MAKING ESTIMATES TO EXTEND HIGHWAY WORK.

The County Engineer was ordered to prepare plans and estimates with the view of completing the Highway from Eldorado to the Tom Green County line, this extension is to be the same type of road as is now being built. Total project to be surfaced.

The work will be done without additional cost to the tax payees of the county due to the aid received from the State and Federal Departments and the money saved by the County in doing the work under the supervision of the Commissioners Court.

Does her popularity cause the boys who call to stay at the home in the parlor?

"No they always take her out for a ride."

If the women voters don't go to smoking they will miss lots of treats.

This week has been examination week for the school children have you heard about it.

We have plenty of room in our announcement columns for other candidates, and we need the money, it is easy to run, but only one can win.

Now since the Tom Green County Commissioners Court has set aside \$125,000 to finish the road from San Angelo to the south County line, it will be up to Schleicher County to connect up the gap in this county.

Now since it showered we have hopes that it might rain.

If you owe anything to the Eldorado Cemetery, pay it, and if you don't owe it, just pay them something any way

The League of Nations was 2 years old Tuesday Jan. 10, it is now composed of 51 nations, two years ago when the League came into being it was composed of 13 former allied powers. Since then all the allied powers except America have joined; the 13 former neutral powers invited to adhere have done so; and two of the four ex-enemy States have been admitted. Today the League numbers 51 nations, the largest collection of States ever brought together.

The League's first purpose is to prevent war, five disputes have come before it, three have been satisfactorily settled and the others are in negotiation at this time.

The League is functioning in a successful way, the 51 members are fraternally bound, we have refused membership in this organization.

MOTHER, QUICK! GIVE CALIFORNIA FIG SYRUP FOR CHILD'S BOWELS

Even a sick child loves the "fruity" taste of "California Fig Syrup." If the little tongue is coated, or if your child is listless, cross, feverish, full of cold, or has colic, a teaspoonful will never fail to open the bowels. In a few hours you can see for yourself how thoroughly it works all the constipation poison, sour bile and waste from the tender, little bowels and gives you a well, playful child again.

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

CEMETERY NOTICE:

We wish to request those who have bought lots in the Eldorado Cemetery and have never paid for same to send in check for the amount at once, as the money is needed in laying the main water pipe at the Cemetery Cemetery Association.

The "city council"—save the mark—of Brady, the great city (?) in McCullough county, Texas, has passed an ordinance prohibiting public dances. Now, here is your kindergarten for future members of the legislature of the State of Texas! On with the foolstuff! The foolkiller is over-worked!—Ozona Stockman.

Since the above ordinance has been passed, we presume our brother, Albert, would sell his Edison cheap.

In the study of our Sunday School lesson last Sunday we found that God had sent a drouth upon his people, according to the old prophet Elijah, because they had drifted into idoltry. We wonder if the people of West Texas have forgotten God, take inventory of your acquaintances and see where we are drifting to. It might be we have gone astray.

Well if all our new resolutions are not blowed up by now, we might take a new hold start over by going to some church.

TO ABOLISH OFFICE OF COUNTY TREASURY.

Whereas, Schleicher County pays out to its County Treasurer, in commissions, about \$1,500.00 per annum; and,

Whereas, it is our opinion that the Financial Records of this county, can and should be, kept just as correctly and as efficiently without the services of such County Treasurer, as they are now kept, and; that, to dispense with the services of the County Treasurer, would be a direct saving of about \$1,500.00, per annum, to the tax payers of this county.

Now, Therefore, we the undersigned, members of the Commissioners Court of Schleicher County, hereby gives public notice that in our opinion, it will be the duty of the said Commissioners Court, upon the expiration of the term of office of the present County Treasurer, to fix the commissions of the County Treasurer, so that, the total commissions received by him, shall not exceed \$50.00, per annum.

Calomel is a Dangerous Drug

Next Dose may Salivate You,
Loosen Teeth or Start
Rheumatism

Calomel is mercury, quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

The Story of Our States

By JONATHAN BRACE
XLVII.—ARIZONA

HISTORICALLY, Arizona is both the youngest and probably the oldest of our states. While

it is the last of the states to be admitted to the Union and as such dates its existence only from 1910, its history before the advent of white men dates back into the dim past. Here were located those interesting people, the Cliff Dwellers, and the ruins of their cities high up in inaccessible places have caused much speculation as to these ancient people. It is supposed that these Cliff Dwellers were the ancestors of the Pueblo Indians and were decidedly more advanced in civilization than their neighbors. They were probably of the same race as the Aztecs of Mexico and understood irrigation, agriculture and the building arts.

It was rumors of the great Pueblos that instigated the first visit of the white men. Padre Nizan in 1539 explored this territory and he was followed by Coronado in search of the mythical wealth of the Indian cities. Coronado, though failing to find the reputed gold, did discover the Grand Canon of the Colorado with its wonderful scenic beauty, which has become one of the great assets of the state.

This region was considered part of Spanish territory and when Mexico declared its independence it became a Mexican province. After the Mexican war the section north of the Gila river was ceded to the United States and the southern portion was acquired through the Gadsden Purchase in 1853. In 1863 Arizona was separated from New Mexico and made a territory.

The derivation of the name Arizona is uncertain, but it possibly came from the Spanish, meaning "dry belt."
