

Full-Strength Court To Open Term Monday

Tidelands Oil Case, Twenty Others Listed On Docket

WASHINGTON, Oct. 5 (AP) The supreme court, restored to full strength, opens a new term Monday which will decide the tidelands oil dispute and many other vital questions.

Twenty-one cases, an unprecedented total, remain from last term. On many the court split 4 to 4 while Justice Jackson was in Nurnberg to prosecute the Nazi war criminals.

Two of these cases have been stalled since 1944. They involve the Public Utilities Holding Company Act.

Among 54 cases filed last June which the court has agreed to consider, the tidelands oil controversy is among those commanding the widest interest.

Congress last session passed a bill yielding to the states any title the federal government might have but President Truman vetoed it.

One of the most important cases pending is Georgia's complaint that railroads have conspired to fix freight rates discriminatory against the South.

The court was asked to decide the propriety of ICC orders increasing railroad freight rates 10 per cent in the north and east and reducing them 10 per cent in the south and west.

Wichita county, dry since 1942, voted to legalize sale of alcoholic beverages. The ballot count last night was 8,651 for sale of alcoholic beverages and 7,292 against.

Hutchinson county, which permits the sale of alcoholic beverages, voted down, 2,770 to 1,739, a prohibition proposal. Only four of 35 precincts were unreported and could not change the result.

Angeline county voters defeated 5,531 to 2,106, a proposal to legalize sale of beer.

Hats off to the Steers. Our boys put up a grand scrap—all the way—Friday against Odessa. They got some breaks, had some that cost them more sorely. But they kept going. With that kind of fire, tenacity, and determination, we might well get back in the victory parade.

An engineer tells us of a recent grade crossing mishap at Toyah. Happily only the front end of an automobile was smashed. When asked why he drove on to the crossing, the driver retorted: "Well, I sounded my horn three times."

Those who enjoy quality entertainment will have a rare opportunity on Oct. 9 when the Wings over Jordan choral group sings here. These accomplished Negro singers are acclaimed internationally as one of the finest musical organizations in existence today.

Bank statements reflected a sound financial condition. Deposits were off from the previous quarter, but hardly enough to mention since it was a decline of around 7 of one per cent.

ARMY'S DREAMBOAT WINGS THROUGH THUNDERSTORM BOUND FOR CAIRO

CAIRO, Sunday, Oct. 6 (AP)—The US Army's Pacusan Dreamboat radiocast at 3:20 a. m., Greenwich Mean Time, today (9:20 p. m., CST, Saturday) that it had winged its way out of a Mediterranean thunderstorm and was over Crete on the last lap of its Honolulu-to-Cairo flight, the Army's Air Transport Command said.

The B-29 had messaged when it was leaving Italy behind that it was nosing into a thunderstorm, with icing conditions in the clouds.

The Dreamboat had reported to the Ciampino Airport outside Rome at 11:32 p. m., Greenwich Mean Time (5:32 CST) that it was approaching Turin in northern Italy.

Weather throughout the Italian peninsula, over most of which the Dreamboat was to fly, was reported good at that time.

When it flew over France, the US Army plane reported that it was flying at 16,000 feet, but did not furnish ground watchers an exact geographical "fix."

The Orly Field control tower advised the B-29 that a low pressure area was building up in the Adriatic Sea and advised the pilot to steer a course just west of Geneva, Switzerland, in crossing the Alps.

Flight control at Northolt Aerodrome near London said the Honolulu-to-Cairo plane failed to drop flares as expected, but its passage over the field was signaled from communications planes, cruising over France and England and relaying its reports here and to Orly airport at Paris.

The Dreamboat was maintaining altitude between 15,000 and 25,000 feet in flying weather that at a lower level provided visibility of only about seven miles and a ceiling of 1,300 feet.

Attlee Miffed By President's Plea For Jews

LONDON, Oct. 5. (AP)—Arabs and British officials openly nursed their anger at President Truman today, but dissent within Britain over the government's Palestine policy entered the picture.

The foreign office, confirming previous reports, said Prime Minister Attlee had sent a personal note to President Truman and went even farther than yesterday in expressing resentment over the president's refusal to delay publication of his statement advocating the immediate admission of a substantial number of Jewish immigrants into the Holy Land.

Winston Churchill, former prime minister, openly criticized the government's Palestine policy. A source close to Attlee said dissension over Palestine also was one of several matters on which former Minister of State Philip Noel-Baker had disagreed with the government.

Noel-Baker was shifted to air secretary in a series of cabinet and ministerial changes announced last night. The foreign office spokesman left the impression that the Attlee note to President Truman was couched in strong language.

The spokesman underlined the British official view that Britain under its League of Nations mandate remains in sole control of Palestine and has no obligations to accept suggestions made by the United States or any outside power.

He said the government was "puzzled" that Truman had acted so "precipitately" and had not accepted the decision of the British which has "the responsibility for Palestine."

An Arab spokesman accused the president of playing politics. Dr. M. Fadhel Jamali, Iraq foreign minister, declared that "we regret that the president's connection with Zionist sources in America is never counter-balanced by any standing connections with, or study of, the Arab point of view."

Blasting at the Labor government while Prime Minister Attlee was in the midst of a controversy with President Truman over Palestine, the war-time prime minister told the Conservative Party Conference here that the government was "vacillating without any plan or policy" for the Holy Land and was "holding on to a mandate in which they have no vital interest."

Such a course, he said was "gaining the distrust and hostility both of Arab and Jew and exposing us to worldwide reprobation for their (the government's) manifest incapacity."

"BIG PUSH" FOR SERIES TICKETS—This is only one-fourth of the crowd that was waiting at 7 a. m. two hours before sale of World Series tickets was started at Sportman's Park, St. Louis. (AP Wirephoto).

Helpful Rain Covers County; Breaks Drouth

Ranges Benefitted; Northern Dry Strip Generously Soaked

A general rain that started falling Saturday morning, and continued intermittently throughout the day was gauged at .91 of an inch at the US weather bureau at 8 p. m. Saturday night and meteorologists said more of the same could be expected today.

All parts of the county received beneficial moisture, including the section west of Forsan, which had been exceptionally hard hit by drought. Water was running in ditches in that vicinity Saturday afternoon.

An arid strip in the northern part of the county also received a generous downpour, where roads were muddy and bar ditches held water.

Steady rains fell from noon on at the Moss Creek lake, but mostly it was slow with comparatively little runoff.

Small grains were greatly benefitted by the showers, and in the dry strip north and west of here, feed crops may be revived and have a chance to make fodder. Ranges will be benefitted. Experts had long predicted that the area could well become another "dust bowl" if nature did not provide something with which to hold the soil.

The problem of an early frost will be one of concern for the ranchers, however. The grass will be sappy and an early freeze would leave it without substance.

Crash Dead Buried Beneath Granite

STEPHENVILLE, Md., Oct. 5. (AP)—The charred remnants of an American Overseas airliner and the 39 persons who died Thursday when it crashed against the side of a Newfound mountain were buried tonight under an avalanche of rock touched off by 300 pounds of dynamite.

Ground crews blasted the stone base of a 1,200-foot peak, obliterating the ugly scar burned there by the exploding plane and the fire that followed.

A plane will circle the scene tomorrow morning while a protestant minister, a Catholic priest and a rabbi conduct funeral services for the air.

Many New Autos Registered Here

If records of local registrations for the past three months can be employed as a gauge, reconversion in the automobile industry has been complete.

From July 1 through Sept. 30, a total of 234 new vehicles were registered at the tax collector-assessor's office. Of that number, 175 were passenger machines, 54 trucks and five were jeeps.

Licenses were purchased for new passenger cars at the rate of better than two a day during the month of September, when 70 cars were registered for the 30-day period.

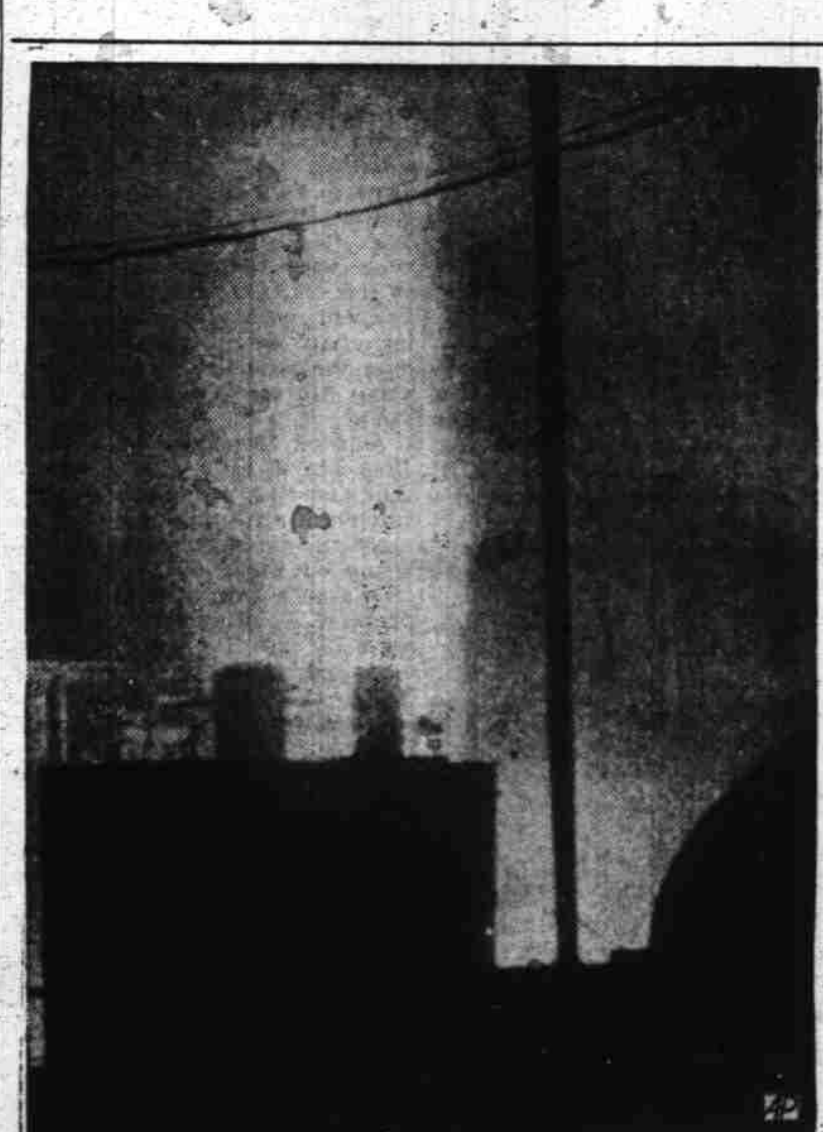

All local automobile dealers are anticipating a record business during the next few months when more and more cars roll off the production line. Waiting lists for the new machines were long and growing with most of the concerns.

CHAMPION LOSES BRAND-NEW CAR

NEW YORK, Oct. 5. (AP)—This is to warn whoever stole a shiny, black, five-passenger sedan from in front of 474 West 158 Street this morning to get out of town.

The car belongs to Joe (heavyweight champion) Louis. Louis told police that the car, brand new and worth \$5,000, was gone when he left a friend's home at 4:30 a. m.

Death And Injuries In Crash "Epidemic"

PILLAR OF FIRE—A column of flames shoots skyward during the fire which swept the \$13,000,000 Sun Oil Company aviation gasoline refinery in Marcus Hook, Pa. Company officials listed damage at \$800,000. (AP Wirephoto).

Billion Dollar Bill For Reparations In Treaty Drafts

PARIS, Oct. 5. (AP)—Fourteen tired, disheveled and unshaven delegates cried "Hurrah!" today as the Balkan Economic Commission ended a 29-hour session which completed the preliminary drafting of the five peace treaties with the former satellites of Nazi Germany.

When Commission Chairman Josef Korbel banged his gavel in adjournment it meant that the commission had completed its share of the writing of a reparations bill which if approved will cost Italy, Romania, Bulgaria, Hungary and Finland \$1,350,000,000 for helping Adolf Hitler set the world on fire.

Reparations claims against Italy alone at one time totaled \$26,000,000,000. Monday morning the delegates of the 21 nations of the European Peace conference will meet in plenary session to begin the final stage of treaty writing that is scheduled to end on Oct. 15. Then they will turn their treaty recommendations over to the Big Four foreign ministers, who will have the final say.

A special plenary session will be held tomorrow to consider rules limiting debate and the schedule laid down by the foreign ministers' council.

This is how the reparations bill finally stacked up: Italy—\$325,000,000 to Russia, Yugoslavia, Greece and Ethiopia. Romania—\$300,000,000 to Russia, Yugoslavia and Czechoslovakia. Bulgaria—\$125,000,000 to Greece and Yugoslavia. Hungary—\$300,000,000 to Russia, Yugoslavia and Czechoslovakia. Finland—\$300,000,000 to Russia.

Davis Horse Wins

SAN ANGELO, Oct. 5.—Reign of Gold, owned by Roy C. Davis of Glascock county and registered from Big Spring, took first place in the foals of 1946 class in the Texas Palomino horse show here Saturday. Davis also showed the first place get of sire.

Signs Of Brief Depression Soon Noted By Economists

WASHINGTON, Oct. 5. (AP)—Economists here noted signs tonight which they said could point to a depression for late 1947 or early 1948, but a mild and brief one.

Everett Hagen, chief economist of the National Planning Association, a non-governmental research organization, told a reporter that "there are forces which could bring a softening of demand in the first half of the year" and possibly increase today's phenomenally low unemployment by 2,000,000 or 3,000,000 persons.

Louis Paradiso, Commerce Department economist, saw consumer demand strong enough to carry the high level of business activity well into next year and perhaps into 1948 but commented that "the situation is likely to be vulnerable next year."

Another government economist whose name may not be used reported "certain danger signals which should be watched" because

Rule Woman Dead; Policeman Hurt In Hit-Run Mishap

Death, injury and auto destruction occurred in dreary repetition in a wave of traffic accidents on Howard county highways and Big Spring streets during a 24-hour period from Friday night to Saturday night. As a result of the rash of traffic pile-ups:

One woman was dead. At least ten persons, one of them a city policeman, had suffered injuries. Officers were grimly looking for a hit-and-run driver; Charges of failure to stop and render aid had been lodged against a man and two others had been detained by police.

The fatal accident occurred on highway 80 a short distance east of Sand Springs, shortly after 7 p. m. Saturday. Investigating highway patrolmen said that Mrs. Audrey Brass of Rt. 2, Rule, was fatally hurt when the car she was driving struck another which had parked at the side of the highway.

The front of her car was smashed in and Mrs. Brass was thrown clear. She was dead upon arrival at a local hospital.

Jackson J. Edison, riding with her, was taken to the Cowper-Sanders clinic for treatment of a broken ankle.

The parked car was owned by Glenn B. Sheffield of Palmdale, Calif., and none of its occupants was hurt. Patrolmen said they could not ascertain cause of the mishap, unless the drizzling rain and wet highway contributed.

The Brass car, immediately after this crash, was hit by another following car, driven by William L. Turner of Sweetwater. He was unhurt.

Officers were in the immediate area, having, shortly before, located another automobile a mile east of Sand Springs which overturned on the roadside. This machine reportedly belonged to Cramer W. Thompson, who as far as authorities could determine, had escaped injury and had come on into Big Spring. A check of this mishap was still being made.

City Policeman R. L. Thompson was in the Malone & Hogan Clinic-Hospital with multiple fractures of the right leg, received in a mixup near the corner of Eighth and Gregg streets about 8:30 Saturday night.

He was thrown against the city patrol car by a speeding machine which zipped down Gregg and into the midst of a group investigating another mishap.

Thompson, with Police Chief A. G. Mitchell, had been called to the site after a nothbound car on Gregg street sideswiped one parked at the curb. Another patrol car, with Officers Beauchamp and Woodard, also stopped. (An arrest was made in the original collision.)

As they were making their investigation, a dark coupe which Mitchell said was travelling at excessive speed came northbound, veered toward the group, causing them to scatter, hit Thompson and pinned him against the parked patrol car. The coupe swerved on around the corner, eastward on Eighth, and officers were unable to stop it.

At 10:30 Saturday night, another collision occurred, at 1300 West Third, and Mrs. L. A. Fetischer, one of four occupants of one of the See WRECKS, Pg. 3, Col. 3

Police Seek Help To Find Hit-Run Driver

Persons who can and will give information on a car which figured in the hit-and-run smash at Eighth and Gregg streets early Saturday night, when Patrolman R. L. Thompson was injured, are invited to contact Police Chief A. G. Mitchell immediately.

Chief Mitchell said the auto was a dark coupe, probably of 1939 or 1940 model, and will have a crumpled right side. That's the only description the officers have of the car, since it veered toward a group of patrolmen who were investigating another mishap, crashed into Thompson and hit the parked police car, then swerved around the corner, eastward on Eighth. Officers had no way of immediately giving chase.

The police department was grimly determined to get some clues as to the identity of the car. Mitchell asked the public's aid. Thompson, who suffered a compound fracture of the right leg was reported by his attending physician to be resting well late last night.

'Made In Texas' Carries Glamor

AUSTIN, Oct. 5. (AP)—Two Californians today told members of the Ceramic Society of the Southwest meeting here there's glamor in the words "Made in Texas" and the market for utility ware is practically limitless in the United States.

A. M. Statter and C. C. Chinn, representatives of a large California merchandising firm told of the possibilities for marketing Texas ceramic products and urged potters and others to agree collectively on ways in which to advertise Texas merchandise.

Statter stressed the importance of the Texas market introducing merchandise in which there is a shortage, principally utility ware and dinner ware.

McFarland Seeks Legislative Session For Redistricting

AUSTIN, Oct. 5. (AP)—C. M. McFarland, representative from Wichita Falls and long an advocate for redistricting of the state, today called on Gov. Coke Stevenson to convene the 49th legislature to redistrict Texas.

"I call on all fair-minded citizens who believe in the principles of representative government to join me in requesting Gov. Stevenson to convene the 49th legislature in called session to submit this one issue only and to demand that the legislature do its sworn duty," McFarland declared in a prepared statement to the press.

McFarland was an ardent advocate for redistricting during the last session of the legislature and has made a detailed study of the issue.

Citing examples of unequal representation under present districting which he said has been rendered faulty by increases and shifts of population, McFarland declared a citizen of Wise County to have about 6.8 times more voice in government than a citizen of the 119th district.

Blast Victim Dies

MARCUS HOOK, Pa., Oct. 5. (AP)—Clarence Fox, 40-year-old Sun Oil Company mechanic, died today, the eighth victim of Thursday night's spectacular fire and explosions that ripped through a section of the Sun refinery.

Laurel Makes Speech

MANILA, Oct. 5. (AP)—Jose P. Laurel, president of the Japanese Puppet Philippines Republic now on bail on treason charges, urged Filipinos today to reject an amendment giving US investors equal rights in developing the islands' natural resources. He was applauded frequently in an address before a University of Manila audience.

Poets have found no words to rhyme with the words "silver" and "orange."

