Austin, Tex.—The Legislature is racing toward its closing date with most of its major assignments unfinished but with reasonable hopes of finishing many of them.

School finance debate began this week in the House, while the Senate Education Committee wrestled with its version of how to help equalize educational opportunity.

When all is said and done, a bill in the \$600 million range seems likely to emerge, with school teachers assured of a starting pay of \$7,600 to \$8,000 a year.

The Senate has passed a bill to establish a three-member statewide utilities regulatory commission, and the action this week switches to the House where a rival measure is pending.

Conference committees will get the job of working out differences between the two houses over both school finance and utilities regulation. Final agreement on a utilities bill is a reasonable expectation.

Two-year budgets have now been drawn by both the Senate Finance and House Appropriations Committees. Both are expected to leave close to \$600 million in unobligated revenues—most of which will go into schools.

Some expect Comptroller Bob Bullock to revise his income forecasts to show \$677 million in unspent revenues over and above the budget.

## Redistricting Approved

A prolonged fight over single-member House of Representatives districts has been settled in the House—but with minority groups still unhappy.

The House agreed on an omnibus redistricting measure for Travis, Jefferson, McLennan, Lubbock, Nueces, El Paso, Galveston and Hidalgo counties. Senate approval is still required.

Jefferson, Tarrant and Nueces county spokesmen threatened a challenge in federal court.

## Loans Expanded

Qualified veterans can now borrow up to \$15,000 to purchase a minimum of 10 acres of land under the State Veterans Land Program.

A new law raised the limit from \$10,000. The down payment is 5% on the maximum loan, with a 40 year payback period at 5½% interest.

## Short Snorts . . .

Both houses of the legislature have now passed a bill to limit smoking in public places. It returns to the Senate for consideration of House amendments.

The Senate voted to increase unemployment compensation from \$63 to \$70 a week maximum.

The Governor launched a new program to create 4,000 new jobs during the next 12 months.

Twelve health service areas have been delineated for Texas to continue eligibility for federal health program aid.

A bill to require that insurance policies be written in understandable language has passed the Senate.

Comptroller Bob Bullock's agents seized enough liquor and assets from three San Antonio liquor stores to cover \$300,000 in delinquent taxes.

## Jr. High District Band Has Contests At Brady

The Jr. High All-District Band was held at Brady High School Saturday. Sammye Jay, Lorie Powell, and Jolynn Jay were selected as All-District.

Try-outs were held during the morning and the band rehearsed in the afternoon giving a concert that night.

Harris Brinson of ASU was the clinician and Wayne McDonald was chairman of the District Meet.

### We Extend Greetings To The Grads

Once again The Success crew are pleased to join our public-spirited local merchants in saluting the graduating class of 1975 of Eldorado High School.

This week and next we are carrying the photos and write-ups of the class members. The grads not pictured this week will be in the issue for next week.

We hope the grads and their parents and friends enjoy these special papers, for you are the ones for whom we have put forth special effort in recent weeks. We hope all of you keep these issues to refer to in the future; you can re-read them and recall memories, and also know what was going on here newswise when you graduated.

It's not news to most people that high-level political races have become the prerogative of the well-to-do and wealthy because of the tremendous costs involved in putting over a successful campaign. But the following paragraph which ran in a recent issue of The Texas Observer underscores the matter even more:

"Ah, we're Number One again. We've topped first place on the list of heavy-spending candidates for the U. S. House of Representatives. Our newly-elected Congressman Bob Krueger of New Braunfels outspent positively everybody else running for the House last year, weighing in at \$311,953. Krueger's Republican opponent Doug Harlan spent \$164,675 and ran him a pretty close race. Texas had three other congressmen in the top 25: James Collins of Dallas spent \$192,058 and came in 12th; Jake Pickle of Austin spent \$180,234 and came in 18th; while Alan Steelman of Dallas spent \$168,457 and finished 22nd."

So Krueger's campaign cost nearly \$312,000 for a job that has a base salary of \$42,500. At last report his Friends of Bob Krueger central committee headquartered in his home town of New Braunfels were at work on a debt of about \$200,000.

Krueger is settling into routine of representing the far-flung 21st District which stretches from San Antonio to Fort Stockton.

It was in November of 1973 that long-time incumbent O. C. Fisher announced that he would not seek re-election in 1974, thus making the first "open" race in a generation. Fisher has now retired to his ranch near Junction amid his memorabilia of office, and an addition is being built onto the Junction public library to house some of them.

Bob Krueger emerged victorious in last year's elections, and while he is working on his campaign debt in a systematic way, we're sure that some of the losers are having to do the same thing.

Mrs. Ronnie Mittel called our attention to an Art Exhibition and Art Auction presented by San Angelo Civic Theater at the Officers Club at Goodfellow base. It will be held on Sunday, May 18th, with preview at 6:00 o'clock and auction at 7:00. Wine and hors d'oeuvres will be served at the preview.

