

### Congressman Notes Regulation Effects

Washington, D. C.—Congressman Bob Krueger has announced that the National Science Foundation is providing grant awards for the study of the effect of Federal, State, and local regulations on the production of copper wire, consumer financial services and ground beef. According to the National Science Foundation, "the industries were chosen as representative items of importance in the economy and because public regulations are likely to affect their price, supply, and quality."

"The effects of regulation on the marketplace should be of great concern to the American people," Krueger said, "and I think this series of grants by the National Science Foundation will be of great assistance in determining these effects."

"Although we all agree that some regulations are necessary in some areas," Krueger added, "the trend in the American economy has been toward over regulation to the point of infringing on individual freedoms and the productivity of our economic system."

The NSF awards, made through the NSF's Research Applied to National Needs Program, total about \$1,631,000 for projects of 12-months duration and are the first round of research on the benefits and costs of public regulation. A concluding phase is planned upon their completion.

According to Krueger and the National Science Foundation, the first phase of the projects will identify regulations that affect price, supply and quality and whose cost or benefits are in dispute. Results sought include the measurement and evaluation of the effects of regulation upon economic productivity, performance and social welfare and information which will enable legislators, regulatory bodies, and industries to increase the effectiveness and equity of regulation.

The second phase will involve measurement and analysis of the specific costs and benefits of regulations identified.

Krueger is a member of the House Science and Technology Committee which considers funding authorizations for the National Science Foundation.

### Jesus Fuentes To Be Schleicher County Chairman Of 'Kiss A Baby Campaign' For Cystic Fibrosis In Sept.

"Little more than a decade ago the Cystic Fibrosis Foundation was working to keep C/F youngsters alive long enough to start school. Now we are trying to help some of these same patients, who have grown to young manhood, enter college or find jobs."

These encouraging words came from Mr. Jesus Fuentes, as he accepted the chairmanship of the 1976 "Kiss A Baby Campaign."

"Longevity has increased every year because of earlier diagnosis and progress on research and cure," said our chairman. "It is efforts such as these that we support by volunteering for and contributing to the Kiss A Baby Campaign." This year's campaign begins with a Door-to-Door march in September. When a C/F marcher knocks on your door, give as generously as you are able," he said. Remember that even today, with the improvements research and care have brought, there is no cure for this inherited, genetic disease. It is still destroying lungs,

digestion aid lives." Among the programs of the Cystic Fibrosis Foundation are support for over 100 Cystic Fibrosis Centers across the nation. "These Centers provide diagnosis, treatment and referral to children who have these lung-damaging diseases as well as those who suffer from gastrointestinal disorders related to cystic fibrosis," the campaign chairman said. "In Texas there are clinics at San Antonio, Houston and Dallas."

The Foundation also funds research to find a cure and control for cystic fibrosis, the most serious of these lung-damaging diseases, and to develop better treatments for children suffering from all lung disorders.

"The treatments that prolong the lives of children with cystic fibrosis also alleviate, and often cure, children with other lung-damaging diseases," he added.

Cystic Fibrosis, the number one genetic killer of children, affects one out of every 1,500 babies born

each year and occurs when a child inherits two genes for the disease, one from each parent.

"The parents don't have cystic fibrosis, but they are among the 10 million carriers of the gene in the United States," he said and added "that one goal if Foundation supported research is a test to detect these carriers."

"We don't need more reasons than these to actively support the Kiss A Baby Campaign."

#### TO CONDUCT SERVICE

The St. Luke Missionary Baptist Church will conduct the services this Sunday afternoon, July 18th, at the local Nursing Home.

#### TWIRLERS TAKE SCHOOLING

Twirlers were at Tarleton State at Stephenville recently for schooling and those attending from Eldorado were Elizabeth Niblett, Janette Hanusch, Lucy Robledo, Donna Cantwell, Paige Helmers, Sammy Jay and Toni Fatheree.

### Slimming Down the Irish Potato

Although almost every country has developed a potato dish which has become a specialty, to Americans Ireland always seems the home of hearty potato cookery.

The Irish enjoy potatoes as much as Limerick ham or a drop of fine Irish whiskey. They have created from the basic tuber (which originated in Peru) both plain and fancy dishes, such as Champ and Colcannon.