Farm And Ranch News

By WACH McNAIR

Lou Baker reports that the area in Eastern Taylor county and Western Callahan county has made a rapid recovery from any ill effects suffered by the summer drought. Lou has a farm near Clyde, and on a recent visit there he was particularly interested in the good grass now available, a fine pecan crop and especially a 20-acre plot of cotton he has which now indicates a yield of more than half a bale per acre. Of course the drought was never as serious in that area as it was in Howard county, but nevertheless the report indicates heavier rainfall there during the past few weeks.

O. P. Griffin, former Howard county agricultural agent, is developing a nice fruit and truck farm near Clyde, Baker says. Griffin is confining most of his efforts to fruit and poultry. Baker plans to let his grass rest during winter. He believes it is doubtful that stocking with cattle would benefit right now without personal supervision.

Latest word received by the Howard County Farm Bureau on the carload of Johnson grass poison ordered last spring indicates that it was to be shipped Oct. 3. If the chemical company was able

to make the schedule, the poison should arrive and be ready for distribution to subscribers soon.

D. A. Adams, assistant farm labor supervisor for the extension service, urged Howard county farmers to make every effort to hold all migratory workers now employed until the end of the season, during his visit here Friday. Apparently housing is one of the chief difficulties, Adams said. He suggested that farmers who can provide living quarters make arrangements to provide housing for crews until they have completed harvest in the immediate area. Then the Latin-Americans might not be so anxious to move on after completing the crop of one farm.

Here are a few notes prepared by the National Fire Protection Association, which are related to surge to an all-time high of \$590 million, a 22 percent increase over 1945. If farm fire losses keep pace with the general average, as the NFPA forecasts, the farm loss will reach \$104 million. Care, instead of carelessness, would reduce the farm fire loss quickly to about \$10 million, the NFPA asserts.

At least 50 percent of all farm fires are directly attributable to faulty construction; and now, when farmers are planning new and remodeled buildings, is the time to stamp out structural hazards that take such a high total of life and property. Pointing out that farms normally are far removed from organized fire protection, the NFPA urges farmers to insist upon fire-resistant materials and construction.

Glasscock Test May Be Opener For Deep Test

Prospects of deep oil production in northeastern Glasscock county improved during the past week as Shell No. 1 L. C. Clark, eight miles north of Garden City, flowed 186 barrels of oil, cut four per cent by salt water and six per cent basic sediment, in nine hours.

This gave the deep wildcat a net of 167.4 barrels of oil. It was then shut in for storage. Production came through a half inch tubing choke and 61 perforations at 9,740-55 feet in five and a half-inch casing through which 500 gallons of acid had been injected. Gas-oil ratio was 1,895-1. There was some speculation that it might be from the Mississippian, only formation not producing in the Permian basin, but others believed it was possibly the Devonian. Judgment on the test was withheld pending further flowing tests. The deep exploration plugged back from 10,970 feet in granite to 9,774 after finding the Ellenburger barren.

It is in the southwest quarter of section 5-32-4s. T&P. In Dawson county, Ray Albaugh, of Lamesa staked a 5,000-foot wild cat, the No. 1 Lillian Scanlon, C SW SW 85-M, EL&RR, three miles west of the Welch pool and the same distance northeast of the Cedar Lake field.

No word had been received Saturday on results of a pumping test on the Norman & Roche (C. E. Beavers) No. 1 S. R. Coleman, opener in the Coleman Ranch field in the Cuthbert area four miles north of the Westbrook pool of Mitchell county. It pumped 102 barrels in 24 hours after being shut in for several days and was testing with the accumulation pumped off. Location is in section 70-97, H&TC.

Water Association To Meet Here

Representatives of the Colorado River Municipal Water association will be informed of latest developments in their quest of a five-city water supply project when they meet here Tuesday at 12:30 p.m. in a called session.

The meeting has been called by M. H. Ulmer, Midland, president of the CRMWA, in advance of the hearing before the state board of water engineers in Austin on Oct. 14 of an application by Colorado City for allocation of Colorado waters above that point.

Colorado City filed as trustee for Snyder, Big Spring, Midland and Odessa following creation of the CRMWA at a meeting here on June 20, 1946.

At that time, preliminary engineering reports were disclosed concerning the possibility of a dam on the Colorado which would be calculated to impound a supply with a three year reserve sufficient to insure 26,000,000 gallons daily to member cities.

Community Chest Details Progress

Detailed preliminary work for the coming community chest drive is making progress, heads of the various organizations participating reported Saturday.

The organization heads, working under direction of Ira Thurman, chairman of the campaign, are supervising many of the preparatory details. Thurman plans to launch the special gifts drive several days in advance of Oct. 28, official opening date for the regular campaign. Special gifts bonds are being prepared for sale in that phase of the drive.

Week's Business

Building Permit Total Off Pace Set Earlier

Big Spring's building record still produced no indication this week or regaining its rapid pace enjoyed early in the year, although permits issued for two new residences and several repair projects helped to inch the year's total forward. The past week's total amounted to \$11,160, boosting the year's aggregate to \$1,018,386.

Although cattle receipts fell short of records established during the summer at local livestock sales concerns, a scarcity of hogs was felt particularly this week. There were virtually no porkers available, and an unfavorable outlook for the future is foreseen. Again, few fat cattle and calves were available, but there were some stockers offered. However, the demand for stockers is holding up well, and the market remained generally steady.

Real estate transactions hit another slump, according to the warranty deeds filed in the county clerk's office. Instruments were filed during the week for property valued at \$8,390, one of the poorest weekly records of the year. The year's total to date is \$2,721,832. There were nine new passenger automobiles and two pickup trucks registered at the county tax assessor-collector's office during the week.

MEN! GET PEP..

Do you want to feel young again? Why feel old at 40, 60 or more? Enjoy youthful pleasures again. If added years have slowed down your vim and vitality, just go to your druggist and ask for Casella tablets. Many men are obtaining remarkable results with this amazing formula.

IT'S RODEO TIME IN PRISON AGAIN FOR THE ROUGHEST SHOW OF ALL

HUNTSVILLE, Oct. 5 (AP)—The colorful annual Texas prison rodeo, not only unique among rodeos but termed by many the roughest and wildest of them all, will open here tomorrow before an audience of fenced-in convicts and several thousand outsiders.

The rodeo began in 1931 and is held each October. Included are several events not seen in other rodeos. Injuries are frequent. This year's rodeo will be held each Sunday of October in the stadium next to the Huntsville penitentiary.

Prison officials say they are beneficial to discipline and morale. Funds go to a rehabilitation program for convicts in the Texas prison system. The money buys books, motion pictures, holiday dinners, sports equipment, artificial limbs, eye glasses, magazines and newspapers.

And unruly convicts may neither participate, nor attend the show.

Rodeo Director Albert Moore says this year's will be the fastest show yet. He says he has added to his stock considerably. Part of his addition is a string of Montana bucking horses.

All contestants, even the clowns, will be in stripes. This is for color, however, since stripes in prison are reserved for escapees and mutineers.

The event will be heavily guarded. In addition to prison guards, Texas Rangers will be present.

There have been times in the past when such precautions were needed. But prison officials say as a rule civilians cause more trouble than the convicts.

Last year the clowns obtained permission to pass the hat in the audience. Quite a bit of change was collected—then disappeared. The clown who had originated the idea, is a man who is serving 400 years for robbing banks, exploded: "Damn a petty thief—damn him to hell."

Stranahan Loses

Lead To Fazio

FORT WORTH, Oct. 5 (AP)—Amateur Frank Stranahan of Toledo, Ohio, lost his lead in the 10,000 Glen Garden golf tournament today after an uphill battle with George Fazio of Los Angeles.

Fazio finished ahead of the Toledo youth with a third round 65 and a 54-hole total of 201.

Stranahan had to shoot a three-under-par 68 to remain ahead of the Californian, and he came with a one-under-par 70 for a 202 total at the end of three rounds.

His 202 left him in tie for the runner-up spot with Jim Ferrier of Chicago, who raced around in a five-under-par 66 today.

Trailing Stranahan and Ferrier is Bob Hamilton of Chicago, whose 70 today left him with a 206 total.

Two Texans, Henry Ramson of Houston and Harry Todd of Dallas, finished the third day with matching 207 totals.

A third Texan, Amateur Earl Stewart of Dallas, is trailing with a 208, and Byron Nelson, who still is playing out of Toledo, Ohio, but actually came off his Denton, Texas farm for the Glen Garden competition, shot his best round of the tournament today—a three-under-par 68—to give him a 209.

Singing Convention Scheduled Today

Monthly singing convention of the First Sunday Singing class will be held today at 2:30 p.m. at the Wesley Methodist Church.

Several soloists and groups of singers from out-of-town are expected to brighten the program of hymns and sacred music.

The public is invited to attend. Paul Attaway is the new president of the group.

Plans for the Community Chest drive are taking shape rapidly. Objective is a quota of \$532,000 for six agencies. When the number of people, the general financial condition of the community, and the need are all considered, this is a modest goal. Unselfish gifts of effort and money from enough people will make the campaign a big success.

Police handled the big traffic situation at the game and downtown in admirable manner Friday night. We have two amateur suggestions to offer concerning football games here—that more exit space from the stadium be provided and that the next time the parking area is bladed, that it also be generously sprinkled.

WRECKS

(Continued from Page 1)

cars was hurt, but apparently only slightly. She was taken to the Malone & Hogan Clinic-Hospital in a Nalley ambulance. Police called to the scene arrested the driver of the other car figuring in the mishap.

The police blotter for Saturday night showed other wreck investigations at 600 Gregg, at 8:42 p.m.; on East Third at 11:27 p.m. and one at Fourth and Main at 11:10. There were no injuries reported in these, but smashed radiators and crumpled fenders were keeping wrecker pick-ups busy.

A Nalley ambulance was called out soon after midnight, to the scene of another wreck, reportedly about three miles north on highway 87. No details of this accident could be learned immediately.

Earlier Saturday evening shortly after 6, policemen were called to Eighth and Main to check on a car collision. There were no injuries reported in this mishap.

Saturday afternoon, highway patrolmen were called to investigate an accident at Stanton, where a car and a truck figured in a collision with all parties escaping injury. Patrolmen said Elmer E. Kirkland of Odessa, going eastward into Stanton met a truck at the intersection. The truck, driven by Pete Ghabin of Strawn, was loaded with blasting powder. The truck pulled aside, said officers, but was sideswiped. Both vehicles were heavily damaged.

As a result of a crash which occurred on highway 80 about a mile west of town about 11:30 Friday night, charges of failure to stop and render aid were filed against James Troy Britt, 22, of Lenorah, who signed a statement in the sheriff's office Saturday that he had been at the wheel of one of the cars involved.

Britt surrendered to local police at 10 a.m. Saturday after fleeing the scene of the accident, which sent half a dozen persons to local hospitals for treatment.

One of the vehicles in the crash-up belonged to Dr. Paul W. Watt of Odessa, who was returning to his home after witnessing the football game here Friday night. Riding with Dr. Watt were Janet Tankersley, who suffered a broken arm and was confined to a local hospital; Margaret Sheehan, Trulla Cooper and C. E. Mullins. All were shaken up in the collision.

Darlene Huilt and C. E. Beavers, occupants of the Britt vehicle, were treated for facial cuts. James D. Flud of Lamesa, also a rider in the Britt car, escaped injury. He disappeared from the scene shortly after the accident but later reappeared.

According to witnesses, Britt's machine was on the wrong side of the road when the two cars met. The Odessa party's vehicle, a 1946 model, was completely demolished.

In his statement, Britt said he had climbed into his car after spending more than four hours in a local night club. He was headed in the direction of Big Spring.

Britt admitted leaving the scene of the mishap and spending the night at the home of a relative in the north part of town. He later went to Lamesa prior to returning here.

He was released on \$1,000 bond after he had entered a plea of guilty to the charge of driving without an operator's license in Justice court and paid a fine of \$14, including costs.

Members of the state highway patrol and the city police force cooperated in investigating the accident and assisting the victims.

Released On Bond

Earl F. Coats, arrested Saturday by members of the sheriff's office on a charge of burning an automobile, has been released on \$1,500 bond.

Vets Contribute To Tree Fund

More contributions by veterans to the Memorial Tree fund have been reported by Dr. C. W. Deats, chairman of the campaign.

These bring to 57 the number of contributions made in memory of men lost in World War II. The \$9 gifts will care for the purchase and planting of a tree in the park area to be developed on a city tract at Eleventh Place and Gollad.

Latest donors and honored veterans are: Glen and Raymar Brown (William Lewis Alexander), Mr. and Mrs. Will Wood (Thomas M. Wood) Billy Siegrist and J. A. Hull (Dannie C. Ivey), James Trees (Jake Trees), Edwin L. Dempsey (Travis Lee Smith), Dub Coats (Cecil Edmondson), Weldon Bennett (Ralph Weaver), Sam L. Burns and Cecil C. Collings gave undesignated gifts.

Weather Forecast

Dept. of Commerce Weather Bureau

BIG SPRING AND VICINITY: Cloudy today and Monday with scattered showers. Continued cool. High today 65, low tonight 55, high tomorrow 68.

FRESHMAN BACK STARS
AUBURN, Ala., Oct. 5 (AP)—Auburn's great freshman half-back, Travis Tidwell, gave 12,000 homecoming day fans a brilliant exhibition of running and passing today as the Tigers scored an impressive 26 to 6 victory over the Furman Purple Hurricanes.

More Double-Day Sessions Seen By Superintendent

Due to crowded conditions in the ward schools in Big Spring, further division of classes into double-day sessions was predicted Saturday by Supt. W. C. Blankenship.

At present 31 classes are operating on emergency shifts and another split is due to be made Monday in the first grade at Central Ward.

There are several more classes at College Heights and South Ward where conditions warrant two sessions a day. Blankenship said, and will probably be worked out this week. He hopes to be able to avoid a split, however, by shifting some students into less crowded schools.

Those classes with 45 or more students enrolled present the worst problems.

Teachers for the sessions already in effect have been selected, but approval has not been granted by the school board.

Cotton

NEW YORK, Oct. 5 (AP)—Heavy trade and commission house buying in late dealing, combined to lift values 35 cents to \$2.75 a bale at the close in cotton futures today. Earlier the market lost as much as \$1 a bale, before trade buying reversed the trend.

Taxpayers' Notices Sent Out This Week

Many of Howard county's estimated 5,500 tax payers who received notice of current county, junior college and common school assessments within the past two days are qualifying for three percent reduction in their payments by settling their accounts immediately.

According to members of the tax collector-assessor's department, more than \$8,000 of an estimated \$217,948 has been cleared through the function to date.

Persons making payments prior to Nov. 1 will be exempt three percent of the total assessment. The reduction then drops to two percent for the succeeding 30-day period and to one percent for the month of December.

Of the total amount of taxes liable to the county, \$112,996 represents county and state assessments, \$35,869 for junior college taxation and \$68,784 for common school levies.

THE WEEK

(continued from page one)

a supervisors' election. This week the Colorado River Basin group holds a series of conservation meetings. All this points to an awakening to the importance of conservation. It is, without a doubt, one of the most vital, long-range problems facing us today.

Last week a group met in Lubbock to consider the problem of shrinking underground water tables. Another meeting has been called for Oct. 22. Forecasts of 15 years ago that underground water supplies would eventually become a major problem are being borne out. We may see the day when permits are issued for water well drilling on the basis of need and use.

Combined budgets for common school districts of the county went to Austin last week. The aggregate is around \$105,000. Added to the budgets of Big Spring, Coahoma and Knott independent school districts and our junior college, our education bill per annum in Howard county now is around half a million dollars a year. This is big important business.

The junior college is now off to a good start with an enrollment of about 225, much higher than anticipated. Now that the difficulties of opening and starting have been overcome largely, the real test of producing results lies ahead.

Plans for the Community Chest drive are taking shape rapidly. Objective is a quota of \$532,000 for six agencies. When the number of people, the general financial condition of the community, and the need are all considered, this is a modest goal. Unselfish gifts of effort and money from enough people will make the campaign a big success.

Police handled the big traffic situation at the game and downtown in admirable manner Friday night. PATH OF RADAR WAVES CHARTED ALONG COASTLINE OF TEXAS

AUSTIN, Oct. 5 (AP)—Radar waves bend shoreward when traveling along a coastline, University of Texas scientists have reported.

Dr. A. W. Stratton, associate professor of electrical engineering, said the fact was established definitely for the first time through measurements just completed by a crew of 18 university scientists and technicians near Corpus Christi.

"Day and night we recorded the bending rays by vibrations in the moisture and temperature of the air," said Dr. Stratton, who was in charge of the crew. "We charted the meteorological conditions causing the departure of the waves from a straight line path. The dry hot air over land contrasted with the cool moist air over the water bent the rays inward toward the land as they traveled a path along the coastline."

The crew, working on a research project for the Navy's Office of Research and Inventions, spent part of August and September at the coastal site. The method of measurement, developed recently by the university's electrical engineering research laboratory, involves time intervals of a millionth of a millionth of a second.

Results of the tests are now being carefully analyzed so that the information may be forwarded to the navy department.

Speed Flight Delayed
LOS ANGELES, Oct. 5 (AP)—Adverse weather conditions and mechanical difficulties today were blamed by the Army air forces for causing an indefinite postponement of a dual assault on the British-held air speed record of 616 miles per hour.

Dodd Expresses Appreciation For Cooperation

Appreciation for cooperation in bringing about the opening of the Howard County Junior College was expressed Saturday by E. C. Dodd, president.

Help of the community and patience of the student body had enabled the school to overcome many difficulties, said Dodd.

By Saturday, enrollment stood at 223, and this did not include half a dozen who withdrew for various reasons. Dodd said other tentative registrations likely would bring the total to 225 early in the week.

Supplies are arriving slowly. The truckers strike in the East is slowing delivery on library books, but the textbook situation is about solved.

In a statement of appreciation, Dodd said:

"Truly do I believe that the finest people in the world live in Howard county and West Texas.

"The enthusiasm and patient cooperation of the student body in particular has been most stimulating. It is the sincere desire of the Board of Trustees and Faculty of the Howard County Junior College to substitute performances for promises. The College here to serve the people whose liberality has made its establishment possible. In this connection, may I pay a compliment to those public spirited citizens who form the college board of trustees. From the depths of my heart, I wish to thank each one who has had a part in our fine beginning."

New Hampshire—once was a part of Massachusetts.

John W. Walker Death Victim

John Wesley Walker, 71, retired farmer and former resident of Big Spring who returned here to live several months ago, died Saturday morning at 11:18 o'clock. Services are to be held today at the East Fourth Street Baptist Church with the Rev. Chester O'Brien, Jr., officiating.

Walker was born in Mississippi Oct. 26, 1874. He was a member of the North Side Baptist church. He is survived by his wife, Mrs. Maude Walker; three sons, John, Jr., Mike and Venter, all of Big Spring; five daughters, Mrs. T. E. Conaway of Colorado City, Mrs. Hoyt Roberts of Westbrook, Mrs. Floyd Kennedy of Morton, Mrs. Irvin Myrick of Stanton and Mrs. Earl Davis of Big Spring; 12 grandchildren; three brothers, Alex, M. W. and Henry Walker, all of Big Spring; one sister, Mrs. Evelyn Reid of Coahoma; and other relatives.

Palbearers will be Jimmy Alex, Johnny and Shirley Walker of Big Spring and Howard and Earl Reid of Coahoma, all nephews.