The Western Company put on a Shrimp Boil and Open House for invited guests at their new plant south of Eldorado on Wednesday night of this week. Calling time was 5:00 to 8:00 p.m., and a large group of men were shown through the new facilities.

## Two Wildcats Set

Schleicher county drew locations for two wildcats to be drilled by Wheelock Oil Co. of Corsicana.

The No. 1 James L. Powell, a 5,000-foot wildcat, is eight miles south of Eldorado, three miles south of the W.J.B. (Canyon gas) field and a west offset to a 3,490-foot failure.

Location is 660 feet from the north and 1,980 feet from the east lines of 28-A-HE&WT.

The No. 1 McIntosh Trust, a 6,800-foot wildcat, is 10 miles southeast of Eldorado and five miles southeast of the W.J.B. (Canyon gas) field.

Location is 660 feet from the north and east lines of 26-9-TW&NG.

The Stage Band under direction of Wayne McDonald presented a musical program at this week's meeting of the Lions Club.

## BLOOD DONORS SOUGHT FOR VICTIM OF CAR WRECK SATURDAY NIGHT

Mrs. LaNell Weinkauff, 32, was in the intensive care section of Shannon hospital this week following her involvement in a one-car accident that occurred about five miles north of Eldorado sometime early Sunday morning. She received extensive internal injuries and community residents are being asked to furnish donations of blood. This appeal is similar to the one last fall for the Pete Whittens.

The accident occurred as the Weinkauffs were returning to Eldorado from San Angelo. Their '67 Volkswagen went out of control and left the highway embankment. It was considered a total loss. It was not until nearly daylight that David managed to crawl from the vehicle and back to the highway to flag down a passing motorist. The couple were brought in to the local Medical Center by ambulance, and she was transferred to Shannon in San Angelo. By late Sunday, Mrs. Weinkauff had been given eight units of blood.

Less seriously injured, David Weinkauff remained in the local hospital through the early part of this week.

Persons who wish to give blood may go by Blood Services of San Angelo office which is located half a block east of Shannon hospital on East Harris, Monday thru Thursday from 9:00 a.m. to 7:00 p.m., and until 4:00 p.m. Fridays. A healthy adult donor may give a pint of blood as often as every eight weeks.

## New Library Books

The Summer Reading Club will begin their reading June 16 and continue through 15th of August; the reading logs are used by the participating children to record the books they read. Each child is required to read 12 books on their grade level and this entitles them to a certificate from the Texas State Library. The certificates which are signed by Director-Librarian of the Texas State Library Dr. Dorman Winfrey, also includes signature of the librarian of the participating library.

The theme for the 1975 Texas Summer Reading Club is "Cross Country With a Hero." and will revolve around folk heroes from across the country.

New adult books—  
An Autobiography, by Liberatec; The Massacre at Fall Creek, by West; Widow, by Caine; 1975 Britannica Book of the Year by Daume; The Reagan Country Story, by Reagan Co. Historical Survey Committee; Drug Store Days, by Armour; The Millionaire's Daughter, by Eden; Shardik, by Adams; The Great Hunger, by Smith; The Negro Cowboys, by Dunham; The Buffalo Hunters, by Sandoz; A Glimpse of Paradise, by Hale; Forsaking All Others, by Loring; The Day the Cowboy Quit, by Kelton; Spindrift, by Whitney; Home to the Valley, by Hale.

Junior Books—  
The Sand Bird, by Baker; All of A Sudden, by Coatsworth; Year Walk, by Clark; Black Gold, by Henry; Rooftop Wizard, by Emmett; Stormy Misty's Foe, by Henry; Little Rascal, by North.

Little People's Books—  
Wacky Wednesday, by LeSug; Frog and Toad Together, by Lobel; The Whole Book, by Newell; You're the Scardy-Cat, by Mayer; Clabber Biscuits, by Chelturn; The Red Horse and the Blue Bird, by Robinson; Wonderful Story Book, by Brown; Christopher For President, by Addie; Animal Manners, by Hazen.

Please, don't forget the Reading Program. Will see you at the Library. —Gladys Gunn, Librarian.

## MISS KIRKMAN ENGAGED TO MIKE OLSON

Mr. and Mrs. Jay U. Kirkman of Amarillo announce the engagement of their daughter, Carla, to Michael A. Olson, son of Mr. and Mrs. Philip A. Olson of Eldorado. The wedding will take place at the First Baptist Church in Amarillo on June 28, 1975.

