SOUTHERN BAPTIST CONVENTION CLOSES

LARGEST RELIGIOUS ASSEMBLY IN COUNTRY PLANS FUTURE PROGRAM.

The seventy-fifth annual session of the Southern Baptist Convention, which has just recently closed in Washington, D. C., was marked by an attendance of over ten thousand, and was declared to be the most remarkable session of the convention in its history. Union Plaza of Washington has not been so crowded since war days as it was when the hosts of Southern Baptists bore down upon its gates of Liberty Hut, the Billy Sunday tabernacle, where the sessions of the convention were held. The attendance was so great that as many as three simultaneous overflow meetings were being held in different auditoriums of the city, Liberty Hut not being able to handle half the crowds. Texas, though on the Western outskirts of the convention territory, was represented by more than 1,000 delegates.

Texas Man Re-Elected President.

Dr. J. B. Gambrell of Fort Worth, Texas, was re-elected for the fourth consecutive year as president of the body, thus breaking a twenty year precedent that no person shall serve the convention as president more than three years. His election is regarded as significant, as indicating that Southern Baptists have not changed in their attitude respecting the Inter-church World Movement in declining to enter the movement. Dr. Gambrell has been the spokesman for the denomination in expressions concerning the Inter-church World Movement, and his re-election is recognition of his continued leadership among Southern Baptists.

Convention Addressed By Vice-President Marshall.

Vice-President of the United States, Thomas R. Marshall, in an address of welcome to the Baptists on behalf of the Government, pleaded for the fuller acceptance of Jesus Christ in the minds and hearts of individual men and women, and added that it was his conviction that peace would never come to the world unless founded upon the teachings and principles of the lowly Nazarene. In his address Mr. Marshall paid his respects to churches that had forgotten to preach the gospel and were trying to reform society by dabbling in politics and trying to reform the government. He declared that the true churches were the anchors of safety for the nation.

Letter From President Read.

During the proceedings of the Convention the following letter from President Wilson was read:

THE WHITE HOUSE
Washington, May 12, 1920.

My Dear Dr. Tupper:
It is a matter of genuine and very deep regret on my part that I cannot personally greet the members of the Southern Baptist Convention now gathering to hold the Diamond Anniversary Convention in this city. It would be a great pleasure to me, if I could meet the members personally and express my deep concern in all the great interests which they represent. It is of special significance and timeliness that a great Christian Convention should be held in Washington, because the nation now faces nothing less than the question whether it is to help Christian people in other parts of the world to realize their ideals of justice and of ordered peace. And I am sure that the nation will listen with the greatest deference to the utterances of the Convention.

Cordially and sincerely yours,
WOODROW WILSON.

Final Report on 75 Million Campaign
Dr. R. L. Scarborough of Fort Worth, Texas, General Director of the Baptist 75 Million Campaign, made his final report on the results of the drive. The official figures reached a total of \$92,630,923. The expenses of the campaign for raising this huge sum were remarkably low, being less than three-fourths of one per cent. Following the report a committee, consisting of one member from each state, and headed by Dr. F. S. Groner, of Dallas, Texas, was appointed to make recommendations for the program during the next four years of the five-year campaign.

Truett Addresses 10,000 From Capitol Steps

The climax of the convention was reached in an address by Dr. Geo. W. Truett of Dallas, Texas, delivered from the steps of the east entrance of the Capitol, overlooking the spot where the presidential inaugurations are held. Dr. Truett spoke on Baptists and Civil and Religious Liberty to an audience estimated at ten thousand, which frequently cheered him during his references to the League of Nations and to President Wilson. "Standing in the shadow of the Senate Chamber," said Dr. Truett, "I declare that the moral forces of the country, without regard to political party, regard the delay on the League of Nations a national and world-wide tragedy. I can certify to men of all political parties that the moral forces of this country will not be silent until there is put forth a great league of nations that shall strive with all its might to put an end to the diabolism and horror of war. I thank God that that stricken man yonder in the White House pleaded and pleads yet that the Nation will take its part with others in bringing a new era wherein shall dwell righteousness and peace." In his address Dr. Truett recounted the fight Baptists have made and won for civil and religious liberty in America. "With the intelligent Baptist," de-

INTERESTING LETTER FROM REPRESENTATIVE KELLIS.