Burial will be in a local cemetery. Eberley Funeral Home is in charge of arrangements.

Cotton Harvested At Steady Rate

Ideal weather conditions which prevailed through Friday kept Howard county's cotton harvest moving at a steady rate, according to reports from several Big Spring ginners Saturday.

Based on local volume, the ginning totals probably have moved past the 3,000 mark. Official figures released Tuesday by the census bureau accounted for 2,175 bales ginned at the end of September.

Although estimates varied at the end of the week, most observers believed that more than one-third of the county's 1946 crop has been harvested.

The True Glory — of well cut Diamonds

For years diamonds, though highly prized, were not understood. They were polished like sapphires instead of being faceted to blaze with utmost radiance. Today, the diamond-cutter's art has been developed to the highest pitch. The stones we offer you have all been studied and cut with a mathematical precision to show their glorious fire. (The preparatory work on a gem is a crucial part of its history; once famous diamond was actually studied for nine months before being cut). The importance of proper faceting is one of the reasons why you should buy your stone from a fine jeweler. Gems of similar size and weight to those we show you may have far less fire, due to improper cutting. Never take a chance then, in buying diamonds. Even for your smallest gem purchase, buy from a house of reputation!

Andector, Ward And Garza Tests Head Oil Plays

By JOHN B. BREWER
SAN ANGELO, Oct. 5.—Completion of the Andector (Ellenburger) field in Garza county, Ector county near the Andrews county line, a small flowing strike in southeastern Ward county, and a one-mile extension to the Garza field in Garza county stood out with a quarter mile south extension to Devonian production in the TXL field of Ector county in West Texas oil developments during the week.

Locations were staked for wildcats in Andrews, Winkler, Terrell, McCulloch and Rannels counties. Humble No. 1-B R. B. Cowden, opener of the Andector field in Ector, flowed 196 barrels of 44.2 gravity oil on a four-hour gauge to establish a daily potential of 1,176 barrels, with gas-oil ratio 110-1. The oil came through a 3/8-inch tubing choke and perforations at 8,545-85 feet in 5 1/2-inch casing cemented on bottom at 8,600. The section had been treated with 500-gallons of acid. The well is in the C NE NE 11-45-2, T&P.

Phillips No. 1 R. B. Cowden, discovery Silurian well in the North Goldsmith field, awaited orders after flowing 239.25 barrels of oil through a half inch tubing choke in 12 hours. Five hundred gallons of acid had been injected through perforations at 8,255-80 feet in 5 1/2-inch casing. The well is near the C NE NW 3-45-1, T&P.

Yates sand an Seven Rivers dolomite discovery eight miles northwest of Grandfalls, Roy Goldston No. 1 W. L. Moody-estate flowed 31 gravity oil through a 6-64ths inch tubing choke at a daily rate of 30.38 barrels, with gas-oil ratio 320-1, for completion. It had been shot from 2,487-2,550 feet with 180 quarts of nitroglycerin. Location is the C W E 3234-H&T.C.

Stanolind No. 9 E. Sealy-Smith second well in the North Monahans (Glorietta) pool in southeastern Winkler county, was finished with a daily flowing potential of 350.87 barrels of 36 gravity oil. Production was through perforations at 5,170-90 feet after acidizing with 1,000 gallons. The well is in the C SE NE 53-A-G&MMB&A, west offset to Stanolind 8 Sealy-Smith, the discovery 1 1/4 miles south of the North Monahans (Tubbi) field. Amon G. Carter staked No. 1 S. B. Wight, slated 7,500-foot wildcat in south central Winkler, C SW SW 29-40-pal, six miles east and slightly south of the opener of the North Monahans field in Ward county, and seven miles west and slightly south of the Wheeler field. Rowan Drilling Co. No. 1 J. E. Parker, marking a 3/4 mile south extension to TXL Devonian production in Ector county, was com-

pleted on a half inch tubing choke with a natural daily flowing potential of 726.25 barrels of oil. The oil came through casing perforations at 7,762-86, at 7,815-80 and 7,900-15 feet. The well is in the C SW NW 40-45-1a-T&P.

Herman Brown and George R. Brown and Comanche Corp. No. 1-A Post estate extended the Garza field in Garza county almost one mile north, pumping 35.8 gravity oil at a daily rate of 80.80 barrels from acidized San Andres pay at 2,770-3,040 feet. It is near the southwest corner of the northeast quarter of section 1228, J. V. Massey survey.

Royal Oil & Gas Co. of Tulsa staked No. 1 Lotus Oil Co., slated 9,000-foot test in northwestern Andrews county, C SE SW 18-A48-pal, 1 1/2 miles west of the most southerly Devonian producing area in the Fullerton field.

E. S. Price of Ballinger rigged up No. 1 Claud Brookshire, slated 5,500-foot wildcat in Rannels county, 392 from the south, 2,909 feet from the east line of J. H. Farramore survey 136, six miles northwest of Tlpa.

Mid-Texas Oil & Gas Co., Inc., of Brownwood plans to explore 1,250 feet in McCulloch county 1 1/2 miles south-southeast of Winchell. Its No. 1 T. O. Squyres will be 160 from the north, 800 feet from the west line of section 281-H&T.C.

Irvin Svoboda of Omaha, Neb., will drill No. 1 Julian M. Bassett, proposed 4,000-foot, cable tool wildcat Terrell county, 2,310 from the north, 410 feet from the west line of section 1-149-T&StL, 11 miles northwest of Dryden.

Currently West Texas' deepest operation Argo No. 1 Mrs. Dora Roberts, southeastern Reeves county wildcat, was making surveys to

14,076 feet, reportedly in lower Pennsylvanian shale, preparatory to running 5 1/2-inch casing for perforating. It filled with oil 7 1/4 hours and made a brief flow on a drillstem test from 10,897-729 feet in lime said to be Wolfcamp, basal Permian. Location is the C NE SE 294-13-H&GN, 13 miles northeast of Balmorhea.

Two Women Held For Shoplifting

Big Spring police Saturday were holding two young women for investigation in connection with reports of shoplifting in Big Spring and at Tulsa, Okla. Officers arrested the two wo-

men Friday afternoon after receiving a call from a local department store. Both subjects told police their homes are in Wisconsin. Several articles, chiefly clothing, were recovered, some of which have been identified as com-

ing from the department store registers. The complaint here, officers said. Several other items, believed stolen at Tulsa, also were recovered. Police said the women probably would be transferred to county officials for court action.

City Fire Loss For 1946 Now Exceeds 1945 Total

Fire prevention week of 1946 finds Big Spring with losses due to fires already far in excess of the 1945 total, F. W. Bettie, fire marshal, announced Saturday. In fact, the local fire loss picture has been darkening steadily since 1942. The record for the first seven months of 1946 shows losses totalling \$50,395, as compared to \$31,850 for the entire 12 months of 1945.

Fire losses since 1942 have mounted on a national scale, and Big Spring has kept pace with the increases.

The Big Spring record:

1942	\$ 6,340
1943	34,378
1944	18,290
1945	31,850
1946 to date	50,395

The National record:

1942	\$ 314,000,000
1943	373,000,000
1944	437,000,000
1945	484,000,000
1946	338,000,000

As can be seen by these records, Big Spring managed to decrease its losses in 1944 and 1945 in comparison to the national record. Bettie pointed out, but on the basis of reports for the first seven months of 1946, local losses are on a definite increase.

Insurance rates. Last year Big Spring received a credit of 15 percent, but neither Bettie nor Fire Chief H. V. Crocker foresees any credit for 1946. If no more serious fires occur this year, there is a possibility that the rate will remain static, Crocker said, but one big blaze could wipe out some of the credit already gained. Crocker lists three main causes, which he says started most blazes here during the first seven months of this year. They are careless smoking which he rates number one, carelessness with matches, and improper use of flammable liquids. This "big three" rates at the top throughout the nation, Crocker added.

The local fire department has maintained a creditable record, according to a comparison of loss figures and number of fires, but Crocker emphasized that educational activities have an important bearing on losses. If everyone thoroughly understands dangers involved in the various hazards, fewer fires will start, he asserted.

The city is making preparations to broaden fire fighting facilities, which, when completed, are expected to give the entire area better protection. Already on the agenda is construction of a sub-station. A lot has been purchased at 19th and Main streets and construction will begin possibly in 1947.

Mayor Declares City Observance Of Week To Hire Disabled

In addition to "National Fire Prevention Week" and other possible observances, the period from Oct. 6-12 has been set aside on the nation-wide calendar as "Employ the Physically Handicapped Week" and Mayor G. W. Dabney of Big Spring Saturday issued an official proclamation urging local citizens to cooperate with the US Employment Service and other organizations which will take leading rolls in the week's activities.

"Our casualties in the recent war, added hundreds of thousands to the physically handicapped lists, and placing these disabled veterans in types of work they can perform and helping to train them for desirable vocations will play an important part in maintaining our American way of life," the mayor declared.

The local USES office is participating in the nation-wide effort to focus attention of employers on workers who are competent, although physically handicapped, L. O. Connolly, manager, said. During the war, when increased production of vital materials was essential, thousands of physically handicapped workers proved their worth in actual performance, Connolly pointed out. Some of these war-time workers are now out of jobs, and in addition disabled veterans are seeking employment throughout the country. Past records of physically handicapped workers indicates that a large percent of these unemployed could perform creditably if given an opportunity, Connolly added.

During the campaign, employers whose firms require rigid physical examinations, which preclude hiring of physically handicapped persons, will be urged to adopt more flexible policies. Many probably will be asked to set aside lists of jobs which could be performed by disabled employees, and relax physical requirements for these jobs enough to permit hiring handicapped veterans.

At the same time, employers will be cautioned against hiring disabled persons to fill jobs for which they are not qualified. The theory is that the job should fit the disabled person's ability rather than his disability.

War II cost us more than 2,000,000 casualties, and WHEREAS, there are many million of handicapped persons in the United States, many of whom by their efforts were of great aid in manufacturing munitions or providing essential service for the war effort, and WHEREAS, all of those persons including disabled veterans of World War I and II deserve self-supporting, self-respecting jobs in which they can make useful contributions to our community, state and nation. . . . NOW, THEREFORE, I, G. W. Dabney, Mayor of the City of Big Spring, do set aside the week of October 6 to October 12 as EMPLOY THE PHYSICALLY HANDICAPPED WEEK, and I call upon all local officials, all local employers, all local civic organizations and all citizens to assist in every way possible, to the end that it shall be brought to the attention of all members of our community that disabled veterans and other handicapped civilians are fully capable and are performing efficiently, safely and reliably in thousands of different occupations, AND I FURTHER URGE ALL EMPLOYERS to place all their job orders with the United States Employment Service so that disabled veterans and other handicapped workers may be given an opportunity to prove their value in productive and self-respecting jobs.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of the City of Big Spring to be affixed.

G. W. DABNEY,
Mayor

Adjutant Here To Discuss Plans With Sheppard

Adjutant William Pyke, department secretary for young people's work in Texas for the Salvation Army, will speak at both the 11 a.m. and 8 p.m. services at the Dora Roberts Citadel today. He is here to confer with Capt. and Mrs. Olvy Sheppard on progress of young people's work and plans in this direction. Adj. Pyke was here several months ago on the occasion of the retirement of Maj. and Mrs. L. W. Canning from Salvation Army service.

Thursday the 280 members of the Salvation Army center will hold a meeting at the citadel to effect an organization for the playground project and to elect officers. Capt. Sheppard also announced that due to the heavy schedule on Thursday, the regular meeting of Boy Scout troop No. 117 was being transferred to Tuesday evening at the Citadel.

Mr. and Mrs. Dave Duncan have returned from San Antonio where they attended the fifth annual drilling contractors' convention. After the convention they traveled to Falfurrias for a short visit.

Airport Approved

REYKJAVIK, Iceland, Oct. 5. (AP)—The Island Althing (parliament) ratified tonight an agreement with the United States for use of an Iceland airport. The vote was 32 to 19 with one abstaining.

Among recent discharges reported at Fort Sam Houston are Pvt. William R. Killough, 308 San Antonio, S. Sgt. Winifred Cunningham, 1809 State, T. J. Trinidad, St. Moralez, and Pfc. Roy G. McDowell, 206 NW 3rd.

Deafened People May Now Hear Clearly

Science has now made it possible for the deafened to hear faint sounds. It is a hearing device so small that it fits in the hand and enables thousands to enjoy sermons, music, and friendly companionship. Accepted by the Council on Physical Medicine of the American Medical Association. This device does not require separate battery pack, battery wire, case or garments to bulge or weigh you down. The tone is clear and powerful. So made that you can adjust it yourself to suit your hearing as your hearing changes. The makers of Beltone, Dept. 3567, 1450 W. 19th St., Chicago 3, Ill. are so proud of their achievement that they will gladly send free descriptive booklet and explain how you may get a full demonstration of this remarkable hearing device in your own home without risking a penny. Write Beltone today. (adv)

Two Texans Hill Opponents In Series Contest Today

ST. LOUIS, Oct. 5 (AP)—St. Louis' own Cardinals, who survived a rough trip to the finals, and the highly favored Boston Red Sox held their last skull sessions and workouts at Sportsman's Park today preparatory to hooking up at 1:30 (CST) tomorrow afternoon in the opening game of the 1946 world series.

A sell-out crowd of about 34,000 was assured for both of the games which will be played here before the two clubs move up to Boston to continue the struggle, which was delayed for five days while the National league made up its mind whether to pit the Cards or Brooklyn against the wallowing American league champs.

Prospects were that a couple of Texas residents, left-handed Howie Pollett of Houston and "Tex" Hughson, a long right-hander from Kyle, would be nominated as the starting pitchers in the opener.

Pollett, who turned in 21 victories for the Cards during the season, including a vital 4-2 triumph over the Dodgers in the first play-off game, was certain to go for freshman Manager Eddie Dyer if the strained shoulder muscle which has hampered him recently is not too painful when he warms up to-

morrow. The slim portlander took heat treatments today and indicated he would be ready.

Although Manager Joe Cronin of the Red Sox had not stated a definite choice among his "big three"—Hughson, Dave "Boo" Ferris and Mickey Harris—the Cards felt it was a foregone conclusion they would have to look at Hughson. The big fast-baller won 20 this year, ripping off eight of his last nine starts and generally resembling a ball of fire down the stretch.

Should Pollett decline the assignment, Dyer said his second choice would be another lefty, Harry Brecheen. Then, if Brecheen also feels he could use more rest after his furious ninth-inning relief stint against Brooklyn two days ago, Dyer's reluctant third choice would be George Munger, a right-hander who only recently got out of the service.

No matter what Redbird flinger finally gets the call, the Sox will remain firm favorites to capture the series. The fence-busters who carried them to a runaway victory in the American league are figured to generate too much power for the Cards, who wound up the season with only two .300 hitters.

Four Ex-Steers With Sul Ross

ABClub Grid Battle Here Friday To Again Feature Local Stars

The ABClub's second annual charity football game, matching Sul Ross college of Abilene and Texas Lutheran of Seguin at Highland Park stadium Friday night, will feature former Big Spring high school athletes for the second year in a row.

Last year, John Ulrey, Steer athlete of the 1943 season, was a member of the Southwestern university team that fell before a strong Hondo AAF team to the tune of 19-7 score.

This season's classic trains the spotlight on no less than four local youths and all are members of Red Pierce's Sul Ross team.

They are Frank Barton, guard; James Tidwell, end and center; Billy Womack and Hugh Cochran, both backs.

Barton, Tidwell and Womack all played here before the war while Cochran was a member of last year's team.

Members of the service club will open a ticket sales campaign Mon-

since 1942 but a host of service veterans make the Alpine gang a team to reckon with.

The Lutheran gang, which absorbs its football lessons under Fritz Lehnhoff, an alumnus of the school, has been slow in getting started but asks no quarter.

Sul Ross will have a pull in the weights at most positions.

BILLY WOMACK ... Lobo starter

day. The duets range in price from \$1.80 for reserve seats to \$1.20 general admission. Students will be admitted for 75 cents each, however.

The pasteboards will be available at the chamber of commerce.

Two additional booths will be set up downtown early in the week. In addition, all club members will be vending the items.

Both teams are expected to show up Thursday for the contest.

Pierce's Sul Ross clan will be favored to top the duke despite the fact that Pierce had only three lettermen returning to the field. The Lobos haven't been active

Porkers Defeat TCU Christians In Loop Debut

FORT WORTH, Oct. 5 (AP)—The Arkansas Razorbacks opened their Southwest conference football campaign by turning back TCU, 34-14, here Saturday.

The Christians scored first—a touchdown lead that stood up for a period. It came as the result of a great punt by Jim Lucas that went 54 yards to the Arkansas one-foot line. The boot was heaped by the wind, which was to the TCU team's back at the time. Fowler kicked out but the wind swished the ball down at the Horned Frog 30-yard line and Lucas scattered down to the two. Pete Stout in two plunges got the score.

Arkansas, with the wind to its back, took the lead in the second period with two touchdowns and the Porkers never were headed from there. The first score was on a 45-yard touchdown dash by Holland and the next was on a 23-yard pass from Fowler to Pritchard, with Fowler adding the extra points. Each time Arkansas had gained the ball in TCU territory on Short Horned Frog kicks.

Chuck Lively, big Arkansas tackle, pushed through to deflect Jesse Mason's punt late in the third period and this set up another Razorback touchdown. With the ball on the Frog 13, the Porkers lost eight yards on an attempted line plunge and a penalty but Fowler stepped back and threw to Clyde Scott on the TCU two and Fowler in one try crashed over for the score.

The wind still wasn't through doing things to the Frogs. Another short punt by Mason early in the final period led to the fourth Porker score. From the Christian 43 Holland passed to Pritchard on the 14, then these two fleet backs hammered down to the three from where Holland passed to Mel McGaha across the goal line. But a penalty nullified the score. On fourth down, Holland stood on the eleven-yard line and again passed over to the McGaha. This time the touchdown stood up.

The Texas Christian got its second and final touchdown with less than a minute to go. Arkansas penalties and a pass interference ruling did most to put the Frogs on the Porker two-yard line and Stout in two tries went over.

With just ten seconds to go came the game's most thrilling run—Campbell's 85-yard dash to a score with the kick-off. It was a neat bit of broken field dodging.

Wildcats Swamp Hurricane 11

WATER VALLEY, Oct. 5.—Water Valley's Wildcats kept their District Ten six-man football record clean by swamping Garden City, 38-12, here Friday afternoon.

The Cats, with Gene Cope, Dick Miers and Oscar Dorsey leading the way, rolled up 20 points in the last quarter after the Hurricanes had made a scrap of it for the first three periods. Cope, Miers and Dorsey each scored three touchdowns.

Miers also counted two extra points on a drop-kick after the Cats' final touchdown. Miers had tallied in the final minute after an interception on the visitors' 30-yard line.

Harry Calverly scored both TD's for the Hurricanes. He powered his way across for one in the initial quarter, then counted again in the fourth.

Midshipmen Beaten

NEW YORK, Oct. 5 (AP)—Columbia made speed and alertness pay off to the tune of a 23-14 victory over a favored and apparently stronger Navy football team today to gain its first triumph over the Midshipmen since 1939.

