

Thompson Loses Despite Majority

ATLANTA, June 29. — Georgia re-elected yesterday a governor who failed to get the most votes — red-collared, tobacco-chewing Herman Talmadge.

A unique county unit election system headed Talmadge toward four more years of "white supremacy" rule in an era of growing unrest over racial problems.

But former Gov. M. E. Thompson, a last-ditch scrapper who refused to concede defeat, stunned many observers with his strength in yesterday's Democratic primary.

Thompson held a steady lead in popular votes but that isn't what counts in Georgia—it's county unit votes.

And returns from 1,179 of 1,704 precincts, and 154 of 159 counties,

gave Talmadge a lead in 118 counties with 272 unit votes; Thompson led in 38 counties with 128 unit votes.

Thompson's popular vote margin was 173,751 to 165,878.

Conservative Sen. Walter George, chairman of the Senate Finance Committee and senior member of the foreign relations committee, swept all 107 counties reported. He was challenged for re-nomination by Atlanta Atty. Alex McLemman.

The unit system is one of the nation's strangest political devices. No other state has anything like it.

Under a scheme somewhat like the national electoral college, each county is assigned from two to six unit votes. Candidates winning a county get all of that county's units. A majority of units—206—is needed to win.

In effect, it packs power in a host of small rural counties where Talmadge traditionally is strong. Populous Fulton County (Atlanta), for example, with six units, has one unit for about 10,000 votes. Rural two-unit Chattahoochee County gets one unit for about 122 votes. Thus a single popular vote in Chattahoochee counts as much as 122 votes in Fulton.

The late Gov. Eugene Talmadge, who left son Herman his potent political organization, pulled a similar victory in 1946. He trailed his closest opponent by 13,000 popular votes but won with 342 unit votes.

Helicopter Service To Ships Planned

LONG BEACH, Calif., June 29. — The Harbor Commission has approved plans for helicopter service between inland California points and ships at the Matson Navigation Co.'s \$6 million Marine terminal, now under construction.

Arthur Eldridge, general manager of the harbor department, said yesterday it would be the first helicopter-to-ships service in the world.

WHERE BOY SCOUTS WILL HOLD JAMBOREE ON HISTORIC GROUND—This is a map of the vast area in Valley Forge Park, northwest of Philadelphia, where Boy Scouts of America will hold their second national jamboree starting tomorrow. The camp will cover 625 acres in area where George Washington and Marquis de Lafayette had Revolutionary War headquarters. The 47,000 boys from every state and 20 foreign countries will camp in 35 different sections, each identified by number. State-by-state locations will be: Alabama, 9-10; Arizona, 16; Arkansas, 9-10; California, 11-12-18; Colorado, 18; Connecticut, 4-5; Delaware, 29; District of Columbia, 29; Florida, 8; Georgia, 7-8; Idaho, 13-30-31; Illinois, 26-32-34-35; Indiana, 26-32-34-35; Iowa, 5-16-17; Kansas, 17-18; Kentucky, 6; Louisiana, 9-10; Maine, 4-5; Maryland, 29; Massachusetts, 4-5; Michigan, 34-35-36; Minnesota, 19-20; Missouri, 17-19; Montana, 30; Nebraska, 18; Nevada, 11-16; New Hampshire, 4; New Jersey, 23-24-27; New Mexico, 14; New York, 21-22-23-27; North Carolina, 1-7; North Dakota, 19-20; Ohio, 2-3-6; Oklahoma, 14; Oregon, 31; Pennsylvania, 24-25-28-29; Rhode Island, 5; South Carolina, 1-7; South Dakota, 19-20; Tennessee, 9-10; Texas, 13-14-15-16; Utah, 16; Vermont, 5; Virginia, 29; Washington, 30-31; West Virginia, 3-6; Wisconsin, 32-33; Wyoming 15-18. NO PROBLEMS AT VALLEY FORGE Scouts Of All Nations Gather And UN Could Learn A Lot

By The Associated Press
VALLEY FORGE, Pa., June 29. — The United Nations could learn a few tricks from the Boy Scouts. Walk around the 625-acre site of the Scouts' second national jamboree and you'll see sights that make the trouble in Korea all the harder to understand.

Sights like:
A kilted Scout from Scotland solemnly explaining the ritual of cricket to an enthralled 12-year-old Negro from Mississippi.

A boy from Austria learning how to crack a bull whip, with an Oklahoma City Scout as his patient teacher.

They spoke different languages, they came from homes of every sort, but the 35,000-and-some Scouts and scouters already encamped on George Washington's one-time winter headquarters were getting along like brothers today.

By tonight some 47,000 will be on hand for the week-long jamboree camp officially tomorrow with President Truman scheduled to come from Washington—the Korean crisis permitting—to deliver the welcoming address.

There's spirited competition in the building of elaborate entrances to the various sections of the camp grounds. New Englanders have put up a lighthouse, complete with white sand. North Carolinians have erected a giant-size Boy Scout.

The Texas contingent lived up to expectations, bursting into camp with cowboy yells and joyous song. What song? That's right: "The Eyes of Texas Are Upon You."

Their railroad cars bore Texas slogans in conservative reds, yellows and oranges.

Seventeen-year-old John Peary of Dallas, a senior patrol leader with that city's 243-member delegation, looked over the gently rolling countryside for a long time before bestowing the highest praise a true Texan can give.

"You know," he said, "it's almost as pretty as Texas."

Lone Star District Cub Scouts Open Annual Day Camp Today

Cub Scouts of the Lone Star District opened their annual day camp this morning at City Park.

Registration figures this morning showed 92 Cubs, representing six packs, and several adult leaders.

The day camp event will continue through Friday, when parents will be visitors at the camp for an afternoon picnic. All parents of Cubs registered for the camp have been requested to bring basket lunches for the picnic.

The father-son overnight camp Friday night will close Cub activities at the park. Camp officials reminded that bedrolls and other camping equipment will be needed by those planning to attend the overnight camp.

Directors of the day camp are Obie Bristow and Carlos Warren, while other members of the staff include Jake Morgan, Mike Phelan, Arthur Leonard, George Brewer and B. B. Legges. Den mothers and Den chiefs are assisting with the activities.

The Cubs are participating in various competitive events, swimming and other activities.

Represented are Pack No. 28 of Stanton, Pack No. 46 of Forsan, Packs 11, 29, 13 and 14 all of Big Spring.

Man Killed, Rabbit Safe In Accident

ORRVILLE, O., June 29. — William Powell, 42, lost his life under the grinding wheels of a train last night, but the pet rabbit that he carried in his pocket was unscathed.

Powell's severed body was found on the tracks at a crossing close to his home at nearby North Lawrence. The rabbit, still in his pocket, apparently suffered no ill effects.

Powell was a former railroad track walker who was fond of carrying his pet about with him. It was not known how he happened to be struck by the train.

The Portuguese first settled the African Gold Coast.

Powerful U.N. Fleet Gets Set To Aid Koreans

NEW YORK, June 29. — A powerful United Nations fleet is building up today in the West Pacific to aid Communist-invaded South Korea.

British commonwealths have rallied behind Britain with offers of ships to help the U. S. fleet.

Australia announced her naval units in Japanese waters—a destroyer and a frigate—were available to support American forces.

New Zealand also voiced readiness to make her navy of one cruiser and six frigates available. They are now on maneuvers near Fiji and are understood to be in constant touch with their headquarters at Wellington.

Britain already had placed her far eastern naval forces at the disposal of the U. S. commanders. The British have 22 or 23 ships in Japanese waters, including an aircraft carrier with 40 fighter planes, and an unspecified number of land-based Navy planes.

The United States now has 18 warships in the Far Pacific. Thirteen of these are in the Seventh Fleet, which President Truman directed to protect Formosa. They include an aircraft carrier and a heavy cruiser.

In Japanese water are a light cruiser and four destroyers.

The U. S. Navy also was assembling a second large-size Pacific task force to closely support the Seventh Fleet. It is to include the 27,000-ton Carrier Phillipine Sea, two cruisers, a squadron of destroyers and a full seetrain of supply ships.

AT PENNEY'S

Official's Son Talk Of Tourney

OMAHA, June 29. — The lieutenant governor of Missouri has a son who can hit a golf ball, as they say in these parts, a "country mile."

Actually, young Jim Blair, III, doesn't hit them that far. He has been a bit short of 400 yards on a couple of his tee blasts in the Trans-Mississippi Golf Tournament.

Jim, who'll be 19 July 11, isn't bragging when he said: "I can hit the ball farther, but I don't so I can stay accurate."

Accurate he is, too. And those booming woods are complimented by a steady iron game that has carried him into the third round of the Trans-Mississippi tournament along with 31 other assignments in the third round out of which would come 16 players for the afternoon's fourth round. Jim's foe was Herb Durham of Dallas a quarterfinalist in the Western Amateur this year.

Durham was two under par in eliminating Stewart Carroll, a 16-year-old from Dallas, 5 and 4 and Blair was one under par in stopping Don Pegler of Lincoln, Neb., 5 and 4 in second round matches.

Gambling, Crime Inquiry In Miami

WASHINGTON, June 29. — Senate crime investigators have ordered a group of Florida witnesses to prepare for an inquiry into big-time gambling and crime in Miami.

Chairman Kefauver of the special inquiry committee told reporters that no decision has been reached on where or when the hearings will be held. But he indicated the lawmakers may conduct the inquiry in Washington, in view of the Korean crisis. He did not identify the prospective witnesses.

Auto Industry Could Shift To Military Production Swiftly

By The Associated Press
 DETROIT, June 29. — The nation's giant auto industry built \$29 billion worth of war materiel during World War II. It could build much more faster if another emergency arose.

That's the view of high auto industry sources today.

Nobody doubts the industry has a tentative program for arms production in another war. But its executives don't talk about war production possibilities except in generalities.