House of Representatives,
Austin, Texas, May 31, 1920.
Dr. C. R. Carver,
Eldorado, Texas

Dear Sir and Friend:

Replying to your favor of the 29th inst. I take pleasure in saying that I am fighting with the bunch who favor Education and Paying for it. If the school situation is not relieved, you may rest assured that it will not be my fault.

A bill has passed the senate and now before the House to make the school trustees the sole judge of a teacher's salary, and I believe it will pass.

We are going to give the people all the money the treasury will bear and take the bridle off the trustees so that they may get efficient teachers for their schools. There will be opposition to this measure, but think it will pass.

You may say to my Eldorado friends that I am camping on the job. That so far, I have never missed but one roll call except when I was doing committee work. That next to food, shelter and raiment, education of the land is next importance with me. Yours truly,
W. F. Kellis.

J. A. RUFF BUSY ON SCHOOL MATTERS.

The Success is in receipt of a letter from Mr. J. A. Ruff of Fort McKavett, saying he was circulating a petition in his school district which was prepared by the Special Advisory Committee, for better schools campaign, he expects to get all the people in his district to sign the petition which he will send to representative Kellis and senator Dudley.

Will Establish Hospital in New Orleans

Following a report on hospitals and sanitariums, which was prepared and read by Dr. F. S. Groner, the general secretary of the Baptist General Convention of Dallas, Texas, the convention voted to help establish a hospital in New Orleans to cost \$1,500,000. Chattanooga, Tenn., was selected as the place for the convention next year. Dr. H. L. Winburn of Arkansas, will preach the convention sermon.

The Rock Springs Leader has its doubt that the Orient Rail Road will ever build to Eldorado, the Leader forgets that we are dealing with the Interstate Commerce Commission and not the Orient.

The Success is not much enthused over the Orient, but do not see much prospect of getting the proposed railroad from San Antonio or Uvalde either. What the people in Eldorado and Schleicher County must do is to encourage the Santa Fe to build to Eldorado from Eden. The Santa Fe already has its survey to Eldorado from Eden, enroute to Pecos City, the Santa Fe is a sure enough rail road, does not have to be maintained by the government, wants to traverse Schleicher County from the east to the west, would place practically ever acre of land in the county within 15 miles of a rail road, would give us a good out let to market and to the center of population.

A toot from one of the Mogul Engines of the Santa Fe would sound like music from the harp of David to a Schleicherite's ear.

Cardinal Gibbons Asks Aid For Starving Armenians

This is the message from James (Cardinal) Gibbons read at the big meeting in Washington in aid of the Near East Relief. The venerable primate of the Catholic Church in America is intensely interested in the appeal which the Near East Relief will make to the country in February for funds to support its work among the starving peoples of that stricken land. To the Washington meeting he wrote: "Advices and information coming from the Near East cannot be doubted. There is great actual suffering and famine. These people, recently become independent and released from bitter thralldom, cannot support themselves. And the Christian and common instincts of humanity which have prompted the people of the United States during the last two years to relieve the distress and needs, especially of the Near East, must not be allowed to grow cold and be diminished. "I hope we shall all unite in this present emergency and be able to collect sufficient funds to enable these peoples to live and work until next summer brings them permanent relief and subsistence. I call upon all to respond generously to the appeal now being made and trust that the committee will be gratified with the results."

How Would You Like to Harvest Two Crops of Corn a Year as They Do in the Philippines?

No, reader, this corn was not grown by one of our local farmers! It wasn't grown in the United States, even. It was grown in the faroff Philippine Islands by Filipino schoolboys. Two fine crops of corn a year are produced in the islands. The Philippines are doing some wonderful things in the agricultural line. The Philippine government has fine agricultural schools throughout the islands, and the Philippine legislature, composed entirely of Filipinos, is each year making larger and larger appropriations for this important work. The staple food of the islands is rice, but corn is coming right along in popular favor. Its use was given great impetus in the last year because of a rice

SAVED, NOT SPENT.

