74TH YEAR

ELDORADO—SCHLEICHER COUNTY, TEXAS (76936)

Thursday, April 10, 1975

Number 15

by Lyndell Williams  
Texas Press Association

Austin, Tex.—The great debate on school finance reform is shaping up in the House and Senate.

Major legislation to restructure education funding formulas has been heard before committees in both houses and is now being altered by sub-committees to meet revenue on hand and varying viewpoints of lawmakers and educators.

Gov. Dolph Briscoe's weighted pupil plan would cost an estimated \$744 million in additional state revenue and \$1.033 billion in local contributions.

The Texas State Teachers Association plan would require some \$2.2 billion in additional state money and \$520 million in local funds.

Dr. Richard Hooker, Briscoe's education consultant, acknowledges 550 districts would have to increase ad valorem taxes to meet their "fair share" of school program costs under the governor's plan (HB 1083 and SB 478).

However, Hooker notes, those districts contain only 14% of the state's population, and he contends these districts have an option as to whether they will produce their "fair share."

TSTA Executive Secretary Callie Smith maintains HB 1083 would mandate minimum accreditation standards and teacher salaries, and 500 to 600 districts would have no choice but to increase taxes.

Rep. W. S. "Bill" Heatly of Paducah sent constituents in his district a detailed breakdown on how the Governor's bill would affect local taxes, and said he would oppose it.

Big county school officials generally supported the Briscoe bill at the Senate committee hearing, and claimed it should provide even more money per pupil.

Teachers jammed the Senate chamber in support of their bill—and a \$10,000 a year starting pay scale.

**Tax Warnings Issued**  
Comptroller Bob Bullock issued warnings that a record state tax bill ranging from \$320 million to more than \$2 billion seems inevitable for 1977 if lawmakers continue their spending ways.

House Speaker Bill Clayton urged his appropriations advisors to cut spending recommendations below Legislative Budget Board recommendations.

**Primary Bill Advanced**

A presidential preference primary bill won Senate approval—but as a one-time-only measure, to expire in March 1977.

The bill (HB 679) went back to the House and into conference committee for certain revision.

**Short Snorts . . .**

President Ford declared the City of Lefors a major disaster area on request of the Governor due to tornado damage; an assistance center was set up April 2.

Bowie, Ellis, Lamar and Motley counties received U. S. Department of Agriculture designation as disaster areas due to too much or too little rainfall.

April 1 was the last day 18-year-olds had to register for the Selective Service System. New procedures for future periodical registration are being developed.

Cigarette tax revenues increased \$427,878 from March 1974 to March 1975.

Checks totaling \$511,297 were mailed last week to 141 Texas hospitals and 50 state institutions as additional court-ordered refunds on overcharges for broad spectrum antibiotics.

A 282-page investigation report has been compiled on all known water users in the San Sabá River Watershed of the Colorado River Basin.

## Post Script

### Fly Your Flag Every Day!

The Eldorado Lions Club has been promoting local business establishments flying the U. S. Flag each business day. The project is under direction of Travis Williams who started flying the Flag at the West Texas Utilities office a while back, and the practice has spread over the business district.

With the idea of promoting patriotism catching on, some business men and women who may need a new Flag have been requested to order one for display. A standard size Flag may be ordered through the Lions Club or the American Legion post.

The Flag is correctly flown from sunup to sundown, the normal business working day.

—ps—

### Memorial Building Provides Shelter

It's not news to Eldorado people that we have had an influx of mobile homes being moved in here in recent months. Most of these belong to men connected with The Western Company who are putting up new buildings south of town and Clyde Construction Company of Odessa, who have put offices and mobile home camp in the east part of town.

Monday night, Eldorado was included in a severe weather alert which covered a wide area of Southwest Texas. Sheriff Orval Edmiston opened the Memorial Building basements for use by these mobile home residents for a few hours. After the deluge dumped about six-tenths of an inch of rain along with some hail, the storm danger was considered past and the people were able to return to their mobile homes, which are now located all over the town of Eldorado. Most of those who went to the Memorial Building Monday were from Clyde Construction.

Mobile homes provide suitable housing and a quick means of sheltering workmen and their families. But they are still somewhat vulnerable in stormy weather; even with the tie-downs now required by law.

When Western and Clyde announced their plans to move into Eldorado, we all knew that mobile homes would be the main means of housing their men, since there has been a shortage of standard housing here for some years. Western is just now starting to move some of their men here. The impact on the schools has yet to be felt, or even predicted.

In the meantime, if any more storms occur in the immediate future the Memorial Building may again have to be put into use as a temporary shelter.

—ps—

With our subscribers:  
James L. Overstreet is a subscriber at Aggeland PO Box 5753, College Station, Texas 77840.

Mrs. John Kotsch is a subscriber at 5304 Santa Rosa in Fort Worth 76117.

—ds—

The Memorial Building has had some major improvements in recent years, including year-around air conditioning. Tuesday morning, workmen were tearing out the old cracked cement floor on the east porch, getting ready to replace it.

### Mrs. Blakeway Is In Shannon Hospital

Mrs. Carrie Blakeway who is a resident of the local Nursing Home fell Saturday evening and broke her hip. She was transferred to the Shannon hospital Sunday. Mrs. Blakeway had surgery on her hip Monday and is now in room 402.

### Two Attend Council Meeting, Fredericksburg

Two 4-H Club members from Schleicher County attended the District Seven 4-H Council Meeting in Fredericksburg on Saturday. They were Elizabeth Niblett and Roxanne Harrell. Many things were discussed such as the new 4-H Center in Brownwood, District 4-H Camp and State 4-H Roundup. An adult leaders association meeting was also held. After attending the meeting the girls toured the L. B. J. Park & Ranch. They were accompanied by Mr. and Mrs. Bob Lester.

### 4-H Home Environment Club Holds Meeting

The first meeting was held at Mrs. Kathy Meador's home. There we discussed home improvement.

Officers were elected:  
Lori Patton ..... president  
Jill Pitts ..... vice president  
Linda Gentry ..... treasurer  
Shelly Squyres ..... secretary  
Joan Schrier ..... reporter

Kathy Meador is club leader. Meetings will be held each Thursday every week for six weeks. — Reporter, Joan Schrier.

### Roy Holt Candidate For District Commander

The 21st District Convention of The American Legion and American Legion Auxiliary is set for this Saturday and Sunday April 12 and 13 in Kingsland. Roy Holt, former Eldoradoan, is candidate for District Commander. He is currently vice Commander.

Roy Holt was born Aug. 12, 1929 in Abilene and attended school in Eldorado, Sanderson, and Coleman graduating from Centennial Rural High School. He served in the U. S. Navy, retiring as a Hospital Corpsman. Roy is a self employed building contractor at Kingsland. His father was superintendent of the Eldorado schools a number of years ago.

### Consumer Food News

College Station, Tex.—Beef eaters should "jump" at low prices to replenish freezer supplies, one observer advises.

"Currently, farmers are selling off record numbers of cattle at low prices—often far less than it costs to raise them, but prices cannot stay so low indefinitely," Mrs. Gwendolyn Clyatt, consumer marketing information specialist, with the Texas Agricultural Extension Service, The Texas A&M University System, cautioned.

"Best buys include sirloin and rib steaks, round steaks and roasts. Also, rib roasts, boneless roll roasts, chuck roasts and steaks, ground beef an diver," she said.

