Number 33

Smoke From Grass Fires Reaches City of Eldorado

A wind-driven brush fire Monday afternoon scorched off about 10 sections of rangelands before being controlled late in the day, to the immediate southeast of Eldorado. Places affected were those of Jimmy Powell, Morty Mertz, and Thomson.

The neighboring towns of Ozona, Sonora, Christoval, and San Angelo sent units to aid local firemen. Fire trucks were joined by privately-owned spray units in going out on the McIntosh road and Highway 277 south of Eldorado. The latter was closed for a while on account of the heavy smoke and the blaze came fairly close to Western Company's plant. Fire fighters confined the blaze to the east side of Hwy. 277.

Everybody Kept Up On The C-B

The first of several intermittent fire alarms sounded here Monday at about 2:00 p.m., and the C-B reports were keeping the public informed.

"Where is the fire?" was the question asked time after time.

Answer from Lovelady on C-B: "Go east from Eldorado and cross the tracks, turn south on the McIntosh road and go six miles."

There were reports all afternoon.

At 5:30 a voice on C-B asked if they had any food out there. There were some demands for more water.

At 5:45 p.m., the fire was approaching the Western Company plant three miles south of Eldorado on the Sonora highway.

Firemen from all the neighboring towns were there with their equipment and manpower.

Along about 6:00 o'clock Lovelady said there were a group of ladies making sandwiches, and taking them to the Sheriff's office where they would be delivered to the firemen. It looked like a long night, but by sundown the wind had died down and the big fire was under control.

By Tuesday morning, the big fire was out, and Eldoradoans could still smell the smoke.

Most Major Fire In About Six Months

Monday's big blaze was the biggest for this county in about six months. Early last Spring, a conflagration swept the east end of the county, from Mrs. Myrtle Williams' place on the Menard highway northward a number of miles on the Toenail Trail road.

Daughter Born To Jack Williamses

Mr. and Mrs. Jack Williams announce the birth of a daughter Aug. 14th in the local hospital. She weighed 6 lbs. 10½ oz. and has been named Misty Nicole.

Grandparents are Mr. and Mrs. Dee Williams of Welch, Texas, and Mr. and Mrs. Le Roy Hanusch of Eldorado.

Great grandparents are Mr. and Mrs. Walter Hanusch of Eden, and Mrs. Grace Williams of Quanah, and Mr. F. H. Reeder of Sherman, and Mr. and Mrs. Henry Ross of Vernon, Texas.

The Williamses have one other child, a daughter, Kimberly Dawn.

Social Security Man Is Here Today

Peter Gonzales, social security representative for the San Angelo Social Security office, has scheduled his August visit to Eldorado. He will be at the Fire Station on Thursday, August 18th, from 1:00 p.m. to 2:30 p.m.

Anyone who wants to file a claim for benefits, get information, or transact other business with the Social Security Administration may contact him at this time. Persons who are unable to meet with him are encouraged to call the office in San Angelo.

TO CONDUCT SERVICE

The Church of Christ on the Mertzton highway, of which B. C. Coates is minister, will conduct the service this Sunday afternoon, Aug. 21, at the local Nursing Home.

Mr. and Mrs. Dee Williams and Lori from Welch came Friday to visit the Jack Williams family and to welcome another new granddaughter. The Williamses will spend this week in Eldorado.

Daughter Born Aug. 1

A daughter, Ruby Claudia, was born Aug. 1st to Mr. and Mrs. Paul Gonzales. The baby weighed 9 lbs. 9½ oz. and is their first child.

Mr. and Mrs. Eluterio Guerrero and Mr. and Mrs. Ramon Gonzales, all of Eldorado, are grandparents.

1977-78 School Year Starts Monday Morning

GUY WHITAKER
Superintendent

ROBERT JAY
High School Principal

WALTER WALLIS
Elementary Principal

Starting Monday morning at 8:05 will be the fall term of school, and classes will be run on the regular schedule for the day.

School Supt. Guy Whitaker reports that arrangements are complete, and the following assignments of teachers and other personnel have been announced:

Leslie Baker, Bus. Manager;
Donald Brim, Math;
Mrs. Jo Callison, 6th grade;
Mrs. Janella Crippin, 1st grade;
Mrs. Nancy Doyle, 2nd grade;
Frances Edmiston, Nurse;
Imogene Edmiston, 5th grade;
Joann Edmiston, 3rd grade;
Sue Ganschow, Special Ed.;
Julie Griffin, 6th grade;
Shannon Harber, Elem. P. E.;
Robert Helmers, Eng., Reading;
Delia Herrera, Special Ed.;
Ernestine Hext, Tax Assessor-Collector;

Lexie Hodnett, Plan A Reading;
Fred Igo, Voc. Ag.;
Juanita Igo, Aide;
Linda Ingle, Eng., World History, Civics;
Shirley Jackson, Eng., Spanish;
Billie Jones, 2nd grade;
Jeneva Leifester, Librarian;
Winston Leifester, Elementary Boys' P. E.;

Jimmy Marshall, Assistant Football Coach, Jr. High Science, and Health;

Randy Mason, Jr. High Girls' P. E., Reading, Eng.;

Wayne McDonald, Band;
Donna Mikeska, Kindergarten;
Larry Mitchel, Social Studies;
Becky Moore, 4th grade;
Pat Moore, English, Journalism, Math;

Melissa O'Harrow, 4th grade;
Sondra Orr, Remedial Reading;
Dana Owens, Homemaking;
Pat Pitts, Aide;

Jill Preston, Special Reading;
Myrta Rathbone, 1st grade;
Gloria Rodriguez, Kindergarten;
Vinita Su Scott, Business Math, Shorthand, Typing;

Denise Smith, Music;

Lynda Sparks, Lunchroom Book-keeper;

Evelyn Stigler, 3rd grade;

Patsy Terry, Secretary;

Tim Terry, Biology, Chemistry, Algebra, and Head Basketball boys;

Kenneth Thomas, Math, B Team Football;

Nancy Thomas, Secretary;

Maria Tobias, Aide;

Ester Torres, Aide;

Barbara Wade, Science, algebra;

Mary Ruth Wallis, Aide;

Beth Whitaker, 5th grade;

Debbie Williamson, Special Reading;

Mike Williamson, Am. History, Geography, Head Football Coach;

Ken Wilson, Talon Sponsor, Eng., Speech, Reading.

