

Phone Strike In Odessa May Spread To Big Spring

Deadline Extended For Answer To Union's Demands

At least two locals of Southwestern Telephone Workers voted Saturday night to support a walkout by Odessa workers.

Big Spring units, including operators, plant workers and Western Electric workers engaged in installations, agreed in a poll to support the Odessa local.

Previously the Midland local, including all its units, agreed to support the Odessa group in a continuous meeting Monday at 8 p. m. unless the company agrees to arbitrate demands for demotion of an evening chief operator.

Telephone service at Odessa has been on an emergency basis since Friday morning when operators walked out in support for demotion of the chief operator in question.

Deadline for reply was set originally for 5 p. m. Saturday, but W. D. Berry, Big Spring, union chairman for the Midland area, extended it to 5 p. m. Sunday.

There was little indication that the company would accept the offer. In event there is no action, said Berry, locals in the area would be polled whether to join a tinuous session set for 8 Monday at the Ector county house.

Should the local at Big Spring join with others, it would mean a reduction in telephone service here to an emergency basis. Berry indicated that the area would ask for a continuous session throughout the state within the week if a stalemate persisted.

Included in the Midland area are Midland, Odessa, Big Spring, Monahans, Fort Stockton, McCamey and several smaller West Texas points.

The Odessa local, which went out Friday morning when employees announced "we do not feel that we can work any longer under present management personnel," was joined in a sympathy walkout by Western Electric Association Communications and Equipment workers and by workers in the Odessa telephone plant department.

Company spokesmen said that review of the union's complaint by "four different levels of management" did not reveal information to justify demotion of the employee, who has had 10 years service.

The company took the position that "the union is attempting to..."

How about your Red Cross contribution? If you are one of thousands in the county who haven't given, please don't waste time in getting in on the annual roll call.

Howard county is falling down on its most modest quota since 1940, even though the home demands are greatest on record. Don't let others carry all the load. Do your part.

In the midst of the pretentious architect's perspective on the Veterans Administration hospital to be erected here, someone noticed that Kilroy was there. The little character peered unobtrusively over the legend—long nose and all. We're all mixed up this Kilroy business, but technically we think it was Clem rather than Kilroy who was there.

The War Assets Administration has announced that it will soon advertise for bids on buildings and equipment at the Big Spring Bombardier School. The city is going to negotiate for the property, and if it is successful, it will simplify a lot of matters. Among other things, it might open the way for development of more adequate terminal facilities. The present terminal is just too small for the space demands.

Republicans Taking Steps To Patch Up Split In Leadership

WASHINGTON, March 8. (AP)—Senators Vandenberg of Michigan and Taft of Ohio were said by friends today to be taking definite steps to offset the impression they are splitting apart in the leadership of Senate Republicans.

Associates said Vandenberg took steps to have Taft included in President Truman's invitation to congressional leaders for a conference Monday on the international situation. Taft was not invited to the initial meeting last week.

Vandenberg was represented as having told administration officials that if they want bipartisan cooperation on foreign affairs, they must recognize that Taft, as chairman of the party policy committee, has influence in this as well as the domestic field.

Taft on his part has invited Vandenberg to sit in with the policy committee when it discusses domestic as well as foreign problems. He was present at one today. When Vandenberg became presiding officer of the Senate, he relinquished his post as chairman of the party conference and ex-officio member of the policy committee.

Vandenberg and Taft face an open split Monday when the Senate atomic committee votes on the nomination of David Lilienthal and his associates as members of the Atomic Energy Commission.

While this might be expected to result in an open clash between the two leaders, friends of both say they will try to avoid this if possible. Vandenberg is likely to have his say early in the debate and to avoid the verbal infighting that often finds Taft in militant action.

The question of the reciprocal trade agreements program finds the Ohio and Michigan senators publicly on opposing sides, but apparently agreeing privately that any showdown be put off until 1948.

Vandenberg joined with Chairman Millikin (R-Colo.), of the Senate finance committee in proposing a compromise which they said would make it unnecessary for the Republican-controlled Congress to tear the act apart as some congressmen propose. President Truman accepted part of the compromise.

Taft balked at the compromise and said so. But he told a reporter he believes it is impractical for Congress to attempt to change the act until next year, when it expires the lawmakers renew it.

Marshall Cites Need For Pact

BERLIN, March 8. (AP)—Secretary of State George C. Marshall indicated today that a prime American objective in Moscow will be adoption of a four-power 40-year pact against Germany in order to give an iron-clad guarantee to the world that the United States intends to maintain her responsibilities in Europe.

He emphasized at a news conference that such a treaty would provide a political framework within which the United States, Britain, France and Russia might develop the final peace pact with Germany. It would clear away many of the difficulties now blocking allied peace settlements for Germany and Austria, he said.

He stressed strongly the need for such a pact, which James F. Byrnes, former secretary of state, proposed originally for a 25-year period. Marshall recalled that Soviet Foreign Minister V. M. Molotov suggested informally later that the period be extended to 40 years.

Blalock Claims Reds In Young Democrats Club

Evidence Of Texas 'Infiltration' Said Given To Officials

DALLAS, March 8. (AP) Myron G. Blalock, Democratic national committeeman for Texas, asserted today that evidence that Communists have tried to seize control of the Young Democratic clubs of Texas is in the hands of the federal government.

He made the assertion at a luncheon rally of the faction of Young Democrats for whom he gained Democratic National headquarters recognition over a rival organization.

Attorney General Price Daniel, former state president of the Young Democrats, supported Blalock in another speech. He declared that some members of the Young Democratic Clubs had been "positively identified as members of the Communist Party."

"Our forefathers didn't intend for this government to be kicked around by big industry or to be kicked around by radicals of minority groups," Blalock asserted at the luncheon, attended by Young Democrats of three states.

Then he pulled a document from his coat pocket and waved it. "I have here a report entitled 'Communist Infiltration of Young Democratic Clubs of Texas,'" Blalock shouted.

"I can't read you this report, but I can assure you the man who wrote it represented an important branch of our government. He calls names and gives dates. This report was made before the Houston convention of Young Democrats last November." (That was the meeting where the group headed by Pete McNeer of Henderson walked out on the faction led by Jack Carter of Fort Worth and set up their own organization which Blalock recognized as official.)

"And now I have a supplementary report—made late in January," Blalock displayed another document. "It adds to the list of names."

Pelly Annexes Goose Creek

HOUSTON, March 8. (AP)—Mayor C. Q. Alexander bent over a desk at the Goose Creek city hall today and signed his name to a piece of paper which officially ended the city's existence.

Some joker tied a piece of black crepe to the door of the city hall. It was the final meeting of the Goose Creek city commission and the piece of paper Alexander signed was the final proclamation of that body. It officially made Goose Creek a part of Pelly, in the annexation move which has combined the communities of Baytown, Goose Creek and Pelly into what will become in the fall the city of Baytown.

At 3 p. m. the Pelly city commission met in special session to announce changes in city government personnel and policy.

The Goose Creek city hall will become, in effect, a branch office of the Pelly government.

It was explained that the postal system will not be affected. The post offices will continue to operate indefinitely under the old status pending a survey of the postmaster general in Washington.

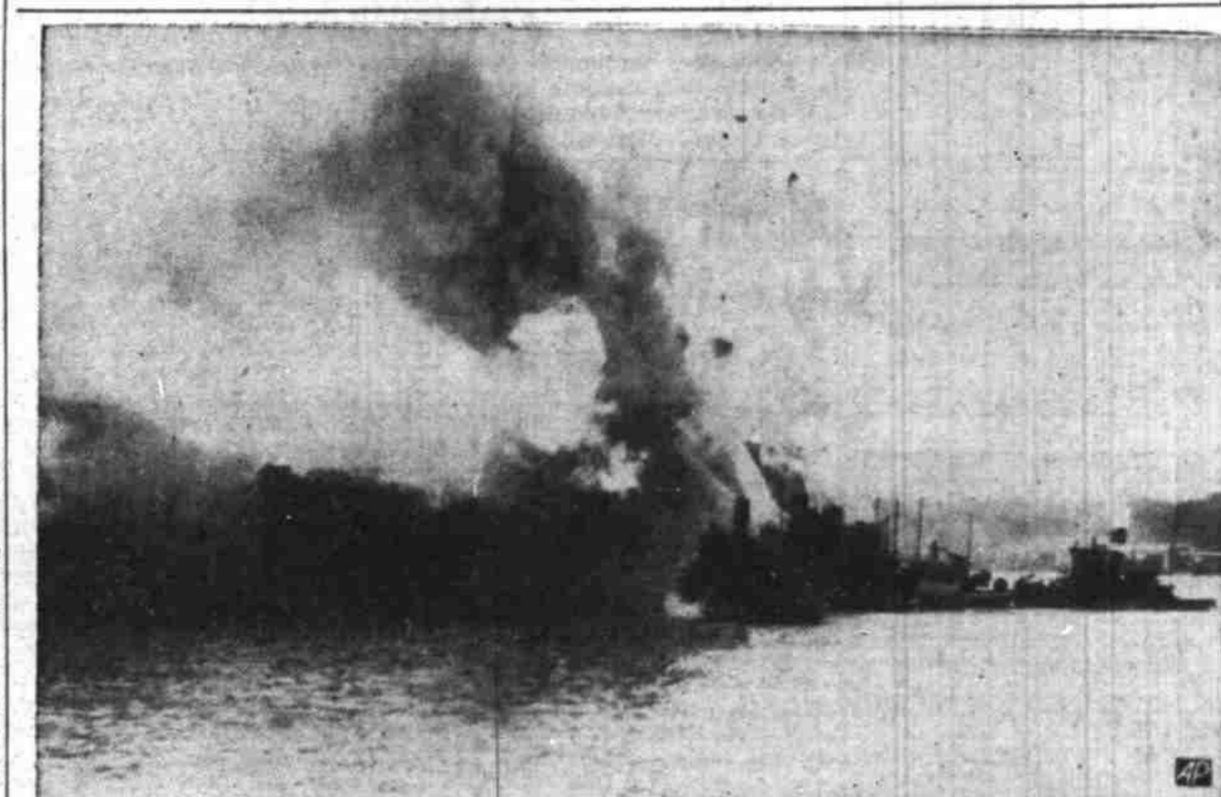

Some old timers were saddened over the "death" of Goose Creek. The community was incorporated Jan. 31, 1919 with 500 population.

Labor Committee Ends Hearings

WASHINGTON, March 8. (AP)—The Senate labor committee ended its public hearings on labor measures today with testimony from Florentino H. LaGuardia that federal power to seize struck plants should be renewed.

LaGuardia also proposed that Congress try to get all big labor organizations to merge in one "American Congress of Labor" having authority to control strikes.

Cold Forces Postponing Of Radio Singing Debut

DETROIT, March 8. (AP)—A "severe" cold forced Margaret Truman to forego with "great disappointment" today her scheduled radio debut as a professional singer Sunday night, but she'll try again.

The first formal appearance of the President's daughter as a coloratura soprano was postponed at White House doctor orders for one week. Her debut was re-scheduled for Sunday, March 16.

Postponement of her appearance as soloist with the Detroit Symphony Orchestra tomorrow on the "Sunday Evening Hour" was announced here by Brig. Gen. Wallace H. Graham, M. C., White House physician.

Gen. Graham, who flew here from Washington yesterday, said "... due to an upper respiratory infection from which Miss Truman has been suffering the past few days I have decided that her formal debut must be postponed one week. Miss Truman has been suffering from severe laryngitis. I have strongly advised against using her voice at this time."

Another Year Of Sugar Rationing Recommended By Senate Group

WASHINGTON, March 8. (AP)—Another year of rationing and price ceilings on sugar was recommended by the Senate Banking Committee today on a 10 to 3 vote. The committee proposed that the Department of Agriculture take over the job from OPA.

Four Republicans and six Democrats on the Senate Banking Committee voted to extend sugar controls until March 31, 1948. Three Republicans voted no.

Committee witnesses have predicted that retail sugar prices might jump to 30 or 40 cents a pound if controls were allowed to expire.

Retail prices now range from 8 to 9 cents. Acting Chairman Flanders (R-Vt.) told reporters that Secretary of Agriculture Anderson had told the committee that supplies will be large enough to assure that housewives can buy the full 35 pounds per ration book this year—10 more pounds per person than last year—if controls were extended.

Flanders also noted that under the extension bill the Secretary of Agriculture must remove the controls, if he finds that domestic and world supplies of sugar will permit this at any time during the next 12 months.

"We are working against a deadline on this," Flanders said because wartime rationing authority will expire at the end of this month unless extended.

Republican congressional leaders have the sugar control bill near the top of their legislative work list. The committee action today brought another split in Republican ranks and some after a closed door session which senators present described as "very argumentative at times."

Bevin In Moscow For Peace Meet

MOSCOW, March 8. (AP)—British Foreign Secretary Ernest Bevin, first of the visiting foreign ministers to arrive in Moscow for the Four-Power conference on Germany and Austria, pledged today that "we shall spend the days ahead of us in trying to make some peace which will prevent any future aggression and let the whole world live in security."

Raw Fish Diet Saves Man In Gulf Five Days

MOBILE, Ala., March 8. (AP)—A 49-year-old coast guardsman told a harrowing story today of being blown about in storm-tossed gulf waters for five days, existing without water and eating only raw fish which a kind fate washed into his small boat.

Edgar H. Osburn, of Orange Grove, Miss., credited his rescue to "Divine Providence" and a long-time knowledge of the gulf.

Osburn, lighthouse keeper at Sand Island, was delirious when a Coast Guard cutter picked him up yesterday five miles south of Sand Island in the gulf. He had been missing since last Saturday night when he left the Coast Guard station at Fort Morgan in his 21-foot boat with provisions for the San Island light.

"A sudden storm blew up, and a mountainous wave capsized my boat," he told newsmen. "I righted my boat but all the provisions were lost overboard, and my motor was drowned out."

"From then on I had to go with the tide. Those waves were coming in so high it looked like they would wash the boat away. "I was capsized two more times, but somehow or other I got it right side up again and kept going. The boat was washed out into the gulf and then back.

"Then, when I was about to die of hunger, a wave blew in a big school of small poppyfish. I was so hungry I grabbed them and ate them raw."

The coastguardsman, recovering in the Marine hospital, said he was suffering from chills and frost bite.

Closed Shop Ban Passes N. M. Senate

SANTA FE, N. M., March 8. (AP) A proposed constitutional amendment which would ban the closed shop in New Mexico passed the state senate today, 15 to 9. It previously had passed the house and now goes to the people on the next general election ballot. The governor's signature is not required.

Flash Blaze In Car Burns Local Youth

Don Ross Jones, 16, of 908 San Antonio street was treated at Cowper-Sanders hospital for severe burns about the upper body Saturday afternoon following a flash blaze in an automobile in the 600 block of West Fourth street.

Jones was assisting several other youths who were trying to start the car, and he was burned when he poured gasoline into the carburetor. He was reported resting well at the hospital Saturday night.

Violence Flares On Wide Front In Holy Land

Coastal Military Camp And Police Station Attacked

JERUSALEM, Sunday, March 9. (AP)—A British soldier and four Jewish extremists were killed and at least 20 other persons were wounded yesterday as violence flared on a wide front inside the tightly cordoned military law zone of Tel Aviv.

The terrorists attacked British military headquarters in Citrus House and the Sarona military camp in the all-Jewish coastal city and staged a simultaneous assault on the police station at Jaffa, a few miles to the south.

Tel Aviv, under the heavy thumb of military rule since the bloody Irgun Zvaiari attacks last weekend, experienced a night of terror as homemade bombs and roads mines exploded and attackers exchanged machine gun and mortar fire with British guardsmen.

Wild shots cut power lines and plunged part of Tel Aviv in darkness until exploding bombs ignited a gasoline station and other small buildings, sending up flames visible for miles around. The Tel Aviv battle lasted an hour and 15 minutes.