"In poultry sections, fryer chicken prices are higher, while grade A, large-size eggs offer the best quality and economy for your egg money."

Pork specials are few, with scattered features on end chops, quarter loins cut into chops, pork steaks and liver.

At fruit counters, strawberry supplies are short due to rain in some growing areas, and grapefruit prices are rising as supply diminishes, Mrs. Clyatt said.

"Orange prices are stable, and cantaloupe is coming to market, but prices remain high.

"Good vegetable buys are cabbage, carrots, potatoes, turnips, cooking greens and rutabagas."

Consumer Watchwords: In chicken hens (for stewing), a three- to six-pound bird is usually the best choice.

Lock for—plump body with well-fleshed breast and thighs, clean skin (free from abrasions or bruises) which is thick, firm and slightly coarsened with fat well distributed under the skin for a light yellow cast.

LETTER & LEGAL reg bond paper is for sale in ream boxes at The Eldorado Success.

### District Literary Meet Held Saturday

At the District Literary Meet last Saturday in Menard, Eldorado finished third in total points behind Wall and Robert Lee. Students from Eldorado High School who qualified for the Regional Meet in Stephenville were:

Jim Bob Byrd, 3rd, Number Sense and Spelling;  
Suzan Thornton, 3rd, Ready Writing;  
Becky Blair, 2nd, Prose Reading;  
Jill Edmiston, 3rd, Prose Reading;  
Carolyn Page, 1st, Slide Rule;  
Gynna Jay, 3rd, Informative Speaking.

Students who qualified as alternates were Cindy Jackson, John Ben Cawley, and DeAnn Freeman. Eldorado students who had qualified earlier in Debate were Jimmy Cawley, Jim Bob Byrd, Gina Forlano and Dan McWhorter.

At the same time, the Eldorado Jr. High easily swept the District Meet with the following wins:

Paul McWhorter, 2nd, Oral Reading;  
David Hill, 3rd, Oral Reading;  
Jolynn Jay, 2nd, Oral Reading;  
Mary Byrd, 3rd, Oral Reading;  
Mary Byrd, 1st, Spelling;  
Laura Gentry, 2nd, Spelling;  
Jolynn Jay, 1st, Ready Writing;  
Laura Gentry, 2nd, Ready Writing;  
Susan Crippin, 3rd, Ready Writing.

The Regional Meet will be held April 18th and 19th at Tarleton State University.

### New Library Books

National Library Week in Texas is April 13-19.

National Library Week in Texas—Information Power—is in reality a time for a re-up of what transpired in every library during the past year, as well as a springboard toward future programs and goals. It is a week set aside for all librarians, be they academic, special or public, to publicly tell their story and announce future aspirations.

Everyone is invited to come through the Library during Library Week, register and pick up a good book to read.

Adult books—  
Straw House in the Wind, Carlsson; Something More, by Marshall, mem. to Agnes Jeffers given by Mr. and Mrs. Lawrence Steen and David; A White House Diary, by John A. K. Riba, by U. ments; Animal Dunkirk, by Robins; The Money Changers, by Hailey; Evensong by Nichols; Riding Herd to the Lord, by Sparks; The Raft, by Trumbull; Plantation Parade, by Kane; Don Juan McQueen, by Price and given by Nita Yowell.

Jr. books—  
Good Old Archibald, by Parkinson; The Black Stallion and the Girl, by Farby; Charlotte's Web, by White; Private Eye, by Fitzgerald; Joyride, by Cavanna; Maht Gargan's Boy, by Slote; The Year of Small Shadow, by Lampman; Journey to Topaz, by Uchida; The Mysterious Bender Bones, by Myers; Kalu and the Wild Boar, by Hal-lard.

Little People's Books—  
Funnest Story Book Ever, by Scarp; What Do People Do All Day, by Scarp; The Read It Yourself Story Book, by Jacobs. —Gladys Gunn (Librarian).

## City Voters Approve Tax

City of Eldorado voters went to the polls Saturday and approved the 1% city sales tax by a vote of 137 to 43. This means that in the near future local merchants will start collecting a 5% tax instead of the present 4% for the state.

Mayor Raymon Mobley, and aldermen Billy McCravey and Bobby Sikes, along with trustees for school, hospital, and water district were all elected to their respective posts with no apparent write-in efforts for other candidates.

## Case Is Wagon Boss For W. T. Boys Ranch

FRED CASE

Fred Case of Eldorado has been appointed the 1975 Wagon Boss for Schleicher County for the West Texas Boys Ranch Annual Roundup, it was announced today by Roundup Chairman, Jim Prather. Case also served as Wagon Boss in 1974. Prather said in making the announcement, "We are fortunate to have Fred Case on our team again this year. He did a good job as Wagon Boss last year and we know that he will be a great help in this year's Roundup efforts for the boys of West Texas Boys Ranch." The Annual Roundup is an organized effort to raise operating funds for the 72 boys at the Ranch near San Angelo. Over 800 boys have been cared for at West Texas Boys Ranch since 1947 and all money raised is through donations and contributions of cash or livestock.

Some special Roundup events this year include a Match Roping between the father-son teams of Jim Bob and Mac Altizer and Tuffy and Roy Cooper on May 17th, several special auction sales in the area and the big OS Ranch Steer Roping and Art Exhibit at Post, Texas, on October 4 and 5.

"This year's Roundup is especially important to the Ranch in view of rising prices and inflation. We need everyone's help and support more than ever to make the Roundup a success. The Ranch counts heavily on the revenue from the Annual Roundup to meet the bread and butter needs of the Ranch and all donations are tax deductible," Prather concluded.

### Attend Scout Camporee

With Scoutmaster David Meador and Assistant Scoutmaster Phil McCormick in charge, a group of eight local Boy Scouts went to Junction last week end for the Council Camporee.

The locals came back with several blue and red ribbons for winning some of the contests held in connection with the camporee.

Local Scouts who attended were Jay Cash, Eddy Scott, Jeff Tacker, Mark Wallis, Mike Schuck, Kenneth Phillips, Hank Hutcherson, and Billy Charles Gunstead.

### Hospital Notes

Admissions:  
Marie Garrett, Roosevelt;  
Dannette Dunagan, Eldorado;  
Sallie Crosby, Eldorado;  
R. J. Page, Eldorado;  
Idella Edmiston, Eldorado;  
Myrtle Catlett, Eldorado;  
Juanita Herrera, Sonora;  
Carter Neill, Eldorado;  
Elizabeth Chavez, Sonora\*;  
Chavez Boy, Sonora;  
James Hamilton, Mertzon.  
\* Dismissed.

## Six-Tenths Inch Rain Falls Here Monday

High winds and light hail came to Southwest Texas Monday night dumping scattered rains over a wide area, but Eldorado received just 6-tenths of an inch of badly needed moisture. That should be enough to help Spring gardens and lawns.

Some rainfall reported over the county Tuesday morning included:

City of Eldorado	.60
Northern Natural	.28
George Humphrey	.80
P. K. McIntosh Ranch	.92
Mary Davis Coupe	1.00
Henry Moore	.50
S. D. Harper	.90
E. H. Dannheim	.60

## Schools Now Under Quarter System

Beginning with the 1975-76 school year, the Schleicher County Schools will operate under a quarter system. This change is required by state law and all Texas public schools will be under some form of such a system. In a quarter system, the entire year is divided into four parts. Schools are required to operate three of these four parts or quarters but may operate four. Schleicher County Schools will operate three quarters, and there will be virtually no change in the number of school days or in the span of time over which the school year occurs. There will be three quarters covering the same period as two semesters covered in previous years.

