Pioneer Brush Arbor

To Be Built At Festival

San Antonio, Tex.—One of the new entertainment areas of the Texas Folklife Festival to be staged September 6-9, is a Pioneer Brush Arbor to be constructed by the Turtle Creek Optimist Club of San Antonio as a community service project.

The Brush Arbor, according to Construction Chairman R. W. "Dusty" Rhodes of San Antonio, is a place where visitors can savor old-fashioned ice cream and enjoy the music of the "East Texas Style Singing Convention." There will be old-time hymn singing with fiddlers, quartettes, trios and outstanding gospel choral groups, ranging from Negro to Wendish.

Texas entertainment personalities, humorist Bob Murphy of Nacogdoches; Jimmy M. Gause, Greater San Antonio Chamber of Commerce; and James T. "Happy" Shahan, president, Alamo Village, Brackettville, and Discover Texas Association, will serve as master of ceremonies for the "East Texas Style Singing Convention" to be held nightly in the new Brush Arbor.

Already signed to appear are the East Texas String Ensemble, Nacogdoches; the Negro choir of Mt. Sinai Baptist Church, San Antonio; an 18-member Wendish Choir, directed by Mrs. Marc Wolfram, Warda; the Black Gospel Singers, featuring Amelonee Whitaker, Nacogdoches; Don Netek's 14-member Czech Choir, San Antonio; and the J. I. L. Modern Gospel Quintet, of Kerrville.

Outstanding East Texas gospel groups who will appear in the Brush Arbor include: The Good News Messengers, Nederland; The Glad Tidings Trio, Jasper; and the Singing Christians, Tenaha.

O. T. Baker, festival manager, announced that Dr. Lawrence Franks, assistant dean of students, University of Texas, Austin, has been named program coordinator for the Texas-size block party sponsored at HemisFair Plaza by the University of Texas at San Antonio Institute of Texan Cultures. Assistant program coordinator will be Larry White, station manager, KLRN-TV, San Antonio.

According to the program coordinators, outstanding country-western entertainment will be provided by the Albany Fandangle, Sept. 8-9; the Backwoods Volunteers Bluegrass Band, San Antonio; World Fiddling Champion Vernon Solomon and Band, Rhome; and fiddler Norman Solomon and pianist Betty Solomon, Rhome. Fiddler Garland Gainer and guitarist Keith Worrell, Austin, will perform September 8-9.

Other groups scheduled range from the noted Czech Beca Dulcimer Band, Houston, to the led-rhosed German Oompah Band representing the Wurmfest, New Braunfels. Two German choirs, the Kinderchoir and the Engelkinder will give six performances, Sept. 6-9.

At this state-wide shindig, festival visitors will be able to taste the foods of 23 different nations, enjoy the music and dances of over a dozen folk groups, try their skills at Cajun crawfish racing or Belgian bowling, or visit exhibits ranging from Texas Longhorns to Irish artifacts.

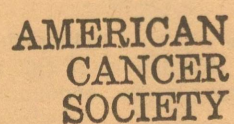

It's going to be a Texas-size party and if you enjoy family fun, mark your calendar for Sept. 6-9 at the UTSA Institute of Texan Cultures in San Antonio.

NOTICE BOOKKEEPERS: You may order B&P Standard columnar sheets for your loose-leaf ledger binders at the Success office.

10 WAYS TO MAKE YOUR VACATION MORE FUN

Knowledgeable travelers know that the surest way to enjoy a vacation worth looking back on is to look ahead. That is why seasoned globetrotters recommend the following:

* Read up on the areas you plan to visit. That way, you won't miss sights that interest you or waste time on ones that don't.

* When flying, shop ahead for off-season family, group, charter, youth and other bargain fares.

* To avoid holiday-spoiling fatigue when driving, plot a course that covers no more than about 300 miles a day.

* If you're traveling with youngsters, stock up on diversions to rout the fidgets: games, coloring books, a favorite snack or cold drink and—by all means—that tattered but cherished doll or teddybear!

* Make your transportation, hotel and motel reservation well in advance. If you'll be arriving late, let the innkeeper know at what time you'll arrive, and he will usually hold accommodations for you. If you won't be arriving at all, be sure to cancel your reservations, or you will cause the hotel or motel to keep aside space for you that they might have sold to someone else. Rather than selfishly cheating the hotel or motel, and fellow travelers, honest vacationers make it a point to cancel reservations that can't be used.

