PRESBYTERIANS TO HAVE GUEST MINISTER SUNDAY

The Rev. Walter Guin of Kerrville will be the guest minister at the First Presbyterian Church in the 11:00 o'clock worship service this Sunday morning, July 4th.

Post Script

Now It's July, 1976

We are starting the significant month of July, 1976, this Bi-Centennial Year of our Nation. The formal celebrations here in Eldorado took place last week end with the Museum dedication and Homecoming held Saturday and the Community Worship Service held on the Court House lawn Sunday. All events were well received and considered a success.

July always ushers in the second half of the calendar year. It's the first month of the fiscal year and has more than ordinary importance in the business world.

July is named for Julius Caesar, a change from its former name of Quintilis, changed on the order of Mark Antony, and was the month in which Caesar was born.

For Americans July is an especially historic month. Our independence is celebrated on the Fourth, of course, and the Battle of Gettysburg was fought during the first three days of July in 1863.

Two of our Presidents were born in July, John Quincy Adams and Calvin Coolidge. The first admiral in the U. S. Navy, David G. Farragut, was born on July 5, 1801. The Republican Party was founded July 6, 1854, at Jackson, Michigan.

One largely forgotten, though relatively recent day, is July 10th. On that day in 1943 the Allies invaded Europe for the first time in World War II. General Dwight Eisenhower led an amphibious invasion of Sicily.

July, the first month of full-bloom summer, is the month of vacations, holidays, swimming, boating and outdoor pleasures.

With our subscribers: Mrs. Gene Eubank reports new address as 4831 Rockford, San Antonio, Texas 78249. The family moved there from Odem.

Connie Sue Brumfield reports new address as Apt. 1245, 4010 Brookhaven Club Drive, Dallas, Texas 75234.

Mrs. T. Brodie Daniel recently renewed from Route 2, Box 271, Stephenville, Texas 76401. She wrote: Vadah Brown Brummett was in a Fort Worth Hospital with a broken arm the last I heard. Her home address is: 208 Hollywood Blvd., Euless, Texas 76039. I'm sure she would appreciate cards from friends. —Dayle Barber Daniel (Mrs. T. Brodie Daniel).

We encountered a good example of Associational inefficiency a few days ago. We received an imprinted envelope from Texas Good Roads/Transportation Association in Austin. Their slogan was also imprinted, "Roads Create Jobs" and the postal metered 13c was in the upper right hand corner, where it belonged. But the envelope itself was PERFECTLY EMPTY.

Whatever news release the association may have had in mind to send us will now just have to wait until the next time around. But we hope the group's various departments can learn to work together to the extent that their envelopes remain long enough for their enclosures before being mailed.

We don't know if Texas Good Roads sent out several hundred empty envelopes to newspapers over the state, but in flukes like these, some money from somewhere goes down the drain.

46th Mias Amigas Meeting Held

For 46 years, ex-students of the Eldorado High School, have traveled from many parts of the United States to meet and visit with old schoolmates here.

When the Mias Amigas got together this year for their 46th annual gathering at the Memorial Building registration began at 6:00 p.m. followed by a sandwich supper on the Court House lawn. Fun and laughter continued for hours.

More than 203 ex-students, families and friends continued to register Saturday morning. The meeting began at 9:30 a.m. with the traditional ringing of the old school bell, which has been erected on the Court House lawn by Mias Amigas of years gone by as a memorial to the days when the bell tolled the hour, reminding the

Wilkersons Have Guests

Visiting with the Robert Wilkersons last week end were Mrs. W. D. Howell of Lenora, Mrs. Doris Jordan of Wichita Falls, Mrs. Mike Jordan and Michel Shawn of Wichita Falls, Mr. and Mrs. Kent Howell of Dripping Springs, and Cortus Howell of the West Texas Boys Ranch. Curtis Howell also came in third in the Beech Nut spitting contest. Also representing the Wilkerson class in various events and contests at the Festival were Mr. and Mrs. Larry Vick of Odessa. "You folks in Eldorado sure know how to make a fellow feel welcome and have a good time," quoted "Uncle Kent" at the end of a beautiful day. Thanks, Eldoradans, for making us "newcomers" feel like "old timers."

Cars Collide Sunday

Two vehicles driven by Mrs. Evelyn Stigler and Shannon Wilkerson collided Sunday at the intersection of roads north of the Memorial Building. Mrs. Stigler was taken to the Medical Center where she was treated and released. Both vehicles sustained some damage.