Children attending elementary school might not know that the change has occurred, because they will be covering the same amount of classwork in the same time period as before. Students in Jr. High and High School will notice the change a bit more but primarily in the interval of time over which they will earn credit in a class. Successful completion of 12 weeks of classwork will learn a student one quarter of credit, therefore three quarters of credit will be equivalent to the common unit of credit of the past.

Students that will be in Eldorado Jr. and Senior High School next year are being sent home with a packet of information concerning the quarter system, graduation requirements under the system, anticipated course offerings for the coming year, and other general information. These packets will be given to the students on Friday, April 11. Parents or other interested people who do not receive the information, may obtain the packet at the High School office.

## Nursing Home Notes

We are still busy getting ready for the Arts and Crafts fair. We are all looking forward to it. We had happy hour this past week and we are learning new songs.

We have a new resident in our Nursing Home and we would like to welcome Mrs. Bascomb Hart-graves.

We played Bingo this week: Beulah Harris was our champion with two games. Other winners were Maggie Sluder, Carrie Blakeway, Lee Dudley, Frank Reed and Erna Rexroat. In dominoes Fred Watson and Ebbie Donaldson lost to Ben Hext and Sam McGinnes 3 games to one.

Be Happy! Be Beautiful! Live fully each moment; cherish others and yourself. —Rep.

### Eaglettes Winners Of 9A District Track

The Eldorado Eaglettes won all three relays and relied heavily on third and fourth place finishes to take the District 9-A girls track meet here Friday.

The three first places in the relays by Eldorado were the only wins the Eaglettes had in going to 149 point total. Junction was second with 110, Robert Lee next with 97, Menard had 70, Mason 59 and Wall 34.

Mason's Diane Hohn topped the individual point getters in the meet as she took wins in the 60, 200 and 100-yard dashes to get along with a first in the long jump.

Junction's Dee Dutton took first places in the 440-yard dash and the discus to also place high among the individual point getters.

### Tom Gattis Dies

Funeral services were held last Wednesday in Pilot Point for Thomas William Gattis, 92, who lived here in Schleicher county in the early 1900's.

Born May 3, 1882 to the late William Sutton Gattis and Tranquilla McNaughton, Mr. Gattis had been a resident of Sundial Nursing Home in Pilot Point for three years. He was a retired farmer and a native of Owl Hollow, Tenn.

Mr. Gattis married Maud Irene Paschal on Dec. 26, 1906, in Brady. She preceded him in death on Jan. 24, 1972.

Survivors include six daughters, Mary Gattis and Jonnie Mead of Dallas, Helen Evers of Vallejo, Calif., Dorothy Schepis of San Mateo, Grace Nelson of Fort Worth and Lelia Maud Gattis of Terrell.

Assistant County Extension Agent

#### Step Into Accessories For A Total Look

Accessories date back to the days of Adam and Eve. Much as today, the earliest man wore accessories for decoration, symbolism and protection.

Accessories are vital to wardrobes because they add versatility, satisfying individual needs for day-to-day change. They provide opportunities for creativity, individuality and an expression of one's personality. They are a way to update last season's costume in an inexpensive way, thus expanding the clothing budget. Accessories make clothing more becoming to the wearer by emphasizing good features and drawing attention from less attractive ones.

Today's lifestyles have altered clothing habits by relaxing and eliminating many rules regarding appropriate dress. As a result, many different clothes and accessories are suitable for the same activity. Leisure, business and church dress may blend one mode of dress into the other, become one-in-the-same.

Accessories were once considered basic additions to clothing. For example, a woman always wore a strand of pearls with a black dress, and a man always wore a tie pin to hold his tie in place. Today emphasis is placed on the total effect of the complete ensemble, rather than considering each accessory individually—shoes, jewelry and hats. Each component of the costume is evaluated as either enhancing or destroying the total picture.

Today's use of accessories expresses freedom to be one's self, to experiment and to express moods. No longer does fashion rigidly dictate absolutes.

The size of accessories should be in proportion to the size of the individual and other accessories. For example, a petite figure is overpowered by a large handbag. Likewise, a small handbag will make a large figure appear larger.

A distinct difference in the shape of an accessory can make an article appear completely unrelated to the costume. With a tailored suit cut on boxy lines, the shape of a rectangular bag would be pleasing.

The total effect of colored accessories depends not only on the colors chosen, but also on the proportion in which each occurs and is placed.

Brightly colored accessories are more satisfying if they are concentrated near the face, or at least high enough on the figure and far enough from the edge to achieve a balanced placement.

Bright, contrasting colored accessories direct attention to the area where they are located.

Where do you want the attention drawn. For example, colored hose or socks and shoes emphasize the feet.

In creating a total picture, each accessory either reinforces or weakens the effect of the sum of all the parts.

### County Ag. Agent's Column

By Jerry Swift

#### Garden Check List For April

1. Still time to plant the colorful annuals for spring and summer color in the landscape. Best to use started plants at this time. Listed are some of the best annual species: Celosia, periwinkle, petunia, zinnia, marigold, salvia, morning glory, portulaca, cleome, nasturtium, larkspur, geraniums.

2. Finish pruning all spring flowering plants as soon as they are through blooming. These include spiraea, flowering quince, azalea, and similar plants. Do selective thinning, removing about 1/3 of the oldest canes at ground level rather than cutting back the tops.

3. Blackspot favored by spring rains can play havoc with roses. Spray foliage every 7 to 10 days with a fungicide containing benomyl, phaltan or maneb.

4. Mulch flower and shrub beds to reduce weed growth, conserve moisture and lower soil temperatures.

5. Divide garden chrysanthemums or better yet take cuttings and root in a mixture of sand and peat. There is less chance of soil-borne diseases when using cuttings.

6. Prepare to plant grass seed or sprigs in those bare spots or new lawn areas. Good soil preparation is essential.

7. Check flowers and vegetables for loopers, aphids and spider mites. Apply controls according to label instructions.

8. Powdery mildew on photinias, crapemyrtle and other landscape plants can be brought under control with Actidione P. M. or karathane.

9. Don't be alarmed at the falling and yellowing leaves of magnolia, photinia, gardenia and abelia as this is normal for this season as the new growth and foliage appear.

#### On Selecting A Shade Tree

"We would like to plant a live oak or magnolia, but we don't want to wait 10 years for shade." Sound familiar? This is a very common comment from homeowners who want to plant a shade tree.

What about the "fast" versus

### Why I Voted Against Tax Reduction Bill

(by Congressman Bob Krueger)

Washington, D. C.—The House and Senate passed a major tax bill giving rebates to most middle income and low income families, and giving some tax relief to all Americans. I voted against that bill, in spite of traditional political advice never to vote against a tax reduction. Why did I do this? Because the tax bill would add \$22.5 billion to our federal deficit, which is likely to reach \$50-\$75 billion for the current year. I think, and I believe most Americans agree, that the government must stop piling up such enormous deficits. Any money that the government spends is taken from the taxpayer directly through taxation, or indirectly through piling up debts which create more inflation. These expenditures will have to be paid for by the American people, and when the government spends money it doesn't have, it is borrowing from the American people. What the government borrows from you, you can't spend.

