R. L. HENRY SPEAKS AT AUSTIN

R. L. Henry candidate for United States Senate spoke at Austin June 23, to thousands of people.

Mr. Henry delivered his speech in one of the city's parks to an audience of approximately 1,000 persons. He was introduced by Ed R. Kone, former Texas Commissioner of Agriculture, who declared that the former Congressman "was better qualified to hold the office of United States Senator than any other candidate, and the only one in the bunch who has manhood enough and nerve enough to get up and tell the people where he stands."

Mr. Henry stated his position on all the issues in the campaign, beginning with the national prohibition amendment and the Volstead act. Promise was made that, if elected Senator, he would never cast his vote for any measure which sought to weaken, impair or change the present prohibition laws, and that he would not cast a vote in favor of any legislation providing for the sale of light wines and beer.

The speaker devoted a considerable part of his speech to praise of the Klan and its principles, announcing that he gloried in his membership in the organization. He said some newspapers were attempting to establish that he was the Klan's candidate for United States Senator. "I hope to God that I could know it to be a fact that I am the Klan's candidate," said Henry. "If I knew that, I would cancel my speaking engagements, pack my trunk and make a beeline to Washington, to await the time to take my seat in the Senate."

MIKE NICKES DIES FROM OPERATION

Thursday June 22, at 3:10 p. m. Mike Murphy Nicks, son of Mr. and Mrs. S. I. Nicks prominent ranch people of this county, died at a Sanitarium in San Angelo where he was operated on for appendicitis. Mike was the fourth son of Mr. and Mrs. S. I. Nicks and was 30 years old on 15th day of last March, he was reared in this county and is well known by all, he was married and leaves a wife and little son to mourn his sudden departure. The remains was taken to Sonora and buried Friday in the presence of many friends, Rev. L. C. Matthis pastor of the Methodist church of Sonora conducted the services. The Success joins in extending condolence to the bereaved father and mother, wife and son and other relatives.

CARD OF THANKS

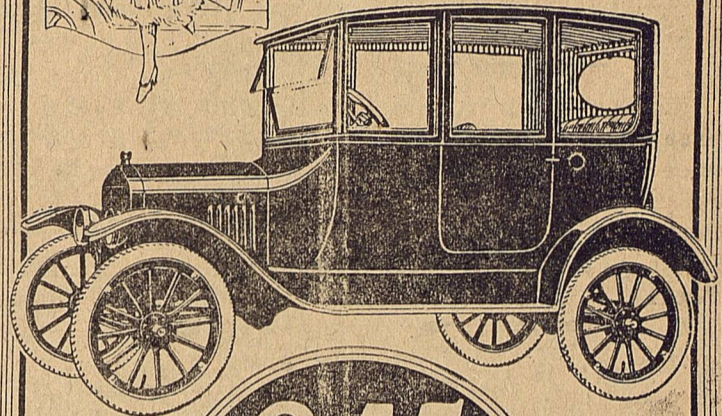

We wish to express our heartfelt thanks for the kind words and the assistance rendered during the illness and death of our son Mike, may God bless each of you and guide your life work into that home above is our prayer. Mr. S. I. Nicks and family.

If we understand it the Orient has secured enough money from the government to run 60 days longer, the Orient is a big road and does lots of business to always be broke.

Hornish Monthly says Clarence Ousley is a reformed news paper man, well we shouldn't doubt it, but yet we think another reform will be necessary before he is elected Senator from Texas.

With the closing of this issue The Success is rounding out its 15th year under its present management. We have tried hard to live right during these past 16 years, and we want to live longer, consequently we haven't told all the news we heard during the 16 years. We have tried hard to reflect the good and leave out the bad. Most all communities during 16 years will likely have unpleasant things to happen, but ours have been very few, although we as a community have permitted many sinful things to come into our lives. We should be a righteous people and live for those things that are high and noble, and we are going to do better during the next 16 years, although many of us will have passed over the river.

As a news paper The Success is going to strive to reflect a better sentiment and by thus doing our efforts will be to lead this people to higher and nobler things.

We should have better churches and schools, our progress along this line has not been fast enough, but a new day is coming for us all, lets be ready to receive it.

We thank those readers who have been continually readers of The Success during our management and trust that each of you have been rewarded abundantly, we will still be with you until some future time when prosperity will cause us to lay aside the pencil and enjoy life with the rich.

Dont waste time trying to knock a competitor give him a boost and at the same time, boost your self, there is room enough here for us all and room to spare, lets all work and build together.

Schleicher County has the richest farming land to be found in West Texas. Why not buy a farm here and build a home in the West, where God alone has endowed the country with the best people in the world.

If you know any thing good about Schleicher county and Schleicher county people, tell us and we will tell others, but keep back the bad if there be any, lets just tell what is good, the bad travels fast enough any way.

At Herrin Illinois, 25 men were killed and 15 others were wounded, because they wanted to work in mines where the miners had refused to work, one union minor was killed, he had a very attractive funeral, the other non union men that were killed were buried in a potters field. Sin appears to be running loose in Illinois as well as other places in the world.