By JANNETTE WILKERSON

The Museum dedication was a beautiful tribute in memory of Ernest C. Hill. The ribbon cutting was the final step in the realization of a dream for all Schleicher County residents. Mrs. Ernest C. Hill did the honors, after Winnie Jackson had given a stirring and timely opening address. Over 300 guests signed the Museum register book. The register table was graciously attended by Elizabeth Powell, and the lovely flowers were donated by Elvora Love, and the red roses along with the red, white and blue ribbon used for the ribbon cutting, were donated by Cathy Niblett. The flag pole was put up by David Meador, and the cement work in front was done by David Griffin. Robert Isaacs installed all the light fixtures and did numerous other jobs in and around the Museum. The new flooring was put in by Thomas Jones, Bob Bradley, Jr. Isaacs, Winona Isaacs, and Margaret Frost. Bob Bradley also donated all the plate glass for the shelves. In addition to making available his skills, Jr. Isaacs has worked long hours on every project connected with the Museum. Everything from getting a pick up in and out of the Museum, to tightening screws, we knew "Jr'd do it." Zane Miller did the carpentry work, attached the glass shelves, and made frames. His wife, Jan, arranged the windows, and display cases. Without the nimble fingers of Ernestine Hext, our cataloging process would have been in trouble.

DELONGS HOLD REUNION

The DeLong families all met in Christoval June 27th for the DeLong family reunion. Represented were members of the Dave DeLong families, and members of the George DeLong and Sam DeLong families. Forty-five members attended and enjoyed lots of visiting. Mr. and Mrs. Howe Mays of Mertzon will host the reunion next year.

First Baptists To Have Fourth Of July Picnic

This Sunday evening at 6:00 p.m. First Baptist Church will have a 4th of July picnic on the courthouse lawn. The congregation will meet at the picnic tables. Drinks will be furnished and each family is to bring its own picnic meal. Paper bowls and spoons will be furnished by the church so all who bring homemade ice cream can share! There will be a short evening service on the courthouse lawn following the meal, and then anyone wishing to play dominoes can do so. It is just planned to be an evening of fun and fellowship. If it should rain, all the activities will be moved to the fellowship hall at First Baptist Church.

Men's Prayer Meeting Set At Baptist Church

Sunday morning, July 4, at 12:01 a.m. the men of First Baptist Church will be having a special Bi-centennial Prayer Meeting in the church sanctuary. John Callison will lead the meeting. The purpose of this prayer meeting is five-fold:

- (1) To thank God for His Goodness during our first 200 years.
 - (2) To acknowledge that the only way to true freedom is through Jesus Christ, and as we observe the bicentennial anniversary, remember the source of our freedom as well as our responsibility now and in the future.
 - (3) To start the second 200 years of our nation kneeling in prayer.
 - (4) To affirm our goal of "Good News Texas" of seeing that every person in Texas is confronted with the gospel during 1977.
 - (5) To undergird "Good News Texas" with prayer for the Mary Hill Davis State Mission offering goal of \$1,776,019.76.
- "Good News Texas" is an evangelistic effort by all Southern Baptist Churches of the Baptist General Convention of Texas for 1976-77. Although part of the prayer meeting will have to do with some of our denominational goals, First Baptist Church urges all Christian men of the community to attend.

LESTERS BUY HOUSE

Mr. and Mrs. Bob Lester recently purchased Mrs. E. H. Nimitz's house located in the north part of town. The sale was arranged by James Williams Real Estate.

ENGAGEMENT ANNOUNCED

Miss Debrah Elaine Johnson, daughter of Mr. and Mrs. Lloyd B. Johnson, will become the bride of Mr. Tom Chase on August 7th at the Eldorado Church of Christ.

Bomb Threat Made To Local Church

The Rev. Gene Stark, pastor of the First Baptist Church, received two telephone calls Saturday that a bomb had been placed in the church building and was to go off by Sunday morning.

Rev. Stark notified the Sheriff's office and then he and Sheriff Orval Edmiston, Deputy Jack Jones and Guy Whitaker spent part of Saturday checking the church, but they found no bomb. The Sunday School was called off for Sunday morning and the congregation participated in the community church service held on the Court House lawn. Sheriff Edmiston and telephone company officials continued early this week to check into the matter.

This was the second such bomb threat made by phone here in Eldorado. Last September 3rd a threat was made to the First National Bank at which time the bank was closed for the day while investigations were made.

Monday, July 5th, To Be General Holiday

The Fourth of July this Bi-Centennial year come up Sunday. Most stores, offices, and other businesses will observe Monday, July 5th, as a holiday. Monday is designated as a Federal holiday which means that all Federal offices including the Post Office will be closed on the day, although mail will be put up in boxes as usual. Service stations and convenience food stores, generally, will be open on Monday to serve the public.

Owen Fry Dies

Services for Owen Abner "Cap" Fry, 76, were held at 10:00 Thursday morning in Westside Church of Christ, with burial in San Saba cemetery.

He died last Wednesday in Schleicher County Medical Center in Eldorado.

Mr. Fry was born Feb. 19, 1889 in San Saba. He moved here in 1925 and was a rancher. He was a member of the U.S. Navy during World War II.

Survivors include three sisters, Mrs. Hattie Carnahan of El Paso, Mrs. J. Moody Smith of San Saba, Miss Ora Fry of Eldorado; and several nieces and nephews.

