

Negro Choir Due Here October 9

The Wings Over Jordan choir, one of the finest Negro singing groups in the country, will make an appearance at the municipal auditorium in Big Spring the night of Wednesday Oct. 9.

The touring unit sings regularly over the Columbia Broadcasting System and can be heard over most CBS stations at 9 o'clock each Sunday morning.

Tickets for the Wings Over Jordan appearance have been placed on sale at Hester's Office Supplies and Anderson's Music store.

Mr. and Mrs. W. A. Reynolds, Dallas, are here visiting with Mr. and Mrs. W. L. McCollister and other friends in Big Spring.

Shirley Robbins spent Saturday in San Angelo attending a Shriner's function.

Regulations Made For Class Absence

The faculty and student council of Big Spring High School clarified school policies regarding attendance, punctuality and leaving school in special meetings held this last week.

Definite procedures were formulated which were approved by school administrative forces and discussed in guidance groups.

Regular and punctual attendance was stressed as the most important aspect of high school, with the only valid reasons for absence being illness in the home or representation of the school by the student.

For any other reason, each day's absence will mean a loss of three points from the student's six weeks' grade in each class missed.

After an absence the student is expected to obtain a temporary admission good for one day only, or a permanent admission given for an excuse submitted in writing and including the following: date issued, full name of the student, exact days of the absence or the exact part of a day, reason for the

absence, the signature of the parent or guardian.

The admission slip must be signed by each teacher from whose class the student was absent and returned to the office.

In case absences are unavoidable and are properly excused by the office, it is the student's responsibility to arrange to make up the work missed as early as possible. Failure to make up the work will result in the deduction of three points for each day's absence from the six weeks' grade in that course.

Students who plan to be absent for a good cause must make up their work in advance in order to avoid the three-point penalty.

Any student "playing hooky" without their parents' knowledge may be suspended until such time as their parents make arrangements for their reinstatement.

No student may leave the school before the appointed time, even though parental permission is granted, without first securing a special excuse from the office which will indicate where the student is going, the reason, and the time of departure. Upon returning to school the student must return to the office the excuse bearing the signature of the person accounting for the student's arrival at the place to which he was excused to go and indicating the time of his arrival at that place.

Tardiness is excusable only in case of sickness or emergency. Students should plan their day, and their passing between classes so that some slight upset will not make them tardy.

Students who are tardy may be admitted to class only on an admission slip from the office which will designate whether or not the tardiness was excused. This slip must be signed by the teacher and the student must return this slip to the office at the end of the period. The teacher for whose class the student was tardy may require make-up work and may penalize unexcused tardiness by deducting from the student's six weeks' grade. Three unexcused tardies in one semester make grounds for suspension.

Building permits hit another slump, with scarcely any activity except a few repair projects, mostly in residential areas. The city issued 12 permits, but the total estimated cost amounted to only \$7,855. The 1946 total to date: \$997,476.

Real estate transactions kept the year's steady pace. Twenty-one warranty deeds were filed in the county clerk's office involving property valued at \$85,278. The current total for warranty deeds for 1946 is \$2,667,222.

According to registrations at the county tax assessor-collector's office, new automobile deliveries dropped considerably. Tags were sold for three trucks and 10 passenger cars during the week.

Week's Business

Stocker Market Steady; Permits Slumping Again

The stocker market continued strong at Big Spring, cattle sales during the past week, as evidence of improved range outlooks increased. Some better grades of cows and calves commanded up to \$44 a pair, and stocker steer and heifer yearlings and calves showed equal strength. Again there were few fat animals available, and the general meat shortage maintained its grip. Something over 2,300 head of cattle of all types and grades were moved by local sales concerns during the week.

Building permits hit another slump, with scarcely any activity except a few repair projects, mostly in residential areas. The city issued 12 permits, but the total estimated cost amounted to only \$7,855. The 1946 total to date: \$997,476.

Real estate transactions kept the year's steady pace. Twenty-one warranty deeds were filed in the county clerk's office involving property valued at \$85,278. The current total for warranty deeds for 1946 is \$2,667,222.

According to registrations at the county tax assessor-collector's office, new automobile deliveries dropped considerably. Tags were sold for three trucks and 10 passenger cars during the week.

Reports Indicate American Airmen Held In Slavery

NANKING, Sept. 21 (AP)—Unofficial but credible reports from far western China tonight indicated that some American B-29 crewmen were living in slavery under wild tribesmen near the north Burma border after being forced down two years ago.

These reports said at least three Americans had been seen recently with the "Lolo" tribes of western Szechwan province and that they were forced to tend herds, gather wood and do other menial tasks under deject conditions of servitude.

There are rumors to be a few missionaries scattered there, the only foreign residents who have won the tribes' confidence sufficiently to survive in freedom.

Not even Chinese officials have been able to penetrate that savage country to which the Lolos retreated many centuries ago to escape Chinese conquest.

Disrupted communications prevented a full accounting, but Rear Adm. Charles A. Pownall, commander of the Marianas, said first reports indicated no serious injuries to Naval and Marine personnel or civilians. The Army reported one man had suffered a broken back.

The 100-mile-an-hour wind had subsided somewhat by this afternoon but 15-foot breakers still lashed the shore, electric power still was off and everyone ate cold battle rations.

Typhoon Damages Marianas Property

GUAM, Sept. 21 (AP)—An erratic typhoon whipped across the Marianas Islands today, heavily damaging property but causing no reported loss of life and few injuries at this big Navy and Army base.

Disrupted communications prevented a full accounting, but Rear Adm. Charles A. Pownall, commander of the Marianas, said first reports indicated no serious injuries to Naval and Marine personnel or civilians. The Army reported one man had suffered a broken back.

The 100-mile-an-hour wind had subsided somewhat by this afternoon but 15-foot breakers still lashed the shore, electric power still was off and everyone ate cold battle rations.

Poison Shipment Due Here Shortly

A carload of poison for Johnson grass, ordered several months ago by Howard county farmers, probably will be shipped early in October, according to latest information received from the company handling the order, C. H. DeVaney, chairman of the Howard County Farm Bureau, reported Saturday.

Dozens of farmers in this area subscribed for various amounts of the poison last April through the farm bureau. A telegram received Saturday from the company stated that labor disagreements involving transportation facilities had held up the shipment, DeVaney said. However, the company expected to make the first shipment on Oct. 3, and it should arrive here within a few days after shipping.

BETTER LUCK NEXT TIME

SEATTLE, Sept. 21 (AP)—County Clerk Norman R. Riddell received the following letter from a Maryville, Wash., resident: "Due to technical difficulties beyond my control, I am unable to use the enclosed material."

The enclosed material was a marriage license.

Specialists Discuss New Pest Controls

GARDEN CITY, Sept. 21—More than 40 ranchers and businessmen from eight counties attended a demonstration on control of pests among cattle and sheep here Friday.

Arranged by H. M. Fitzhugh, Glasscock county agricultural agent, the day's program featured informative discussions led by two extension service specialists, Charles King, entomologist, and Clifford Rude, superintendent of the Menard experiment station.

Rain almost caused cancellation of the actual demonstration held during the afternoon at the Jim Wilcox farm, but terminated its fall in time for the entire day's schedule to be followed.

King outlined the entire life cycle of the cattle grub, using pictures for illustration. Also covering cattle lice and ear-tick problems, he told the group of latest recommendations for their control.

Rude first discussed "Smear 62" which was developed at the Menard experiment station and is widely used by stockmen for pest control. It is impossible to get true "62" now, he declared, since one of the ingredients is not available. However, the Menard station has recently developed another ingredient, and "62" should be back on the market soon. Use of the so called "62" now on the market, made without all components of the original formula, has not produced desired results, Rude continued.

He also told of a new formula, listed simply as No. 1025, which, he said, has proved virtually 100 percent effective for ear tick control when used as recommended. The new formula should be used on animals at both spring and fall roundups, he said, and then ordinary continuous treatment of salt

troughs will absolutely control the ear ticks.

Of particular interest to sheep breeders was a discussion of "MS 793" a formula for controlling fleecy worms. It has been 100 percent effective in actual tests, Rude said, and promises to account for the biggest saving for sheep raisers ever discovered. By using the new formula, sheep raisers will find it unnecessary to tag animals, he said, and in addition will save the estimated two pounds of wool per head fleecy worms cause. It also was pointed out at the session that cattle grubs cost Texas cattlemen \$10,000,000 annually and the entire country \$100,000,000. In a discussion of horned flies, other statistics were referred to which revealed that the average cow loses two gallons of blood to flies annually.

Counties represented at the demonstration were Martin, Midland, Reagan, Tom Green, Sterling, Coke, Glasscock and Howard.

Attending from Howard county were H. O. Phillips, E. W. Lomax, J. H. Patton, J. W. Overton, Donald Lay, Obra Hamlin, Charlie Wolf, Sam Buchanan, Earl Hull, Fred Keating, T. S. Currie, Roy Reeder, R. V. Middleton and County Agent Durward Lester.

Stewart To Enroll In Officers' School

S-Sgt. Howard Stewart, who has been on duty with the US Army recruiting office here, left Friday for Fort Benning, Ga., where he will enroll in Officers' Candidate School.

Stewart will undergo five months' work, after which he will be assigned to a branch of service.

To those who eagerly await
their new Chevrolets...

Here Is the Latest News about Chevrolet Deliveries

Everybody from factory to dealer is doing everything
that can be done to speed deliveries to you

We have been informed by the Chevrolet Motor Division that the past month has witnessed only a slight improvement in the rate of production of new Chevrolet passenger cars. As a result, shipments of new cars to dealers for delivery are still far below the level we and the factory had hoped to attain by this time. In fact, through August, Chevrolet's output of cars in 1946 was only 22.5% of the number turned out during the corresponding period of 1941.