Joseph B. Dribrell, Jr., of Coleman has entered the race for Congressman for the 17th District, his opponent will be Judge Cunningham of Abilene, and Thomas L. Blanton of Abilene, Mr. Blanton making the race for re-election. Dribrell is of the law firm of Snodgrass & Dribrell. He was born in Guadalupe county and of a fine family and would make Texas a fine Congressman.

H. G. Perry, candidate for Representative writes us that he will be at the Mayer Barberie July 12, if nothing happens Mr. Perry is editor of the Jurisdiction Eagle, and at one time taught school here, and he is coming over to meet the voters of this county, he will meet several from other counties if he comes, as Maysr is always favored with many visitors from Sutton, Kimble and Menard.

In this issue will be found a write up of Eldorado and Schleicher County, put out by Whitten, Whitten and Murray, a Commission firm of this place, they are trying to tell the people who do not know of the values of this great stock farming Country, about it.

It is advertising matter but a true description of this wonder-section of Texas, and every one should be interested and when you have a friend seeking for information in regard to this county get one of these boosters and send it to them. What we need is about 2,000 more people for this county.

Ralph Brown who has been working on the Tom Green County road for several months, visited home folks Sunday.

R. M. Murray returned Wednesday from Jones County where he was called to the bedside of his father, who is now improving.

Van McCormick was in from the Henderson ranch Tuesday.

Mr. Keene of the Darge-Keene Commission Co of Fort Worth was in Eldorado Tuesday on his way to the Sheep & Goat Raisers Association at San Angelo.

Mr. Keene said Schleicher County was the best section of country he had visited and we are confident he meant what he said.

Rev. J. D. Coleman and family of Ft. Worth, new pastor for the Baptist Church of our city arrived Saturday and preached Sunday, and has been busy this week getting acquainted, their household goods have not arrived. We welcome these good people to our city and trust that their stay in our midst will be pleasant to them and very fruitful for the Master he serves.

Every man woman and child in Schleicher county should be a reader of this great religious weekly. Well they probably are, but they should pay for a copy and not read the other fellows, but some people have nerve enough to borrow a car, we borrowed one last week from H. H. Murcheson, one of our Barbers, but we saw others imposing on his generosity so we tried it and it worked. Herman is a good scout if he is an ex-soldier, and we don't mean to talk about our ex boys either.

Word has been received here that Bili Smith who went to the Marathan country last year, lost all but 160 head out of 800 head of sheep from flood waters, he had had no rain this year and was bringing them out to ship them back here and while camped in a canyon a big rain came and drowned his sheep.

We understand they will bring what they have left back here and start over again.

If you want to borrow money on your land give me a trial, I save you from 2 to 2 1/2 percent on your interest, and I don't charge an unreasonable commission for getting your loan through. G. D. Hines.

ico and Orient Rail Road from San Angelo to Del Rio.

The grading of the above road has been completed from San Angelo to five miles south of Sorora, and the Road will be built as soon as financial conditions again become normal.

The Del Rio, Canadian Highway No. 4, from San Angelo south, is now being built through Schleicher County and Eldorado, and about thirty miles of it is now finished and is being used by the public, and it is said to be one of the best in the State.

Eldorado is a nice little village of about six-hundred people, and has a National Bank, one Hardware Store, a Meat Market, a splendid Cotton Gin in town and one nine miles out, three Garages, two Barber Shops, one General Merchandise, two Grocery Stores, one Hotel, Water Works, Lumber Yard, Blacksmith Shop, two Confectionaries, Tailor Shop, Cobbler Shop, News Paper, four Churches, and a splendid School Building.

ELDORADO, is away up in the air, about 2,300 feet above the level of the sea—up where the pure healthful breeze constantly blow. Where the malarial germ is never found—where ever passing breeze brings the flush of health to our inhabitants. Schleicher County is 26 by 50 miles in extent, and one of the very best in this western tier of Counties. The south and eastern portion of the county is some-what broken in character. High Hills, covered with live oak and mesquite timber lend a picturesque character to this portion of the county. Between these hills lie lovely Vallies, and over all is spread the green mantle of mesquites grass, the ground work and baises of the mighty volumn of western wealth and thrift. After leaving these vallies, you mount the hills and emerge upon one of the finest plains, on which the eye of Man has ever rested. Slightly rolling in character, with a scanty growth of mesquite and an occasional bunch of live oak timber, with a deep rich soil, heavily carpeted with a luxuriant growth of the very finest mesquite grass. This portion of the county is of character to delight the vision of the ranchman and the stock-farmer. This divide, as it is called, embraces a large portion of the County, and extends to the braking of the Devil's River on the south and San Saba on the east. The land on this divide is a RICH LOAMY Black, of about the same character as the black waxy land of Hill, Bell, Ellis, Tarrant and other counties of the central section of the State. It is very productive. Corn, Cotton, Wheat, Oats and all forage crops will average with that grown in any part of the State. The water is plentiful and as good as can be found anywhere. The Climate here is unsurpassed, our altitude being 2,300 feet, means cool nights in summer, and restful health-giving sleep, and while our farmers are raising a Bale of Cotton per acre, and other farm products in proportion, our Ranchmen have their pastures stocked with the best breed of cattle and sheep that can be had and are all doing nicely. The Wool this year from the 125,000 sheep in Schleicher County, has brought to their owners this year \$430,000.00. The lamb crop this year, while not as good as usually is, we estimate will bring their owners another \$250,000.00, our 30,000 cattle are getting fat, and will bring their owners quite a neat sum, when those for sale are disposed of.

