40th Sonora Show Is Set For June 14-16

Sonora, Tex.—The 40th Sonora Wool and Mohair Show, largest of its kind in the United States, is June 14-15-16.

And for the 40th year, the Sonora Lions Club will sponsor the show in cooperation with the Sonora Wool and Mohair Company and the Texas Agricultural Extension Service.

A feature of the show since 1961 has been the National 4-H Wool Judging Contest.

The show has two parts: the Junior Division, in which Texas 4-H and FFA youths on June 15 will judge wool, mohair, rangeland, sheep and goats, and the Open Division, in which any U. S. producer may submit fleeces of wool and mohair and bags of wool to be judged by adults on June 15.

Show committeemen this year are Chairman Fred Campbell, Norman Rousselet, Armer Garwood, James Hunt and Vestel Askew.

'Jungle Journey' Theme At Public Library

Young readers at Eldorado Public Library will be among more than 100,000 young Texans who will be taking a Jungle Journey this summer as participants in the Summer Reading Club. Sponsored jointly by the local library and the Texas State Library, the Reading Club encourages readers to use the recreational and informational materials they can find at their local library.

Posters, reading logs, and book-marks this year feature jungle animals. Each participant will receive a reading log on which to record what he or she has read. In addition to the list of books each reader compiles, the log includes a pair of word puzzles and a maze.

Summer is always the busiest time of the year for children's collections in public libraries.

MEMORIAL PROGRAM

Your Memorial Gift is a fitting tribute to a loved one. This remembrance helps support the research, education and service programs of the American Cancer Society.

Memorial gift funds may be sent to your local Unit of the Society.

AMERICAN CANCER SOCIETY

We have the appropriate cards to send to the family and to the donor, and will send your check to the American Cancer Society in Austin.

DOTTSY To Perform At Fiesta del Concho

San Angelo, Tex.—Fiesta del Concho's Fiesta Fest Concert will feature a lively blonde-haired singer guitarist, DOTTSY.

DOTTSY is a native of Seguin, Texas where she began her singing career at the age of 10. She was accepted for guitar lessons by Clark Grein. They later appeared as a duo in 1964-65.

After playing before several annual conventions such as The Cerebral Palsy Telethon and The South Texas Press Association, DOTTSY began her own band in 1972 at the University of Texas at Austin called Meadow Muffin. Her big step came when she met Happy Shahan in 1972 and signed up as a member of his Alamo Village cast for the summer of 1973. Shahan later became her manager and boosted her career along the road.

This dynamic and highly talented little lady has since then signed with RCA and has obtained four top singles and an award winning album to her credits.

Storms Never Last, The Sweetest Thing, I'll Be Your San Antonio Rose and Love Is A Two Way Street have all hit the top 40 plus her album The Sweetest Thing won the CASHEX award of the year by a New Artist in 1976.

DOTTSY will appear in concert June 20 at 8:00 p.m. in the River Amphitheater.

The Energy Dilemma

WASHINGTON — President Carter's long-awaited "Energy Medicine Show" finally made it to town, predicting a dire future for the vitality of the American way of life unless some extreme potions are administered immediately.

Unfortunately, the "good doctor's" cures could be worse than the disease.

The President's energy package, delivered in two parts, went to great lengths to convince us of a national need to conserve dwindling petroleum resources. Hardly anyone would deny that conservation is part of the problem today. As a Nation, we've paid scant attention to sound conservation principles, and this much of the President's plan—"to make us believers"—is proper and in consonance with the warnings those of us from producing states have been sounding in the Congress for over ten years.

Whether or not conservation should be the centerpiece of a comprehensive national energy policy, however, is an entirely different matter. We're a Nation faced with an existing and serious scarcity of fuel. Measures aimed solely at conservation don't begin to arrest uncertainties about what our future energy needs may be.

The Carter plan proposes an elaborate, federally managed system of pricing mechanisms, tax incentives and fuel conversion requirements centered around a conservation ethic.

I remain convinced that a rational and realistic energy policy must encourage increased production of oil and gas coupled with a greater reliance on coal and nuclear power, among other alternative energy sources.

The President's plan does appear to give some needed support to coal use, and to a lesser extent nuclear power, yet there are inconsistent references to environmental quality spoken in almost the same breath. But the plan seems to rule out the degree of oil and natural gas production I believe we must rely on for the long-term economic growth of Texas and the Nation.