We know that Chevrolet is doing everything possible to step up its production totals—to ship more and more cars to us and to its thousands of other dealers throughout America... and we know, too, that we are assured of getting our full proportionate share of the current output and of future production gains.

Disappointing as the total figures have been—and despite the fact that Chevrolet was out of production entirely during the first three months of the year—it is nevertheless true that Chevrolet led all other manufacturers in production of passenger cars during June 1946, and has continued to maintain its lead in total production from that day to this.

We shall continue to make deliveries of new Chevrolets to our customers just as fast as we receive them; we regret delays as deeply as you do; we thank you for your friendly patience and understanding; and we promise you a new high motoring experience when you take delivery of your new Chevrolet, giving BIG-CAR QUALITY AT LOWEST COST!

Keep Your Present Car Alive

Meanwhile, may we suggest that you safeguard your transportation by bringing your car to us for service now and at regular intervals. Let us help you to keep it in good running condition—to maintain its performance, appearance and resale value—until the day when your new Chevrolet comes along.

Farm And Ranch News

By WACIL McNAIR

No exact estimates have been made yet, but wheat acreage in Howard county this fall is expected to be extremely heavy as a result of the recent showers. Many already have planted and others intend to follow suit just as soon as they can get started. Apparently plenty of wheat seed is available. Leland Wallace already has 100 acres up to a height of three or four inches and Tuesday's showers were expected to benefit it considerably. Wallace intends to plant more, to be used chiefly for grazing.

A revival of interest in the Howard County Hereford Breeders Association sale scheduled for next winter has been apparent since the rains. The breeders were reluctant to make any elaborate plans earlier in the season, with range prospects dim during the drought, but the rains have done much toward renewing their hopes for a good sale. Although the definite date is yet to be announced, latest reports indicate that Feb. 15 will be the day. The breeders also have not abandoned plans for a fall tour. Current plans are to visit the various herds sometime in October.

Texas entries in the national cotton picking contest at Blytheville, Ark. October 3 will stand to "lose their citizenship in the Lone Star State" if they are beaten again this year. C. Hohn, state farm labor supervisor has written contest officials. Last year 154 persons entered the contest. This year, more than 300 are expected on the basis of entries already in, according to William Wyatt, contest chairman. There are \$2,500 in prizes, including awards for the best women pickers, although women also are eligible to enter the open contest.

Secretary of Agriculture Clinton Anderson will be principal speaker

at the National Cotton Council's annual convention at Galveston Jan. 27-29. Oscar Johnston, president of the council, has announced. Johnston believes the 1947 meeting will be one of the most significant in the history of the organization.

The cotton industry today has the greatest opportunities in our lifetime. Similarly, the industry is confronted with great and immediate problems, Johnston said. A new selection of combine milo, known as No. 7078 is showing good production possibilities in Taylor county, reports County Agent Elmo Cook. No. 7078 was developed by the Lubbock Experiment station, and two Taylor county farmers, Holland Teaff of Merkel and Billie McCasland, Bradshaw, believe that the new selection may out-produce Martin's combine milo, which is the most popular combine grain sorghum in Taylor county.

McCasland obtained a small quantity of pure line seed from the Lubbock Experiment station two years ago. He has multiplied the supply and has distributed quantities of the seed over a large portion of the county, where the crop is showing much promise.

Houston Port Steams Again

HOUSTON, Sept. 21 (AP)—Steam hissed and winches rattled and crowned as seamen and longshoremen resumed work today at Houston's seaport.

Hilarious culls for workmen, and to be back on the job after a 15-day holiday from the series of waterfront strikes, streamed back to work throughout the morning.

Work was slow getting under way—slower than it had been hoped—port officials said. But everybody was happy that the paralyzing strike had ended.

Between 2,500 and 3,000 longshoremen, 1,150-odd members of the National Maritime Union, CIO, and about 400 members of the Seafarers International Union, AFL, had been made idle by the strike. Work was not expected to reach 100 per cent today, but activity will continue tomorrow and by Monday the port is expected to be back to normal.

Architects Named For Vet Hospitals

GALVESTON, Sept. 21 (AP)—Col. D. W. Griffith, district army engineer, today announced appointment of architect engineers for veterans hospitals, at Dallas and Houston and award of contracts totaling \$620,000 for designs.

Wyatt C. Hedrick was named architect engineer for the 500-bed General Veterans Hospital to be built at Dallas and was awarded a \$215,000 contract to design it. Kenneth Franzheim was named architect engineer and awarded \$415,000 contract to design the 1,000-bed neuropsychiatric hospital at Houston.

Both were given notice to proceed at once in drawing plans and specifications. Construction work was expected to start soon after the first of the year.

Governors Of Texas

O'Daniel Winner In Races Over State's Best Men

(Editor's Note: This is the 31st of a series of articles based on the lives of governors of Texas. The last of the series—on Coke Stevenson—will be published in The Herald shortly.)

The men W. Lee O'Daniel has beaten in elections reads like a roster of Who's Who in Texas Politics.

William McCraw, until his sudden eclipse by O'Daniel a rising new star in Texas politics; Ernest O. Thompson, the state's No. 1 authority on oil and gas; Tom Hunter who has acquired himself creditably against the best Texas had offered before O'Daniel; the redoubtable James E. Ferguson in the person of his wife, Miriam; Roosevelt-supported Lyndon B. Johnson; the famed Little Red Arrow, Gerald C. Mann; the equally famed Martin Dies; former Governor James V. Allred; and Dan Moody, and a score of lesser lights.

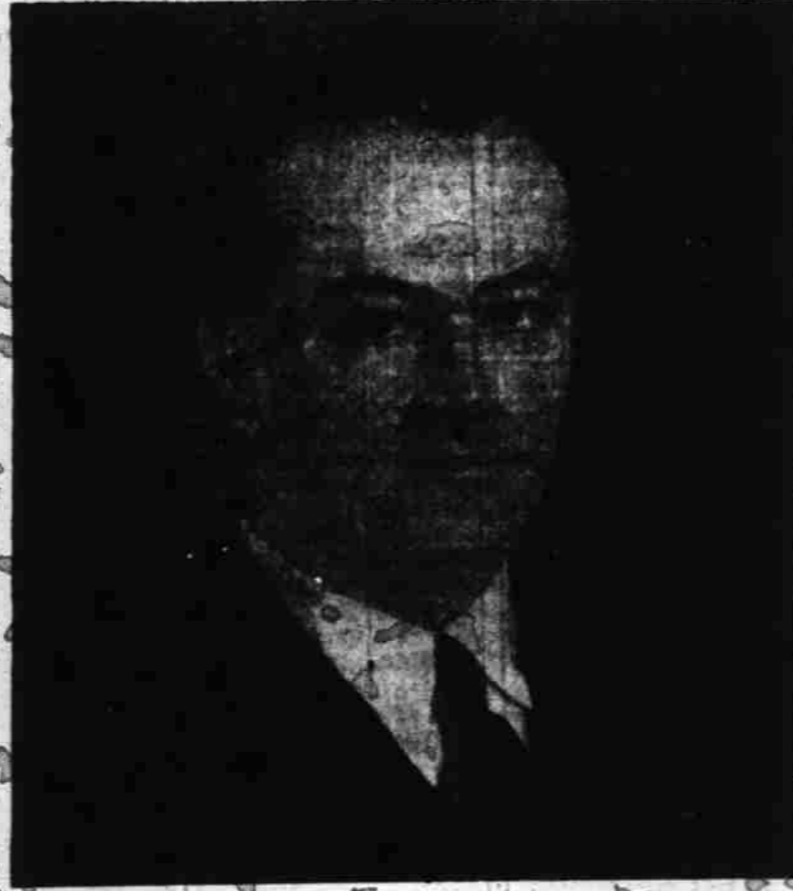

In four statewide campaigns, he went up against the best Texas had to offer. Once—in the special election which sent him to the United States Senate—he thought he was beaten by Johnson until the East Texas vote was counted belatedly. Again, in 1942, he forced him into his only run-off. But so far in a truly meteoric political career, W. Lee O'Daniel is acclaimed after each encounter, the winner and still champion.

His career as governor was fascinating chiefly for its bizarre innovations and contradictions.

A Sunday morning "sermon" or tirade against the legislature from the front room of the governor's mansion; a Hollywood version of inaugural ceremonies, held in vast Memorial Stadium with dancing afterwards; in the streets for the second inaugural, a monster barbecue; a public, outdoor wedding; the statewide "orphans for Christmas" movement. One thing never lacking during O'Daniel's administration was colorful copy for the newspaper writers—although O'Daniel himself soon frowned upon press conferences.

The political errors he made would have been fatal to an ordinary, or mine-run governor. His initial budget was some two or three times greater than the normal Texas governor. He proposed the biggest tax bill on record—and in the face of united opposition, he insisted to the last that his proposal was not a sales tax. He claimed credit for the tax bill his enemies finally wrote and which he opposed during the writing.

One bill for which O'Daniel can claim credit was the first anti-labor bill—prohibiting the "use of force or violence" in labor disputes, enacted despite the fact

W. LEE O'DANIEL

that force or violence is unlawful anyway.

As a matter of record and fact, the first two years O'Daniel's accomplishments were practically nil. When, during his second administration, the vacancy in the United States Senate occurred, O'Daniel made what was a more or less open deal with the legislature: If it would enact a program proposed by him, he would run for the Senate, and thus allow Lieutenant Governor Coke Stevenson to become governor (providing he won the nomination).

The legislators liked Stevenson and didn't like O'Daniel, so they gave O'Daniel half a loaf, which he found good enough to run on. They gave him about a third of

the taxes he originally asked; they made it possible to increase pensions, but not to the \$30 he asked; they adopted a constitutional amendment to put the state on a cash basis. The amendment, effective now, is of doubtful value, but the war-swollen state revenues have obligated any need for a test of it. He asked for many other things which he didn't get—but he got enough to run on.

