

Best Rain In Six Months Dampens West Texas Area

Spring showers brought the most rain in six months to this area Wednesday night and Thursday morning, offering planting moisture and some hopes of greening pastures.

City lakes were estimated to contain now approximately 550 million gallons, more than could be withdrawn during the summer months.

AMRILLO, April 13. (AP) — Rain turned to snow this morning at Spearman and Gruver in the upper Panhandle.

Big Wheeler reported three inches in the Fairview-Moor area, and others confirmed this amount had fallen.

Most of the sandy areas of Howard county may have enough for spring planting, although the volume of rain in the tighter sectors is doubtful.

Rumor Soviets Pilotina Red China Planes

TAIPEI, Formosa, April 13. (AP) — Are Russians plotting Communist China's warplanes?

The Chinese Nationalists say they captured the pilot of one Russian-built fighter and are taking him to Chushan Island for questioning.

Acting swiftly after collapse of negotiations to evacuate foreigners from Red Shanghai by sea, the Nationalists reported their planes had mined the last open channel to the sea.

Plane Wreckage Sighted In Baltic

STOCKHOLM, April 13. (AP) — A German steamer reported today that it sighted last Sunday what appeared to be airplane wreckage in the Baltic Sea off Oland Island.

Cabin Destroyed

Fire completely destroyed a tourist cabin at Hodges camp on west Highway 80 about 5 a. m. today, the fire department reported.

THE BEST CONGRATULATIONS OF ALL—Daughters Priscilla, 5 (left) and Pauline, 7, kiss Frank Pace, Jr., after he was sworn in as Secretary of the Army in a ceremony at the Pentagon in Washington. (AP Wirephoto).

CHAMBER MANAGERS MEET

Delegates Here For District Convention

Delegates to the annual Chamber of Commerce Managers association of West Texas convention were beginning to arrive this morning as Big Spring made final preparations to welcome some 80 CCMAMT members and guests.

Among early arrivals for the three-day convention were Joe T. Ogden, CCMAMT president from Brady, and W. E. Cantrell, Delbart chamber manager and secretary of the West Texas organization.

Registration for the meet will be continued until 9 a. m. Friday when the initial session begins. Mrs. Douglas Orme, wife of the immediate past president of the Big Spring chamber of commerce, is to make the welcome address, while response is to be by A. C. Bishop, manager of the Sweetwater Board of City Development.

The convention will be key-noted at 10 a. m. by H. Conger Jones, president of the Del Rio chamber who will speak on "Selling the Chamber of Commerce to the Community."

Lower Output Hits Nation's Coal Miners

By WILLIAM G. SMOCK, AP Staff PITTSBURGH, April 13. — The nation's soft coal industry is suffering the effects of curtailed production today while even greater woes are foreseen in the immediate future.

Industry spokesmen predict spreading unemployment and a chain of mine closings as a result of reduced coal output and the inroads of competitive fuels.

Many already cost or low quality mines already are being squeezed out. And the number of miners are joining the ranks of job hunters.

Final Rites Held For Mrs. L. Butler

Final rites were to be said at 2 p. m. today at the Eberly chapel for Mrs. L. W. Butler, who died here at 6 p. m. Tuesday.

CRIME PROBLEM NOT RESTRICTED TO KANSAS CITY, SAYS TRUMAN

WASHINGTON, April 13. (AP) — President Truman today said the crime problem is nationwide and not restricted to Kansas City.

Mr. Truman said that he himself had ordered a grand jury investigation of the crime situation in Kansas City and proposed one in St. Louis.

The jury probe in Kansas City has been under way for some time. He said other grand juries were operating elsewhere as part of an inquiry that is nationwide in scope.

HST Wonders If McCarthy Can Be Libeled

WASHINGTON, April 13. (AP) — In a new blast of Sen. McCarthy, President Truman today questioned whether it is possible to libel the Wisconsin Republican.

Mr. Truman's remarks came at a news conference when he was asked about a recent statement by Sen. Taft (R-Ohio).

Taft had said the President libeled McCarthy by cracking at Key West, Fla., recently that McCarthy was the Kremlin's biggest asset in the United States.

Taft is up for re-election this year, Mr. Truman noted. He added that he thinks the Ohio senator is interested in something else a couple of years from now.

Mr. Truman's original blast at McCarthy was in defending the State Department from the senator's charges that it harbors Communists and their sympathizers.

Four Vehicles In Road Crash; One Man Hurt

Austin N. Moore of Odessa was hospitalized here with minor injuries following a four-vehicle accident which occurred during a pelting rain some four miles east of Coahoma at about 10 o'clock last night.

Truman Harper, 26, of Colorado City, was in the act of setting out flares for his truck, which was in trouble, when it was rammed from the rear by a machine driven by Reece Milton Gross.

The front end of the commercial vehicle was later struck by a car which had stopped on the highway, but which was propelled forward by a collision from the rear by still another car.

Driver of the car which struck the auto ahead of the truck was Billy Jack Johnson of Odessa, who escaped unhurt. Names of other principals involved in the wreck could not be learned.

The weather took the blame for a minor mishap involving three vehicles which occurred some ten miles north of town on Highway 100 last night.

'GOT PROPER LESSON' Missing U. S. Plane Branded As Spy Craft By Russians

By EDDY GILMORE, Associated Press Staff MOSCOW, April 13. — Pravda declared today the United States is trying to cover up the fact that the U. S. Navy patrol plane missing in the Baltic is the same one that the Russians say flew over Latvia Saturday.

There is no doubt that the Russians look upon the missing plane as the one they charge exchanged fire with a Soviet plane before disappearing over the Baltic. Pravda

Three Deputy Sheriffs Quit

AIRMEN DIE IN FLAMES—Thirteen men were killed when a B-29 bomber crashed in a remote section of the Sandia, N. M., Secret Weapons base. The shattered tail assembly in this Armed Services photo was the largest fragment intact after the ship struck the Manzano Mountains after taking off from Kirtland base in Albuquerque. The plane was in the 50th bomb wing at Walker base, Roswell, N. M. (AP Wirephoto).

Low Salaries Cited By Wolf As A Factor

Kiser, Finley, Crittenden Turn In Resignations

Three deputy sheriffs are leaving their post effective at 5 p. m. today.

Sheriff R. L. (Bob) Wolf, in announcing the development, told the Herald that it had become increasingly difficult, if not almost impossible, to secure and hold qualified men for deputy positions due to low salary scales.

He said he had received resignations from C. E. Kiser, chief deputy, and Curtis Crittenden, and had Bill Finley to hand in his. Sheriff Wolf said he had no immediate plans for replacements.

"I am going to try to get at least one good man for the chief deputy post," he said. "But whether this is possible or not, I am personally going to discharge just as much of the duties of the office as it is possible for one man to do."

He said that he felt that the public was entitled to know that the salary scales are not fixed by him. They are within certain limits provided by state statutes, and pegged within those limits at the discretion of the commissioners court.

Since January 1, 1950, said the sheriff, the chief deputy's position has paid \$225 per month, that of second deputy \$175.50 and third deputy, \$172.50. Prior to that date, the scale was \$157.50 for chief deputy, \$151 for second and \$141.50 for third.

"Men who take these jobs are subject to call 24 hours a day, and many times the job is just that long," said Sheriff Wolf. "Since the war the abuse that officers are obliged to take has increased. It's hard to get qualified men to take a job with such long and uncertain hours and with the unpleasantness that may be connected with it—especially when they can earn more money almost anywhere without the drawbacks of public service."

Regarding the three resignations, the sheriff said "I don't blame them."

Kiser had announced Wednesday night that he was resigning. He had been on the staff since December 15, 1946. Finley and Crittenden handed the sheriff their resignations Thursday morning, Wolf said.

Crittenden thanked the sheriff for "consideration and friendship in the past." He had been on the staff only since April 14. Kiser added a similar sentiment for "past pleasant relations together."

"I want to talk to some of the commissioners and see if that's their wishes," he said.

President Will Push FEPC Bill

WASHINGTON, April 13. (AP) — President Truman said today that Fair Employment Practices legislation will be pushed even though it has been put behind a foreign aid bill in the Senate.

Mr. Truman told his news conference that foreign aid was given priority because funds for the foreign program should be included in a catch-all appropriation bill in the House.

QUICKIES — Ken Reynolds

"Don't anybody faint—but look what I picked up in the Herald 'Want Ads!'"

Advertisement for National Want Ad Week, April 16-22, 1950. It features a large graphic with the text 'We're Going To Celebrate 10th NATIONAL WANT AD WEEK' and '10 APRIL 16-22'. Below this, it says 'With Bargains FOR YOU' and '3 days for the price of 1 | 6 days for the price of 2'. It also mentions 'Plus A SWAP COLUMN' and 'Swap Ad 6 Days Only 50c'.

SOUTH PRIMARY TEST

Civil Rights Battle Waging In Alabama

By LEROY SIMMS BIRMINGHAM, April 13 (AP) — Whether Alabama will return to its traditional place in regular Democratic ranks is the major issue in the party primary to be held May 2.

The outcome of that election will largely decide whether the state again rejects the national Democratic nominees over the civil rights issue.

That happened in 1948 when Alabama went for the states' rights ticket.

A bitter fight is on to decide whether the same thing can happen in 1952. It centers on the race for state Democratic executive committee, the party governing body.

The committee led the 1948 break with the national party. Strong political forces are arrayed against each other in the state committee fight.

Senators Hill and Sparkman are spearheading a move to insure Alabama's 11 electoral votes for the regular Democratic nominees next time.

On the other side are the leaders of the 1948 revolt, Gessner T. McCorvey, state committee chairman, and his followers. They advocate continued control of that body by those who split with the regular Democrats two years ago.

This is not a pro and con battle over the civil rights measures. Both sides oppose the civil rights bills. But the McCorvey group contends the fight can best be conducted by holding on to the threat of giving Alabama votes to some Democrat other than the regular party nominee.

Mediators Try To Ward Off Ship Strike

NEW YORK, April 13 (AP) — With a strike deadline just two days off, federal mediators today pushed a last-hour effort to smooth out a deck officers' union.

Representatives of East and Gulf Coast shippers and of the AFL, Masters, Mates and Pilots were called into a special session with four government peacekeepers.

The union, at odds with the operators for six months over hiring methods, has ordered a strike at midnight Saturday. It says 4,000 ship officers will strike, idling 700 to 800 vessels.

The union four times previously has postponed scheduled stoppages. Key issue is a demand that a rotational hiring system be set up for officers below the grade of first mate.

CORONER'S JURY FINDS Charge Negligence In Sanatorium Fire

NORRISTOWN, Pa., April 13 (AP) — A coroner's jury has found that "negligence" existed at the Belle Vista Sanatorium where a fire killed 10 patients March 29.

The six-man jury reached its verdict yesterday after hearing these disclosures:

Four of the 10 who died were strapped to beds, powerless to save themselves. Fifteen of the 82 patients who survived also were strapped to beds.

Doctors signed "restraint" orders giving a nurse authority to decide when some patients were to be tied down.

A previously convicted firebug who set the blaze, had keys to the rooms and a closet, handled matches and was allowed to go home week ends.

It took firemen 20 to 25 minutes to chop their way through mesh-barred windows to reach patients trapped in four small cubicles.

Besides finding "negligence," the inquest jury urged further investigation of the disaster in Springfield township and recommended that the arsonist, Nicholas A. Verma, 26, be committed to an asylum.

