75TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS (76936)

Thursday, April 15, 1976

Number 16

by Lyndell Williams  
Texas Press Association

Austin, Tex.—Crime continued to rise in Texas during the last year.

The Department of Public Safety reported a dramatic leap of 14.7% over the previous year. The count: 654,760 major criminal offenses during 1975, compared with 570,640 the year before.

Largest increase was in heavily populated rural areas near major cities, where crimes were up 29.4%. By contrast, the smallest increase was in most sparsely-settled rural areas, where the rate change was only 4.2%.

Col. Wilson E. Speir, DPS director, said Texas law enforcement officers continued to improve their crime clearance rates, reporting overall clearances of 25% compared with 23% in 1974.

Most major crimes were committed in urban areas, but the rate of increase there—14.6%—was less than that for the rural territory.

Murder and homicide rates increased 2.8%, rape 2.1%, burglary 13%, theft 20.2% and auto theft 2.6%.

#### Election Draws Interest

Large crowds greeted presidential candidates in first major Texas campaigning prior to the May 1 preference primary.

President Ford stumped in San Antonio, Dallas, El Paso and Amarillo last week end. His Republican challenger, Ronald Reagan, preceded him in Dallas, Abilene, Lubbock, Wichita Falls and Longview. Reagan also returned this week to San Antonio, Harlingen, Corpus Christi, Austin, Houston, Ft. Worth, Midland, Odessa, Amarillo and El Paso.

Democratic contenders will be moving in next week.

#### New Rules Proposed

Texas Public Utility Commission's new proposed regulations would require users of lots of electricity to pay more.

Home consumers would benefit, but only those in rural areas will be under direct P.U.C. control starting next September.

Rules will not be adopted until after public hearings.

One of the regulations would require that electric utilities uniformly bill fuel costs to their customers by kilowatt hours of consumption, no matter how much is used. Big consumers now get lower rates. Utilities could still base rates in part on lower cost of serving industrial consumers.

Rules would allow more time for paying bills and smaller penalties in event of late payments.

#### Short Snorts . . .

A judgment in a felony case or a probation order should reflect a definite period of time, Atty. Gen. John Hill held in an opinion.

Lawyers for five convicted of murder urged the Texas Court of Criminal Appeals to reverse the penalty on grounds the attorneys did not hear interviews of their clients with psychiatrists.

Gov. Dolph Briscoe has been cited for distinguished contributions to agriculture and received a centennial award.

A Texas Advisory Commission on intergovernmental Relations Committee heard strong recommendations to impose property taxes on stocks, bank accounts and other "intangible" property.

Comptroller Bob Bullock warned the state sales tax is due on Mexican bricks used in the state.

Lower Colorado River Authority dropped objection to allowing use of Colorado River water to cool South Texas Nuclear Project generators. LCRA still claims it should be paid up to \$1 million a year.

#### P-TA TO MEET MONDAY

The Eldorado Parent-Teacher Association will meet Monday night at 7:30 in the school cafeteria.

##### It's Easter Time Again

The Easter week end is approaching, and the usual visiting and get-togethers are on the agenda for many local families. Easter Sunday is the highlight of the year for churches.

Sunday morning, starting at 7:00, the Ministerial Alliance will put on an Easter Sunrise Service in the Presbyterian church, with preaching by the Rev. Keith Wyatt.

Area events will include the Easter pageant at Junction (more fully described elsewhere in this issue), and the Easter Eve bonfires at Fredericksburg.

School is out all this week for the Easter holidays, and students will go back to classes Monday morning at 8:05.

Local residents are hoping that we DO NOT have a repeat of last year's disastrous hard freeze which hit on Easter Sunday morning. That was when the mercury plummeted to about 20 degrees, killing back all the fruit that had set on. Right now, trees are again leafing out and some fruit is coming on, and gardens are coming up.

Curbing was being put in place this week around the strip of land north of the Memorial Building which is to become the Bicentennial Park. Shrubs and trees and flowers will be set out and it is hoped things will show up by time of the "big doings" here June 26th.

The annual Spring Concert put on by the Eldorado High School Band and Stage Band will be held this coming Tuesday evening, April 20th, at 7:30 in the high school auditorium. As always this event is a highlight of the Spring season here in Eldorado.

Tickets are \$1.00 for adults and 50c for students. Get yours from any Eagle Band member.

The First National Bank here in Eldorado joined others over the nation in having \$2 bills on hand again this week, after they were out of circulation for about the past decade.