Yet it probably isn't much of a secret that just about every auto industry plant has been surveyed as to its adaptability to armament production and that every manufacturer knows what he will be asked to make.

One high industry executive, preferring to remain unidentified, said recently:

"Of course, we have some military work under way; right now it is mainly replacement work on parts and materials for vehicles in the field. Actually the volume isn't as great as you might think. It couldn't be very heavy while we

are turning out close to 200,000 peacetime vehicles a week. But we are working closely with the military."

The auto industry likes to think of itself as "freedom's arsenal." Perhaps it has a right to that designation. In World War II, it made almost every type of armament from bullets to 60-ton tanks. It built small arms and long range guns, torpedoes and aircraft engines, tank destroyers and bomb sights.

And before the war's end, it had one plant alone turning out bomber planes at the rate of one every hour.

The industry also had a share in development work on the atom bomb. This secret work, incidentally, was carried on in what appeared to be a department store building in the process of alteration in the heart of downtown Detroit.

The industry's productive capacity has been greatly expanded since World War II. It spent more than \$1 billion for new buildings and new manufacturing equipment. It leased many wartime installations from the government.

And just about all the leases contain a "national security" clause. This provides for a quick return of the installations to armament work if needed.

Right now industry sources generally profess to have heard not even a rumor that some of their factories may soon be converted to arms production.

Instead they are talking about building another 3,500,000 passenger cars and trucks to make 1950 the biggest peacetime production year in car industry history.

Because it was caught unprepared the auto industry needed many months to convert to all-out war work after Pearl Harbor. One of its first steps was the discontinuance of all production of civilian passenger cars and commercial vehicles.

Informed sources say that if another emergency arises the conversion to arms production will be quick and decisive. And, once again, there would be no civilian car and truck production.

Midland Woman's Husband Killed In Plane Crash

FORT WORTH, June 29. (AP) — A bomber crash Tuesday cost the life of First Lt. Remer La Verne Harding, 26, his mother, Mrs. Asle Harding of Fort Worth, was notified yesterday in a radiogram from his wife in Japan.

Mrs. Harding had not received

official notification of her son's death. She did not know whether the crash occurred in Japan or whether her son was flying over Korea.

He said in a letter received recently that he was scheduled to go on flying maneuvers this week.

Harding's wife, who has been living in Tokyo, is the former Miss Barbara Conkling, daughter of Mr. and Mrs. W. H. Conkling of Midland. She is expecting a baby in September. Harding was killed on their second wedding anniversary.

CIO Head Murray Backs Truman Act

CLEVELAND, June 29. (AP) — President Philip Murray approved of President Truman's action on Korea as a "courageous and forthright" stand.

In a telegram read at the annual convention of the CIO Communications Workers yesterday, he added:

"We have learned from other aggressions during the past 15 years that if we had permitted this to continue unchecked, it would only lead to further wars."

MACARTHUR WITH KOREA'S PRESIDENT—Gen. Douglas MacArthur held the arm of President Syngman Rhee of the South Korean Republic when Rhee visited Tokyo last February. Again, the two leaders met yesterday, when the American general took a flying inspection trip of the Korean battlefield. No information has yet been released as to what the two men talked about or what decisions were made. (AP Wirephoto).

Down To Brass Tacks

PORT WASHINGTON, N. Y. (AP) — Getting too many punctures? You might try combing your gravel drive for nails. Tom Wing used a powerful magnet on the one at his house recently — and picked up about a pound of assorted ones.

There was one drawback: he noticed several brass tacks, but his magnet didn't affect these of course, and he hasn't any idea how many remain.

LATTIMORE WARNS

Do Not Make Rhee US Policy Symbol

BALTIMORE, June 29. (AP) — President Syngman Rhee of South Korea is "a little Chiang Kai-shek" who is losing his hold "over the imaginations and loyalties of the Korean people," Owen Lattimore declared last night.

The Johns Hopkins University expert on Asiatic affairs said Rhee "should not be made a personal symbol of American policy" during the present crisis or thereafter.

He reiterated that he believes the United States has been right in

"making every effort to associate itself as closely as possible with the United Nations in every step it has taken in Korea."

In the course of his lecture at the university, he said that the United States must be careful to make sure that our actions "are not interpreted in India and other Asiatic countries as an attempt to assert permanent control over South Korea or Formosa, or a permanent commitment of American support for the French Indo-China."

So far, he said, "we can be sure" that Asiatic countries regard the present invasion "as a thinly disguised attempt to project Russian rule over South Korea, and consequently that their reaction must be regarded as anti-Russian."

Lattimore, who has been under attack from Sen. McCarthy (R-Wis.), said our long range problem is to prevent Asiatics from saying: "The Russians and the Americans are both imperialists. A plague on both their houses."

He said India, Pakistan, Afghanistan and Indonesia can be made

Former Stockman Dies

FLORENCE, June 29. (AP) — Herbert I. Smart, retired stockman of this area, died yesterday in a Temple hospital after a long illness.

"allies."

"But they cannot be made puppets," he added. "All of them are rival rule."

Sen. McCarthy has accused Lattimore of being the Soviet's "top ally" but Lattimore has denied the charge vehemently.

Mrs. W. G. Wilson Gives Club Report

Mrs. W. G. Wilson, Jr. gave a report on her trip to the Texas Garden Clubs, Inc. state convention held in Tyler, at a Garden club picnic held in the home of Mrs. B. L. LeFever Wednesday.

Abilene Woman Is Named To Staff

ABILENE, June 29 — Mrs. L. P. Johnson of Abilene, has been named to the staff of Holland's magazine for which she will contribute a monthly article on "Gardening Suggestions in the Southwest."

Announcement of her appointment was made at a meeting of officers of District 8 of the Garden Clubs, Inc., at the home of Mrs. W. M. Daugherty in Abilene, Mrs. Johnson is district president.

The Abilenean's first article appears in the July issue of Holland's Magazine under a byline of Iva M. Johnson. Mrs. Johnson also will do special assignment stories for the magazine, the first of which will appear in September's issue on the subject of flower shows. Mrs. Johnson has been serving as a flower show judge for cities over a wide area in Texas.

The Abilenean is a charter member of the Abilene Garden Club and served as secretary of the district prior to being elected president.

Mundell-Nichols Rites Are Read

KNOTT, June 29 (Sp) — Lucille Mundell and Donald Nichols were united in marriage Saturday morning, June 24. They are at home on the J. P. Nichols farm where he is engaged in farming.

Conducting Revival

The Rev. Houston Wisenbaker of Sulphur Springs, is conducting revival services for the Assembly of God Church in Coahoma. The nightly meetings are being held at the tabernacle and special music is being featured at each service.

At Your Favorite Drug or Grocery

Members of the state convention will be held in El Paso next year. Mrs. J. D. Benson, new president, welcomed new members, announced the appointment of committee chairmen and urged the club members to work with as much enthusiasm in the coming year as they have in the past.

Catholic Picnic Is Held At Park

The St. Thomas Catholic Parish held their annual parish picnic at the City Park Tuesday evening. Proceeds of the picnic went to the building fund.

Knights of Columbus and Mrs. Dorothy Whitaker donated the chickens to be barbecued for the picnic.

Kehrer, Eugene Thomas, Lena Fay Frank, Lois Forestry, Paul Van-Auker, Judie Kehrer, Velma Mitchell, Ruth Wilson, Jacqueline Wilson, Della Herring, Lucille Thomas, Ida Mae Cook, Frankie Tucker, Eula Pond, Roselee Gilliland, Ola Gilliland.

June Unlucky Month For This Family In Ohio

TOLEDO, O., June 29 (Sp) — Just two years ago this month, four-year-old Eugene Hackney was killed by a truck.

Today his parents, Mr. and Mrs. Huey Hackner, mourned the deaths of their other two children, Howard, 8 and his sister, Shirley, 4.

They suffocated in an abandoned lexbox in a shed at the rear of their home yesterday. Coroner Paul Hohly said the two must have died a few minutes after they got inside the box in the morning. Their mother, he declared, told him she left them playing in the yard and found their bodies in the evening. The shed was locked. Det. Capt. Ralph Murphy said the children entered through a hole they knocked in the flimsy wall. He added that a third child might have shut them in since the latch needed to be turned from the outside.

Attends Meeting

Dr. Max Rosen is in San Francisco, Calif. attending the American Medical Association convention.

2221 10-20

Convertible Costume

This is a trim looking sun-dress — but feminine too, because of its shaped bustline, yoked skirt, and eyelid edging! With its companion bolero you can cover up for street scenes.

Send for your copy now. Price just 25 cents.

RIBBON RAMBLINGS

By Mildred Young

In the event of war, Uncle Sam will have lots of people under his thumb.

According to a recent report there are two-thirds as many government employees as factory workers in Texas.

One of every nine Texas jobs is with the government.

The Texas Employment Commission reported Monday that 207,500 Texans hold government jobs — 85,200 federal and 122,300 state and local. During May 5,800 federal workers finished their jobs, mostly census-taking.

This 267,500 total compares with 294,500 factory hands in Texas. The agency showed 2,367,100 workers in Texas.

The figures do not include members of the armed forces, TEC said. They do include teachers, state, and local police, firemen, welfare workers, and employees of state departments, hospitals and other agencies as well as clerical help in all branches of government.

Since January 1947, the number on the government payroll in Texas increased nearly 20,000 from 247,000 to 267,500.

Read a report of an examiner in the driver improvement section of the department of public safety who sent a routine check-up letter to a man who was issued in 1942 a limited driver's license. He was made subject to examination at any time.

The man replied he was 92 years old and guessed he would just give up his license instead of taking the test. But he said he drove his 1937 model car over his farm, his cattle weren't afraid of him and he had not hurt any one, and added:

"Occasionally I drive three miles to my neighbor's over a country road to play dominoes. My neighbors all know my old car and me and I have no trouble getting home while the sun is shining. I think that I can drive a car better than I can do anything else. You wouldn't want me to quit playing dominoes, would you?"