Earlier in the day, Verma, who admitted setting the fire, was sent to the Fairview State Hospital for the criminally insane by Judge Harold G. Knight.

Prayer Meeting To Highlight Party Of 102-Year-Old Lady

LANCASTER, Pa., April 13 (AP) — A prayer meeting will highlight the 102nd birthday Sunday of Annie Hebeck of nearby Strasburg.

And for the occasion, sponsored by a group of fellow Presbyterians, Miss Hebeck will sport a new hair-do.

She has been confined to a wheelchair for six years but refuses to be called an invalid.

"I can stand a little now, when I get something good and solid to hold on to," she says "and I guess my 102nd birthday is a good time to make a fresh determination to walk."

Friends say she is alert mentally and as lively a talker as any woman 25 years her junior.

Miss Hebeck recently discarded her glasses "because they don't help me much with my reading of the newspapers and the Bible."

Patrol To Take Testimony In Border Incident

EDINBURG, April 13 (AP) — An investigator from the San Antonio immigration office was to begin taking testimony today regarding reported border patrol shootings.

Last night Sid Hardin, Edinburg attorney, questioned statements by Tom Sutherland regarding the shooting incidents.

Sutherland is executive secretary of the Texas Good Neighbor Commission. Hardin is attorney for T. E. Stephens, owner of a packing shed where he charged border patrolmen last week fired pistol shots while hunting Mexican workers illegally in this country.

Sutherland has said an investigation of the alleged shooting has proved a firecracker "torpedo" was thrown against a wall and no shots were fired.

Hardin said last night he had wired Sutherland questioning his statement and adding "We make no issue of deporting aliens but protest searching private homes and private businesses without search warrants. Will the Good Neighbor Commission conduct an open hearing in the valley on mistreatment of American citizens by border patrol?"

Matt Harrington Is Cancer Crusade County Chairman

Matt Harrington, Big Spring insurance underwriter, has been announced as county chairman of the 1950 Cancer Crusade.

His appointment was announced by Gibb Gilchrist, chancellor of the Texas A. & M. college system and state chairman.

As county chairman, Harrington will head up the April educational and membership drive of the American Cancer Society.

He said that April 20 had been set as the tentative date for launching the campaign in Howard county. Quota has been announced as \$2,500.

Dr. R. B. G. Cowper has been named chairman of the medical division for the county.

Over the state, the American Cancer Society hopes to raise \$500,000 this year to support cancer diagnostic and treatment clinics and cancer research, as well as cancer education.

Howard county has been one of the leaders in West Texas in previous cancer fund raising campaigns.

Local Recruiters To Assume Jurisdiction Of New Mexico Area

The Big Spring Army and Air Force Recruiting area will spread over a portion of New Mexico Saturday when the local Main station assumes jurisdiction of the recruiting station at Hobbs.

Acquisition of the new territory also adds another man to the strength of the Main station staff, bringing the total number of canvassers operating from here to 15. It makes a total of 11 sub stations in the Big Spring Recruiting Main station district.

Others are located at Midland, Odessa, San Angelo, Snyder, Del Rio, Brownfield and Marfa.

Final Rites Held For Austin Pioneer

AUSTIN, April 13 (AP) — A. F. Martin, 93, pioneer Austin business man, died yesterday at his home.

Martin was born in Austin Oct. 8, 1856. He served as a page in the Senate during the administration of Gov. E. J. Davis.

He went by covered wagon to Chicago to complete his educational training and was there at the time of the big fire.

After returning to Austin, Martin worked in a bank owned by the late Major A. P. Woodruff. He founded the Austin White Lime Co. at McNeill in 1887. In 1907 he retired and devoted his time to supervision of his farms and other interests.

FAMOUS NAME REVIVED—A new concept of automotive safety, driving comfort and performance is claimed for the Nash Rambler convertible, a new model which goes on display Friday. In the new model which goes on display Friday, the Nash revives the famous Rambler name which first appeared on a motor car in 1902. Carrying many custom extras, the Rambler is priced lowest among five passenger convertibles. Nash-Big Spring, local dealer will have the car on display.

ON DISPLAY FRIDAY Nash Shows New Convertible Model

Nash Motors Friday will unveil its new "Rambler" automobile, and the local dealer, Nash-Big Spring, joins in the nationwide showing.

The new model may be seen at the showrooms, 1107 East 3rd.

A luxurious five-passenger custom convertible, first model in the new Nash series, it will compete in the lowest priced automobile field. It is an addition to the Nash line.

Priced below the lowest 5-passenger convertibles, the new Nash Rambler includes at no extra cost about \$300 worth of such custom appointments as: an electrically operated top, Weather Eye conditioned air heater, radio, one-piece windshield, direction signals, chrome wheel discs, clock, special upholstery, foam cushions and other custom car features.

According to Doss, "The new car offers up to 30 miles per gallon (more with overdrive), ease of parking, and nimbleness in traffic without sacrificing top performance on open highways. As we see it, the Nash Rambler is a new concept of automotive quality in a compact package."

Introduction of the Nash Rambler marks the start of Nash Motors' 49th year of automobile manufacture. "We take pride in reviving one of the most famous names in automotive history," Ross said.

"The first Rambler, built in our present plant in Denzosa, Wisconsin, was introduced in 1902.

New standards of safety are claimed for the Nash Rambler convertible. As a foremost feature,

the new car combines much of the safety of an all-steel sedan, with the recreational advantages of an open car. New overhead safety protection is accomplished with two heavy steel side rails framing the top of side windows.

An integral part of the body, these overhead chrome-trimmed rails also form a strong structural bridge-beam for extra body rigidity. They also carry the built-in tracks for the electrically operated top and serve as attractive frames for the side windows.

Exterior appearance is highlighted with sweeping front to rear fender lines. It is further enhanced by a broad low hood, shorter than other Nash cars, sloping forward offering greater visibility. Body lines flow back from the gracefully rounded front end to the tapered back. Frontal view of the car points up its road-bugging width and stability.

The radiator grille, an oval shaped racing-type air scoop, has heavy horizontal bars and blends with the massive front bumper. Headlamps, parking lights and direction signals are recessed in the fenders.

Both front and rear wheels are fully enclosed by streamlined fenders, an outstanding design feature exclusive with the Nash line.

The electric driving mechanism of the fabric top operates aircraft-type, nylon-coated steel cables. These are attached to the top for pushbutton control. The top can be stopped to provide an opening at any "intermediate" position from closed to fully open. The flexible plastic rear window folds

It's here!

LOOK! ALL THE THRILL OF THE OPEN CAR! WITH THE SAFETY AND COMFORT OF A SEDAN!

BEAUTY NOT IN LOVE Asks To Stay Here Instead Of Marriage

TULSA, Okla., April 13 (AP) — A Bolivian beauty who fears marriage to a man "I can never love" begged immigration officer for permission to stay in the United States.

Mireya Uriguidi, 23, pleaded yesterday with naturalization chief J. C. Stewart to extend her six-months visitor's visa. The permit expires in June.

She says a return to South America would mean marrying her father's friend—a man twice her age to whom she has been betrothed since birth. She did not give their names.

She told in a soft accent, her dark eyes often tearful, of a hurried departure from her Cochabamba, Bolivia, home in the midst of wedding preparations.

"I had told my father many times that I respected the man he had chosen for my husband, but that I didn't love him," Mireya said.

"My father wouldn't listen to me because it is the accepted custom of our family for the father to choose husbands for the daughters."

"I even pleaded with the man, who is a wealthy diplomat, to release me from our engagement, but he refused and said it could not be broken. He said I would have to marry him."

Mireya's mother, "more interested in my happiness than my marriage," gave her money to come to this country. The American Consul suggested the home of an acquaintance in Tulsa.

"But my father will never forgive me and he says I cannot come home unless I marry his friend," the girl told Stewart.

Mireya said she was fearful her father may force her to return and she implored reporters to keep the same out of her home town of the newspapers.

Stewart suggested she enter the University of Tulsa, although already a college graduate, in order to obtain a student's visa for the duration of enrollment.

The immigration officer cautioned against a marriage of convenience so she could stay in the United States.

"Oh, no!" Mireya shook her head. "I would only marry for love. A marriage of convenience is what I am trying to escape."

LEADS ALL STATES

Texas Farm Income Rises 72 Percent

By DILLON GRAHAM AP Staff WASHINGTON, April 13 — Texas boosted its farm income in January and February by 72 per cent over the first two months of 1949 to lead all states in percentage of increase.

The department also reported that 11 other states showed larger cash receipts. Florida farmers' and growers' revenues jumped about 49 per cent, \$85,405,000 to \$126,332,000.

Housework Easy Without Nagging Backache

As we get older, stress and strain, over- exertion, excessive smoking or exposure to cold sometimes slow down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness.

Top place in total income, however, went to Iowa, with \$377,678,000 as against \$289,907,000 for the 1949 period. The Hawkeye farmers' big bundle of cash was roughly \$80 million more than was pocketed by Texans.

Videla Continues Official Visits

WASHINGTON, April 13. (U. P.) — President Gabriel Gonzalez Videla of Chile, champion of "friendship and solidarity with the United States," continued his round of official visits here today.

The schedule for his second day as a state guest included visits to Mount Vernon, the Tomb of the Unknown Soldier and a dinner as guest of Secretary of State Acheson and Mrs. Acheson.

Flying Bixbys Finally Reach San Francisco

SAN FRANCISCO, April 13. (U. P.) — The flying Bixbys completed their globe striding flight today—10 days behind schedule.

They landed here, their April 1 takeoff point, at 3:06 o'clock this morning. They had hoped to shatter the late Bill Odom's world circling record of 72 hours, five minutes, 11 seconds.

Rail Agency Okays

AUSTIN, April 13. (U. P.) — The Railroad Commission today reported approval of the Gulf, Colorado and Santa Fe Railway Co.'s request to continue its agency at Rochelle.

Republicans To Decide Soon On Bipartisan Foreign Policy

WASHINGTON, April 13. (U. P.) — The Senate Republican Policy Committee may clarify soon the GOP position on the bipartisan foreign policy.

Bauer Sisters Quit Amateurs

NEW YORK, April 13. (U. P.) — The famous Bauer girls today had a price tag on their golfing ability.

Marlene and Alice's father, Dave, used a swank hotel cocktail party as site for the announcement his daughters were going to try and parlay par into cash.

Marlene is 16, Alice 20. Marlene last year was voted woman athlete of the year in the annual Associated Press poll. She was also Golf Guide's woman golfer of the year.

is discussing the possibility of a new statement on this question next week.

His disclosure came after Gov. Thomas E. Dewey of New York suggested that President Truman set up a "genuine" bipartisan foreign policy and had told his fellow Republicans not to rock the boat.

Taft, who heads the policy group, said the foreign affairs discussion was spurred by a proposal of Sen. J. William Fulbright (D-Mo.) that the committee take some official action to restore full two-party co-operation on international problems.

The move comes at a time when the Senate is getting ready to consider the administration's foreign aid bill.

Ives told a reporter he suggested at yesterday's meeting of the group that some arrangement be made which selected Republicans—either from the foreign relations committee or the policy group or both—could sit in on the formulation of policies.

publicans. But he added the Senate GOP ought to have its own official representatives for contact with administration leaders.

A DAZZLING CLEAN WASH WITHOUT RINSING ... IT'S A NEW TIDE MIRACLE!

Just wash—wring out—hang up!