Bi-Centennial Events Unqualified Success

One of the largest crowds of people in many years were in Eldorado on Saturday, June 26th, to help celebrate the opening of the new Museum and to attend the Bi-Centennial celebration, which came on the heels of the annual Mias Amigas meeting.

There were activities for the entire family to enjoy, including the cow-chip throw, the tobacco spitting, and the greased pig chase and the style show, and many other things. The style show brought in \$108 and the quilt brought in \$190 and was won by Granvil Hext and \$200 was brought in from the sale of the barbecue tickets. It was estimated there were around 800 served barbecue.

THIS IS THE BICENTENNIAL YEAR OF
AMERICAN INDEPENDENCE

The Spirit of '76 . . . The valiant founders of our country put at stake their "lives, their fortunes and their sacred honor" in order to form these United States of America. Were it not for their fearless love of freedom, this land would not be what it is today. The freedom which we consider our birthright, and oftentimes foolishly take for granted, would not be ours, were it not for the gallant stand they took on July 4, 1776 at Philadelphia.

Let us the living today, who many times feel that we are faced with problems which have no solution, take heart from the example of these gallant fathers of our country. Let us pledge ourselves to upholding this great nation which was born from their foresight, gallantry, hard work and life's blood.

* * * *

A Friendly Reminder . . . Most Eldorado stores will be closed all day this coming Monday, July 5th, in observance of the Independence Day holiday. Do your shopping with them ahead of time with the holiday in mind.

DPS Predicts 42 Will Die Over The Fourth

Austin, Tex.—The director of the Texas Department of Public Safety said today indications are that some 42 persons will be killed in Texas traffic accidents during the Fourth of July week end, and called upon Texas drivers to "prove our estimate is too high."

Colonel Wilson E. Speir said his department expects "unusually heavy traffic" throughout the state, especially around recreational areas and where Bicentennial celebrations are scheduled.

He said the estimate covers a 78-hour period which starts at 6:00 p.m. Friday and continues until midnight Monday, July 5th.

During a comparable period last year, the department estimated that 54 persons would be killed during the holiday period. At the conclusion of the July 4th holiday last year, statewide statistics indicated 44 lives lost and rose to 49 with late reports.

In a concerted effort to keep deaths down, the DPS and local law enforcement agencies will be cooperating in an all-out effort to make the streets and highways as safe as possible. All available DPS troopers will be on duty. Speir indicated, and they will be especially watchful for drinking drivers, speeders and persons driving in a reckless manner.

In addition, the DPS will be working with the news media in a special public education program termed "Operation Motorcade" that focuses public attention on where and why fatal accidents are occurring during the holiday period.

BICENTENNIAL AMERICA

The Spirit Of '76

The Bicentennial is here! Time to celebrate our country's birthday and what better way than with rum, which has a tradition as old as America.

To help celebrate the Bicentennial, here is a tasty punch not only featuring rum, but other favorite American ingredients like cranberry juice and tea, which played its own part in the Revolution.

BICENTENNIAL PUNCH

In a large bowl mix:

- 1-1/2 cups sugar
- 1 cup lemon juice
- 2 cups cranberry juice
- 2 cups orange juice
- 2 cups strong tea
- 1 to 2 bottles white Puerto Rican rum

Pour into a large punch bowl, or, in season, a hollowed out pumpkin shell. Add ice cubes. Serves 12 people twice.

For a free recipe booklet "Pour an Easy Rum Party" that gives food and drink recipes for ten party occasions, as well as tips on how to set up the bar, write to Dept. JP, Rums of Puerto Rico, 1290 Avenue of Americas, New York, N.Y. 10019.

Fat is the most concentrated source of food energy. It supplies 9 calories per gram while protein and carbohydrate provide 4 calories per gram.

Care instructions on flame resistant textiles should be followed strictly because improper care may even make the fabric highly flammable. For example, soap and hard water mineral deposits can counteract the effect of flame-retardant finishes.

Folklife Festival Just A Month Away In San Antonio

San Antonio, Tex.—Youngsters reared in the science fiction fantasyland of the Nuclear Age can learn to load an 18th century rifle, used when combat was strictly man-to-man.

People who are experts at eating a Rueben sandwich on the run at fast food restaurants can slow down, pick a cabbage from a wagonload, and try making sauerkraut.

These and scores more demonstrations, performances & "schools" are scheduled by 26 separate Texas ethnic and cultural groups who will become volunteer "teachers" when the Institute of Texan Cultures stages its annual Texas Folklife Festival August 5-8.

These citizen teachers come from over 100 Texas cities and communities to teach bits of their unique heritage to the more than 100,000 visitors expected for the four-day Festival on HemisFair Plaza in downtown San Antonio.

Learning is the theme of the 1976 Texas Festival and visitors will be urged to participate in everything from churning butter to making lye soap.

Visitors who prefer play to learning a skill will have plenty of opportunities. Texans of Belgian origin will demonstrate "bolls," their version of bowling. Italians will teach bocce and there will be dart games in the pub operated by English Texans.