The bank reported a run on the bills with people getting them to use; all are crisp and uncirculated.

#### Brigham To Preach At First Christian Church

Dean W. Brigham will be returning to his pulpit at First Christian Church on Easter Sunday. For the past seven months he has been suffering from a severe case of shingles. He urges all those who wish to visit, to come hear his message, entitled "The Joy of Easter."

#### PAR-TEE NEWS—

The first Eldorado Women's Partnership Low-Ball Tournament was held Saturday, April 10th, with 19 teams registered.

Taking top honors in the Championship flight were Edie Conner and Irma Jacot of San Angelo.

Second place, Eddy Kinser and Mary Waldron, Eldorado.

Third place, Wanda Stewart, Liz Williams, Ozona.

1st Flight—

1st place, Ernestine Hext, Wanda Neville;

2nd place, Mary Robinson, Geneva McWhorter;

3rd place, Elaine Donaldson, and Jane Archer, Sonora.

2nd Flight—

1st place, Ella Clegg, Eileen Mahon, Ozona;

2nd place, Sammie Espy, Ethel Olson, Sonora;

3rd place, Mary Owensby, Fay Wood, Sonora.

Maribel Woodfin of Big Lake won closest to the pin prize and Elaine Donaldson of Sonora won for the longest drive.

The tournament was a nice success and hope it will be a regular each year now. The tournament committee wishes to thank everyone who helped make it a success.

Twenty-two players were on hand for the Sunday Mixed Foursome. Winning first place with a tie played on the card was the team of Ralph Waldron, Pete Peters, Eddie Kinser, Phil McCormick and Ben Hext.

Coming in second was the team of Delbert Taylor, John Callison, Steve Kuykendall, Juanita Taylor and Tom Miner.

Remember the regular monthly Bingo Party will be held April 21. Everyone is invited.—Rep.

#### SUNRISE SERVICE SCHEDULED

Easter Morning, at 7:00, the Ministerial Alliance will sponsor a sunrise service at the Presbyterian Church. Rev. Keith Wyatt of the First United Methodist Church will bring the message.

Everyone in the community is cordially invited to share in this meaningful Easter event.

Coffee and pastries will be served in the basement of the church following the service.

#### DAR Good Citizen

CHARLENE WARNOCK

Charlene Warnock has been selected by students and faculty of Eldorado High School as this year's recipient of the Daughters of the American Revolution Good Citizen Award. Charlene is a Senior this year and has been very involved in school activities. She is a member of the band and student council and participates in basketball, track and tennis. She is a varsity cheerleader.

One student in each school is honored through this citizenship award each year.

#### First Baptist Church Sets Passion Week Services

The Rev. Gene Stark, pastor of the First Baptist Church, has announced special services being held during this Passion Week. The series of services start with the Maundy Thursday Communion service. The complete schedule is given on page 5 of this Success issue.

#### Local Woman Is Newly Naturalized Citizen

SAKA PEREZ RANGEL of Eldorado was one of 13 persons naturalized April 6 at a ceremony in the U. S. District Courtroom at San Angelo, officiated by U. S. Judge Halbert O. Woodward.

#### No Absentee Votes Cast As Yet . . .

Success printers turned out the ballots last week for the First Democratic Primary set for Saturday, May 1st. The ballots were delivered and are now available at the County Clerk's office for absentee voting. Persons who expect to be out of town May 1st may go by and vote in person any time during the normal office hours of the Clerk's office: 9:00 a.m. to 5:00 p.m. week days.

Tuesday morning, County Clerk Jim Thornton reported that there had been NO absentee votes cast at all. Interest may pick up in the days to come.

Locally, we have just one contested race: incumbent County Commissioner Joe Christian is opposed by Nick Robledo in Precinct 3.

Sample Ballots Are Available  
Sample ballots printed on yellow paper are available for each of this county's four precincts. They may be picked up at the County Clerk's office.

#### Historical Society

The Historical Society met last Monday and discussed further plans for the Bicentennial Park. Our membership is growing, so please join. We need you.

Our BINGO night was a real success. Thanks to all local donors of prizes, as well as baked goods. Our profit was \$233; our fun was priceless.

Last week Kathy Meador, Judy Brown, and Troop #225 of the Eldorado Girl Scouts, planted a bicentennial garden in front of the Museum. They also have other plans for beautification. These Scouts and their Leaders will have a "blooming, red, white, and blue" reminder of their efforts.

