# All Set For Livestock Show Here Saturday Jackie Lynn Har Wins Deer Rifle Offered as a prize by Calbraith Lumber Com

and sale will be held for the Lamb of the Future Show Saturday, January 16 at the Livestock Center.

The selection of the 20 lambs to be slaughtered for the carcass classes was held at 9:00 a.m., Monday, the 11th at the Livestock Center. James A. Gray, Extension animal husbandman, Dr. Frank Orts, Texas A&M University Extension meats specialist, and Bill Sims, executive secretary of the Sheep and Goat Raisers Association, selected the lambs to be slaughtered and will judge the carcasses

The placings of the lambs on foot were:

#### Fine Wool Market Lambs

- 1. Mark Dannheim 2. Mike Lux.
- 3. Mike Lloyd
- 4. Roy Lloyd.
- 5. Norris Sauer. 6. Teresa Logan.
- 7. Sherry Lux. 8. Leonard Lloyd.
- Lori Sudduth
- 10. Cynthia Schooley.

#### Fine Wool Crossbred Market Lambs:

- 1. Leonard Lloyd.
- 2. Mike Lloyd.
- 3. Sherry Lux. 4. Mike Lux.
- 5. Roy Lloyd. 6. Brett Baumgardner.
- 7. Lori Sudduth.
- 8. Benny Logan.
- 9. Teresa Logan.

10. Kurtis Homer. The lamb carcasses will be displayed and the results of the carcass judging will be announced at 11:30 a.m. January 16, at the show. A total of 20 boys and girls are feeding 110 lambs for the lamb

The regular Schleicher County Livestock Show will start at 9:00 a.m. January 16 with the judging of market swine. The judging of club lambs (trimmed lambs) will be followed by market lambs classes (shorn lambs) at 10:00 a.m. The lamb carcass exhibit will be at 11:30 a.m. The barbecue at 12:30 will be followed by the auction sale. The presentation of awards will be at 2:00 p.m. Barbecue lunch will be \$1.25 for adults.

Rex Jones, Tom Green county agent from San Angelo, will judge market lambs, club lambs and

Members of the Livestock Show committee are Ronnie Mittel, Clifford Schooley, John Rae Powell and W. F. Edmiston.

The auction sale committee are Ronnie Mittel, Billy Williams, John Edward Meador.

The food committee are D. Lux and Lawrence Dannheim, for barbecue. The concession stand committee, Mrs. Clifford Schooley, chairman, Mrs. Rony Kerr, Mrs. Kenith Homer and Mrs. J. C. Bumgardner.

All are invited to become a part of this affair. Visit the concession stand and visit with old

# CALLED TO FORT WORTH

Now with winter here and in unheated barns or outside the fewer hours for performing the home are often subject to freezing, outdoor chores, good lighting is but the use of electric heating even more important.

The mercury-vapor yard light is save the homeowner the trouble of one of the best available. When thawing the frozen pipe or replactorated near the middle of the ing it. building area, it provides enough light to adequately cover the entire are available, ranging in cost from area. The 250-400-watt size lamps a few cents to 20 cents or more continue to gain in popularity over per foot. The only other cost is the 175-watt size.

The fixtures have a built-in ceeds 4 cents for 24 hours for a photoelectric control to automatic- 26-foot cable. The usage can be ally turn the light or lights on at kept to a minimum by installing a dusk and off in the morning. The mercury bulb has a rated life of 16.000 hours. This amounts to about four years of operation under automatic control.

Most electric power suppliers have a rental plan by which these lamps can be installed and permanently maintained for a small monthly charge. A visit with the local power supplier for the details on the lights and rental plan is advised.

Before we set our hearts too much upon anything, let us examine how happy they are who already possess it.

It's time to begin thinking about fertilizer needs for 1971 logically a soil test should be the beginning for making the determin ation on what plant food or foods are needed.

An expression of the soil fertility level is not a simple single index since any combination of nitrogen, phosphorus, and potassium levels can exist. Soil tests should be used to determine the level of major plant nutrients, and fertilization practices for the soil and crop should be adjusted in accordance with existing soil fertility levels.

Chances for making high and profitable yields depend upon many factors, including soil fer tility, cultural practices, manage ment and climate and all should get attention when cropping plans

The cable should be bought in the desired length to avoid splicing or shortening. A cut cable may become too hot and burn out. If the pipe is well grounded, there is no danger of electrical shock.

Other uses of electrical heating cable include keeping gutters free of ice, and warming floors. Leadcovered cables may be used in

# Boy Earns Dog: And That's News When the Boy is Marty Mim Mack

By ANN FORER

Everyone knows that boys and dogs were made for each other. Beginning when the first wolf was clever enough to see it would be more fun to play with man's cubs by man's fire than to howl at the cold moon above a mountain, boys and dogs have gone together like peanut butter and jelly.

and jelly.

