VOL. XX.

Eldorado, Schleicher County, Texas, Friday, November 12, 1920.

NO. 46

SCHLEICHER COUNTY ELECTION RETURNS.

We were unable to give the returns for this County in our last week's paper.

The complete returns show a large gain for the Republican party, the American party did nothing scarcely.

Four precincts, Kaffir Six-mile Rudd and Cliff went Republican. Total vote cast for Republican party was 71, while only 211 was cast for the Democrats and 17 for the American Party, of the 71 Republican votes two were of the Black-Tan variety, cast at Kaffir.

The Amendments carried in all the precinct except Rudd, who voted solidly against the school amendments and almost unanimously in favor of the increase of salaries for public officials, all other precincts gave better school amendment the largest majority.

The vote polled were less than

Alexander	13	2	13	0	2
Cliff	7	8	9	1	4
Total	211	71	207	17	55

W. C. Easterling carried about the same vote as did Culbertson, he was a candidate for Congress, against C. B. Hudspeth.

half of the voting strength of the County, all the nominees of the Democratic party for the County were elected, Wallace Barber was run in precinct 4 for Commissioner but only received 6 votes.

School Tablets, lots of them at W. H. Parker's, close prices and a good bargain.

GET DEER AND TURKEY.

A. P. Bailey, Ed Hill and Ben Hext returned from a hunt Friday with two deer in their knapsack, while Vernie Humphrey and Bert Page reached home Sunday with a deer and a wild turkey to feast on.

Fresh bread for sale at Ben's.

DON MCCORMICK LOOSE ARM IN GIN.

On Friday afternoon while working at the gin Don McCormick had the misfortune of getting his left arm cut off just below the elbow and broken above the elbow, he was rushed to Dr. Patton's office where he immediately received first aid, Dr. Marberry of San Angelo was called and assisted Dr. Patton in dressing the wound. The arm was taking off above where the gin saws cut it off, but below the elbow, the accident was a serious one and is lamented by all the friends of Don, but yet they are glad to know it was not more serious, and that Don is on the road to recovery.

Care to our coffin adds a nail, no doubt, and every grin, so merry draws one out. So come Friday night and have a laugh.

J. O. Willoughby was in the city Monday.

The play at the School Auditorium Friday night, (tonight) is given by the Parent-Teacher Association and the proceeds is for the School.

I have plenty of nice Fruit in gallon cans, W. H. Parker.

1000 BALS OF COTTON

ALREADY GATHERED.

In keeping with the Spirit of the Times and with a regard to the demand of the general public, for the Lowering of Prices, we take pleasure in announcing a general reduction of 30 per cent on our Tailor Made Suits, Overcoats, Raincoats.

L. I. Brannan.

Mrs. W. B. Silliman and Mrs. J. E. Hill, attended the Cox-Bailey wedding in Ozona last week, Miss Bailey being a niece of Mrs. Silliman.

The farmers in this portion of Schleicher County have gathered 1000 bales of cotton, over 800 bales have been ginned at the two gins here, while the rest has been carried to the San Angelo gins, the price will average about 18 cents, which will bring the farmer about \$100.00 per bale, and \$100,000.00 of outside money into Schleicher County. The crop is about half gathered.

Fordson

TRADE MARK

It is a habit of Henry Fords to thoroughly try out and test any product he manufactures before he puts it on the market. He personally must know it will do all he wants it to do before he will allow anybody else to buy it. For thirty-five years he worked on this Fordson Tractor. He kept buying land until he had something like eight thousand acres in order that he might get a variety of soil conditions containing the plowing problems that meet the farmers of the world, and then the Fordson Tractor was put to work and made to take all sorts of practical tests for years before Mr. Ford put it on the market.

And, therefore, when it came on the market, it was right, it was reliable, it would do the work he said it would do. People have bought it, have tried it out, have tested it, and it has proven to be all that Mr. Ford claims it to be, and this is why that while farm Tractors have been on the American market more than twenty years and while three hundred thousand have been sold one hundred thousand of that three hundred thousand are Fordson Tractors, and yet the Fordson has only been on the market two years.

It has sold rapidly because when one farmer bought one, he practically converted the neighborhood to the desirability and profit of the Fordson Tractor on the farm.

