GOV NEFF DECLARED MARTIAL LAW AT MEXIA.

One of the strongest moves against organized crime was began last week by Governor Neff with his State Rangers and the Federal prohibition officers. he latter declared martial law in the infected district and Col. Jake Wolters of Houston assumed command, he being head of the State Militia. Many arrests have been made, saloons and bawdy houses closed, and the thieves, robbers and people of the under world, have been put to flight.

Gov. Neff says that he expects to clean up the Mexia oil district and make it a safe place to be, work and live.

This is the best and most worthy step yet taking by the Governor and will meet with the approval of people who love their government.

Officers at Mexia, the Governor said, "are either unable or unwilling to maintain and enforce the law."

Gov. Neff calls upon the people to all rally to the aid of law enforcement throughout the State, and at the same time he is putting forth every effort of the state to subdue crime, we do not think it is a crime to ignorantly violate a law, but when we willfully with forethought, trample the law under foot, at the expense of others, then we who do these things should meet with our just punishment.

We don't understand why the Republican party in Schleicher County don't put out a county ticket, they had 67 vote at last general election, and with the prosperity the Republican party and high protected tariff has brought to this country, it would be almost a sure thing that they would at least double that 67 votes.

Well they are lining up for a six months campaign in politics, this means friend against friend and in some instances wife against husband, of course that don't affect us we vote just like our wife does

It seems like we will have to have a run off primary in Schleicher County this year, three men have entered the race for county judge.

MOTHER! MOVE
CHILD'S BOWELS WITH
CALIFORNIA FIG SYRUP

Hurry mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

FOR COUNTY JUDGE

I take this means of announcing for re-election to the office of County Judge.

It had been my intention not to make the race for this office, and I have told several people that I did not intend to run, but owing to the situation of the road construction in the county the Court as a whole has been asked to offer themselves for re-election, for another term, so that the experience that they have had and the knowledge that they have gained from the work that has been done in the county might be used to carry the good road project to completion if possible.

The State and Federal Department, both, are highly pleased with the manner in which the work has been handled and with the results obtained.

I have given the affairs of the county my undivided attention in the past. I am only a man and, therefore have made some mistakes, but from past experience I feel myself better qualified to serve the county in the future if the people so see fit, therefore, I am asking due consideration from the voters of the county and promise if elected to give you the best service that my ability will permit; so any favor shown me, along the above line, will be appreciated.

Respectfully,
C. A. Womack,
(Political Advertising.)

WHO POISONED MY DOG.

Somebody poisoned my dog today,
Though he never did any one ill,
And so he is through with his canine play,
And his wagglety tail is still,
No more shall I walk in the fields with him,
Along my side to jog,
And I don't care if my eyes are dim;
Somebody poisoned my dog.
He was homely, I know, as a dog can be,
And only a mongrel, too;
But I loved him and he loved me,
As people and dogs may do
Nothing on earth could disturb his trust,
Or his love and his faith befog,
And now he lies here in the dust;
Somebody poisoned my dog.
He crawled to my feet and he licked my hands,
And then with a gasp he died,
And though some people can't understand,
I patted his head and—cried.
For it isn't funny to lose a friend,
From off this earthly cog,
And he was loyal unto the end,
Somebody poisoned my dog.

The above poem was clipped from the San Angelo Standard several years ago and brought to The Success Monday evening by Misses Sadie Cheek and Pauline West, with request to publish. Some one here has been poisoning dogs so these young ladies say and they should be made to quit.

**Calomel Good
but Treacherous**

Next Dose may Salivate, Shock
Liver or Attack Bones

You know what calomel is. It's mercury, quicksilver. Calomel is dangerous. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. N. salts necessary. Give it to the child; because it is perfectly harmless and can not salivate.

Meat Market

I will keep meat every day from now on, so when in need of fresh meat call and get it, and say, don't forget to call, I kill meat to sell and not to keep, and by-the-way if you think of it just pay the Cash. Thanks,

F. S. Miller, Proprietor.