While we all recognize that there are areas that require government spending, and there are certain things which only the federal government can do for its citizens, people will only recover some control over their own economic lives if the government spends less and leaves the people more.

At the same time, there are some features of the tax bill that are good: the tax rebate will provide a stimulus to the economy; it raises the standard deduction to allow for inflation; it allows working couples to deduct child care expenses as business expenses; it helps small businesses that are incorporated by shifting the tax rate from 48% to 20% on the first \$25,000, and 22% on the next \$25,000; it continues an oil depletion allowance for small producers and independents; and it gives \$50 to all social security recipients for their immediate spending needs.

Like so many things, this tax bill is a mixture of positives and negatives. What our country requires is constructive governmental policies that will not simply spend more of people's money, but will enhance the private sector's ability to provide all individuals a chance to develop to their best potential.

### New 2 and 3 Bedroom Homes—

From 1,000 to 1,700 square feet of floor space, built under city inspections. 1½ or 2 full baths with ceramic tile showers and dressing tables. Large kitchen-family room combinations. Lots of cabinets and snack bar. Built-in dishwasher and range with hood. Utility rooms or areas. All gas or all electric. Central heating. Fully carpeted with window drapes installed. Completely finished and delivered to any place in West Texas \$12.75 per square foot. Can also brick all or part if desired and include refrigerated air all as an extra. We invite you to come and look at what we have to offer. We have been in this business for over 20 years and guarantee satisfaction.

Call Craig Hardegree at Burley Lumber Co.  
San Angelo, Texas 655-3127

"slow" growing trees? The fact is, with proper care, trees that may otherwise be considered slow growers might not necessarily be slow growers at all. It all depends on the care you give them.

Superior shade and ornamental trees like the live oak, Spanish oak, pecan or magnolia should not be passed up just because they are labeled as "slow growers." Much of the growth of any tree depends on the care you give it.

#### Select Vegetable Varieties, Seed With Care

Attractive seed catalogs and colorful seed packets on store shelves are a great temptation to the impulse buyer. But, vegetable varieties and seed must be selected with great care.

Often the success or failure of a garden depends on the kind and variety of vegetables selected. Varieties differ in the time of maturity, quality and disease resistance. Such information is usually noted on seed packets. Some companies

also indicate which varieties are best suited for preservation by canning or freezing.

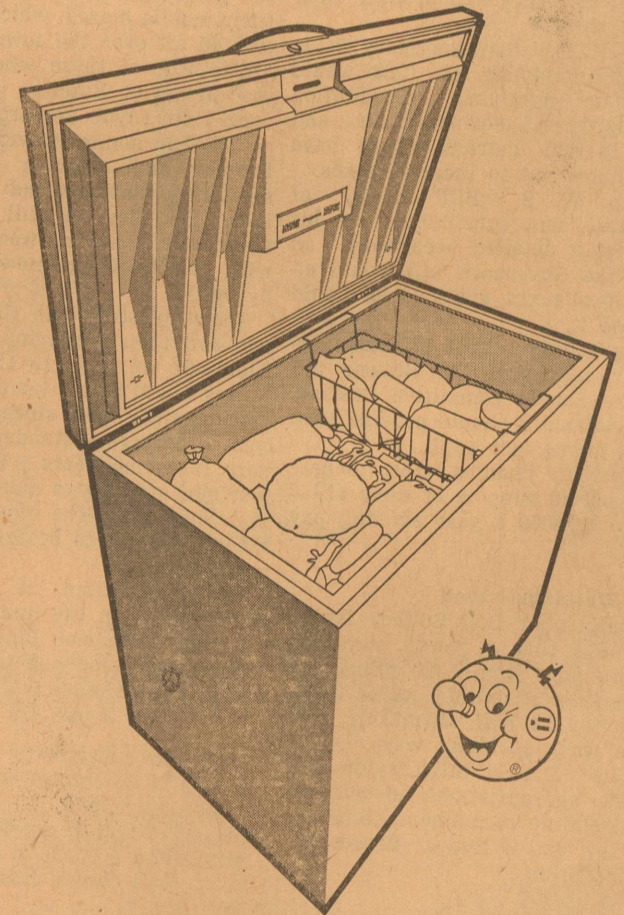

We recommend choosing varieties with built-in resistance to diseases. This added protection can prevent many problems and assure a better crop. New disease resistant varieties are continually being developed, and current listings are available through the county Extension office.

When buying seed, purchase only the amount needed for the current year. This will save money, and fresh seed can be purchased next year. Plan carefully, measure the length of row to be planted of each vegetable, and purchase accordingly. Plant sufficient seed to insure a good stand.

If a larger planting of a particular vegetable is to be made, the larger and more economical packets can be purchased.

The thought and care taken in choosing seed and varieties can produce a better garden and save time and energy later.

### REDDY'S HELPFUL FREEZER TIPS

Lock in flavor: Use moisture and vapor-proof materials especially designed for freezers to wrap your foods. Tightly sealed, these lock in flavor and moisture and prevent "freezer burn" (surface drying) on foods. Don't use wax paper, bread paper or regular cellophane for freezer foods.

Label packages: Date and identify freezer packages so (1) you don't accumulate a lot of mysterious shapes and (2) you'll be able to pick out foods that have been in the freezer longest.

Take advantage of sales: Avoid overstocking with commercially frozen food that's always available; use your freezer as your own bargain counter and store foods you can buy on sale. But do allow space for short-time baked goods, leftovers and special party foods.

*Good Psychology*

Helpful Ideas from the International Lutheran Laymen's League

**RISE ABOVE FAILURE**

Be assured of this: If you've never failed at anything, it's a certainty that you never really tried anything.

This sums up one of the chief lessons that life offers: that blunders, errors in judgment and in application, are unavoidable unless you retreat from life into a state of apathy—and even then, in your inertia you'll make mistakes. The secret of successful living is to rise above your failures to your good moments. This is the key concept, to forget your errors, to stop grieving over them, to have compassion for your own human fallibility.

Then, unburdened with guilt, you can step out determinedly into the world, seeing yourself at your best, formulating your goals, and bringing out into the game of life your success instincts.

This principle is especially applicable when you try new things. For, when you experiment, you are bound to make mistakes; admit them freely. But learn to minimize these mistakes, to be as tolerant toward yourself as you would be toward a friend, or you must throttle the experimentation.

Then you can rise to your true potential as a human being and make each year the enriching vindication of your individuality that it should be.

And always say to yourself: "I shall concentrate on the confidence of my past successes, not on my past failures. I deserve the good things in life. I am the captain of my ship, and I shall steer my mind to a productive goal."

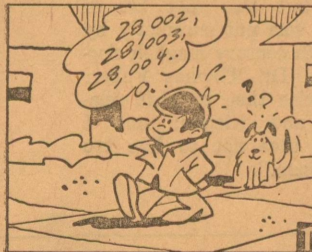

For a free pamphlet of a sermon on radio's "The Lutheran Hour," called "From Weakness To Strength," send your name and address to Room 2007, Booklet Distributors of America, 220 West 42nd Street, New York, N.Y. 10036.

**INFANT FOOT CARE**

**TIPS ON SHOES**

Your feet carry you about 200,000 miles in your lifetime. So it's important to start taking care of them early. And this begins with good shoes when a child is taking his first steps. Here are some tips from experts at Kinney Shoe Store, on how to take care of your child's feet.