In 1956 another group of Brownie Scouts planted Arizona Ash trees in the Legion Park, after raising their own money to purchase the two trees. Brownie Troop #3 was organized and led by: Mrs. W. D. Hubble, Mrs. Bill Bierschwale, Mrs. Jo Ed Hill, Mrs. Raymond Mobley, Mrs. A. L. Casbier, Dale Preston, and Pat Mowrey. There were 24 eight year olds in the Troop, and many still reside in Eldorado.

If as we pass, we leave behind A living, growing thing  
An outstretched branch will be our sign for these gifts of love we bring.

#### REMEMBER WHEN?

With Easter Sunday just around the corner, it's interesting to note the important part religion played in settling Schleicher county. Before the churches were built in Eldorado, early residents can tell you a man could get "mighty close to God" while trying to cross the Concho river swollen from bank to bank, in a wagon with your family; riding night herd under an endless lake of silver stars, or watching those first wobbly steps of a newborn lamb.

Mr. Christopher Columbus Doty has the distinction of being the first settler in Schleicher county and related this story of the first sermon preached in Eldorado. In 1832 a circuit rider came through the country and stopped at Mr. Doty's camp. The next morning being Sunday, they asked if he could preach to the men. So gathering what men he could find, in a picket house, located about 16 miles north of Eldorado's present site, the stage was set for the first real "Sunday Morning Preaching" in Schleicher county.

Standing before an eager audience of lonesome shepherders, the circuit rider delivered a sermon characteristic of the times, and gave the men a vivid glimpse of "fire and brimstone" as well as heavenly rewards for righteous living. In Doty's opinion this sermon was unequalled in his long association with religious activities.

Mr. Doty was responsible for organizing the first Sunday School between Del Rio and San Angelo. This first Sunday School met on what is now the Baptist Encampment Ground at Christoval. In those days it was no easy task to travel several miles by wagon to attend worship service, yet Mr. Doty was a superintendent of a Sunday School for 20 years. It was not until 1907 that he joined the Methodist Church of Eldorado.

In brush arbors, tent revivals, or gathered around the kitchen table, they knew their "Best Friend" was just a prayer away.

—Jannette Wilkerson

#### Services Held For Mrs. Wiley Logan

Mrs. Flora Alice Logan, 89, died last Thursday afternoon in Lillian M. Hudspeeth Memorial Hospital in Sonora.

Services were held Saturday in the Church of Christ with burial in the Sonora cemetery beside Mr. Logan who died 12 years ago. Kerbow Funeral Home had charge.

She was born Dec. 7, 1886 in Dublin and was married to Thomas Wiley Logan in Balmorhea March 24, 1906.

Survivors include two daughters, Mrs. Eva Mae Jordan of Athens and Mrs. Minnie Skinner of Sonora; two sons, Fred Logan of Eldorado and Vernie Logan of Fort Stockton; 13 grandchildren; 38 great-grandchildren; and nine great-great-grandchildren.

#### Nursing Home Notes

Last week kind of got away with me so I will have to give you two weeks' news this week. We are really looking forward to the Easter party to be held by the Auxiliary this Sunday afternoon. A good time is in store for all.

Bingo winners for the last two weeks are: Mrs. Daniels 2, Lavita Brooks 4, Beulah Harris 5, Ella Casbeer 3, Dixie Morris, Carrie Blakeway, Maggie Sluder, 2 each; Erna Rexroat 2 and Frank Reed.

Out of town visitors the past two weeks were: Ernestine Adair, Judy Warner, Stacey Warner, Casey Warner from Hamlin, Texas visited with Mrs. Mae Mercer. Mr. Wren Jackson enjoyed visits from Mr. Marvin Melton and Mrs. Dick Jackson from San Angelo, Jim Reud and Thomas Eskins also from San Angelo. Ike and Renee Dempsey of Woodville, Miss., visited Beulah Harris and Georgia Springstun. Mike is the son of Loleta Dempsey who works in the home. Maxine Stevens came by to see Flossie Crawford. Mrs. Conway Slaughter from San Antonio and Mrs. Frank Cardivelle from Marble Falls visited their aunt Hixie Potter, and Mrs. Agnes Conner and Mr. and Mrs. Ed Bailey visited with Sam McGinnes from San Angelo.

Joy breaks forth—the earth wears a new face to greet this day of resurrection. Happy Easter!—Ruthie Dacy A. D., Beulah Harris, rep.

