Krueger Announces Change in Casework Procedure

Washington, D. C.—Congressman Bob Krueger today announced changes in the way in which his office will handle casework in the future. The changes result from the Privacy Act of 1974 and are designed to protect the right to privacy of individuals affected by actions of a Member of Congress on behalf of a constituent. The law affects all cases which involve federal departments and for which personal files must be seen. The new law would require that an individual requesting assistance from a Member of Congress on a particular case provide the Member with express written permission to examine his personal government records. In other words, according to Krueger, if a member of the military desired some change in his status and was seeking Congressional help, he must so inform his Congressman in writing, with express permission to grant access to his appropriate file and records. Such a request could NOT be made by a third party, including members of the person's family.

"Upon receiving a specific request of this type," Krueger said, "I would then notify the Department of Defense that I had been authorized on behalf of one of my constituents and then show them the letter authorizing my access to the relevant records." The responsibility for the protection of a constituent's privacy is then assumed by the Congressman acting on behalf of a constituent.

Casework will still be handled in basically the same way, Krueger said, although the process must be changed slightly in order to assure that all the requests and authorizations are in order.

to privacy is a fundamental American principle, and this law is designed to guarantee that right. I do not anticipate any problems arising from its implementation, although I hope it is clear to those requesting assistance that they must personally request assistance in writing."

Krueger added, "It is hoped that this law will prevent abuses in the release of private or personal information that has no relevance to a particular case. Although I was not a Member of Congress when the law was passed, I must comply with its provisions."

Fair Set Oct. 3-19

Dallas, Tex.—Uncle Sam is having a birthday party and everybody's invited! It's the State Fair's Yankeedoodle Dandy bicentennial celebration October 3-19.

Star-spangled events will include four free Cotton Bowl Spectaculars with drums and drills, parades and pageantry, fireworks and flamenco dancers on October 6, 9, 13 and 14.

Daring aerial artists on the high wire will give free performances each afternoon on Big Tex Stage, and the Trinidad and Tobago Carnival Band on Stage 7 will thump out the Calypso beat on steel oil drums. Daily horse shows at 8:00 p.m. and multiple shows of the Dr. Pepper-Morton Foods Circus, plus Pat Robert's Pop Music are all free to fairgoers.

A double billing at the Music Hall will feature Juliet Prowse starring in her own show, Oct. 3-12, and Johnny Cash taking the spotlight the second week, Oct. 13-19.

Plucky cowboys on bucking broccos will compete for \$50,000 in prize money as they wrangle Brahman bulls and mettlesome mustangs in nine days of championship rodeo October 3-12.

Themed to the title of the Fair the eight museums will feature special exhibits pertaining to the bicentennial.

Dallas Garden Center will host three flower shows on the three week ends of the Fair: Ikebana International, the Bonsai Show and the Chrysanthemum Show.

The Stars and Stripes Theater in the Creative Arts Department will feature Yankeedoodle Dozen free fashion shows with models in the historic garments of 1700 to fall fashions 1975: a stately minuet by dancers wearing beribboned wigs and Colonial costumes; a segment from the spritely ballet and a Yankeedoodle chorus. Also in this department the Art Colony will demonstrate quilting, soap making, wood carving and other pioneer skills.

Contests run the gamut from bread making and cake baking to pumpkin carving, fashion sewing, twins and chili cooking. Traditional contests have been expanded and new ones added, including ethnic food, churning, paper-hat making and George Washington cherry pie contests, taking place in the kitchen theater.

Then there's football and hot dogs, the ferris wheel and cotton candy, nachitos and Belgian waffles all adding up to a Dandy Fair.

National 4-H Week Is On October 5-11

"4-H '76... Spirit of Tomorrow" is the theme of this year's National 4-H Week, Oct. 5-11.

More than 7 million 4-H'ers, their leaders and parents will take part in the annual salute to the Head, Heart, Hands and Health program.