Texas and Texas industry will suffer disproportionately under the President's proposals.

Extended and revised price controls on crude oil are unrealistic and would discourage exploration and production. It is absurd to continue existing price controls while taxing the consumer price artificially up to the world oil price—not to mention the bureaucratic nightmare that would result.

It amounts to an added burden to consumers nationally, and addresses only demand—not supply. A more intelligent approach would be to move steadily toward price decontrol which would both dampen demand and provide the necessary capital to explore for new sources and produce them.

Federal controls on intrastate production of natural gas will likewise retard production and merely spread shortages around the Nation. The President's proposals will lead to Federal allocation of all natural gas and will result in mandated reductions in the industrial use of natural gas in Texas so that gas could be redistributed for residential use in other parts of the country.

Gasoline taxes would severely penalize Texans, as well as consumers in other western states who of necessity must drive further distances, with no mass transit systems available.

America has always been a growth intensive country. And it's the President's disregard for this tradition in his energy plan I find particularly disturbing. He seems to be calling for a retreat from growth. America's reliance on ingenuity and technology have been the keys to our industrial strength and world preeminence, and that is evidenced nowhere better than in Texas.

I don't believe energy policies that preach conservation to the exclusion of resource development and production are in that spirit. We've always solved our problems by rolling up our sleeves and by relying on technological growth as our ace in the hole. It should be no different now.

Summer Reading Program To Start June 13th At The Local Library

Summer Reading Program Will Start June 13th

The Summer Reading Program will start June 13 and will continue through Aug. 12.

You are required to read 20 books on your grade level and this will entitle you to a certificate from the State Library. All children from 1st grade through 6th grade can read for a certificate. We welcome all others who want to read. The Texas Summer Reading Club 1977 is sponsored by our Library and the Texas State Library. Our Material is furnished by the Texas State Library and consists of Posters, Book Marks and Reading Logs. Our theme this year is: Jungle Journey. Boys and girls, come in the Library and start your reading for a certificate. We have several new books for the summer reading program.

We will be seeing you. —Gladys Gunn, Librarian.

Rebate To County

Austin, Tex.—Comptroller Bob Bullock mailed checks totaling \$826,677 to 251 Texas counties last Tuesday as payment for issuing and processing voter registration certificates from February 1, 1976 thru January 31, 1977.

The payments ranged from a low of \$6.80 to Donley County to \$117,141 to Dallas county Bullock said.

The counties are paid 40c by the state for each voter registration certificate issued or canceled, he explained.

Schleicher county was rebated \$122.40.

Peace Corps Needs Recruits

The Peace Corps is seeking 2,700 volunteers to serve in 64 developing nations around the world beginning this summer. Currently, more than 6,000 Peace Corps volunteers serve in Latin America, Africa, Asia, the Near East and the Pacific. They come from every state in the country, bringing skills from dozens of professions. Jaime Camacho (upper left) of Prescott, Ariz. teaches industrial arts at the Working Boys Center in Quito, Ecuador. Registered nurse Lillian Carter (upper right), the President's mother, was 68 when she went to India to serve at a health clinic from 1967 to 1969. Cozetta Butts (lower right) of Los Angeles, Calif. taught English, math, art and typing at the Nairobi Girls Center in Kenya. Greg Floyd (lower left) of Eden, Wis. teaches agricultural mechanics at a training school in Lampang, Thailand.

For more information on volunteer opportunities, call 800-424-8580 toll free or contact Peace Corps recruitment centers in New York City, Atlanta, Chicago, Dallas or San Francisco.

Willie Day Is Attending Boys State

Austin, Tex.—The 37th American Legion Boys State has convened on the University of Texas campus.

As the school year draws to a close more than 900 high school juniors have assembled for the '77 session of American Legion Boys State. C. G. McKinzie, State Commander, has announced.

Delegates converged on Austin and commenced registration at 2:00 p.m., Wednesday, June 8, at Jester Center. Following an evening meal the new citizens of Boys State assembled for orientation in their respective Boys State cities.

The program sponsored by The American Legion, Department of Texas, is an annual event in which the organization teaches boys the responsibilities of citizenship.

Attending from Eldorado is Willie Day, son of Mr. and Mrs. Dean Day.

