHBOR? WOULD YOU CALL A WOLF A NEIGHBOR IF IT LIVED NEAR-BY?

MARK MY WORDS-- MRS. PETTAFOG WILL HAVE HER REVENGE-- SIMPLY BECAUSE SHE FAILED TO GET ZERO THE FIRST TIME DOESN'T MEAN SHE WON'T TRY AGAIN-- AND AGAIN--

ZERO! ZERO!
WHERE ARE YOU?
ARE YOU ALL RIGHT??

I KEEP DREAMIN' MRS. PETTAFOG HAS POISONED YOU AGAIN-- IT'S NO USE HOPIN' SHE WON'T-- I KNOW SHE WILL-- WE JUST GOTTA GO SOME-PLACE WHERE SHE CAN'T FIND US--

IF SHE CAN'T POISON YOU, SHE'LL MAKE THE SHERIFF COME AN' TAKE ME TO THE COUNTY ORPHANAGE-- AN' I'LL NEVER SEE YOU AGAIN CAUSE THEY DON'T LET POOGIES LIVE IN ORPHAN HOMES--

YOU'RE AN ORPHAN AN' I'M AN ORPHAN-- I AIN'T GOT NO FOLKS BUT YOU, AN' YOU AIN'T GOT NO FOLKS BUT ME, AN' IF WE LOSE EACH OTHER WE WON'T HAVE NOTHIN'!

OUR BOARDING HOUSE

With Major Hoople

Prince Valiant

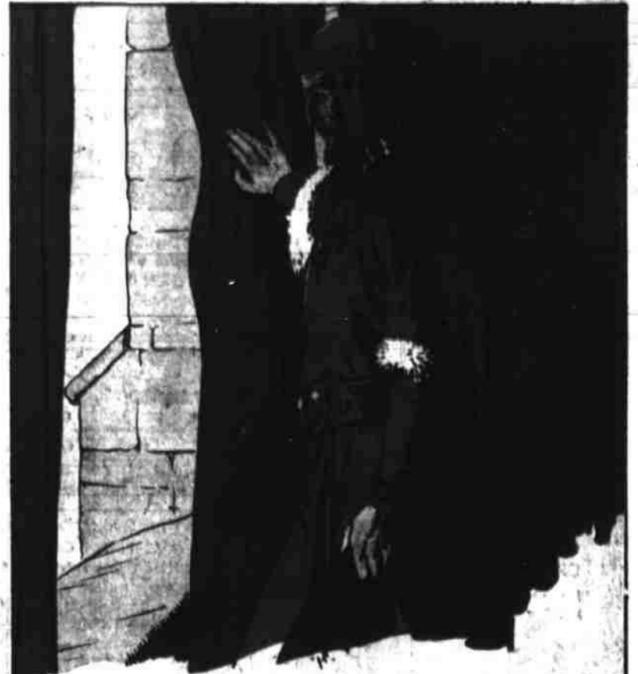

IN THE DAYS OF KING ARTHUR
BY HAROLD R. FOSTER

Synopsis: KING AGUAR LOOKS AT THE THREE MEN WHO ARE BROUGHT BEFORE HIM. FROM THEM HE WILL LEARN ABOUT CHRISTIANITY-- THE FAITH OF HIS SON PRINCE VALIANT, OF KING ARTHUR AND ALL HIS KNIGHTS.