The O'Daniel saga did not end when he left Austin. He came back in 1944 to stump against Roosevelt. In 1946 he led the story balloon that he might run again for governor, found it necessary to come back to Texas and tell the people in a statewide radio broadcast that he had decided to stay in Washington. He did stay; but as James V. Allred was active in behalf of one 1946 candidate—Homer Rainey—so was W. Lee O'Daniel active through his weekly newspaper, the O'Daniel News, in behalf of the other candidate, Beaufordester.

There are many who say that O'Daniel is not satisfied with the role of a very freshman senator, where he has not been able to put into substance any of the promises he made to the people. They wonder if the former flour merchant may not have his ideas on a higher level. He once bragged that he turned down an offer to be the running mate to Franklin Delano Roosevelt.

Many Students Use School Cafeteria

Approximately 225 students are making use daily of the cafeteria in the high school building.

School authorities say it is too early yet to establish a financial trend for the project, but they are seeking to hold to the 25-cent level for a balanced meal. Some few surplus commodities have been furnished by the commodity corporation, but preponderance of materials are bought on the open market. Rising food costs necessarily have made it difficult to balance the budget, but thus far it has been done.

The cafeteria requires the services of four cooks and kitchen workers. Later some student help may be employed for auxiliary duties. The unit serves high school, eighth-grade and Central Ward students.

Diplomatic Pouches Stolen In Mexico

MEXICO CITY, Sept. 21 (AP)—Theft of four diplomatic pouches by postal van drivers here was announced today by Col. Jesus Lopez Hernandez, chief of the secret police. He said two men had been arrested and one confessed that the two had stolen a diplomatic pouch from England containing correspondence for the British consulate and the Belgian legation here.

Lopez Hernandez said one or both of the men had admitted stealing and robbing three other diplomatic pouches previously.

Former Senator Found Dead At Home

GREENLEE, Va., Sept. 21 (AP)—Miles Poindexter, 78, a former United States senator from Washington state and at one time ambassador to Peru, was found dead at his home here today.

Dr. E. P. Tompkins, Rockbridge county coroner, said death was due to natural causes.

Burmese Statesman Nearly Assassinated

RANGOON, Burma, Sept. 21 (AP)—U Saw, former premier of Burma and present head of the Myochit political party, narrowly escaped assassination today when a rifle shot splintered the windows of his car.

The shot apparently was fired from a jeep which followed his car as he drove from party headquarters. The former premier was cut about the face by flying glass. U Saw (the "U" means Reverend Sir) was released last January by British officials who arrested him Jan. 19, 1942, while he was still premier, on charges of conspiring with the Japanese.

There is no rank in THE AMERICAN LEGION—a buck private is the same as a general in the post meetings.

Walker To Be Awarded For 4-H Club Work

Further recognition for his achievements in 4-H club work will come to Perry Walker of the Center Point community on Oct. 5 when he receives the State Fair of Texas honor award in Dallas.

An award will be made at that time to one representative from each of the extension service districts in Texas, and young Walker received word Saturday that he had been chosen as the leading 4-H club member this year from district six. The awards are to be presented in formal ceremony at the State Fair grandstand at 3 p. m. Oct. 5, with some 20,000 4-H club members from throughout the state expected to attend.

Winning, coveted recognition in 4-H club circles is not new to Perry, who is the son of Mr. and Mrs. Alvin Walker of Center Point. He has been associated with club work for several years, and now is serving as president of the Howard county 4-H organization, a post he has held for more than a year and a half, having been re-elected at the annual meeting last winter.

Some of his better known accomplishments include showing the grand champion fat fether at the annual Howard county livestock show last February, a host of ribbons at the local food, pig and poultry show last fall. In addition he had animals to place high at shows in Houston, Abilene, San Angelo and one of his steers was in the Howard county group judged grand champion earload at the Southwestern Exposition and Fat Stock show in Fort Worth in March.

For two successive years he has been a member of the Howard county 4-H club grand judging team, which has won the district championship twice in succession. In the 1945 grass judging con-

tests, young Walker was high for individual points and this year he was runner-up.

Perry will have two steers entered in the junior livestock show at the state fair this year.

Eagles Nose Out Sparenburg, 6-0

ACKERLY, Sept. 21 — Ackerly's Eagles nosed out the Sparenburg Yellow Jackets, 6-0, in a six-man football game played here Friday afternoon.

Troy Brown's Ackerly sextet was paced to victory by Gerald Rodgers, who intercepted two enemy passes, one of which he returned for 30 yards.

Dwain Williams and Dudley Zant, ends; Hub Rodgers, center; and J. C. Engram and Billy Brown, backs, saw action along with Rodgers.

WEST POINT, N. Y., Sept. 21.
(AP)—A pouring rain and an optimistic Villanova football team couldn't stop Army today as the gridiron champions of 1944 and 1945 proved with a 35 to 0 victory that they're still the team to beat in 1946.

Everything was against a decisive Army triumph today, including much stronger opposition than the Villanova Wildcats have been able to offer in the past two years. The result, except for the size of the score, was the same. They slipped and skidded and tumbled on the wet field. They lost line, crushing Doc Blanchard for the day before the first quarter was over and they lost a country mile of penalties.

In spite of these handicaps, which also afflicted their opponents to a large extent, the Cadets sprang Mr. Inside—Blanchard—and Mr. Outside—Glenn Davis—loose for a pair of touchdowns in the first 10 minutes. They picked up another early in the third quarter when big Herschel Eason crashed through the Villanova line and two more, one in the third quarter and one in the fourth, when Barney Poole caught passes from Arnold Tucker and Davis.

The Villanova team, laden with former servicemen and hopeful of giving Army a close game, only got into a threatening position twice. In the second quarter the Wildcats penetrated to Army's 26-yard line and were promptly thrown back. In the last period they completed a pass to Army's 20, only to have it nullified by a penalty on the play.

Sterling Holds Dogs To Tie

STERLING CITY, Sept. 21.—Coahoma's Bulldogs, defending champions of the District Ten six-man football league, were hard pressed to escape with a 13-13 deadlock in battle with the hard fighting Sterling City Cats in the season's opener for both teams here Friday afternoon.

Wayne Deveney felled both the Coahoma touchdowns, going 40 yards for the first score in the first quarter and taking a pass from Billy Wolfe for the other in the fourth. Dennis Turner rammed over for the extra point after the second score.

Jack Tweedle's pass to Bobby King gave Sterling its initial tally in the second period and the home team went ahead by making good on the extra point. The Tweedle-King combine clicked again for the Cats in the fourth.

Score by quarters:
Coahoma 6 0 0 7—13
Sterling 7 0 6 13

What are the wise ones waiting for?

For One Thing—This! Fresh new styling that clearly says "1946." The sheer good looks of long low lines, full sweeping fenders, solid, uncluttered appearance in every line and contour.

For Another Thing—This! A big straight-eight Fireball engine, made silky-smooth with Accurite-finished cylinders and brilliantly able to hold its own on any highway.

For Another Thing—This! The matchlessly soft cradling of gentle coil springs on all four wheels—springs that float you like a breeze over cobbles and bumps.

For Another Thing—This! The word for it is "handling"—meaning the deft, lightness of wheel and brake and gear-shift that makes every trip truly a pleasure trip. You have to experience it to know it—but it's what makes a Buick salesman out of every new Buick owner.

In a Word—The Best Buick Yet! You can buy one at OPA ceiling price—with or without a car to trade in. And the great Buick factories are turning them out as fast as they can get materials. So put your name on our list and get one headed your way.

WHAT OTHER CAR HAS SO MUCH THAT CLICKS FOR FORTY-SIX!

SMARTNESS—that sets the style pattern with ear-length Airfoil fenders and built-in rear wheel shields.

POWER—from a Buick Fireball valve-in-head straight-eight engine.

OIL SAVINGS—from non-scuffing Accurite cylinder bores.

FLASHING ACTION—of full-weight pistons.

STEADINESS—from full-length Mircolube-drive in a sealed chassis.

GLIDING RIDE—from Panhard-type coil springing.

COMFORT—of soft Foamex cushions in roomy Body by Fisher.

SURE FOOTING—of Broadrim wheels.

CONTROL—through Panhard-type steering.

CONVENIENCE—of high-leverage Stop-on-parking brake.

PROTECTION—of Buick-designed fender-shielding front and rear bumpers.

TUNE IN HENRY J. TAYLOR on the air twice weekly.

The Daily Herald

Crowded Schools Present Problem For Administrators

Plans have been made partially to alleviate the crowded conditions existing in the first seven grades of the Big Spring school system, in which 1,873 students are enrolled, but until approval has been granted based on the report of the equalization board, these plans cannot be put into operation, Superintendent W. C. Blankenship said Saturday.

In the first four grades and in West Ward particularly school facilities have been greatly taxed by increased enrollment, Blankenship said. Double-day sessions and transfers of students to less crowded schools have been tentatively arranged, pending board approval and the securing of new teachers.

Although elementary teachers are difficult to obtain, the superintendent has lined up some prospects.

He cited figures to substantiate the pressing need for double-day sessions, showing one first grade class at Central Ward school with 52 students in one room under one teacher, 46 in both the first and second grades and 43 in the third grade at College Heights, 46 in the third grade and 43 in the fourth grade at South Ward. At West Ward where the enrollment is the heaviest, some steps have already been taken.

A break-down of elementary school enrollment shows 378 students at Central Ward, 225 at College Heights, 192 at East Ward, 160 at North Ward, 197 at South Ward, 531 at West Ward and 190 at Kate Morrison.

In the entire city school system there are 348 students in the first grade, 316 in the second, 314 in the third, 280 in the fourth, 255 in the fifth, 164 in the sixth and 196 in the seventh.

