73RD YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS (76936)

Thursday, January 17, 1974

Number 3

W. T. (Pefe) Parker **Buried Monday**

William Thorpe (Pete) Parker, 61, Schleicher County businessman and rancher, died Saturday, January 12, in the Eldorado Medical Center. He had been in failing health for about a year.

He was the son of Mr. and Mrs. W. H. Parker, pioneers of Schleicher County. He was born in Burnet county on September 3, 1912, but he lived in Eldorado most of his life. He graduated from Eldorado High School in 1929 and attended Sul Ross College and Texas Later he studied Tech College. accounting at home through the La Salle Extension University. married Mary Josephine Stephenson on November 18, 1933. He was a World War II veteran, having served in the Army Medical Corps.

He was a life-long grocerman, starting his own business in 1940. As rancher he was devoted to sound land management and conservation. In 1956 he received the Lions International Outstanding Foods super-market early Saturday Soil Conservationist Award for the Eldorado Divide Soil Conservation District. He was a member of the the death of the firm's senior part-Texas Sheep and Goat Raisers As- ner, Mr. W. T. (Pete) Parker. sociation.

He became a licensed real-estate broker in 1967 and had intended to pursue his interest in real estate in his later years.

He was a Mason and member and treasurer of St. Mary's Episcopal

He is survived by his wife; two leight. daughters, Mrs. R. A. (Mary) Shan- | Our reason for that was that non of Austin and Mrs. M. E. And, in the "making up" of this most insulting award, planned to hurriedly throw it Frank's way, with far less ceremony than the other award winners had. Fortunately, there were many witnesses at the Football Banquet who know that this was certainly not the case!

"A back of the year award," you It is common knowledge that the any sportscaster, or watch any entire Varsity team selects, by sectelevised football game and all you ret ballot, the team-mate they know read, hear, or see is the running to be the most deserving of the awards given. This selection, and tion should be given to the linevoting, took place long before the men. This is an annual award to Football Banquet, and the trophies be given every year to the "Most were appropriately engraved. Thus Outstanding Lineman," regardless it was hardly a last minute effort of race. In the past two years, the by a local organization to pacify Eldorado Jaycees have devoted some disgruntled observer! over \$1500 to school programs. This was done to benefit all students,

You bet, Frank was great! BUT, so was the entire Varsity team, and he was certainly not alone when he played every Friday night, 48 minutes a game! It was this united, would be glad for you to attend closely-knit TEAM that won the our Jaycee meetings the 1st and Championship, the first such cham-3rd Wednesdays of every month. pionship in 23 years! If Frank shares Mr. Belman's feelings, that he was degraded and insulted by receiving this award, then he is not the same Frank his team-mates selected "Lineman of the Year." He could not have been part of the team as he was, and have the attitude Mr. Belman advocates! Frank was "USED" on the football field, so were the 10 oth-As the proud mother of a 1973 ers; and, if he is to be discarded Eldorado Eagle, I take a very and soon forgotten, so shall the strong stand against the letter other 10 be!

The same opportunity to play sports, or to excel in any area, is open, equally, to all students of Eldorado High School. When some a "Chicano," Mr. Belman would DO excel, and are recognized for their accomplishments, what a pity den, someone realized the football it is that there are those who MUST team had a "Chicano" on it! Thus, find fault, in a most damaging way Sincerely Ginger Harrell

Non-Discrimination

Southwest Texas Electric Cooperative, Inc. has filed with the Federal Government a Compliance Assurance in which it assures the Rural Electrification Administration that it will comply fully with all requirements of Title VI of the Civil Rights Act of 1964 and the Rules and Regulations of the Department of the Agriculture issued thereunder, to the end that no person in the United States shall, on the ground of race, color, or national origin, be excluded from participation in, be denied the benefits of, or be otherwise subjected to discrimination in the conduct of its program and the operation of its facilities. Under this Assurance, this organization is committed not to discriminate against any person on the ground of race, color or national origin in its policies and practices relating to applications for service or any other policies and practices relating to treatment of beneficiaries and participants including rates, conditions and extension of service, use of any of its facilities, attendance at and participation in any meetings of beneficiaries and participants or the exercise of any rights of such beneficiaries and participants in the conduct of the operations of this organization.

"Any person who believes himself, or any specific class of individuals, to be subjected by this organization to discrimination prohibited by Title VI of the Act and the Rules and Regulations issued thereunder may, by himself or a representative, file with the Secretary of Agriculture, the Rural Electrification Administration or this organization, or all, a written complaint. Identity of complainants will be kept confidential except to the extent necessary to carry out the purposes of the Rules and Regulations."