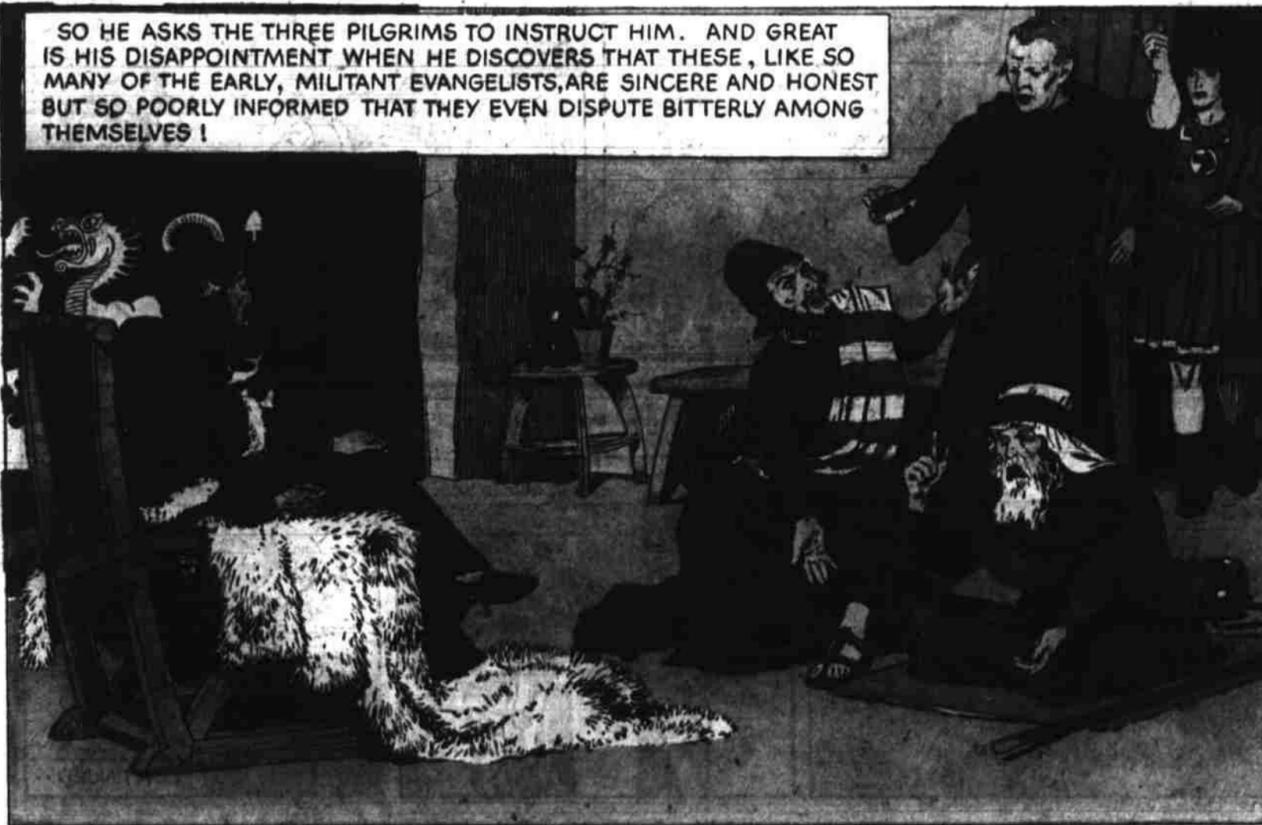

THESE MEN DARE TO PREACH TO HIS TURBULENT PEOPLE, TO SUFFER HARDSHIP, CRUELTY AND EVEN DEATH WITHOUT FLINCHING FOR THE SAKE OF THEIR MISSION.

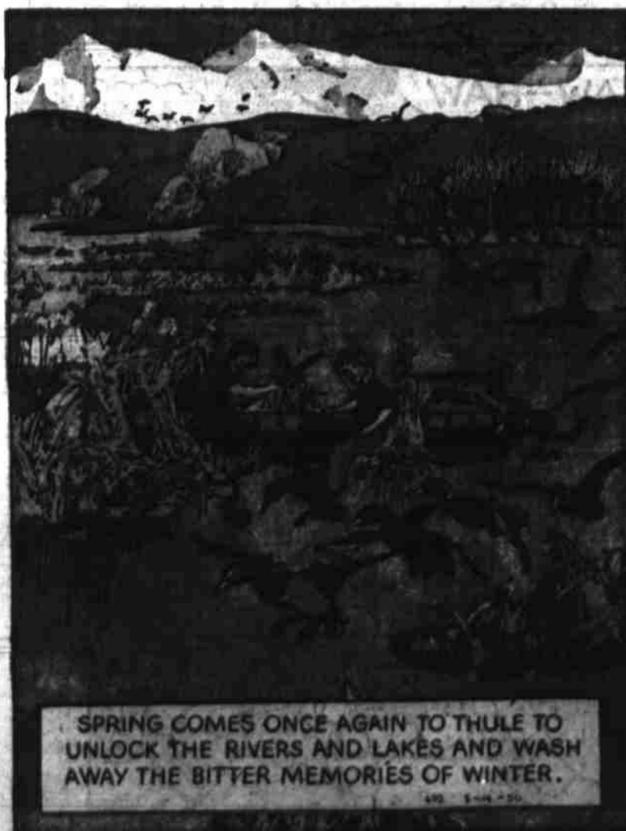

THE KING WISHES TO BRING KING ARTHUR'S CREED TO THULE, THAT RIGHT MAY COME BEFORE MIGHT, THAT JUSTICE BE FOR ALL AND THE RIGHTS OF THE WEAK RESPECTED. PERHAPS CHRISTIANITY IS THE ANSWER!