Attendance Records Broken During Spring At Six Flags

Arlington, Tex.—Six Flags Over Texas has begun daily operation after the most successful spring season in the theme park's 17-year history.

Some 406,500 persons visited Texas' number one tourist attraction on weekends from March 12 through May 16, breaking last year's record of 399,000.

Also, the record for the largest attendance on a single day was set on Saturday, May 14, when a total of 41,047 came to the park, beating the previous high of 40,842 set on May 19, 1973.

General Manager Dan Howells attributed the record attendance, in large part, to a \$2 million capital construction program carried out during the winter months.

He said, "The new Spinnaker ride and our Pirate Puppet Show have proved to be two of the most successful attractions added to the park in the last few years."

The theme park will be open daily through Labor Day and resumes weekend operation through the end of November.

During the summer season, Six Flags will extend its operating hours and provide special entertainment in the evening.

Six Flags officials expect to pass at least one more attendance milestone in the coming month. The 30 millionth guest is expected to arrive in June.

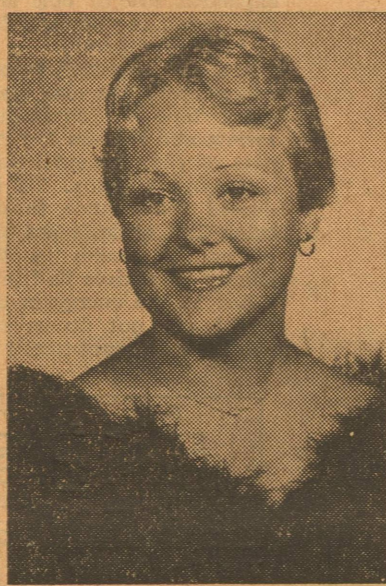

You can buy an automatic timing device so that when you are away from home the light will turn on when it gets dark. This deters burglars.

Strawberries are actually clusters of tiny plums.

Cleva Clark Recipient Of Scholarship To ASU

CLEVA NELLE CLARK

San Angelo, May 30.—Cleva Clark of Eldorado has been selected as a recipient of a one-year tuition scholarship to Angelo State University.

Dr. Lloyd D. Vincent, president of Angelo State, offers the scholarships to outstanding incoming students who are members of a recognized honor society and who had a high score on the college entrance aptitude test.

Miss Clark, a recent grad of Eldorado High School, won first place in State Prose Reading (1977), was a state qualifier in ULL trio and was named to Who's Who Among American Music Students and Who's Who Among High School Students.

She is the daughter of Mr. and Mrs. Earl Dean Clark of Eldorado and was high girl scholastically of the '77 EHS graduating class.

Schleicher Confirmer

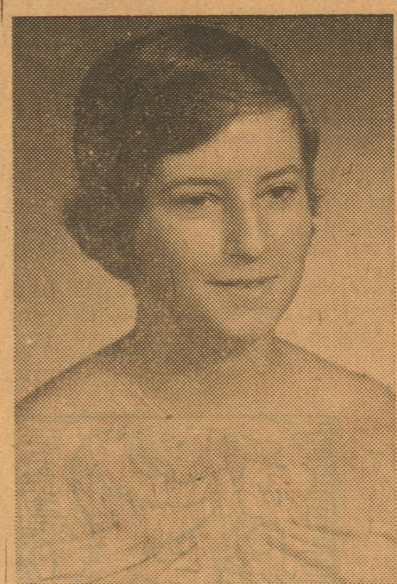

The Velrex multipay field of Schleicher County gained its 7th upper Canyon oil producer and a location west extension with completion of T. C. Meador, Eldorado, No. 8 T. C. Meador, 16 miles northwest of Eldorado, for 135 barrels of 41 gravity oil daily, with gas-oil ratio of 732-1.

Production was through an 18-64-inch choke and perforations at 3,619-577 feet, which had been acidized with 1,500 gallons and fractured with 20,000 gallons and 75,000 pounds of sand.

TO CONDUCT SERVICE

This Sunday afternoon, June 12, the service at the Nursing Home will be directed by the Church of Christ on the Mertzon highway. B. C. Coates is Minister.