The night's four major attacks — on Citrus House, the Sarona camp, the Jaffa police headquarters and another diversionary Jaffa assault at an undisclosed point in the city — were preceded by other terrorist raids earlier in the evening and in the afternoon in Jerusalem, Haifa and the boundary line between Tel Aviv and Haifa.

Two policemen were wounded by an explosion at an army camp in Haifa and three civilians were wounded by gunfire when a group of Jews attempted to storm a barbed wire barricade on the perimeter of the Tel Aviv martial law zone.

The night attacks climaxed the bloodiest day of violence since the British stamped martial law on the Holy Land under tight martial law a week ago. Earlier today at least eight persons were wounded in three outbreaks in northern Palestine. No fatalities were reported, however.

During the first phase of the Sarona attack, a British constable and an Arab policeman were wounded by exploding grenades. Guards at Citrus House engaged in gun battles with the terrorists in the streets. Nine Jews were reported officially to have been wounded and hospitalized.

Pair Convicted On 'Fix' Charge

NEW YORK, March 8. (AP)—A general sessions court jury tonight convicted David Krakauer, Jerome Zarowitz and Harvey Stemmer on charges of aiding in an attempted "fix" of last December's National League professional championship game.

Krakauer and Stemmer were found guilty of conspiracy and bribery, while Zarowitz was found guilty of conspiracy and innocent of bribery.

The three men had been accused of aiding Alvin J. Paris in an attempted fix of the championship game between the New York Giants and Chicago Bears.

They were remanded for sentencing April 2.

DIPLOMATIC SHOWDOWN SET—

Debate On Greece Coming

WASHINGTON, March 8. (AP)—Rumblings of a prospective historic debate over America's role in southern Europe sounded today as the administration gathered last-minute reports on Britain's position in preparation for a Monday showdown on its course.

Word from the White House was that President Truman probably will announce then, after a conference with 15 congressional leaders, his procedure for dealing with the Greek situation — perhaps a message to a joint session of Congress or a radio broadcast to the nation.

Arrangements were made for the entire Senate Republican membership to hear a report on the international developments Monday night from Senator Vandenberg (R-Mich.), chairman of the foreign relations committee and GOP leader on international matters.

In advance of the Monday meeting at the White House, most congressmen withheld comment on what ought or ought not to be done in the face of Greece's appeal for aid and impoverished Britain's prospective retrenchment. Among these was Senator Taft (R-Ohio), chairman of

Legislators' Temper On Labor Shapes Up

AUSTIN, March 8 (AP)—The 50th Legislature's stockpile of lawmaking raw materials is nearly complete, with Thursday the deadline for introduction of bills.

After that date, it takes a four-fifths vote to set aside the 60-day rule stemming the flow of proposed legislation about midway of the constitutionally suggested length of the session.

Meanwhile, the session's temper in regard to labor, taxes, and spending was becoming more apparent.

Anti-strike, anti-union feeling especially took definite shape in the House of Representatives which passed Rep. Marshall O. Bell's

Blount Measure Asks New Aid For Handicapped

Rep. R. E. (Peppy) Blount, Jr. is co-signer of a joint resolution calling for aid of physically or mentally handicapped persons not otherwise provided for by the state.

The resolution, which passed the House, 120-3 on March 4, would call for submission of a constitutional amendment on the issue. One of the primary considerations would be provision for aiding spastics, not now included in the state eleemosynary program. Whether this would call for private aid or public hospital is not clear and is dependent both upon anticipatory legislation and passage of the amendment, if it is approved by the senate.

Rep. Blount also is on record against the horse racing bill and pledged to do all he could toward its defeat.

closed shop bill by a heavy majority. House laborites were never able to command as many as 40 votes on amendments which would have softened the measure which Bell insists is simply a "right to work" proposal.

In the Senate, the labor committee is following the same trend, although that body has yet to come to grips with any labor bill on the floor. Labor lobbyists were not expecting much help from the Senators. Even a mediation bill offered as a middle-of-the-road course was shunted to sub-committee. Gov. Beauford H. Jester said it did not meet entirely his people's path proposals, and neither were labor spokesmen satisfied with it.

Similar to Rep. George Nokes' bill that won the approval of the House labor committee and which stands high on the calendar, it was modeled along the lines of Minnesota's mediation legislation.

The course of taxation was still not so well set.

The taxation-to-meet spending bloc led by Rep. Woodrow Bean of El Paso county won a clearcut victory in the House Appropriations committee when it favorably reported a tax bill by a 16 to 4 vote. The measure was written so as to raise \$36,000,000 to help raise school teachers pay to a minimum of \$2,000 per year. And to build lateral roads. It would levy one and eighty-five one-hundredths cents on each 1,000 cubic feet of natural gas gathered, in addition to other gas taxes now on the books.

Anti-taxation lobbyists were expecting the House to follow the trend thus indicated and were pinning their hopes on the Senate.

LOTS RED TAPE FOR \$3 REFUND

PHILADELPHIA, March 8 (AP)—Married internal revenue clerks, confronted today with the biggest rush of the 1947 income tax "season," found one man in line holding a sheaf of 18 form W-2 withholding receipts for jobs he had held during 1946.

Totalling up the figures, the clerks said, they found the man was entitled to a \$3 refund.

78 Trees Donated For Vet Project

A total of 78 trees have been contributed to date on the veterans memorial tree project for the Birdwell tract, due to become a city park area.

Among latest donors are T. C. Thomas, A. L. Woods, Bill Davis, Alvin Batés, Dr. C. W. Deats, in charge of the campaign, urged other veterans to make contributions (\$8 for purchase and planting) in memory of servicemen who did not return.

Time for planting is growing short and Dr. Deats was hopeful that the project could be completed soon. About 35 more trees are needed.

So far orders have been placed for 12 black walnut and 12 red bud trees. In general, the slower-growing and longer-lived trees will be planted, and for this reason cash contributions are being sought.

STRIKING UP AN ACQUAINTANCE

SPRINGFIELD, Ill., March 8 (AP)—City buses are strikebound in the Illinois capital and the mayor has asked motorists to give lifts to pedestrians.

So George B. Casey picked up a dejected fellow plodding through deep snow.

"Glad to do it," explained Casey as they arrived in the downtown district. "Feel sorry for people who have to walk." "Better let me out," said his passenger. "I'm a striking bus driver."

## Eplen Says Present Fuel Taxes Okay For Road Building Program

AUSTIN, March 8. (AP)—Tom Eplen, president of the Texas Good Roads Association, today said the association considers present taxes on motor fuel sound and adequate for the three-year farm-to-market road building program which will end in January, 1949.

Eplen said in a prepared statement that under the three-year program \$60,000,000, including federal aid, will be spent for service roads in Texas, with more than 7,500 miles of such roads to be constructed and taken over for state maintenance as completed.

"It takes money to maintain such a system of roads. Twenty-nine per cent of the total income in 1946 was expended for maintenance, even though maintenance was below average due to the scarcity of manpower and materials," said Eplen, adding:

"Every mile that is added to the state system for maintenance leads to the point where maintenance costs and income must meet on even ground, at which time no finance would be available for additional construction."

To avoid such a situation, Eplen recommended keeping main revenue-producing roads in good condition and use those revenues to construct light-traffic or local roads.

## Greek Coal Ship Breaks In Two

DEAL, England, March 8. (AP)—The Ira, 7,000-ton Greek coal ship built in the United States, exploded and broke in two today after running aground on English Channel sands, but her 34-man crew was rescued despite panic in which some were injured.

The Ira, formerly the US Liberty ship Harry Percy, was carrying coal from Newport News, Va., to Antwerp on her first Atlantic crossing under the Greek flag when she went aground on the treacherous Goodwin Sands about midnight. She shattered herself five hours later.

## Oklahoma Bus Drivers Strike

OKLAHOMA CITY, March 8. (AP)—A strike of drivers for the Oklahoma Transportation Company was 100 per cent effective today, causing confusion among weekend travelers in Oklahoma, Texas and Arkansas.

The drivers walked out last night after negotiations over wages were suspended and the company's 70 buses stood idle today.

## Fund Campaign Regains Speed

Red Cross fund campaign work regained speed Friday and Saturday, after unfavorable weather had kept activity to a minimum for several days.

Reports reaching the fund drive headquarters by Saturday night lifted the total above the \$6,000 mark, and more reports from block canvasses in the business section and from the residential work are expected early next week.

The Saturday night total was \$6,206.83. Largest single gift Saturday was a \$300 contribution from Mrs. Dora Roberts.

At the same time four more 100-per-cent-group businesses were listed. All employees at Banner Creamery, Hi-Way Package Store, American National Insurance Co., and Lee Hanson's, have contributed to the drive.

W. F. Moore, campaign chairman for the Moore community, announced that \$10 had been contributed there.

Supplies for the block canvass downtown have been distributed by Horace Garrett, J. B. Mull, R. W. Thompson and Ira L. Thurman. Work in that division is expected to be completed next week.

Mrs. Pat Martin, in charge of a section in the residential drive, submitted a lengthy report, which included a \$50 gift from Mrs. L. S. McDowell and a \$25 gift from Motor Inn.

New special gifts include \$50 from O. H. McAllister, \$30 from Gulf Oil Corp., \$25 from Dr. P. W. Malone, Mrs. J. L. Wood, Nora Harding and Bradshaw Studio, \$15 from Lee Hanson, \$10 each from Griffin Nash Co., Nat Shick, Dr. Otto Wolfe, Jamps Walker. Other special gifts have been acknowledged from Mrs. B. B. Price, Charles Watson, R. R. Ricker, The Hyperion club, J. B. Mull.

Mrs. G. T. Hall, chairman for the residential campaign, reported Saturday that bad weather had slowed down the neighborhood drive considerably the last two days, but that sub-chairmen and their workers were reporting fairly good progress with hopes of shaping up the drive in the near future.

L. E. Coleman and his corps of

volunteers which includes Mr. and Mrs. G. C. Dean, Mrs. Charles Henry, Jr., Mrs. J. H. Reed and John Davis, have completed the campaign in the area which comprises the east side of Austin, south side of First St., east side of Union and north side 16th. Forty-one contributions were made by the residents of that section in addition to gift of \$10 received from Coleman Camp and Myer Courts.

Mrs. Pat Martin, sub-chairman working with zone volunteers; Mrs. W. W. Pendleton, Mrs. G. W. Dabney and Mrs. Lillian Bivings, report an almost completed canvass with gifts of \$50 from Mrs. L. S. McDowell and \$25 from the Motor Inn Auto Supply. Their territory extends from the east side on Main, west side of Johnson to 10th street.

## Services Held For C. W. Coats

## Civil Service Exams Open

A civil service examination for employe relations officers is now open, according to announcement from Paul H. Figg, regional director of the 14th district at Dallas. Salaries range from \$3,397 to \$4,902 per year. No written test is required for the examination and applicants will be rated on basis of training and experience.

Now that the President has signed an executive order revising civil service rules, the new procedure becomes effective May 1. Primarily, the order defines responsibilities of the civil service commission, the agencies and the federal personnel council; reorganizes existing rules and regulations (including revocation of some orders reaching back as far as 1904); preserves the best and most successful policies of war years, including a delegation of authority in individual personnel matters to the agencies, subject to post-audit; and consolidates 16 separate rules existing before the war into six.

Veterans preferences are not affected. The matter of demotion or discharge is clarified. Agencies now must only notify the individual employe of reasons for dismissal

(conduct and capacity) and give a commission, but he must have reasonable length of time for prima facie evidence that the answer before the action takes effect. The individual, however, has from irregular procedure or for recourse to a post-audit by the other than bona fide reasons.

**For Over-Dressing**

MIAMI BEACH, Fla., March 8. (AP)—E. M. Loew, night club owner has asked the Dade county circuit court to determine how much he should pay screen actress Jane Russell, who he charged "over-dressed" during a week's performance at his club.

Instead of appearing for her singing act in garb similar to that which made her charms popular, Loew said the actress wore neck-high clothes.

Miss Russell's contract called for \$15,000 but Loew in his suit charged that her "lack of popularity" hurt his business.

The actress, who concluded her engagement last night, said she had no previous hint that the club was dissatisfied with her appearance.

**Texan Fliers Land At U&S Airfield**

Several cross-country flights put in at the U&S port last week as Johnny Underwood recouped his operations following a recent and disastrous fire. Among Texans landing were Elbert H. Mallow, Wink, Louise Edwards, Odessa, Burt Dennis, Gail, John Curry, Abilene, Doyle Westfall, Sweetwater, W. E. Sparks and Paul Towler stopped here en route from Lockhaven, Pa., to New Gallas, N. M., flying new Cruisers.

W. K. Edwards, Jr., and his staff completed work Saturday on an Aeronica trainer which sailed across the ramp last week, with three men trying frantically to hold it down in the face of strong winds, and crashed a wing tip. The ship took off for Champ Flying Service at El Paso Saturday morning.

The Muni airport staff has been busy considering renovation plans for development of a pilots' lounge to accommodate visiting fliers. Private plane traffic at the port is increasing steadily, said Jack Cook, manager. Navy traffic, hitting 350 to 400 per month, is holding steady. Cook said there were prospects that a showing of new model aircraft might be arranged here in April.

Fred Smith, El Paso, and formerly at English Field in Amarillo, stopped Saturday at the Muni for a visit. Word comes from I. B. Hartzog, Miami Fla., that he is instrument instructor for Panagra. Others who learned to fly here and who are with Panagra are John Hollingsworth and Tex Barry, an old timer who flew with T. J. Richards. Seth Boyington is flying for Warren Oil Co. at Tulsa, Okla.; Vestus Pruitt and J. D. Phillips are first pilots for Delta, and Jack Gulley is working and flying for a Fort Worth construction company.

At the end of the week the War Assets Administration had announced that improvements at the AAF in Big Spring will be advertised for sale at an early date, and that the City of Big Spring is expected to be an active bidder on hangars, utilities, and other airport facilities. While the city commission has made no statements regarding plans if it secures post buildings, hangars, etc., such a development would open new possibilities toward improvement of port facilities for private use.

**New Wage Study Of Auto Mishap**

WASHINGTON, March 8. (AP)—President Truman has asked his council of economic advisers to study the economic implications of the guaranteed wage, particularly "as a device for helping to stabilize employment, production, and purchasing power."

In a letter to council chairman Edwin G. Nourse, made public by the White House today, Mr. Truman said:

"This study should consider existing legislation in the fields of social insurance, minimum wages, fiscal and tax policies, and other laws that affect the inauguration or operation of guaranteed wage plans."

The guaranteed wage means that an employer guarantees that his workers will receive a certain minimum annual pay regardless of any production setbacks.

**Lieutenant Dismissed**

LONDON, March 8. (AP)—A naval court martial has ordered Lt. John Wardle dismissed from his command for prejudicing naval discipline. He was convicted of entertaining his minesweeper crew of five at Christmas luncheon at sea.

One witness who is prepared to testify in county court against a Lamesa man charged with driving while under the influence of intoxicants is Morris Zimmerman, sheriff of Martin county.

Zimmerman was the victim of an accident that resulted in the case. His vehicle was struck and damaged by the Dawson county party. The accused reportedly ran into Zimmerman while attempt-

**TECH BAND HERE THURSDAY**—One hundred musicians under the direction of D. O. Wiley will be heard here in a matinee and evening concert Thursday when the Texas Tech band comes to town to play for the benefit of the Big Spring high school band. The Tech concert unit is said by critics to be one of the finest in the nation.

**Expert Texas Tech Band Here Thursday**

The Texas Technological concert band — with expert artists and instrumentation such as the name implies — will come to Big Spring 100 strong on Thursday for two concerts.

Tickets for the event went on sale Saturday, and every effort will be made to pack the auditorium at both the afternoon and evening performances. Net proceeds will go toward the band fund for repair and supplementing of equipment and Joe L. Haddon, director, is hopeful that upwards of \$1,000 may be earned for the sorely needed purpose.

The symphonic organization, under the baton of D. O. Wiley, famous as an early developer of the famous H-SU Cowboy band and for more than a decade as a producer of outstanding bands at Tech, has earned a reputation as being one of the finest in the nation.