Observances are expected to center on the 1975 4-H bicentennial theme, commemorating the nation's 200th birthday and accenting the history, ideas and goals of the American youth movement now flourishing in over 80 countries.

As in past years, 4-H'ers are planning special recognition events,

service projects and recruitment drives in their local communities, counties and states.

National 4-H Week is proclaimed annually by the Cooperative Extension Service, which conducts the 4-H program in all 50 states, the District of Columbia, Puerto Rico, Guam and the Virgin Islands. Extension professionals recruit, train and assist the nearly 500,000 volunteers who provide local leadership in 4-H activities.

Of the 7.2 million boys and girls from 9 to 19 involved in 4-H, more than 2.5 million belong to clubs and groups.

Nearly 900,000 take part in special 4-H nutrition programs geared to lower-income youth and their families. Another 2.5 million are reached by instructional television

series like Mulligan Stew and Living in a Nuclear Age.

Although the majority of 4-H members still live on farms and in rural communities, 17% now come from larger urban and suburban areas.

Since its beginnings around the turn of the century, 4-H has offered practical learning and citizenship experiences to millions of young people. Among the most popular projects today are those related to animals, food, clothing, bicycle care and safety, and arts, crafts and music.

Private sector donors lend their endorsement and support to the Extension-supervised 4-H program through the National 4-H Service Committee and the National 4-H Foundation.

Have A Soup-er Supper

Nothing warms body and soul better on cold or murky days than a big steaming bowl of homemade soup. Somehow the world takes on a rosier glow as the warm liquid-filled with products of a successful summer garden—does for the inside what fuzzy slippers and an overstuffed easy chair do for the outside.

Extremely nourishing and economical, soup has been a basic food in every country and with every civilization throughout the ages. France has its pot-au-feu, Italy its minestrone, Russia its borsch and China its bird's nest soup. Since time immemorial people have kept the stock pot simmering all day on the back of the kitchen stove.

In France, soup is still the basis of national diet. The word "supper" is derived from the French term "La Soupe," which has been the name of the evening meal in parts of rural France for hundreds of years.

One of the most popular of French soups is bouillabaisse. A variation of this French delight is served at the Holiday Inn in Buena Park, Calif., in which seafoods and seasonings are simmered slowly in a white burgundy wine. Another hearty meal-in-a-bowl served at the Buena Park Inn is a fascinating mixture of meat, vegetables and grain called beef barley soup.

Beef Barley Soup

- 6 qts. beef bone stock
- 1/2 lb. (1 1/2 cups) pearl barley
- 1 10-oz. pkg. frozen spinach
- 1 16-oz. can tomato wedges
- 2 10-oz. pkgs. frozen mixed vegetables

SOUP-ER SUPPER—Warm up a cold, wintry day with a steaming bowl of homemade soup filled with juicy chunks of seafood and mushrooms simmered in wine.

- 3/4 cup chopped onion
- 3 stalks celery, minced
- 1/2 large green pepper, chopped
- 1/2 lb. cabbage, shredded
- 1 bay leaf
- 1 cup burgundy wine
- 1/2 cup beef soup base
- 3 tsps. garlic powder
- 1/2 tsp. white pepper
- 1/2 lb. boneless stew beef, diced

Bouillabaisse

- 1 lb. halibut, cut in 2-inch cubes
- 1 #2 1/2 can stewed tomatoes
- 1 4-oz. can tomato puree
- 2 large carrots, diced
- 1 large onion, diced

- 2 stalks celery, diced
- 1 tsp. whole Italian seasonings
- 2 cups white burgundy wine
- 1 cup water
- 2 bay leaves
- 3 tbsps. chopped parsley
- 1 lb. fresh mushrooms, chopped
- 1 large dungeness crab, cut in chunks
- 8 large shrimp
- 8 cherry stone (large) clams
- 8 little neck (small) clams
- 8 mussels, well scrubbed

Combine halibut and next 12 ingredients in large Dutch oven; simmer 30 minutes. Place clam shells in warm oven about 5 minutes to open. Add remaining seafoods and simmer 20 minutes. Serves 6. Scallops may be substituted for mussels.