The low figure for the sixth grade was a result of the change to the 12 grade system here when the present sixth graders were in the second and includes only those who were in half grades then or who have moved in from other schools since the change.

In the Lakeview Negro school the enrollment for the 12 grades is 160. Those students were not included in the foregoing tabulations by grades.

High school and eighth grade students number 980, with 740 in the eighth grade. Blankenship also stressed the need of applications for substitute teachers.

On August 15 of the year there were 23 million of your buddies in THE AMERICAN LEGION. Join now and let's get things done.

Mitchell Wildcat To Pump; Coke Test Has Show

Test runs were being made on the Norman & Roche (C. E. Beaver) No. 1 S. R. Coleman, north-west Mitchell Clear Fork discovery, four miles northwest of West Brook production.

After swabbing 67 barrels in 12 hours following acidizing with 1,500 gallons, the test was put on pump and on one 11-hour run returned 45 barrels of 27 gravity oil from 2,665 to 2,770 feet. It has been estimated from 50 to 75 barrels daily. Location is 230 feet from the north and west lines of section 70-97, H&TC, approximately a mile and a half northeast of the Cluthbert community.

C. E. Beavers & Son have staked location for No. 1 A. S. R. Coleman, 600 feet south of the test, bought by Norman & Roche of Dallas. It is 330 feet out of the northeast corner of the east half of the southwest quarter of section 70-97, and is contracted for 3,000. Both tests are on farmouts from Cosden Petroleum Corp.

Santa Fe Petroleum No. 1 M. F. Christian, north-central Howard exploration, was running about normal on structure and has no shows Saturday in drilling below 4,100 feet. Contract depth is 4,500 feet. When that is reached, possibly this week, decision will be made on whether to deepen. It is 600 feet out of southeast corner of the southwest quarter, sections 40-32-2n T&P.

Shell No. 1 L. C. Clark, northeastern Glasscock deep test, plugged back from 10,970 to 9,795 feet to test shows in the Pennsylvania. After finding the Ellenburger barren. Five and a half-inch string was being run. Location is in section 5-32-3s, T&P.

In northeastern Coke county, the Warren Petroleum Corp. No. 1 J. T. Hamilton estate, C. N. E. 275-1A, H&TC, recovered 20 feet of oil-cut mud on a drill stem test of the Ellenburger from 8,357-75. It was deepening. Location is a mile and three quarters southwest of Blackwell community.

Dawson county got two new sets, one in the Webb and the other in the Sprayberry pool. Seaboard Oil Co. already was below 1,495 on its No. 4 Sprayberry, 449 feet from the east and 1,759.4 from the south lines of section 38-34-5n, T&P. It is a quarter of a mile north of nearest production in the southeastern Dawson field. Childress Royalty Co. staked its No. 1 Robinson, 467 feet from the east and 863 feet from the south half of the southeast quarter of section 54-M-EL&RR projected depth is 5,500 feet.

Southern Howard got two locations, Continental No. 26-S Settles A-134, 330 feet from the north and 1,650 feet from the east lines of section 134-29, W&NW, projected for 1,400 feet; Sunray Oil Corp. No. 30-E Dora Roberts, 990 from the north and 2,310 from the east line of section 136-29, W&NW, 1,400 feet depth.

Standard of Texas staked its No. 3 W. L. Foster, 660 feet from the north and 1,196 from the west lines of section 7-29-1am, T&P, scheduled for 3,250 feet for Iatan-East Howard pay.

C. T. McLaughlin located two 1,850-foot tests in the Sharon Ridge field of southwestern Scurry county, the No. 5, J. C. Stinson, 330 feet from the south and 1,650 from the east lines of section 116-97, H&TC, and No. 3-C J. C. Stinson 2,310 feet from the south and 330 feet from the east lines of the same section.

Migratory Labor By-Passing Area

It's not that Howard county farmers have large cotton crops to harvest, but a distinct scarcity of migratory farm labor is causing concern in this area.

The farmers are becoming alarmed for fear they may not even realize the meager returns which would be theirs if the current crop should be gathered immediately. The extremely light crop must be gathered before unfavorable weather begins, or the situation will become even worse, they contend.

To complicate matters, the migratory workers, who usually frequent this section during the cotton harvest season, are seeking greener pastures this year. They apparently see little evidence of a crop sufficient to provide steady work for more than a few days.

Some farmers viewed the situation with renewed hope Saturday morning, when enough laborers to completely fill the migratory workers' camp northwest of town appeared on the scene. Those at the scene managed to bargain with a few, but for the most part the workers planned only a pause here before continuing farther north.

TILTON, N. H. (UP)—Linda Hinds, just born, is the first girl in four generations of the Hinds family. After the birth of a daughter in the family in 1851, there were three generations of all boys.

Jaycee-Sponsored Fireworks Circus To Show Thursday

A lovely circus — all in fireworks — will be presented Thursday at 8 p. m. at Steer stadium under sponsorship of the Jaycees.

In addition to 20 displays, which run the gamut of circus acts in colorful splashes of color, there will be a fireworks conception of the atomic bomb, according to Ralph Rhoads, manager of the unique circus.

Rhoads is supervising construction of special display stands, which must be built expressly for each showing. Jaycees are planning concessions to add to traditional circus atmosphere.

Included in the score of acts are monkeys see-sawing, clowns in action, seal juggling a ball, elephant taking a bath, man on the flying trapeze, bear riding a wheel, and many others, all in fireworks.

The atomic bomb interpretation will show a fireworks plane dropping the bomb on two fireworks battleships, which sink as a result of the blast.

Gates open at 7 p. m. and the Big Spring high school band will give a concert starting at 8 p. m., with the display starting immediately afterwards. Proceeds from the show will be used to purchase a score clock for the Steer football field.

Vet Certifier Due Here Thursday

A representative of the War Assets Administration veterans service is due to be in Big Spring again Thursday to interview veterans interested in certifying them for the purchase of surplus property.

The itinerant schedule set up by WAA brings a certifying representative here every two weeks.

Veterans who wish to purchase surplus property can present their discharges to the WAA representative and obtain certification. Headquarters for the certifying representative on his bi-weekly visits to Big Spring are maintained at the Veterans Administration contact offices, 206 Petroleum building.

Sweet-Sour Dressing Offers Contrast In Flavors, Good With Fruit Salads

A delicious sweet-sour salad dressing is made from vinegar, light corn syrup, spices and salad oil. A pleasant combination. Spicy Salad Dressing is particularly good over fruit salads.

Spicy Salad Dressing
(Makes 1 cup)
1-2 cup vinegar.
1 2-inch piece cinnamon.
1-2 teaspoon whole cloves.
6 whole allspice.
2 teaspoons salt.
1-2 teaspoon paprika.
Dash cayenne pepper.
1-2 cup bottled corn syrup (light).

1 teaspoon onion juice.
1 tablespoon minced celery.
1 tablespoon minced green pepper.
1-4 teaspoon Worcestershire sauce.
1-4 cup bottled salad oil.
Pour vinegar into small saucepan, add spices and let simmer for five minutes. Cool. Strain before adding to dressing. Combine salt, paprika and cayenne pepper, add corn syrup and stir until well blended. Add spiced vinegar and remaining ingredients in order mentioned. Beat, or pour into bottle and shake, well before serving.

MUTE EVIDENCE OF KNAVERY

CHICAGO, Sept. 21. (AP)—A youth handed Detective Joseph Conway a penciled note which explained he was deaf and dumb, was strange in Chicago, and was trying to get enough money to get home.

Conway gave the youth a quarter and the latter smiled his thanks and turned away. Conway, in a joking afterthought, called: "hey, how about by change."

The youth whirled about, and asked "What change? You got change coming?"

Conway took him to Central station where he was held without charge.

Airmail Volume Increase Seen

Air mail will go down to five cents on Oct. 1, a step that Postmaster Nat Shick believes will increase airmail poundage substantially.

Prior to the war airmail fare was six cents, then went to eight. Under an act of congress, the postage for one ounce of first-class matter by air is down to five.

Overseas weight is half an ounce as formerly, but the five cent stamp will carry this character mail anywhere. Heretofore, airmail to servicemen overseas went for six cents.

Shick pointed out that Big Spring was in an enviable position for airmail service. Not only does the city have two outlets east, west, north and south daily, but more often than not the outgoing dispatches are much higher. Numerous unscheduled stops are made by American Airlines, and thus airmail posted at any hour of the day has an excellent chance of going out rapidly, said Shick.

What Legion Men Stand For--

Preamble to the Constitution of The American Legion

For God and Country, we associate ourselves together for the following purposes:

- To uphold and defend the Constitution of the United States of America;
- To maintain law and order;
- To foster and perpetuate a one hundred per cent Americanism;
- To preserve the memories and incidents of our association in the Great Wars;
- To inculcate a sense of individual obligation to the community, state, and nation;
- To combat the autocracy of both the classes and the masses;
- To make right the master of might;
- To promote peace and good will on earth;
- To safeguard and transmit to posterity the principles of justice, freedom, and democracy;
- To consecrate and sanctify our comradeship by our devotion to mutual helpfulness.

County Farmers Plant Seed After Showers

Evidence was plentiful this weekend to support belief that many Howard Countians are out planting seeds, virtually all types available, an experience denied residents of this section for several months.

According to reports from local dealers, seed demands have zoomed upward in spectacular fashion since recent showers, have been the first steps in relieving the season-long drought.

A general demand for fall vegetable seed has developed. With turnips and mustard especially popular. Fortunately there is an adequate supply on hand and dealers report that more is available from jobbers if needed.

"They're coming in and taking turnip seed out in good number," one dealer said. Some are planting large turnip patches, too. It is not an uncommon occurrence of late for one customer to purchase two or three pounds of seed, and a few buy even more. Two pounds are generally considered ample for planting an acre. "And strange as it may seem, the price of turnip seed this fall is substantially lower than it was a year ago.