So large is the band that practically all the stage will be required for seating the musicians. In addition to a varied program, two of the country's leading young band soloists, John James Haynie, cornetist, and Terry Wilson, clarinetist, will be presented. Haynie is due to play "Russian Fantasy" and Wilson Weber's "Clarinet Concertino."

While Wiley has not announced the complete program, he tentatively listed enough to demonstrate an exceptional variety. From a spirited opening air, "March of the Nile," the band will swing into some lighter melodies before turning to the solos and the finale to Tchaikowsky's Fourth Symphony. There will be a sprinkling of Victor Herbert and special band arrangements of Duke Ellington composition along with novelties to round out the program.

Many consider this year's Tech band the best that Wiley has turned out in 26 years as a director. For one thing, his musicians are exceptionally talented and seasoned, 70 of the 100 having seen service during the war, many playing in military bands.

**BOURBON OR RYE? EXPERTS STUMPED**

PORTLAND, Ore., March 8. (AP)—Complaints about "lousy liquor" in state-owned stores led Liquor Control Commission Adviser Ray Conway to submit cheap and expensive rye and bourbon samples to two newspapermen, self-styled liquor tasting experts.

They couldn't agree which was good and which bad.

They couldn't even agree which was bourbon and which rye.

**Seven Residence Permits Issued For New Building**

Permits for seven new residences were issued during the past week, accounting for a major portion of the city's \$26,850 in new construction. In addition, several repair projects were launched and a few permits were issued for moving buildings. The total for the year is \$183,620.

Warranty deeds filed in the county clerk's office covered real estate with a total value of \$30,577, which is considerably below the weekly average. The total for the year, however, reached \$506,648. Eight new automobiles and three new trucks were licensed in the county tax assessor-collector's office.

Big Spring's livestock markets gained some strength this week, with cattle and calves moving at prices ranging up to \$24.00 cwt. for good butcher animals. Stockers also were in considerable demand and hogs continued high. Approximately 1,800 head of cattle and 100 head of hogs were sold at local auctions.

**Cotton Consumption Nears 1942 Record**

AUSTIN, March 8. (AP)—Cotton consumption in the United States during January almost equaled January, 1942, the crop year in which an all-time high record was set, the University of Texas Bureau of Business Research reported.

On Feb. 1 a cotton balance of 9,400,000 running bales was the lowest on that date since the 1929-30 season.

The Bureau estimated an Aug. 1 carryover of about 7,522,000 bales, the smallest August carryover since 1937.

**Reach up - and touch a Star**

**Y**OU'VE got the sun in the morning and the moon at night — just like everybody else.

You've got little roads to explore, and pleasant places to go, and nice friends to enjoy life with, just as others do.

But there's one thing you can have that not everyone else can — if you do something about it.

It's in the extra lift you find in traveling in car-styling as fresh as tomorrow's morning glories, enduring as the classic lines of a Grecian vase.

It's in roaming the quiet little roads — or the busy big ones — with plenty of eager horsepower under your bonnet, all ready to Fireball you along or drift you serenely through calm and quiet moments.

It's in the feel of a car that's really big enough. Roomy enough for three-a-seat — husky and solid enough to be

ever steady in its stride — stout enough to take the most rugged going.

It's in such plus-values as soft coil springs on all four wheels — bodies studiously mounted to be quiet and firm and true — a wheel light yet firm under your hand — an engine with the touch of perpetual youth in the fineness of its cylinder-wall finish.

In a word, it's in a Buick — style star and standout performer of this and many a season to come.

In a car bought not alone out of need or expediency — but plainly and frankly out of desire

for something a bit better than the ordinary.

We say not everyone can have such. That is simply because there's never enough of a most wanted thing to go round — and this is America's most wanted car.

To get it, you can't hang back. You have to get in ahead of the one who hesitates.

The moral plainly is: Order yours right now!

## Freight Car Loadings Okay

Freight car loading in Big Spring during February compared favorably with the January record, G. L. Brooks, general agent for the T&P, announced Saturday. The T&P moved 982 cars in February, with petroleum products accounting for the largest number. This compared with 1,118 cars in January, which had 31 shipping days. The February shipments this year more than doubled the record for the same month in 1946, when 478 cars were moved. Inbound shipments were off slightly, however, with 182 listed for February. The January total was 206 and the February 1946 total was 202.

## South Ector Test Has Heavy Flow

SAN ANGELO, March 9.—The Penwell (San Andres) pool in southern Ector county was added this week to the growing list of Permian lime fields in West Texas that have developed Ellenburger production, Gulf No. 1-E-A Fogelson-University flowing oil from only 10 feet of pay. Discovery distillate production on a geophysical high in northeastern Crockett county was indicated by Stanolind No. 1-TT University. A fifth test was staked by Sun in the Jameson (Strawn) field in northwestern Coke county, where Sun No. 1 Fred Jameson, the second Strawn producer, was believed near the Ellenburger in drilling at 6,990 feet in lime. More leasing was done in the area. W. Dave Henderson and J. G. McMillan of Midland assigned to Stanolind 10-year commercial oil and gas leases on 126,229 acres of the Sugg Ranches of San Angelo in Tom Green, Irion, Sterling and Reagan counties for which they paid a \$1 an acre bonus. The leases will bear 50 cents an acre annual rental. Stanolind soon will begin a geological survey of the lands, part of the Sugg Ranches of approximately 280,000 acres with outside fences 190 miles long. Gulf No. 1-E-A Fogelson-University in southern Ector county, C NW SW 7-35-U, flowed naturally 1,032 barrels of 41.6 gravity oil and 102 barrels of water in 24 hours through open 2-inch tubing and perforations at 8,925-35 feet in 5 1/2-inch casing cemented on bottom at 8,985 feet. The pipe was run after sulphur water was encountered. The Ellenburger was topped 8,910 feet, 6,986 feet below sea level. Stanolind No. 1-TT University in Crockett county flowed 133 barrels of 48 gravity distillate and 10

barrels of acid residue in 24 hours through casing perforations at 8,100-48 feet. Ellenburger entered at 8,085 feet, 5,501 feet below sea level, had been acidized with 1,500, then 5,000 gallons of acid. The well is in the C SW NW 12-39-U, half mile north of Stanolind No. 1-GG University, an Ellenburger failure. Shell No. 1 University, C NW NW 21-39-U, 1 1/4 miles south and half mile west of Stanolind No. 1-GG, was swabbing, bottomed at 8,284 feet, after acidizing the Ellenburger with 2,000 gallons. Cities Service No. 1 Thos. S. Riley, western Gaines county wildcat, swabbed 64 barrels of oil, cut one to 25 per cent by basic sediment and water, in 18 hours upon retreating the Clear Fork from 7,040-7,251 feet with 4,000 gallons of acid. Reacidizing with 7,000 gallons was scheduled. The prospect is in the C NE NE 361-G-CCSD&RGNG, 4 1/2 miles northwest of the Doss (Clear Fork) pool but separated from it by a 6,192-foot dry hole. Gulf No. 421-E Goldsmith, first test in the Goldsmith field in Ector county to explore the Ellenburger, recovered 1,890 feet of sulphur water, with no shows of oil or gas, on a one-hour drillstem test from 9,685-9,730 feet. It drilled ahead below 9,798 in the Ellenburger, topped at 9,686 feet, 6,574 feet below sea level. Location is the C NE SE 15-44-1s-T&P. Stanolind No. 1 Eva B. Kayser in eastern Ector county was final- ed as a discovery Pennsylvania discovery, pumping 155.46 barrels of oil plus 4.48 barrels of basic sediment and water in 24 hours through casing perforations at 8,495-8,525 and 8,535-65 feet. It had been treated with 5,000 gallons of acid. The well failed in the Ellenburger in drilling to 13,620 feet. Location is the C SW SW 34-43-2s-T&P, 1 1/4 miles west of the South Cowden (Grayburg) field. Palmer Oil Corp. of Wichita, Kan., No. 1 Mrs. W. N. Oster, "tight" wildcat in the Wall community in southeastern Tom Green county, reportedly cemented 5-inch casing on bottom for perforating opposite the Ellenburger between 5,400 and 5,600 feet. The test, C SW SW 52-11-SPRR, 10 miles southeast of San Angelo, had drilled into water, presumably in the Hickory sand of the Cambrian, at a depth not learned but believed to be between 5,800 and 5,900 feet. G. D. Aldrich staked location for a northern Pecos county wildcat, No. 1 Shell-Mueller, 330 feet out of the south corner of section 118-10-H&GN, 3 1/2 miles east of the Shearer (Seven Rivers) pool. Drilling 2,500 feet to explore the San Andres is planned. Possibilities of Devonian production on the southeast flank of the Abell field Ordovician high in northern Pecos was indicated in the swabbing of a small amount of oil, with water, by George T. Abell No. 1 Dietrich-Eager from an acidized section at 5,020-35 feet. A swabbing unit was being moved in.

## Area Muster Of A&M Club Planned Here

Plans for an area muster here on April 21 were discussed at a meeting of the A&M club at the home of Dan G. Burk here Friday evening. Burk was named general chairman of arrangements for the area confab to which former Aggies in surrounding communities will be invited. Every effort will be made to have a record attendance for the event. The matter of reorganizing the club was delayed until after the muster. Other matters were talked, including recent developments at Texas A&M. Attending the meeting were Burke T. Summers '24, Fritz Wehner '35, Johnnie Johansen and Bill French '37, E. A. Miller '39, Jack Cook, Norcliffe Meyer, Jack Cook '40, H. F. Schwarzenbach, Arch Crews, Jr., and T. L. South '42. RADIO MINE KILLS 10 ROME, March 8. (AP)—Ten Italians were killed today when their automobile was blown over a cliff after hitting a mine left in the road following the war, the newspaper Espresso reported.

## THE TEXAS POLL—

### Heavy Majority Opposed To Legalized Betting On Races

AUSTIN, March 9.—A majority of the adult population of Texas is opposed to legalized betting on horse races. This is the finding of The Texas Poll based upon a statewide survey of public opinion completed this week, just a few days after the House state affairs committee unanimously recommended for passage a bill designed to legalize parimutuel betting at race tracks. Forty-six interviewers were used to put this question to a representative cross-section of adults: "Let us suppose you are a member of the Texas Legislature. Would you be for or against making it legal to bet on horse races?" The results: Against ..... 54% For ..... 37% Undecided ..... 9% Men were about evenly divided on this issue, while women voted two to one against. Breakdown of results by sex: Against ..... Men Women For ..... 47% 60% Undecided ..... 7 11 Interviewers found least opposition to the idea of legalized betting

among people in the highest and the lowest economic brackets. The great middle class sounded a more forceful "no." Breakdown of results by economic levels: No Yes Undecided Low ..... 49% 39% 12% Low-plus ..... 55 34 11 Average ..... 58 34 8 Above av. .... 46 52 2 Most men in the lowest economic group said they favored return of legalized betting on horse races, but the women in this group voted more than two to one against.

**HEALTH RESORT—The Dr. Percifull's Bath House (pictured) has been repurchased by its founder, who sold it in 1941 to Dr. F. O. Johnson.**

## HEADS \$45,000 HEALTH RESORT

# Percifull Buys Back His Sanitarium At Christoval

CHRISTOVAL. — Back in health work again after a five-year recess during which he hunted and fished — and completed supplemental health, diagnostic and health equipment studies—Dr. T. J. Percifull today announced his repurchase of the bath house and sanitarium here which he sold "to take a rest."

Now installing additional equipment, Dr. Percifull, who built the resort at the north end of Christoval's main street in 1928, and expanded it materially in 1934, said that his investment in the building and its facilities runs about \$45,000.

**SOLD TO DR. JOHNSON**

Dr. F. O. Johnson purchased the resort from Percifull in 1941. Following his death, Mrs. Johnson had operated it. She plans to return to San Antonio. The main plant includes 14 bedrooms, kitchen, dining room, reception room, office, treating rooms, private dressing rooms, baths and other quarters. The building is of concrete tile and stucco construction.

Moving from here to De-Queen, Ark., Percifull studied in South Carolina and Oklahoma City, rounding out a study of concept therapy. Deciding that the vacation had made up for the years of concentrated work at Christoval — he had looked after as many as 150 patients a day — Percifull checked Hot Springs and a dozen other water resorts, almost became located at Lamapas, which has some mineral springs, then 'came back home' and bought back his former sanitarium.

**BATHS RATING TOPS**

"For baths, the Christoval mineral waters are not excelled by those at Hot Springs or any of the other more publicized resorts," Dr. Percifull declared.

Among new equipment additions are Depolarray and Therman devices for electrical and heat treatment of several common physical ailments.

Dr. Percifull first came to Christoval in 1921, initially being with the original Christoval Mineral Wells three miles from town.

Two daughters of Dr. and Mrs. Percifull reside in West Texas. They are Mrs. K. B. Watson of San Angelo and Mrs. Jackie White of Del Rio.

**Blaze Destroys Two-Room House**

A two-room dwelling and an outbuilding were totally destroyed and other adjacent structures damaged in a fire at 308 Jones street Thursday night.  
Big Spring firemen answered the alarm at 11:20 and kept equipment in operation at the scene for approximately three hours. Firemen said the blaze started in a poultry brooder. The property, which is occupied by Mrs. Cora Anderson, is located just outside the west city limits, and the fire department put down four blocks of hose to reach the nearest fire hydrant.

**Mathis Studio Remodelling Plans In Big Spring Nearly Completed**

A complete remodeling program, which includes installation of new equipment throughout, is nearing completion at the Mathis Studio, 103 East Second street. Hugh Mathis announced Saturday. Mathis came here recently from Amarillo, purchasing the Coleman Studio. He immediately began the remodeling program, and placed orders for equipment which is most modern in West Texas.  
At Amarillo Mathis was manager of Southwest Studios for four years, and then was associated with Autry's Studios in Amarillo and Dumas. The studio here is affiliated with Autry's, making the third unit in West Texas.

Mathis has done photography work in Oklahoma, Kansas, New Mexico, Utah, Nevada and Colorado. For the past two years he has been official photographer for West Texas State Teachers college at Canyon and for Amarillo Junior College.

Mrs. Salome Hugo, who also has been associated with Autry's in Amarillo, is manager of the studio here. She is experienced in photography and retouching work. Mathis, who is spending most of his time at the local studio, also supervises much of the work at the studios in Amarillo and Dumas.

The studio here carries a complete line of cameras and supplies for amateur photographers and all types of films in addition to specializing in fine portrait work and general commercial photography.

Mrs. C. L. Gill's niece and her husband, Mr. and Mrs. Malcolm Brown of Cheyenne, Wyo., and their son, Ronnie, have returned to their home after visiting here in the Gill home. Mrs. Brown is the former Lorona Smith, who lived here at one time.

**Fabulous Morgan Fortune Shrinks**

NEW YORK, March 8. (UP) — J. P. Morgan, a fabulous name in American finance whose fortune was unofficially estimated as high as \$50,000,000 when he died March 13, 1943, left a net estate of \$4,642,791 after deduction of taxes, debts and expenses.  
Announcement of the net estate was made last night by J. P. Morgan and Co. which said in a statement Morgan's gross estate when he died in Boca Grande, Fla., was \$16,021,482. The company disclosed the following:  
From this gross estate was deducted a federal estate tax of \$7,384,309, a New York state tax of \$2,064,414, and debts and expenses totaling \$1,929,968.  
The appraisal is expected to be filed shortly.

Eoff also lost use of his operator's license for the next six months.