Gift Tea Will Honor Miss Leggett June 18th

TANYA LEGGETT

Our Horn of Plenty
Little Known Facts About America's Resources

MINERALS: OUR KEYSTONES OF DESTINY
For the rest of this century at least any hope of self-reliance in the field of energy will have to rest very largely on coal, according to American Mining Congress president, J. Allen Overton, Jr.
The targets for increased coal production that were set three years ago are already beyond attainment, he says, and the forces of inflation are still powerful in the economy - so every new delay will mean higher capital costs.
Moreover, warns the AMC president, it should be remembered that the enormous coal reserves of the United States are not a resource that can be turned on as quickly as tap water. It takes years to develop new mines and expand existing ones.
Establishment of a comprehensive energy policy, says Overton, will serve the best interests of the nation. But there is no time to lose on this. It is needed now more than ever.
Expanded coal production should, he believes, be accompanied by intensified efforts to improve technologies and lower the costs of gasification, liquefaction and fluidized-bed systems to make the burning of so-called dirty coal more environmentally acceptable. When these methods become economically competitive, they will also permit expanded use of coal and thus lessen the demand for oil and other fuels.
A sound approach to our energy problems also mandates that we constantly review and reassess the impact of environmental policies, says Overton. To be denied the chance to develop the optimal amount of energy denies us the chance to achieve its fruits.
But all the energy in the world will not do us any good if we cannot turn it to

THROUGHOUT HISTORY human life has depended on agriculture and mining.
useful purposes. If we do not have minerals with which to build our homes and schools, hospitals and factories, transportation systems and energy systems as well as the many other things that help make for life - then our coal might as well stay in the ground.
The possibility of a minerals crunch is every bit as real as an energy crisis, says Overton, and our dependence on foreign sources for many key minerals is already foreboding and getting worse.
The withdrawal of public lands from mining and exploration is making us run the danger of having our minerals shut off abroad and locked up at home. Today, almost two-thirds of these vast public lands, an area approximately equal in size to the continental United States east of the Mississippi, have been declared off limits to mining and more are being withdrawn.
But it is a fact that the total amount of land ever affected by all surface min-

The French train hogs and the Italians train dogs to sniff out truffles, a fungus that grows in porous soil from three to 12 inches from the roots of oak and beech trees. Truffles are a great - and expensive - delicacy.

Lit. League Committee Meets Monday Night

The Little League central committee met in a special meeting Monday night, and Odis McDonnell resigned as president. Jim McWilliams was elected new president. McDonnell is to continue as co-ordinator of the boys teams. In other business, an \$85 check was received from the Coca Cola company, and the resignation of Ray Romero as coach of the Red Sox was received. The advertising signs are to be sold in the near future to local and out of town advertisers. The next meeting of the committee will be Monday, July 11th.

Duplicate Bridge

Winners May 26:
Melissa O'Harrow and Winnie Helen Hilliard, 1st;
Lottie Puckett and Fred Adkins, Sonora, and Steve Ritchie, Fort Worth and Helen Blakeway, tied for 2nd;
Ethel Olson and Vivian Mears, Sonora, 3rd;
Penfield Barkers, 4th;
Ernestine Hext and Bill Freitag, 5th.
Winners last week:
Tom Peasley, Sonora, and Billie Porter, 1st;
Helen Blakeway and Jack Beebe, 2nd;
Mr. and Mrs. Bobby Hurley, 3rd;
Imogene Edmiston and Zeila Baker, 4th;
Margaret Frost and Pete Finley, 5th;
Bernice Sweatt and Evelyn Wimer, 6th.

Consumer Food News

College Station, Tex.—A cornucopia of fresh vegetables—with top quality and lower prices—is at Texas grocery markets, along with economical meat specials, according to Mrs. Gwendolyn Clyatt. The consumer marketing information specialist with the Texas Agricultural Extension Service, The Texas A&M University System, compiled the following report on this week's food buying situation: **Fresh Vegetables**—Good quality and attractive prices appear on snap beans, yellow and zucchini squash, corn, cucumbers, green peppers, green onions and radishes. Other economical choices are carrots, cabbage, mustard greens, broccoli and collards. Check celery, cauliflower, okra and eggplant for economy prices. **Fresh Fruits**—Watermelon and cantaloupe prices are slightly lower. Economical choices are strawberries, pineapples, oranges, grapefruit and bananas. Bing cherries, plums and peaches have first-of-the-season-high-prices, although peaches are more plentiful with better flavor. **Beef**—Prices are still attractive on most selections—and weekly specials allow low-cost meals with beef, particularly chuck roasts, liver, steaks, and ground beef. **Pork**—Features include Boston butt roasts, quarter-loin cut into chops, smoked picnics and ham portions. **Poultry**—Large-size eggs are generally the best value, although overall egg prices are reasonable. Fryer chickens continue in adequate supply with attractive prices. **Dairy**—Regular features are cheddar cheese, sour cream, cottage cheese and skim milk. **Grocery Market Aisles**—Most likely economical choices are frozen orange juice concentrate, canned tomato juice and corn. **Consumer Watchwords**—In vegetable buying, avoid decay. It is Penny Foolish because even when the decayed area is trimmed, rapid deterioration spreads. A few cents extra is a good investment.

