Of and For El Dorado and Schleicher County, All the Time.

VOL. XXII. Eldorado, Schleicher County, Texas, Friday, August 11, 1922. NO. 32

## CRUDE STILL FOUND.

Sheriff Luedecke found his first still in Schleicher County this week, it was located in the Tom Henderson pasture about 10 miles east of Eldorado, and consisted of a gasoline barrel, a tub and a copper coil, the drum contained about 15 gallons of mash. The still was placed in operation while Mr. Henderson was in Kansas. No one was present and the coil was disconnected when found.

Some 10 days ago the gasoline tanks and a small copper wire was stolen from the Baptist Church, the tanks have been found but the wire is still missing and is probably running liquor for a "bootlegger" instead of gas for the church lights.

See G. D. Hines at Eldorado Texas for Six percent money on ranch property.

Tom Teele, who spent several weeks here last year in the City Barber Shop, was here again Saturday in the shop, coming over from Christoval where he is camping. Mr. Teele is a good scout and lives at Midlothian.

## CARSON WEST FINDS OLD MODEL GUN.

While working on the north line of fence on the Will Davis ranch west of Eldorado, Carson West found an old 45-60, 1876 model Winchester. It looks like it might have been lost for several years, probably 25 years, the stock was worm eaten and the barrel and works were very rusty, the gun was an old timer and probably was the means of many buffalo feasts in the early days of this County.

W. E. Baker, County Tax-Assessor, was exhibiting the gun in Eldorado and suggest that the owner of the gun was perhaps killed in an early Indian fight, as the gun was empty and found open as if the last shell had been fired at the foe.

F. M. Hopkins, of Voca McCulloch County, was in Eldorado Monday getting the papers fixed up for his son O. L. Hopkins estate. Mr. Hopkins has been appointed administrator of the estate. He has been living at Voca for the past 40 years and has served as justice of the peace for many years in the Voca community.

## CRISTOVAL INVITES VETERANS BACK NEXT YEAR

Friday morning while the veterans were winding up the affairs of their re-union and discussing the place of meeting for another year. Walker Hale representing Cristoval came forward with an urgent invitation for the old soldiers to return to Cristoval for their next years reunion he was immediately followed by others of Cristoval and so pressing was the invitation that the old vets unanimously accepted the invitation to return to Cristoval for another year.

The old boys sang praises of the hospitality of the Cristoval people and the boy scouts of San Angelo who so gallantly waited upon the old soldiers and taken care of their every need.

The Success wishes to compliment Cristoval in their effort to entertain the old scouts and for the success of the three days entertainment just past.

## UNDERGOES OPERATION.

While at Cristoval Friday we met Dr. Clifford Wemack of San Angelo, who stated that Mrs. C. C. West who was in San Angelo for medical treatment, underwent an operation and was doing nicely, her many friends will be glad to learn of her doing well and hope for her an early return to her home.

Remember that Eldorado Hardware Co., sells for Cash. Where our customers have always been prompt we can afford to wait a few days and are glad to do our best in this line, but we must have prompt Cash or it is impossible for us to keep goods. Eldorado Hardware Co.

It is being planned to recruit the National Guard units more than 2,300 men between now and January 1, 1923.

There is no use to lose your head over an election, the people will vote just like they want to and what you and I might say will never be recalled at the ballot box.

We believe in free speech, so let Jim talk, he's doing himself more harm than good, the profanity he is using in his addresses will not take him to the Senate, it doesn't even sound good to honest state loving people, the day is passed in Texas when the need of profanity in public address will be a winning feature, a man must have merit to win.

Marriages between Roman Catholics and Protestants are a most fruitful source of family rows after the children begin to bless the union. Every Protestant minister has his share of the common war trying to untangle complications growing out of such a relationship. The trouble usually begins with a visit from the priest, and usually ends either in a divorce or in accepting to his demands. A marriage between a Roman Catholic and a Protestant is no marriage at all, according to the Canon law of the Roman Catholic church, unless the Protestant renounces his or her religious heritage. Agreement is invariably made to baptize and educate the children in the Roman Catholic faith, if the marriage is performed by a priest.—The Searchlight, edited by J. Frank Norris, Ft. Worth.

The Highway work for the first contract work has been completed and the asphalt work is now being done, the remainder of stretch of road between the two finished stretches will begin at an early date.

The Editor spent Friday at Christoval attending the union and I am sure that all who attended enjoyed the day fully as well as we did. We were accompanied by our friend S. W. Mather, who we had to drag away from the jig dancing that night, he was so well pleased with the program.

Eldorado offers an education for your children, in the best climate in Texas, and among the best people on earth, why not take advantage of the opportunity and build a good home in a good town and among good people. Come to Eldorado.