**War Department Puzzled Over Who Owns German Silver**

WASHINGTON. (UP)—The War Department is puzzled over the legal ownership of seven tons of antique German royal table silver brought to America from Germany by the 175th infantry regiment.  
The 175th infantry "liberated" the silver on the east bank of the Elbe river near Linzen, Germany, while capturing a German rocket division April 30, 1945. It took possession of the silver under provisions of the 79th Article of War.  
The silver consists of 324 dinner plates, other dinner flatware, platters, serving bowls, trays, wine glasses, statuettes, candelabra, figurines and other decorative pieces.  
The 79th Article of War states "all public property taken from the enemy is the property of the United States and shall be secured for the service of the United States . . ."  
The silver once was owned by Crown Prince Frederick Wilhelm and Crown Princess Cecelle of Germany. It passed into control of the German government after the abdication of Kaiser Wilhelm. It was placed on display in a Berlin public museum.  
Civilian Offers Treasure  
The 175th was crossing the Elbe when a handsome, well-dressed German civilian came to Capt. John W. Hirschmann and offered to turn over some silver to the Americans that had belonged to the German Imperial family.  
Hirschmann was amazed when the German said it would take two or three trucks to cart the silver away. He radioed Col. Edward H. McDaniel, commander of the 175th, for permission and then took over two truckloads of wooden boxes containing the silver.  
Col. William C. Purnell of Baltimore, who succeeded McDaniel in command of the 175th, won permission to ship the silver to the United States as "organizational impedimenta of the 175th."  
The question that must be decided is whether the silver is loot that must be returned to Germany or legitimate war booty that can be kept by the 175th. There is also a possibility that it may be held by the treasury for use in payment of war reparations.

# Hoosier To Face Mayne In AC Go

## Brady Returns In Preliminary

Indiana Buck Lipscomb falls heir to a role in the feature attraction of Pat O'Dowdy's Monday night wrestling show—something he argued for and didn't get last week.

In order to stay there in future bouts, he must accomplish something he didn't do last Monday—subdue Ken Mayne of Salt Lake City.

The two squared off in O'Dowdy's initial setto Monday and the only conclusive thing that can be recited about the imbroglio is that both gladiators emerged without suffering any broken bones.

As far as Referee Paul Wilkens goes, Mayne gained the nod and that because Lipscomb disqualified himself by pouncing on Mayne while the Utahian was tangled in the ropes.

The Salt Lake quickie, however, refused to accept the laurel wreath. Furthermore, he asked for a return go with Lipscomb, proffering to battle Bucko for "money, marbles or chalk."

To add lustre to the program, O'Dowdy is bringing back Gorilla Poggi for the preliminary. The Bull of the Pampas, who went on the shelf several weeks ago when he cracked an elbow in a taffy-pull at Lubbock, goes against good-looking Art Brady, the boy who dropped Jack Pappenheim in last week's main event.

Brady isn't being demoted. Far from it, since Poggi himself has always been main-event material here. O'Dowdy says he wants to get that one out of the way before he takes the chance on Mayne and Lipscomb tearing up the place.

Those who viewed last week's argument are in common agreement that Brady is a much smoother article in the ring than when he appeared here late last year.

He appeared speedier and undoubtedly possesses more ring mone.

As for Poggi, he seems to improve with time.

The show gets on the road around 8 p. m.

Iron ore is often handled five times from the time it is mined from the earth until it emerges from the furnace as liquid metal.

# Eola Lasses May Prove Top Team In Local Meet

Eola, coached by Theo Wiederman, may rule as the outstanding favorite in the Big Spring girls invitational volleyball tournament, which comes off March 21 and 22 at the Steer gymnasium.

Eola recently drubbed Eldorado, 75-2. Eldorado is the team which made the Big Spring lasses look so bad in the recent Water Valley tournament.

Ten teams, including two from Sweetwater high school, are entered in the meeting and Arah Phillips, director, said she was expecting several more to forward notice of registration.

Clubs already on the line besides the two Sweetwater contingents are Water Valley, Midland, Coahoma, Sterling City, Paint Rock, Fortson, Odessa, the host team and Eola. Ballinger entered last week but later withdrew.

Midland's fens, district champions a year ago, reportedly have another powerful team.

Miss Phillips' Big Springers swept a double header from Coahoma in Coahoma Friday night, winning the A contest, 25-22, after the reserves had copped the duke, 35-27.

Billy Jean Younger starred for the regulars, scoring ten points, while Kidd was the Coahoma standout with seven.

In the preliminary bout, Helen Tubbs set the pace with 11 points while Bartlett was Coahoma's top scorer with ten.

The Big Springers invade Midland for a 7 o'clock date Monday night, then return here for a Wednesday contest with the same club.

# Crack Entries To Compete In BS Relays

Crackerjack athletes will be running over one another at the Big Spring Relays, which will be run off next Saturday at Steer stadium.

Big Spring will have a sprinter by the name of Ernie Ache and a distance runner, Donald Webb, to match against anybody. Odessa's Gerald Campbell, a hurdler, and shot-putter Byron (Santone) Townsend are rated the best in high school circles in that area.

Midland's track team is built around Dunny Goode, a junior quarter mile star who ran fourth in the state meet in that event last season. Jimmy Edwards, another Midland boy, will do the hurdles for the Bulldogs and advance reports say he does them well.

Coach Glenn Redfield of San Angelo is working with seven lettermen and a flock of other candidates. He intends bringing a full squad here. Donald Taff, who captains the Bobcat squad, runs the 100-yard dash and may form the chief opposition for Ache.

Abilene's Eagles will bring another strong squad to the games. The War Birds have won the team trophy in the last two meets and their overall strength may enable them to turn the trick again.

Jack Y. Smith, director of the Relays, plans to start the preliminaries next Saturday around 10 a.m. The finals will get under way around 2 p.m.

Notices of entries should be in the mails by Tuesday. Coach Johnny Dibrell of the school said.

# On Trust Cops At Santa Anita

ARCADIA, Calif., March 8. (AP)—E. O. Stice and Sons On Trust, ridden by Jockey Johnny Longden, today won the \$100,000 Santa Anita Derby by three quarters of a length over Harry Warner's W. L. Sickle. C. S. Howard's Tropical Sea was third, with Warner's Step-Father fourth to put both parts of his entry in the purse money.

The winning time was 2:03 1/5, two full seconds behind the track record.

On Trust, rated nicely in second place for most of the mile and one-quarter route, took over the lead rounding the far turn and held off W. L. Sickle's Challenge to post a convincing win.

On Trust paid \$6.10, \$3.50, \$3.00. W. L. Sickle returned \$2.90 and \$2.50.

Tropical Sea, \$4.40.

The victory was worth \$81,750 to the Stice's, plumbers of Eagle Rock, Calif. On Trust went to the post, second choice to the Warner entry, which closed at 6.5.

# Work On Ball Park Slated To Begin In Several Days

## Last Of Light Reflectors Here

Work on the Big Spring municipal baseball park will probably begin within the next few days.

Ira Thurman, a director of the local club, announced Saturday that architectural drawings for the plant are now in the hands of steel manufacturers at Wichita Falls where they were to be checked before work on the cement foundations could begin.

The job of throwing up a fence will also get underway within the near future, Thurman said. School officials are of the opinion that one of the barriers now bordering the football field can be used as the south fence of the stadium since the two plants will adjoin.

The wire fence would be covered by burlap.

All of the reflectors for the lighting system — a hundred of them — have arrived and are ready to install. A substitute for the wooden poles must be found, it is reported, since none is available. Pat Stasey, manager of the club, expressed the belief that steel uprights would be just as cheap and would serve the purpose better.

The new park will have a much better lighting system than the old park torn down here during the war. That park had but 80 reflectors.

Hint that a local real estate man was going to seek a court injunction against the school for building the park in a residential district is nothing more than that, at the present time.

It is known that a petition to that effect was being circulated in that particular section Friday night but reports said that campaign was not meeting with much success.

The real estate man informed the school board via letter Friday that he would resort to such action, claiming the stadium would constitute a "nuisance."

Members of the school board were in common agreement that the man's efforts to restrain the baseball group from building on the property would meet with utter failure, since virtually every city of any size throughout the United States has an athletic plant of some kind and invariably they are located in residential districts.

Ballinger, a member of the Longhorn professional league, announced plans Saturday to build a baseball park seating 2,000 people. The plant will have a re-inforced steel grandstand with bleachers.

The Ballinger fence is up and forms have already been run for both the grandstand and bleachers.

Bill Moore, president of the Ballinger club, said that dressing rooms also will be built at the park.

The team will begin spring training on Monday, March 24, under the direction of Manager Stu Williams.

# Jayhawks Played Near .500 Ball For Season Despite Bad Finish

## Prep Baseball Drills Delayed

Corn Isaacs, high school baseball coach, said he was delaying final word on the start of diamond drills until he could gain audience with Pat Murphy, newly named head football mentor.

Date of the opening workout would hinge on the start of spring pig skin drills but Isaacs said he would probably issue baseball teggery somewhere around March 17.

The Steers will hold all workouts at the Steer football stadium until the municipal baseball park is completed. After that time, they will be permitted to make use of facility whenever the professional entry is not in training.

All equipment with the exception of shoes and catchers' mask is on hand and Isaacs said Saturday he had been assured shipment of both items could be expected within the near future.

L. Z. Rogers of Lamesa, chairman of the executive committee of District 3AA athletics, informed members schools recently that ed members schools recently that edger within the near future to discuss a schedule. All seven schools of the league will field teams.

# Texas Nine Opens Season With HSU

AUSTIN, March 8. (AP)—The University of Texas baseball team opens a 21-game schedule here Thursday against Hardin-Simmons.

The schedule gives the Longhorns, defending Southwest conference champions, two games away from home with both Baylor and Texas A&M, rated two of the top contenders for this year's crown.

Coach Bush announced Saturday that 13 boys would be given jackets for playing the required number of minutes during the last basketball season.

They are Tommie Elliott, John Griffin, John Rudessel, Troy Brown, Jimmy Pedan, Ladd Smith, Fred Phillips, R. L. Heith, Wesley Deats, Dewey Stevenson, Billy Mims, Harry Middleton and Sonny Chapman.

The jackets will be decorated in scarlet and gold colors. Adorning emblem will be a basketball with the letters "HCJC" displayed.

# HCJC To Field Softball Team

Lack of playing equipment has forced the Howard County Junior College to abandon plans for both a track and baseball squad but the school will field a softball team, Coach Leon Bush has announced.

Workouts will begin the coming week and Bush says that all male students of the school are eligible to try out for positions.

The Hawks, who were coached by Leon Bush, waited until their final engagement of the campaign to chalk up their first Western Zone conference game. That came at the expense of Cisco JayCee, the locals rallying in the last half to escape with a 36-32 victory.

The triumph gave them 11 victories and a tie (with Lamesa high school) in 25 starts.

In those 24 games, the Big Springers rolled up a total of 791 while the opposition's aggregate was 1010.

Season's record:

# El Paso Nips Jefferson For State AA Crown

## East Mountain, Johnson City On A And B Thrones

AUSTIN, March 8. (AP)—El Paso's Tigers, who came to the Texas School Boy Basketball tournament unheralded tonight won the class AA championship by defeating favored Thomas Jefferson (San Antonio) 27-22.

Taking the lead as the first period ended, the Tigers stayed in front the rest of the way and once increased the lead to nine points. Late in the third period the Mustangs drew within two points of the Tigers but the brilliant Stan Blaugrand whipped in a field goal and when Ben White, Jefferson star, matched it, Ramon Orna sank a free throw, Bob Mena likewise and Montoya sank a crisp shot that gave El Paso a seven point lead.

Pat Knight got a field goal with a minute and a half to go but again Blaugrand broke through for a two-point. Charlie Lutz dribbled three fourths the distance of the court for a field goal after grabbing the ball out of a Tiger's hands and with 36 seconds to go rammed the rim with a crisp, but Montoya whipped in a field goal with only 15 seconds to go and that was the game.

The third time paid off with a championship for East Mountain of Gilmer as the East Texas school rolled to the State Schoolboy Class A basketball championship on the unerring aim of slender Junior Carrington.

The tousle-haired Carrington banged the basket for 15 points in pacing East Mountain to a 35-22 victory in the finals over Bowie. In three games, Carrington made 66 points which bettered by five the total J. P. Vinson amassed in 1935 while playing for Hughes Springs.

Before East Mountain found gold at the end of a third journey to the state meet, Johnson City, backed by a big part of the little

central Texas town's population, won the Class B crown by edging Marfa 16-14 in the low-scoring game of tournament history.

A most unusual contest was this. It was 4-3 in favor of Marfa at half-time with neither team making a point in the second period. But the contest was a thriller for the 4,500 fans who jammed into Gregory gym. Jim Leonard tossed in a field goal in the last five seconds to give Johnson City its victory.

Giant Marcus Freiberger of Greenville smashed all existing individual scoring records for the Texas schoolboy basketball tournament as he pitched in 46 points against Amarillo in the battle for third place in the Class AA division.

Amarillo won the game 77-53 but Freiberger, the six foot, 10 youngster finishing out his eligibility, was the man of the evening.

## Citation Asked Against Lawyer

WASHINGTON, March 8. (AP)—Rep. Nixon (R-Calif.) said today a subcommittee will ask the House Committee on Un-American Activities to approve next Wednesday a contempt citation against Leon Josephson, former Trenton, N. J., lawyer.

Josephson refused to testify to the subcommittee in New York last Wednesday on a passport case involving Gerhard Eisler, whom the full committee has called the "supreme" Communist authority in America.

Nixon is chairman of the subcommittee. The House already has cited Eisler for contempt for refusing to take the oath as a witness at a hearing of the full committee and a grand jury here has indicted him.

The committee has received testimony that Eisler's picture, Josephson's handwriting and the name of Samuel Lipzken of New York appeared on a passport for which Eisler applied in 1934.

Nixon's subcommittee went to New York to question Josephson and Lipzken about this. Lipzken testified. Nixon said Josephson refused on grounds the full committee was organized unconstitutional because Rep. Rankin (D-Miss.) one of its members, was improperly elected to Congress.

## NAIB Has Field Of 32 Quintets

KANSAS CITY, March 8. (AP)—The National Association of Intercollegiate Basketball will stage its ninth annual tournament here next week with 32 teams engaging in a battle royal for the only trophy bearing the approval of the inventor of the game—the late Dr. James Naismith.

Whittled down from a field of 75 applicants, each of the competing teams were qualified for the 6-day grind beginning Monday by district committees of the NAIB twenty-seven states will be represented.

Cliff McNeely, who led the nation's scorers with 679 points in 30 games, is expected to make Texas Wesleyan of Fort Worth one of the most dangerous contenders. Monday's pairings include Arizona State college (Flagstaff) vs. Youngstown (Ohio) college; U. of Houston vs. Montana State (Bozeman) and Texas Wesleyan vs. Linfield college (McMinnville, Ore.). Tuesday New Mexico U. will meet Hamline (St. Paul, Minn.).

## Filipinos To Vote On Asking Help

MANILA, March 8. (AP)—The Philippines Republic, seeking capital to rehabilitate this war-ravaged nation, will submit to decision of the voters Tuesday whether to establish special economic ties with the United States until 1974 or struggle on alone.

The electorate is expected to approve a constitutional amendment giving US citizens equal rights with Filipinos in exploiting natural resources and operating public utilities.

## Hogan, Demaret In Finals At Miami

MIAMI, Fla., March 8. (AP)—Defending champions Ben Hogan, of Hershey, Pa., and Jimmy Demaret, Ojai, Calif., defeated Dick Metz, Chicago, and Chick Harbert, Detroit, one up on the 36th green tonight to enter the finals of the \$10,000 International four-ball golf tournament.

Later, with night already arrived, Lawson Little, Cleveland, and Lloyd Mangrum, Los Angeles, drew a two-up over Sammy Byrd, Detroit, and Johnny Revolta, Evanston, Ill., on the 36th green.

The Hogan-Demaret team will meet the Mangrum-Little due tomorrow in the finals.

Hogan and Demaret fired a nine-under-par 63 on the second round to a 65 by Metz and Harbert, after finishing the 27th even up, the Hogan-Demaret team won the 28th with par and 30th with a birdie. They lost the 31st but won the 32nd. Harbert won the 34th with eagle three when his second shot landed 18 inches from the cup. They halved the 35th and the deciding hole was halved on birdies.

Metz and Harbert held a one-up advantage over Hogan and Demaret at the end of the morning 18. Hogan was wild off the tees and his putting was erratic.

