WEST TEXAS ADVANCING.

The San Angelo Standard gave as a news item, that the San Angelo Bank and Trust Company would in the near future increase their Capital stock from \$250,000 to \$600,000. The first thing San Angelo knows they will have a regular "Wall Street" in San Angelo.

W. B. Silliman and C. C. West went to Menardville Friday to confer with capitalist in that city who owns large ranch interest in this county, in regards to our railroad propositions, the committee don't want to slight any one in the county who has sufficient interest in the county for them to take a few boards, and they think by the last of the week the bonds will all be taken or near enough for the committee to close the contract with the Orient.

MUST PAY PENALTY.

The Court of Criminal Appeals of Austin affirmed the case of John King, who was convicted in San Angelo for the murder of Katie Ryan on January, 28, 1908.

The last rea of hope is almost here and King must pay the penalty. He has a life time sentence in front of him. King is a big stout man and is well known through this country, he thinks that his past life was the cause of his getting a life sentence. King's sister, Miss Agnes once taught school in Schleicher county and was well thought of.

W. H. Ogden of Wichita Falls is visiting his sister Mrs. Allen Palmer. Mr. Ogden (known as Uncle Billie) went through the war with Mr. Palmer and they have been life long friends.

Mr. Ogden will be here until after the holidays and will probably make this his home.

BIG WOOL SALES

The Wool Growers Central Storage Co. of San Angelo sold this week 360,000 pounds of wool, and March, Richardson and Hobbs sold between five and six hundred thousand, the total amounting to about \$190,000 this money will be distributed among the various sheepmen of West Texas of which Schleicher county is well represented.

SUBSCRIPTION RATE, ONE YEAR..... \$1 00

Entered as Second Class matter July 9th, 1906, at the Post Office at El Dorado, Texas, under Act of Congress of March 3rd, 1879.

Talk Schleicher and live happy.

Bacon has gone up, up, up, until there is very little going down down, down.

Have you thought about that Christmas tree.

Did you read about those big ranch deals in last week's Success? Watch these columns for future sales of the same lands, and note the profits.

Trade at home, keep Eldorado money in Eldorado, our home merchants have a good line of merchandise and deserve the patronage of the people of this trade territory, a dollar spent with them may get back into your hands again if it is sent out of town to some other house it is probably gone for good.

Only fifteen more days until glad tidings of Christmas will sound through out the world, to some it will be a happy event others will not rejoice and be merry and Christmas will be spent by them just like any other day now let the people of Eldorado have one of the merriest Christmases that has ever been had in the town and to do this it will be necessary to have a Christmas tree, one for the public for many are the little ones that are expecting Christmas to come and without a nice tree it won't seem much like Christmas, a nice tree can be had without much expense and but very little trouble so let's get busy and have one, for remember the day when you and I were little folks how sweet was the coming of Christmas and Santa Clause.

The West Texas Development Congress met in San Angelo Monday. The Success Editor had a special invitation from the General Committee, who had in charge the temporary organization of this Congress, and regrets very much that he could not be at the meeting, other prominent citizens have received invitations from the committee and some of them attended. This Congress will doubtless do much for the advancement of West Texas and should have the united effort of the people to make it a success.

Subscribe for THE SUCCESS, Only one dollar a year.

We haven't bought an auto yet but we have a brand new girl baby at our house which is equally as grand.

Help your town and county by patronizing The Success. The Success boosts your county, praises your town, and is by far the leading paper of Schleicher county, so give us a smile, a cheer or some of your \$\$\$.

Tom Nolan, who has been publisher of the Ozono Kicker for the past several years has sold the paper to E. L. Burchett. Mr. Burchett is well known throughout West Texas he is a good man and will doubtless keep the Kicker up to the high standard that Mr. Nolan has done. Here's Success to Bro. Burchett. May "ye" always prosper.

Isn't it about time the San Antonio Express quits howling about Governor Campbell, and do something worth while?—Austin Statesmen.

Amen.

Dr. Rankin says, Davidson announcing for governor hits Colquitt a broadsided lick. Yes and before the game is over with he will knock him clear off the Christmas tree.

We or in receipt of a nice long letter from our old friend E. R. Silliman, who is now Cashier of the Van Horn State Bank. Mr. Silliman writes that his folks are all well and sends best regards to their many friends.

It will be remembered that the Van Horn State Bank opened for business Aug. 16, 1909, with a \$15,000 Capital. Mr. Silliman tells us that their Individual Deposits are now over \$41,000. He likes Van Horn well and likes the banking business fine, and we feel sure that his friendly and gentle disposition will win him many friends and also friends for the Bank.

How to Treat a Sprain

Brains, swellings and lameness are promptly relieved by Chamberlain's Liniment. This liniment reduces inflammation and soreness so that a sprain may be cured in about one-third the time required by the usual treatment. 25 and 50 cents sizes for sale by B. E. Earle.

THANKS GIVING TO THE G. O. P.