WOMEN EVERYWHERE say it's the best washday news ever! They love the time and trouble and water they save by skipping the rinsing! But most of all they love the way their clothes come dazzling clean.

HERE ARE THE FACTS ABOUT WASHING WITHOUT RINSING

- 1. How can Tide get clothes clean without rinsing? Tide keeps the dirt suspended in the sudsy water. When you wring out the clothes, the dirt runs out with the washwater—clothes come from the wringer CLEAN, and dry as bacteria-free as rinsed clothes.

"I'M THROUGH WITH RINSING—THANKS TO TIDE!" SAYS MRS. GLORIA GUY, DETROIT, MICH. "The grandest thing that ever happened to washday is Tide—without rinsing! The time it saved Best of all—washes come out clean and dazzling white!"

When you wash without rinsing— NO OTHER WASHING PRODUCT KNOWN WILL GET CLOTHES CLEANER THAN TIDE

PRAGUE CHARGES SPYING 2 Czech Employes Of U. S. Go On Trial

PRAGUE, Czechoslovakia, April 13. (AP) — Two Czech employes of the United States Information Service went on trial before the Prague State Court today on charges of spying and spreading hostile propaganda.

The official Czech news agency named the defendants as Lubos Elstner and Miss Dagmar Kacerovska, translators for the USIS. The agency said Elstner pleaded innocent and Miss Kacerovska pleaded partly guilty.

Both were accused of supplying state secrets to the chief of the U. S. Embassy's press department and with spreading hostile propaganda against the Communist-led government.

The first notice of the trial was given yesterday when the ministry of information invited accredited western correspondents to cover the trial at Pankrac court building.

(The Associated Press was not invited because, a ministry official said, it has no accredited foreign correspondent in Czechoslovakia. The Associated Press correspondent, Nete Polowatzky, was expelled March 31 on charges of unobjective reporting.)

The trial of the two Czechs came after two other Czech employes of the USIS here quit their jobs because of what the Czech news agency termed "the growing hostile attitude" of the U. S. agency toward Czechoslovakia.

Both of the workers who resigned issued statements, the news agency said, denouncing their American employers.

Guilty Pleas Heard In District Court From Indictments

Several pleas of guilty on indictments returned by the grand jury earlier in the week were being heard in 118th District Court this morning.

The first defendant called, Philip Legrand Gillespie, was sentenced to a prison term of five years in each of two felony theft charges. The terms are to run concurrently and credit has been allowed for three months spent in county jail. Gillespie pleaded guilty to both counts and waived a jury.

Dean Lewis Hambrick, who entered a plea of guilty to a second offense of driving while intoxicated, received a two-year suspended sentence.

Other cases were to be called later in the day.

Long String Set In Good Pool

Long string has been set in the Comdor No. 138 in the Good pool of southwest Borden county.

Top-of-pipe was picked at 7,000 feet and the hole was bottomed at 8,017 feet. This venture is in the southeast corner of section 36-34-40, T&P, 6-north-eastern 44-40-well. Comdor No. 5-38 (old) was drilled to 7,051 feet.

Seaboard-Pan-American No. 13 Good, on the south edge and in section 48, was shut in, awaiting test. Seaboard-Pan-American No. 14 Good was trying to stabilize crooked hole at 5,045 feet. No. 6 drilled below 4,272, and location was made for No. 17, one location west of No. 13.

Seaboard has skidded 100 feet north for the No. 1 Porter, north of the north Vealport discovery. Hole trouble below 4,500 could not be cured.

One new location was staked in the Boinecke (North Vincent) area. It will be the P. R. Rutherford No. 1 A. L. Holly, 660 from the north and 466 from the east lines of the southwest quarter of section 32-25, H&C, a west and north offset to the Hyser & Heard No. 1 Holly, direct west offset to the discovery.

Livermore No. 1 Hardy, 16 miles northeast of Big Spring, drilled to 2,760.

EVACUEES REPORT Shanghai Cluttered By Arriving Soviets

By FRED HAMPSON
AP Staff

HONG KONG, April 13. — Russians are streaming into Shanghai, 28 foreigners just arrived from Communist China said today.

"You don't see them so much as you feel them." That was the comment of one of the arrivals, the first large group to get out of Shanghai since the Reds eased their ban on train travel by foreigners.

Best estimate of these foreigners is that about 3,000 Russians are in Shanghai — mostly civilian technicians and political workers. Not one saw a Russian in military uniform.

This was in contrast to many reports that have filtered into Hong Kong. These within recent weeks have had Russian soldiers patrolling Shanghai streets, manning anti-aircraft defenses and doing other active military duties.

The arrivals, who included four Americans, said the Russians are being given the best housing accommodations in Shanghai—a situation arousing much resentment. This confirmed reports prevalent here for some time.

The 55 were among 154 foreigners jam-packed on the little coastal vessel, Heinrich Jaesen built to accommodate 30 passengers. The ship took them aboard at Tientsin, North China port where they had gone by rail from Shanghai.

Sixty-eight other passengers were evacuees from North China brought out by the International Refugee Organization. They left immediately by air for Palestine.

WOMEN CRAVE IT Doctor Says Dirt Eating Is Common

NEW ORLEANS, La., April 13. (AP) — A doctor and a nutritionist today reported that dirt eating by pregnant women in rural Mississippi is quite common.

Dr. James Ferguson of New Orleans and Nutritionist Alice Glenn Keaton of Jackson, Miss., said the practice is so widespread and "so little known that it merits a report."

Besides dirt, the two wrote in the New Orleans Medical and Surgical Journal, some of the women have an unaccountable craving for plain laundry starch.

All of those who admitted dirt and starch eating, the specialists observed, "were from an economically and racially underprivileged group and 92 per cent were Negroes."

Just why the women eat the dirt and starch, said the medical team, is unknown.

Their article, based on a 1948 dietary study of 261 pregnant women in 11 rural counties, said "25 per cent included clay in the diet and 39 per cent starch."

Many of the women interviewed, the two concluded, were reluctant to admit the practice and "hence we feel that the true incidence is much higher."

The interviews contained many direct quotes from the women on why they followed the dietary practice. These included:

"I know it is not good for me, but I like the taste. I eat dirt just the same way you smoke a cigaret."

"When I get worried about my children I eat more dirt."

"It seems to settle my stomach."

"When I go up to Jasper County I get it, but can't find any good dirt here."

"This Biloxi dirt ain't no good, so I gets my sister in Birmingham to send it to me."

"Some people say it has a lot of germs in it so if it does I try to kill it and bake it in my oven."

"It sure is good."

"I never heard of a man eating dirt. They not got the same taste woman has. They not like a woman."

North Ward Unit Has Program And Business Session

"Teamwork For Business" was the program theme when Joe Pickle addressed the North Ward P-TA at a regular meeting held Tuesday afternoon at the school.

Pickle stated that all have to work together to make a success in business. He emphasized the idea that now is the time to teach children to be economical. Teamwork in the business world, said the speaker, is more than the use of money, it is learning to cooperate with others to promote worthwhile things. Teamwork, said Pickle, is democracy.

Mrs. Cora Cowan's first grade students presented an Easter program. Mrs. Cowan's students also sang the room song.

Mrs. J. C. Lane, city council president, reported on the P-TA conference to be held in Abilene on April 21, and the health roundup.

James T. Johnson discussed plans for a school program to be held on May 11.

It was announced that the North Ward students would present a radio program over Radio Station KBBT Thursday at 3:15 p. m. It will also announce that fifth grade students of the school would be presented over Radio Station KBBT at 3 p. m. Sunday and will sing at the First Methodist church at 7:30 p. m. Sunday.

The meeting opened with the group singing "The Eyes of Texas" and "Springtime in The Rockies" and closed with the group singing "Keep Your Eyes Upon The Object."

Attending were: Mrs. C. C. McLeod, Mrs. Raymond Hamby, Mrs. H. D. Lamberson, Mrs. C. E. Suggs, Mrs. W. O. Leonard, Mrs. D. L. Knightstep, Mrs. Joe Strick, Mrs. J. C. Fisher, Mrs. Clyde Williams, Mrs. R. V. Fryar, Mrs. Truett Thomas, Mrs. A. L. Cooper, Pauline Morris, Mrs. R. B. Davidson, Mrs. J. E. Parker, Mrs. Earl Plow, Mrs. Stella Lyles, Mrs. L. Z. Roberts, Lucille Grant, Mrs. F. O. Sorrells, Mrs. J. A. Smith, Mrs. C. F. Lane, Mrs. M. R. Brown, Mrs. John L. Appleton, Mrs. C. F. Wilson, Mrs. L. B. Kimpton, Mrs. W. H. Denton, Jane Freeman, C. Cannon, Mrs. J. W. O'Blidin, Mrs. Walter Ruedacker, Mrs. N. Kenemser, Mrs. Lola Baird, Mrs. Guy Moore, Mrs. L. E. Hall and James T. Johnson.

County TB Group Votes X-Ray Survey

Members of the Howard county Tuberculosis association voted Wednesday to sponsor the mass chest x-ray survey here again this summer, subject to the sanction of the local medical association.

A general chairman for the project is to be appointed as soon as approval is assured, Dr. J. M. Woodall, president of the association, indicated. Some 3,000 persons availed themselves of the opportunity for free chest x-rays in the survey sponsored here by the Howard association and the State Health department last year.

The group also decided last night to start patch tests for tuberculosis in the public schools Monday. The treasurer's report and election of officers for the coming year rounded out the program.

Mrs. James T. Brooks, treasurer, announced that \$1,064.50 had been raised for the association through Christmas seal sales last year.

Officers chosen for the next year were: Dr. Woodall, president; James A. Harrison, first vice president; Mrs. Martine McDonald, recording secretary; Mrs. Brooks, treasurer; Mrs. J. T. Corcoran, seal sales chairman; and Lorena Brooks, executive secretary.

Elected to the board of directors were: W. C. Blankenship, T. A. Fierro, H. H. Holguin, Jack Smith, Clyde E. Thomas, Dorothy Davis, Jimmie Hale, H. E. Barnes, Mrs. Carroll, and Charles Vines, Mrs. R. B. G. Cooper, V. E. Friedlander, and J. V. Sanders were re-named to the medical advisory board.

Mrs. Sawtelle was appointed program chairman.

Fair Deal Is Socialistic, Byrd Asserts

WHITE SULPHUR SPRINGS, W. Va., April 13. (AP) — Sen. Byrd (D-Va) contends President Truman's "Fair Deal" program would "commit us irrevocably to a socialistic state from which there can be no retreat."

In an address before a meeting of the Southwest Electric Exchange here last night, Byrd posed these questions:

"If he says he is against Socialism, why is he advocating the passing of Congress to adopt socialized medicine?"

"Why is he advocating the Brown Plan, which inevitably means socialized agriculture?"

"Why is he advocating another extension of socialized housing?"

"Why is he constantly advocating an extension of the number of those who receive government benefits?"

"Although deficit spending and Socialism are twins of evil," the President wants to spend \$3 billion more beginning July 1 than was spent in 1948, the last year the budget was balanced, said Byrd, a long-time advocate of more economy in government.

The Virginian also took the administration to task for failure to "come to grips" with John L. Lewis and his United Mine Workers.

Struck By Auto, Woman Escapes Serious Injury

A 35-year-old Negro woman, Willie B. Coker of Big Spring, escaped serious injury when she was struck and felled by an automobile some two miles west of town on Highway 80 at about 9:15 o'clock last night.