Energetic visitors can try their luck at a Scottish caber toss. For the more sedentary, there will be a short course in whittling.

"Our goal for the 1976 Folklife Festival will be to make learning fun," Jack Maguire, executive director of the sponsoring Institute of Texan Cultures, said. The Institute is a part of The University of Texas at San Antonio.

During and between classes, however, there will be so many varieties of ethnic foods available that the "students" will need hours just to sample them all.

Greek souflaki (marinated shish kebabs), or Czech klobasnickies (sausage rolls) will be available; Lebanese Texans will serve such Middle Eastern foods including baked Kibbe (meat loaf), taboulee (health salad), sambuski (pecan pastries) and spinach pies. And this is only a hint of the international feast available for either sampling or full meals.

Entertainment is nonstop. Visitors can enjoy the steel drum music and comic patter of Bongo Joe Coleman of San Antonio, or listen to the Bunny Brass Band from the Epster Fires Pageant in Fredericksburg. They can join the Cajun Texans in a fais do-do, or dance with the Czech Texans in a Moravian Beseda (circle) dance.

Advance tickets are on sale at the Institute, and will be offered elsewhere in San Antonio in mid-June. They sell for \$2 per adult and 35 cents for children under 12. Gate prices are slightly higher.

Free shuttle bus service will be available from downtown San Antonio parking lots.

Shuttle bus fare from Wonderland Shopping Center in Northwest San Antonio will be \$1 per round trip. Round trip fare from McCresless Shopping Center in South San Antonio will be 70 cents.

Signs will mark Park and Ride locations, as well as downtown bus pick up sites.

Additional information is available from the Institute Information Office, Institute of Texan Cultures, Box 1226, San Antonio, Texas, 78294, telephone 512-226-7651.

UNION OF THIRTEEN

The first Stars and Stripes, whose birthday we observe on June 14, was created on that date, in 1777, when, according to the U.S. Marine Corps Reserve, the Continental Congress resolved: "That the flag of the thirteen United States be thirteen stripes, alternate red and white; that the union be thirteen stars, white in a blue field, representing a new constellation."

kids that it was time to come to class.
Mr. and Mrs. T. J. Bailey of Eldorado and Ozona presided as co-chairmen, as the meeting began.
Edwin T. Johnson of Guadalupe, Old Mexico, was recognized as having traveled the longest distance. Elaine Johnson Dettmar, daughter of Edwin T. Johnson, along with her husband, Hans, came from Frankfurt, Germany, to be a guest at her father's homecoming.
There were 11 from states other than Texas.
Chris Enochs of Eldorado was recognized as the oldest person present.

A memorial service directed by Mary Ellen Tisdale Hughes, was held during the morning session to honor those members of Mias Amigas who have passed on to a better home since the last meeting. A poem was read by Mrs. Hughes. Lucille McWhorter accompanied by Maxine Page sang, "Mine Eyes Have Seen the Glory." A beautiful prayer was offered by T. J. Bailey.
During the business meeting, the Mias Amigas club presented a check for \$200 to the Schleicher County Museum, a gift that is very much appreciated by the Historical Society and its members who have labored so hard to build the Museum now contained in the old Eldorado Hardware building. The building was given to the Schleicher County Historical Society by Mrs. Ernest C. Hill as a memorial to the late Ernest C. Hill.
Memorials and donations were individually presented to the Museum by members of the Mias Amigas.

After a delicious salad luncheon served in the Lions Club room of the Memorial Building, the 46th annual meeting of the Mias Amigas came to an end with everyone present joining in to celebrate the 200th birthday of America. And that "My Friends" is another story.