HOT STUFF!
The electric stove was invented by William S. Hadaway in 1896.

General George A. Custer, famous for his last stand at the Little Big Horn, was a redhead.

The Kitchen Almanac

by Nancy Lester—H. D. Agent
Eight 4-H Club members from Schleicher County are attending State 4-H Round-Up at Texas A&M University this week. Those participating are: Lori Bell, Sabrina Jarrett, Debby Patton, Patti Hausenfluck, Judy Pitts, Jay Behrens, Kurtis Homer and Todd Swift. Adults who accompanied this group are Mr. and Mrs. Kenith Homer, Mr. and Mrs. Jerry Swift, Mr. and Mrs. Bob Lester, Mrs. Beverly Jarrett and Mrs. Janelle Hausenfluck. The Schleicher County 4-H Dress Revue will be held on Wednesday, June 15, at the Memorial Building. All 4-H members, who participated in clothing projects, are encouraged to participate in the Dress Revue. This week I have some information for you on cooking "less tender" cuts of meat.

Here are a couple of recipes utilizing moist heat cookery.
Savory Pot Roast
3- to 4-pound chuck roast
½ cup flour
1 teaspoon seasoned salt
½ teaspoon salt
½ teaspoon black pepper
1 tablespoon shortening
1 cup water
1 bouillon cube
½ cup red wine
1 large onion, sliced
1 teaspoon oregano
1 teaspoon basil
1 bay leaf
1 tablespoon Worcestershire sauce
½ cup mushrooms
6 medium potatoes, peeled and halved
6 medium carrots, peeled and cut two inches long.

Combine flour, salt and pepper. Dredge meat in seasoned flour and brown in hot fat in heavy pan. Add water, bouillon cube, wine, onion, oregano, basil, bay leaf and Worcestershire. Cook for 2-2½ hours on low heat. Add mushrooms, potatoes and carrots and cook until tender, about 1 hour.
Yield: 6 servings.

Deviled Pork Chops
6 pork chops
Black and red pepper
1 tablespoon Worcestershire
1 tablespoon lemon juice
1 teaspoon prepared mustard
3 tablespoons ketchup
½ teaspoon paprika
1 tablespoon shortening or oil
1 cup water.
Salt and pepper chops with black and red pepper. Brown in hot shortening in hot, heavy skillet. Mix Worcestershire sauce, lemon juice, mustard, ketchup, and paprika. Dab mustard on pork chops. Add 1 cup water. Cover with a tightly fitting lid and cook on low heat about 40 minutes.
Yield: 6 servings.

Roast the seeds of squash and pumpkin for an enjoyable nibble.

MISS THORNTON BECOMES BRIDE OF MR. WILSON IN CHURCH CEREMONY

MRS. STEPHEN BRYAN WILSON
the former Suzan Gayle Thornton

Miss Suzan Gayle Thornton and Stephen Bryan Wilson were united in marriage in the First Presbyterian Church of Eldorado on Saturday, June 4, at 10:30 in the morning. Parents of the couple are Mr. and Mrs. Jim Thornton and Mr. and Mrs. Raymond Wilson. Ushers were Mark Thornton, brother of the bride and Wayne Joiner. The reception following the wedding was held at the home of the bride's grandmother, Mrs. John Williams. The bride is a 1975 graduate of Eldorado High School and a senior Special Education major at Southwest Texas State University in San Marcos. The bridegroom is a 1972 graduate of Lakeview High School in San Angelo and a 1977 graduate of SWTSU in San Marcos. He is presently employed by the Seguin Police Dept. After a wedding trip to San Antonio, the couple will live in Seguin. The rehearsal dinner was given by the groom's parents, Mr. and Mrs. Raymond Wilson, at the El Dorado Restaurant.