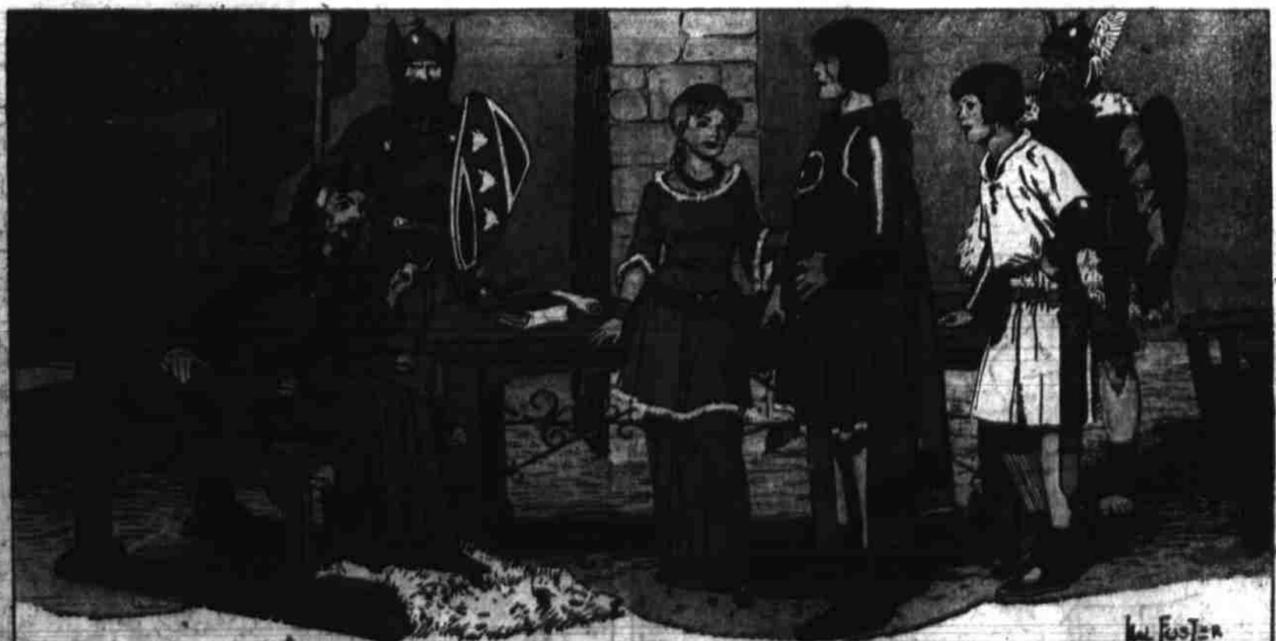

SO HE ASKS THE THREE PILGRIMS TO INSTRUCT HIM. AND GREAT IS HIS DISAPPOINTMENT WHEN HE DISCOVERS THAT THESE, LIKE SO MANY OF THE EARLY, MILITANT EVANGELISTS, ARE SINCERE AND HONEST BUT SO POORLY INFORMED THAT THEY EVEN DISPUTE BITTERLY AMONG THEMSELVES!

THEN THEY GO THEIR SEPARATE WAYS AMONG THE SAVAGE PAGANS, EACH TO PREACH THE WORD AS BEST HE MAY.

SPRING COMES ONCE AGAIN TO THULE TO UNLOCK THE RIVERS AND LAKES AND WASH AWAY THE BITTER MEMORIES OF WINTER.

AND THE KING IS SAYING TO PRINCE VALIANT: "PERHAPS THE TEACHINGS OF THE GENTLE CHRIST CAN CALM THE FIERCE SPIRIT OF MY PEOPLE AND TURN THEM FROM VIOLENCE AND PIRACY. SO I AM SENDING YOU FAR TO THE SOUTH TO ASK THE HEAD OF YOUR FAITH TO SEND LEARNED AND COMPETENT TEACHERS TO US."

H.R. FOSTER

NEXT WEEK - Parting.

TOOTS CASPER

CASPER, I'LL NEED SOME EXTRA MONEY. I'M GOING SHOPPING IN THE MORNING. THEY'RE HAVING SOME BIG BARGAIN SALES.

I'M SORRY, TOOTS, BUT I HAVEN'T ANY MONEY.

YOU'RE TELLING ME A FIB, CASPER. I KNOW YOU HAVE SOME EXTRA MONEY.

IF YOU CAN FIND ANY MONEY OF MINE, YOU'RE WELCOME TO IT.