Bi-Centennial Week End Events at 6 Flags

Arlington, Tex.—Six Flags Over Texas will celebrate the Bicentennial weekend with three top-name entertainers, Ray Charles, Chuck Berry and Mel Tillis, who will perform at the Music Mill Theater.
The king of soul music, Ray Charles, will perform in two concerts at 8:00 p.m. and 10:00 p.m. Friday, July 2. Chuck Berry will appear the next day in two concerts at 8:00 p.m. and 10:00 p.m. on Saturday, July 3. Mel Tillis will close the special weekend activities during 7:00 p.m. and 9:00 p.m. concerts on Sunday, July 4.
Ray Charles has been called a legend in his own time, a genius and a man who touches men's souls as he has captured audiences around the world with his inspirational music.
Charles is a man of many talents. He taught himself to play and write for every bass and wind instrument in the orchestra.
In addition, the singer, who has been blind since he was seven years old, plays a challenging game of chess, has the technical knowledge to pilot a plane and has ridden a motorcycle.
It was a long, hard climb for Charles, who not only had the disadvantage of being blind, but was an orphan by the time he was 14.
At an early age, he developed his love for music and soon decided to make a career of it. He traveled around the country with a number of bands before cutting I Got a Woman on Atlantic Records in 1954.
This record introduced him to music lovers, who have accepted his ever since as one of the greatest recording artists of all times.
Charles divides his time between concert tours around the country and overseeing his corporation, R-PM International in Los Angeles.
Berry is another singing superstar who first gained fame in the '50's. He is credited with being one of the initiators of rock and roll music with his first recording, which was also his first big hit called Maybellene.
Between 1955 and 1958, at least one of his records was always on the top hit lists. Some of his greatest recordings include Roll Over Beethoven, Rock and Roll Music, Memphis, Johnny B. Good and Nadine.
Berry was born in St. Louis, Mo., in 1926. He began playing boogie woogie rhythms on the piano at seven and bought a second hand Spanish guitar for \$4 when he was in high school.
In 1952, he formed his first group and played clubs around St. Louis on the week ends. He worked during the week as a carpenter and studied cosmetology and considered becoming a hairdresser.
That was before he recorded several songs for Chess Records. One of these songs, Maybellene became an instant hit and Berry was on his way to developing a special type of music that is enjoyed today.
The special July Fourth weekend talent lineup will end with a touch of country by Mel Tillis.
Tillis has composed more than 500 songs, including Detroit City, which gave Bobby Bare a gold record and Ruby Don't Take Your Love to Town, which sold a million records for Kenny Rogers and The First Edition.
With his band The Statesiders, he has made television appearances on such syndicated shows as Tony Orlando & Dawn, Dinah, the Tonight Show, the Midnight Special, Mike Douglas, Merv Griffin and Hee Haw.
Tillis has also appeared in the 20th Century Fox film W. W. & The Dixie Dance Kings, playing dual roles as himself and a service station attendant.
No one would have thought Tillis would become a recording artist if he had known him as a child where he grew up in Pahokee, Florida. A bout with malaria at three years old left Tillis with a bad stutter.
He still stutters during his performances when he entertains the audiences with his special ad lib stories about his experiences. However, when he sings, the stutter is completely gone.
For the Bicentennial birthday celebration, Six Flags Over Texas will be open from 10:00 a.m. until midnight Friday and Saturday, July 2 and 3. On Sunday, July 4, the park will be open from 10:00 a.m. until 11:00 p.m.

Cookouts With A Colonial Flair

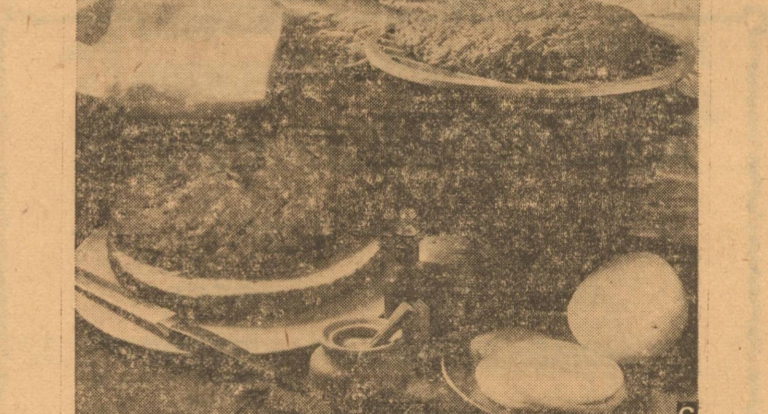

At this time of year, millions of Americans flock outdoors for family picnics and parties. It takes just a few good whiffs of the aroma of meat sizzling on an open grill to entice almost everyone to migrate outdoors.
What has become an increasingly popular national pastime really is nothing new — just updated in a modern fashion. Our colonial ancestors ate their meals outdoors too, but usually as necessity rather than choice.
Two hundred years ago, it took flint stones and dry wood to get a good fire going outdoors. Now we have the convenience of modern outdoor barbecues.
Nearly anything can be cooked outdoors — steaks, roasts, ham, even vegetables . . . and of course — hot dogs and hamburgers.
With reminders of our American heritage all around us this year, the Scott Paper Company Home Service Center suggests that this can be the season for Bicentennial parties and picnics — 1976 style.
An interesting and inexpensive addition to a Bicentennial theme is the use of ScotTowels with heritage designs printed on them. They make colorful and attractive table runners for parties and picnics.
There are towels with pictures of log cabins at Valley Forge, the Spirit of '76, colonial army uniforms, and the like. Looking at them brings a reminder of what John Adams, our second president, declared on July 2, 1776 when the resolution for independence was adopted.
"This will be the most

memorable epoch in the history of America. I am apt to believe that it will be celebrated by succeeding generations as the great anniversary festival. It ought to be solemnized with pomp and parade, with shows, games, sports, bells, bonfires and illuminations, from one end of this continent to the other."
So, better brush up on your history! Then you'll be able to answer when people look at the towel designs and ask how the Liberty Bell got its crack. (It was on George Washington's birthday in 1846. The bell was very much intact when it rang out the news of the Declaration of Independence on July 8, 1776. Only two people signed it on July 4.) It's an interesting way to learn some facts about American history.
And, when the party is over, use the paper towels for clean-up chores. Then dispose of the paper products in the proper receptacles to help eliminate litter.
Don't wait until July 4 to start celebrating. You can start right now to say "Happy Birthday America."

