## Peter Lynn Whitten Dies Following Fire

Following the fire and explosion involving Mr. and Mrs. Peter L. Whitten at the ranch northwest of town 15 days ago, his death occurred, a baby daughter was born to the couple, and the young widow was flown to Galveston for treatment at the burns center.

Whitten and his wife received extensive burns after an explosion in the bathroom of their home. Schleicher County Volunteer Fire Department Chief B. L. Blake-way said sewer gas built up in the septic tank and caused the explosion. He added that bathroom curtains were the only furnishings burned in the explosion originally thought to have been caused by the hot water heater.

## Continuing Rains Halt Cotton Ginning

For the last two or three weeks there have been either light showers, heavy showers, or some downpours.

As far as farmers are concerned there has never been a chance for fields to dry up enough to permit the use of heavy cotton strippers.

Lloyd Johnson gives rainfall for October at 5.80 inches.

Whip Faull brought in three bales of hand-picked cotton on October 16. Since then two more bales were processed.

## Nursing Home Notes

We had an easy week this past week. We didn't get a chance to work on our Arts and Crafts so we will have to double up this week. We did have good attendance for Happy Hour and Bingo.

Our Bingo champions this week were Beulah Harris and John Davis with two games each. Other winners were Georgia Springstun, Ella Casbeer and Maggie Sluder. Fred Watson and Fbbie Donaldson tied up with Dick Bearce and Sam McGinnes in dominoes. They came back in the afternoon to break the tie, and again the game ended up 2 and 2.

Friday the 1st of November was Beulah Harris's birthday. Happy Birthday!

Out of town visitors this week were Mrs. W. T. Mills from Big Lake to see Mrs. Parker. Hattie Blaylock enjoyed a visit with her son Bert Blaylock from Orient. Mrs. Blakeway visited with Wayne and Margaret Bruner from Ft. Worth and Orvil and Juanita Turner from San Angelo. Georgia Springstun and Beulah Harris enjoyed their visit with Mike Dempsey from San Angelo.

If you tie or tape a stick to a paintbrush before setting it in paint remover, the bristles won't become bent while sitting.

If you have a problem with a chair-leg joint coming out and it's too loose for glue to hold well, do this: Hammer a small wedge into the dowel. As the dowel is forced into the hole the wedge will sink into the dowel and widen it, thus making it hold better. Glue is always a necessity for a joint like this.

If you're trying to put a screw into a hole that's too big, stuff into the hole some wooden matches, or toothpicks broken off to fit and dabbed with glue, and try again.

Keep a cake of soap with your tools. When driving screws, soap the threads first and the job becomes easier. It also makes your task easier if you use high quality steel bladed screw drivers that are precision-ground, and nickel-plated to resist rust—such as Ritco tools.

To remove a ceramic tile use a glass cutter and score an "X" on it. Tap it lightly (but hard enough to do something) at the center. This should loosen it and/or crack off enough of it to give you working space. Use a chisel to dig out the rest.

**Administrators Attend Orientation Program**

San Angelo, Tex.—Mr. and Mrs. Robert L. Jay and Mr. and Mrs. Walter Wallis of Eldorado were among some 100 area public school officials and spouses who attended an orientation program Saturday on the campus of Angelo State University.

Jay is the principal of Eldorado High School and Wallis is the principal of Schleicher Elementary School both of the Schleicher County ISD.

The public school personnel were attending an annual program entitled, "Area School Administrator's Evening on Campus." The basic purpose of the program is that of familiarizing the school officials with programs and features of Angelo State.

The campus visitors were the guests of the University at a reception and dinner in the Houston Harte University Center. Following the dinner, they viewed a special presentation on the University featuring a 10-minute color slide program that covered all aspects of the University.

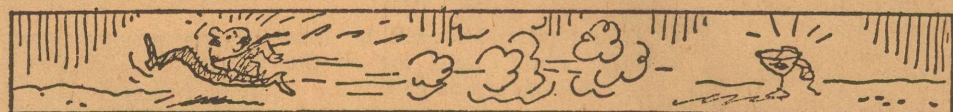

Special guests at the dinner were State Sen. and Mrs. W. E. Pete Snelson of Midland and their children and State Rep. and Mrs. Tom Massey of San Angelo.

According to ASU president, Dr. Lloyd D. Vincent, the program strives to focus attention on the University's interest in and support for the public schools in West Texas. "With these programs, we hope to make the high school administrators and other public school personnel feel a part of the dynamic growth of our University," Dr. Vincent explained.