Thanksgiving table supplies consisting of a nine-pound turkey, plum pudding for four, mincemeat for three pies, celery, parsley, quart of cranberries, pound of mixed nuts and three pounds of sweet potatoes were sold in Chicago ten years ago yesterday for \$1.95. Yesterday precisely the same supplies cost \$4.25. If this difference is a little above the average, it is still safe to assume that the prices of the similar articles have practically doubled in the last ten years. The department of commerce and labor at Washington found a year ago that the increase of living in ten years had been 49 per cent.

Meanwhile the increase in wages has been small and the increase in salaries has been still smaller. And since the increase in pay has not been nearly so large as the increase in the cost of living, how have the masses adapted themselves to the new situation? The answer is plain. They have simply—and necessarily—lowered their standard of living. The matter of income is, after all, measured by what the income will buy, not by its definition in dollars and cents. The incomes of the masses will not begin to purchase now what they did ten years ago; but unless there is a check in the encroachments of organized greed, they still purchase more than they will hereafter.

The greatest of all factors in the increase of the cost of living is the protective tariff. The protective tariff, in its extreme abuse, is also the chief cause of the concentration of wealth. And aside from the general suffering that arises from the inequitable distribution of wealth through the tariff protected trusts and the conditions they create, this concentration of wealth is the greatest of all menaces to the political security of the nation.—Kansas City Times (Rep.)

WHY NOT TAFT AND ALDRICH

Has it occurred to you that "Taft and Aldrich" are likely to head the republican ticket in the next campaign? Mr. Taft's endorsement of Mr. Aldrich's statesmanship, his praise of the Aldrich bill as the best tariff bill we have ever had; Senator Aldrich's tour the west and the laudatory comments made by the corporation press on the senator—all these point to a plan. New England has not had a position the republican national ticket for some time, although she has supported the ticket with great constancy; is it not time to reconize her? Senator Aldrich has announced that he will not be a candidate for the senate again. What is more natural than that he should aspire to be boss of the senate in name as he has for years been in fact, and then?

Why not Taft and Aldrich in 1912? And the people will swallow that the Aldrich and Cannon in 1916. What do the progressive say to that?—The Commoner.

How to Cure a Cold.

Be as careful as you can you will occasionally take cold, and when you do, get a medicine of known reliability, one that has an established reputation and that is certain to effect a quick cure. Such medicine is Chamberlain's Cough Remedy. It has gained a world wide reputation by its remarkable cures of this most common ailment, and can always be depended upon. It acts on nature's plan, relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. During the many years in which it has been in general use we have yet to learn of a single case of cold or attack of the grip having resulted in pneumonia when this remedy was used, which shows conclusively that it is a certain preventive of that dangerous disease. Chamberlain's Cough Remedy contains no opium or other narcotic and may be given as confidently to a baby as to adult. For sale by B. E. Earle.

Some League Thoughts.

Were you present Tuesday night? No? Why? Didn't know of the change of the time of meeting? If that was it we are indeed sorry. No you do not mean that surely? The weather too bad? Why certainly that is not the kind of stuff leagues are made of? Well at any rate we are real sorry you were not there. We did not only need you but you needed the benefit of the meeting. Yes we had a fairly good crowd, and quite an interesting meeting notwithstanding our leader Miss Nellie Williams was absent.

Some real good things were said, by different ones, in connection with the Topic and the study of the 37 Psa. You should have gotten the benefit of them.

The purpose of our league is not to entertain, while we do not intend to be dry and prosy, yet our main aim is to instruct and develop for Christian usefulness.

You will note from item 7, in the program that our next lesson of prayer vs. boasting.

Read the lesson text, and study its meaning closely, and tell us of any new thought, or special benefit, you got from the study.

Notice item 11, consists of a report from Eldorado League.

Don't fail to hear that, for, from it, you may get an inspiration to do greater things, yourself.

Take special note of item 12, and give us some good, wise, practical suggestion.

Remember, however proficient we may become in any thing in this life, there is yet room for improvement.

Marlin
.22 Caliber Repeating Rifle
Model No 20
The safety, comfort and convenience of the Marlin's solid top, closed-in breech and side ejection features are combined with the quick, easy manipulation of the popular sliding fore-end or "pump" action in the new Model 20 Marlin rifle.
In rapid firing—the real test of a repeater—the Marlin's solid top is always a protection and prevents smoke and gases blowing back; the ejected shell is never thrown into your face or eyes, and never interferes with the aim; the fat forearm fits your hand and helps quick operation.
It handles the short, long and long-rifle cartridges without change in adjustment, and the deep Ballard rifling guarantees the accuracy, making it the finest little rifle in the world for target shooting and for all small game up to 150 or 200 yards.
For full description of all Marlin Repeaters, just get our 135-page catalog. Mailed free for 3 stamps postage.

AND STILL THEY COME.

A. E. Kent and family of Houston county, have moved to the D. C. Hill stockfarm about three miles southwest of town. Mrs. Kent is a niece of Mr. Hill, and they have come to make Schleicher county their home. Mr. Kent informed us that he came through Santa Ana the home of his uncle D. C. Hill, and says that Mr. Hill contemplates coming to Schleicher in the near future. Mr. Hill has 640 acres of some of the best land in Schleicher (also Texas), and it conveniently located to town. Mr. Kent called at The Success office and ad's another name to our list of readers and The Success welcomes him and his family to the sweets of grand old Schleicher, and we only hope that Mr. Hill will see fit to move here before the roses bloom again.