At one time, moral courage was believed to reside in the heart, physical courage in the stomach, wisdom in the head, affection in the kidneys, and spirit in the blood.

It is said that the peasants of a Yorkshire village tried to wall in a cuckoo in order to have spring eternal.

Caramel Apples For Family Night Fun

During the fall, plan some family night fun. Spend an evening making one of everybody's favorite treats — Caramel Apples; or shape up some Confetti Mallow Popcorn Balls, delicious crunchy treats studded with chopped gumdrops.

To make Caramel Apples, you'll need a 14-oz. bag of caramels and some water. Just melt caramels with water in a covered saucepan and dip apples into the hot mixture. Invite your family to decorate apples with cereal or miniature marshmallows. Set out raisins, chopped nuts and coconut too; they're all tasty toppings for delicious caramel apples.

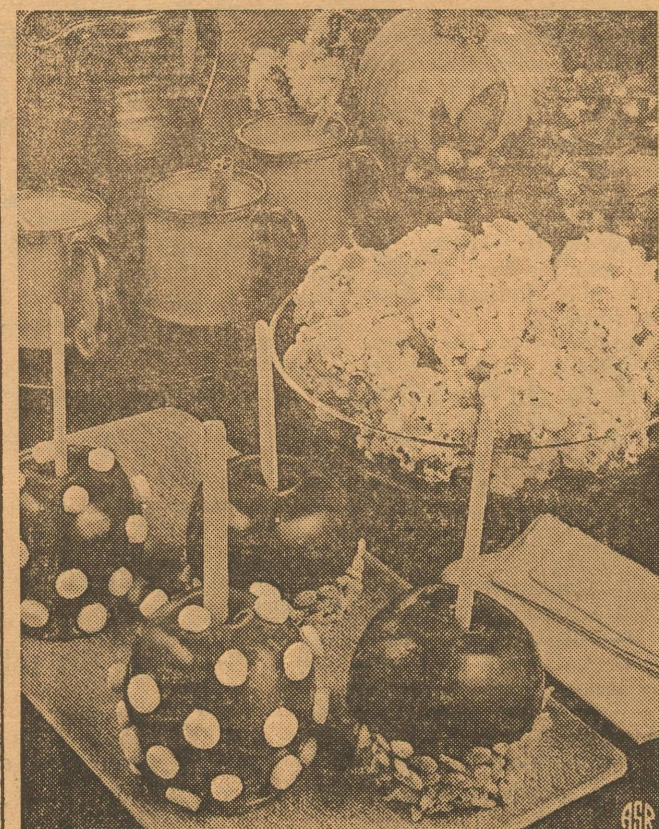

Although crisp, juicy apples and creamy caramels are available year 'round, apples are in greatest abundance in autumn. The International Apple Institute reminds you that you can use your favorite harvest-time variety for Caramel Apple-making, making sure that the fruit is firm and vivid in color. They also suggest you wash and dry apples thoroughly for best results.

The apple industry expects a bumper crop this fall, so you'll find plenty of apples in the produce section of your supermarket. You'll find caramels there too, as well as on the candy shelf, with sticks for making Caramel Apples right in the bag.

Caramel Apples

- 49 (14-oz. bag) Kraft caramels
- 2 tablespoons water
- 4 or 5 medium size apples, washed, dried
- Wooden sticks

Melt caramels with water in covered double boiler or in saucepan over low heat. Stir occasionally until sauce is smooth. Insert a wooden stick into stem end of each apple.

Dip into hot caramel sauce; turn until coated. Scrape off excess sauce from bottom of apples. Place on greased waxed paper; chill until firm. Keep in a cool place.

Variation: Before chilling apples, roll in crisp rice cereal or dot with Kraft miniature marshmallows, cut in half.