#### Methodists Announce Easter Services

Easter Sunday, Sunday School will begin at 10:00 with morning worship at 11:00 conducted by the pastor, the Rev. Keith Wyatt.

This Saturday, April 17, at 4:00 p.m., there will be an Easter Egg Hunt for pre-school children by the educational building. All of you who have small children will want to bring them to this event. Refreshments will be served following the hunt.

The Young Couples group will meet on the 22nd of April.

#### Presbyterians To Have Easter Services, Picnic

On Easter Sunday, there will be Sunday School at 10:00 followed at 11:00 by morning worship at the First Presbyterian Church, conducted by the Rev. Gordon Garlington.

The annual Easter picnic of the First Presbyterian Church Sunday School will be held Sunday afternoon at the Wilson Page Ranch at 4:20 p.m. Marvin McAngus, Superintendent of the Sunday School, is in charge of arrangements.

#### FIRST PRESBYTERIAN CHURCH

will have charge of the services this Sunday afternoon, April 18th, at the local Nursing Home. The Rev. Gordon Garlington is pastor.

#### SWCD NAMES ESSAY WINNERS

Bumgardner's essay "Conserving Our Land After 200 Years" was recently chosen 1st place of Schleicher County in the Texas Conservation Awards Program Essay Contest. The local contest was sponsored by the Eldorado-Divide Soil and Water Conservation District. Second place went to Maria Tobias and third place was taken by Carl Igo. These three winners were recognized at the Eldorado Lions Club where the District presented each a check for \$15, \$10 and \$5 respectively. Matt is a Junior, Maria is a Senior, and Carl is a Freshman in Eldorado High School.

**Keep Them Down On The Farm**

Giving baby rabbits, chicks and ducks for Easter is cruel and in many states and cities illegal. The American Veterinary Medical Association (AVMA) urges parents not to give children living animals as toys.

A baby rabbit, chick or duck is not likely to survive in the home atmosphere, AVMA points out. A young child's enthusiasm over the new pet often results in unknowing cruelty as legs are broken and wings crushed. If the animal dies or is injured, it is a traumatic experience for the child. If the animal survives, it generally ends up in an animal shelter. Because such a large number of rabbits, chicks and ducks are left at animal shelters during the post-Easter season, it is impossible to place them all and many have to be destroyed. Even if the animal should reach maturity, many local ordinances would prohibit a family from keeping it.

Parents should remember that these are outdoor animals. They cannot be housebroken and may cause serious housekeeping and health problems. Many are disease carriers. The National Center for Disease Control in Atlanta and other public health authorities warn that children and adults in close contact with these animals may be exposed to salmonellosis, a severe gastro-intestinal infection. Salmonellosis is rarely fatal but often requires medical treatment including hospitalization. In addition to the family, other pets in the household may become ill.

Because of the problems surrounding "Easter pets," many communities have passed laws prohibiting the sale of these animals, including rabbits, ducklings and other fowl.

Easter and the coming of spring should be a time of joy and rebirth, not a period of physical illness, psychological trauma and the needless deaths of young animals. AVMA urges parents to leave rabbits, chicks, ducklings and similar animals on the farm and give their children stuffed toys or chocolate "bunnies" instead.

**COFFEE Facts & Fancies**

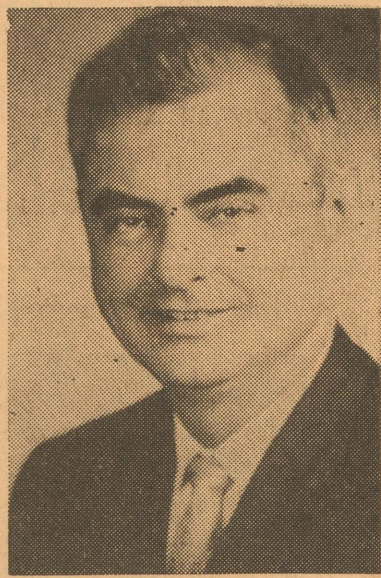

Americans drink an astounding 140 billion cups of coffee a year, making it unquestionably our most popular beverage.

According to legend, coffee was discovered by shepherds in the ancient Ethiopian village of Kaffa around 600 A.D. Whether this is true or not, coffee was being enjoyed by Arab traders by the mid-1500s.

Modern coffee-making technology has transformed brewing into a science—with delicious results. One electric drip filter coffeemaker, the Norelco Dial-A-Brew 12 Cupper, works by regulating the flow of heated water through the coffee so it isn't too fast or too slow. It makes from 6 to 12 cups and satisfies individual wants for dark, medium or light coffee.