Starting a sellout crowd of 35,000 by the speed of their comeback, the Lions, apparently overpowered by Navy's reserve strength, rallied to tie the score late in the third quarter and then took advantage of two Navy passes to score nine points in the final period.

Gilmer Paces Tide

COLUMBIA, S. C., Oct. 5 (AP)—Harry Gilmer's dead-sure passing was the difference today as Alabama's Crimson Tide triumphed over the scrappy South Carolina Gamecocks 14-6.

A crowd of 20,000 saw the Gamecocks outplay the heavily favored Tide, excelling in most everything but the score.

Wolverines Win

ANN ARBOR, Mich., Oct. 5 (AP)—Iowa's bid to rejoin the ranks of Western Conference big timers was stymied by Michigan today when the Wolverines staged two first half touchdown drives to defeat the Hawkeyes 14-7 before 54,200 spectators.

Whitney Filly First

NEW YORK, Oct. 5 (AP)—C. V. Whitney's two-year-old filly, First Flight, captured the 57th running of the futurity at Belmont Park today, leading all the way to score by a length and a half and return \$370 for \$2.

Layne, Bechtol Pace Steers To 54-6 Win Over Stillwater

Fenimore Dents Texas Defense For Touchdown

AUSTIN, Oct. 5 (AP)—The University of Texas' powerful Longhorns led by Blonde Bobby Layne overwhelmed the Cowpokes of Oklahoma A&M 54 to 6 before a capacity crowd of 44,000 in Memorial Stadium today.

Oklahoma's ace Bob Fenimore injured last week when the Cowpokes were tied by Arkansas, played most of the first half but did not get back into the game after an injury late in the second period.

It was the hard-hitting Fenimore who scored A&M's line touchdown. They came right back after Texas' first score. Fenimore intercepted Layne's pass on the Texas 45 and it was Layne who ran him out of bounds on the 20. Fenimore sparked the drive that followed, and carried the ball across the stubborn Longhorn line six inches on the payoff play.

It was the ambitious Cowpokes first defeat since Tulsa whipped them 55 to 6 in 1943. It was the third straight top heavy victory in a row for the Texans, celebrating Dana X. Bible's last active year of coaching.

The Longhorns, showing power, speed and a fine passing game, gelled up 387 yards rushing to Oklahoma A&M's 73. They scored first in the first period, ran up three in the big second quarter, and two apparent touchdowns were called back on Longhorn rule infractions.

The powerful Longhorn offense rolled up 13 first downs to the Cowpokes, 8, gained 127 yards on passes—with Layne and Tom Landry doing most of the pitching—completing 10 of 19 attempted.

Fenimore's interception of one of Layne's passes setup the Aggie's score. It was first pass intercepted on Layne this season, and alert Jim Sbvital pulled in another later in the game.

The Longhorns scored five minutes after the kickoff. Sbvital quick-kicked and Texas took over on its 31. Layne handed to Jim Canady on the Statue of Liberty play, and Canady dashed to the Oklahoma 45.

Layne then passed incomplete to Canady over the goal line, but interference was ruled and Texas was given the ball on the three yard line. Raymond Jones went over for the score.

Fenimore's tally was the next score. Then the Longhorn line got down to work.

Dogie Contest Is Postponed

Rain, which started in Odessa a full 12 hours before it began here, caused indefinite postponement of the Odessa-Big Spring high school B football game.

The contest was to be played at Fly Field in theECTOR county capital at 8 o'clock Saturday night.

Next game on the Dogie's schedule is booked for Oct. 26, when the Sweetwater reserves invade Big Spring for a night game. The Dogies will probably return the game either Nov. 9 or 16, Coach Johnny Dibrell said Saturday.

Odessa's scored winners are committed to play here Saturday night, Nov. 2.

Devaney Paces Dogs To Win

MERTZON, Oct. 5.—Led by speedy Wanye Devaney, the Coahoma Bulldogs smashed the Mertzon Hornets, 39-6, in a District Ten six-man football game here Friday.

Devaney scored 33 of the Bulldogs' points, racking up two touchdowns on long runs. Vernon Wolf accounted for the other six points.

Fayette Tankersly's 40-yard run on an intercepted pass enabled the Hornets to break into the scrogin column.

Starting lineup: COAHOMA — Hull and Wolf, ends; Sell, center; Devaney, Turner and Cathey, backs. MERTZON — Shilling and Glosier, ends; Lindley, center; Haywood, Turner and Tankersly, backs.

Stanton Loses To Crane, 27-0

CRANE, Oct. 5.—Stanton's Buffaloes, who return home to play Grandfalls Friday night, lost a 27-0 decision to Crane high school here Friday night. The result counted in District 5-B standings.

Starting Buff lineup against Crane was Avery and Gregg at ends, Jordan and Koonce at tackles, Jordon and Reid at guards, Phillips at center, and White, Jones, Stallings and Standifer in the backfield.

Sooner Back Boots Three-Pointer In Final Minute To Trip Aggies

NORMAN, Okla., Oct. 5 (AP)—With 40 seconds remaining, Dave Wallace, the University of Oklahoma's 172-pound quarterback, kicked a 10-yard field goal on fourth down to break a 7-7 deadlock and gave the Sooners a 10-7 edge over Texas A&M college today.

Although the Sooners outplayed the Cadets throughout the game, the stubborn Aggie line continually turned back Oklahoma scoring bids. It looked like the game would end in a deadlock after the fourth quarter, the Aggies moving to the one-foot line before being turned back.

Then Oklahoma put on its final drive, moving 21 yards after taking an Aggie punt to the Cadet 5. The Sooners picked up only a yard after three downs and with the crowd of 28,000 fans screaming Oklahoma was penalized five yards back to the nine for delaying the game.

With the clock showing just 40 seconds left, Wallace split the uprights for three points that gave Oklahoma the contest.

Oklahoma made 11 first downs as it picked up 216 yards rushing and 86 passing, while the Aggies gathered three, first downs on 13 yards rushing and 73 passing.

The Sooners scored in the second period after Norman McNabb blocked an Aggie kick. They began a drive from their 36 and marched to the Aggie 19. There Charles Saratt passed over the goal but Flanagan intercepted for the Aggies in the end zone and the ball was taken out to the 20.

Welch, who had been doing some beautiful punting, couldn't get his kick off fast enough and it was blocked by McNabb and recovered by Jess Trotter for the Sooners on the five. Three times the Aggie line turned Oklahoma back to the four on the fourth down. Wallace's extra point kick was good.

The longest run of the game gave the Aggies their lone tally in the third period. Flanagan took a punt on his 28 and with Stellar blocking snaked 72 yards through the entire Oklahoma team to go over the goal standing up. John Ballentine made the extra point kick good and the score was knotted, 7-7.

Devaney Paces Dogs To Win

MERTZON, Oct. 5.—Led by speedy Wanye Devaney, the Coahoma Bulldogs smashed the Mertzon Hornets, 39-6, in a District Ten six-man football game here Friday.

Devaney scored 33 of the Bulldogs' points, racking up two touchdowns on long runs. Vernon Wolf accounted for the other six points.

Fayette Tankersly's 40-yard run on an intercepted pass enabled the Hornets to break into the scrogin column.

Starting lineup: COAHOMA — Hull and Wolf, ends; Sell, center; Devaney, Turner and Cathey, backs. MERTZON — Shilling and Glosier, ends; Lindley, center; Haywood, Turner and Tankersly, backs.

Forsan To Face Harrold Friday

FORSAN, Oct. 5.—There'll be plenty of football entertainment for Forsan sports lovers this week, despite the fact that District Ten six-man teams are experiencing a holiday in their schedules.

Thursday night an aggregation composed of Sixth, Seventh and Eighth graders of the Forsan schools will meet a similar contingent from Sterling City.

A strong Harrold contingent invades the South Howard county community Friday night for an exhibition go with the varsity Buffaloes.

The meeting will be the first between the two sextets.

Ackerly Romps On Loop, 20-0

ACKERLY, Oct. 5.—Ackerly high school's six-man football team romped on the Loop Longhorns by a score of 20-0 in a game played here Friday afternoon.

Hub Rogers dashed 50 yards for the Eagles, in the outstanding play of the game. Billy Brown counted two of the War Birds' six points and J. C. Ingram banged across for the other. A safety was awarded Ackerly when a Loop back was tackled behind the goal.

Ackerly plays the Union Bobcats at Union next Friday.

Bisons Pushed To Clip Eagles

COURTNEY, Oct. 5.—Frank Honeycutt's Forsan Buffaloes had to go all out to defeat the Courtney Eagles, 20-12, in a District Ten six-man football game here Friday.

The Eagles outplayed the Bisons in the first half and left the field on the long end of a 12-7 score. However, Charles Long broke loose for a long touchdown run in the first minute of the third period and the visitors went into the lead.

Eldon Prater tallied the other two tallies for the victors, crossing the double stripes in the first and again in the fourth periods, while Max Anderson added the points after touchdowns.

Benny Keller counted a six pointer for the War Birds in the first round and George Anderson added another in the second.

Starting Lineups: COURTNEY — Kelly and J. Smith, ends; D. Smith, center; B. Smith, Wise and Welch, backs. FORSAN — Bedell and Fairchild, ends; Anderson, center; Long, R. Prater and Baker, backs.

Ward Grid Card Delayed A Week

First round games of the Ward school football program, which were to have been unreled at Steer stadium Wednesday afternoon, have been moved back a week to give newly named coaches a chance to acquaint themselves with their clubs.

Officials of North Ward informed Athletic Director John Dibrell will field an eleven after all, and all because of a deluge of requests made by parents of students at that school. Several fourth grades will be afforded the opportunity of playing.

Coaches of four schools have already been selected and Dibrell said the others would be picked early this week. Ready to take up their duties are Charles Campbell at College Heights, D. A. Miller at Central Ward, Donald Webb at South Ward and Melvin Byers and Jerry Rogers, who will team up to handle the West Ward club.

First round games Wednesday, Oct. 16, will pit North Ward against East Ward, South Ward against West Ward and Central Ward against College Heights.

Central Ward is the defending champion and is favored to repeat.

Odessa's Opportunists Win Over Inspired Steers, 12-0

Locals Lose Best Scoring Chance In 4th Period

Odessa's gang of football opportunists, the high school Broncos, opened their bid for the 1946 District 3-AA crown with a 12-0 victory over the Big Spring Steers before 5,500 fans here Friday night but failed to add prestige in doing it.

John Dibrell's gallant Longhorns, catching the fancy of the huge gathering, fought the Hosses tooth and nail down to the wire and might have escaped with a deadlock or, better still, a victory had Dame Fortune been with them.

As it was, they did well enough against an eleven that has consistently been rated as the state's top brigade and is the odds-on favorite to repeat as the 3AA champion.

The Odessans, whose ground attack clicked in midfield but repeatedly faltered when they neared the happy hunting grounds, crashed through for their initial score in the second period after Eddie Houser failed to get a fourth-down punt away from his own nine-yard line. The snap-back was low and by the time Edward gained possession, the opposition had hit him down on the two yard stripe.

Denied earlier by a stout Big Spring line downfield, the visitors pushed over in two plays.

Hayden Fry carrying the mail on the payoff drive.

Their overhead game short-circuited by a alert Steer defense time and again, the guests were glad to settle for a 6-0 advantage at half time.

It was in the third quarter that Coach Joe Coleman saw his Big Red stage its one real drive of the evening. After a promising Big Spring attack had fizzled out on the Odessa 86, a baby tank by the name of Big Gabriel took command with a series of straight power plays and the Odessans drove 66 yards for a score. Gabriel once smacked the Big Spring line and got loose on a 46-yard jaunt only to be pulled down from behind.

He teamed with Fry to move deep into "no man's land," then churned through to pay-off dirt from the one-yard stripe.

The Longhorns came right back to all but sweep the invaders off their feet after that. Little George Worrell made the most of his ball carrying opportunities to lead the homelings to three first downs and the Steers were banging away at the adversary's 22-yard line as the quarter ran out.

That was as far as the offensive carried. Bryon Townsend, who failed to measure up to his promise, tried the line once and lost two yards for his efforts, then pulled a smarties and quick-kicked. The boot carried about 17 inches and crashed head-on with Bobo Hardy, who had apparently dropped from the skies. The aggressive Steer fullback thereupon made the job complete by falling on the ball on Odessa's eight yard stripe.

Rankin's pass to Worrell moved the herd to lose the oval on a fumble at that point. C. Hill, reserve wing, crashed through to claim possession on the ten.

Big Spring made one more effort to reach the promised land but the Herculean Odessa defense stopped the Steers on the visitors' 29-yard line.

Odessa was on the move inside the Steer 30 when the final gun sounded.

Horace Rankin almost got away on a fourth quarter punt return, moving 31 yards deep into Odessa territory before an Odessan sought him out.

The invaders, thanks to Mr. Gabriel, had a decided edge in ground gains, rolling up 256 yards rushing to 118 for the Big Springers, but had to take a back seat in the passing game. Nine completions in 21 tries gave the locals 75 yards pickup while the Odessans made good twice in 11 attempts for 24 yards.

Gabriel collected 118 yards in 17 tries, was stopped short of the line of scrimmage twice.

Hardy was Big Spring's most consistent ground gainer, Worrell the most sensational.

From end to end, the Steer forwards were impressive if not sensational. They always responded well when the chips were down.

Scores by quarters:
Odessa 6 6 0 0—12
Big Spring 0 0 0 0—0

LOOKING 'EM OVER

With TOMMY HART

If the football oracles who have consistently rated Odessa the top club in Texas schoolboy circles insist on voting the Broncos into the No. One spot again, then Our Town's Longhorns should be included among the first five elevens . . . They were that good Friday night . . . Difference between the Big Springers' performance in the Lubbock test and their efforts against the Ector county troupe was two quarters of football . . . They played two commendable periods against the Westerners, then ran out of gas . . . Against Joe Coleman's Hosses, their stamina was much better . . . That no party could be singled out as "the lineman of the night" is a tribute to the play of the entire Big Spring forward wall . . . Eddie Houser, who had a bad break in the second period when the Broncos swarmed in on him on an attempted fourth down punt, was a tremendous ball player all the way . . . Eddie, by the way, will be back in 1947 and should be one of the top wings in prep circles . . . Fans who expected to see an all-stater in Bryon Townsend, Odessa fullback, were disappointed . . . Townsend had a bum leg . . . The Steer forwards kept plowing him under . . . On the other hand, the visitors' Big Gabriel was all he was supposed to be and more . . . He cracks a line in the manner of Oscar Heblson, Big Spring's fullback of 1931.

EDDIE HOUSER
... A future great

District 3AA Race Still Wide Open

Never did Dist. 3AA seem to be better balanced . . . Odessa, Sweetwater and Midland apparently are the three top elevens . . . Barnes Milam's Bulldogs have gained much prestige within the past two weeks, at the expense of Odessa and Sweetwater . . . Big Spring is capable of fighting for a first division berth . . . Abilene is showing improvement after a slow start . . . Lamesa surprised most everyone by outplaying Lubbock . . . Von Rhea Bean has his troubles at San Angelo but the Bobcats may yet scale the heights . . . It's still anybody's race . . . Dunny Goode, the Midland speedster, may prove to be the class of the district's backs . . . The Big Spring team, incidentally, is doing much better financially than it did a year ago . . . More than 10,000 paid admissions have passed through the gates for the three local games to date and the Bo-

vines still have North Side (Fort Worth), Abilene and San Angelo to play here . . . All games should play to capacity houses . . . With any sort of break from the weather, the attendance tote should better 20,000 . . . Efforts will be made in the next few weeks to get Howard Payne and West Texas State lined up for the 1947 ABClub charity football game here . . . Local promoters started too late in the year to line up two clubs for this year's bout, were lucky to do as well as they did . . . Presence of three or four local boys in the Sul Ross lineup should help attract the customers in next Friday's Lobo-Texas Lutheran contest . . . Joe Bailey Cheney, the Howard Payne coach and one of the most respected football authorities in the state, says West Texas boys are more durable and therefore make better players than lads who grow up in South Texas.

Rainier Fans Stick With Losers

Clarence Garnes, Big Spring's cracker-jack sports announcer of other years, is now working for an Odessa station . . . He helped air the Friday night bout here . . . Dick Gibson, the village's scrappy Golden Gloves champion of 1939, is married and in the contracting business at Reno, Nevada . . . Dick represented Big Spring as a welterweight in the Fort Worth state finals . . . "I hate to be held up by backers," wired Obie Bristow, who's playing in the Gleg Garden Open golf tournament at Fort Worth, to Ira Thurman the other day . . . He was qualifying behind Ben Hogan at the time . . . How times flies. Five years ago yesterday Mickey Owen dropped a third strike thrown by Hugh Casey at Tommy Henrich and the New York Yankees went on to score three times and beat the Brooklyn Dodgers, 7-4, in the fourth and last game of the World Series . . . Seattle finished in a tie for last place in the Pacific Coast baseball league the past season but the fans didn't seem to mind . . . A total of 444,469 paid their way in to see the Rainiers play at home . . . San Francisco of that same league played to more than 670,000 cash customers at home, an all-time minor league high.

Not since Notre Dame kicked the Army mule all around the Yankee stadium in 1943 has an upstart set of gridgers dared to do what the Cornells did this time, actually leading for a few moments in the first quarter. Then they came up off the floor to score twice more in the closing half. But all it got them was a 46 to 21 whipping and the cheers of a large portion of the crowd of 25,500 in Michie Stadium.

Doc Blanchard was on the sidelines again for the second straight Saturday, but his touchdown twin, Glenn Davis, was more than enough. The California comet wriggled over for four touchdowns—three of them in the first quarter—and what with assorted other point-makers, Army never was in any real trouble once the steam-roller got rolling.

Soldiers Pound Cornell, 46-21

WEST POINT, N. Y., Oct. 5 (AP)—Cornell today piled up more points against Army's footballers than any other grid outfit has done for three years, but not nearly often enough to stop the Cadets from careening to their 21st straight victory.

FLOCK SUBDUES CORSAIRS, 48-0

HOUSTON, Oct. 15 (AP)—The Rice Owls toyed with Southwestern University tonight to romp to a 48-0 victory. It was the Owls' first win in two starts.

Gophers Thumped

MINNEAPOLIS, Oct. 5 (AP)—Indiana's defending Big Nine football champions staged a second-half demonstration of power and passing technique to outplay Minnesota for a 21 to 0 decision today.

Pullig Mounts Rubber Today For Rebels

DALLAS, Oct. 5 (AP)—Tom Pullig, the former paratrooper from Arkansas, will attempt to pitch the Dallas Rebels within one game of its first Dixie Series baseball championship in 20 years tomorrow when he takes the mound against Bill Ayers, ace of the Atlanta Crackers pitching staff.

Starting at 3 p.m. CST. The first of a possible three-game set here is expected to jam between 12,000 and 13,000 into Rebel stadium if favorable weather prevails. The fourth game will be played Monday at 8 p.m. and if these two are divided, the fifth encounter will be staged Tuesday night.

If the battle is prolonged that far, the last two games in the best four of seven series are carded in Atlanta where the Texas League Champion Rebels made a clean sweep of the first two games Tuesday and Wednesday nights, 12 to 3 and 3 to 0.