School Menus

(Meals served with hot rolls and milk).

Monday, Aug. 22: German style sausage, pinto beans, buttered potatoes, sliced beets, white cake/chocolate icing.

Tuesday, Aug. 23: Turkey a la king, whole kernel corn, sliced peaches, sugar cookies.

Wed., Aug. 24: Hamburgers, potato ships, lettuce & tomatoes & pickles, cheese strips, ice cream.

Thursday, Aug. 25: Fried chicken & gravy, creamed potatoes, green beans, carrot & pineapple & raisin salad, apricot cobbler.

Friday, Aug. 26: Sandwiches—Tuna, chicken salad, pimen. cheese, peanut butter; french fries, pork & beans, banana pudding.

News Of The Sick

Jim Cawley was a patient in the local hospital this week.

Earl Yates has been a hospital patient.

Ben Hext, 82, was taken to the local hospital during the week end and remained confined this week. He is in traction for a back condition. He and Mrs. Hext observed their 62nd wedding anniversary recently.

While coming home Sunday from Brady with her husband, Tom, Mrs. Lois Carroll slipped out of the car, slipped and fell and broke her arm. She is confined home this week. She is a cashier at Parker Foods.

Kenith Homer was in Shannon hospital for surgery last week.

Post Script

It goes without saying that Monday afternoon was a busy day for the firemen, as they fought the big blaze south of town.

The weather remains hot and dry over the area, with 100-plus temperatures each day, and drouth cracks are starting to show up.

Cover its high and under dry on city lots and rangelands, and the firemen have voiced their usual warnings to local residents to be careful with all open fires, such as trash burning.

For those who listened to the C-B during Monday's fire, Lovelady is Elnora Love, and Horse Trader is Harvey Kisselburg.

Mrs. Margaret Frost and her committee have sent letters out to local residents and former residents who now out of town requesting family history write-ups.

Some people may want to know just what kind of information is wanted. A sample write-up is on page 5 of this Success issue. You may read it, and then set down similar ideas as they relate to your particular family history.

No, when you heard the Wow-Wow siren recently, it was not the ambulance.

The new fire truck has a siren that sounds like an ambulance. It's confusing until the public gets used to it.

The new fire truck has already been put into use fighting the recent grass fires.

Firemen Called Again To Same Location

At about 3:00 p.m. Tuesday, the fire siren sounded and the firemen were called back to the area south of town where the big fire occurred the day before.

Report was that the new fire was headed toward Jim Holley's house, but by 3:30 p.m. Lovelady reported that the fire was under control.

STILL IN HOSPITAL

Mrs. Bert Homer of Moses Lake, Wash., and her daughter-in-law, Mrs. Karen Homer, remained hospital patients this week following the vehicular accident last Thursday.

HOMERS HAVE VISITORS

Mr. and Mrs. Bert Homer of Moses Lake, Washington, came about four weeks ago to visit in the Kenith Homer home.

Also visiting the Homers were Mr. and Mrs. Wayne Van Keuren and son David and grandson Monty Crabbe from Seattle, Washington.

Mr. and Mrs. Jim Morrill and daughter Donna of Portland, Indiana, visited the Kenith Richardsons on Monday of this week. They were on their way to Grand Canyon and other points west of here.

The Lester Dahlberg family spent part of last week attending the Boys Encampment and seeing other places of interest in the Ft. Davis area.

Miss Lux Engaged To Mr. Garrett

SHERRI DAWN LUX

The engagement of Miss Sherri Dawn Lux of Lubbock to Mr. Stephen Allen Garrett also of Lubbock has been announced.

The couple plan to marry Oct. 15th in the First Presbyterian Church here in Eldorado.

The bride elect is daughter of Mrs. W. V. Lux of Route 1, Eldorado, and the late Mr. Lux.

The prospective bridegroom is son of Mr. and Mrs. Walter Garrett of Rockwall, Texas.

Miss Lux graduated from Eldorado High School in 1973 and Texas Tech University in 1977 with a degree in Clothing and Textiles.

Mr. Garrett graduated from Justin F. Kimball High School in Dallas in 1971, and from Texas Tech University in 1975. His degree was Bachelor of Business Administration in Management, and he is employed by Lender's Insurance Agency, Inc.

Mishap Occurs Sunday

Sunday afternoon, Mr. and Mrs. Tom Carroll were on their way to Brady. They stopped about 14 miles from Brady to get some coffee out of the trunk of the car. Mrs. Carroll was getting out and fell and broke her arm. The Carrolls went on into Brady to the hospital where Mrs. Carroll had her arm set.

Mr. and Mrs. Tom Carroll returned home Sunday evening and were accompanied home by Mr. and Mrs. Jack Whiteley of Brady. The Carrolls had to return Monday to see the doctor.

City Of Eldorado Receives Latest Rebate

Austin, Tex.—State Comptroller Bob Bullock had some good news for financially pressed Texas cities: city sales tax rebates to date are running a healthy 19% ahead of last year.

Bullock's announcement came as his office mailed checks Monday totaling \$15.1 million to 863 Texas cities as their August share of the 1% city sales tax.

The City of Eldorado was rebated \$1,565.82 for latest period and 1977 payments to date total \$14,410.43.

Mr. and Mrs. Jerry Thompson and son of Big Spring visited here this week with Mrs. Ray Alexander and other relatives.

Nursing Home Notes

Well sir! Ruthie really put the Big Pot in the Little one last Friday with the Barbecue. It was a grand success and it was wonderful. So many members of the families of the Residents here in the Home were here, which made it a gala affair.

We appreciate the many things that Ruthie does for us. We could not get along without her.

The barbecued goat and beef were delicious, but it always is when Orland Harris does the barbecuing.

Elva Daniels is still in the Hospital here but expects to be returned to her room today.

There were a few visitors last week. Mary Oglesby's nieces, Shirley Wade of San Angelo, and Mrs. Cork of Lamesa, California, visited her.

Jimmie, Bell, and Gina Harris, and Ginger Dempsey, all from Marfa, also Arlene Payne from San Angelo visited their grandmother, Beulah Harris, and Alva Lee, Melanie and Kirby Harris of Van Horn visited Beulah Harris and LaVita Brooks.