This is quite an advance from Revolutionary times when coffee beans were freshened with egg shells!

### Reddy's Helpful Tips

- ★ Return fresh foods to the refrigerator and frozen foods, such as ice cream, to the freezer as soon as possible. Measure and remove the quantity needed for cooking or for the table, and refrigerate the remainder at once.
- ★ Use cold controls efficiently by selecting the settings that provide about 36° F. in the refrigerator and 0° F. in the freezer.
- ★ Fill the refrigerator with food, but be careful not to overfill. Make sure that food packages don't block air vents in the freezer or refrigerator section.
- ★ Clean the condenser surfaces of the refrigerator; dirt restricts air flow and acts to insulate the condenser, forcing the refrigerator to work harder and longer to maintain proper temperatures.

Understanding YOUR CAR
FOR SAFETY AND ECONOMY
An Ounce Of Prevention
To rephrase an old adage, an ounce of prevention may be worth a gallon of coolant loss.
If your car's cooling system is working properly, don't push your luck. The best way to keep it trouble-free is to use preventive maintenance. Most experts recommend an annual coolant change. Why? Because rust and corrosion inhibitors can break down and be depleted during a year's driving, although the cooling and anti-freeze protection will be maintained.
An ethylene glycol coolant, such as Zerex Antifreeze, is generally best. That's because ethylene glycol is the most effective auto boiling point improver and freeze depressant known. When used as a 50-50 coolant mix with water it provides freeze protection to minus 34 degrees (F.) and boiling protection to 267 degrees.
Before each refill of fresh coolant, give the system a simple water flush. It's an easy way to stop trouble before it starts.
For a free booklet on proper cooling system care send a stamped, self-addressed envelope to Zerex Antifreeze, PPG Industries, 10 North, One Gateway Center, Pittsburgh, Pa. 15222.

Bible Facts

"You must be ready to wash one another's feet," Jesus told his disciples as he finished washing their feet. He said: "The servant is not greater than his master and the messenger is not greater than the man who sent him." This lesson by Jesus about serving one another is one we should heed now.

People have found identity, meaning, and purpose for living in Jesus Christ. They can "see" themselves for what they really are by "seeing" Jesus. He is their mirror.

To better understand who Jesus is—and who they themselves are—many people have read a pamphlet entitled, "Who Am I?" To receive a copy, send 25¢ to International Lutheran Laymen's League, 2185 Hampton Avenue, St. Louis, Missouri 63139.

A few drops of oil of cinnamon or oil of lemon in the vacuum cleaner bag can give the whole house a good smell every time you vacuum.

## County Ag. Agent's Column

By Jerry Swift

Home vegetable gardening isn't new to Texas but there are many new home gardeners.

The home gardening boom continues to touch more and more households in the state and in Schleicher county. Last year an estimated 1.75 million Texas families had home vegetable gardens, by far the largest number in any state. And they produced well over \$100 million worth of fresh fruits and vegetables.

Vegetable gardening has spread to all walks of life and has been especially noteworthy among the ranks of doctors, lawyers and young married couples. Today's new home gardener is between 25 and 35 years old, is in the middle to high income class, and is located in the outer city or suburbia.

Although the rural garden remains as popular as hot dogs and apple pie, people in the suburbs are growing vegetables in every place imaginable. Back-yards are generally the most popular locations for the favorite size home garden—a 20 foot 20 foot plot—but vegetables are also popping up in such unlikely places as pots, bushel baskets and hanging baskets. People are even using alleyways between apartments and homes.

Why the continued surge in home vegetable gardening?

Everyone in the gardening game will tell you they are doing it to save money on groceries and because homegrown vegetables just taste better.

But there's another side to home gardening—the concept of hort therapy or garden therapy. This is a new approach to helping people help themselves. People feel plants need them to grow and survive, giving them something to look forward to as they face the future. Gardening has been shown to be highly therapeutic for the institutionalized, retarded, physically handicapped, aged and emotionally disturbed.

Just as gardening can make living more enjoyable and rewarding for our older population, no one can deny the therapeutic value of gardening for youngsters, as it gives them a sense of accomplishment and teaches responsibility.