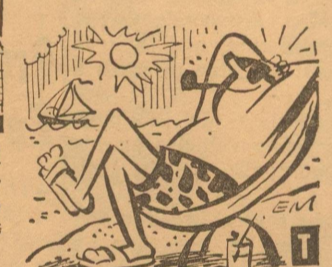

* Carry the bulk of your holiday funds in traveler's checks, available at your bank or travel agency. If lost or stolen, they'll be replaced. Cash won't.

* If you need special medication, bring along an adequate supply or have your doctor write a prescription so that it can be filled along the way if and when necessary.

* Travel light. Avoid overweight charges when flying. No-iron, easy care clothes are big weight-savers.

* When heading abroad, bone up in advance on a few words of your destination-country's language. Even such simple courtesy expressions as "Gracias," "Merci" or "Danke schoen" will please your hosts and give you a warm, hands-across-the-sea feeling.

* Don't overschedule yourself. Leave some slack in your holiday itinerary to take care of unforeseeable delays or emergencies -- or just plain loafing.

Miss Laura Tims' Engagement To William Carl Tampke Announced

Laura Lynn Tims

The engagement of Miss Laura Lynn Tims and William Carl Tampke is announced by her parents, Mrs. Jean Tims of Odessa and Mr. Tommy Tims of Big Lake. He is the son of Mr. and Mrs. W. A. Tampke of Eldorado. Miss Tims graduated from Odessa High School in 1972. She is a sophomore at Odessa College where she is also employed. Her fiancé is a 1971 graduate of Eldorado High School and is also a sophomore at Odessa College. Mr. Tampke is employed by Atlantic Richfield Company.

DON'T DROP OUT OF SCHOOL!

IF YOU DO DROP OUT, YOUR EDUCATION
AND JOB OPPORTUNITIES WILL
DROP OUT TOO!

Today, more than ever before, a high school diploma is vital if a young man or woman wants a career. In fact, it's difficult to obtain any job without completing high school. When a job is available to the non-graduate, it is often one that stops where it starts. There is little chance for advancement.

Look beyond the promise of an immediate salary—look to the future and don't drop out of school.

Market Report

College Station, Tex.—Pork values are hard to find this week, says Mrs. Gwendolyn Clyatt.

The consumer marketing information specialist, Texas Agricultural Extension Service, Texas A&M University System, attributed this situation to rising prices.

"Consumers also may find beef supplies more scarce—as a result of producers holding back livestock in anticipation of the Sept. 12 price freeze change.

"Nevertheless, most markets still offer some variety in cuts, with prices at ceiling levels. Chuck cuts, ground beef and beef liver generally provide the best values."

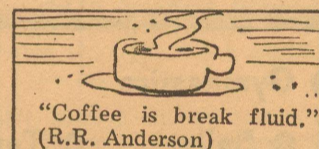

According to the specialist, fryer chickens and eggs remain good protein food choices—despite price increases.

Turning to fresh fruits, Mrs. Clyatt noted that this year's large crop of sweet cherries has hit the market attractively priced.

"Watermelons and cantaloupes remain in good supply—and some medium to small sized nectarines are priced reasonably."

The specialist cited bananas, seedless grapes and plums as being in best supply at the most economical prices.

Warning that vegetable prices vary considerably, she listed cabbage, carrots, corn, turnips, okra, mustard greens, yellow onions, hard shell squash and varieties of southern peas as the best buys.

Helpful Ideas from the International Lutheran Laymen's League

HOW TO STAY MARRIED

If your marriage is headed for the rocks, here are a few shipshape ideas for husband and wife to steer a new course by:

- FOR MEN ONLY:**
1. Bring home flowers or candy often. Few investments yield quicker results.
 2. Help her with her coat and open doors for her. Inexpensive and infallible methods like these make a woman feel more like a woman.
 3. Ask her advice—and take it if it's good. There's no higher

compliment. A noted marriage counselor reports that one of the primary grievances voiced by wives is that preoccupied husbands make them feel "invisible."

4. Compliment her when she has gone to special trouble to prepare a dish you like. Bread cast on the waters may yield French toast.

5. Learn a new joke occasionally.

FOR WOMEN ONLY:

1. Make your home neat but not so neat that your husband feels like a bull in a China shop.
2. If you have the space, set aside a den or workshop where he can scatter ashes or wood shavings to his heart's content.