Manager Kiki Cuyler and his Southern Association champs are staking their hopes on Ayers, a 21-game winner who hurled them to a 2-1 decision over Memphis in the association playoff finals.

Probable line-ups:
ATLANTA
Gearhart cf
Goodman lf
Ellis rf
Cieslak 3b
Heller 1b
Gieslak 3b
Hammer ss
Mathis c
Ayers p

Raiders Humble Methodists, 7-0

DALLAS, Oct. 5 (AP)—Texas Tech's Red Raiders felled their second Southwest conference foe in two starts tonight as they beat Southern Methodist 7-0 in the fading minutes of a frenzied fourth quarter.

A shoestring catch by Ralph Earhart of a 47-yard pass from Dick Sanderfer put the ball in scoring position on the Methodist five yard line and Ed Robnett plunged over for the score with Roger Smith converting.

Last week the Border conference eleven beat Texas A. & M. 6-0 and the win tonight kept the Raiders unbeaten and united for the season with three victories.

Southern Methodist kept a near capacity crowd in the Cotton Bowl on its feet with a passing attack

Trojans Blanked

LOS ANGELES, Oct. 5 (AP)—A feather-footed, heads-up band of Buckeyes from Ohio State, paced by a hard-charging line, drubbed the Southern California Trojans, 21-0, today in an intersectional grid battle before 80,047 in Memorial Coliseum.

Ohio's bruising fullback Joe Whisler scored all three touchdowns.

VOIS RALLY TO WIN
DURHAM, N.C., Oct. 5 (AP)—Tennessee's Volunteers came from behind with a brilliant overhead attack to post a 12-7 victory over a fighting Duke football team today before 42,000 shirt-sleeved fans.

Expectant Mother Seized, Tortured

CHICAGO, Oct. 5. (AP)— Her clothing torn to shreds, a 24-year-old mother of two children told police today she was seized by a man near her home, bound with rope and then tortured with a razor and a lighted cigarette.

The victim, Mrs. Thelma Breen, was treated at a hospital where physicians said eight stitches were required to close a cut in her right breast. The woman suffered also from cigarette burns. Mrs. Breen, who is expecting another child, told police her assailant fled when her moans attracted neighbors.

Districts To Vote On Policies Submitted By WTCC Executives

First of eight district meetings on the annual West Texas Chamber of Commerce referendum will be held Oct. 15 at Coleman, followed by a series which concludes Oct. 25, it has been announced. The session for districts six and seven will be held at Midland on Oct. 17.

The referendum is for the purpose of discussing the eight policy plans submitted by the WTCC executive board following a session last week at Colorado City. With one exception, the executive board made no request to the districts on behalf of the planks. The one it urged be adopted Plan No. 8 which proposes a "Taxpayers Code of Ethics" which calls for opposition to mounting federal expenditures; pointing to the \$18 billion defense budget as greater than admitted needs; for elimination of wartime bureaus and a 50 per cent reduction in the federal budget for next year; and for a state budget no greater than the current biennium.

- Other plans are:
1. Liberalizing coverage in old age insurance to make eligible more West Texans and to make need the sole basis of eligibility.
 2. Changes in the motor vehicle law to provide that the state gasoline tax refund, now four cents per gallon, shall be refunded one-fourth to rural school aid, one-fourth to counties for farm-to-market roads, and one-half to counties for soil conservation purposes only.
 3. Abolishing the state ad valorem tax permanently for general revenue purposes.
 4. Helping promote a self-liquidating all-Texas and state financed program of national industrial advertising.
 5. Supporting a state program of chemurgic research into agricultural production and all other raw materials.
 6. Allocation of farm-to-market roads with consideration to population, area, miles of rural and star routes and ten miles traveled in delivering farm and ranch products in ration the states, and that roads be built under supervision of commissioners courts and state highway department; that no new taxes be voted.
 7. Supporting a constitutional amendment dividing revenues from the University of Texas land fund to give 40 per cent to the University and Texas A&M and 60 per cent to be divided among all other state supported colleges.

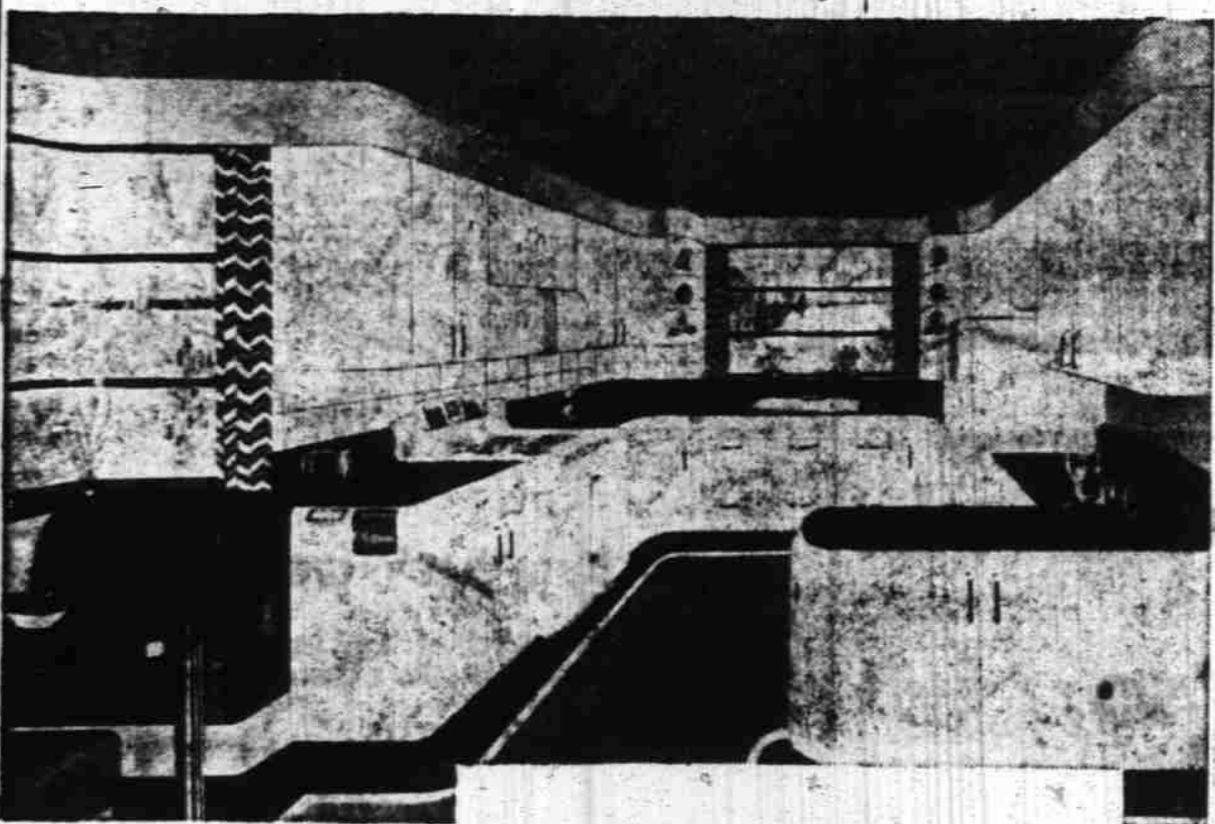

A swarm of locusts seen crossing the Red Sea in 1889 was so large that it covered an area of 2,000 miles.

Grenade In Theatre
Injures 12 Persons

SHANGHAI, Oct. 5. (AP)—Twelve persons were wounded tonight by an unidentified assailant who hurled a hand grenade into the jammed lobby of the Strand movie theater central district of the populous central district of Shanghai. Purpose of the attack was unknown. The hurler escaped by mingling with the crowd.

Smith Named
Medical Chief
For Hospital

Dr. Lester P. Smith, who spent most of his boyhood days in West Texas, has been named chief of the medical service of the Veterans Administration Hospital at Muskogee, Okla.

A brother of Albert Smith, T&P conductor, and a cousin of Tracy T. Smith, attorney of Big Spring, Dr. Smith has visited here on several occasions. His father, the late Ben F. Smith, and his mother, Mrs. Bertie Smith, who now resides at Wallace, lived here in 1928-29.

During the war, Dr. Smith served five years as a medical officer of the famed 45th division, which made the landing on Sicily and then pushed on to Italy to remain in battle continuously longer than any other unit in the war.

He attended school at Lockney, where his father operated a newspaper, and the Lockney Christian college, completing his high school work in the West Texas Teachers academy, where he also started pre-medical work, completed at the University of Texas. His medical training came at Tulane and Oklahoma University. In the latter school he got his first experience with the military by joining the national guard as an enlisted man in 1922.

Years of general practice, including house doctor for Texas Tech, followed in Texas and Oklahoma. Subsequently, he was made an officer in the Oklahoma national guard. In this capacity he took in the rugged maneuvers in Louisiana in 1940-41. Later he trained with the 45th at Camp Berkeley, going overseas on June 8, 1943. In various capacities, he was in active service as a medical officer until finally relieved in June, 1945. Dr. Smith retired with rank of major in the reserve.

Prior to his promotion, he served as ward surgeon of the Muskogee VA hospital.

Response Meagre
To Vet Benefits

Only five survivors of qualified World War II veterans have filed application for social security benefits under the recent veterans amendment to the SS act, George D. Clark, manager of the San Angelo office of the SS administration, reported Saturday.

He had not expected a large number, but the meagre total led him to believe that some qualified for benefits were uninformed of their rights.

In some instances, additional benefits are available to survivors of veterans who received monthly or lump sum benefits if it is found they are entitled to more relief under the amendment. Survivors who have made no claims at all are entitled in many instances to benefits under the new amendment. Clark's office is in 414 Rust building, San Angelo, and information may be had from him.

Vet Certifying
Agent Due Here

W. L. Roy, Wellborne, field certifying officer from the War Assets Administration regional office in Fort Worth, will be here Thursday to aid veterans of this area in obtaining necessary certification qualifying them to buy surplus government property.

Wellborne will be at Room 206 Petroleum building from 9 a.m. to 1 p.m. and from 2 p.m. to 5 p.m. Ex-servicemen and women of World War II are eligible to apply for certification, which can be completed by bringing a copy of discharge papers.

There will be 43 sales of surplus property by the WAA during October. One of the latest surplus items is approximately one million Bibles, to be made available free to religious, educational and eleemosynary institutions.

Big Spring Firms
Agree On Hours
Open For Business

Most Big Spring business houses are operating under opening and closing schedules agreed upon during the past week.

While there is no set policy across the board, bulk of the stores open at 9 a.m. and 9:30 a.m. with a scattering few at 8 a.m. and 8:30 a.m. Most popular hour for closing is 5:30 p.m. with a few set back to 6 p.m. Saturday closings are not uniform but are generally an hour or two later.

Most schedules are in fair agreement among similar types of business. Schedules of openings and closings have been distributed by the chamber of commerce retail committee.

Under a holiday slate adopted last year, Big Spring businesses will observe three more general holidays this year. The first will be on Nov. 11, the second on Nov. 28, and the third Dec. 25.

Carriers In Air
Despite Weather

Although there was no local flying at the municipal airport Saturday due to low hanging clouds and rain, commercial carriers maintained their schedules through Big Spring.

The CAA control tower reported that clearances were granted only for planes equipped for instrument flying, which halted local traffic. The passenger and freight airliners continued normal operation, however.

Ficklin-Walker Rites Announced At Dinner

Mr. and Mrs. T. J. Walker announced the engagement and approaching marriage of their daughter, Leeta Frances, to Frank W. Ficklin of Wichita Falls, when they entertained with a buffet dinner Saturday evening in their home.

The dining table was laid with a lace cloth, centered with a shallow crystal bowl filled with white flowers. A broad white satin ribbon, extending from either side of the arrangement, bore the engaged couple's names. A matching band of ribbon placed before the floral piece announced the marriage date as November 27. Tall blue tapers were set in double crystal holders

placed on either side of the centerpiece.

Individual tables were centered with blue candles tied with white satin ribbons ornamented with miniature white wedding bells. White napkins with blue lettering were inscribed, "Leeta and Frank—November 27."

The formal ceremony will be performed in the First Methodist church with Rev. M. A. Walker of Sudan, uncle of Miss Walker, reading the vows. The bride's attendants will be Mrs. O. E. Wicks, Wichita Falls, matron of honor, with Dorothy Sue Rowe and Erma Lee Gideon, bridesmaids. L. C. Ficklin, Jr., of Wichita Falls will act as best man, and ushers will be W. G. Reed of Wichita Falls and Don Crow of Slaton.

Miss Walker was graduated from Big Spring high school in 1941 where she was a member of the Sub-Deb club. She was a student at John Tarleton college where she belonged to the OWLS. She has been employed at the State National bank here for the past four and a half years. She is a member of Beta Sigma Phi.

Ficklin, son of Mrs. M. A. Stevens and L. C. Ficklin, both of Wichita Falls, was graduated from Wichita Falls high school. He served in the army for five and a half years in the 31st Field Artillery. He was a Japanese prisoner of war for four years as a member of the "Lost Battalion."

Attending the dinner were Janis Yates, Erma Lee Gideon, Carolyn Cantrell, Marjorie Laswell, Mr. and Mrs. A. J. Haines, Betty Kay and LaJune, Mr. and Mrs. H. M. Rowe, Lillian Rowe, Mr. and Mrs. Ralph Stark, Martha Cargile, Miss Walker and Ficklin.

FOOTBALL SEASON in its truest form requires the work of not only the teams on the field, but also the performers who give the atmosphere color. Synonymous with fall weather and football games are noise and color. An important cog in the gyrations of the band after the players leave their seats at the half is the drum major. Lex James, left, is in charge of the performers when they reach the field. The constant roar from the student section is the handiwork of the yell leaders, who,

this year, are all girls. Wearing black pleated skirts with full sleeved satin blouses emblazoned "Steers" across the shoulders, the girls encourage the high schoolers to back their team to the fullest. This year's leaders, above, are from left to right: Jean Pease, Dot Cauble, Beverley Stulting, Billie Jean Younger, Peggy Lamb and Joyce Worrell. A sister act which prances before the band is that of the Barnaby girls, Mae, Joy and Jo, official twirlers for the band. (Photo by Jack M. Haynes).

Homemakers Club Installs Officers At Friday Meeting

The Homemakers Class of the First Baptist church met in the home of Mrs. M. E. Marlan Friday afternoon for an inspirational program and the installation of class officers.

Mrs. W. A. Stall gave the devotional on Philipians 3, 10-14, and Mrs. Dick O'Brien installed officers. Mrs. R. H. Snyder was installed as president and others taking office were Mrs. J. F. Skalkley, first vice president; Mrs. Charles Sullivan, third vice; Mrs. R. Richardson, secretary; Mrs. M. C. Stulting, recording secretary; Mrs. V. W. Fuglaar, treasurer; and Mrs. J. C. Smith, reporter. Group captains include Mrs. Roy Greene, Mrs. G. C. Potts and Mrs. George Melear.

Refreshments were served and visitors attending were Mrs. J. L. Haynes, Mrs. R. D. Ulrey, Mrs. C. E. Richardson, Mrs. Lina Lewellen, Mrs. Mable Stewart of San Angelo.

Members present were Mrs. Melear, Mrs. Stulting, Mrs. G. C. Potts, Mrs. Roy Green, Mrs. Snyder, Mrs. Stall, Mrs. Fuglaar, Mrs. Smith and the hostess.

Golf Assn. Has Monthly Luncheon

Members and guests of the Ladies' Golf Association met at the Big Spring Country club Friday for luncheon and an afternoon of bridge and golfing.

Hostesses for the day were Mrs. Joe Burrell, Mrs. C. J. Staples, Mrs. Doug Orme and Mrs. Dee Davis. Bridge awards went to Mrs. Burl McAllen who won high score, Mrs. H. W. Miller, second high, and Mrs. Dee Davis, who bingoed.

Hostesses named for the November luncheon were Mrs. Elmer Hart, Mrs. Matt Harrington, Mrs. John Hodges and Mrs. Hudson Landers.

Members and guests attending were Mrs. C. H. Raigwater, Mrs. H. W. Wright, Mrs. C. O. Nalley, Mrs. Cecil Snodgrass, Mrs. R. B. Reeder, Mrs. George Tillinghast, Mrs. Otis Graf, Mrs. Lloyd Wastson.

Mrs. George Oldham, Mrs. C. A. Jones, Mrs. Richard Johnson, Mrs. John Hodges, Mrs. Elmo Wasson, Mrs. Ben LeFever, Mrs. Sam Goldman, Mrs. Jess Willbanks, Mrs. Shirley Robbins, Mrs. F. B. Smith, Mrs. Bill Griese, Mrs. Burl McAllen.

Mrs. Carl H. Sapper, Mrs. G. H. Wood, Mrs. M. H. Bennett, Mrs. Escal Compton, Mrs. Charles Hicks, Mrs. D. M. Penn, Mrs. George French, Mrs. Elmer Hart, Mrs. Harry Miller, Mrs. Marvin Miller, Mrs. A. F. Knappenberger of Graham, Mrs. Poe Woodard, Mrs. Roxie Dobbins, Mrs. James Edwards, Mrs. Bob Satterwhite, Mrs. Bob Hodges and Mrs. Frank McClesky.

Wings Over Jordan Group To Give Concert At Auditorium October 9

Wings Over Jordan, a world-known Negro choir, will appear at the city auditorium in Big Spring Wednesday, October 9, at 8 p. m. under the sponsorship of the Lakeview Parent Teacher organization.

A mixed choir of 24 voices, the choral group specializes in arrangements of well known Negro spiritual selections, and offers its program a capella.

The choir was organized by Worth Cramer, manager of a radio station in Cleveland, O., who was the original director of the group and resigned his position to devote his full time to the work. At the present time the chorus is on a tour which will terminate in Hollywood, Calif., where it will be featured in a moving picture.

During the war the singing group was carried overseas to entertain the troops. Originally scheduled for a three months trip, the singers were so popular with the service forces that their tour was extended to nine months.

Tickets for the performance are on sale at Hester's and at the Anderson Music company.

Hyperions Meet In Robb Home

A luncheon in the J. Y. Robb home Saturday afternoon marked the first meeting of the 1930 Hyperion club for the fall season.

Assisting Mrs. Robb were Mrs. Ira Thurman and Mrs. M. H. Bennett. A bouquet of queen's wreath and fern decorated the luncheon table, and guest speaker for the afternoon was Elouise Haley, who told of her experiences with the American Red Cross while serving in Italy during the war.

It was announced that Mrs. Morris Patterson would give a book review at the next meeting which will be held in the home of Mrs. Carl Blomsheld October 19.

The guest list included Mrs. Maurice-Koger, Mrs. Marie Frost, Mrs. Omar Pittman, Mrs. H. C. Stipp, Mrs. Blomsheld, Mrs. Elmo Wasson, Mrs. Horace Garrett, Mrs. R. B. G. Cowper, Mrs. W. B. Hardy, Mrs. E. V. Middleton, Mrs. Ben LeFever, Mrs. Dave Watt and Clara Secret.

Lutheran Church To Have Mission Festival Today

A mission festival is to be held at St. Paul's Lutheran church today with around 200 persons attending from Big Spring and Midland.