Allen Palmer the expert gardener of Schleicher County brought a fine lot of celery, of his own raising to town last week this is more evidence that Schleicher County soils will produce what ever is planted.

Kills Her Foe Of 20 Years.

"The most merciless enemy I had for 20 years," declares Mrs. James Duncan, of Haynesville, Me., "was Dyspepsia. I suffered intensely after eating or drinking and could scarcely sleep. After many remedies had failed and several doctors gave me up. I tried Electric Bitters, which cured me completely. Now I can eat anything. I am 77 years old and am overjoyed to get my health and strength back again." For Indigestion, Loss of Appetite, Kidneys Trouble, Lame Back, Female Complaints, etc., unequalled. O. L. 50c at I. H. Elder & Son.

While only a few discovered the North Pole, many will discover the rich fertile fields of Schleicher County within the next few months.

THINKS LOTS OF SCHLEICHER.

Ike Honig, one of the best natured and jolliest of Schleicher county ranchmen, was in the city Sunday and Monday shipping cattle to Kansas City. Mr. Honig has lived in Schleicher county for years and thinks it is the best cattle country in West Texas. He says conditions are fine there and that cattlemen are all well pleased with the present outlook for a good winter.

Mr. Honig owns nine sections land. He says he doesn't wish to sell it, unless people quit bothering him, he guesses he will have to let go as he can't stand the pressure of fancy prices much longer. "They want the land at almost any price, so what is a fellow to do?" asked the ranchman. "I guess some of these days, I'll sell out and drift further west, but when I do it will be with regret for my leaving so many friends and the best land the sun ever shone upon.—Standard.

NEW REALESTATE OFFICE.

E. A. Nall was in from his stockfarm Monday and informed us that he would move to town about the first of the year and engage in the real estate business. Mr. Nall bought the residence, that is now occupied by H. W. McClain, from W. W. Barber for \$800. Mr. Nall did not know for certain who would be his partner or where his office would be. Mr. Nall realizes what's going to happen here within the next few months in the way of real estate changing hands and wants to get some of the sweets, and is now ready for you to list your property with him.

W. J. BRYAN ON PERSONAL LIBERTY

The liquor dealers, recognizing that their very obvious pecuniary interest would lessen the weight of any argument which they might publicly advance, are making their fight under cover of organizations purporting to represent those who use liquor.

Many well-meaning men have been misled into believing that every attempt to lessen the evils of intemperance is a "fanatical attack" on "personal liberty."

It is time the phrase "personal liberty" were defined.

What is meant by "personal liberty?"

Dose it mean that a person has a right to drink in any quantity, at any time, and in any place, no matter what injury he may inflict upon others? If not, with whom rest the right to fix limitation?

A drunken man is a menace to the lives and property of those about him: have his neighbors no right to protect themselves?

A drunkard robs his wife and children, and he may finally make his family and himself a charge upon society; has society no right to protect itself?

The saloons is next-of-kin to the brothel and the gambling hall; it is a rendezvous for the criminal element and the willing tool of the corrupt politician; has not the body politic a right to protect itself from the demoralization which the saloon works?

The right to drink dose not necessarily include the right to demand the establishment of a saloon. The right to drink is sufficiently protected by any arrangement that permits the reasonable use of liquor under reasonable conditions; and it must be remembered that the right to drink, like any other right, can be forfeited. Nothing is more sacred than the rights of life, and yet one may forfeit his right to life if he uses it in such a way as to threaten the life of another. So, the man who drinks to excess may forfeit the right to drink; even the moderate drinker may forfeit the right to drink in moderation if, not content with reasonable regulation, he insists that liquor shall be sold under conditions that constitute a menace to the home and the State.

The man who desires to drink moderately ought to join with those who seek to reduce the evils of drink to the lowest possible point, instead of allying himself with those who ignore the evils of intemperance and resist every effort put forth for the protection of society.—Commoner.

Watch for the first indication of an attack and as soon as you feel it coming on take three of Chamberlain's Stomach Liver Tablets and the attack may be warded off.

Dr. J. C. H. of New London, New York, says: "For several years my wife had physicians called sick headache of a very severe character. She had consulted physicians and at a great expense, only to grow worse and do any sort of work. What Would You Do?

In case of a burn or scald what would you do to relieve the pain? Such injuries are liable to occur in any family and everyone should be prepared for them. Chamberlain's Salve applied on a soft cloth will relieve the pain almost instantly, and unless the injury is a very severe one, will cause the parts to heal without leaving a scar. For sale by B. E. Does More Than We Claim.

Don C. Morrison, Kissimmee, Fla. writes: "I have used several bottles of Herbine myself and have advised several of my friends to use same. I have found it to be the best medicine for the liver I ever used. It acts gently at the same time thoroughly."