If you have a few pounds of potatoes you want to incorporate into a meal you might start with a highball of Paddy Irish Whiskey, one of the finest quality spirits from the Emerald Isle. Much lighter than years ago, fine Irish like Paddy has a lively, non-smokey flavor that suits a pre-dinner drink, especially if it's a hearty menu. Then offer a platter of grilled shoulder chops with green salad, and a heap of Irish potato cakes.

It's important to note that it's not the potato that is fattening, only the rich fixings that go with it. For sour cream substitute plain yogurt, only 8 calories per tablespoon. For butter, a tablespoon of diet margarine gives you only half the calories. Butter-flavored salt has almost no calories, as well as imitation bacon bits. Diet salad dressing, especially blue cheese, tastes great mixed into a baked potato and so does canned beef broth thickened with a little flour to make imitation gravy.

Potatoes ClanWilliam, with cheddar cheese melted over the top, or potato cakes too, can be reduced in calories by using certain ingredients. But the flavor of these Irish favorites remains, a good follow-up to a Paddy Irish Whiskey relaxer.

#### Potatoes ClanWilliam

Scoop flesh from baked potatoes, mash with a little milk. Stir in grated sharp cheddar to taste, fresh minced onion and imitation bacon bits. Put mixture back into empty shells, dot with diet margarine, rebake in preheated, very hot oven for 10 minutes until tops are golden brown.

#### Irish Potato Cakes

Mix 2 cups flour with 2 1/2 tbsps diet margarine and pinch of salt. Mix in 1 1/2 cups mashed potato and 1/2 cup milk to make a soft dough. Roll out on floured board, cut into rounds, sprinkle each with a few caraway seeds. Bake in hot oven for 20-30 minutes. Serve hot, each cake split across middle and spread with margarine. Makes about 9 cakes.

#### Pratie Oaten

Mix 2 cups warm mashed potatoes with 1 cup fine oatmeal to form a soft dough with 1/2 cup diet margarine to bind the mixture. Roll out on oatmeal-scattered board, cut into shapes, saute in a little corn oil and serve hot. Makes about 15.

## Schleicher County Report For Quarter Ending June 30, 1976

### 'BEYOND THE SUNDOWN' DRAMA IS ON AT INDIAN RESERVATION IN EAST TEXAS

Chief Antone seeks the advice of Abba Mikko, the Great Spirit in the historical outdoor drama, Beyond the Sundown at the Alabama-Coushatta Indian Reservation. The drama plays nightly except Sundays now through August 21.

Indian Village, Texas—Sunset at the Alabama-Coushatta Indian Reservation no longer brings with it the familiar sounds of crickets and other night creatures. It is now replaced by booming cannons of the Texas Volunteer Army and the spectacle of assimilated lightning streaking through the natural background scenery of towering pine trees. It is all a part of Beyond the Sundown, the historical outdoor drama of the East Texas Indians presented nightly except Sundays now through August 21. The Reservation is located between Livingston and Woodville 85 miles north of Houston.

Very little had been written about the history of the Tribes although they were estlers of the Big Thicket while still under the flag of Spain. How events led to the removal of other Indian Tribes in Texas but not the Alabama-Coushattas is the story skillfully presented in the form of modern choreography, sound effects and an original musical score on the permanent stage of the 1,545-seat Sundown amphitheatre.

The outdoor drama is part of a tourist development program begun in 1965 by the Tribes to foster the economic growth of the some 500 tribal members living on the Reservation. The tourist program now attracts over 250,000 visitors annually. Managed by the Tribal Council, activities include a daily program by colorfully feathered Indian dancers, a tour through the Living Indian Village, a Big Thicket Reptile Garden Tour and other interesting tours. Campers will delight in the modern campgrounds with complete hookups. A curio shop with handmade Indian artifacts and Restaurant opens daily at 9:00 a.m. with tours beginning at 9:30 a.m.

### NEW INTERNATIONAL BRIDGE TO BE BUILT AT PRESIDIO

Washington, D. C.—Congressman Bob Krueger (D-Tex) has announced that a permit has been issued for the building of a new international bridge at Presidio, Texas between the United States and Mexico. The new bridge is necessary because the privately-owned existing structure was built decades ago and is now structurally unsound, in spite of repeated efforts on behalf of the Presidio county commissioners to get the present owner to restore it. Krueger was the only Member of Congress to testify on behalf of the Presidio county commissioners before the State Department.