The husband of the woman had sent her across the thoroughfare to telephone for assistance after their car had been drowned out during the rain.

Driver of the vehicle which struck the woman stopped and offered to render aid. He was allowed to go on his way when it was learned the woman was not badly hurt.

Mrs. Coker hailed a taxi to go to the hospital for a check-up.

AAUW Unit Votes Scholarship Fund

Announcement is made concerning the decision of members of the local branch of the American Association of University Women to present a \$50 tuition scholarship each year to a girl from one of the independent school districts of Howard county to be used at Howard County Junior college.

Mrs. Curtis Driver is to visit various schools during the week to discuss the award.

Plans are being made by the group for a picnic to be held in May.

Crash Injures Man Near Garden City

GARDEN CITY, April 13. — A man identified here only as a "Mr. Moore of California", was injured, perhaps seriously, in a car mishap 15 miles east.

The car in which he and a Mr. Tatum of San Angelo were riding went out of control and into a ditch. They were enroute to Odessa to see Tatum's son.

Tatum, according to reports received by Judge Gene Carr, who said the car was almost a total wreck, reported the car went suddenly and unaccountably out of control. Moore was taken to a Midland hospital.

Loss Of Freedom Only Welfare State Hitch, Declares DA

Loss of freedom is the "only hitch" in a welfare state, declared District Attorney Elton Gilliland in a speech at the Big Spring-Kilwanis club Thursday.

The issue of the welfare state probably will be the most important to arise during this century, and it may even overshadow the secession issue of last century, Gilliland suggested.

The government or "big brother," as the district attorney called it, already is taking responsibilities from the shoulders of citizens, he reminded. Examples cited were social security, farm price supports, subsidization of industries, government housing, etc.

These could be increased to include medical service, college education and even employment, Gilliland explained.

"Of course 'big brother' probably would want the college education to take place at his own schools, but it could be furnished nevertheless. Therefore, the only hitch in this business is that the individual loses his freedom," Gilliland concluded.

Lou Ann Nail presented a piano solo prior to Gilliland's address. Dick Chiffon was in charge of the program.

Always Ready Class Has Wiener Roast

Members of the Always Ready class of the senior department of the East church supper course, were entertained with a wiener roast and business meeting at the City park Monday.

Those present were: Francine Thompson, Frances Rice, Mary Frances McClain, Mildred Rusey, Earlene Wright, Dannelia May Davidson, Shirley Jean Moore, Mrs. A. W. Page, departmental superintendent; and Mr. and Mrs. Bill

RAIN

(Continued From Page 1)

son County, just south of Fort Worth.

But they also ranged down to mere traces in many areas which needed rain badly. In the drought-stricken, wheat-growing Panhandle, only traces were reported at Childress, Clarendon and Dalhart.

The heaviest rain reported was 1.98 inches at Burleson in cotton, corn and small grain growing Johnson County.

Because it wasn't the general rain which Texas needs, there probably were other places where even heavier, localized rains fell.

At Odessa in West Texas a pelting rain—Odessa's first in months—flooded streets, curb to curb, last night.

The U. S. Weather Bureau in Dallas said showers have been reported in every part of Texas but they are spotted. To break the drought, a general rain is needed.

Some encouragement was seen in the forecasts for today, tonight and tomorrow. Showers were predicted for West Texas today, and for the Pecos Valley eastward tonight. Showers were predicted for East Texas today and tonight, and in the eastern section tomorrow.

Other rains reported by the bureau—totals for the 24 hours ending at 6:30 o'clock today—included:

Fort Worth .35 of an inch, Dallas .63, Del Rio .47, Palestine .25, Tyler .34, Lubbock .11, Bryan .06, Austin .04, and Laredo .01. Traces were reported at Childress, Clarendon, Midland, Junction and Dalhart.

A cool wave came with the rain. Dalhart in the Upper Panhandle reported a freezing 30 during the night, and by 6:00 o'clock the reading there was still 32. Amarillo was cold at 28. Wichita Falls reported 45. Fort Worth and Dallas 46; El Paso 51, Lubbock and Abilene 55, Waco and Tyler 55. San Antonio reported 66.

Wednesday West Texas received local rains, but reports indicated the moisture was just a token effort. The heaviest fall reported was 1.61 inches at Levelland, 30 miles west of Lubbock. The Eastland-Cisco area measured about an inch of moisture.

Showers fell from Marfa on the south on up to Lubbock and across to Dallas Wednesday.

Scout Summer Camp Opening Delayed Due To Training Conflict

Regular summer camp for the Buffalo Trail Boy Scout council has been delayed by two weeks, council officials announced today.

The opening date has been changed from May 28 to June 11, due to a conflict with the Boy Scout Camp Staff training school. All camp staff members are scheduled to attend the training school.

The summer camp program will continue for six consecutive weeks after the opening on June 11.

Harlingen Tops Valley Circuit

By The Associated Press

The Rio Grande League finished its second round of games as a Class C league and Harlingen emerged as the sole possessor of first place.

Brownsville succumbed to the Class C league and Harlingen emerged as the sole possessor of home run power of Harlingen last night, 4-1, and as a result of his loss remains the only occupant of the cellar.

Del Rio blasted three Laredo pitchers for 17 hits and a 13-4 win that squared their series at one each.

Chamber-Commerce Week Scheduled

Chamber of Commerce Week will be observed here April 24-30. J. H. Greene, local chamber manager, announced this morning.

The local observance will be in connection with a state-wide program during which chambers of commerce will take time out to review the past and analyze the future. Greene said. Remarks on the special observance will be made Saturday during the CCMA-WT convention by John Womble, Abilene president of the Texas Chamber of Commerce Managers association, who will speak on the subject, "What to do during Chamber of Commerce Week."

Big Spring Girl Plays In Macbeth

ABILENE, April 13 — Frances Bigony of Big Spring, has been selected to play Lady Macbeth in Shakespeare's "Macbeth" at McMurry College next month, according to Bill Adams, play director and head of the McMurry Speech department.

"Macbeth" is slated for May 1-5 at McMurry and May 6 in Odessa. Frances appeared in Noel Coward's "Billie Spirit" last fall.

Only matinee performances especially for high school students will be given the first three days at McMurry, while May 4-5 are scheduled for evening performances for the general public. Adams said. Both matinee and evening performances will be given in Odessa.

There are to be a total of 53 costumes and three different sets for use in the production. In addition, Phillip Slatas, McMurry piano professor, has written a complete musical score to be used in "Macbeth."

Frances is the daughter of Mr. and Mrs. D. F. Bigony of Big Spring.

Wedding Shower Given For Couple

Adelyn Maresk and Bill Holbert were honored at a wedding shower held at 204 Lexington. Hostesses were Mary Alice Cluney and Bertha Schuchert.

Refreshments were served to the following: Mrs. Marie Christoffers, Mrs. Phyllis Stovall, Mr. and Mrs. Paul Crabtree, Mrs. Wilma Kenner, Mrs. Doris Taylor, Mrs. Mary Toope, Mrs. Jane Belle, Mrs. Charlie Webb, Mrs. Doris Webb, Mr. and Mrs. James Crawford, Mr. and Mrs. Clayton Swimney, Mrs. Maddock, Billie Rice, Mrs. Alice Cluney and Bertha Schuchert.

Game Supervisor Dies

AUSTIN, April 13. (AP) — J. T. Swanson, district game supervisor at Junction, died suddenly today at Cotulla, the Game, Fish and Oyster Commission was informed.

Swanson, 56, a native of Llano County, had been with the department since April 1, 1927. He was on special assignment with a crew of wardens when he was stricken about 6 o'clock this morning.

Efforts were being made to locate Mrs. Swanson who has been in Fort Worth and reportedly has gone to Wichita Falls to continue her visits with relatives.

Good Rainfall General Over Glasscock Co.

GARDEN CITY, April 13—Glasscock county was blanketed with half an inch and a half inches of rain last night.

It proved of great benefit. Ranchers expected vegetation to come on rapidly and at such a rate that the bitterweed threat would be minimized.

Garden City had only .61 of an inch. Clyde Reynolds, in extreme eastern Glasscock reported .81 of an inch. Between this point and town the Steve Currie ranch had .51 and still nearer the Bill Currie ranch had 1.50 inches.

Soe Powell, in western Glasscock, reported .81 of an inch. Sam Raloff, in northwest Glasscock reported .95 of an inch.

John Henry Cox, south of town, measured three-eighths of an inch. S. Lawrence, a new community on the southern border, reported only a sprinkle and not enough to shut off the irrigation. Over the Reagan county line the rain picked up quickly to an inch.

Lane's community, on the extreme north edge reported from about an inch and a half of moisture.

Farm Labor Shortage In Texas Is Forecast

BROWNSVILLE, April 13 (AP)—A dream for farmers: an inexhaustible supply of field hands at less than 30 cents an hour, present when needed and with no claims on the farmer after crops are gathered.

That was no dream. It was reality in many Texas areas in past years.

But it may be just a dream this year. It appears that farmers are not going to find anywhere enough workers for seasonal crops. And when they find laborers, the wages will be doubled or trebled over previous seasons. Texas employment experts say it may flare into violence when Texas farmers fight to keep workers from going to other states.

This almost happened once before. Several years ago, Texas officers threw roadblocks across highways traveled by migratory workers and turned the laborers back. This was done on the legal grounds that the workers have been recruited by eastern and northern farmers and their agents who had not paid the stiff Texas Employment Agency fees.

Reason for the expected shortage of laborers this year is based on two situations:

1. The U. S. Immigration Service is deporting thousands of field hands daily to Mexico. These are the "wetbacks"—Mexicans who crossed the Rio Grande illegally.
2. Field workers whose homes are in Texas will leave for northern and eastern jobs because of promises of higher pay and better working conditions.

The situation was thoroughly outlined recently in a series of articles written by Bill King, staff writer of the Brownsville Herald. In many ways, his valley survey applies to all Texas.

King says no one can say accurately how many wetbacks will be needed to harvest Rio Grande Valley cotton and vegetable crops this season. But from various indications, he comes up with a rough estimate of nearly 100,000 wetbacks employed last year, about 80,000 in picking cotton.

Considerably fewer workers will be needed this year: Cotton acreage allotments will cut back the amount planted; sandstorms have damaged early plants; many vegetables are being plowed up because the market price is too low to justify harvesting.

But the labor situation has been still worse farther north in Texas. The shortage is so bad on the

Only 17 Union Blues, 23 Confederate Grays Left

NEW YORK, April 13. (AP)—Forty oldest of the Union survivors is James A. Hard, Rochester, N. Y., who was born July 15, 1842 and who was a private in Company F of the 2nd New York Infantry, The Confederates' current longevity champion is John T. Graves who was born Jan. 1, 1842. Today he lives in a Confederate home at Higginsville, Mo., which the state maintains at an annual cost of about \$25,000. His regiment in-

Too, Mexico needs workers near the border. Along the Rio Grande, Mexico has 700,000 acres of cotton, about double the acreage in the comparable area just north of the river.

King says that a prevalent but harder to verify report is that organized labor instigated the crack-down. Unionization of workers in the Valley had been going slowly mainly because of the almost limitless supply of wetbacks.

There's no doubt that Texas farmers will have to get along with fewer wetbacks this season.

TEC experts and King have offered three solutions:

1. Improve pay and working conditions for resident workers to keep them from going to other states.
2. Find new sources of United States workers.
3. Make braceo contracts for legally importing laborers.