The all-day affair was planned to stimulate interest in missionary work, and plans are to serve a noon and evening meal on the church lawn if weather permits.

Program for the event was planned Friday when members of the Concordia Ladies Aid met at the church at 7:30 p.m.

Also discussed was the women's project for the year, a church bazaar which will be held on the church lawn November 1. Feature attractions will include booths selling fancy handwork made by church women, a bakery booth with fancy pastries and various entertainment booths. During the bazaar two quilts made by the Ladies Aid will be given away, and a cordial invitation has been extended to the public to attend.

Also discussed was a social meeting to be held Sunday, October 27 in the home of Mrs. Herman Pachall.

Those attending were Mrs. E. O. Vogue, Rev. and Mrs. O. E. Horn, Mrs. W. C. Heckler, Mrs. M. H. Heckler, Mrs. M. H. Carroll, Mrs. H. A. Pachall, Mrs. M. W. Rupp, Mrs. John Foster, Mrs. W. F. Pachall, Mrs. R. A. Pachall, Mrs. Albert Hohertz, Mrs. Henry Fehler and Mrs. Kurt Kowerske.

Mrs. Piner Entertains

Queen's wreath and fern were used in decorations at a luncheon given in the R. T. Piner home Saturday afternoon for members of the 1905 Hyperion club.

The luncheon was served buffet style from a table centered with an arrangement of wreath and miniature bouquets were placed on individual tables.

The Saturday meeting was the first of the fall season and members answered roll call with an account of summer activities. Next hostess will be Mrs. J. D. Biles who entertains October 19th.

Those attending were Mrs. Biles, Mrs. James T. Brooks, Mrs. J. A. Coffey, Mrs. Robert Currie, Mrs. J. H. Greene, Mrs. Lee Hanson, Mrs. James Little, Mrs. Larson Lloyd, Mrs. E. B. McCormick, Mrs. K. H. McGibbon, Mrs. Don Seale, Mrs. V. Van Gleson, Mrs. Charles Watson and Mrs. J. B. Young.

Allegro Music Club To Feature Choral Training At Meets

For their first meeting of the new year the Allegro Music club members gathered at the First Baptist church Saturday morning to hear plans for the year's work, which will feature choral training.

Mrs. H. M. Jarratt, sponsor declared.

The first rehearsal of the singing group will be at the First Baptist church on Oct. 19, under the direction of Mrs. M. B. Beam.

Sandra Swartz was program leader and those appearing in piano solos were Margaret McDonald, Mary Frances Norman, Kitty Roberts, and Betty Huneycutt. Mrs. G. T. Hall, president of the Music Study club spoke to the group on their part in the district conference of music clubs which will be held here next month.

Marilyn Miller, president for the year, distributed the year books. Mrs. J. E. Hardesty and Mrs. Beam will assist Mrs. Jarratt in sponsoring the club this year.

Attending were Doris Ann McDonald, Kitty Roberts, Joyce Ann Anderson, Peggy King, Emma Tucker, Mary Frances Norman, Patricia Lloyd, Sylvia Brigham, Margie Beth Keaton, Beverly Trapnell, Myrna Jean Talley, Marie Hall, Lynn Rogers, Sandra Trapnell, Betty Huneycutt, Marilyn Miller, Jo Ann Smith, Joyce Ann Pritchett, Janis Nalley, Sandra Swartz and Margaret McDonald.

Dinner At Country Club

Members of the Big Spring Country club and their out-of-town guests are invited to attend a chicken dinner which will be served at the clubhouse this evening from 6 to 8 p.m.

Dabneys Have Daughter

A daughter was born to Mr. and Mrs. Jack Dabney at the Malone-Hogan clinic Friday at 2:15 p.m.

The infant weighed six pounds, 15 ounces at birth, and has been named Carolyn Gere.

Mrs. Frank Ballough of Wallingford, Conn., is the maternal grandmother, and Mr. and Mrs. G. W. Dabney of Big Spring are paternal grandparents.

Pastor Announces Sermon Subjects

"A Cross, A Communion and A Crown" is the subject of the morning sermon to be delivered at the First Presbyterian church today by the pastor, the Rev. Gage Lloyd.

The text will be Matthew 18, verse 24, and special music for the 11 a.m. service will include an anthem by the choir, "I Come To Thee" by Herman von Berge.

Rally Day was to be observed in Sunday school classes at 9:45 a.m.

Continuing a series of sermons on the Prodigal Son, the pastor will speak on "The Prodigal Faces The Facts" at 7:30 p.m. services. A quartette will present special music.

LEGION AUXILIARY TO MEET
Members of the American Legion Auxiliary were urged to attend a meeting at the Settles hotel Monday at 8 p.m.

Mr. and Mrs. Alfred Adams and James Duncan, all students at Texas Tech in Lubbock, were in Dallas over the week end to attend the SMU-Tech football game.

WHAT GIVES 'ROUND TOWN

By LEATRICE ROSS

High school has its government rolling now, having completed ballots Wednesday on election of student officers. Victors in the run-off for senior officials were George Worrell, president, Marvin Wright, vice-president, and Mary Louise Davis, secretary. B. B. Lees will take over the presiding of the junior class and will be assisted by Roy Lee Pool, and Mary Beth Morgan, whereas sophomore officers include Joyce Worrell, Fish will be led by Howard Jones, Amos Jones, and Wayne Horn, president, vice, and secretary, respectively.

HCJC will nominate student officers come next college assembly. Student activities committee (Anderson, Ross, and Rudesell) is developing an agenda with a future. The far considered are teams in basketball and tennis for girls, football and basketball for the men; organization for Vets; some club whereby the girls who are outnumbered may stick together; student council.

Prospective music maestro is Beans Miller, who signed up for piano at HCJC Friday. Jimmy Tamsitt will continue his work on the longhair here for a short while.

Kenneth Huet, who left the Army in June and has heretofore been a student at UCLA, Los Angeles, is home again and registered at HCJC.

Castle Campbell scribbles to us from ACC in Abilene that he has acquired ideal living quarters — five miles from a campus, without windows, with leaky roof, a room approximately four cubic

feet in size. We do not vouch for the authenticity of this report. . . . Lately Reed Collins and Bobby Hollis spent some leisure on the H-SU campus, guests of Donald Williams and W. T. Morgan.

Wednesday evening rendezvous at the State drug: Tip Anderson, Bill Merrick, Jim Bob Chaney, Mickey Butts, using the strong arm on the pinball machine. . . . Herby Johnson and Lynn Jeffcoat explaining the tribulations of the college man to Ann Smith. . . . Also there: Doris Stuteville Dolores Hull, Sue Nell Nell Janet Robb, Robbie Potts.

Hear that Ellen McLaughlin received a letter from James Brooks, Tech man. . . . Addition to our population is Martha Frasar, native of Strawn, Texas, and vet from John Tarleton. Martha will be at HCJC this year. . . . Mary Lou Partridge is in Dallas until Monday.

Sub-Deb pledges Dot Cauble, Jane Stripling, Betty Lou Huet and Dot Wasson may be commended for their choice of the most colorful gunny sacks attire seen in Big Spring this fall. . . . Something new to amuse people with spare time. A fine typewriter which does not type, but which does play nice tunes, with book of instructions and scales included. Next thing out, doubtless, will be a radio that

gives forth no melodies, but which will rise and lumber across the floor at regular intervals.

The following old hometowners who go to Tech left Lubbock Friday for Dallas, where the Red Raiders took on SMU Saturday afternoon: Ann Talbot, Bobby Barron, Ollie McDaniel, George O'Brien, Robert Coffey, Pete Cook, Jimmie Talbot. . . . Just loafing downtown the last night or two: James and Billy Eppier, Ernest Potter, Billy Bob Whittington, J. T. Erwin, Johnnie Hooper. . . . In the movies Thursday night: Bonnie Coats, Jimmie Morehead, Don Wilkes, Joe Dick Merrick, Gib Sawtelle, Carolyn Cantrell, Jonelle Sikes, Janice Yates, Wida Watts, Wesley Yater.

Winifred Cunningham is back in town. . . . Phyllis Jones, import from New York, is a new senior in high school. . . . Jocelyn Clark is piloting a 1946 Plymouth lately. . . . Nominations for band queen of BSHS will begin Monday. . . . Big Springers making a success at H-SU include Charlene Tucker, solo cornet player with the Cowboy band, and Charles Sipes, who has been named drum major.

Terry Carter Heads DO Organization

Terry Carter was elected president when members of the Diversified Occupations class of the Big Spring high school met at the high school last week for an organizational meeting.

Other officers of the group were David Peters, vice-president; Nidra Williams, secretary-treasurer; and Joyce Jones, reporter.

Plans for the year's work were discussed and arrangements were made for various activities. Approximately 27 students are in the group. Stanley Cameron is the teacher.

Donnie Hedgpeth Honored At Party

FORSAN, Oct. 6 (Spl.)—Mrs. W. V. Hedgpeth entertained last week with a party for her son, Donnie, in celebration of his fourth birthday anniversary.

Outdoor games were played, after which refreshments were served and gifts presented.

Guests were Sue Averett, Treva Dee Johnson, Yvette Scuddy, Patricia Smith, Billie Sue Sewell, Betty Ruth Sewell, Madge Anderson, Johnny Bob Asbury, Jimmie Anderson, Buster Peek, Lorene Johnson, John Dale Howell.

Mary-Martha Class Has First Meeting

Mary-Martha class of the First Baptist church a recently organized class of women, met Thursday evening in the home of the class

president, Mrs. Joe Clere, to complete plans for the class and for a social hour. Officers elected by the class included Mrs. Glenn Smith, teacher; Mrs. Joe Clere, president; Mrs. Boone Horne, class ministris; Mrs. J. S. Peden, membership chairman; Mrs. Wayne Williams, stewardship chairman; Mrs. C. L. Lumpkin, fellowship chairman; Mrs. J. L. Billings, secretary and treasurer, Mrs. Otis Grafia and Mrs. Eugene Turner, group captains.

The regular monthly social meeting will be held the first Monday following the last Sunday in each month.

As its first project the class will install a marker reserving parking space at the church for the pastor's car.

Attending the meeting were Mrs. Glenn Smith, Mrs. Wayne Williams, Mrs. Boone Horne, Mrs. J. S. Billings and the hostess.

Bible Class Has Lunch At Church

Officers of the Susannah Wesley class of the First Methodist church for the new Sunday school year assumed their offices at the regular monthly luncheon meeting held Friday at the church.

Hostesses were Mrs. Charles Morris, Mrs. A. C. Bass, Mrs. L. E. Eddy, Mrs. Joe Faucett, Mrs. C. E. Talbott and Mrs. J. C. Waits. New officers included Mrs. L. E. Eddy, president; Mrs. D. B. Armistead, teacher; Mrs. C. E. Talbott, spiritual life leader; Mrs. A. C. Bass, reporter; Mrs. J. C. Waits Sr., treasurer; Mrs. Joe Faucett, secretary; and Mrs. J. B. Sloan, corresponding secretary.

The group drew names for new circles, and the leaders named were Mrs. Charles Morris, Mrs. C. E. Shive, Mrs. Mary Delbridge, Mrs. J. P. Meador, Mrs. W. A. Miller, Mrs. W. A. Underwood, Mrs. Arthur Woodall, Mrs. Bob Eubanks, Mrs. L. W. Croft, Mrs. Bernard Lamun and Mrs. A. M. Bowden.

The luncheon table was decorated with bowls filled with dahlias and queen's wreath.

Visitors included Patsy Kirk, Nell Hatch, Mrs. Frances McMichael and Rev. and Mrs. H. Clyde Smith.

Members attending the meeting were Mrs. H. F. Taylor, Mrs. H. F. Williamson, Mrs. E. F. Dorsett, Mrs. W. A. Underwood, Mrs. Alice Riggs, Mrs. J. Luck, Mrs. W. A. Miller, Mrs. L. E. Eddy, Mrs. C. E. Talbott, Mrs. Joe Faucett, Mrs. Charles Morris, Mrs. B. E. Winterrowd, Mrs. G. E. Fleeman, Mrs. C. H. Pool, Mrs. J. A. Myers, Mrs. Anna Vastine, Mrs. Mary Delbridge, Mrs. A. E. True, and the hostesses.

Mrs. Hale Tells Of Games Classes

FORSAN, Oct. 6. (Sp.)—At the regular meeting of the Forsan Home Demonstration club last week in the home of Mrs. G. B. Hale, the hostess told of activities at the recently conducted recreational school in Sweetwater.

Mrs. Hale and Margaret Christie, HD agent, conducted a social hour in which games and songs learned at the meeting were taught.

Refreshments were served. Attending were Miss Christie, Mrs. Earl Hughes, Mrs. J. M. Craig, Mrs. H. L. Tiernand, Mrs. Frank Hull, Mrs. E. B. Griffith, Mrs. W. M. Fairchild, Mrs. Fred Green, Mrs. S. T. Millhollen, Mrs. Henry Starr, Mrs. J. P. Kubecka. Mrs. Hughes will be next hostess.

RECENT BRIDE—Pictured above is Mrs. Warren Craig Snyder, who before her marriage Wednesday evening was Miss Betty Jo Pool, daughter of Mr. and Mrs. C. H. Pool. The formal ceremony was read at 7:30 o'clock by the Rev. H. Clyde Smith, pastor of the First Baptist church. Snyder, a 1942 graduate of the Avalon high school, Pittsburgh, Pa., is the son of Mr. and Mrs. William H. Snyder of that city. The couple is at home here. (Photo by Jack M. Haynes).

Listen Lady

Don't Compare Pre-War Prices Unless You Have A Strong Constitution

By HELEN WILSON

Lady, if you feel that you can't cope with the zomping price of living and you've fretted over the rising spiral until you're nearly a wreck, then don't read this.

Frankly, this place concerns itself with prices in comparison with 1941 and previously, and weak hearts shouldn't flit with studies of the "good old days."

Of course the comparison is difficult since canned pineapple, cherries, marshmallows and good soap cluttered grocery shelves in the good old days, but shake in despair as we compare the price of food bought then and the valuable substitutes we use now.

Green beans sold for nine cents per can and today they're around 15 cents. The butcher displayed loin steak for 29 cents per pound and today he ducks behind the scales when he whispers 59 cents. Bacon, heaped up in every market, went for 27 cents and now you're lucky to find it for 69 cents. Spuds retail for five cents per pound at present, but back in '41 they gave them away at 10 pounds for eight cents.

Forty-nine cents was a good price for a fryer in October five years ago, and now they average \$1.18 for a two pound bird. Our grocery store listed catsup for 10 cents per bottle and now it costs you around 26 cents.

Here are a few more comparisons taken from newspaper advertising just to make you miserable.

	1941	1946
Sausage	15c	37c
Peaches (canned)	15	32
Lettuce	3	10
Cheese	22	69
Butter	37	85
Coffee	26	51
Eggs	18	65

1.36 \$3.49
The comparison could not be carried back to the never-to-be-forgotten days of 1933 when all the talk was NRA and no one had a nickel so grocers could afford little advertising. Now and then you could find one listing apples for \$1.45 per box, and oranges two dozen for 25 cents. Restaurants featured chicken or turkey dinners for 35 cents, and you could get a malted milk for a dime. Train fare to Dallas was \$3.50. Men's suits (two pair of pants) retailed at \$15.95; and girls fabric coats (with tam and muff to match) cost \$3.98.

A new 1933 Plymouth sold for \$445, and automobile batteries cost \$3.45. Heavy bedspreads were \$1.69 and all wool blankets, \$3.50. Local women bought all-silk crepe for 58 cents per yard and pure silk hose for 59 cents.

Scanning over 1933 issue of the Herald for comparisons, it is difficult to realize and more difficult to remember the small cost

of living, but in October 1933, Tommy Manville had just married his fourth wife and there's been plenty of water under the bridge since.

Trainmen Ladies Plan For Luncheon

At their next meeting on Oct. 18 at 1 p.m., members of the Trainmen Ladies lodge will entertain their families at a covered dish luncheon, members decided at a regular business session Friday afternoon at the WOW hall.

Mrs. J. P. Meador, president, announced that the committee to be in charge of the tables will be Mrs. J. T. Allen, Mrs. Meador, Mrs. V. E. Lewis, Mrs. Eymon Lovelady and Mrs. B. N. Ralph. The lodge voted to have a contest for selling Christmas cards as a means of raising money for the organization. The losing team will entertain the winners at a party. Group captains named were Mrs. A. J. Cain and Mrs. E. A. Hicks.

Present for the meeting were Mrs. H. W. McCannless, Mrs. G. B. Pittman, Mrs. Annie Schull, Mrs. E. O. Hicks, Mrs. J. P. Meador, Mrs. B. N. Ralph, Mrs. J. T. Allen, Mrs. A. J. Cain, Mrs. J. C. Burnham, Mrs. Emma Lovelady, Mrs. S. V. Jordan, Mrs. V. E. Lewis and Mrs. Frank Powell.

Make This Home Recipe To Take Off Ugly Fat

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show the simple, easy way to lose

bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloot disappears—how much better you feel. More alive, youthful appearing and active.

Visits And Visitors

Mr. and Mrs. Al Aton have as guests, Mrs. W. M. Aton, Mr. and Mrs. Roger Aton, Bob and Carolyn Aton of Binghamton, N. Y.

Visiting in the Rupert Hallbrook home over the week-end are Mr. and Mrs. Raymond Hallbrook and children of Odessa.

Charlene Pinkston and Ell McComb, students at Texas Tech, Lubbock, are in Big Spring this week-end.

Mr. and Mrs. George Ralner of Troy, Ala., arrived Saturday for a visit here with their parents, Mr. and Mrs. J. Q. Kirby, Sr., and grandmother, Mrs. L. S. Stockton. Chief Petty Officer and Mrs. Floyd A. Dixon of Lakehurst, N. J., are visiting here with Mrs. B. Y. Dixon and Frances Jesse and Mrs. Franklin Earley and family. Mrs. Dixon will remain in Big Spring, but Dixon will return to his station next week.

Mr. and Mrs. E. G. Locklar and daughter, Peggy of Odessa, were in Big Spring Friday evening to attend the football game and visit in the Franklin Earley home.

Martha Ann and Nora Hardy and Zaida Brown spent Saturday at Mrs. James C. Jones, Mrs. S. W. Agee and children and S. P. Jones returned Friday evening from Yakima, Wash., where they have been visiting with Mr. and Mrs. W. M. Stoutenberg. Mrs. S. P. Jones will remain for another month before returning to Big Spring.

Social Calendar For Monday

PRESBYTERIAN Auxiliary meets at the church at 3:15 for a business meeting. Executive board meets at 2:30 p.m.

FIRST BAPTIST WMS meets in circles. The Lucille Reagan circle meets with Mrs. C. T. McDonald, 1110 Austin. Meeting at the church at 3 p.m. will be the East Central, Christine Coffee and Mary Willis circles.

WMS meets at the Church of the Nazarene Monday evening at 7:30 p.m. for inspirational study presided over by Mrs. B. Y. Dixon. FIRST CHRISTIAN WOMAN'S COUNCIL will have a mission study conducted by Mrs. Harry Lees at the church at 3 p.m.

