## Week Of Much Rain

It would be difficult to report a full week of rainfall from all over the county, but it has proven to be a week of abundant precipitation, with some ranchers reporting an aggregate total of 6 to 8 inches. Late Sunday this writer saw lakes of water just west of the cotton gin, and for 8 miles farther west water was standing in cultivated furrows.

### The Beginning

It started early Tuesday morning, April 30. A heavy rain early that morning left an estimated 1 1/2 inches.

Late that evening after the Walter Cronkite newscast at 5:30, it started to sprinkle and then from 6:00 to 9:00 p.m. it poured down. By midnight it had added another three full inches to the 1 1/2 received before.

By Wednesday, Thursday and Friday all of this area was in a weather alert. Not too much hit Eldorado, but Big Lake, Ozona and Sonora received heavy hail and rain and it extended as far east as Kerrville.

### Another Friday

On Friday afternoon cars were parked all over Main Street. The skies were overcast with heavy clouds. Directly there were heavy sprinkles which quickly developed in heavy downpours. Shoppers were seen scurrying to their cars and hurrying home to close windows. The rest of the day was clear.

Again we have no precipitation figures for that particular day.

Now comes Saturday—election day. It was clear and a good day to come out to vote, and local election figures were reported by 10:00 p.m.

Here is the rest of that night:

### 11:30 Saturday

A hard rain was falling and small hail was mixed with it and was making a big racket on my tin roof.

Ten minutes later it was raining HARD. 11:45 p.m., Now it is HAIL! 12:00 midnight, I open the back door and turn on the outside light. My back lawn is covered with hail. It is white all over and still raining and hailing.

What started out as election day left me at midnight worrying about my peach trees.

Result: It wasn't so bad after all. The hail stones were only bean-size hail and I discovered the next day the trees still have a big crop of thumb-size green peaches coming along.

### Heavier Hail

In the north part of the county, some residents reported the hail much more severe with damage to gardens and trees.

## New Daughter For Travis Williamses

A daughter, Gherda Ann, was born at 6:12 p.m. May 2nd in the local Medical Center to Mr. and Mrs. Travis Williams. He is local West Texas Utilities manager.

The new baby's grandparents are Mr. and Mrs. Coney Walker of Iowa Park and Mrs. Coy Williams of Eden.

Great-grandparents are Mrs. John Williams of Comanche and Mrs. R. A. Smith of Ranger.

### TO CONDUCT SERVICE

The Church of Christ on Mertzon highway will have charge of the services this Sunday afternoon at the local Nursing Home.

## MOTORCYCLE CLUB BEING PROPOSED

Friday evening at 7:00, there will be an organizational meeting for youngsters into a cycle club. All youngsters who own and operate motor scooters are urged to attend. Floyd West will be in charge of the meeting. Use of the track at the Riding

### Post Script

Here is a special word for our college student subscribers who purchased the 9-month subscriptions to The Success last fall: Your subscription by mail expires with this issue. This is because college terms terminate during the next several days and newspapers, being Second Class Mail, will not be forwarded to your new address.

You are invited to come by our shop and pick up copies of the remaining issues for May which will include the Graduation issues. Or you may send another family member by to do so.

Cathy's the popular gift shop on the Sonora highway, is completing a year as Maytag appliance dealer for Eldorado. On page 5 Mrs. Cathy Niblett has an ad for Mother's Day which comes up Sunday.

### Graduation Issues Coming Up

The coming two issues of The Eldorado Success—for May 16th and 23rd—will be our annual salute to the grads of Eldorado High. For some years, we have put out these special issues honoring the Seniors and as usual we plan to publish photos and write-ups of all graduating Seniors and other news pertaining to them.

Our public-spirited local merchants will carry special advertising to greet the class members and wish them well at this significant time of life.

We have done some of the work on these issues and we hope that they will be kept and treasured by the class members and their friends in the years to come.

Commencement exercises will be held in the school auditorium the night of Friday, May 24th.

Mrs. Elhora Love's flower shop is located near the local hospital. She has a nice selection of gift items for Mother's Day. Her ad is on page 3.

David Meador of C. C. Lease Co. has donated 10 trees for planting around the school athletic track. These trees are now being planted with the Co-Op crew digging the holes.

After many weeks of hustle on the part of candidates, the First Democratic Primary has come and gone. Now, coming up June 1st is the Second or Run-Off Primary to settle those races in which no candidate received a majority last Saturday.

On the local level, Precinct 2 voters will go to the polls to vote in the Commissioner race, in which L. E. McCalla and Jim Holley will be candidates.

Schleicher county voters will join the others from the 32-county 21st Congressional District in choosing between Bob Krueger and Nelson Wolff for new Democratic nominee.

The voter turnout on both the local and higher levels Saturday was rather light, and promises to be even more so on June 1st for the Run-Off.

We expect to print and deliver the Second Democratic Primary ballots soon, and then absentee voting can be held the latter part of this month of May.

By the 1st of June, school will be out and some people will be away on summer vacations. So make your plans accordingly and vote absentee if you will be away at that time.

Some of the elementary school end-of-school picnics were being held early this week, at the County Park and the Court House and other places.

The Petticoat Preakness relays for the elementary girls were set for Tuesday afternoon at the local athletic field.

### IN RACE FOR CONGRESS POST

## Wolff & Krueger Win Run-Off Primary Places

Nelson Wolff of San Antonio and Bob Krueger of New Braunfels emerged tops in the 21st District Congress race Saturday as the First Democratic Primary was held, and they will be on the ballot of the Second Democratic Primary set for June 1st, three weeks from Saturday.

### But This County Went For John Poerner

JOHN POERNER

of Hondo carried Schleicher and a few other counties in the 21st District race for Congress in the First Democratic Primary. This county gave him 280 votes.

Other votes were cast as follows:  
Ainsworth .....28  
Krueger .....175  
Moore .....41  
Sullivan .....13  
Wolff .....213

### And Winner Will Meet Harlan In November

DOUG HARLAN

of San Antonio will be Republican nominee for 21st District Congressman in the General Election coming up in November. He emerged winner in the Republican Primary held Saturday.

Harlan will face the winner of the Wolff-Krueger run-off race.

### County Favors Horse Racing

Among other surprises in Saturday's primary was that in straw vote on pari-mutuel betting, Schleicher voters were in favor. The count here was 331 For and 306 Against.