The current demand is not confined to vegetable seed, however. The predicted large acreage of wheat and other small grain is rapidly becoming a reality. For the most part dealers are keeping their stocks ahead of demand, but some report that they were unable to supply the black-eyed peas requested by many farmers two or three weeks ago.

Now the farmers are turning their attention to grains, with grazing the chief objective. Winter legumes, also have entered the picture, with several purchases of abuzzi rye and vetch seed reported during the past few days.

Weekend For Truman

WASHINGTON, Sept. 21 (AP)—President Truman today arranged to spend most of the weekend on the Potomac River, combining work and rest. On Sunday afternoon he plans to witness the President's Cup Regatta on the river.

Variety Of Activities Offered At YMCA

YMCA facilities include two pool tables and at practically all times the Y is open groups of young people, particularly boys, are ranged about the tables, either participating or watching the progress of the game. The Y is open every evening except Sunday, providing material for sport or relaxation.

KIBITZING a game of bridge is almost as much fun as the actual playing of the game. Bridge instruction was a regular feature at the local Y during the summer months, and it is possible at nearly all times to get up a foursome from among the regulars who frequent Y headquarters.

YMCA Elects Directors, Opens College Extension

Beginning its second fiscal year YMCA has ballots out now for election of nine new members to its board of 27 directors, to assume their duties at the first meeting of the year, which is to be Sept. 24.

When the new board members take their places and the executives are named plans will get definitely underway for new activities to be added to the present roster.

Arrangements are now underway for a branch Y to be set up on the campus of Howard County Junior College, and actual furnishing of the building will begin Monday. Bill Dawes, executive secretary, declared. The college Y will be located in the extreme south unit of the college area. The Y facilities will be open during registration, and a schedule will be set up soon thereafter for regular activity. Dawes issued a plea for hostesses to serve at the snack bar this week.

In the beginning the college extension will serve as a relaxation center, but eventually a student Y club will be organized and associated with the world wide student Y movement, Dawes said.

The downtown Y will continue through the school months as a center for after school and weekend activity. The week-day schedule provides Y facilities from 7 until 9 a. m., and on weekends its opens at 7:30 p. m. and closes at 10 p. m.

The Coed club has been set up as a Y sponsored organization, and will get its fall season underway soon with the election of new officers. A Hi-Y club has been set up with John Coffee as the advisor and George Worrell as president. Next Wednesday the group will travel to the McDonald observatory as a part of its planned program. Dawes said that as soon as there are enough members to demand it, a Tri-Y will be formed for girls of the organization, and a sponsor will be obtained. Equipment for both active and table games can be found at the Y, and coaching in some sports and games is featured regularly. Instruction in shellcraft is offered weekly by Mrs. Anne Houser and Betty Penn. When materials become more plentiful there will be classes in leathercraft and brasswork.

Social Calendar For Monday

FIRST BAPTIST WMS will begin the Season of Prayer with a program directed by Mrs. Ernest Hock at 3:30 p. m. at the church.

FIRST METHODIST WSCF will have a business meeting of all groups at the church. **WESLEY METHODIST WSCS** will have another lesson in "The Divine Fatherhood of God," at 3 p. m. at the church.

FIRST CHRISTIAN WOMAN'S COUNCIL will meet at 1 p. m. at the church for a luncheon and business meeting.

NAZARENE WMS will meet at the church at 8 p. m.

ST. MARY'S AUXILIARY will meet with Mr. Carl Sapp at the Settles hotel at 3:30 p. m.

PRESBYTERIAN AUXILIARY will meet at the church at 3:15 p. m. for first of a series of Bible studies on Isaiah to be taught by Rev. R. Gage Lloyd. On Tuesday and Wednesday at 10 a. m. additional lessons will be taught.

Class To Entertain

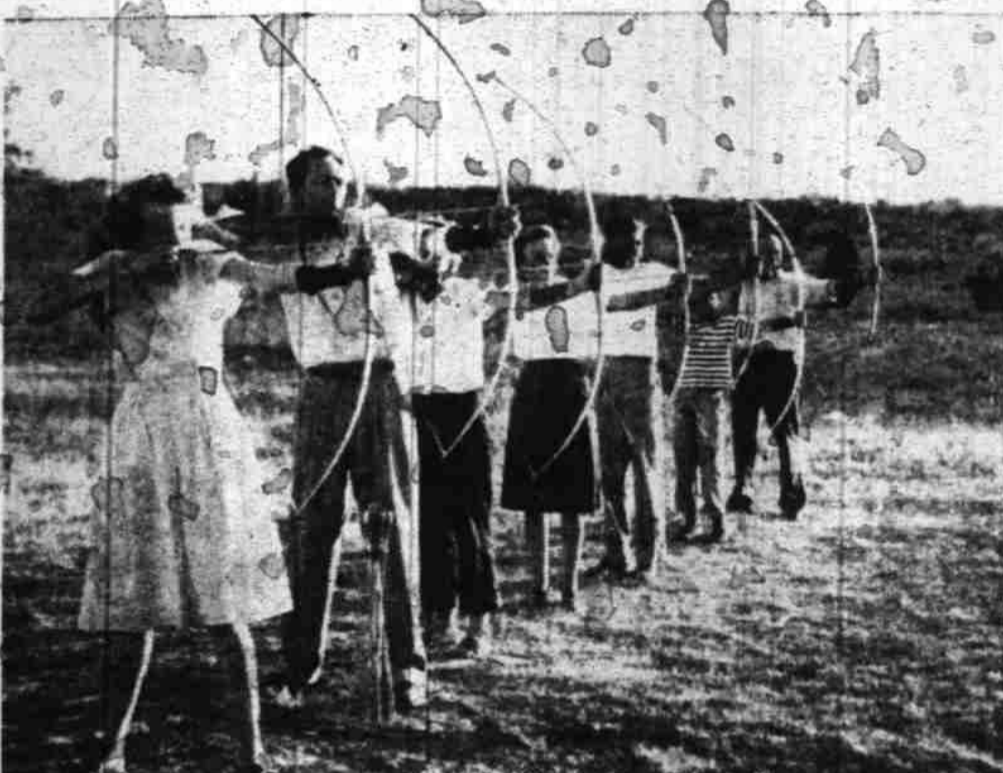

The intermediate department of the First Methodist church will be host to a silver tea this afternoon from 3:30 until 5:30 in the parlor of the church. The public is invited to attend.

BRIDGE CLUB TO MEET

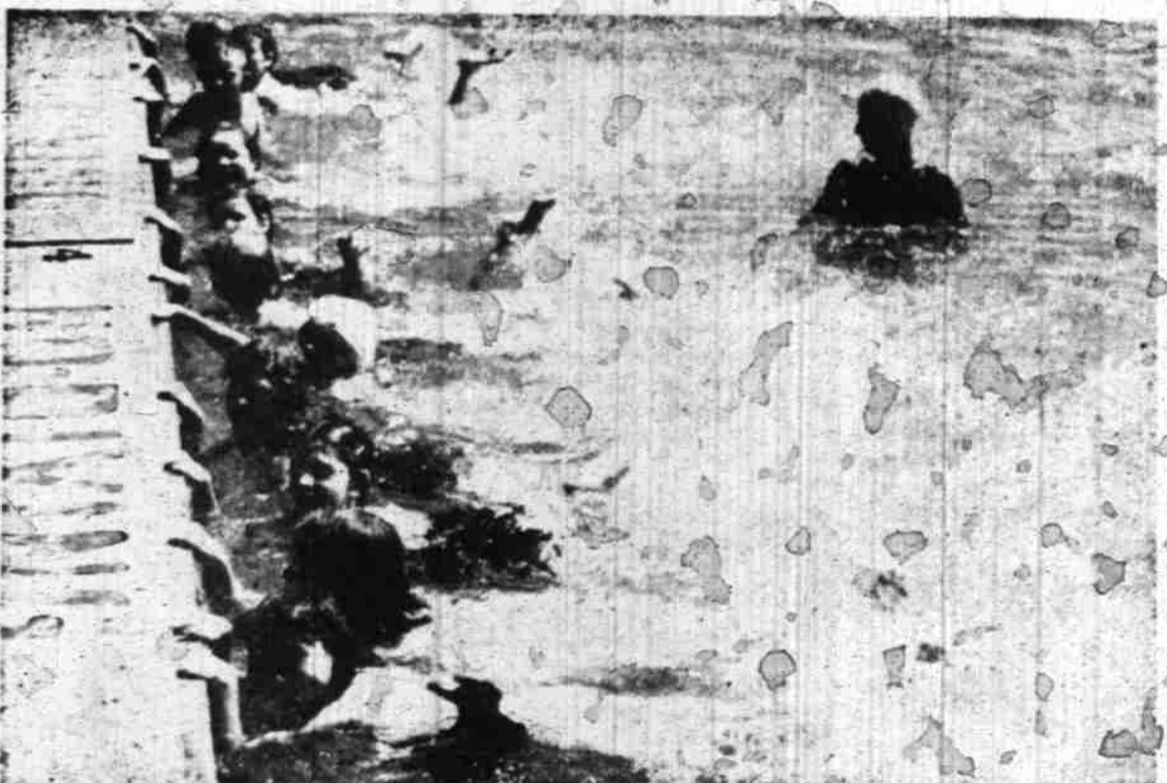

Mrs. Ollie Anderson will be hostess to the Kill Kare Club Monday at 8 p. m.

PING PONG is not the simple game that its name might imply, its devotees at the YMCA have discovered. The game room is equipped with three ping pong tables and necessary equipment, and the tables are in almost continuous use when headquarters are open.