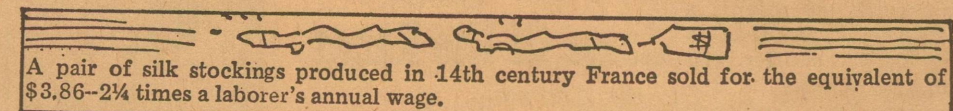

Later in the evening the visitors attended ASU's Homecoming football game with Texas A&I University.

Official 1974 Bicentennial Medal . . .

Honors First Continental Congress

PHILADELPHIA — Plans for an eight-week festival kicking off the city's Bicentennial Era

next month were recently unveiled by John W. Warner, Administrator for the American Revolution Bicentennial Administration, who came from Washington to endorse Philadelphia's plans to celebrate the 200th anniversary of the First Continental Congress.

The city's inaugural Bicentennial event begins Sept. 5, where it all began 200 years ago, at Carpenters' Hall. It ends Oct. 26, the date the 56 delegates disbanded with the colonies united.

The First Continental Congress united the 13 disparate American colonies for the first time to seek redress of their grievances against the Parliament and King of England. Their actions set in motion events leading to the meeting of the Second Continental Congress which produced the Declaration of Independence and

guided the new nation through its war for independence.

An eight-member delegation will represent the Congress in the ceremonies in Carpenter's Hall, Oct. 14.

Philadelphia's commemoration will open with a two-day conference of Governors from the 13 original states, hosted by the Commonwealth of Pennsylvania and the Pennsylvania Bicentennial Commission. Many of the events will point to the city's vibrant lifestyle 200 years ago. Others (con-

solely to provide matching grants to state and local government and non-profit Bicentennial group to finance specific Bicentennial projects. The medal, about one and one-half inches in diameter, features a bust of John Adams on the front. Beneath and to the right of the figure of John Adams is the official symbol of the American Revolution Bicentennial.

The reverse depicts a scene commemorating the First Continental Congress, which met at Philadelphia in September 1774.

Designed by Robert A. Weinman, president of the National Sculpture Society, the medal is dated "1974" and comes mounted in a handsome presentation case.

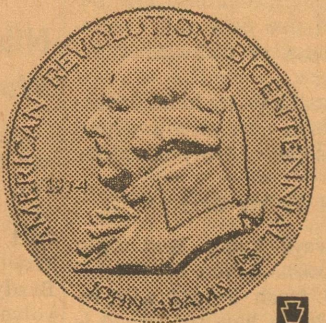

The silver medal will cost \$15.00 and the bronze \$3.50. Send a check or money order accompanied by the purchaser's name and address to ARBA, P.O. Box 1976, San Francisco, California 94101.

certs, sporting events, symposia) will offer visitors a glimpse of Philadelphia today.

As part of the celebration, the ARBA will offer for sale the only official 1974 Bicentennial medal issued under authority given by the Congress of the United States. The medal is available in silver or bronze, and is being produced by the United States Mint.

The funds raised by the sale of this medal will be used

Woman's Club Meets In Mrs. Nimitz's Home

The Eldorado Woman's Club met Tuesday afternoon, Oct. 22, at the home of Mrs. E. H. Nimitz for a regular business session and program on Federation. Mrs. Edwin Jackson gave a report on Federation. Mrs. R. D. Johnson gave a brief history of the club and reviewed the club's activities for the year 1973-74. Mrs. Lewis Stockton spoke on Women In The News.

Mrs. W. A. Van Dusen presided over the business session. She appointed Mrs. S. D. Harper to serve as Bi-Centennial chairman, the whole club to serve as a committee. Plans were made for the Thanksgiving luncheon which will be held on Nov. 19 at noon at the Memorial Building.

Members please remember to bring articles for the San Angelo Mental Health Center to this meeting. Mrs. Keno Ogden is the representative to this Center for the club, and will see to it that the articles are delivered.

Mrs. Edgar Spencer assisted Mrs. Nimitz as hostess.

T. F. W. C. Workshop

Mrs. Edwin Jackson, Mrs. Ford Oglesby, Mrs. Lewis Stockton and Mrs. W. A. Van Dusen attended the Heart of Texas District Board meeting and workshop of the Texas Federation of Woman's Clubs at the Massie Clubhouse in San Angelo last Saturday.

Miss Martha E. Graves, president of the Heart of Texas District whose home is in Cisco, Texas, pre-

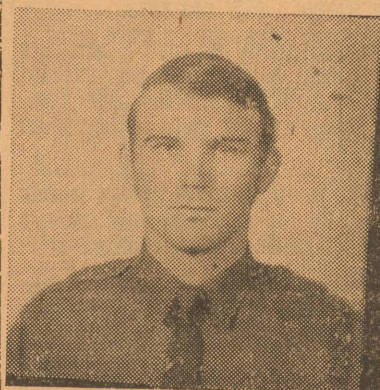

sided over the board meeting. The District Board chairwomen were in charge of the workshops. Mrs. Jackson led the Home Life Department and Mrs. Van Dusen was in charge of the Department of Conservation.