The inspector agreed. The old man got his license without a test.

Knott Home Demonstration Meets In Home Of Mrs. Oliver Nichols

KNOTT, June 29 (Sp) — The Home Demonstration Club met in the home of Mrs. Oliver Nichols with Mrs. Elsie Smith as co-hostess Tuesday afternoon.

Mrs. Joe Mac Gaskins presided at the business session and Mrs. W. A. Burchell directed games and lead the club song. Mrs. L. C. Matthies served as secretary.

and remained for a week to visit with his mother and other relatives.

Party Held Wednesday

Robbie Piner, bride-elect of Robert Dixie Kilgore, was named honoree at a Coke party given in the home of Mrs. F. H. Talbott, 506 Nolan.

Finer-Kilgore wedding rites will be read on July 7.

Covered with a chautauque cloth, the refreshment table held a centerpiece arrangement of yellow flowers in a loaf of rye bread.

The flowers were tied with burgundy ribbon. A Coke bottle completed the arrangement.

Attending were: Mrs. Paul Soldan, Mrs. R. V. Middleton, Agnes Currie, Mrs. Daiton Mitchell, Mrs. E. J. Brooks, Mrs. T. S. Currie, Mrs. W. E. Carrake, Mrs. R. E. Edwards, Mrs. Sam Baker, Mrs. Nell Hilliard, Mrs. Raymond Dunagan, Mrs. G. A. Barnett, Mrs. Elmer Boatler, Mrs. Cecil Wason, Mrs. Bill Talbott, Mrs. Charles Watson, Mrs. Larson Lloyd, Mrs. R. T. Piner, and the honoree.

Wichita Falls Man Dies In Auto Wreck

TEMPLE, Okla., June 29 (Sp) — Melvin Willis Gilreath, 41, Wichita Falls, was killed early today in a highway accident 2 1/2 miles south of here near the Texas border.

His companion, Cora A. Purlinton, 27, Frederick, Okla., was critically injured. She is in a hospital at Walters.

The highway patrol said Gilreath was turning into a state highway from a county road when he hit a hump in the highway. The car sailed 54 feet through the air and then skidded 289 feet. Gilreath was thrown out and the car rolled over him.

American Volunteers To Korean Service

TOKYO, June 29 (Sp) — The Korean Resident's Assn. of Japan today began a drive in Osaka to recruit 24,000 Koreans for the embattled southern forces of Korea.

By noon, 1,500 had applied, including an American buyer in Osaka who reportedly holds a reserve commission in the U. S. Army.

Elbow HD Club Meets In Sneed Home Wednesday

Mrs. F. L. Sneed and Mrs. Ray Shortas were hostesses to the Elbow Home Demonstration Club in the Sneed home Wednesday afternoon.

Mrs. Shortas gave a demonstration on different time saving stitches that may be made on a sewing machine. Among the stitches demonstrated were the stay stitch, baste stitch, ease stitch and lock stitch.

Mrs. Ellis Iden presided at the business session. Plans were made to sponsor a candidate's rally on the night of July 7 at the Elbow school house at 8 o'clock. The HD Club will sell sandwiches, cold drinks, coffee and cake.

The next meeting will be July 12 with Mrs. E. P. Watkins and Mrs. Alfred Brounough as hostesses.

Attending the meeting were Mrs. J. W. Fields, Mrs. Jack McKinnon, Mrs. True Dunagan, Pearl Cauble, Mrs. Ross Hill, Mrs. Ellis Iden, Calbie Dunagan, Darlene Sneed and the hostesses.

Sarah Hughes Train Is California Bound

Texas aboard the Sarah T. Hughes special train California-bound will depart Wednesday and today, the executive committee meets Friday and national board members on Saturday and Sunday.

Enroute to San Francisco, Texas will stop at the Royal Gorge and Salt Lake City for sightseeing. On their return trip, stopovers will be made in Los Angeles and the Grand Canyon.

Proceeding the convention, meetings were held by the national finance committee on Wednesday and today, the executive committee meets Friday and national board members on Saturday and Sunday.

Judge Hughes is also a past president of the Dallas Business and Professional Women's Club.

The California federation will be host group for the convention. About 5,000 members are expected to attend the Sunday night session in the San Francisco Opera House. Dr. K. Frances Scott of Northampton, Miss., president will open the program on "Turn The Tide At The Turn Of The Century." California Governor Earl Warren is scheduled to address delegates.

Business sessions, including the election of officers, will be in the Municipal auditorium. A feature of the convention which ends July 7, will be regional banquets July 6.

Mrs. G. C. Graves, study leader, presented the first chapter in the new study book, "The Methodist Of Continental Europe."

After the business session, Mrs. D. T. Evans led the closing prayer.

Refreshments were served. Attending were Mrs. Fannie Franklin, Mrs. Joe Dorton, Mrs. Abbie Anderson, Mrs. Dora Moore, Mrs. J. W. Bryant, Mrs. W. A. Lawwell and Mrs. G. C. Graves, members, Mrs. F. Marion Simms, Mrs. D. T. Evans, Mrs. Lewis Smith, Mrs. Alfred Carson of Detroit, Michigan, Mrs. Homer Hopkins of San Fernando, California, Mrs. Denver Pettit, Mrs. W. E. Booths, Mrs. Maude Higham of St. Joseph, Missouri, and Houston, Mrs. Ethel Wegman, Mrs. Frances Swanson, Lehman Bryant and Arlan Bryant.

Mrs. F. L. Sneed and Mrs. Ray Shortas were hostesses to the Elbow Home Demonstration Club in the Sneed home Wednesday afternoon.

Mrs. Shortas gave a demonstration on different time saving stitches that may be made on a sewing machine. Among the stitches demonstrated were the stay stitch, baste stitch, ease stitch and lock stitch.

Mrs. Ellis Iden presided at the business session. Plans were made to sponsor a candidate's rally on the night of July 7 at the Elbow school house at 8 o'clock. The HD Club will sell sandwiches, cold drinks, coffee and cake.

The next meeting will be July 12 with Mrs. E. P. Watkins and Mrs. Alfred Brounough as hostesses.

Attending the meeting were Mrs. J. W. Fields, Mrs. Jack McKinnon, Mrs. True Dunagan, Pearl Cauble, Mrs. Ross Hill, Mrs. Ellis Iden, Calbie Dunagan, Darlene Sneed and the hostesses.

LOCALS RIP SWATTERS

Oilers Guests Of Cayuses In 8:15 Bout Tonight

Alex Monchak brings his high flying Odessa Oilers into town this evening to square away with the Big Spring Bronces in the first of a two-game series at Steer park. Starting hour is 8:15 o'clock.

LOOKING 'EM OVER With Tommy Hart

Umpires Bruce Averill and Joe Montgomery probably thought this department had zoned its sights on them when we roundly scolded them a few issues back for fumbling a decision or two at Steer park.

SWEETWATER, June 20.—A sensational job of relief pitching by Jesus Uley sparked the Big Spring Bronces to a 9-6 ten-inning victory over the Sweetwater Swatters here Wednesday night.

They put out a first inning fire after the Swatters had scored all their runs at the expense of Tony Limes and then blanked the home club the rest of the distance to pick up his fifth win of the season.

The Bronces struck for five runs in the first frame, watched the Swatters take over with their six-run outburst and then tied it up with a tally in the sixth.

Consecutive singles by Elpidio Hernandez, Uley, Felix Gomez and Danny Concepcion, an outfield fly by Jorge Lopez and a sacrifice by Potato Pascual gave the Bronces three runs in the seventh Uley then set the Swatters down without trouble to end the game.

Pat Stacey broke a long hitting slump when he bashed a triple and two singles in three official trips to the dish. Concepcion, Manny Juice and Hernandez also had big hands in the 17-hit Big Spring offensive, each collecting three blows.

Sweetwater used four pitchers in an attempt to muzzle the booming arms of the Bronces. Only Lee Gatewood was very effective.

The win was the fifth in six starts for Big Spring against the Swatters and served to elevate them to third place in the standings, two percentage points ahead of Vernon.

Table with columns for team names and statistics (runs, hits, errors, etc.) for various teams like Sweetwater, Big Spring, and Vernon.

The first colored entrant in the U. S. golf Open was John Shippen, 16, who shot 78-81-339 for fifth place and 810 in the 1896 tourney.

Six golfers have won the U.S. Open championship in their first try.

UMPIRES WOULD DOFF COAT ON SUNDAYS

The umpires may get a break in Sunday afternoon games in the Longhorn league, by the way.

Albert Garcia, who played some great baseball for the Big Spring Tigers here a decade ago, sends along his idea of a Longhorn league's Western all-star team he opines is powerful enough to beat the New York Yankees.

It consists of Al Sokolowski and Ray Knoblauch, both of Odessa; Dean Franks, Roswell; and Bert Garcia, Big Spring, pitchers; Tom Jordan, Roswell; and Kenny Jones, Midland, catchers; Wayne Watson, Odessa, first base; Alex Monchak, Odessa, second base; Potato Pascual, Big Spring, third base; Stan Hughes, Midland, shortstop; Julian Presley, Roswell; Lou Dawson, Midland; and Pat Stacey, Big Spring, outfielders; and Jordan, manager.

Dick Tross, who has been pitching (and very well) for Vernon, has been sold conditionally by Abilene to Midland. He was out on option to the Dusters.

COLEMAN WOULD HAVE TAKEN SALARY CUT Joe Coleman, the Odessa high school grid mentor, raised no eyebrows when he turned down an offer to coach the Texas Western college Oilers.

Work starts next month on a new 18-hole golf course for the Midland country club. The layout will be located three miles north of the city on a 550-acre tract purchased recently.

HAWKS TO HOST LAMESA IN CONTEST ON FRIDAY

The Legion Hawks, Con Isaac had three safeties, including a B baseball team representing Big Spring in the District 6 wars, return to action here Friday afternoon in a game with the Lamesa club.