The TEC has some other suggestions for easing the situation. It recommends that more out of state recruiting be done through TEC.

William H. Farmer, TEC administrator, also said recently that Latin American organizations should point out to their members that when they go to other states to work they usually return with less money than they expected.

Farmer made the statement predicting violence: "When the Texas farmer's crop is ready to harvest and he has no labor and sees recruiters taking the workers that he needs out of the state, he may resort to violence."

Farmer said that for years, 24 or 25 states have depended on Texas to furnish field hands.

King reports that Valley farmers already are finding other sources of labor. Recently a Valley labor contractor brought 35 Negroes from East Texas to meet his commitments.

In parts of California and Arizona, some migratory worker camps are crowded with unemployed laborers. But a question is who would pay their transportation to Texas?

1000 Orchids Given Away Free!

Franklin's 11th Anniversary SALE

STARTING 9:00 O'CLOCK FRIDAY MORNING

To express our gratitude of your loyalty these past years, we are offering these gigantic values. We are giving you high class merchandise at bargain prices that will make history in Big Spring. Come early for best selections!

TOPPERS
All gabardines in the newest spring shades. Sizes 9 to 20. A regular \$19.95 seller reduced for fast clearance!
\$10.00

WESKITS
Corduroy, and wool plaids. Values to \$2.95.

A Bible Thought For Today -

The gifts that some of us offer to the Infinite, of time and substance are an affront to a great King. After all the business of this life is to prepare for a higher life. "Should I accept this at your hands?" saith the Lord. - Mal. 1:14.

Russians Apparently Seeing How Far They Can Go Without War

Joe Stalin's mouthpieces may be proceeding on the premise that a good offense is the best defense. Tuesday Mr. Molotov, apparently indignant almost to the point of distraction, protested what he claimed to have been an attack on a Russian plane. He charged that a U. S. B-29 type of craft had flown over Soviet territory (Latvia) and not only refused to land when signalled to do so, but fired at Russian planes and then tucked tail and flitted away when the fire was returned.

On the basis of developments, the U. S. certainly is to make a stinging rejection of the Russian protest. More likely, if it is established the Russians did shoot down an unarmed U. S. Navy plane, the U. S. will have a serious and vigorous protest of its own to toss in the Soviet's lap. It may be that the Reds anticipated this all along and decided to get in the first word and argue that whatever might have happened was purely defensive or retaliatory.

The Per Capita Debt, Like Other Things Has Come Far In Century

An Associated Press writer in Washington notes that the U. S. per capita debt in 1940 was 21 cents, as compared with \$1,686.06 at the present time. For whatever consolation it may bring you, it was \$1,907.32 in 1946, so we're not as bad off as we were.

called a special session of Congress to consider ways of improving business and financial conditions, so the people's expectation of better times might have been borne out had he lived. In 1870, on the eve of Black Friday in Wall Street, the public debt stood at \$61.06 per capita. Ten years later it was down to \$41.60 and in 1895—in the midst of very hard times—it was down to \$13.76. By 1915, about the time cotton went to nothing and the buy-a-bale-movement had not moved many bales, the per capita debt hit a modern all-time low of \$11.85.

The Nation Today—James Marlow

Various U.S. Medical Programs Cost Taxpayers About \$1 Billion

WASHINGTON, UP—THE FEDERAL government is spending about \$1 billion on its various medical programs and hospitals. That includes the Army and Navy hospitals in this country, the public health service, and the hospitals and medical care provided for veterans by the Veterans Administration (VA).

care now; and let the government make better use of its medical manpower. But it's right on that point—would the Hoover Commission plan better the way hospitals are run separately now?—That the dispute begins.

THERE IS SHARP DISPUTE OVER both points: More efficiency, at less cost. But on the subject of cost both the friends and foes of the recommendation are pretty vague. The Hoover Commission itself didn't attempt to say how much the one-agency-for-all-hospitals would save the government.

SOME OF THE STATEMENTS OF THE plan's friends and foes will be given in a later story. What the veteran wants to know about the plan can be boiled down to three questions. He'll get opposite answers. Q. Does it make sense to handle veterans, soldiers, sailors, dependents of men in the armed forces, and patients of the public health service all in the same hospital?

Affairs Of The World—DeWitt MacKenzie

No Time To Lose Our Heads Over U.S.-Soviet Air Incident

THIS IS NO TIME FOR UNCLE SAM'S clemency to lose tempers and restraint in connection with the mysterious Soviet-American air incident over the Latvian coast. True, there are highly aggravating elements in the situation. But this is bad moment to rock the boat. The matter should be pursued with dignified restraint until we know just what has happened.

flight of Soviet fighter planes demanded that the American plane follow it to a nearby airfield. Then: "The American plane not only failed to comply with this demand but opened fire on the Soviet planes. Owing to this, an advanced Soviet fighter was forced to open fire in reply, after which the American plane turned towards the sea and disappeared."

THE TALE AS VISHINSKY UNFOLDS it is that last Saturday "a four engine military plane of the B-29 type, a flying fortress, bearing American identification marks was sighted" south of Libau (Lepaya), Latvia. When the plane penetrated what Russia claims is Soviet territory, a

AN EXTRAORDINARY ASPECT OF this situation is that it was Saturday when the American plane was fired on and "turned towards the sea and disappeared" but it wasn't until Tuesday that Vishinsky brought the matter to the attention of the American authorities. Why the long delay?

"Say, What Ever Happened To Seq Monsters Anyhow?"

Merry-Go-Round—Drew Pearson Backstage Interests, Lobbies Are Factors Behind McCarthy

WASHINGTON — No matter which side of the McCarthy-State Department dispute you are on, it's important to know some of the factors behind the energetic senator from Wisconsin. Supported by a conglomeration of backstage interests including one or two government figures, here is a roll call of the men who are giving him ammunition: 1. The Kuomintang Lobby—It has millions to spend, once hired Defense Secretary Louis Johnson, includes the powerful brother-in-law of Chiang Kai-Shek, Dr. H. H. Kung and R. V. Soong.

NOTE—Money to Chiang might not have gone down the rapthole if Chiang had followed Gen. Marshall's earlier advice to bring opposing Chinese leaders into a coalition cabinet, or if the U.S.A. had sent a small army of military experts to virtually reorganize the Chinese Army and make sure our munitions were not bought by the Communists. The latter course, however, was resented by Chiang and would have been a superhuman task.

Clark and Lockett came back, vigorously recommended more money for Chiang. Unfortunately, according to Gen. George Marshall and the State Department white paper, much of this and other money sent to Chiang either went into private pockets or went in the form of material to the Chinese Communists. The Communists did most of their fighting with U. S. munitions, sold them by Nationalist war lords. This is part of the group now coking up Sen. McCarthy.

Broadway—Mark Barron For Dancers, Flanagan Band Plays Dance Music

NEW YORK—Ralph Flanagan, newest of the young bandleaders to land in the top flight echelon is more than somewhat critical of the musical chippers on the hep Broadway supper club floors. What he thinks he says in unmistakable words. "New York is the worst place in the world to make an accurate judgment about anything in the musical business."

Flanagan—and keep in mind that he is an Irishman with a County Cork temper who may come down on the floor and dance with your wife if you disapprove of his music—was a pilot in the Canadian Air Forces during the war because the American Air Corps was not yet ready for the war at the time that Flanagan was ready to go to war. When the U. S. came into the war and this crack pilot was transferred into U. S. services, he got the usual "snafu" treatment and wound up in a seagoing band.

back." Now ask grandpa for an explanation or definition of "the shag." It was a song and dance scheme, the "Shag," which undoubtedly was his material out in his native Lorain, Ohio about the time that Irish song, "Here I go, Here I go, Agan, Flanagan." And this Flanagan has gone a long way to become a first rate band leader and a good song writer. His published tunes include "Uptown Express" and "Rocket to the Moon."

Of these backstage McCarthy helpers, most powerful in the Kuomintang or Chiang Kai-Shek lobby, financed by U. S. taxpayers' money supposed to have gone to China for relief, A Treasury Department survey of foreign funds two years ago indicated that about \$200 million of this money was now in the United States, but officials estimate it has doubled since then, due to the exit of Nationalist funds from China before the Communists took over.

Flanagan—keep in mind that he is an Irishman with a County Cork temper who may come down on the floor and dance with your wife if you disapprove of his music—was a pilot in the Canadian Air Forces during the war because the American Air Corps was not yet ready for the war at the time that Flanagan was ready to go to war. When the U. S. came into the war and this crack pilot was transferred into U. S. services, he got the usual "snafu" treatment and wound up in a seagoing band.

Small Town Folks Should Not Complain About Small Towns

Some people just don't know how well off they are. Yet, there seem to be many small town folks who continue to say they wish they lived in a big city, like New York, for instance. Now here is something highly debatable. Let's just assume some of you local citizens were to reside in Gotham. Where are you going to get your drinking water?

In the sink. Poor fellows up there walk around with stubbles on their chins and a hopeful eye at the sky. Many people have a lot of pride in their gardens, but you ought to see some of those gardens up East. Why, the lawn look as if a Texas dust storm whipped right through and dropped a portion of Texas dirt. Do you like to swim? Well, if you have an allergy to ocean surf bathing (and it's awfully hard to swim in the surf then you have to swim in a lake. Now take some of those New York lakes. Well, they just aren't lakes any more. They're a huge bowl of mud.

Capital Report—Doris Flesoon

Demos Worried Crime Probe Might Take Political Tinge

WASHINGTON — Democrats here are trying to make sure that crime does not pay off in Republican votes next fall. Hence their present fancy maneuvers in the Senate with respect to proposals to investigate interstate crime. Their immediate aim is to get any such investigation into the hands of loyal party men and away from nosey Republicans like Senator Donnell of Missouri.

mittie to which the original resolution was referred, the less they liked it. It includes Senator Donnell, who is up next fall and would worry Kansas City crime like a dog does a bone; Senator Ferguson, who is a stubborn if not too astute bloodhound; Senator Jenner who, like Senator McCarthy, doesn't care what he says about a Democrat; Senator Wiley, who is also up this fall and badly needs talking points, and Senator Langer, who is to put it very gently—unpredictable.

The problem of Kansas City, its vote frauds and its politically connected underworld, was inherent in the crime probe from the start. It is the principal reason that the rules committee okayed only a moderate appropriation and coupled it with a requirement that the investigating group must report to the Senate not later than July 31 next.

The Democratic feeling that politics might creep into the crime endeavor via this route is not regarded in the capitol as wholly unwarranted. In any case, Majority Leader Lucas eyes with favor the bid of the interstate and foreign commerce committee to take or at least to share jurisdiction in the matter. The Democratic policy committee will make the choice.

Notebook—Hal Boyle

There Is An Art Of Living In A New House, New Neighborhood

NEW YORK, UP—THERE IS A KIND of round-robin, self-multiplying lunacy about living in a new house in a neighborhood of other new houses.

Harry can also be annoying. The other night he came over and said: "What're you going to do about the hardware on the windows."

Knowing nothing about such things, we moved into one across the river in New Jersey. Like our neighbors, we came from big city apartments. Now we would live! So we men rushed out and bought expensive tools and work benches. Why, I don't know. Maybe it's because in our apartments we never did anything more than install a light bulb. Now, we would prove we were resourceful. Fix or build anything.