The boom in home vegetable gardening has also had positive effects on the commercial vegetable industry in Texas. Rather than viewing home gardening as being competitive, commercial growers feel that the increased interest in home vegetable production has actually been good for their industry. Why? Because it allows consumers to appreciate the effort involved in producing a good quality crop and creates a desire and demand for more fresh vegetables, thereby increasing commercial sales.

## Tall Parachute Ride Opens At Six Flags

Arlington, Texas.— The biggest addition to Six Flags Over Texas in several years, a huge parachute ride, formally opened on Saturday, April 10.

The first riders to board the 200-foot tall thrill ride were members of Tyler Junior College's Apache Belles drill team, performing their first aerial "dance" routine. The Belles and the Apache Band were featured in morning ceremonies officially opening the 1.5 million dollar ride.

Twenty-four of the 60 performing Belles were carried high into the sky for the inauguration of the spectacular ride. At the 175-foot level the parachutes carrying the girls plunged earthward, traveling at free-fall speed for the first 35 feet. Then the 'chutes popped open and the performers drifted to a soft landing.

The debut of the Texas Chute Out marked the return of what has been described as the nation's most popular thrill ride. A similar ride at New York's Coney Island closed several years ago. In its heyday, the Coney parachute drop was consistently that park's most popular attraction, outdrawing some of the world's most exciting roller coasters.

The Six Flags version of the ride is expected to carry an average of 1,500 passengers an hour, with two or three persons, depending on size, seated beneath each of the ride's 12 parachutes.

Six Flags Over Texas is open daily from April 10 through April 20, for the Easter holidays. The theme park will return to weekend-only operation until May 22, when daily operation will begin for the summer season.

(The Eldorado Eagle Band will be at Six Flags in latter April for contests.)

The difference between a well-bred and an ill-bred man is this: One immediately attracts your liking, and the other your aversion.

## New C-B Radio Association Formed

A new group of CB Owners has been formed under the name of THE CB ASSOCIATION. Members of the CB Association are from Sonora, Eldorado, Rocksprings and Ozona and they extend a welcome to all who are interested in a way to make CB a best way of communication among friends. CB Association met at the former Elliott School in Sonora on April 8th. Billy Charles Gunstead won the door prize, a CB'er Thermos. The New CB Association does not have a president and vice president because each member plays an important part in each meeting once a month.

Treasurers are L. Schuck, & Charlene Gunstead. In the new organization method no one individual is "Boss" over a fellow member because each person takes an active part in planning programs of entertainment and CB operation-understanding.

Membership is open to CB operators on invitation by other members and to those asking to be considered for membership. The policy of invitation and selection is used to assure everyone of their respective sincerity and cooperation.

The CB Association does not have any dues; there are no demands on anyone to do anything more than attend a once a month meeting. CB radios and CB equipment cannot be sold at any meeting, leaving all commercial matters up to the well known merchants and distributors of such merchandise in their respective Chamber of Commerce locations. Trading with our Better Business Bureau members assures each member of quality and guaranteed equipment that can be replaced, or repaired by trained technicians.

The CB Association goes along with recent newspaper published reports of fly-by-night type sales where no written guarantee is given. It is also noted that many stolen CB radios are on the market and purchase of such items is not legal in any manner. The Association suggests you contact your local Chamber of Commerce when planning to buy CB equipment and in this way be sure you will not be "stung" by some fast talking individual only interested in your money.

Announcement of each monthly meeting will be made in the mail and in newspapers and on Radio and TV. Each meeting will be at a different city and location.

**Meeting Set Here Thursday**  
There will be a meeting of the CB Association Thursday night the 15th at 7:30 p.m. for members and special guests who were invited to see the Movie REACT and how REACT CB operators use the CB to save lives. The meeting will be at the Memorial Building in Eldorado. Refreshments will be served after the movie. —Rep.

## Easter Pageant Set For Saturday At Junction

Kimble County residents are ready for the 26th annual Easter Pageant to be held April 17th. The pageant, sponsored by the Men's Bible Class, is traditionally presented on Easter Eve in the natural amphitheatre below the ever-burning cross on Lover's Leap, near Junction, Texas.

Starting at 10:00 p.m., the story of the last week in the life of Christ on earth will conclude shortly after midnight with the climactic scenes of the resurrection and ascension on Easter morning.

More than 100 amateur performers, most of them experienced in their roles, will pantomime the story in 13 acts on 14 stages, supported by changing lights, script readers and background music.

Twenty-one actors presented the first pageant on three stages the year the pageant and its sponsor, the Men's Bible Class, were organized.