No one ever heard a savings bank depositor talk about what his deposits cost him. If he is putting away \$20 or \$40 every year, he never thinks of saying it costs me \$20 or \$40 a year to keep up my savings account. It would be absurd for him to think it or say it. His deposits are savings, that much to the good, something which other wise he might not have had.

It is almost as absurd to talk about the cost of life insurance. Premiums for life insurance are not an expense, they are a saving. They accumulate for his benefit the same as savings bank deposits.

An S. O. S. Call

FROM

Buckner Orphans Home.

When a ship is at sea and all is well there may be many days during which there is no communication between it and the rest of the world save news items of passing interest. Storms may be weathered, engine troubles of minor importance may develop and yet there is no call for help. A day finally comes when wireless stations along the shore and on every vessel within a thousand miles pick up the wireless call for help: S. O. S. Save Oh Save!

We Have Had No Epidemic;

The children are enjoying the same good health as in usual here. Typhoid, nor measles, nor "flu" nor anything else untoward calls for extra sacrifices upon the part of surgeons and doctors and nurses, or extra liberality upon the part of the people to meet the extra expense at such a time.

We Have Had No Fire;

Our buildings stand firmly on strong foundations, and every door and window, floor and ceiling, stairway and casement is in place. Buildings nor contents, furnitures nor fixtures, neither properties nor persons have been burned; nor can we call for extra giving upon the part of our friends to repair or replace such loss.

We Have Not Lost Confidence In Our Friends;

They are everywhere in great numbers, and they believe in the work and workers here. We are sure that there are many of them who would gladly share a last dollar or a last crust with these children. We believe that they are ready for extra giving at every time extra giving becomes necessary. Yet—

We Have No Money For Current Support;

We saw it coming; but the bank sees it now and has notified us formally that it is so. We shall need one-hundred-thousand dollars for the Convention year; but a circumstance that is more to the point is that we need twenty-five-thousand dollars right now as soon as it can possibly be sent in. Bills already rendered and outstanding obligations amount to that much.

We have no fear but for the proneness of some to feel that the other fellow will make it all right. It cannot be made right unless you, beloved reader, make it right. So, if you believe in the work, send us your personal check for a liberal amount, and then use your influence to get others to come to our help.

RACINE HORSE-SHOE TIRES

Lift off Corns!

Doesn't hurt a bit and Freezone costs only a few cents.

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.
A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly! No humbug!

Cut This Out and Take It

With You.

A man often forgets the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlains Tablets. You will find nothing quiet so satisfactory for constipation and indigestion.

Booze Is Not a Good Cure

From the Ames Iowa Intelligencer.
When a man comes to you all double up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken notion among a whole lot of people that booze is the best remedy for colic and stomach ache.

SOUTH IS TURNING AGAINST CALOMEL

Mr. Dodson, the "Liver Tone" Man, Responsible for Change for the Better.

Every druggist in town has noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place. "Calomel is dangerous and people know it." Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle doesn't cost very much but if it fails to give easy relief in every case of liver sluggishness and constipation, just ask for your money back. Dodson's Liver Tone is a pleasant-tasting, purely vegetable remedy, harmless to both children and adults. Take a spoonful at night and wake up feeling fine; no biliousness, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a dose of calomel today and tomorrow you will feel weak, sick and nauseated. Don't lose a day.

If you have any thing to sell advertise it.

STOMACH TROUBLE

Mr. Marion Holcomb, of Nancy, Ky., says: "For quite a long while I suffered with stomach trouble. I would have pains and a heavy feeling after my meals, a most disagreeable taste in my mouth. If I ate anything with butter, oil or grease, I would spit it up. I began to have regular sick headache. I had used pills and tablets, but after a course of these, I would be constipated. It just seemed to tear my stomach all up. I found they were no good at all for my trouble. I heard

THE FORD'S

BLACK-DRAUGHT

recommended very highly, so began to use it. It cured me. I keep it in the house all the time. It is the best liver medicine made. I do not have sick headache or stomach trouble any more." Black-Draught acts on the jaded liver and helps it to do its important work of throwing out waste materials and poisons from the system. This medicine should be in every household for use in time of need. Get a package today. If you feel sluggish, take a dose tonight. You will feel fresh tomorrow. Price 25c a package. All druggists.