A majority of Tom Green county voters voted against, and on the state level the referendum was narrowly defeated.

### Band To Six Flags

The Eldorado High School Band left Wednesday afternoon for Arlington and the Six Flags Concert Band Festival. The festival is invitational and restricted to bands earning a I in UIL contest last year. The contest is held in the Golden Palace Ballroom in the Inn of the Six Flags. The Eldorado band plays at 2:00 p.m. Thursday. During their stay they will be guests at Seven Seas and Six Flags Amusement Parks.

Judges for the contest are: Mr. Bowles, U. of Florida; Mr. Houseknecht, New York; and Mr. Kissinger, U. of Illinois.

The Eagle Band will stay at Quality Inn Cibola in Arlington and will return Saturday.

The Band Day events at Six Flags are set Friday from 2:00 to 11:00 p.m.

### Mrs. Garrett Dies

Mrs. Lillie Mae Garrett of Roosevelt died Monday at 5:00 p.m. in the local hospital at the age of 87. Graveside services were set for 10:00 a.m. Wednesday in Sonora cemetery under direction of Ratliff-Kerbow Funeral Home.

She was born Jan. 8, 1887 in Williamson county. She was married to Aldie Garrett Dec. 4, 1910 in San Angelo. They moved to Camp Allison in 1927.

Survivors include two sons, Lester Garrett of Roosevelt and Harold Garrett of Sonora; two sisters, Mrs. W. J. Warren and Mrs. Jim Benton, both of Roosevelt; three grandchildren and five great-grandchildren.

### Local Junior Student Receives Special Honor

Britt Bumgardner, 16-year-old son of Mr. and Mrs. J. C. Bumgardner of Menard Highway, and a Junior student at Eldorado High School, has received an invitation to participate in the Texas Tech University Honors Program.

"Your high academic performance indicates that you may choose to become one of these (Honors) students."

Britt's score of over 1200 on the Scholastic Aptitude Test (SAT) of the College Board Admissions Testing Program qualified him for this opportunity.

Honors students work with highly competent faculty and challenging subject matter in a variety of courses.

Britt must complete his Senior year of High School before he makes his choice of a university.

### LIONS MET WEDNESDAY

Boss Lion Pat Ragsdale presided at the regular Lions Club meeting held at noon Wednesday in the Memorial Building. The program was brought by Rex McFall.

### Commissioners Lose, But—

## County Judge Is Re-Elected

ROBERT L. McWHORTER

Now completing his initial four-year term in office, County Judge Robert L. McWhorter was re-elected to a new term in office as local voters went to the polls last Saturday for the First Democratic Primary. The two incumbent commissioners, Viola Henderson and Dee Love, lost to challengers.

McWhorter polled 470 votes, but his challenger, Johnny Griffin, took a respectable 306.

### Commissioner Races

The outcome of the Precinct 2 Commissioner Race will have to be settled in the run-off on June 1.

The incumbent, Mrs. Viola Henderson, is completing her initial four-year term, and took just 22 votes.

The top vote getters were former Commissioner L. E. (Gene) McCalla who received 87, and James R. Holley who got 81. They will be in the run-off on June 1st.

The fourth contender in the race, Walter L. Ford, received 28 votes.

In Precinct 4, incumbent Dee Love is also completing his initial four-year office term and he took 111 votes, while his challenger, David Meador, took a winning 149.

### Other Races

Schleicher voters went along with others in re-elect Dolph Briscoe governor, and Jim Nugent to the Legislature. Here were some of our vote tabulations:

For Governor—	
Alexander	15
Briscoe	649
Farenthold	83
Posey	14
For Comptroller—	
Bullock	472
Edburg	195
For Treasurer—	
James	444
Yarbrough	290
For Ag. Commissioner—	
Schroeder	177
White	527
For Railroad Commissioner—	
Kelly	281
Wallace	358

### News Of The Sick

Fern Parrent was in the Sonora hospital last week and this week for tests.

Mrs. Dan Griffin has been a patient in the local and San Angelo hospitals.

### POLITICAL ANNOUNCEMENTS

Candidates whose names appear below, announced subject to the Democratic Primary, June 1, 1974:

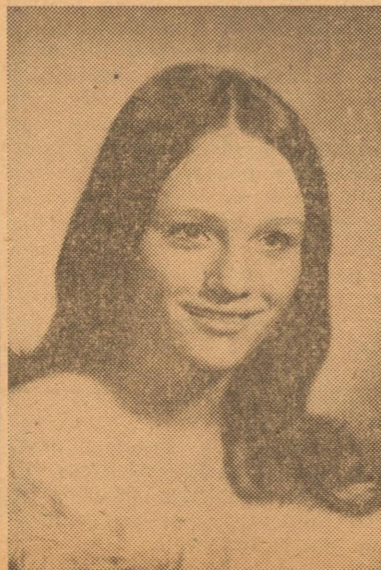

For Congress, 21st District:

NELSON WOLFF  
BOB KRUEGER

For Commissioner, Precinct 2:

JIM HOLLEY  
L. E. (Gene) McCALLA

### Cawley To Attend Science Symposium

James Cawley, a student at Eldorado high school, has been selected to attend the 14th Texas Nuclear Science Symposium for High Schools at the University of Texas at Austin June 3-6.

Mr. Timothy Terry, Science Teacher will accompany him to the symposium.

West Texas Utilities Company, a member of the Texas Atomic Energy Research Foundation which is joining with the university in putting on the symposium, will sponsor them.

Some 500 outstanding science students and their teachers from throughout the state are selected by their schools to attend the four day meeting. Scientists and engineers for industry and education will discuss nuclear physics, nuclear engineering and related topics.

Two afternoons will be spent touring the science laboratories at the university, including those where experiments sponsored by the Texas Atomic Energy Research Foundation are being carried on in thermonuclear (fusion) research.

Roff W. Hardy, president of West Texas Utilities Company, said that his firm is vitally interested in the foundation's nuclear fusion research program at the university as an important potential source of energy for electric power generation.

## Be Prepared For Mowing Days Ahead

PORT WASHINGTON, WIS.—Grass cutting time is closer than you think! Now is the time to insure that your mower will work well and will conserve fuel, according to Gerald Strenge, of the Simplicity Manufacturing Co., Inc., an affiliate of the Allis-Chalmers Corp. He writes the instruction manuals for equipment such as your mower.