1. Avoid outgrown shoes. A child takes 30,000 steps a day and this is the number of times a small shoe will bump his toe.
2. Lace a child's shoes loosely but with a firm double knot.
3. Let wet shoes dry at room temperature. Never apply heat.

4. Allow your child to decide when it's time to walk. It's best not to try to teach him or hasten the date.
  5. Don't buy shoes with any kind of built-up support except on the doctor's advice and prescription.
  6. Don't allow your child to wear hand-me-down shoes.
  7. Don't have your child's shoes resoled. This tends to shrink the size of the shoe.
  8. Bathe your child's feet every day and check for blisters and skin problems.
- Follow these helpful hints, and your child will be taking giant steps toward good foot health.

**Ingenious Triumphs Of Chemistry**

GOOD NEWS ABOUT SCIENTIFIC ADVANCES

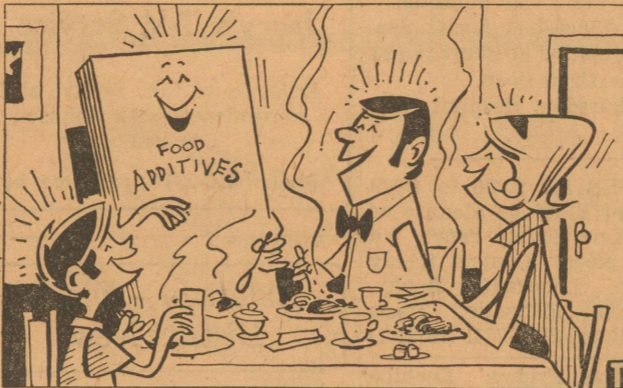

BETTER TASTE, NUTRITION, SHELF LIFE

What does a human being have in common with a scrambled egg? Both are made of chemicals. In fact, everything in the whole world—in fact, in the entire universe—is composed of chemical compounds.

The additives found in the foods we eat are also made of chemicals. In many cases, additives are simply substances found naturally in food, added to enhance flavor or color, or as a preservative. But even when additives are man-made, they are carefully tested for wholesomeness and purity. Whatever the chemicals added to food products, however, they serve three main functions: they prevent food from spoiling and prolong shelf life, add to the flavor, and increase the nutritive value. In short, they are great benefits to the consumer.

An important function of additives is keeping foods fresh and free from spoilage. Most foods change in chemical composition when exposed to the oxygen in the air—and "antioxidants" are therefore added to prevent this. Mold, bacteria, and yeast can also spoil food, and there are some microorganisms—salmonella and botulism—that are fatal to man. However, microorganisms that cause moldiness and poisonous growths can be controlled by chemical additives.

Flavoring agents make up

the largest and most diversified group of food additives. Many of these are naturally occurring spices and essential oils, but these are sometimes in short supply due to seasonal conditions. Then, manufactured flavors are substituted. For example, the consumption of synthesized strawberry flavor, converted to its equivalent in fruit, approximates twice the U.S. production of strawberries for all purposes. Man-made flavors add uniformity to food. (Fruits, for example, taste different at different times of year.) And they survive processing and storage better than natural flavorings.

Then there are emulsifiers, stabilizers and thickeners. Emulsifiers permit different foods to be mixed together. For example, they help maintain the right ratio of flour and shortening in bread. Stabiliz-

ers make a product such as chocolate milk uniform and thickeners make ice cream smooth throughout.

Some food additives impart the desired and characteristic color to foods. They serve as maturing and bleaching agents in the milling, baking, and other industries. There are curing agents for preserving meats, anticaking agents for powders, clarifying agents for liquids. These chemicals, when added to food, improve the quality, the durability, and the healthfulness. And, since they are added in minute quantities, the extra cost is minimal—especially compared to what is saved because foods last so much longer!

In short, people and food are made of chemicals, and chemicals make food more fun to eat and people better fed nutritionally.

Some Polynesian people believed that fire exists within trees, from which it can be liberated by rubbing.

**Williams Back From Fed. Land Bank Meet**

**JAMES WILLIAMS**

James T. Williams Jr. of Eldorado, has just returned from Houston where he represented the Federal Land Bank Association of Sonora at the annual stockholders meeting of The Federal Land Bank of Houston. The meeting, held at the Houston Oaks Hotel, was attended by members of 66 Federal Land Bank Associations in Texas. There were about 500 persons in attendance.

George W. Cunningham, president, in his annual report to stock-

holders, reported that 1974 was another record year for new business with \$269 million in loans closed. This was the largest year in loan volume in the bank's 58-year history and also in 1974, the bank reached \$1 billion in loans outstanding. W. Malcolm Harding, Governor of the Farm Credit Administration and Dr. James R. Gibbs, vice president and economist of the Texas Commerce Bank in Houston, also addressed stockholders and guests during the meeting.

The Federal Land Bank of Houston makes long-term loans on farms and ranches throughout Texas and currently has 35,000 loans for more than \$1 billion outstanding.

The Federal Land Bank Association of Sonora makes and services loans in this area. Members of the Board of Directors are Frank Bond, Otis Deal, Pleas L. Childress, Jas. T. Williams Jr., and Frank F. McMullan, Jr. Others attending the meeting from this area were A. E. Prugel, Manager.

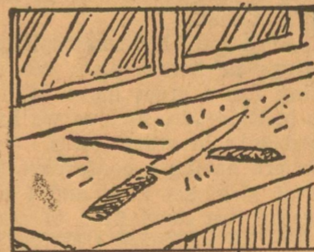

**Wildcat Scheduled On Mayer Place**

A wildcat is scheduled in Schleicher county. Amoco Production Co., Odessa, will drill the No. 1-H Edwin S. Mayer Jr., an 8,800-foot Ellenburger wildcat in extreme southwest Schleicher County, 18 miles southwest of Eldorado and 518 mile east of a deep failure

which was re-entered and completed as a conformer to the Turkey Roost (Pennsylvanian gas) field. Location is 1,170 feet from the south and 1,320 feet from the east lines of 3-5-GC&SF.

The failure, Delta Gulf Drilling Co., et al, No. 1 Sol Mayer, abandoned May 29, 1955, topped the Strawn at 8,026 feet and the Ellenburger at 8,201 feet on elevation of 2,241 feet. It tested the Ellenburger extensively through perforations at 8,134 feet to 8,226 feet, making oil and water.

Re-entered by Suburban Propane Corp. as the No. 2 Doris M. Rousset, to clean out to 7,350 feet as a wildcat, it was completed Aug. 17, 1973, for a calculated, absolute open flow of 2.35 million cubic feet of gas per day through perforations at 6,909-7,232 feet as the third well and a 3/4 mile east extension to the Turkey Roost field.

In Tuscany, two crossed knives on the window sill keep away hail.

**DAR Good Citizen**

**CAROLYN PAGE**

Selected as one of 17 area Senior girls as DAR Good Citizen recently was Carolyn Page, daughter of Mr. and Mrs. Paul Page. The Pocatohas Chapter of the Daughters of the American Revolution announced the names of the recipients of its annual good citizenship awards.

Girls are selected by school faculties on basis of dependability, service, leadership and patriotism.

Miss Page is the daughter of Mr. and Mrs. Paul Page. She was sophomore representative to the student council, vice president of FHA, president of the Girls Athletic Association, and secretary of her senior class. She has also served as cheerleader.

TYPEWRITER RIBBONS, for Royal, Underwood, and Remington—available at The Success.