ARCHERY CLASSES are taught regularly each week by Jack Thompson, with some instruction given by Arah Phillips. The groups, sponsored by the Y, meet at the retention basin on Gregg street.

SWIMMING TRAINING was completed by approximately 200 beginning swimmers during the summer months under the direction of Arah Phillips at the municipal swimming pool. A corps of some 20 teachers participated in the two six-week courses. Eddie Houser and Bobo Hardy were instructors for a class of advanced swimmers.

TOASTMASTERS CLUB is an organization of men sponsored by the YMCA for the purpose of providing practical experience in the art of making after dinner speeches. E. B. McCormick is president of the club. —All Photos by Jack M. Haynes.

DENTON TO PREACH

Sgt. Preston Denton, formerly pastor at the Airport Baptist church, will preach at the evening services there this evening.

HATCH IN STATES

Mr. and Mrs. R. D. Hatch have received word from their son, Cpl. Happy Hatch, that he has arrived in the United States after serving for the past year in Japan.

AAUW To Begin Year With Tea

The local chapter of the American Association of University Women opens its year's program with a seated tea Tuesday, honoring prospective members.

The affair will be held at the Settles Hotel at 8 p. m. Mrs. Paul Graham and Mrs. Champ Rainwater will entertain with vocal and piano selections. A community survey of worthwhile projects will be made in order to determine to what extent the AAUW can add to their betterment. All eligible persons in Big Spring who are interested and have not been contacted were asked to call Mrs. Kelly Lawrence, 2038 W.

Mrs. Lula Motley Honored On Birthday

Mrs. Lula Motley was honored at a birthday dinner given last week in the home of Mr. and Mrs. Porter Motley. Attending were Mr. and Mrs. Jim Motley and Mona Fay, Mr. and Mrs. W. Plunkett and W. E. Jr., Mr. and Mrs. A. B. Hödnert and family, J. B. Motley and family, Leonard Hödnert and family, Mr. and Mrs. Doyle Gilliland and daughter, Mr. and Mrs. C. H. Hyden Jr. and family, Mr. and Mrs. L. D. Smith and family, Mr. and Mrs. T. J. Castle, Mr. and Mrs. Cecil Motley and family, Mr. and Mrs. Porter Motley, Mrs. Terry, Rev. and Mrs. Frank Story, Mrs. tie Fay Henson and W. M. Hyden.

Week Of Prayer To Begin Monday, Emphasis On Rural Rehabilitation

Stressing missionary activities in missionary work in Texas, Mrs. Choate stated that the receipts above \$20,000 required by the budget, will be used in the rehabilitation of rural churches. The fund will assist by providing money for obtain of ministers for country churches in Texas in order to get them into operation again. It is expected that the rural rehabilitation fund will reach \$50,000.

The Junior G. A., sponsored by Mrs. G. L. Brooks, will conduct a similar program of their Thursday meeting day and will take an offering to be used in the Week of Prayer fund.

The programs will be dedicated to prayer and discussion of missions, and collections will be taken each day for the various phases of

Hoosers Entertain With Game Party

Mrs. Jess Coulter honored her daughter, Darlene, at a party Friday afternoon in observance of her 13th birthday. Dorothy Gilstrap assisted.

Games were played, after which punch was served with the birthday cake. Guests were Jean Wood, Bob Jones, Carolyn and Kathryn Williams, Raymond Gilstrap, June White, Billy Weber, Clifford Wynn, Billy Lawson, Charlie Hale, Thelma Lott, Tucker, Donald Butler, Patsy Hale, Tootie Rackley, Imogene Yeager, Joyce Bradley, Bobby Stewart, Betty Hayworth, Anita Forrest, Audrey Armistead, Mary Sue White, Dale Barrington, Marvin Wise, Robert Regan.

WHAT GIVES 'ROUND TOWN

By LEATRICE ROSS

Mezzanine floor of the Settles Hotel was abounding with members of the Steer and Yearling football squads Wednesday night at the buffet dinner given by the B.S.A. So many were there in fact that the line from serving tables crept four deep across the entire upstairs lobby. Harold Berry hastily chucked away his food and brought up the end of the row again. After his third trip, he lost contact. Chubby Jones shooed those who sat near him by stacking his plate precariously with countless slices of bread. Dallas Woods kept going back and forth from his seat to the table, apologizing politely to those he elbowed his way past. Bobby Hollis, Marvin Wright, Enzor Pickett, Gerald Harris and Harold Jones set up their dishes on the windows within arm's reach of the food plates. Bobo Hardy tried in vain to get Hal Hensley to silence a few who were getting their silverware too loudly during the musical. Dickie Cloud spent the entire evening in one perpetual smile. "We were especially concerned over Jack Durham — he confiscated only one slice of meat and helped himself to only about half of the variety of delicacies offered. The evening most definitely was a success, judging from the jovial countenances of all concerned.

George and James Crittendon drifted in Monday, exes for the Army. However, they are off again soon for work with engineering division in Camp Belvoir, Va. Arnold Fields is home for a while. James Thomas is reported to be contemplating entrance in H.C.J.C. He will be the first non-high school graduate to enroll. After seeing "A Walk in the Sun" in which actors' chief means of locomotion was by stomach, Catherine Redding says she could scarcely refrain from crawling out in like manner. Did it affect everybody else that way?

Janet Robb, Jerre Hodges, and Robbie Piner are back from about 14 days in Mexico. They spent greater part of that time in Mexico City, but also visited Tasco, which village is situated on the brink of a silver mine. The town mines its own metal and its citizens fashion its own hand-made novelties. Janet says the girls were disappointed over being refused a tour of the mines. Seems women are an omen of misfortune in the place. The three were awed at massive cathedrals side by side with three-foot sidewalk shops. A round of fabulous night clubs, where there were floor shows such as one sees in the movies, and a day at the bull fights were other new experiences to them.

Notes to you: In the Ritz Tuesday evening we saw June Hamill, Beverly King, Bill Campbell, Marvin Wright, Martine Underwood, Jim Nummy, Wilda Watts, R. L.

Betty Lee Brown, Don Thomas Wed In Austin Church

Betty Lee Brown, daughter of Mr. and Mrs. John Brown of Edinburg, was married on Sept. 20 to Don Thomas of Big Spring.

The double ring vows were exchanged in the First Methodist church in Austin. Ray Thomas, brother of the bridegroom, acted as best man. William Crawford of San Francisco visited last week in the home of Mrs. H. H. Padgett. Mrs. Joe Vaidiver of Monahan was a guest of Mrs. Bill Adams last week. Rev. M. M. Grove of Brownsville visited with his parents-in-law, Mr. and Mrs. C. M. Shaw, last week. Mr. and Mrs. Jones C. Lamar left Friday morning for a three weeks visit with relatives in Los Angeles and Arcadia, Calif. Billy Marie Tucker returned Friday night after a week's visit with relatives in Fort Worth. Mrs. Joe Faucett has returned from Dallas where she accompanied her grandson, Joel Faucett home after a visit here. Her son, Harrell Faucett, went with them, and proceeded to Austin where he will attend the University of Texas. Miss Lora Mitchell left Friday by plane for Tulsa, Okla., after a two-week visit here with her parents, Mr. and Mrs. J. H. Mitchell. Mrs. J. E. Hardesty has returned from a two weeks vacation trip to Los Angeles, Calif., where she visited her son, Jack Hardesty, now a student at the University of Southern California. Mr. and Mrs. Landon Dorn of Colorado City were visitors in the home of Mr. and Mrs. W. J. Garrett last week.

Girls' Club Has Dance At Settles

Following the football game Friday night the High Heel Slipper club honored home team and Cisco players, bands and rogers with a dance in the Settles Hotel. The room was decorated with myriad streams of crepe paper and music was furnished by records. Approximately 200 guests called during the evening.

All honorably discharged veterans of World War II are eligible for membership in THE AMERICAN LEGION. Join your Howard County Post today.

Visits And Visitors

Mr. and Mrs. Grover Dean are in Sweetwater and San Angelo attending the Shrine good will trip. William Crawford of San Francisco visited last week in the home of Mrs. H. H. Padgett. Mrs. Joe Vaidiver of Monahan was a guest of Mrs. Bill Adams last week. Rev. M. M. Grove of Brownsville visited with his parents-in-law, Mr. and Mrs. C. M. Shaw, last week. Mr. and Mrs. Jones C. Lamar left Friday morning for a three weeks visit with relatives in Los Angeles and Arcadia, Calif. Billy Marie Tucker returned Friday night after a week's visit with relatives in Fort Worth. There was a record crowd and din at the Steer-Lobb game Friday night. Lex James, making his first appearance as drum major, was the sensation of the evening. John Murphy was an out-of-town face seen in the multitude. Ellen McLaughlin and Pat McDaniel tried all evening to outrun Helen Blount's cow bell. Sub-deb pledges could be identified by gleaming white ribbons tied about their hair. Rebecca Rogers gave a slumber party after the game. Rodan 4 at the Settles was overflowing with such an impossible number for the dance afterwards that dancing styles had to be modified somewhat.

Pete Hull Named FFA President

COAHOMA, Sept. 21 — Pete Hull has been elected president of the Coahoma chapter of the Future Farmers of America. Other officers named at a meeting during the week were: Perry Walker, vice-president; Clovis Phinney, secretary; Wayne DeVane, treasurer; Bobby Cathey, reporter; Richard Reed, parliamentarian; Ben Coakrell, historian; Jack Cathey, sentinel; Lewis Loveless, song leader.

Next meeting of the club is to be on Sept. 30 when organization will be completed and committees for executing the program will be named. There are about 30 members of the club. The FFA club witnessed a film, "Feeding the Multitude," furnished by DuPont Sempson Vegetable company. Story of how 300 infectious organisms are commonly carried by farm and truck crops was projected. Many of these cause blight, rot, and other costly plant diseases. Difference between growth in protected and unprotected plants was shown, and how growers protect their seed and plants. On Sept. 26 the club will see another film, "Black Scourge," furnished by the same source.