- Confetti Mallow Popcorn Balls**
- 4 cups Kraft miniature marshmallows
- 1/2 cup Parkay margarine
- 1/2 teaspoon vanilla
- 1/4 teaspoon salt
- 3 quarts unsalted popped corn
- 1 cup chopped gum drops

Melt marshmallows with margarine in saucepan over low heat; stir occasionally until smooth. Stir in vanilla and salt. Pour mixture over combined popped corn and gum drops; toss lightly until well coated. With hands slightly moistened with water, shape into 1 1/2-inch balls; place on greased baking sheet.

Dates Set For 1976 Folklife Festival

Dates for the bicentennial edition of Texas' Biggest Block Party, the fifth annual Texas Folklife Festival, were announced today by officials of the UTSA Institute of Texan Cultures. The state's largest ethnic reunion will be held August 5-8, 1976 on the Institute's HemisFair grounds in San Antonio.

Festival manager O. T. Baker explained the celebration of traditional Texan fun is now one of the largest festivals in the nation involving 26 ethnic groups and over 6,000 participants from 130 Texas towns. Over 102,000 persons were on the grounds during the 1975 four-day event.

The Texas Folklife Festival is sponsored by the Institute of Texan Cultures for one reason: to provide a platform for the many kinds of Texans to present their historic foods, music, dances, contests, games, costumes, arts and crafts to each other and to the world.

The statewide party will cover 15 acres around the Institute. Visitors can enjoy constant entertainment on seven stages, the foods of 24 nations, a pioneer life section of special exhibits or jump in

and participate or observe dozens of games and contests.

Safe Tractor Operation Now Law

Farmers and ranchers whose employees operate tractors are now required to train these employees on the safe operation of tractors, especially regarding the prevention of rollovers. This training shall be provided at the time of initial assignment and at least annually thereafter.

The required training became effective June 1 and is a part of the Occupational Safety and Health Act (OSHA), which also requires all agricultural tractors (except the "low profile types") to be manufactured with rollover protective structures (ROPS) and seat belts after Oct. 25, 1976.

"Low profile" tractors may be operated without ROPS while being used in orchards or vineyards where vertical clearance requirements of the protective structures would interfere with normal operations. However, even exempted tractors must have ROPS attached when operating under conditions not covered by the exemption.

The required tractor safety training includes the following operating instructions:

1. Securely fasten the seat belt if the tractor has a ROPS.
2. Where possible, avoid operating the tractor near ditches, embankments and holes.
3. Reduce speed when turning, crossing slopes, and on rough, slick or muddy surfaces.
4. Stay off slopes too steep for safe operation.
5. Watch the direction, especially at row ends, on roads and around trees.
6. Do not permit others to ride.
7. Operate the tractor smoothly—no jerky turns, starts or stops.
8. Hitch only to the drawbar and hitch points recommended by the tractor manufacturer.
9. When the tractor is stopped, set the brakes securely and use the park lock if available.

In addition to these particular items, we emphasize that the working environment may dictate other safety practices.

Operators of tractors equipped with ROPS are required to wear seat belts to keep them inside the protective structure in case of a turnover. Operators of tractors without ROPS should not wear seat belts.

Store Leftover Seed Properly

Every gardener worth the title has a few packets of flower or vegetable seeds left from spring and summer planting. Or they may have collected seed from their own or from their neighbor's plants.

Although old seed often has a lower germination rate as well as reduced vigor, especially if left in a hot shed or storage area, the temptation is to try to save it for next year. Proper storage can greatly increase the shelf life of many seeds.

The seed should be air-dried before placing in tightly sealed containers. It should then be kept in a refrigerator or cool basement at a temperature range of 35 to 50 degrees F.

When collecting seeds from garden plants, remember that many of the new improved varieties are hybrids and will seldom come true. This means that the offspring will have little or no resemblance to the parent plant.

Recent Hearing On Brucellosis

A recent statewide hearing on brucellosis in Austin offered an opportunity for many livestock producers and market operators to voice their views on the present program and the changes proposed by the Texas Animal Health Commission (TAHC).