Frank Reed is doing better and we are glad.

Andy Campbell was taken into the Hospital here last night and we are hoping that he can be back with us in the Home in a few days. Everyone misses Andy.

The bingo winners last week were: Beulah Harris 2, Bess Andrews 1, LaVita Brooks 1, Erna Rexroat 1 and Andy Campbell 1.

We didn't play Bingo last Friday.

"The happiest miser on earth is the man who saves up every friend he can make." —LaVita Brooks, Beulah Harris, reporters.

Wreck Occurs Thursday On Big Lake Highway

A wreck last Thursday on the Big Lake highway involved two local vehicles, a truck driven by Earl Yates, who was driving west on 29 and Mrs. Kenith Homer who was driving east.

Both vehicles were badly damaged. The mishap occurred about 10 miles out.

Mr. Yates and Mrs. Homer were brought in to the local Medical Center for treatments.

(Related Photos are on Page 5.)

Picture Taking Held

The Eagle football teams had their picture taking session at 5:00 o'clock Wednesday of this week. Coach Mike Williamson was in charge of arrangements.

Photos were taken of the varsity boys, along with groups of the B Team and Coaches.

House Warming Set

A House Warming honoring the Domingo Pina family will be held this Saturday, August 20th, from 2:00 to 5:00 p.m.

The Pinas moved a ready-built house recently to their lot on the Mertzton highway.

All their friends are invited to the Open House and House Warming Saturday.

K. C. And The Sunshine Band Boogies Back

Arlington, Texas.—K. C. and The Sunshine Band that drew a record crowd to the Music Mill Theater earlier this summer will return to Six Flags Over Texas Friday, August 19.

The top disco band in the country played to an estimated 18,000 persons during two concerts on August 3 at the theme park.

Their popularity at Six Flags is equaled to the response they have drawn across the country with their phenomenally successful boogie music. The lively music that sparked the renewed popularity in the disco resulted in three of their songs going to number one on the charts during their first year—a feat no one has matched since the Beatles.

The nine-member group has an interesting origin. Leader K. C., who is Harry Wayne Casey, was working in a Hialeah, Florida record warehouse when he began spending off hours at a nearby recording studio. He met bass player Rick Finch and they started writing and experimenting with music.

In the four years the young men in their mid-20's have worked together, the country has felt vibrations from such hits as That's The Way I Like It, I'm Your Boogie Man, Shake Your Booty and Get Down Tonight.

They wrote and produced McCrae's Rock Your Baby, which became a multi-million seller. And at the same time they continue to turn out hits, they have become a rage on the concert scene with lively, explosive performances where band members play and release a flurry of energy.

Concerts are scheduled at the Music Mill Theater at 7:00 and 10:00 p.m. Six Flags Over Texas will be open from 10:00 a.m. to midnight on that day.

BANKING IS EVERYBODY'S BUSINESS

Your Credit History—Make Sure It Exists

By Willis W. Alexander
Executive Vice President
American Bankers Association

Do you have a credit history? Do you know why you ought to if you don't? Do you know what a credit history is?

If you're drawing a blank on these questions—read on. You'll want the answers before a specific need sends you out to borrow money.

Your credit history is a record of how you have handled financial obligations in the past. It tells whether or not you have made your loan repayments on time, if you have ever defaulted on a loan (failed to complete the payments) and if you have ever filed for bankruptcy.

This information is used by lending officers in deciding whether to grant you a loan. It helps to establish your "creditworthiness." In determining whether or not you have this characteristic, most lenders look for two things: first the "ability to repay debt," which usually means the size of your income; and second, the "willingness to repay debt," which means how you've handled credit in the past.

If you have a credit history, it will be on file with a credit bureau. You can check with your bank to find out which one they use. The Fair Credit Reporting Act of 1970 gives you the right to examine your credit file for a small

fee—or without charge, if you are challenging a credit denial.

Most people assume that if they have borrowed money in the past they do have a credit history. Some married women suddenly widowed or divorced have been shocked to find that they don't. This is because, historically, reports to credit bureaus on accounts used by both husband and wife were usually made only in the husband's name.

A new provision to the Equal Credit Opportunity Act which went into effect in June has changed that situation. You may have already received a notice explaining the new regulation from the businesses and financial institutions with which you have credit arrangements. If not, you will before Oct. 1.

For existing joint accounts, the amendment stipulates that all lenders' reports to credit bureaus include both spouses' names if both use the account, and if either requests the dual reporting. To request it, simply return the reply card.

And, when you do, be sure and give your personal first name. The credit history should be filed under Betty Jones Doe—not Mrs. John Doe. That way, you'll have established your own financial identity and credit history. For accounts opened after June 1, don't worry, dual-name reporting is now mandatory.

County Extension Agent's Column

Confab On Water Quality

Texas farmers and ranchers desiring to have inputs into a voluntary planning program of water quality management will want to attend a conference on "208 Planning for Texas: Agricultural and Silvicultural (forestry) Nonpoint Source Water Pollution Control Program" at Texas A&M University on Aug. 29-30. The conference will feature speakers who will give state and national viewpoints on non-point source pollution programs as well as speakers who will discuss technology and research, especially dealing with problems on sediment and agricultural chemicals, says a soil and water use specialist with the Texas Agricultural Extension Service.

Moisture Level For Grain Storage

Watching the moisture content of grain crops is a key to their safe storage says an agricultural engineer with the Texas Agricultural Extension Service. Grain crops are often harvested at moisture contents of 18% or above to increase harvesting efficiency. However, this often makes mechanical drying necessary to prevent mold.

Farm Energy Efficiency

Farmers need to give more attention to using energy efficiently, Dick Conolly of the internationally known Stewart and Stevenson engineering company recently told a statewide gathering of county Extension agents. He said that the efficiency of pump plans can be increased from 42 to 75%, resulting in a fuel or energy savings of about 50%. With the high cost of farming today, farmers cannot afford

HOT! HOT! WEATHER!

is here, and that means that hot-weather driving is now here in force !! Bring your car or truck in any time and let us check the air conditioning system; we will add freon if necessary. Of course we can service your vehicle with top quality Texaco products and services.