A best ball of 68 was carded by Metz and Harbert for the early round. Hogan and Demaret's 69, Metz carried his team all the way with the exception of the 12th hole which was won by Harbert. Little Mangrum had a best ball of 66 and led Byrd and Revolta one up with Byrd and Revolta's 67. At the end of 27 holes, the match was all square.

## LOOKING 'EM OVER

WITH TOMMY HART

Five Cuban boys pack their respective valises and head this way to play professional baseball on or about March 21 . . . If asked "donde via" by their fellow countrymen, they probably would be at a loss to describe Our Town's location on the map, but that doesn't matter . . . They've been given railroad tickets by Joe Cambria, chief scout of the Washington Senators, who will make it plain they report to Joe Langston, general manager of the local club, and/or Pat Stasey, who'll pilot the local Longhorn league entry . . . Cambria luts his unqualified stamp of approval on the quintet . . . Furthermore, he advises the local masterminds not to worry about the quality of their ball club, that the team as a whole will be aces . . . All of which makes Langston and Stasey very happy . . . Included in the bunch ticketed for shipment are two pitchers, a catcher, infielder and outfielder . . . The boys no doubt will be in fairly good physical trim by the time they arrive but they can expect to do some running, if the park isn't completed . . . Stasey has already prescribed that sort of work for them . . . Langston is hopeful that at least one of the Cubans can speak and understand English . . . He hasn't time to brush up on their languages . . . Reports say work on the fence of the Sweetwater ball orchard has been completed and the workmen are now busy with the grandstand . . . Who says there isn't money in minor league baseball? . . . Something like \$2,000 profit was made off the sale of popcorn alone at the Abilene WT-NM league baseball park last season . . . Incidentally, the local club is in the market for a corn popper . . . Someday we'd like to conduct a census and learn how many Pat Pattersons there are in baseball.

## Girls' Team Seeking Sponsor

The girls' softball team whose expenses were underwritten by the local American Legion post last season is looking for a new sponsor . . . Seems the Legion will back both a male baseball and softball contingent this time out, frowns on fielding a fem brig . . . Monty Stratton, the one-legged hurler who recently obtained his outright release by the Sherman Twins, insists a short contract wasn't the reason he decided to retire . . . The former Chicago star will probably be called to Hollywood sometime during the summer to serve as technical director for a story on his life . . . for that reason he would not be able to play a full season . . . Instead, he'll settle for exhibitions until the movie-land summons arrives . . . Big Al Carr, who gave local hurlers fits while wearing Lubbock baseball livery before the war, will probably wind up at first base for the Dallas Rebels . . . Departure of Bob Meyer left a big hole here for Big D . . . John, Whitehead,

## Angelo JayCee May Stage Tourney

Great hitters must be made, not born . . . Bill Hornsby, son of the incomparable Rogers Hornsby, drew his release from the Oneonta club of the Canadian-American league because he couldn't connect consistently . . . He hit only .150 last season . . . His pappy once led the National League with a mark of .424 . . . Vernon Stevens, Sr., father of the St. Louis Browns' shortstop, has hired out as an umpire in the Western League this year . . . San Angelo Junior college has designs on staging a jaycee basketball tournament next season, to which teams from New Mexico, Oklahoma, Arkansas, Louisiana and Texas would be invited . . . If such comes to pass, the meeting will be unreeled during the Christmas holidays . . .

## Ackerly All-Stars Advance In Tourney

ACKERLEY, March 8. — The Ackerly Independents turned back Union Terry 38-23 in the Dawson gymnasium Friday night to advance in the Dawson Invitational Basketball Tournament for Independents teams.

Junior Rudessel was top scorer of the game, accounting for 18 points, while Ed Hill was top man in the Union Terry attack with 12 points.

The tournament play will be continued next Friday.

The Ackerly high school boys basketball team will meet the Dawson High quintet in the Dawson gym Saturday night.

## 135 Nags Draw Kentucky Derby Nominations

LOUISVILLE, Ky., March 8. (AP)—The 73rd running of Kentucky's famed derby here next May 3 drew 135 nominees from American racing's top three-year-old horses.

From the official nomination list announced today will be chosen the select field that will parade to the post for the colorful mile-and-one-quarter "run for the roses."

Last year, 149 horses were nominated in the winter for the 72nd derby. Seventeen competed, as King Ranch's Texas-bred Assault won to post the first level of his triple crown. He went on to win Baltimore's Preakness and New York's Belmont stakes.

The 1947 Downs classic will be the second consecutive \$100,000 added derby.

Among top two-year campaigners of 1946 named for the 1947 derby: William Helis' Cosmic Bomb, winner of \$98,565 last year; Maine Chance's Jet Pilot, winner of \$87,830; Ridgewood Stable's Double Jay, \$77,550, and Helis' Miss Kimo, outstanding filly which earned \$68,315.

Making four nominations each were Robert J. Kieberg's King Ranch, Greentree Stable, C. V. Whitney and Helis. Kieberg's win with Assault was the first for a Texas-bred and Texas-owned horse. Helis, New Orleans sportsman, has established some money records at yearling sales in recent years trying to obtain a derby winner.

King Ranch's Bee Ann Mac, another Bradley-bred, and Mrs. Albert Sabath's Say Blue were among other outstanding fillies nominated.

## Stanton, Colorado City In Same Meet Bracket

Two area teams entered in the state high school girls basketball tournament at Hillsboro the coming week would qualify to play each other in the second round if they win their initial tests Wednesday night.

They are Stanton's Buffaloes, winners in 31 of 32 contests played to date, and Jeff Hooper's Colorado City Zephyrs.

The Stanton sextet squares off with Academy (Temple) in a first round contest while Colorado City is booked to tangle with Mesquite. The Stanton-Academy game will be unreeled in Abbott, the Colorado City-Mesquite bout in Hillsboro.

Winners of the games will clash at 7:30 p. m. Thursday in Hillsboro for a quarterfinals berth.

Losers will tangle in consolation quarterfinals at 4 p. m. Thursday. In an easy season game, the Stanton club ran over Colorado City but the Zephyrs had played but two games and were not in top condition.

The Stanton offense depends largely on Betty Blissard but the defense has been even more impressive.

Other teams entered in the state meet include Aledo, Swency, Friona, Yantis, Fredericksburg, East Chambers, Maydelle, Gruber, Cranfills Gap, Sudan, Zephyr and Penelope.

Championship finals will be played at 9 p. m. Saturday.

# School Lunch Funds Received For March

The Big Spring schools' lunch program will be continued at least through March, and may possibly go on longer, on the basis of latest information received by Supt. W. C. Blankenship.

The congressional economy move had threatened to cut off federal aid for the lunchroom projects, but a re-appointment has made available funds for March, State Supt. L. A. Woods has advised. He said that additional funds may possibly be provided by the state legislature, and urged continuation of the lunch programs as long as possible.

# School Census Work Continues

Work on the annual scholastic census is continuing after bulk of the canvassing was completed during the past week.

Although no definite reports will be available before Wednesday, W. C. Blankenship, superintendent, said that spot checks indicated that elementary teachers, who are conducting the enumeration, had accounted for a majority of contacts during the first week of work.

However, the most tedious part of the enumeration remains, for there will be occasion for repeated call-backs to check homes where information could not be had on the initial count. Most of March will be devoted to attempt to make the census as complete as is humanly possible.

There is a possibility that each scholastic will merit the district \$55 after Sept. 1, 1949 and on or before Sept. 1, 1941 are to be included in the census, regardless of whether they are enrolled or are attending school.

# Thixton

Independently and without preconceived notions "except to do what seems best for Big Spring," Smith joined Coadin's staff when he came here 14 years ago and is now personnel manager and safety engineer for the company. He has been active in many civic affairs and campaigns, being a past president of the Lions club, YMCA and other organizations. Smith owns his home here.

The Saturday announcements brought the field to three candidates for the two places to be filled in April 1 balloting. G. W. Dabney, mayor, filed last week, asking for a second term. Deadline for filing for a place on the ballot is March 16.

# The Week

(Continued From Page One)

ord for March, so we'll wait until mid-April to renew our predictions.

Fires have been occurring with too much frequency for comfort, and they have tended to be more serious. Thus, an added measure of prevention is in order. The best rule to combat fire is good house-keeping—at home and in business.

The county tax collector's force is concerned about the slowness of automobile registrations. That's no mystery, considering that taxpayers must first face Uncle Sam by March 15 before raking up enough coin of the realm to satisfy their riding comfort for the year.

Don't miss the Tech band concert Thursday evening—and even if you can't attend, don't turn down the opportunity to get a ticket. Net proceeds go to the high school band and the unit is sorely in need of funds to begin recouping its musical fortunes. You'll more than get your money's worth from the concert and help the band at the same time.

Now that the coaching problem here has been settled, the community should get behind Pat Murphy, who is returning to Big Spring after less than a year's absence, and the program to develop a more adequate system of supplying local material.

City politics, unusually quiet until a week ago, are beginning to warm a bit. By Saturday there had been three candidacies filed for two places, and it is possible there will be more this week before the March 16 deadline.

Less than 100 people turned out to hear Emanuel Mansfield, Negro tenor, perform here last week. He might appropriately have sung "All Alone."

Ranges and cropland received some welcome seasoning from the snow and sleet of last week, but it amounted to only about 4 of an inch. A good soaking rain is still the foremost agricultural need. It also would serve as a stimulant for other activity.

# Burns Hospitalize John H. Garrison

John Howard Garrison, son of Mr. and Mrs. J. W. Garrison, suffered second and third degree burns when he backed into a fire at the home of his parents, 807 E. 13th street, here Saturday night.

He received treatment at a local hospital and was scheduled to be released sometime today.

Henry Morgenthau will speak over KBST Monday at 3:45 p.m. in the interest of the United Jewish Appeal for refugees. Howard and Mitchell counties, working with the national drive to raise funds for the relief, will be given a quote and details of the campaign will be announced later.

# Big Spring Teachers To Attend Convention At Lubbock Friday

Teachers in the Big Spring schools will join colleagues from other towns in the area in attending the West Texas Teachers association annual convention at Lubbock Friday. Local classes are being suspended, and it will be a holiday for the pupils, while all instructors attend the Lubbock sessions. Some 2,000 are expected to attend.

The general convention session opens at 1:30 p.m. at the Lubbock high school auditorium, with WTTA President Frank Monroe of Midland in charge. Visitors will be welcomed by Dr. William Whyburn, president of Texas Technological college, and Supt. H. P. Clemons of Floydada will respond. A series of addresses will include the following:

"Elementary Education For A New Era," Dr. Henry J. Otto, University of Texas; "Texas School Administrators Relationship As A Department in the TSTA," Dr. R. L. Williams, Sweetwater, president of the Texas School Administrators association; "Legislative Program For The TSTA," Dr. Henry Stillwell, superintendent at Texarkana.

Dr. Williams will be principal speaker at a dinner for administrators at the Hilton hotel at 5:45 p.m., and a second general session is on the program at the Lubbock school auditorium at 7:30 p.m. Principal speaker will be Jeff Williams, Chickasha, Okla., attorney, whose topic will be "Collaboration or Disintegration."

Sectional meetings for different types of teaching work will be held at 4 p.m. Friday.

Besides Monroe, officers of the association include W. A. Miller, Odessa, vice president; Clarence Guffe, Floydada, treasurer, and Floyd Honey, Lubbock, membership chairman. W. C. Blankenship, Big Spring superintendent, is on the state executive committee, and on the WTSTA's nominating committee.

dictate who shall or shall not direct working forces at Odessa." According to the company, complaints against the evening chief operator, who is not a union member, first were filed on Oct. 23, 1946 and later on Jan. 22, being discussed at a division meeting in Abilene, at Dallas and finally at St. Louis on March 3, without altering the original refusal to demote the operator "on the basis of such information as furnished by the union."

Berry said that although there had been discussion and reviews, there had never been an offer to arbitrate. He said that the union offered Saturday to arbitrate, letting the company name the arbitrators or to concur with the union in their selection.

The company claimed that the union refused permission for management interviews with complainants and that in the case of "unsupported complaints or criticisms we would not be justified in accepting the complaint. . . . This employe has every right to expect fairness and justice from management."

Complaints, said the company, included charges that the operator "did not know her job sufficiently well, had pushed operators chairs nearer the switchboard during operation, had been discourteous to some operators, had made some slighting remarks, had hurt some operators feelings and had not distributed customer gifts of Christmas candy equitably."

Merry said that physical abuse, remarks reflecting on the character of some operators, abusive references were involved. He professed to see in the incident a company effort to discredit unions to influence legislators toward anti-labor legislation, and a continuation of a "policy of refusal" in connection with negotiations on general working contracts.

The company contended the walkout Friday came without warning.

# Ector County Schools Closed

ODESSA, March 8. (AP)—An influenza epidemic today brought an order closing Ector county schools and a plea that Odessa residents refrain from attending theaters and night clubs and avoid all public gatherings as far as possible.

D. H. E. Hestand, county health officer, ordered the schools closed following a meeting of the county board of health. Hestand said influenza caused 1,883 students to miss classes yesterday.

Odessa physicians reported 327 cases.

Hestand said the county board would meet again Monday and probably would take action to close all places of amusement and recreation should the situation not be improved by then.

# Scout Committee Will Meet Monday

Big Spring District Boy Scout committeemen will meet Monday at noon in the Settles hotel. Champ Rainwater, chairman, will preside at the session.

## RUPTURED INTERVERTEBRAL DISC—

In 1941, I fell from a 40-foot ladder, landing on my feet and in a sitting position. I suffered from a number of fractured ribs, broken bones in my feet, and severe pains in my lower back and right leg. I received medical treatment. As time went on, it became difficult to sit down. My condition was diagnosed as a ruptured disc in the lower part of my spine. An operation was advised as the only means of a cure but I was told that it might not be successful. Out of desperation and being unwilling to undergo the surgeon's knife, I sought Chiropractic aid. The cause of my trouble was located and adjusted. I experienced almost immediate relief and, within a few days, was free of all my symptoms. I can heartily recommend a scientific Chiropractic health service to those who are sick.

"It is quite easy to reduce the vertebra with a moderate amount of manipulation, and many patients find relief in the hands of chiropractors." James Bralford, M.D. (Deformities of the lumbosacral region of the spine—British Journal of Surgery, 16:562, April 1929).

"There was a time when I looked at chiropractic through a pair of bifocal lenses, the upper plus prejudice, the lower plus lack of investigation. But because medicine with all its adjuncts had failed to reach the complicated ailments of my invalid wife, I like a drowning man, grasped for anything in sight. I learned of Chiropractic through a friend of mine. I went at once to a school of chiropractic and remained two weeks investigating the science of chiropractic and, to my surprise, they were actually getting results on cases that were hopelessly incurable from the standpoint of medicine. The sooner the medical profession recognizes the work of the Chiropractor, the better. He is doing a work that medicine cannot do; he belongs exclusively to the class of specialists and should be recognized."—M. E. King, M.D. (Therapeutic Review, 1918).

FIRST IN COMBINED CAR AND TRUCK SALES!

The final registration figures are in, and again in 1946 America purchased more Chevrolet cars and more Chevrolet trucks—more Chevrolet cars and trucks combined—than any other make, despite the fact that Chevrolet was out of production entirely during the first three months of the year! A magnificent tribute to Chevrolet production efficiency, as well as to the dollar value of Chevrolet products! It's the best

proof you can possibly have that you're wise to choose Chevrolet, the only cars giving BIG-CAR QUALITY AT LOWEST COST, and the only trucks rating as THRIFT-CARRIERS FOR THE NATION! True, there still aren't enough new Chevrolets to go around, but highest popular demand means higher dollar value, just as highest production means quicker delivery of your new car or truck. ## Fateful Season Of Year, Ides Of March, Is Near

That precarious season of the year, so far as the Roman brethren were concerned, is fast approaching. To hit it on the nose, the Ides of March will turn up on Saturday (March 15), but it was conceived to be such an unlucky time that Romans got jittery before and after.