"Nothing, why? "That push-out gadget, I understand, wears quickly. I'm going to change them all for the roller type." "Oh," I said, and worried about it the rest of the night. Usually, Harry is reassuring about wall cracks but one day he said in my kitchen: "Oh, uh, that could be serious. You got a vertical crack. Might mean a structural deficiency."

THE OTHER DAY A MAN CAME around taking orders for screens. Most of us ordered them. Then a disturbing rumor went around. My wife told me about it. "I hear Al (fellow two doors down) is making his own screens," she said.

"Just settling," he said. It was six hours later, past midnight, when Harry came knocking on my door, sheepishly. "What do you think I ought to do about that floor dip?" "Watch it," I said.

The implication was obvious. Al was talented. Al was enterprising. Me, helpless jerk, I had to buy my screens. Seems other wives broke the news to other husbands. One Sunday morning, the buy-it-already-made husbands met outside.

It was six hours later, past midnight, when Harry came knocking on my door, sheepishly. "What do you think I ought to do about that floor dip?" "Watch it," I said.

Al and his disturbing work were discussed. Both thought about cancelling his order. Harry said it was too late. Phil grumbled there were too many decisions to make in a new house. Finally George broke the gloom. "So what does he save by making his own screens?" he said. "A lousy \$35. He ties himself up. Can't do anything else. I'd rather work on something bigger."

It is not a news-gathering organization.

HARRY, WHOSE BROTHER-IN-LAW, I think, is an engineer, talks a better game than the rest of us. He blames everything on the house settling. Cracks in the wall, doors that don't fit, stairs which creak—it's all settling, says Harry.

World Citizen Invites City To Wedding

ELSWORTH, Me., April 13. (AP)—A city hall stage ceremony without benefit of clergy is scheduled to unite a stateless "world citizen" and his sympathetic bride late today.

Garry Davis, 26, and Miss Audrey Peters, 21, invited all Ellsworth to attend their nuptials and echo their vows. They planned a private civil ceremony later as a legal formality.

It was the opposite to the obscurity the Air Force veteran sought a fortnight ago when he urged newsmen "Let me slip into oblivion."

That was in New York where Davis landed from France on an immigrant visa March 20. In Ellsworth, where 3,500 people live, a blanket invitation went out to fill the 500-seat auditorium.

"We want to share our ideas and ideals with the people," Davis explained. His dark-haired fiancee, a former Hollywood dance teacher, said Ellsworth has the community spirit the two have looked for.

Their wedding ring—a chain of hearts—was destined for presentation to the city, in case other couples came ringless to the wedding.

"We want those who marry after us to realize that the basis of the security of the world is love," Miss Peters said.

The Los Angeles girl said she sincerely subscribes to Davis' views on world peace. It was to prevent future wars that Davis renounced American citizenship at Paris in 1947 and crusaded as a world citizen for a breakdown of national lines.

The Bar Harbor-born son of band leader Meyer Davis had not met his fiancee until he returned to this country. They were introduced by letter and he did his courting by Trans-Atlantic mail.

Big Spring (Texas) Herald, Thurs., April 13, 1950

COYOTE-DOG—A new beast of prey has appeared in the Adirondack mountains of New York state and some other areas of the United States. The hybrid shown above was photographed by the New York State Conservation Department. (See Story Page 2, Section 2) (AP Wirephoto).

REPORT TO CONGRESS

U. S. Production And Buying Is Up

WASHINGTON, April 13.—General gains in production and buying power, reported to Congress for the first quarter of 1950, cheered the economic chart-watchers today.

Yet jobs remained a big question mark. In the view of the President's Council of Economic Advisors, economic expansion has not hit a rate which will keep ahead of creeping unemployment.

The council sent to Congress yesterday its monthly report, "economic indicators," covering the first three months of what the council had predicted would be a good year.

The forecast has been borne out, thus far. National income climbed, after falling throughout 1949. Industrial production surged back, after the coal strike, to exceed January's level. Home building set a record.

Per capita personal income, after allowing for taxes, was at a rate which exceeded even the average of booming 1948. It was estimated at \$1,323 for every man, woman and child.

And consumers' prices, for the average city family, were down about 1 1/2 per cent from a year ago.

The nation's output of all goods and services was measured at an annual rate of \$258 billion for the quarter. This was below the rate of a year ago but the movement was upward, not down.

The council's acting chairman, Leon Keyserling, told a reporter that the council has no reason to revise its January prediction of a good level of prosperity which can last through the year.

Despite Communist appeals for a boycott of the American arms, 100 dockworkers immediately began work unloading the ship.

Pro-Communist "fighters for peace and freedom" have called for a demonstration against unloading the arms donated under the terms of the Atlantic Defense Pact.

The cargo is estimated at 600 to 800 tons of artillery and rifles.

Texans To Push River Dam Project

LUBBOCK, April 13. (AP)—Mayor Clarence Whiteside of Lubbock and Mayor Gene Klein of Amarillo were to leave today for Washington for the hearing on the Canadian River dam project.

Delegations from 12 South Plains and Panhandle cities will follow to battle for the \$85,000,000 project in the hearing Tuesday before a Senate interior and insular affairs subcommittee.

Cities sending delegations are Lubbock, Amarillo, Slaton, Tahoka, Brownfield, O'Donnell, Lamesa, Littlefield, Levelland, Plainview, Borger and Pampa.

Fewer Texas Cattle Graze On Oklahoma, Kansas Pastures

OKLAHOMA CITY, April 13. (AP)—Fewer Texas cattle are being grazed on the blue-stem pastures of Oklahoma and Kansas than in any year since 1939.

However, the federal-state crop reporting service said yesterday pasture leasing in Osage County, Oklahoma, is far ahead of that in Kansas.

As of April 1, about 81 per cent of the available Osage County pastures were under lease, while in Kansas, 58 per cent of the pastures were contracted.

Thummel Named Pioneer Air's Operations Head

Eugene T. Thummel has been named superintendent of passenger service for Pioneer Air Lines, George K. Harris, operations manager, announced today.

He succeeds Jay G. Rupe, who resigned recently. Thummel, a native of Tipton, Kan., has been with Pioneer since August, 1947, when he became a transportation agent. He later was assistant manager of the Midland-Odessa station and in August, 1948 was advanced to district traffic and sales manager for the Amarillo, Plainview, Lubbock, Roswell and El Paso area.

As superintendent of passenger service, Thummel will be in charge of the Pioneer hostess department and all flight service facilities. His headquarters will be in Dallas.

Lions Club Hears Mrs. Thomas Talk On Cerebral Palsy

Problems of children with cerebral palsy were discussed before the Lions Club Wednesday by Mrs. C. E. Thomas, Jr.

Mrs. Thomas gave a brief review of the book, "Help Them Help Themselves" in her discussion. Mrs. Thomas pointed out that nearly 70 per cent of children who suffer from the condition are normal to highly intelligent individuals despite possible speech impediments.

Of the group, spastics are one of the largest and represent those who have a muscular imbalance. Physic and occupational therapy have and can work wonders with palsied children. The reviewer appealed that they have a chance to develop as vigorous a body as possible; be given the advantages of an education adapted to their needs; be helped to economic independence through their own efforts; be given understanding and comradeship and a rich life.

Guest for the day was Roy Carter, Kermit, candidate for district governor of 2-T-2. He was introduced by Rev. Arnold Hubbard, Kermit, who said he was "well qualified to lead Lions in this district." Rozie Dobbins was announced as winner of the trip to the international convention in Chicago in July, with John L. Dribrell as first alternate.

Lubbock Dedication Of Treatment Center Set For April 23

Dedication of the new \$42,500 building of the Lubbock cerebral palsy treatment center has been set for April 23 at 2 p. m.

Dr. Teppie Fay of Philadelphia, Pa. is to be the speaker. Representatives will be on hand from the national and state crippled children societies.

The center, located at 3502 Avenue N, is sponsored by the Lubbock Rotary club. It is open to all cerebral palsied children in need of care. Already more than 300 cases from this area has registered during its 20 months of operation.

Baby Girl Born To Georgia Polio Victim Answer To Prayer

ATLANTA, April 13. (AP) — A daughter was born last night to the 27-year-old polio victim for whom her friends held a mass prayer.

Immediately after delivery, Mrs. James Bentley of Palmetto, Ga., who left an iron lung 16 days ago, was placed in a chest respirator.

Attendants at Grady Hospital said the young mother and baby were in fair condition.

After Mrs. Bentley was stricken Feb. 18, her physician told her husband that prayer was the only answer.

The Rev. Carl J. Maxwell called

a prayer meeting at the Baptist church and most of the townfolk at Palmetto showed up to ask divine help for the young woman.

Last night, Bentley said simply, "we believe God has answered our prayers."

BUSINESS IMPROVES

Big Spring Is Among Leading State Cities

Big Spring was among the leaders in a general improvement of business conditions in Texas cities for the first two months of 1950, according to statistics compiled by the University of Texas Bureau of Business Research.

Retail sales figures increased here by 34.5 per cent over figures for January and February of 1949, to put the city right at the top for the two-month period. Heaviest gains during February alone were at Lamesa, 54.2 percent, and Lubbock, 42.3 percent.

February building permits issued in Big Spring, at \$273,800, were 222.6 percent above those of February, 1949, and 4.5 percent above January, 1950. Air express ship-

ments, at 56, represented an increase of 7.7 percent over February of last year and 30.2 percent over January of this year.

Pair Of Accidents Occur Within 10 Feet Of Each Other

LUBBOCK, April 13. (U)—Two traffic accidents, within 10 feet of each other, late yesterday killed three persons and injured another.

Lewell Leon East, 17, and Shepherd McCoy, 15, both of Lubbock, were burned to death when their pickup and a truck collided and burst into flames one mile east of here. Arrill Redman of Lubbock was injured seriously.

Mrs. Frank Dysart, about 50, of Lubbock, was killed about an hour later when the car in which she was riding collided with another car which pulled up on the highway. She was thrown onto the pavement about 10 feet from the site of the first accident.

WIFE PREFERS DOGS SO SHEDS HUSBY

KNOXVILLE, Tenn., April 13. (U)—Love me, love my dog. But six dogs were too many for Joe R. McDonald, so he complained to their owner—his wife Josephine.

McDonald said his wife told him the dogs would remain, but he could go.

He went. His suit for divorce was filed in chancery court here yesterday.

FIT AND TAN—President Truman, tanned and rested on his Florida vacation, posed for this closeup picture in Washington at the end of his fifth year in office. His physician pronounced him physically fit and friends describe him as a confident, happy man. (AP Wirephoto).

Cottonseed Support Program Decision Due Within Two Weeks

WASHINGTON, April 13. (U)—The cottonseed support program for 1950 will be announced probably within two weeks. Sen. Stennis (D-Miss.) has been advised.

He said he also was told by the Agriculture Department yesterday that the 1949 support program will pay its own way.

Last year, prices skidded from \$75 a ton to \$30-35 per ton, and Stennis was named head of a special committee to urge a support program.

The price firmed at \$40-45 a ton and higher after the program was launched, Stennis said.

Sonnenschein Leaves For Phoenix Post

Eugene Sonnenschein, who has been manager of the United Store here for the past three years, left today for Phoenix, Ariz.

He is to become manager of a new store being opened by United in that city. Succeeding him here will be Bob Alexander, who moved here recently from Las Cruces, N. M.