The Fordson is made small, compact, flexible, dependable. It is made to be much more convenient to handle than a horse. It was made so that anybody of ordinary common sense could operate and take care of it. We wanted to make it so that a mechanic would not have to be sold with every tractor. It was made by a farmer for a farmer, and it has the endorsement of the farmers—the little farmer and the big farmer. Some farmers have one, some farmers have ten and fifteen, and one farmer we know has fifty-six. It works just as well in the West as it does in the East. It is just as flexible in the North as it is in the South. It is just as profitable in the wheat fields as it is in the sugar and rice fields. It is just as flexible and useful on the fruit ranch as it is among the fields of oats and barley. It is just as useful and profitable in the lumber camp, railroad yard, coal mine, as it is in the oil fields or any other commercial line. But especially designed for the farmer, it is especially his necessity.

Because it increases the production of every acre by enabling the farmer to cultivate his ground to better advantage than he can with mule or horse-power. It saves the sting and drudgery out of farm work. It is a great conserver of labor expense. Oh, it has so many money-saving advantages that the farmer can't do without it and be progressive and make money.

So we ask every farmer to come in and let us tell him more about this Fordson Tractor. Let us make a demonstration for him on his own farm. Let us test it out to his soil conditions. Let's show him.

Don't delay because there are only so many Fordson Tractors to come to this territory. Get your order in now, and remember that the Fordson after service is prompt and sure. We are supplied with everything necessary to keep your Fordson going every day in the year. Come let's talk it over.

PUBLIC OPPOSES GOV'T OPERATION

Canvass of 5,154 Editors Shows 4,466 Communities Against Socialistic Experiment.

OPPOSITION GROWING

Eighty-seven Per Cent In 1920 as Against 83 Per Cent In 1919 Think Public Is Opposed to Radicalism.

The American public is more intensely opposed to Government operation than it was a year ago, according to the newspaper editors of the country. Out of 5,154 editors replying to a questionnaire sent out by the Press Service Company of New York, 4,466, or 86 per cent, gave it as their judgment that the people of their communities were overwhelmingly against the Government competing in business with its own citizens.

In 1919 the Press Service Company conducted a similar canvass of editors on the government operation of railroads. That questionnaire showed that 83 per cent of the editors considered their communities against Government operation of public utilities.

Apparently, then, if editors estimate public opinion accurately, that opinion in a year, considered by communities, has swung 3 per cent farther away from socialistic experiments.

Eleven Million Circulation. The combined circulation of the papers whose editors replied is 11,428,817, which means, according to the usual estimated ratio between circulation and readers, a constituency of at least 44,000,000. And this constituency is pretty evenly scattered throughout the country, no considerable section of any state being unrepresented. The estimate of opinion based on this thoroughly diffused 44 per cent of the country's population may, therefore, be considered a fair representation of the people as a whole.

Another feature of the result is its evident lack of partisan bias. The major political affiliations of the papers represented are fairly evenly divided, being 1,857 Republican and 1,350 Democratic. There are also 1,485 independent and 432 miscellaneous, including labor organs, etc.

How little the results are affected by the politics of the papers is shown in an analysis by sections. In the Southern section, for instance, where replies came from 63 Republican papers and 389 Democratic, the percentage against Government operation was 88; in the Great Lake section, with conditions reversed, 478 Republican and 153 Democratic, the opposition was 87 per cent.

Replies from the West, Middle West and Southwest show that it is a mistake to consider those sections vastly more favorable to radical Government experiments than the East. The radicals can get little comfort out of the 89 per cent of thumbs down—2 per cent above the average—in the Southwest, including Arkansas, Louisiana, Missouri, Kansas, Oklahoma and Texas. Texas, once supposed to be much given to Government regulation experiments, returned 92 per cent of unfavorable replies. Out of the 244 editors replying from that state only three edited Republican papers. The 82 per cent opposition of the Northwest, including Iowa, Minnesota, Montana, Nebraska, North Dakota, South Dakota and Wyoming, and the 83 per cent veto of the Far West group, including Arizona, California, Idaho, Nevada, New Mexico, Oregon, Colorado, Utah and Washington, are significant of the prevailing conservative sentiment on this question even in the more radical sections.

Judgment Apparently Unbiased. The questionnaire closes with a request for the editor's personal opinion on certain concrete cases as follows:

"Do you personally believe that the Federal Government should own and operate competitive industries to provide: (a) Fertilizer? (b) Clothing? (c) Automobiles? (d) Farm implements? (e) Foodstuffs?"