The Eldorado school will begin the first Monday in September, have you made arrangements to get your children in a good school, Eldorado offers you the opportunity to educate your child, build you a nice home in Eldorado.

The great national weekly of New York has the following very pertinent article in its July 27 issue:

"Diogenes was asked what beast had the most dangerous 'bite.' He answered: 'Of wild beast that of the slanderer; of tame ones that of the flatterer.' In the third chapter of Genesis we have the first recorded and authentic account of a slanderer. Silently, noiselessly, he creeps along until he hisses temptation into the ear of Eve while slandering Almighty God. Today the trail of the sladerer is all over the world. The greatest curse that ever befell a community was to have in it a talebearer and a scandal monger. They are a blot upon civilization and a running sore in the social life of a nation. As Henry Ward Beecher said: 'The talebearer kindles a fire that burns to the lowest hell.' The sly hint, the innuendo, the question of inquiry which conveys a hint of evil—how infamous all these may be. It is hard to trace a slander; it is hard to evaporate the truth by the slow process of the crucible and leave the residuum of falsehood visible and glittering. Often one cannot fasten upon any word or sentence, and say, that is a calumny. God forgive the wretch who, under the guise of secrecy, goes from man to man with his story, his half-truth, his innuendo, leaving in his wake venom to inflame hearts and to poison human society at its fountain springs! Despise the slanderer, refuse him audience, tell him candidly what you think of him, and be sure not to follow in his footsteps."—The Searchlight.

Fayette Murray was here the first of this week with some parties who want to secure some land to drill for oil, we understand that some land has been secured and more is being sought. These people are successful drillers.

In reporting the burning of the Sam E. Jones barn last week we made an error in the boys name it was Lloyd Evans instead of Clyde. Clyde is a fine boy so says those that know him.

We gladly make this correction and sincerely hope if Lloyd gets out of this affair it will be his last time to get in trouble, he is a meek lad and quick action should be taken on his case and he should be placed in the State Reformatory and his education begun with the right kind of discipline.

But the courts of our country grind slow and Clyde will likely have to remain in jail until an opportune time.

Ferguson's name will be put on the ticket August 26, according to a unanimous vote of the Democratic Executive Committee.

The people will make their choice between Ferguson and Mayfield.

## KIMBLE COUNTY HAS ANOTHER KILLING

W. H. Gardner, a well known ranchman of Kimble County, was shot to death in Junction on Monday August 8th, by E. A. Loeffler, president of the Junction Hardware Co., the particulars could not be learned, this is the third killing in Kimble County within a very short time.

L. J. Spurges got his car badly damaged just before reaching Brownwood last Thursday, a smart-elic with a highpowered auto and more gasoline than brains, ran into him in going around him, instead of going around he tried to run over him, in coming up from behind he managed to pull out far enough to miss the rear of the Spurges car, but managed to turn in soon enough to strike and reck the car, this young brainless peice of humanity paid no damage, he didn't have it, wul pay no fine, for such humans seem to be privilege characters on our highways.

If you want to borrow money on your land give me a trial, I save you from 2 to 2 1/2 percent on your interest, and I don't charge an unreasonable commission for getting your loan through. G. D. Hines;

**Catarrhal Deafness Cannot Be Cured**  
by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions.

## Calomel is a Dangerous Drug

Next Dose may Salivate You,  
Loosen Teeth or Start  
Rheumatism

Calomel is mercury; quicksilver. It crashes into your bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. No salts necessary. Give it to the children because it is perfectly harmless and can not salivate.

## DISAPPOINTED

Tuesday morning Judge W. F. Ford and family and M. Barbee started for San Antonio, but only got out six miles from town when the Judge ran off the grade and turned the car upon its side but fortunately did not hurt any one or do very much damage to the car, which was a new Dodge, but it necessarily postponed their trip until some future time.

The Judge says he is an expert, most every one who turns their car overloaded with people nearly always hurts some one seriously, but he didn't even brake the windshields, the glass dropped out but did not brake.

The Judge was driving slow if not, he would have turned clear over.

Lloyd Evans, the little fellow who is in jail awaiting a trial, says he is anxious to get off to the reformatory if he must go, he does not want a trial he says he did the act he is accused of and that without provocation, he says why caint they just send me on. He wanted to know if he would have to work when he got there.

Lloyd is unfortunate, his mother being dead, and his father, as far as The Success can learn, is probably dead, he is a son of Crockett Evans that one time lived at Sonora. Lloyd has been doing other minor developments, has no one to correct him and would really be better off in the reformatory where he can get some schooling, if he could be taken away at once and placed where he could get out door exercise. He may some day make a good man.