Call us at 853-2939

And Employees

ford to be inefficient, he emphasized. He called on the county agents to help farmers cut energy costs.

Accident Control

About one-sixth of all fatal traffic accidents occur on Friday or Saturday night between 10:00 p.m. and 3:00 a.m. It's a time for extra caution when driving, says the Texas Agricultural Extension Service.

Clipping Grocery Coupons

Not every coupon is worth clipping. Some are money savers, but some invite waste, says Claudia Kerbel, consumer information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Save money by redeeming coupons on products you regularly use. But don't buy unneeded items just because the coupon makes them cheaper, advises the specialist.

Coupons come by the billions—on packaged products, through the mail, and in newspapers and magazines. But each one has restrictions, so read and follow the manufacturer's terms.

Child Rearing Costs

"Middle class" Americans spend \$64,000 per child, says Debby Johnson, family life education specialist with the Texas Agricultural Extension Service.

State Affairs Conference Set For October 11 & 12

Texas Governor Dolph Briscoe, national pollster George Gallup, 21st District U.S. Congressman Bob Krueger and Texas Comptroller Bob Bullock are scheduled to address sessions at the third annual West Texas Conference on State Affairs to be held October 11 and 12 on the campus of Angelo State University.

The conference is planned as a meeting and interchange of ideas between citizens and leaders in government, business and related areas. It is designed to increase in participants an awareness and understanding of many of the major challenges confronting state and local communities and to provide the occasion for West Texans to exchange ideas freely among themselves and with state leaders.

AND ALL OF US WISH TO WELCOME ALL STUDENTS AND TEACHERS AS THEY PREPARE TO START A NEW SCHOOL YEAR

Today's teacher faces not only a room full of new faces but also a host of complex personalities . . . young people from diverse backgrounds but with common needs. It's a great responsibility and a challenging task to mold these young minds. The dedicated teacher recognizes this challenge, knowing that such dedication transmits to students a desire to learn, to excel, and to become better people. Our Eldorado teachers ably meet this challenge and through them, tomorrow's citizens emerge.

We at Southwest Texas Electric Co-Op are proud of the Eldorado schools and of our area teachers, who work with inspiration and dedication to build better citizens for West Texas. We, too, are proud to have a part in the growth and development of this area.

Obesity can be a heavy burden on your health. It may hasten hardening of the arteries, affect arthritis and gout, strain the heart and make it more difficult for the body to fight other diseases and conditions. And diabetes is four times more common in obese than in lean adults.

Nevertheless nearly 35 million Americans are fat. One man out of every five and one woman out of every four over the age of 20 are overweight.

Doctors generally believe a person's ideal weight approximates that at age 25. Weight gain during adult life is associated with increased mortality.

To combat the threat of obesity, many people have substituted saccharin for sugar in their diets.

A recent article in "The New York Times" points out:

"Whereas the typical diet soft drink contains no more than four or five calories in

a 12-ounce quantity, the equivalent sweetened with sugar typically contains about 150 calories. Drinking one such container of soft drink a day for a year would contribute nearly 55,000 calories to the diet. This is enough to cause a weight gain of 16 pounds in a year.

"Someone whose only switch involved putting a teaspoon of sugar instead of saccharin in a cup of coffee three times a day would gain an additional 51 calories a day. A teaspoon of sugar contains 17 calories. Over a year's time, such a person could, everything else being equal, gain five and a third pounds."

Currently, there are no substitutes that could fill saccharin's role in providing a calorie-free sweetener, and people concerned by this are writing to their congressmen.

If you're not quite at the right weight, consider seeing your doctor. He can help you take a load off your mind—and your body.

Wallpaper was invented in the 16th century when someone discovered that the paper lining used for books would look good on walls.

Honeysuckle was once used by some people to cure their obsession with the past.

A common herring lays about 25,000 eggs at a time.

Consumer Food News

College Station, Tex.—Vegetable economy starts with comparing—form, supply level, quality and price, according to Mrs. Gwendolyn Clyatt, consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System.

Form—Check different forms of food—fresh, canned, dehydrated, frozen—and compare them by amount and price.

Supply Level and Quality—Take advantage of vegetables in seasonal abundance, since at this time they are at peak quality—and often low in cost.

Radio, television and newspapers announce food in plentiful supply. Limit purchases of perishable foods—even at bargain prices—to amounts that are usable while quality is still good.

Be ready to substitute one vegetable for another if it means a savings and if the family will accept the change.

Price—Watch for specials on canned and frozen products the family likes. Stock up on good buys if proper home storage space is available.

Try lower priced brands as they can be just as satisfactory as the more expensive ones. Private brands and less advertised brands may be similar in quality to the nationally advertised products that cost more.

GREAT SCOTT!
 By Jack House, The Director
 Teacher's Scotch Information Centre

PILLAR TALK
 You may know a youngster who thinks he can do things better than an adult. He'll love this story.

One of the most visited buildings in Scotland is the ancient Rosslyn Chapel, just south of Edinburgh. In it is one pillar that is much more beautifully carved than the others.

The guide who shows visitors around tells them that this is the "Prentice Pillar." It seems that the master mason in charge of building the chapel had to go to France and left his apprentice to carry on the work.

The apprentice spent much loving care on decorating this particular pillar. When the master mason returned, he realized that his apprentice's work was better than his own.

Jealous, he took a mallet and killed the boy and disposed of the body. Then he claimed the beautiful carved pillar as his own work.

But Teacher's Scotch Information Centre is glad to say that the truth came out, and the apprentice is conceded today as the carver of the pillar.

Mohair Growers To Meet In Sonora

Mohair growers from more than 40 Texas counties will gather at the Sutton County 4-H Club Center in Sonora, Texas, on Thursday, August 25, for the summer directors meeting of the Mohair Council of America. The meeting will get under way at 10:00 a.m. and will be concluded by about mid-afternoon.

"This is not just a directors meeting," said Council president Sid Harkins of Sanderson. "We want as many growers as possible to attend and voice their thinking about the Council programs. The Council was organized to serve the mohair industry and the growers contributions through the deduction program finance its operations. We want their thinking, their ideas, their criticisms," Harkins continued.