COME AND GET THE BIG BURGER!

Big, bigger, biggest—that's a Paul Bunyan Burger! Big enough to serve six people at once!

For outdoor barbecue fun this summer, grill this giant-size hamburger. It's made of two pounds of lean beef seasoned with salt and Tabasco pepper sauce. The liquid seasoning adds just enough spice to the good meat flavor. Shape into a large patty seven inches in diameter, grill, then slip the burger into a bun an inch larger all round. Make the tasty bun from a package of hot roll mix, Tabasco and grated Cheddar cheese.
Paul Bunyan was a mythical hero of the American Northwest lumber camps, whose loggers whiled away their evenings spinning exaggerated tales of his gigantic size and labors. They surpassed those of Hercules—or so the stories went, anyway!

- PAUL BUNYAN BURGER**
- Bun:** 1 package (about 14 ounces) hot roll mix
1/2 teaspoon Tabasco pepper sauce
2 cups (8 ounces) grated Cheddar cheese
 - Burger:** 2 pounds ground lean beef
2 teaspoons Tabasco
3/4 teaspoon salt

To make bun: Dissolve yeast in warm water as directed on mix package; stir in Tabasco. Add egg as directed on package. Blend in flour mixture; stir in grated cheese. Cover; let dough rise in warm place away from draft until double in bulk, 30 to 45 minutes. Shape into 1 large bun, about 8 inches in diameter; press flat about 1 1/2 inches thick. Place on greased cookie sheet. Cover; let rise again until double, about 30 minutes. Bake in 375°F. oven about 25 minutes. Cool on cake rack. At barbecue time, split bun and wrap in foil. Heat on side of grill (or in oven) while burger is grilling.

To make burger: Break up ground beef with fork. Sprinkle with Tabasco and salt; mix lightly. Shape into large patty about 2 inches thick and about 7 inches in diameter; handle as little as possible for a more tender burger. Cook on grill about 10 minutes on each side for rare meat, or to desired degree of doneness. Use cookie sheet as a "giant turner." Yield: 6 servings.

Austin, Tex.—Texas Good Roads Association wants \$500 million a year in additional state highway fund revenues to avert a financial "crisis" in road building.

The 2,000-member group, at its meeting here, adopted a resolution calling on Gov. Dolph Briscoe and the legislature to deliver the funds. Suggestions: using highway user tax revenues now going to the general fund or tapping other general funds and new sources.

The resolution also proposed restructuring state highway user tax rates to make them "responsive to inflation."

Studies indicate a backlog of \$11 billion in highway improvement projects and anticipated revenues for construction during the next 20 years of only \$1.9 billion, TGRA said.

"All existing revenue will be needed by 1980 just to maintain the existing state highway system, with no funds available for upgrading obsolete roads and bridges for new construction," the resolution continued.

TGRA said Texas highway user taxes are now the lowest in the nation.

Parties Battle

Democrats and Republicans wound up their state conventions, and Democrats are still fighting. Houston City Controller Leonel Castillo has announced he will oppose Calvin Guest of Bryan for chairmanship of the state Democratic party if he can get backing. Castillo already is campaigning with various caucuses within the party.

Gov. Briscoe served notice at the Houston convention he is determined to keep Guest for a third term as chairman. But Briscoe didn't do so well in electing his choices to Democratic National Committee places at the Houston convention. And the same delegates who served there will be back for the September session at Fort Worth, where state party control is determined.

How to Fight A Kitchen Range Fire

Most kitchen range fires occur when cooking oil, fat on meat or clothing touches a hot element or burner.

The Food and Drug Administration's Bureau of Product Safety estimates that about 100,000 burn accidents from kitchen ranges occur each year.

We offer some practical guidelines for dealing with a fire in the kitchen. If a fat fire should start in the cookware on the range's surface units—or in a fondue pot or electric skillet—immediately cover the pan and turn off the source of heat.

Use a fire extinguisher if the fire should spread. Or baking soda may be thrown on the fire if an extinguisher isn't available.

Never try to carry flaming cookware outside or to the sink, and do not throw water on a grease fire. Water only causes grease fires to spread.

If a fire starts in the oven or broiler, close the door, turn off the source of heat and keep the door closed. With limited air, the fire should go out in minutes.

Consumer Food News

College Station, Tex.—Fresh vegetables in "heavy supply"—some with lower prices than a year ago—are in Texas grocery stores, and they make the "best buys" currently in produce departments, Mrs. Gwendolyn Clyatt says.

Among them are cabbage, carrots, green peppers, corn and cucumbers, along with yellow squash and potatoes.

Another "good choice" is dry yellow onions.