**WEST SIDE CHURCH OF CHRIST**

will have charge of services this Sunday afternoon, April 13th, at 3:30 at the Nursing Home.

**Michael Murphey Set For Six Flags Shows**

Arlington, Texas—One of the top stars of the "progressive country" movement, Michael Murphey, is scheduled for two concert performances at Six Flags Over Texas on Friday, April 11.

Murphey is a songwriter, guitarist and vocalist who makes his beliefs known in his songs. An adopted member of the Sioux Tribe, he lives part of the year in the Dakota Hills with the Indians, and much of his music deals with the problems they face.

Murphey believes that music is not created from the emotions of an artist but from a disciplined mind. He says that he does not especially want hit records, but wants rather to sing a natural feeling of the creation into people.

Some of his best-known "message" songs include "Geronimo's Cadillac," "You Can Only Say So Much," and "Medicine Man."

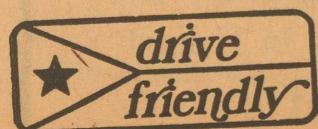

Michael Murphey's performances at Six Flags will be at 8:00 p.m. and 10:00 p.m. in the park's Music Mill Theater.

Six Flags will be open on Friday from 6:00 p.m. until midnight. Tickets will be \$4.00, adult or child, when purchased at the front gate.

**In Those Days**  
Compiled From Success Files  
**ONE YEAR AGO**  
April 11, 1974—The Lions Club had a Pet Vaccination Day coming up, after several cases of rabies were reported over the area.  
The Junior-Senior banquet was held with theme of "This Magic Moment."  
Elected Hospital District directors were Curtis Andrews, E. C. Peters, Clay Atkins & Mike Moore. Maggie Davis was also a candidate.

**FIVE YEARS AGO**  
April 9, 1970—Elected school trustees, without opposition, were Wilson Page, Cecil Pearce, and Mort Mertz.  
Funeral services were held for Mrs. Tibba Powell, who died at age 39.  
Mrs. Bruce Shipman was recovering from eye surgery in a Houston hospital.  
Bob Whitten was elected president of the Student Council, and others on the officer slate were Peggy Hill, Mary Lyn McCalla, Keith Williams, and Jimbo Overstreet.  
Alvin Luedecke was serving as acting head of A&M University.  
Work was to start soon on an addition to the Nursing Home wing of the local Medical Center.  
HemisFair had been over for about a year and a half, at San Antonio, and work was under way to convert the buildings and other facilities into a civic center.  
An organizational meeting was set for an Industrial Foundation.

**12 YEARS AGO**  
April 11, 1963—L. D. Mund wrecked his Oldsmobile when he struck a cow on the Menard highway.  
The Whitten well, 2½ miles northwest of Eldorado, was reported completed for 2.1 million cubic feet of gas per day.  
Grover Lee Johnson, with Shell, reported that he was being transferred from Kermit to Odessa on or about April 15th.  
A car accident north of town claimed the life of Robert Sproul, 66, long-time local resident.  
The Lions Club was to have a ladies night April 29th to commemorate the 35th anniversary of the local club. Don McCormick was in charge of arrangements.  
The Ministerial Alliance was putting on a Good Friday service in the Baptist church. Those participating included Kenneth Vaughan, Frank O'Banion, Dan Sebesta, C. M. Nyquist, and Johnny Griffith.  
Lynda McGinnes and Judy Hext were on the honor roll at North Texas State University in Denton.

**35 YEARS AGO**  
April 12, 1940—Coulter's announced that proceeds from cleaning would go to local Girl Scout to help pay for cost of a trip to Corpus Christi in the summer. Miss Annie Herbert was leader.  
The Lions Club was sponsoring and promoting a Clean-Up Drive over town.  
School trustees elected were Dick Bearce, W. A. Mullett and Marion Wade.  
Mr. and Mrs. H. T. Finley and George and Ebba Ann went to Dallas for the convention of District and County Clerks.  
Miss Ruth Howell directed the Senior play, "The Young Imp" which took in about \$80. The money was to be used for the upcoming Senior trip.  
Funeral services were held at Ft. McKavett for W. J. Warren, 57.  
L. N. Elder opened a radio repair shop.  
Funeral services were held in Austin for Andrew McAngus, brother of Hugh McAngus of this place.  
Eastern Star degrees were conferred on Misses Opal Strielling and I'llie McKinney. Mrs. Ed DeLong and Fred Watson, worthy matron and patron presided.  
Leaving for the CCC Camp near Brownwood were Jim Chambers, Lawrence Earl Craig, Marvin Dacy, William Jarrett, Lonnie Smith, Juan Adame and Antonio Martinez.  
Winnie Jean Steward of the 7th grade was elected Queen of the May, by a vote of the student body.

**ELDORADO Golf Club** Bingo Wednesday, the 9th, 8:00 o'clock.

**THE RIDING CLUB** will have their first practice roping this coming Sunday afternoon, April 13th at 4:00 at the arena.

**The United Pentecostal Church**  
This last week we painted the church on the inside except for the Sunday School rooms and we have paint for that.  
Sis Ford and I had some spiritual meetings in homes also. We are looking for a great move of God here in Eldorado, such as we have helped with in other towns.  
We are having a conference the first of May. Sis Ford and I will be going; we need \$100 to make this trip for expenses. I am asking you the people of Eldorado to help with this. I ask you to pray about this in the name of Jesus. Feel free to call me. Phone 853-2306 or send money to Rev. Walter L. Ford, Box 115, Eldorado, Tx 76936.

**Mrs. Autery Dies**  
Mrs. Ollie Owens Autery, 88, of Alpine, died Saturday at 2:00 p.m. in Alpine. Services were held this week in Sheffield.  
She was born in Hamilton County in April, 1887. She was the daughter of Clint Owens Sr., a pioneer family of West Texas.  
Survivors include her daughter, Mrs. P. B. Ellis of Slaton; a grandson, Eddie Autery of Denver City; a granddaughter, Mrs. Joyce Smith of Miles; two sisters, Mrs. D. L. McAuley of Muskogee, Okla., and Mrs. H. A. Porter of San Antonio; two brothers, Bode Owens of Barnhart and Bob Owens of Eldorado.  
Funeral services were held at Ft. McKavett for W. J. Warren, 57.  
L. N. Elder opened a radio repair shop.  
Funeral services were held in Austin for Andrew McAngus, brother of Hugh McAngus of this place.  
Eastern Star degrees were conferred on Misses Opal Strielling and I'llie McKinney. Mrs. Ed DeLong and Fred Watson, worthy matron and patron presided.  
Leaving for the CCC Camp near Brownwood were Jim Chambers, Lawrence Earl Craig, Marvin Dacy, William Jarrett, Lonnie Smith, Juan Adame and Antonio Martinez.