WESLEY METHODIST WSCS will meet at the church at 3 p.m. for Bible study conducted by Mrs. E. R. Cawthorn. ST. MARY'S EPISCOPAL AUXILIARY will meet in the parish house at 3:30 p.m.

FIRST METHODIST WSCS will have a World Outlook program at the church at 3 p.m.

Scout Council To Meet

The regular monthly meeting of the Big Spring Girl Scout council will be held at the high school tax office Monday evening at 7:30 p.m.

Mary Miller, executive worker, will be here for the monthly business session, and Mrs. Larson Lloyd, council president, has urged that all members attend.

Musicians To Meet

Music Study club will be entertained Wednesday afternoon at a seated tea in the home of Mrs. G. T. Hall from 4 until 6 p.m. Members may invite guests to the affair. A business meeting will be held at 3 p.m., preceding the tea.

Initiation Tuesday

Members of the Big Spring Rebekah lodge will initiate candidates from Stanton Tuesday evening at a program slated 7:30 p.m. at the IOOF hall.

Members of the local team will drill and all are asked to be present.

Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emollient is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy... it helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the trunk, tingling or burning sensations of the skin... for the tired back muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

Mother's Friend

Parent-Teacher Unit Entertains Faculty Members At Game Party

FOR SAN, Oct. 5. (Spl.) — J. M. Craig, Mr. and Mrs. Harry Miller. Mr. and Mrs. C. V. Wash, Mr. and Mrs. E. N. Baker, Mr. and Mrs. W. B. Averitt, Mrs. G. F. Duncan, Mrs. Walter Averitt, Mrs. J. B. Sowell, Mrs. C. H. Cox, Mrs. H. C. Smith of Big Spring, Margaret Christie of Big Spring, Gwendolyn Oglesby, Jerry Duncan, Doyle Gilmore.

After Mrs. M. E. Perry, vice-president of the unit, gave the welcoming address, C. V. Wash introduced G. H. Kennedy, the superintendent, who in turn presented each teacher with a corsage.

Piano selections were played by Treva Dee Johnson and Tommy Miller, Jerry Duncan and Gwendolyn Oglesby sang two songs accompanied by Doyle Gilmore.

After Mrs. G. B. Hale had directed an hour of recreation members of the homemaking classes served refreshments.

Attending were Mr. and Mrs. G. H. Kennedy and son, Mr. and Mrs. O. S. Clark, Mr. and Mrs. Bob Honeycut, Mr. and Mrs. Glen Whittenburg, Mrs. Muri Bailey, Mrs. Blanche Cathcart, Laura Whittenburg, Nell Rodgers, Mary Britton, Kathryn Bailey, Emma Frances Sageser, Joe Holladay.

Mr. and Mrs. A. P. Oglesby, Mr. and Mrs. M. M. Fairchild, Mr. and Mrs. G. L. Monroney, Mr. and Mrs. J. P. Kubecka, Mr. and Mrs. M. E. Perry, Rev. Burl Clark, Mr. and Mrs. R. E. Hughes, Mr. and Mrs. E. A. Grissom, Mr. and Mrs. G. B. Hale, Mr. and Mrs. D. W. Roberson, Mr. and Mrs. W. L. Johnson, Mr. and Mrs. J. E. Chanslor, Mr. and Mrs.

J. M. Craig, Mr. and Mrs. Harry Miller.

Mr. and Mrs. C. V. Wash, Mr. and Mrs. E. N. Baker, Mr. and Mrs. W. B. Averitt, Mrs. G. F. Duncan, Mrs. Walter Averitt, Mrs. J. B. Sowell, Mrs. C. H. Cox, Mrs. H. C. Smith of Big Spring, Margaret Christie of Big Spring, Gwendolyn Oglesby, Jerry Duncan, Doyle Gilmore.

Mary Ann Fairchild, Tommy Miller, Billy Dan Miller, Jeanette Elliott, Marie Dawes, Jean Miller, Betty Jo Roberson, Johnita Griffith, Sara Ann Chanslor, Betty Lynn Oglesby, Billy Dan Miller, Robert Lee Roberson, Juanita Cox, Norma Lee Dawes, Treva Dee Johnson, Dea Elma Grissom, Sue Averitt, Sandra Sowell and Wynell Sowell.

Cub Scouts, Parents Have Basket Picnic

FOR SAN, Oct. 6. (Spl.) — A group of Cub Scouts and their parents were guests at a picnic at the J. D. Leonard home last week.

Basket lunches were spread in the Leonard back yard. Attending were Mr. and Mrs. Bob Norman, Mr. and Mrs. Earl Hughes, Mr. and Mrs. J. D. Leonard, Mr. and Mrs. Burt McAllen, Mr. and Mrs. M. E. Perry, Mr. and Mrs. Harry Miller, Mr. and Mrs. G. B. Hale, Mr. and Mrs. Ted Henry, A. P. Oglesby, Rev. Burl Clark, C. J. Wise, Lloyd Hale, Jerry Don Hughes, Roy Edward Hughes, Albert Oglesby, Bobby McAllen, Tommy McAllen, Billie Dan Miller, Tommy Miller, David Wise, Maurice Perry, Bill Leonard, Bobby Leonard, Tommy Henry, Danny Henry, Betsy Ann Wise, Beverly Ann Grubbs.

Large Crowd Attends Dance After Game

Around 250 young people attended an informal dance sponsored by the High Heel Slipper club at the Settles hotel Friday evening following the Big Spring-Odessa football game.

Music for dancing was furnished by record player, and decorations included green and white crepe paper streamers around the room.

Eastern Stars Attend Colorado City Affair

Three grand officers of the Order of the Eastern Star attended a buffet dinner given in the home of Mrs. Elizabeth Elliott, deputy grand matron, in Colorado City Thursday evening.

Friendship Night was observed by the chapter, and attending from Big Spring were Mrs. Agnes V. Young, past grand matron; Mrs. Gladys Daimont, deputy grand matron; and Mrs. Maude Brooks, grand representative.

Attending the chapter meeting from Big Spring were Mrs. Bonnie Allen, Mrs. Ruth Pittman, Mrs. Fannie Mae Akers, Mrs. Lena Koberg, Mrs. Mary Ehlman, Mrs. Brownie Dunning, Mrs. Edith Murdock, Mrs. Ethel Lees, Mrs. Dorothy Hull, Mrs. Vera Caldwell, Mrs. Oza Green and Mrs. Lois O'Barr Smith.

Forsan Study Club Honors Federation Officers At Tea

FORSAN, Oct. 6. (Sp.) — The recently re-organized Forsan study club met Wednesday in the home of Mrs. J. D. Leonard with a tea honoring Mrs. J. Howard Hodge, first vice-president of the Texas Federation of Women's clubs, from Midland, Miss Ethel Foster, past state president, from Sterling City, and Mrs. W. G. Epley, first vice-president of the Eighth district, from Midland. The tea table was spread with a lace cloth and bore a centerpiece of snapdragons. Mrs. Harry Miller and Mrs. Jeff Inglish presided at the tea service. During the tea hour Mrs. W. L. Johnson sang "If All My Dreams Came True," and "Brahms' Lullaby." She was accompanied by Mrs. M. E. Perry, Jerry Duncan and Gyn Oglesby, accompanied by Doylene Gilmore, sang two selections. Mrs. Perry played selections throughout the entertain-ment hours. Attending were Mrs. W. B. Dunn, club president, Mrs. Lois O'Barr Smith, Mrs. J. B. Sowell, Mrs. Frank Tate, Mrs. F. C. Iserman, Mrs. E. A. Grison, Mrs. Harry Miller, Mrs. Jeff Inglish, Mrs. Robbie Godwin, Mrs. O. N. Green, Mrs. Newman Baker, Mrs. Perry, Mrs. Leonard and Mrs. Johnson.

Bible School Staff At Forsan Church Assumes Duties

FORSAN, Oct. 6. (Sp.) — Newly elected officers and teachers of the Forsan Baptist church will be installed this morning in their new places with G. H. Kennedy as the superintendent of the Sunday school and H. M. Smith as assistant superintendent. C. V. Wash will become superintendent of the adult department, and secretary will be Jewell White and Jesse Overton will be treasurer. Mrs. Burt Clark and Mrs. Frank Tate were elected teachers for the ladies classes and Jesse Overton for the men's classes. Mrs. E. N. Baker and J. B. Hicks will teach intermediate boys' classes, Mrs. C. V. Wash and Mrs. Bill Johnson will teach intermediate girls, C. E. Wise and H. M. Smith will assist in that department. Mrs. J. C. Chanslor will be superintendent of the junior department with Mrs. J. B. Hicks and E. N. Baker as teachers.

In the primary department Mrs. Jewell White will be superintendent with Mrs. Jim Calcote, Mrs. G. H. Kennedy and Mrs. E. C. McArthur as teachers. Mrs. H. M. Smith will be superintendent of the beginners' department with Mrs. Lewis Hueval, and Mrs. O. A. Jones as teachers. Directing the cradle roll will be Mrs. Jesse Overton and Mrs. Claude King, and in charge of the nursery will be Mrs. G. B. Hale.

Cosden Chatter

Employees Report Trips, Visitors And Birth News

C. W. Smith left Friday for Fort Worth on company business. He will be back in the office Monday.

Evelyn Merrell was out of the office the first part of the week due to illness.

Mr. and Mrs. Isidor Silveria are the proud parents of a new baby boy born September 30th.

Mrs. G. J. Brown, Mrs. A. V. Kärcher's sister-in-law from Fort Worth, will be a visitor in the Kärcher home until the latter part of this week.

We would like to welcome Mr. W. A. Tracey, a new employee in our pipeline department.

Mrs. Beth Kay left yesterday afternoon for Fort Worth for the week-end.

Mrs. H. R. Gollnick and Glynn Jordan are spending the week-end in San Angelo visiting with Mrs. Lou Gould.

Mrs. Boyd and Mrs. Bruce Street of Graham, were visitors in the M. M. Miller home Tuesday and Wednesday. Mr. and Mrs. Knappenberger of Graham are their week-end guests.

Jack Smith and S. K. Whaley left Thursday for Graham, Fort Worth and Dallas on company business. They will return sometime today.

R. L. Wyrick underwent a tonsillectomy October 3, and is recovering nicely.

Mr. and Mrs. R. B. Covington are the proud parents of a new baby which was born October 1.

Averill McClain underwent a tonsillectomy yesterday and is recovering nicely.

We would like to welcome Mrs. Adrienne McNeely who is our new traffic stenographer.

W. A. Lawwell reports a very successful fishing trip at Don Martine Lake in Old Mexico.

R. L. Tollett, in company with Messrs. Douglas, Orme and R. W. Thompson, left Wednesday afternoon for Austin and returned Friday afternoon.

Birth Announced

Mr. and Mrs. W. P. Rice are the parents of a son born Saturday morning at the Cowper-Sanders clinic.

Mrs. A. D. Barton Named Honoree At Gift Shower

FORSAN, Oct. 6. (Sp.) — Mrs. A. D. Barton was complimented at a pink and blue gift shower in the M. M. Hines home Thursday with Mrs. Bobby Asbury and Mrs. Woodrow Scudday as co-hostesses.

The table, laid with a lace cloth, held a centerpiece comprised of a miniature, white-satin covered bassinet, decorated with dwarf chrysanthemums in pink and blue tones. Lighted blue tapers, set in crystal candelabra were placed on either side of the centerpiece. Mrs. C. C. Wilson and Mrs. Chas. Adams poured tea, and Mrs. Mutt Scudday and Mrs. Rayford Liles presided at the coffee service. The house was decorated with arrangements of fall garden flowers.

Mrs. B. R. Wilson, mother of the honoree, was a member of the house party. Mrs. Barton received a chrysanthemum corsage, and members of the house party were identified with identical corsages of dwarf pink and blue chrysanthemums.

Those calling during the afternoon were Mrs. Harry Miller, Mrs. C. C. Wilson, Mrs. G. L. Monroney, Mrs. Delbert Bardwell, Mrs. King, Evelyn Monroney, Mrs. Luther Moore, Mrs. W. B. Dunn, Mrs. Lil Johnson, Bebe Johnson, Mrs. W. A. Dickinson, Mrs. Bill Conger and Mrs. Pearl Scudday. A number sent gifts who were unable to attend.

Mrs. A. H. Ryle Entertains Club Friday Afternoon

Mrs. A. H. Ryle was hostess to the regular meeting of the Afternoon Bridge club Friday afternoon.

Mrs. Dan Rogers made high score, and Mrs. Carlson Hamilton bingood. Following bridge the hostess served a dessert plate.

Attending the meeting were Mrs. Dan Rogers, a guest, Mrs. Ollie Anderson, Mrs. Elvis McCrary, Mrs. J. O. McCrary, Mrs. Roy Lassiter, Mrs. Carlson Hamilton and Mrs. Roy Tidwell. Mrs. Tidwell will be the next hostess.

High School Club Elects Officers

FORSAN, Oct. 5.—The initial fall meeting of the Homemaking club was held this past week and officers were elected for the year.

The staff included Billie Lou Gandy, president; Jeannette Elliott, vice president; Peggy Painter, secretary; Mary Ruth Howard, treasurer; Betty Jo Roberson, reporter; Pauline Massey, parliamentarian; Pat Patton, song leader; Dorothy Jean Long, recreation committee chairman; Deffie Zona Murworth, refreshment committee chairman.

Pink and white were the club colors chosen and the group voted to join the Future Homemakers of Texas.

Attending were Peggy Painter, Billie Lou Ganary, Jeannette Elliott, Johnita Griffith, Mary Ruth Howard, Betty Jo Roberson, Goldie Bawes, Pat Patton, Wanda Creelman and Miss Sageser, home-making teacher.

MODE O'DAY

A Challenge For All Our People

October 28 has been set as the date for launch of the combined agencies drive in Big Spring under the title of Community Chest. In the strictest sense, it is not a Chest, for it is a voluntary organization composed of most of the cities' major social and welfare agencies. The Chest, as it has been envisioned here, is simply a central organization for the purpose of raising funds on the basis of budgets of the individual organizations.

Hence, the Community Chest in Big Spring and Howard county will become a Six-in-One drive to raise an objective equivalent to about \$1.50 per person. The total is \$32,000 and when carried by all the people is a light load indeed.

Two points are advanced in favor of the combined plans, and these, we believe, are sufficient to bend every effort to make it succeed. One is that it concentrates manpower on a single campaign, freeing scores of civic minded men and women of the drudgery of working on several separate fund drives. By the same token, it reduces the number of times individuals and business concerns are approached for contributions.

For years there has been talk of such an organization to eliminate duplication of drives. Exigencies of war induced the people of Big Spring and Howard county to combine efforts under a War Chest, and for the most part this worked well. Now we face the test of whether we can do in peace times what we had to do in time of war. This year's

Chest becomes a double challenge—that of meeting needed quotas and of proving that we are big enough in spirit and in fact to join hands cooperatively in this undertaking.

It may as well be understood in the beginning that this is not a perfect thing, for it does not embrace the Red Cross, which always has followed the rigid policy of conducting its own drive, and one or two other minor activities. But it does aim at covering the biggest part of the field in one well directed blow.

The agencies participating are worthy ones. In fact, we believe, that the type of service that they have been performing is one of the secrets of our community's reputation for being an enjoyable place for home. Other cities have more people, have many assets and material services which we do not yet have, but in the basic human field, Big Spring has a mark that stands up with the best of them.

Thus, we hope that as plans unfold for the Chest program that people will give willingly of time and money. Surely, there are few circumstances which would prevent many from participating as workers in one field or another, or from giving as liberally as possible toward the aggregate goal.

The same spirit of cooperation which has banded the agencies together in this task can make it a goal easy of attainment if it is grasped by the entire community. That quality is on trial in Big Spring and Howard County.

Time For Sober Forethought

By FRANK GRIMES
Herald Special Writer

Anywhere you turn nowadays you see feverish building activity, in the face of acute shortages in materials and accessories of all sorts. Even abandoned buildings in half-abandoned villages are being refurbished and put in livable or usable condition.

The need and desire for dwellings run neck and neck with the desire to create new or expand existing enterprises of every sort.

Part of the construction urge is to fill dire needs, to take up the slack produced by several years of little or no construction. This extends much further back than the war period, and takes in an accumulated lack left by the depression. Even the great boom of the 1920s was primarily a paper boom, not a great era of construction and development in the sense that the current postwar boom is.

Where is it all leading to? At some risk of being called a pessimist and a pessimist, I think it is high time somebody pointed out that present trends, with their overtones of desperation and unbridled inflation are in the general direction of a great tragedy, perhaps one that would make the 1929 bust look like a seasonal recession in the cranberry business.

One could wish most ardently that all these brave new business enterprises springing up all over the country could live and flourish. But even in normal times business mortality is rather high, caused mainly by a combination of inexperience, insufficient capital, lack of demand and want of energy and diligence, but mostly by want of forethought.

What mortality rate will be when the first bluish dim on the cheeks of the postwar boom—and we

might as well call it by its right name—no one can say, but it is certain to be high, unless all the laws of economics and reason are repealed.

Land that is worth \$100 an acre today while agricultural prices are high will not be worth \$100 an acre when agricultural prices bust. Unless we accept present farm product prices as normal and permanent, which we can't, the deflation in real estate will be worse than that which followed the first World War. You can't produce a \$50 steer on \$50 land and get by with it.

The same applies to urban real estate values. Somebody is going to get hurt—either the individual, or the mortgage holders. And it looks like the principal mortgage holder will be Uncle Sam, U. S. A. That means us all.

If all this is happening under various controls, what will happen when all semblance of control ceases?

We think the country, and particularly individuals, needs very badly a cooling-off or calming-down period. Usually this phase doesn't come until the big bust is on, but the big bust could be avoided if we could get the wild bugs out of our system and did some heavy thinking before committing some rash actions.

We need at least a note of caution in our thinking, and we need it very badly indeed. The very thing we Americans have preached against for 25 years is building up before our very eyes—a great period of boom, which has and can have but one answer—bust. Any community which takes a happy forethought today will be in position to come through that period relatively unscathed.

The Nation Today—James Marlow

Textbook Shortage In College Acute

WASHINGTON, (P)—American college students this year face a shortage of 4,500,000 textbooks that they need for school.

That estimate, and the rest of

the information here, comes from the American Textbook Publishers Institute.

In the 1945-46 school year about 10,180,000 textbooks were shipped to schools.

But the 1946-47 year is a record-breaker for enrollment, with an estimated 18,000,000 textbooks needed.

Only about 13,500,000 will be available. Here are reasons for the shortage given by the institute:

1. Shortage of paper.
2. Shortage of book cloth in which textbooks are bound.
3. Lack of printing time.

During the war, textbook publishers were allowed only 75 percent of the paper they used in 1942. They're still able to get only about that much although their need is vastly greater.

The textbook publishers have been having trouble getting enough paper cloth from manufacturers, some of the delay there being caused by labor disputes.

Most textbooks publishers don't print their own books but get out-

side printing firms to do it for them. So they have to schedule printing time.

When they lose their scheduled time, because of delays caused by such things as paper shortages, they have to re-schedule.

As to grammar and high school textbooks—

The estimated number needed for the 1946-47 year is 90,000,000 but probably only 78,750,000 will be available. The estimated shortage here is 11,250,000.