Mr. and Mrs. E. K. (Ernie) Bauer of Niagara Falls, New York, will arrive in Eldorado this evening (Thursday) for a visit with the Frank Bradleys, Mrs. F. M. Bradley, the R. L. Ballews and many other friends. The Bauers and their children lived in Eldorado for several years more than 15 years ago. He operated a jewelry store here.

## Four From Here In State Literary Meet

Four Eldorado High School students participated in competition at the University Interscholastic League State Literary Meet in Austin recently. This is the highest honor that a Texas high school literary student can obtain.

Jill Edmiston won third in Prose Reading at the contest. She placed first in preliminary competition with the reading of Dorothy Parker's "The Waltz," qualifying for the finals where she took one of the top three honors.

Jim Bob Byrd tied in Number Sense for the third place award. He then lost the tie breaker to a senior. Byrd, a sophomore, was the only non-senior to place in the event.

The debate team of Dan McWhorter and Gina Forlano reached the quarter finals in Debate before being eliminated by Alto High School. Each received a superior speaker rating in the first round of competition. This was the first year that boys' and girls' speech contests were combined, and the number of students participating at the State Meet was tripled.

The students competing in Austin were coached by Ken Thomas, Bill Salisbury, and Kathy Hillman.

## Girl Of The Year

Dorothy Dacy has been named girl of the year for Xi Xi Chi chapter of Beta Sigma Phi sorority during the group's Founder's Day celebration held April 29. Named co-pledges of the year were Barbara Jackson and Stephanie Eichenberg.

New officers were also installed. They include Linda Engle, president; Nelva June Martin, vice president; Mrs. Eichenberg, corresponding secretary; Nell Edmiston, recording secretary; Mrs. Jackson, treasurer; extension officer, Becky Isenberg, and sunshine girl, Peggy Williams.

Becky Isenberg was mistress of ceremonies during the celebration. Mrs. Martin listed the group's activities during the year, and Dorothy Dacy read the president's message.

Five of the members were presented in the exemplar degree ritual April 28. They were Flora Hubble, Mrs. Dacy, Betty Hanusch, and Dorothy Clark. Susan Stark was guest speaker.

Hostesses for the last meeting were Tootie Dunham and Dorothy Clark. Hostesses for Founders Day were Jan Hearn, Mrs. Martin, Rose Berry, Mrs. Jackson and Maggie Davis.

## Twirlers Selected

Twirlers for the Eagle Band were selected last week. They are: Terrie Garlitz, Cindy Jackson, Elizabeth Niblett, and Janette Hanusch. Drum Major for 1975-76 is Carolyn Bland.

## Riding Club To Meet

J. R. Sparks of the Riding Club announced that a special meeting will be held May 15th (tonight) at the club house starting at 8:30.

## Eaglettes Are State Runner-Up

The Eldorado girls track team finished the track year by scoring 48 points and being state runner-up behind Pflugerville. The Eaglettes still had a chance at the state title when the last event of the day came up—the mile relay. In this event the mile relay team needed to place third or higher to outscore Paducah in the meet, and they also needed to place two places ahead of Pflugerville to outscore them. The first part came true as the girls finished the race in a new school record time of 4:01.7 which meant that they beat Paducah's point total. However, at the same time it was Pflugerville that won the mile relay and the state meet. Even though the girls came in second their time was good enough to break the conference A record set in 1972 by Gruver at 4:02.2.

Terrie Garlitz started the point gathering for the Eaglettes when she placed fourth in the shot put with a toss of 35' 10". This was her best throw of the year.

The 440 yard relay ran their best time of the year in an effort that finished third. Teresa Scott, Carolyn Page, Wally Joiner, and Irene Garcia ran in that order in a time of 49.5. The fastest an Eldorado team has ever run was a 49.3 in the state meet in 1974.

The 880 yard relay team ran the identical time that they turned in in the state meet last year. However, this year it was only fast enough for second place as Paducah won the event. Running the relay in 1:44.5 were Teresa Scott, Carolyn Page, Irene Garcia, and Wally Joiner.

In looking back over the state meet results for the last four years, the Eaglettes have performed very well. The 440 yard relay team has made it to the state meet three times. In those three attempts in the state meet, they have managed to finish first one time, second one time, and third one time. The 880 yard relay teams have also traveled to Memorial stadium for the last three years. They finished first one time in 1974 to remain undefeated for the year and finished second in both 1973 and 1975. The mile relay unit has also been to the state meet three times. In 1972 the relay team placed third, in 1973 the girls won the relay in Austin to remain undefeated for that year, and finally in 1975 the foursome ran the best time an Eldorado mile relay has ever run to place second. It appeared before the race that Sabinal was going to be the toughest team to beat. The Eldorado girls, however, were able to beat Sabinal. The relay members were Carolyn Page, Charlene Warnock, Irene Garcia, and Wally Joiner. Wally Joiner ran the anchor leg in about 58.0 seconds which is the fastest that 440 yards has ever been run by an Eldorado girl.

Following are the school records set by Eldorado girls through the years:

Eaglette Track Records	
440 Yard Relay.	Teresa Scott, Carolyn Page, Wally Joiner, Kathy Page, 49.3, 1974.
440 Yard Dash.	Lisa McAngus, 62.5, 1968.

## Schleicher County Gets Good Rains

Starting with four dry months, Schleicher county finally had generous rains last week that measured as high as 3 inches at Northern Natural gas plant in Reynolds and more than 2 inches in Eldorado.

Crops which were planted recently were already coming up and the rains were jubilantly welcomed by farmers and stockmen.

San Angelo was for a time in a severe weather alert and got a downpour totaling four inches during the week end, and closed some roads for a while in low lying areas.

Some rural telephones were out Monday and those who could be reached reported as follows:

## Nursing Home Notes

We had a busy week in the Nursing Home. Some of us really enjoyed going to the Senior Citizen party last week. We would like to say thank you to the Home Demonstration Club for all their work. Bingo Winners this week were Mrs. Elva Daniels with 3 games, and with one game were Mrs. Liza McCalla, Gertrude Nixon, Carrie Blakeway, Maggie Sluder, Flossie Crawford, and Hattie Blaklock.

Mr. and Mrs. Wm. Sauer of Van Horn came to visit her father, Fred Gunstead. Flossie Crawford enjoyed a visit from two of her daughters, Mr. and Mrs. R. B. McNeil from Odessa and Maxine Stephens from San Angelo. Mr. and Mrs. Gerald B. Hartgraves and Vanet from El Paso visited Mrs. Hartgraves. Sal Marion was visited by her two daughters, Mrs. Gugga Thorp from Sonora and Mrs. Lunetta Morgan from Del Rio. Mrs. Gauna's daughter Mrs. Louis Aguilar from Acuna Mexico visited her this week end. Mr. and Mrs. Lee Crump visited Mrs. Hixie Potter. Mr. Ernest Nimitz enjoyed a visit from Dr. R. E. Glass of San Angelo. Mrs. Charles Jackson from Big Lake was here to see Mrs. Georgia Springstun. Sal Marion also enjoyed a visit with Mrs. Louise Duncan from Sonora. Mr. and Mrs. Howard Striegler enjoyed visiting with Hixie Potter. Mrs. Parker enjoyed visiting with her daughter Irene Mills from Big Lake. Jane Browning and family visited with her mother Mrs. Waxie Mund.

Mrs. Casbeer went out to dinner at her son's home. Mrs. Della Mercer went out on pass with her grandson Earl Dean Clark.

We can only appreciate the miracle of a sunrise if we have waited in darkness.

Mrs. Williams Named Homemaker of the Year

At the County Commissioners Appreciation Dinner held the night of May 5th in the Memorial Building, Mrs. Geneva Wade gave the Homemaker of the Year award to Mrs. Gertrude Williams. The citation statement was as follows:

Reynolds Home Demonstration Club would like to introduce Mrs. Gertrude Williams. Mrs. Williams is a widow. She has been a widow less than one year.

She lives alone and runs the Country Store in the Reynolds community. She raises a big garden, from which she freezes and cans a lot for her own use. She sells what she doesn't use to her neighbors and customers, and gives a lot away.

Mrs. Williams taught school in Concho county and Menard county. She believes in a good education. Mrs. Williams has five children. All five have degrees from college. Two girls are teachers, one is a registered nurse, one girl is a registered lab technician and is married to Bob Reynolds. They live close to Mrs. Williams.

Her son works for an oil company. A lot of time he is sent overseas to other countries.

Mrs. Williams worked hard to send her children to school.

Mrs. Williams works in church. She is a member of the Church of Christ, and is a very devoted member. She tries to attend church

every Sunday she can. Mrs. Williams works in every drive she can. She devotes money and time to Cancer Crusade, Crippled Children, Heart Fund, and Diabetes.

She has furnished material, made pajamas for McKnight Hospital, makes candies for Boys Ranch, she saves coupons out of the paper and magazines for orphans home, and when anyone is sick sends cards, flowers, and food. Mrs. Williams sends boxes of food to people that are in need of help.

She has been in Home Demonstration work for years. She held all offices.

When we didn't have an H. D. agent, Mrs. Williams was secretary and treasurer. She never gave up hope that our county judge and commissioners would hire another agent. She didn't want an agent for herself. She wanted an agent for the young people of the county.

Mrs. Williams is an excellent cook, dress maker, and she knits, crochets, make pillows and quilts and purses, and finds time for club work.

Mrs. Wade, concluded:

"Our club has been a little draggy since most of us housewives have had to help with the farm too tired to hostess a club so too tired to hostess a club so Mrs. Williams invited us to meet at the Country Store every third Tuesday. We accepted her invitation. Mrs. Nancy Lester meets with us. Thanks to all committees."

BANKING IS EVERYBODY'S BUSINESS

New IRA Account-Your Own Pension Plan

By Willis W. Alexander Executive Vice President American Bankers Association

Some other important facts about IRAs:

• Marriage partners may each set up an IRA account if eligible. The total of their contributions would be deductible if filing a joint return for income tax purposes.

• You must begin to withdraw your IRA funds at age 70 and a half, and may not withdraw them before age 59 and a half, unless you are disabled or wish to place the funds intact into a different form of investment instrument.

• Not only is the full amount of your contribution tax deductible, the interest it will earn in your savings account or certificate of deposit is also. And, you don't have to itemize your deductions to claim it.

The American Bankers Association, incidentally, has recommended to financial institutions' regulators that a new type of deposit account be established specifically for IRA accounts. The new account would be entitled to the highest permissible rate of interest for time deposits and would be excluded from existing withdrawal penalties attached to time deposits, since the Act establishes early withdrawal penalties of its own.

In the meantime, for maximum interest earnings, consider putting your retirement funds into a certificate of deposit, and do not remove them until the certificate reaches maturity.

### Baptists To Observe Pentecost Sunday

This coming Sunday, during the morning worship service and following it, the congregation of the First Baptist Church will be celebrating Pentecost with a dinner on the grounds honoring all new members received into the congregation by baptism or letter of statement since last May 1. Since that date 69 new members have been received into the congregation and 29 of these were by baptism. Following the meal there will be an old fashioned gospel singing with various groups singing their favorite songs. The theme will be "and the Lord added to the church" as recorded in Acts 2:32 in the New Testament record of the first Christian celebration of Pentecost.

In conjunction with the special celebration, a high attendance goal of 200 has been set for Sunday School.

The occasion will also be the

church's formal welcome to Stacy Houser, our Summer Youth Director, who will move onto the field this Friday.

### May Garden Check List

1. House plants will benefit from repotting. If you want more size on the plants try moving to a shady patio or under a large tree where they can be protected from the wind. Guard against burning the foliage—do not move from indoors directly into full sun.

2. Check for the presence of chinch bugs in St. Augustine lawns. By the time the damage is clearly visible you have waited too long to effectively control them. Granular applications of Diazinon, Aspon, or Trithion are recommended for control. Essential that the application be followed with a thorough watering or the material will not be effective.

3. Vegetable and flower beds should have a light application of fertilizer each month for steady growth and production.

4. Early spring annuals such as pansies and calendulas will soon lose their effectiveness due to summer heat. Clean out the beds and replace with one of the following. For sunny areas: Cockscomb, Celosia, Periwinkle, Petunia, Zinnia, Marigold, Morning Glory, Portulaca, Ageratum, Ornamental Pepper or Geranium. For shady areas: Coleus, Caladium, or Impatiens.

5. Time to make cuttings of your favorite chrysanthemums. When well rooted and ready to set out you can dig up the parent plant and discard as the cuttings will be much better for fall flowering. As soon as the new plant has about four pairs of new leaves, pinch out the top two sets to induce side branching. Repeat the process every time a new shoot has about four new sets of leaves. This will result in bushy, compact plants with many flowers. Do not pinch after mid-July.

6. Shallow cultivation of flower and vegetable gardens will provide aeration of the soil compacted by rain or irrigation. Use of a good mulch will prevent compaction, eliminate need for cultivation, reduce weed growth, conserve moisture, and reduce soil temperatures.

7. Continue to check plants carefully for insects and insect damage. Carefully inspect underside of leaves as most sucking insects attack the underside first.

8. Finish pruning climbing roses as soon as the initial burst of flowers is past to insure growth of new wood for next season's show.

9. Don't let up in the preventive spray program on roses or black-spot will soon take control. Use Phaltan, Maneb or Benlate.

10. Now is the time to plant bulb plants throughout most of Texas.

11. Have you checked your lawn mower blade recently? Dull blades will cause browning of the leaf blade tips as well as overwork the mower engine.

12. Don't allow that lawn to suffer from lack of moisture. Weekly deep soakings are better than daily light waterings.

13. Flowers for the house will last longer if cut late in the afternoon and immediately placed in warm water in a cool, draft-free place.

14. Pinch back leggy annuals to encourage branching. Best to remove spent flowers to prevent energy from going into seed production.

15. Don't be too perfect in maintaining your yard. Allow some time for enjoying the yard rather than working all the time. Besides, you will get along better with your neighbor if you slack off once in a while.

### Spider Mites—Common Garden Pests

Spider mites cause severe damage to many vegetable gardens in Schleicher county. Although tomatoes and green beans are the favorite targets of these insect pests, they also feed on and damage most other garden crops.