Highlights and Sidelights From The STATE CAPITOL

by Lyndell Williams
Texas Press Association
ballot next November and nine more in 1978.
Austin, Tex.—Legislators barely got out of town before Gov. Dolph Briscoe served notice they will probably have to come back to work in mid-July. A special session was virtually mandated by failure on closing night of the regular 140-day meeting to come to grips with the hot issue of school finance. A \$900 million compromise school bill, which included funds for teacher pay raises, never got a direct vote in either house. Briscoe said he will call a special session next month if legislative leaders can show him evidence a majority of lawmakers are now ready to face up to education finance issues. A medical malpractice bill was squeezed through the session on closing night. Doctors didn't like it, but some spokesmen for Texas Medical Association conceded it was better than nothing. In spite of failures, the legislature did manage to pass a sweeping variety of bills. Among them: The Sunset Law requiring state agencies to justify their existence periodically. Merger of three major state water agencies into a Department of Water Resources. A Natural Death act allowing terminally ill patients to specify that their lives are not to be prolonged by artificial methods. The \$523 million emergency highway funding bill. Substitution of lethal drugs for the electric chair as the legal method of execution. Legalization of laetrile in cancer treatment. A no-pain speed bill banning insurance penalties for 55-70 miles an hour speeding violations.

Crime Increasing
One in five Texas adults responding to a survey said they had been victims of crimes, and one in 15 were victims of violence. Texas Department of Public Safety released the figures as the result of a Crime Trend Survey which also disclosed fear of crime is widespread. Thirty-nine per cent of prior crime victims said they expect to be victims a second time, and 14% who have escaped don't figure their luck will hold out. The survey indicated most of the crimes involved property offenses, while violence declined slightly.

Amendments On Ballot
Half a dozen proposed constitutional amendments will be on the ballot next November and nine more in 1978. To be voted on this year are amendments to allow judges to deny bail to repeat felons, permit tax relief for historic buildings and sites, enlarge the Court of Criminal Appeals, permit use of electronic banking systems, expand Judicial Qualifications Commission powers and authorize another \$200 million to finance low-interest veterans land loans.

Tea was introduced to America by the Dutch.

Sessions To Start At Girl Scout Camp

Camp Jo Jan Van will be open to campers from June 5 until July 9. Girl Scouts and non-scouts will participate in horseback riding, swimming, nature hikes and various other activities. Experienced campers may take part in extended canoe or backpack trips.

Owned and operated by El Camino Girl Scout Council, the camp is located 60 miles northwest of Uvalde near Barksdale, Texas. New facilities at the campsite include four Hooties (screened cabins), a riding arena, and a communications system.

Camp Director, Mary Lou Behal of Kingsville, heads a staff of 26 young adults. Camp staff is trained in outdoor skills and recreation. Many of the staff have served at Jo Jan Van in previous years.

There are some openings in the two week session, June 26-July 9. Interested persons should contact El Camino Girl Scout Council, 304 W. Ave. A, San Angelo, Texas 76903 (915/655-6961).

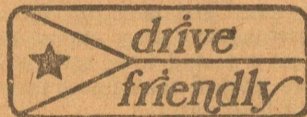

There are 283 girls planning to attend Camp Jo Jan Van. One girl, Arela Heald, will attend from Eldorado.

Dedication Set For Ft. McKavett Historical Trail

The Fort McKavett Historical Trail sponsored by the Concho Valley Council of Boy Scouts of America will be formally dedicated Friday, June 10 at 3:00 p.m. at Fort McKavett. The announcement was made by Don Treadwell, Council Historical Trail Committee Chairman.

The five-mile trail from Camp Sol Mayer to Fort McKavett was established by the Council so the youth of today may follow in the footsteps of the men of the 1800's and thus have a better understanding of how West Texas was settled.

This is the third trail approved by the National Council, Boy Scouts of America as an official Boy Scout Historical Trail in Texas. It is the only trail in Texas that provides the youth with a medal.

Mr.