He believes that everything starts with your attitude toward power mowers — tractor types, riding mowers, walk behind mowers. Specifically, don't neglect the operator's manual because no machine will operate effectively and efficiently without some effect by the operator. Go over the manual both at the end of the mowing season and the end of the storage season.

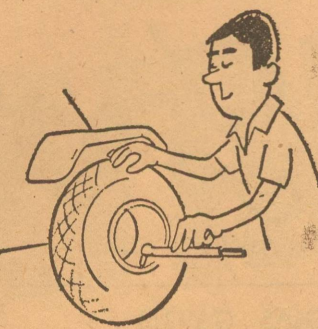

**Storage Creates Problems**  
"Things happen to power equipment as it sits all winter in sheds and garages. So, check all exposed areas for rust, and clean and paint these areas to

retard deep rust infestation. But covered areas also need cleaning; a good grade of grease solvent will do the job for the engine's exterior.

"As the manuals say: inspect steering controls and linkages for security. You'll appreciate the firm control offered by a firmly adjusted steering wheel. A loose wheel is a hazard to property, to the mower and to people," he explained. "Things do loosen up even as metal assumes new shapes or stresses with weather changes. In addition, operators sometimes adapt to loose steering, ignore it, and then store equipment without maintenance. Months later, loss of control comes as a surprise."

Tires are particularly susceptible to change during storage. Pneumatic tires must be refilled to the recommended pressures. Unequal tire pressure can cause uneven cutting height or slashes down to the roots. In addition, tires must be inspected for wear or damage, which are often ignored in the fall. Yet, tires can be damaged during storage by other objects falling against them, or cracks produced by months of resting in one position.

Replace worn or damaged tires. Grease the wheel bearings so that the equipment will move with uniform flexibility on startup. A wheel that binds can cause a machine to move in unexpected directions, causing loss of control.

#### Electrical Systems Need Particular Care

Even a little neglect can hamper the effectiveness of an electrical system, according to Strenge. He advises that, while preparing your equipment for use, you remove the spark plug (or plugs) and wipe it dry. Clean the plug's electrodes with emery cloth or a similar abrasive until all carbon is removed. Set the plug gap to the dimensions specified in the operator's manual. Blow all excess oil out of the spark plug hole by cranking the engine over rapidly.

If plug electrodes appear worn or if the plug itself is damaged, replace it with a new one. Be sure the new plug is gapped as specified in the operator's manual.

Igniting a spark plug requires that the proper ratio of fuel and air be present in the engine's combustion chamber. You'll get this ratio if you clean and oil the air cleaner, then drain all the old fuel from the fuel tank if you neglected to do so in the fall. Refill the tank with fresh "regular" gasoline that contains no oil. This gasoline purity is important because dirty gasoline clogs the carburetor and fuel lines, thus reducing operating efficiency. Finally, replace the fuel filter with a clean one. Such filters become dirty in the dusty atmosphere of lawn mowing and the last dirt of the season tends to cling tightly during the winter.

"Be sure the battery is clean, in fully charged condition, and connected properly and securely," Strenge said. "The specific gravity of a 12-volt wet charge battery should read on a hydrometer no less than 1.280 at 80 degrees Fahrenheit. The sealed, lead acid battery used to start walk-behind mowers requires no water or liquid electrolyte. Recharge this type of battery 48 hours after storage and for 24 hours once a month during the cutting season," he said.

Examine the condition of all electrical wiring. If it is broken,

en, worn, or frayed, replace it. Be sure that it is connected securely and to the proper location. See your operator's manual for wiring diagram. Much trouble with operation of machinery is electrical.

Strenge urges that you check on the condition of any belts used on your equipment. Belts must be flexible for safety and performance. Inflexibility is often the result of old age and will result in cracks or breaks in belt cords. Replace old belts immediately, he advises. If a belt is worn, also check for pulley misalignment and belt adjustment as instructed in the operator's manual. Also replace all worn belts. And here's something important: problems with belts and pulleys waste energy.

Next, check the mower blade for sharpness and balance. Small nicks that reduce cutting efficiency may be removed with a file. Blade balance may be checked by placing the center hole of the blade on a sharp object and observing any imbalance. Replace any blade that is damaged or that is not balanced.

Drain all old oil from the crankcase. Refill with clean, fresh oil as specified in the operator's manual. Dirty oil wears out engines alarmingly fast. Next, lubricate all points as specified in the operator's manual, using the lubricant specified.

Your equipment should now be ready for summer operation.

But there is one more word of advice from Simplicity: watch for changes in performance of your equipment. If you don't conduct preventive and needed maintenance, you'll set up serious drains on energy, as well as lose efficiency and create safety hazards.

Belt and pulley problems create friction, which uses up energy. Soft tires hold back the machine as it rolls. Loose steering consumes energy needed for work. Improper air blows fuel out the exhaust. Dirty oil creates engine friction and slows down engine action. Dirty plugs cause misfires.

### About Coupons For Use In Purchases

(by John L. Hill, Attorney General)

Austin, Tex.—Several cases involving the use of coupons or coupon books in promotional campaigns or to interest consumers in dealing with certain shops or businesses have recently come to the attention of attorneys in our Consumer Protection Division.

In one case, books of coupons good for a dinner in some of a city's "finest restaurants" were offered for sale. The coupons supposedly would allow one free meal with the purchase of another at regular price.

As some purchasers found out when they tried to use the coupons,

however, there were a number of strings attached to them. For one thing, no more than one coupon per group would be honored. Some consumers who had planned parties, intending to use their coupons in partial payment, found they had a much larger bill than anticipated.

Another case involved a sewing machine distributorship operating from within Texas but doing business in other states as well.

The company was sponsoring a simple puzzle contest in which virtually all entrants were notified that they had won second prize.

The "winners" received coupons resembling checks for \$200. These "checks" were so realistic that a Texas bank even cashed one. A letter accompanying the coupons stated that they could be applied to the purchase of various models of sewing machines costing be-

tween \$250 and \$300.

It turned out that the same machines were being sold for \$200 less by other dealers, so the winners' coupons were actually worthless. Consumers who had purchased sewing machines as a result of these sale tactics were taken in by a promotional "come on."

Under the Texas Deceptive Trade Practices-Consumer Protection Act such practices are prohibited.

Our Consumer Protection attorneys were able to get a permanent injunction against the company's further use of any contest or puzzle that makes prospective customers think they've won something of value when they haven't, against the use of coupons that make prospective customers think they have received legal tender or a negotiable document, and against several other practices.