Spider mites are red in color and extremely small in size. They are usually found on the underside of leaves and cause damage by sucking plant juices. Large populations of mites can build up rapidly. Severe infestations can cause leaves and flower buds to fall from the infested plant.

Control of spider mites is often difficult. Offered are these suggestions for control:

1. Select a pesticide that is registered for use against spider mites such as diazinon, kelthane, sulfur or ethion.

2. Do not allow infestations to build up to large numbers before applying a pesticide.

3. After initial applications of pesticide, inspect plants to determine if live mites are present. Generally two to four applications are needed to control an infestation of spider mites.

As with all pesticides, be sure to read the label and follow all directions.

Mr. and Mrs. Roy Jones of Fort Riley, Kansas spent part of last week visiting the Gene McCallas and Jack Joneses.

### Appreciation Dinner

The county judge and county commissioners of Schleicher county were honored with an appreciation dinner last Monday night, May 5. Mrs. Bessie Jones, council chairman, conducted the program for the evening. Mrs. Pat Pitts introduced the county commissioners and other guests.

Mrs. Patsy Kellogg gave a review of extension activities for the past year. Mrs. Geneva Wade presented the homemaker of the year award to Mrs. Gertrude Williams of the Reynolds H. D. Club.

The program for the event was presented by 4-H'ers who presented Method Demonstrations. They included: Kurtis Homer, Todd Swift, Kara Homer, Patti Hausenfluck, Shelly Squyres, Lori Patton, Lou Ann Turner and Lori Bell. The program was concluded with the TH-DA creed led by Mrs. Eleanor Jeffrey. —Rep.

### Senior Citizens Party

The annual Spring Senior Citizen Party given by the Schleicher County Aging Committee and the Home Demonstration Clubs took place Thursday, May 8. Forty-two guests registered and door prizes were awarded. Dominoes, cards and other games were enjoyed by all. Kathy Meador and Karen Homer were party chairmen. —Rep.

### 4-H CLUB HOLDS MEETING

The last meeting of the 4-H Home Environment Club for this season was held May 8 at home of Kathy Meador. The discussion was on what we can do to improve our home. We received our certificate for completing the activities. —Joan Schrier, reporter

### New Pastor Is Here At Baptist Mission

The Rev. Esteban L. Flores, formerly from Houston, is the new pastor at the First Baptist Mission here in Eldorado.

Rev. Flores has recently retired after serving 18 years at the First Baptist Church in Houston where he was honored at a retirement ceremony and for the years he served there and the accomplishments that church had during the years he served there.

Mr. and Mrs. Flores will be making their home at 302 Mertzon Hwy. They bought a Sam Guinness house and are remodeling it. They are the parents of Mrs. Domingo Pina, R. N.

Even if he has retired as a full time minister, he will be serving as pastor here. During his ministry he has served the churches at Sonora, Ozona, Good Will Baptist in San Antonio, First Baptist at McAllen and First Baptist in Houston.

### Rotoriculous Starts Spin At Six Flags On May 10

Arlington, Texas.—The Rotoriculous, a new attraction described as a "thrill ride that's a light and sound show too," opened at Six Flags Over Texas, May 10.

Housed in a huge, octagonal building in the Arlington park's Good Time Square section, the 13-speed ride is the brainchild of Six Flags' own creative staff.

Riders spin at high speeds in an undulating circle as their senses are "bombarded" by electronic sound effects, rapidly changing visual effects and a succession of flashing light patterns.

General Manager Dan Howells said, "The number of new rides on the market today is rather limited, so we decided to take existing hardware and turn it into something truly unique. The result is a ride that you won't find anywhere else in the world."

The ride is themed as an "invention" of Six Flags' eccentric new costume character Prof. Cyrus Cosmo.

Comical "scientific instruments" line the walls of the structure which is taller than a two storey building.

After guests are seated in the ride's 24 cars, Prof. Cosmo's cartooned image lights up the eight projection screens which encircle the building's ceiling.

Cosmo's voice welcomes the riders aboard and the character explains how he intends to propel his guests forward into the unknown; at which point the ride begins to move backward.

After a brief, verbal battle with the backward-moving ride, Cosmo gives up and the show begins.

Images on the screens change constantly and vivid, colored "blobs" spread over a dome in the ride's center. As the Rotoriculous hits top speed the "blobs" disappear, to be replaced by a battery of strobe lights striking a huge mirror ball.

From beneath the ride come sound effects much like a human heart beat, increasing in intensity and speed. The effect literally shakes the building.