Interest in the School and Education in General is far above the average. The moral atmosphere throughout our entire county is FINE. With all of the natural advantages, together with the fine School, Moral and Religious Interest, THIS is a splendid place in which to live.

Schleicher County Lands.

Good money can always be made by judicious investment in land. The fortunes of most of the moneyed men in your immediate section, were made by the natural increase in the value of LAND. You know men amongst your neighbors, who bought land long ago and perhaps have made but little more than a living out of it since, that have sold out, or could sell out and realize from \$25.00 to \$75.00 per acre profit. While they have made a living, the land, by its NATURAL INCREASE in value has made them a fortune. When your section was thinly populated, lands were cheap. As the population increased land NATURALLY increased in value. It is a rule without an exception. Lands in your section that are today worth from \$50.00 to \$125.00 per acre thirty years ago, were bought for from one to five dollars per acre. What has happened in Central and East Texas, WILL COME TO PASS in all that portion of the West where the good lands are, and good seasons prevail. Lands may, and doubtless will, still increase in value in your section, but are not likely to increase as fast as GOOD WESTERN Lands, in dollars per acre, much less on amount invested.

Interesting Figures.

If you invest \$12,000.00 in land that now sells for \$75.00 per acre, you can buy 160 acres. If in ten years, it increases in value \$25.00 per acre, your profit would be \$4,000.00; if instead, you invest your \$12,000.00 in good western lands that can now be bought for \$10.00 per acre, you can buy 1,200 acres. If, in ten years, it increases in value \$25.00 per acre, your profits would be \$40,000.00 instead of \$4,000.00.

Plenty of absolutely SAFE money to be made on the lands in Schleicher County. Not a chance to loose. There is not a County in the State that is better adapted to Stock Farming than Schleicher County—enough broken lands covered with a solid turf of mesquite grass, for summer grazing, and thousands of acres of good land on which to raise the winter feed. Lands here can be bought at from \$10.00 to \$50.00 per acre, according to improvements, and distance from town. Just now we can sell you a Farm or Ranch, at an attractive price, and in many cases can make some good terms. Can also sell you Cattle or Sheep of the very best kind in any number.

Now is the time to buy, and if you will come and investigate, and want a SURE thing, you will buy.

For any information that you may desire, write or call on us.

RELIABLE RELIEF FOR RATTLESNAKE BITE

Continued reports of fatalities from snake bites in Texas calls forth protests from D. N. Mc Crea, the well known old-time citizen of Lometa, because he says these deaths are entirely unnecessary. After trying a very simple remedy for the past 42 years in Lampasas County and seeing it bring positive relief every time out of forty or fifty trials, Mr. Mc Crea has every reason to believe the remedy a positive one. He has seen it tried on persons, on cattle, horses and dogs, and it always cured in a very short while. The simplicity of this remedy should appeal to every one. It is: When bitten, eat a piece of alum about the size of an ordinary pea, and then rub some of the pulverized alum on the wound. That is all there is to it, but it is evident that the poison is neutralized in some way by action through the stomach, and it never fails to work.

Mr. McCrea says he has not been without a chunk of alum in his pocket for 40 years. He is entirely reliable and this remedy should be given wide publicity.

Calomel is a Dangerous Drug

Next Dose may Salivate You,
Loosen Teeth or Start
Rheumatism

Calomel is mercury, quicksilver. It crashes into our bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

Employers of the Kansas City, Mexico and Orient Railway have definitely advised W. T. Kemper, receiver that they will not accept the proposal he presented a week ago to-day for a voluntary reduction of twenty per cent in wages in order to help keep the railroad in operation, it was learned today from Jasper Hall, general chairman of the shop crafts employees of the Orient. Hall says his reply for his reorganization is in Kemper's hands. It is presumed other branches of the railway brotherhoods represented on the Orient have filed similar answer. Announcing that the Interstate Commerce Commission has granted a claim of \$120,000 made by the Orient against the railroad administration for money expended to the road. It was indicated by officials here today the claim has been hanging fire for months but immediate action was taken on it when a telegram from the various state officials who attended last week's conference regarding

the Orient's condition was dispatched to members of the commission in Washington.—Ft. Worth Star Telegram.

The editor and tribe spent the latter part of last week on the Nueces River in pursuit of the funny tribe. We were joined at Rockspring (all rocks and no springs) by J. H. Dismukes and family and wended our way down the Mountain side some 1,500 feet to the new town of Camp Woods, here we were joined by Mrs. Harve Foley and children of Rocksprings and Will Foley and wife of Uvalde. We found a nice camping ground five miles south of Camp Wood, where we had plenty of fish and a nice outing.

After leaving Rocksprings you only need low gear and good breaks.

We returned to the land of P. rilise, from the regions below, Monday, a worn out crowd with some rocky experiences.

Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.