Other states report that promoters are selling coupon books based on an appeal for charity.

These operators are offering consumers the chance to buy books of coupons that can be redeemed at local business establishments for merchandise that usually is worth much more.

Most of the solicitations, they tell us, are made by telephone. The caller gives the impression that part of the proceeds from sale of the books will go to a charity, although only a very small percentage of the money is ever received by any charitable organization.

Consumers should check with local businesses listed as participants in any such promotion to be sure that the terms of the offer are accurate. They should also check all coupon books for the name, address, and telephone number of the promoter of the offer.

If you're uncertain about a company, or if its sales tactics seem questionable, my assistants advise that you check with your local Better Business Bureau before doing business with them. If there are complaints on file with the BBB, you will be alerted to the fact that some persons have been displeased in their dealings with the company.

If you have a consumer problem, contact the Attorney General's Consumer Protection Division or your local district or county attorney for assistance.

CARBON PAPER at Success office.

## HONOR GRADS ANNOUNCED OF THE 1974 ELDORADO HIGH SCHOOL CLASS

MIKE FERGUSON  
Valedictorian

KATHY PAGE  
Salutatorian

The honor graduates of the 1974 Class of Eldorado High School are Michael D. Ferguson and Kathy A. Page.

Michael is the son of Mr. and Mrs. Marvin J. Ferguson of Eldorado. He will graduate with a four year average of 94.027 and will attend Texas A&M University this fall with a major in Physics.

Kathy is the daughter of Mr. and Mrs. Paul Page of Eldorado. She has a four year average of 91.951 and will attend Texas Tech this fall with a major in Elementary Education.

### Home Gardens Could Boost Texas Vegetables

College Station, Tex.—With the rebirth of home vegetable gardens, many folks will be giving their taste buds a real treat as they enjoy the fruits of their labors this season.

Furthermore, a vegetable specialist for the Texas Agricultural Extension Service believes that the increase in home gardening will be a boon to the fresh vegetable industry in Texas. He feels more consumers will be "turned on" by fresh produce after having experienced vegetable production themselves on a small scale.

"In recent years many consumers have gotten away from purchasing fresh produce and have gone more for canned, frozen and instant vegetables," points out Sam Cotner. "But the surge in home gardens should bring some turnaround in this trend."

Cotner believes that consumers now engaging in home vegetable production will have a much better appreciation for the vegetable industry. "They will realize that there are many problems associated with producing vegetables—the weather, insects and diseases—plus the costs and labor required and the high perishability of fresh vegetables."

According to the Texas A&M University System specialist, commercial vegetable production in Texas last year was valued at about \$200 million, third in the nation. And he feels that the current home gardening craze will increase consumer demand for more fresh vegetables after appetites have been whetted by those fresh vegetables produced in the back yard.

### Market Report

College Station, Tex.—Vegetable and poultry counters will offer "shopper savings" this week, one expert predicts.

Economical vegetables in good supply include cabbage, carrots, celery and new crop yellow onions. Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, the Texas A&M University System, reported.

Also, asparagus, radishes, green onions, lettuce, mustard, collard and turnip greens.

Turning to poultry counters, the specialist cited whole turkey, turkey parts and fryer chickens "among the most economical, high-quality protein foods available."

"Fresh fruit items in good supply at economical prices are apples, oranges, bananas and grapefruit. Raisin supplies are moderate, and dried prunes should be ample."

At pork counters, values include hams, picnics, Boston butt roasts, shoulder roasts and steaks, end-cut loin roasts and chops. "Beef cuts on special are the ones in less demand, because preparation time is a bit longer—chuck cuts, round steaks and stew meat."

Consumer Watchwords: A chuck cut in labeling language means the cut comes from the shoulder. Blade cuts from the shoulder blade area are slightly more tender than arm chuck cuts, which come from below the blade area nearer the front leg. Chuck cuts require moist heat cookery.

By Jerry Swift

#### Lawn Fertilizing Tips Aired

The "secret" formula for a healthy dark green lawn calls for plenty of good management, water and fertilizer. And, as far as fertilizer is concerned, nitrogen is the key to maintaining the green color.

A continuous supply of nitrogen must be available throughout the growing season. This requires top-dressing fertilizer in the early spring when the grass begins to grow and at six- to eight-week intervals during the growing season.

If fertilizer containing special "slow release" nitrogen materials is used, higher rates per application can be used to extend the interval between applications.

Each time you fertilize, apply enough material to supply 1½ to 2 pounds of actual nitrogen per 1000 square feet. Two pounds of nitrogen requires 15 pounds of 12-12-11, 10 pounds of ammonium sulfate or 6 pounds of ammonium nitrate. The amount of nitrogen needed depends on the composition of the fertilizer. The first number in the composition shown on the fertilizer bag is the per cent of nitrogen.

Use fertilizer containing phosphorus and potassium in the spring and fall. After several years of fertilization, these materials will generally build up so that only maintenance amounts will be needed annually.

Lack of nitrogen is the main cause of grass turning light green and yellow. Other causes are disease or insect damage, iron chlorosis or acidity. Iron chlorosis is common in St. Augustine grass growing in alkaline soils. On acid soils, it is advised to add limestone.

However, before materials such as limestone are applied, the agent suggests a soil test to determine the specific needs of the soil.

#### Powdery Mildew Is Common Plant Disease

Powdery mildew, a disease commonly found on grass, vegetables, ornamentals, shrubs and trees, has been especially prevalent on roses, crepe myrtles, petunias and zinnias this spring. The disease is also a serious problem on cucurbits in the home gardens.

Powdery mildew reduces yields and weakens plants by attacking buds, young leaves and growing tips.

On young leaves the disease first appears as slightly raised blister-like areas that soon become covered with a grayish-white powdery growth. As the young leaves expand, they become curled and distorted. On older leaves large white patches of the fungus appear and there is little distortion. Tiny, black fruiting bodies of the fungus are often embedded in the mildew patches, especially later in the season.

Sometimes plant buds are attacked and become covered with the white mildew before they open. Thus they either fail to open or open improperly.

Many times the infection spreads to mature flower parts, causing flower blight.

Unlike other fungus diseases, the powdery mildew organism can cause infection when very little moisture is present on the plant surface. The disease is most common when cool nights are followed by warm days, conditions that have been prevalent this season. The fungus overwinters on diseased plant material on the ground and also on young growing parts of

plants. Control of powdery mildew requires certain sanitation procedures as well as application of fungicides. Good air circulation among plants will reduce the possibility of the disease. So avoid overcrowding plants and planting in low damp areas.

Begin fungicide applications early in spring when the new growth develops or immediately after the first sign of powdery mildew. Fungicides can be applied during the flowering period to prevent blossom blight.

Suitable fungicides for ornamentals include Benlate, Karathane, sulfur and Acti-Dione. Benlate and Karathane can be used in the home garden. Use sulfur only at temperatures below 85 degrees as it will burn plants in high temperatures.

#### New Grain Market News Service

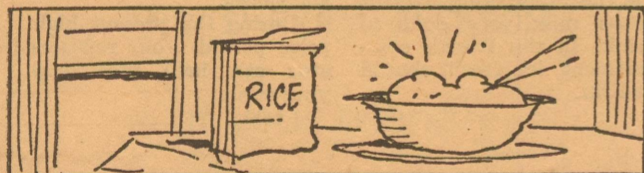

Grain producers throughout Texas now have up-to-date market news at their fingertips. By simply placing a long distance telephone call to any of four locations, they can obtain daily grain price information.

The statewide telephone recording system is being provided by the Texas Department of Agriculture and is directed to the four major grain producing areas of the state—the High Plains, Rolling

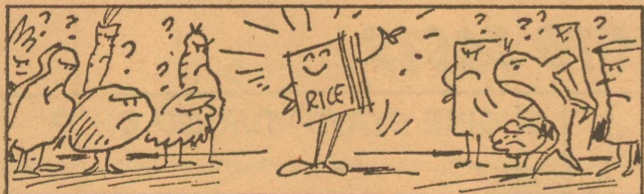

Plains, Central Texas and South Texas. Recorder locations and numbers are Amarillo (806) 352-7411; Lubbock (806) 763-3285; Vernon (806) 552-7541; and Corpus Christi (512) 884-0911.

Producers can call the location and number nearest their county for a three-minute recording which

will contain a brief summary of the market for that day, including prices being paid to the farmer, elevator selling prices and futures market prices. Additional items of interest such as crop production reports and the world agricultural situation will also be included as reports are received.

The Chinese so highly regard rice that its mention is part of the daily greeting. "How do you do?" they say. "Have you eaten your rice?"

In southern China, as in Burma and Siam, rice is the central food, and all else—soup, meat, fish, vegetables and condiments—are "garnish."

**In Those Days**  
Compiled From Success Files

**ONE YEAR AGO**  
May 10, 1973—After serving as Eagle coach for two years, Ronnie Stephens resigned to accept a position on the coaching staff of Sul Ross at Alpine.

Mrs. Lupe Robledo was named new Neighborhood Center director, succeeding Phil Olson.

An automobile accident claimed the life of Edgar Lee Craig, age 20.

**FIVE YEARS AGO**  
May 8, 1969—The State Track Meet was held in Austin and Wayne Doyle won 1st place in 100-yard dash and Paul Page took first place in 440 yard dash.

Funeral services were held here for Mrs. Edward E. (Eula) K. Newlin, who died at the age of 80.

Bessie Clements had open house at the newly re-opened Java Junction cafe here.

Kathy Robinson won the state plausie in Persuasive Speaking at the state meet in Austin.

H. H. (Pete) Whitley died at age 88 and was buried here.

Mr. J. H. Emmons, who observed his 100th birthday in January, was reported as a new resident in the Eldorado hospital.

The Queen's Contest and Program sponsored by the Lions Club was coming up. In charge of arrangements were L. D. Mund, Jack Bell and Doug Yates.

A photo by Richard Keel showed Eagle Bandmaster Wayne McDonald with the third Sweepstakes trophy won by the Eagle Band.

**12 YEARS AGO**  
May 10, 1962—The Eldorado Eagle mile relay team consisting of Jim Runge, Richard Self, Ray Lewis Ballew, and Lynn Meador won first in Class A schools in the state meet in Austin.

The Democratic Primary was held and John Connally and Don Yarborough emerged as contenders in the Governor's race.

Mrs. Bernice Sweatt received a 15-year service pin as an employee of the local ASCS office.

Cecil Ray Jeffrey and Beverly Ann Dockal were married.

Jack Montgomery and Douglas Jung were to manage the swimming pool during the coming summer season, and Jack Bell was to teach drivers education.

At Waco, Miss Sammie Mayo was elected to the Baylor Student Congress.

Ruth Ann Thigpen was honored on her 16th birthday.

Dr. and Mrs. E. L. Dyer left for Austin to attend the Texas State Medical Convention.

Miss Ruth Baker went to San Angelo to attend the 50th wedding anniversary of Mr. and Mrs. Wiley Ratliff, former residents of Eldorado and former Gulf distributor for Eldorado and Sonora.

The '62 Senior class were going on their trip to Bandera, San Antonio, and to Garner State Park.

**35 YEARS AGO**  
May 12, 1939—Dr. Wilson Elkins, president of San Angelo Junior College, was to be commencement speaker for the '39 graduating class of Eldorado High.

Rev. Marvin Williams was to give the sermon at Baccalaureate.

West Texas Chamber of Commerce convention was set May 15th in Abilene with Dr. Walter M. W. Splawn, chairman of the Interstate Commerce Commission, as main speaker.

H. T. Finley was chosen manager of the Lions Club softball team to succeed Jerry Pennington, who resigned.

Sheriff O. E. Conner reported that Ernest Harding, local carpenter, was injured when his car ran into a trailer and overturned on the Sonora highway.

After resigning his coaching job in the local schools, Weldon Bynum accepted a similar position at Three Rivers.

Ten saddles were stolen from the Rector Henderson ranch northwest of town. Law officers were investigating.

**Community Calendar**

May 9, Thursday. Merry Makers 42 Club meets with Mrs. Truett Stanford as hostess.

May 9, Thursday. Masonic Lodge.

May 10, Friday. Cycle Club organizational meeting, 7:00 p.m. at Memorial Building.

May 11, Saturday. Dance Recital 8:00 p.m., school auditorium.

May 13, Monday. OES meets.

May 14, Tuesday. The Annual Spring Party for the Senior Citizens, 2:00 p.m., Memorial Bldg.

May 15, Wednesday. Lions Club meets 12:03, Memorial Building.

