### RAILROAD MEETING HELD

SATURDAY

There was an important railroad meeting held Saturday at the First National Bank in Eldorado, in which the new railroad proposition was thoroughly explained and freely discussed.

Those who are in touch with the project are very enthusiastic and believe that within two years the iron horse will be drawing its burdens across our broad fertile land.

Judge Whitten had just returned from a meeting at Del Rio where Tom Green, Schleicher, Sutton and Vel Verde counties held a joint meeting, and at which time Val Verde county agreed to co-operate with the other counties along the route to try and secure the road as proposed.

There is not much to be done until the committee gets the title back to the grade and right of way, and this can be done as soon as our own committee can get the papers fixed up.

Our proposition is to secure Government aid through the Military department that made the loan to the Orient.

## Do in Hours, Work that Takes Days with Horses.

Plan your time this year in hours of Tractor work instead of days of horse work. Start this year's work with a Tractor and get your plowing done at exactly the right time, and raise bigger crops. Do your work with less hired help, or farm more acres with the same help. Let an Avery Tractor make you as much money in a few hours this year as you made in a day before with horses.

### What You Get in An Avery Tractor

You get a Tractor with a "Draft-Horse" Motor built especially for Tractor work and only for Avery Tractors. They are equipped with renewable inner cylinder walls, adjustable crankshaft boxes, gasifiers that turn kerosene or distillate into gas and burn it all, and many other exclusive features.

You get the Avery "Direct-Drive Transmission, which gives you a "Direct-Drive in high, low, reverse or in the belt. There are only six gears, three shafts and three gear contacts between the motor and the draw-bar in an Avery Tractor. That's why Avery Tractors are real pullers both at the draw-bar and at the belt.

## FORDSON

Trade Mark

## Farm Tractor

More than 100,000 Fordson tractors have been sold to farmers in the United States. They are helping those farmers do more and better work in less time and at less cost. North, East, South, West—everywhere the Fordson has proven itself a money-maker and a real necessity to the farmer. Besides it is helping mightily to solve the labor problem.

These one hundred thousand and more practical farmers have affirmed the economy—the exceptionally low fuel and operating cost—of the Fordson; its time and labor-saving qualities and its ability to increase production. The Fordson was built to be the most economical tractor; it is compact and devoid of excessive weight. And it is built of same strong iron and steel as is the Ford car.

Winter or bad weather does not hinder the Fordson's usefulness. Day or night—twenty-four hours a day if you choose—you can utilize the Fordson.

Only so many Fordsons are allotted this territory. Orders are being filled in sequence—first come first served. Let us have yours now.

There's a practical use for the Fordson every day of the year. Let's tell you. Come in and have a tractor talk. Give us the chance to make a demonstration on your own farm.

# Firestone

Buy a set of Firestone 3½-inch tires and discover the big feature behind their uniform service—perfect *balance*.

Firestone has devoted eighteen years to developing the *balanced* tire, giving light car owners more mileage at low cost—most miles per dollar.

The answer to getting more service and more *uniform* service out of all four tires is the Firestone 3½. It is more than thickness of tread or amount of rubber and fabric, greater cushioning or greater air capacity. It is proper *balance*—the way each of these component parts of a Firestone 3½ tire is made to co-ordinate.

Sales of this tire increased 96% for the first six months of this year. The result justifies the effort because the stamp of approval has been set by the public on the Firestone 3½—the *balanced* tire.

Booze Is Not a Good Cure

From the Ames Iowa Intelligencer.

When a man comes to you all double up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken notion among a whole lot of people that booze is the best remedy for colic and stomach ache.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

Take "Dodson's Liver Tone" Instead!

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel