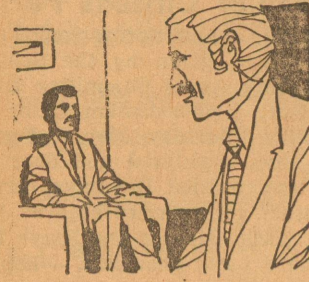

From overhead, through a sophisticated quadrasonic sound system, come electronic effects which also increase in speed and impact.

The Rotoriculous becomes a blur of light and sound, building to a crescendo and ending in sudden silence and momentary darkness as the ride comes to a breathtaking end.

# Bible Facts

Our modern phrase, "Today is the first day of the rest of your life," is merely a reaffirmation of the Biblical words: "Old things are passed away; behold all things are become new."

In making friends, remember these words from the Bible: "Ointment and perfume rejoice the heart: so doth the sweetness of a man's friend by hearty counsel."

The Bible has much to say on how to have a happy marriage. For a booklet called, "Must You Stay Married?" send 25 cents to Room 220, International Lutheran Laymen's League, 2185 Hampton Ave., St. Louis, Missouri 63139.

## NEWS OF HEALTH

### ALCOHOLISM

How far down the path of alcoholism do you have to go in order to qualify for membership in Alcoholics Anonymous?

The answer is, not very far. In fact, the A.A. preamble states definitely that membership in the Fellowship is open to anyone who "has a desire to stop drinking." It is up to the individual to decide when he has had enough.

Time was when virtually all A.A. members spoke of losing jobs and families, to say nothing of time spent in hospitals, jails and skid rows across the nation.

Today, however, the profile of A.A. membership has changed. Newer members come in speaking of days lost from work, rather than lost jobs. They still have families. They have never seen the inside of a jail, lived in a fourth-rate hotel, or slept in a hallway on skid row.

Yet they consider themselves alcoholics. They have felt remorse and shame for the things they have said and done to their families and friends — for the lies they have told, and the excuses they have made.

They may not have had blackouts or taken the morning drink. They may not have had the shakes and the sweats in the long, lonely hours of the night. Yet they have, in some lesser degree perhaps, experienced many symptoms of alcoholism experienced by the skid row alcoholic.

There is no difference as far as A.A. membership is concerned. Both are alcoholics.

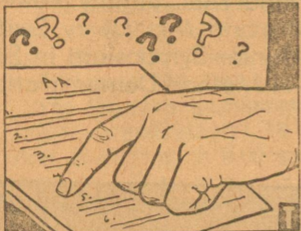

However, the one who has stopped while he still has a job, family and position in the community is often referred to as an early bottom alcoholic.

The alcoholic who has

been hospitalized and jailed, lost family and job, is called a late bottom alcoholic.

These referrals to early and late bottom alcoholics are merely rough indications of how far the disease of alcoholism has progressed with an individual. Furthermore, this indication is usually made by that individual himself.

The difference between the two categories is that a taste of the horror of alcoholism has been more than enough to convince the early bottom alcoholic that he has a problem with alcohol.

The late bottom alcoholic needs a little more persuasion—hospitalization, jail, dismissals, divorce court, etc. Unfortunately, some alcoholics are never convinced. They are committed to a mental hospital with permanent brain damage. Or they die.

Once an individual joins A.A., he can identify with the progression of other members—many of whom have endured more mental, physical and spiritual suffering.

If he is perceptive, he will note that the disease gets worse and worse over the years. He will learn from others who have experimented that no period of abstinence—days, months or years—will enable him to drink safely again. He will learn from the experience of other A.A.'s that he can maintain his health, happiness and spiritual well-being by staying away from one drink, one day at a time.

## Better Vision

by the Better Vision Institute

Today, there are nearly four billion people in the world. It is a reasonable estimate that half of them are not seeing everything they should and that some of them are going blind. Right now, there are more than 15 million blind people in the world!

Twenty million persons suffer from river blindness or onchocerciasis which is limited to the environs of rivers and streams in tropical countries. It may blind up to 10 percent of a local population.

It is not just underdeveloped countries that have serious eye problems. In certain developing countries, Vitamin A deficiency in human beings leads to permanent blindness in one or both eyes, and is among the major causes of preventable blindness.

Despite the efforts of many in the United States, these facts are true in America today:

\* 100 million Americans—half the US population—have some form of impaired vision or eye disorder, according to the US National Eye Institute.

\* One in four school-age children need eye care. One in 20 pre-school children have a vision problem.

\* There are 1,000 eye injuries daily in American industry.

The vision problems of people are staggering and depressing. What can we do about it? We can do many things. Good eye care takes many different forms and requires a lot of careful thinking, hard work, action—and money.

Good eye care can mean urging everybody to have regular, professional eye examinations. It can mean teaching a poor family in India that the one towel the family uses is a carrier of

dangerous germs. It can mean building and supporting more colleges to train more ophthalmologists, optometrists and opticians. It can mean spraying a river in Bangladesh with insecticides. It can mean manufacturing quality lenses, frames and ophthalmic and surgical instruments.