Businessman:

HERE ARE SOME QUESTIONS TO ASK THE PRINTING
PEDDLER AND OFFICE SUPPLY SALESMAN

When The Person Selling Printing Solicits Your Business, Here
Are Some Questions He Should Be Willing To Answer
TO YOUR SATISFACTION:

1. Is he a taxpayer in your community or county?
2. Can he fill your needs on short notice?
3. Does he donate space in the local newspaper to local and county projects and enterprises?
4. Does he pay wages to employees who live in and do business in your area?
5. Does he grant favors that you would ask of your local newspaper?
6. Does he donate newspaper space to promote you and your neighbor's business?
7. Does he support and work for issues that bring improvement to the area?
8. Does he support your civic organizations, schools and churches with free publicity?

We sincerely believe that these questions should be considered when you purchase printing. We stand ready to serve your

Tasty from Checkerboard Kitchens Tips

TROPICAL FRUIT LOAF—A TOUCH OF THE ISLANDS

Got the blues? Longing for far-away places? Bring a touch of the Islands to your table with Tropical Fruit Loaf, a delicious quick bread ideal for brunches, coffees, snacks or even as a light dessert. The loaf is a delicious blend of pineapple and banana flavors. It is moist, keeps well and tastes even better on the second day, when the flavors mellow and become more blended.

While Tropical Fruit Loaf will remind you of exotic places, the ingredients are readily available. Bite-size crispy wheat squares, a breakfast cereal, is an important ingredient that adds both to the bread's good flavor and texture. Crush to half its volume with a wooden spoon or pestle. Then add to the liquid along with the flour and other dry ingredients.

Get away for awhile—if only in your dreams.

TROPICAL FRUIT LOAF

- 2 cups all-purpose flour
- 1 cup sugar
- 2 1/4 teaspoons baking powder
- 1/2 teaspoon salt
- 1 cup Wheat Chex cereal crushed to 1/2 cup
- 1/3 cup nuts, chopped
- 1 egg, slightly beaten
- 2 tablespoons vegetable oil
- 2 tablespoons water
- 1 can (8 oz.) crushed pineapple, undrained
- 1/2 cup mashed banana (1 large banana)

Preheat oven to 350°. Grease an 8 1/2 x 4 1/2 x 2 1/2-inch loaf pan. In large bowl, thoroughly mix flour, sugar, baking powder and salt. Stir in cereal and nuts. Combine egg, oil, water, pineapple and banana. Add to dry ingredients all at once. (Mixture will be stiff.) Stir just until moistened. Turn into pan. Bake 70-75 minutes or until tester inserted in center comes out clean. Let cool 15 minutes before removing from pan. Makes 1 loaf.

There are about 100 billion stars in our galaxy, but only 6000 of them can be seen with the naked eye.

A Bird in Hand

Copyright © Keister Advertising Service, Inc., Strasburg, Va.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regu-

larly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

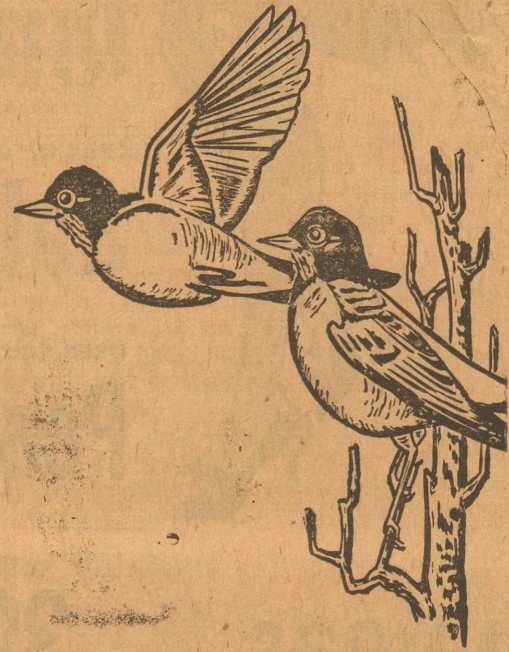

The hands are gentle and deft . . . the bird-banding process painless and quick. Soon the bird will fly off, safe and unharmed, unaware that it has become another link in the chain of research concerning the migratory habits of birds.

Our feathered friend has no interest in the fact that his experience ultimately will help chart the flight lines of all migrant birds. With heart beating wildly in its soft, downy throat, it longs only to be free.

Sometimes people are like that bird. Caught in circumstances beyond our control, we flail and thrash about. Fear and doubt overwhelm us and we fail to realize and acknowledge the loving arm of God that is present and sustaining in every situation.

Place your faith and trust in God and His Church. In times of need, strength and help are yours for the asking.