Seals & Crofts Concerts Scheduled August 20 At Six Flags Over Texas

Arlington, Texas—Seals & Crofts, whose musical artistry has spanned nearly two decades, will perform in two concerts at Six Flags Over Texas Saturday, August 20.

Jim Seals and Dash Crofts started playing music together in junior high and headed for California in 1958 to become part of The Champs, whose hit Tequila sold six million copies.

The Champs toured for seven years and broke up when both men were barely in their 20's. In 1966 they formed another group called The Dawnbreakers that lasted for three years. During this time, they became active members of the Bahá'í Faith.

Seals & Crofts established themselves as one of the nation's top recording duos with Summer Breeze which sold close to three million records.

Since then they have had other top hits including Diamond Girl, Get Closer, and recently released One On One and My Fair Share.

They recently have been working as narrators for an award-winning Hungarian animated film, Forever Like The Rose, in which they wrote the film score for Hanna-Barbera productions.

Seals & Crofts concerts are scheduled at 7:00 and 10:00 p.m. in the Music Mill Theater. The theme park will be open from 10:00 a.m. to midnight on Saturday, August 20.

DON'T DROP OUT OF SCHOOL !!!

If You Do Drop Out, Your Education and Job Opportunities Will Drop Out Too!

Today, more than ever before, a high school diploma is vital if a young man or woman wants a career. In fact, it's difficult to obtain any job without completing high school. When a job is available to the non-graduate, it is often one that stops where it starts. There is little chance for advancement.

Look beyond the promise of an immediate salary—look to the future and don't drop out of school!

Proper Energy Management

Can Save You Money!

ON ELECTRIC COOKING

- ★ Don't be an oven-peeper. Every time you open the door, you lose 20% of the heat.
- ★ Plan oven meals to accommodate more than one dish at a time, or time your baking for multiple dishes. Most recipes can stand a 25° F. temperature variation.
- ★ Get foods for baking into the oven the moment it reaches the right temperature. Remember, you don't have to pre-heat the oven for broiling or roasting.
- ★ Use the high setting to bring foods to steaming then switch to the lowest heat needed to complete cooking. Turn off surface units before cooking is complete and let the retained heat finish the job.

In Those Days

Compiled From Success Files
ONE YEAR AGO

Aug. 19, 1976—Mrs. Kathy Robinson Hillman was named to a librarian position at Baylor University, after serving on the local school faculty for a time.

Jill Pitts, daughter of Mr. and Mrs. John Pitts, was back at home after spending two weeks at the Kerrville Lions Camp.

A Ford driven by Lupe Martinez hit a '68 Buick LeSabre belonging to Alan Hall, as it was parked in front of the Hall home in the north part of town.

FIVE YEARS AGO

Aug. 17, 1972—At the annual Southwest Texas Electric Co-Op membership meeting, Joe D. Strauss and Peyton Cain were re-elected directors and Jerry Johnson was elected as a new director.

Loretta Schooley won top honors at the District 4-H Dress Re- vue in Abilene.

Len Mertz was president of the Student Council, and other members were Mark Bland, Rosellen Maness, Lynn Sanders, and Patsy Tampke.

Eagle Head Coach Ronnie Stephens had twice-a-day workouts on for the team members, and scrimmage games were coming up with Rocksprings and Ballinger.

Billy Gene Edmiston removed remainder of his woodworking equipment from the former Eldorado Hardware building, and Sweetwater Pump & Supply was getting ready to move in.

Norris Sauer was taking National Guard training at Fort Knox, Ky. Mrs. Lawrence (Eula Small) Moore died in the local Medical Center at age 87, and her funeral and burial were held in San Angelo.

12 YEARS AGO

Aug. 19, 1965—Verna Ann Lux graduated from the Shannon School of Nursing in San Angelo.

A daughter was born July 14th to Mr. and Mrs. Myrl Sudduth.

Sale of the Football Season Tickets was under way at \$7.50 each. They were being sold in the office of Guy Whitaker, high school principal.

The Rev. Kenneth Vaughan, pastor of First Baptist Church, reported week-long Revival services to start with George M. Slayton of Brownwood as evangelist.

Sons were born to Mr. and Mrs. Jack Stanford of Wichita Falls, and Mr. and Mrs. J. F. Cawley of this county.

Mr. and Mrs. Jerry Doyle were moving to Plains where he was to teach school.

The Texas Attorney General's Youth Conference On Crime was meeting in Austin, and Jane Cain and Steve Whitten were to attend as representatives of this county.

20 YEARS AGO

Aug. 15, 1957—Mrs. Fred Gunstead, wife of the Eldorado Success publisher, died at the age of 60. Her funeral was held here.

Work was under way on Northern Natural Gas Company's new compressor plant in the Reynolds area.

The annual meeting of the Southwest Texas Electric Co-Op was held and announcement was made that new two-way radio service would be put into use. Jeff Owens replaced E. L. Tankersley of Mertzon as a director.

John Brown announced summer band rehearsals to begin.

In San Francisco, Dr. Weldon B. Gibson was helping plan an International Industrial Development Conference. He was an Eldorado native.

Mrs. Robert Milligan was home after having treatments in a San Angelo hospital.

A son was born in a Grand Prairie hospital to Mr. and Mrs. Donald Dannheim.

Rev. O. D. Cox was to preach at dedication services at the Congregational Methodist Church.

Gerene Stanberry was to be director of a Girl Scout Day Camp getting under way August 19th.

Mrs. Kuykendall Gets Master's Degree
San Angelo, Tex., Aug. 15—An Eldorado student at Angelo State University was among 191 students to receive degrees during summer commencement at the university.
Audrey Jean Kuykendall received a master of arts in teaching degree, with a major in English. Graduates heard Dr. Max Lerner, noted syndicated newspaper columnist and political scientist, in graduation exercises held in the physical education complex.

Kathy Orr was in the Shannon hospital last week and returned home over the week end.

Mr. and Mrs. James W. Savage of 25400 Wallace Ct., San Bernardino, California, were Eldorado visitors Friday and Saturday. They had come seeking information on the Savage family who came to Eldorado in the early 1900's. They were able to obtain much information mainly from the Schleicher County Museum files, pictures and exhibits, and from monuments at the Eldorado cemetery.