Good eye care can mean scientists studying the eyes of white rabbits and monkeys to follow the course of an eye disease. It can mean legislative work geared to reducing eye injuries in factories and on farms. And it can mean working for laws to outlaw fireworks.

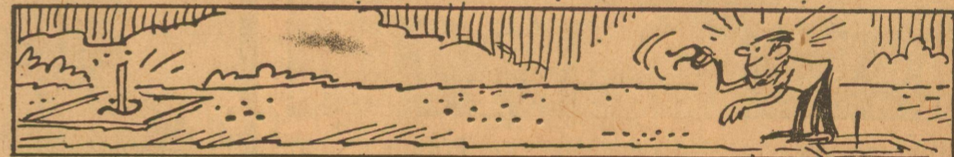

In short, many different kinds of activities can help the people of the world have better vision. But they must all be done—and done quickly—so that more and more people of the world can enjoy the magic and joy of good vision.

Some say that sleeping with salt, bread, and a knife, all of which have been left inadvertently on the table after cleaning up, under one's pillow brings a vision of one's wife-to-be.

Many people believe that horseshoes bring good luck, based on an old idea that iron routed demons.

## No Need For Advertising?

- Preachers don't preach just once a year even though people are against sin.
- Teachers review lessons. They know that children do forget and often have to be told more than once.
- Highway patrolmen drive up and down the highways, and caution drivers although motorists know the law and should obey.
- Mail order firms continue to send out catalogues.
- Not all of us know what is sold in stores in the home town, and we need to be invited continually to trade in your place of business.

The following events, selected by the Texas Tourist Development Agency, are but a few of the many excellent recreational opportunities offered by communities across the state. A more complete listing of Texas events may be obtained free of charge by writing TTDA, Box 12008, Austin 78711.

**May 2-4 Jefferson Pilgrimage, Jefferson.** This historic little riverport city has 48 buildings marked with State historical medallions. During the Pilgrimage, tours are conducted and there are performances of the Diamond Bessie murder trial. For more information, write Mrs. G. W. Carpenter, 408 Woodland Drive, Jefferson 75657.

**May 8-11 Oleander Festival, Galveston.** The festival will encompass a wide variety of activities including an Entertainment Extravaganza Thursday night, the Oleander Ball on Friday evening, arts and crafts shows Saturday and Sunday afternoons, and a special ceremony Sunday commemorating the planting of the first oleander on the Island. For more information, write Doris Covini, Convention/Visitors Bureau, 2106 Seawall Blvd., Galveston 77550.

**May 17-8 Stagecoach Days, Marshall.** Commemorates Marshall's continuing role as a transportation center, from stagecoach to Amtrak. Stagecoach rides, historic tours, an early days' crafts fair, parade and antique show highlight the two-day celebration. For a

**May 23-25. Fifth First Annual International Armadillo Confab and Exposition, Victoria.** Three days of offbeat events such as the Great American Yell-Off Contest, Miss Vacant Lot Contest, and the World Championship Rooting and Burrowing Contest for Armadillos Only. For more information, write Chamber of Commerce, Box 2465, Victoria 77901.

**May 24-25 5th Annual Frontier Celebration, Bandera.** River float, arts and craft fair, chili cook-off, old fashioned chuckwagon barbecue, and a parade all make for a delightful two-day event. For more information, write Bandera Chamber of Commerce, Box 171, Bandera 78003.

**May 31 Southern Hushpuppy Olympics, Lufkin.** East Texas' answer to the chili cook-off in West Texas. The cook-off festival names the Southern Hushpuppy Cooking Champion. The all-day event includes watching contestants prepare their entries and sampling the recipes when the contest is over. Fried fish and hushpuppy dinners will be available. For more information, write Southern Hushpuppy Olympics, P. O. Box 1606, Lufkin 75901.

The Texas Tourist Council has published a new film directory listing slide and movie presentations on Texas subjects. For a copy of the brochure, write TTC, 7701 N. Lamar, Room 512, Austin 78752.

Bloodhounds get their name from being the first breed whose blood lines were recorded. This was done by the monks of St. Hubert's Abbey in France in the ninth century.

# plain as the nose on your face

That's the way Grandma described things that were absolutely clear. Religion was one of these!

Of course, she knew that theologians debate certain subjects. She sometimes lamented the fact there were so many denominations—which in her day weren't cooperating as they are now. And Granny was fully aware that a few individuals claim to be atheists or agnostics.

But the idea that God created us... loves us... seeks us... saves us. To Granny that was plain as the nose on your face.

As Granny often added: *Even a child knows that!* Every Sunday millions of them are proving her right.