Substantially all the editors who gave estimates of their readers' opinions also expressed their own by replying to this last question. Proof of considerable effort to avoid personal bias is found in the fact that in many cases the editor differed from the opinion he credited to his community. The percentage of "nos" ran: (a) 76; (b) 83; (c) 86; (d) 82; (e) 79.

While the questions were based on general principles involved in the Government participating in competitive business, the so-called Muscle Shoals Bill now before Congress was used as a concrete example of a Government operation scheme. Under this bill a Government-owned corporation would be given broad powers to operate and develop Government plants and properties. It would produce at Muscle Shoals various fertilizer products and sell them in competition with producers and merchants in the fertilizer business.

The strength of the opposition to Government operation is indicated by the replies from Alabama, where the Muscle Shoals war plant is and where, of course, there is intense interest and local pride in getting its expected peace-time operation under way at the earliest possible date. Fifty editors from that state replied, of whom 38 were opposed to Government operation, 8 in favor and 4 doubtful.

Tested Eighteen Months to Prove Perfection

TWO years ago a puncture-proof cord tire was unheard of.

Many experts believed the final development in pneumatic tire-making had been reached with the production of a Fabric puncture-proof—the only one, the LEE.

Motorists naturally looked to LEE for a puncture-proof cord.

LEE has succeeded in building such a tire. It has all the economy and resiliency of the best cord tires. It practically eliminates blowouts, tread separation, broken sidewalls and other common tire troubles. And it is positively puncture-proof!

For 18 months this tire was cruelly tested before being offered to the public. It rode as lightly and as smoothly as a cord without the puncture-proof feature. It was as economical on fuel and oil. It was easier on tubes. And it outlasted cord tires that were not puncture-proof!

Let us demonstrate the economy of the new LEE CORD PUNCTURE-PROOF.

SUBSCRIPTION RATE, ONE YEAR..... \$1.25.

Entered as Second Class matter July 9th, 1906, at the Post office at El Dorado, Texas, under Act of Congress of March 3rd 1879.

All local advertisements will be charged at rate of 5c per line each insertion, Display ads 20c per column inch for one insertion contract prices furnished upon application, special obituaries and resolutions charged at rate of one cent per word.

Friday November 12,

The election returns show that the country is demanding a change in the governmental affairs, this same demand would have been forthcoming had the Republicans been in control, the people have been through a stringent time with many war taxes to meet, which to the classes seemed unjust, so they have come to the point where they believed a change would be beneficial.

The Success is a fraud that some of our Democratic friends who switched to the Republican ranks, with a hope of having the income revised and a high tariff on wool, will be anxious to return four years hence and the demand for another change will be even greater, and Democracy will be enthroned once more, to use its fullness of power to bring us into the sphere in which we belong, and these disappointed Democrats, who are expecting something the Republican administration cannot give, will be the first to the polls in 1924.

The big war debt will have to be paid, it will take a war tax of some kind to pay the debt, just who this will be placed on remains to be seen, but the Democratic administration, to our way of thinking, done well on this line.

The sheepman who thinks that a tariff on wool will bring the price back up to what it was at the beginning of this year will be disappointed, for we have a wool sell for 9 and 12 cents for Republican rule and it is sure to go down. The tariff will force the foreign wool grower to get a less profit, yet he must sell at some price, after all supply and demand makes the price.

We are Democrats because we believe in free trade, and the eight years of Democratic reign will be remembered as the years of prosperity when history is written, of course the people of West Texas have suffered from the drouth during the past four years, but had it not been for the Federal Reserve Bank system given us under the Democratic Administration 90 per cent of the ranchmen of West Texas would have transferred their belongings to some financial institution, and the Roosevelt and Cleveland money panics would have been a small circumstance, but we were protected by our Federal Reserve Banking System, and in spite of this wonderful protection, some few have become discouraged and have struck the hand that is protecting them.

The days of higher prices are over, the election of Senator Harding will not prevent the decline. Every ball that is tossed up must come down. The dollar will soon have a value.

The power has been taken from the masses and has been given to the classes, but why worry bread cast upon water will return again and the good seed sown in fertile soil will yield a splendid harvest, so the good the Democratic party has done during the past eight years will blossom into its fullness four years hence when the many disappointments of classes against the masses will be burning in its fullness, a new man will appear and lead the Democratic Party back to the protection for the masses. During the meantime we will all help make America greater.