Many of the beef cattle producers and market operators felt that the proposed changes would pose undue economic hardship to the cattle industry, while several dairymen felt that the Texas animal health authorities should carry out a program to eradicate the disease as soon as possible.

The nine-member commission—representing all segments of the industry—voted not to adopt the proposed changes after evaluating the testimony presented. The present program will continue until industry leaders determine future changes that may become necessary.

Yankeedoodle Dandy Is State Fair Theme

Dallas, Tex.—Yankee Doodle, whose legend in a liting song has carried on through 200 years, inspired the theme of the State Fair of Texas bicentennial celebration, October 3-19.

The "Yankeedoodle Dandy" lines, "Mind the music and the step and with the girls be handy" are in the merry mood of the 17 days of entertainment.

The Music Hall will feature two distinct types of American entertainment. Singer-dancer Juliet Prowse and her troupe will entertain with her sparkling Las Vegas Revue, October 3 through 12. The Johnny Cash Show, featuring JJUNE Carter, the Carter family, Rosanne Cash, Rosey Nix and the Tennessee, will open October 13 for eight performances.

Outdoor stages will vibrate with free daily multiple performances. On Stage 7 the 30-member Trinidad Carnival Band will entertain with pulsating calypso music on steel drums. The Pat Roberts Show of pop music will share time on the Big Tex Stage with breathtaking aerial acts. Strolling visitors can watch local dancers, folk singers, high school bands and variety entertainment on these stages hour after hour.

Also free are the four nighttime Cotton Bowl Spectaculars with fireworks finales. The Parade of Champions, October 6, 6:30 p.m.; a super marching bands contest for high school students; "I Am Old Glory", October 9, 8 p.m., a historical pageant of narrative and song; East Texas Day, October 13, 8 p.m., honoring city queens with stage entertainment, and La Fiesta Mexicana, October 14, with colorful costumes, native dancing and music.

With clowns, high-wire artists, animals and acrobats, the Dr. Pepper-Morton Food Colossal Circus will repeat its popular three rings of free entertainment several times daily.

Resplendent in red, white and blue Big Tex will set the patriotic mood for the brass bands of the U. S. Armed Forces who will march with esprit de corps, entertain in free concerts and at daily retreats.

Beginning with the opening downtown parade the U. S. Marine Drum and Bugle Corps and Silent Drill Team, Washington, D. C. will present daily afternoon concerts in the Marine Corps Square and participate in Cotton Bowl Spectaculars during the first 10 days.

The U. S. Navy will send three Corpus Christi variety groups to appear in concerts and ceremonies. The Cattle Country Mariners will open on October 3, 4, 5 and 6. The Sons of Dixie follow, October 7-19 and the Southwest Armada, October 7, 8 and 9.

The 60-piece "Air Force Band of the West," Lackland AFB, an official Air Training Command unit, will appear October 10, 11 and 12. Well-known throughout the South as a super field marching band, the U. S. Marine Air Wing Drum and Bugle Corps, New Orleans, will perform October 13-19.

Sunday afternoon concerts will be a Cotton Bowl innovation for Country and Soft Rock music devotees. Charley Pride, Waylon Jennings and Jessi Colter will entertain at 3 p.m., October 5, and Seals and Croft at 2 p.m., Oct. 12.

Sports minded visitors will follow their gridiron favorites in four major college Cotton Bowl games, courageous champion cowboys will thrill in the State Fair Rodeo and fine horses will compete in the State Fair Horse Show in the Coliseum.

With high-stepping high school and elite military bands, patriotic theme floats and city queens the Torchlight Parade will wind thru the park as a round-up of daily events in the "dandy" 90th State Fair celebration.

Get the most "freeze" for your freezer!