3. Read the newspaper every day. Many women who complain that their husbands don't talk to them haven't much to say.

4. If you have children, make him feel he's just as important to you as the kids. The counterpart of the wife who feels "invisible" is the husband who thinks he's valued only a provider and "the father of her children." Both types are frequently found in counseling sessions and divorce courts.

5. Avoid reciting the trials and tribulations of your day as soon as he steps into the door. Give him a chance to unwind.

For a helpful pamphlet on maintaining a healthy and happy marriage, send your name and address and 25-cents to Room 220, International Lutheran Laymen's League, 2185 Hampton Ave., St. Louis, Missouri 63139. In return, you will receive a booklet called, "Is Your Marriage Headed For The Rocks?"

"I have always thought that every woman should marry, and no man." (Benjamin Disraeli)

Mrs. Hixie Potter is 92 Mrs. Hixie Potter celebrated her 92nd birthday last Tuesday, Aug. 7, at the Schleicher County Nursing Home. She was the first one to enter the home to live, several years ago. She has two daughters, Mrs. Oliver Teele of Eldorado and Mrs. Pallie Marie Barnett of Big Spring; also a foster son Lee Crump lives at Abilene. Mr. and Mrs. Crump came down on Tuesday and visited with Mrs. Potter and the Teeles. On Saturday Mr. and Mrs. Milton Barnett from Big Spring came and they celebrated a belated birthday with her mother on Sunday and Mr. and Mrs. Fred Bizet of San Angelo were here for Sunday afternoon. She says she doesn't feel old. I guess it is good to feel that way. Many friends came by and wished her a Happy Birthday. —Rep.

PAR TEE NEWS— Winning the Mixed Foursome Sunday afternoon was the team of Bob Bland, Eddie Kinser, Steve Whitten, and Ted Short. Taking second place was the team of Buddie White, Rex Enochs, Ben Hext, and Wayne Doyle. Just four teams were playing due to several regular members being out of town on vacations. We miss them all. The course looks great due to the recent rains. It should be in good shape for the Hext Memorial tournament Aug. 25 and 26. We welcome Mr. and Mrs. Richard Preston, Wayne McGinnes, Mr. and Mrs. Larry Donaldson as new members in the Eldorado Golf Club. —Rep. Jack Steward of Greenville was here this week visiting his parents, Mr. and Mrs. Aaron Steward.

Aldridges Visit Here Mr. and Mrs. Glendon Aldridge and Nancy of El Paso were visiting here last week. Mrs. Aldridge is the daughter of Mr. and Mrs. Geo. Williams. Saturday the Aldridges and the Williamses went to San Antonio to visit Steve Aldridge who is receiving basic training at Lackland A.F.B. They also visited here with the Charles Orr family.

MORE SURGERY SCHEDULED Mrs. Jan Crippin was scheduled to undergo further surgery Tuesday of this week. She is in the hospital at Lackland base near San Antonio.

Dual Gas Discovery At Henry Moore's A dual discovery was completed in Schleicher County last week. This county gained a dual Wolfcamp and Ellenburger gas discovery with completion of Western Empire Petroleum Co., Odessa, No. 1 Moore, 13 miles west of Eldorado, 1 7/8 miles west-southwest of the depleted Klatt (Canyon gas) field and the same distance north of the one-well Speck (Canyon gas) field. From the Wolfcamp it was finalized for a calculated, absolute open flow of 1,110 million cubic feet of dry gas per day, through perforations at 6,247-274 feet, which had been acidized with 1,000 gallons. From the Ellenburger it was finalized for a calculated, absolute open flow of 1 million cubic feet of gas per day, with gas-liquid ratio of 68.443-1, through perforations at 7,722-50 feet which had been acidized with 100 gallons. Gravity of the condensate was 67.1 degrees. The following tops were picked on Kelly bushing elevation of 2,512 feet: Wolfcamp, 5,603 feet; Strawn, 7,626 feet; and Ellenburger, 7,712 feet.

Hot, Dry Weather Brings Pinkeye

Hot, dry summer weather can be a big pain in the eye for cattle. The reason is "pinkeye."

Pinkeye is an infectious eye disease of cattle of all ages and breeds. However, younger animals under two years of age appear to be more susceptible than older ones.

The eye inflammation occurs most often in summer and fall and is generally more prevalent in white-faced animals. Dry, dusty conditions, bright sunlight, feeding in tall grass and the presence of flies all tend to aggravate the condition.