The two clubs play on the College Heights diamond starting at 4 p. m.

In a previous meeting between the two clubs, Lamesa won a 14-0 decision.

The local A squad, the Bombers, romped to a 19-5 victory over Coahoma here Wednesday afternoon.

Jack Sparks and Jackie Jennings divided time on the hill for the locals, surrendering but four hits to the visitors.

A big eight-run first inning all but settled the issue for Big Spring. Four walks, a Coahoma error and hits by Bobby Malone, Sonny Hurst and Jennings provided the runs.

Woodson To Clinch ABILENE, June 20.—Warren B. Woodson, H-SU athletic director and head football coach, will attend the summer clinic of the American Football Coaches Association, August 9-11.

The meeting will be held at Northwestern University, Evanston, Ill.

The University of Delaware will play 14 basketball games during the 1950-51 season.

In addition to Jim Barnes, who won the first Professional Golfers Association title in 1918, Bob Hamilton won the tourney in his first try, in 1944.

All-Star Ballot

Longhorn League All-Star game at San Angelo, July 19th.

Table for All-Star Ballot with columns for Position, Name, and Club. Lists players for West Team and East Team.

The voting rules: Voters must select no more than five players from any one team. Ballots should be mailed no later than July 8.

Eagles Squeeze Out 3 To 2 Win

The Dallas Eagles stole the Fort Worth Cats fire last night as they showed the Texas League leaders some shifty base running and squeezed out a 3-2 victory.

The second place Tulsa Oilers also failed to gain as fourth-place Oklahoma City won 7-2. The San Antonio Missions, in third spot, scored four times in the eighth inning to tie Beaumont at five-all and set the stage for Rocky Topolito's two-run homer in the 10th frame and a 7-5 victory. Shreveport whipped the cellar-dwelling Houston Buffs 5-2.

The Eagles' Lou Farotto showed the Cats a sample of their own base path activities when he went from first to third on Bill Klaus' sacrifice down the third base line.

Then Grant Dunlap gave the Cats another look at flying spikes when he padded from first to third on Morton's single into centerfield. Big Bob Lemon slammed out a three-run homer for Oklahoma City in their defeat of Tulsa. The Indians scored seven runs before Tulsa could dent the platter. Tulsa snapped Pitcher Tom Reis' string of 23 straight scoreless innings by getting to him for three hits and two runs in the eighth frame.

MEYER RECALLED DALLAS, June 20.—The Dallas Eagles of the Texas League have called on L. D. (Dutch) Meyer from Gladewater and Outfielder George Corona of Gainesville.

Meyer piloted the East Texas League team to the top of the standings this year and was hitting .316 at Gladewater. Hal Van Pelt will fill in as manager. Corona has been hitting .346 with Gainesville of the Big State League.

17 TO 4 Pampa Oilers Win Over Lamesans

LAMESA, June 20.—The red-hot Pampa Oilers strengthened their hold on first place in WT-NM league standings by stopping the Lamesa Lobos, 17-4, here Wednesday night.

The contest was limited to eight innings due to rain, which arrived not long after the Oilers had enjoyed the second of two five-run frames.

The Pampans crashed out 19 hits, including four by Joe Fortin. George Payte went seven innings on the hill for Pampa, achieving his ninth win of the season. Earl Dew worked the final round for the winners.

Jack Gutierrez, recently returned by Lake Charles, took his third loss of the campaign. He was shelled to cover in the third.

Bo Dempsey had a fourth inning homer for Lamesa with one man up front.

LEGION TO ELECT 18 pat Big Spring American Legion members tonight will elect a full local post during the coming year.

The election is scheduled for the post's regular business session beginning at 8 p. m. at the Legion clubhouse.

Johnny Ray, Dillard, post commander, has urged a good attendance of the membership at tonight's meeting, expressing hope that most of the post's 700 members would be on hand to participate in naming new officers.

Officers elected tonight will be installed on July 6, next regular meeting for the post.

The Legion's nominating committee returned its recommendations, following a meeting Wednesday afternoon.

Maxwell Edges Wayne Adams

ALBUQUERQUE, N. M., June 20. (AP)—Galleries looked today for more upsets and minor reverses like those which spiced first rounds yesterday in the 53rd annual National Collegiate Athletic Association golf classic.

A trimmed-down field of 32 heads into second rounds. The championship will be decided Saturday.

Dave Dennis, 23-year-old Kansas University sharpshooter, fired a five-under-par 62 after beating Oklahoma's Jim Vickers 5 and 4 in one of the upsets.

Hilby-regarded Morris Williams, Jr., of Texas was knocked out of the running by Len Kennett of Southern California 2 and 1.

Advancing in the tourney yesterday were Harvie Ward, Jr., of North Carolina, shooting for his second NCAA title; Wake Forest's Arnold Palmer, the tourney medalist, and North Texas' Billy Maxwell.

Maxwell won over Nevada's Wayne Adams 1 up on the 19th green in one of the extra-distance matches. Ward eliminated Bo Faulkenberry of Oklahoma 5 and 4 and Palmer ousted Bill Harris of Denver 4 and 3.

A 19th green decision gave Bo Winger of Oklahoma A&M a victory over L. M. Crannell, Jr., of North Texas State.

Lie Sounds Out UN Members As To How Far They Will Go

LAKE SUCCESS, June 29. (AP) Secy.-Gen. Trygve Lie and his top aides are sounding out United Nations members on how far they will go in trying to stop the Korean conflict.

This was disclosed officially last night before Russia informed Lie that it considers sanction action by the Security Council illegal.

Lie already had sent all governments copies of the resolution adopted 7-1 Tuesday night by the Soviet-boycotted council.

Yugoslavia voted against it. Egypt and India did not participate because they did not have instructions from home.

The resolution did not set up any procedure for finding out what aid is available to carry out recommendations that all UN members furnish assistance to repel the Communist Korean invasion of South Korea.

Lie and his aides contacted half a dozen countries, including Russia, in private talks with delegations yesterday. They would not specify what delegations they consulted.

It was known that Andrew W.

Cordier, Lie's executive assistant, visited Soviet Deputy Foreign Minister Jakob A. Malik at the Soviet delegation's Park Avenue offices in New York. UN officials would not say whether the Korean problem was discussed.

Lie first considered, then delayed, sending telegrams to all members asking them to report in writing what they would do.

No one here expected Russian participation in anti-Communist operations but there was interest in what the Soviet answer would be.

Russia has been boycotting the Security Council since last January in protest against the presence of Nationalist China. Its answer said that the vote of the Chinese Nationalist delegate Tuesday night was illegal.

The Soviet government also said that the UN Charter specifies that all five permanent members of the council—the U. S., Britain, France, Russia and China—must vote in

favor of a resolution to make it legal. It said that the absence of both Russia and Red China from the session nullified the council's action.

There has been no indication here that Moscow has answered Washington's direct note asking Russia to call off the North Korean Communists.

Announcements early today in Sydney, Australia, and in Auckland, N. Z., furnished at least a partial answer to Lie's information quest.

The Australians said a frigate and a destroyer will support American forces fighting in South Korea. 2,000 Australian soldiers will be kept in Japan instead of being transferred home; and Australia has already informed the UN and the United States it will support the council decision.

New Zealand echoed that stand, promising royal New Zealand navy units to the American fleet.

Sander Needs To Get On Hospital List

CANDIA, N. H., June 29. (AP) — Dr. Hermann N. Sander today had his medical license back again—but still another hurdle blocked his path to full practice.

The New Hampshire board of registration in medicine restored yesterday the license it suspended last April 19, more than a month after the 41-year-old physician was acquitted of murder in the death of Mrs. Abbie Borroto, 59, a cancer patient.

However, he must regain membership in the Hillsboro County Medical Society—which dropped him when his license was revoked by the state body—before he can use the facilities of at least two hospitals.

Dr. Sander said he would open his Manchester office next Wednesday, adding that he would have to limit his practice to minor ailments and minor surgery which could be performed in the office.

He said he would refer any patient needing hospitalization to another physician until his membership in the county society is cleared up.

The bespectacled physician added he preferred not to comment on his status with the county group until his attorneys had advised him on the matter.

Officials of the Elliot Hospital and the Hillsboro County Hospital said Dr. Sander would have to be reinstated in the county medical society before he could again enjoy the privileges of these institutions.

Two Manchester Catholic hospitals which revoked his courtesy rights "forever" gave no indications that the restoration of his license would change that status.

Dr. Norman Crisp of Nashua, president of the Hillsboro Medical Society, explained Dr. Sander's standing with the statement: "He must apply for admission just as though he had never been a member."

Dr. Lloyd L. Wells of Manchester, secretary of the group, said the next meeting of the society is not scheduled until September but added that a special meeting could be called at the request of five members.

Sentence Five In District Court

Sentence was passed on five persons who entered pleas of guilty before Judge Charlie Sullivan in 118th district court Wednesday.

Emmett Robert O'Brien drew a seven year term in the state penitentiary after he was accused of taking a billfold from the person of B. F. Stanley in a tavern here last June 21.

Robert Allen McDonald, charged with forgery, was given two years in the state penitentiary.

Two other men drew suspended terms. James Wilson, charged with the theft of a vehicle belonging to W. P. Bishop here April 22, was given a suspended sentence of five years. James Harrison Marlow drew a two years suspended term upon conviction of a

charge of driving while under the influence of intoxicants (second offense).

Carlis C. Whitefield, charged with driving while under the influence of intoxicants, was sentenced to two years in prison. A previous conviction on the same charge influenced the judge's verdict.

Amarillo Woman Dies In Car-Train Crash

AMARILLO, June 29. (AP) — Mrs. Lewis D. Massengale, 22, of Amarillo was killed and three other persons injured early today when an east bound Fort Worth and Denver passenger train struck an automobile at a crossing in East Amarillo.