May 23, Thursday. Social Security man at Court House, 9:30 to 11:30.

May 28, Tuesday. Woman's Club.

June 1, Saturday. Run-Off Democratic Primary.

June 1, Saturday. Hospital Auxiliary garage sale at Methodist educational building.

June 6, Thursday. Hospital Auxiliary meets.

**OUR SINCERE THANKS**  
and appreciation to Dr. Brame and the hospital staff and to our relatives and good friends for all the kind and thoughtful things they did for us during Ernest's two weeks' hospitalization.  
Frances and Ernest Nimitz \*

**THANK YOU**

Wed., May 8: Hamburgers, lettuce & tomatoes, pickles, french fries, carrot sticks, fruit cobbler.  
Thursday, May 9: Roast beef and gravy, creamed potatoes, green beans, mushroom sauce, lime congealed salad, orange-date cake.  
Friday, May 10: Fresh fish fillet, blackeyed peas, buttered rice, apple rings or peach halves, peanut butter cookies.  
Monday, May 13: Spaghetti and meatsauce, green beans, carrot & raisin & pineapple salad, canned fruit.  
Tuesday, May 14: Beef tacos, pinto beans, lettuce & tomatoes, banana pudding.  
Wed., May 15: Hamburgers, lettuce & tomatoes french fried potatoes, fresh fruit cup, cowboy cookies.  
Thursday, May 16: Fried chicken and gravy, creamed potatoes, congealed salad, creamed corn, cake.  
Friday, May 17: Sandwiches—tuna, pimento cheese, peanut butter; carrot sticks, English pea salad, rice krispie cookies.

**DUPLICATE BRIDGE**  
Winners last week:  
Margaret Frost and Pete Finley, 1st; Cheathams, 2nd; Melissa O'Harrow and Flora Hubble, 3rd.  
We will have a Tournament Thursday night, May 23rd at 7.30.

**GREAT SCOT!**  
By Jack House, The Director  
Teacher's Scotch Information Centre

**GETTING THE CLAN TOGETHER**  
If you want to gather your clan today, you phone around your friends. In the days of the real Scottish Clans, you sent out the Fiery Cross.  
That's to say, if you were Chief of the Clan, the Chief was the only man entitled to

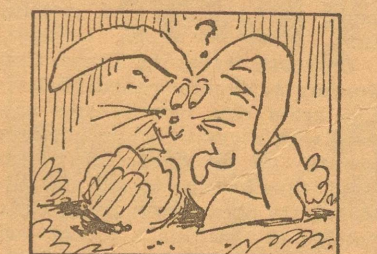

send the Fiery Cross out and, once he had decided, a relay of swift-footed messengers carried as many Fiery Crosses as were needed round the whole Clan territory.  
When a Clansman saw the Fiery Cross he was in honor bound to rally to his Chief, prepared for battle. The usual reason for sending it out was a pending battle between two Clans, though sometimes it was to repel Sassenachs (foreigners) who had invaded the Clan territory.

Pictures of the carrying of the Fiery Cross are very dramatic, and always show a wild-eyed, short-kilted Highlander bounding over the heather or down the mountainside with a flaming cross above his head.

But the Fiery Cross didn't blaze at all. Teacher's Scotch Information Centre can tell you that the Fiery Cross ceremony consisted of the Chief of the Clan taking a cross made of wood, searing the ends of it in a fire, and then dipping it into the blood of a goat which the Chief himself had killed.

So, by the time the fleet-footed clansmen had reached even the nearest Clan settlement, the Fiery Cross was no longer aflame.

But it lit a torch in the hearts of the Clansmen and they gathered their battle gear, said goodbye to their wives, and ran to the aid of the Chief.

Lettuce was once classified as a sterile plant and believed to be conducive to sterility in those who ate it. Oh those poor bunnies - nobody told them!

Ever wonder how many races a horse could win during one career? Kingston, one of the fleetest thoroughbreds ever to circle the oval, won the staggering total of 89 races in 138 starts!

**TO THE VOTERS OF PRECINCT NO. 4**

I would like to take this opportunity to thank each of you for your support and confidence in me to elect me as Commissioner of Precinct 4. Thank you for your vote.

—DAVID M. MEADOR

(Pol. Adv. Paid For By David Meador)

**KEEP INFLATION OUT IN THE COLD**

You can cold shoulder rising prices—with the help of your refrigerator. According to Whirlpool Corporation home economists, the value you get out of what you buy at the store depends on how you store what you buy.

If you're canny and careful, you can shop less and also save time and gas. You may make many meals in advance, which will enable you to cook more food in less time using less fuel. With a large enough refrigerator, you can take advantage of food bargains and buy in bulk. Leftovers can become use overs instead of throw-aways. Stored properly, they can be combined with a bit of something else to make a new dish.

All this depends on how much your refrigerator can take, and how well it keeps its cool. You'll know it's at its most efficient when the fresh food compartment keeps milk very cold to drink. In the freezer compartment, ice cream should be firm.

It helps if you keep the contents organized enough so everyone knows what's where. This saves rummaging around with the door open and keeps food from getting lost and forgotten.

Refrigerate food as soon as possible, and keep it covered or it may dry out. (An uncovered dessert can become a taste desert.)

It's also a good idea to wash fresh fruits and vegetables before they're stored. They need high humidity to stay fresh, and the washing adds the necessary moisture, which is then sealed in with plastic wrap or a sealed crisper.

A good refrigerator will not only extend storage life of foods that need to be kept cold, but also a lot of other items that usually sit on your cabinet shelves. It's a hot idea to chill some products such as coffee, jams, ketchup, relishes, nuts, and spices.

During the present high price period, your refrigerator can help you keep your cool.

**AUTO FACTS**

**ENGINE STAYS "TURNED ON"?**

A TINY CARBON DEPOSIT... PERHAPS NO BIGGER THAN A SHARPENED PENCIL'S POINT... CAN CAUSE YOUR CAR'S ENGINE TO TURN OVER FITFULLY AFTER YOU TURN OFF THE KEY. THIS STARTLING CONDITION IS KNOWN AS "DIESELING."

IT'S MOST LIKELY TO TAKE PLACE WHEN A CAR IS USED PRIMARILY IN SHORT, LOW-SPEED RUNS WITH MUCH STOP-AND-GO.