There's probably no more stalwart household servant than your electric freezer—think of the variety of healthy, flavorful meals it's helped serve up to your family! Make sure you're getting the most "freeze" for your freezer by following Reddy's consumer tips:

Don't overload: Efficient freezing calls for adding no more unfrozen food at one time than 2 or 3 pounds per cubic foot of your freezer's capacity. This ensures unfrozen food will freeze within a healthy 24 hours and that your freezer isn't overworked.

Take advantage of sales: Avoid overstocking with commercially frozen food that's always available; use your freezer as your own bargain counter and store foods you can buy on sale. But do allow space for short-time baked goods, leftovers and special party foods.

Lock in flavor: Use moisture and vapor-proof materials especially designed for freezers to wrap your foods. Tightly sealed, these lock in flavor and moisture and prevent "freezer burn" (surface drying) on foods. Don't use wax paper, bread paper or regular cellophane for freezer foods.

Label packages: Date and identify freezer packages so 1) you don't accumulate a lot of mysterious shapes and 2) you'll be able to pick out foods that have been in the freezer longest.

RELIGION IN AMERICAN LIFE 1776-1976

SHOULD AMERICA POSTPONE ITS BICENTENNIAL?

Some Americans have mixed feelings about the celebrations planned for our nation's 200th birthday. They find it hard to get into a festive mood when the memories of Watergate and Vietnam are still fresh in their minds. Some critics of Bicentennial observances have gone so far as to suggest plans for these events be put on the shelf until America can heal the wounds it has inflicted on itself and others.

One national religious communications organization has a different approach. For its annual advertising program beginning in the fall of 1975, Religion In American Life is recommending as its theme for all the media that we "Welcome God to America's Bicentennial..." that each of us "Practice what you pray." By urging Americans to return now to the high moral principles on which our nation was founded, it is suggested that we "Keep it growing for 200 more years."

Can such a message have a positive effect on the qual-

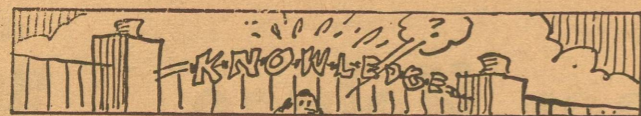

ity of America's Bicentennial celebration? Religion in American Life thinks it can. The idea for the message comes from representatives of RIAL's 43 cooperating national groups (Catholic, Jewish, Orthodox, Protestant). It has been put into print and broadcasting forms by its volunteer agency, Compton Advertising, Inc. As one of The Advertising Council's annual campaigns, RIAL receives as much as \$27 million worth of space and time contributed by the media to carry the message as a public service.

If you would like to see this message used more widely in your community, write for the Bicentennial mass media kit which contains the materials you need to interest local broadcasters, publishers, and transit advertising companies. Send \$3.00 to Religion In American Life, 475 Fifth Avenue, New York, N.Y. 10017. It may be one of the most effective ways you've found to participate in the Bicentennial and to "Practice what you pray."

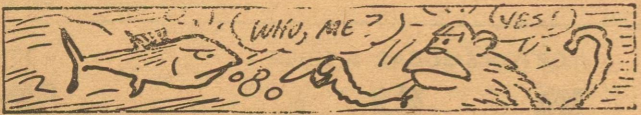

Let's keep it growing for 200 more years.

Welcome God to America's bicentennial... practice what you pray.

To be fond of learning is to be at the gate of knowledge.

The man who prays can hear the prayers of others . . . especially when he prays for those human needs which are common to all men.

But even when he prays for needs that are solely his own, he knows that those who care for him are joining their prayers with his.

And God's answers come back along the party line.

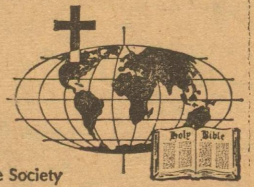

You're never quite sure the message was meant for you. You are tempted sometimes to think it was intended for someone else . . . until you realize that this answer which God has inspired in your heart *does* fit your prayer.

There are times when it's good for everybody on the party line to pick up the phone at once . . . and speak what they all feel . . . and listen to what they all need to hear.

That happens regularly on Sunday morning.