An Emporium was held during which handicrafts and home-made items were sold, the proceeds to go toward repairing and refurbishing the Texas Federation of Woman's Club at Austin, Texas. This wonderful old building has been a source of pride to the Federation and members of the TFWC have reclaimed it after almost losing it due to a misunderstanding about taxes. The women rallied, paid the taxes, put a new roof on the building, and are determined to put it in good condition and keep it going.

To discover and uncover a criminal, the ancient Greeks would place an agate or a piece of jet on a red-hot axe, and it supposedly indicated the guilty person by its motion.

Miss Gibbs, James Hight Were Married Oct. 12

Miss Laura Lee Gibbs of Brownwood and James Ernest Hight of Eldorado were united in marriage at the Saline Community Center near London, Texas, by Rev. L. C. Sparkman, pastor of the London Baptist Church, on Saturday, October 12th, in an afternoon wedding.

Eagle Scout Association To Be Formed

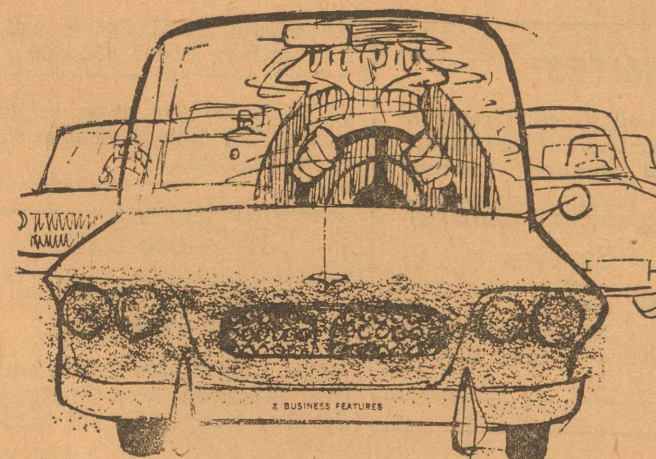

"Once an Eagle Scout always an Eagle Scout" has been said since the first Eagle Scout Award was presented over 60 years ago. There are some estimated 500,000 living Eagle Scouts in the United States today. Only one Scout in 100 ever earns the Eagle Scout award.

A local chapter of a new organization known as the National Eagle Scout Association is being organized to gather together all former Eagle Scouts in the 23 counties of the Concho Valley Council, Boy Scouts of America.

The organizational meeting will be held Thursday, Nov. 7, at 4:30 p.m. in the Fort Concho Room of the Central National Bank in San Angelo. All Eagle Scouts are invited to attend this organizational meeting.

If unable to attend, an Eagle may contact NESA, Concho Valley Council, BSA, P.O. Box 1584, San Angelo, Texas 76901 or call 915-655-7107.

Leftovers Can Stretch The Budget

Feeding the family at today's prices is harder than ever. It calls for taking advantage of weekly specials and bargains, buying in quantity when advantageous, shopping with lists and cents off coupons in hand. It also requires making the best possible use of all purchases including the use of leftovers, a word that pops up whenever prices soar. Today it is a smart practice to stretch a small amount of leftover meat to make another meal. Here, ham is stretched to make stuffed green peppers. The recipe is from the book, "Too-Good-To-Be-Leftovers" available for 75 cents plus a label from a quart or 48-ounce jar of Hellmann's or Best Foods real mayonnaise. For the 144 page 7-inch full color paperback book write to: Leftovers Cookbook, Box 307M, Coventry, CT 06238.

Prompt Washing Prevents Corrosion

Certain foods will mar the finish on stainless steel flatware if it's not washed promptly. Salt, fruit and fruit juices, tomatoes, vinegar and dairy products are the worst offenders. They corrode the surface by breaking thru the thin, transparent film of chromium and nickel oxides on the steel surface. Oxygen in the air helps heal minor scratches in the protective film after the utensil has been cleaned and set aside. But if food is allowed to remain on the flatware, the air cannot reach the break to heal it. Corrosion will take place each time the steel becomes wet. Dark marks sometimes respond to treatment with detergent. If you use a dishwasher, load flatware carefully so that no two pieces nest together. The water should be approximately 140 degrees F. and use only the recommended amount of dishwasher detergent. Prompt washing—by hand or machine—prevents corrosion and will keep stainless steel truly stainless. \* \* \*