Jamie Lyn and John Ray Barker spent the past week in Eldorado visiting relatives, while their mother was taking In-Service Training in Lake View School where she teacher High School English.

Gene McCalla showed slides of the Holy Land trip at the meeting this week of the Lions Club. Next week the club will hold their monthly business meeting.

Miss Buckley Becomes Bride Of Mr. Trimble

Miss Patricia Ellen Buckley of 4421 Knickerbocker Road, San Angelo, and Tom Edwin Trimble of Eldorado were married Saturday by the Rev. Peter Vergaunen in Our Lady of Lourdes Catholic Church in Andrews.

The bride's parents are W. L. Buckley of Dhahran, Saudi Arabia, and Mrs. Marilda Buckley of Andrews. Mr. and Mrs. Raymond Trimble of Eldorado are the bridegroom's parents.

The bride was attended by her sisters, Candace Buckley of Lubbock, maid of honor; and Kathleen Buckley and Rebecca Buckley, both of Andrews, bridesmaids. Marla Ann Walthaw of Sonora was flower girl.

Jeff Head of Eldorado was best man, and Rufus Trimble of Eldorado, Porfirio Hernandez of Mertzon and Larry Day were groomsmen.

A wedding reception was held in the directors room of Commercial State Bank. The bridegroom's parents were hosts for a rehearsal dinner.

The bride was graduated from Andrews High School in 1975 and attended Angelo State University. She is retail advertising secretary for the San Angelo Standard-Times. The bridegroom is a 1975 graduate of Schleicher County High School and attended ASU. He is employed by WES-TEX Drilling Co.

Following a wedding trip to Six Flags Over Texas and Galveston, the couple will live at 4421 Knickerbocker, Apt. 202, in San Angelo.

CAR CARE ORNER
Tips To Add Safety And Save You Money

Spruce-Up For Trouble-Free Driving

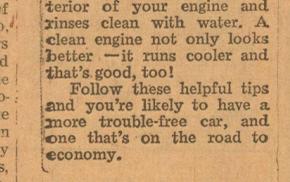

If you want people to take a shine to your car, it's not just the outside that should gleam. For trouble-free driving car experts point out that any spruce-up should include the inside of your car as well as the outside. Here are a few easy tips to start with:

- Before starting each day's trip, walk around the car and examine the tires, lights (any lenses broken?) and doors (closed tightly?).
- Check your brakes. A sagging pedal may indicate not enough fluid or a hydraulic leak. Other danger signals are squealing, grabbing, grinding or locking. Don't do any driving if your breaks are bad.

- Check under the hood to see if there are "performance-robbing" gum deposits in your carburetor choke & PCV valve. If there are, a good way to remove them is with Carb & Choke Spray, such as one made by Du Pont. Regular use can provide a smoother running engine that delivers more miles of happy motoring.
- While you've got the hood up, you can also help to keep the engine free of grease by using an engine cleaner and degreaser. One easy-to-use product, called Engine Cleaner & Degreaser, dissolves grease from the exterior of your engine and rinses clean with water. A clean engine not only looks better—it runs cooler and that's good, too!

Follow these helpful tips and you're likely to have a more trouble-free car, and one that's on the road to economy.

The South American country of Brazil derives its name from the reddish tree the Spanish and Portuguese call Brazilwood, and which we call Brazilwood.

HEROES OF AMERICAN HISTORY
BUILDING THE BETTER BOTTLE
By changing a manufacturing method that had been going on for thousands were used in Egypt. Glass-making was a fully established art by the time the

MICHAEL J. OWENS became a hero in manufacturing by inventing the automatic bottle-making machine. of years, Michael J. Owens became a hero of industry in 1899. Until that time glass had to be hand-blown. But that year, he invented the automatic bottle-making machines. Glass is among the earliest of man's technological developments. It may date back to the discovery of glistening beads of glass fused from the sandy soil on which Bronze Age man fanned hot fires for smelting metals. Evidence exists that as far back as 1500 BC decorative glass containers first glass furnace in America was built in the Colony of Jamestown in 1607. Nevertheless, it was not until Owens invented modern mechanized methods of mass glass production that glass bottles multiplied into the everyday, economical containers so familiar to us today. This article is adapted from a packaging history series created by the St. Regis Paper Company in an effort to rededicate our heritage and renew our pride in our country's achievements.

A distinguished Chinese artist of the 1920s, Huang Er-nan, painted flowers and butterflies on fine silk paper—with his tongue.

Letters Mailed Recently To Out Of Towners

The Historical Society Committee that is compiling the County History Book recently mailed out 400 letters to former residents of Schleicher County who have moved away.

(The following is a sample biography is a sample for you to refer to when preparing your own family story. The account is printed to show style.)

"THE TURNER FAMILY" by Ravanelle Turner

Before the Civil War, Sam Turner came from Hamburg, Germany to Columbus, Texas. It was here that a son, Dave, was born in 1853. He remembered that as a boy he plowed with a team of oxen. He could also recall that during the Civil War on two occasions, Confederate soldiers camped in the back yard of his home.

Dave moved to Llano County as a young man and filed claim on land two miles east of the Rock of Enchantment. At Llano he married Matilda May, and three children were born to them: Carl A., Edwin E., and Adelia (later married a man named Robert Brown.) The family moved first to Winters in Runnels County; and in 1913, they moved to Silverton in Briscoe County. They made their home on a farm at the end of Main Street, the place now owned by Lem Weaver. They lived here until Dave died in 1927 and Matilda in 1946.

Carl A. Turner married Freida Dietrich in 1910 at Alvin, Texas. The Dietrichs came to Galveston from Germany when Freida was an

eleven month baby. She remembered and told of the terrible Galveston flood of 1900. After their marriage, Carl and Freida moved to Winters, Texas where Raymond K. Turner was born in 1911. While he was still a baby, Raymond moved to Plainview with his parents by railroad. They lived there only a short while before moving to California but soon came back by train to Tulsa. There they got a ride with the mail carrier, John Crowe, in his Model T Ford to their home in the southeast part of Silverton at the present home site of Bill Williamson. Here Louise Turner was born.

In 1922 the family moved to the Haylake Community where Raymond and Louise grew up.