A TRAINED, EXPERT MECHANIC CAN OFTEN HEAD OFF THE "DIESELING" PROBLEM BY MAKING SURE YOUR CAR'S IDLE SPEED CONTROL AND IDLE MIXTURE CONTROL ARE SET TO FACTORY-RECOMMENDED SPECIFICATIONS. COMPLETE, PERIODIC TUNE-UPS ARE ALSO RECOMMENDED.

## FRIENDS . . .

I want to express my deep appreciation to the people of Schleicher County and the entire 21st District for their strong support in Saturday's Congressional election.

It was a victory for independent citizens. The majority overwhelmingly rejected a candidate who had been hand picked by a small group of political leaders in San Antonio. The run-off will offer a choice between that candidate and me.

I am the only conservative candidate in the run-off and the candidate who is as interested in representing small towns and the rural areas as in representing the cities. I hope I can count on your support. When elected you can count on my support for many years to come. Thanks again.

## BOB KRUEGER

and express my thanks to the voters of Schleicher County for this renewed vote of confidence. As in the past I will work conscientiously during the coming four years as your County Judge.

—Robert L. McWhorter

(Pol. Adv. Paid For By Robt. L. McWhorter)

EAGLETTE TRACK MEET participants shown above are Irene Garcia, 880; Teresa Scott, 440; Carolyn Page, 440 & 880; Wally Joiner, 440 & 880, and Kathy Page, 440 & 880. —Success Staff Photo

### Local Girls Place Third In Regional

The Eldorado track girls outran all Class A competition in the regional meet and still ended up third behind top Class AA schools—Robinson (Waco) and Midway (Waco). There were 63 schools represented in the regional meet held in Brownwood. Most of the class A schools were eliminated from the state meet by the class AA schools since both were placed in the same division this year.

Kathy Jones of Baird, an 880 run girl from Bangs named Weeks, and the two relays from Eldorado are going to state from this region.

### Eaglettes Win Two Relays At Bluebonnet Belle Events Last Week

The Eldorado girls' 440 yard relay unit found alternate Irene Garcia running in Carolyn Page's place in the finals because of hip problems. The relay made up of Teresa Scott, Irene Garcia, Wally Joiner, and Kathy Page won the event in a time of 50.5.

The 880 yard relay was also won by the Eldorado girls in a record setting time of 1:44.2. This is 1.3 seconds away from the national record set by Comanche in 1972. The 880 yard relay team has Wally Joiner, Carolyn Page, Irene Garcia, and Kathy Page carrying the baton.

Hopefully wins in these two relays sets the stage for duplicate performances at state this week end.

### Miss Nixon Engaged To Charles Thyne

LESLIE NIXON

Mr. and Mrs. Lester Nixon of Eldorado are happy to announce the engagement of their daughter Leslie to Charles Thyne, the son of the late Mr. and Mrs. Durlin Thyne of Marinette, Wisconsin.

Leslie attended Lubbock Christian College until December, 1973. She is currently working in Lubbock.

Chuck received a Bachelor of Arts Degree from Marquette University in Milwaukee in 1966. He is now enrolled in Sunset School of Preaching in Lubbock.

The couple plan to have a home wedding in Eldorado on August 10th.

LA PETITE SCHOOL OF DANCE presents "When You're Young at Heart."

Von Escue will be presenting her third annual dance recital at 8:00 p.m. on Saturday, May 11, in the High School Auditorium. The theme this year is "When You're Young at Heart" and will consist of 29 numbers, including tap, jazz, toe, and acrobatics. Von's school has members ranging in age from 4 to 14 years of age.

There is no admission charge and the public is invited to attend.

### 4-H Meets Recently

The Junior and Senior 4-H'ers met: The District Camp is May 29, 30 and 31. The County Camp is May 31 and June 1 and 2. There were 6 adult leaders and 28 members present. —Rep.

### Eaglettes Qualify Two Relays To State Meet

The Eldorado Eaglettes qualified both their 440 yard relay and 880 yard relay to the girls' state track meet to be held in Memorial Stadium on Saturday, May 11. The field events will begin that morning at 9:00 a.m. Running events will begin at 2:00 p.m. with the 440 yard relay.

The 440 yard relay finished second behind Eastland, a class AA school. The winning time was 50.4 with the Eldorado team consisting of Teresa Scott, Carolyn Page, Wally Joiner, and Kathy Page running second with a time of 50.5. At the state meet most of the qualifying times will range from 50.3 to 51.0.

The 880 relay unit of Wally Joiner, Carolyn Page, Irene Garcia, and Kathy Page remained undefeated in this race. They ran a blistering 1:45.7 in the wind to qualify for the finals. Their winning time for the final race was, however, a 1:47.1 which leads the qualifying times in the state meet. Not only is the state title within reach for the 880 relay girls, but the national record of 1:42.9 set by Comanche in 1972 presents an obtainable goal.

With a win in both relays, the Eaglettes could duplicate their 1973 performance and be the 1974 State Champions.

Gas Company, Eldorado District Office,  
Address 19 miles Northwest of Eldorado,  
Texas.

"AN EQUAL OPPORTUNITY EMPLOY-  
ER"  
MALE|FEMALE

**3rd Folklife Festival  
Set For September  
In San Antonio**

Texas' biggest block party, the  
third annual Texas Folklife Festi-  
val will be held September 12-15,  
on grounds of Institute of Texan  
Cultures in San Antonio.

The fun-filled celebration, which  
draws participants from 126 Texas  
towns, is the original State Folk-  
life Festival and features the tradi-  
tional foods, music, dances, games,  
contests, arts and crafts of all the  
many kinds of Texans. All 26  
major ethnic groups are expected  
to participate in the four-day party,  
the state's largest ethnic re-  
union.

According to the Institute's ex-  
ecutive director R. Henderson Shuff-  
ler, they have been encouraged by  
people from all over the state to  
repeat the event despite hurricane  
damage that resulted in a \$27,000  
loss to the festival in 1973.

Two days of inclement weather  
last year did not stop the 4,000  
participants and the Saturday-  
Sunday attendance totaled more  
than 60,000 people.

O. T. Baker, Institute exhibits  
manager, will again be manager of  
the award-winning fete.

According to Baker, his chief  
goals for the 1974 festival are to  
maintain an atmosphere of family  
fun at reasonable prices, and to  
encourage greater visitor partici-  
pation.

"The Festival is the most effec-  
tive means we have found for tell-  
ing the story of Texans and creat-  
ing good will between the various  
ethnic groups of our population.  
Now that many other states are  
promising to copy it in their bicen-  
tennial programs we must continue  
to lead the way," remarked Baker.