The accident happened about 12:30 o'clock this morning.

Rumors In Texas Run Ahead Of Actual Events In Korea

WILLIAM C. BARNARD

In Texas, rumors ran far ahead of actual events in the big Korean story.

Newspapers were deluged with phone calls from citizens, and many of the callers were full of mis-information when they ran to the telephone.

One reporter snorted: "We're getting far bigger news from the telephone than we are from the Associated Press news wires."

"I hear we've dropped an atomic bomb," said a woman caller. "All I want to know is, where did we drop it?"

"I just wanted to confirm that Russia has declared war on the United States," a man said.

Dozens of citizens had "heard" that "President Truman just declared war," and some asked, anxiously: "Who did he declare war on?"

And scores asked: "Is it true

that President Truman has called out the reserves?"

A woman, told that Mr. Truman had not called up the reserves, said: "Thank God! I'm the mother of two college boys."

"Is Russia marching on Germany?" a man's voice said. "I have a nephew over there."

"Are we at war with Korea or just a little bit of it," one woman wanted to know. And man asked, humbly: "Where is this place, Korea?"

Another fellow inquired belligerently: "What Congress got to say about Truman declaring war on Russia?"

Over the state, people bought newspapers eagerly. Street sales were up 10 per cent at Corpus Christi and 30 per cent at Fort Worth.

ECA COUNTRIES DRAWING UP CHARTER

European Payments Union Is A New Development In Recovery Program

WASHINGTON — An important new development in the European recovery program is the European Payments Union (EPU). The Marshall Plan countries are now drawing up its charter in Paris. Paul G. Hoffman, administrator of the Economic Cooperation Administration (ECA), has said that the Marshall Plan won't succeed without it.

EPU is a novel Yankee idea first broached to the western Europeans in a speech by Hoffman Oct. 31. Congress was sold on the idea and made it a part of the law authorizing continuation of European aid for the fiscal year ending June 30, 1951. It stipulated that \$600,000,000 of ECA funds should be spent through EPU in the coming year.

Backers hope EPU will eventually provide European manufacturers with mass markets throughout Europe. They could develop the cheaper, more efficient mass production methods which have done

so much to make possible the enormous productive capacity and high living standard of the United States.

When Europeans want to trade among themselves now they find a formidable array of obstacles. Some European currencies are considered sounder than others and nations with good currencies don't want to exchange their money for that of weaker currency countries. Nearly all of the countries have light import quotas to protect local industries. Some have high tariff walls. Here's what EPU will do:

When one country sells to another it will receive EPU credits, plus some gold or dollars, instead of the currency of the country doing the buying. These credits can be used in any other country in EPU. Thus all currencies become equally valuable for purposes of European trade.

Part of the gold or dollars will be America's ECA contribution.

The \$600,000,000 of ECA funds will be so distributed this year instead of being allotted in direct aid. The individual manufacturer will receive his full payment in the currency of his own country. His government will get the dollars and EPU credits.

The proportion of credits and dollars received will operate on a sort of sliding scale—and this is the most ingenious feature of the plan. The more a country sells, the larger will be the proportion of EPU credits it will receive and the smaller will be the proportion of dollars. This will practically force the seller country to buy in other countries in order to use up its EPU credits.

On the other hand, the more a country buys, the larger will be the proportion of dollars it must put up in payment, and the smaller will be the amount of its currency that will be accepted. When it runs short of dollars, it might be able to borrow some from ECA.

Meanwhile, its financial difficulties will become a matter for investigation by EPU and the International Monetary Fund. These agencies will send experts into the country to see why it is running such a deficit. They might find that its government budget needs tightening, that its bank credit policies should be changed, that its currency is inflated and so forth.

"A country which doesn't attempt to put its own financial house in order will stand out like a sore thumb as a member of the union," says an ECA spokesman. "Since membership in the union implies the yielding of a certain amount of sovereignty, a country will have to listen to and act on advice from the union's managers who represent the other countries."

EASIER IDENTIFICATION

"Magic Lantern" Picks Out Killer

LOS ANGELES, June 28 (AP)—A 23-year-old college student is in prison today because a modern offspring of the old-fashioned "magic lantern" helped identify him as the man who tried to kill a pretty Los Angeles Sunday school teacher.

The projector, termed the Identicalist, is the product of 11 years of research by Lt. Hugh McDonald, Los Angeles County Sheriff's office. An expert in identification, Lt. McDonald studied the many types of noses, eyes, hairlines, chin shapes, ears, mouths, and eyebrows. From these he made up 20 line drawings on transparent celluloid of each classification.

Starting with the 20 chin shapes, he projected the No. 1 chin, the No. 2 chin. He kept on until Miss Marilyn Danson, 23, picked out those which resembled her assailant's features most. Then came the same procedure with the hair, then the eyes, ears, and other parts of a completed head.

When this was completed, the Identicalist photographed the result. Police file clerks matched the composite with pictures in their files. When she saw the picture, Miss Danson said, "Lieutenant, that's the man who tried to kill me!"

Less than 24 hours later, Charles F. Hubler, a student at California Polytechnic College, San Luis Obispo, was arrested while attending a class in horticulture. Hubler denied the charges of robbery, kidnapping, and assault, but was amazed at the likeness of him and the product of the Identicalist.

The suspect said he was a victim of mistaken identity. Lt. McDonald and Miss Danson did not think so; neither did the courts which sentenced Hubler to life imprisonment.

Lt. McDonald has other plans for his system. Production is now underway on a miniature Identicalist which will be placed in all police

cruiser cars, from which "picture" information on suspicious persons will be radiated by numbered code to headquarters.

"When completed," Lt. McDonald said, "the machine will be able to compose the classifications and identification made in less than five minutes. Each classification will fall behind the lens of the Identicalist," McDonald says, "when the correct button is pushed.

"The detaining officers simply will relay numbers such as C-3 (third type of chin outline); H-11 (eleventh type of hair), and so on."

An officer at headquarters will push buttons to line up the various components, and a master button will drop them in place, all at once. The picture then will be compared with mug shots on the wanted list. If the suspect is wanted, the officers have their man.

If he isn't wanted, the officers have robbed him of less than five minutes of his time. Lt. McDonald believes this isn't asking too much of any citizen to help clean up crime.

More Catholics Said In Hungary Roundup

VATICAN CITY, June 29 (AP)—Vatican radio today reported that Hungary's Communist police had rounded up more members of Roman Catholic religious orders and transferred them to concentration points.

The broadcast did not give the number of persons arrested in these new raids, but reported that 150 Ursuline nuns and other members of religious orders had been concentrated in the episcopal building at Vesz. Christian brothers at Szeged, near the Yugoslav border, and Jesuits in Budapest and at the Jesuit College in Kalocsa also were said to have been arrested.

THREE CIGARS DAILY BUT HE CAN'T LIGHT 'EM—Raymond "Butch" Bossert, 4, smokes three full cigars daily but he can't light them—so his grandfather does that chore for him at his Philadelphia, Pa., home. During the day, when Granddad's at work, the cop on Butch's beat does the lighting because the child's grandmother said he'd smoke too many if she would light them for him. He has been smoking since before he could walk and since he has been three, his daily quota has been three. (AP Wirephoto).

Fewer Holy Year Pilgrim Visit The Holy Land

JERUSALEM, (AP)—The Roman Catholic Holy Year has brought far fewer pilgrims than expected to the holy land. Religious leaders on the Arab side say one reason is the uneasy truce between the Arabs and the Jews. Pilgrims have stayed away, they say, for fear of complications in crossing the border between Israel and Jordan.

Generally unsettled conditions

and unavailability of other than the simplest housing accommodations have been among other major reasons.

Church sources say that fewer than 1,000 pilgrims in organized parties have visited Jerusalem since last Christmas—the beginning of the Holy Year. They estimate another 1,000 persons, not necessarily Holy Year pilgrims, have come in small groups of two to five persons. The biggest crowd was at Easter time.

Christmas Island, with 184 square miles of land area, is believed to be the biggest atoll in the Pacific.

Utopia Tried By Indians As An Experiment

NEW DELHI, India, (AP)—Two "rural republics" where everyone has a job and no one starves have been set up in India in a new experiment in resettling refugees. It is the idea of Prime Minister Jawaharlal Nehru. His government has sanctioned 11 million rupees for experiments at Nilokheri, 90 miles north of Delhi and in the Nadia district, 60 miles north of Calcutta. Nehru has said he would like to "create a thousand Nilokheris all over India."

There is no middleman in the township and producer and consumer meet face to face. The community produces everything except coal, cement, steel, iron and timber. The township is knit by a network of small-scale industries, ranging from cloth-making to soap-making. The farm is jointly owned and cultivated. There are poultry farms and a piggery. Each householder grows vegetables in his garden.

S. K. Dey, manager of Nilokheri, believes that many of the present-day ills are due to "the inflated value attached to money in the modern world." On the other hand, he says, he hates "the totalitarianism which masquerades under the name of Communism."

The Nilokheri experiment is an attempt to revive the ancient Hindu system of rural republics where each unit was self-contained to the greatest extent possible and ran its own government.

During the Middle Ages it was believed that mistletoe could protect people from witches. Song birds eat mistletoe berries as a winter food supply.

Chicago Fair To Show Educational Farm Exhibits

CHICAGO, (AP)—Fair goers visiting the Chicago Fair of 1950 will see a real country fair. The fair, within-a-fair will feature educational exhibits. They will tell the story of how meat moves from the farm to the table. It will be sponsored by Armour and Co., meat packers, Crosby Kelly, executive manager of the Chicago Lakefront Exposition, said more than 100 varieties of cattle, sheep and hogs are scheduled for display. Livestock exhibits will show how America's beef supply developed from the buffalo of the Western Plains and the Texas longhorn steer to the present-day breeds of beef animals. The Chicago Fair runs through Labor Day.

Palace of Balder, ancient Scandinavian light god, stood in the Milky Way.