The disease is caused primarily by a bacteria. The eyelids swell and a watery discharge increases and thickens. The white of the eye becomes inflamed and a white, gray spot appears near the center of the eye. This spot swells and later opens to form an ulcer.

Affected animals are sensitive to light and generally stand in shade. They lose weight quickly, suffer production decreases and may injure themselves because of temporary blindness.

Although the disease generally runs its course in two to four weeks without much damage, secondary bacteria often invades and can cause permanent blindness. Therefore, treatment is important as soon as a case of pinkeye is suspected. However, a veterinarian should be consulted to diagnose the condition before treatment is begun since some eye infections result from viral causes and will not respond to antibiotics.

Isolate affected animals as soon as possible and protect them from wind, dust and sunlight. Bathe the eye with a lukewarm, mild borax solution and dust with an antibiotic powder at least twice a day. This prevents a secondary infection and allows the eye to recover without complications. Eye patches also help shorten recovery time. Although no specific drug is available to treat pinkeye, injections of Vitamin A and a cortisone product have helped in some cases.

The agent advises cattlemen to isolate for at least 60 days all new animals brought into the herd. Cattle that have recovered from pinkeye may still be capable of spreading it for some months.

Horse Owners Urged To Protect Against VEE

Horse owners who have not yet had their animals vaccinated against all three types of equine encephalomyelitis in 1973 should check with their local practicing veterinarians about a vaccination schedule.

An outbreak of a disease thought to be a form of equine encephalomyelitis has occurred recently in an area north of Beaumont near Silsbee and Lumberton. Seven horses have died thus far, and although a confirmed laboratory diagnosis is still not available, it is possible that the disease is a form of sleeping sickness.

Local veterinarians have sent samples of blood and tissue for diagnosis to the Texas Veterinary Medical Diagnostic Laboratory and to the National Animal Diagnostic Laboratory in Ames, Iowa.

While it is highly possible that the disease is caused by either the Eastern or Western strain of equine encephalomyelitis, local veterinarians say there is no indication that the horse deaths have been caused by Venezuelan equine encephalomyelitis (VEE) that invaded Texas in 1971.

The three types of VEE can cause serious illness and even death in humans as well as horses, so it is important to prevent its spread in the horse population.

There are effective vaccines for use in horses, but each protects the animal only against one particular strain of the disease. That is, Eastern and Western vaccines do not protect horses against VEE, nor vice versa.

Horses vaccinated against VEE in 1971 should be revaccinated, and Eastern and Western vaccines should be repeated each year.

Control of mosquitoes will help prevent the disease spread. I recommend the use of insecticide repellents, screened stables where practical, and area control of mosquitoes.

Miss Hoppe And Walter Speck Marry Saturday In Abilene Church Rite

MRS. HENRY WALTER SPECK III
the former Toye Grace Hoppe Of Abilene

Toye Grace Hoppe became the bride of Henry Walter Speck III in a ceremony Saturday night in the First Central Presbyterian church in Abilene, Texas.

Parents of the couple are Mr. and Mrs. Earl R. Hoppe of Abilene and Mr. and Mrs. Henry Walter Speck Jr. of Eldorado.

Officiating was the Rev. Joe Owen of First Central Presbyterian church of Abilene. Soloist was Bliss Hope Jackson, and organist was Charlie Dickie both of Abilene. The bride was given in marriage by her father.

Matron of honor was Mrs. Dennis Sims of Houston. Maid of honor was Alisa Estes of Brownwood. Other bridesmaids were Leigh Burditt of Abilene, Mrs. W. Brumfield of Plano, and Barbara Speck of Eldorado. Mrs. Brumfield and Miss Speck are sisters of the groom.

Best man was Henry Walter Speck Jr., father of the groom. Groomsmen were Lloyd Bennett of Houston, Wm. Brumfield of Plano, brother-in-law of the groom, Stuart Speck of Rocksprings, and Fred Speck of Rocksprings. Ushers were Paul Rawlings of Big Spring and David Bowden of San Angelo. The bride wore a gown of champagne silk organza over delustered satin with a princess lined bodice and gathered skirt. Hand sewn imported re-embroidered alencon lace appliques and seed pearls accented the neckline & bell sleeves. They created a wide border on the skirt extending into a rounded court train. The silk illusion veil was caught to a Juliet cap with alencon lace and seed pearls.