## TV tips

### SOLID STATE

Which is better? A TV with tubes or one that's "solid state?" The experts at General Electric would like you to understand the differences so you can make an intelligent choice when you're in the market for a new set.

**YOU'RE IN SOLID—When you choose advanced TV technology of Solid State.**

1. Solid state means that transistors are used instead of tubes. A major advantage of transistors is that they "build up" less heat than tubes. With less heat build up and no filaments they don't burn out as readily.
  2. Solid state TV conserves energy. In fact, some 100% solid state television sets use about half as much electricity as comparable tube type color TV sets.
  3. For easy service, many of the newer solid state sets are designed with plug-in modules. The modular design simplifies in-home diagnosis and repair and reduces the need for shop service.
  4. The newest solid state TV's will probably not be outdated for a long time. Coupled with other technological features, they should represent the standard for many years.
- Solid state is one of the newest advances in TV technology, and for energy savings and good performance, it's probably your best bet.

There have been dramatic changes in agriculture during the last 60 years... new machines, new crops, new methods. But the real production miracle is still the American farmer or rancher himself—one dedicated individual with a willingness to take chances with success or failure. We are proud that when a man of this caliber needs long-term credit, he looks to his Federal Land Bank Association.

American agriculture's real strength has always been the man and the land.

In Those Days

Compiled From Success Files

ONE YEAR AGO July 17, 1975—Funeral services were held for Victor Kent, 63; and Francisco G. Garza, 68.

Rev. and Mrs. Gene Stark and her mother, Mrs. John Callison, returned from a 3,900-mile trip to points in Southern and Eastern states.

Ten local Boy Scouts were spending the week at Camp Fawcett, and Matt Bumgardner was attending the 4-H Range Camp at Junction.

FIVE YEARS AGO July 15, 1971—Funeral services were held for Maggie Pearl Jeffrey, who died at age 68.

The local Hospital Auxiliary was promoting the purchase of a whirlpool bath to be installed in the nursing home.

Mrs. Mary Kempky visited here from Lometa to look after her property.

The Pat Wester family made a trip to several Western states. They visited Colorado, Wyoming, Utah, Yellowstone Park, and came back through New Mexico.

Mrs. Ratha Boyer was reported in critical condition in the local hospital.

An auto wreck near Menard proved fatal to Kay Merritt, who graduated in 1970 from Eldorado High. Her funeral was held at Camp Wood with burial at Vance.

12 YEARS AGO July 16, 1964—Frank Kemble resigned as high school principal to accept a similar position at Cameron. He was succeeded in the local principal's job by Guy Whitaker.

The County Commissioners met and rejected bids for the proposed extension to the jail building as being too high.

A large brooder house belonging to Paul Phillips in the east part of town was razed by fire.

Mrs. Dena White died at the age of nearly 92 and her funeral was held here.

An automobile accident in Colorado claimed the life of Clarence Fish, who owned and operated the Western Motel here.

Mr. and Mrs. George Long left on a trip to the Pacific Northwest and Canada.

Local Masons set August 1st for Open House and Dedication of their new building by Court House.

20 YEARS AGO July 12, 1956—The Corral room in the Memorial Building was renovated and improved under direction of the Home Demonstration Clubs and other civic groups.

The Southwest Texas Electric Co-Op had some coils of wire stolen from the old Humphrey hardware building on South Main.

Five-year-old Santos Pina Jr. was admitted to Gonzales Warm Springs for treatment.

Elizabeth Kay Bradley was honored on her 2nd birthday.

Oliver Burk, ag. instructor in the local schools, returned from A&M where he attended a week-long short course.

Homemaking At A Glance

by Nancy Lester. Selecting needles and threads for home sewing is more than just picking up a package of needles and finding thread to match the fabric color.

Kind and size of needle and thread necessary depend upon fiber, fabric construction and purpose for stitching.

For example, in buying needles, choose ballpoint needles when sewing knits and sharp needles when sewing woven fabrics.

We recommend using 100% polyester or cotton-covered polyester thread for polyester or polyester-blend fabrics. These threads have elasticity and do not shrink in washing.

Because of their irregularities, today's American-made polyester or cotton-covered polyester threads are not sized like 100% cotton thread.