Mrs. Jo Ella Whitworth is director, the fourth in the history of the pageant, which attracts spectators from throughout the nation. She and all other participants are volunteers. Fred Porter serves as general chairman. P. T. McReynolds is president of the Men's Bible Class. Grounds chairman is Frank Hubbell.

Thousands of spectators will watch from their cars which will be parked in the valley under direction of Boy Scouts who will also distribute free programs. No admission is charged.

Scoutmaster Bobby Jetton, who oversees the parking operation, stressed that there will be no reserved parking areas. Spaces will be on a first come, first serve basis, he said. Persons wanting to be sure of a good view are welcome to park their cars early, however, Jetton added.

Free coffee is served from the chuckwagon of the late Ranger Captain Gully Cowsett, starting at 4:00 p.m. Food and soft drinks will be available at a concession stand operated by Leti Study Club.

# Announcement

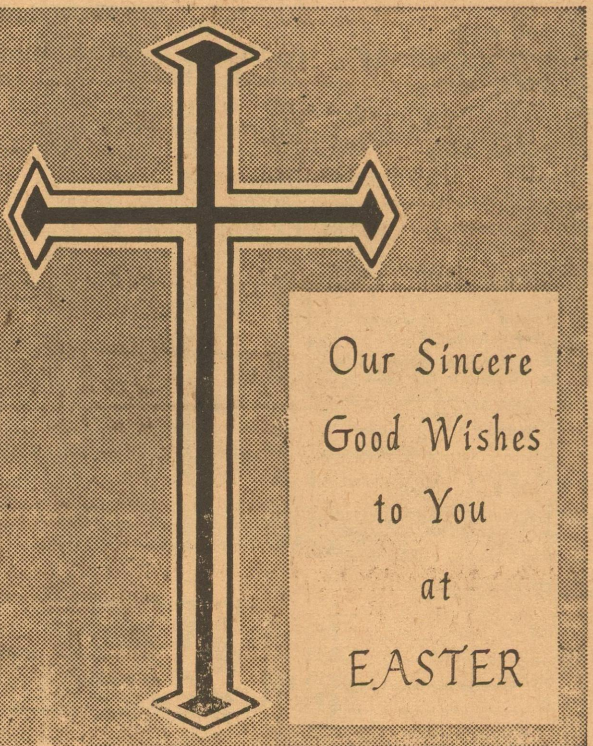

Cecil Westerman thanks all of you for a most pleasant week April 5th through 10th. That's the week that Dr. Forlano was gone and Cecil had the opportunity of filling your prescriptions, and to help in other ways pharmaceutically.

We are going to have to change our store hours. We will be open Monday through Friday from 9:00 a.m. to 6:00 p.m. Saturdays in Eldorado are painful. All day Saturday we just sit around all day and frown at each other on account of the ghost-like atmosphere that pervades the town on Saturday. With the possible exception of Christmas time, we have lost money each Saturday we had the store open; but constant Saturday losses call not only for a No, but a No-No. If we break even three days a week and show a small profit two days a week, we can stand it and stay in business.

Now our good Dr. Forlano lives 15 or so miles out in the country and it takes a lot of automobile and gas expense to go back and forth from ranch to store. Emergency calls will be made when necessary, but at a charge of \$3.50 for each call made to the store before or after hours and on Saturday and Sunday.

We are so grateful to the ones for the trade with us and are truly sorry that we must cut out Saturdays. We will start Saturday closings on May 1st. Again thanks to all of you.

### THE JARGON

If you're in the market for a new TV set, or if you want to understand the one you have, it can be helpful to understand TV terminology. Here are some basic definitions from experts at General Electric:

1. **Solid State.** This means that transistors are used instead of old-fashioned vacuum receiving tubes. The advantages: less heat build-up, no receiving tubes to blow out, and energy savings up to 50 percent.

2. **Automatic Fine-tuning Control (AFC).** You don't need to fiddle endlessly with dials. All you have to do is fine tune each channel in the area just once and the AFC circuitry maintains that setting automatically.

3. **Modular Construction.** The "snap-in," "snap-out" convenience of solid state modules permits prompt, on-the-spot diagnosis and repair right in the home for most TV problems.

4. **Automatic Color Control (ACC).** A color regulation circuit which automatically helps maintain color intensity from program to program and channel to channel.

If you remember these useful TV terms, you'll be helping yourself select the set that will suit you best.