Marty Mim Mack, age 9, of Santa Clara, Calif., is just like any other self-respecting boy. He needed a dog. For it's not a question of wanting to have a dog: if you're a boy, you need a dog.

So Marty set out to earn his dog, because in the Mim Mack

So Marty set out to earn his dog, because in the Mim Mack family there are six sons, and they all earn their privileges. Their father Bill, a Lockheed engineer, believes a little bit of self-reliance, a little bit of discipline, and a lot of love is the way to raise a family. The Mim Mack boys are well-known in their neighborhood as mowers of lawns, budding merchants (they'll sell you anything from an aquarium full of fish to a redwood planter for your garden), and as baby for your garden), and as baby

Marty is the youngest of the Mim Mack brothers, and it's a little difficult for him to earn his pocket money. Even all of Marty's pep and determination and intelligence can't quite overcome the one overpower-ing fact of his life: Marty was born without arms and with a hip defect which makes one of his legs shorter than the other. Marty's not alone with his problem, though, for there are some 250,000 babies born in the United States each year with a significant birth defect. Not all of these are as shattering as Marty's, but they all make a difference to the kind of life those 250,000 babies a year can look forward to

ones he felt too grown-up to wishes she could take her when he returns.

whole family to obedience training class.

"Now if I could just get Marty and the other boys to behave the way Marty has gotten Liquor to behave," she says, "life would be a lot more peaceful in our house."

Marty would like to practice obedience training with Liquor.

obedience training with Liquor a little more often, but some-times it's hard to do. For one thing, he has to wear a Mil-waukee brace 20 hours every day to help correct a curvature of the spine which is associated with his hip defect.

Marty is busy with other activities, too. He goes to school, where he is doing very well, even though he can't take his dog along. Every summer, he piles in the family camper with his parents and his brothers and they are off to the wilderness of British Columbia fishing and camping out. And then there is one other thing that takes up some of Marty's that takes up some of Marty's

He and his dad will be traveling around the country, telling people about The National Foundation-March of Dimes and the ways in which this voluntary health organization is aiming for its goal, which is the prevention of birth defects. Through programs of research and retient orth defects. Through programs of research and patient care the Foundation hopes to wipe out one of America's most vicious public health problems: vicious because it strikes not toward the end of life but at the very beginning when the baby in atili in the

Great strides have been made in wiping out birth defects. Vaccines have been developed to protect against rubella (German measles), which can cause severe defects to the una significant birth defect. Not all of these are as shattering as Marty's, but they all make a difference to the kind of life those 250,000 babies a year can look forward to.

Persevering Pair

But this is not a story about birth defects. It's a true story about a boy who earned his dog in the best American tradition. Marty sold his toys. Just his old toys, of course, the ones he felt too grown-up to wishes she could take her born baby if caught by a pregnant woman. There is also a vaccine for Rh blood disease, as well as new methods of treating those who are born with defects. But much more must still be done, and Marty Mim Mack wants to help see they youngest person in the class. Unawed, they went to school for weeks, and Liquor learned to heel and sit and stay so well so one be useful, even if it means leaving Liquor at home while he goes on tour. And Marty wishes she could take her born baby if caught by a preg-

as National Poster Boy for the March of Dimes, Marty Mim Mack, 9, Santa Clara, Calif., gives his dog, Liquor, a special treat. Liquor has a weakness for German salami, and here he receives a reward from Marty.

need any more. He hung on to the set of drums his mom and dad got him for Christmas. And by the way, if you think a boy with artificial arms can't make a racket with a drum, you're wrong. Just ask Bill and Gloria Mim Mack.

Marty has his dog now, a judicious combination of dachs-

hund and miniature pinscher named Liquor. When a report-er asked why he had named the dog Liquor, Marty replied, "Why not?" The reporter de-cided to ask about something

Frigidaire's Jet Action Pair is the only 18-pound capacity laundry pair you can buy that's only 54 inches wide. With flexible capacity, wash and dry up to 18 pounds—without attachments of any kind. Wash a negligee to a family-size load or anything in between. Let the people at West Texas Utilities show you the many other benefits and features of this Jet Action Pair. Plan right now to go see the features of the Frigidaire washer and dryer Jet Action Pair at West Texas Utilities.

Also remember, WTU offers free normal 220 volt wiring to West Texas Utilities residential customers who buy a new Dryer.

Forthe vill give you more than

These days, every car dealer is offering you a deal. Including us. The difference is, our deal includes more

On cars delivered now through February 28, during our "What-Would-You-Do" Special, American Motors will give you a General Electric 12-Inch Portable TV with any new car you buy

But that doesn't mean we won't give

you a good deal, too.