"Consumers can expect price decreases on Southern varieties of peas—and on okra—as supplies increase," she said.

Mrs. Clyatt is a consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

"Watermelons continue in good supply and quality, but present prices probably will remain until after July 4th."

"Honeydew melons are not as plentiful—due to hail in the Rio Grande Valley earlier in June."

"Texas cantaloupes are plentiful, mostly in small size."

Soft, summer fruit is increasing in supply, and prices are more attractive. Items in particular are peaches, plums, grapes, nectarines and cherries.

At meat counters, consumers can find forequarter cuts reasonably priced, the specialist said. She cited warmer weather accompanied by less consumer demand as one reason for lower prices on those cuts, "making chuck cuts economical buys."

Cuts she termed "moderate to economical" in price are a few of the quick-cooking beef steaks, ground beef and liver.

Location is 1,400 feet from the north and 1,320 feet from the east lines of 55-LL-GC&SF.

It is also 2 1/4 miles southwest of Skelly Oil Co. No. 1 Wade, a 7,400-foot failure, abandoned April 28, 1964. It topped the Strawn at 7,291 feet and the Ellenburger at 7,371 feet on elevation of 2,501 feet.

It is also 2 3/8 miles northeast of Texas Crude Oil Co. and McFarland No. 1 Doughdrill, a 7,664-foot failure, abandoned Sept. 2, 1953. It topped the Strawn at 7,420 feet and the Ellenburger at 7,478 feet on elevation of 2,476 feet.

The Cody Bell, Southwest opener, T. C. Meador No. 1 Annie Mae Murphy, was finished July 9, 1975, for a calculated, absolute open flow of 9 million cubic feet of dry gas daily through perforations at 4,983-5,010 feet. It was drilled to 6,840 feet and topped the Canyon "A" sand at 6,490 feet and the Canyon "D" sand at 6,728 feet.

Chocolate Cream Cake

This extraordinarily moist chocolate cake almost shouts, "Surprise!" — with its party-filling baked right inside. One secret ingredient, buttermilk, provides rich tenderness. Another, vanilla pudding, adds creamy texture to the filling. Prepare the pudding filling early, then assemble the final cake when convenient.

Spread half of the batter in the pan, cover with pudding and top with remaining batter. After baking, frost with chocolate frosting or simply dust with confectioners' sugar to add the finishing touch.

Chocolate Cream Cake is really something to boast about when you bake it with enriched flour. Enrichment adds the essential B-vitamins — niacin, thiamine and riboflavin — and the mineral, iron, to the natural goodness already available in flour.

Chocolate Cream Cake
 one 13 x 9-inch cake

- | | |
|---|---|
| 1 package (3 1/4 oz.) vanilla pudding and pie filling (not instant) | 2 square (1 oz. each) unsweetened chocolate, melted |
| 2 cups enriched flour* | 1 teaspoon vanilla extract |
| 1 teaspoon baking soda | 3/4 cup buttermilk |
| 1 teaspoon baking powder | 1/2 cup chopped pecans |
| 1/2 teaspoon salt | Chocolate Frosting OR sifted confectioners' sugar |
| 1/2 cup butter | |
| 1 cup sugar | |
| 2 eggs | |

Prepare pudding according to package directions. Cool completely. Stir together flour, soda, baking powder and salt. Cream butter and sugar until light and fluffy. Beat in eggs. Blend in chocolate and vanilla. Add flour alternately with buttermilk, beginning and ending with flour. Stir in nuts. Spread 1/2 of the batter in greased 13 x 9-inch baking pan. Spoon pudding evenly over batter. Spoon and spread remaining batter over pudding. Bake in preheated 350° oven 40 minutes. Cool completely. Frost with chocolate frosting or sprinkle with confectioners' sugar.

*Spoon flour into dry measuring cup; level. Do not scoop.

Not 13 Cherries, General... 13 Stars!

Legend has it that in June, 1776, George Washington and a committee of Congress asked Betsy Ross to produce the first American flag. Betsy had made shirt ruffles and other finery for the General, who knew of her skill as a seamstress.

Working from a rough sketch of a flag, Betsy made her own modifications to what was, most Americans believe, the first American flag, with 13 stars arranged in a circle.

Although the Stars and Stripes flew in many forms during the Revolution, there is no record of the Ross version. Most historians are sure that the Ross episode is legend rather than history. Yet, despite the lack of evidence, Betsy and the "first" flag remain one of the better known stories of Revolutionary America.

Given George Washington's equally legendary link with cherry trees, we've stretched the legend even further, suggesting that it was Betsy who insisted on stars for the "first" flag. We're hoping to remind everyone that from 1776, the first week of summer, is National Sweet Cherry Week. Since it is true that sweet cherries are available only during the first few weeks of summer, enjoy them while ye may.

Dental Facts & Fancies

Teeth are one of the most nearly indestructible parts of the human body. The 300,000-year-old Java man was discovered with a tooth still in his head!