Civic, Arts Club Shares In Red Cross

Among the latest civic groups to share in the Red Cross roll call is the Ada Belle Dement Civic and Arts club. Working among its constituents and other segments of the city's colored population, the club reported \$43.15 to the Howard-Glasscock chapter.

Last week the club also sponsored its annual style show for the benefit of the colored park.

BUSINESSMEN FORESEE

Predictions Appear To Vary Up, Down

By SAM DAWSON
NEW YORK, April 13, 13 (U)—A score of business leaders reporting to stockholders push back the curtain and take a look at the second half of 1950.

Their guesses on what's ahead for their own companies vary from "business will continue at theoretical capacity" to "retrenchment is in order."

Their predictions for business as a whole vary from "no let-down in the second half" to "the next major movement is likely to be downward."

Let's look at some of these predictions, industry by industry.

1. Steel. Chairman Eugene G. Grace tells Bethlehem Steel stockholders at Wilmington, Del. "Business at present is running over theoretical capacity and I see nothing to indicate this won't continue for some time."

2. Oil. President William F. Humphrey in his annual report to stockholders of Tide Water Associated Oil Co. says: "Price cutting is threatened in some sections of the country" and "sound business judgment would dictate caution or retrenchment, even in drilling." He urges a moratorium on oil drilling by the whole industry, if possible within the law.

Reese H. Taylor, president of Union Oil Co. of California, tells

the annual meeting in Los Angeles that West Coast oil prices may have to come down and production be further cut because of an oversupply of oil there.

D. J. Smith, president of Pan American Petroleum & Transport Co., tells stockholders that earnings, below last year in the first quarter, should rise to equal last year's by the second quarter and climb above last year's in the second half of 1950.

3. Railroads. P. W. Johnston, president of Erie Railroad, tells the annual meeting here: Gross revenues this year should be slightly above last year, and earnings are a little better than last year.

4. Airlines. W. A. Patterson, president of United Air Lines, tells stockholders in Chicago that passenger traffic is improving and the company's net loss is running behind last year.

5. Radio, television and records. Chairman Edward J. Noble tells American Broadcasting Co. stockholders here the company is making a profit now, compared with a loss at this time last year and he sees considerable improvement in television revenues ahead.

Allen B. Du Mont laboratories' sales are higher than last year, President Allen B. DuMont says in his annual report, and he predicts television will reach new heights this year.

Decca records' profits are better than last year, President Milton R. Rackmil tells the annual meeting here, and "business is holding up fairly well."

And here are some other reports: Minneapolis-Honeywell Regulator's sales and profits are "considerably ahead of last year". Brison Wood, company treasurer reports.

Pepsi-Cola's net profits are lower than last year, President Alfred N. Steele says in his annual report, but the company plans "an extensive job of rehabilitating profit-producing markets."

Union Bag & Paper Co.'s president, Alexander Calder, tells a stockholders meeting in Jersey City that he expects some softening later this year in the current high demand for paper products, which lifted first quarter earnings above last year's.

As for business in general, here are two contrasting views:

R. J. Cordner, executive vice president of General Electric, says in San Francisco that his company does not foresee any let-up in the second half of 1950, as some have predicted.

Roy L. Reiseron, vice president of the Bankers Trust Co. in New York, says the next major movement in production and business activity is likely to be downward. As he sees it: "The key industries of our economy will gradually have to reduce their output to a replacement basis or tap new demands."

Four Die As Trucks Explode After Kountze Collision

KOUNTZE, April 13. (U)—A fiery explosion after a three-truck collision on a curve killed four persons near here yesterday. A fifth person escaped with slight bruises.

Burned to death were: Inglebert (Bob) Lightfoot, 48, of Liberty, Tex.

Edward J. Cruse, 19, Liberty, Tex.

Roscoe Grayson, 45, of Muskogee, Okla.

Dolores Ione Kline, about 25, whose mother, Mrs. A. M. Kline, lives in Tacoma, Wash.

Surviving was John Runnels of Kountze, driver of a truck loaded with logs.

Lightfoot and Cruse were in a Duke Bros. Construction Co. truck and trailer. Grayson and Dolores Kline were in a truck from the Rose Lawn Dairy of Muskogee.

C. S. Sherrell, state highway patrolman from Sibley said: "An explosion took place at the moment of the crash. The big gasoline tanks on the trucks blew up. Those people burned alive."

Escapes Caught At Weatherford

FORT WORTH, April 13. (U)—Two Missouri penitentiary escapes and an ex-convict companion have been captured in Weatherford.

The two escapes are Joe Fihaley, 27, of Kansas City, and Robert Lee Orr, 24, of Detroit, Mich. Their companion is a 27-year-old man who joined them Sunday as they fled Missouri in a stolen car. Fihaley and Orr told Fort Worth officers yesterday they escaped from the penitentiary at Jefferson City, Mo., Saturday.

Woman Is Acquitted

HASKELL, April 13. (U)—Mrs. Johnnie Farrar, 36, was acquitted yesterday of a charge of murder in the fatal shooting of her husband Feb. 14.

She was charged Feb. 18 after the body of her husband, J. M. Farrar, Jr., 32, was found on the floor of their Haskell County farm near Rochester.

Chopped Meat Made Into Something For Company - Roumanian Meat Balls

It's a good cook who can make plain chopped meat into a dish she'd be proud to have company eat. By that definition all you have to do to be a good cook is follow this recipe for Roumanian Meat Balls. The meat is lightly seasoned with paprika and the sauce is of the sweet-sour variety with plump raisins scattered through it. This is a good dish to prepare for an uncertain dinner hour. It matters not a bit if the meat stands in the sauce; it really gives time for the flavor of the

sauce to be absorbed. With this delicately flavored main dish serve a casserole of Celery and Brussels Sprouts. Add potatoes to complete the menu. Make them creamy, fluffy mashed ones.

Roumanian Meat Balls
1 pound ground beef
3 tablespoons minced onion
3 cups corn flakes
1 egg slightly beaten
1/4 teaspoon salt
1/4 teaspoon pepper
1/4 teaspoon paprika
2 teaspoons fat
1/4 cup water
2 tablespoons lemon juice
1/4 cup raisins
1 tablespoon sugar

Combine ground beef, onion, corn flakes, egg, salt, pepper and paprika; mix well. Shape into 8 meat balls. Brown meat balls in hot fat; add water, lemon juice, raisins and sugar; cover and cook over low heat 15 minutes, or until thoroughly cooked. Serve meat balls with raisin sauce.

Yield: 4 servings (2 meat balls each).

Celery and Brussels Sprouts Casserole
2 cups coarsely chopped celery
2 cups Brussels Sprouts
4 tablespoons butter
4 tablespoons flour
1 teaspoon salt
2 cups milk
1 cup oven-popped rice cereal
1 teaspoon melted butter

Cook vegetables separately in boiling salted water until tender; drain well. Melt butter; stir in flour and salt; blend in milk. Heat until thick and creamy, stirring constantly. Place alternate layers of celery and sprouts in buttered casserole. Cover with cream sauce. Sprinkle with crushed oven-popped rice cereal which has been mixed with melted butter. Bake in moderate oven (375 F.) about 20 minutes.

Yield: 6 servings.

Quick Stewed Tomatoes Are Easy To Prepare

Savory Hamburgers
Mashed Potatoes
Quick Stewed Tomatoes*
Salad Bowl

Oven-ready Rolls and Butter
Apple Crisp Beverage
(Recipe for Starred Dish Follows)

Quick Stewed Tomatoes
Ingredients: 1 No. 2 can (2 1/2 cups) tomatoes, 1 teaspoon salt, 1 teaspoon sugar, 1/4 teaspoon pepper, dash of dried crushed basil (if desired), 2 tablespoons finely grated onion, 2 tablespoons flour.

Method: Reserve 1/4 cup of the tomato juice and put remaining contents of can in a saucepan. Add salt, sugar, pepper, basil (if used), and onion and mix. Blend flour with reserved tomato juice until smooth; stir into seasoned tomatoes. Cook over moderate heat, stirring constantly, until thickened and bubbly. Continue bubbling a few minutes longer. Makes 4 to 5 servings.

Chiropractic For HEALTH

Grade Labels Are Best Bet When Selecting Food

Homemakers are sure of getting the type canned food they pay for when they make selections according to grade labels. Also, these labels are a guide to more economical buying.

U. S. Department of Agriculture uses three simple, easy-to-remember terms to identify canned foods... Grades A, B and C. Commercial quality terms are Fancy, Choice and Standard and are synonymous with the USDA letters in the order named. Either lettering means the product meets requirements of the grade set forth in United States standards for the product. Only those foods packed under continuous USA inspection, however, can include the letters "U. S." before any of these terms.

Grade A processed foods are selected carefully as to size, color and ripeness and tenderness. Their fine appearance makes them especially adaptable to special dishes, fancy desserts or for combinations such as fruit salads. It would be bad economy, for instance, to use in an escalloped dish Grade A whole tomatoes that are red ripe, practically free from skin and blemishes when a lower grade would do just as well.

Grade B products are ideal for general household uses. They may not be quite as succulent as Grade A or so select as to size and maturity but in all these respects are entirely satisfactorily for most menus.

Grade A products are good, wholesome food and most homemakers consider them a thrifty buy. In some instances, they may not be quite as tender or as ripe as Grades A and B, but they are delicious for dishes needing further cooking, such as casseroles, pies and soups.

Big Value For Little Money Found In Beans

Homemakers get big value for little money when they serve bean dishes. Dry beans of various kinds are currently featured on U. S. Department of Agriculture's Plentiful Foods list.

They are high in carbohydrates and an inexpensive source of protein which means they are a good energy and body-building food. Also, dry beans are sources of iron, calcium and vitamin B. Not to be overlooked by many busy homemakers is the fact that they are so easy to prepare.

Most plentiful varieties from which menu planners may make economical selections are Pea beans, Great Northern, Small White, Pinto, Red Kidney and Lima.

Serve either a tomato or an egg sauce with codfish balls for Friday fare. Canned soup may be used for the tomato sauce. To make the egg sauce simply add chopped hard cooked egg and minced parsley to a well-seasoned medium cream sauce.

White Cake Mix, Chocolate Pudding Add Up To Easy, Delicious Dessert

Call it a pudding or call it a cake, or call it a combination of both! It's a luscious dessert that you can make in a trice from two packages in the kitchen cupboard, a box of white cake mix and a box of prepared chocolate pudding. Making a cake these days isn't the chore it used to be, as everybody knows. It's as easy as 1-2-3, in fact, to whip the white cake mix together—first add milk, then mix

Egg Pancake Makes Mealtime A Treat

Orange Juice
Oatmeal with Brown Sugar and Cream
Egg Pancake Beverage
(Recipe for Starred Dish Follows)

Egg Pancake
Ingredients: 2 eggs, 1/4 teaspoon salt, 1 tablespoon sugar, 1-3 cup sifted all-purpose flour, 1/4 cup milk, 1 teaspoon fat.

Method: Beat eggs salt and sugar together. Add flour and milk; beat until smooth. Heat fat in deep 30 to 32-inch skillet (with heat-resistant handle) until drop of water in skillet sizzles. Pour in all of batter. Cook 2 minutes. Place in hot (450 F.) oven and bake 15 minutes or until surface is brown. Let stand in pan until ready to serve.

You will be sure of a really outstanding cake. The white cake mix, put out by the makers of a famous cake flour, assures success. The cake is downy-textured, delicious in flavor, and beautiful to look at. The mix is versatile, too. With easy changes it can be converted into an orange cake or chocolate cake, cookies or brownies, each variety outstanding for goodness.