Boosters Stop Here

One of several planes carrying boosters for the State Fair stopped here Saturday. The flight came from Dallas to Abilene, where it dispersed to blanket West Texas. Circulars advertising this fair, and particularly West Texas day on Oct. 25, were distributed.

HERALD WANT-ADS GET RESULTS

Here 'n There

Mr. and Mrs. J. H. Greene, who have been vacationing in Oregon where he visited his brother, C. B. Greene, left there Friday for Laguna Beach, Calif., where they will spend a few days before returning to Big Spring.

Loy House, for several years manager of the Big Spring Cash Wholesale Grocery company, is resigning his position to enter the retail grocery business for himself. He has opened a store in the 1000 block of East 3rd street.

Piner Appointed USO Drive Chief

Robert T. Piner, Big Spring, has accepted appointment by Gov. Coke Stevenson, general chairman for the next and final Texas USO drive, to lead Howard, Mitchell and Glasscock counties in the coming campaign.

State quota is \$800,000, but county quotas for this area have not been announced.

Charles E. Paxton, Sweetwater, has been made chairman of the West Texas region, one of six in the state for campaign purposes.

"See It Through" will be the slogan for the drive, and many military leaders, among them Gen. Dwight Eisenhower and Gen. Johnathan Wainwright, have pledged support of the fund raising drive.

BARBARA JESTER IN WEDDING GOWN—Miss Barbara Jester of Corsicana, Tex., daughter of Beauford Jester, democratic nominee for governor of Texas, poses in her wedding gown at Dallas, Tex., where she was there for a fitting. Her wedding to Maj. Howard L. Burris of San Antonio, Tex., is to be solemnized at Corsicana Sept. 21. (AP Photo.)

GI Flight Training Registration Monday

Flight training under the GI bill of rights will get under way at the U.S. airport this week. John Underwood, manager, has announced.

Registration is to start at 8:30 a.m. Monday and will continue through the week. Approximately 14 applicants have submitted certificates of eligibility, said Underwood, and a like number expect certificates during the week.

An additional flight instructor is expected here during the week and training is to start as soon as registration essentials are out of the way.

Take a place in the "back to normalcy" army. Join THE AMERICAN LEGION, America's largest organization of veterans.

Markets

NEW YORK, Sept. 21 (AP)—The stock market went into another tailspin during the past week — its sixth successive weekly relapse — but finished with a good all-around rally.

From Aug. 15, quoted values on the stock exchange suffered a decline of approximately \$15,000,000. There were only nine intervening comebacks.

On the week the Associated Press 60-stock composite recorded a net loss of 2.4 points at 62.3. Volume for the five days totalled 10,687,820 shares, compared with 12,723,900 the week before.

Railroad bonds nosedived in this week's market in the severest decline for any similar period since May, 1940.

Livestock

close last week: All slaughter (USDA)—Cattle: Compared with classes steady to strong, stockers and feeders strong to unevenly higher. Week's top: Good beef steers and yearlings \$18.00, grass steers \$16.85, cows, \$14.00, heavy-weight calves \$17.50, medium-weight calves \$17.00, heifer calves \$16.50.

Hogs—Compared week ago: Steady; practically all weights \$16.05, the ceiling.

Sheep—Compared week ago: Spring lambs and aged sheep 25 to mostly 50 higher, feeder lambs 50 or more higher. Week's tops: Fat lambs \$17.00, yearlings \$14.00, aged ewes and wethers \$8.25, feeder lambs \$14.50.

Cotton

NEW YORK, Sept. 21 (AP)—Cotton prices closed off 3 cents a bale to 35 cents higher on the New York Cotton Exchange after advancing as much as \$1.05 a bale earlier in the session.

Trading was brisk with steady demand from textile mills and southern merchants.

The cotton exchange weekly trade report estimated that stocks of cotton in the United States on Aug. 1 amounted to 15,055,000 bales compared with 18,928,000 bales a year ago, 21,657,000 two years ago and 20,531,000 in 1943.

Local Refinery Men, District Salesmen Return From Tour

Marvin Miller, C. W. Smith, Sam Hefner, Pete Womack and district salesmen returned to the office Monday morning after holding a series of meetings for Cosden jobbers at Lubbock, Amarillo and Albuquerque, New Mexico.

R. L. Tollett left by plane Tuesday afternoon for Washington to attend a meeting on products pipe line project and he will go from Washington to New York to attend meeting of directors, returning by way of Chicago. He is expected back in Big Spring today.

A. V. Kancher left Tuesday morning to attend meeting of directors in New York City.

H. T. Bratcher, production superintendent at Graham, was in Tulsa, Okla., last week on company business.

Mrs. H. R. Gollnick of Fort Worth, formerly Alma C. Borders, is here for three or four weeks to inspect and review lease and land records, which were her responsibility for many years while she was with the company.

Mr. and Mrs. Bernard Miller of Sag, Angelo, are visiting Mr. and Mrs. M. M. Miller.

Fred Stitzel is spending the weekend in Denison with relatives and friends.

Florence Mosely will be off of the office next week on vacation part of which she plans to spend in Waco.

Doug Jones of Lubbock, was a visitor in the office Friday.

Mr. and Mrs. Warren McConnell of Abilene will be visitors of Averill McClain this week end.

Ralph M. Love, Bureau of Internal Revenue Auditor from Dallas, is making an audit of our federal tax records, gasoline, lube oil and pipeline transportation.

Jack Haines returned to the office Monday after recovering from a recent illness.

H. L. Weeks returned to his home at Postville last Sunday after recovering from an accident of June 1.

Vance Jones, Safety Supervisor for American Automobile Insurance Company was a visitor in the office Friday.

Aultman Smith, brother of Jack Smith, was a visitor in the office Monday.

Glynn Jordan is spending the weekend in Fort Worth.

We would like to welcome the following new office employees: Wanda Faye Simpson who is a new employe in the sales department and Mrs. Virginia Cartwright who is our new PBX relief operator.

We would also like to welcome Eugene R. Peters who is a new refinery employe.

Frank Hughes underwent surgery at the St. Mary's hospital in Lubbock Tuesday. He is reported improving satisfactorily.

Douglas Orme returned to Big Spring Friday from a business trip to Fort Worth and Dallas this week.

Betty Penn, traffic department stenographer, has accepted a position in Westport, Conn., and will leave on September 25.

THE AMERICAN LEGION is a fighting organization — for honorably discharged veterans of World Wars I and II.

'Cauble Boys Arrive

Jack Cauble, EM 3c, son of Mr. and Mrs. Lad Cauble, flew in Friday night from San Francisco after spending 14 months overseas where he participated in the Bikini tests.

Another son, Richard Cauble, arrived this weekend from Alpine where he is a student at Sul Ross. This is the first time the two brothers have seen each other in two years.

"Scarlet Street"
Opening Today
At Lyric Theatre

"Scarlet Street," heralded as the most explosive cinema melodrama to emerge from Hollywood in recent seasons, is scheduled to open today at the Lyric Theatre. Edward G. Robinson and Joan Bennett are co-starring. Dan Durvey has the leading featured role. The same trio, it is recalled, scored emphatically in Fritz Lang's "The Woman in the Window." The same Fritz Lang directed and produced "Scarlet Street."
The new production, presented by Walter Wanger and released by Universal, is said to deal elementally with a man's uncontrolled infatuation and its tragic consequences. Dudley Nichols contrived the screenplay, "La Chienne" by Georges de la Fouchardiere in collaboration with Mouzey-Eon.
You join your comrades when you join THE AMERICAN LEGION

TOGETHER AGAIN—Joan Bennett and Dan Durvey, after their resounding success in "Woman In The Window" are now starred in "Scarlet Street," Sunday and Monday attraction at the Lyric Theatre. Edward G. Robinson, third member of the trio in the first show, is with them again in their latest success.

FUN BAND—Billed as the "Western Maniacs," is this collection of musical entertainers who appear together in a stage attraction at the Lyric theatre Wednesday and Thursday of this week. They put forth fit-fiddle music in the wackiest way. The troupe includes Don Payne, well known movie "voice," and Meredith Haddan, songstress presented as "Hildegarde of the West."

FRI, SAT.—"Heading West" with Charles Starrett and Smiley Burnett.
STATE
SUN, MON.—"The Little Giant" with Bud Abbott, Lou Costello and "Easy To Look At" with Gloria Jean and Kirby Grant.
TUE, WED.—"Doll Face" with Carmen Miranda and Perry Como and "Lake Placid Serenade" with Vera Hrubs Ralston.
THURS.—"The Great John L." with Carmen Miranda, Gregory McClure.
FRI, SAT.—"Basing the Western Trail" with Charles Starrett and "Chicago Kid" with Don Barry and Lynne Roberts.
In Hollywood
Latest "Amber" Much Sexier, Despite Censors
HOLLYWOOD. (U)—Real reason for the "Forever Amber" flag was not Peggy Cummins' performance (which was commended by the rest of the cast), but fear of censors. The first eight weeks shooting contained no sex, no humor, no adventure, so it was called off. The new script will make a less timid attempt at sex.
Clark Gable won't be working until December, if then. He'll probably enact "Return of Odysseus," a modern doctor story, not "The Hucksters."
"Pals Henry Fonda and James Stewart are serious about doing a play together. They're accepting no commitments after Hank's "A Time To Kill," and Jimmy's "The Magic Cow."
Production note: MGM's new cartoon character, Phil Flea, will star in "A Flea Grows In Brooklyn."
Orson Welles' Columbia picture will be called "Lady From Shanghai." Rita Hayworth may be in it, if the studio likes the part. Despite being seen with Pev

Ritz Feature, "Martha Ivers" Packs A Wallop
A suspenseful, exciting melodrama of murder, lust, deceit and realistic romance will be unfolded on the screen of the Ritz Theatre today and tomorrow with Hal Wallis' production of Paramount's "The Strange Love of Martha Ivers," with Barbara Stanwyck, Van Heflin, Elizabeth Scott and Kirk Douglas heading the cast. It was shown to an audience which remained spellbound throughout the telling of this grim, but fascinating, drama.
An Interesting Tale
"The Strange Love of Martha Ivers" tells an adult and amazing tale. It depicts the warped life of a woman who committed murder as a child, a crime which forces her to live a life of wickedness. The situation draws to a climax when she fears that the truth about her will be revealed by a man who comes out of her past. Once again, despite her love for him, her killing instinct is aroused, but the fellow, no angel himself, is able to deal with her and her weakling husband, who has been a part of her guilty life.
Topnotch Performers
Barbara Stanwyck is superb, as usual, in this more-evil-than-"Double Indemnity" type of role. Van Heflin is excellent as the man who untangles the mess and wins the heart of Elizabeth Scott, whose portrayal of a girl who's been through the mill, as on a par with those of the aforementioned two. Kirk Douglas makes an auspicious screen debut in the role of Martha's spineless, alcoholic husband.
Lewis Mileston's direction packs a wallop, with the accent on realism, suspense, and gripping drama.