Dental decay is one of America's most common diseases. The average American, at age 30, has only 12 healthy, unfilled teeth.

The average high school student has 10 cavities in his mouth!

Dental insurance has been one of the country's fastest growing employee benefits. Some 35 million Americans are now covered by group dental plans, according to Connecticut General Life Insurance Company, a major dental insurer. One-third of this enrollment has occurred within the past two years.

In 1974, expenditures for dentists' services in the United States came to \$6.2 billion, or \$29.23 for every person in the population!

Government Reduction Bill Introduced

From Office of Lloyd Bentsen
United States Senator

Washington, D. C.—Senator Lloyd Bentsen Tuesday introduced a bill requiring Congress and the Administration to consider how many people would be added to the government payroll before launching any new programs.

"Sound management procedures dictate that the first thing you look at is how many people it will take to staff a new office or carry out a new program. This is basic. Yet it is something that government all too often fails to do," Bentsen said in remarks accompanying the Government Reduction and Control Act of 1976.

He listed a series of five specific steps his legislation would take to curtail the growth of the Federal government and to insure that the most effective use is made of government workers:

—All legislation considered by Congress must be accompanied by a manpower impact statement outlining estimated manpower needs and costs;

—The President must submit, with his annual budget message, a five year estimate of Federal manpower needs;

—All government agencies must establish Management Improvement Programs within their personnel offices to assure effective use of the people working in the individual agencies;

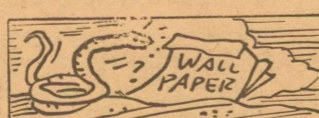

—All government agencies must prepare specific plans to reduce costs by eliminating marginal activities and by increasing management effectiveness;

—The Office of Management and Budget is required to submit to Congress each year a study of the management efficiency and manpower utilization in one area of government activity.

"My bill will focus the attention of both the Executive Branch and the Legislative Branch on the effectiveness of government manpower management," Bentsen said.

"At the end of March, 1975 the aggregate annualized payroll of the Federal government—exclusive of the cost of benefits and overtime pay—was \$31.9 billion.

"Let's ask the question, is all this really necessary? And let's have that question answered. In many cases I believe that the answer will be no," Senator Bentsen said.

The proportions of small rooms with high ceilings can be improved by painting the ceiling a strong bright color or covering it with wallpaper in a colorful, busy pattern.

Outdoor Drama Given At Indian Reservation

Indian Village, Texas.—A conflict between the American Indians and the white people in East Texas appears imminent in current weeks. In fact, open warfare and heated debates are expected. Fortunately, the peace-loving citizens of the Big Thicket need not worry because the entire affair will be on stage at the Alabama-Coushatta Indian Reservation as part of Beyond The Sundown historical outdoor drama. The second season of the drama opened on June 18 for a nine-week summer run ending August 21. It will be presented nightly except Sundays.

More than 40,000 spectators are expected to see the excitement of a professionally-produced outdoor drama with a talented cast of 65 including an actor off Broadway. The playwright of Beyond The Sundown is Kermit Hunter, Dean of School of the Arts at Southern Methodist University in Dallas. Dr. Hunter is well known for his achievements as a playwright, musician and poet in addition to an educator. He has more plays produced successfully than any other American Playwright.

The historical drama of the Alabama-Coushatta is produced on a permanent stage of the 1,545-seat Sundown amphitheatre. It was built in 1975 as a bicentennial project.

Tiny finger drums to huge booming bass drums were used to compose the original musical score for Beyond The Sundown by Frank Lewin who is on the faculty of the Yale School of Music. The entire music for the drama is on tape and played back through a quadraphonic sound system.

Battle scenes assimilating the conflict for the Independence of Texas is one of the many highlights of the exciting drama. For more information, call 713/563-4391 or write Beyond the Sundown, Rt. 3, Box 649, Livingston, Tex 77351.

July 23-25 Blackeyed Pea Jamboree, Athens. Cooking the blackeyed pea and developing a prize winning "reci-peas" is still the main event at the Jamboree, but there is also pea popping, pea shelling, a beauty pageant, country dinner, arts and crafts fair, NATO (National Association of Terrapin Owners) races, dances and a performance by country western singer Johnny Rodriguez. The final event is "taste-in" where the public has an opportunity to try the Jamboree's prize winning and honorable mention dishes. For details write Wayne Mackley, Chamber of Commerce, Box 608T, Athens, Tex. 75751.

FOUR FREEDOMS

To print the story of a day or the thoughts of a mind . . . To gather in assembly to express common concerns . . . To talk to the man across the street or the millions across the land . . . To worship God according to the dictates of one's own conscience

The first three have sometimes been marred by abuse. The fourth is nullified by neglect.

Carry that thought with you — especially on Independence Day during the celebration of our nation's Bicentennial. And then, next Sunday, join all the rest of the millions of our people who are making sound and sacred use of their religious freedom.

These four freedoms stand like sentinels of Liberty.