Miss Montgomery Becomes Bride Of Mr. Chase In Boerne Church

MR. AND MRS. STEVEN KEITH CHASE

Miss Nancy Kathryn Montgomery and Steven Keith Chase were united in marriage at 8:00 p.m., Saturday, July 14, in the First Baptist Church in Boerne. The bride is the daughter of Mr. and Mrs. Joe Bailey Montgomery of Boerne, and granddaughter of Mrs. J. B. Montgomery of Eldorado.

The bridegroom is the son of Mr. Edgar B. Chase of Sherman and the late Mrs. Chase. The couple will live in Austin following a wedding trip to points in Mexico.

DON'T BE AFRAID!

Jeannie is still at the age when she can look at life unafraid. She's a happy and trusting little girl, and she is sure Daddy will catch her at the bottom of the slide.

As we grow older, our fears accumulate and sometimes they rule our lives. We grow afraid of losing our job, our health or our possessions. There is fear of being "different." We often go along with things that we know are wrong, just because we're afraid to take a stand. Many of our fears have no foundation. Yet we go through needless suffering, worrying about things that will never happen.

The Bible says, "If God is for us, who can be against us?" Through the Church, we receive assurance of God's constant love and protection in all our adversities. And we come to understand the comforting Truth . . . "Perfect love casteth out fear."

Austin, Tex.—The biggest oil and gas lease sale on Texas public lands in a quarter century is scheduled October 2.

Land Commissioner Robert L. Armstrong said 1,348,610 acres in 1,712 tracts will be offered for lease consideration.

Most of the state tracts are submerged acreage in the Gulf of Mexico. Nine hundred and 40 Gulf tracts totaling 998,610 acres have been nominated, plus 563 tracts in Texas bays and inlets including 267,678 acres.

Oil and gas firms and individual bidders offer bonus payments via sealed bids on leasing of the state-owned tracts for a period of five years to explore and develop minerals. Armstrong said a record high interest is indicated in potential oil and gas production on state lands.

"This will be the largest sale in more than 25 years," said Armstrong.

A sale involving nearly one million acres of land in 1965 brought more than \$39 million in bonus payments to the permanent school fund.

Armstrong said the current sale is doubly significant because leases will enable the state to take its one-sixth royalty payment in gas or oil instead of cash.

A court case is now pending to determine if this can be done on existing leases. The "in kind" provision, specifically allowing the state to take oil and gas as well as cash, will be written into the October bid propositions.

Armstrong said this will permit the state to offer cities the option of buying some of their natural gas directly from the state at fair market value.

Pollution Standards Weighed
Differing state and federal penalties for water pollution control violations have stalled designation of Texas Water Quality Board as

the agency to issue federal waste discharge permits in the state.

The federal government will study further authorizing the Board to issue "national pollution waste discharge elimination system" waste discharge permits under 1972 water quality amendments.

State penalties which apply to both municipalities and industries set a maximum of \$1,000 per violation daily. Federal penalties call for a maximum of \$25,000 a day per violation. TWQB Executive Director Hugh Yantis said the requirement that states have authority to impose \$25,000 daily fines was received after the 63rd Legislature adjourned, and he did not feel a special session was in order on the question.

Yantis argued that the Texas penalties do represent a substantial deterrent. He said it is "inconceivable that approval will not be given eventually to our state program." Yantis noted a \$125,000 fine levied against Armo Steel was "possibly the largest ever collected under any state water pollution law."

Single-Member Legislative Districts Pushed

First legal move in an effort to have eight more counties divided into single-member legislative districts was launched last week.

David Richards, Austin attorney retained by the State AFL-CIO, seeks authority for 10 individuals to intervene in a Tarrant County House redistricting case.

If the motion is approved by the three-judge federal court, judges will be asked to split Travis, Lubbock, McLennan, Jefferson, Nueces, El Paso, Hidalgo and Galveston into single-member House districts. Each of the counties now has two or more representative elected countywide. Richards claims this "unconstitutionally dilutes voting strength of racial and political elements."

Attorney General's Opinions

A county commissioners court may employ experts to re-evaluate property in the county for tax purposes, but a tax assessor has no such power, Atty. Gen. John Hill held.

In other recent opinions, Hill concluded:

Salary checks cannot be withheld from a state employee to repay an overpayment which was not his fault under an improper order.

A person cannot serve simultaneously on the State Board of Mental Health and Mental Retardation

and the State Board of Education.