Abbott And Costello Opus At State Theatre

The executive cabinet which decides about things at the Universal Studio appears to have taken steps to "do something different" as the phrase goes, with Abbott and Costello, and the picture accruing from this taking of steps is undeniably different. The result, "Little Giant," may be seen at the State Theatre today and tomorrow.
For one step, the people who plan these matters provided a more rounded and "doubtless stronger" story than the comedians have had to work with in the past which surely must be rated an improvement, but for another step, pre-meditated or not, they separated the Messrs. Abbott and Costello, save for a few sequences, and there's been no percentage in that type of operation from the halcyon days of Montgomery and Stone, and Weber and Fields, right up to now.
Under the arrangements made by producer Joe Gershenson, and scenarist Walter DeLeon, Costello shoulders the burden of the entertainment without Abbott's assistance most of the way. He's cast as a country bumpkin who undertakes a career as a vacuum cleaner salesman and gets into and out of a series of predicaments which allow him plenty of scope for his talents. Both the comedy and the sympathetic, and it's to be reported that he does a whole of a job under the circumstances, though assuredly a lesser one than he'd have done with Abbott alongside throughout.

Western Band, Comics To Be On Lyric Stage

A stage show which goes in heavily for screwball comedy is to be a feature attraction at the Lyric theatre on Wednesday and Thursday of this week.
The fun troupe will be headed up by Don Payne, a famous "voice" of screen and radio known principally for his vocalizing for Bugs Bunny of "What's Up, Doc?" fame. Payne, a screwball comic, acts as master of nonsense for the show, does several impersonations of famous players.
Payne is accompanied by a band known as the "Western Maniacs" who present mountain and prairie music with zany touches. The entertainers include Al Hudson, a fiddler, Perry Caison, a hot-licks drummer, and Bill Price, 333 pounds of bull-fiddle player.
Also a headliner is Meredith Haddan, a songstress appearing under the billing of "Hildegarde of the West."
Every membership in THE AMERICAN LEGION will help the LEGION to attaining its goal for an adequate national defense to insure this country against attack, and thus against another war.

The Texas Poll - - -

More People Undecided What To Make Of Truman

By JOE BELDEN

Director, The Texas Poll
AUSTIN, Sept. 21. — President Truman remains more popular in Texas than in the nation as a whole, but the number of people who are not quite sure what to make of the chief executive has increased in the last few months.

The Texas Poll surveyed the state in May and again within the last few weeks, asking the question, "Do you approve or disapprove of Harry Truman as president of the United States?" These were the answers from a cross section of adults representative of all Texas:

	May	Now
Approve	61%	59%
Disapprove	32	26
Undecided	7	15

Note that there are now less people who dislike Truman's administration of the country's affairs than there were in May. There has, however, been no corresponding rise in the number of persons approving of him. If anything, his vote-of-confidence percentage has increased—but a difference of 2 percentage points in opinion sampling referenda such as this is hardly significant.

The largest shift of opinion has been in the rise of indecision regarding Truman 8 points. When this undecided increase is added to the fact that the President's popularity certainly is not climbing in Texas, it appears clear that his position in this state has at least not improved in recent months.

That he has lost support elsewhere in the United States was recently pointed out by the national Gallup Poll. The difference is that although in July Truman no longer held a majority of the people of the nation with him, Texas still backs him up nearly three to two.

This Texas Poll reflects sentiment after the President's fight with Congress over continuation of the OPA. Other surveys have indicated the Texas public agreed with Truman that price control should have been retained much the same as during the war. The survey does not measure opinion changes since Truman's approval of Henry Wallace's recent speech

attacking American foreign policy, then his explanation that he had only meant to sanction the secretary's right to speak his mind. If the public sides with the State Department who said Mr. Truman made a "colossal blunder," the President's popularity may have slipped some more.

4-H Boys Plan For Dallas Fair

Eight Howard county 4-H club boys will enter steers in the junior livestock division of the State Fair of Texas beginning Oct. 5, County Agent Durward Lewter, announced Saturday.

The animals will be carried to Dallas on Oct. 3 for final preparations for the show will be made. The first showing date is Oct. 5 and the annual sale is scheduled for Oct. 8.

Howard county club boys who have entries going to Dallas, follow: Lloyd Robinson, Jerry Roman and James Fryar, all of Knott, one each; Perry Walker, Center Point, two; James Coates, R-Bar, one; Wayne White and R. J. Echols, both of Coahoma, one each; and Jimmy White of Big Spring, one.

S'West Aviation Meet Is Scheduled

AMARILLO, Sept. 21 — The annual Southwestern Aviation Conference is to be re-activated with an Oct. 18-20 meeting scheduled here. Rex B. Baxter, manager of the Amarillo chambers of commerce, has announced.

In addition to the regular conference schedule, a special dedication program will be held for the Trawling Airport, with exhibitions of all types of civilian planes.

The blue and gold button of THE AMERICAN LEGION testifies honorable service for God and country in war and in service to community, state and nation in time of peace.

Brotherhood To Meet

Brotherhood of the East Fourth Baptist church will hold its regular monthly meeting at 7:30 p.m. in the church basement Monday evening. The nominating committee is due to make a report and music will be furnished by a male quartet. Speaker of the evening will be Joe Pickle.

Spray Demonstration Continues Thursday

Another demonstration of DDT sprays for control of insects among livestock will be conducted Thursday at the E. W. Lomax ranch. County Agent Durward Lewter has announced.

Cattle at the Lomax ranch, which have been used throughout the summer in a continuous demonstration arranged in order that local ranchmen might observe effectiveness of new insecticides, are due to get two more treatments in the series.

All farmers, ranchers, and others interested are invited to attend the demonstration. Lewter said.

SWARTZ'S

Northwest Ector May Get Deep Pay

By JOHN B. BREWER

SAN ANGELO, Sept. 21 — Prospects of Ellenburger production in a Humble wildcat in northwest Ector county 1 3-4 miles northwest of Stanolind's Devonian discovery in the North Goldsmith (San Andres) field attracted much attention in West Texas at the week's close. Phillips No. 1 R. B. Cowden, 3-8 mile southeast of the North Goldsmith Devonian strike, indicated discovery Silurian pay.

Bottomhole water reduced the chances of Stanolind No. 1 Eva B. Kayser in Ector developing Ellenburger production and the deepest in West Texas through casing perforations at 13,480-750 feet. It flowed naturally 104 barrels of gravity oil and 219 barrels of silty, sulphur water in 36 hours. Location is the C SW SW 34-42-25-T&P, 1.4 miles west of the South Cowden (Grayburg) field.

Humble No. 1 R. B. Cowden, the northwestern Ector, Ellenburger prospect, unloaded oil and recovered 104 barrels of oil on 75-minute drillstem test from 8,546-80 feet. It was scheduled to deepen. Location is the C NE NE 11-45-25-T&P, 6.12 miles south of Ellenburger production in the Martin field in Andrews county.

Phillips No. 1 R. B. Cowden, C NE NW 3-45-T&P, prepared to perforate 5 1-2-inch casing which was cemented at 9,310 feet after an estimated 30 barrels of high gravity oil flowed from the Fusselman section of the Silurian during the last hour of a drillstem test from 8,200-8,314 feet.

By Pipe Line Possible
The Texas Co. No. 1-Q University, the discovery, became the fourth completed producer in the Block 12 (Tubb) field in southwestern Andrews county. It registered a daily flowing potential of 189.6 barrels of oil through perforations at 7,011-7,245 feet after acidizing. It was reported Tumble will lay a 6-inch, 6 1-2 mile pipeline south to the area, the most rapidly developing in West Texas, from the Martin field in Andrews county.

Humble No. 2 E. P. Cowden, C NE NW 7-A55-psl, flowed 13 barrels of oil in one hour on a drillstem test from 7,683-7,845 feet to mark a 3-8 miles northwest extension to the Dollar Hide (Devonian) field in the southwest corner of Andrews county.

A one-mile north extension to the Cedar Lake (San Andres) pool in north eastern Gaines county was indicated by Nolan & Byram of Hobbs, N. M., No. 1 Thos. J. Riley. It was finished on the pump for 126.42 barrels of oil in 24 hours from pay between 4,743-4,815 feet. Location is C SE SE 11-B&D&W.

J. R. Sharp No. 1-D-A M. E. Crum estate was completed with a daily flowing potential of 439 barrels of oil at 7,860-7,970 feet to be-