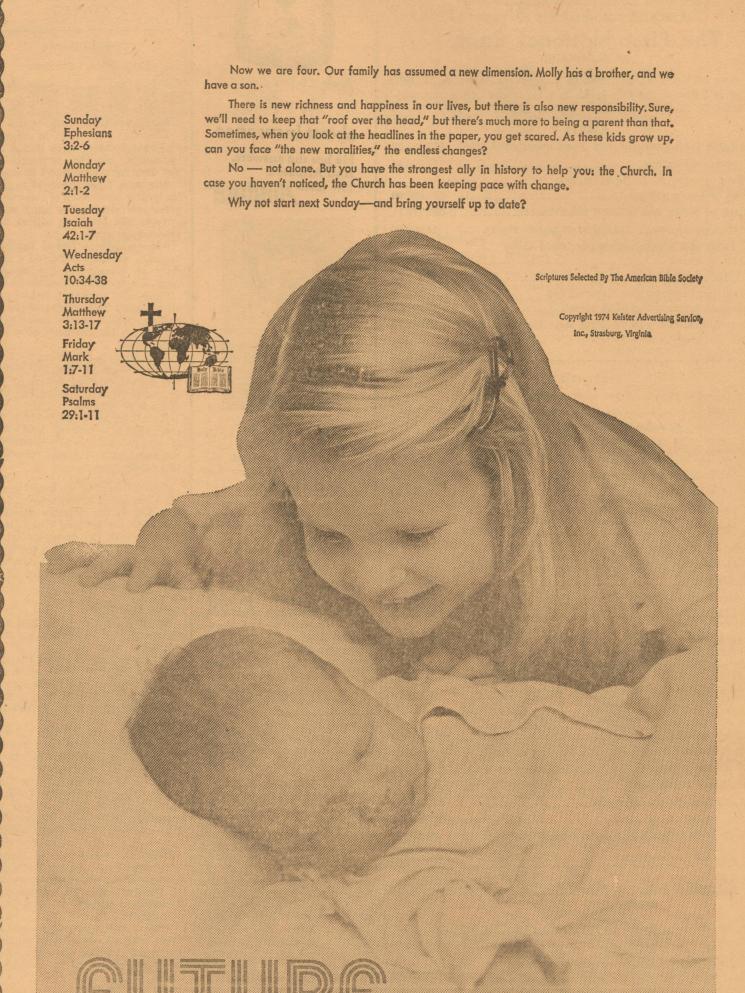

ON WINTER HEATING

- For savings on energy, set the thermostat on the temperature setting that provides adequate comfort (the President suggests 68°). Don't continually switch it up and down. Remember, the lower you set the thermostat in the winter the more money you save on energy.
- A routine service inspection by a qualified service man is advisable prior to the heating season. Follow the manufacturers recommendations on this. Clean filters keep the heating unit operating at maximum efficiency and economy. Filters are the most neglected part of any forced-air heating
- 3. A wood burning fireplace should be equipped with an efficient damper. Be sure to keep the damper closed when not in use. A chimney with the damper open carries warm air out the house, wasting heat.
- 4. To decrease heat loss and reduce energy cost in rooms that are not in use at night or in extremely cold weather, draw the draperies and lower the shades over the windows, glass panels and doors. If the sun is shining on glass areas, open the draperies. The sun shining through the glass will supply additional heat at no cost.
- Some wall heaters have fan-forced circulation. To clean, turn the unit "OFF". Blow dust out of unit with vacuum exhaust attachment. Clean the grill cover with a vacuum or warm detergent water.
- Proper insulation and weather stripping will make your home more comfortable. It will help keep dust and dirt from blowing in, and will help to eliminate cold drafts in the winter time, thus saving money on your heating bill.

NEWS FROM STATE CAPITOL

By-Bill Boykin Texas Press Association

Austin, Tex.-Lawmaker dele-

gates to Texas' first Constitutional Convention since 1875 got off to a bumpy start last week. They lost little time in election

of House Speaker Price Daniel Jr. "president" but they wrangled for $2\frac{1}{2}$ days over procedural changes. The rules fight appeared to cen-

ter largely on concern of some delegates over yielding too much authority to the presiding officer and professional staff.

Some observers feared the preliminary wrangles indicated a minority of delegates really do not want a new constitution at all.

Some were sniping at Daniel, and others were following legislative custom and trying to leave their imprint on the rulebook of a historic event.

Top officials, including Gov. Dolph Briscoe, Lt. Gov. Bill Hobby and Daniel, offered words of encouragement to delegates and predictions of success.

Plain citizens are supposed to get their chance to express their views to the delegates when committee hearings get under way, probably

Convention planners hoped to run off a fast-paced 81-day schedule before the spring primary election, but hope for keeping that pace dimmed with the drawn-out rules debate. Mood of delegates appeared to be to take all the time they want. They can work until July 31 if they insist on it.

Speed Limit Cut

Starting January 20 at 12:01 a.m. the speed limit will be 55-not 70miles per hour.

Governor Briscoe issued the official proclamation hours after the Texas Highway Commission approved lowering the limit in line with federal directive as a fuel-saving

President Nixon January 2 signed a new law providing for withholding of federal highway aid funds in those states which refuse to establish a 55 mph limit in 60 days.

An earlier effort by the Commission to reduce the limit was rejected by Atty. Gen. John Hill, who said special legislative authorization was necessary. Briscoe then called the legislature into session and asked for a new law giving the rado, qualified in the state level Highway Commission power to lowudges of the New Mexico Music Lawmakers granted that authority

Efforts will be made to protect those who get early speeding tickets under the law from jacked-up insurance premiums as a result.