Fresh Bread Tastes Best

Bread always tastes best right out of the oven—yours or the baker's. How fresh a loaf will remain depends on how the bread is handled and stored. Bread and rolls should be stored in a clean, dry place at room temperature, away from any source of heat. A well-ventilated bread box or drawer will meet these requirements. Tests show refrigerator storage speeds the staling of bread products, but it also retards any tendency to mold. This is particularly true in hot, humid weather. Freezing preserves the freshness of bread. Frozen breads thaw fairly quickly. Rolls and sliced bread take only a few minutes and an unsliced loaf takes from 30 minutes to an hour. Breads should remain wrapped during thawing to prevent condensation of moisture on the surface. \* \* \*

Shop Wisely For Household Equipment

Whether or not household equipment pays for itself depends on the job it does, the convenience it

offers and how often it is used. The best buy is the model that suits the family's need and special situation.

Shoppers should first establish what type of equipment is needed, what range of money they can spend and what fuel and space are available. When this is decided, the shopper can begin to compare prices and features of different brands and models, along with services offered by several dealers.

To make comparisons, use a checklist itemizing brand names, model numbers, dimensions, capacities, features (standard and special), warranty periods, installation and/or delivery costs, finance charges, store name and sales person's name. Ask about the dealer's policy for service and repair or replacement of defective parts. Question the terms of the warranty, such as how long it's in effect and what is covered. Take time to think over the findings. If possible, ask for a demonstration to check the running condition and noise level. Also consider which features will be used and which are only for appearance.

Niblett And Fay In Wool Sewing Contest

Elizabeth Niblett, daughter of Mr. and Mrs. C. J. Niblett, and Shirley Fay, daughter of Mr. and Mrs. Tony Fay, participated in the District 6 "Make It Yourself With Wool" contest this past Saturday in Brady. Fifteen counties were involved in the competition. Elizabeth made a costume of Vogue design consisting of pants and a fitted jacket with a shawl collar. The jacket featured patch pockets and set-in sleeves. Her fabric was a rust, grey and black plaid. Shirley modeled a red, white and blue pants outfit. This included fully-lined navy slacks and a red, white and blue plaid battle jacket with navy bands at the wrist and waist. Her jacket was also lined. Both of the girls won beautiful dress lengths of 100% wool. Although neither of them will advance to state competition, they represented Schleicher county very well. Miss Dana Owens, high school homemaking teacher, worked very hard with these girls on their projects. She accompanied them to Brady. Mrs. Glendon Aldridge and daughter Nancy of El Paso spent the week end visiting Mr. and Mrs. George Williams here.

Salute Harvest with Apple Winecream

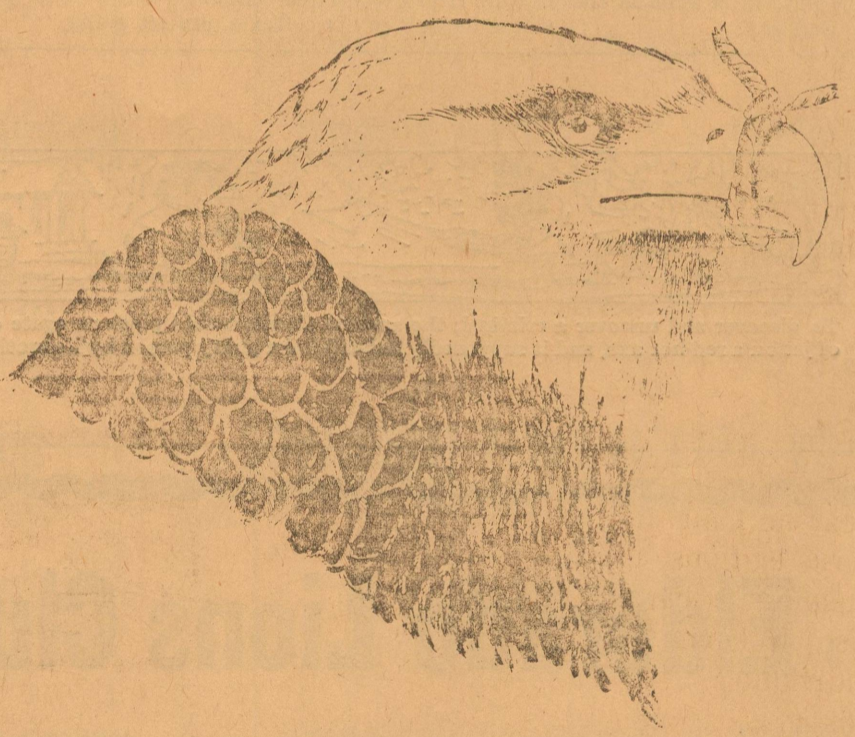

For a light autumn dessert, make Apple Winecream. Desserts such as this are great favorites in Europe. As is true of many desserts of European origin, this one is delicately thickened with corn starch. Apple Winecream 1 1/2 cups diced, pared apples 2 tablespoons sugar 3 tablespoons water 1/2 cup sugar 5 tablespoons Argo corn starch 1 1/2 cups white wine 1/2 cup water 2 eggs, separated