But the institute thinks the grammar and secondary school, although hit by the textbook shortage, generally will make out better than the colleges. Here are reasons:

Those schools, unlike the colleges which hadn't fully anticipated the record rush, had put in their orders long ago and therefore were more likely to get the books they wanted.

Further, the lower schools are not confronted with such a sudden, record torrent of new students. Their enrollment is fairly steady.

And another thing: there's a big variety among college textbooks.

For example: A professor at one college will want his students to use a certain book—say, a history book. A professor in another college in the same state may want his students to use a different book.

The first three US patent examiners were Thomas Jefferson, Henry Knox and Edmund Randolph.

Hal Boyle's Notebook

Bicycles And Knees

By EDDIE GILMORE
(For Hal Boyle)

STOCKHOLM, (P)—There's must be no large city in the world except Stockholm where the male population knows so much about the female population's knees.

It's all a matter of bicycles and short skirts. Ladies from every walk of Swedish life fill the capital's streets and squares with fast-flying bikes and a journey on foot through the city's thoroughfares is like a voyage in a sea of knees.

It is true that few women in the world appear to equal Sweden's in general modesty—that is, until they get on a bike.

Dresses are still short here, very short, and as hundreds upon hundreds of bicycles glide past, there are knees to the right of you. . . . knees to the left. . . . knees in front and all directions. . . . they think, bob, jump, kick, sway and pump—a great undulating pageantry of rayon covered knees.

The males accept it all as a matter of course. Bicycles have been with the Swedes for a long, long time and knees for even longer. Both are here to stay.

From first-hand observation in walks through Stockholm I am able to report that Swedish ladies dress differently from American and Russian ladies, at least in the stocking division.

Here there are few if any rolled stockings, and round garters seem to have no mission in Sweden. Stockings are firmly hitched to milady's person, perhaps because of the bicycles.

Bare knees are sometimes seen. Perhaps I'm here out of the bare season, but desultory research along these lines reveals that Sweden is nothing like as bare-legged or bare-kneed as the United States, Britain or Russia.

The size and shape of a lady, or her knees, have nothing to do with whether or not she chooses

Washington Merry-Go-Round—Draw Pearson

Wall Street Wants Margin Trading

WASHINGTON, — A significant battle over the stock market has been taking place backstage between two-listed federal reserve board chairman Marriner Eccles and Emil Schram, president of the New York Stock Exchange. The outcome concerns every investor in the country.

Schram and the big Wall Street brokers are demanding that the government again permit margin-buying. Eccles has been militantly opposed.

Schram and friends say that if stocks can be purchased partly on credit, it will bolster the falling market.

Eccles on the other hand is dead opposed to speculation on credit during the present inflationary period. He is also reluctant to encourage the public to get in on a stock market which suffered its greatest monthly loss in history during September. In that month the value of securities dropped eight billion dollars, more than twice as much as during "black October, 1929."

Eccles' advisers argue that the only thing which prevented the market drop from becoming a complete financial disaster was the no-margin rule, which meant that every legal trader in the stock market was buying for cash. Thus, when prices dropped, there was no rush to borrow money to cover the drop. As a result of this insistence on no margins, the effect on the country was cushioned.

Eccles, his friends say, is not going to budge on the no-margin rule now.

La Guardia Sees Again

Wren UNRRA Director La Guardia and aides visited Moscow on their recent tour of Europe, his entire party was eager to see Stalin. The Kremlin invitation, however, only permitted La Guardia and two other UNRRA officials to call on the top Soviet leader.

La Guardia, therefore, suggested to his aide, Joseph Lilly, that he divert the rest of the party by taking them to Lenin's tomb, where the body of the father of the Russian revolution is still perfectly preserved.

Late that night, the party reassembled, and Lilly eagerly asked La Guardia what he had learned from Stalin. Replied Florella: "I got as much out of Stalin as you did out of Lenin."

Broadway—Jack O'Brian

Vacation Is Over For Canaries

CANARY—2-36 Edit—BROADWAY NEW YORK.—The Singapore Restaurant atop the Winter Garden Theater feels it has an intelligent reason for announcing the arrival of autumn. The Singapore's announcers are the feathery sort, the canaries which carouse through an evening of music and dancing and go to bed at the uncanaryish hour of 4 a.m., when the place is closed and the customers chased out.

The reason for the seasonal change at the Singapore is that the canaries had to take a vacation all summer. They cannot exist in air-conditioned premises without some feathery version of a mink coat, which seemed impractical to the management. So Carl Erbe and Joe Howard, who own the joint, sought the birds off in luxurious fashion to some local counterpart of the Hartz Mountains for the hot weather sojourn. Having spent a happy summer there oiling up their song apparatus, they came back to the Singapore and the air-conditioning was turned off.

Last season's prize singing trio, named Capuso, Melchior and Pons, have been joined by a new trio, Crosby, Sinatra and Como. For the past three months these birds of a feather have trained together for the winter season in the hope

maybe that some movie scout might drop in and sign them up. Their songs will range from popular to operatic and all rights have been cleared with ASCAP/ATRANO.

One parenthetical item about the Singapore: When it opened last year, the management decided it would be fitting to have an original young lady as headwaitress and hostess, to wander about the tables in exotic costume and Chinese accent. The young lady who got the job looked nicely oriental but her accent wasn't entirely to the satisfaction of the local Chinese. A chorus girl at the China Doll, a Broadway celtar majoring in Chinese floor shows, stopped in and was brought over

to meet the brand new Singapore Sal.

Sal put on her thickest inflections for the benefit of the oriental chorine, who listened a minute and then said sweetly: "I'm from Union City—where are you from?"

Sal stumbingly mentioned something about Shanghai and Hong Kong, but it was evident that she had her roots sunk solidly in the Bronx for in her excitement she forgot her accent completely. That was the end of Singapore Sal, who had simply wanted a Broadway career even if she had to slant her eye makeup a little.

The last heard, she was back in the Bronx, probably practicing up on her Parisian inflections.

Rayburn Predicts Prosperity Period

BONHAM, Oct. 5. (P)—Speaker of the House Sam Rayburn has predicted an unprecedented prosperity for the next five to eight years and asserted that there will be no depression "unless it is a man-made depression or becomes a political issue."

Rayburn, in an address before the Bonham Lions Club, added that there might be "another shake-up in the stock market if some factions think they can gain control of Congress in that manner."

On international matters, the Texas Congressman asserted that the United States plans to maintain a large navy "not for aggression but to police these we're not going to sink our navy in the middle of the Atlantic this time."

Called for an expanded soil conservation program to maintain and reestablish soil fertility so as to meet future needs of food and feed.

John Alden, hero of the poem "The Courtship of Myles Standish," was the last of the Pilgrim Fathers and died in 1687.

The population density of Puerto Rico is more than 10 times that of the United States.

Mexican Meat Ban

So much friction has been kicked up by US embargo against Mexican cattle and hoof-and-mouth disease that President Truman has taken the unusual step of writing a personal letter to the president of Mexico about it. In his letter Truman backed up the Agriculture Department's embargo and denied that it was inspired by US cattlemen who want to avoid Mexican competition.

Truman told the Mexican chief executive that he believed that ban was entirely justified as a precautionary measure against the threat of hoof-and-mouth disease, adding that it would be rescinded only when officials of the department's animal husbandry division were satisfied no danger exists.

Cause of all the trouble is some breeder bulls which Mexico imported from Brazil.

Real fact is that more than a year ago, when Mexican stock raisers were arranging to purchase the Brazilian bulls, the Agriculture Department warned Mexico that entry of the animals might bring a US embargo on all Mexican cattle. Officials explained that disease control in Brazil was inadequate and that several epidemics of the bread hoof-and-mouth malady had been reported there during the past two decades.

This warning was ignored. One hundred and sixteen Brazilian bulls were cleared through the Mexican quarantine station on Sacrificios Island, in the Gulf of Mexico off Vera Cruz, and brought to the mainland a few months later, the Mexicans placed a second order for 327 additional bulls.

On June 4 of this year, while that second shipment was en route to Sacrificios, the Agriculture Department banned all Mexican cattle from entering the United States. Agricultural attaches of the US embassy had reported that a number of the original bulls from Brazil showed symptoms of being hoof-and-mouth disease carriers.

Theoretically, the second lot of 327 bulls has been held in contact on Sacrificios, pending exhaustive tests by a joint commission of US and Mexican government veterinarians. Officials say the truth is, however, that nearly a score of these animals have already found their way to the mainland.

These are the facts which led the Agriculture Department to continue its embargo, with President Truman's official approval, in the face of vigorous protests

Admiral Halsey Gets Bored

Admiral William "Bull" Halsey is beginning to fidget in his new job on the president's super-advisory board of five-star Army-Navy officers.

Since his semi-diplomatic mission to South America, where he inspected the navies of various countries, Halsey has had little to do. Privately, the tough little skipper bankers to take that job as vice president of Pan American Airways, which is still open to him.

As the boss of Panama's west coast operations, Halsey would double his present income, which is about \$130,000 a year, counting longevity pay. However, he isn't interested in the extra money. His sparkplug temperament carries action, in or out of the Navy. And life is becoming very dull in his spacious office at the Navy Department.

"It's a hell of a note," Halsey griped to aides recently. "I have a job with nothing to do, a great big office to do it in and two people to help me."

"Russia Wants Peace" — Smith

Ambassador "Beetle" Smith has sent a confidential memo to the State Department saying he believes Marshal Stalin was sincere in his recent statement that peace between the major powers is likely during the coming year.

Ambassador Smith pointed out that the Russian five-year plan is aimed more at the reconstruction of Nazi-devastated areas than at an armaments program for world aggression, and expressed belief that Russia might consider a proposal for general world disarmament if advanced by the USA.

The ambassador also reported that the Russians apparently need manpower for reconstruction and would like to use part of their 4,000,000-man Army for that purpose.

Bogart, Bacall Together Again

It's been a long time between takes, as the saying goes, if you count yourself among the millions who have been waiting to see Humphrey Bogart and Lauren Bacall together again. Be ye of good cheer. The screen's most sensational couple will be back on the screen today and Monday at the Ritz Theater in the Howard Hawks production, Warner's exciting screen version of Raymond Chandler's "The Big Sleep."

Not only that, but this dynamic duo bring with them a starbright newcomer, a lovely Martha Vickers, who offers as pretty a picture of pathology-on-the-hoop, as the screen has had in many a moon. Playing the role of Carmen Sternwood, daughter of a "retired" General, her screwy behavior brings forth a blackmailer. This in-

turn brings Phil Marlowe (Humphrey Bogart), private dick, into the scene. And this in turn, causes Vivian Sternwood (Lauren Bacall) Carmen's somewhat predatory but smart sister to step in and try to close the case in an effort to protect Carmen.

Adapted by William Faulkner, Leigh Brackett and Jules Furthman, the picture features pert and pretty Dorothy Malone and has a strong supporting cast headed by John Ridgely, Peggy Knudsen, Charles Waldron and Elisha Cook, Jr.

Howard Hawks, directed "The Big Sleep." An effective and exciting score was specially written for this production by Max Steiner.

TOGETHER AGAIN—Humphrey Bogart and Lauren Bacall, dynamic love team of "To Have And To Have Not," are seen in "The Big Sleep," a Raymond Chandler mystery directed by Howard Hawks playing at the Ritz Theatre today and tomorrow.

BEST AND BADDEST—Margaret O'Brien at her best and Wallace Beery at his baddest, above, are shown in a scene from "Bad Bascomb," today's attraction at the State Theatre.

Pueblo Indians To Dance Here

The famous James Pueblo Indian dancers, champions of the Southwest, will appear by special permission at the Big Spring municipal auditorium Tuesday at 8 o'clock.

From the James pueblo, near Santa Fe, N. Mex., descendants of the Southwest's fierce warriors, dressed in full feathered colorful Indian regalia, the group will present genuine tribal dances. These dances are passed down from generation to generation, and, if the observer will watch closely, he will see that each dance tells a complete story by sign language.

The group, headed by Chief White Cloud, are champions of the inter-tribal Indian ceremonials, winners of the Oklahoma State Indian Fair. They have appeared before colleges, civic groups and high schools, and they gained fame in the RKO movie, "Valley of the Sun," newsreels, and short features.

Drawing capacity crowds, the climax of the James program is the breath taking feats of magic in the famous hoop dance by Chief White Cloud.

Lutheran Hour Returns To Air

Today marks the official beginning of the Fourteenth Lutheran Hour, as "Bringing Christ to the Nations" rounds out thirteen seasons of service to Christ and country. The new series of programs will be inaugurated in conjunction with a mass meeting held in Constitution Hall in Washington, D. C. The Lutheran Hour is heard locally over KBST at 1 p.m.

This date also marks the return to the air of Dr. Walter A. Maier, professor of old testament interpretation and history at Concordia Theological Seminary, St. Louis, Mo. Speaker on the Lutheran Hour since its very beginning, Dr. Maier has seen the program grow from a small broadcast over two stations in the mid west into "the world's most widespread broadcasting system."

At present the Lutheran Hour is heard in English, Spanish and Portuguese over 905 stations in the United States, Canada and various territories and foreign countries.

POW'S Used To Find Unexploded Bombs

LONDON, Oct. 5. (AP)—German prisoners of war are being used for the first time to dig for unexploded bombs which the Luftwaffe showered on England.

"Under the Geneva Convention," a War Office spokesman said today, "They are not allowed to be used on dangerous work. As soon as they get near the danger spot skilled Royal Engineers will take over in rendering the bombs harmless."

"Bad Bascomb" Beery, Little Orphan O'Brien In State Feature

It was an inspiration on somebody's part to team Wallace Beery and Margaret O'Brien in the kind of rip-roaring western story that appeals to children and grown-ups alike in "Bad Bascomb," playing today and tomorrow at the State Theatre.

Miss O'Brien is the perfect foil for Beery's portrayal of a rough, tough outlaw with a heart of gold. The two are given the benefit of polished direction by S. Sylvan Simon, smooth production by Orville G. Dull and dialogue whose spontaneity and sparkle is a welcome factor.

Beery, in the opening sequences appears as the leader of the Bascomb gang whose depredations have spread terror across the west-

ern plains from the Mississippi to the Pacific. Aware that the Federal men are about to catch up with him, Bascomb joins a wagon-train of Mormons headed for Utah. As the plous convert, Brother Ezekiel Smith, he is accepted by the group. One of the latter, a little orphan girl, offers him more than friendship. Against his will, he becomes the object of her whole-hearted affection and admiration.

Conflict arises when Bascomb's fellow-outlaw, a portrayal excellently executed by J. Carroll Nash, discovers that the wagon-train carries a shipment of gold. But to tell more of the story would spoil more of the fun.

Figure flattering is this Cohama striped worsted
jersey top with a grey menswear flannel
skirt from our collection by Mary Stevens.

By JOE BELDEN
Director, The Texas Poll

AUSTIN, Oct. 5. — The majority of the people of Texas believes the state's educational system does not meet high standards. And the majority would like to do something about it.

Following the summer's promises by most candidates to raise teachers' pay, and as a new school year got underway, The Texas Poll has been surveying the state to measure public opinion on the caliber of our schools. The Poll finds:

1. Seven out of every ten say teachers' income in Texas is too low. Such an opinion is based on quite an accurate knowledge of what teachers actually receive.
2. Although a slight majority says our schools are just as good as the average in other states, nearly one-third declare our schools are not so good.

3. If it takes higher taxes to improve the schools, a majority is willing to dig up the money out of his own pocket.

First, interviewers for the Poll asked respondents, all adults, whether they had any children who go to grade or high school. The results were tabulated separately for people with and without children in school, but no significant differences were found in their opinions. Even when it comes to increasing school taxes, just as many Texans without school children are willing to pay. The figures given below, therefore, are for the entire population.

"Do you think the average school teacher's pay in Texas is too high, too low, or about right?" the Poll's reporters inquired. The answers:

Too high 2%
Too low 71
About right 16
Don't know 11

Texas' 46,000 teachers will be glad to learn opinion is so definitely lopsided in the above question. To make sure whether the public was basing its views on teacher's pay on any misconceptions, the survey continued by asking each respondent what he thought the average teacher in Texas is paid. The average (median) figure mentioned was \$124. Although most people do tend to underestimate, \$124 is not far from the average of \$135 the teachers actually received during 1945-46. For 1946-47 they will get an average of \$149.

The Poll next asked, "Is it your opinion that Texas public schools are better, just as good, or not so good as the average public school over the nation?" These were the responses:

Better 10%
Just as good 62
Not so good 30
No opinion 8

Undoubtedly, pride in the Lone Star state prompted some people to answer, "just as good." But note how few declared our schools are better; three times as many think they are worse. Actually, Texas, which has consistently been increasing its school funds, still ranks thirty-first in expenditures per classroom unit. Here we spend \$1,300 per unit, while the national average is \$1,600. New York spends \$4,100. In a recent survey made by school superintendents and other educators over the United States for a national magazine, one hundred outstanding schools were selected. Among grammar and high schools listed, the Houston schools were the only ones in Texas.

"If we could have better schools in Texas by spending more money on equipment and teachers' pay," the interviewers then asked, "would you be willing to pay higher taxes, or do you believe our schools could be improved some other way?"

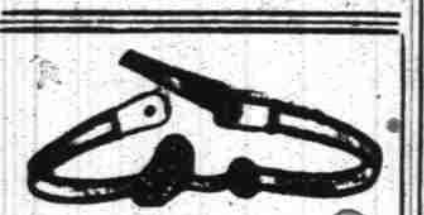

It cannot be said Texans are overly-enthusiastic to tax themselves additionally, but a majority appears willing from the results:

Willing to pay 54%
Find some other way 34
Undecided 12

Other ways most often suggested to raise more money for the schools were: higher taxes on natural resources, a sales tax, more efficient use of present tax money. In Waco a woman declared, "Put a special tax on parents."

The American Indians used sunflower seed for bread and for thickening soup.

**Disabled Vets
Need Jobs, Too,
USES Finds**

A look at national figures showing that approximately 250,000 disabled veterans are looking for jobs indicates that these physically handicapped ex-GI's are not getting enough breaks in job opportunities, according to a report in a recent bulletin issued by the National Association of Manufacturers.

The disabled veterans' cause has been aided considerably during the last 17 months by the US Employment Service, the Veterans Administration and other organizations. In this period some 240,000 physically handicapped veterans have landed jobs through the USES, were referred to the VA for further medical attention, or have been encouraged to begin training to qualify for jobs.

Nevertheless, about 250,000 others still are job hunting, many of them with decidedly discouraging results, according to recent reports.

Purpose of national "Employ the Physically Handicapped" week is to place special emphasis on giving handicapped workers the "breaks" on a nation-wide basis. Included in plans for the week are thousands of physically handicapped persons who proved their worth in war plants, and various other enterprises during the recent conflict, as well as the veterans who became handicapped as a direct result of the war.

The US Employment Service is turning virtually all of its attention to the physically handicapped problem during the coming week, and the local office has urged that employers in this area give careful consideration to any disabled applicants they might have for open positions. When a physically handicapped person applies for employment, employers are being asked to "fit the job to his ability rather than to his disability."