Because we've got the best cars we ever had this year, and we're going all-out to give you a better deal than you can get anywhere else.

Plus the tv set. Maybe you don't expect this much from a car dealer, but, if you had to compete with GM, Ford and Chrysler dealers, what would you do?

If you had to compete with GM, Ford and Chrysler dealers, what would you do?

Tempting, Traditional Menu

Revive a colonial mealtime tradition this winter by serving warm Steamed Corn Bread with a pot of flavorful baked beans Relative of famous Boston Brown Bread, though lighter in color and texture, Steamed Corn Bread is a delightful addition to cold weather menus. Spread slices of Steamed Corn Bread generously with butter and serve with baked beans, assorted vegetable relishes, glasses of milk, and for dessert — apple crisp or spicy baked apples.

STEAMED CORN BREAD

Makes 1 large loaf or 3 small loaves 1 teaspoon baking powder

11/3 cups sifted all-purpose flour

2 cups milk 1 egg, beaten

1% cups enriched corn meal 1 teaspoon salt

1/3 cup vegetable oil 3/4 cup molasses 1/2 teaspoon soda

Sift together flour, corn meal, salt, soda and baking powder. Add remaining ingredients, stirring just until dry ingredients are moistened. Pour into 3 empty greased 1 lb. 2-oz. cans or a greased 11/2-qt. mold. Cover tightly; steam 3 hours. Uncover; bake in preheated hot oven (450°F.) 5 minutes. Unmold. Serve

bright white cabinet and the speakers have tangerine

GOLDEN TOUCH OF HOSPITALITY

Dress Broccoli with Cheese Sauce

To serve Broccoli with Cheese Sauce, begin by cooking the broccoli in a manner to seal in all the flavor, color and vitamins. Then top it with a creamy cheese sauce.

To cook the broccoli, trim, wash and drain but do not dry. Place 1 tablespoon margarine, and desired seasonings in a saucepan with a tight fitting cover. Add broccoli and 1 table-

spoon of water. Cook over medium to low heat 8 to 16 minutes or just until vegetable is tender, shaking the pan several times to prevent sticking and adding more water if necessary.

Creamy Cheese Sauce

Melt margarine in saucepan. Mix in corn starch, salt and pepper. Remove pan from heat. Gradually add milk, mixing until smooth. Cook over medium heat, stirring constantly, until mixture thickens, comes to a boil and boils one minute.

Mix in cheddar cheese, stirring until cheese is melted. Makes

#### Evidence Of Age May Take Several Forms For Social Security

"Probably the largest single problem in filing for social security benefits today is evidence of age,' M. Talbot, social security manager, said today. "Of course, if the person has a birth certificate or church record of birth made before age five, there is no problem.' In a large percent of cases, however, the person's birth was just not recorded before age five. When there is no public or church record of birth available," Talbot said, "then we must secure the best possible evidence of the person's age."

The best evidence of age is not the same in every case. There are many documents which can be used of worming horses. The club will to establish age, such as census meet again next month to discuss records, school records, military records, voting records, and many

"Sometimes, we have to dig pret-Contact June Williams, John Rae ty deep," Mr. Talbot concluded, Powell or Jim Cawley. —Mike Red-"but, we have never failed to establish an age for a person. Probably one of the most unusual cases we have had concerned a man in Alabama. There was nothing to show his age or date of birth. His mother died shortly after he was born, and finally he brought in her tombstone to show that he had to have been born before that date. We accepted it.'

For more information, contact the Social Security Office at 3000 West Harris Ave (P.O. Box 3808) in San Angelo, Texas, or see the meet with him are encouraged to call the office in San Angelo. The phone number is 949-4608.

The Social Security representative, Jules Gipson, is due here next on Jan. 28th and will be at the Court House from 9:30 to 11:30 a.m. that day.

# Highway Department

Sets New Work Week Austin, Tex.—The Texas Highvay Commission today reduced the normal work week of hourly-paid maintenance employees of the Texas Highway Department from 45 to 40 hours a week.

The change is effective on March 1st.

The action was taken to bring maintenance employees into line with those of salaried employees of the Department who have been on a regular 40-hour work week for several years.

The Commission has had under study for a considerable time a proposal to place all employees on a uniform work week without a reduction in gross pay. The action today implements this proposal.

#### L. V. Newports Attend Funeral In Oklahoma

Lawrence Newport was notified Saturday that his sister, Mrs. Ed Butler, had died at her home at Sunray, Texas. She was about 65 ears of age.

Mr. and Mrs. Newport left Monday afternoon for Abilene, where they spent the night, and from there went to Fletcher, Oklahoma, where Mrs. Butler's funeral services were held Tuesday afternoon.