Raymond served his country in World War II in the Southwest Pacific from February 22, 1942 until December of 1945. He was with the 40th Division of the California National Guard.

When the war ended, Raymond came home and went to Electrician's School in Chicago in 1948. In 1950 he ran for County Sheriff, Tax Assessor-Collector. He was elected and then re-elected for two more terms. Since then he has been in road maintenance work for Briscoe County.

It was during his campaign for sheriff that Raymond met Ravanelle Cobb who was employed by Merrill Food Store in Quitaque; and on June 12, 1951, they were married at the First Baptist Church in Quitaque. In 1953 they bought their present home at 909 South Main Street.

Louise Turner married Arnold Pomrenke in Amarillo in August, 1948 and moved to Kingsbury in June of 1951. They have one son, Freddie A. Pomrenke.

Carl A. Turner died on October 30, 1968, and Freida T. Turner died April 3, 1960.

and so was the Earl Yates pick-up

Highlights and Sidelights From The STATE CAPITOL

by Lyndell Williams
Texas Press Association

Austin, Tex.—Governors of Texas, Arizona, California and New Mexico have formed a new Southwest Border Regional Commission and hope it will boost the states' economies by millions of dollars.

Tucson, Arizona, is headquarters of the commission. After projects are earmarked, the agency will receive about \$5 million in federal aid for stimulation of employment, industry and border planning.

California's Gov. Edmund Brown Jr., co-chairman, said he hopes funds can be used for development of alternative energy sources, including solar, windmill and geothermal power in the deserts. High priority will go to production of the jojoba bean in the desert. Oil from the bean is used in cosmetics and lubricants.

Texas Gov. Dolph Briscoe said 24 counties along the Texas border also need money for public education and programs to offset the peso devaluation in Mexico.

Big Turnover

One of the biggest turnovers in Texas congressional history is anticipated next year.

U. S. Rep. Omar Burlison of the 17th district announced he is retiring after 32 years' service. Rep. George Mahon previously had revealed he is leaving the 19th district seat he occupied more than 40 years. Rep. Bob Krueger is vacating his 21st district position to campaign for the U. S. Senate.

Rep. W. R. Poage of the 11th district and Rep. Olin Teague of the Sixth district are also reported to be on the possible retirement list. Two or three others are listed as doubtful.

New Car Tag System

A new year-round, "staggered" form of auto license regulation goes into effect January 1.

Instead of all registrations expir-

ing at the same time, April 1, they will expire on a staggered basis in different months through the year. (The 1977 registrations will expire April 1 and must be renewed by that deadline.) After initial registrations of passenger cars and light trucks under the new system, future registrations will be for a period of 12 months. Renewal periods will be assigned according to the license plate numbers.

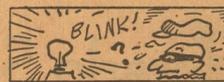

Highways and Public Transportation Department officials hope that after 1978, the system will eliminate those long lines each March at the county tax assessor-collectors' offices. Several states have tested the new plan.

Short Snorts . . .

Joseph R. Cavness is new director of accounting for the Texas Public Utility Commission.

The highest dollar volume of building authorizations in Texas history were recorded in the first half of 1977.

State Rep. Joe Hubenak of Rosenberg has said he will announce August 23 his decision whether to run for Texas Commissioner of Agriculture.

You can buy an automatic timing device so that when you are away from home the light will turn on when it gets dark. This deters burglars.

Strawberries are actually clusters of tiny plums.

Mr. Businessman:

HERE ARE SOME QUESTIONS TO ASK THE PRINTING PEDDLER AND OFFICE SUPPLY SALESMAN

When The Person Selling Printing Solicits Your Business, Here Are Some Questions He Should Be Willing To Answer TO YOUR SATISFACTION:

1. Is he a taxpayer in your community or county?
2. Can he fill your needs on short notice?
3. Does he donate space in the local newspaper to local and county projects and enterprises?
4. Does he pay wages to employees who live in and do business in your area?
5. Does he grant favors that you would ask of your local newspaper?
6. Does he donate newspaper space to promote you and your neighbor's business?
7. Does he support and work for issues that bring improvement to the area?
8. Does he support your civic organizations, schools and churches with free publicity?

We sincerely believe that these questions should be considered when you purchase printing. We stand ready to serve your Job Printing Needs: Call 853-2600

COOL DAIQUIRI PIE

This Daiquiri pie is light, refreshing and easy-to-make. It's made with Bacardi light rum, the same rum that makes Daiquiris so light and tingling. Serve the Daiquiri pie with a Bacardi Daiquiri. It's a great taste combination.

DAIQUIRI PIE

1 pkg. (4-serving size) lemon flavor pudding and pie filling
 1 pkg. (3 oz.) Jell-O Lime flavor Gelatin
 1/3 cup sugar
 2 1/2 cups water
 2 eggs, slightly beaten
 1/2 cup Bacardi light rum
 2 cups non-dairy whipped topping, thawed
 1 9-inch crumb crust
 Mix pudding, gelatin and sugar in a saucepan. Stir in 1/2 cup water and eggs; blend well. Add remaining water. Stir over medium heat until mixture comes to full boil. Remove from heat; stir in rum. Chill about 1 1/2 hours. (To hasten chilling, place bowl of filling mixture in larger bowl of ice and water; stir until mixture is cold.) Blend topping into chilled mixture. Spoon into crust. Chill until firm, about 2 hours. Garnish with additional whipped cream or graham cracker crumbs.

The average American eats 1/2 ton of cheese during a lifetime.

Entertaining Oddities

Many calorie-counters have a slim chance of getting slim because they fail to see a doctor and have proper goals set for themselves. A physician can tell you how to lose how much how soon, and help you do it.

Don't exercise your way to overweight. Two and a half hours' swimming will take 600 calories off your daily total, but refreshing yourself afterward with high-calorie beverages will put most of them back on. Try no-calorie, sugar-free Canada Dry Club Soda instead.

 If your youngsters' diets lack the proper nutrients because they don't drink enough fruit juice, you can mix them some "soft drinks" of club soda and apple or orange juice.