Consequently, larger size (size 14 or 16) needles are necessary when sewing with this thread to prevent breaking, tangling and uneven tension. The eye of the needle must be large enough for the largest part of the thread to pass through.

Some Swiss-made polyester threads are more uniform in shape and they are sized. A fine needle may be used when sewing with fine thread.

Thread for topstitching, commonly called buttonhole twist, is available in polyester or cotton. It is heavier and thicker than regular thread. Choose the kind which is most compatible to the fabric being used.

A size 16 or 18 needle, used when sewing with buttonhole twist, allows the thread to move through the eye freely without fraying.

Swiss-made cotton buttonhole twist may be preshrunk on the spool before used in stitching or polyester, polyester blends or cotton fabrics. Cotton thread has a higher luster than polyester.

If your machine does not sew with heavy threads or buttonhole twist, use two strands of thread for topstitching.

Wind soe thread on a second bobbin and thread it and the spool thread together on top. Separate the two threads at the tension disc if your machine has a top tension regulator.

Thread both threads through the needle. This provides a heavier looking topstitching than one strand and resembles buttonhole twist.

Consumer Food News... College Station, Tex.—Carryover stock will break records in the canned vegetable department of grocery stores according to most predictions—so consumers can expect specials on many items, Mrs. Gwendolyn Clyatt reports.

Many fruits and vegetables are being featured in #303 cans, which contain approximately one pound or 15 fluid ounces, she added.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

In the fresh vegetable section, look for economical buys on corn, snap beans, cabbage and green peppers.

Also, carrots, cucubers, okra, cooking greens and soft-shell squash—purplehull and blackeye peas.

At fruit counters, budget buying centers on apples, nectarines, bananas, cherries, grapes, oranges and cantaloupes—along with watermelon, plums and pineapple. Lemons and limes are more plentiful and reasonably priced for summertime.

At dairy sections, features include milk, whipping cream, cottage cheese, mozzarella and margarine.

In frozen-food departments, fish packs are in ample supply at economical prices.

Fryer chicken prices are up slightly—probably due to the larger demand of the July 4 holidays, Mrs. Clyatt said.

At beef counters most cuts are features—but only a few in any one market. These include tender steaks, chuck cuts, standing rib roasts, ground beef and beef liver.

Presbyterian Notes

Dr. Gordon Garlington, III, pastor of the Presbyterian Church in Hartwood, Va., shared in services here last Sunday, with his father, Gordon F. Garlington, Jr., Minister. Gordon and Shirley and their son, Jeremy John, together with John Garlington of Austin and Miss Nieta Smith of Lovington, N. M., are guests in the manse.

THE COUNTY COMMISSIONERS met on Monday of this week and set a tax rate of \$1.25. That is about the same as last year.

LIONS CLUB MEETS The Eldorado Lions Club met at noon Wednesday, and the program was brought by Bill Rountree, the Agriculture committee chairman.

B. T. Cummings resigned resigned recently from Sonics Corp. and went back to work for B. J. Corporation.

The Morty Mertz family visited recently in Albuquerque, N. M.

# Mr. Businessman:

HERE ARE SOME QUESTIONS TO ASK THE PRINTING  
PEDDLER AND OFFICE SUPPLY SALESMAN . . .

When The Person Selling Printing Solicits Your Business, Here  
Are Some Questions He Should Be Willing To Answer  
TO YOUR SATISFACTION:

1. Is he a taxpayer in your community or county?
2. Can he fill your needs on short notice?
3. Does he donate space in the local newspaper to local and county projects and enterprises?
4. Does he pay wages to employees who live in and do business in your area?
5. Does he grant favors that you would ask of your local newspaper?
6. Does he donate newspaper space to promote you and your neighbor's business?
7. Does he support and work for issues that bring improvement to the area?
8. Does he support your civic organizations, schools and churches with free publicity?

We sincerely believe that these questions should be considered when you purchase printing. We stand ready to serve your  
Job Printing Needs: Call 853-2600

The following events, selected by the Texas Tourist Development Agency, are but a few of the many excellent recreational opportunities offered by communities across the state. A more complete listing of Texas events may be obtained free of charge by writing TIDA, Box 12008, Dept. C, Austin 78711.