**Eldorado - Divide District News**  
**Eldorado Team Is Winner In Judging**  
The Eldorado 4-H Senior Range Judging and Plant Identification team won the senior trophy at the 9th annual Eldorado-Divide Soil and Water Conservation District Range Judging and Plant Identification Contest.  
The contest was held on the Walter Pope ranch eight miles southwest of Fort McKavett, Texas, on April 5, 1975.  
Nine teams competed in the contest in which 30 mounted plants and 30 live plants were identified. The contestants also had to give recommended conservation practices for a range plot that was marked off for the contest. A fourth part of the contest consisted of 4 range plots in which the contestants had to place 1st, 2nd, 3rd, and 4th according to the kinds and amounts of forage each plot is producing.  
The District directors schedule the contest early each year in order to give the boys and girls some good training prior to other contests which are scheduled later in the year. Directors main interest in holding the contest each year is to create more interest among the younger boys and girls in range and the different phases of range management. In years to come, some of these same boys and girls will be range managers of our rangelands.  
Winners of the senior division and their scores out of a possible 750 points were as follows:  
Matt Bumgardner .....667 points  
Britt Bumgardner .....657 points  
Joe Franklin .....602 points  
The Junior division winner was a 4-H Club team from Sonora. Their names and scores out of a possible 750 points were as follows:  
Paula Friess .....539 points  
Rick Powers .....575 points  
Brad Johnson .....414 points  
The first place winners of the senior and junior divisions received a plaque furnished by the Eldorado Divide Soil and Water Conservation District. The host, Walter C. Pope, and a member of the board of directors of the Eldorado Divide S&WCD presented the plaques to the winning teams.  
Some 33 boys and girls entered the contest this year. Even though the weather was cool the contest was considered to be one of the better contests that has been held throughout the past years. The range judging was pretty still, but plant identification wasn't so bad because of the good plants that were provided.  
Range specialists that conducted the contest included George W. Sultemeier of Fort Stockton and Dr. Bob Steger of San Angelo.  
In all, lunch was provided for some 55 contestants and adults. This included Extension agents from the different counties as well as SCS personnel from Sutton, Crockett and Schleicher counties.

**MAKING FAMILY LIFE MORE FUN**  
**YOU-"IN" OR "OUT" AS AN IN-LAW?**  
Leisure is the mother-in-law of discovery. So, why not take time right now to find out how you can be an "in" in-law - while staying out of the picture?  
Here are some tips to help you avoid trouble, build rewarding relationships between you and your son's or daughter's family, and make visiting married children lots of fun.  
A thoughtful in-law is like an affectionate kiss. Respect your son - or daughter-in-law's right to raise the family as he or she chooses. Be supportive of child-rearing methods even if they are different from your own.  
Twice blessed is a family visit when you stay at a hotel or motel. Even the best adjusted family needs privacy. Staying at a hotel instead of in your family's home when you come to visit for an extended period helps avoid strain and actually adds to the fun. In every state in the United States and countless cities there are comfortable Holiday Inns, for example, where you can relax in privacy. The restaurants and lounges are great for entertaining your family away from the home, too. The kids will love eating out, and visiting unfamiliar turf.  
Practice your vanishing act. If you see a quarrel coming in your children's family, vanish - no matter how much you'd rather stay and straighten things out. During this time you can go shopping or back to your hotel.  
Happiness is an in-law who listens. As you hear your married son talk about his problems of work, finance, house buying, do you have the uncomfortable feeling that the solutions which worked in the past for you won't work for him? Think long and hard before giving advice and listen to what your son has to say. Then, you can adjust the wisdom of experience to the new experiences of his time and place.  
When you're visiting your family, remember that it's best to mingle fun and helpfulness. The children love to romp with their grandparents, but chances are your daughter and son would also appreciate a little help with the extra work your visit's bringing. But be sure at all times not to insist on doing too much. Your role is unique. You're something in between a visitor and a family member. That "in-between" is being an "in-law."  
We don't know who said it first, but this last bit of advice was put succinctly by the 17th century English clergyman, Dr. Thomas Fuller: "I advise thee to visit relations and friends; but I advise thee not to live too near them."

Some people believe that eating a jackal's heart will cause a child to grow up a coward.

**Come to the Land Bank for a long-term loan at reasonable cost**

...and for other advantages you might find even more important.

Extra years in which to repay and an interest rate kept as low as possible are big reasons farmers and ranchers choose Land Bank financing. But your Land Bank also recognizes that each borrower needs a loan carefully planned to meet individual needs. A better loan—and better loan service. Come to us for both.

**Federal Land Bank Association Of Sonora**

**STAGE A THEATRE PARTY**

Have all of your guests get into the act this season with an after-hours theatre party. Following a popular movie or play, invite friends in for an informal supper staged with a show-stopping menu such as the one suggested by a recent Kraft Hostess Award winner.

Act One features a refreshing grapefruit ice punch followed by Spotlight Salad which teams hearts of palm, artichokes and fresh greens. Theatrical Turnovers—individual turkey pies made with flaky cheese and sour cream pastry—serve as the main course, while a Dramatic Dessert of frosted vanilla cake layered with fruit preserves is sure to bring rave reviews.

**THEATRICAL TURNOVERS**

- 1/4 cup chopped onion
- 1 cup chopped celery
- 1/4 cup Parkay margarine
- 1/3 cup flour
- 2 teaspoons salt
- 1/4 teaspoon pepper
- 1-1/4 cups milk
- 4 cups chopped cooked turkey
- 1/4 cup chopped parsley
- 4 cups flour
- 1 tablespoon salt
- 1-1/2 cups Parkay margarine
- 2 cups (8 ozs.) shredded Cracker Barrel Brand sharp natural cheddar cheese
- 2 cups dairy sour cream

Saute onion and celery in margarine; blend in flour and seasonings. Gradually add milk; cook, stirring constantly until thickened. Reduce heat; continue cooking 2 to 3 minutes. Add turkey and parsley.

Combine flour and salt; cut in margarine until mixture resembles coarse crumbs. Stir in cheese. Add sour cream, mixing until dough forms a ball. Divide dough in half. Roll out half of dough to 18 x 12-inch rectangle on lightly floured surface; cut into 6-inch squares. Repeat with second half of dough. Place 1/3 cup of turkey filling on each square. Fold on diagonal to form triangle; seal edges by pressing with a fork. Make slashes in top crust. Place on ungreased cookie sheet. Bake at 450°, 10 minutes. Reduce heat to 400°; continue baking 6 to 8 minutes or until golden brown. 12 turnovers

To Make Ahead: Prepare recipe as directed, except for baking. Cover; chill. When ready to serve, remove cover; bake as directed.

The Romans called the ring finger the "medical finger" because they thought a nerve ran directly from it to the heart. With this belief at hand, they used the fourth finger to stir medicines.

**INGENUITY IN DECORATING YOUR HOME**

IDEAS TO HELP YOU GET BETTER RESULTS AND SAVE

Thrifty Ways To Have More Beauty, Less Work

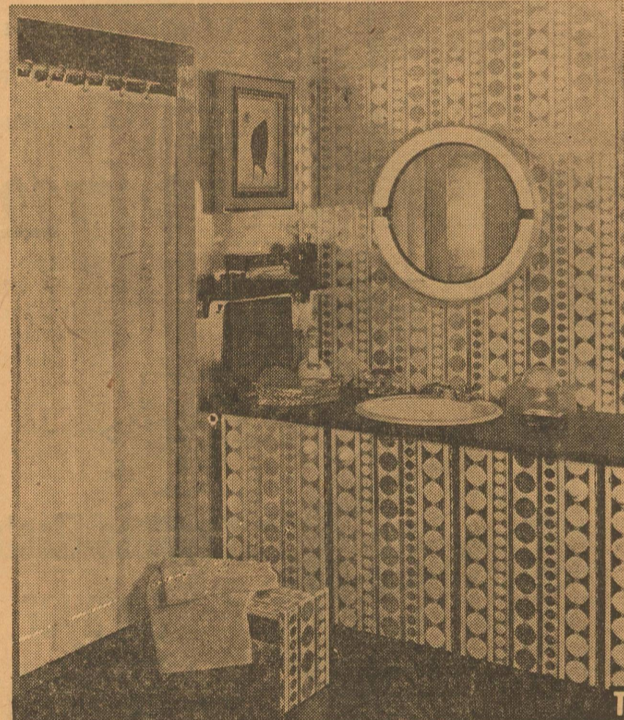

A bathroom is a marvelous place to indulge your wildest decorating fantasies. Color schemes and decorating themes too exotic for the rest of the house are perfectly valid in a bathroom or powder room.