Julius Caesar, who won considerable fame as a general and statesman, didn't take much stock in the ides idea, and thus contributed to putting the perpetual hex of the day. The soothsayers of his day had warned him to stay away from the Senate on the Ides of March, and Caesar went right ahead. His best "friend," Brutus, joined assassins in stabbing Caesar to death. Before he died, Caesar was reputed to have gasped:

## British Railways Badly Blocked; 25 Mines Close

LONDON, March 8. (AP)—Rail transportation still was badly blocked in Wales and the Midlands today as new snow and night freezes continued in Britain.

At least 25 Welsh coal mines were completely out of action because the miners were snowbound in their villages, and another 34 pits were inaccessible by rail.

Nearly a full division of soldiers were engaged in clearing snow-covered railway switches in freight yards in northern England, and the ministry of fuel said the movement of coal to fuel-short homes and factories, "still exceedingly difficult in many places, shows signs of improvement."

"Et tu, Brute?" Literally, it means "and thou (also), Brutus?" or figuratively, "even you old pal."

The reason for singling out the Ides of March as a particularly unlucky moment is not clear, but the Caesar-Brutus incident helped establish the superstition more securely. The fact that March originally was the first month of the Roman year and was named after Martius or Mars, the god of war, might have had something to do with it.

The ides, under the Roman system of reckoning the calendar, roughly divided the months and were not within themselves considered particularly unlucky, except for March. However, the day after the ides (post-ridie ides) was considered the best possible time for something awful to happen. The same held true for the day after the Kalends, first day of the month and so known because on that day, pontifices "called" the name of the month. The day after the Nones, the sixth or eighth of the month, also called for finger-crossing.

The ides were considered sacred to Jupiter, the kingfish of Roman gods, and they were calculated to coincide with the full moon — which probably gave Romans enough nocturnal illumination for their dirty work. Anyhow, they got a wholesome respect for the Ides of March and set aside the first half of the month to warn all and sundry — "Beware of the Ides of March." However, this isn't Rome, and you don't have to look out if you don't want to.

## Three Ranch Pool Wells To Get Tests

Three wells in the Coleman Ranch pool of northwest Mitchell county were due for potential tests at the end of last year.

Included were Doswell & Snowden, 330 feet out of the southeast corner of section 71-97, H&TC; and R. L. Wheelock, Jr., No. 1 S. R. Coleman, 330 feet from the northeast corner of section 6-26, H&TC.

Buttram, et al No. 1-B Coleman, 70-97, H&TC, shot with 860 quarts from 2,660-2,680 feet and started cleaning out. Buttram No. 2-A Coleman, 330 from the south and east line of the east half of the southwest quarter of section 70-97, H&TC, drilled to 630 feet in red rock.

W. K. Byrom No. 1 Dave Womack, 330 feet from the north and east lines of the southeast quarter of section 3-26, H&TC, was below 2,065 feet in lime. F. A. Gillespie & Son No. 1 Coleman, 1,650 feet from the north and 330 feet from the east lines of section 4-26, H&TC, drilled to 763 feet in redrock. Norman & Roche No. 1-B Coleman, section 70-97, H&TC, was at 2,400 feet in lime.

J. B. Tubb No. 1 Chester L. Jories, in the northwest corner of Mitchell county, was below 4,710 feet in lime and without shows.

## Teachers Group Organizes Here

Zelma Jo Hestand was elected president of the Classroom Teachers' association which formally organized here Friday afternoon with approximately 100 teachers participating in the meeting.

Other officers named were T. E. Bailey, vice-president; Martha Ann Harding, secretary; Mrs. Eugene McAllen, treasurer.

A full discussion on the association was delayed when a committee from San Angelo, where the classroom teachers have been active as an organization for several years, was prevented from attending due to icy road conditions. The committee likely will be heard at the next meeting.

Basically the CTA is devoted to teacher welfare, looking out for professional standards, tenure, legislation, etc. Presumably, the local association would in turn become affiliated with the state section and the Classroom Teachers of America.

## Harvester Company To Reduce Prices

CHICAGO, March 8. (AP)—International Harvester Company today announced it would institute before April 1 "substantial reductions" in prices of approximately half its line of tractors, farm machines, motor trucks and industrial power equipment, which would save consumers an estimated \$20,000,000 annually.

## South American Trip Scheduled By Farley

NEW YORK, March 8. (AP)—James A. Farley, former chairman of the Democratic National Committee, leaves tomorrow night with his daughter, Betty, on a trip that will take him to Mexico, Central and South America, and Caribbean countries.

Farley said he would be on a business trip as chairman of the board of the Coca Cola Export Corporation. He will arrive in Houston, Tex., Tuesday and go to Mexico Thursday.

## Vocational Director To Give Two Talks

W. B. Cecil, Austin, assistant director of distributive education with the state board of vocational education, will make two addresses here Wednesday.

He is due to discuss vocational educational problems and possibilities with the Howard County School Masters at 7 p.m. at the Howard County Junior College, stressing particularly the distributive education program.

Cecil also will address the Lions club Wednesday noon, according to an announcement from the program committee.

## HOME SALES MAY DROP

WASHINGTON, March 8. (AP)—The National Association of Real Estate Boards predicted today home sales will drop both in volume and in price in a majority of cities this year.

## Veterans Exhaust Special Allowance

WASHINGTON, March 8. (AP)—The Veterans Administration, which has paid almost \$2,000,000,000 to jobless veterans, said today 217,841 ex-servicemen have exhausted their special veterans unemployment allowances.

Hawaii, with a veteran population of 28,000, is the only state or territory with no exhaustions whatever. Of 4,000 veterans in Alaska, only two have exhausted their benefits.

Pennsylvania and Texas lead in the number of exhaustions—14,335 and 17,384 respectively, out of veteran populations of 1,130,000 and 710,000.

VA allows veterans a maximum of \$20 a week for 52 weeks or, if the veteran is self-employed unprofitably—usually in agricultural work—\$100 a month for 10 2-5 months.

## Thirteen Join Ladies Golf Association

Thirteen new members were voted into the Ladies Golf Association at a monthly luncheon held at the Big Spring country club Friday afternoon.

They include Mrs. E. B. Dozier, Minnie Howze, Mrs. J. D. Robertson, Mrs. Franklin Nugent, Mrs. T. W. Hammond, Mrs. Rufus Miller, Mrs. Prentiss Bass, Mrs. Travis Griffin, Mrs. Jack Nelson, Mrs. Lewis Price, Mrs. K. R. Swain, Mrs. J. C. Douglass, Jr., and Mrs. Olen Puckett.

A St. Patrick's Day theme was featured in the decoration of the luncheon tables. Green hats filled with potted ivy were used as table runners.

Hostesses for the afternoon were Mrs. A. V. Karcher, Mrs. Poe Woodard, Mrs. M. K. House and Mrs. Lloyd Wasson. A business session preceded bridge games, and Mrs. Zolite Boykin, president, was in charge.

Mrs. Obie Bristow won high score in bridge, Mrs. George Tillinghast won second high and Mrs. George French won third high. Bingo award went to Mrs. W. E. Ramsey.

It was announced that the next luncheon will be held at the country club April 4 with Mrs. Bob Hodges, Mrs. R. R. McEwen, Jr., Mrs. Ted Grobel and Mrs. R. B. G. Cowper as hostesses.

Guests for the afternoon included Mrs. George Hope of Hollywood, Calif. and Mrs. Henry Goring. Others attending were Mrs. Shirley Colquitt, Mrs. C. H. Rainwater, Mrs. Jack Roden, Mrs. Shirley Robbins, Mrs. Matt Harrington, Mrs. R. W. Tompson, Mrs. C. A. Jones, Mrs. Dee Davis, Mrs. Herbert Whitney, Mrs. George French, Mrs. George Tillinghast, Mrs. Bill Griese, Mrs. Carl Madison, Mrs. Bob Satterwhite, Mrs. R. B. ## Mrs. Sewell Birthday Honoree At Party

Mrs. Marvin Sewell celebrated her birthday anniversary as honoree at a party given in the Garland Sanders home Friday by the Happy Go Lucky Club.

Gifts were presented to the honoree and games of 42 were entertainment.

Refreshments were served and those attending were Mrs. L. L. Telford, Mrs. Allen Wiggins, Mrs. Emory Rainey, Mrs. Fred Simpson, Mrs. Ross Darrow, Mrs. F. W. White, Mrs. J. W. Croan and Mrs. Sewell.

LUCKY LITTLE WOMAN: If you're 5'4" or shorter, this Original Bobby Burns' half-sized suit offers perfect proportions. Pale in color, long and lean of line, meticulously detailed. Lovely!

## SILHOUETTES FOR SPRING

Color and fabric cleverly designed into silhouettes for spring were the very cornerstones of fashion as previewed for the Big Spring women at the annual style show held in the ballroom of the Settles hotel last week.

The spring-into-summer showing had hardly unfolded when wintry weather sent milder scurrying for warmer clothing, but even the blustery snow that blanketed the town failed to dampen the spirits of the fashion wise who are now awaiting the blossoming of Spring's first leaves to usher in a new era of smart styles.

Longer skirts and fuller, circular skirts, kick-pleated front and back, are revival news with a note that soft front fullness as well as side and front drapery will continue.

The silhouette will be pencil-slim to the waist with the wrapped skirt giving a very new line, and dressier clothes will be accentuated by flounces, tiers, drapes and bustles.

Shoulders will be softer, less like a football player's and will be fitted. The overdressed, over-embroidered, over-sequined fashion is said to be definitely out as the newer modes are less showy and more on the dramatic side.

The new, unbroken torso line is predicted as an American favorite this season and designers tell us that drapery will not bunch around the hips, but will continue in the diagonal trend that is slenderizing. Little women especially are getting a break, with many houses designing for the missus and misses five feet-four and shorter. Also

there are many larger sizes this season, with all sizes accurately standardized, and half-sizes again available.

Coats will be longer, their sleeves fuller and many will have soft very full backs swinging free from the shoulder, belted and tied. Double breasted short coats worn with dresses to color contrast sharply, will supply a new note, with collarless coats well-liked.

The fashion interest in white and off-white will run the gamut from sharkskin to light wooleens for dresses, acetates and coats. Silk is back but still reserved for fashions in the upper price brackets. Gingham and chambray as well as crease resistant linen will be dress delights in the forefront.

(See SILHOUETTES, Page 2, Column 2)

CLEVER CONTRAST by Izod of London! Combining a Sussex stripe jacket with collarless, shirt-sleeved, flap pocket features—and a slim, monotone skirt.

UNUSUAL black and white print in rayon crepe which drapes readily into the skirt's soft folds, and which has passed through cleaning and service tests. Dress by Martini.

## Julia Ann Blackwell Has Birthday Party

A birthday party honoring Julia Ann Blackwell was given by her mother, Mrs. J. L. Blackwell Wednesday afternoon at her home.

The honoree celebrated her fifth birthday anniversary and a decorated cake, topped with five candles, was served with other refreshments.

Games were played and attending were Joyce Newman, Chop Smith, Kelly Newman, Frankie Morgan, Teddy Grobel, Sherry and Janet Carpenter.

## Mrs. Rogers New P-TA President

Mrs. Lee O. Rogers was elected president of the South Ward Parent-Teacher Association at a meeting held Friday night at the school.

Serving with her on the presiding board for 1947 will be Mrs. Ross Boykin, vice president, Mrs. J. A. Coffey, secretary and Mrs. A. B. Brown, treasurer.

The group voted to contact Senator Sterling J. Farish and Representative E. E. Blount concerning the bill to authorize the county commissioners court to levy, if it desires, maximum of five cents as a permanent improvement tax for the Howard County Library fund.

Members were urged to send in ballots for the selection of a shrub as a living memorial, and it was announced that hot lunches will be served to students and parents at the school on Field Day April 1.

Mrs. Joe Pickle, presiding officer, announced that South Ward will be in charge of the P-TA radio program which will be presented over KBST Monday at 2:45 p.m.

Plans for the health clinic in April were outlined, and Mrs. Jimmy Mason presided over the informal program which was presented.

Following the showing of a technicolor film, "South of the Border," fathers gave their version of a regular P-TA board meeting. Dressed in feminine attire with swinging purses, hats and coats draped over their shoulders, Joe Pickle, Escol Compton, J. E. Duggan and Ross Boykin conducted a mock meeting, substituting for their wives, who are unit officers.

A social hour followed, and refreshments were served from a table laid with a white lace cloth and centered with tiered tapers. Presiding at the table and assisting in the social hour were Mrs. J. B. Mull, Mrs. E. W. Smith and Mrs. J. E. Fort. Those present were Mr. and Mrs. Paul Holden, Mr. and Mrs. A. B. Brown, Mr. and Mrs. Jimmy Mason, Mr. and Mrs. J. A. Coffey, Mr. and Mrs. A. E. Ashley, Mr. and Mrs. Ray McMahan, Mr. and Mrs. Joe Pickle, Mr. and Mrs. J. E. Duggan, Mr. and Mrs. Curtis Rey.

## Past Matrons To Meet

Past Matrons of the Order of the Eastern Star will be entertained in the home of Mrs. Sam McComb, 811 East 13th St., Tuesday at 7 p.m.

Co-hostesses for the meeting include Mrs. Ladonia Cook and Mrs. Emily Andrews. All members are urged to attend.

## All-Day Church Program Ends Prayer Week Series

Week of Prayer, observed by the Woman's Missionary Society of the First Baptist church, was concluded Friday with an all-day program at the church.

The morning session was led by Mrs. Roy Rogan and opened with the singing of the WMU hymn. Mrs. G. L. Brooks led the singing, and Mrs. Ernest Heck played accompaniment.

"Lord of All," was the theme of the morning meditation and Bible scriptures were quoted throughout the program by Mrs. Rogan.

Special prayer for office workers of the home mission board was offered by Mrs. R. C. Hatch and Mrs. Dick O'Brien gave an illustrated talk on "The Unfinished Task of Home Missions." "A Man Called God, or The Life of Horace Whitaker," was the theme of a talk by Mrs. Willard Hendricks, and Mrs. Marie Haynes gave a paper on "Pima Indians."

Prayer was offered by Mrs. J. L. Haynes and Mrs. G. L. Brooks offered prayer for leaders in Spanish mission work. As the concluding part of the morning program, Mrs. Marie Haynes gave "A Prayer For Our Country," by

George Washington.

Following a covered dish luncheon at noon, members of the WMS gathered in the church auditorium for a program directed by Mrs. M. E. Harlan. "Prince of Peace," was the keynote of discussions based on the scripture Isaiah 9:16 and Isaiah 54:4-5.

Prayer was given by Mrs. Dick O'Brien and Mrs. Milton Meyer read a prayer request from missionaries in the field.

"The Work of the Mexican Church," was discussed by Mrs. Marie Haynes, and responsive reading was conducted by Mrs. Harlan.

Offering for the Annie Armstrong fund was taken and following the singing of "Send the Light," the program closed with prayer by Mrs. O'Brien.

Those attending were Mrs. A. L. Hobbs, Mrs. G. L. Brooks, Mrs. J. L. Haynes, Mrs. E. B. Kimberlin, Mrs. Marie Haynes, Mrs. R. C. Hatch, Mrs. Dick O'Brien, Mrs. Willard Hendricks, Mrs. R. V. Hart, Mrs. Milton Meyer, Mrs. Roy Rogan, Mrs. M. E. Harlan, Mrs. J. E. Wheelless and Mrs. Della K. Agnell.

## HCJC Publication To Sponsor Dance

Staff members of El Nido, Howard County Junior College, semi-monthly publication, will sponsor a barn dance, Friday night March 14, at the VFW hall. Hoyte Nix and his string band will provide music.

The hall will feature a western theme in decorations. Food and soft-drinks concessions will be operated.

Money netted from the dance is to be used in the school publication fund.

Tickets go on sale probably Monday at the high school, State Drug, and by staff members including Brookshire Nell Phillips, Beans Miller, Norma Jones, Evelyn Green, Leatrice Ross, Betty Ray Nall, Byron Jones.

A admission is 60c, stag or couple.

