### YEARLINGS \$28.50

Walter Mann Disposes of Two Bunches and 2500 2-Year-Old Muttons at \$5 Each

The recent sale of 300 yearling steers for F. G. Patterson of Oklahoma City to J. H. Flora of Kansas City at \$28.50 per head was reported in San Angelo Saturday by Walter Mann, live stock commission dealer. These were the steers which Mr. Patterson some time ago bought from L. C. Clark of Water Valley. They were of extra good growth and flesh it was reported. Mr. Mann also sold to Mr. Flora for a Colorado Mitchell County party, 200 yearling steers at \$27.50 each.

For L. P. Powell of Big Lake, Mr. Mann sold to Cowden & Son of Fort Worth 2500 2-year old Rambouillet muttons for delivery June 1. The sheep will be shipped from Barnhart to the Cowden ranch at Buffalo, in East County. The terms were \$5 a head.—San Angelo Standard.

NOTICE: I have purchased the Earnest Sweatt Cobbler Shop and will appreciate a share of your Shoe, Boot, Harness and Saddle repair work, Earnest will be with me for about 25 days.

### MIDDLE VALLEY WOOL

BRINGS 37 1-2 TO 47 1-2C.

Sam E. Jones returned from San Angelo Monday where he disposed of all the wool in the Middle Valley country including clip of Tom Jones and Dock Kerr of Eldorado at 37 1-2 cents for short and 47 1-2 long. The purchaser being S. Silberman & Sons' of Chicago. Those selling were Sam E. Jones, G. C. Crosby, W. F. Edmiston, Tom Nix, Bert Page, T. K. Jones and Dock Kerr. Mr. Jones thinks this price tops the market, when you take into consideration that all wool was included in the sale.

Saturday the editor by the courtesy of C. C. Doty, accompanied by Mr. and Mrs. G. A. Neill, went to the Rudd neighborhood to attend the 3rd quarterly conference for the Eldorado Charge. We found the country to be the most beautiful we have ever beheld, there seems to be nothing lacking. We reached the school house at 10 a. m. but the conference was not held until 4: p. m. We drove over to our friend B. J. Montgomery's for dinner, and spent a pleasant while in this hospitable home, here we found Mack Jones very busy planting June corn, he has been farming ten years and says only two out of ten he has failed to raise corn. The quarterly conference was held at the school house at 4 o'clock with Bro. T. J. King Presiding Elder present, who preached to them Saturday night and Sunday morning.

The world has not been left independent on its own discoveries of the right way through the maze. Principles handed to us from of old contain the very secret of successful individual and collective life; and merely await our adoption. The chief is their simplicity. They are reducible to copy-book maxims. Had they been tested and cast aside they would have disappeared. But they have not been tried; they continue to challenge men; and the one thing needful is faith enough to give them a trial. Most people think that faith is believing something; oftener it means trying something giving it a chance to prove itself.—Henry Ford.

## "KIDDING" THE WETS.

Thirsty days hath September, April June and November. All the rest hate thirsty, too, unless you make your own home brew. That parody "got a big hand" at the spring luncheon of the Woman's Forum, New York City. The most interesting feature of prohibition is that even its most rabid enemies take it good naturedly. The "kidding" about the dry laws indicates that the national respect for law despite the joshing. Most of the people who curse prohibition would vote dry if it came to a referendum showdown.—S. A. Standard.

Many things are being charged to the Ku Klux Klan these days, the latest being that the Klan interested its self in the election of Hon Guinn Williams to succeed Hon. Lucian W. Parish, deceased, to congress. The Journal has been asked to corroborate this charge and have done our best, the result being that rumor has it that the Klan did it. If they did, it was a mighty good job, for several gentlemen and Miss Annie Webb Blanton were all defeated at one blow.—Farm and Labor Journal.

English boys between the ages of 15 and 18 are winned in South Australia for farmer apprentices. They are to be paid four shillings a week pocket money the remainder of their earnings to be placed to each lad's credit in the state treasury at four and one half per cent interest, the entire sum being turned over to him at 21.

The only new buggy in the state of Oregon, as far as leading vehicle houses of Portland were able to find, has been sold at a little town in the interior of the state. Inquiries were sent to Pendleton, Salem, Eugene and Medford from Portland but no new buggies could be found. At last one was purchased at a store in a small town by a Portland vehicle house.

To take a trip to San Angelo now, ride six miles on a pike, then drop off into the Myre for about 20 miles then be lifted up to a good pike road, will convince the most sceptical that good roads are a paying proposition. Lets sing it, lets talk it, and let us build it all the way, and build every other way.

Judge Edwin J. Clark of Waco, formerly Judge of the Fourteenth and Seventy-Fourth District Court of Waco, has been appointed general counsel for the Knights of the Ku Klux Klan for the State of Texas.

There was a flogging party in Dallas. The Dallas politicians held an indignation meeting and denounced the Ku Klux Klan. Here is what Billie Mayfield says the man was doing who was flogged: "His place of business was an eating cancer in the heart of Dallas. He kept a low dive where white women and negro men assembled, where Mexicans and doped-up white women met and drank and gambled. It was the lowest, most depraved and beastial joint in Texas. Men and women were lured there to sink in sin and shame that its owner might earn a profit." That owner got a flogging. The Ku Klux Klan flogged him. By Gatlings they ought to have killed him.—San Saba News.