TEXAS TODAY

Texas Rangers Are Proud Of Record

By WILLIAM C. BARNARD
Associated Press Staff

Timely quotes from notable Texans:
"We point with pride to the fact that today, as never before, we have picked up the gauntlet of challenge from the criminals and subversives alike and have hurled it back in their faces. The Texas Rangers have proved themselves more effective with law violators than ever before during their long history." . . . Homer Garrison, Jr., director of the oldest state police organization in North America.

"How far the theory of federal ownership and control will be projected, I am not prepared to predict. I only know in at least one instance it has already nullified an explicit written agreement between the United States and an independent republic." —Gov. Allan Shivers before the annual governor's conference, White Sulphur Springs, W. Va.

"We are getting just a little tired

of being talked down to. Naturally, Dallas and Fort Worth are perfectly satisfied. They are getting all the water they need, for free, and if the Bureau of Reclamation should start throwing money around in West Texas it might result in reduction of some of the huge funds they have been getting from the corps of engineers." —Editor Frank Grimes of the Abilene Reporter-News on the West Texas water problem.

"The only other degree I possess is from CC&M—cotton, corn and mules. . . They didn't give you a diploma, you just got kicked out. This was a university of hardship, of privation, of getting what little you did get the hard way." —Robert L. Thornton, president of the state fair of Texas, upon being named president of "Kudos College" at Dallas.

"Houstonians snort at the idea that the city's growth is the result of a blood transfusion from the north with wartime industries. Jesse Jones, H. B. Cullen, Glenn McCarthy and other blue-chip betters were here before the war. It's a sort of pioneering spirit. Texas is the last frontier and every man has a chance to wrestle pipe on a derrick and wind up a millionaire." —Don Hinga in Coronet Magazine.

"Cities of the Gulf Coast which take a provincial view do not seem to grasp this idea. . . that flood control must start at the top of the stream while navigation begins at the first." —Dean Tavis, secretary of the Forward Trinity Valley Assn.

"Newspapers are the best friends the public has. The people of this country are getting the best newspapers in the world, the only completely free newspapers anywhere under the sun." —Van W. Stewart, retiring president of the Texas Press Assn.

Boy Runs After Failing To Get Any Prize Money

CHARLEROI, Belgium. (U) — A Charleroi exchange agent has been searching for a young boy for seven years to give him \$4,000. In 1943 the agent was holding the prize money for a wartime "Winter Aid" raffle. A boy about 12 presented himself at the agent's office with the winner number and demanded the money. Thinking him a bit young to walk out with 200,000 francs in his pocket, the agent told him to return with his father or mother. The youngster returned two days later without his parents, but still determined to pick up the cash. Suddenly he turned and ran out of the office and hasn't been seen or heard of since in spite of advertising and police searches in schools.

Meat Cookery Is The Cornerstone Of Popular And Tasty Family Meals

Meat cookery is the cornerstone of good family meals. Beef steak and rib roasts are the pin-up cuts of meat to most Americans. Runners-up in this popularity contest are hamburger, Swiss steaks, steaks and pot roasts.

Cookery of beef varies according to the cut and the grade. For special meals you want the top quality steaks for broiling or the rib roasts for oven roasting. However, the everyday budget calls for the thrifty cuts, the lower grades of beef which lend themselves to braising. These are the basis for Swiss steak, stew or pot roasts and the many delicious dishes prepared from ground beef.

Whether the cut is one large piece such as a chuck or rump roast or a 2-inch-thick blade or round bone pot roast, round or flank steak, or cut into cubes for stewing, the same method of cookery is used. Cover meat with seasoned flour, brown in a small amount of fat and, with a little liquid added, cook slowly in a covered container until tender.

TONGUE SLICES AND SPINACH RING
... snappy horseradish sauce

The terms "roasting" and "pot roasting" are often confusing. Roasting or oven roasting, where the meat is cooked in an open pan in the oven, is the method used for only the highest quality tender cuts. No water is added during the cooking. This is sometimes referred to as a "dry heat method of cookery."

Lamb, veal and pork are popular because they fit the budget and are delicious eating.

The eighth Culinary Arts Institute Cookbook suggests 250 ways to prepare all meat, how to buy meats economically, preparation of frozen meats with charts of retail meat cuts and time and temperature tables. The book contains recipes for beef, lamb, pork, veal, sausage, game, liver, brains, sweetbreads, heart, tongue, tripe, kidney and stuffings and sauces.

The following recipes are taken from the meat cookbook.

Roast Beef
5 to 6-pound rib roast of beef
Salt and pepper
Wipe meat with damp cloth and sprinkle with salt and pepper. Place on rack in pan and roast uncovered in slow oven (300 degrees F.) allowing 35 or 40 minutes per pound.

Beef A La Mode
5 pounds beef rump roast
¼ pound fat salt pork
Pepper
1 clove garlic, chopped
Salt, cayenne, flour
2 onions, sliced
4 tablespoons bacon drippings
1 bay leaf
1 sprig parsley
3 carrots, sliced
1 turnip, sliced
½ cup boiling water
Cut deep gashes in beef. Slice salt pork very thin, rub with pepper and place in the gashes in meat. Rub meat with garlic, salt and cayenne and dredge with flour. Brown onions in bacon drippings, remove onions, place meat in kettle and place onions, bay leaf and parsley over meat. Cover and cook slowly until well browned on 1 side. Turn and brown on other side. Add vegetables and brown well. Add boiling water, cover closely and simmer for 3 hours or longer, adding more water as necessary. Serve with vegetables and gravy.

Salisbury Steak
4 strips bacon
1½ pounds ground beef chuck
1½ pounds ground beef
1 tablespoon chopped onion
1 tablespoon minced green pepper
1 tablespoon chopped parsley
1 teaspoon salt
½ teaspoon pepper
Chop bacon and mix lightly with meat, onion, green pepper, parsley and seasonings. Shape into cakes and place them 3 inches under broiler heat. Broil 12 minutes, turning once.

Roast Leg of Lamb
1 leg of lamb (about 5 pounds)
1 clove garlic
1 teaspoon ginger
Wipe meat with a damp cloth. Do not remove fell, the thin paper-like covering over meat. With a sharp knife, make 4 gashes in the roast. Cut garlic into 4 slivers and insert a piece into each gash. Rub meat with the ginger, season with salt and pepper and dredge with flour. Place in roaster, fat side up and roast, uncovered, in slow oven (300 degrees F.) until tender. Allow 30 to 35 minutes per pound for roasting. When meat thermometer registers 180 degrees, the lamb will be well done. Remove garlic before serving. Allow ½ pound of person.

Barbecued Lamb Hash
3 cups diced cooked lamb
¼ cup grated onion
Fat
2 cups barbecue sauce (made without mustard and celery)
4 potatoes, cooked and diced
Brown lamb and onion lightly in fat. Add sauce and simmer for 5 minutes. Add potatoes and heat thoroughly.

Ham Baked in Milk
1 teaspoon dry mustard
4 tablespoons brown sugar
1 slice ham (2 inches thick)
Milk
Mix mustard and brown sugar together and spread over ham. Place in casserole, add enough milk to barely cover ham. Bake in slow oven 1 hour.

Baked Ham With Pineapple
Omit milk, increase sugar to ½ cups, and ½ cup crumbs and cup pineapple juice. Spread ham with mixture of mustard, sugar and crumbs. Add pineapple juice and bake as above. After 15 minutes add 5 or 6 slices pineapple and cook with ham during remainder of baking period.

Pork Tenderloin Piquante
2 slices bacon
1 pork tenderloin
6 medium onions, chopped
1 tablespoon fat
6 small sweet pickles, minced
1 teaspoon capers (optional)
1 tablespoon minced parsley
2 tablespoons vinegar
¼ cup tomato sauce
Arrange bacon over the top of tenderloin, place on rack of roaster and roast uncovered in moderate oven until tender, allowing about 30 minutes per pound for cooking. Brown the chopped shallots or onions in melted fat. Add sweet pickles, capers and parsley. Season with salt and pepper. Add vinegar and tomato sauce. Cook for 10 minutes and serve with roast tenderloin.

Veal and Pork en Brochette
1 pound veal steak
1 pound pork shoulder
1 egg
1 cup fine crisp cereal crumbs
Fat
1½ teaspoons salt
¼ cup water
¼ cup sour or sweet cream
Cut veal and pork into 1½-inch squares. Place 2 squares of pork and 2 of veal alternately on each of several skewers. Dip each into egg, then into crumbs and brown in fat. Season, add water, cover and simmer until tender, about 1 hour. Remove to hot platter and pour cream into pan. Heat to boiling and serve with meat.

Creole Liver
4 slices bacon
1 pound lamb liver, sliced
½ green pepper, diced
2 cups chopped tomatoes
¼ teaspoon cayenne
1½ teaspoons salt
¼ teaspoon curry powder or chili powder
Dice bacon, fry until crisp and remove from fat. Dredge liver with flour and brown in bacon fat. Add remaining ingredients and bacon. Cover and simmer for 45 minutes. Serve with spaghetti.

Sweet-Sour Hearts
2 veal hearts
2 tablespoons flour
2 tablespoons fat
1 teaspoon salt
6 tablespoons vinegar
2 teaspoons sugar
1 teaspoon pepper
3 cups water
1 small onion, chopped
Clean hearts, remove membrane and large veins and cut hearts into ½-inch cubes. Brown flour in fat and add meat and remaining ingredients. Cover and simmer for 1½ hours or until tender. Serve with noodles.

Spiced Tongue Mold
1½ tablespoons unflavored gelatin
2 cups stock from cooking tongue
¼ teaspoon salt
¼ teaspoon pepper
¼ teaspoon dry mustard
1 tablespoon lemon juice
1 teaspoon Worcestershire sauce
2 cups chopped cooked tongue
2 hard-cooked eggs, sliced
4 tablespoons chopped sweet pickles
¼ cup mayonnaise
Soften gelatin in cold water and dissolve in boiling stock. Add seasonings, lemon juice and Worcestershire sauce. Chill until mixture begins to thicken, then fold in remaining ingredients. Chill until firm.