By using your ingenuity, you can make your bathroom seem larger than it really is, keep it easy to care for and receive a shower or compliments for your decorating skills, without having to spend money like it was water.

When it comes to making a room look larger, what you make of the walls can make a big difference. One bright idea is to keep them light and shiny. Try a pair of patterns such as textured silver matched to a round of circles and silvery stripes. You can even cover the cabinets with it and do the same for a small step stool you can use for holding towels and slippers.

Clearly, see-through lucite and shiny silver accessories can add to the spacious feeling, as does the black, slate-like slab of a counter top. The shower curtain of silver fabric and the round lighted mirror reflect the wall designs while helping to extend the space.

A small picture in a silvery frame brings the walls into focus. Decorating experts at Formica, the designers of the counter top, and the washable coated wall fabrics, as well as about 900 other wall patterns, say that horizontal stripes or a large

pattern on a light background will also help make the most of a small room.

You can get a big boost for your spacious feelings from accessories that blend in well. In the light of this silvery room style, stainless steel shelves and a lot of pewter pieces can make the all-over attractiveness sink in, and a plush white area rug would round it all off.

If more formal is more for you, don't throw in the towel. Many of the elegantly flocked wall paper patterns are washable as well, and the little extra touches are an

important part of the effect. Towels with lace borders, an antique lavabo, some of the fragrant old-fashioned soaps would make excellent extras without taking up much space.

Since many bathrooms are problem areas architecturally, what's up against the walls can do wonders masking plastering and unifying irregular features.

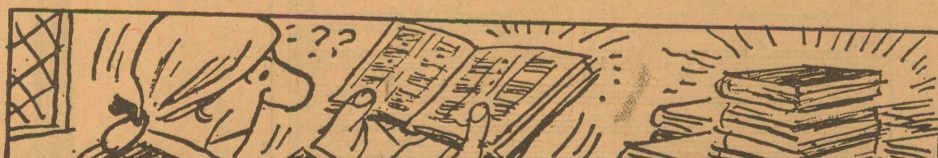

In fact, the powder room is one place you can produce some pretty practical glamour, without having to pour money down the drain.

In old England, it was the custom of the ruler to wash the feet of several beggars on Maundy Thursday. Queen Elizabeth I, however, would only do this if they had first been washed by her servants in scented water.

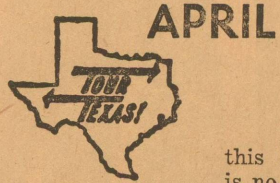

During the reign of Charles I an edition of the Bible was printed in which the text of Psalm xlv, 1 read "The fool hath said in his heart there is a God." For this mistake the printers were fined 3,000 pounds and all copies were suppressed.

The first Bible printed in Ireland was dated 1716. John v, 14 reads "sin on more" instead of "sin no more." The mistake was not found out until the impression of 8,000 copies had been printed and bound.

this little South Texas town is no different. Forty per cent of the state's crop of strawberries are grown here. Strawberry judging, fiddler's contest, a parade, rodeo and dances are also scheduled. For more information, write Zola Price, Box 466, Poteet 78065.

The following events, selected by the Texas Tourist Development Agency, are but a few of the many excellent recreational opportunities offered by communities across the state. A more complete listing of Texas events may be obtained free of charge by writing TTDA, Box 12008, Austin 78711.

April 4-5 (opening dates) Mesquite Rodeo, Mesquite. The nation's longest-running professional rodeo readies for its 18th season. Performances held every Friday and Saturday nights through Sept. beginning at 8:15. Expected for opening weekend are Don Gay, current world champion bull rider; Walt Garrison, Dallas Cowboys star who competes in steer wrestling; and Shawn Davis, three-time world champion saddle-bronc rider. For more information, write Randy Spears, Mesquite Rodeo Association, Box 176, Mesquite 75149.

April 5-6 and 12-13 Highland Lakes Bluebonnet Trail. This is a scenic 220-mile route connecting the cities of Austin, Marble Falls, Burnet, San Saba, Mason, Llano, Buchanan Dam and Kingsland. Chambers of commerce in these cities will be open these two weekends to assist visitors and issue maps showing where the best fields of bluebonnets can be viewed and photographed. For a special brochure on the whole package, write Bluebonnet Trail, P. O. Box 1967, Austin 78767.

April 11-12 Strawberry Festival, Poteet. Many communities in Texas have festivals in tribute to an area commodity and

April 18-27 Fiesta San Antonio, San Antonio. Fiesta River Parade, Fiesta Flambeau Parade and "A Night in Old San Antonio" are events that must be seen to appreciate. Ranked each year as one of the outstanding celebrations in the nation. For a full schedule of events, write Sharon Eason, Convention/Visitors Bureau, Box 2277, San Antonio 78206.

April 24-May 4 Buccaneer Days, Corpus Christi. Sailboat regatta, two parades, carnivals, tennis tournament, music festival, art jamboree, band contest, square dancing twirling contest, coronation pageant—just about anything you can name will be happening. For a full schedule of events, write Bob Finke, Buccaneer Days, Box 1200, Corpus Christi 78403.

April 25-27 Brazos River Festival/Pilgrimage, Waco. Began 14 years ago to raise funds for Waco's historic museum homes, the affair has now been enlarged to include the Brazos River Festival. Historical tour highlights festival including stop at the old suspension bridge built in 1872 and at one time, the only bridge across the Brazos River. (Famous Brooklyn Bridge later patterned after it—both built by John Roebling of New York.) For more information, write Mrs. Burke Reynolds, 4201 Morrow Avenue, Waco 76710.

Sacred kings and priests in Polynesia were once not allowed to touch food with their hands, and had therefore to be fed by others.

Many Malays firmly believe that their king possesses a personal influence over the works of nature, such as the growth of the crops and the bearing of fruit trees.

# Quite A Girl!

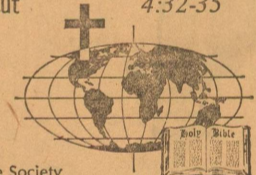

Aunt Sara looks about as stern as they come, doesn't she? As they used to say, "butter wouldn't melt in her mouth." I don't remember the occasion of this picture, since I was the baby. But I do remember Great Aunt Sara very vividly and she was quite a girl!

She was what they call a "pillar of the church." She must have baked an astronomical number of chicken pies for church suppers and served on almost every committee at one time or another. You might say she was pious, a word we don't usually care for. What I mean is that she revered her God and loved Him.

She also had a tremendous sense of humor. I remember she used to tell the funniest stories.

The point is this. So often people mistake religious fervor for a certain "holier than thou" attitude. They don't believe that humor and religion go together. But Aunt Sara proved them wrong. The Church encompasses all of life—humor and wit—as well as love and compassion . . . and so much more! You can easily find out for yourself.