Parks and Wildlife Department personnel need no special permits to take, transport, release or otherwise handle fish and wildlife species for investigation and scientific purposes.

The State Textbook Committee may not recommend for public school adoption textbooks on which the state is to realize royalties from private publishers. Where there is no such arrangement, textbooks can be adopted containing materials cooperatively developed with independent laboratories financed in part from state Central Education Agency funds.

An out-of-state certified public accountant is entitled to reciprocal certification in Texas if he lives in the U. S.

Appointments . . .

Brig. Gen. James M. Rose was named to head Gov. Dolph Briscoe's Division of Planning Coordination.

Land Commissioner Robert L. Armstrong was selected vice-president of the Western States Land Commissioners Association. Briscoe appointed Melvin D. Whitaker of Palestine District attorney for the 173rd judicial district—Anderson, Henderson and Houston counties.

He picked O. S. Andras of Houston to serve on the Governor's Energy Advisory Council.

Briscoe placed on the Advisory Council on Community Affairs, Mayor Jake Strahan of Burnet, Mayor Jamie Clements of Temple, Rudy Day of Dallas and Albert D. Brown Jr. of San Antonio.

Former State Rep. Ralph Wayne, who represented the Plainview area, is new executive vice president of the Herman Bennett Company in Brownwood, serving with former Lt. Gov. Ben Barnes whose campaigns he managed in 1968, 1970 and 1972.

John A. Burke of Spring joined the Texas Water Rights Commission staff in Houston as an engineering technician.

Deceptive Practices Aired

State Insurance Board will follow a practice of publicizing names of insurance companies and individuals cited for unfair competition and unfair or deceptive practices.

Board Chairman Joe Christie, meanwhile, announced eight cease and desist orders issued against firms or individuals in San Antonio, Dallas, Fort Worth, Abilene, Austin, Denton and Atlanta, Ga., for misleading advertisements or

sales presentations.

The Board also announced plans to hire a consultant to examine its operations and help make them more effective and efficient. It plans to issue guidelines next month on establishment of Health Maintenance Organizations which provide medical coverage at fixed fees.

Desegregation Grants Approved

More than \$13.1 million in federal grants have been approved to aid 54 Texas school districts support special programs to advance classroom desegregation this school year.

Texas grants will go to 31 basic education projects, 18 bilingual programs, nine compensatory programs, three special reading projects and two metropolitan area programs to help reduce minority isolation in large cities which have more than one school district.

Short Snorts . . .

Governor Briscoe will head a Texas trade mission to Japan next month.

A Railroad Commission hearing

is examining proposals to restore declining pressure in the East Texas oilfield.

The Veterans Administration will open an outpatient clinic early next year in El Paso.

Small business loans were made to Schertz due to storm damage.

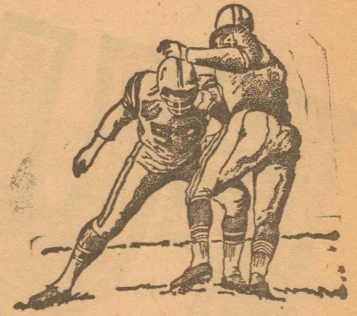

Texas college teachers claim they are below the national average as regards salaries, and their raises have been lagging below the average for five years.

A new publication by the land office tells the "Story of Texas Public Lands—A Unique Heritage." The State Election Commission has held its first meeting and reviewed financing in special Austin area legislative races.

Bigger and better deer are promised in the Hill Country this fall.

Texas Water Rights Commission set a rehearing for August 20 on a proposed San Jacinto County municipal utility district.

UNITED PENTECOSTAL CHURCH will have charge of the service this Sunday afternoon, August 19th, at the local Nursing Home.

QUALIFIED BY EXAMINATION TO TEACH

WELCOME TEACHERS— Back to the desk and round-the-clock responsibilities that go with your chosen work, so important to every one of us. To those who come for their first year among us . . . Our Welcome. To those who have been here through years past . . . Our Appreciation. To those who have served and have gone to other fields . . . Our Best Wishes in your new responsibilities.

Owned By Those It Serves

Are you renting land . . . when you should be renting money?

There are many good reasons why it takes some land of your own to be sure of a future in agriculture. You're always welcome to drop by our office and talk over the advantages of taking out a long-term mortgage on farm or ranch property. Right now could be the best time for you to start using borrowed money to buy land . . . instead of using your own money to rent or lease.