Sweet Potatoes Add Variety To Spring Day Meals

Vitamin-rich sweet potatoes are plentiful to swell the supply of wholesome foods southwest homemakers can choose from for lower cost meals.

They can be baked, boiled, fried, steamed or mashed, according to cooks from U. S. Department of Agriculture. And of course they are sweet enough for tempting oven dishes.

For something special, try an oven dish of sweet potatoes and apples or sliced pineapples. Or mash sweet potatoes and brown them in a dish with crisp bacon or salt pork. Occasionally, whip them into a soufflé topped with marshmallows. And sweet potatoes are every bit as good as pumpkin for making whipped-cream pie.

Also, sweet potatoes bring out the tantalizing flavor of meats. Bake them with pork roast or spareribs, both of which are in plentiful supply.

An especially appetizing dish is ham smothered with sweet potatoes. Brown 1 slice of ham lightly on both sides, then place in a baking dish. Spread three sliced sweet potatoes over the ham and sprinkle with 2 tablespoons sugar. Pour 1 cup hot water in the drippings, then pour them over the ham. Cover and bake in a moderate oven until the ham is tender. Baste occasionally and toward the last, take off the lid so the top will brown.

Heirloom Recipes Never Published Before!

ROMANTIC RECIPES

of The Old South and The Great Southwest

A collection of heirloom recipes—favorites of the famous—jealously guarded treasures of early-day families—recipes that tell stories of romance!

Now you, your family and your friends can enjoy the spice cake Robert E. Lee loved so well, the famous Jeff Davis Pie, the Dolly Varden Cake... and dozens of other fascinating recipes for cakes, pies, cookies and desserts. The ladies of Jane Douglas Chapter, D.A.R., collected these interesting "pedigreed" recipes. And Imperial Pure Cane Sugar is proud to present them to you in its brand-new book, ROMANTIC RECIPES OF THE OLD SOUTH AND GREAT SOUTHWEST. Nowhere else has this collection been published. Own a copy of this remarkable book. It cannot be bought. Use the coupon now to get your copy.

IF WAR SHOULD COME

Navy Banks Heavily On New Type Subs

SPRINGFIELD, Mass., April 13.—If war should come, the U. S. Navy is counting heavily on enemy submarines being ambushed by a new type of American submarine small enough for mass production.

Hear Adm. C. B. Momen, assistant chief of naval operations in charge of undersea warfare, discussed this today in a speech prepared for delivery at a businessmen's luncheon here.

Momen said the Navy proposes to build its submarine defense against enemy submarines around the small new type now under construction. Three of these submarine killers are being built at present; the first is due for delivery next year. Each will displace 750 tons, about half as much as the Navy's current fleet type subs, and be 195 feet long compared with 311 feet for the long-range type.

The Navy announced in Washington earlier this week that these small anti-submarine subs can be mass produced.

Momen, inventor of the famous Momen lung for escaping from sunken subs, said he knows from his own experience that no foe strikes more terror in the heart of a submariner than an enemy sub-

30 City Firms Aid To Even C Of C Budget

Approximately 30 firms have responded to the chamber of commerce drive to raise revenues to balance the \$24,600 budget for the current year, R. R. McEwen, chairman of a special committee working on the project, said this morning.

Most members of the organization are being asked to raise their annual dues to correspond with increased cost of operating the chamber for the past few years, he said. Anticipated funds at the start of the year amounted to \$20,500. Enlarged pledges and increased membership is expected to raise the figure to \$24,600 to match proposed expenditures.

More extensive activities as well as higher cost of operating the chamber has caused the demand for additional revenue, he said.

"While most businesses have grown in the past few years, many still maintain chamber dues on the same level as a decade ago. Cost of the chamber of commerce activity has increased the same as operation of other businesses," he declared.

A membership drive being conducted in conjunction with the requests to raise dues has netted 13 new members, J. H. Greene, chamber manager, said. Both membership and dues contacts are to be continued, he indicated.

CRIPPLES WALK

Girl Walks With Boy Who Gave Her Bone

ORANGE, N. J., April 13. (U.S.)—Crippled boy, and the crippled girl to whom he donated a leg bone a year ago, took a walk together.

Smiling Joe Lipani, 13, of Passaic, and Carol Ann Wenzel, 9, of West New York, walked hand in hand. It was the first time she had walked in a year.

A piece of bone from Joe's amputated leg is in a patch in the little girl's spine.

Fined \$100 On Driving Charge

Clyde Joseph Bird, taken into custody Tuesday on a charge of driving while under the influence of intoxicants, entered a plea of guilty in county court this morning and was fined \$100 and costs by Judge Johnny Dibrail.

Bird's driving privileges were also suspended for the next six months.

In County Jail

Preston Lucas, arrested by the city police several days ago on a charge of theft, has been transferred to the custody of the county and lodged in the county jail.

Lucas allegedly stole several gas drums and acetylene torches from a local supply house several days ago.

DOBBS TRUSS

"The Truss That Is Different"
BUBBLELESS — BELTLESS — STRAPLESS

If your hernia is larger this year than last year you must be wearing the wrong truss, perhaps one with a knob that fits into the opening. The DOBBS TRUSS has a concave PAD that fits over the Rupture like the palm of your hand and allows the muscles to relax against it. It holds with utmost security and comfort. Lightweight—Sanitary. Does not hinder circulation. Presses the body in only two places.

For RELIEF plus COMFORT and CONVENIENCE
the DOBBS TRUSS — Single Truss — \$10.00

NATHAN'S Presents To You A New Way To Give The Bride Her Most Cherished Gift

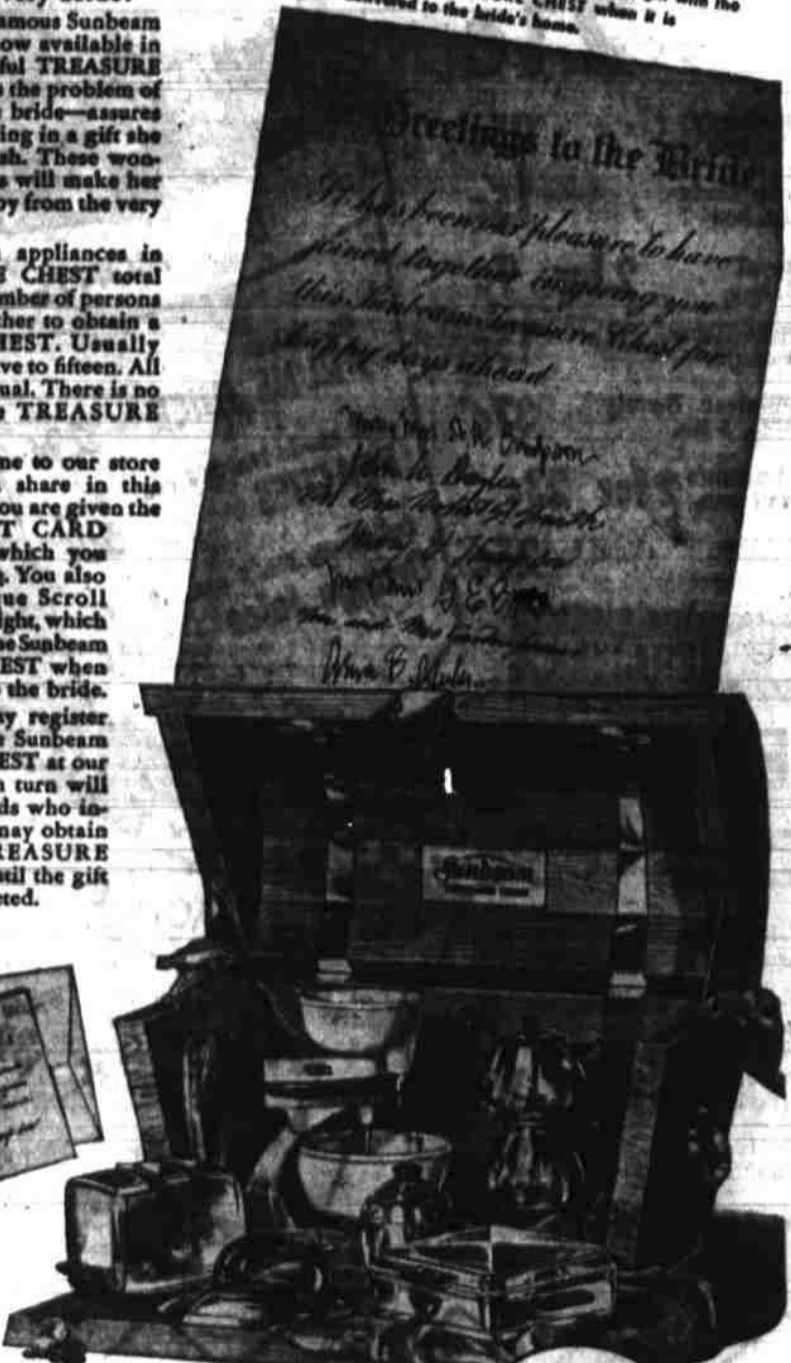

Here is a gift that's a dream-come-true of every bride!

All six of the famous Sunbeam appliances are now available in this rich, beautiful TREASURE CHEST. It solves the problem of what to give the bride—assures you of participating in a gift she will really cherish. These wonderful appliances will make her homemaking a joy from the very beginning.

The Sunbeam appliances in this TREASURE CHEST total \$141.95. Any number of persons may group together to obtain a TREASURE CHEST. Usually there are about five to fifteen. All shares will be equal. There is no charge for the TREASURE CHEST itself.

When you come to our store and purchase a share in this marvelous gift, you are given the engraved GIFT CARD shown below, which you mail to the bride. You also sign the Antique Scroll shown above at right, which is enclosed with the Sunbeam TREASURE CHEST when it is delivered to the bride.

Any bride may register her wish for the Sunbeam TREASURE CHEST at our store, and we in turn will tell all her friends who inquire that they may obtain a Sunbeam TREASURE CHEST share until the gift has been completed.

Are You WOMAN or WOMOUSE?

SUPER WOMAN

By Mack

JUNIOR THIS CHEAP MARGARINE IS TERRIBLE!

POP ARE YOU MAN OR MOUSE? WHY DON'T YOU TELL HER?

IT DOESN'T SMELL RIGHT, TASTE RIGHT, OR-----

BUT YOU SAID "SAVE MONEY... AN' IT COSTS LESS THAN TH' BETTER BRANDS! 500-1000!"

OR SPREAD RIGHT!

OH MOTHER, HE TELLS ME TO SAVE MONEY, BUT WON'T EAT CHEAP MARGARINE!

MY POOR DEAR, ARE YOU WOMAN OR WOMOUSE?

YOU'RE RIGHT, JUNIOR, I'VE USED MRS. TUCKER'S SHORTENING FOR 30 YEARS AND HER MARGARINE IS BOUND TO BE GOOD!

OH BOY! THIS IS TH' REAL THING! HONEY, YOU'RE A SUPER WOMAN!

ME AN' MRS. TUCKER'S MEADOLAKE.

I'LL SAY!

MEADOLAKE THE SUPER MARGARINE

SUPER FRESH
SUPER TASTY
SUPER NUTRITIOUS
SUPER FINE

Made and Guaranteed by the makers of Mrs. Tucker's SUPER SHORTENING

FOR SUPER COOKING AND EATING