The many friends of Miss Ruth Williamson will be glad to learn that she is in the graduating class of the Training School for Nurses of the Central Texas Baptist Sanitarium of Waco. The Commencement Exercises will be held May 26.

Some one said something about the Ku Klux in the presence of Gen. Wolters while he was in Warton on legal business, and he remarked that he had been getting a number of notes from the organization since he had been in Mexia. He said that the usual contents of these communications were that if he would visit a certain house he would find liquor being sold, or at such and such a place may be found a certain party you want for something, "and they have not steered me wrong in any case," he said. I rather appreciate the aid they have rendered me," he concluded.—Wharton Spectator.

## ROBERT L. HENRY OPPOSES IMMIGRATION

The speaker said he was opposed to foreign immigration to this country should be closed against further immigration "I believe in America first and America for Americans, and I am 100 percent American and believe in the flag above all." The speaker said he is opposed to the cancellation of the European indebtedness and that it should be collected and \$5,000,000,000 given to the American soldiers; "for they may be needed again."

Mr. Henry said the railways had been taken from out of State control and put into Federal Government control and that this was an encroachment on the States, especially Texas, that had given millions of acres of land to get them to come into Texas. He asked his audience to vote for him in the primaries, as he said he is a man of experiences in the political city of Washington.

**You Can't Trust  
Calomel at All**

It is Mercury, Quicksilver, Sal-  
vates, causes Rheumatism  
and Bone Decay

The next dose of calomel you take  
may salivate you. It may shock your  
liver or start bone necrosis. Calomel is  
dangerous. It is mercury, quicksilver.  
It crashes into your bile like dynamite,  
cramping and sickening you. Calomel  
attacks the bones and should never be  
put into your system.

If you feel bilious, headachy, consti-  
pated and all knocked out, just go to  
your druggist and get a bottle of Dod-  
son's Liver Tonic for a few cents which  
is a harmless vegetable substitute for  
dangerous calomel. Take a spoonful and  
if it doesn't start your liver and  
straighten you up better and quicker  
than nasty calomel and without making  
you sick, you just go back and get your  
money.

Don't take calomel! It can not be  
trusted any more than a leopard or a  
wild-cat. Take Dodson's Liver Tonic  
which straightens you right up and  
makes you feel fine. No salts necessary.  
Give it to the children because it is  
perfectly harmless and can not salivate.

**A GHOST FOUND.**

In speaking of the big cat fish  
Clyde Galbreth friends and  
relatives cough on the Llano we  
for got to tell the real ghost  
story which almost caused a  
stampede and a separation or  
two when camping we noticed an  
old rail pen which resembled a  
grave about 50 yards from camp  
in a lonely place. The women  
were a little superstitious of  
camping there, never the less  
we camped there and that night  
when the boys came in about 10  
o'clock, Oscar noticed a large  
light and something that resem-  
bled a goat in the pen where the  
grave was. Almost scared to  
death he told the rest and ask  
who built the fire in the pen. The  
women began to cry, Clyde says,  
"I see a span of large white  
mules," so they finally decided  
to go out there if all three would  
go and not run so Marvin and  
Oscar got their guns and Clyde's  
gun being in his car a few steps  
away he grabbed a small ax. He  
said he always herd if you shot a  
ghost it would choke you, and  
he said he thought the hand ax  
would be better to cut it loose,  
so they went out there one step  
at a time and on reaching the

scene found a fire the women  
had built and sheet hung up over  
the span of white mules Clyde  
saw, when Oscar and Marion got  
out there they missed Clyde  
and asked him why he didn't go,  
and he said he felt like the  
women needed some protection.  
Clyde said to the women let the  
boys scare him out and I'll cut  
him loos as they come by.

This isn't half as bad as it was  
but we'll quit at this.

**MOTHER! OPEN  
CHILD'S BOWELS WITH  
CALIFORNIA FIG SYRUP**

Your little one will love the "fruity"  
taste of "California Fig Syrup" even if  
constipated, bilious, irritable, feverish,  
or full of cold. A teaspoonful never  
fails to cleanse the liver and bowels. In  
a few hours you can see for yourself how  
thoroughly it works all the sour bile and  
undigested food out of the bowels and  
you have a well, playful child again.

Millions of mothers keep "California  
Fig Syrup" handy. They know a tea-  
spoonful today saves a sick child to-  
morrow. Ask your druggist for genuine  
"California Fig Syrup" which has direc-  
tions for babies and children of all ages  
printed on bottle. Mother! You must  
say "California" or you may get an imi-  
tation fig syrup.

**Hall's Catarrh Medicine**

Those who are in a "run down" con-  
dition will notice that Catarrh bothers  
them much more than when they are  
in good health. This fact proves that  
while Catarrh is a local disease, it is  
greatly influenced by constitutional  
conditions. HALL'S CATARRH  
MEDICINE is a Tonic and Blood Pur-  
ifier, and acts through the blood upon  
the mucous surfaces of the body, thus  
reducing the inflammation and restor-  
ing normal conditions.