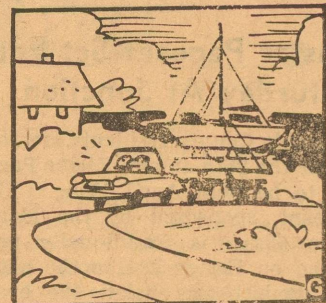

When driving, watch for pedestrians who step out from between parked cars.

### PROTECTING YOURSELF AGAINST LOSS

This information has been supplied by experts at The Society of Chartered Property & Casualty Underwriters, the national professional society whose members have earned the CPCU designation by meeting high educational, ethical and experience requirements.

Q. I plan to drive my new sailboat to the lake the next vacation I get. Actually I'm going to hitch it to a boat trailer and pull it there. Will the car insurance I have right now still cover me?

A. You'll have the same protection you have now as far as liability to another driver may be concerned, but if your boat or trailer gets damaged the cost may be yours unless you get a special addition to your policy.

### Painting Club Meets

The Tole and Decorative Painting Club held its regular monthly business meeting Monday, April 5. We discussed our booth at the American Cancer Society Arts and Crafts Fair and collected the fee to be paid.

We held a painting-of-the-month contest. There were two entries, painted by Rita Llorrd and Frances Jones. A mini painting by Frances Jones won the contest and will be displayed in the bank.

Officer elections were postponed until our June meeting.

Our next meeting will be held on Monday, May 3rd at 4:00 p.m. in the Lions Club room of the Memorial Building. We urge each of our members to attend this meeting to discuss some very important business. —Rep.

# TOWER TALKS

## Forgotten Man

WASHINGTON—The social philosopher Irving Kristol has described the small businessman as the "New Forgotten Man" of America.

The small businessman is, of course, remembered only too well by the IRS, OSHA, EPA, CPSC, EEOC, and dozens of other bureaus, boards, agencies and commissions of federal and state governments.

But those who examine the problems of small businessmen must agree with Kristol that small businessmen are over-taxed, over-regulated, and under-appreciated. In Kristol's words, the small businessman "is merely being chivvied, harrassed, ruined and bankrupted by a political system that takes him for granted and is utterly indifferent to his problematic condition."

Small business is the lifeblood of our free enterprise system. Both large corporations and consumers would suffer severely if they were deprived of the products and services that are supplied by small business. Economic progress has been made mostly by small businessmen who have a new idea and the courage to pursue it.

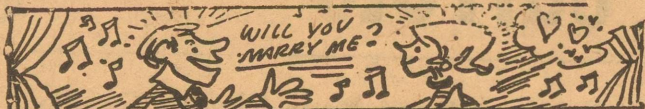

It is important for us to remember that 97 per cent of the nation's businesses are small, and that these are responsible for more than half of all private employment and about a third of the gross national product.

The government in recent years has been throwing more and more roadblocks in the path of small businessmen. The excessive paperwork demands and often capricious regulations of federal agencies fall especially heavily upon him. A tax system that is weighted against him makes a bad situation worse.

The time has come for Congress to remember the New Forgotten Man. For the last several years, I have proposed legislation to raise the surtax exemption for small business to the first \$100,000 of taxable income. This reform is long overdue. The tax burden which small business bears inhibits the ability of small businesses to expand and grow through reinvestment of earnings, and forces the small business sector to rely more and more upon credit markets where government and other private interests are able to preempt the necessary funds.

I have also sponsored legislation to raise the exemption on federal estate taxes from the current \$60,000 to a more realistic \$200,000.

But a comprehensive, rather than a piecemeal approach is required, and that is why I hope Congress will complete action soon on my bill to create a commission on small business to study all the problems of small business, and recommend solutions. Perhaps then the "New Forgotten Man" will be forgotten no longer.

Courtship to marriage is but as the music in the playhouse till the curtain's drawn.

# The Greatest Symbol

Since the first Easter, the Cross has remained the one great and enduring symbol of Christianity because it best expresses the meaning of faith. Like a precious jewel, the Cross shines with many facets of truth.  
† The Cross signifies the hope of faith. It reveals God's love for us in the sacrifice of His Son. It is our assurance of His promise of salvation.

† The Cross signifies the challenge of faith. It reveals God's love for all men which we must share. It is the motivation of Christian action.

† The Cross signifies the victory of faith. It is the pledge of God's loving purpose in saving the world. It is the source of peace.

What does the Cross mean to you? On Easter—this greatest festival of our Faith, will you come to Church and discover its message?