## Thursday Club Meets With Mrs. H. Garrett

Mrs. Horace Garrett was this week's hostess to the Thursday club which it met in her home for an afternoon of bridge.

Mrs. Wayne Prather won high score, Mrs. Vance Lebkowsky won second high and Mrs. Steve Baker binged.

Guests included Mrs. Bill French, Mrs. Ralph Wyatt and Mrs. Baker. Refreshments were served and others attending were Mrs. Wayne Prather, Mrs. R. E. McKinney, Mrs. R. W. Thompson, Mrs. Lebkowsky, Mrs. Frog Koger, Mrs. Mike Phelan, Mrs. James Edwards, Mrs. Matt Harrington, Mrs. Morris Patterson and the hostess.

## Mrs. J. Mason Re-Elected P-TA Council President

Mrs. Jimmy Mason was re-elected president of the Big Spring Parent-Teacher's council at an executive meeting held at the high school Thursday.

Other officers serving during the year will include Mrs. Boon Horne, vice president, Mrs. W. N. Norred, secretary and Mrs. Alvin Viererge, treasurer.

During the executive session Mrs. Mason was named delegate to the P-TA conference which will be held in Del Rio April 16-17, and Mrs. Horne was appointed alternate.

Approving the resolution of the Friends of the Howard County Library, plans were made to communicate with state lawmakers concerning the resolution.

Members representing the various P-TA units over town were urged to participate in the living memorial project by planting the chosen shrub at each school.

Health chairmen and presidents of the ward organizations conferred with Mrs. Louise Horton and Mrs. Stella Womack health nurses prior to the general session and

voted to hold the annual health roundup at each school the first two weeks in April.

Mrs. Mason presided over the meeting and the devotional was

Mrs. Mason

given by Mrs. W. N. Norred.

Those attending were Mrs. S. E. Womack, Mrs. Louise Horton, Mrs. Alvin Viererge, Mrs. Truett Thomas, Mrs. Jeff Jenkins, Mrs. H. W. Smith, Mrs. J. E. Brigham, Mrs. L. D. ### Small, Every-Day Articles Missed By Dee Carters While In Germany

"It's small every-day things like thread, buttons and waxed paper you miss most in Germany," says Mrs. Dee Carter, who this past week returned from Europe with her husband, Lt. Dee F. Carter, and two small sons, Dee Kent and Larry. The Carters arrived home Wednesday after spending six months in Nordenham, Germany, where Carter was stationed as procurement and contracting officer. Glad to be back in the land of neon signs, brightly lighted streets and plenty of modern

conveniences, Mrs. Carter believes the greatest inconvenience she experienced abroad was lack of electricity. Although her home was wired, electrical companies, operated with coal, were often forced to shut off power when supplies could not be obtained. "I hope I never see another candle," she laughs as she describes her experiences.

Living in a nice home with a housekeeper and a Dutch cook, the local resident was able to spend much of her time with her children and with the 20 other American women who lived in the same town.

Buying groceries at the commissary, Mrs. Carter was able to get almost any item including frozen foods, fresh meat and milk.

For the first several months the Big Springer felt like a "fish in a glass bowl" as she terms it, "for the Germans were very curious and stared at us everywhere we went."

The family returned to America on the US Army Transport Huddleston, docking in New York March 1. Lt. Carter, who served overseas 14 months, will receive his discharge at Fort Sam Houston around March 13.

### Marriage Announced

Mrs. L. E. Thomas

Announcement has been made of the marriage of Miss Josephine Anderson and Lester E. Thomas Feb. 10 in Colorado City.

The ceremony was read by the Rev. W. C. Bryant, pastor of the Oak Street Baptist church.

The bride wore a powder blue suit with brown accessories and a corsage of red rosebuds.

Mrs. Thomas, daughter of Mrs. W. G. Anderson, was graduated from the Big Spring high school in 1945.

The bridegroom is the son of Mr. and Mrs. R. O. Thomas of Wellington, and is a graduate of the 1942 class at the Quail high school. He attended Hardin Simmons university and served 18 months in the Pacific theatre of operations.

The couple took a short wedding trip and are now at home near Wellington where Thomas is engaged in farming.

### Letter To The Editor

### Urges Support For Community Theatre Program

Following is an open letter to the citizens of Big Spring:

Some months ago, a Big Spring Community Theatre was organized with the two-fold purpose of giving you, the people of Big Spring, an opportunity for entertainment and a chance to see the kind of entertainment that many people assume may only be had in our large cities; and, the opportunity for you, the citizenry, to work in this creative, expressive field, with and for your community. The group has met with the usual snags and pitfalls of organizing. A mere handful of local citizens have shown enough interest to put out the small effort required to attend the meetings... and if the attendance at The West Theatre's production of The Shining Hour is any indication of your interest in being entertained, then your Community Theatre will surely fail.

Approximately a year ago, Midland organized a Community Theatre has. People are interested in Midland. They are interested in growth... both commercial and cultural. Most of you will easily remember when Midland was a mere "wide spot in the road"; yet, today, Midland is a thriving West Texas city... it is small, but it IS a city. It is... because its citizens are growing. They want to give Midland every boost they possibly can... they want to draw more people into it... they want to make it a worthwhile place to live. When the Midland Community Theatre presents a play, people stand in the aisles; the house is full. Recently by reservation because they lack adequate room to take care of the crowds.

The average turn-out for a type of theatrical entertainment in Big Spring is pathetic. Seeing and feeling this lassitude and indifference is taking away much of the enthusiasm and energy that the charter members of the Community Theatre here brought into it. They want to give you the best entertainment possible; they want to give you an opportunity to express those latent artistic talents of yours, and they want to do both the way you want it! In selecting plays, the group does not consider what they want to produce. Their first consideration is: "What would YOU like to see?" Different from other organized little theatres, YOUR group makes no attempt to make a profit. When their first play is presented, your admission will be no more than a movie ticket. YOUR friends, YOUR neighbors... all trying to do something FOR you... asking only that you show a little bit of enthusiasm in helping them get started.

Show yourself to be a progressive, interested citizen by joining your Community Theatre. Perhaps there is no immediate need for you, but the group is interested in knowing which of you may be called upon to contribute time and talent when the occasion demands. And, when their first play is presented, be sure that YOU are there! The Big Spring Community Theatre is YOUR theatre. Give it your support!

### Mrs. Lemuel Nations Honored At Shower In Trantham Home

Mrs. Lemuel Nations was honored recently by Jane Morrow and Nell Thornton at a wedding shower in the R. A. Trantham home. Mrs. Nations was Mary Joyce Mims before her marriage Feb. 27.

Mrs. Nations received guests and wore a yellow street-length dress with a shoulder corsage of gardenias. Mrs. Clyde C. Nations was dressed in Navy blue and iris was arranged in her corsage.

The serving table was laid in hand-crocheted lace and fresh daisies were placed about entertaining rooms.

Jane Morrow, Nelle Thornton, and Jody Nations poured punch and Mrs. John Stanley registered guests in a blue satin bride's book.

Calling between the hours 2:30 to 4:30 p.m. were Mrs. Gordon Hickman, Mrs. Gladys Yakowez, Mrs. Claude Wright, Mrs. Austin Belle Wright, Melba Cross, of Stanton, Mrs. Darmon Webb, Mrs. Cliff Hendricks, Nell Thornton, Jane Morrow, Mrs. Clyde Nations, Jody Nations, Mrs. Clayton Harper, Mrs. Victor Wood, Mrs. R. A. Trantham.

### Newlyweds To Make Home In Seven Wells

COLORADO CITY, March 8.—Expected to return from their wedding trip this week-end are Mr. and Mrs. Charles Holman who will live in the Seven Wells community, Mitchell County. The bride is the former, Nell Ruth Pickens, daughter of Mr. and Mrs. J. M. Pickens, Colorado City, and the bridegroom is the son of Mr. and Mrs. T. J. Holman of Seven Wells.

The couple was married here in the First Christian church Sunday morning, March 2, at nine o'clock with Rev. Roden Pickens, uncle of the bride from Sparsburg, Texas, officiating for double ring vows. The church altar was marked with an arch of greenery tied with a white mullin bow and flanked with baskets of Easter lilies. Forming the background were floor sandelabra holding cathedral tapers.

Attendants were Marjorie Pickens, a sister of the bride, and Mr. Hill, bestman. The bride's attendant wore a suit of pink wool with a halo hat of black feathers, black accessories, and a shoulder bouquet of white carnations. The bride, who was given in marriage by her father, wore a suit of blue gabardine. The coat made with a rippled-peplum. Her hat was a halo model of white ostrich feathers. Her other accessories were brown. She carried a White Bible topped with yellow rosebuds. She is a 1943 graduate of high school here.

A veteran of the US Navy who saw duty in the Pacific area, Mr. Holman is also an ex-member of the '43 class and is engaged in farming.

## TRY THIS AMAZING HOME RECIPE TO TAKE OFF UGLY FAT

Right in Your Own Home, You Can Lose Pounds of Excess Weight Without Starvation Diet or Strenuous Exercise

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your drug-gist and ask for four ounces of liquid Barcetrane (formerly called Barcel Concentrate). Pour this into a pint bottle and add enough grape-fruit juice to fill the bottle. Then take two tablespoonsful twice a day. That's all there is to it. If the very first bottle doesn't show you the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloated disappears—how much better you feel. More alive, youthful appearing and active. Perhaps you are overweight due to over indulgence in food or the wrong kind of food. With the Barcetrane home recipe method, you do not have to starve yourself or go hungry. Just follow the simple instructions given on the label and you should get satisfactory results quickly. The very first pint you make up should show results. Why not slim down your figure without a lot of fuss and bother? Try the Barcetrane way. Wear your streamlined frocks and slacks gracefully. Remember, if the very first bottle of Barcetrane doesn't show you the sensible way to lose weight, your money will be re-fund-ed.

The regular meeting for Parent-Teacher Association will be next Tuesday afternoon March 11th in the high school gym.

### Mrs. Rube McNew Fetes Daughter On Birthday

Linda McNew observed her third birthday Thursday afternoon with a party in the McNew home. Mrs. Rube McNew was assisted in arrangements by Mrs. Lowell Knoop.

A St. Patrick's Day motif was followed, with green and white colors used in refreshments and table favors. Bouquets of mixed flowers were placed in vases about the room.

Cake and ice cream were served to Mrs. R. W. Halbrook and Carolyn, Mrs. Arthur Tamplin and Janie, Mrs. R. J. Kelly and Elton Kaye, Mrs. A. Aton and Sherry, Mrs. James Lammers and David, Mrs. Floyd Tatum and Carol Ann, Shirley Banks, Wynelle McPherson, Mrs. Hazel Buckner and Mrs. Ernest Banks.

Mr. and Mrs. George Pittman have returned from Rochester, Minn., where Pittman underwent major eye surgery.

### Expecting a Baby?

Mother's Friend massaging preparation helps bring ease and comfort to expectant mothers.

MOTHER'S FRIEND, an exquisitely prepared emulsion, is useful in all conditions where a bland, mild anodyne massage medium in skin lubrication is desired. One condition in which women for more than 70 years have used it is an application for massaging the body during pregnancy. It helps keep the skin soft and pliable... thus avoiding unnecessary discomfort due to dryness and tightness. It refreshes and tones the skin. An ideal massage application for the numb, tingling or burning sensations of the hands, fingers or burning muscles or cramp-like pains in the legs. Quickly absorbed. Delightful to use. Highly praised by users, many doctors and nurses. Millions of bottles sold. Just ask any druggist for Mother's Friend—the skin emollient and lubricant. Do try it.

### HD Council Names Three Delegates To Amarillo Meet

The Howard County Home Demonstration council named delegates to the district convention in April when members from each rural club met in the HD office Saturday.

Selected to represent the local council were Mrs. W. H. Ward, Mrs. Earl E. Matthis, Mrs. H. L. Tienerand. In other elections, Mrs. Allen Hull was made secretary, succeeding Mrs. Floyd Phillips who resigned.

Reports were heard from all club chairmen and Mrs. R. E. Martin was appointed to arrange for redecoration of the HD office. Mrs. Hershel Smith discussed duties of finance committees.

Announcement was made that a special showing of the cantata "Big Spring", based on Shine Phillips' humorous story, will be given for rural residents at the city auditorium, 10:45 a.m. March 28.

Present at the meeting were Mrs. J. M. Craig, Forsan; Mrs. Allen Hull, Mrs. Frank Wilson, Fairview; Mrs. W. S. Heckler, Mrs. R. E. Martin, Mrs. H. W. Musgrove, R-Bar; Mrs. Hershel Smith, Mrs. H. C. Matthis, Knott; Mrs. Shirley Fryer, Mrs. J. E. Brown, Hi-Way; Mrs. S. L. Lockhart, Mrs. Claude Seis, Lulu Coleman, Luther; Mrs. Lois Blissard, Lomax.

### Library Group Meets At YMCA Wednesday

A group meeting of The Friends of the Howard County Free Library has been listed for Wednesday, March 12, in the YMCA headquarters above Wacker's store. Members are to gather at 7:30 p.m. for an informal discussion led by J. B. Mull.

Phases of photography as a hobby and as a profession will be topics in the round-table discussion. Plans for other group meetings and book reviews will be considered.

The public is most cordially invited to attend.

### Plans Outlined For March 25 Luncheon

Further plans were outlined for a luncheon which will be held at the WOW hall March 25 when members of the GIA met Thursday in regular session.

Mrs. D. C. Fyle presided over the business session at which a table and supply committee were appointed. Mrs. S. M. Barbee, Mrs. P. P. Van Pelt and Mrs. F. K. Owens were named to plan for the luncheon table, and Mrs. C. L. Gill, Mrs. A. B. Wade and Mrs. Ned Boyle were appointed as the committee to purchase supplies for the chest.

Those attending were Mrs. Pyle, Mrs. Wade, Mrs. Barbee, Mrs. Owens, Mrs. Boyle and Mrs. Gill.

### Various Meetings Held In Observance Of Week

FORSAN, March 9. (Spl.)—In observing a Week of Prayer for Home Missions, the Baptist WMSM met Wednesday in the J. E. Thompson home, Thursday with Mrs. J. E. Chancellor, and Monday in the church.

Subject for Monday's meeting was "My Savior for All Men," with Mrs. O. D. Elliott in charge. Taking part on the program were Mrs. Grady Hale, Mrs. Jewell White, Mrs. Jim Calcote, Mrs. Jesse Overton, and Mrs. J. E. Chancellor.

Others present for the meetings included Mrs. Frank Tate, Mrs. Johnny Soules, Mrs. T. R. Camp, Mrs. Berl Clark, Mrs. R. L. Wash, Mrs. E. N. Baker, Mrs. Claud King, Mrs. E. C. McArthur.

### Frazier Students To Give Recital

Tuesday evening at 7:45 o'clock, grade-school age students of the Frazier Studio of Piano and Voice will be presented in a recital in the basement assembly room of the First Presbyterian church.

Friday evening Mrs. Nell Frazier will sponsor a program of piano and voice numbers from 18 high school students.

Children who will have part in Tuesday's recital are Joyce Edwards, David Ewing, Annabel Lane, Zeller Ann Likens, Glenna Coffey, Don Logan, Sandra Swartz, Beth McGinnis, Serann Crocker, Glen Rogers, Thelma Lou Tucker, Sylvia Brigham, Wanda Lou Petty, Susan Logan, Shirley Ann Wheat, Lou Ann Nall, Doris Ann McDonald, Kitty Roberts, Larry Evans, Patricia Lloyd, Margaret McDonald.

The public is urged to attend either or both of the recitals.

### Mrs. Meador Heads Lodge Activities

Mrs. J. P. Meador directed activities Friday when the Trainmen Ladies met at the WOW hall in semi-monthly session.

It was announced that members of the officers club will meet next Wednesday at 7 p. m. with Mrs. B. N. Ralph, who with her group, will be in charge of the next lodge meeting.