Edward Willoughby and wife were shopping in the city Monday.

A. K. Bailey was in from the ranch Monday.

Cut This Out and Take It

With You. A man often forgets the article he wishes to purchase, and as a last resort takes something else instead. That is always disappointing and unsatisfactory. The safe way is to cut this out and take it with you so as to make sure of getting Chamberlains Tablets. You will find nothing quiet so satisfactory for constipation and indigestion.

NOTICE.
NOTICE TO WHOM IT MAY CONCERN:

You are hereby notified that the undersigned jury of freeholders, acting under and by virtue of an order of the Commissioners' Court of Schleicher County, Texas, Will on the 15th day of November A. D. 1920, proceed to follow out the road commencing at the North East Corner of Section 77, Block A, and following the survey made by the County Engineer on Highway No. 4 across Lots 1-2-6-7-8-9 and 10 in Block 1; and Lot 5 in Block 8; and Lots 1-2-6-7-8-9 and 10 in Block 7; all in Keeney addition to Eldorado, Texas, and thence across Section 77, Block A, to the South West corner of said Section 77, and terminating where this survey intersects the Sonora Road in said County, and which may run through certain lands owned by you, and will at the same time assess the damage incidental to the opening of said road, when you may present to us a statement in writing of the damages, if any, claimed by you.

Witness our hands this 9th day of Oct. A. D. 1920.

J. F. Craig,
S. W. Mather,
S. W. Holland,
O. K. Enochs,
R. P. Hinyard.

Mertzon, Texas.

It pays to advertise, try it

Contractor and Builder

I will build, remodel or repair your home, Contract or Day work done.

S. L. Wright.

CALOMEL

Calomel is a dangerous drug. It is mercury—quicksilver; and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.

Take "Dodson's Liver Tone" Instead!

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go back to the store and get your money. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

EVER BILIOUS?

Charleston, Miss.—Mrs. R. V. Heins, of this place, says: "I have never had to use very much medicine, because if I felt headache, dizziness, or colds, bad taste in the mouth, which comes from torpid liver, I would take a dose or more of Black-Draught, and it would straighten me out and make me feel as good as new. We have used in our family for years

THE DODSON'S

BLACK-DRAUGHT

and it certainly is the best liver medicine I ever saw. It has not only saved me money, it has helped keep my system in shape, and has never weakened me as so many physics do. I recommend it to my friends and am glad to do so." Black-Draught is the old, reliable liver medicine which you have doubtless heard much about. When you feel badly all over, stomach not right, bad taste in your mouth, bilious, or have a headache, try Theodor's Black-Draught. At all Druggists.

Always Insist on the Genuine!

SAVED HIS HORSE.

Mr. R. L. McIntyre, of Altoona, Ala., says: "Dr. LeGear's Antiseptic Healing Powder quickly healed some bad wire cuts on my horse. I defy any stranger to find the slightest scar on him."

Dr. LeGear's Advice and Remedy saved this valuable animal. He warns you not to leave a wound, scar or cut exposed, but to dust on Dr. LeGear's Antiseptic Healing Powder, which instantly forms an antiseptic protection and promotes healthy healing.

In his 28 years of Veterinary Practice and Expert Poultry Breeding, Dr. LeGear has compounded a remedy for every curable ailment of stock or poultry. Whenever they require a remedy, it will pay you, as it did Mr. McIntyre, to purchase from your dealer the proper Dr. LeGear Remedy, on a satisfaction or money back guarantee. (Adv.)

Booze Is Not a Good Cure

From the Ames Iowa Intelligence. When a man comes to you all double up with pain and declares he will die in your presence unless you procure him a drink of whiskey, send him to a doctor or else give him a dose of Chamberlain's Colic and Diarrhoea Remedy. There is a mistaken notion among a whole lot of people that booze is the best remedy for colic and stomach ache.

For Sale, a second hand telephone box, in good shape, can be seen at The Success Office.

Ward's New-Way Washing Tablets, can be found at Rex McCormick's, sold by Mrs. Bettie Bray.

Sore Nipples.

Any mother who has experience with this distressing ailment will be pleased to know that they may be relieved by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use his salve with best results.