Barbecue Sauce
1 onion chopped
2 tablespoons fat
2 tablespoons vinegar
2 tablespoons brown sugar
4 tablespoons lemon juice
1 cup tomato catsup
3 tablespoons Worcestershire sauce
½ teaspoon prepared mustard
½ cup water
¼ cup chopped celery
Salt
Cayenne
Brown onion in fat and add remaining ingredients. Simmer 30 minutes. Makes 2 cups sauce.

Piano Mover Is Way To Move Hurt Cow
SWAMPSCOTT, Mass., (U)—Cows that need a lift should call a piano mover. The other day a cow was jolted off a truck and hurt so that she couldn't stand. Traffic was tied up for hours because nobody could figure out how to attach a tow car hoist to the boxy. Then piano mover Thomas Andersen showed up with his piano straps and made a gentle rescue. The cow is reported on the mend.

YOUTH, SPECIAL TRAINING IS HELP TO THIS YEAR'S COLLEGE GRADUATES

By DOYLE SNEE
SAN ANGELO, (SPL) — More than a million brand new graduates are starting to and high schools are starting to pound the sidewalks in search of their first jobs. But the search may be tougher than graduates have faced in many years.

Day after day they're being told: "You may have to lower your sights a little, to take a smaller salary than you had in mind. You may have to take a job in another field than the one you've trained for and have your heart set on."

Ewan Clague, U. S. Commissioner of Labor Statistics in Washington, believes most of this year's graduates will eventually find jobs because they have youth and often special training on their side. But some may be added to the ranks of around 3,500,000 Americans now out of work.

Altogether the Bureau of Labor Statistics expects 1,700,000 youthful job-seekers will be added to the market during June. Nearly 500,000 are college graduates and another 800,000 high school graduates. The remaining 400,000 are people — not yet graduated — who are dropping out of both college and high school to look for work.

Says Clague: "Business is going to be swamped with applications from a bumper crop of high grade prospects."

Shortages have turned into surpluses in many lines of effort. Engineers, chemists, physicists, accountants, business administration specialists, personnel workers, lawyers, reporters and college and high school teachers are in oversupply.

But there's still a big demand for doctors, nurses, dentists, dietitians, health technicians, grade school teachers, social workers and salesmen.

College placement bureaus confirm government testimony. At the University of Illinois, the placement director sees 25 per cent fewer jobs for college men this year. Harvard reports demand down about the same degree. From state universities in Wisconsin, Minnesota, Washington, California, the forecast is similar.

Further evidence comes from business itself. The General Electric Company, typical of many large firms that recruit engineers and other technical workers from college campuses before graduation, is hiring about a third fewer this year than last.

Because engineers are so plentiful, the company has a hard time recruiting. Says Robert E. Dierks, who does the job in the Cleveland area for GE: "Our representatives are spending many more man-hours this year to select qualified people. For every one hired, we have interviewed about 30 persons."

An automobile manufacturer who is taking on from 150 to 200 June graduates this year reports that it hired quite a few more than that in 1949.

General Motors Corporation, on the other hand, is one of the few big concerns employing about the same number of college graduates in 1950 as it did last year.

From a steel corporation comes this statement: "Things are tight, particularly in the job brackets these boys want to get into."

An oil company said it has no need for new men, but probably will take on a handful just to keep its long-run youth-recruiting policy going.

Northwestern University, surveying the job plans of 131 companies (none small), found they are hiring 20 per cent less engineers and 25 per cent fewer people in other fields. Only in sales and marketing are more graduates being taken on.

Business and industry seem to have pretty well filled the job gaps created first by the war and then added to by booming postwar expansion. Business growth is slower now, and personnel turnover is diminishing. More workers are staying put.

On the graduates' side, the 1950 college crop is the biggest ever. It's the last great wave of veterans.

Only Three Vets Of Confederate War In Texas

BUNA, June 29 (SPL) — Jeremiah P. O'Brien, one of Texas' four remaining Confederate veterans, died last night.

The 105-year-old veteran died here at 11 o'clock Tuesday. O'Brien had made Kirbyville his home for many years but had spent much time here.

The three surviving Texas Confederate veterans are Thomas E. Riddle of the Austin Confederate Home, J. H. Whitsett of Bonham and Walter W. Williams of Franklin.

O'Brien was born in Ireland. He arrived in New Orleans July 18, 1861, and immediately joined the Confederate Army. He said he was with Robert E. Lee when the Confederate general surrendered at Appomattox.

Having no home, he followed the largest crowd of homing veterans west across the Mississippi River into Texas.

O'Brien was a retired section foreman.

SEARS CATALOG IN ATOM AGE

CHICAGO, June 28 (SPL) — That A venerable institution, the Sears, Roebuck catalog, has jumped right into the atomic age.

In the new fall and winter book, now in the mails, the company offers for the first time a Geiger counter, which it describes as "the finest instrument of its type for uranium prospecting." The price is \$49.50.

"Wear it in your belt... carry it like a lunch pail... it's the atomic age 'super sniffer,'" Sears says. It adds, the counter "nosces out radioactive ore deposits wherever radiation reaches surface or ground."

Syria Is Doubtful Of American Gifts

DAMASCUS, (SPL) — Gifts from American children to Syrian children were recently distributed by the Red Cross at Hama.

The newspaper "Al Ayyam" in Damascus commented the "noble feeling" of the American children was appreciated "because we can differentiate the innocent sympathy of these youngsters from that of American statesmen." However, the newspaper "Al Suri Al Jaddid," published at Hama, said: "Duty requires that the directors of public instruction reject these gifts from persons who want to establish friendship by force. We do not want the friendship of a person who shakes hands with his right and stabs us from the back with his left."

Ruins of Eridu in Iraq are believed to have been a city in 5,000 B.C.

Bats Driving Man "Batty"

LOS ANGELES, June 29 (SPL) — There's a convention of bats going on at Paul Dillaway's and it's driving him batty.

Dillaway said last night there are hundreds of the flying creatures battling their heads against the side of his house.

"My two children are frightened and crying and my wife won't stay in the house," said Dillaway. He and a bat expert captured 150 of them.

The expert, Loren Whitlock, said leg bands on some of them show they come from six different parts of the country.

"This a convention!" moaned Dillaway. "Why did they have to pick on my house?"

Food Price Index To High 1950 Level

NEW YORK, June 29 (SPL) — The Dun & Bradstreet Wholesale Food Price Index this week climbed to the highest level since January of 1949.

At \$6.04 the index was eight cents higher than last week and compared with \$5.89 a year ago. This was the highest since \$6.08 on Jan. 11, 1949.

The figure represents the total cost at wholesale of a pound each of 31 foods in general use.

A five year job of deepening and shortening the Suez Canal to handle big new tankers has been started.

Federal Tax On Yellow Margarine To Be Discontinued After July 1

Most people who read newspapers know that on July 1, a new Federal law affecting the cost to the consumer of yellow margarine will go into effect. Those who do the family food buying, particularly in families where margarine has long been a staple on the weekly shopping list, have probably followed with greatest interest the slow progress of the consumer movement to bring about the legislation which now will afford relief, budget wise, to millions of margarine users.

Due, however, to varying state regulations affecting the sale of margarine in many areas, the effect of this new Federal law needs some clarification. Depending on where the buyer lives, it may serve him nothing in money. State laws concerning margarine make all the difference.

Briefly, if the buyer lives in one of the 33 states or the District of Columbia (Texas included) which now permit the sale of yellow margarine, the new Federal law which removes the 10-cent per pound Federal tax on the product means that—right there—he pays 10 cents less per pound for yellow margarine than he has been paying, providing he hasn't been so budget conscious that he has formerly bought

the white and mixed in color at home to save that 10 cents. If he's been a "thrifty mixer," he may now assign other uses to his mixing bowl, for the pre-colored product, all ready to serve on his table, will cost about the same as white—after July 1. The grocer will no longer have to take out the Federal license which has been costing him \$48 each year if he handled yellow margarine. So more grocers will probably be handling margarine. Now, the buyer should be able to buy margarine at any grocery store.

There are, however, a few states

Van Camp's Now Operating Plant To Serve Texas

In recognition of the loyalty of the people of Texas to the Van Camp's label and to better serve the state, Van Camp's has taken over the plant of The Thrift Packing company in Dallas and converted it through extensive alteration and modernization to the production of Van Camp's Pork and Beans, Van Camp's Chili con Carne, Van Camp's New Orleans Style Kidney Beans, and many other famous Van Camp's products. Announcement is being made throughout Texas, in newspaper advertising, so that all the people of the State may now know that the Van Camp's they buy and heat, eat and enjoy is prepared for them in Texas, by Texans, from Texas products.

Curd Gillock, divisional sales manager, and his associate, C. Emerson Thomson, will be in charge of sales from the Dallas plant, and the plant will be under the supervision of Ernest Smith, who has been associated for many years with Stokely-Van Camp, Inc., at the main Van Camp's plant in Indianapolis, the home of Van Camp's since 1861.

Liver Spoon Cakes Are Good Eating

1 pound sliced liver
1 teaspoon salt
1-8 teaspoon pepper
2 eggs, beaten
4 tablespoons lard or drippings
Add just enough drippings (about 1 tablespoon) to frying-pan to prevent liver from sticking. Cook sliced liver until lightly browned on each side, about 5 minutes. (Do not cook until done.) Grind liver, add salt, pepper and beaten eggs. Mix well. Drop mixture by tablespoonfuls into hot drippings and brown well on both sides, 4 servings.

where local laws still will boost the price of all margarine above what it should be for the consumer.