I'D BETTER HIDE THIS DOUGH.

ALL RIGHT, CASPER.

I'M GOING TO HIDE MY MONEY IN THIS VASE, RIGHT HERE IN TOOTS' OWN ROOM. SHE'LL NEVER THINK OF LOOKING HERE.

BEFORE I LEAVE I'LL TRY TO GET SOME MONEY FROM CASPER WHILE HE'S HALF-ASLEEP. HE SAID IF I FOUND HIS MONEY, I WAS WELCOME TO IT, BUT I CAN'T FIND IT.

HA! HA! TOOTS WILL NEVER FIND MY MONEY... I HID IT IN THE EMPTY VASE RIGHT IN HER OWN ROOM...

HE'S TALKING IN HIS SLEEP.

SO, THAT'S WHERE HE HID HIS MONEY.

TOOTS LEFT ME A NOTE. CASPER: HAVE GONE SHOPPING, WILL SEE YOU LATER. TOOTS

WELL, WELL, THIS IS ONE TIME TOOTS DIDN'T GET MY EXTRA MONEY FOR HER SHOPPING SPREE. NOW TO GET MY DOUGH.

WHAT'S THIS? ANOTHER NOTE!
Dear Casper, thanks for financing my shopping tour. My! How you talk in your sleep Toots.

I CAN'T KEEP MY BIG MOUTH SHUT, EVEN WHEN I'M ASLEEP!

BANG!

HERE HE COMES, BALDY. THERE'S NO DOUBT THAT HE'S AN EASTERNER!

AN' JUST ABOUT YOUR SIZE. YOU SHOULD BE ABLE TO TAKE HIS PLACE WITHOUT TROUBLE.

TONTO! THAT'S GUNFIRE!

COME FROM TOP OF CLIFF UP THERE!

WE GOT HIM, BUT HE'S GOIN' OVER THE CLIFF!

CONFOUND IT, WHAT A BREAK! I COUNTED ON YOUR USIN' HIS CLOTHES, JAKE!

HE'S DONE FOR, JAKE. TWO MILES DOWNSTREAM HE'LL GO OVER THE FALLS. IF HIS BODY'S FOUND THEN, NO ONE'LL KNOW WHAT HE LOOKED LIKE.

WE'RE IN LUCK. HE HAD SOME EXTRA CLOTHING.

MUST GET HIM BEFORE HE REACHES THE RAPIDS. THERE'S A CHANCE THAT HE IS STILL ALIVE.

FROM NOW ON, I'M THE EASTERNER NAMED STACY, AND THESE LETTERS WILL PROVE IT!

WE'LL BURY THESE OLD CLOTHES OF YOURS, THEN GO INTO MEDICINE BOW AN' COLLECT THE INHERITANCE!

TONTO! I CAN'T HOLD HIM AND SWIM AGAINST THE CURRENT!

No Other Dentifrice Offers Proof of Such Results! Proof That Using

COLGATE DENTAL CREAM HELPS STOP TOOTH DECAY!

2 Years' Research at FIVE LEADING UNIVERSITIES Proves That Using Colgate's Right After Eating Helps Stop Tooth Decay Before It Starts!

THE MOST CONCLUSIVE PROOF IN ALL DENTIFRICE RESEARCH ON TOOTH DECAY! Proof based on 2 years' research at leading universities—hundreds of case histories! Conclusive proof that when teeth are brushed with Colgate's right after eating, Colgate's helps stop decay before it starts! Colgate's Dental Cream has been proved to contain all the necessary ingredients, including an exclusive potentiated ingredient, for effective daily dental care.

YES, THE TOOTH PASTE YOU USE TO CLEAN YOUR BREATH WHILE YOU CLEAN YOUR TEETH, offers a safe, proved way to reduce tooth decay! Modern science shows decay is caused by mouth acids which are at their worst right after eating. Brushing teeth with Colgate's as directed, helps remove these acids before they harm enamel. And Colgate's penetrating foam gets between teeth where food particles often lodge.

CHILDREN LOVE COLGATE'S FLAVOR! By the time they enter school, 9 out of 10 children have one or more decayed teeth. Children love Colgate's flavor—so it's easy to start them on the proved Colgate way to reduce decay! No dentifrice can stop all tooth decay, or help cavities already started. But using Colgate's as directed is a safe way to reduce cavities—help stop tooth decay! And only Colgate Dental Cream offers proof of such results!

NO OTHER DENTIFRICE OFFERS PROOF OF SUCH RESULTS!