Every Saturday in July and August — Historical Homes Tours, Galveston. From 11 a.m.-5 p.m. Seven 19th century homes will be open. Admission \$6 adults, \$1 children. For information contact the Galveston Historical Foundation, Box 302T, Galveston, Tex. 77553, phone 713/765-7834.

July 1-3 The 46th Annual Texas Cowboy Reunion, Stamford. This is a statewide rodeo for amateur performers. Coinciding with the rodeo is the third annual Western Art Exhibit and Sale. Admission to the rodeo, \$1.50-\$4.50; art exhibit \$1 adults, 50¢ children. For details contact the Chamber of Commerce, Box 1206T, Stamford, Tex. 79553, Phone 915/773-2411.

July 1-4 JayCee's 29th Annual Fishin' Fiesta, Brazosport. Inshore and offshore fishing competition, street dances and seafood. For details contact the Chamber of Commerce, Box 247T, Brazosport, Tex. 77541, phone 713/265-2505.

July 2 Williamson County Fair, Georgetown. Held in San Gabriel Park, the fair will have judging in flowers and plants, needlework, fruits and vegetables, baked goods, canned foods, arts and crafts, field crops and clothing. Animals and poultry, equipment and antiques will also be shown. For details contact the Chamber of Commerce, Box 346T, Georgetown, Tex. 78626, phone 512/863-2251.

July 2-5 Ranching Heritage Center, Texas Tech University, Lubbock will have its formal opening. Mrs. Lyndon B. Johnson will cut the ribbon opening the center which already has 19 authentic ranch structures on its 12-acre site. The buildings represent a century of ranch development, from a South Texas log cabin built in 1836 to a three-story ranch home built in the Panhandle in 1909. For details write the Ranch Headquarters Association, Box 4499T, Texas Tech Station, Lubbock, Tex. 79409.

July 4-Aug. 22 (except Mondays) "El Paso del Norte" outdoor drama, El Paso. The multi-cultural heritage of the area is reflected in this production in McKelligon Canyon. Admission \$2.50-\$5. For reservations contact El Paso del Norte, 1716T East Yandell, El Paso, Tex. 79902, phone 915/533-1451.

July 8-11 Spring Ho Festival, Lampasas. The schedule includes a parade, carnival, arts and crafts show, dance on the courthouse square, flea market, pet parade, beauty contest, luau, antique car show, fiddlers contest, historical tour, horse show, bake-off, and air show. For details contact Spring Ho, Box 627T, Lampasas, Tex. 76650.

July 9, 10, 16, 17, 23, 24, 30, 31 Kwahadi Indian Dancers, Amarillo. The widely-known Kwahadi Indian Dancers of Post 80, Boy Scouts of America, presents "From Where The Sun Now Stands", an 80-minute program of authentic interpretative Indian dancing. Starting at 8 p.m. the performances are held in scouts' auditorium at the corner of Plains and Bellaire streets. For tickets contact the Kwahadi Dancers, 1319T Broadmoor, Amarillo, Tex. 79106, phone 806/353-3213.

July 17-18 Lone Star Street Rod Association's Second Annual Texas State Rod Run, Waco. Four hundred cars are expected to compete in this competition at For Fisher Park. For details contact the Chamber of Commerce, Drawer 1220T, Waco, Tex. 76703, phone 818/752-6551.

July 23-25 Blackeyed Pea Jamboree, Athens. Cooking the blackeyed pea and developing a prize winning "reci-peas" is still the main event at the Jamboree, but there is also pea popping, pea shelling, a beauty pageant, country dinner, arts and crafts fair, NATO (National Association of Terrapin Owners) races, dances and a performance by country western singer Johnny Rodriguez. The final event is "taste-in" where the public has an opportunity to try the Jamboree's prize winning and honorable mention dishes. For details write Wayne Mackley, Chamber of Commerce, Box 608T, Athens, Tex. 75751.

# BLOOD BROTHERS

We're always encountering the heredity versus environment controversy... even when we think about *brothers*. Is blood primarily responsible for the bond of comradery and affection pictured here?

Or did the influence of parents and the atmosphere of their home largely inspire this relationship?

History suggests the answer in man's religious growth: it was when he came to know God as his Father that he began to think of other men as his Brothers.

The beliefs that draw families to church on Sunday inspire the dimensions of brotherhood every day.