In Utah and Idaho, state taxes of 10 cents per pound on colored margarine are imposed, while in North Dakota, a state tax of 20 cents per pound almost rules out yellow margarine as a good buy for consumers. In these states mentioned, plus Iowa, a state tax is imposed even on white margarine—five cents—except in North Dakota where it is 10 cents. So, in these states, consumers must get to work to remove their own local restrictions before they can buy this good food on the same basis as most of their sister states. It can be done.

After all these years of the struggle and controversy which have surrounded the manufacture and sale of a good food, the removal of the Federal taxes and license fees has proven that the voice of the consumer will in the long run, be heeded by lawmakers. The experience of Ohio consumers, who last year removed their own ban on yellow margarine at the polls, proves that consumers in the few remaining states which now carry legislation saying what the shopper may or may not buy, at a fair price, can also make themselves heard. It is expected that Michigan consumers will also have their chance to vote on state prohibitions against margarine some time this Fall. The day is not far off when margarine, colored at the source of manufacture, will stand in fair competition with every other good food, on its own merits, priced according to the cost of its ingredients, its making and its handling to the point of sale—the grocer's shelves.

Veal Stew Makes A Very Good Dish

2 pounds veal for stew
1-4 cup enriched flour
3 tablespoons lard or drippings
2 teaspoons salt
1-4 teaspoon pepper
3 medium-sized onions
1 pound or 1 No. 2 can green beans
3 stalks celery, cut in 4-inch pieces
1 green pepper, cut in rings
1 No. 2 can tomatoes
Roll veal in flour. Brown slowly in hot lard or drippings. Season and place in large casserole. Add whole onions and green beans, celery, green pepper rings and tomatoes. Cover and cook in a slow oven (300 F.) about 1 1/2 hours or until meat is tender and vegetables are done. Serve with boiled rice, if desired. 6 to 8 servings.

Beef-Corn Pudding Is Easy To Prepare

1 1/2 pounds ground beef
1 1/4 cups soft bread crumbs
1 1/2 cups cob-corn or whole kernel canned corn
1 egg
2 teaspoons salt
1-8 teaspoon pepper
1-2 cup tomato catchup
1-2 cups milk
2 tablespoons drippings
7-10 whole carrots
Combine ground beef, corn and bread crumbs. Mix well. Beat egg and combine with salt, pepper, catchup and milk and add to the meat mixture. Add melted drippings and mix thoroughly. Place in a large well-greased casserole or deep dish 9 inches in diameter. Bake, uncovered, in a moderate oven (350 F.) for 1 hour. Cook whole carrots. The last few minutes arrange cooked carrots on top of the meat pudding, like the spokes of a wheel. Brush with melted drippings and finish baking. 10 to 12 servings.

Youth For Lemons

RIVERSIDE, Calif., (U.S.—Old Age)—In lemons—can be put off by using two harmless weed-killers, 2,4,5-T and 2,4-D. Used on lemons before storage, the hormones keep the lemons young and delay maturity, reports Dr. William Stewart of the California College of Agriculture. They also reduce black rot and alternaria rot in lemons, he reports.

Tombs From Iron Age

CATANIA (U.S.—A group of 350 tombs belonging to the iron age has been discovered in the area of Realmesi, near Enna, Sicily. Some of the tombs were opened during the Byzantine domination, but many were still intact. In one of the later the remains of 11 bodies were discovered together with 32

AND NOTHING CAN BE DONE ABOUT IT

HELLO, MYRT! I'M HOME FROM TH' MINES

DID GREAT BIG MAAS HAVE A DREFFUL DAY AT THE OFFICE?

THAT REMINDS ME OF A STORY WHEN THOMAS MACALEEY WAS FOUR YEARS OLD A LADY ASKED HIM, "DID OD HART OGS ITTY BITTY FINGER?"

HE REPLIED, "MADAM, THE AGONY HAS SLIGHTLY ABATED."

HA! I MUST SAY THAT WAS STRANGE TALK FOR A ITTY BITTY BOY OF FOUR.

FURR'S Super Markets

Makes Comeback

TERMINAL ISLAND, Calif. (AP)—A 5-pound Monterey Spanish mackerel has been landed here after a game fight. This is news because this fish, once an important commercial type on the west coast, disappeared completely in 1890. It was not until 1927 that it was seen again. Since then only seven have been caught. The last one took 200 yards of line in his first rush.

New York Communist Rally Boos MacArthur, Truman

NEW YORK, June 28 (AP)—The names of President Truman and Gen. Douglas MacArthur were booed last night at a Communist-endorsed rally opposing U. S. intervention in Korea. Some 9,000 persons half-filled Madison Square Garden at the

"hands off Korea" rally sponsored by the Civil Rights Congress and editorially promoted by the Communist newspaper, the Daily Worker.

The Civil Rights Congress has been labeled subversive by the attorney general's office.

Among the speakers were: Gus Hall, one of the 11 convicted Communist leaders; Negro singer Paul Robeson; Ring Lardner, Jr., one of the "Hollywood 10" cited for contempt of Congress for failure to answer questions concerning Communist affiliations; Rep. Vito Marcantonio (American Labor Party-N. Y.), and the Rev. Richard Wright, executive secretary of the national council of American-Soviet friendship, also cited by the government as a Communist group.

Hall urged his listeners to unite "to stop the warmakers in their tracks" and added: "Even in this zero hour, World War III is not inevitable."

Robeson told the crowd, "We might as well tell the ocean waves to stand still as to stop the tide of freedom in the Far East."

The new Far East policy of the U. S., he said, "means war in the name of an idiotic campaign against Communism."

Marcantonio shouted that President Truman had violated the Constitution by intervening in Korea. "The will and desire of the American people for peace have been clearly thwarted," he said. "The power to declare war is vested in the people. I shall oppose any action that will cause the spilling of a single drop of American blood in Korea."

DOWN TWO KOREAN Planes. First Lieut. Robert E. Wayne, (above) 24, of Garden City, Long Island, N. Y., accounted for two of the six Russian-built Yak fighter planes of the North Korean air force in two days. Pictures taken by his cameras show jet fighters' guns shot down the Yaks 15 to 20 miles from the Kimpo Airfield. (AP Wirephoto).

64-Year-Old Oleo Taxes Off Saturday

WASHINGTON, June 29 (AP)—The 64-year-old federal taxes on oleo-margarine will vanish Saturday.

Most of the price-cutting has already been done. Many manufacturers have cut yellow margarine by about 10 cents a pound within the last week or two, anticipating the end of the 10-cent federal tax on that product.

The manufacturers, seeking to get themselves in good competitive positions for an expected upsurge of sales of tax-free yellow margarine in July, have absorbed the 10-cent tax for the last part of June instead of passing it on to the wholesaler, retailer and consumer as they used to do.

So people who live in states that allow the sale of yellow margarine, and who use that product, very likely have seen the price fall in recent days, say from 41 cents a pound to 31 cents, or thereabouts. Consequently next Saturday they may see little or no change in the price. There have been drastic cuts in the price of white margarine, too.

President Truman signed the margarine tax repeal bill on March 18. The House had passed it 262-106, the Senate 59-20. This was a victory for the margarine makers and the friends of cottonseed oil and soybean oil, which are used in margarine. It was a defeat for the dairy states and the friends of butter. These interests had been fighting it out for many years, with the dairy people gradually losing ground.

Two Miners Saved From Mining Pit

SALTILLO, Mex., June 29 (AP)—Two miners, buried for 102 hours, were rescued yesterday from the Las Palomas pit. Other miners had worked around the clock to dig through a caved-in tunnel to the two. Their first request was for a bottle of tequila. They got it.

Korea Fighting Leaves Russian People Calm

MOSCOW, June 29 (AP)—The fighting in Korea has made the Russian people neither excited nor nervous.

For all the behavior of the men and women in the street would indicate, this week has been just like any other. Moscow residents follow the Korean situation in newspapers and on the radio. People go about their business in their usual fashion.

Nothing even resembling undue agitation among the people has appeared.

The city's summer social season is at its height for the diplomatic corps, with numerous parties being given. Last night black ties and bare shoulders scurried to radios to hear President Truman speak to the American Newspaper Guild. Reception was good.

The local newspapers have continued to follow the Korean situation closely. Here were some of today's headlines:

"Peoples Army Liberates City of Seoul."

"Report From Command Peoples Army Korean Peoples Democratic Republic."

"Aggressive Actions by United States in Korea."

"American Reports on Military Actions in Korea."

"How Aggression against Korea and Peoples Democratic Republic Was Prepared."

The Korean situation certainly is being talked about. But it is difficult to say whether it is as hot a topic among the Russian people as the current situation in the Soviet Union's big league football race or the nice weather Moscow has been having.

Center Point Is Rally Site Friday

Center Point is to be the site for the candidate rally Friday evening.

Last week, Gay Hill was host for the rally and around 200 people turned out. Knott, where the first rally was held, had a big attendance. Next week candidates swing to Elbow for the meeting on July 7, said Earl E. Evans, master of ceremonies.

Home demonstration clubs in been sponsoring activities for the various communities have rallies.

The mistletoe was worshipped by the druids in Britain.

From where I sit... by Joe Marsh

Maybe This'll Wake Us Up!

Because a couple of thoughtless drivers threw a newspaper out of their car yesterday, Miss Gilbert, our school principal, nearly had a bad accident.

She was following them on the highway and the paper flattered over her windshield, so she couldn't see. In a minute her little coupe was across the line—right in the path of an oncoming trailer-truck. It missed... but only just!

The parties were recognized and soon as I heard about it I ran over to Sheriff Harper—demanded they be brought up on charges. But

Harper says: "Hold on, Joe. Let's talk this out, over supper and a glass of beer at Andy's."

He pointed out that those men aren't criminals. Just careless, like a lot of us seem to be getting these days, judging from the trash you see along roadsides. From where I sit, this near accident may be the lesson we need to make us stop littering our roads—and start showing a little tolerant consideration for our neighbors!