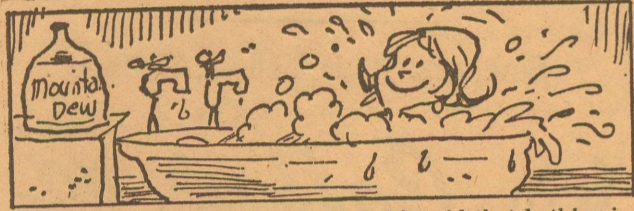

Organized and operated by the  
Institute, the Texas Folklife Festi-  
val is underwritten by private  
Texas foundations. Services and  
goods are contributed by San An-  
tonio individuals, firms, city agen-  
cies plus area festivals and civic  
organizations across the state.

The Institute was honored in  
1973 by several groups including a  
state-wide award from the Texas  
Tourist Development Agency "for  
creation of the Texas Folklife Festi-  
val as one of the state's major  
new tourist attractions."

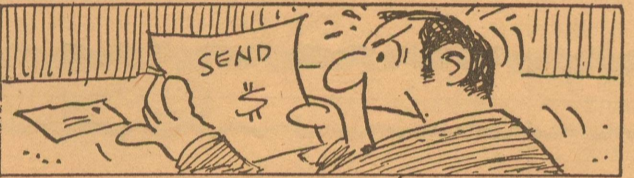

The Sherwood Barker family of  
Killeen visited here recently with  
relatives.

**SCHLEICHER COUNTY RAINFALL RECORDS SINCE 1936**

In Devon and Cornwall, England, it's said that bathing in  
the dew from the lilacs on May Day will make a person  
beautiful all year long!

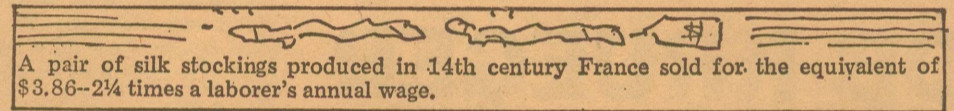

If your right hand itches, according to folklore, you will  
receive money in it; if the left itches, a letter, probably  
asking you to send money!

In Japan, next to the emperor, rice is the most sacred of all  
things on earth.

To cure a man of drunkenness, some Europeans recommended skinning a live eel and  
dipping the skin in his drink. That should sober anyone up fast!

A pair of silk stockings produced in 14th century France sold for the equivalent of  
\$3.86--2 1/4 times a laborer's annual wage.

—SINCE 1901

**May 18-19 Stagecoach Days, Marshall.** Commemorates Marshall's continuing role as a transportation center, from stagecoach to Amtrak. Stagecoach rides, historic tour, crafts fair, and boat rides on Caddo Lake. For information write: Chamber of Commerce, Box 520, Marshall, Tex. 75670.

**May 18-19 Magnolia Homes Tour, Columbus.** A full weekend of happenings includes the homes tour, sizeable antique show, buggy and surrey rides, homemade ice cream, arts & crafts show on the square and a plentiful supply of food. For information write: Homes Tour, Box 817, Columbus, Tex. 78934.

**May 24-27 Texas State Arts & Crafts Fair, Kerrville.** Artists and craftsmen from across the state will show and sell their wares and demonstrate their skills at this state-sponsored event. Pioneer crafts such as blacksmithing, soap making, corn grinding, sheep shearing, and wool spinning will be shown along with stage entertainment and, on Sunday, an old fiddlers contest. A variety of food will be served. Admission: adults \$1, children 50¢. For information write: Fair, Box 12008, Austin, Tex. 78711.

**May 24-26 International Armadillo Confab and Exposition, Victoria.** Three days of offbeat events such as the Great American Yell-Off Contest, Miss Vacant Lot of America Contest, armadillo races and beer can smashing. For more information write: Chamber of Commerce, Box 2465, Victoria, Tex. 77901.

**May 31 The 43rd annual Old Fiddlers' Contest, Athens.** For more information write: Chamber of Commerce, Box 608, Athens, Tex. 75751.

The following events, selected by the Texas Tourist Development Agency, are but a few of the many excellent recreational opportunities offered by communities across the state. A more complete listing of Texas events may be obtained free of charge by writing TTDA, Box 12008, Austin 78711.

**May 3-5 The 27th annual Pilgrimage, Jefferson.** This historic little riverport city has 48 buildings marked with state historical medallions. During the Pilgrimage tours are conducted and there are performances of the Diamond Bessie murder trial. For information write: Excelsior House, 420 Walnut, Jefferson, Tex. 75657.

**May 4-5 Polka Festival, Ennis.** A Saturday morning parade kicks off this swinging event which involves the town's four dance halls and over a dozen polka bands. With one ticket dancers can move from one hall to the other to enjoy the music and merriment. For information write: Polka Festival, 609 East Waco St., Ennis, Tex. 75119.

**May 11-12 & 18-19 Sailboat races, Canyon Lake.** For information write: Lake Canyon Yacht Club, Star Rt. 2, Box 179C, New Braunfels, Tex. 78130.

**May 18-19 Scottish Clan Highland Games, McLennan Community College, Waco.** Bagpipe music, Scottish songs, dances and athletic contests. For information write: Director of Public Information, McLennan Community College, 1400 College Drive, Waco, Tex. 76708.

Hugh Montgomery, Pastor  
Service each 2nd Sunday at 10:30 a.m. and 2:00 p.m. Also on Saturday evening before at 7:00 p.m. Congregational Singing.

**Does GOD see the gap?**

Whenever you hear about a generation gap, you can be sure you're getting a human, biased point of view. Each generation is sure!

Yet there is a divine view. It concentrates on the oneness of all generations . . . on all the blessings and opportunities that God continues to bestow. "His truth endureth to all generations," said the Psalmist.

When Great-Grandma holds little Linda in her arms next Sunday, She'll be thinking gratefully of all the gifts they have in common—from the Lord. And she'll be praying that Linda will be brought up to cherish those gifts.

The generation gap—like all differences—disappears when human intelligence grasps God's point of view.

Sunday Acts 4:8-12 • Monday John 10:1-10 • Tuesday Psalms 100:1-5 • Wednesday John 10:11-18 • Thursday Revelation 7:9-17 • Friday 1 Peter 2:4-9 • Saturday John 14:1-12