Ranch-style coffee was served with other refreshments, and those attending were Mrs. A. R. Voorhees, Mrs. J. C. Burnam, Mrs. H. E. Meador, Mrs. G. B. Pittman, Mrs. W. O. Wasson, Mrs. J. S. Tuckness, Mrs. J. T. Allen, Mrs. E. O. Hicks, Mrs. Albert Smith, Mrs. J. P. Meador, Mrs. M. C. Knowles, Mrs. C. A. Schull, Mrs. S. A. Wilson.

### Women To Hold Cottage Prayer Meeting Monday

The first in a series of cottage prayer meetings for women of the Wesley Methodist church will be held Monday at 9:30 a. m.

Group one, West Side, meets with Mrs. H. D. Drake; group two, Southeast, with Mrs. Sylvia Lovelace; group 3, with Mrs. N. L. Childress; group 4, in the home of shut-ins.

A fairly good attendance was reported for services at the Wesley Methodist church Friday night, the first night of a revival in progress there.

The sermon topic, conducted by Rev. W. L. Porterfield, was Sin and answered such questions as "Where Did Sin Originate?" "Why Would a Good God Permit Sin?" "What Is Sin and Its Final Consequences?"

This evening's service will feature a vocal solo by the Rev. Porterfield.

### Small Audience Sees Jaycee Play At Auditorium

Probably 50 persons, scattered about the auditorium's 1200 lower floor seats, saw "My Shining Hour", West Theater production under Junior Chamber of Commerce auspices Friday evening.

The three-act play was one of the most polished programs to be presented in Big Spring in many months. Scenery was elaborate and the actors definitely showed experience.

"My Shining Hour" was an adult story of conflicting loves, the first act opening in a New England farmhouse where Henry Lindon brings his beautiful English bride, Mariella Hanna, Henry's sister, resents Mariella's presence, but young Judy, her husband, David, and handsome brother, Mickey, become quite fond of the new member of the family.

Then Mariella, who never loved Henry, and David realize they love each other. Wise Judy, knowing that David married her only because they grew up together, did the thing which would leave her husband free to go away with the woman he loved. Judy's suicide, the reaction upon David, and Mariella's decision to persuade David they were meant for each other, made a powerful closing scene.

### Patti McDonald Named Favorite At Texas Tech

It has been learned here that Patti McDonald, student at Texas Tech, Lubbock, was chosen favorite of the freshman class in elections terminating in February.

Patti is the granddaughter of Mrs. W. F. Flowers. She graduated from Big Spring high school in 1945 and was employed at Cosden before enrolling in Tech this year. In high school Miss McDonald was a member of the Sub Deb club.

Miss McDonald was one of the freshman pledges presented by the La Phatarris sorority in a formal ceremony Feb. 14, at Tech.

She will be given a full-page picture in the favorite section of the Tech yearbook, La Ventura.

Mrs. John Crews of Fountain, Colo., is visiting with her daughter, Mrs. B. Martin.

### HD Club Holds Meeting In M. M. Fairchild Home

FORSAN, March 8. (Spl.) — Members of the Forsan Home Demonstration club met in an all-day session at the home of Mrs. M. M. Fairchild this past week.

Dress forms were completed for Mrs. R. E. Hughes and Mrs. H. L. Tienerand, and a covered dish luncheon was served at noon.

Mrs. Tienerand was elected as delegate to be voted on by the

**WHAT GIVES  
 'ROUND TOWN**

By Leatrice Ross

The next 30 days are booked with countless activities for students at the high school and at the college. With BSHS these events are largely annual undertakings; with HCJC they are now things which are hoped to make yearly appearances hereafter.

Though well over a month early this year, the BSHS Latin club's spring trip to Carlsbad Caverns has been listed for March 28. Some 64 students can become eligible for the outing of passing all subjects. The group has reservations at Lakeview courts on the Pecos where Latin clubbers always stay.

Those who went last year will be interested to learn that Charles Pendergrass, the driver who became so popular with the students, will also be along this year. Two buses will be conscripted for the trip, which began with one small cattle truck nearly a decade ago.

Annual high school junior-senior banquet and prom has been announced for April 15, Settles hotel. Probing failed to reveal any plans for the program, but the school principal says the theme is an unique one. The high school students are soon to select a girl from their midst to represent them at the Yucca Gloriosa festival in Sweetwater, April 21, in the Mustang Bowl. The BSHS queen and such attendants as she may select will participate in the event with delegates from most surrounding towns.

At college, plans are afoot to institute a week-long celebration, precedent in most colleges. Probably the seven-day period of merriment will be patterned after TCU's Ranch Week, but with added ideas, of course. In later years it will be combined with "homecoming" week. The college Spanish club hope that their costume dance and Mexican dinner April 14 will become an annual affair.

Hoyle Nix, spot name in string music, and his musicians are playing for the HCJC Press club barn dance Friday, 8 p.m. in the VFW hall. Posters featuring the popular figure, "two-gun Gonzales", have been tacked up at the college. State drug and high school. Tickets are on sale at those places. There is rumor of a spring formal early in April at the JayCee.

Pvt. Ikey Davidson, stationed on Guam, is expected home about April 14. Helon Blount, Texas U, is home for the weekend. Harold, Glenn, and Chubby Jones left in the mid-week for the Fort Worth Fat Stock exposition. Picture of the week: A large photo of Cannon-towel bedraped girls including Rozalind Beale, Ellen McLaughlin, Clarice Petty, Dot Purser, Nancy Hooper, Tommie Kinman. Rozalind's idea at her slumber party some week past.

New couples seen lately: Ann Smith, Dewey Stevenson, Joyce Beene, Jimmy Talbot, Mary Louise Davis, Wesley Deats, Beverly Stulting, Kenny Thompson, Betty Stutville, Ladd Smith, Joyce Howard, Lex James, Jane Rice, Donald Webb, Doris Blalack, Darrell Webb, Mary Alice Dorsey, Tommie Tomlinson, Leitha Halcombe, Harry Middleton.

Harry Echols is handling his own 15-minute radio program over KBST, Friday evenings at 7:15. He is giving a quarter-hour of piano melodies of his own selection. Gerald Anderson gave a review of "Green Pastures" at HCJC last weekend. Floyd and Betty Kinman Dixon are here for a stay before going to Corpus Christi where Floyd is based with the navy.

The snow Thursday and Friday was reminiscent to college students of their prolonged Christmas vacation. After being instructed so thoroughly by the faculty White Fathers that they would get only a week off, the snow cluttered the passage to the field and they got two weeks off. They keep hoping for a similar occurrence. Bobbie June Bobb, Jimmy Peden, Tommie Tomlinson, Mary Ann Goodson were constructing a snow man Friday for benefit of James Cass and his camera.

Mary Louise Davis and Billie Younger have been making the civic club luncheons this week in an endeavor to sell tickets to the Texas Tech band concert here Thursday evening. Sixty of the 100 members of the Tech band could qualify as professional musicians.

 Bride Of E. H. Tartt**

COLORADO CITY, March 8. — In a ceremony at the home of her parents in Colorado City, Marilyn Ruth Erwin became the bride of E. Howard Tartt Sunday morning, March 2, at 8:30. Mrs. Tartt is the daughter of Mr. and Mrs. Albert Erwin. The bridegroom's parents are Mr. and Mrs. G. B. Tartt, ranchers of Lorraine. Rev. Jim H. Sharp read the single ring vows as the couple stood before an altar improvised of an arch decorated with plumes and candytuft and a screen of white iris and gladioli. White wedding tapers burned in floor candelabra at each side and at the center of the altar.

The bride wore a blue dressmaker suit and carried a white Bible topped with gardenias. Her "something old" was an antique diamond brooch belonging to her paternal grandmother, Mrs. J. C. Erwin.

She was attended by Mrs. Bill Erwin who wore a dress of powder blue wool with black accessories. B. W. Tartt, brother of the bridegroom, was best man. Wedding music was played by Mrs. James Payne.

- ✓ STOMACH GAS
- ✓ SOUR FOOD TASTE
- ✓ ACID INDIGESTION

Do you feel bloated and miserable after every meal, taste sour, bitter food? If so, here is how you may get blessed relief from this nervous distress.

Everytime food enters the stomach a vital gastric juice must flow normally to break-up certain food particles; else the food may ferment. Sour food, acid indigestion and gas frequently cause a morbid, touchy, fretful, peevish, nervous condition, loss of appetite, underweight, restless sleep, weakness.

To get real relief you must increase the flow of this vital gastric juice. Medical authorities, in independent laboratory tests on human stomachs, have by positive proof shown that SSS Tonic is amazingly effective in increasing this flow when it is too little or scanty due to a non-organic stomach disturbance. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps build-up non-organic, weak, watery blood in nutritional anemia—so with a good flow of this gastric digestive juice, plus rich red-blood you should eat better, sleep better, feel better, work better, play better.

Avoid punishing yourself with overdoses of soda and other alkalis as you so dearly need is SSS Tonic to help you digest food for body strength and repair. Don't wait! **A Capella Choir To Appear Here Thursday Night**

On its first tour of West Texas, the Sam Houston State a capella choir of Huntsville, will present a program of sacred and secular music here Thursday evening at 8 o'clock at the First Baptist church.

Composed of 47 voices and under the direction of Euell Porter, the choral organization sings from memory and without accompaniment numbers ranging from the earliest worshipful music of Palestine to the modern lyrics of Jerome Kern.

Lauded as one of the finest collegiate choral groups in the state, the choir has made several church and school appearances in South and Central Texas earlier in the year and recently sang for the State school administrator's conference in Austin.

The current West Texas tour will terminate March 14 and will be highlighted by a visit to Carlsbad Caverns.

Four student soloists are featured with the choir and the entire ensemble makes its appearance in a close phalanx formation. Singers wear wine colored cossack-style robes, covered with white satin vestments for women members.

# Maugham's Story, 'The Razor's Edge' At Ritz Four Days

Nominated for one of the Academy Award productions of the year, and an impressive production that has gained wide renown is "The Razor's Edge," which the Ritz theatre is booking for a four-day run beginning today.

The picture is adapted from the popular fiction piece of Somerset Maugham, and has in its cast such stars as Tyrone Power, Gene Tierney, John Payne, Anne Baxter, Clifton Webb and Herbert Marshall.

The story is filled with complex motives and action, and pits the lure of Miss Tierney's lithe beauty against the romanticism of Tyrone Power. The production itself goes in for splendor to match its sex-and-society motif. The story bears the Maugham impress, following closely his delineation of characters and his development of human motivations.

If the plot could be packed into a paragraph it might be said that the story, laid in the boom-and-bust period after the first world war, gets going in Chicago with the love between the heiress beauty and the hero, just returned from

combat and most consciously owing his life to a pal who died to save him in battle. That hero, played by Mr. Power, is torn between his love with its call of life-and-business-as-usual and the questionings of his own inner self. One almost said "soul" but that word never comes into the telling. He must first make peace with himself and orient himself with destiny, about which he has many questionings.

The heroine, played so cannily by Miss Tierney, is impatient and full of love wiles, but she marries another, while the hero goes away in quest of internal peace. The settings run from Chicago's Gold Coast country clubs to Paris, lots of Paris high and low, the Riviera, and in time to the mountains of India and high altitude philosophy.

When it is all over the heroine becomes in psychological effect a murderer and the hero continues in search of his soul and peace. Perhaps the plot arrives at no conclusion, but the audience will know that it has been on an exciting ride, and no disappointment at the end.

The production has a certain period quality, and yet a decided sort of timeliness. Maybe that can be credited to Darryl Zanuck's special sort of sense of contemporary interest. His hero is a young man in search of soul. It is presented at a time when the whole world is, too.

**IN MAUGHAM ROMANCE**—Tyrone Power, returning in a major movie role after his military duty, is co-starred with beautiful Gene Tierney in the impressive "The Razor's Edge," an intense melodrama taken from Somerset Maugham's popular piece of fiction. John Payne, Anne Baxter and Clifton Webb also have major roles. The Ritz has scheduled the picture for four days, Sunday through Wednesday.

**TOUGH GAL**—Desperadoes are led by a woman, in the Technicolor western melodrama, "Renegades," which is the Lyric theatre's feature for today and Monday. Willard Parker, Evelyn Keyes and Larry Parks are featured in this story, a dramatic version of the adventures of the Dembrow gang.

**ROMANCE WITH MUSIC**—Walter Pidgeon and Ilona Massey are two of the featured players in a gaily delightful musical production, "Holiday In Mexico," which is at the State theatre today and Monday. The film introduces Jane Powell, a young singing sensation, whose musical efforts are matched by piano playing by Iturbi. The picture is in Technicolor.

# New Singing Star Is Introduced In 'Holiday In Mexico'

A new singing sensation, whose voice and youthful personality are reminiscent of the younger Deanna Durbin, takes the laurels in "Holiday In Mexico," a musical comedy which is at the State theatre today and Monday.

She is Jane Powell, who is given opportunity to demonstrate her sparkling talents in popular and classical numbers. For further musical treats, "Holiday In Mexico" also offers Jose Iturbi in a prominent role that gives him opportunity for several scintillating piano selections.

The ever popular Walter Pidgeon is featured in the cast, along with Ilona Massey. "Holiday In Mexico" is done in Technicolor and

presents a story dealing with the international set, so that its scenes and settings reach a state of opulence.

Pidgeon appears as the US ambassador to Mexico, a widower who recalls fondly his earlier-day romance with an Austrian beauty. When the beauty (Miss Massey) shows up in Mexico City, one can expect developments to gain pace. The shining Miss Powell appears as Pidgeon's talented teen-age daughter, a young lady who handles major international problems as personally as she does her girlhood love affairs. The whole picture is pitched on a light, entertaining plane.

## Lyric Western Tells Story Of Dembrow Clan

Hollywood's large-scale, top-budget Western spectacles have always scored sensationally at the box office, particularly when the stories were the stirring sagas of the West's most notorious outlaws, histories of men like the James brothers or the Daltons. Now, comes a new Western in the same tradition to the Lyric theatre today and Monday, Columbia Pictures' "Renegades." Filmed in Technicolor, "Renegades" tells the story of the infamous Dembrow clan, and of the red-haired beauty who rode with the gang, to sweep across the West, scourging it with terror.

In addition to using Technicolor in the film, the studio has assembled a large cast, featuring such stars as Evelyn Keyes, Willard Parker, Larry Parks and Edgar Buchanan.

Playing a frontier damsel who gives up her chance at a life of security to marry the youngest of the outlaw Dembrow boys, Evelyn reportedly has the type of role that will add many new fans to her already imposing following.

Willard Parker represents the security that Evelyn could have married in the film, and it would appear that this handsome giant, in the role of a crusading young doctor, will play havoc with feminine blood pressure everywhere. The other male lead is handled by Larry Parks, last seen with Paul Muni in "Counter-Attack."

## Fredric March And Wife Appear In Radio Comedy

Fredric March and Florence Eldridge, who is Mrs. March, will play the roles of husband and wife when The Theatre Guild on the Air presents S. N. Behrman's romantic comedy, "No Time for Comedy," over KBST tonight at 9.

March will play Gaylord Easterbrook, a witty playwright who gets a sudden urge to write a serious play depicting one of the world's problems, instead of the facile, superficial type of humorous drama which has established his fortune

and reputation. His wife who always has starred in his plays, suspects correctly that it is more than social consciousness that has caused the change and learns that the playwright has fallen in love with another woman.

The playwright's wife, meanwhile, is being wooed by a banker, but before any divorces take place the writer, inspired by his wife, decides to make a play of their own dilemma, a situation suited admirably to his customary style. The ending is the only part that puzzles them and that is provided by a sudden hilarious move on the part of the other woman.

**"THE SECOND MILE"**  
A boy living in a country ruled by a conqueror wins against an oppressor by adopting a show of humility instead of force in "The Second Mile," the drama to be heard during the KBST broadcast of The Greatest Story Ever Told today at 5:30 p. m.

An ancient Roman law which stated that any soldier of Rome could force a citizen of a conquered land to carry his shield for him a distance of one mile, but no more, forms the plot of Sunday's drama. In a swiftly told tale, the young man achieves justice for himself and his mother by avoiding an attack against the soldier and, instead, offering more than is demanded of him.