NEW COMBO

Trying out the Army's newest raincoat-overcoat combinations, Specialist 4 Paul A. Companion and Specialist 5 Deborah Maas, both work at the U.S. Army Natick Research and Development Command, Natick, Mass., where the new coats were developed. Rain repellent with zip-in linings of acrylic pile, the coats recently were approved by the Army Chief of Staff. They will be available to soldiers this summer.

TOWER TALKS

by U.S. Senator for Texas
JOHN TOWER

VAN'S-21667
Military Unionization

WASHINGTON—Farfetched notions about what is sound public policy seem to be the rule rather than the exception in Washington these days.

One such idea, to unionize the military, once again seems to be gathering momentum, and could well be the most preposterous the 95th Congress would consider. Already, legislation to prohibit unionization has been reported out of congressional committee.

Such a scheme promises not only to transfer to the armed services the same upheaval experienced by our industrial sector over the years, but endangers in very alarming ways the fundamental concept of military authority so basic to the tradition of our armed forces and to our national security.

Yet this is exactly what is being contemplated by the American Federation of Government Employees (AFGE) of the AFL-CIO, which has polled its membership on the prospect and seems prepared to press for action this fall.

Unionization must not be treated lightly by the Congress or the American people as merely an attempt to bring pocketbook justice and upgraded grievance procedures to the military, as labor organizations contend in their support of the idea. Much more would result and much more is at stake.

Any such outside influence which poses a threat to the necessary concepts of military obedience, discipline, and undivided loyalty to duty represents an unthinkable proposition. It deserves categorical rejection by the Congress.

Those who advocate unionization downplay its divisiveness on the chain of military command as exaggeration and fear mongering.

They also point to unionization in other countries and allude to a perception that in this day of the all-volunteer force, the military deserves to be brought into a closer association with mainstream civilian society.

Such assumptions are both naive and dangerous. Armies—and countries—stand or fall on their ability to respond forcefully when crises develop. Discipline and unquestioned loyalty to military directives are essential to defense preparedness. A union would serve only to split that authority, dividing loyalties between the commander and the shop steward.

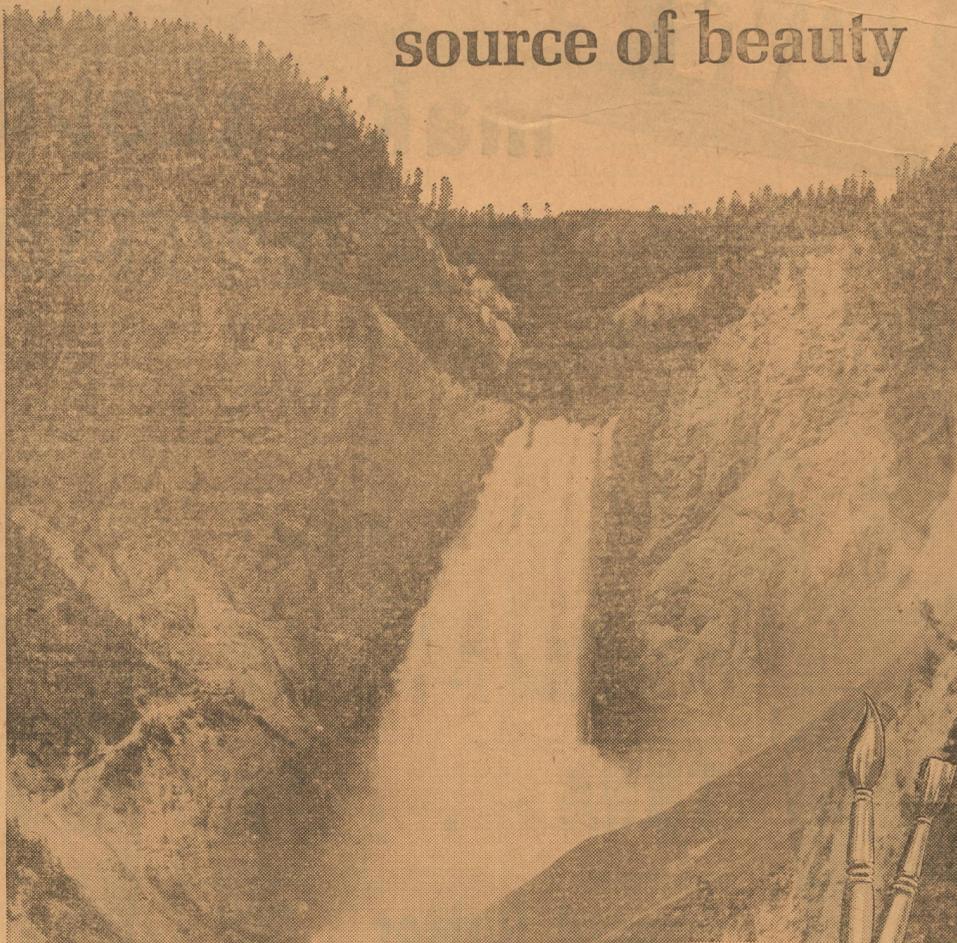

The record of military unionization in other countries is sketchy at best. None of the unionized armies in Europe has been tested under battlefield conditions, and this leaves their true effectiveness in a given military situation as an uncertainty.

Most important, the military is of necessity a special society in itself with a constitutional mandate to provide for the common defense.

When questions have arisen in the past about this role, the Supreme Court has been quick to reaffirm the "special constitutional function of the military in our national life, a function both explicit and indispensable," emphasizing that it is the "primary business of the armies and navies to fight and to be ready to fight wars should the occasion arise."

Those in the military have but one allegiance and it must not be undermined by proposals substituting collective bargaining for national security.

source of beauty

When we look upon the grandeur of nature—when we gaze with awe at a masterpiece of art—when we are thrilled with the sounds of great music—then we often wonder about the source of all this beauty.

Undoubtedly, our energy and ability is God. It is He who is the real source of beauty in our culture. Human spirits, touched with divine inspiration have given the world treasures untold.

Consider Da Vinci's The Last Supper. Consider Handel's Messiah. Consider the marvelous literature of the Holy Bible. Truly some of the very finest of man's creations have come as the result of an awareness of God.

Indeed today our culture continues to be enriched by the expression of man's faith in the Eternal. Our churches bring us faith in God which is still a vital source of inspiration and beauty. Let the church enrich your life. Attend this Sunday and every Sunday.