Stir together apples, 2 tablespoons sugar and water in medium saucepan. Cover and simmer 2 minutes or until apples are tender. Drain. Mix together 1/2 cup sugar and corn starch in medium saucepan. Gradually add wine and water, stirring until smooth. Cook over medium heat, stirring constantly, until mixture comes to a boil and boils 1 minute. Beat egg yolks. Blend a little hot mixture into egg yolks, then stir all into remaining hot mixture in saucepan. Cook over medium heat, stirring constantly, 1 minute. Beat egg whites until soft peaks form when beater is raised. Fold apples and hot mixture into beaten egg whites. Pour into serving dishes. Chill. Makes 7 (1/2-cup) servings.

A folktale among American Indians tells of a man who loses a leg, sharpens his shin bone, and uses it to stab his visitors.

In ancient Rome, thunder on the left was considered propitious.

Somebody's trying to take something that belongs to you.

Right here in Texas

In fact, somebody's trying to take something that belongs to all of us: freedom of speech. Somebody's undermining your right to communicate, to listen, to have all available information on a given subject.

Somebody's trying to tell certain Arkansas companies they may not advertise their services.

But advertising is just another word for communication. It is public information; it gives you a choice. It encourages new and better ways of doing things and helps continue the development of newer, better and more economical consumer goods.

Now, however, the right of certain Texas companies to communicate with their customers is in danger. This could ultimately have more far-reaching effects on free speech as we know it.

Right now, we want you to think very long, very hard and very deeply about advertising and about the good it does in America. We want you to think about its effect on business, on your own entertainment, on radio, television, newspapers and magazines, on your right to know.

We want you to think about the effect advertising has on your company's sales, and how the sales of your company affect your own life-style.

Right now, we want you to think very long, very hard and very deeply about the issue of free speech. Then we want you to write Governor Dolph Briscoe, State Capitol, Austin, Texas 78711, and your legislators and your friends and tell them how you feel.

The ball is in your hands. It's up to you not to drop it.

Advertising is everybody's business.

**NEW COOKING SPRAY**  
Good cooks know that it is smart to protect hands when kneading yeast doughs, pulling taffy, shaping popcorn balls. A new way to do it is with a vegetable spray-on such as Mazola No-Stick being introduced in this area. The product, which consists of a

touch of corn oil and lecithin, a vegetable derivative, adds no odor to food and less than one calorie per average use. Use the vegetable spray-on in myriads of ways. Coat muffin and bread pans for easy turn out. For quick cleanup, spray roasting pans and baking dishes. In cooking sticky foods such as oats, rice, farina and grits, spray the inside of the pan before adding water. Cut calories and speed cleanup, too, by using the vegetable spray-on to coat the pan when frying or scrambling eggs. Keep a can handy on the kitchen counter ready to use whenever you want a no-stick surface.

### Baptists Honor Two Long-Time Workers

Last Sunday night, November 3, immediately after the evening service, the congregation at the First Baptist Church were invited to an open house at the parsonage. Rev. and Mrs. Sark gave everyone an opportunity to see the home the church has provided for them following a new interior and exterior paint job as well as new carpeting.

The main occasion for the event, however, was a surprise opportunity for the church to demonstrate its appreciation to two faithful ladies. Mrs. Bob (Lucille) McWhorter and Mrs. Evelyn Stigler were honored. Both ladies have given their time and talent unselfishly to the church. Mrs. McWhorter is music director and Mrs. Stigler is organist. As an expression of the church's appreciation for their wonderful service, each lady was presented a corsage and a silver serving tray engraved with an expression of gratitude from the church. First Baptist is proud and thankful for these two faithful ladies.

### Presbyterian Notes

There will be a joint meeting of elders and deacons following the morning service Sunday, Nov. 10, announced Rev. Gordon Garlington.

Our annual congregational dinner and meeting has been set for Wednesday, Nov. 20, at 6:00 p.m.

Mrs. Bertha Wilson is moving to Goldsmith this week, after serving about 23 years at the fire alarm telephone here in Eldorado. She will move to a mobile home close to her son-in-law and daughter, Mr. and Mrs. Grover Lee Johnson.
